'Shock and disbelief'

Parents rally in support of arrested Principal; another arrest made in alleged child sex ring

By Howard Klausner

Essex County Prosecutor Clifford J. Minor has announced another arrest in the investigation of an alleged child sex ring operated in a Linden Avenue home.

Charlene G. Sonn, 44, of Garfield has been charged with sexual assault, endangering the welfare of a child and making terroristic threats.

Miss Sonn was described by investigators as the companion of the late Mr. Ronald Puttorak, landlord of the Linden Avenue house, who reportedly took his own life while held in the Essex County Jail in Newark last June.

Residents of Belleville were still stunned by the arrest last week of School 5 Principal Frank Catrambone, 53, who was taken from his office by investigators on Sept. 23.

Mr. Catrambone was arraigned Friday before Essex County Criminal Assignment Judge Joseph A. Falcone, who set a \$50,000 bond for his release.

More than 40 Belleville residents, most of them parents of children at School 5, came to the courtroom to show their support of the respected Principal.

Many expressed shock and disbelief at the charges of child molestation.

The previous week, two School 5 custodians were arrested on the same charges. They have been identified as Walter Jeffers, 55, and Mario Sista, 24. Jeffers is free in \$150,000 bond and Sista was freed on \$50,000 bond.

The case had its beginning in June, when the uncle of two girls, aged 9 and 11, reported to Belleville police that his sister's children were being sexually abused.

An investigation was conducted by Detective Sergeant Edward Panier, Detective James DelGrosso (now Sergeant) and Detective Arthur Connolly.

The complaint came to them on June 25, and on the next day, the 36-year-old mother of the two children was arrested, along with her male companion, Felix Cabera, 33.

Both the mother and Mr. Cabera have been held in Essex County Jail since their arrests, each unable to post \$100,000 bond.

The girls, who attended School 5,

and a five-year-old brother were given to a relative for care, and the case was turned over to the Essex County Prosecutor.

Further investigation by the Prosecutor led to the arrest of Mr. Puttorak.

Mr. Puttorak had been arrested at 9 p.m. on a Friday and was found dead at 7:50 a.m. the next day, hanged in a cell on the eighth floor of the Newark jail.

There was no report that Mr. Puttorak had made any statements to police before his death.

Mr. Puttorak was employed as a financial analyst for an insurance company. Several employees of a nearby supermarket were questioned by investigators, but none were charged with any crimes.

The arrests of the custodians came on Sept. 15, made by members of the Essex County Prosecutor's Office Child Abuse Unit.

Sista, who is a former Special Education student, was questioned in Newark from 9 a.m. to 8 p.m., reportedly without the opportunity to contact an attorney. Sources state he received one frankfurter on roll during the period of questioning.

He signed a statement, at the end of the interrogation, and immediately, investigators went to the home of Jeffers in Belleville. Sources state that he was unaware that he was a target of the investigation, and therefore did not ask for legal counsel.

Jeffers was questioned until 1 a.m. Both men were arraigned on Sept. 17, when bail was set for each. Jeffers' bond was \$150,000. Sista's was \$50,000.

Sista's family contacted Nutley attorney Angelo Bianchi, former State Banking Commissioner, who now represents Sista. Bianchi said he would "vigorously attack" the credibility of any statement signed by Sista after the 11-hour interrogation.

Jeffers obtained the services of Laurie Fierro of West Orange, a former Essex County Assistant Prosecutor who specialized in child and woman abuse cases.

Miss Fierro stated, "I strongly doubt that any convincing evidence can be brought into court strong enough to convict my client."

At Mr. Catrambone's arraignment, Assistant Prosecutor Patricia Kotyk-Zalesko, who heads the Sex Crimes Unit of the Prosecutor's office, told Judge Falcone that "another defendant has implicated" Mr. Catrambone.

Presumably, Mr. Sista was the defendant to whom she referred.

The arrest of Principal Catrambone came during the school day. Investigators came to his office and asked him to accompany them to Newark, where he was told that he was under arrest.

Local police had not been advised of the impending arrest. Chief Raymond Kimble was told about it at 3:30 p.m.

A reporter for a daily newspaper was reportedly at School 5 either at the time of the Principal's arrest, or very soon after. In either case, the reporter was there before Chief Kimble was made aware of the arrest.

While Principal Catrambone was being questioned in Newark, his secretary, Clara Wojtic, was undergoing a five-hour interrogation at her home.

She reportedly was advised that video tapes may have been made implicating her in the sex ring, a claim she vigorously denied.

She has taken a two-week sick leave.

Mr. Catrambone was represented at the arraignment by Brian J. Neary of Hackensack, a former Assistant Prosecutor who specialized in child abuse cases. Neary is designated as a Certified Criminal Trial Attorney.

He stated, "We intend to fight this case as vigorously as possible." He predicted vindication for Mr. Catrambone.

Sources close to the Prosecutor's office express confidence in the evidence that reportedly has been gathered, in which the allegations are that the mother of the two children exploited them for profit, and for drug money.

The nature of the evidence has not been made public, and will not be until - or unless - formal indictments are brought by a grand jury.

Friends of the accused custodians and the educator express confidence that the accusations will not stand.

Manager Cuccio returns to job with Town Physician's approval

Township Manager Stephen Cuccio made his first visit to his office in the Municipal Building since taking ill in August, arriving on Monday morning before taking a physical examination by the Township Physician, Dr. James Orsini.

On Monday afternoon, he produced a note from Dr. Orsini stating that he could work part-time until Friday, Oct. 1.

He presented the note and a

letter stating his intention to return to work to the Township Council, Monday evening.

Cuccio, 61, had sustained a heart attack while on a vacation cruise to Bermuda in August. He underwent bypass surgery in Milwaukee, and has since been convalescing at his home in Wyckoff.

The Township Council had instructed him to have a physical examination by the official Township Physician, Dr. Orsini, before

returning to work.

The Tuesday session of the Council was attended by Acting Manager Raymond Kimble, with Cuccio's approval.

Gina Stabile is Bella Signorina

Gina Marie Stabile, a Freshman at Rutgers-Newark College of Arts and Science, has been named Belleville's Bella Signorina by the Columbus Day Parade Committee.

Miss Stabile was on the staff of the Belleville Times 1991 to 1993, and a member of student government, active in many organizations.

Her ambition is to attend Rutgers Law School and become an attorney.

Danielle Stabile, Gina Marie's sister, a Senior at Belleville High School, has been named Lady in Waiting.

She plans to attend Berkeley School of Business and enter the field of fashion merchandising.

Catherine Pignataro, a Freshman at Seton Hall University, has been named Lady in Waiting.

She was Vice President of the Belleville High School Senior Class and Editor of the Yearbook, a member of the Crew and a member of the newspaper staff.

She hopes to attend Seton Hall Law School and become an attorney.

KISS FROM THE CLERK - Township Clerk Mary Lou Hood congratulates son, Charles, on his promotion to Police Captain at ceremony held Friday at Police Headquarters. The Captain's wife and children look on. At right is Deputy Chief Michael Petrillo.

Recall petitions awaiting Township Clerk's approval

Township Clerk Mary Lou Hood has announced that except for a minor legal requirement, she will certify the petitions filed by Frank Montagna seeking a recall election against Third Ward Councilman Tom Spillane.

The requirement, which she reports has been met, was that each page of the petition be notarized, attesting that each signature on the page is genuine.

She said the petitions had more than the required number of signa-

tures of registered voters to qualify for a recall election.

The election must be held within 60 days of the filing of the petitions, which was Sept. 14.

Spillane has announced that he intends to visit the home of every registered voter in the Third Ward to "dispel the lies told about me."

Mrs. Hood delayed certification of the petitions on Friday, to await the fulfillment of the legal requirement.

