

BISHOP HONORED — Newark Auxiliary Bishop Michael A. Saltarelli, center, was honored recently by the Alumni Association at Seton Hall University with the Humanitarian Award. Bishop Saltarelli, formerly an associate pastor at Holy Family Church, Nutley, and pastor of St. Catherine of Siena Church, Cedar Grove, was honored at a dinner at the University attended by over 650 persons. At left, Robert A. Gaccione of Verona, past president of the alumni association and a partner in the law firm of Gaccione, Pomaco and Beck, Belleville. At right, the Very Reverend Thomas R. Peterson, O.P., chancellor and president of Seton Hall University.

Health screenings at Montclair Community

Montclair Community Hospital has announced its schedule of free health screenings and seminar for September. All screenings will take place at MCH, 120 Harrison Ave., Montclair.

Appointments are mandatory and can be made by calling (201) 744-7300 Ext. 4296, Monday through Friday, 10 a.m. to 2 p.m.

Sept. screenings:
Sept. 21-Knee Problems-Dr. Calvin Matthews; Sept. 25-Skin

Cancer-Dr. Angelo Bergamo.

Sept. seminar:

Sept. 29-Dr. Herbert Goldfarb. Topic: "No Hysterectomy Option." To be held at the Governor Morris Inn, Morristown.

The Outreach Program will also conduct on-site screenings at places of business for employees. To arrange an on-site screening, call Assistant Coordinator Marie Oropollo at (201) 745-4644.

History broadcast makes hit

Lou Cienia, Chairman of the Belleville Renaissance Committee, said that a live interview show on which he appeared with Host Jessie Freeh and Times Editor Howard Klausner on WMTR-AM drew more than 100 telephone calls from interested listeners.

"We put Belleville on the map!" Cienia said.

The show's topic was Belleville's history and its claim to be Birthplace of the American Industrial Revolution.

Cienia and Klausner emphasized the documentation that shows patents for the first modern steam engine and the first paddle wheel steamship were both awarded to Nicholas Roosevelt, whose plant in Soho manufactured the first steam engines made in the United States.

It was here that English engineer Josiah Hornblower brought the first steam engine in North America, set up in 1755 to pump water from the Schuylar copper mine in what was then Second River. Second River became Belleville, and the site of the mine is in present day North Arlington, incorporated in the 19th Century.

Klausner emphasized Belleville's role as an entry point into the

American mainstream for virtually every immigrant group that has ever come to America.

Freeh described Publisher Frank Orechio as a "wonderful institution" whose family has done much for New Jersey.

Revolutionary War soldiers' memorial to be rededicated

The Rev. William Moheit, Pastor of the historic Belleville Reformed Church, is inviting the public to attend the service of rededication of the Historical Plaque placed in the Church Graveyard to honor the more than 62 Revolutionary War soldiers whose remains are there.

The ceremony is scheduled for Sept. 26.

The plaque was presented to the Church in 1927 by the Nova Caesarea Chapter of the Daughters of the American Revolution,

and was placed on the outside wall of the Church for many years.

"It is important to the Church and the Township of Belleville as

there are more Revolutionary Soldiers buried in our church yard than in any one cemetery in the country," the Rev. Mr. Moheit stated.

OUR OPINION

The impossible happens

To expect a cloudburst that would dump four and a half inches of rain in one small area, over a period of an hour, is absurd. But it happened.

Suddenly, all the inadequacies of the drainage system of Silver Lake were brought into focus.

If anything could go wrong, it went wrong.

The Meadowbrook Storm Sewer poured out into Belleville. The Second River overflowed its banks. Route 21 went under water.

That there was no loss of life in the sudden deluge is itself a miracle.

Residents say that within 10 minutes, flood waters surged up from the sewers and reached heights of three to four feet on some streets.

Perhaps the geography of Silver Lake is such that it cannot escape some sort of flooding, when highly unusual weather systems occur.

But it is notable that Watchung Avenue escaped flooding, since the increasing of the size of its storm sewer, and Watchung used to go under water if someone opened a bottle of seltzer.

The Township is committed to improving the storm sewer lines on Lake Street, but as a Silver Lake resident says, it is the Meadowbrook Storm Sewer that poses the greatest threat.

In the past, the response has been, "It will never happen."

Well, it just did.

Absentee owners

It probably would make no difference who owned Wallace & Tierney, because modernization would be required of the fine old company regardless.

But it is also a lesson that when the ownership is an ocean away, the decisions made are not going to be greatly affected by attitudes here.

America is well into being where it was in 1914, when many - or most - of its best industries were foreign owned.

Belgians owned dye houses here. English investors owned fabric mills. Germans owned chemical plants. World War I impoverished most European countries into selling out to Americans. In the case of Germany, those assets were simply seized as enemy property.

One would have hoped that American business people would have sought to keep possession of their property here.

Instead, we fell into a false prosperity, in which we allowed our assets to be bought overseas, and the money we got for those assets went to buy foreign products.

If the British ownership of Wallace & Tiernan decide to invest in Belleville, that will be fine. But the decision will be theirs, not ours.

That is the price we are paying for that false prosperity.

Making the most of it

Parents whose children are not able to go away to summer camps or country and seashore places know what a burden lies on their youngsters to find some recreation.

Around us there are towns with municipal swimming pools and full scale recreation programs that range from sleep-away hikes to excursions.

Belleville has little of this, even though the needs of its youngsters are as great as those of any other young people.

The summer recreation program does make a valiant effort to meet the problem but it cannot supply what does not exist in Belleville — a refreshing swim in a cool body of water.

Our own belief is that there are enough interested adults in town to make it possible for our youngsters to at least visit the shore and the mountain lakes more frequently than they do now.

A town does not have to be inordinately rich to have a meaningful summer recreation program, one that goes beyond some playground activities.

We are one of the few towns in the country with a genuine crew program. But we cannot seem to develop a swim program. And the children bear the cost of this failure.

YOUR OPINION

A Bridge Park?

To the editor:

Now that the southwestern side of the Rutgers Street Bridge has been cleaned up, it should be taken care of and not be allowed to have the reoccurrence of the last 30 years.

The Belleville Historical Society suggests:

1) The land be declared an historical site with American Flag flying. An historical marker be put up stating the history of the

site. Move the historical marker for the history of the Rutgers Bridge to a better site to coincide with the other markers.

Have a Revolutionary Flag of 1770 to honor the Revolutionary soldiers flying. The location is very good to have a rooting section for the high school boat races. Allow the Belleville Board of Education to do what is ever necessary. I don't think seats would be a good thing because they would be only used in the racing season.

Everyone could bring their own chairs or have grass growing on the banks and they could sit on it like they used to do in the old days. I think it will stimulate interest in the sport.

How the state is going to handle it will have to be seen. I'm pretty sure that some agreement can be made.

The only expense that could occur is the upkeep of the land, and with the site being declared an historical site I think that there will be little or no dumping. I'm hoping that people will take pride in it.

2) Under Highway 21, it is always dirty. I suggest that the state look into it. The cement floor is very poor and seems to draw dirt. Maybe a gray paint could cover it and have a glossy look.

The northern side of the bridge is always a mess too. Garbage and dirt is always there. Also if they cleaned up the northwestern side like the southwestern side it would really perk things up. It would only take a few days to do it. The only thing that would cause some trouble is to saw down about three large trees, then it would open the scenery up so you could look up the river. It would improve the whole outlook of the area.

3) The land between Main Street and Highway 21. A fence along Main St. encloses it. Start from the rear of Grand Union to Holmes St. going South, along the fence it's a mess with garbage.

Past the shopping center to Holmes St. it's all trees and shrubs. Clear it out and it would look like a park. Leave the fence up along Main St.

Past the Grand Union going north on Main St. trees and shrubs could be cleaned all the way to the Nutley line. Leave fence up. Here the expense would be with needing trucks, men and tree removal equipment.

At one time Belleville turned this river front land to the County with the stipulation that the County would build a park. The County did and it was beautiful, tennis courts, ball diamonds, etc. The County kept it in very good condition.

Thirty years ago the County gave the land to the State to build Highway 21, and the State has kept it ever since. Belleville wouldn't want the land back because it would be too expensive, but the County might.

They maintain Branch Brook Park all the way down Mill Street to Washington Avenue and they do a great job. If they took the land back they would just continue up Main Street in Belleville like they used to before they gave it to the State.

Ed O'Neil

Teacher's position

To the editor:

Twenty-five workers died in a fire in a chicken-processing plant down South in the summer of 1991. Long vats of cooking grease and electrical ducts sat side-by-side. The sickening smells of butchered fowl and hot grease had no where to go. There was no ventilating system and no air conditioning. The fire doors were locked. The average wage was \$5.50 per hour; barely enough to live for, much less to die for. It was a non-union shop.

This year, five very young women died in a fire in a factory in Thailand. There were bars on the windows, and the one woman who had the key to the locked door dropped it in panic. It was a non-union shop.

I will say this again — labor unions, public or private — are not to blame for the economic problems of the world. Rather, the unions are a necessary balance of power to conditions created by the captains of industry, who always have the upper hand because they can hire and fire.

Wealth concentrated in the hands of the owners and managers of corporations, and they made a bundle in the 80's, does not "trickle down." But workers, be they teachers or truckers, earning decent wages "heat up" the economy by being able to buy goods and services from people who then use the money to buy more goods and services, and on and on. More workers are needed, so jobs are created.

Anyone with an ounce of intelligence can see that this is the only way to insure a future for our children and grandchildren. You don't lower the unemployment rate by firing people and cutting wages.

