School busing to be restored to Valley; Nazziola says budget will not be raised

Taking a closer look at existing school bus routes, Board of Education President Gabriel Nazziola says he has found the way to provide busing for an additional 78 pupils, enough to meet the needs of children in the Valley who would have attended old Schools 1 and 2.

'And it won't add a dollar to the budget," Nazziola stated, in unveiling his plan for adjustments in the bus schedules.

"It was a matter of adding an additional stop or two on the existing bus routes," Nazziola said, after working on the details with Business Manager Edward Appleton. This enabled partially occupied buses to be boarded by youngsters using Buses 21, 22, 23 and 24.

Under the plan developed by Nazziola, 22 students from the old School 1 district heading for School 4 would board the 21 Bus at Harrison Street.

"This takes care of all the pupils from old School 2," Nazziola said. Bus 22 will take an additional 20 students to School 3 and an additional five students to School 8.

Bus 23 will take an additional 24 students to School 8, and an additional three students to School 5.

Bus 24 will take an additional four students to School 7.

Parents will be informed as to times and locations of the new bus

stops.

The aim of the plan is to answer the protests of parents in the old School 1 and School 2 districts who said that busing had been promised their children when those schools were closed.

Nazziola and the Board of Education were accused of "rac-ism" by the Rev. Lucius Williams, Pastor, of the Second Baptist

Board members responded that it was lack of money that forced a reduction in courtesy busing that displaced 150 pupils from the program, townw-wide.

The Nazziola plan does not

The Nazziola plan does not affect the remaining 70 to 75 pupils in other areas of Belleville who will continue to find their own way to

Nazziola said he had informed the Rev. Mr. Williams of the new

busing plan. The reduction in busing follow-ed the defeat of the school budget last April and the subsequent reduc-tion of the school budget in the amount of \$865,000 by the Bellevil-

le Township Council. Some \$630,000 was ordered restored to the budget by the State Commissioner of Education, but the restoration did not include money for busing.

Nazziola said he worked four

days on the plan.

The Board of Education must

approve the plan by Resolution on Nov. 29 before it can be put into effect.

Retired police will be honored

A dinner will be held to honor four recently retired Belleville police officers tonight (Thursday) at the Knights of Columbus Hall. Tickets will be available at the door, or may be obtained by contacting Detective Arthur Connelly or Lieutenant Joseph Rotonda at (201) 450-3333.

The guest of honor will be Captain Charles Oese, Captain Lee Quinn, Sergeant James Pindar and

Sergeant Joseph Sooy. Sergeant Sooy was appointed to the Belleville Police Department in 1964 and was appointed Sergeant in 1985. He served in the Patrol Division and was a Traffic Com-

mander and Squad Sergeant.
Sergeant Pindar joined the Police Department in 1967 and became Sergeant in 1980. He served in the Patrol Division

and the Records and Identification Bureau. He was Squad Sergeant in the Detective Bureau.

Captain Quinn joined the Police Department in 1968, becoming Sergeant in 1981, Lieutenant in 1984 the Patrol Division and the Traffic Bureau and was a Tour Command-

Captain Oese joined the Department in 1968 and served in the Patrol Division and the Juvenile Aid Bureau. Appointed Sergeant in 1963, he served as Squad Serge-ant in the Patrol Division and the Detective Bureau.

He became a Lieutenant in 1988 and served as the Commandina Officer of the Juvenile Aid Bureau. In 1991, he became Captain and served as Tour Commander in the Patrol Division.

Dominican Order may sponsor Senior Housing for Belleville

Teh Believille Township Council plans to interview Sr. Alice Matthews of the Dominican Order at Caldwell College for possible sponsorship of a proposed Senior Citizens housing project.

No date has been set for the interview, but sources indicate it would be within the next month.

The Township does not plan to seek a Housing and Urban Development grant to finance construction of an estimated 80 to 160 units on five acres recently acquired from Essex County.

Instead, current plans call for a developer to provide the funding as a tax write-off.

An impartial administrator is being sought to qualify residents for the housing.

By using private funding, the Township will have control of the selection of residents.

At the same time, the Dominican Order has gained a reputation for administration of senior housing on an ecumenical and impartial

Final plans for the project are not yet formulated. The Township Council interviewed two planning experts, Greg Cannitto and Ken Nelson, to take a part-time Planning Director's post, at \$25,000 a year. While Township Manager Stephen Cuccio has the discretion in hiring the Planner, he said he

We think Barbara Tuck, a perfectionist, should be happy with the Veteran's Day Parade which she helped organize. It was a stirring and well-mounted display of marching bands, colorful units and the first ever appearance here in Belleville of The Bayonets, the Drill Team of the United States Military Academy. Barbara was disappointed that promised units of the 50th Armored Division did not make their usual appearance, but this was more than offset by the arrival of the West Point grey dress uniforms and clockwork precision of the rifle tossing Color Guard unit. The Revolutionary War dress of the Colonial Musketeers of Hackettstown, the kilted pipers of the New York Transit Police Band, the red-uniformed Saddle River Fire Department Band, the bright uniforms of the school bands, including Belleville's own, the strutting Melrose Black Hawks, state champions in the American Legion tourney and the incredible Weequahic High School Band, which now traditionally closes out the parade, made for a wonder display of sound and color that emphasizes our regard for this annual observance. Barbara, and the Belleville Veterans Council, has a lot of which to be proud. And we don't think that Grand Marshal Bob Browning will forget the sunlit day he led 1,600 marchers down Washington Avenue.

