'This is a segregated Board' - Rev. Lucius Williams

Belleville schools get high ranking in statewide study; Board, administration buffeted on busing, hiring issues

By Howard Klausner

School officials expressed pride in a comparative rating of the Belleville School District showing that Belleville High School is in the top 40 percent of schools in New Jersey, while congregants of the Second Baptist Church charged the Board of Education with being racist, Monday night.

(Board President Gabriel Nazzola was also charged by critics in the audience with "nepotism", because the Board approved the hiring of his son, Gabriel Nazzola, as a teacher of music, at \$18,100 a year. The Trustee did not vote on the resolution hiring the music teacher.

The racism charge was made directly by the Rev. Lucius Williams, Pastor of the Church which was established more than a century ago in Belleville's Valley neighborhood.

"There is such a thing as segregated schools," the Rev. Mr. Williams said, "and this is a segregated Board."

He argued that the reason court-ordered busing had been eliminated for some 80 Valley students was indifference to their welfare, based on the lack of minority members on the Board.

This brought a sharp rebuke from Board President Gabe Nazzola and Vice President Ralph Mazzuca.

Mazzuca, an administrator in the Newark public school system, pointed out that he and Trustee Dr. Anthony D'Agostino, a retired

Newark school administrator, were both aware of the problems of minorities, and were not indifferent to them.

Nazzola said, "The decision to reduce courtesy busing was driven by money, not by racism. And the cut was throughout the District."

Promised busing

A member of Rev. Williams' congregation reminded the Board that when Schools 1 and 2 had been closed, in 1981, the Board then had promised that the children displaced from those schools would always be bused.

Nazzola responded that the promise made 12 years earlier could not be kept because there was no longer money to provide the busing. He has urged the reopening of School 1 to eliminate the need for busing Valley children. ("We have never experienced so severe a cut in our budget as the \$865,000 made by the Council," Nazzola said.

School Secretary Edward Appleton said that the cost of an additional bus would be \$42,600, and that three additional buses would be required to provide the busing that had been eliminated.

Questioning by Nazzola indicated that most of the protestors were not residents of Belleville, nor was the Rev. Mr. Williams, who resides in Hillside.

Dr. D'Agostino and Trustee Angelina Paserchia raised the question of the children's safety as taking precedence over budget needs. "Why can't some of those

buses pick up children who are seen walking to school?" Mrs. Paserchia asked.

Nazzola said there was no way to tell to which school the children were headed, because of the use of "magnet" schools by many pupils, rather than neighborhood schools.

He said that since 35 percent of the school enrollment is made up of minority children, there is no need for busing to provide school integration, as had been ordered 13 years ago.

Hiring of relatives

Further questions were raised over the unanimous vote - with the exception of the abstention by Nazzola - which approved the hiring of Nazzola's son.

Superintendent of Schools Michael Nardiello stated that of the 12 applicants for the job, young Nazzola was the most qualified.

Mazzuca argued that Belleville residents should be encouraged to seek employment in their home town school district. Nazzola asked why children of Trustees should face discrimination if they sought employment in the district.

"I have two children who are teachers, and they are both credits to this school system," Nazzola said.

Mrs. Paserchia voted in favor of the hiring, but added, "In the future, it should be Board policy not to hire immediate relatives of members of the Board."

High school ranking

Credit to the school system was claimed when a survey based on

scores on the state High School Proficiency Test showed that Belleville High School ranked 140th among 331 high schools listed.

The rating was based on a combination of factors: the percentage of students who passed all three parts of the High School Proficiency Test, the average total Student Achievement Test, the expenditure per pupil and the percentage of students who were graduated.

The figures showed that 90.9 percent of Belleville High students passed all parts of the HSPT.

The average SAT score was 827. The expenditure per student was \$7,382.

The graduation rate was 89.4 percent.

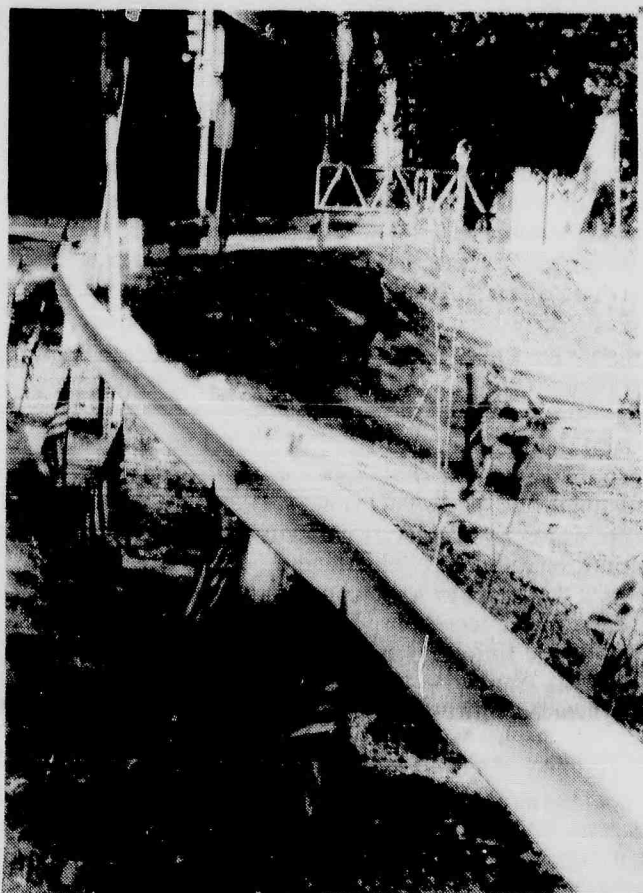

On the basis of costs, the state average was \$8,571 per pupil, compared with \$7,382 per pupil in Belleville.

"If we spent at the state's average rate per pupil, we would need another \$4.5 million in the budget," Nardiello said.

He noted that Belleville's school population was made up of about 35 percent minority children, with a large number of children where the family language was other than English.

The breakdown by race was 65.4 percent white non-Hispanic; 20.2 percent Hispanic; 4.9 percent black non-Hispanic; 1 percent Native American, and 9.4 percent Asian and Pacific Islander - which includes Filipino.

"We are not a racist school system," Nardiello said.

AVENUE OF FLAGS - The guardrail protecting the restored site of the Essex Regiment redoubt at the Rutgers Street Bridge is lined with American flags, placed there by Ed O'Neill, historian and restorer of what he hopes will become a park. (Photo by Howard Klausner)

Effort to oust Cuccio fizzles; Manager says he's fit to serve

The Township Council has agreed to let Township Manager Stephen Cuccio remain in office, after he assured the Council Monday night that he was "100 percent fit" and would serve as a full-time Manager.

Questions had been raised about his ability to serve in the wake of a heart attack sustained during a cruise to Bermuda, last August, followed by by-pass surgery in a Milwaukee hospital last month.

A search committee made up of Deputy Mayor Mario Drozd and Council Members Dr. Frank Noonan and Tom Spillane have been interviewing potential interim managers, on the possibility that Cuccio would not return to work.

During Cuccio's absence, Police Chief Raymond Kimble was named Acting Manager.

Among those interviewed by the search committee was Jack Kelly, a Belleville resident who is Financial Officer for the City of Orange.

He reportedly expressed interest in a permanent appointment if it became available. It was assumed that the Councilman representing Kelly's Ward, Jim Messina, would sponsor Kelly.

Other Council members range in opinion from outright opposition to Cuccio to strong support, provided he could give full-time service.

When Cuccio returned to his office two weeks ago, he underwent an examination by Township Physician Dr. James Orsini, who pronounced him fit.

He returned temporarily on a part-time basis, but ordered that he be paid on a full-time rate, arguing that he was not an hourly employee, but a salaried employee.

This brought to a head the efforts by a minority of the Council to have Cuccio replaced. The Council majority decided to stand by Cuccio, and he continues to serve under his three-year contract, signed last November.

Pat Pisano takes out petitions but won't enter 3rd Ward race

Former Board of Education President Patricia Pisano has taken out enough petitions to qualify as a candidate for the Township Council in the Dec. 10 recall vote.

But she has decided not to enter the election.

Councilman Tom Spillane and Kevin Kennedy have announced their candidacies.

"Both candidates are my friends, and I think the District will benefit whoever wins," Mrs. Pisano said.

Mrs. Pisano said that she had 50 signatures of registered voters on her petition, which is more than the 40 signatures required.

However, she said her final decision to file by tonight (Thursday)

would depend on the possibility of selling her home.

"If the sales contract is signed, then I shall be moving from the Third Ward," she said. "I will still be living in Belleville."

Mrs. Pisano lost her re-election bid to the Board of Education by

less than a hundred votes, last April, coming in fourth after Gabriel Nazzola, John Notari and Barbara Cicalese.

She had campaigned against the proposed school budget, which was defeated 2-to-1.

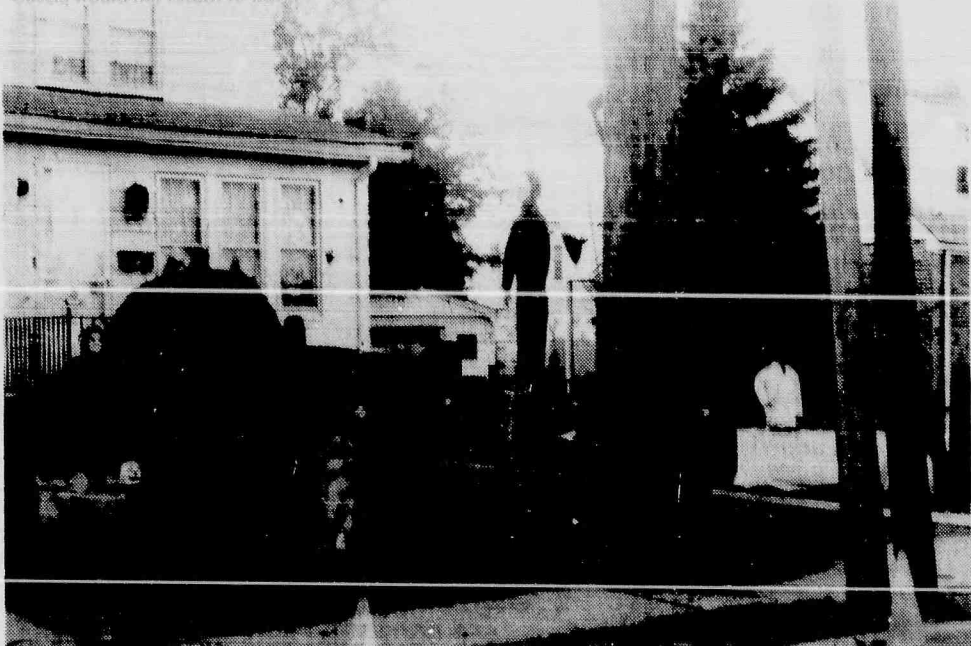

Five from town join tour

Five musicians from Belleville are among the members of the Raiders Junior Drum and Bugle Corps of Bayonne which won the 1993 Garden State Circuit Championships.

Tara Girovasi, Joe Pepek, Heather Kane, Christian Delmotte and John LaLama accompanied the

corps as it made a two-week tour of Canada and the American Midwest, coming to Jackson, Mississippi for the Drum Corps International World Championships.

At the Summer Music Games in Jackson, the Raiders competed against corps that came from as far away as Japan.

WHAT WE SAW ON WILDER STREET - Halloween is taken seriously in some parts of town, complete with coffins, headstones, monsters and all the things that made Freddy Krueger the lovable creature he is, or was.

JUST HANGING AROUND - And across the street is another example of the ghoulish imagination at work. There is plenty to enjoy here, if you're thinking of entering the Addams Family School of Mortuary Science.

Aside From That

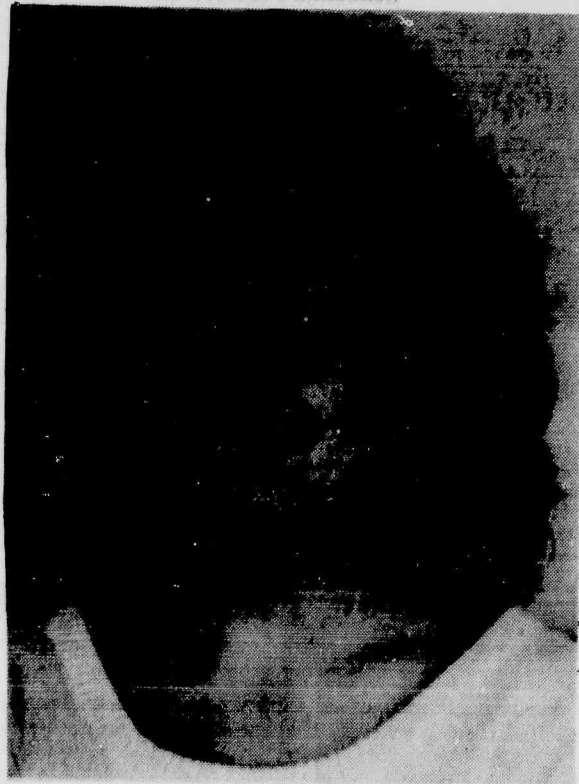

By: Howard Klausner

Probably the most telling clue about the Belleville High School Class of 1943 is that Edward (Blackie) Norton can now be labelled **Whitey Norton**. Graduation for Blackie meant graduation into the 1st Division with service in Normandy and the subsequent fighting across France into Germany. Then came a 40-year stint with Westinghouse, and 43 years of marriage, so far, to Margery Ann, five children, six grandchildren and Golf! Golf! Golf! ●●●●● Blackie was among those who turned up at the 50th Anniversary Reunion of the Class of 1943, held in the pleasant surroundings of the Forest Hill Country Club. Organized through the efforts of Ruth Lockhart Lombardi and Muriel McAllister Hamilton, some 80 of the original class of 165 came to the event, along with spouses or children. ●●●●● There was Ben Greco, who knew Blackie from Kindergarten days. He caught some shrapnel at the Remagen Bridge while he was an infantryman with the 76th Division. It was on March 6, 1945, a day clearly etched in his memory, along with the collapsed lung that accompanied the wound. He was graduated from Seton Hall University in 1948 with a degree in Business Management, and went into the family construction business in Nutley, retiring in 1986. A widower, he married Viola Hatab, a widow, and together they have four sons, one daughter and one grandchild. ●●●●● Jim Kirwin joined the Navy before graduation. He was serving in the same unit with his twin brother, John Kirwin, when the Navy decided to separate them, in the wake of the loss of the five Sullivan brothers aboard the same ship. John's ship went down, and he was one of four members of the Class of 1943 who died in service. They included Frank Caskey, Roosevelt Daughtery - the only black member of the Class - and Joseph Zecca. Jim became an internal auditor for Public Service Electric and Gas Co. and retired in 1989. He married Bettyann Keane 43 years ago, had two children and two grandchildren, and continues to live in Belleville. "I've had a full life - with hard times, and good times," Jim Kirwin said.