Let me now put teachers into this picture:

We do not have job guarantees. Tenure guarantees the right to due process, to present our case if we are fired.

We are being pushed out the door at age 50, and these is no "golden parachute."

We work very, very hard. The time actually spent in the classroom is only the tip of the iceberg.

We get increased work load with each salary increase and with each teacher who is let go.

Anyone who thinks I lead a "lush lifestyle" is welcome to try to repair my little 1986 hatchback, which is the only car I own.

That's my last word on the subject. It's the best word.

Mary D. DeAgazio

Along the Passaic

Local municipalities affected by expensive 'pipe dream'

Publisher Frank Orechio is vacationing this week. His regular column, Flight 198, will return next week.

By Irene E. Alderisio
Environmental
Resource Assistant,
Passaic River Coalition

In 1936 Congress authorized the U.S. Army Corps of Engineers to formulate a plan to control the flooding of the Passaic River. Every Army Corps' plan formulated since has been rejected for economic or environmental problems.

After 56 years, the Corps is proposing a \$2 billion, 20 mile long, 40 foot wide, underground "pipe" known as the Passaic River Flood Control Tunnel. The huge pipe, located anywhere from 200-400 feet underground, is supposed to carry flood waters from Pompton Lakes to Newark Bay. A 22 foot wide spur will add flood waters from Wayne to the main pipe.

Our tax money has been spent to support over \$90 million dollars in "studies" to compose the present plan. In 1992 dollars, the Passaic River Flood Tunnel will cost \$2 billion at mid-construction. Yet, the Passaic River Coalition assessment reaches \$4 billion for mid-construction. New Jersey will have to pay 25% of this Federal project, at present amounting to \$500 million. New Jersey labor unions will not even receive a fair share of work on the project. Most of the jobs will be

going to out-of-state or out-of-the-country workers, since it is a Federal project awarding the contract to the lowest bidder.

The spending of our tax dollars does not end after construction. Local governments will have to maintain pumps behind flood walls, including emergency equipment if failure occurs. Most local governments cannot afford to maintain such equipment or to hire the technical personnel to do so.

The biggest nightmare of this "pipe-dream" is that relief from flooding would have to be postponed until the year 2007 — the earliest projected time for project completion. In the meanwhile, communities will have to contend with blasting, digging, noise pollution and traffic congestion involved in placing the tunnel 200-400 feet underground.

The tunnel's path will be under homes, businesses and schools in municipalities, such as Kearny, Harrison, Belleville, Clifton, Little Falls and Montclair. For example, Kearny and Harrison will have flood walls ranging from 15-30 feet high and 50 feet wide. Belleville will contain numerous 10 foot wide workshafts that will have to remain open for the entire length of construction (an estimated 10 years). Clifton, Montclair and Little Falls will

serve as a main construction area pass-through to move men, machinery and rock debris out of workshaft areas. Not only is the tunnel an economic nightmare, it also threatens the quality and quantity of our water supply. Watershed protection/preservation is threatened by Army Corps of Engineers proposed changes to the existing natural, hydrogeological paths of the basin. An estimated 800 acres of wetlands will be destroyed and channelization of the Pequannock, Wanaque, and Ramapo Rivers will decrease the availability of surface and groundwater supplies for the region, and when the tunnel is in operation, will decrease the rate of recharge to underlying aquifers.

A buy-out plan is economically and environmentally feasible and will not take more than 5 years to complete, providing relief from flooding before the year 2007. The cost of the first phase of the buy-out plan will not exceed \$150 million, removing structures at greatest risk from flooding, and jobs will go directly to New Jersey construction and demolition workers. The cost of the first phase includes purchase and removal of the structures so that the land may be restored. Park lands may then be used by surrounding communities, only to close when flooded.

Health Officer warns on rabies threat

Thomas Longo, Director of Health and Human Services, calls the public's attention once again to the problem of rabies. This disease is now present in the north eastern states, but can be successfully dealt with if people are aware of the precautions they should take.

Some of the questions that are asked are:

1. What is Rabies?
Rabies is a disease caused by a virus. It is transmitted by a bite from an infected animal if the animal's saliva comes in contact with mucous membranes or breaks in the skin. Once it enters the body, it travels along the body's nerve fibers. Fortunately, there is a treatment available that can prevent the development of rabies if a person has been exposed to the saliva of an infected animal.

2. What animals can be infected by rabies?

Dogs, cats, and raccoons can spread rabies, as can foxes, bats, skunks, woodchucks, opossum and other wild animals that bite. Rabbits, however, are at low risk, while squirrels, rats and mice are generally never infected.

3. How can I prevent rabies?

Have your cat or dog vaccinated. If your pet is sick, take it to a veterinarian. Keep your pets from running loose. Report stray animals to the Health Department. Do not feed or handle wild animals and stress this rule with your children.

4. If I am bitten, what should I do?

Immediately wash the wound with soap and water, then go to your doctor or the nearest hospital emergency room.

Call Belleville Health Department at 450-3389 right away to report the incident. If possible,

include a description of the animal; its license number; the owner's name, address and telephone number; and the animal vaccination status.

After 4 p.m., call the Police Department, 450-3333.

Longo stresses the fact that there is no need for unnecessary worry, but he advises people to take preventive steps, and, if an incident occurs, to follow the prescribed guidelines.

There are pamphlets on Rabies at your Health Department. Visit the Department at 383 Washington Avenue, or call 450-3389.

Russo to attend Culinary Institute

Rocco Russo, son of Mr. and Mrs. Rocco and Carolyn Russo of 310 Greylock Parkway, Belleville will be attending the Culinary Institute of America, Hyde Park, N.Y. in September.

Russo will study Culinary Arts. He is a 1993 graduate of Belleville High School.

Rocco Russo

Three join W.O. police

Three Belleville residents are among 11 police recruits recently added to the West Orange Police Department.

West Orange Mayor Samuel A. Spina announced the appointment of Anthony Faraone, 29; Keith Holley, 37, and Warren Squitieri, 32, all of Belleville.

They will receive 17 weeks of training at the Essex County Police Academy in Cedar Grove.

All the new recruits served in either Operation Desert Storm in 1991 or the American military action in Grenada in 1983, or both, Spina said.

OUTDOOR SCULPTURE—A recent arts program, entitled "Sand Sculpture", part of the Celebrate Books Summer Program at the Library, attracted many students to the outdoor terrace of the Belleville Public Library and Information Center.

WINNERS - Lacordaire Elementary Girl's Basketball team took first place in the Grammar Independent League, after beating St. Catherine of Siena 42-38. Tri-Captain Tara Cozzarelli of Belleville played shooting guard in the championship game. This was the first time in history Lacordaire Academy took first place in the league.

MEETING THE MONEY - Shown at the New York Stock Exchange are, from left, NYSE Vice Chairman and President Richard A. Grasso, and Belleville School 3 teachers Mary Bradley of Grade 4, Isobel Villano of Grade 6 and Principal Raffaella Saulino. Mrs. Bradley and Mrs. Villano have been teaching The Stock Market Game to fourth, fifth and sixth grade pupils for the past three years as part of the innovative math courses encouraged by Mrs. Saulino.

Health officer offers new medical program

Some residents of Belleville may have trouble affording quality medical care for themselves and/or families.

To help meet this need, Thomas Longo, Director of Belleville's Department of Health and Human Services, has worked with physicians in the area to establish the Belleville Health Care Program. This program is designed to provide quality health care for the residents with limited financial resources who want and need adequate health care services.

As explained by Longo, those who meet income eligibility guidelines may receive services from those physicians who are participating in the plan. The physicians will take 25% off their regular fee.

The following guidelines must be met if a patient is to take part in the program.

1 in family, \$16,400; 2 in family, \$20,600; 3 in family, \$24,700; 4 in family, \$28,900; 5 in family, \$33,100; 6 in family, \$37,300; 7 in family, \$41,500; 8 in family, \$45,000.

Specialties represented are: all-ergy, chiropractic, dentistry, family practice, gynecology, internal medicine, ophthalmology, optical dispensary, podiatry, surgery.

Anyone with questions, or anyone wishing a list of participating physicians, may call 450-3392.

Veterinary reprimanded

The State Board of Veterinary Medical Examiners has found a Belleville veterinary at fault in the death of 15-year-old dog, following surgery for the removal of a cancerous tumor, in August 1992.

Based on a complaint brought by the dog's owner, William Milorey of Belleville, the Board found that the dog had not received proper post-operative care, and this resulted in the dog's death.

The dog, "Jackie", was a mixed breed poodle that the Milorey family had owned for 15 years.

Milorey said he found the dog mistreated and untended when he visited the veterinary clinic after the surgery.

He sought to the revocation of the license held by Delfin Tumibay, D.V.M.

The Board reprimanded Dr. Tumibay for "his repeated acts of negligence in treating the aforesaid dog" and imposed a civil penalty of \$2,500, plus payments of the costs of investigation, for an additional \$152.30.

A Theatre Workshop for ages seven through twelve will take place at 2 p.m. in the James J. Cozzarelli Jr. Children's Room, Belleville Public Library and Information Center, 221 Washington Avenue.

The film, "Don't Tell Mom the Babysitter's Dead" will be shown at 1 p.m. as part of the Thursday Film Class Series at the Belleville Public Library and Information Center, 221 Washington Avenue.

Aug. 27 — The Friday Video will be shown at 10:45 a.m. at the Shafter Branch Library, 30 Magnolia Street.

An Animation Workshop will take place at 2 p.m. in the James J. Cozzarelli Jr. Children's Room, Belleville Public Library and Information Center, 221 Washington Avenue.