The Army Major who was Officer-in-Charge of the visiting West Point contingent turned out to be a Doctor of Veterinary Medicine. (He kept saying to us, "I'm a Vet." We kept replying, "So is almost everybody else, here.") He said he happened to be available for the assignment. Being a veterinarian, or horse doctor, he said, "Of course, if anyone catches a cold, or breaks a leg, I have to shoot him." • • • The day ended with Commander Bill Newmeyer of Belleville American Legion Post 105 playing host to the marchers. Soft drinks, frankfurters and four kegs of lager were on hand for the hungry and those of thirst. A welcome

respite after a good day's parade. Sunday was the annual Dinner-Dance of the Belleville Irish American Association, held at the Knights of Columbus Hall, and this year, the crowd was larger than the previous year, which has been a steady trend for the organization. George Lynch, Treasurer for the Association, said he was surprised to learn how many Irish still resided in Belleville. Around the time of World War II, he said, the preponderant population of Belleville was Irish. The post-war generation set out for the suburbs, and for all parts of the country, and the Association has become a way for old friendships to be reestablished. Those who have remained in Belleville have deep roots here. Pat Nichols, who was honored as Irish Person of The Year, along with John Tague, said her family still owns the house in which her grandfather, Michael Goldrick, settled after coming to America from County Cavan. He had found work with the City of Newark Water Department, and that is how he made his way to countrified Belleville. Pat's father, Patrick, and his wife, the former Dorothy Whychell, lived in the same house, and Patrick was also employed by the Newark Water Department. And while the Goldricks were on the job, the City of Newark never dared to raise the water rates to Belleville. • • • Pat is a graduate of School Four and Belleville High School, and she makes her living as Bookkeeper for the Sudler Companies, a construction and management group, in Roseland. An active parishioner of St. Peter's Church, she is a member of Court Sancta Maria of the Catholic Daughters of America. She also is a charter member of the Belleville Irish American Association. • • • Pat made a group tour of Ireland but she never got to Cavan, something she would like to rectify on her next visit to that country, so innocent of politics and politicians. • • • John Tague is today a teacher of Industrial Technology at Secaucus High School, but it was not always thus. He was a printer for 27 years, an honorable profession that left him stranded when his employers moved to Virginia. He preferred to stay in Belleville, and he decided to pursue college credits while working. In 1982, in his 50's, he received a Bachelor of Science Degree in Education from Montclair State College and in 1989, well into his 60's, he won his Master's Degree in Education from Rutgers University. He was teaching while he earned his degrees, and he still enjoys the profession. • • • • His father, Michael Tague, came from an Irish enclave in East Glasgow similar to the Irish enclave in Liverpool in which the Beatles grew up. Father Tague came from a monied background. His father was what the British call a "Turf Accountant" and what Americans call a Bookie. "He said he sick of money," John Tague said of his father, "so he came to America." He did all right, here, marrying Sarah Connolly and becoming head of the upholstery division of the Ford Motor Co. plant in Mahwah. In World War II, son John joined the United States Navy and became an Air Crewman aboard a Torpedo Bomber. His unit replaced Torpedo Squadron Eight, which won immortality in the Battle of Midway. The only Squadron Eight pilot who survived the battle was Butch Simpson, who had trained Tague in flight school. Fortunately, the war ended before the law of averages could kick in, and Tague made it home in one piece. • • • John Tague married Rosemary Crorkin and lived in Kearny before moving to Belleville in 1955. There are five children and 10 grandchildren, and John is making sure that every one of them has a good formal education. Cead mille failte!

Township Clerk Mary Lou Hood, who was Irish Person of The Year for 1992-3, was on hand to handle the receipts, and she also had a call on her for her municipal duty of registering voters. Noel Carragher, who recently became a United States citizen, was duly enrolled as a voter, in the ante-room of the Knights' meeting room. She's got the authority, and he's got the vote. • • • Kenneth Bru, a long standing supporter

of the Beileville Public Library and Information Center and a member of its Board of Directors, said his father settled in Belleville after scouting a number of towns. "He selected Belleville because he found the people to be the friendliest of any he had met." The elder Bru was a man who appreciated friendliness whenever and wherever he could find it. He worked for the Internal Revenue Service.

Our Copy Cat, Baldassaro DiVincenzo Mitten, has unpacked his bags for the time being, having anticipated a trip to Bloomfield which did not come off. "Anyway, I have pressing duties on the Essex County Board of Freeholders, ever since they elected DiVincenzo to the Board. Baldassaro or George, what's the difference? The DiVincenzos are All for One, and One for All, and if it's a paying job, it's divvies!" • The Kool Kukumber Boys located their peerless leader, Fifth Ward Councilman Harry Zilch. He had attended a lecture by his favorite commentator, Plush Limburger. "He's promoting a plan to Lower Expenditures for The Elderly by Making Devious Income Enhancements," Zilch said. "It's otherwise known as L.E.T.E.M.D.I.E."

Hearing reported on Chief Beresford

A special in camera hearing, closed to the public, has been held in the Municipal Building with a retired Superior Court Judge as arbiter, on the question of the suspension without pay Chief Walter Beresford.

Sources said the hearing was held last week.