Aside From That

By: Howard Klausner

For 42 years, Mike Nardiello has served as an educator in the Belleville School District and in those years he has won the respect and regard of both his colleagues and his fellow-workers, to say nothing of the parents and the children whose lives he affected. But it could not be said that he had become a byword in the media, beyond the borders of the town in which he was born and lived his life. All that changed last week, just as he announced his plans to retire as Superintendent of Schools. The calls began coming from Ed Farnsworth and Terry Martin of Channel 4 TV, Hank Stern of the Associated Press, Peggy George of New Jersey Network News, Leslie Jennings of Channel 9 News, Donna Zide of Channel 2 TV, Cesar Daris of Channel 11 TV, David Navarro of Channel 7, and reporters for Channel 47 and Channel 5. Channel 2 and Channel 9 arrived with camera crews, and the face and voice of Mike Nardiello were broadcast from Coast to Coast. "It's been the worst experience of my life," Mr. Nardiello said. ●●●● As our readers well know, the calls had to do with the arrest of a beloved and popular educator on allegations of misconduct with two children, charges that neither Mr. Nardiello nor many in the community can bring themselves to believe. But it was once again an example of the kind of news that brings attention to Belleville. Mike Nardiello's achievements, or the advances made in education under his guidance, were not what brought the media attention. Who cares about the unsullied career of a Belleville man when scandal provides such entertainment?

But the life of Mike Nardiello tells more about Belleville than the sensational allegations being made. He was born in Belleville to Vincent and Connie Frena Nardiello in their house in Silver Lake. He was the youngest of nine children - six sons and three daughters - and the father fed and raised the family on his income as a day laborer and construction worker. He attended School 4 and Belleville High School where he was graduated in 1941. He joined the Army in 1943, and was trained as an Infantry Medical Corpsman before being allowed to transfer as a Bombardier-Navigator cadet to the Army Air Force. During the Battle of the Bulge, he was transferred back to the Infantry, and was in training with the 78th Division when a knee injury prevented him from being shipped overseas. He was discharged after 37 months of service.

He was graduated from Montclair State College in 1950, trained as a teacher, but for a year he worked as a cost accountant for Food Fair because there were no teaching jobs available. In 1951, he was appointed as a part-time Seventh Grade teacher at his old school, Number 4, and there he taught science and mathematics, and some physical education. Evan Thompson, then Superintendent of Schools, decided to launch two Special Education classes at School 4. "I have no idea what made him select me," Mr. Nardiello said, "but I was given two weeks to study the Special Education system in the Newark schools, and I started." He was to teach Special Education for 12 years, working with pupils from seven to 19 years of age. ●●●● In 1964, Nardiello was named the first Director of Special Education in the School District, and in 1967, he became Principal of School 4. After 13 years, he was named Assistant Superintendent of Schools, and in 1983, Superintendent, the post he plans to leave in December.

He has been married for 39 years to the former Marlon Caporaso and the couple's daughter, Mrs. Jerry (Judy) Domenick, has two sons, Michael and Joseph. ●●●● "Belleville is a wonderful town. I know they've knocked down 20 budgets in the last 23 years, but in other ways, the people are very supportive of education," he said. "They always come out when we need them, and it's a great athletics town with a great athletics program. I'm proud that we've kept up our academic standings and we do it with the lowest expenditure per pupil in the entire county. We have wonderful dedicated teachers and staff here." ●●●● On the down side? "Well, we do have some dissidents in town, and they do create problems." What lies ahead for the schools? "I think we are headed for a multi-cultural curriculum." Bi-lingual classes have been started for children whose first language is Spanish, and currently the percentage of "minority" students is estimated at 34.6. Breaking it down by category, Nardiello listed 750 Hispanic students, 186 Afro-American students, six Native Americans and 360 Asian or Pacific Island students. The total school population as of June was 3,736, and enrollment has been increasing at the rate of 75 to 100 each of the last three years. All in all, he has left the public school system in better shape than when he found it. And not one of the media reporters asked about it.

Baldassaro DiVincenzo Mitten, our Copy Cat, heard the Rev. Lucius Williams warn the Board of Education that a Higher Power than the Essex County Superintendent of Schools would deal with them if they did not vote the right way on school busing. "I asked Bonafacchio the Church Cat about that," Baldassaro said, "and he said the voting in Heaven was running five-to-four in favor of courtesy busing and six-to-one against using the Lord's Name in budget debates." ●●●● Fifth Ward Councilman Harry Zilch says his organization, the Kool Kukumber Boys is really excited about Belleville becoming the Investigation Capital of The World. "They figure that if they can get the concession rights, just feeding the incoming reporters alone will make them a fortune."

Fingerprint leads to arrest of brassy burglary suspect

A burglary suspect who allegedly ordered a victim to take her car out of the way of his vehicle when she found him robbing her home was tracked down with the aid of a fingerprint he reportedly left behind.

Detective Captain William Escott said that Owick Leon, 27, of Newark, was traced to New York City where he had been arrested on a drug charge, through a fingerprint record.

On Sept. 3, at 4:45 p.m., a householder returned to her Belleville Avenue home to find a car parked in her driveway. Her son saw someone in an upstairs bedroom and called a neighbor to alert police.

The intruder came out of the house, and ordered the woman to

back her car away from the driveway because it was blocking his car.

When she refused, the man produced a handgun and ordered her to get the car out of his way. She complied.

Police found a pile of valuables left on a bed, apparently abandoned by the suspect when he was discovered. A fingerprint was found on an item by Detective Jack Baumgartner of the Records Bureau.

Escott said the suspect was linked to other burglaries in Belleville, on Sunset, Fairway and Belleville Avenues, and in Bloomfield, East Rutherford and Newark.

The investigation was conducted by Detective Sergeant James Del-Grosso.

Library sign-up month

The Belleville Public Library and Information Center, 221 Washington Avenue, and the Shafter Branch Library, 30 Magnolia Street, are encouraging everyone to obtain a library card. The campaign is sponsored by the Belleville Public Library and Information Center, the New Jersey Library Association, and the American Library Association.

"Studies have shown that children who are read to in the home and use the library do better in school," states Acting Library Director Adrea Cohen. "We want to make sure that all children in Belleville start the year on the right foot by getting a library card and using it this year. Children who use the library regularly know that it is an exciting and fun place to be."

The Acting Director continued that the library offers a wide range of materials, programs, informational services for children, adults and senior citizens. Besides books for recreational reading and homework assistance, audiocassettes, videocassettes, magazines and newspapers, are available.

Library cards are free of charge and will be issued to those who live or work in Belleville.

OUR OPINION

Principal

Frank Catrambone

A citizen warned the public at a meeting of the Board of Education this week that it was "all right to show support for Frank Catrambone, Principal (of School 5) but let's not go overboard. If he's found guilty, I can just see the looks on your faces."

If Mr. Frank Catrambone is indeed found guilty of the charges made against him by the Essex County Prosecutor, it will not in any way reflect on the people who believed in his innocence.

In America — and Belleville is part of this great country — persons accused of a crime are presumed to be innocent until a jury of his or her peers pronounces the word, "Guilty". Lynn Risolito, president of school No. 5 Parent-Teacher Association stated recently that her group believes in the innocence of Mr. Catrambone. Mrs. Risolito and her group have a right to believe in his innocence.

Essex County Prosecutor Clifford Minor has been in office for one year and has demonstrated great responsibility in the job. Minor, a member of the black race, knows from personal experience the underdog feeling, the feeling of being denied rights to which all Americans are born. Prosecutor Minor can be relied upon to proceed with great caution in evaluating any evidence developed in the case that led to the arrest of Mr. Catrambone.

Minor is a former Newark policeman and Presiding Judge of the City of Newark courts.