"An American in Paris" will be the featured film showing at 12:30 p.m. as part of the Friday Musical Film Series at the Belleville Public Library and Information Center, 221 Washington Avenue.

Aug. 30 — "How to use the Library's CD ROM Technology," a special workshop, will be given by Acquisitions and Reference Librarian Cindy LaRue, at 2 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. Call 450-3434 to register.

As part of the Eight Live Monday Nights at the Belleville Public Library and Information Center, 221 Washington Avenue, a Sing-A-Long with Debbie Hendrickson will be given at 7:30 p.m.

Aug. 31 — A closing party and art show will take place in the James J. Cozzarelli Jr. Children's Room for ages 2 1/2 years old and over at 10:30 a.m. and for those seven years and older at 2:30 p.m. in the James J. Cozzarelli Jr. Children's Room, Belleville Public Library and Information Center, 221 Washington Avenue.

BOOK MARKS

Storytime registration

Parents of preschool children interested in having their child attend fall library storytime must register their child beginning Sept. 7. Toddlers must be 2 1/2 years of age, while preschoolers must be at least 3 1/2 years of age.

Storytime for toddlers will be held on Tuesday and Thursday at 9:30 a.m., and for preschoolers at 10:30 p.m., beginning Sept. 28 and 30.

All participants should exhibit a strong interest in using the library and in listening. Toddlers and preschoolers should exhibit a strong interest in stories and crafts.

Toddler parents are invited to participate in the storytime with their toddlers. Parents of preschoolers separate from the storytime and attend a special program, planned by Joan Taub, Reference Librarian. Preschoolers must separate from their parents. However, preschoolers who cannot separate from their parents are certainly welcome to join the toddler class. Babysitters, grandparents, guardians or parents accompanying a child must remain in the library during storytime. They should not exit and then return.

Remember to celebrate books and register for the toddler and preschool storytimes in the James J. Cozzarelli Jr. Children's Room this fall.

Movie special: Animation

Make anything come alive on film! Experience the art of animation on Aug. 27 at 2 p.m. at a special workshop offered by the James J. Cozzarelli Jr. Children's Room, Belleville Public Library and Information Center, 221 Washington Avenue.

Ask a Lawyer Series

Sponsored by the New Lawyers Section of the Essex County Bar Foundation, the Ask a Lawyer Series commences on Sept. 13 at 7:30 p.m., with a session on "Going Into Business," followed by a discussion of "Wills, Trusts and Estates," on Sept. 20. On Sept. 27, "Lifetime Planning for Aging, Illness, and Long Term Health Care Costs," will be discussed. On Oct. 4, "Living Wills," the final topic in the series will be discussed. Please register in person at the library, or call 450-3434 to register for the entire series, or for the individual topics in the series.

Genealogy workshop

A special genealogy workshop with William Dorival of Belleville will take place on Sept. 9 and 11 at 7:30 p.m. at the Belleville Public Library and Information Center, 221 Washington Avenue. Sponsored by the Friends of the Library, the workshop will help you trace your family tree and show you how to accomplish this. Please call 450-3434 to register.

Closing party and art show

August 31 will be a day of celebration in the James J. Cozzarelli Jr. Children's Room. A feature display of art projects will be on exhibit all day. There will also be two closing parties - one at 10:30 a.m. for children ages 2 1/2 and over and one at 2:30 p.m. for those ages seven and over. These activities will formally end the extensive summer programming. To participate, please contact the James J. Cozzarelli Jr. Children's Room at 450-3434.

Theatre Workshop

Calling all actors and would-be actors to the James J. Cozzarelli Jr. Children's Room. Come to the Theatre Workshop, Aug. 26 at 2 p.m., where you will have an opportunity to get a few acting tips and be an actor for a day. This is another opportunity to participate in "Celebrate Books."

Cleanup needed

To the editor:

Copy of letter sent to Rep. Herbert Klein.

With your assistance and the involvement of members of the Belleville Historical Society, Chamber of Commerce, etc., Belleville has been cited as one of the birthplaces of the industrial revolution. In addition Belleville has been cited for historical significance because of the part it played in the revolutionary war.

The graveyard behind the Dutch Reformed Church, located at the corners of Rutgers and Main Street contains the remains of 62 Belleville residents who fought in the Revolutionary War. The site is being cleaned and restored by the members of the Belleville Historical Committee.

A state highway runs past the Church. The roadway and the west bank of the Passaic River are not maintained and are in deplorable condition. Hopefully, with your intervention, we can get someone on the state level to address this situation.

Environmentally the area is an eyesore and if we are committed to beautification this problem should be addressed forthwith.

Awaiting your anticipated assistance I remain,

Very truly yours,
Michael D. Nardiello
Superintendent of Schools

Letters to the Editor
On Baby Jessica

To the editor:

The tragic story of Baby Jessica has reached the hearts of millions of Americans. Many are filled with rage and horror at the rigidity, ignorance and cruelty of our judicial leaders and are experiencing deep compassion for the anguish of her warm and loving adoptive parents. Few can begin to imagine, or allow themselves to realize, the terror and pain being felt by the innocent victim in all of this, the child.

The media, through its accounts quoting Schmidt family members, is attempting to obliterate the harsh reality of the deep emotional trauma being experienced by Jessica, citing cute scenarios of interaction between Jessica and the Schmidts. It is being suggested that there will be minimal adjustment problems with constant reminders that the Schmidts have lined up competent psychological counselors "if necessary," as if the adjustment period will be smooth. It will not be. I suggest it be called "Let's not rock the boat. The story sold newspapers and magazines; our television ratings went up when we dedicated time to the participants. Now that

we made our profits, let's abandon the story."

As a child psychologist, I say that Jessica's sense of security, innocence and safety in the world has been totally shattered. No longer can she trust that her world is a safe place where the people who have taken care of her since birth will continue to be there for her. She will believe that her world can radically change at any moment.

The nurturing, bonding and connection that parents and children share the first two years of life is the closest bond known to humans and many animals. For the child, a dependence and trust develops which forms the basis of our ability to love.

In Jessica's case, the internal messages are many. "Life is scary and I will be abandoned again by someone I care for." "I can never fully trust anyone's love." "I am unworthy, a bad girl and am the cause of this happening to me." These tapes are real and will affect her behavior and attitudes the rest of her life. Her abrupt separation from everything familiar and secure will probably result in depression, anxiety, lack of confidence and a deterioration of spontaneity and creativity as well as diminished intellectual growth and development.

The emotional scars later in life may manifest in poor academic achievement and possible involvement with drugs and sexual promiscuity. These behaviors are a direct result of unresolved childhood pain and trauma. Difficulties in creating and maintaining deep intimate relationships with a partner are almost inevitable.

At best, Jessica may be able to cope and adjust on the surface but her underlying emotional wounds will always block the expression of her full human potential.

If the future of our country will, one day, be in the hands of our children, we must seriously reevaluate the laws and pronouncements made by our judges and legislators which affect the well being of its citizens.

Jeanette Goldman
Belleville

Clara Maass
offers class

In its ongoing effort to provide quality programs and services, Clara Maass Medical Center will offer an Infant-Child Cardiopulmonary Resuscitation (CPR) course.

"The goal of this course is to teach caregivers, parents, teachers, day care personnel and babysitters the hazards to which children may be exposed, and how to make the environment safe," said Donna Makris, parent education coordinator, Clara Maass Medical Center. "The course will cover basic rescue techniques such as Cardiopulmonary Resuscitation and the Heimlich Maneuver."

The Infant-Child CPR classes will be held in three parts, Sept. 20 and 27, and Oct. 4, from 7 to 9:30 p.m. at the Medical Center. There is a \$40 fee, which covers the cost of the materials. Pre-registration is necessary. To register call 450-2929.

Kenneth Lee heads institute

Kenneth Lee of Belleville has been appointed Director of the Hudson Area School of Radiologic Technology, a joint venture sponsored by Bayonne Hospital and Christ Hospital in Jersey City, according to Bayonne Hospital President, Michael R. D'Agnes.

Lee, himself a graduate of the Hudson Area School of Radiologic Technology, also holds a bachelor of science degree in Health Care Administration from St. Joseph's College in Maine. He has been with the school since 1985, and was the

Assistant Director from 1989 until being named Director on July 7.

Professionally, Lee is affiliated with the New Jersey Society of Radiologic Technologists, the American Society of Radiologic Technologists, the Council of Radiologic Technology Educators of New Jersey, the Association of Educators in Radiologic Sciences, Inc., and the Association of Educators in Radiologic Technology of New York. He is also member of the American Registry of Radiologic Technologists (ARRT) in radiography and mammography, and is a licensed radiologic technologist in both New Jersey and New York.

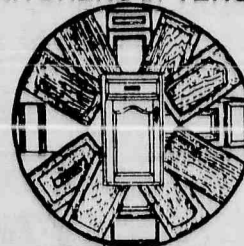

According to D'Agnes, "Mr. Lee has distinguished himself during his career with the Radiologic School. As an educator and a medical professional, he is an exemplary role model for future radiologic technologists."

H&R Block Income Tax Course Begins Soon

Thousands of people learn how to prepare income tax returns from H & R Block and then earn money as income tax preparers. H & R Block, the world's largest income tax preparation service, offers its Income Tax Course starting September 13th. Morning, evening, and weekend classes are available.

Experienced instructors teach tax law, theory and application. Classroom discussion and practice problems provide students with a thorough understanding of each tax topic included in the course. Students learn how to handle increasingly complex income tax situations as the course progresses.

Ideal for people who want to increase their tax knowledge, the course teaches students how to save money on their taxes and also prepares them for a rewarding career.

