Fire, Police depts. asked to cut 50G

By Richard Dickon

The Township Mayor and Council met with the Police and Fire Chiefs at a budget work session April 25 and requested that each department trim \$50,000 from their respective 1994 budgets.

Several possible areas of budget reduction were discussed, including firefighters' clothing allowances, and possible retirements in both departments.

Mayor Marina Perna told both chiefs at the conclusion of their meetings that she would like them to return in seven to 10 days with reductions of \$50,000.

The fire department's budget is already reduced by about \$80,000 thanks to the Civil Service's approval of the department's reorganization.

Under the reorganization, four? Deputy Fire Chiefs would be given the option of retiring at full pension or accepting a position as Battalion Chief at reduced salary.

The move would create one lieutenants and one battalion chief for each of the Township's three firehouses and eliminate the rank of deputy chief.

Acting Fire Chief Robert Caruso and the council discussed why firefighters are given a \$500 clothing allowance and also receive \$56,000 under state law for station uniforms.

Caruso said the allowance was a contract matter and would have to be negotiated. Station uniforms must be "non-melting," according to the chief, usually made of cotton or a fireproof fabric.

Township Manager Stephen Cuccio said uniform allowances "will absolutely be part of contract

negotiations."

Councilman Thomas Spillane said "The problem is we're paying for the same equipment via the payroll that the state also makes us pay. That is a little too much."

Cuccio said there are no potential retirements in the fire department.

Perna told the fire chief "I don't want to reduce the budget for you. We will leave it to you."

Police Chief Raymond Kimble told the council that if the state's budget changes hospitalization and pension benefits for state employees, "We may have more retirements."

Under the proposal, police officers with 20 years on the force over the age of 47 can retire with hospitalization benefits, according to officials.

The police chief said he needs 94 total officers to qualify for state funding, while three officers are will be undergoing police academy training until June.

Council members agreed that personnel should not be cut.

Councilman Jim Messina complimented the police work at the Silver Lake Blossom Street Festival on April 24.

"There was a heavy police presence at the fair, and there wasn't the slightest bit of trouble. That's what you want," Messina said.

Perna told the chief "We don't want to touch personnel," while Deputy Mayor Mario Drorz said "Visibility of patrols is what is most important."

Cuccio said that the police had no overexpenditures in any department area last year and actually ended with a surplus.

Giddy-yup - Michael DeFeo saddled up and rode a pony, one of many children's activities at the Silver Lake Cherry Blossom Festival held April 24 on Franklin Street.

Christie Whitman

Whitman visiting Paserchia

The Committee to Elect Angie Paserchia has announced that Gov. Christine Todd Whitman will be making an appearance at a breakfast rally on behalf of Paserchia Saturday morning at 10:30 a.m. at the Knights of Columbus Hall, 94 Bridge St.

Paserchia served as Gov. Whitman's campaign coordinator in Belleville for both the primary and general elections last year. She also served as Whitman's Belleville coordinator for the Governor's 1990 unsuccessful U.S. Senate race.

Paserchia, who also serves as a legislative aide to state Sen. John Scott, has established a relationship with the Governor's office

Train extension mullied

By Richard Dickon

NJ Transit, the state transportation agency, held a planning meeting April 26, seeking participation from business people, commuters and other residents in Belleville in planning the alignment for the light rail system.

NJT has proposed an extension of the Newark City Subway approximately 400 feet to the abandoned Orange Line railroad bed, then continuing the link about one mile west through Belleville to the Bloomfield Avenue area of Bloomfield, where a rail vehicle

service facility would be located.

The April 26 meeting focused on the environmental phase of the project. Two meetings were held, one in the afternoon and one at night.

Residents from the Silver Lake District planned to attend the evening session and question the potential for increases in noise, pollution and crime that may lower property values.

NJT presented information on existing conditions in the

Perna to brief seniors on trip to Clinton health care summit

By Richard Dickon

Mayor Marina Perna plans to discuss President Bill Clinton's plans for universal health coverage with senior citizens, following her trip to Washington, D.C. for a one-on-one meeting with top health care officials.

As one of 30 invited guests from throughout the country, Perna was given details of the health plan, as part of an effort to combat misinformation about the plan she said is being sent out by some insurance groups.

The briefing was given by Robert Blacato of the Federal Division of Aging, along with Marilyn DiGiacobi of the Public Liaison's office. The meeting was sponsored by Leon Panetta of the federal Finance Office, according to Perna.

Officials told the mayor that Clinton was "fluid" and flexible in dealing with the Congress, insurance representatives and all others involved in the process.

"He is willing to work and make adjustments so that a plan for universal health care can actually be adopted," Perna said. "The plan is based on the principle that, at any given time in a year, 58 million Americans are uninsured, either through layoffs or other circumstances."

The purpose of mandating universal coverage, the mayor said, is to increase the pool of insured persons and ultimately reduce the

costs of premiums.

As an example, Perna said, a larger company would be asked to contribute \$1,600 to the cost of employee insurance, a number she said would be quite a savings to the Township.

Small businesses would be required to contribute only \$300 per employee, with the employee asked to contribute to the plan also. "This does not seem overly burdensome," Perna said.

During a question and answer session, Perna said she asked for specific numbers, including whether or not the amount of a premium would jump significantly after the first-year payment of \$1,600. While no guarantee was given that the premium would not increase, she said other questions were answered.

"People will not be compelled to use certain doctors," she said, "You will be able to choose your own health care provider."

Also, preventive medicine is to be included. "The President would rather see more spent on maintenance check-ups than have thousands spent on an illness that could have been prevented," Perna said.

New diagnostic techniques would be added that are not now covered, she added.

Other points made included outlawing unfair insurance practices such as raising rates when someone gets sick; charging older people more or taking away benefits.

Preserving Medicare, including keeping prescriptions and giving new options for long-term care in the home and the community, was discussed.

Guaranteeing private insurance, and benefits at every workplace, is also part of the plan, with government statistics showing eight out of 10 Americans without insurance to be in working families.

In addressing the senior citizens, Perna said she wants to clear the "enigmas. There are too many unknowns."

Televisions advertisements attempting to panic Americans with the possibility of poorer access and coverage need to be countered, the mayor said.

"Officials wanted to stress that the Federal Government has this plan and there are no complaints," she said, adding that the government will not take a major role on the bureaucratic level of health care administration, but will leave that with the insurance carriers.

From what she learned at the briefing, Perna said she could "surmise" that there may be a cap on premiums to prevent carriers from letting costs "go through the roof."

The mayor is finalizing a date to meet with seniors to explain the plan and to answer questions.

Information provided at the briefing offered these facts on America's health care crisis:

- Benefits are at risk for 81 million Americans with pre-existing conditions, which insurers can use to raise rates or deny coverage, while three out of four insurance policies have lifetime limits that cut off benefits when they are needed most.

- About two million people lose insurance each month, contributing to the 58 million number mentioned earlier.

- Families' insurance rates have risen 55 percent in three years.

- In 1993, six out of 10 employers offered health plans that let employees choose any doctor in their community, down from nine out of 10 in 1988.

- Without reform, officials said workers will lose almost \$600 in wages each year just to keep their health benefits by the year 2,000.

Mayor questions CVS mall on Washington Ave.

By Richard Dickon

The Planning Board continues to hear an application for a strip mall across the street from the site of a recently-approved Taco Bell restaurant project, with Mayor Marina Perna raising objections to look of the project and the placement of a large parking area in the front of the property.

The property is across from the site of the former Mead Ford automobile dealership on Washington Avenue and Little Street. The planning board approved the Taco Bell in February.

The property that once housed a Chevrolet automobile dealership is now in line for a CVS Pharmacy, a bank and other stores.

Perna attended the planning board meeting, saying she had many concerns about the project, including that the plans submitted looked nothing like the drawing distributed by the planning board and the parking situation, since the tenants wanted parking in front of the building.

Planning Board Chairman Sebastian "Sam" Papa said the board has assigned the Township

Planner and Engineer to work with developer's engineer and architect to satisfy the mayor's objections.

Perna said the original plans showed the buildings lining up in a row facing the street, but the current plans are "drastically different" and not aesthetically pleasing.

By having the parking in the front, the mayor said, "We will have an unsightly, dirty mess on our hands, regardless of how many promises are made about maintenance and landscaping of the parking lot."

Only the sides of the buildings would be facing Washington Avenue, not storefronts or windows, which would face inward, and there is no ingress or egress without walking through a long parking lot, Perna said.

"I would like to see this happen. I approve of the project, but I don't approve of the architect's plans," Perna said. "I want to see this here to stimulate economic activity, but first and foremost I have to be concerned with the look of the town."

The mayor said she attends planning meetings "to improve the look of the downtown, not to per-

petuate the 'hodgepodge' that has happened in the past."

Papa said a possible compromise would involve island parking, with shrubbery in a front parking lot.

"This could satisfy both the developer and the mayor. That is how we left it," Papa said.

The planning board had considered parking in front after complaints from neighboring residents living behind the lots. Residents had expressed concern over the isolation of a rear parking lot and the increased traffic and noise, according to Papa.

Allowing the parking lot in front would also add about seven more parking spaces, he added. Recommendations are expected at the May planning meeting.

Architect Raymond Virgona explained at the meeting that the center building would be a new structure and renovation of the other two buildings would also be completed.