Paul Rogers moved to St. Louis before graduation, worked for the American Can Co. most of his life, and accumulated 50 nieces and nephews. Today he lives in Cedar Grove and is a Volunteer at Mountinside Hospital. "I'm catching up with a lot of old friends," he said. ●●●●● The paths of the graduates took them through wars, baby booms, prosperity and recessions. Douglas Baird was graduated from Purdue University as an electrical engineer, served in the Korean War and went to work for Bell Labs for 33 years. He is divorced, with two children and five grandchildren. ●●●●● June Belden Docherty is a widow with five children and eight grandchildren, and 49 foster children - "mostly babies" - whom she mothered over the years. She adopted one of the foster babies - he's now 15. Her oldest son, John, is a United States Marshal. Daughter Susan is in the carpet business. Son Arthur is a Little Falls Police Sergeant. Daughter Beverly is a Practical Nurse and Jimmy attends Passaic Valley High School. ●●●●● Howard Box became a Unitarian Minister, and he now lives in Oak Ridge, Tennessee, where he describes himself as a "news freak, hi-fi buff and President of the Friends of the Library". Wife Jean teaches flute and both enjoy birdwatching, after 41 years of marriage, and three children. The Rev. Mr. Box offered the closing prayers at the dinner. ●●●●● Grace Eckstein took on a career not normally found in Belleville. After retirement from New Jersey Bell, she joined the Professional Rodeo Cowboy Association and is an official Timer for the organization. When not timing flying cowboys, she is a member of the Zoning Board of Adjustment in Cossack, New York. ●●●●● Home is Hawaii for Lois Kittle Umansay, who has four children and two grandchildren, and whose view from the condo is the Manoa Valley of Oahu and the campus of the University of Hawaii. Her son, Bob, is an architect who lives in Hawaii in a truly "paradise" area, while son Jay lives in Gainesville, Florida and son Lonny lives in Houston, Texas.

●●●●● Tom Phillips is a retired Designer for International Telephone and Telegraph. He and wife Lillian are certified Scuba divers, and their underwater photography exploits have taken them from Grand Cayman to Punta Gorda, St. John, St. Croix, Hawaii and Maui, to say nothing of Basking Ridge, where they now live. ●●●●● Leonard Ronco became embroiled with the law, and went steadily downhill, until he is now behind the Bar, as Superior Court Judge for the State of New Jersey. He was Master of Ceremonies at the party, trying to keep order among the unruly Class members, who really are no better than they ever were, in those days of thunder, grief and war - and hope.

Our Copy Cat, Baldassaro DiVincenzo Mitten, had a class reunion of his own, recently. "The guys and gals from old Intrepid Obedience School got together and started the ball rolling for a Cat Decontrol Law. We figure that if they can't keep assault rifles under control, why should they put the clamp on pussy cats?" ●●●●● Fifth Ward Councilman Harry Zilch said his organization, the Kool Kukumber Boys, is withdrawing from the Third Ward recall election. "We liked Kevin's idea of making the Geriatrics Center into a gambling casino, but then we realized it's not in the Third Ward. Now we want a candidate who'll support our unending and devoted effort to provide a Luxury Home for Our Aged Bookie."

Joanne Santiglia

Belleville TV producer airs program on cancer

Joanne Santiglia, a lifelong resident of Belleville, has produced a television documentary on breast cancer which will be broadcast on Public Television.

The program, "Silent No Longer" follows a group of New Jersey breast cancer survivors who travelled to Washington, D.C. to seek governmental action against the disease.

The program will be broadcast on Saturday, Oct. 23, on Channel 13, and on Oct. 23 at 2 p.m. on New Jersey Network.

Ms. Santiglia stated that the "fight to find a cause and cure is fast becoming a very important political issue."

cal issue."

She stated, "As a woman, I have a very strong personal interest, one made even stronger because my Aunt is a breast cancer survivor. Sadly, I lost my 38-year-old cousin to the disease three years ago. Because of this, I produced 'Silent No Longer'."

The documentary was developed by Tambor Public Programs, a Fort Lee-based non-profit educational corporation. Ms. Santiglia was writer-producer, and she obtained the support of executive producer Bertha Tambor in doing the project.

An Evening with Colette

"An Evening with Colette," featuring Nutley resident Nonie Gilbert, well known to New Jersey and regional theatre audiences, travels to the extraordinary Paris of

Colette where the all-night soirees flourished with a bohemian collection of writers, artists and musicians who were creating in great abundance. Violinist Dorothy Happel and pianist Susanna Nason will perform music of Debussy, Satie, Faure, and Ravel as a parallel to Gilbert's portrayal of Colette - the libertine.

The benefit performance of "An Evening with Colette" will be held at 8 p.m. on Saturday, Oct. 23 at the Westminster Theatre, located on Franklin Street at Bloomfield College. Tickets are \$15. For more information and reservations, call 661-0788.

Two brothers who died in war to be memorialized on Oct. 25

A memorial to Thomas and Armando Veneziano, brothers who died in combat during World War II, will be dedicated on Oct. 25 at the corner of Newark and Watessing Avenues in Bloomfield.

Army Sergeant Thomas Veneziano died in action in the Pacific Theater of Operations in 1944. He served in the invasions of Saipan and Iwo Jima.

Seaman First Class Armando Veneziano was aboard the Troopship U.S.S. John Penn when it was torpedoed en route to Guadalcanal in the Pacific, August 1944.

Both were Bloomfield residents,

with many family members residing in Belleville. Reportedly, they were the only two members of a single family in Bloomfield who died in action.

The Color Guard of the Tin Can Sailors Association will raise the American Flag at the memorial site. The United States Army Band from Fort Monmouth will attend the unveiling.

Others wishing to participate may contact Michael Del Russo at (201) 483-7757, or write to him at 517 Delavan Ave., Newark, N.J. 07107.

Bank treats patrons at Halloween event

First DeWitt Savings Bank will again participate in the Leukemia Society of America's annual "Costumed for a Cure" fundraising event on Oct. 29.

All branch employees will be dressed in a variety of colorful costumes. Individuals are asked to vote for their favorite costumes by placing a nominal donation in specially marked canisters. And there will be candy for the kids.

The Leukemia Society of America will select winners for the best teller, best branch and best bank.

Recollection Day at Kearny Shrine

The Rev. Benedict J. Groeschel, C.F.R. will conduct a Day of Recollection on Saturday, Oct. 30, from 1 to 4 p.m. at the Eucharistic Shrine of the Adorable Face of Jesus, 672 Passaic Ave., Kearny.

Father Groeschel will have as his topic, "Marion Apparitions: A sensible guide on reports of Our Lady".

Those attending are encouraged to bring non-perishable foods. Donations will benefit the Padre Dio Shelter in New York City. The Rev. Dante DiGirolamo is Shrine Director.

AT THE DANCE - Third Ward Councilman Tom Spillane and wife Barbara were among the more than 100 guests at the Irish Dance Night held at St. Peter's School, Saturday.

Wallace & Tiernan names C. R. Reading president

Described as one of the most respected figures in the water and wastewater equipment industry, Charles R. Reading has been appointed President of Wallace & Tiernan, Inc.

He replaces George Rufenach, who moves to an international role as director of manufacturing for North West Water Process Instrumentation Group.

Reading will be based at the

Belleville headquarters and have responsibility for Wallace & Tiernan's operating companies in the United States, Canada, Brazil and Mexico, together with Consolidated Electric, a recent addition to the group.

Reading is past chairman of the Water and Wastewater Equipment Manufacturers Association with more than 15 years experience in the water and wastewater industry.

RECREATION ROUNDUP

Applications for Recreation Wrestling are now available at the Belleville Recreation Department at 407 Joralemon Street between 8:30 a.m. - noon and 12:30 p.m. and 4 p.m., Monday - Friday. The Belleville Recreation Wrestling Program introduces boys, age 6-14, to the fundamentals of the sport. Basic techniques, moves and strategy are taught to beginners as well as to the more advanced wrestlers. In competition, the boys are matched up against opponents of the same weight class.

Recreation wrestling will be conducted on Monday, Tuesday, and Thursday evenings from 6:15 - 8:15 p.m. in the High School cafeteria, beginning November 8, 1993. Ages 6-9 are given basic instructions from 6:15 - 7:15, while the 10-14 year olds are prepared for league competition between 6:15 - 8:15.

Boys can register for the activity by completing an application at the Recreation Office before participating. Birth certificates are required for all first-time applicants, who must be Belleville residents, and can not be above the eighth grade. For further information, call 450-3422.

In preparation for the leagues, basketball clinics will be conducted in the Middle School Boys' Gym. Clinics will be held Monday, November 15 and Tuesday, November 16 as follows: Grades 3-4 from 6 p.m. to 7 p.m.; grades 5-6 from 7 p.m. to 8 p.m.; and grades 7-8 from 8 p.m. to 9 p.m. Boys and girls shall attend these clinics together. "Performance clinics" for player assignment will be held November 22-23.

R.I.P.

I TOLD YOU I WAS SICK!

"Making Jack-O'-Lanterns"

Hi boys and ghouls! I'm back again this week to talk to you about my friend Jack... or Jack-o'-lantern as he is more commonly known! I will show you every thing from picking a good pumpkin to displaying your finished Jack-o'-lantern.

The first thing you need is a good pumpkin. You should look for a good sized (to your taste) pumpkin that is unbruised, evenly shaped and colored, with a flat bottom so it sits upright. For kids, it is easier to carve if you pick a pumpkin that is softer. As a general rule, carving is for kids 9 or older.

Next, you want to sketch out your pattern on paper. You should shade the areas that you plan to remove. You should also be certain to design your pattern so no pieces will fall out when you carve. To create a symmetrical design, draw just half a pattern. Once you are done, you can fold your paper in half and trace your design to the other half by holding the paper up against a window.

To start carving, line your table with newspapers, and round up your various tools for carving. One such kit that can be purchased is "Zippy Carve" by Carve-O-Lantern, which includes all the tools and patterns. Draw a six-sided lid on top of the pumpkin that is large enough for your hand to fit inside. The first line should be started high above the area that you plan to carve. Draw a "tooth" in the back line, so the lid will always line up. A circular hole can be cut in the bottom of the pumpkin rather than a lid, so the lantern can be placed over a candle or electric light.

When you cut the pumpkin, always cut with a sawing motion with a slight inward angle, so the ledge will support the lid. With a scoop or large spoon, scrape the seeds and strings to the bottom, then scoop them out. Scoop the inner pulp away from the area your design will be until the pumpkin wall is 1" to 1 1/2" thick.

Your pattern should be attached with tape. Poke small holes 1/16" to 1/8" apart along your design lines. When all of your lines have been transferred, remove your pattern and connect the dots with a pen or dull lead pencil.

Next, drill small holes in the corner of an area that is to be removed. You can now insert your knife or cutter into the hole and start to carve. Always work from the center of your design outward so you don't put pressure on areas that were already carved.

Push the cut pieces in or out with your fingers or spoon end. If large pieces become wedged, cut it into smaller pieces. If part of your design accidentally gets cut or breaks off, you can usually reattach it with a toothpicks or straight pin.

To attach your candle, use foil or a candle holder and locate to the back of the pumpkin. After you light the pumpkin, put the lid back on and let the candle smoke blacken a spot on the lid. Cut a chimney hole in that spot to vent the smoke and heat. Sprinkling the lid with nutmeg and cinnamon will make your Jack-o'-lantern smell like pumpkin pie! Place your finished pumpkin on top of newspaper, never directly on furniture.

Putting petroleum jelly on the cut edges of your pumpkin will keep it fresher. You can revive a dry, shriveled pumpkin by soaking it in water anywhere from 2 to 8+ hours. Do not soak too long, or the pumpkin can crack.

Photograph your lit pumpkin in a dark room, making sure the candle flame is not visible. Do not use a flash (if your camera is an automatic flash type, use masking tape to cover flash). A picture taken outdoors at dusk will show both the pumpkin and the illuminated design.

Don't throw away the seeds from your pumpkin! Clean them off with water directly into a baking pan. Add 1 1/2 tablespoons of butter, and 1 teaspoon of salt (garlic salt or onion salt also work well). Bake in a 300 degree oven for 45 minutes, stirring occasionally, until golden brown.

I'll be back next week to talk about trick or treating safety tips. Until then, "Happy Haunting!"

OUR OPINION

Gabe Ambrosio for State Senator

The New Jersey State Senate is currently overwhelmingly Republican.

For eighteen years the Senate seat was held by Nutley Mayor Carmen Orechio until legislative redistricting removed 75 percent of the district represented by Orechio. As a result Senator Orechio decided not to be a candidate, leaving the field open for Senator Gabe Ambrosio whose primary base was Bergen County. In the revision, it includes Passaic, Nutley and Belleville.