The affordable fee includes textbooks and supplies. Graduates receive Certificates of Achievement and continuing education units (CEUs). Qualified graduates of the course may be offered job interviews with H&R Block, but are under no obligation to accept employment.

Those interested in more information about the H&R Block Income Tax Course may call 1-800-TAX 2000.

Back-to-school beauty in a flash

Runway bookings in Paris, New York and Milan...school, family and friends...frequent photo shoots...beautiful Cover Girl model Niki Taylor is so busy, she has little time for a lengthy beauty routine. She prefers a clean, fresh, natural look and offers these tips for achieving it:

• **Mascara makes the difference** — "My one beauty essential is mascara. Just one quick coat. That's it. Cover Girl's new Remarkable Mascara does the trick. It's waterproof, so say goodbye to 'raccoon eyes,' but it's gentle and washes right off with just a little soap and water."

• **Lip allure** — "I spend a lot of time outdoors year-round and I try to protect myself from the sun with sunscreen. Whatever the season, I never forget my

lips! Cover Girl's new Incondition LipBlush is natural lip color and it's subtle and sheer. It actually enhances the color of my lips, and at the same time, conditions and protects them. Formulated with SPF 15, aloe and Vitamin E, Incondition LipBlush is the perfect all-in-one lip color."

• **Incredible eyes** — "Between going to classes, modeling assignments and going out with my friends, who has time for 'touch-ups' during the day? Not me, that's for sure! That's why Cover Girl's NonStop EyeColor is so great — I put it on in the morning without worrying that it will fade during the day. It's the best."

Nothing beats back-to-school beauty "in a flash!"

Obituaries

Lucille Cafone, 73

A Mass for Mrs. Lucille Cafone, 73, of Belleville was offered Aug. 19 in St. Mary's Church, Nutley, after the funeral from the S.W. Brown & Son Funeral Home, Nutley.

Mrs. Cafone died Aug. 16 in the Clara Maass Medical Center, Belleville.

She was a member of the American Association of Retired Persons and the Seniors Club, both of

Belleville, and the Rosary Society of St. Mary's Church in Nutley.

Born in Newark, she lived in Nutley before moving to Belleville 18 years ago.

Surviving are two daughters, Mrs. Carolyn Samanchik and Mrs. Barbara Kirk; two sisters, Mrs. Grace Terrazzino and Mrs. Marie Clements; a brother, James Magnatta, and three grandchildren.

Catherine Dorsey, 83

Services for Mrs. Catherine Virginia Dorsey, 83, of White House Station were offered Aug. 19 in the Speer Van Arsdale Funeral Home, Somerville.

Mrs. Dorsey died Aug. 16 in the Hunterdon Medical Center in Flemington.

She was a clerk for Orbach's and Macy's Department Stores in New-

ark for 20 years until 1956.

Born in Philadelphia, she lived in Newark and Belleville before moving to White House Station five years ago.

Surviving are a son, Jack L.; a daughter, Mrs. Patricia Cicotelli; a brother, Lester Zabriskie, and four grandchildren.

Gaetano Violante, 58

A Mass for Gaetano Violante, 58, of Belleville was offered Aug. 21 in St. Anthony's Church, Belleville, after the funeral from the LaMonica Memorial Home, Bloomfield.

Mr. Violante was a butcher with the Violante Meat Market in Bloomfield since 1982. Before that, he was a construction worker with Marcellis-Warner in Montclair. He was a member of the Laborer's

Union Local 472 of Newark.

Born in Forino, Italy, he settled in Belleville in 1962.

Surviving are his wife, Nicolina; two daughters, Mrs. Teresa Cifelli and Antonia; his parents, Antonio and Teresa Violante; two brothers, Aniello and Errico; three sisters, Mrs. Emilio Prisco, Antoinette and Mrs. Assunta Iannaccone, and a grandchild.

Mrs. Evelyn S. Knodel

Mrs. Evelyn S. Knodel, 63, of Deltona, Florida died on August 18 at home.

Born in Belleville, Mrs. Knodel lived in Belleville for 44 years, then in Tallahassee, Florida for 11 years, and Deltona for the past eight years.

She was a homemaker. Surviving are her daughter, Miss Cheryl Knodel; her brothers, Frank Pitrelli and Alfred Pitrelli; her sisters, Licia Wood, Georgette Cozzarelli and Phyllis Triarsi, and

many nieces and nephews.

A Funeral Mass was offered on Tuesday, August 24, at St. Peter's Roman Catholic Church in Belleville, with Pastor Raymond Holmes of St. Peter's Church officiating. Funeral arrangements were by the Irvine-Cozzarelli Memorial Home in Belleville.

Memorial contributions may be made to the Multiple Sclerosis Service Organization, 109 Princeton Road, Elizabeth, New Jersey 07208.

Vera Zoppi, 65

A Mass for Mrs. Vera Zoppi, 65, of Belleville was offered Aug. 18 in St. Peter's Church, Belleville, after the funeral from the Kiernan Funeral Home, Belleville.

Mrs. Zoppi died Aug. 14 in Columbus Hospital, Newark.

She was a lunch aide for School 10, Belleville, for five years before retiring in 1987.

Mrs. Zoppi was a member of the Michael V. Marotti Civic Associa-

tion, Belleville, and the Belleville Senior Citizens Tuesday and Friday Clubs.

Born in Newark, she moved to Belleville 31 years ago.

Surviving are two daughters, Mrs. Michele Addis and Mrs. Donna Paxson; a son, Ernest; a sister, Mrs. Jean Vorndran; three brothers, Ralph, Marco and Michael Splendoria, and eight grandchildren.

Local 68 members receive certification

At a recent dinner reception, the Building and Owners Managers Institute International (BOMI) and Local 68 IUOE Education Fund made presentations of diplomas to 31 members who successfully completed the eight courses for Systems Maintenance Administrator (SMA) certification. During the last 1 1/2 years, members completed the following courses — Building Design and Maintenance, Energy Management, and Supervision.

For eligibility into the program, a member was required to be a Local 68 IUOE Training School Graduate, have a New Jersey Engineer's License, as well as the necessary certification from the New Jersey Division of Vocational Education.

In attendance were BOMI representatives, Toni Cassidy, vice-president of Marketing, and Cindy Williams, vice-president of Operations. Cassidy lauded Local 68 IUOE for its active role in sponsoring such a joint program. "This program has not only helped to enhance the stature of Local 68 members, but has also helped BOMI to become better known to a wider audience," she stated. The instructor for the three courses was Kurt Padovano, who was well received by the members at each course.

Thomas P. Giblin, President, Local 68, thanked BOMI for their support and in this effort and noted,

INTERNATIONAL CERTIFICATION — Shown (l-r) Thomas P. Giblin, Local 68 President; Local 68 member receiving certification: Mauldin Finch of Belleville; Toni Cassidy, Vice-President, BOMI; and Francis J. James, Local 68 Education Fund Coordinator.

"This affiliation agreement commenced after our 1991 Training Conference in Long Branch. The Local 68 IUOE Education Fund subsidized these courses considerably, but it was the sentiment of the Officers and Trustees that this was a most worthwhile investment for the future. The students were

most attentive and gained a great deal of knowledge and valuable information to assist them on their respective job sites."

Francis J. James, Training Coordinator, Local 68 Education Fund, stressed the value of BOMI courses and further elaborated that the instructor, the students, and the

cooperation of BOMI was the best and looked forward to continuing such programs in the future.

Local 68 members perform work in virtually every industry in the state, responsible for heating, ventilating, air conditioning work, together with all other maintenance tasks.

Former Belleville Resident generous with donations

Benno Seidler, a former Belleville, resident for 50 years bequeathed numerous charitable institutions amongst which was the Rabbinical College of America in Morristown.

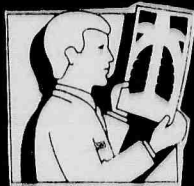

Attorney Robert C. Gruhin of the Belleville law firm Gruhin and Gruhin was Mr. Seidler's lawyer for more than 40 years in addition to being his personal friend.

"Mr. Seidler was a remarkable person. He lived in Newark before coming to Belleville and was employed as a carpenter in Bamberger's, Newark," Gruhin said. "At the time of his passing, almost three years ago, he was 82 years old and completely lucid. Generosity was his creed during his lifetime and he succeeded in pursuing it posthumously."

Rabbi Moshe Herson, Dean of the Rabbinical College of America, stated that Kaddish memorial services were observed for Mr. Seidler throughout the first year of his passing and a suitable plaque will be dedicated shortly in the college's study hall.

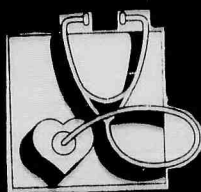

Attorney Robert C. Gruhin, Belleville, presenting a check from Benno Seidler's estate to Rabbi Moshe Herson, Dean of the Rabbinical College of America, Morristown.

THE A'S AND B'S OF MEDICARE

The Federal Medicare program, which provides health insurance to Americans age 65 and over, is divided into two parts: Part A, hospital insurance, pays (with deductible or co-payment) for basic and specialized hospital care, skilled nursing home care (for those who qualify), and some hospice and skilled home care. Part B is the voluntary medical insurance portion. For a monthly premium, the beneficiary is covered for physician's fees, outpatient treatments, therapies, tests, and some equipment, supplies, and other services. After the beneficiary make a co-payment of 20 percent on a medical service charge, Medicare then pays 80 percent. If a Medicare recipient needs help understanding or applying Part B of the Medicare program, the pharmacist stands ready to give assistance.