Town officials will also make recommendations regarding whether the building should be in the front or the back of the site as a result of discussions at the meeting.

Robert Gaccione, attorney for the Rose-Belleville Limited Partnership, Washington Avenue, said that the site plans were substantially revised because of concerns expressed by Department of Transportation to the applicant.

In the revised plans, there would be only two lots when the application is completed, based on the DOT requirements.

Additional testimony on the applicants meeting with the DOT was given by attorney Edward Rosenbloom and Michael Hubschmitt, a professional engineer.

The hearing was adjourned until the May planning meeting.

The site plan was first heard in February, but was adjourned after the hearings went well into the night.

Papa has said the board will take as long as necessary to make sure that all the questions are heard and all the problems answered.

The planning board is scheduled to meet the second Wednesday of each month.

Talking health care - Mayor Marina Perna spoke one-on-one with Robert Blacato of the federal Division of Aging recently in Washington, D.C. Perna was one of 30 Americans invited to a briefing on President Bill Clinton's plan for universal health coverage. The mayor plans to meet with senior citizens to discuss the plan.

Belleville Senior News

By Joe Restaino

A surprise party was given to Maria Pascale to celebrate her 90th birthday. It was held at the Robin Hood Inn in Clifton. Many friends and relatives were there to help Maria celebrate her 90th birthday. She had not seen some of these relatives for 30 to 40 years. Maria belongs to the Tuesday and Friday senior clubs. Stay healthy and have many more happy birthdays.

Ed Barbig, also a member of both clubs, celebrated his 80th birthday by attending the CCB dance at the Branch Brook Manor. Ed is a personal friend and I certainly wish him many more happy birthdays.

Congratulations to my grandson, Alan Restaino, for making the Honor Roll at the Franklin Middle School in Nutley. Keep up the good work.

The Clara Maass Health System Volunteers held their 36th annual volunteer awards party at the dining room. The program was under the leadership of manager Marlene French, with assistants Connie Allotta, Jane Rademaker, Kathy Kaminski and volunteer Marie Vander Swan. As president of the Senior Citizen Tuesday Club, my wife and I were invited because one of our members was being honored. The person being honored was member Fred Behan. Clara Maass has a volunteer 15-20 club. This means 15,000 hours or 2 1/2 years of service. Fred was given an award for being a volunteer for 20 years. Fred is a member of both the Tuesday and Friday clubs as well as the Belleville AARP and also an accomplished photographer. It couldn't happen to a nicer guy.

The club was given a certificate of appreciation honoring the outstanding volunteer service by the following members: Fred Behan 4,547 hrs.; Dorothea Behan, Fred's lovely wife, 3,250 hrs.; Teresa Legreid over 10,000 hrs.; Augusta Nigro 3,202 hrs.; Rose Simeone 1,342 hrs. Anthony Nigro and Emily Trimarco started volunteering in 1994 so their hours are not stated. Congratulations to all of these senior citizen volunteers. They have certainly served a huge amount of hours. These seniors certainly set an example for other seniors. There were approximately 250 volunteers present with Ambrose O'Connell having 39,255 hours, Mary Ferrato 27,104. All these volunteers should be very proud of themselves.

The AARP of Belleville, under president Joseph DeFabbio, was also given a certificate of appreciation. This award was accepted by President Joseph DeFabbio. It is estimated that the number of hours amounted to 66,100 and that it would have cost over \$500,000 to provide this service.

The week of April 17-23 was celebrated as National Volunteer Week and recognizes the thousands of hours and thousands of volunteers who have dedicated themselves to helping others. God bless them one and all.

Tid Bit: It takes as many muscles to smile as it does to frown, so why not smile.

'Make-A-Wish' strikes \$1,100 at bowl-a-thon

By Richard Dickon

The Make-A-Wish Foundation of New Jersey raised approximately \$1,100 at its second annual "Bowl-A-Thon" at Brunswick Lanes on Washington Avenue on April 17.

A total of 35 participants bowled at the event. All proceeds will go to benefit children with life-threatening diseases.

Everyone who bowled went home with prizes. Dominos Pizza in Nutley donated 10 pizzas for all the participants.

The foundation grants wishes to children with life-threatening dis-

eases.

The most popular wish is a trip to Disney World in Florida, while shopping sprees and meeting celebrities are also popular. The purchase of computers is a current "hot" wish, according to Jeannie Herche of Make-A-Wish.

The New Jersey Chapter of Make-A-Wish was founded in 1983, and expects to grant about 1,000 wishes in 1994.

The foundation grants many wishes each year to ill children in the Essex County area. For more information or to volunteer, call 1-800-252-9474.

Charged ambulance plan stalls

By Richard Dickon

The township's plan to bill residents' insurance companies for ambulance calls whenever possible to offset costs and deter unnecessary use of emergency vehicles is on hold, after the Township Attorney determined that the billing service must be put out for bid.

Ambulance calls would go through a third-party administrator that will bill ambulance calls to residents' insurance carriers to offset ambulance service costs and deter unnecessary use of emergency vehicles, according to Township Manager Stephen Cuccio.

Cuccio said charging for calls while hiring an outside billing service could help fund new emergency services equipment and help pay personnel salaries.

Officials have stressed that residents will not be forced to pay for ambulance calls if they are indigent or have no insurance, and that all the paperwork will be done through insurance carriers.

Township Attorney Robert Giordano told the Township Council that bids must be accepted for the billing service.

"According to local contract law and my review of the statutes, case law and administrative codes, as it relates to this, it doesn't seem to fall under an Extraordinarily Unspecifiable Service."

Cuccio said he disagrees. "Purchasing laws say you don't have to bid for Extraordinary Unspecifiable Services, which I believe this is," Cuccio said.

Giordano said the statutes and the administrative codes both advise that towns "err on the side of going out to bid if it is not

absolutely clear."

The problem, Cuccio said, is that he is unclear about how to prepare bid specifications for a billing service.

"I don't know how you put a dollar amount on a billing service. Now I have to work very closely with Mr. Giordano to determine how the specifications should be written," Cuccio said.

Giordano said other towns, such as Clifton, have done their own billing services to charge for ambulance calls.

"I am checking other towns to see their procedures," Giordano said. "If it's easy to do in-house, I will recommend to the council that they do this in-house."

"Doing it in-house is completely different than what we want to do," Cuccio said. "We don't have the people to do the job. We would have to hire experienced people."

Cuccio said he was "leery" of doing the billing inside the township, at least in the beginning.

"We should at least get started with an outside service. If we decide we can do it ourselves we can always change things."

Giordano said "It is unfortunate that we have to bid for this, but this is going to work. We are going to recover some monies for ambulance service."

Charging calls to residents' insurance companies could raise enough money in one year to fund the \$180,000 being spent for two new emergency vehicles, plus costs to paramedics and other fire department officials as well as funding new equipment, according to Cuccio.

Mayor Marina Perna has said the move is "a fantastic idea," say-

Fire damage minimized - Firefighters contained this fire at 135 Washington Ave. on April 24 to a back wall of the store. The fire is currently under investigation.

ing Clara Maass and every major hospital charges for ambulance service calls and the township should be allowed to recover some of the costs.

Perna has said the change will stop "whimsical calls" she said are not necessary.

Perna has said if the township averages more than 3,000 ambulance runs per year, and half are picked up by insurance carriers, the town could receive about \$600,000 at \$400 per call.

Life in Silver Lake

By Marie Strumolo

A very exciting event took place on Franklin Street last Sunday. The Silver Lake District Partnership, a non-profit corporation of business owners, sponsored "Blossomfest '94." The business center hosted a full day of family fun. Professional artists and craftspeople displayed and sold along the street. An assortment of international foods were featured as well as all day street entertainment, pony rides and children's activities.

The Advertising Alliance, a professional promotional company, who organizes special events to business centers in various towns, planned the Blossomfest '94 for the Silver Lake District Partnership.

The Silver Lake Civic Association was at the Street Fair with "bells on" and many Silverlakers stopped by to say hello as well as join the Association so that they could be called 'one of the in-crowd.' An array of articles were sold and the monies will go toward a worthy cause ... the first annual

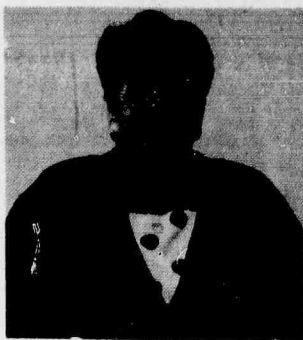

SLCA scholarship. A Belleville High School senior who attended School No. 4, and who will be attending a four year college or trade school, and who still lives in Silver Lake, will be eligible to apply. So Silver Lake students, apply for applications at the high school ... and you may be the lucky winner.

"Our hats go off to the Silver Lake District Partnership for a very successful Street Fair."

More will follow on the Silver Lake District Partnership in future columns.

The other night I met a resident of Jeraldo Street, Joe Risoli. He has lived in Silver Lake for more than 50 years. In talking with him, I learned that he would be celebrating his 75th birthday. Happy birthday, Joe. The Risoli name is a household name in Silver Lake.

Florence Nicasto of Heckel Street called me the other night to tell me how much she enjoyed the column, Life in Silver Lake. This very "energetic" lady has been a

Marie Strumolo Burke

resident of the Lake for more than 54 years and when she's able, attends our SLCA meetings. Hooray for Florence.