The findings were limited to the question of whether or not suspension without pay was justified.

Beresford Beresford was suspended without pay by Acting Manager Raymond Kimble after a report issued by the State Commission of Investigation criticized the Chief for alleged irregularities in overtime payments.

Beresford was not accused of

personal gain.

No findings by the hearing Judge have been made public.

OUR OPINION

A Passing of Days

Autumn leaves are lovely things, in shades of red and gold, But they presage another time, when summer has grown old. When frost paints silver fantasies, upon the bare, brown hill, That green in summer, freely spent, the gold of daffodils; When brittle leaves in burning heaps, perfume the keening breeze, That searches aimlessly, a wraith, among the tattered trees. Unlike the autumn leaves that fall, and sadly fade away, Love blossoms brightly in the heart, to warm each passing day.

Julia E. Jones

The election aftermath

Chris Whitman carried Belleville over Jim Florio by 146 votes. Senator Scott beat former Senator Gabe Ambrosio by 1,577 votes. Nutley Commissioner and incumbent Assemblyman John Kelly beat Mayor Marina Perna by 2,461 votes. Top Freeholder-at-large Democrat DiVincenzo, Jr. received 3,564 votes against the top Republican challenger Calabrese who received 4,212 - 648 majority for the Republican challenger. First, Third and Fourth Ward voters were able to vote for District Freeholder. Incumbent Joe Parlavecchio beat out his Republican challenger 1,452 to 1,330. Incumbent 5th District Freeholder Arthur Clay beat out the successful District Democrat Louise Palagano 2,481 to 2,047. Clay received 2,783 less votes

than Assemblyman John Kelly.

The vote, in general, indicates the resentment voters have against high taxes.

It is unfortunate that over the years, the industrial and commercial ratables that would have lessened the tax burden for the homeowner have been allowed to disappear.

The Belleville public cannot escape responsibility altogether for this loss of ratables. Shortsighted policies have been supported, and demanded.

The political leaders of the past responded to those desires, and the result is the problems now faced by this generation of taxpayers.

The Third Ward recall

On Dec. 7, voters of Belleville's Third Ward, who have barely recovered from last Tuesday's election, will be asked to decide if Tom Spillane or Kevin Kennedy will be their Councilman.

This will be the first recall election held since the new Council-Manager form of government was installed in June 1990.

It should be noted that Mr. Kennedy was a strong opponent of the change to Council-Manager governemnt, while Mr. Spillane has been a strong supporter of it.

The same cannot be said of the Council majority, whose attitude toward the Faulkner Act has been less than supportive.

Mr. Spillane, a retired executive of New Jersey Bell, has been one of the few voices of reason on the Council, since his election in 1990. Mr. Kennedy, an affable and popular

man, has never really rescinded his hostility to the Council-Manager form of govern-

The main problem of Council-Manager government is that it has been flouted by the Council majority since June of 1992, when the election of Charles Cerami to replace Frank Caputo drastically changed the direction of township government.

To replace Mr. Spillane would be to further diminish the voice for the kind of government the public wanted in 1990, and wants today.

Those seeking to oust Mr. Spillane say: "He has done nothing."

We agree to this degree. Mr. Spillane has done nothing to warrant his being removed from the Council, and his presence is sorely needed by that embattled governing body.

Edward O'Neil Park, right!

Single handedly, Ed O'Neil, a man in his 80's, cleared the debris and underbrush from the shoreline near the Rutgers Street Bridge, planted the Flag, and created a Park.

He has urged naming the Park after the Essex Regiment that guarded the spot against the British and their sympathizers on the other side of the Passaic River.

The remains of those Revolutionary War militiamen still rest in Belleville, in the graveyard of the Reformed Church nearby.

Our thought is that a fitting name for this Park should be the Edward O'Neil Park, and we should honor this man in his lifetime, just as he has honored this community by his presence and his good works.

Burgio says 'thanks'

To the editor:

I would like to thank all of your readers who supported me in the campaign for the office of Essex County Surrogate.

In many communities, I received more votes than any candidate running for any office. Had suburban Essex determined the outcome, I would have won

handily. As it was, I could not overcome the multitudes in the urban areas.

I am most grateful for the votes I received, the many good wishes that came with them, the work of my campaign staff and the testimony to enduring friendship that all of this represents.

Scott says thanks

To the editor:

Being the winner is one of the greatest feelings in the world and when you have many to share the victory with, the feeling is a thousand times better. I am extremely grateful to all those who gave me their vote of confidence and made my bid for re-election a reality Nov. 2.

As a senatorial candidate for the 36th Legislative District in this past election, I can tell you that the campaign would not have been won had it not been for the hundreds of volunteers who continuously stood by my side over the past few months and worked so hard to make sure that I was re-elected to the New Jersey Senate. My heartfelt thanks are extended to every individual who extended a helping hand to me in this election.

This campaign, as most know, was not easily won and at times was upsetting and unpleasant for all involved. I was very fortunate to have the support and strength of my wife, Betty, and my entire family throughout the campaign. It was not an easy time for any of them, especially my grandchildren who had to hear their grandfather called some horrible names.

Regardless of whether I won or lost this election, the love and support I have received from my wife and family throughout would have always made me a

I can not forget the thousands of voters who made sure I would have the opportunity to represent them for four more years. I am grateful for the support many gave me throughout my first term in office and during the campaign. For those who were unable to support my candidacy, I hope that my representation of them over the next four years will afford me their

My District Office Staff must be commended for an outstanding job; they have helped me provide the residents of the 36th District with responsive and effective constituent services.