The principal has pleaded innocent to the charges, and in time, he will have his day in court. Until that moment arrives, Mr. Catrambone is presumed to be innocent, and if the matter goes to trial, we are assured that a jury of his peers will determine Catrambone's fate.

Target, Belleville

Residents of this historic township have lived many years with the knowledge that outside publications have taken a condescending and sometimes hostile attitude toward them.

The media sees prejudice in a town that has made a home to every racial, ethnic and religious group on the face of the earth.

The media sees criminality in a township whose crime rate is among the lowest in the state, if only the crimes committed by residents are listed.

The media sees corruption in a township where an investigation by the State Commission of Investigation produced a molehill out of a mountain.

The media arrives by the droves when a scandal based on some questionable evidence is reported, but stays away in droves when the Governor arrives to proclaim Belleville the Birthplace of The American Industrial Revolution.

It doesn't help business. It doesn't help our students. It doesn't say much for the intelligence or journalistic integrity of the media.

But we are still Belleville, and when we see how the people of Belleville react in a crisis, we are proud to be Belleville.

The Polls shift - again

If anything, Governor Jim Florio should be concerned about recent polls which indicate he is pulling far ahead of Challenger Christie Whitman.

He knows he is better off running as the underdog, and it is unusual for New Jerseyans to go overwhelmingly for any candidate, although it has happened.

Governor Florio knows that the polls do not determine elections.

Whatever they may show, today, we would not count Mrs. Whitman out of the race by any means.

In fact, the image of a courageous woman trying to come from behind to fight the Trenton Powerhouse would be about the best thing that could happen to her, at this point. Certainly, her campaign image has not been that great up to now.

YOUR OPINION

Senior who knows

To the editor:

I have to agree with Mr. Joe Fornarotto's opinion that we can save almost \$600,000 per year by doing our own recycling and garbage pick-up once a week like Bloomfield and now Montclair.

It is particularly true, if we are paying a contractor the amount of \$3,444,781.41 for a 5-year contract. He must be making a profit as this amounts to about \$688,958.28 per year.

Mr. Fornarotto indicates that if we spent the first year the amount of \$400,000 for new trucks which should last 7 years, spent about \$625,000 for the salaries of the new men to pick up garbage and recycling material, the first year the cost would be extra just for new trucks. After the first year, we will save \$400,000.

The savings of \$104,000 that we pay to pick up recycling materials, plus the money we get back when we sell paper and some of the other materials, after the first year we will have the money in the bank — \$104,000, \$400,000 and the money for recycling material — a savings of over \$600,000!

I say, let's look into this fine idea.

I would like to make some other significant comments on the government we have in our Township:

A. Council / Manager government is similar to a private corporation. The Council should not act as a Board of Directors of a company where the Manager carries out its policies as the C.E.O. of the corporation.

B. No individual Councilman should influence the Manager with pressure. The Council acts as a body and is only allowed to make decisions.

C. Any Councilman violating these rules is guilty of malfeasance of office and under the Faulkner Act can be removed from office. In other words, the Council as a body can recommend to the Manager but cannot interfere with his duties.

In addition, I would like to point out an article that appeared in an issue of The Reader's Digest. It talks about a town in California operating under a manager. He made many cuts in his local budget by using many Senior Citizens volunteering in many departments to save taxes. He couldn't raise taxes because in California under the law, Proposition 13, you cannot.

At this time, that same town working with the Senior Volunteers is operating very well.

I am now volunteering my services and experience without salary to assist Mr. Cuccio who is now recuperating from a severe heart operation.

I know many other Seniors in our good town with experiences in many areas can help our Township get back on its feet.

The answer is not to raise taxes. Many of us are hurting and may lose our homes. I was involved in the first change of government with many other good people. Today it is not the government — it is the people who run it. My experiences are endless. I am a licensed Professional Engineer in Pennsylvania

and New Jersey and former Corporation President. I am very familiar with the Faulkner Act. I have no political aspirations. I would like to serve my Township.

I'm certain many more Seniors would like to serve their town without compensation — just ask us!

Sal Calabro

Busing cut protest

To the editor:

This is an open letter to the Board of Education Trustees, in reference to the recent budget cuts that were maliciously done.

Yes, the voters had defeated the school budget, and if cuts had to be made it was better to be made in transportation, instead of the classroom. I understand the choice was easy. The mileage that you are using today is still courtesy. Even though you're holding this edge, have you even begun to think the price of a child's life? It may be legal and in your power, but, by God is it safe? Your cuts have also reflected other activities, which you have tried to justify. How do you justify cutting clubs, freshman sports, activities that keep our children well rounded and off the streets. Rental fees on musical instruments and yet, you still found money to cut a director, and promote someone to become a music supervisor, a \$20,000 increase. I can't understand it, nor can anyone else I know. It appears that some thought of the apparent cuts were done to teach us parents a lesson. Surprise! You taught us a lesson, and we're using our voice and we're not going to let up until you return what our children duly deserve.

A brick for Board

To the editor:

To the board members, who can remember, the closings of Schools 1 and 2. You know, the ones that have school bricks as paperweights on their desks. Take a moment to reflect on School 2. I'm sure it will not be long before you have a brick of School 1 on your desk. Now that this board took away the promise of giving the Valley residents busing for their children and grandchildren. I hope that your paperweight will never hold down an accident report, an incident report, a missing persons report and God forbid, a death certificate. If any of you have the heart to use that brick as that kind of memorabilia, then the Township of Belleville has officials that will lead us down the road of self destruction. And, not to dwell upon the incident at School 5, only makes it more believable that these things very well could happen to us.

Barbara Scrugge

Flight #198

• **PARKING** is no longer permitted along the bank of the Third River that flows through Nutley's Nichols Park. The prohibition exists because the area is in a flood zone. All the time that parking was permitted, it posed a danger to pedestrians and motorists. On the north side of the lane, reserved parking begins from the southerly property line of the Parkbrook Mansions Condominium property and takes in parking spaces reserved for Park Pub customers. If one would take only the traffic generated by the Parkbrook Mansions Condominium occupants' activity, we're talking about fifty automobiles twice a day. Motorists were at great risk trying to focus one pair of eyes on two sides of the lane at the same time. We always were fearful of a child darting out from a car with no forewarning, and the terrible thought that a child's life might be at stake as the result of an accident. Thank the Lord motorists were extremely cautious as they arrived and departed to and from the Parkbrook Mansions Condominiums' rear parking lot.

Hopefully, whatever area is designated to accommodate a parking lot for the benefit of Nichols Park users, it would be located in a safe area. It might even be a good idea if the responsible public officials met with the neighborhood people and got an input from those who are most affected.

• **REPUBLICAN** gubernatorial candidate Chris Whitman has just about blown any chance she had to beat Governor Jim Florio when she proposed to cut income taxes by 30 percent over three years. In more than half a century of my personal political activity, I have yet to find one voter willing to accept a pledge of a candidate that she or he will reduce taxes — but 30 percent! Whitman's plan is not credible and will insure her defeat. Moreover, only three weeks ago, polls indicated a close race between Florio and Whitman. Now, the projection is that Florio will win by a wide majority and have coattails that may bring into office a few extra Democrat senators and assembly persons. A month ago, Essex County

was a close call. Today, Florio will win in a walk.

Whitman has now turned to character assassination. Three times in one sentence, she has called Florio a liar. If there is anything in Florio's public record, the one thing for sure one sees is integrity and an unblemished character. If Whitman continues to go down in the gutter and keep throwing mud at Florio, she will lose most of the independent voters and at the same time energize a great body of Democrats who believe in fair play — even in politics.