Happy belated anniversary to a wonderful young couple, my niece and nephew, Nicki Ann and Phil Gamarro of Eugene Place.

The Silver Lake Civic Association held its first meeting of 1994 at the Moose Club. More than 75 members were in attendance. I must commend the residents of Silver Lake. When they are 'needed' they are there. Let me remind you that the 1994 dues must be renewed. Membership is open to all Silver Lake residents, business owners and property owners. Dues are \$5 per membership and can be sent to me at 69 Heckel Street.

At the meeting a discussion took place on the rail system being proposed by N.J. Transit earmarked for the Potamkin property on Franklin Street. A vote was taken and it was the unanimous consensus of the members that this plan would not, in any way, benefit the residents of Silver Lake. It would only bring litter, decreased property values, transients, noise, debris, and no tax ratables to our community. We are definitely opposed to it and will make our voices heard at a meeting which will be held at St. Anthony's

Town groups compete in Pride games

The Belleville Annual Community Pride Games, promoting substance abuse awareness, will take place this Sunday, May 1st, beginning at 10 a.m. at the Belleville Municipal Stadium's Varsity Field.

OUR OPINION

Shared culture with Japan grows with blossom festival

The past two weeks in Belleville have seen the coming together of two very diverse, yet friendly cultures in the name of a common love: cherry blossom trees.

The many gracious, sincere Japanese dignitaries and chamber of commerce officials have shared a deep admiration for the blossom trees and a desire for increased understanding and sharing of culture with the local chamber of commerce, local, county and state government officials.

From the Kabuki dancing at the first Cherry Blossom Ball, through the traditional female dancers, thundering drummers and intricate Tea Ceremonies, Japanese and Far Eastern culture was welcomed to many here for the first time.

A special thanks to all those on the county blossom festival committee, the many local merchants and chamber of commerce members and town officials who helped plan, execute and support a

truly splendid two weeks. Thanks to Eileen Brown for helping coordinate the Belleville Times coverage of these many fascinating cultural events.

At a time when racial, ethnic and cultural clashes and bloodshed are dominating local, national and international news, all who participated in this two weeks of festivity should be proud. We can all learn from this the lesson that cultural differences can mean greater diversity and ethnic pride does not necessarily equate blind nationalistic posturing.

Sharing differences can add to tolerance, understanding, even appreciation of cultures different than our own, but no less worthy of respect. In Belleville and beyond the past two weeks, we celebrated our differences and recognized our similarities as peoples -- separate but with the ability to live happily together.

Balancing town's aesthetics, economics a tough necessity

Everyone wants to build up Belleville's economic base, but at how big a price? Two issues that have come to the fore this week are the proposed CVS Pharmacy strip mall proposed for the old Chevrolet automobile dealership on Washington Avenue and the NJ Transit's plan to extend the Newark City subway, above ground, near Belleville's Silver Lake District.

The strip mall would certainly add to the Township's economy, both through increased merchant patronage and increased tax ratable revenues, but the current proposal would add to an already muddled-looking Washington Avenue landscape.

CVS officials had better abandon their wishes to point storefronts away from the avenue and park cars in the front of the lot, effectively cutting the mall off from the main road. Officials are right to demand that the project conform to aesthetic criteria and not just fill an empty lot.

The NJ Transit plan has much less to offer Belleville. The trains may ease the commute of some residents into Newark,

Newark Airport, or New York City, but history points to increases in noise, litter, vagrancy and crime. NJ Transit has a tough sell to convince Belleville that the extension should be allowed.

These two instances illustrate the difficulties befalling elected officials in Belleville in 1994.

On the one side, the sluggish economic situation calls for maximum effort to increase the viability of the Washington Avenue business sector and the industrial sector. On the other side, adding stores and transportation options at the cost of allowing for unsightly, noisy, traffic-creating, and possibly crime-increasing structures is a dangerous long-range proposition.

So, while all of us want to see better economic days ahead for Belleville, let's not act in haste. If CVS or NJ Transit, or any business enterprise, wants to add to Belleville's economic future, it is the responsibility of elected officials and residents alike to hold out for what is truly best and brightest for the future.

School budget cuts too challenging

Township and school officials will begin meeting this week to discuss what and where to cut the defeated school budget. This year, it is time for a change in the process.

The mayor and council should look for reasonable areas to cut. But with the expectation that the school board will appeal the reductions to the state Board of Education and likely have much of the money restored, the council may seek to cut more than a reasonable amount to keep some reductions after the appeal process.

The school board, conversely, will try and trim an already austere budget, that contains a reasonable tax increase rendered unreasonable by budget restorations of the

recent past.

With each side starting with such handicaps, it is understandable that the process will again be difficult.

The state needs to allow the council to make cuts without the fear that all or most will be restored, or else the entire process is a gigantic waste of time and energy.

The school board needs to be protected from the public outrage that accompanies the restoration of cut funds being restored.

I wish both sides the best of luck in trying to operate in such a flawed system. Let's hope by this time next year the state will have made changes to keep the process from being a farce once again.

YOUR OPINION

Grassroots group endorses Canning

To the Editor,
America's Grassroots (the former Ross Perot group) endorses Victor Canning 1-A in the May 10 Council-at-Large election.

Our group has always preached about getting politically involved at all levels. We never cared if you were a Democrat or a Republican. We always endorse the person who will solely work for the good of his or her own community. Victor Canning is the perfect example.

In 1992, there was a proposed Trolley issue that would link Newark to Clifton through Belleville. At the time there was a lot of pressure from local officials and Political Action Committees (PACs) to just rush this issue through.

Victor Canning stood up to this pressure and would not rush anything through without impact studies. He was thinking of the long-term effect on Belleville -- his community. We need elected officials who have a long-range vision and direction. Short-term thinking just doesn't work!

Here's another example. Just look at what he has done in the "Valley." Through his creative leadership, Victor brought in 11 new businesses to this

area!
Victor Canning is a committed, action-oriented person. He does not always agree with us politically. We do know him to be his own man. The residents of Belleville will take a giant step in the right direction when they elect Victor Canning to the council.

With one-in-40 homes in foreclosure, and with the State cutting back funds to municipalities, we the taxpayers must vote for candidates who are not self-serving, but candidates that have our best interests at heart. So please come out May 10th and consider Victor Canning.

Sincerely,
Raymond Regalado
America's Grassroots

Drodz is thanked for council effort

To the Editor,
I am a resident of Belleville for more than 32 years, and a homeowner for 10 years. I have seen the town go through many changes over the years, some good, some not so good.

With the upcoming May 10 election for Township Council, I feel it is very necessary to tell the citizens of Belleville that over the past four years, Deputy Mayor Mario Drodz has been one of the good things that have happened to our community. He genuinely cares about our town and makes the ultimate effort to help the citizens of Belleville.

Mario always makes himself available to you when you contact him regarding any situation you need to discuss. He has come through on all he has promised to try and do.

Many problems have arisen over the past four years. My husband and I have spoken with Councilman Drodz and he has always made every effort to resolve the problems, many of which I am pleased to say he has not only tried, but has accomplished to resolve.

He cares for the children of Belleville, being the father of an elementary school student. His concerns for the children strike close at home, as well as his concern for the senior citizens of our community.

Please consider Mario Drodz and re-elect him for another term so he may continue his work for the residents of Belleville.

Sincerely,
Lynn Rosoli

Fornarotto seen as hard worker

To the Editor,

Joe Fornarotto -- What is there to say about Joe?

Well, for starters, he gets up very early in the morning. He is out of his house -- not to jog or to exercise -- he is out there getting things done, not only for himself, as a taxpayer of Belleville, but he is out there for all of us.

I have come to know Joe for about 20 years, and I have seen him get beat up, arrested, and take a lot of abuse from different people and I say to myself, "This man has been taking so much!" Why? Because he loves Belleville and the people.

Joe is not a long-speech person. He is a man of few words. It is his actions that get things done. Joe does not let any grass grow under his feet. When he hears of something of importance, Joe gets to it right away, and we need Joe because he is not afraid of anyone. He is a fighter and comes out with the truth.

So let's all help Joe because helping Joe will help Belleville. Joe is so fast he does not need Energizer batteries -- he runs faster than the rabbit! God bless you, Joe.

Mary Cavallo

Of All Things

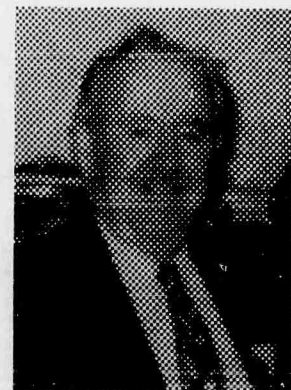

By Frank Orechio
A feature of the Nutley Sun, Bloomfield Life and Belleville Times

• **THE** death of former President Richard Nixon has brought forth worldwide acclaim for his efforts to move forward the idea that great nations can work together for a peaceful world.

The single wart on his public record is recorded in history books as the Watergate Affair. At the heart of the accusation was the charge that President Nixon participated in a cover-up of a two-bit effort to break into Democrat headquarters at Washington's Watergate Hotel. For all the good that Nixon did for our country and the world, the accusation, when assessed in terms of Nixon's lifetime service to the country he loved, doesn't amount to a pimple on an elephant's back. Does this opinion reflect a bias -- perhaps. I admire a public official who has the strength of character and determination to face down defeat -- rise from the ashes of despair -- to

a greater height that brought him prominence in the first place. May God rest his soul and permit his enemies to rise above hate and grasp the essence of a godly world with love replacing hate.