As I previously stated, elections are always tough and a victory is the result of the efforts of many. I am proud to have been re-elected and thank all who were at my side to make sure it happened.

GOP workers thanked

To the editor:

As vice-chairman of the Belleville Republican Organization, I extend my sincere thanks and appreciation to all our district leaders, party members and the general public for their overwhelming support on Nov. 2 in electing our first woman governor in New Jersey. In addition to the governorship, we also had a clean sweep of every position on the ballot, Senate, two Assembly seatrs, surrogate and five freeholder seats.

The victories of Senator John Scott and Assemblymen John Kelly and Paul DiGaetano, helped the Republicans maintain majority control of

both the Senate and the Assembly.

I am extremely confident that our new Governor, Christine Todd Whitman, together with a Republican legislature will lead us out of our severe economic recession and reverse the devastating policies of the Florio administration.

The vote tallies show that Belleville voters are truly independent thinkers and our Republican platform was supported regardless of party affiliation. Thanks again for your continued support.

attention they need.

Dr. Paul LoVerme, plastic surgeon from Mountainside Hospital in Montclair, says he enjoys the trips and the happiness it brings to these children and their families. According to Dr. LoVerme, approximately 55 surgeries are done on each trip. Common surgeries performed include surgery on harelips, cleft palates and burn injuries.

When a child comes to the U.S. for a surgery, he or she stays with a host family. Kathy Queenan is a host mom to Francisco Cisneros of Guatemala. Francisco had severe medical problems and probably would have died without the help of Healing the Children. He will be here in the United States until he

recovers from surgery.

YOU HAVE THE POWER

hildren wish for simple things...magical castles, fanciful characters, lively parades. For a child with a life threatening illness, their wish may go no further than their crayon.

This year, you have the power to make a special child's dream come true. When you open a Holiday Club from October 25 through December 25, we'll donate \$2 to the Make-A-Wish Foundation of New Jersey.

What's more, you can now have your club payment automatically deducted from any First Dewitt Savings Bank checking account.

The work of the Make-A-Wish Foundation is made possible through the concern and support of people like you. So this year instead of receiving a gift for opening a Holiday Club, you can give a gift-the gift of making a child's wish come true.

Oil spill contained

An unusual accident resulted in a spill of diesel oil on Montgomery Street, Monday morning, but quick action by the Belleville Fire Department prevented the oil from reaching the Second River.

A freight truck owned by Johnson Motor Freight of Easton, Pa., had unloaded cargo at the Charter Fabrics plant, Montgomery St.

When the truck pulled away, it scraped the bottom of its own fuel tank, causing a rupture that spilled oil on the street.

Fire Captain Carmen Vicari, who responded with the Hazardous Materials Team, estimated that 50 gallons of fuel oil were released

The firefighters used sand to dike the oil and prevent it from reaching the nearby storm sewers. Active Oil of Newark was called in to clean up the spill.

Belleville

This Saturday, the Belleville Buc football team will play a game at

St. Joseph's of Montvale, starting at 1 p.m.

St. Joseph's of Montvale, starting at 1 p.m.

For the record, it's the most important football game a Belleville team will play in three years. The last "big" game the Bucs took part in was on Thanksgiving Day, 1990 when the team needed to defeat arch rival Nutley in order to wrap up a winning season.

John Senesky's club pulled through that day, winning 21-6. The '90 Bucs rooted a 5-4 mark, and a few months later, that mark improved

Bucs posted a 5-4 mark, and a few months later, that mark improved to 6-3 when it was discovered that Bloomfield used an ineligible player when the Bucs and Bengals met in week two. Consequently, Bloomfield's 17-7 victory turned out to be a Buccaneer triumph by

Now, fast forward three years to the '93 team. After a 30-30 stall, the Bucs have played very well the past two weeks, downing Paramus 42-27 two weeks ago and dominating Teaneck 21-7 last Saturday. Entering this weekend's game at St. Joe's, Belleville is 4-3. Why is this game so important? First of all, Belleville is in line to win the NNJIL Pacific Division title. Despite the overall 4-3 mark, the Bucs are 4-1 in the league, which is good for a second place tie with Hackenseck. St. Loc's leads the division with a 5-0 mark. For the Hackensack. St. Joe's leads the division with a 5-0 mark. For the season, the Bergen County powerhouse is 7-0 and holds a lofty number five ranking in the state.

Among St. Joe's victories in 1993 was a thrilling 16-13 win over powerful Hackensack, the same Hackensack team that dominated

Belleville 41-7 in week two of this season.

St. Joe's has dominanted the series with Belleville over the past three years. They won in 1990, (19-0), 1991, (13-0) and last year, (16-10). Last year's game, at Doc Ellis Field, was a hard fought contest that went down to the final minute of the fourth quarter before St. Joe's

After the game last year, a dissappointed Joe D'Ambola, the Bucs defensive coordinator, echoed Belleville's sentiments.

"Moral wins don't count anymore," D'Ambola said. "We should have won. We can't be happy with this game. I'm tired of hearing that

we played well. Let's win the game."
On paper, St. Joe's is the obvious favorite in this years meeting. While the Buc players have respect for the opponent, they aren't running for cover, either.