Two years ago, the Republican anti-tax legislative landslide overwhelmed Ambrosio with the voters electing Republican John Scott in a close finish.

However, based upon the past performance of former Senator Ambrosio and the accomplishments of Senator John Scott, the voters were more effectively served when Ambrosio was our State Senator.

Ambrosio has greater skill with the legislative process, and can do more for his constituents.

Moreover, with Democrat Governor Jim Florio a certain winner on November 2nd, it just stands to reason that a Democrat Senator from this district will be in a better position to get the Governor's attention on matters affecting residents of this legislative district.

On the basis of the quality of legislative representation, we endorse former Senator Gabe Ambrosio for re-election. — F.A.O.

Louise Palagano for Freeholder

The incumbent district freeholder is Republican Arthur Clay. We have known Mr. Clay over many years, and during that time, he enjoyed good health. Freeholder Clay competently served his constituents. However, on April 18, 1993, as a result of a mugging occurring in Miami, Florida, Clay suffered a brain injury.

In a petition to the Superior Court, Mrs. Clay stated that "As a consequence of a post traumatic brain injury suffered by Arthur Clay on April 18, 1993, he is unable to govern himself and manage his affairs, is mentally incompetent and is incapable of safeguarding his physical well-being. It is the plaintiff's (Mrs. Heather Clay) request to be appointed the guardian of Arthur Clay so as to insure his personal health as well as maintain his current financial estate."

The court granted Mrs. Clay's application, thus removing Mr. Clay from governing himself and his affairs. This action of and in itself is sufficient evidence to disqualify Mr. Clay from handling the finances of Essex County's \$500 Million government.

Louise Palagano has scholastic and business qualifications and governmental experience probably superior to her opponent and equal to or better than any incumbent Board member. She has served as a grants consultant and recycling coordinator for several municipalities in New Jersey and she was instrumental in initiating Bloomfield's Recycling Program by creating the Township's Citizen's Advisory Committee on Recycling.

Mrs. Palagano's governmental experience includes service on the local Assistance Board, as a council liaison to the Library Board of trustees, the Board of Health, the Planning Board and the Municipal Youth Guidance Council. She is the former chairwoman of her Township's Rent Levelling Board.

Currently, she is employed as a Corporations Specialist for the Easter Seals Society of New Jersey.

She holds an Undergraduate Degree from Fairleigh Dickinson University and a Masters Degree from New York University School of Public Administration.

Her civic work includes a term as president of the Bloomfield-Glen Ridge Branch of the American Association of University Women and a member of the League of Women Voters of the Montclair area. She is a Board member for the League of Family Service for Bloomfield-Glen Ridge and a member of the American Society for Public Administration.

In view of these facts, we endorse Bloomfield Councilwoman Louise Palagano for the Fifth District Freeholder seat. For ten years, Mrs. Palagano has served well the Township of Bloomfield and with the knowledge gained from municipal government experience, Louise Palagano can be an effective watchdog for taxpayers at the county level. — F.A.O.

YOUR OPINION

Auto dealer praised On parade fund

To the editor:

All too often the public holds car dealers in low regard. Perhaps sometimes, it may be justifiable. In my case however, I am happy to say it was just the opposite.

Recently, I purchased a car from Supreme Ford and Oldsmobile in Belleville. By today's standards, not a great amount of money was involved. As to the service I received, one would think that I purchased a \$40,000 car.

From the owner right on down to everyone I came to deal with, their concern for me and the car I bought was of the utmost importance. I feel they should be commended at a time in life when services often leave a lot to be desired.

Donald Capanear

Cook for Scott

To the editor:

As the time for our state elections approaches, I would like to urge all the residents of the Township of Belleville to take an active role by participating at the polls on November 2nd.

The selection of the right person to represent us in Trenton cannot be over-emphasized. The decisions they make directly impact on our quality of life through the legislative impact on environment, jobs, taxes, workplace safety, etc.

As an elected official for the past three years, I have had the opportunity to work with Senator John P. Scott on several issues of importance to our Township. I have found him to be always available, straightforward, and empathetic to our requests. His votes in the State Senate have always been logical and in the best interest of the electorate. He has been a very visible and active representative of the people. I strongly endorse his re-election to office.

William Cook
Councilman, 4th Ward

Our recent parade in remembrance of Christopher Columbus was a success with a few comments.

As I understand, after watching Mario Drozd on T.V., both Belleville and Nutley participated in the event which made its way through both towns, ending in our town. I question aloud, was this a parade in honor of Columbus or was it a parade for the politicians to be seen by the cameras?

With deep concern I question the spending of over \$4,000 for this political event and again question its legality and raise another question as to why Nutley didn't pay its fair share. Furthermore I question why the town council along with the town manager and town attorney gave their permission to spend taxpayer money for this illegal event in days of escalating taxes.

We are missing the true meaning of traditional parades and festivities by allowing politics to take over. What ever happened to the days when ethnic or religious groups paid for their own parades? Where is the spirit? Why should taxpayers have to foot the cost for politicians to have their moment in the sun? Ask a senior citizen on a fixed income or a homeless individual looking for a meal whether he or she liked the \$4,000 parade in lieu of help.

The bottom line is this: the SCI report was very critical of some of our council members and the way they handled their responsibilities.

Is this sort of political adventure going to become an annual happening in our town? Is Nutley going to get a free ride? Are there any honest thinkers out there to show the way? And last but certainly not least, how many extra, in much demand, crossing guards, could be hired to protect our most valuable treasures, our children, for the price of a \$4,000 parade?

I would rather see just one child saved and never see a political parade again. What price can be put on a human life? Let's remember how our town legislators react come election time.

Bernard E. O'Connor

Flight #198

A feature of The Nutley Sun,
the Belleville Times and Bloomfield Life

By Frank Orechio

• **FINALLY**, there is an appearance of some activity in the Republican legislative camps of Assemblymen John Kelly and Paul DiGaetano. They have scheduled a wine and cheese party as well as a pre-election breakfast later on in the month.

Chris Whitman

• **MERCIFULLY**, the electorate has only two weeks more to listen to the voices of politicians trying to get elected or re-elected. The major contest is for Governor. Governor Jim Florio is seeking a return as Governor for another four years while former Somerset County Freeholder Christie Whitman wants to get elected to reduce taxes by thirty percent.

When Whitman announced her commitment to cut taxes thirty percent, I wondered what would happen to a candidate for municipal office in Belleville, Bloomfield or Nutley promising the people that she or he would cut taxes by thirty percent? I think it would be difficult to find one among us that would give any credibility to a proposal that would cut real estate taxes thirty percent.

The lack of credibility of this proposal by Whitman leaves an observer to question why Whitman refuses to disclose what areas of government she would cut back. Whitman vaguely talks about reducing administrative costs, but ask her to pinpoint precisely what departments would be eliminated, her reply is that she has to become governor and study the inner workings of government before she could tell the public what services she

would eliminate or reduce — hardly an answer that would increase her credibility.

I have yet to hear anyone suggest that Governor Florio is a stupid person. One should ask a simple question, "Who in his right mind would increase taxes just for the love of it?" I have known or been associated with elected public officials for more than half a century, and I have yet to meet one person who says he or she is happy to raise taxes. If our municipalities did not receive federal and state aid, by the very nature of government, real estate taxes would be increasing annually if for no other reason than to meet the labor contracts with municipal and board of education employees.

Gov. Jim Florio

• **WELL** — Belleville is making daily newspaper headlines again. This time it's at the school board. Some Belleville parents rightfully are angry over the curtailment of bus transportation. State law requires that students living two miles or more distance from their school are to be picked up by public bus transportation. In Belleville, the school board policy was to bus 160 children at a mile and a half distance from school. The new policy resulted in 160 children denied busing services. The problem goes back to the defeat of the school budget by voters. In such an event the Board of Education budget by law is referred to the local municipal council which is legally required to deal with the problem. Town Hall determined that the budget should be cut \$865,600. The budget that was defeated

was seeking to raise \$30,081,396. I believe the safety of 160 children is sufficient cause to find money in the budget to fund student busing in the interest of personal safety. There is no denying that the busing decision has caused children to cross heavily trafficked intersections to and from schools. Rev. Lucius Williams went so far as to accuse the board of lying when it concluded there was no money for the busing of the 160 children left out of the program. The only board member to agree with the angry parents was Angie Paserchia who offered three motions to restore the funds for courtesy busing, coaches and club advisors for the high school. The Board of Education was not buying Paserchia's sales pitch.

• **IT** looks like Mayor Marina Perna of Belleville is mending fences in preparation for her effort to win an Assembly seat November 2nd. The two Democrat candidates for the 36th District are Perna and what's-his-name from Passaic. It's very apparent that the Democrat County organization pretty much has conceded the 36th District Assembly seats to the Republicans. Perna's base of support is very provincial — and even that is somewhat fractured. Since Perna was elected Mayor of Belleville by the Belleville Council, a major split has occurred among the members, and thus Perna cannot be expected to receive the solid support of the Belleville Town Council and for that matter, she has gone one step further and angered members of the Board of Education by leading the effort to make a major cut in the school budget. At a recent meeting of major Democrat players in the Essex County part of the 36th District, there was a blow-up of major proportions resulting in a decision that will lead Senate candidate Gabe Ambrosio to run his own independent campaign, and Assembly candidate Perna to go it alone. Despite this turbulence at the leadership level, Democrat voters in the district are expected to vote the party line starting with Governor Florio and go right down the line for all Democrat candidates.

• **NORTH JERSEY** is faced with near drought conditions. If the area does not benefit from four-six inches of rain in the immediate weeks ahead, look for the Governor to declare a state of emergency requiring sacrifices, both residential and commercial. A worse case scenario may ultimately require industrial plants to work a short week — especially those that consume water in vast quantities.

BOOK MARKS

TIME FOR TALES - Pre-school and toddler story hours have begun with Principal Librarian Frederick Lewis, pictured, as well as Melissa Kopecky, both at the Main and Shafter Branch Libraries. Upcoming programs include a Halloween Craft on Oct. 25, 3:15-4 p.m., at the Shafter Branch Library, 30 Magnolia St., and a Halloween Adventure Oct. 30 at 10:30 a.m., in the James J. Cozzarelli, Jr. Children's Room, 221 Washington Ave.

Calendar or Events

In the Trustees Gallery - The Photography of Dennis Simonetti will be featured in the Trustees Gallery of the Belleville Public Library and Information Center, Oct. 5-31.

Exhibits - The exhibit cases feature a display provided by Barbara Spillane focusing on the projects and awards of Woman's Club of Belleville and the Poetry Projects from Sherri Shapiro's Grade Seven Classes at the Belleville Middle School.

Oct. 21 - The Belleville Health Department will provide a lecture on "Lead Detection" at 10:30 a.m. at the main library. Frank De Lisi will discuss "Italy: A Cultural Perspective" at the Main Library. Call 450-3434 to register for the class.

Oct. 22 - As part of the Musical Film Class Series, "A Song to Remember" will be shown at 12:30 p.m. at the main library. A Monster Video will be shown at 3:15 p.m. at the Shafter Branch.

Oct. 25 - Dr. Elliot Engel will speak at 7:30 p.m. on "The Genius of Mark Twain" as a special lecture for Arts and Humanities Month at the Library. A special Halloween Craft will take place 3:15-4 p.m. at the Shafter branch. To register, call 450-3438.

Oct. 26 - The Opera Film Class Series will feature "L'Elisir d'Amore" or "The Elixir of Love" at 12:30 p.m. at the main library.

Oct. 27 - A lecture by Dr. Jane Brown, Professor of English at Trenton State College, on "The Moviegoer" by Percy Walker will take place at 1 p.m. at the main library. Call 450-3434 to register.

Oct. 28 - Oscars of the 80's, part of the Thursday Film Class Series, will show "The Last Emperor" at 1 p.m. at the main library.

October photography exhibit focuses on Dennis Simonetti: A lifetime of photography

On exhibit in the Trustees Gallery of the Belleville Public Library and Information Center, Oct. 5-31, is a photography exhibit by Dennis A. Simonetti, who presently resides at the Continuing Care Unit of Clara Maass Hospital. The special two-part exhibition has been arranged by his granddaughter, Dawn Cox of Belleville. Born in Jersey City, Mr. Simonetti lived in Belleville for many years, and it is where he raised his two children.

A fine-arts photographer, known for his teaching capabilities and an acknowledged master of darkroom techniques, Dennis Simonetti served on the faculties of the School of Visual Arts, the New School for Social Research and the Parson School of Design in New York City.

The photography received his first camera from his father at age 17, and became involved with photography through his hometown camera club. Constantly seeking the advice of other photographers, Dennis learned much of the fine-art tradition of printmaking, which would have been lost, through this process and has shared this tradition with his students and fellow photographers.

An Army field photographer during World War II, Dennis returned from the war and entered the construction business, but pursued photography as a hobby and means of self-expression by joining the Photo Club of New Jersey, where he received awards

for his first prints entered into competition. Becoming involved with the Photographic Society of America, Dennis' dedication to his craft brought him higher and higher into its "star" ranks. He judged competitions and his works appeared regularly in the PSA Journal.

In 1972, Dennis opened Long Island's first photographic gallery in Albertson, New York, where he displayed prints and taught techniques. This was indeed an accomplishment, as in the early '70s, when photography was first obtaining recognition as an art form, a gallery devoted solely to this art was rare.

Mr. Simonetti is a photographer with national and international awards. "His pictures are intimate communications; his feelings, relationships and unique perceptions of the world around him are there for us to see," proclaimed George Schaub in discussing Mr. Simonetti in an article in the November, 1981, issue of Photographer's Forum.

"Dennis Simonetti: A Lifetime of Introspection," Part I of a two-part photographic exhibition, can be viewed through Oct. 31 in the Trustees Gallery of the Belleville Public Library and Information Center, 221 Washington Ave., Belleville. Gallery hours are 9 a.m. to 9 p.m., Monday, Tuesday, Thursday and Wednesday; Friday and Saturday, 9 a.m. to 5 p.m., unless a program is scheduled.