When you don't understand directions or your prescription or coverage from your Medicare program come in and talk to our pharmacist at **ROSS-MORE PHARMACY**, 338 Washington Ave., 759-1968, 759-1956. We are Blue Cross and Medicare approved. Baby needs, cosmetics, toiletries and gifts are handled. Open: 9am - 10pm Sundays. September 1-30 is National Cholesterol Education and Awareness Month.

HINT: Do not confuse Medicare with Medicaid, which provides health care for low income individuals.

NOTICE OF ACTIONS TAKEN TOWNSHIP OF BELLEVILLE PLANNING BOARD

Take Notice that on the 12th day of August, 1993, the Planning Board of the Township of Belleville, in the County of Essex, took the following actions:

Application No. PB-93-8, granted site plan approval and parking variance to Jeffrey Kessler to allow the renovation of an existing site for warehouse distribution, light assembly / manufacturing purposes with respect to the property located at 2-12 Main Street, Belleville, New Jersey, also designated on the Township Tax Map as Lot No. 1, 6, and 15A in Block 1. The property is located in the 1B Industrial Zone.

Honey and Pat Tortorello celebrate 50 golden years

Honey and Pat Tortorello of Belleville celebrated their golden anniversary last month at a party at the Regency House, Pompton Plains. A cocktail hour was followed by a sit-down dinner for family and friends. Music from the 40s, 50s and 60s played and several special events took place.

A prayer was offered by the couple's daughter-in-law, Joan Tortorello and the toast was given by the best man, Dom Tortorello. Honey's youngest brother, Len Sasso, the ringbearer at the wedding, gave a speech and a "This Is Your Life" story was told by their daughter, Claire Kay.

The couple's wedding song, "Marie Elena" brought them and the bridal party to the dance floor, a major achievement for Pat who is still recovering from a near-fatal automobile accident earlier this year.

Born in Newark, Pat has lived in Belleville for most of his life, the child of Patsy, the singing mailman, and the former Clara Frunzi, a native of Brooklyn, N.Y. He has two brothers, Dom of Parsippany and Mickey of Nutley.

Pat met Honey in 1939. After graduation from Belleville High School, he was inducted into the Army during World War II and stationed at West Point Military Academy as a field artillery instructor. July 10, 1943, he and Honey were married in a military wedding at Holy Family Church, Nutley. Pat's commanding officer, Major Williams, and his wife, attended. A reception followed at the Belleville Elks. The couple honeymooned in Atlantic City.

When the war was over, Pat went to work with his cousin, Pat DiStasio of Construction Service in Bloomfield as a salesman/architect. At present, he is associated with Honey in her company, Honey Bee Tours.

Honey is the former Honey Sasso, born in Belleville to Frank and Frances Sasso. She has five brothers and two sisters, Morris Sasso, baseball Hall-of-Famer; Sal Sasso, all-star football and baseball for Nutley High School; Don Sasso, deceased; Frank Sasso, Jr. of Nutley; Len Sasso of Forked River; Kitty Spinola of Florida and Margaret Caruso of Belleville.

A graduate of Nutley High School, she has had two careers. The first was as Fantasies By Honey, a personal shopping service

for celebrities including Connie Francis and the wives of several of the famous Yankee players, Yogi Berra, Phil Rizzuto, Mickey Mantle, etc. She also put on charity fashion shows throughout the state.

Honey took a short leave of absence when their son was born in 1966 and then went on to become the first agent licensed by Commission Control in Atlantic City and founded a company called Honey Bee Tours which specializes in luxurious bus tours to Atlantic City.

At present, Honey's main occupation is helping Pat recover from a near fatal automobile crash March 1 which has meant shoulder and hip replacement and several long hospitalizations in St. Joseph's Medical Center, Paterson and Kessler Institute, East Orange.

The Tortorellos split their time between their homes in Belleville and Pompano Beach, Florida.

Honey and Pat's children include Claire Kay, a graduate of Belleville High School and Fashion Institute of Technology, New York City. She lives in Manhattan where

she is an established designer and a hostess on Honey Bee Tours; Francine Lyn Giambattista, a graduate of Belleville High School and Jersey City State College, is a 6th grade teacher at School 5 in Belleville. She was married to Anthony Giambattista of the Newark Post Office on Feb. 14, 1992. The couple lives in Nutley with Francine's son, Christopher Clerico, a student at Montclair State College; Patrick Tortorello Jr., an alumnus of Belleville High School, attended Rutgers University and Bergen Community College. He owns Cousin Ben's Hot Dogs which has been a feature on Orient Way in Lyndhurst for several years. Pat Jr. is married to the former Joan Altgelt, a graduate of Kings College who received a master's in education at William Paterson.

Honey and Pat's other daughter, Patti Michele, lost her life March 13, 1972, in an automobile accident just before completing the yearbook for her Belleville High School class.

HONEY AND PAT on their wedding day, July 10, 1943.

THE TORTORELLO FAMILY — Seated, Honey and Pat Tortorello; standing, Anthony and Francine Giambattista, Joan and Patrick Tortorello Jr., Christopher Clerico, Claire Kay and escort Sam Magaly.

Student attends Cornell

Jill Caruso, a student at Belleville High School, is currently attending the Cornell University Summer College, a program for outstanding high school juniors and seniors who are enrolled in college courses for college credit.

Almost 600 high school participants from 26 countries and 46 states are admitted to the program on the basis of their high school records, application essays, recommendations, and standardized test scores.

Besides enrolling in university courses, which will allow Caruso to

earn up to eight college credits, she will participate in a seminar to explore academic and career opportunities in various fields. Caruso will learn from people with a wide-range of experience, who describe their careers and what can be expected if a student pursues one of these careers.

Caruso will also gain first-hand knowledge of the value of a university setting as well as learn about the college admission process through meetings with Cornell admissions officers.

Belleville

BUC SHOTS

By Mike Lambert

Okay, enough negativism about baseball.

This week, some positives about the game which so many of us love and want to keep a major part of our lives for years to come.

If you get a chance, pick up a copy of the August 19, 1993 Bloomfield Life. In the sports section (page 12), you'll find an article by **Jerry Mattia** describing the joy of baseball on the minor league level. Mainly, Jerry talks about a trip to Reading, Pennsylvania to see the AA affiliate of the Philadelphia Phillies play.

Near the end of the article, Jerry says, "I can't describe the real atmosphere-you will have to go yourself."

Jerry might be right in that a fan of the game should visit Reading, Pa. sometime, but he didn't give himself enough credit when he said he couldn't describe the real atmosphere.

Jerry's article really delves into the pure enjoyment of the game. It's a good piece of writing.

HAVE YOU SEEN THE MOVIE "A League of their Own"?

By far, it's one of the better sports movies that has aired in quite some time. It's mostly about baseball and the pure enjoyment the game gave to a number of ladies who played during the years 1943-54. The movie concentrates basically on the first year of the league, and at the end it shows the players in 1991 attending the Hall of Fame in Cooperstown, New York.

The movie, which was a big hit last summer, now appears on HBO. I'm sure most of you who like sports have already viewed it. But if you haven't, take some time to watch it.

The ending to this movie is by far one of the most enjoyable and sentimental conclusions I've seen in a long time.

IN MAJOR LEAGUE BASEBALL, some good stories are developing this summer. Outstanding pennant races are shaping up in the American League, where the Blue Jays lead the Yankees by one game in the A.L. East and the Chicago White Sox hold a three game lead in the West over Kansas City.

The National League East appears to belong to Philadelphia. I'm reluctantly giving the Phillies the nod because my Cardinals have struggled in the bullpen and making up nine games in six weeks will be nearly impossible.

In the National League West, the Atlanta Braves are trying to make a run on San Francisco, but they will need a minor miracle. The Braves and Giants played three games earlier this week in San Fran and are scheduled to play three next week in Atlanta.

If the Braves harbor any chance of catching the Giants, they really need to win five of those six games.

Individually, you have to hand it to **Tony Gwynn** of the San Diego Padres.

This guy is the consummate professional. He's playing in San Diego, which might be a beautiful city, but is an absolute disaster when it comes to fielding a good baseball team.

Gwynn has been a fixture in S.D. for a decade, and this year, despite the team playing 30 games under .500 and losing key players because of financial restraints, Gwynn has been outstanding.

A marvelous hitter, he is batting .355, which leads the N.L. and he leads the league in hits, with 156 as of last Friday night. Bear in mind, with the loss of **Fred McGriff** and **Gary Sheffield**, who were traded by the Padres earlier this year, there aren't that many good hitters to protect Gwynn in the lineup.

He's hitting the heck out of the ball and probably not seeing many fastballs.

In the American League, what more can you say about **Cecil Fielder**? All this guy does is produce and produce.

In 1990, he hit 51 homers and led the major league in ribbies. In '91 and '92, he led the majors in ribbies again. This year, he's already over 100 RBI's and leads the majors for a fourth straight year.

Fielder already shares the record for leading the league three straight years in RBI's. The only other guy who did it three years in a row was a guy named **Babe Ruth**.

Should Fielder hold the RBI lead this year, he will have accomplished something even the Babe couldn't do. And this, in a day of high priced ball players who will sit out with a hang nail, goes to show that some players take pride in constantly achieving the best.

While we're at it, let's give some credit to **Barry Bonds**. He might be somewhat arrogant, but the guy signed a mega bucks contract last winter to play in San Francisco, and has gone out and put up some phenomenal numbers.

He has a tremendous chance at winning the Triple Crown this year, should he catch Gwynn in the batting race. (Bonds only trails Gwynn by 15 points).