"We can win," quarterback Mike Mundy said. "We just have to get everyone on this team to believe."

"We're thinking 6-3," said senior linebacker Cliff Mann. We want

to win the last two games, get a share of the conference title, and finish 6-3. It can be done." If Belleville can pull the upset this weekend, then defeat arch rival Nutley on Thanksgiving, they would finish 6-1 in the league. Most likely, that would equate to a three way tie for the title since

Hackensack and St. Joe's are unlikely to lose on Thanksgiving.

"Don't forget, we have a young team," Senesky said. "The kids have made a lot of strides this year. We felt this team would get better

as the year progressed and they have."

For the Bucs to be in the thick of the conference race in the eighth week of the season is a tribute to the coaches and players. The Pacific Division is once again a tough conference, and for a young team like Belleville to be threatning for the championship this late in the year is quite a feat.

If Belleville's running game, led by Anthony Caruso, Dino Durante, Sal Berardi and hopefully Ed Miranda can get things going early, the Bucs have a legitimate chance. (Miranda is trying to come back from a severly sprained ankle and is questionable for this Saturday's game)

The key, in addition to the running game, is Mundy, the senior QB. Last week, he played a flawless game, completing a high percentage of his passes and avoiding the turnover. If the Bucs can stay away

from turnovers, this game is definately within their grasp.

Defensively, Mann has done well at lineback, while Alex Loney and Robert Dena pace the defensive line. Joe DePerl has been outstanding in the defensive secondary and Michael Christy plays the game with reckless abandon at free safety.

The Bucs are hoping that senior linebacker Joe Citarella will be able to play this week. Citarella has been recovering from a shoulder

it should be a tremendous test for the Bucs, who are

gaining confidence as the weeks progress.

COLLEGE FOOTBALL

Florida State and Notre Dame will get together this weekend in the newest "Game of the Century". A few weeks ago, Miami and Florida State battled in a similar game of the century. This Saturday's game should be another wild contest, and unless there is ten feet of snow on the ground, the Seminoles from FSU should win.

That sets up an interesting situation come bowl time. There is the possibility that FSU might have to play Miami for the national title in the Fiesta Bowl. Florida State has already stopped the Hurricanes once this year, and a rematch in a bowl game is highly unusual,

especially in a game that would decide a national crown.

Nebraska is trying to "run the table" and go undefeated into the Orange Bowl, and West Virginia is also in the running for the crown. The only problem with West Virginia is they have to play Miami and Boston College in successive weeks, and the feeling here is they won't win both.

The Rose Bowl game should be an interesting game with most likely Ohio State playing UCLA. After a slow start, UCLA has been playing outstanding football, and they could be the best in the nation but won't be in line to win the national title because of two early defeats.

The ball is in Florida State's court. If they beat Notre Dame, they're not out of the woods because the Seminoles must also play Florida late in the season. Should FSU win those games, look for them to go to the Orange Bowl, should Nebraska remainundefeated the rest of the way. I doubt seriously that Florida State will head west to the Flesta Bowl to play Miami if they can stay in their home state and play undefeated Nebraska for the national title.

LAST WEEKS QUIZ

Notre Dame last won the NCAA football championship in 1988, beating West Virginia in the Fiesta Bowl. Lou Holtz coached the Irish and Rocket Ismail was a key player for the Irish. Ohio State last won the national title in 1968, beating USC in the Rose Bowl. Woody Hayes was the head coach and Jack Tatum was a big part of that team. Nebraska last won the crown in 1971, stopping Alabama in the Orange Bowl. Tom Devaney coached the Cornhuskers and Johnny Rodgers was their Heismann Trophy running back.

D" Ambola hurt NNJIL showdown this Saturday

Bucs win behind Mundy, A. Loney

Playing by far its most impressive football game of the '93 season, to date, the Belleville Bucs dominated the Teaneck Highwaymen 21-7 last Saturday on a muddy Doc Ellis Field.

In the final home game of the season, Belleville improved to 4-3 with the victory. More importantly, the win boosted the Bucs record in the NNJIL to 4-1. This Saturday afternoon, Belleville will travel to Montvale to take on powerful St. Joseph's at 1 p.m. St. Joe's leads the conference with a 5-0 record (7-0 overall) while Belleville and Hackensack are tied for second with 4-1 marks.

This is the first time since 1986 that the Bucs have won four games by the seventh week of the season. The '86 Bucs went on to a 6-3 mark and won the NNJIL Essex-Passaic championship. In 1990, the Bucs finished 5-4 but needed to win its final three games to accomplish that feat. The '90 Bucs were never at, or above, .500 until the final game of the season.

The news wasn't all good, howev-

er. Buc defensive coordinator Joe D'Ambola suffered a knee injury running off the field after a timeout late in the agme. D'Ambola was noticably limping after the game. He also threatened this reporter if the injury was disclosed, but journalistic integrity demands that all angles of a game be covered.

"You better not mention this," the coach said as he hobbled to his car. "I mean it!"

D'Ambola is listed as day to Jay and is hopeful for this Saturday's

Once again, Anthony Caruso had a marvelous day for the Bucs. Caruso, a senior fullback, eclipsed the 100 yard mark for the second straight week, gaining 127 yards and scoring two touchdowns. In the past two weeks, Caruso has gained 263 yards and has scored six TD's.