• **NUTLEY'S** Eric Mayer, who for years has acted as Chief of the Essex County Deputy Sheriff's group, has resigned his post. Mayer said it's time to move on to other things.

Eric Mayer

• **SHIRLEY KUTZNER**, a longtime Nutley activist died this week at age 66 -- much too young to die.

Shirley became prominent in the bowling sport -- acquiring along the way -- all kinds of honors at the county, state and national levels. Before she devoted her life to the sport, Shirley was involved in many Nutley civic activities. For years, she served as a Nutley treasure. My sympathy to family members upon their great loss. In Shirley, we had a friend who gave true meaning to the word. Nutley loses another unsung hero.

• **FLORIDA STATE** Heisman Trophy winner, quarterback Charlie Ward, became only the second Heisman Trophy winner not to be taken in the NFL draft. The reason given by football general managers responsible for picking draft choices is, "It's the fact that no one (general managers) is sure or not if football is important to him -- or how important."

• **EARLY** in the month, Malcolm S. Forbes, Jr., President and Chief Executive Officer of Forbes, Inc. and Editor-in-Chief of Forbes Magazine, was named the 1994 Distinguished Business Leader by the Monmouth College Distinguished Business Leader's Committee. Forbes succeeded his late father, Malcolm Forbes, in 1990, and since that time, he has expanded the family publishing empire, launching the publications Forbes FYI and Forbes ASAP, as well as German, Japanese and Chinese editions of Forbes magazine. In 1992 Forbes magazine carried more advertising than any other magazine in America. The award is given annually to an individual who has achieved distinction through a career in business and corporate leadership. The Forbes award marked the 11th anniversary of the event. Previous recipients of the "Distinguished Business Leader" awards included AT&T Bell Laboratories President, Ian Ross; Robert Beck, former head of the Prudential Insurance Company of America; Rocco J. Marano, Chairman of the Board of Bellcore; former president of New Jersey Bell Telephone Company, Robert Luciano, now chairman and CEO of Schering-Plough Corporation; and John J. McMullen, Chairman of John J. McMullen Associates.

That's quite a distinguished group to join. Forbes is the only four-time winner of the Crystal Owl award given to the financial journalist whose economic forecasts prove most accurate.

Center.

May 4 - In memory of Audrey Hepburn, on her birthday, the film "Sabrina" will be shown at 1 p.m. at the Belleville Public and Information Center.

May 5 - The Thursday Film Class Comedy Series in May will feature the film "Pretty Woman" at 1 p.m. at the Belleville Public Library and Information Center.

May 6 - The Friday Musical Film Class Series will feature the film "Night and Day," at 12:30 p.m. at the Belleville Public Library and Information Center.

Thursday Film Class Series

The Thursday Film Class Series in May and June at the Belleville Public Library and Information Center, will focus on comedy films. The class starts at 1 p.m. Pick up a complete listing on your next library visit.

Mother's Day activities

At the Belleville Public Library and Information Center, there are two programs devoted to Mother's Day.

On May 7, at 10:30 a.m. come to the James J. Cozzarelli Jr. Children's Room, where you can make a Mother's Day card with a surprise inside.

The Mother's Day craft at the Shafter Branch Library will take place on May 2, at 3:15 p.m. with the making of a floral tribute for your mother. Please register by April 28, if you plan to attend.

Celebrate Books

If you missed the April 12 lecture at the Belleville Public Library and Information Center on "Realism: Leoncavallo and Mascagni," you can watch WBHS, or take the lecture out on your library card, if you own a videocassette player in half-inch format. The lecture features Frank De Lisi discussing the opera composers Leoncavallo and Mascagni.

Directed by Marilyn McCabe, WBHS, Belleville High School Media Specialist, in conjunction with Library Director Adrea Cohen, producer, the program will be shown on WBHS. Watch for the program schedule for "Celebrate Books," or take the videocassette out free of charge on your library card.

Mother's Day Specials

Beautiful, Timeless and Exclusive

Do you recognize this unique "objet d'art"? Marsha Breslow sculpted it in 1979, on commission from the National Mother's Day Committee. Only enough of the golden-bronze statues are cast each year to award to the nation's "Outstanding Mothers," who are recognized and honored by the National Mother's Day Committee and its Regional Committees. The design is copyrighted, and no facsimiles of lesser or greater size are ever authorized. Molded in pewter and mounted on a walnut-toned base, the OMA (Outstanding Mother Award) stands 9 inches tall. This contemporary expression of "everyone's mother" nurturing her brood, a flowing composition of an abstract family unit, is a thing of beauty that was conceived to be a joy forever.

How To Make a Mother's Day Hat

Anyone who visits a department store this spring and summer will notice the return of hats — all types of hats decorated with ribbon, silk flowers, jewels and lace. Most Mother's Day shoppers will stop and wonder if they have the ability to create one themselves. The answer is yes, you can learn the craft and create a sophisticated decorative hat in less than an hour.

Straw hats, felt hats, fabric hats and caps, even plastic visors can be artfully decorated to give an old outfit a new attitude. With a collection of trims and a bit of glue, you can embellish your hat any way you'd like or you can follow these easy steps below. Let your creativity flow — and most importantly, have fun.

Materials you will need for your hat include: 1 wide-brimmed straw sun hat; ¼ yard bright pink extra-wide double-fold bias tape; 3 yards of pale pink braid trim (½-inch wide); 2 pink and white bandannas; 1 bouquet of medium-size pink silk flowers; scissors; hot glue gun and glue sticks.

Begin by applying binding to the brim by measuring around the outer edge of the brim and cutting a piece of pink bias tape 2 inches longer than this measurement. Open out the center fold of the bias tape and apply glue to the inside of the tape along one fold. Start at the center back and gently finger-press the glued side of the tape in place along the upper edge of the brim, matching the center fold of the tape to the outer

edge of the brim. After gluing the ends together, turn the hat over and apply hot glue to the tape along the other inside fold and finger-press in place.

Now glue the braid in place around the upper edge of the brim, slightly overlapping the binding. Repeat, gluing a second row of braid to the underside of the brim as well.

Place one bandanna wrong side up on a flat surface. Bring two opposite corners to meet at the center; then bring the folded edges to the center. Repeat for the other bandanna. Tie the two bandannas together at one end with a square knot. Glue the knot to the center of the front of the hat at the base of the crown, knotting them together at the back and gluing it in place, forming the hat band. Spread out the tails of the back knot so they drape attractively over the brim.

Then cut the bouquet apart, trimming the stems off close to the base of the flowers and glue randomly around the hat band, between the knots. You may wish to add other decorations of your choice.

"With a little bit of time, effort and imagination, most of the final products we see selling in the top department stores can be created at home with purchases from your local craft store," says Susan Brandt, assistant executive director of HIA (Hobby Industry Association). "And what's even better is that you can select the decoration and colors that match your personal tastes and wardrobe."

DO-IT-YOURSELF DECORATIVE HATS from McCall's Creates™ can be made in less than one hour. Create your own Mother's Day hat by following McCall's easy directions or by using your own imagination and creativity.

Area teens attend Youthfest sponsored by local churches

By Richard Dickon

Teens from Belleville and Nutley attend the Newark Catholic Archdiocese's annual YouthFest, a day-long slate of liturgy, educational programs and an evening dance.

St. Peter's Church on William Street in Belleville and St. Mary's Church in Nutley were both well represented at the function.

Sister Patricia McCarthy of St. Peter's called the experience "a great day. The liturgy was excellent. I thought it really got the kids involved."

"We need more things like this with this kind of positiveness, and bringing the children together," she added, "There is enough bad being reported about the kids, we need to really capitalize on the good things."

Jennifer Arndt of the local youth group attended a leadership seminar at Youthfest. "I really enjoyed sharing the day with the others. It was very interesting," she said.

One highlight of the day was Sister Pat's hearty scream during an audience-participation version of the song "La Bamba," performed by Tony Melendez, an inspiring performer who plays guitar with his feet after being born without arms.

Melendez was the day's keynote speaker, and all who saw him perform would agree with his assertion that they will "Never Be The Same."

Colleen Whipple, co-ordinator of Religious Education and director of youth services at St. Mary's, had special praise for Melendez.

"I looked at the children in the

audience and they were just mesmerized by Tony," Whipple, "It was the highlight of a terrific day."

Among those in attendance from St. Mary's at YouthFest was Chadwick Hines of Belleville.

Whitman supports Paserchia

continued from page 1
that has already proven to be beneficial for the residents and taxpayers of Belleville, according to committee sources.

As a member of the Belleville Board of Education, Paserchia was able to intervene with Sen. Scott and the Governor's office to ensure that the township would not receive a reduction in state aid for Belleville schools, officials said.

Paserchia has said that if elected to the Township Council on May 10th, she vows to work closely with the Governor's office to help guarantee that Belleville continues to receive its full complement of state aid.

"The decisions made by Gov. Whitman affect every resident of Belleville," Paserchia said, "As your Councilwoman, I will fight to make sure that the welfare of Belleville citizens is a top priority in Trenton. Belleville has lacked

From Nutley, Deidre Hollywood, Donna Russo, Christopher Tarantino, and Jennifer and Alison Rodriguez attended.

Kathy Murray of the St. Mary's Religious Education office also attended.