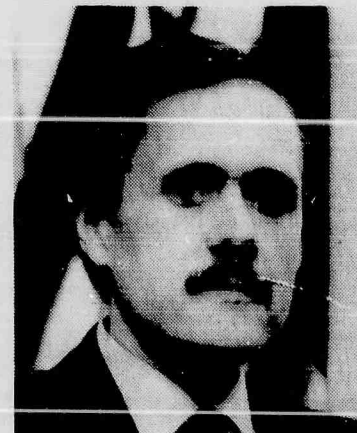

It wasn't too long ago when Chris Whitman gave four different reasons why she didn't vote in the Board of Education election in her hometown. Her first answer was that her last campaign appearance was in Bergen County and the time between that point and polls closing did not afford her the opportunity to visit the polls before they closed. Another reason she gave was that she didn't vote in Board of Education elections; and there were a couple of more reasons, all of which contradicted the prior reasons. Because Chris Whitman gave four different answers why she failed to vote at a Board of Education election, is one to conclude Whitman lied four different times. In view of the foregoing, would Governor Florio have the right to call Whitman a liar. I think he would, but he is too clean a campaigner to stoop to that level.

• **FREEHOLDER ART CLAY** is back at work, but sources familiar with Freeholder Clay's periods of hospital confinement are not so certain that Clay's health permits him to deal competently with his duties as a Freeholder. His wife, Heather Clay, had been appointed by Superior Court Judge Murray Simon as "Guardian of the person and property of Arthur Clay" on August 12th. An affidavit submitted by two doctors to the court includes the following, "Mr. Clay will require an additional three to four weeks of intensive rehabilitation and he will also require four to six months of out-patient therapy after he is discharged from his inpatient program." Clearly, it is in the best interests of Clay and the public that he has served so well in the past that he step aside and permit his wife, Heather Clay, to run in his place and stead. Mrs. Clay is a very resourceful businesswoman. She also knows the business of politics and of government. Like an old soldier, Clay should just fade away and live with wonderful memories of past service.

• **I HAVE** received a bit of sad news this week. Rita Dacey, the former social editor of the Nutley Sun died. In my forty years as a journalist, I have had and do have some of the most able reporters to be found in the industry. Over my forty years, I have had some very outstanding journalists in my employ, but no one was more loved and appreciated than Rita Dacey. She had the gift of being sincere and friendly. No doubletalk from Rita. She lived a life so perfect that for those among us who believe in Heaven, there is no doubt she will be welcomed with open arms. God bless her soul.

Columbus Day Parade Scheduled for Oct. 10

The Eleventh Annual Belleville/Nutley Columbus Day Parade will be held on Sunday, Oct. 10. According to this year's General Chairman, Mario Drozd, the Parade will start at 2 p.m. on Centre Street and Park Drive in Nutley and will proceed to Union Avenue, down Joralemon Street to Washington Avenue and end at the reviewing stand at Belleville Town Hall.

This year's Grand Marshall for

Belleville is Thomas Apicella and for Nutley it is Judge Anthony Amosco. Sam Papa is the Belleville Chairman and Mario DiMaggio is the Nutley Chairman.

The Parade Committee is a non-profit organization that has been founded for the purpose of presenting the Columbus Day Parade for Belleville, Nutley and beyond. The joint towns work together all year long to raise funds for the costs

associated with running a parade. The Committee also annually sponsors a scholarship to a deserving high school student. It exists to promote the great Italian explorer Christopher Columbus who discovered the New World that we know today as America.

If anyone would like to participate in the parade, call 751-2277 for a parade application.

Fire Chief's hearing postponed

A scheduled hearing on the suspension without pay of Fire Chief Walter Beresford was postponed, Friday, with the consent of Township Attorney Robert Giordano and Beresford's attorney, Anthony Mautone.

Acting Township Manager Raymond Kimble, who had ordered Beresford's suspension, asked

that an outside arbiter be found.

Reportedly, a retired judge has been approached to hear the case.

Beresford was suspended following a report by the State Commission of Investigation which charged him with irregularities. Among

them were the alleged paying of overtime to firemen for doing repair work on the fire houses, without authorization for those payments.

Chief Beresford has denied any wrongdoing.

Mr. and Mrs. Vincent Riccio at their anniversary party

Riccios celebrate golden anniversary

Mr. and Mrs. Vincent Riccio (Jack Carroll) of Belleville celebrated their golden anniversary September 12. The couple was honored at a surprise party given by their niece, Mari Ippolito, also of Belleville, and their nephew, Louis Guardabascio and his wife, Maryann. The party was held at the Guardabascio home in Fairfield.

Mr. Riccio and the former Frances Smith were married Sept. 19, 1943 in St. Anthony's Church, Belleville. Mrs. Riccio (Sookie) is the daughter of the late George and Frances Smith of Newark and has lived in Belleville since her marriage. She is a former employee of Westinghouse in Bloomfield.

Mr. Riccio, using the stage name Jack Carroll, was a well known singer in the forties and fifties. He toured with the world-famous Les Brown and His Band of Renown, Tex Beneke and His Orchestra and the Glen Miller Band. He also co-starred with Barbara Stanwyck and Gene Barry in the western "40 Guns," for which he did the soundtrack. He is currently the voice-over singer in many popular television commercials. The son of the late Gaetano and Teresa Riccio, Mr. Riccio is a lifelong resident of Belleville.

The anniversary celebration was attended by over 50 friends and family members.

Mr. and Mrs. Angelo Cordero - nee Toni Ann Ruvolo

Mr. and Mrs. Cordero honeymoon in Puerto Rico

Toni Ann Ruvolo, daughter of Mr. and Mrs. Alexander Ruvolo of Belleville, and Angelo Anthony Cordero, son of Mr. and Mrs. Angelico Cordero, also of Belleville, exchanged wedding vows Sept. 12 in St. Lucy's Church, Newark.

Rev. Granado performed the ceremony which was followed by a reception at the Bethwood, Totowa.

Escorted by her father, the bride wore an off-the-shoulder white satin gown accented with pearls and sequins. A matching headpiece held her veil and she carried red and white roses with babies breath and black ribbon.

Nickole Ruvolo of Belleville was maid of honor. Bridesmaids included Ruth Greene, Lucy Cordero, Laurie Moyer, Lisa Scavone and Dina Rodriguez. Flower girls were Laura Ashley Zummo and Angelica Greene.

The attendants were attired in

off-the-shoulder red taffeta gowns with matching headpieces. They carried white lace fans with red roses and babies breath.

Angelico Cordero Jr. of Belleville served as best man. Ushering were John Greene, Vinny Carsillo, John Coppola, Robert Cutalo, Greg Hueneke and Jim Meister. Joseph Ruvolo was ringbearer.

The bride's mother chose a black satin gown with gold sequins while the groom's mother was in a peach cocktail dress accented with pearls and lace.

Mrs. Cordero, a graduate of Belleville High School, is with Immedicenter, Bloomfield.

Mr. Cordero, also an alumnus of Belleville High School, is with Angelico Cordero & Sons Auto Transport, Belleville.

The couple honeymooned in Puerto Rico and have made their home in Bloomfield.

Caruso, Berardi score TD's

Bucs win season opener, 14-13

By Mike Lambert

There are a couple of ways to look at last Friday's football season opener, when the Belleville Bucs stopped Don Bosco 14-13.

You can say the Bucs won the game, showed a great deal of character in doing so, and have some momentum heading into tomorrow's battle with powerful Hackensack at Doc Ellis Field. (Kickoff time is 7 p.m.).

Or, you can say that Belleville had a 14-0 halftime lead only to see Don Bosco pretty much dominate the second half. Had it not been for a missed point after attempt, the Bucs would not have won the game and would have been fortunate to leave Don Bosco with a tie.

In this case, we'll take the former

scenario and head coach John Senesky offers plenty of ammunition for the former's defense.