Should San Francisco win the West this year, it will be the fourth straight year that Bonds has lead a team to a divisional crown. Now, if he can overcome the post-season blues, he will be classified as one of the best players ever to grace the diamond.

See? There are some good things going on in baseball these days. And I haven't even talked about **John Olerud** and his quest for 400, or the Colorado Rockies, who are drawing about 65,000 per game. The Rockies even drew over 70,000 to see last Sunday's game with the Mets.

Let's hope the final six weeks of the regular season produce great results on the field. Let's also hope we've heard the last of labor negotiations and negative news regarding some of the players.

LAST WEEKS QUIZ

In 1969, **Steve O'Neill** of the New York Jets punted a ball 98 yards in an AFL game with the Denver Broncos at Mile High Stadium. The Broncos won the game, 21-19.

FOR THIS WEEK

This is the 25th anniversary of the New York Jets winning the Super Bowl. The '68 Jets had a solid regular season, finishing 11-3. Who did the Jets lose to that year? Where were those games played? Who did the Jets defeat in the playoffs? Who scored the Jets only touchdown in the Super Bowl? Where was that Super Bowl played?

Name change sparked Belleville in '78

'Buccaneer' celebrates 15th

By Mike Lambert

When it began, it was little more than just a paragraph.

When it began, **Bucky Dent** was hitting a monumental homer for the New York Yankees which would ultimately lead the Yanks to a second straight World Series championship.

When it began, the Pittsburgh Steelers were beginning phase two of its dynasty in the NFL. The Washington Bullets were the NBA's best and the Montreal Canadiens were en route to winning four straight Stanley Cups.

When it began, **Jimmy Carter** was the Nation's president and the young men and women who will be seniors at Belleville High School this fall were about two years old.

"It" was a minor change in the name of the Belleville High School athletic teams, and over the years, that change has become synonymous with Belleville.

In the Fall of 1978, Belleville High School changed its nickname to the Buccaneers, and this fall marks the 15th anniversary of the advent of the Buccaneers, or to most fans, the Bucs.

Prior to the Fall of '78, the teams at Belleville were known as the Bellboys. (This writer competed in three sports for two years at BHS in the mid 70's and I'll tell you that "Bellboys" never generated a great deal of imposing fear. Then, again, I ran cross country and track for 2/3 of the year and those sports didn't cause fear, unless you had a hang up about shin splints).

When they were the Bellboys, Belleville teams would generally just have Belleville written across their uniforms. After all, when Belleville would invade another gym, or football field, or baseball diamond, you could hear the opposition saying "here come the Bellboys," and somehow that just didn't sound like a proper setting for the typical Belleville athlete.

Now in '78, the Buccaneer was officially introduced and since football generally draws the biggest fan interest in the fall, it was with anticipation when the new era kicked off on a Friday evening at Belleville High in the season opener.

Livingston was the opponent then, and Belleville had plenty to worry about. Second year coach **John Senesky** had seen his team lose 40-0 in the '77 season opener. The '77 Lancers went on to the state

semi finals, which was quite an accomplishment when you consider the quality of teams that played high school ball in 1977.

The two teams that advanced to the Group IV, Section II finals in '77 were Westfield and Barringer, who defeated Irvington and Livingston respectively in the semis.

They would play each other at no less a venue than Giants Stadium, and over 32,000 fans turned out to see Westfield beat Barringer in a battle of unbeaten.

Westfield was led by running back **Butch Woolfolk**, who went on to become a first round draft pick of the New York Giants in 1982, and Barringer's defense was directed by the awesome **Andre Tippett**, himself a first round draft pick in '82 by the New England Patriots. Tippett is still a standout linebacker in the NFL today.

Anyway, Livingston was favored to be a powerhouse in '78 and most newspapers in the area picked the Lancers to dispose of Senesky's "Bucs" in the opening game.

Not only had Belleville not beaten Livingston prior to the '78 opener, the Bucs had not scored a point against them. Livingston had beaten Belleville in the '76 opener as well, winning that game 20-0.

But the '78 Bucs had their own ideas, and when they forced a Livingston fumble on the opening kickoff and recovered it, you suddenly had the idea that this was not going to be a game like the previous two Belleville-Livingston games.

The Bucs scored three quick touchdowns, led 21-6 at the half and won the game 28-14. Back then, Belleville football heroes were named **Angelo Santinelli**, **Joe D'Agostino**, **Perry Mayers**, **Ed Aulisi**, **Mike Nicotia**, **Len Mandella**, **Mario Colombrito**, **Joe DeLorenzo**, **Ricky Racioppi**, **Michael Dondarski** and **Joe Francheschini**, to name a few.

The '78 Bucs lost in week two to Montclair, 27-6, but the team would regroup in week three and stop Nutley 31-0. It was, by far, the biggest win in Belleville football in 10 years, maybe longer. Belleville had removed a large enigma by beating Nutley. Prior to that game, the team had not beaten Nutley since 1971, had not scored a touchdown against the Raiders since 1973 and had not scored a point on the Raiders since an **Anthony Spera** field goal in the early stages of the 1974 game.

Worst yet, Belleville had not

beaten Nutley at Belleville since the early 1960's.

The win over Nutley would start a Belleville dominance in the series which would stretch out to 1983.

After losing in week four to Passaic, 38-13, the '78 Bucs won its next two games, beating Irvington 27-7 and Essex Catholic 19-0. The 4-2 Bucs were suddenly a team with playoff aspirations and the Star Ledger wrote an article on the team prior to its battle with Seton Hall Prep in week seven, calling the Bucs "The Romper Room Gang", because they were so young and reckless on the field.

Seton Hall Prep was in the midst of a marvelous run in the late 1970's. The '77 team was undefeated and many felt was just as good as Westfield. In '78, the team continued to roll, although it was tied by Paterson Kennedy a week prior to the Belleville contest.

There was plenty of incentive for the '78 Bucs heading into the game at Seton Hall. Foremost was the remembrance of the '77 game, where Seton Hall jumped out to a 42-0 halftime lead at Belleville Municipal Stadium and went on to win 63-0.

A year later, no one expected that kind of result, but Seton Hall was still favored. And the Pirates didn't let down their fans, wearing down the Bucs and winning 28-6.

Belleville learned a great deal from that game, and would use that experience to beat Seton Hall in 1979 and '80. But in '78, the loss would eliminate the Bucs from post season consideration, but the team was still 4-3 and the hope of a 6-3 season was more than enough to keep this team motivated.

The last time a Belleville team finished with six wins in a high school football season was in 1969, nearly a decade ago, so the '78 team, which was very young, knew it needed to stay on track.

The Bucs defeated Clark in week eight, 16-7, wrapping up the victory in the fourth quarter when **Ralph DePasquale** intercepted a pass and returned it for a touchdown. In that game, **Racioppi**, then a sophomore linebacker, suffered a badly broken leg. He would come back for his junior year in 1979 and when he returned to play at Clark in his senior year, 1980, made the key play that clinched a Belleville win and sealed a playoff berth.

On Thanksgiving Day, 1978, the Bucs wrapped up the season by stopping Kearny 21-0. The win gave

Belleville a 6-3 record and, certainly, the confidence for future seasons.

It has always been the opinion of this writer that the 1978 team paved the way for the marvelous success enjoyed by the Belleville football program from 1979-84.

Many of the players on those great Buccaneer teams credit their success to the tremendous junior team in Belleville back then called the Broncos.

With the emergence of the Belleville Junior Bucs a few years ago, that same type of success is starting to emulate on the high school level today.

Sadly, eight of the nine teams that Belleville played back in '78 no longer appear on the schedule today. The Bucs played six teams from Essex County in '78 (Livingston, Montclair, Nutley, Irvington, Essex Catholic and Seton Hall Prep). They played one from Hudson County (Kearny), one from Passaic County (Passaic) and one from Union County (Clark).

The six teams from Essex County were natural rivals while Kearny was one of the members of the old Big 10 Conference (a league Belleville competed in for years before it was disbanded in the late 70's).

Passaic was Passaic, and you need only look back at the unbelievable games played between the Bucs and Indians from 1979 through '87 to know the quality of that rivalry. Passaic is also just a ten minute drive from Belleville.

Clark, even though it was a longer drive down the Garden State Parkway, gave Belleville three great games from 1978-80.

Today, Belleville's schedule features one team from Essex County (Nutley), one from Morris County (Randolph) and seven from Bergen County (Don Bosco, Hackensack, Paramus Catholic, Bergen Catholic, Paramus, Teaneck and St. Joe's of Montvale).

It is still hard to believe that Belleville does not play Bloomfield, Montclair, Passaic, Kearny, Clifton, Seton Hall Prep and, let's say, Columbia, which would provide a great deal of interest, simply because of the local matchups.

But back in 1978, the rivalries were more local and quite intense. And the '78 Bucs began an era of football excellence, one that continues today as the 1993 Bucs begin practice and the start of another campaign in late September.

Sam Giuffrida Run set for October 24

By Mike Lambert

The fourth annual Sam Giuffrida Run will be held on Sunday morning, October 24, at Belleville High School.

There will be a one mile "fun run" beginning at 9:30 a.m., followed by a five mile run through Belleville which begins, and ends at Belleville High. That race will commence at 10 a.m.

The race is in memory of the late Sam Giuffrida, a very popular teacher and coach who passed away suddenly on May 22, 1989.

During the past three years, the Sam Giuffrida Race Committee has awarded \$7500.00 in scholarships to Belleville High seniors, to help further their educations.

In order to continue the scholarships, sponsors and patrons are needed. Any donations are most

appreciated. A donation of \$275.00 or more will entitle you to have your company's name on the racing tee shirt, which is distributed to all runners on the day of the race. All donations are also included in press

releases issued by the race committee.