Friends selling Entertainment '94

Would you like to have fun and save half the cost of everything that you like to do? If so, you might wish to purchase Entertainment '94 from the Friends of the Belleville Public Library and Information Center. Books are available at the main library, 221 Washington Ave., as well as the Shafter Branch, 30 Magnolia St., for \$40 a book.

Your Entertainment card, which is included in the book, is welcomed at many fine restaurants in New Jersey. Typically, when you purchase one entree or menu item, you will receive the second entree "on the house" simply by presenting your Entertainment card. The card is also the key to 50 percent savings at more than 1,500 hotels nationwide and provides exclusive discounts on airfare, cruises, attractions, auto rentals and much more.

In addition, the book is filled with thousands of dollars worth of 2-for-1 and 50 percent-off coupons good for the entire family - casual dining, movies, sports, service and more. The expanded National Values section features more than \$1,000 in outstanding discounts from some of the leading merchants in the country.

Books are available at the Circulation Desks of the main and Shafter branches. You may make the check payable to Friends of the Belleville Public Library and Information Center, or pay by cash.

Interesting exhibits wanted

Do you have an interesting collection or handcrafted exhibit that you would like to share with others? Are you an organization that would like to make your club and accomplishments known to the community? Are you a teacher who would like to put his or her students' projects on exhibit? Call the Belleville Public Library and Information Center, 221 Washington Ave., and ask to arrange an exhibit in the Library's cases. Contact Reference Librarian Joan Taub at (201) 450-3434.

Trebbiano — an adventure in excellence

"Believe it or not," said John Giuffre, who, with his cousin, Chuck Nebbia, owns Trebbiano Restaurant, "the hardest thing we faced in opening the restaurant was choosing a name. We drank five champagne toasts to 'wrong' names, changing our minds at the last moment. Finally, we came up with Trebbiano."

And the rest was easy. The cousins knew exactly what kind of a restaurant they wanted — a place where people could dress casually, bring their own wine, eat good, wholesome, fresh food without paying top prices and yet receive the kind of service expected in the finest restaurants, day in and day out.

"People in Nutley and around this area know good food and they've given us a warm reception," commented Chuck. "Our guests include top executives, teachers, office workers, sports figures, families. We are confident that we are living up to their expectations."

The cousins bring a wealth of experience to the trade. John worked at La Couronne in Hawthorne during high school, prior to matriculating at CIA in Hyde Park, New York, where he did an externship at the Rainbow Room in New York City. A degree in restaurant management from Widener University was the next step followed by working at the Grand Hyatt in New York City and being part of the grand opening team at the Hilton, Short Hills, where he served as maitre d' and managed two restaurants and a nite club. Other experience was with Time and Again Restaurant in Manhattan where he was general manager.

Chuck worked at bistros in New York and New Jersey as maitre d', waiter and bartender through high school and college. After college, he spent three and a half years as controller at Roburn International Corporation in Elmwood Park. Last December, he left the corporate world to join forces with John and open their own restaurant.

"The cuisine is 'contemporary Italian,' a mix of the old ways and some new ways," commented

Trebbiano
R E S T A U R A N T

A TRIO OF PERFECTIONISTS make Trebbiano an outstanding restaurant. From left, Mario DiPasquale, chef d'cuisine; Chuck Nebbia, owner/maitre d'; and John Giuffre, owner/chef.

John. "We're not trying to duplicate mom's cooking — we've given mom's cooking a little bit of a twist."

The "twist" includes appetizers such as baked polenta, fettucine with chicken, peas and vodka sauce — and the list goes on. Together with their chef, Mario, they change "this twisted menu" frequently, based on product availability and also rely on the old favorites, chicken sauteed with pine nuts, raisins and marsala, fettucine with vodka sauce, linguine with clams and fresh plum tomatoes. Desserts change daily and often feature fresh berries with zabaglione and lemon sorbet in lemon rinds. Daily

specials always include a pasta, a seafood and soup du jour.

Linen table cloths and napkins, fresh flowers and gentle music all add to the pleasant atmosphere. Entrees range from \$9 to \$18. There is off-street parking for 50 cars and major credit cards are accepted. Lunch is served 11:30 a.m. to 2:30 p.m. Monday through Friday. Dinner is available 5 to 10 p.m. Monday through Thursday; 5 to 11 p.m. Friday and Saturday. The restaurant is closed Sunday except for private parties. Reservations are suggested for groups of six or more. Trebbiano is located at 211 Darling Avenue, Nutley.

Letters to the Editor

Angie likes Scott

To the editor:

I would like to take this opportunity to publicly offer my support to State Senator John Scott in his re-election campaign to State Senate.

During his first two years in office, Senator John Scott has proven himself on many occasions to be a true friend of the people of Belleville. Whether it was assisting the Belleville Board of Education in securing much-needed state aid it was scheduled to lose, or writing the law that stopped the closing of the Clara Maass Hospital Pediatric Unit, Senator John Scott has been there for us.

Senator Scott is also a caring and warm family man with four children and eleven grandchildren. During his first term in office, Senator Scott helped to start, and continues to sponsor, the annual Belleville Christmas Tree Lighting and holiday celebration, with Santa Claus at the Rec House. He also initiated the annual Easter party at the Rec House, complete with the Easter Bunny.

John Scott's dedication and devotion to the people of Belleville is unmatched by any elected official ever to represent us. He was the only State Legislator to ever appear at a Belleville Board of Education meeting, and offer his assistance for the children and taxpayers of Belleville. He was the only legislator to join the Board of Education in its "March on Trenton," and he helped secure \$2.1 million in state aid which Belleville scheduled to lose. John Scott fought for us, John Scott fought with us, and most importantly, John Scott delivered for us.

Senator Scott's opponent is the same ex-senator whom we rejected two years ago. He is the same defeated ex-senator who, while in office, secured the now-infamous \$1.5 million for the Lyndhurst school district, a deal that is presently under investigation by the Attorney General's office.

I strongly urge the voters of Belleville to cast their vote to re-elect Senator John Scott on Election day, November 2nd. The residents of Belleville have never had a better or more effective representative. He must be re-elected.

Angie Paserchia
Trustee, Belleville Board of Ed

Fall Opera Series

At the suggestion of library patron Frank Senatore, a fall opera series has been instituted. Continuing on Oct. 26, the fall opera class will see Gaetano Donizetti's "L'Elisir D'Amore" starring Kathleen Battle, Luciano Pavarotti, Joan Pons, Enzo Dara and Korliss Uecker. On Nov. 2, Rossini's "Il Barbiere Di Siviglia" with Luigi Alva, Enzo Dara, Teresa Berganza, Herman Prey, Paolo Montarsolo, Renato Cesari, Stefania Malagu, Luigi Roni, Hans Kraemmer and Karl Schaidler will be shown.

Water Supply joins fight for land preservation

A resolution calling for the halt of federally sponsored land sale auctions to developers is reviewed before Friday's vote by the leaders of the North Jersey District Water Supply Commission including (l-r) Chairman Robert C. Rubino and Vice Chairman Hank Martinez.

The North Jersey District Water Supply Commission has joined the urgent plea to persuade a federal agency from selling several large land parcels to developers at below true value.

"Many of the lands involved are within the environmentally sensitive area that hopefully will eventually be acquired for preservation with public funds," Hank Martinez, the Newark Councilman who is Vice Chairman of the state water commission said Friday.

Among the properties slated for public auction next month by the federally-created Resolution Trust Corporation are large tracts in Wanaque, properties adjacent to the Ramapo State Forest, the 211-acre Herbert Estate in West Milford near Wawayanda State Park and the Ramapo Mountain Estates in Wanaque.

Last year, the Resolution Trust Fund sold property in Ringwood to a developer who offered even less money than the borough itself was willing to spend in an effort to prevent construction.

Active with efforts to prevent development of Sterling Forest at the headwaters of the Wanaque in nearby New York State, Martinez said "it's ridiculous for the government to be selling land, including many parcels larger than 100 acres, that are located in an area that we are fighting to persuade Congress to purchase as part of a watershed protection program."

Commissioner Alfred Restaino of Nutley, who joined Martinez in a formal resolution calling for the postponement of the federally scheduled land auction next month, noted the critical importance in protecting watershed lands from development.

"The Passaic County Board of Freeholders has taken the lead in acquiring 2,000 acres of Sterling Forest that lie below the New York border, and we have joined with officials on both the state and federal level with the goal of protecting the undeveloped land in Tuxedo and Orange County, New York—just three miles from our Monksville Reservoir," Restaino said.

The Monksville-Wanaque system serves more than two million residents in New Jersey, Restaino notes. The resolution was adopted by a 5-0 vote on Friday.

Lou Cicenja, Mary Anne Lopreato to be cited by Belleville Chamber

A prominent businessman and a leading school activist will be cited for their contributions to Belleville pride.

Louis Cicenja, who has owned Charles Jewelers for 15 years and served as first Chairman of the Belleville Renaissance Committee, and Mary Anne Lopreato, long active as a parent in the Belleville public schools, will be the Guests of Honor at the Belleville Chamber of Commerce 29th Annual Dinner Dance on Saturday, Oct. 30, at the Branch Brook Manor in Belleville.

The theme for this year's dinner-dance is "Community Pride".

Mrs. Lopreato, former President of the Consolidated School Parents Associations, and former President of the School 5 Parents Association, and now President of the Middle School Parents Association, will be honored for her long involvement in school activities.

Cicenja, a resident of Nutley and former Belleville resident, has been active in many civic affairs.

He successfully fought an effort to declare the downtown shopping area a "blighted zone", and he organized the celebration of Josiah Hornblower Day in August 1992, to celebrate the Patriot-Engineer who gave Belleville its name.

As Chairman of the Belleville Renaissance Committee, he pro-

moted the effort to have Belleville declared the Birthplace of The American Industrial Revolution, a campaign in conjunction with the Belleville Times.

Lucille Daniels will provide

entertainment for the event. Cocktail hour will begin at 6 p.m., followed by a five-course meal.

For information on tickets, call Executive Secretary Eileen Brown at (201) 759-4848.

Tom defended

To the editor:

I was appalled at a past town meeting when Frank Montagna handed in a petition to recall Councilman Tom Spillane. I thought to myself, here we go again as I remembered all the false accusations Mr. Montagna and his cohorts had made against Councilman Spillane in the past.

At this time I would like to address some of these issues. Mr. Spillane was falsely accused of voting to have Tappan Ave., where he owns a two-family house, paved instead of Crescent Terrace. The truth of the matter is that Tappan Ave. isn't even in the third ward. It is in Councilman Cook's ward and it was a disgusting eyesore before it was paved. Councilman Cook made a wise decision when he chose to pave this street.

Councilman Spillane was also blamed for the fact that the third ward has more cars stolen than any other ward. Well, Mr. Montagna, for the record, auto theft has gone down since Councilman Spillane took office. In closing Mr. Spillane was accused of not even being able to vote on our biggest tax increase, the school budget. Of course he didn't. His wife is an employee of the Belleville Board of Education. If Mr. Spillane did vote, it would have been considered a conflict of interest.

For how much longer can Mr. Montagna and his friends spread lies throughout the third ward? With the \$25,000 cost of the recall election, how much more of a tax increase can Belleville taxpayers handle? It was the people of the third ward who chose to elect Councilman Spillane. It was Frank Montagna who chose to cost the town \$25,000 to go against public opinion with this recall. It will be Councilman Spillane who will defeat the recall on December 7 because he is and will remain the people's choice.

Diane Donald

Vinnie raps Marina

To the editor:

Marina Perna, Assembly candidate in the 36th district, recently distributed a campaign flier. The flier is either loaded with typographical errors, or Marina fibbed.

The flier states "Three-term mayor of Belleville Township."

The fact is that Perna is currently in her final year of the first term of the only elected office she has ever held.

The flier continues "Marina Perna reduced government spending and waste." FACT-In November, 1992, the Concerned Citizens of Belleville sent a certified letter to Trenton asking for a State investigation of Belleville. A report released on August 30, 1993 by the State Commission of Investigation revealed many irregularities in the Belleville Township government, among them that Mayor Marina Perna had violated the Faulkner Act.

We are all tired of politicians who make campaign promises they do not keep. But when a young candidate, at the start of her political career, makes such blatantly fraudulent statements in her campaign literature, we better send her packing.

Don't allow Marina Perna to do to state government what she did to Belleville.

Vincent J. Frantantoni

More hand-outs

To the editor:

It's getting down to the nitty-gritty, and once again we see John Scott strutting around with his hand stuck out, eager to swap lies and tribulations for handouts.

In his first year of office, he made the top ten list of North Jersey elected officials who scooped up the most freebies from special-interest groups. And he continues to make a career of it. Imagine how many special interest groups he'll suck up to (and suck dry) if given another round in office. The man has no soul to call his own; it belongs to outside interests, and that doesn't seem to bother him a bit.

Take guns, for instance. Scott, having taken piles of money from the National Rifle Association, didn't support keeping the ban on assault weapons, despite the fact that some of these banned weapons can fire 30 rounds in just six seconds.

Do we really need this weaponry on our streets? Of course not! But does Scott care? Of course not!

Then there's the mega-thousands he greedily pocketed from doctors and medical PACs in exchange for his vote to dismantle the state health plan. The plan, by the way, was designed to decrease health care costs. And then, after more handouts, he voted in favor of excluding certain medical malpractice premiums from the JUA Debt Assessment.

I could go on and on. But there's no need to. The fact remains that John Scott will always line his pockets at the expense of the taxpayers. He's made a career of it during his two years in office and I shudder to think how much he'll pander if given four more years.

Vincent Scoca

Cost of "recall"

To the editor:

We have recently been made aware of the fact that the Township of Belleville is planning to have a recall of votes for Tom Spillane, one of the councilmen. We are told this is due to the fact that Mr. Spillane has not done "his job" in the town.