"This was a very big win for us," the coach said. "One of our motto's this year is altitude depends of attitude. We're not going to get

crowd. Our kids were feeling pretty good at halftime, but Don Bosco coming back in the second half taught our players that nothing will come easy. Despite that, we managed to hold on and win."

Senesky does make a valid point

"Altitude is Attitude"

John Senesky

when it comes to the pre season.

"Remember, we didn't have the final game scrimmage with Livingston that we normally have before a season opener. Therefore, a lot of kids were playing high level varsity football without much of a pre season. Our players made mistakes that would normally have occurred in a game scrimmage and we could have corrected before the season opener."

The team drove to the Don Bosco one yard line, but on fourth and inches, the Bucs failed to cross

the goal line and the home team took over.

Don Bosco moved impressively, driving from its one to its 32 yard line. But the Belleville defense became stingy at that point and forced a punt.

"One of the two keys to the game was our not getting in from the one yard line," Senesky said. "That could have been real bad, because Don Bosco was moving the ball and if they had capitalized after we couldn't get the touchdown, it would have turned the entire game around."

Mundy would not allow a second opportunity to pass his team by. After a few good runs by the very dangerous Buc backfield, Mundy threw to Berardi, who found a seam in the open field and ran 29 yards for the first touchdown of the season.

Berardi, a junior, is developing into a very dangerous open field runner. He and Caruso are very quick and combined with Miranda's tremendous leg strength, the Bucs feature a very versatile backfield.

The point after kick was muffed and Belleville led 6-0. In the second quarter, the Bucs hit paydirt again when Mundy hit Caruso in stride

(Continued on page 12)

The Belleville gymnastics team opened the season with a hard fought 68.05-64.55 victory against Fair Lawn. Donna Richardi's team then dropped the next two matches to powerful Montclair 91.75-63.1 and Indian Hills, 87.7-65.1.

The Lady Bucs travel to Dwight Englewood tomorrow afternoon for a 4:30 p.m. match. Next Monday, it's off to Bloomfield, also at 4:30 p.m.

Before the season began, Richardi got some bad news when Kim Piscatowski was placed on the disabled list due to a knee injury. Piscatowski, a senior, is a valuable member of the team.

Nonetheless, the girls did post a season opening victory, with Gina Conte leading the way. Conte excelled in the all around competition, scoring a 7.65 in the floor exercise, 7.5 on the balance beam, 7.55 in vaulting and 6.3 on uneven parallel bars.

"Gina had a real good match," Richardi said. "It's not easy competing in all four events, and her overall scores were very consistent."

The coach has been pleased with her teams work ethic this fall.

"We had 20 kids come out for the team. They're all working hard, and I'm very happy with some of the freshman who have come out for the team. They've got a lot of potential."

Seniors Davina Colro and Christa DiBenedetto are competing in three events. Colro is working on vaulting, beam and floor exercise while DiBenedetto concentrates on bars, beam and floor.

Conte, a junior, is the only athlete working in the all around competition. Another junior Dina DeRiggi is just beginning to concentrate on an event.

Sophomore Maria Bonomo has done well in the vault, beam and floor exercise while another sophomore, Yen Cheng, has done well in vaulting, floor and balance beam.

Freshman Nicole Cassella is specializing in beam and floor exercise.

"We'll improve as the season progresses," Richardi said. "We're up against some very talented schools and athletes that are in gymnastics clubs during the off season. They're just a little ahead of us when it comes to off season preparation, but our kids are doing a good job."

ARE THE JETS FOR REAL?

Okay, the day after the Jets beat the New England Patriots (the 0-4 Patriots, the same team that has a 9-43 record during the 1990's), people calling into the WFAN talk shows are raving about how great this team is.

Boomer Esiason is the next coming of Joe Namath, and the Jet defense, which held the potent Patriots to seven points, could be as good, or better than the Pittsburgh Steelers of the 1970's.

The Jets are an improved team, no doubt. But this team isn't exactly dominant, unless they play 3/4 of their schedule against New England and Cincinnati.

This Sunday, the Jets are home again, but this time to the Philadelphia Eagles. The 3-0 Eagles, the 34-17 Eagles of the 1990's. The Eagles have been to the playoffs four of the past five seasons and the one time they missed (1991), they were 10-6 and played the entire year without Randall Cunningham.

Also on the Jets schedule this year is two games against Buffalo, two against an improved Indianapolis team and one game each against Dallas, Washington and the Giants. After those games, let's see if the Jets are still booking Super Bowl tickets for Atlanta in January.

In the meantime, this Sunday's game with Philadelphia should go a long way to showing how good the Jets are, or how much work this team needs before it can proclaim itself a legitimate contender in the AFC.

Give them a little credit, however. They did beat Miami in week two, in Miami. The potential is there for a big improvement over last years 4-12 campaign, but don't get too excited because the Jets beat up on New England.

HIGH SCHOOL SPORTS

The Belleville Bucs won its season opening football game last Friday, stopping Don Bosco 14-13. John Senesky's will have its hands full tomorrow evening when Hackensack comes to town for a 7 p.m. game.

Hackensack is a legitimate top ten team in New Jersey and could very well be a top three club before the season is over. The team has speed, tremendous size and a lot of players back from last years club that was 9-1-1 and captured the Group IV, Section I title.

As for Belleville, they showed a lot of character in winning on the road last Friday evening. Considering the Bucs did not have a game scrimmage this season, their performance in the opener showed tremendous poise for a young team that has just 14 seniors on the roster.

One of those seniors, Mike Mundy, was outstanding at quarterback. This is Mundy's third year as the starting QB, and it's quite obvious that he has learned the game and is doing well at reading defenses.

THIS WEEKS QUIZ

When was the last time the Chicago White Sox won the American League West? How did the Sox do in the playoffs? Name the White Sox' top starting pitcher that year. For the second part of the question, when did the Philadelphia Phillies last win the N.L. East and what was that teams starting infield the year they last won the crown?

Groeling 2 goals lead Bucs past St. Joseph's

By Mike Lambert

Greg Groeling scored twice and Giuseppe Mennella and Joe Colucci tallied one goal each, leading the Belleville Buc soccer team to a 4-0 victory over St. Joe's of Montvale last week.

The victory was the first for Gino DePinto's team, which also dropped a 2-0 verdict to Hackensack in league play.

The Bucs were 1-2 heading into this weeks action. The team faced Paramus and powerful Don Bosco earlier this week. Tomorrow, Teaneck invades Clearmon Field for a 4 p.m. game. Next Tuesday, it's off to Paramus Catholic for a 4 p.m. match.

Against St. Joe's, Belleville played a "decent game", according to DePinto.

"We had a lot of chances and were able to capitalize," the coach said. "Mike Percio did a good job in goal. He's been playing real well all season. It was good to get a win on the board."

Groeling scored twice while Mennella's goal was unassisted. Colucci, who has been outstanding thus far this year, closed out the scoring.

Assists went to Colucci, Mennella and Jim Berg. Percio was credited with the shutout, recording 15 saves.

Against Hackensack, the Bucs once again had numerous opportunities, but this time they weren't

able to score any goals.

"One of Hackensack's goals was an own goal," DePinto said, referring to the fact that a Belleville player accidentally kicked a ball into his own net. "Their other goal was on a good play and our goalie just missed the ball. We don't seem to have much luck on their field."

The coach feels that success on the road is paramount to a good season.

"I think we'll be real good at home, but we need to be more consistent on the road. We've played two road games so far and we haven't been able to score a goal."

On the JV level, the news was good. The Bucs blasted St. Joe's, 7-1, with Nick Colucci scoring twice to lead the onslaught.

In the Hackensack game, the Bucs won 1-0, with Mike Brown scoring the only goal of the game. In both contests, Natale Guagliardi excelled in the nets.