If you're not able to make a cash donation, the committee would also welcome any gift items that can be used as prizes which are awarded to the runners after the completion of the run.

To be included on the shirt, sponsor donations must be received by September 15. You can send your contribution to the Sam Giuffrida 5 mile race, PO Box 628, Belleville, N.J. 07109.

Questions on the race should be directed to Lorraine Leming at 751-6251 or Tonia Moore at 744-0408.

The course used for the run is TAC certified, with water locations at the beginning of the race, the two

mile mark and the finish line. The race is timed by computer. Prizes are issued to the top three male and female finisher in the one mile and five mile race.

In addition, prizes are awarded to men and women for finishing in the top three in the various age groups, beginning at 10 and under and going all the way to 70 and over.

Registration up to and including October 19, 1993 is \$10.00 and all runners are guaranteed tee shirts. After October 19, the registration fee is \$12.00 and tee shirts are available as long as supplies last. Separate registration is required for each event.

We'll have more information on the race in upcoming issues.

TOWNSHIP ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Municipal Council of the Township of Belleville, N.J. held on Tuesday evening, June 22, 1993 and further notice is hereby given that the second and final reading of said ordinance will be considered by said Municipal Council at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday evening, September 14, 1993 at eight o'clock p.m. when all objections to the passing of same will be heard and considered.

Mary Lou Hood,
Municipal Clerk

BOND ORDINANCE PROVIDING FOR THE INTERIOR RENOVATION OF THE TOWNSHIP HALL, IN AND BY THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, STATE OF NEW JERSEY; APPROPRIATING \$500,000 THEREOF AND AUTHORIZING THE ISSUANCE OF \$476,000 BONDS OR NOTES TO FINANCE PART OF THE COST THEREOF.

BE IT ORDAINED AND ENACTED BY THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, STATE OF NEW JERSEY (not less than two-thirds of all the members thereof affirmatively concurring), AS FOLLOWS:

SECTION 1. The improvement described in Section 3 of this bond ordinance is hereby authorized as a general improvement to be undertaken by the Township of Belleville, in the County of Essex, State of New Jersey (the "Township"). For the said improvement or purpose stated in Section 3, there is hereby appropriated the sum of \$500,000, said sum being inclusive of all appropriations heretofore made therefor and including the sum of \$24,000 as the amount of down payment for said improvement or purpose required by law and now available therefor by virtue of provision in a previously adopted budget or budgets of the Township for down payment or for capital improvement purposes and including a \$150,000 loan expected to be received by the Township from the State of New Jersey pursuant to the Municipal and City Infrastructure Loan Program.

SECTION 2. For the financing of said improvement or purpose and to meet the part of said \$500,000 appropriation not provided for by application hereunder of said down payment, negotiable bonds of the Township are hereby authorized to be issued in the principal amount of \$476,000 pursuant to the Local Bond Law of New Jersey (the "Local Bond Law"). In anticipation of the issuance of said bonds and to temporarily finance said improvement or purpose, negotiable notes of the Township in a principal amount not exceeding \$476,000 are hereby authorized to be issued pursuant to and within the limitations prescribed by said Local Bond Law.

SECTION 3. The improvement hereby authorized and purpose for the financing of which said obligations are to be issued is interior repairs and renovations to the Township Hall including the redesign and relocation of offices and, electrical, plumbing, heating and air conditioning renovations and upgrades, and the purchase and installation of all equipment, structures and appurtenances necessary therefor and all work or materials useful, convenient or incidental to aforesaid purpose.

a. The estimated maximum amount of bonds or notes to be issued for said purpose is \$476,000.

b. The estimated cost of said purpose is \$500,000, the excess thereof over the said estimated maximum amount of bonds or notes to be issued therefor, being the amount of \$24,000, is the down payment for said purpose.

SECTION 4. In the event the United States of America, the State of New Jersey, and/or the County of Essex make a contribution or grant in aid to the Township for the improvement and purpose authorized hereby and the same shall be received by the Township prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received from the United States of America, the State of New Jersey, and/or the County of Essex. In the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey, and/or the County of Essex shall be received by the Township after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose.

SECTION 5. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Township, provided that no note shall mature later than one (1) year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer of the Township shall determine all matters in connection with notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time in accordance with the provisions of N.J.S.A. 40A:2-8(a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made. Such report must include the principal amount, the description, the interest rate and the maturity schedule of the notes so sold, the price obtained and the name of the purchaser.

SECTION 6. The capital budget of the Township is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. In the event of any such inconsistency, a resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital programs as approved by the Director of the Division of Local Government Services will be on file in the office of the Clerk and will be available for public inspection.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

a. The purpose described in Section 3 of this bond ordinance is not a current expense and is an improvement which the Township may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed upon property specially benefited thereby.

b. The period of usefulness of said purpose within the limitations of said Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is twenty (20) years.

c. The supplemental debt statement required by the Local Bond Law has been duly made and filed in the Office of the Township Clerk and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey, and such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$476,000, and the said obligations authorized by this bond ordinance will be within all debt limitations prescribed by said Local Bond Law.

d. An amount not exceeding \$25,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purpose or improvement herein before described.

SECTION 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be

direct, unlimited obligations of the Township and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation as to rate or amount.

SECTION 9. The Township reasonably expects to reimburse any expenditures toward the costs of the improvement or purpose described in Section 3 of this bond ordinance and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. No funds from sources other than the bonds or notes authorized herein have been or is reasonably expected to be reserved, allocated on a long-term basis or otherwise set aside by the Township, or any member of the same "control group" as the Township, within the meaning of Treasury Regulations Section 1.150-1(f), pursuant to their budget or financial policies with respect to any expenditures to be reimbursed. This Section 9 is intended to be and hereby is a declaration of the Township's official intent to reimburse any expenditures toward the costs of the improvement or purpose described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations Section 1.103-18, and no further action (or inaction) will be an artifice or device in accordance with Treasury Regulations Section 1.103-13(j) or 1.148-9(g) to avoid, in whole or in part, arbitrage yield restrictions or arbitrage rebate requirements. The proceeds of any bonds or notes authorized herein used to reimburse the Township for any expenditures toward the costs of the improvement or purpose described in Section 3 hereof will not be used directly or indirectly (i) to "refund" an issue of governmental obligations within the meaning of Section 148 of the Code, (ii) to create or increase the balance of a "sinking fund" within the meaning of Treasury Regulations Section 1.103-13(g) with respect to any obligation of the Township, or to replace funds that have been, are being or will be used for sinking fund purposes, (iii) to create or increase the balance in a "reserve or replacement fund" within the meaning of Treasury Regulations Section 1.103-14(d) with respect to any obligation of the Township or to replace funds that have been, are being or will be so used for reserve or replacement fund purposes, or (iv) to reimburse the Township for any expenditure or payment that was originally paid with the proceeds of any obligation of the Township (other than borrowing by the Township from one of its own funds or the funds of a member of the same "controlled group" within the meaning of Treasury Regulations Section 1.150-1(f). The bonds or notes authorized herein to reimburse the Township for any expenditures toward the costs of the improvement or purpose described in Section 3 hereof will be issued in an amount not to exceed \$476,000. The costs to be reimbursed with the proceeds of the bonds or notes authorized herein will be "capital expenditures" in accordance with the meaning of Section 150 of the Code. This provision will take effect immediately, but will be of no effect with regard to expenditures for costs paid outside the permitted reimbursement period set forth in Treasury Regulations Section 1.103-18(c)(ii).

SECTION 10. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by the Local Bond Law.

AN ORDINANCE AMENDING CHAPTER 10 OF THE CODIFIED ORDINANCES OF THE TOWNSHIP OF BELLEVILLE.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY:

WHEREAS, Chapter 10 of the Codified Ordinances of the Township of Belleville provides for the establishment of water rates for the Township; and

WHEREAS, the Township Council has determined that the water rate must be increased due to increasing costs associated with the transmission of water to its residents; and

WHEREAS, the Township Council has found that the present rates are insufficient to provide for the entire expense of furnishing the supply of water for public and private use;

NOW, THEREFORE, BE IT ORDAINED that Chapter 10 of the Codified Ordinances of the Township of Belleville is hereby amended as follows:

Paragraph 10-1.32 Water Rates shall be deleted in its entirety and replaced with the following:

10-1.32 Water Rates. The following shall be the rates established for water service in the township:

a. FOR METERED WATER SERVICE:

1. Minimum quarterly rates not exceeding 500 cubic feet shall be 10.00;
2. Quarterly rate for the first 50,000 cubic feet - 20.00 per thousand cubic feet.
3. Quarterly rate for amounts from 50,000 to 300,000 cubic feet - 18.00 per thousand cubic feet;
4. Quarterly rate for amounts 300,000 cubic feet and over - 16.00 per thousand cubic feet; of said excess over 300,000 cubic feet.

All other rates inconsistent with the rates being herein adopted shall cease and this amendment shall supersede all inconsistent rates.

All water billing at new rates as listed above shall take effect commencing with billings as of July 1, 1993.

"AN ORDINANCE TO AMEND SECTION 3-26 OF THE CODIFIED ORDINANCES OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY."

ANCES OF THE TOWNSHIP OF BELLEVILLE CONCERNING THE USE OF THE RECREATION HOUSE AND EXPANDING AND APPLYING SUCH RULES TO ALL PUBLICLY OWNED PLAYGROUNDS AND FIELDS AND ADOPTING RULES OF CONDUCT FOR USE OF THE FACILITIES."