The liturgy featured Archbishop Theodore McCarrick and several Archdiocesan priests and the uplifting music of singing duo Kim and

Reggie.

The day was topped off by an evening dance that was well-attended.

Belleville

SPORTS

BUC SHOTS

By Mike Lamberti

Part Two in What Promises to be a Never Ending Series on the Absolutely Lousy Facilities at Municipal Stadium in Belleville

It was the Spring of 1975. Just 19 years ago, but, in the context of this article, a lifetime ago.

The Belleville High School track team was actually HOME for a meet.

The team had pulled off a miraculous upset of powerful Montclair, beating the Mounties 68-54. First year coach **Rich Ruffalo** was reveling in the win. The Bellboys had not defeated the Mounties in track since 1961 (and have not beaten them since) and the team was about to give Ruffalo the proverbial shower in the locker room.

Ruffalo, or "Roof" as he was known to his athletes, had a lucky hat. A "goobelini" as it was called in the mid 70's. It was an ugly, blue, wool hat, one that would normally be worn in the dead of winter. But Ruffalo started wearing the hat during the cold days of practice in March, and he kind of considered it a good luck charm.

So, he decided to wear the hat as long as his team continued to be successful. And, after the Montclair win, you could bet the hat would be a part of his attire for a few more weeks to come.

The Bellboys won the meet thanks to outstanding performances by **Mike Fortino, Walt Siubus, Jim Beck, Nelson Seda, Paul Haverick, Rich Drake, John Matera, Nick Semaca, Doug Wamsley and Doug Jackson.**

And the celebration afterward was outstanding. It was most memorable, because the meet was at home. That's home as in Municipal Stadium, Belleville, New Jersey.

19 years later, that is far from the case. The team is once again destined for the road because (and I'll keep saying it over and over again) **THE FACILITIES AT BELLEVILLE HIGH SCHOOL ARE NOT GOOD ENOUGH TO HOST VARSITY TRACK MEETS.**

We're not talking the Olympics here. We're talking high school, varsity track meets. And, sadly enough, the track in our township, the one paid for by taxpayers money, doesn't fill the bill.

IT DOESN'T EVEN FILL A CREVICE!

Now, here's the \$64,000 question (it's probably worth more with today's inflation).

WOULD THE FACILITIES AT BELLEVILLE HIGH SCHOOL BE IN BETTER SHAPE IF THE TRACK PROGRAM IN OUR TOWNSHIP WAS CONSIDERED ULTRA SUCCESSFUL?

IF THE TRACK TEAM POSTED AN OUTSTANDING RECORD YEAR IN AND YEAR OUT, WOULD THIS CONVERSATION BE NECESSARY?

Maybe, maybe not.

In all fairness to those in authority in our township, it's out of line to say that the facilities are neglected simply because the athletes who wear the Blue and Gold on the track have not put together winning records.

"Monies are tight, no question," Ruffalo told me the other day. "But there has to be a grant, or something, to help in this area. I don't want to get political, but something should be done."

Ruffalo feels that home meets do a great deal for an athlete's esteem.

"There's no comparison," the coach said. "When the kids race at home, their parents can come see them, and the level of esteem naturally rises. Pressure and pride makes people excel. Competing in front of those you love does something special for you."

"Track and field is not just a sport, it develops healthful living and can enhance one's life. **The kids are being cheated, robbed, by not having this opportunity.**"

The coach explained, on a personal level, the good feelings of competing in front of those who care for you most.

"When I compete in meets, both internationally and locally, there's nothing like doing well in front of your family. Our kids can get that same feeling. I'm not saying the record would be any different, but it would mean a lot to the athletes."

Ruffalo makes mention of team record. **Are won-loss records that important on the high school level?**

It certainly is nice to win, and if there was a championship here or there, it would make for outstanding reading. But, should it be a prerequisite for having a decent place to compete?

And, all we're asking for here is a DECENT place to compete in. The kids aren't requesting a Nutley type facility, but something that would improve the current facility that is at Municipal.

The track facilities at Belleville High have never been outstanding. I ran for BHS from 1973 through '76, and there were spots on the track that made you feel like you were sinking.

But there was still time and effort place into making the facilities a decent place to run. And, **NEVER**, was it necessary to run a race on the road because the facilities in our township weren't up to standard.

It's a shame, and it should be looked into.

Next week, this series will continue with a look at our tennis facilities. You should see what they look like!

Stay tuned, we'll continue this series for weeks and months ahead until something is done.

Last Weeks Quiz

In 1982, the New Jersey Nets first year playing in the Meadowlands Arena, the team had a winning record and made it to the playoffs. **Larry Brown** coached the team that year. The Nets played the Washington Bullets in the first round of the playoffs and lost in the two game mini series. Washington then went on to lose in five games to the Boston Celtics. **Buck Williams** and **Otis Birdsong** were two of the starters for the '82 Nets.

For This Week

In September of 1982, **Don Mattingly** made his major league debut in a game between the Yankees and Baltimore Orioles. A total of four players who competed in that game are still in the major leagues today. Name those players, and the teams they play for today. (Mattingly is not one of the four players I'm referring to).

Last home league race was during Reagan era Runners drop two 'road' meets

By Mike Lamberti

Before we get started, a quick quiz question.

When was the last time the Belleville track team was "home" for a league meet.

Give up?

Well, let's put it this way, the last time the team had a home meet, Ronald Reagan was in the height of his presidency and the New York Mets were a dominant team. To put it even more bluntly, the current seniors at Belleville High School were about ten years old.

It was in the Spring of 1986 that the team last had league meets and since then, the facilities at BHS have undergone a steady diet of neglect, thus sending the runners on a continuous road trip. (See Buc Shots for more information on this farce).

Anyway, John Tosato's group of road warriors were back at it again last week, competing at Hackensack and Paramus and then taking part in the Millburn Relays last Saturday.

Against Hackensack (that's about 37.5 miles round trip), the Bucs lost a 96-20 decision.

Joe Colucci won the mile in a time of 5:00 and took second in the

half mile (2:19).

Chris Parada continued his strong running by winning the 400 meters (54.4) and taking third in the 100 meters (12.0) and the 200 meters (24.9).

All three of those times were personal bests for Parada, who is just a sophomore.

Angelo Gabriel took second in the high hurdles (18.6) and Nick Colucci, a freshman, was second in the intermediate hurdles (68.7).

Third place finishes were turned in by Ray Kuebler (32' in the shot put) and Phong Nguyen (12:31 in the 3200 meters).

Two days later, the Bucs battled Teaneck and Paramus in a tri meet at Paramus (that's about 35 miles round trip).

The Bucs lost to Teaneck 89-29 and Paramus, 70-52.

Versus Paramus, first place finishers were Nick Colucci (400 meter hurdles, 66.6, and 110 high hurdles in 18.0), Parada (400 meters in 55.7), Joe Colucci (3200 meters, 11:30, a personal best) and Robert Allen (shot put, 36' 1 1/2").

Parada took second in the 100 and 200 meters, Kuebler was second in the shot put, Gabriel finished second in the high hurdles, Joe Colucci took a pair of seconds in

the 800 and 1600 and Ed Molina was second in the discuss.

"Joe Colucci did a tremendous job," Tosato said. "We asked him to compete in the 800, 1600 and 3200 meters and he scored in all three events. He was outstanding."

Against Teaneck, Joe Colucci's times were good enough to win both the 1600 and 3200 meters, Molina won the discuss, Nick Colucci had a pair of seconds in the 400 hurdles and intermediate hurdles, Parada was second in the 400 and Joe (there's that name again) Colucci took second in the 800.

The team competed at the Millburn Relays last Saturday. There's no need to discuss the total mileage there, because this is an invitational which would have been a road meet, anyway.

The javelin team of Kuebler (133' 10") and Molina (120' 8") took sixth with a combined throw of 254' 6".

The shuttle hurdle team of Gabriel, Nick Colucci, Nguyen and Trystan Kvetkus finished in 1:20.3. The sophomore sprint medley team of Donnell Graham, Joe Romano, Nick Colucci and Nguyen also did well, with Colucci running a 5:12 mile and Nguyen running the half in 2:20.

What's even more impressive is that Colucci and Nguyen are just freshman.

The girls 4 x 100 team of Jackie Lyons, Christina Killian, Kim Perillo and Tiffany Parker ran a 59.1 and the 4 x 200 team of Perillo, Lyons, Rita Patel and Parker clocked an impressive 2:12.3.

TRY THIS MATH QUIZ AT HOME:

So, the track team hauled about 70 miles in bus traffic last week to compete at two NNJIL sites. For the season, they will clock approximately 560 miles. Multiply that total by the past seven years on the road, and the team has, in essence, driven from Belleville to California and back to, let's say, Denver, Colorado. If they keep this pace, they will have driven cross country by May of 1996.

If a bus gets about 15 miles to the gallon, and gas costs about \$1.15 per gallon, and the team has traveled about 4200 miles, what's the total cost of gas, not to mention the maintenance and insurance on the busses?

That will be your math question for next week.

Bob Dena HR leads Bucs past B.C., 6-3

By Mike Lamberti

Perhaps, a few weeks from now, the Belleville baseball team can look back at last week's games and consider them a valuable learning tool.

Head coach Chuck Martin feels that could be the scenario, but Martin is a little concerned about the lack of execution his team has exhibited, especially in the close games so far in 1994.