Please inform us as to what all the other councilmen in the town of Belleville have done, as we have not seen any improvement in the town.

It is also understood that this recall will cost the taxpayers \$10,000. Instead of wasting money for a few disgruntled citizens on a "Special Election," put the money to better use; the town could use it.

Why is one councilman being singled out unfairly?

ACCIDENT PROBABILITIES — Paul Kielblock, left, safety manager of the AAA New Jersey Automobile Club in Florham Park, learns how to calculate the speed of a car on impact with Officer Gerard Campanella, right, of the Belleville Police Department. The officer recently completed the "Basic At-Scene Traffic Accident Investigation" course sponsored by the New Jersey Automobile Club Foundation for Safety.

Dear Senior Support,

By: Nancy I. Kuss

"A helping community voice for senior citizens and their families..."

Nancy I. Kuss has been a Registered Nurse for over 25 years. For most of her professional life she has worked with senior citizens, either directly caring for this segment of the population, directing nursing staff in the care of the elderly, or teaching student nurses health care delivery skills. Ms. Kuss is an associate member of the American Health Care Association and the New Jersey Association of Health Care Facilities. Her professional career has permitted her to interface with the elderly and their families in all settings. She functions as an advocate for the elderly and the long term care community. Ms. Kuss has the experience and expertise to assist the elderly in meeting the challenges of their senior years.

Dear Senior Support,

My husband and I love to travel and eat out in nice places, but all our friends say we'll regret it if we don't put some money away for our old age. How can we find out what we'll be entitled to from Social Security when we reach retirement age?

Mrs. F.S.

Dear Mrs. F.S.,

The Social Security Office will calculate the exact amount of your benefits after you apply, but you can estimate what your monthly check will be in advance. There are several factors that will determine the amount of benefits they you may receive from Social Security including

WHEN BENEFITS BEGIN. If you choose to receive benefits at age 62 rather than waiting until you are 65, there will be a specified reduction in benefits.

YOUR AVERAGE MONTHLY WAGE IN PAST YEARS. This is determined by a set formula.

YOUR CURRENT EARNED INCOME. If you have a job or are self-employed, benefits may be reduced to stopped, depending upon the amount of your earnings and your age.

Ask at the Social Security Office for a copy of a pamphlet called "How to Estimate Your Social Security Retirement Check." The Social Security Administration information toll free number is 1-800-772-1213.

Dear Senior Support,

My father is in a nursing home and the facility has visiting hours posted from noon to 8 p.m. Because of my schedule, I can only visit my father in the morning. He looks forward to my visits. Any suggestions?

W.S.

Dear W.S.,

The federal long term care regulations do not restrict visiting hours. You have the right and privilege to visit your father in accordance with your schedule. The visiting times posted should state "suggested" in front of them.

My name is Dr. Paul Stefanelli and I am a Chiropractor and Neurology Resident presently seeing patients at 567 Franklin Avenue in Belleville. I have a specialty (Diplomate) in a specific chiropractic approach called Gonstead and I am currently completing a 2-year residency program in Neurology in which I will be certified as a Neurologist.

My membership includes the International Chiropractic Association, the International Pediatric Association, the Gonstead Clinical Studies Society and the American College of Chiropractic Neurology. I am licensed to practice Chiropractic in New Jersey, New York and Pennsylvania.

I have lectured and held workshops for the past six years. My groups included senior citizens, health facilities, private organizations, health fairs as well as colleges.

I have also taught Chiropractic Board review programs in California. As a former teacher my lectures are invigorating as well as informative. I have lectured regarding many topics which include well care and prevention, low back and neck injuries, stress management as well as many topics on nutrition.

Stefanelli Chiropractic Center is multi-faceted, specializing in Personal Injury, Workers Compensation, Family and Pediatric Care. Our office is fully staffed, which includes Chiropractic Assistants and Insurance Department, as well as three Massage Therapists. All Neuro Diagnostic Testing and all X-Rays and interpretation with the exception of M.R.I. and CT Scans are done on the premises. We also provide Physical Therapy.

Chiropractic has and is continually providing people with relief of many ailments as well as an increase in quality of health and health care.

I am offering complimentary care to all children up to 12 years old. Call for an appointment.

Mr. and Mrs. Michael LaFiura Jr. — nee Felicia Crisci

Felicia Crisci bride of Michael LaFiura Jr.

St. Lucy's Church, Newark, was the setting recently for the marriage of Felicia Crisci, daughter of Mr. and Mrs. Ralph Crisci of Belleville, to Michael LaFiura Jr., son of Mr. and Mrs. Michael LaFiura Sr. of Newark.

Msgr. Granado performed the ceremony which was followed by a reception at Regency House.

Escorted by her father, the bride wore a mermaid gown accented with beads, sequins and pearls. A pearl headband held her veil and she carried long stem white silk roses with babies breath and an orchid.

Silvia Crisci of Belleville was her sister's maid of honor. Bridesmaids included Christine Tanco of Clark, Debbie Guida of Kenilworth and Lisa Gardner of Newark. Nicola Crisci of Belleville was junior bridesmaid.

They were attired in black satin gowns with white chiffon sleeves

and carried black and white silk flowers.

Richard LaFiura of Newark was his brother's best man. Ushering were Frank Tanco of Clark, Joseph Palmer of Nutley and Ronald Nogal of Springfield.

Mrs. Crisci chose a black beaded gown with a black and silver sequined bodice. The groom's mother was in a three-piece black satin suit trimmed with black sequins.

Mrs. LaFiura, a graduate of Essex County Vocational and Technical High School, is a cashier at Annie Sez, Bloomfield.

Mr. LaFiura, also an alumnus of Essex County Vocational and Technical High School, is a correction officer at Northern State Prison, Newark.

The couple honeymooned on a cruise and in Florida following the May 15 nuptials. They have made their home in Bloomfield.

WELCOME VISITORS — The grandparents of children in School 3 visited their grandchildren's classrooms and had a complimentary picture taken with them in honor of Grandparents' Day. Coffee and cake were served.

Angela Volpe bride of David Wertz

Angela Volpe, daughter of Mr. and Mrs. Gerald Volpe of Belleville, was married Aug. 8 to David Wertz, son of Mr. and Mrs. Stuart Wertz of Clifton.

The Rev. Gerard Sudol performed the ceremony in Holy Family Church, Nutley. A reception followed at Landmark, Wood-Ridge.

Escorted by her father, the bride wore an off-the-shoulder gown accented with beading and bows trimmed in pearls. A floral and pearl headpiece held her veil and she carried white roses and lilies.

Jennifer Zarra of Belleville was maid of honor. Bridesmaids included Cathy Battista, Maria Trezza and Christina DiMeo of Belleville, Sherri Dunitz of Clifton and Kim Wertz of Jacksonville, Fla. Jennifer Hrubash of Belleville was flower girl.

They were attired in jade green tea length gowns with white off-the-

shoulder collars and jade headpieces with white pearls. The flower girl was in a white off-the-shoulder gown. All carried raspberry carnations and roseberry lillies.

Gerald Volpe of Belleville served as best man. Ushering were Anthony DiMeo of Belleville, Jerry D'Alessio of Newark, Bill Berkenbosch of Clifton, Mark Wertz of Jacksonville and Stan Dunitz of Clifton.

Mrs. Volpe chose a teal beaded gown while the groom's mother was in a royal blue gown with sequins. Wristlets were of white orchids.

Mrs. Wertz is a graduate of Belleville High School. Mr. Wertz, an alumnus of Clifton High School, is a fire alarm technician with American Systems, West Orange.

The couple is living in Clifton after honeymooning in Jamaica.

Mr. and Mrs. David Wertz — nee Angela Volpe

Christopher Criaris — Karen Morrison

Morrison-Criaris troth is announced

Mr. and Mrs. Walter Morrison of Belleville announce the engagement of their daughter, Karen, to Christopher Criaris, son of Mr. and Mrs. Evangelos Criaris of Rockaway.

Miss Morrison, an alumnus of Belleville High School and

Montclair State College, Upper Montclair, is a senior accountant with Deloitte & Touche.

Mr. Criaris, a graduate of Morris Hills High School, Rockaway, is a technician with Hobart Corp.

The wedding is planned for Oct. 29, 1994.

READY FOR THE BALL — Fabulous prizes galore are in store for lucky winners at the Nutley Family Service Bureau's Annual Charity Ball, set for Nov. 5 at the Radisson Hotel, Fairfield. Sanford and Michelle Fleitell, awards chairmen for the 80th annual affair, are hoping a large number of tickets will be sold to benefit the Nutley Family Service Bureau. For reservations, call 667-1884 before Nov. 1.

DID THE MENENDEZ BROTHERS KILL THEIR PARENTS IN SELF-DEFENSE OR WAS IT COLD-BLOODED MURDER?

Erik and Lyle Menendez, 19 and 22 years old, are charged in the execution-style killing of their parents. Did the brothers act in self-defense after years of sexual abuse, as the defense contends? Or was the crime a cold-blooded murder for what could be a \$14 million inheritance?

To find out, you can watch this real life drama of justice unfold by going down to the courthouse in Los Angeles. Or you can watch it on Court TV. Live. As it happens.

Belleville boys' soccer team rolls to 8-2-2

By Mike Lambert

After a slow start, the Belleville soccer team is on a roll. Gino DePinto's squad is unbeaten in its last nine games (7-0-2), having won three last week against St. Joe's of Montvale 4-1, Queen of Peace, 2-1 and Livingston 2-1.

The Bucs took an 8-2-2 record into a big league game with Hackensack last Tuesday. This afternoon, it's off to Paramus for a 4 p.m. kickoff. This Sunday, the Bucs continue play in the Essex County tournament, traveling to the number one seed, Millburn. Kickoff time there is 2 p.m. Next Tuesday, the Bucs play at Teaneck at 4 p.m.

"We had three big wins last week," DePinto said following the Livingston game last Sunday. "I thought we played our best game of the season against Livingston. The team is really beginning to come around now."

Last Sunday's game with Livingston was the first round of the Essex County tournament, and the Bucs played outstanding defense. The team also received offensive production from two relatively new forces.

Mike Guzman scored the first Belleville goal, with Diego Paredes providing the assist. Later, Anthony Vitello found the net, with an

assist from Greg Groeling. This was more than enough for goalie Mike Percio, who allowed just one goal and recorded some key saves.

"Everyone played well," DePinto said. "Now we get to play the number one seed in the tournament at their place on Sunday. It should be a good test for our kids."

In the victory over St. Joe's, Giuseppe Mennella and Groeling scored two goals each to lead the way. Joe Colucci had three assists as Belleville pulled away from a one all tie.

"It was a so-so game," DePinto said. "It's never easy when we play at St. Joe's. But it was a league victory and the team found a way to win."

Last Saturday, the Bucs played at Queen of Peace and won a difficult game, 2-1. Once again, the Bucs led

1-0 on a goal by Mennella, but Q.P. tied it late in the first half.

Belleville won the game on a Groeling goal midway through the second half.

"They have a small field at Queen of Peace," DePinto said. "We usually have problems there, but once again, we played well and got the victory."

NOTES: Belleville took a 5-1-2 league record into this week's

action. The Bucs lead the Pacific Division of the NNJIL by half a game. It's a stacked field right now in the division, as Teaneck, Belleville, Hackensack and Don Bosco all have just one loss in league play. Belleville has two ties, while the other three teams have one tie, thus the 1/2 game lead.

"Teaneck hasn't played Don Bosco or Hackensack yet," DePinto said. "We still have to play Don Bosco and Hackensack one more time each."

The Bucs tied Don Bosco earlier this year. The teams were scheduled to play each other last week, but it was rained out. The game will be rescheduled later this season. The Bucs only loss in league play came

to Hackensack, on the road, earlier this season. Hackensack just defeated Don Bosco last week, so the Comets have to be considered one of the favorites to win the NNJIL Pacific Division.

Joe Colucci is tripped up as Giuseppe Mennella leads a rush down the field. The Bucs raised their record to 8-2-2 last week.

Goalkeeper Mike Percio boots the ball downfield. The Bucs are on a roll lately, running their record to 8-2-2 overall.

Sam Giuffrida run set for Sunday

By Mike Lambert

A race will be run at Belleville High School this Sunday morning, and it should draw a good crowd. There will be a one mile fun run/walk commencing at 9:30 a.m., followed by a five mile run at 10 a.m.

For weeks now, we have talked about the sponsorship and places to pick up applications for the Sam Giuffrida run. For those who still have not registered and wish to do so, registration fee is \$12.00. You can register the day of the race if you don't have the time prior to the run.

This is the fourth annual run, and as most people in our township are aware, it is run in the memory of Sam Giuffrida. Those who had the honor to know him, remember Sam as a giving man, a wonderful teacher and a marvelous coach, who defined motivation long before it was fashionable to be a motivator.

This writer has shared with you stories about Sam Giuffrida from the days I attended Belleville Junior High School and later, Belleville High.

I have plenty of good memories from my days at BHS, and there were plenty of teachers that I respected and learned a great deal from. However, when it came to Sam Giuffrida, I remember a man who taught me the meaning of

pride, and it wasn't just pride in ones school. It was pride in being the best a person could be.

I can recall Sam as being a fine history teacher. We had a lot of good times in his classroom. Sam not only taught history, but he was able to apply the current times to the past and made learning much more enjoyable.

He was able to add humor to his job, and consequently, we, as students received so much more than just education.

I didn't row crew for Coach Giuffrida, but I did cover the team for the Belleville Times while I attended Belleville High School. Sam made me feel a part of that team with his ability to talk with great admiration about the athletes on that '76 Hall of Fame boat.

Since I did run cross country and track at BHS for another big motivator, Rich Ruffalo, I could understand Giuffrida's passion for his sport and his ability to communicate so well with his athletes.