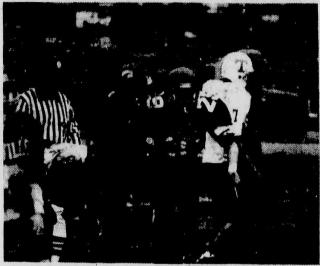

Head coach John Senesky made a move with Caruso a few weeks back reminiscent of a similar switch in 1980. Back in 1980, Senesky switched halfback Frank Fazzini to the fullback slot and the junior responded with a 1,000 yard season. 13 years later, Caruso has moved to the fullback position and had it not been for a knee injury that shelved him for two weeks, Caruso could well be over the 500 yard mark with

two games remaining in the season.
"Caruso has done a great job,"
the coach said. "He hits the hole

well and is a very intense player. He doesn't want to come out

Soccer team stopped by Montclair, E.O.

By Mike Lamberti

The Belleville soccer team was defeated in the semi finals of the Essex County tournament by Montclair, 3-0 last week. The Bucs also lost to East Orange, 1-0 in double overtime in the sectional quarterfinals.

Gino DePinto's club took an 11-5-3 mark into last Monday's NNJIL game with Nutley. The Bucs will conclude the 1993 campaign against Don Bosco, at Clearmon Field. However, the date and time of that game is not known, due to state tournament scheduling con-

Against Montclair, the Bucs played at Livingston on the artificial turf.

"No excuses, because we both played on the turf," DePinto said, but we never could adjust to it. We didn't play well, we didn't seem to control the ball at all.

"Montclair has a real good team, once again. We knew that it would be a tough game."
Against East Orange, DePinto

was surprised at how good the Panthers were.

"They've got some real good athletes," the coach said. "We haven't seen them this year, so it's hard to judge. But I have to say they're one of the better teams we've played this year.'

East Orange prevailed with a goal in the second overtime.

"Once again, I can't complain with the game," the coach said. "We played well, they played well. It came down to one goal.
"I'll tell you what. I'll take 11 wins

every year. We've had some good years the past three seasons and the kids have nothing to be ashamed of. We played our best and gave it a

The Bucs are still alive, albeit

barely, for the NNJIL crown. Belleville is 7-2-3 in the league while Hackensack and Don Bosco each have one loss in conference play.

"It's almost impossible to win the league," DePinto said. "But we have a chance to be a spoiler, and maybe with a few breaks, we could still do it. But we're down to two games, and we have to hope for a few upects."

The Junior Varsity ended the ear with a very impressive 12-2 mark. The Bucs lost to St. Benedict's, 5-0 last weekend in the championship game of the JV Ess-

ex County tournament.

"The JV played very well,"

DePinto said. "I'm hoping to use some of the players in the varsity games this week."

Sal Berardi (22) looks for running game during game with Teaneck. Berardi should be key player in this week's game at St. Joe's.

Rowdy fans cross the line

By Steve Patchett

As a sportswriter, I'm probably the last person who should be talking about etiquette.

Sports are supposed to defy etiquette. I mean, stadiums were built so that rowdy people can put on pig noses, paint their body, and whoop it up for two or three hours. Right? Well, to an extent.

There are some kinds of fan behavior that cross the line recently I've seen so much of it that it's become bothersome.

At a recent high school soccer game, the fans were so obnoxiously vocal that they were warned by the referees, and even some of the players, to please be quiet. And these weren't teenagers trying to show off for each other. These were parents.

Most of the uproar was over the game's officiating. Now, I'm not about to defend the referees. But believe it or not, referees are hum-an and they aren't going to catch everything. Some days it does seem like they miss a lot of calls, but very rarely will they determine the outcome of a game.

When a referee misses a call and a player's safety is at stake then the fan has a legitimate gripe. But a lot of the heckling was nitpicky and seemed way out of line.
I'm convinced that fans chew out

referees and yell at players because they want to be a part of the game. They want to feel like they have some control over the outcome. Well, guess what? They don't.

And after listening to the absurd comments directed at players, referees and coaches, you feel like

turning around to these people and saying "Can you really do any better? Why don't you get out there on that field?"

I've seen (and heard) too many parents try to live out their sports fantasies through their kids. They yell instructions, they blast every tiny mistake, and they give advice whether it's called for or not.

Kids don't need this kind of heckling and embarrassment in front of the fans and their fellow players. It makes the players uncomfortable and it also makes the town look bad.

There's nothing wrong with rooting your team on, but do it in a positive manner.

Soccer is a game. It's not life or death. It's played by kids and it's supposed to be fun.

Let's try to keep it that way.

yards and scored four touchdown's against Paramus two weeks ago, Caruso had to run on a very sloppy field against Teaneck. In addition, Caruso injured his knee very early in the contest. He came out for a few plays, then returned and was outstanding for the rest of the game. Also, keep in mind that reaneck has one of the tougher defenses in the Pacific Division.

There were many solid performances in the game. Quarterback Mike Mundy played by far the best game of his high school career. The senior ran the offense flawlessly, not throwing an interception and mixing the short and medium range passes very well.

'We believe in ourselves," Mundy said after the game. "We know we can go to St. Joe's and play a good game. The conference title is on the line for us. Also, we want that winning season. This team just has to believe we can win. We've got the talent."