"He's going to see varsity action," DePinto said of Guagliardi. "He has a lot of talent and he's just a sophomore."

The news wasn't all positive for Belleville, however. Steve Collett, a fine defender for the varsity, will probably miss the remainder of the season because of a recurring back injury.

"It's tough to lose Steve," DePinto said. "But he's hurting and the back is a tough thing to take care of, especially in soccer."

Acuna, Curran lead Bucs to victory

By Steve Patchett

Belleville's varsity and junior varsity volleyball teams both had easy wins on Friday, trouncing University in straight sets at home.

The varsity team (3-1) got off to a fast start and never let up against an obviously overpowered University squad, 15-3, 15-6.

"We kind of expected (the win) because we've played them before," said junior Jennifer Palumbo.

Palumbo had a big day for the Lady Bucs, serving up a pair of aces and contributing strong play at the net. Sophomore Marie Acuna and senior Monica Gomez also had strong showings for Belleville, especially in the first set. Acuna's serve, aided by some a few Andrea Curr-

an winners, put Belleville on top, 6-0, in the early going. Gomez finished off the set with two strong serves that the University players couldn't handle.

University's only points in the first set were scored when the Belleville players would miscommunicate and let an easy ball drop. The second set was equally dominating for the Lady Bucs.

University actually opened up a 1-0 lead behind a nice serve, but the Lady Bucs responded with nine straight points. Acuna had back-to-back aces, and then it was Curran's turn, rocketing five straight serves that University couldn't put into play.

With the Lady Bucs on the verge

of victory, University held them at 14 for quite some time, but a final ace by Acuna put the game away for Belleville.

"We just wanted to get the game over as soon as possible. We didn't want them to have any chance to get back into it," said Acuna.

For the players, a rout such as Friday's match felt like a glorified practice, and by all accounts, was not much fun.

"We like to play harder teams because we like to be challenged," said Palumbo.

Still, the players found lessons to learn and aspects of their game to focus on.

"In a match like this, we wanted to work on our serves. We also

wanted to play aggressively just like we did yesterday (against Bloomfield)," said Acuna.

The junior varsity's first squad (3-1) also had an easy time with University, rolling up a 15-1 score in the first set of their match. Jackie Ceramic and Neha Shah both had big serves for Belleville, while Iris Torres showed good touch at the net. Belleville went up, 9-0, before University could get on the board.

In the next set, Belleville's second squad struggled at first, but rebounded to win, 15-10. The Lady Bucs were down, 5-4, before Deanna Addis' serve turned things around. Kim Mahoney had some good sets and winners to close out the match.

Coach Grace Worley gives some last minute instructions as Jennifer Palumbo, Andrea Curran, Jessica Gonzalez and Maria Perez look on.

Neha Shah serves an ace during the junior varsity volleyball game against University. The Lady Bucs won, 15-1, 15-10.

season," the coach said. "Against Hackensack, we had a lot of opportunity to win the match. This year, the scheduling is a little different. Instead of playing every team in our division twice, we play each team in both divisions once. That means matches against real good teams like Ridgewood, Montclair and Clifton, along with the teams in our division like Teaneck, Paramus Catholic and Immaculate Heart."

The team does have some experienced players back this year, led by sophomore Tanya Palic, who will play first singles. Senior Justine Nguyen will play second singles and Carmelia Arceo, a senior, will play the third singles position.

At first doubles, AnnMarie Bautista, a senior, and Charmaine Flores, a junior, will compete. The second doubles team consists of senior Ashlesha Shah and fresh-

an Christine DeJesus.

The girls also took part in the Essex County tournament, falling to the number two team in the state, Millburn 5-0 and losing to Solomon Schechter 3-2.

So, as the season continues, remember once again that the Lady Bucs will once again be a road, only, team. The girls battle Teaneck at 4 p.m. tomorrow and will face Paramus next Monday, also at 4. Next Wednesday, it's off to Immaculate Heart.

with a perfect pass, good for 22 yards and a touchdown.

The Bucs opted for two points and converted when Mundy hit Berardi with a three yard pass.

Belleville led 14-0 at the half, but Don Bosco wasn't about to quit. The home team scored twice, once in the third quarter and once in the fourth to narrow the lead to one point. Don Bosco missed the point after attempt after the second touchdown, thanks to Robert Dena blocking the kick.

Both teams threatened late in regulation time, but neither could capitalize.

"Our lack of experience showed somewhat in the second half," Senesky admitted. "But there were a lot of bright spots, notably the speed displayed by our running backs and the good play by our defensive secondary. I was also very happy with the performance of our speciality teams."

"Coming into the game, we were concerned about our punting game, but Mundy punted real well and our coverage was outstanding. Jason Christy did a great job in covering punts and returning punts. Anthony Frantantoni was outstanding on the speciality teams."

The coach also noted the fine play of Joe DePeri in the secondary, Joe Berg, who did the long snapping on punts and the line play, led by Dena and Cliff Mann.

"Our running and receiving game were very good," the coach said. "The kids used good technique and fortunately, we were able to curtail injuries. Overall, it was a good way to start the season."

NOTES: A few players suffered leg cramps, but there were apparently no serious injuries. Senesky was concerned, however, about lineman Brian Pasterchick, who might have a rib injury.

Belleville has now won the last four games against Don Bosco, dating back to 1990. The Bucs lead the season series 6-2.

That same success has not been the case against Hackensack. The Bucs and Comets first met in 1983, with Belleville winning 27-0. The teams did not meet again until 1988, when Hackensack won 26-0. Since then, the Comets have prevailed by scores of 14-6, 34-0, 13-6 and 27-

0 last year. Hackensack leads the series 5-1.

The Comets are the defending Group IV, Section I champs. They were 9-1 last year, losing to St. Joe's and tying Nutley. This year, they are 1-0, having stopped a tough North Bergen team, 15-14 last Friday night.

Hackensack is, in a word, huge. Greg Toal has done a marvelous job in building the program. Toal took over in 1990 and was 6-3 in his first season. The team was 5-4 in 1991, then won the sectional crown last year.

"They're so big, you need a wide angle lens to get them all in a picture," Senesky quipped. "But I'm optimistic, they only have two 300 pounders this year. They did

change their defensive alignment to a four man front, the field probably wasn't wide enough for five players on the front line."

All kidding aside, Hackensack will be a severe test for the Bucs. The Comets are ranked fifth in the state and will be favorites to repeat as sectional champs in Group IV. At Doc Ellis Field, Hackensack is 3-1. The Bucs haven't played host to the Comets since 1990.

"They are talented at so many positions," Senesky said. "Their game with North Bergen last Friday was similar to ours. They jumped out to a big halftime lead, then held on in the second half. This should be a real good test for our team."

Foster children are also eligible for free or reduced price meals and/or free milk.

Application forms are available at your child's school and application can be made at any time during the school year. If a household member becomes unemployed, or the household size or income changes during the school year, parents should contact the school so that all children receive the proper benefits.

The school will advise parents of their child's eligibility within 10 working days of receipt of application. Any parent dissatisfied with the eligibility determination may contact Phyllis A. Burgess, 7 Sanford Ave., Belleville, N.J. (201) 751-0200 for a formal hearing.

Parents may call Kenneth Watson at (201) 751-0200 for further information on the program.

In the operation of Child Nutrition Programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. Names of those receiving free or reduced price meals will be kept private.

Clay opposes Blue Cross payments

Freeholder Arthur L. Clay has expressed his opposition to the administration's payments of over \$140,000 that was paid out to a consultant before the Freeholders ever approved the contract. The contract with Walter Sobel, a Chicago architect, was scheduled to appear for a vote at the Sept. 14 meeting. The administration paid Sobel to examine the Blue Cross-Blue Shield building in Newark. The administration, with the approval of the Board by a 6-2 vote, leased a floor in the building a few months ago for several County offices.