Belleville was beaten by Bloomfield 2-1, then dropped a 7-6 decision to St. Joe's in the first NNJIL Pacific contest of the year. Sandwiched between those two losses was an impressive 6-3 win over Bergen Catholic.

The Bucs took a 5-3 record into this week's action. The team faced Hackensack and Paramus earlier this week. Tomorrow, Teaneck comes to town for a 4 p.m. game. Next Monday, Paramus Catholic is in for a 4 p.m. contest and next Wednesday, it's off to Nutley, also at 4.

"Two heartbreaking losses," Martin said of the defeats to Bloomfield and St. Joe's. "It's not like we didn't have the chance to win both games, we just didn't execute. We're leaving runners on base with less than two outs, and we're hurting ourselves because the pitching has been very good, as has the defense."

Against Bloomfield, the Bucs trailed 1-0 before tying the contest in the sixth.

"We had the bases loaded with

no outs in the sixth," Martin said. "We had the heart of our lineup coming up, but we couldn't get the big hit and ended up with just one run."

Dan Brunello was the starting pitcher and he did an excellent job.

"Danny was outstanding," Martin said. "You can't ask for much more than he gave us. Bloomfield had their ace throwing for them. It was a good matchup."

"Our kids have to understand that we're going to see the top pitchers from opposing staffs. We have talent here, and other teams will use their best guy against us."

The victory over Bergen Catholic marked the third straight year that the Bucs have defeated the strong team from Oradell.

Chris Imperatrice was the starting pitcher, and once again, a solid effort was given.

Imperatrice was staked to a 3-0 lead, but B.C. came back with three runs in the fifth to tie matters.

Belleville went ahead for good with three runs in the sixth, with the key hit a two run homer by first baseman Robert Dena.

"Dena has been hitting well," Martin said of the senior who has 14 ribbies in the first eight games. "He's probably our most consistent hitter this season. He's roping the ball."

Mike Mundy came in and pitched the last two innings to save the victory for Imperatrice.

Belleville showed a lot of heart in its game against St. Joe's, rally-

ing from a three run deficit in the seventh inning to take a lead.

Brian Dena was the starting pitcher and the junior hurled a good game. He was hurt by the gopher ball in the fourth inning when St. Joe's hit back-to-back dingers.

"We had a 2-0 lead in the game," Martin said, "and we should have had more. But we missed the opportunities. We had second and third with no outs in the third, but a sign was missed on a squeeze play and we couldn't score the run."

"Defensively, we played super. But we have been leaving too many runners on base."

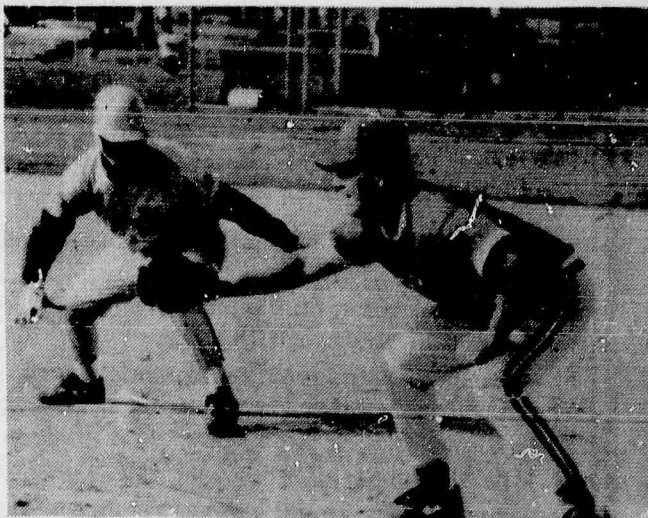

Trailing 5-2, the Bucs rallied in

the top of the seventh to take a 6-5 lead. Robert Dena had a two run single in the inning, Jim Landon contributed a run scoring single and Brunello came through with a big run scoring, pinch hit, single.

St. Joe's came back in the last of the seventh to tie, and the game went into extra innings where the home team scratched out a run in the eighth and won, 7-6.

Carl Piscatowski had a good day at the plate, with two hits. Piscatowski, playing third base, has impressed Martin.

"Carl is playing well," the coach said. "He's learning quickly, and he's going to be a solid player."

Bloomfield first baseman Nick Franklin keeps a Belleville player from taking a lead during game at BHS last week. Bloomfield pushed across a run late in the game and beat Bucs, 2-1.

Cerami, Galioto help Lady Bucs win 3

By Mike Lamberti

The Belleville softball team tallied 44 runs in four games and had a good week on the diamond, winning three times in four attempts.

Cheryl Marion's group defeated Paterson Kennedy 12-8, Paterson Eastside 17-1 and Good Counsel 17-0 in the first round of the Essex County tournament. The team lost to Bloomfield, 5-1 in an out-of-conference game.

The girls were 7-4 heading into this week's action. Tomorrow afternoon, the team plays at Teaneck, starting at 4 p.m. This Saturday afternoon, the girls are host to Mt. St. Dominic in the quarterfinal

round of the ECT. A victory would propel Belleville into the semis at Pulaski Park a week from this Saturday. Next Monday, it's off to Paramus Catholic, and next Wednesday, Nutley comes to town for a 4 p.m. game.

Against Kennedy, Marion was not very pleased with the effort.

"We didn't play well, and that's putting it mildly," the coach said. "I think we took them lightly, and we had to struggle to win. We were up 6-5 late before we pulled away. But give Kennedy credit, they hit the ball real well."

Kim Piscatowski was the winning pitcher, striking out six and

walking four.

In the game, Kristin Galioto, Lynn Giachetti, Jackie Cerami and Piscatowski had three hits each. One of Piscatowski's hits was a home run. Danielle Brodo, a sophomore catcher, had two hits.

Against Bloomfield, the team was hampered by a lack of runs. It was Belleville's fourth loss of the year, and in those four losses, the team has scored a total of one run.

"It's been a problem against the better pitching," Marion said. "It's not that we can't hit the pitching, we're just not concentrating."

Piscatowski pitched well, but received little offensive support.

Belleville scored its only run in the first when Galioto and Giachetti were hit by a pitch, Cerami singled to load the bases and Piscatowski singled home Galioto.

"We started off good, but just tailed off from there," Marion said.

Bloomfield answered with three in the second and two in the seventh to wrap up the win.

Against Eastside, Belleville scored plenty and Piscatowski breezed to the win. The senior struck out a career high nine batters and gave up just three hits.

Cerami had four hits and scored three times to pace the attack.

(Continued on page 12)

Softball team hosts MSD on Saturday

(Continued from page 11)

Galioto had two hits and scored three runs and Piscatowski had two hits.

In the win over Good Counsel, Piscatowski tossed a one hitter, fanning five. The hit parade was well balanced as Giachetti had three and Galioto, Andrea Curran and Cerami had two hits each. Freshman Kim Mahoney blasted a home run.

NOTES: Freshman outfielder Joelle DellaVolpe is out with a fractured wrist. She might be able to return in two weeks. With DellaVolpe on the DL, Mahoney has played leftfield and Jeannine

Torres is seeing action at second with Natalie Cruise hampered by a hamstring injury. Jeannine Mazzucca has played very well in right field.

As for the county tournament, Belleville is the fourth seed, with Caldwell the first seed, Livingston second and Mt. St. Dominic, fourth.

Belleville advanced to the finals last year for the first time in the 90's. During the 80's, the team played in the finals an incredible nine times, winning the crown three times. Over the past 14 seasons, the team has been to the semi finals, or the "Final Four" 12 times.

Freshman Kim Mahoney takes a swing during game at Clearmon Field a few weeks ago. Mahoney has been doing a good job in the outfield. She also hit a home run in a game last week.

Head coach Cheryl Marion talks strategy with assistant Doug Stone. Marion's team was 7-4 heading into this week's action. The girls will be home this Saturday to Mt. St. Dominic in the county quarterfinals.

Recreation roundup

Pre-School Registration: The Belleville Department of Recreation and Cultural Affairs is accepting registration for the pre-school play program for 4-year old children.

The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designated for pre-school children.

A session is from 9 a.m. to 11 a.m. or 12:45 to 2:45 p.m. five days a week with class limited to a maximum of 23 students in each session. The cost of the 32 week session is \$125. The mothers of the children accepted must participate by serving one duty day about every eight or nine days, according to a published schedule.

School will begin on Monday, September 19, 1994 and will run

through May, 1995.

Children born between October 1989 and September 1990 who will enter Kindergarten in September 1995 are eligible. Participants must be Belleville residents. Since

there are just a limited number of openings, applications will be accepted on a first-come, first-served basis only.

Children must be able to speak and understand English in order to participate. Children enrolled in the morning program cannot also be in the afternoon program and vice versa. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, please contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday through Friday from 8:30 a.m. to 4 p.m.

NJ Rockin Rollers announce schedule

The New Jersey Rockin Rollers, a member of Roller Hockey International, the major league of professional roller hockey, announced its schedule for the 1994 season.

The team will play its 11 home games at the Meadowlands Arena this summer. The schedule was finalized and announced by Roller Hockey International President Dennis Murphy and Rockin Rollers owner E. Burke Ross, Jr.