You only needed to be at the 1985 Hall of Fame dinner when the '76 shell was inducted to know the meaning of Belleville crew and the pride and dedication that is associated with the sport.

Giuffrida watched with a smile as wide as could be as the rowers were inducted, one by one. Afterward, he and the entire team celebrated and for the next year, he would constantly tell me about the evening and how special it was to be with the '76 team again.

And Mike Davis, the man who was nominated to make the speech that evening in 1985, said it all with some very emotional words that, in essence, defined the '76 crew team and other BHS crew teams. It also

Bucs' rally falls short as Bergen Catholic prevails, 24-9

By Mike Lambert

Throughout the first half of last Friday evening's game between Belleville and tenth ranked Bergen Catholic, an upset lingered in the Oradell air.

The Bucs were gaining confidence as the game progressed, and when the half arrived, Belleville trailed by just three points to B.C. and had already scored its first touchdown, ever, in this rivalry.

Unfortunately, the reality that Bergen Catholic is a little stronger than Belleville right now set in in the third quarter and the Crusaders went on to prevail, 24-9 at Bergen Catholic High School.

The Bucs will have little time to dwell on the loss. John Senesky's team takes a 2-2 record into tomorrow night's game with powerful Randolph at Doc Ellis Field. Kick-off time is 7 p.m. This is already the third time in 1993 that Belleville will be facing a state ranked team. (More on Randolph later in this article.)

"They're a good team," Senesky said of Bergen Catholic. "We knew coming in that they have good size on the offensive line and they had the ability to score points quickly. I thought our kids did a good job of containing them, but our lack of depth and our youth certainly was noticeable. Our team will learn from this game, as they have from the Hackensack game. We're playing some very good teams and we'll only get better from this experience."

The Bucs were especially thin at the linebacker position. Cliff Mann went down with a calf injury, although it was not considered serious, and Joe Citarella has a shoulder injury that forced him to miss the final three quarters of last Friday's game.

Add to that the ankle injury to sophomore linebacker Rob Caputo, and the Bucs were looking like a high school version of the '93 Philadelphia Eagle defense.

"Caputo has been playing well, so losing him along with Joe and Cliff certainly hampered our defensive effort," Senesky said in a classic understatement. "But I have to tell

you. These kids don't give up. We put in a number of young players and asked them to pretty much contain a powerhouse like Bergen Catholic and they did a very good job."

Belleville got the first break of the game when Joe DePinto intercepted a pass near midfield. Quarterback Mike Mundy moved the Bucs downfield, but Chuck Mazzar-

one turned the tide in B.C.'s favor when he intercepted a pass at his eight yard line and rammed 92 yards for a touchdown. The conversion failed, but Bergen Catholic had a 6-0 lead after Belleville had driven deep into Crusader territory.

The Buc defense would not falter. Late in the first quarter, a Mundy punt pinned the Crusaders deep in their own territory. On a second and eight from the three, B.C. quarterback Joe Piela rolled out to pass, but he was greeted by a host of Buc defenders and sacked in the end zone. The safety cut B.C.'s lead to 6-2 as the first quarter ended.

The Crusaders had one extended offensive drive in the first half, with Jim Finn scoring from ten yards out midway through the second quarter. The conversion failed, and Bergen Catholic led 12-2.

The Bucs came right back, with Mundy hitting Sal Berardi with a pass and later executing a perfect play action fake and finding Berardi for 16 yards. The drive was highlighted by a Mundy pass to Jason Christy, who was slanting over the middle. Christy caught the ball in stride and went untouched into the end zone. All told, the pass accounted for 35 yards and after Mundy converted the PAT, the Crusader lead had dwindled to 12-9.

It was also the first touchdown, ever, by Belleville against Bergen Catholic. The Crusaders had held the Bucs to a field goal in three previous meetings.

The half ended 12-9 and the Bucs left the field with confidence that they could play with a powerful team such as B.C.

The Crusaders came out with a no-huddle offense in the third quarter and unleashed senior Chris Pane, a 5'11", 210 pound fullback. Pane wore down the Belleville defense with his bruising runs and B.C. capitalized when Piela hit Don Picinic with a 12 yard pass late

in the third quarter, capping off a seven minute drive. The conversion failed and B.C. led 18-9.

Bergen Catholic moved ahead 24-9 in the fourth quarter when Brian McGuinness went over from the one to highlight another long drive. All told, Bergen Catholic gained 300 yards on the ground, with 185 of those yards coming in the second half.

Belleville had one last chance to score in the second half, when DePinto picked up a fumble and ran deep into B.C. territory. However, the Bucs were called for a chop block and the ball was moved back

(continued on page 14)

The Belleville volleyball team improved its record to 7-9 with a three set victory over Hackensack last Monday in NNJIL action.

Grace Worley's team won the first set 15-6, then lost 9-15. In the deciding set, the Lady Bucs won a hard fought match, 15-10.

"Offensively, we've been a little tentative," Worley said. "Defensively, we're playing very well. If we could just even out our offensive and defensive performances, we would be more consistent."

Worley has been working with seven players on the varsity. Monica Gomez and Maria Perez are alternating at one position. Captains Jessica Gonzalez and Michele Pszonka have provided stability and leadership. Marie Acuna, Andrea Curran and Jennifer Palumbo round out the starting lineup.

"You have to realize we have three or four players on the varsity who have not played varsity volleyball before this season," Worley said. "It's a new experience for them, and it takes time to jell as a team. But the players have been working hard and they're a great group of kids."

The JV team has also played well. Because of the large turnout this season, Worley has worked the JV and freshman players into the lineup on the JV level.

"It's important for those kids to play as much as possible," the coach said. "This is our future, and the players are gaining some valuable experience."

Freshmen Chris Scassera and Tojaera Terry have played well as has sophomore Mary Lappas.

The girls will continue play this week, taking on Paramus Catholic tomorrow afternoon at Belleville. Next Monday, it's off to Passaic Valley and next Tuesday, the team travels to Clifford Scott. Next Wednesday, the girls return home to play Teaneck. All matches commence at 4 p.m.

NFL

The Giants are 5-1.

Wow!

Let's see, they beat the Chicago Bears by a point on opening day, then beat those mighty Tampa Bay Bucs and Los Angeles Rams at home. Then, they played the one good team on their schedule, thus far, that is somewhat healthy and lost 17-14 at Buffalo.

Two weeks ago, they beat a decimated Redskins team 41-7 and last Sunday, stopped an almost equally decimated Eagles squad, 21-10. Barring a rash of injuries, this is a playoff team that might even win the NFC East.

I'm here to tell you that the Giants story is a good one. They play decent defense and are well coached. Their running game is excellent.

I'm also here to tell you that if Philadelphia had Randall Cunningham, Fred Barnett and let's say Tim Harris, not to mention Keith Millard Philly would have won last Sunday's game, going away.

No doubt about it, no second guessing.

The Eagles had to rely on Ken O'Brien, who had not thrown a pass in the NFL since last November, to bring them back. And if Philly hadn't fumbled twice inside the Giant 30 yard line, the Eagles might have pulled it out.

So enough about how the Giants dominated the Eagles last Sunday. They won the game. They're 5-1. They have to play Dallas twice and have a trip to Philly in November. Let's see what happens in early December before the Super Bowl tickets are ordered.

Did you see the Kansas City-San Diego game last Sunday? Joe Montana is still the master of the game. He throws the ball better than any passer in the game today and is, without question, the best to ever play the position in the history of the NFL.

If Joe stays healthy, and that's a big if, the Chiefs are Super Bowl bound. This guy is a joy to watch. He'll probably play just another year after this, so if you get the chance watch him play a game. It's artistic.

LAST WEEKS QUIZ

The Phillies beat the Los Angeles Dodgers for the 1993 NL crown. In 1980, the Phils stopped the Houston Astros for the title. Dallas Green managed the '80 Phillies and Paul Owen was the skipper of the '83 club. In 1980, the Phils won the World Series, beating Kansas City in six games. In 1983, the Phils were beaten in five games by the Baltimore Orioles.

FOR THIS WEEK

How many times have the Toronto Blue Jays been to the playoffs? How have the Jays fared in the post season? Who managed the Blue Jays during their trips to the post season?

B.C. drops Bucs, 24-9

(continued from page 13)

into Buccaneer territory, with Belleville gaining possession. Bergen Catholic held on defense and the game was pretty much over.

As for Randolph, Senesky expects to face a team comparable in size to the Bucs.

"They are very well drilled," the coach said. "They're not very big on the line, but they do just about everything right. They have such a great winning tradition over there. I've been a big admirer of their program for a long time."

Randolph enters the game with a 3-0-1 mark. The Rams are ranked 15th in the state and have a mind boggling record over the past nine seasons. In its last 85 games, the Rams have lost just five times. One of those victories came last year, when Randolph rallied in the fourth quarter to beat Belleville, 21-9.

NOTES: In that game with Randolph last year, Belleville led 9-7 in the fourth quarter before the Rams came storming back in the last six minutes. It was one of Belleville's

stronger efforts of '92. Randolph advanced to the Group IV, Section II finals last season, losing to Union. The Rams were 9-2 last year.

No injuries to report from last week's game. Tomorrow's game is the first of three straight home games. Bucs will then play Paramus on October 29 and Teaneck on Saturday afternoon, November 6. Belleville then finishes the season on the road, against St. Joe's on November 13 and Nutley on Thanksgiving morning.

Giuffrida run set for Sunday

(continued from page 13)

defined the greatness of Sam Giuffrida, for Davis spoke of a team that really had not even been together for the past nine years, prior to the Hall of Fame evening. Despite those nine years, the memories of rowing for Giuffrida were fresh in the minds of the inductees and it was easy to see why Davis had such a hard time defining that moment. In the history of Belleville sports, it was one of the most special times

I've ever been associated with.

And the best part of that night was that Sam Giuffrida was there to enjoy the spotlight.

Sam also was a coach of the three womens national championship teams in 1982, '84 and '85. But he gave the credit to the girls head coach Scott Fabian. It was the Giuffrida way, he never wanted to

credit himself as much as the athletes and coaches who worked for him.

This was a great man. A man with a tough exterior, but inside, as soft as a marshmallow on an open fire.

He was a man of compassion, a man who demanded that an athlete or student, give his or her whole heart toward whatever the goal was, excellence in the classroom, or excellence on the water.

Sam Giuffrida gave everything he had to the students of Belleville High School for three decades.

This Sunday, the township will say thank you once again.

And somehow, you know that Giuffrida will be there, lending his support to all the runners who will compete in his memory.

Samuel Giuffrida

New Level II Nursery in Columbus Hospital's Luciano Pavarotti Pavilion offers expanded neo-natal services

Columbus Hospital's new Nursery, located in the recently opened Luciano Pavarotti Pavilion, received State approval as a Level II Nursery. Level II means that Columbus Hospital can treat infants with special medical needs, who previously would have been transferred to a regional facility.

The new unit has a twenty-bed nursery as well as a six-bed special care nursery, where the infants with special needs will be cared for. Those that need extended care include babies in respiratory distress, babies born prematurely or with a low birth weight, or any infant who requires cardio-respiratory monitoring. "Some of the services we are able to offer to our special care babies are antibiotic therapy, intravenous therapy, ventilator care, and oxygen therapy," says Dr. Arminia Zarzuela, Director of the Nursery. Dr. Zarzuela oversees the neo-natology services at Columbus Hospital and has played a big part in the development, upgrade, and expansion of these services. "But the fact that we can give these babies the necessary medical care is just one aspect of the benefits of being a Level II Nursery. The doctors benefit because they don't worry about having to transfer a patient because of premature labor, or about having to separate a mother from her newborn because the newborn has to be transferred to a tertiary care setting," adds Dr. Zarzuela. "This same aspect benefits the patient, who of course, does not want to be separated from her newborn. We rarely have to do any transferring of newborns now, so mothers can

spend time bonding with their babies, even if they are in special care."

The Special Care Nursery's isolettes (a type of incubator), are designed with portholes so mothers can put their hands through them and touch their babies, rather than just view them. There is also a private room adjacent to the Special Care Nursery, so that when the feeling better, mothers can take them into the private room and begin breast feeding.

"We encourage practices that are not only medically healthy for mother and baby, but are psychologically and emotionally healthy as well; practices that promote intimacy and bonding," says Dr. Zarzuela.

The Nursery staff help to promote intimacy and bonding in a variety of ways. "We encourage breast feeding by initiating learning within four to eight hours of admission," states Evelyn Salazar, R.N., Head Nurse in the Nursery. "The Nursery staff teaches infant care and breast feeding and coordinates with the Maternal/Child Health Unit's Patient Educator to assure that mothers are prepared to handle their newborns when they go home. "We also encourage bonding time and rooming-in, which means that the babies spend most of the day in their mother's room, and can even spend the night at the mother's request," says Mrs. Salazar. "Positive interaction has to start early, and we encourage the fathers and significant others to participate in this interaction. We are very-oriented in our approach to infant care and believe that it has very

positive effects on the baby."

Ms. Salazar's staff works in conjunction with the Maternity Unit's staff to assure continuity of care for the patients. "We coordinate all our efforts with the Maternity Unit. At the beginning and end of each shift, we make rounds and exchange mother/baby reports. The communication and cooperation between all the Maternal/Child

Health areas is critical to delivering consistent quality care." Another way in which the Nursery insures continuity of care is by practicing primary nursing, meaning that each nurse is responsible for the total patient care of specifically assigned babies.

Columbus Hospital's Nursery has twenty-four hour, in-house, neo-natology and pediatric cover-

Depression: Treat It. Defeat It.

How to combat one of America's most misunderstood conditions

It's one of the leading reasons Americans see their doctors, but it doesn't make for appealing conversation. Irritable bowel syndrome (IBS) afflicts one in ten Americans and remains one of America's most misunderstood medical conditions.

First of all, the symptoms — often alternating bouts of diarrhea and constipation, along with cramps and gas — are extremely common. And the condition itself eludes simple definition.