Clay, who had opposed the lease of the building since it was first proposed last year, was not able to attend the meeting where the Freeholders approved the lease. Clay had been mugged earlier this year and has been recovering from

the injuries, although he did release several statements opposing the proposal. Clay returned to the Board at last week's meeting.

"There was never a need to rent or buy the Blue Cross building, but for some reason, the administration was determined to get its hands on it, spending as much of the taxpayers' money as necessary to do so," Clay said. "I opposed the lease last year, I expressed my opposition earlier this year and I continue to oppose it. The administration has yet to give it any valid reason why the people of Essex County must again foot the bill for its extravagances."

"This latest scandal is merely the latest for the administration," Clay added. "It's getting to the point that a week without a scandal in Essex County is more newsworthy than the scandals."

AND
THE ESSEX COUNTY
COMPREHENSIVE HOUSING
AFFORDABILITY STRATEGY

Citizens of Essex County are invited to a Public Hearing to give views and proposals on the community development and housing needs and priorities in the County. This Hearing will afford citizens an opportunity to assist in the development and review of the Essex County Housing and Community Development Block Grant 1994 Statement of Objectives prior to its submission to the U.S. Department of Housing and Urban Development on May 1, 1994. Approximately \$6.5 million is expected.

DATE: Thursday, October 19, 1993
TIME: 7:30 p.m.
PLACE: Township of South Orange Village

101 South Orange Avenue
South Orange, New Jersey 07079

The 1994 Program Year applications are available. Anyone wishing an application or information concerning the Community Development Program may stop in or write to the Essex County Division of Housing and Community Development, 120 Fairview Avenue, Cedar Grove, New Jersey 07009 or call (201) 509-9887.

In addition, a portion of the Hearing will be set aside to discuss the Essex County Com-

prehensive Affordability Strategy (CHAS) for program year 1994.

All citizen comments must be submitted in writing to the Essex County Division of Housing and Community Development at the above address. The County anticipates submitting the CHAS to the U.S. Department of Housing and Urban Development between October 31, 1993 and December 31, 1993.

Dear Senior Support,

By: Nancy I. Kuss

"A helping community voice for senior citizens and their families..."

Nancy I. Kuss has been a Registered Nurse for over 25 years. For most of her professional life she has worked with senior citizens, either directly caring for this segment of the population, directing nursing staff in the care of the elderly, or teaching student nurses health care delivery skills.

Ms. Kuss is an associate member of the American Health Care Association and the New Jersey Association of Health Care Facilities. Her professional career has permitted her to interface with the elderly and their families in all settings. She functions as an advocate for the elderly and the long term care community. Ms. Kuss has the experience and expertise to assist the elderly in meeting the challenges of their senior years.

Dear Senior Support:

My mother lives alone and takes several medications. She sometimes forgets if she has taken her medication and will either skip a dose or double-up on the dosages. What can I do to help her?

Concerned Daughter

Dear Concerned Daughter:

Taking medications responsibly is the best way to maximize medication effectiveness for all ages. For example, be sure to read the label carefully on all medications and follow the directions for storing and taking them. Contact your mother's physician and pharmacist for complete information regarding the reasons your mother must take the various medications. Know what medications side-effects to look for. Become familiar with what the medications look like, the dosages, and the number of times a day she takes the medication. Inexpensive, divided plastic medication containers can be purchased or make your own by clearly marking envelopes that your mother can easily identify. You may want to organize the medications to cover a seven day period.

Dear Senior Support,

I try to keep in shape now that the fresh blush of youth has faded a

bit, but I can't afford the hefty prices fancy exercise gyms charge. I want to lighten my girth, not my wallet.

Mr. C.C.

Dear Mr. C.C.,

Check with your doctor if you plan to start a regular exercise program - particularly if you've been sedentary. Your doctor will help you find a program suited to your needs and physical condition that can be done at home and doesn't involve costly exercise equipment. You may be given an exercise tolerance test to determine your present capabilities and identify potential hazards. Chances are, if you're in good health, your doctor will recommend a program of frequent, ongoing physical activity that is rhythmic, is repetitive, involves motion and uses your large muscles, and challenges the circulatory system.

Low impact exercises such as walking, strengthens muscles, improves circulation and will reduce your waistline, not your bank account.

Do you have a question or a comment on these or any related subjects concerning senior citizens? Please write to "Dear Senior Support" care of Belleville Times Box 95, Gwynedd, Penn. 19436-095.

Cerebral Palsy Center set for Cuozzo Street

On Monday, September 20, County Executive Thomas J. D'Alessio announced Essex County's second HOME allocation to Cerebral Palsy of Essex and West Hudson. Essex County, as the second largest urban county in the State of New Jersey expended funds for this project from a \$1.543 million HOME allocation from the federal government. The HOME program is administered by the Essex County Division of Housing and Community Development and is ranked one of the top 10 agencies in the entire United States for their HOME program.

The County Executive, together with the Housing and Community Development Director, Rosemary Senatore-Ciccone, MPA, met with Ruth Goodman, vice president of Housing for the Cerebral Palsy Center and Phyllis Burgess, executive director, to present a \$65,000 no interest loan for the acquisition of property located at 31-35 Cuozzo St., Belleville.

On Sept. 14, a closing was held by the Community Development Agency, Cerebral Palsy Center and 31 Cuozzo Street, Inc. to purchase the vacant lots on 31-35 Cuozzo Street in Belleville to construct a group home for six developmentally disabled adults who are of low and very low income.

The facility will open the group home for a minimum of 20 years and will receive an 811 grant from the U.S. Dept. of Housing and Urban Development for \$920,600. The grant awarded to Cerebral Palsy allows for \$376,600 towards the construction and \$544,000 for additional costs relating to the pro-

ject.

County Executive Thomas J. D'Alessio said he was delighted that the County could provide the necessary funding for the acquisition of the property enabling Cerebral Palsy to cite a location in their 811 application submitted to the federal government.

This project is being funded in total by funds from the U.S. Dept. of Housing and Urban Development for a total of \$985,600. The anticipated start of construction will be the spring of 1994.

The funds will be awarded to the Cerebral Palsy Center as the sponsors of the project. However, as federal funds mandate a non-profit agency must manage the non-profit agency.

Ruth Goodman, president of 31 Cuozzo Street, Inc., a non-profit corporation will be in charge of the developmentally disabled group home. Special outreach efforts will be made to disabled persons throughout the area and applications will be made available by the Division of the Developmentally Disabled.

FOR THOSE WHO LACK LACTASE

About one person in five is lactose-intolerant, which means that gastrointestinal system is unable to process milk products. The condition is caused by the lack of lactase, the enzyme in the small intestine responsible for breaking down milk-sugar (lactose). As a result of this lactase deficiency, those so afflicted experienced bloating, diarrhea, and painful cramps after they eat dairy products. In the past, their only course of action was to avoid eating milk products or eat them and counter their effects with antacids. As a result, many lactose-intolerant people have developed antacid habits. Now, however, there are lactase-enzyme supplements available without prescription. When taken with meals, they can allow dairy to be eaten without effects by those who could not tolerate it before.

There are several brands of lactase-enzyme supplements available on the market. If you have any question concerning this non-prescription product talk to our pharmacist at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. Many items are carried including cosmetics, toiletries, cameras, film, Timex watches and transistor radios. Hours: Daily 9am-10pm, Sundays 9am-9pm.

HINT: People who take antacids for prolonged periods should discuss the problem with their doctors.