Roller Hockey International (RHI) will enter its second season in 1994. Having played its inaugural season with 12 teams in 1993, the league has expanded for 1994, doubling in size to 24 teams. RHI is divided into two conferences, each consisting of two divisions of six teams. The New Jersey Rockin Rollers are a part of the Atlantic Division of the Eastern Conference. Other teams in the division are Philadelphia, Montreal, Buffalo, Florida (Miami), and Tampa Bay.

The Rockin Rollers will open their season with a road game in Buffalo on June 4. They will open their home schedule on Friday evening, June 10, when they will play Philadelphia. Their home stand continues with a nationally-televised ESPN2 game on Monday, June 16 against Buffalo.

In addition, the Rockin Rollers

will appear on ESPN2 in its game at Minnesota on June 20.

New Jersey Rockin Rollers season tickets are on sale now through the Rockin Rollers ticket office. Season tickets range in price from \$220, \$110, and \$55 for all 11 home games. There are also six game mini-plans available.

For ticket information, call the Rockin Rollers ticket office at 1-800-860-0644.

WATER UTILITY

VIOLATION OF MICROBIOLOGICAL STANDARDS

The Water Utility of the Township of Belleville has been informed by the New Jersey Department of Environmental Protection and Energy that it is in violation of the Total Coliform Rule by exceeding the maximum contaminant level (MCL) for Total Coliform bacteria by having three positive samples out of the forty nine taken during March, 1994. The maximum number of samples is one per month.

The United States Environmental Protection Agency (USEPA) sets drinking water standards and has determined that the presence of total coliform is a possible health concern. Total coliforms are common in the environment and are generally not harmful themselves. The presence of these bacteria in drinking water, however generally is a result of a problem with the water treatment or the pipes which distribute the water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps nausea, and possibly jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease causing organisms in the drinking water, USEPA has set an enforceable drinking water standard for total coliform to reduce the risk of these adverse health effects, drinking water which meets this standard is usually not associated with a health risk from disease causing bacteria and should be considered safe.

Subsequent testing by the Belleville Water Utility has shown the water to be free of coliform bacteria. Customers need not take any precautions when using the water. Customers with any questions or concerns should contact: The Engineering Department at 450-3442 during hours of 9:00am to 4:00 pm.

Martini initiates Congress campaign

By Steve Galvacky

William Martini, saying that the American dream is threatened by a free-spending federal government, began his campaign for the Eighth Congressional District seat April 20 in Clifton.

Backed by the regular Republican Party organizations in Essex and Passaic counties, Martini, a Passaic County freeholder and Clifton councilman, is unopposed in the June primary for the Republican nomination for the Congressional seat. The seat is currently held by Congressman Herb Klein, a Democrat who is seeking his second two-year term.

In his campaign kickoff speech, Martini told fellow Republicans gathered at the Robin Hood Inn that Klein cast various votes against measures promoting cost-consciousness and improved efficiency in Washington.

He claimed Klein "voted to oppose government accountability" by opposing a balanced-budget amendment introduced by a Democrat, Sen. Paul Simon of Illinois, that had bipartisan support.

The Eighth District congressman, Martini said, cast a vote against the bipartisan Penny-Kasich bill, which itemized \$94 billion in cuts over five years. That measure, the Republican candidate said, failed by just four votes.

Two weeks ago, Martini continued, Klein voted against measures to cut \$26 billion in spending over the next five years, even though "most New Jersey lawmakers voted

for the cuts, including Democrats" Frank Pallone and Rob Andrews.

"The people of this district are not receiving the type of representation they asked for last election, nor the type they deserve," Martini said.

On other topics, he said he opposed Clinton administration efforts to "create a new, unwieldy government bureaucracy to administer our health care." He said, liked the administration, he supports universal access to health care, but that "the solution is not to dismantle what arguably is the best health care system in the world."

Martini also said the nation "must maintain a strong and effective military and follow a coherent, disciplined foreign policy."

Pointing to his experience as a federal prosecutor, Martini urged a larger role for the federal government in fighting violent crime. He said the average murderer now spends less than eight years in jail, "then is released to the streets, all too often to murder and assault again."

He called for "swift, certain and definite punishment" of offenders and "replacing the crime-breeding hopelessness of poverty with the hopefulness of opportunity."

Martini said he believed in the values of "hard work, education, discipline and the importance of giving something back to your community."

"I believe in these values, the same way I still believe in the American dream -- but I see the

William Martini

American dream threatened by an overreaching federal government that can't control its ability to regulate and spend the public's money."

Martini, whose campaign claims the endorsements of "nearly all" Republican office holders in the Eighth Congressional District, reported that on April 15, disclosure statements were filed with the Federal Election Commission reporting that the campaign had raised \$186,000 by that date. "Our fundraising to date is right on track," he said.

Brown named to Sales Guild

Pontiac Division has named Jim Brown of DeMassi Pontiac in Lyndhurst to the Pontiac Master Sales Guild for 1993. The Guild honors Pontiac salespeople and sales managers for outstanding performances in the areas of sales, product knowledge and customer satisfaction.

Brown, has been employed as a salesman at DeMassi Pontiac since May 1990. He lives in Clifton with his wife Debbie.

The Pontiac Master Sales Guild has honored Pontiac employees for more than 40 years.

Pauline Fannick, 94

Pauline Fannick, 94, of Bloomfield died April 24 in the Parkway Manor Nursing Home, Bloomfield.

A Mass was offered yesterday in St. Valentine's Church, Bloomfield, following the funeral from the Levandoski Funeral Home, Bloomfield.

Mrs. Fannick had been a thread spinner for the Crane Silk Manufacturing Co., Edwardsville, Pa., for 35 years.

Born in Bloomfield, she lived in Edwardsville and Belleville before returning to Bloomfield in 1965.

Surviving are a son, John Jr.; a daughter, Pauline, and a grandson.

John Hudson, 96

John E. Hudson, 96, a lifelong resident of Belleville, died April 18 at the Van Dyk Nursing Home, Montclair.

The Hudson family owned a trucking business serving the New York area which was sold in 1930.

Mr. Hudson joined Park and Tilford that year and remained in the liquor distributing business until his retirement in 1980.

Mr. Hudson was a prominent political figure in Belleville for many years, participating in numerous mayoral campaigns, serving on Congressman Peter Rodino's reelection committees and more recently serving on the town planning board in the late seventies.

Surviving are two daughters, Loisann McLaughlin and Eileen Butler; three grandchildren and two great-grandchildren.

May Renz

A Mass for Mrs. May Renz, a lifelong resident of Belleville, was offered April 16 in St. Peter's Church, Belleville, following the funeral from the Kiernan Funeral Home, Belleville.

Mrs. Renz died April 13 in her home.

Surviving are her husband, Raymond; two daughters, Mrs. Patricia Snell and Mrs. Therese Meier; four sisters, Mrs. Phoebe Delaney, Mrs. Catherine Flanagan, Mrs. Theresa Amador and Rita; a brother, Edward Rackett, four grandchildren and a great-grandchild.

Obituaries

Pasquale Maturri, 59

Memorial services for Pasquale Maturri, 59, of Belleville were held Thursday in the Zarro Funeral Home, Bloomfield.

Mr. Maturri died April 16 in his home.

He was a tile contractor for the General Electric Corporation, Bloomfield, for 26 years before retiring in 1978. He was a member of Local 77 of the Tile Workers

Union, Newark.

Born in Orange, Mr. Maturri lived in Bloomfield before moving to Belleville 35 years ago.

Surviving are a son Thomas; a daughter, Donna Horne; his parents, Nicholas and Rose Maturri; a brother, James; a sister, Theresa A'ddezio, and a grandchild.

Local Navy seaman deployed on frigate to Persian Gulf

Navy Seaman Alexander P. Moreno, brother of Magdalena Pena of Belleville, is currently on a six-month deployment to the Persian Gulf aboard the guided missile frigate USS Gary.

Recently, the crewmembers aboard the USS Gary conducted an exercise with Qatar Emiri Naval Forces.

The ship has operated extensively in the Persian Gulf, completing four major deployments since it was commissioned in 1991. The last deployment was in support of Operation Desert Storm in 1991.

Moreno is a 1992 graduate of Belleville High School who joined the Navy in August 1992.

West Hudson hosting forum on healthcare

West Hudson Hospital will sponsor a free educational program entitled "Healthcare Reform In A Managed Care Environment - What Does It Mean To You?" on tonight, April 21, at 6:45 p.m. in the hospital's cafeteria.

Panelists for the program will include Thomas G. Shanahan, chief financial officer at West Hudson, William R. Watkins, esq. and Richard R. Width, esq. and co-chair of the Healthcare Group at the law firm of Lindbury, McCormick and Estabrook of Westfield, and a personnel member from the hospital's medical staff.

The program is designed to provide clear, easy-to-understand information for the healthcare consumer, according to Jerry Pawlowski of the hospital.

Included in the program's content will be the basics of the Clinton

health plan and competing legislative proposals for universal health coverage.

Also, delivery systems reforms already taking place, such as managed care plans will be covered, and a discussion of HMO's, PPO's, IPA's and "healthcare networks," along with discussing what is best for the individual.

A segment is also planned concerning supplemental insurance for senior citizens.

The general public is invited and encouraged to attend. A question and answer period will follow the general program. Coffee, tea and desserts will be served.

The hospital is located at 206 Bergen Ave., Kearny. For further information, call the hospital at 955-7000.

Clara Maass offering accent reduction help

Individuals who have command of the English language but who have difficulty in making themselves understood can benefit from a new program for accent reduction at Clara Maass Health System, Inc.