IBS often is referred to as a disease of the young. That's because about half of the cases are diagnosed before age 35. Additionally, IBS is more common in whites than nonwhites and, in Western societies, is twice as prevalent in women as in men.

Causes of IBS may include stress, diet, hormonal changes or other factors. IBS is the most common gastrointestinal complaint for which patients seek medical treatment. Unfortunately, the majority of people with IBS don't get help. For many, education, dietary changes and stress reduction may relieve their symptoms. Medications which can help also exist.

Scientific evidence suggests that

fiber, by regulating bowel function, also may help. Foods high in fiber include berries, beans, whole-grain foods and some vegetables. Also available are fiber products to supplement your diet.

William J. Snape, Jr., M.D., clinical professor of medicine, University of California, Los Angeles, says, "Diet is one way to increase fiber. Citrucel® containing the nonallergenic and 100 percent water soluble fiber methylcellulose, may be another, convenient, easy-to-swallow option." Citrucel is therapeutic fiber for regularity when recommended by a physician, and is also useful in the treatment of constipation associated with other bowel disorders.

Despite lacking a simple definition for IBS, doctors today have a much clearer understanding of the condition. "The future is bright for IBS patients," says Dr. Snape. "IBS is treatable. Through diet, medicine, stress reduction and other advances, we're helping these patients lead healthy, 'normal' lives."

You may obtain an informative pamphlet on fiber by writing: Fiber Facts, Dept. M, P.O. Box 32080, Kansas City, MO 64111.

West Hudson Hospital to host free health screenings

West Hudson Hospital will host free health screening programs for prostate cancer and eye disease in the month of November, it has been announced by the Community Health Education Department.

The free Prostate Cancer Screening will be held on Monday, November 1, from 6:00pm to 8:00pm, in the Same Day Surgery area on the second floor of the Hospital.

Coordinated by Bernard Lehrhoff, MD, Chief of the Urology Service, the screening will consist of an examination by a staff Urologist. Included will be the PSA blood test which helps to detect early signs of cancer that might not be found during the physical exam.

Registration is limited for the screening. Men over the age of 50, and those over the age of 40 with a family history of prostate cancer, are encouraged to call for an appointment.

On Thursday, November 11, a free Eye/Vision Screening will be sponsored by the Ophthalmology Service in conjunction with the

Hospital. Louis Morrone, MD, Chief of Service, will coordinate the screening, to be held in the first floor classroom from 8:00am to 11:00am.

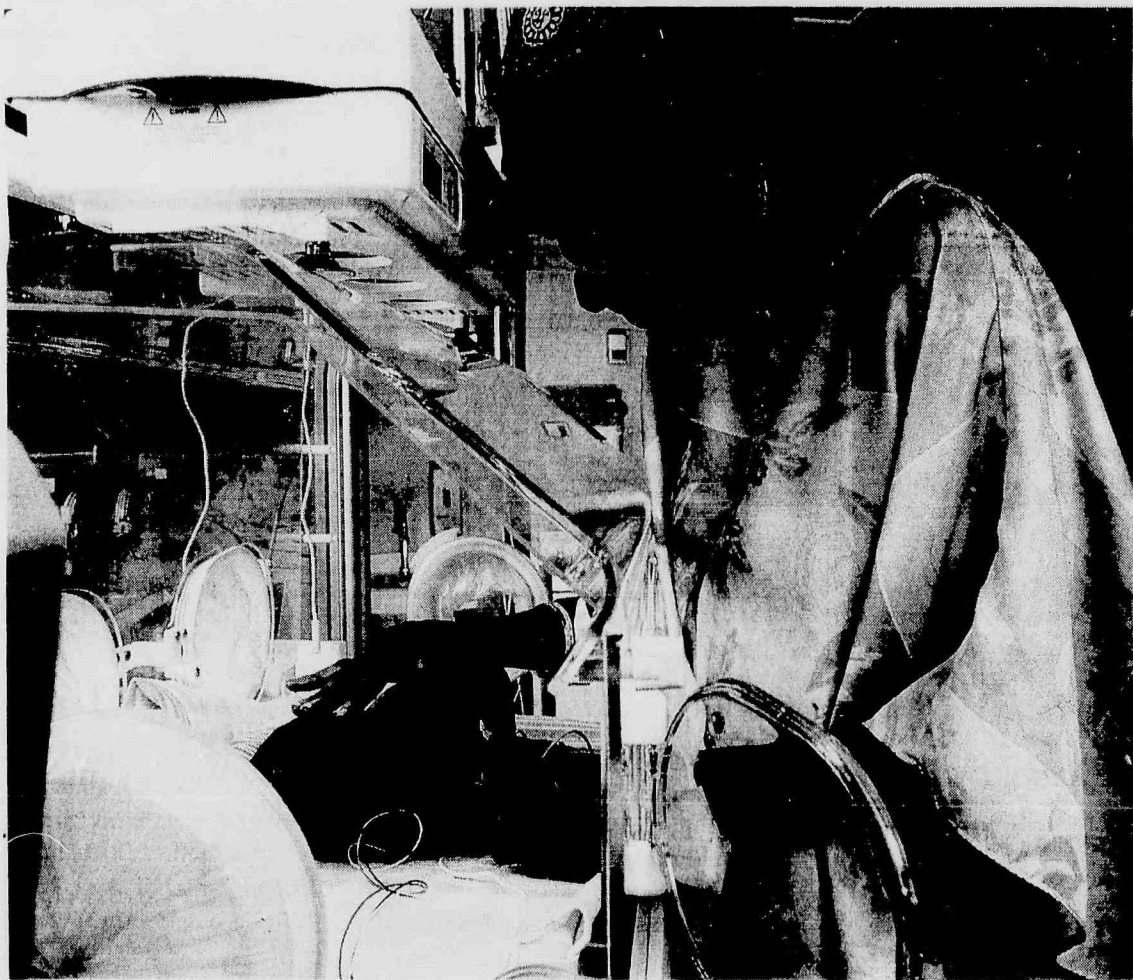

The purpose of the program is to detect evidence of eye disease, or any general disease reflected in the eyes, which should have treatment or follow-up by an Ophthalmologist.

There will be no prescriptions for glasses and no medication provided at the screening. Individuals requiring additional care will be advised to make an appointment with a physician as soon as possible. Those who wear glasses are asked to bring them.

The Eye/Vision Screening is by appointment only. Due to limited availability, early registration is suggested.

To reserve an appointment for one or both of the free screenings, interested community residents should contact the Community Health Education Department of West Hudson Hospital, 955-7077, at their earliest convenience.

Hands-On Care.

THE LUCIANO PAVAROTTI PAVILION'S NEW NURSERY AND MATERNITY UNIT

AT COLUMBUS HOSPITAL, WE KNOW WHAT MATTERS TO YOU. WE KNOW YOU VALUE SPENDING QUALITY TIME WITH YOUR NEWBORN BABY. AND, WE KNOW THE KIND OF PERSONALIZED ATTENTION YOU WANT YOUR BABY TO RECEIVE WHEN HE OR SHE IS NOT WITH YOU.

Our post-partum area integrates our new Nursery and Maternity Unit so there is easy access for 24-hour in-room bonding at the mother's request. Our 20-bed Special Care Nursery, for newborns with special medical needs, is equipped with 24-hour neonatology and pediatric coverage. More importantly, it is staffed by highly qualified professionals who are committed to giving each new life hands-on care — only a mother could be more loving.

You'll Like The Way We Treat You.

"I was stunned when I learned I had cancer. I found the entire Radiation Oncology staff to be dedicated, very competent and extremely supportive." —Ray Perkins

"I've had prenatal care at Mountainside for all of my four pregnancies and delivered all four babies here — everyone was so supportive — my husband and I loved it!" —Rachel Muhammad

"I've been in Mountainside's Pediatric Unit many times for treatment for Cystic Fibrosis — I feel really comfortable here — everyone's so warm and friendly." —Jennifer Lee

"As a heart attack patient, I experienced nothing but concern, care and compassion from the staff at Mountainside — they spoiled me silly." —Bob Fergusson

You, too, will appreciate the many advantages we offer at Mountainside — a teaching hospital with the finest credentials. Among our many advantages:

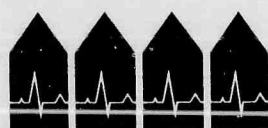

- High caliber doctors — most of them board certified in their specialty or sub-specialty
- Nursing excellence — many of our nurses are graduates of The Mountainside Hospital School of Nursing
- Outstanding support staff to make your stay as comfortable as possible
- Quiet, safe suburban location

- Extensive Health Education programs to promote a healthier lifestyle
- Modern facility with state-of-the-art equipment

No wonder nearly 97% of our patients surveyed would return! So whether you have a health problem or simply wish to prevent one, get to know Mountainside Hospital. You'll like the way we treat you...in more ways than one.

If you work, ask your employer about making Mountainside Hospital and its Medical Staff a part of your health benefits package.

BAY AND HIGHLAND AVENUES, GLEN RIDGE/MONTCLAIR, NEW JERSEY 07042

Gladys Mozeika, 77

Mrs. Gladys A. Mianeki Mozeika, 77, of Nutley died on Tuesday, October 12, at Northern Illinois Medical Center in McHenry, Illinois.

Born in Montville, Mrs. Mozeika lived in Belleville before moving to Nutley 56 years ago.

She was Laboratory Technician for Hoffmann-LaRoche in Nutley for 25 years until her retirement 15 years ago.

Surviving are her daughter, Mrs. Patricia Hubbard; her brother, Henry Mianeki; six grandchildren, and nine great-grandchildren.

A Funeral Mass was offered on Friday, October 15, at Our Lady of Mount Carmel Church in Nutley, following the funeral service from the S. W. Brown and Son Funeral Home in Nutley.

Interment was at Glendale Cemetery in Bloomfield.

Stephen Andolora, 70

Stephen Andolora, 70, of Belleville died on Monday, October 11, at Mountainside Hospital in Glen Ridge.

Mr. Andolora was a lifelong resident of Belleville.

He was affiliated for many years with Bloomfield Local 1342 of the United Brotherhood of Carpenters and Joiners of America, retiring five years ago.

Mr. Andolora served in the Army of the United States during World War II.

Surviving are his wife, Phyllis Russo Andolora; his sons, Stephen J. and Mark D.; his daughters, Mrs. Margaret Blumer and Miss Susan Andolora, and six grandchildren.

A Funeral Mass was offered on Thursday, October 14, at Holy Family Church in Nutley, following the funeral service from the S. W. Brown and Son Funeral Home in Nutley.

Interment was at Holy Cross Cemetery in North Arlington.

Public Notice

NOTICE is hereby given that the Municipal Council of the Township of Belleville, N.J., at a meeting held on October 12, 1993 in the Municipal Building, did adopt Ordinance No. 2814 entitled:

Bond Ordinance providing for general roadway improvements to Greylock Parkway (Section II) by and in the Township of Belleville, in the County of Essex, State of New Jersey; Appropriating \$150,000 therefore and authorizing the issuance of \$142,500 bonds or notes to finance part of the cost thereof.

Mary Lou Hood,
Municipal Clerk

BOND ORDINANCE PROVIDING FOR GENERAL ROADWAY IMPROVEMENTS TO GREYLOCK PARKWAY (SECTION II) BY AND IN THE TOWNSHIP OF BELLEVILLE, IN THE COUNTY OF ESSEX, STATE OF NEW JERSEY; APPROPRIATING \$150,000 THEREFORE AND AUTHORIZING THE ISSUANCE OF \$142,500 BONDS OR NOTES TO FINANCE PART OF THE COST THEREOF.

Be it ordained and enacted by the Township Council of the Township of Belleville, in the County of Essex, State of New Jersey (not less than two-thirds of all the members thereof affirmatively concurring), as follows:

SECTION 1. The improvement described in section 3 of this bond ordinance is hereby authorized as a general improvement to be undertaken by the Township of Belleville, in the County of Essex, State of New Jersey (the "Township"). For the said improvement or purpose stated in Section 3, there is hereby appropriated the sum of \$150,000, said sum being inclusive of all appropriations heretofore made therefore and including the sum of \$7,500 as the amount of down payment for said improvement or purpose required by the law and now available therefore by virtue of provision in a previously adopted budget of the Township for down payment or for capital improvement purposes.

SECTION 2. For the financing of said improvement or purpose and to meet the part of the \$150,000 appropriation not provided for by application hereunder of the down payment, negotiable bonds of the Township are hereby authorized to be issued in the principal amount of \$142,500 pursuant to the Local Bond Law of the State of New Jersey (the "Local Bond Law"). In anticipation of the issuance of the bonds and to temporarily finance the improvement or purpose, negotiable notes of the Township in a principal amount not exceeding \$142,500 are hereby authorized to be issued pursuant to and within the limitations prescribed by said Local Bond Law.

SECTION 3. The improvement hereby authorized and purposes for the financing of which said obligations are to be issued is the undertaking of general roadway improvements to Greylock Parkway (Section II) and all work and materials necessary therefor and incidental thereto.

(a) The estimated maximum amount of bonds or notes to be issued for said improvement is \$142,500.

(b) The estimated cost of said improvement is \$150,000, the excess thereof over the said estimated maximum amount of bonds or notes to be issued therefor, being the amount of \$7,500, is the down payment for said improvement.

SECTION 4. In the event the United States of America, the State of New Jersey, and/or the County of Essex make a contribution or grant in aid to the Township for the improvement and purpose authorized hereby and the same shall be received by the Township prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the

amount so received. In the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey, and/or the County of Essex shall be received by the Township after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose.

SECTION 5. All bonds anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Officer of the Township, provided that no note shall mature later than one (1) year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer of the Township shall determine all matters in connection with the notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time in accordance with the provisions of N.J.S.A. 40A:2-8 (a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchaser thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. Such report must include the principal amount, the description, the interest rate, and the maturity schedule of the notes so sold, the price obtained and the name of the purchaser.