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY:

THAT Section 3-26 "Recreation House" be amended as follows:

SECTION I. That the title of Section 3-26 shall be amended to read "Publicly Owned Playgrounds and Fields".

SECTION II. That Section 3-26.1 "Hours and Regulations" be amended to the following: "All publicly owned playgrounds and fields shall close at sunset throughout the entire year. No person shall be permitted upon the premises after closing hours, as set forth above, except with the specific permission of the Dept. of Recreation and Cultural Affairs. Any person who shall be found on said premises, except as permitted herein, shall be considered a trespasser and will be punished pursuant to the provisions of this section."

SECTION III. That Section 3-26.3 "I.D. Cards Required" be added to the ordinance as follows: "I.D. Cards are required of all persons wishing to use Township Basketball Courts and Tennis Courts. All persons using recreation facilities must have their I.D. in their possession at all times while utilizing recreation facilities. I.D.s are subject to the rules and regulations promulgated by the Recreation Department and shall be obtained from the Recreation Department which are established as follows: I.D. Card Fee for residents shall be \$2.00 per year. I.D. Card Fee for non-residents, age 9 and above, shall be \$5.00 per year."

SECTION IV. Rules of Conduct at publicly owned playgrounds and fields are hereby adopted as promulgated by the Recreation Department and are available at the office of the Director of the Department of Recreation and Cultural Affairs for inspection. Such Rules of Conduct are subject to change as authorized by the Recreation Department.

SECTION V. This ordinance shall become effective upon final passage and publication in accordance with law.

HINTS FOR HOMEOWNERS

How To Ering Heating And Cooling Costs Down—Take A Tip From The Penguins

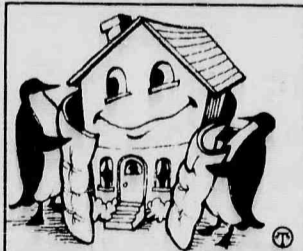

(NAPS)—If you are building a new home, or thinking about undertaking a home remodeling project that will maximize your return on investment, take a hint from the dapper-looking and superbly insulated penguins at your local zoo.

A key decision when designing energy efficiency into a home, is selecting the proper insulation and applying it in the most effective way. What many consider the optimum insulation option is one that provides both form and function.

One such alternative that has become increasingly popular among homeowners across the country is exterior insulation and finish systems (EIFS). That is, exterior siding that looks good on the outside and feels good on the inside. The leader in EIFS manufacturing technology and proud owner of a penguin design as its corporate logo is Dryvit Systems, Inc.

Thousands of homeowners have seen firsthand the benefits of the company's Outsulation® and Sprint® Systems. Mr. Richard Reis of Silver Spring, Maryland, used Outsulation on the exterior walls of his addition and directly over the existing stucco of his ranch home. "Although the remodeling and expansion project increased the size of the house by one-third," said Reis, "my heating bills have dropped more than 40 percent."

The system's insulation board component offers maximum design flexibility. The insulation can be shaped to form any number of architectural designs and details. After a base coat and reinforcing mesh are applied for durability, numerous textured finish coats in an unlimited amount of colors can

Save money while improving
your home's appearance with a
thermal blanket of insulation.

be chosen to provide a house with dramatic, distinctive curb appeal.

EIFS work on the premise that, unlike traditionally applied insulation which is placed in exterior wall stud cavities, the insulation board component is brought to the outside of the stud wall. By covering the studs or an approved existing exterior substrate with an insulated siding, a thermal blanket is effectively created, eliminating thermal bridges, reducing moisture penetration, stabilizing interior environments and minimizing thermal shock to the residence.

"After years of dealing with a house that was too cold or too warm, I no longer have any air leaks or drafts in my house," said Reis. "This has allowed me to better retain the heat I use during the winter. Also, on summer evenings I can open up the house and effectively utilize the cool air the following day."

Free Brochure

For a free brochure on exterior insulation and finish systems, write: Dryvit Systems, Inc., One Energy Way, West Warwick, RI 02893; or call: 1-800-556-7752.

By BETTY DEBNAM

Back-to-School Safety Begins at Home!

Safety Flash Cards

Remember the rules!

Study and talk about each of the rules. Then cut out each rule box. Fold the words back and ask an adult or older friend to show or flash the picture. See if you can remember the rule that goes with it. Then go out and practice the real thing.

LOOK AT THE PICTURE AND TELL ME THE RULE.

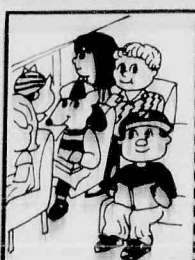

Safety rules for school bus riders

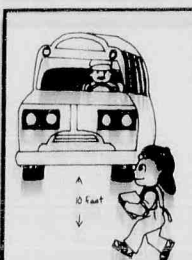

Don't rush. Get to the stop at least five minutes early and stand well away from the road.

Get on one at a time and use the handrails.

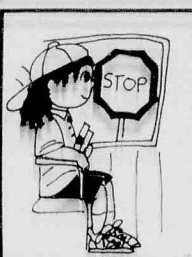

Remain seated and keep the aisle clear.

Cross at least 10 feet in front of the bus so the driver can see you.

Obey the bus driver and school bus patrol.

Wait until the bus comes to a complete stop before getting up.

Rehearsing the route is important. This mother and her son are practicing the route and talking about safety rules along the way.

Rehearse the route!

Plan the safest route with the best-marked ...	Make a map using symbols.	
• crosswalks.		Stoplight
• traffic signals.		
• crossing guards.	Crosswalk	Stop sign
LET'S MAKE A MAP!		
	Crossing guard	Dangerous intersection

MIGHTY FUNNY'S Mini Jokes

WHERE DO BEAVERS BUILD THEIR HOUSES?
IN THE MOST LOGICAL PLACES!

THAT'S MIGHTY FUNNY!

Teacher: Put the words "detail," "defeat," and "defense" in a sentence.
Student: I already have mine!
Teacher: OK, read it.
Student: Defeat of de fox went over defense before detail!
(The feet of the fox went over the fence before the tail!)

The Mini Page Presidents Poster and Book of Presidents are a great combination — and the best way to learn about each president — including Bill Clinton!

Illustrated with reproductions of engraved portraits, the 22 1/2-by-28 1/2-inch Presidents Poster shows each of the presidents with the dates that each held office.
The Book of Presidents (5 1/2-by-8 1/2-inch, 96 pages) features a photo of each president, as well as information such as dates of birth and death, dates served as president, political party, signature, glossary of political terms, a visit to the White House and important achievements.

Mail order to:
The Mini Page, P.O. Box 419150, Kansas City, Mo. 64141

Please send _____ copies of the Presidents of the United States Poster at \$3.00 plus 50¢ each postage and handling and _____ copies of the Book of Presidents at \$4.95 plus \$1.00 each postage and handling. (Make check or money order payable to Andrews and McMeel.) Total amount enclosed _____

PETER PENGUIN'S PUZZLE LE-DO

Hidden in the puzzle are words about things you use at school. Use the pictures as a guide.

ACROSS:

1.	5.
2.	6.
3.	7.
4.	8.

DOWN:

1.	5.
2.	6.
3.	7.
4.	8.

Answers: Across: 1. pen, 2. paper, 3. book, 4. ruler. Down: 1. pencil, 5. eraser.

Rookie Cookie's Recipe

Microwave Creamy Scrambled Eggs

You'll need:

- 8 eggs
- 1/2 cup milk
- 1/4 teaspoon salt
- 1 3-ounce package cream cheese, softened

What to do:

1. Combine all ingredients except cream cheese in casserole. Beat until well-mixed.
2. Stir in cream cheese. Mix well.
3. Cover. Microwave on HIGH 6 to 8 minutes. Stir every 2 minutes.
4. After cooking, let stand 2 minutes. Serves 4.

Back-to-School Safety Rules

Safety rules for car riders

Fasten your seat belt.

Sit quietly and don't bother the driver.

Always get out on the curb side of the car.

What does this sign mean to drivers, cyclists and walkers?

Throughout the country, school patrols and the teachers who supervise them are getting ready to help kids get safely to and from school. While patrols can't stop cars, they can hold back classmates until it is safe to cross.

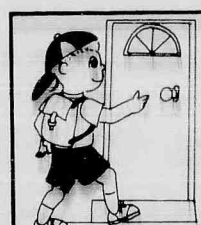

A school crossing sign

The Mini Page thanks the American Automobile Association, Traffic Safety Department; Cora Kelly Magnet School Patrol, Alexandria, Va.; and the National SAFE KIDS Campaign, a program of Children's National Medical Center, Washington, D.C., for help with this story.

Safety rules for walkers

Go right home from school.

Cross only at intersections. Walk, never run.

Obey the police, school safety patrols and crossing guards.

Look in all directions before crossing the street.

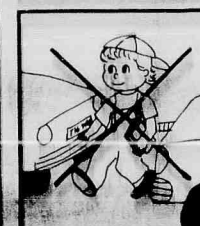

Obey the traffic signals.

Walk facing the traffic if there are no sidewalks.

Watch for vehicles that might make a turn.

Avoid crossing between parked cars and bushes.

Be aware of strangers and avoid them.

BASSET BROWN THE NEWS HOUND'S SCHOOL TRY 'N FIND

Words about going back to school are hidden in the block below. Some words are hidden backward or diagonally. See if you can find: SCHOOL, CLASS, PUPILS, TEACHER, STUDY, BOOKS, DESK, LEARN, FRIENDS, WRITE, READ, PRINCIPAL, QUIZ, TEST, MATH, ENGLISH, FUN.

ARE YOU READY FOR SCHOOL THIS YEAR?