BE IT ORDAINED AND ENACTED
BY THE TOWNSHIP COUNCIL OF
THE TOWNSHIP OF BELLEVILLE, IN
THE COUNTY OF ESSEX, STATE OF
NEW JERSEY (not less than two-thirds of
all the members thereof affirmatively con-
curring), AS FOLLOWS:

SECTION 1. The improvement described in Section 3 of this bond ordinance is hereby authorized as a general improvement to be undertaken by the Township of Belleville, in the County of Essex, State of New Jersey (the "Township"). For the said improvement or purpose stated in Section 3, there is hereby appropriated the sum of \$440,000, said sum being inclusive of all appropriations heretofore made therefor and including the sum of \$22,000 as the amount of down payment for said improvement or purpose required by law and now available therefor by virtue of provision in a previously adopted budget or budgets of the Township for down payment or for capital improvement purposes.

SECTION 2. For the financing of said improvement or purpose and to meet the part of the \$440,000 appropriation not provided for by application hereunder of the down payment, negotiable bonds of the Township are hereby authorized to be issued in the principal amount of \$418,000 pursuant to the Local Bond Law of the State of New Jersey (the "Local Bond Law"). In anticipation of the issuance of the bonds and to temporarily finance said improvement or purpose, negotiable notes of the Township in a principal amount not exceeding \$418,000 are hereby authorized to be issued pursuant to and within the limitations prescribed by said Local Bond Law.

SECTION 3. The improvement hereby authorized and purposes for the financing of which said obligations are to be issued is the removal of municipal underground storage tanks throughout the Township of Belleville and the re-establishment of Township gas

stations at fire headquarters at Franklin Street and at the Department of Public Works garage at Cortlandt Street and all work and materials necessary therefor and incidental thereto.

(a) The estimated maximum amount of bonds or notes to be issued for said improvement is \$418,000.

(b) The estimated cost of said improvement is \$440,000, the excess thereof over the said estimated maximum amount of bonds or notes to be issued therefor, being the amount of \$22,000, is the down payment for said improvement.

SECTION 4. In the event the United States of America, the State of New Jersey, and/or the County of Essex make a contribution or grant in aid to the Township for the improvement and purpose authorized hereby and the same shall be received by the Township prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received. In the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey, and/or the County of Essex shall be received by the Township after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose.

SECTION 5. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Township, provided that no note shall mature later than one (1) year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer of the Township shall determine all matters in connection with notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time in accordance with the provisions of N.J.S.A. 40A:2-8(a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. Such report must include the principal amount, the description, the interest rate and the maturity schedule of the notes so sold; the price obtained and the name of the purchaser.

SECTION 6. The capital budget of the Township is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. In the event of any such inconsistency, a resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital programs as approved by the Director of the Division of Local Government Services will be on file in the office of the Clerk and will be available for public inspection.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The purpose described in Section 3 of this bond ordinance is not a current expense and is an improvement which the Township may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of said Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 15 years.

(c) The supplemental debt statement required by the Local Bond Law has been duly made and filed in the Office of the Township Clerk and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey, and such statement shows that the gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$418,000, and the said obligations authorized by this bond

ordinance will be within all debt limitations prescribed by said Local Bond Law.

(d) An aggregate amount not exceeding \$40,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purpose or improvement herein before described.

SECTION 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation as to rate or amount.

SECTION 9. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by the Local Bond Law.

PUBLIC NOTICE TOWNSHIP OF BELLEVILLE

WATER UTILITY VIOLATION OF MICROBIOLOGICAL STANDARDS

The Water Utility of the Township of Belleville has been informed by the New Jersey Department of Environmental Protection and Energy that it is in violation of the Total Coliform Rule by exceeding the Maximum Contaminant Level (MCL) for Total Coliform Bacteria by having three positive samples out of forty-nine taken during August, 1993.

The United States Environmental Protection Agency (USEPA) sets Drinking Water Standards and has determined that the presence of Total Coliforms is a possible health concern. Total Coliforms are common in the environment and are generally not harmful themselves. The presence of these bacteria in drinking water, however, generally is a result of a problem with the water treatment or the pipes which distribute the water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possibly jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in the drinking water, but may be caused by a number of factors other than your drinking water.

USEPA has set an enforceable Drinking Water Standard for Total Coliforms to reduce the risk of these adverse health effects. Drinking water which meets this standard is usually not associated with a health risk from disease-causing bacteria and should be considered safe.

Subsequent testing by the Belleville Water Utility has shown the water to be free of Coliform Bacteria. Customers need not take any precautions when using the water. Customers with questions should contact:

Engineering Department at 1-201-450-3414 during the hours of 9:00 a.m. to 4:00 p.m.

Temporary Storm Windows Easy With Staple Gun

For additional protection, you can make excellent temporary storm windows by covering them with clear plastic. Use 6-mil polyethylene and staple it around the outside of the win-

dow with an Arrow Model T55 Staple Gun Tacker. Double the plastic at the edges and drive the staple against the outer edge of the trim where the staples won't be noticed.

These easy-to-do-measures will make your home far more energy-efficient. You'll save significant amounts not only on your winter heating bills, but on summer air conditioning bills too. Your investment in mate-

Materials will soon be paid back again and again.

Animal Production Buildings Need Proper Wiring

If you're planning to build a new livestock or poultry building or upgrade an existing structure, a properly designed and installed electrical system is extremely important in maintaining production efficiency, equipment reliability, and safety.

The environment within enclosed swine buildings, poultry houses, cattle barns and horse stables can be very destructive to conventional wiring materials. Dust, moisture, and highly corrosive vapors—as well as physical abuse by livestock, rodents, and equipment—are all factors that can quickly damage electrical components not designed for this hostile environment.

When choosing service entrance

panels, receptacle outlets and switches, and lighting fixtures (including heat lamps), look for designs specifically intended for moist and dusty environments. They should be made of noncorrosive materials, and have rubber seals and gaskets to exclude moist air and dust from entering the fixture. To prevent rodent damage, electrical cable should be surface wired rather than concealed within walls. Electric motors for ventilation, feed transport and other uses should be of the totally enclosed design.

To assist farmers, electricians, and builders in selecting safe wiring systems, the National Book and Energy Council has two new resources available: a handbook and a videotape, both titled *Electrical Wiring For Live-*

stock and Poultry Structures.

The handbook provides detailed instructions—with photographs, charts, and schematics—to guide you step-by-step through the process of selecting and installing electrical components for enclosed animal structures. The VHS video provides excellent on-farm scenes of proper (and improper) wiring practices and materials. It's a valuable resource for contractors, electricians, insurance personnel, or vocational educators.

To order either the handbook or the video, simply write to NFEC, 409 Vandiver West, Suite 202, Columbia, MO 65202; or call 314 875 7155. The handbook is \$6.50 and the VHS video is \$105.00, plus postage.

Century 21 North Side Relocates

Belleville, New Jersey, September 24, 1993 - Century 21 North Side has just relocated their office to 10 Bloomfield Avenue, Belleville, N.J. 07109. The office was previously located at 639 Mt. Prospect Avenue, Newark, N.J. 07104.

"This move," says Frances Romano, Broker of Century 21 North Side, "will enable us to better provide the quality service our customers have come to know and expect. The new facility will allow Century 21 North Side to expand, especially in the area of Belleville, Bloomfield, Glen Ridge and Montclair."

Robert Sperte, President of Century 21 of The Northeast Inc. commented, "The move is part of the continuous effort to upgrade the image that goes with being a leader in the Real Estate Industry as a Century 21 office. Frances Romano has done an excellent job in living up to the standards we place on our offices and earning the respect of the system."

Century 21 North Side is part of the Century 21 system, the world's largest Real Estate sales organization with more than 6,000 offices in North America, Mexico, Europe, Asia, Australia, and the South Pacific.