SECTION 6. The capital budget of the Township is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. In the event of any such inconsistency, a resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital programs as approved by the Director of the Division of Local Government Services will be on file in the office of the Clerk and will be available for public inspection.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The purpose described in Section 3 of this bond ordinance is not a current expense and is an improvement which the Township may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of the improvement within the limitations of said Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 20 years.

(c) The supplemental debt statement required by the Local Bond Law has been duly made and filed in the Office of

the Clerk of the Township and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey, and such statement shows that the gross debt of the Township as defined in Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$142,500, and the said obligations authorized by this bond ordinance will be within all debt limitation prescribed by Local Bond Law.

(d) An aggregate amount not exceeding \$20,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purpose or improvement hereinafter described.

SECTION 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation as to rate or amount. SECTION 9. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by the Local Bond Law.

ADOPTED ON SECOND READING.

DATED: OCT. 12, 1993

Mary Lou Hood, Clerk of Township of Belleville.

STATEMENT

The bond ordinance published herewith has been finally adopted and the 20 day period of limitation within which a suit, action or proceeding questioning the validity of such ordinance can be commenced, as provided in the Local Bond Law has begun to run from the date of the first publication of this statement.

Mary Lou Hood,
Township Clerk

NOTHING TO SNEEZE AT

Those who take over-the-counter (OTC) medications for treating allergies should realize that the associated drowsiness puts them at risk during other activities beyond driving a car. The sedating effects of these drugs can also impair athletic performance, leading to possible missteps while walking or running, to a bicycle fall, or danger while swimming. OTC allergy medications can also subtly affect visual, cognitive, and motor skills, such as eye-hand coordination, reaction time, balance, visual sharpness, mental focus, and judgment. While allergy medication subjects in one study said they felt drowsiness for six hours after ingesting the drugs, they thought mental impairment lasted only two hours. In fact, tests showed impairment lasted as long as the drowsiness.

For your nonsedating allergy medications have your prescription filled at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. We have a complete prescription department, and are Medicare and Blue Cross approved. Cameras, film, gifts and greeting cards are stocked. Open: 9am-10pm daily, 9am-9pm Sundays.

HINT: Non sedating allergy medications are available by prescription.

Hardwood Floor Maintenance Made Safe And Easy

Whether you have installed a new prefinished hardwood floor, or refinished a hardwood floor that has been

hiding under carpet for years, maintenance, of your floor is an important issue. Proper maintenance can make

the difference between being happy with your hardwood floors or having to invest extra time and money in re-coating the floors sooner than expected.

BonaKemi USA has introduced a waterbased maintenance program for the environmentally concerned consumer that is both safe and easy to use. Included in this complete system are products for cleaning, shining and spot finish repairing hardwood floors. Each of the three maintenance program products is packaged in quart sizes for convenient consumer use.

BonaKemi's Hardwood Floor Cleaner is specially formulated for cleaning all types of wood floors. This waterbased ready-to-use cleaner can be sprayed directly on problem areas and then wiped up. Most stubborn spots, rubber heel marks and sticky spills are easily removed. The cleaner can be used with a clean cloth for spot cleaning, or with BonaKemi's Wood-FloorWipe mop for regular maintenance.

BonaKemi's Pacific Luster Coat is a waterbased product designed for adding shine to floors. Luster Coat dries to a beautiful luster without buffing and is self dissolving to eliminate buildup.

BonaKemi's Hardwood Floor Touch-Up can be used for spot finish repairs to new or previously finished floors, trim and moldings.

For a complete maintenance guide and the location of your nearest dealer, contact BonaKemi USA, Dept. HIT, 14805 E. Moncrieff Place, Aurora, CO 80011.

Gas Appliances Should Be Safety Certified

Consumers who are purchasing natural gas appliances should look for the Blue Star Design Certification Seal from the American Gas Association Laboratories or a similar safety certification from another nationally recognized testing agency, A.G.A. officials say.

The A.G.A. Blue Star is an assurance from the manufacturer that the design of the natural gas appliance complies with national safety standards.

Dedicated to appliance safety and efficiency, the A.G.A. Laboratories in Cleveland and Los Angeles have tested

more than 58,000 equipment models submitted by more than 500 manufacturers during the past 66 years. Many local building codes and standards require A.G.A. certification on natural gas equipment.

Tax Deductions Available For Natural Gas Vehicles

New federal tax deductions make it more economical than ever for individuals or businesses to purchase or convert natural gas vehicles (NGVs), according to officials at the American Gas Association.

Cars, vans or pick-up trucks that operate solely on clean-burning natural gas or certain other alternative fuels are now eligible for a deduction of up to \$2,000, A.G.A. officials said. Tax deductions of up to \$5,000 are available for vehicles over 10,000 pounds and even greater deductions apply to large trucks, buses and refueling equipment.

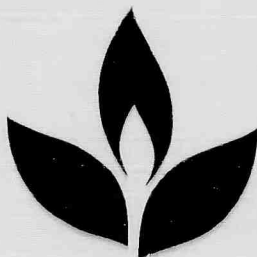

The new federal tax deductions, combined with a variety of incentives from states and local utility companies, can help offset part of the \$2,500 cost of converting an existing vehicle, as does the fact that natural gas costs approximately 70 cents per-gallon-equivalent of gasoline, according to A.G.A. Some local utilities will rebate up to 75 percent of the added cost for companies purchasing new original equipment NGVs instead of gasoline vehicles. A.G.A. urges individuals or business fleet operators interested in operating vehicles on natural gas to contact their local natural gas utility.

A.G.A. officials said the incentives

for refueling facilities will also accelerate the already rapid growth of the infrastructure serving NGVs. More than 700 natural gas refueling stations are now operating in the United States, with new facilities opening at the rate of about four per week. In May, more than 1,200 mechanics took the first-ever nationwide test to become certified NGV technicians, according to A.G.A.

Vehicles and refueling equipment placed in service on or after July 1, 1993, using the following alternative fuels are eligible for the new tax deductions: compressed natural gas, liquefied natural gas, hydrogen, electricity and any other fuel that is at least 85 percent or more of such fuels as methanol, ethanol or any other alcohol or ether. "Bi-fuel" vehicles that are capable of operating on gasoline or an alternative fuel are also eligible for certain federal tax deductions under the new program.

As a vehicle fuel, natural gas reduces carbon monoxide emissions by up to 90 percent, smog-producing hydrocarbons by up to 85 percent and carbon dioxide emissions by approximately 30 percent, compared with gasoline, A.G.A. said.

A Wonder Wheel to Help You

Do What Scientists Do

These young scientists are doing a fair test.

Do you often ask why and try to come up with new ideas or theories? Scientists do.

There are many kinds of scientists:

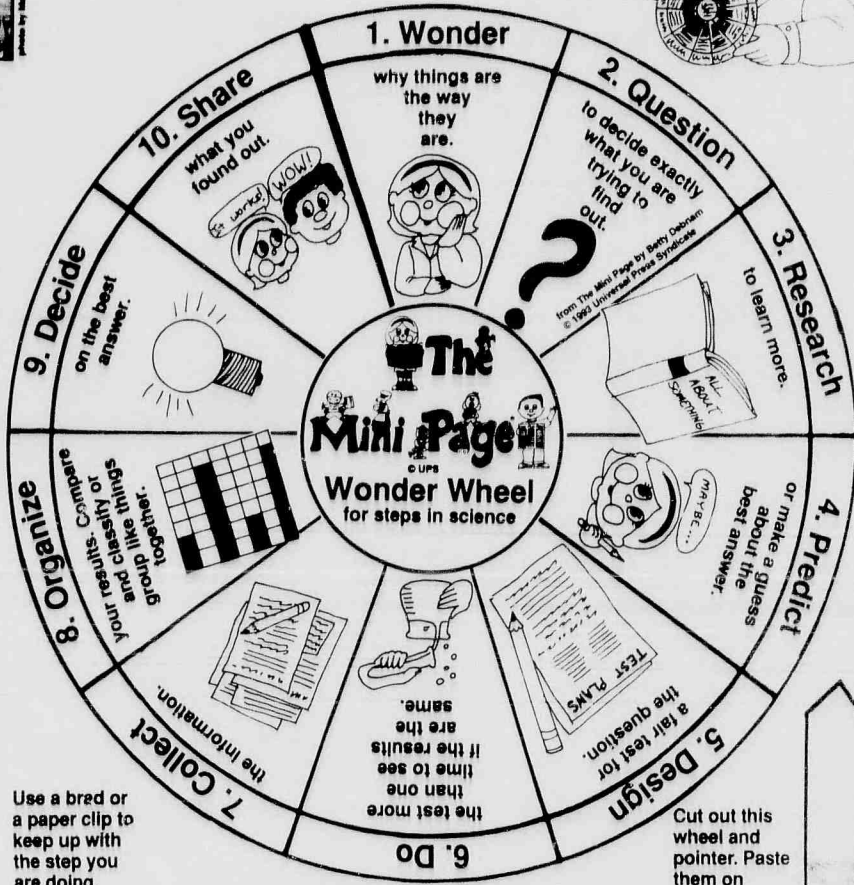

Some study living things.	Zoologists study animals.
Some study the nature of the universe.	Chemists study what things are made of.
Some study numbers.	Mathematicians use math to solve scientific problems.
Some study people and how they live.	Geographers study the Earth and how living things adjust to where they live.

For hundreds of years, all types of scientists have used a special orderly way to solve their problems.

You can too. We have put these steps into a wheel that will help you when you wonder how to solve your scientific problems.

I WONDER WHY MILK TURNS SOUR?

I'LL USE MY WHEEL!

Use a braid or a paper clip to keep up with the step you are doing.

Rookie Cookie's Recipe Awesome Apples

You'll need:

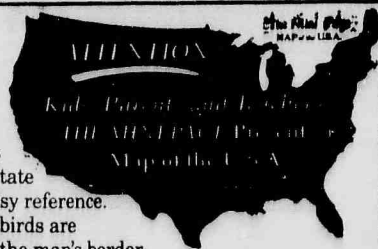

- 8 apples, cored
- 3/4 cup brown sugar
- 1/2 cup granola
- 1 teaspoon cinnamon
- 8 teaspoons margarine
- 1 1/2 cups water

What to do:

1. Place apples in a large baking dish.
2. In a medium bowl, combine brown sugar, granola and cinnamon. Mix well.
3. Put equal amounts of mixture in each apple.
4. Place 1 teaspoon margarine on each apple.
5. Pour water in baking dish.
6. Bake in a preheated, 350-degree oven for 1 hour. Add more water if necessary. Makes 8.

MIGHTY FUNNY'S Mini Jokes

WHAT DID THE WIZARD GET WHEN HE CROSSED A CLOWN AND A CHICKEN?
A COMED-NEEN!

Q: Why does the light in the refrigerator go out when the door is closed?
A: So the lettuce can't see the salad dressing!

Q: Why can't the skeleton take out his girlfriend?
A: Because he doesn't have the heart! (Both sent in by Chesney Grizzard)

PETER PENGUIN'S PUZZLE LE-DO

Here's a fun problem to solve at home with your family. Use your Wonder Wheel as you go through the steps.

I wonder: What are bones made of?

What you'll need:

- a clean chicken bone
- a glass of vinegar

What to do:

Put a clean chicken bone in a glass of vinegar. After a few days (two to five), take the bone out and observe it. How is it different? Try to bend it!

(Research hint: The hard part of bones is made of minerals, mainly calcium. The minerals are dissolved by the acid in the vinegar. What remains is the soft cartilage of the bone.)

How Your Scientific Wonder Wheel Works

After reading how this was done, you might want to do it yourself.

The soda experiment

Let's go through the steps of one problem to see how you might use your Mini Page Scientific Wonder Wheel.

1. Wonder

Did you ever wonder why a straw won't stay down in the bottom of a glass of soda?

2. Question

Decide exactly what you want to ask.

3. Research

You might want to look up more information in your library. You might also ask a friend what he or she thinks about what happens to objects in a glass of soda.

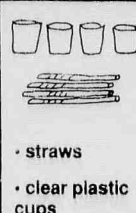

4. Predict

Get some small objects such as raisins, rice, pennies or beans. Make a prediction about what you think will happen.

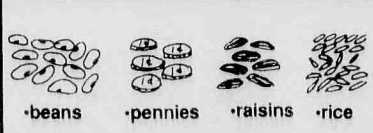

Next week, read all about the Oregon Trail.

You'll need:

- a 16-ounce bottle of clear soda

- straws
- clear plastic cups

5. Design a fair test

To see if your predictions are right, should you ...

- a. put all the objects in one cup of soda at one time?
 - b. put each kind of object in a separate cup?
 - c. have one cup with no objects in it?
- Write down your plans so you will know exactly what to do. Talk these questions over with an adult.

6. Do your fair test

Carry out your tests. Do the experiments more than once to see if you get the same results each time.

7. Collect data

Write down what you find out from your test.

Why not wonder about ...

- Why silver turns black?
- Why bicycles rust?
- Why copper turns green?
- Why rubber bands stretch?
- Why glue sticks to things?

RESULTS

DID SINK = X			DID NOT SINK = Y	
Object	Test 1	Test 2	Test 3	Test 4
Beans				
Pennies				
Rice				
Raisins				

8. Organize

Look for patterns. Classify or group your answers.

Which objects sank and then rose to the top? Which did not?

9. Decide

What was the best answer to your question?

10. Share

Tell a partner or grown-up what you found out. Think about what other questions you could investigate about soda. See if your friend has some ideas.

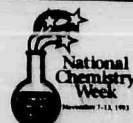

Super scientists

George Washington Carver used the same scientific steps to solve problems. Carver used chemistry to help other people. He came up with many ways to use the chemicals in peanuts to make many products.

Find a picture of an item in your paper. Tell a partner what inventions made it possible.

The week of Nov. 7-13 is National Chemistry Week.