Dino Durante scored a touchdown and ran well out of the backfield. A junior, Durante rushed for 66 yards on 11 carries. Sal Berardi was his usual elusive self. The Bucs have one of their fastest backfields, ever. With Caruso, Durante and Berardi, not to mention the injured Ed Miranda, Belleville has a number of threats that can either run or take the short pass and

turn it into a long gain.

Defensively, Cliff Mann turned in another outstanding game at linebacker. The senior also knows the importance of this Saturday's

"We're thinking 6-3," Mann said, referring to what could be Belleville's final regular season mark. "We have a shot at winning the conference. St. Joe's is a good team, but we have good players here, too. And our defense is coming around.

Alex Loney, a senior lineman, was excellent in the defensive trenches, stopping the Highwaymen running game on a number of critical occasions.

The Belleville defense held a good Teaneck squad to one touchdown, and that score came off a turnover. Teaneck recovered a Buc fumble deep in Belleville territory in the second quarter and converted three plays later.

The Bucs came right back, using the aformentioned ground game to its advantage. Mix in some excellent throws by Mundy, most notably a 25 yard strike to wide receiver Michael Loney that put the ball deep in Highwaymen territory. Caruso wrapped up the drive with a one yard run.

The Bucs missed the point after kick and trailed 7-6. The conversion miss looked critical. Back in

1991, Belleville and Teaneck played a close game at Doc Ellis Field. In that game, the Bucs trailed 7-6 late in the game. Teaneck scored to increase the lead to 14-6 before Mundy rallied the Bucs back. Belleville ended up losing the contest 14-12, with conversions deciding the outcome.

This time, the missed kick wouldn't affect the outcome. In the third quarter, Belleville ate up the clock again, driving 69 yards in eight minutes, capped off when Durante went over from two yards out. Mundy then passed to Berardi for the two point conversion and the Bucs led 14-7.

In the fourth quarter, Belleville drove 64 yards in seven plays, with Caruso scoring from four yards out. Mundy hit the PAT and the Bucs had a comfortable 21-7 lead.

"I thought the kids played a great game, especially when you consider the condition of the field," Senesky said, referring to the muddy conditions, thanks to a steady rainstorm the previous evening. We felt this team would get better as the year went on, and a win like this, against a good team, does a lot for their confidence."

As for St. Joe's, Belleville will face a powerful team. St. Joe's is 7-0 on the season and is ranked fifth in the state. It's the fourth time this season the Bucs have faced a team ranked in the top 20.

"They have great speed and tremendous talent at the skill positions," Senesky said of St. Joe's. "They're consistently one of the best teams in our conference and in the state. This is a big challenge for our kids." But a challenge the Bucs eagerly

"We're looking forward to the game," Caruso said after the Teaneck contest was in the books.

"We just need to get everyone to believe we can win," Mundy said once again.

It should be a tremendous game.

NOTES: Bucs have not fared well with St. Joe's over the years. Belleville's only win in this series was ten years ago, with Mark Walsh and Mike Murphy led the Bucs to a 30-6 triumph. After the 1983 game, the teams did not play until 1990. St. Joe's won

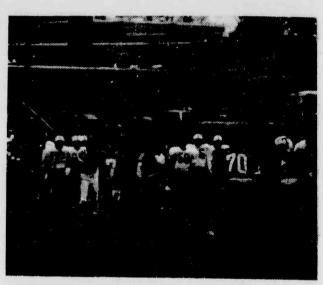

that year, 19-0, then prevailed 13-0 in '91 at St. Joe's. Last year, the Bucs took an early lead, but St. Joe's came back to win a tough game at Doc Ellis Field, 16-10. Joe Citarella is listed as hopeful

for this Saturday's game. Citarella, a senior linebacker, has been recovering from a cracked shoulder.

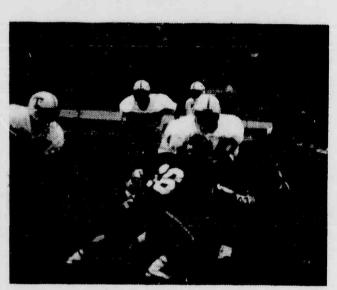

Mundy played an outstanding game despite suffering from a bad cold and slight flu.

Defensive coordinator Joe D'Ambola gives instructions from sideline. D'Ambola injured his knee late in the game but should be okay for this Saturday.

Mike Mundy rolls out to pass last Saturday. The senior quarterback played a tremendous all-around game.

Jason Christy (16) gets ready to tackle Teaneck runner in second quarter last Saturday. Christy has played well for the Bucs this year.

A NEW EPILEPSY MEDICATION

There is some hopeful news for the ore than 60 percent of adults with epilepsy who suffer from partial zures. As of July 30, 1993, the Food and Drug Administration has approved the drug Felbamate to help prevent par-tial seizures among epilepsy patients over the age of 14. The partial seizures that the medication is intended to counter occur during full or impaired consciousness to cause changes in feeling and involuntary movements (such as chewing). A seizure of this kind may lead to generalized convulsions which affect the entire body. Felbamate also gained FDA approval for the treatment of Lennox-Gestaut Syndrome. This condition affects nearly ten percent of children with epilepsy and does not usu-ally respond to traditional medications.

When your treatment calls for a medication bring your prescription to us at ROSSMORE PHARMACY, 338 Washington Avenue, 759-1968, 759-1956. We are Medicare and Blue Cross approved. Baby needs, cameras and film are stocked. Hours: 9am-10pm daily, 9am-9pm Sundays. Annually in November the National Epilepsy Foundation of America sponsors National Epilepsy Awareness month.

HINT: Felbamate is the first major epilepsy drug to be introduced to the U.S. market since 1978.

Ideas for Successful Math Recipes

Cooking Up Good Math

The most important ingredients are:

· many ways to solve problems.

5+2=7

· to be able to explain what you do. Talk or write about how you do it.

 to think logically so your answer makes sense.

· to see how math connects or figures into your everyday life.

The Mini Page asked Rookie Cookie, our cook, to help us explain to kids and their parents more about what is going on in math.

New ways to teach math are being cooked up in classrooms across the country.

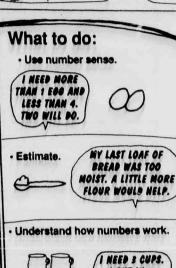

To cook up good math habits, according to experts, students should learn strategies to help them think through any math problem.

Most experts say that these strategies, blended with math facts and skills, result in success.

These new math recipes were cooked up by expert math teachers.

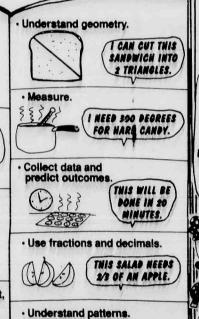

These standard ingredients were prepared by the National Council of Teachers of Mathematics.

The Mini Page thanks consultants Dr. Tom Rowan, co-director, project IMPACT, (funded by the National Science Foundation); Dr. Honi Bamberger, math specialist, project IMPACT; Dr. Brenda Hammond and Josepha Robles, math specialists, Montgomery County (Md.) Public Schools.

TRY 'N FIND

Some of the things you will need to cook up good math are hidden in the block below. Some words are hidden backward. See if you can find: PROBLEMS, TALK, WRITE, THINK, DATA, STUDY, ANSWERS, NUMBERS, SENSE, ESTIMATE, ADD, SUBTRACT, MULTIPLY, DIVIDE, GEOMETRY, MEASURE, PREDICT.

Ask a partner to put a square around the letters in his or her first name eac time one appears in this block. Put circles for the letters in your first name. Who has the most?

For a Well-Balanced Math Diet, You'll Need to: Use the Mini Page as a guide to make up other problems to try out on a partner at school or family member at home Use number sense **Estimate**

to understand that:

Rookie Cookie's Recipe **Crunchy Strips**

You'll need:

4 cup butter or margarine, melted /2 teaspoon garlic salt /3 cup corn flakes cereal, crushed

1/4 cup Parmesan cheese, grated
 4 slices bread, lightly toasted

What to do:

1. In medium bowl, combine melted butter or margarine and garlic salt. Mix well.

2. In another bowl, combine cereal crumbs and cheese. Mix well.

Cut each piece of toast into 4 pieces

4. Dip each toast piece in the butter mixture, then in the cereal

Place on a baking sheet. Bake in a preheated, 400-degree oven for 10 minutes.

If you double the recipe, how much of each ingredient would you need?

Numbers are built of different numbers. OUART CUPS A number can be both big and little CUP OF SUGAR CUP OF SUGAR IS TOO MUCH FOR 1 GLASS OF IS TOO LITTLE FOR 5 PITCHERS LEMONADE. OF LEMONADE. Numbers can be changed.

How much would 10 newspapers cost?

Collect data and predict outcomes.

Example: How many photos will you see in the

first 10 pages of your newspaper?

Count and see how close you were.

How many pages are there in half of your newspaper?

Understand how numbers work.

Example:

Freckles is 5 years old. Some people say a dog's year is 7 human. years.

What is Freckles' age in human years?

Use patterns Example:

Pretend you are offered \$1,000 to

deliver newspapers for a month. Another offer is:

· 1¢ the first day - 2¢ the second day

4¢ the third day 8¢ the fourth day and so on for 30 days.

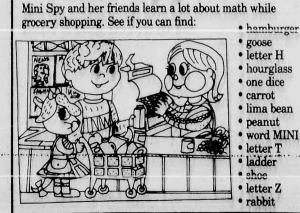

Which offer would you choose?

People in other jobs can also use this guide to cook up good math.

Party, party! Let's celebrate Halloween in next week's Mini Page.

TIPS ON-HOW TO WRITE A CLASSIFIED AD THAT SELLS

REFRIGERATOR/FREEZER, General Electric, 19 cu. ft., three years old, suid, sutomatic los maker, sutomatic defrost, like-new condition, \$400 or best offer Movins. must sell immediately. Call Saturday between SAM and 9PM. 000-0000

1. Usc a KEYWORD. This immediately tells the reader exactly what it is you have to sell. 2. Make your description

CLEAR and FACTUAL. State the year, make, model, color. size, and tell what condition the item is. Also state the special features.

3. State the PRICE. Successful Classified advertisers have learned that the price in an ad helps increase the chances 4. If there's a genuine sense of <u>URGENCY</u>, say so. The words, "We're Moving" or "Must Sell Fast" suggests that readers respond immediately 8. Include your <u>PHONE</u> <u>NUMBER</u>. Classifieds get results fast and often generate immediate sales. If

you cannot be available to answer the phone at all times be sure to specify special calling times such as "after 6 PM" or "Before 11 AM". If you need assistance ask one of our

friendly AD-VISORS to help you word your ad.