"Too often, individuals learn a second language -- in this case, American English -- either on their own or in classes for English as a Second Language. They learn to read and write the language effectively, but place less importance on correct pronunciation," said Iris Weinhouse, speech coordinator for the Speech and Hearing Department.

Dr. Weinhouse said people risk losing a promotion or recognition in business or social situations because they have difficulty mak-

ing themselves understood.

In order to accommodate the working individual, the speech and hearing department is now open two days per week.

Four full-time speech pathologists (therapists) are on staff to offer therapy in other areas, including stroke patients, stutterers, articulation (pronunciation) difficulties, delayed language in children and swallowing problems in adults.

In addition, the department includes a staff audiologist who can test hearing and fit and dispense hearing aids.

For more information on any type of speech, voice or hearing problems, call Dr. Weinhouse at 459-2119 or 459-2130.

NOTICE TO ABSENT DEFENDANTS (L.S.) STATE OF NEW JERSEY TO MARSHALL SUTTON, deceased, his heirs, devisees and personal representatives and his, their and any of their successors in right, title and interest

YOU ARE HEREBY SUMMONED AND REQUIRED to serve upon FEDERMAN AND PHELAN, P.C., plaintiff's attorney whose address is Suite 505, Sentry Office Plaza, 216 Haddon Avenue, Westmont, New Jersey 08108, an answer to the Complaint, Amendment to Complaint and Second Amendment to Complaint filed in a civil action, in which MetMor Financial, Inc. is plaintiff and Marshall Sutton, et als, are defendants pending in the Superior Court of New Jersey, Chancery Division, Essex County and bearing Docket No. F-5994-93 within thirty-five (35) days after April 28, 1994 exclusive of such date. If you fail to do so, judgment by default may be rendered against you for the relief demanded in the Complaint, Amendment to Complaint and Second Amendment to Complaint. You shall file your answer and proof of service in duplicate with the Clerk of the Superior Court of New Jersey, Hughes Justice Complex, CN-971, 24 Market Street, Trenton, New Jersey 08625, in accordance with the rules of civil practice and procedure.

This action has been instituted for the purpose of (1) foreclosing a mortgage dated February 12, 1981 made by Marshall Sutton as mortgagor given to Essex and Union Mortgage Company and recorded on February 12, 1981 in Book 4886 of

Mortgages for Essex County, page 661 which mortgage was assigned on February 12, 1981 to The New York Guardian Mortgage Corp. Said assignment was recorded February 18, 1981 in book 527 at page 233. Said mortgage was then assigned on April 23, 1993 to MetMor Financial, Inc., the plaintiff herein. Said assignment was recorded June 3, 1993 in book 700 at page 24; and (2) to recover possession of, and concerns premises commonly known as 131 Garfield Place, Maplewood, N.J. 07040.

If you are unable to obtain an attorney you may communicate with the New Jersey State Bar Association by calling 800-852-0127. You may also contact the Lawyer Referral Service of the County of venue by calling 201-622-6207. If you cannot afford an attorney, you may communicate with the Legal Services office of the county of venue by calling 201-622-1513.

YOU, Marshall Sutton his heirs, devisees and personal representatives and his, their and any of their successors in right, title and interest are named as party defendants to this foreclosure action because you are the record owner of the mortgaged premises, because you executed the bond and mortgage being foreclosed herein and may be liable for any deficiency thereon, and for any right, title, claim or interest you may have in, to or against said premises and it not being known whether Marshall Sutton is still alive.

DONALD F. PHELAN, Acting Clerk Superior Court of New Jersey

TOWNSHIP OF BELLEVILLE PLANNING BOARD FORM OF NOTICE

Please take notice:

That the undersigned has applied to the Belleville Planning Board of the Township of Belleville for an amended site plan approval so as to permit Clara Maass Medical Center to charge a fee for parking on the premises located at Clara Maass Medical Center, Franklin Avenue, Belleville, which is within 200 feet of property owned by you. This application is now No. PB-94-15 on the Clerk's Calendar, and a public hearing has been ordered for May 12, 1994 at 8:00 P.M. at 152 Washington Avenue, Belleville, New Jersey, second floor, at which time you may appear either in person, or by agent, or attorney, and present any objections which you may have to the granting of this application. Copies of all documents related to this application are available for public inspection at the office of Planning and Development, 383 Washington Avenue, Belleville, N.J. during regular business hours. This notice is sent to you by the applicant, by order of the Belleville Planning Board.

Respectfully,
Gaccione, Pomaco and Beck

Blossom Festival hosts culture, sharing in park

Tranquility through Tea - A traditional Japanese Tea Ceremony was performed at the Blossom Festival. The precise, quiet ceremony stresses a move towards purity and the principles of tranquility through the preparation, drinking and sharing of Green Tea from the 13th Century, believed to possess medicinal qualities. Bowls were used with cherry blossoms on them to symbolize harmony with spring and nature.

Sharing culture- Toyoko Allen (far left), Blossom Committee Chairperson, and Eileen Brown, Festival Co-Chair, shared flowers and a smile at the festival; Mayor Marina Perna (center) presents a plaque thanking Toru Okamoto of the New York Fukui Club for their contribution of cherry blossom trees; County Freeholder Joseph Parlevocchio (right), thanks Tomonori Kanemaki, who represented the Fukui Prefectural Government of Japan, for the Prefecture's support of the festival.

DARE, Bloodmobile attend festival - The Belleville D.A.R.E. Van was very much in view at the Festival. Police officers distributed balloons to children and spread the D.A.R.E. message of saying 'no' to substance abuse.

Festival Co-Chairs Toyoko Allen (far left) and Eileen Brown listen as Freeholders Art Wright and Patricia Seibold present a plaque commemorating the festival's success.

Festival supporters speak out - Expressing their support of the 1994 Blossom Festival are (left to right): Gary Kauper spoke on behalf of Gov. Christine Todd Whitman, thanking all involved for sharing culture, education and industry; Toru Okamoto of the New York Fukui Club, presented a check for purchasing cherry blossom trees and said he was happy his club could share the gift of spring; Rev. Tiki Nakagaki of the New York Buddhist Church said his congregation was crossing the Hudson River to enjoy the festival; and Tomonori Kanemaki, representing the Fukui Prefectural Government, said the seeds of goodwill have been planted along with cherry blossom trees.

Especially for kids and their families

Bright Award-Winning Ideas

Helping Planet Earth

Kids help to save endangered and threatened species

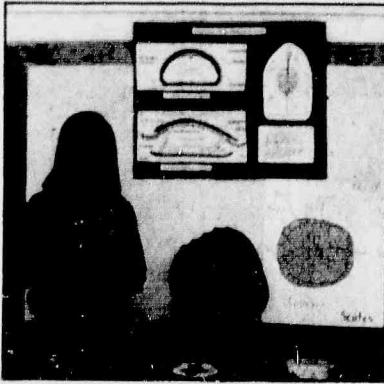

Vice President Al Gore and the head of the Environmental Protection Agency, Carol Browner, as they present an award to one of the 1993 winners, Kate McCalmont, at a ceremony in January.

The U.S. Environmental Protection Agency is a part of our government. Its job is to try to protect our environment.

Each year the agency gives special awards to kids from all over the country who come up with bright ideas and outstanding programs.

Here are a few of the latest winners of the President's Environmental Youth Awards.

Kate McCalmont poses in front of the Protect the Terrapin exhibit she designed for display at a library in Barrington, R.I.

Protect the Terrapin

The diamondback terrapin is the official town animal of Barrington, R.I.

Fifth-grader Kate McCalmont is the person to thank for this fact.

Kate created an exhibit about the endangered terrapin and the pollution problem it faced in a local river. She designed and sold "Protect the Terrapin" T-shirts to make money for terrapin research.

To get other kids interested in her project, she circulated petitions in local schools.

Gov. James Florio visited the Brook Trout Bunch at Hopatcong Middle School to sign the bill making the brook trout the state fish.

Project H.A.T.C.H.

The brook trout is the state fish of New Jersey, thanks to the Brook Trout Bunch, a group of fourth-graders at Hopatcong Middle School in Hopatcong, N.J.

The "Bunch" went to work when they discovered that this threatened fish is very sensitive to changes in its natural habitat. They hoped to make it a symbol of an effort to protect New Jersey's environment, especially the wilderness areas.

With the help of a special fishing group, Trout Unlimited, they also set up a tank for raising brook trout babies right in their own classroom. They later released them.

MIGHTY FUNNY'S Mini Jokes

WHAT DO YOU SAY ABOUT A PIG WHO FORGETS?
HE HAS NAMNESIA!

THAT'S MIGHTY FUNNY!

(sent in by Frank Waterhouse)

Q: What bus crossed the ocean?
A: Columbus!

Q: What is a grasshopper?
A: An insect on a pogo stick!

Rookie Cookie's Recipe

Nutty Apple Sundae

You'll need:

- 4 apples, core'd and chopped
- 1/3 cup brown sugar
- 3 tablespoons butter or margarine
- 3 tablespoons water
- 1/3 cup pecans, chopped
- 6 scoops vanilla ice cream

What to do:

1. Place the first four ingredients in a large, microwave-safe casserole.
2. Cover and microwave on HIGH 8 minutes or until apples are soft. Stir halfway through.
3. Stir. Let stand 5 minutes.
4. Stir in pecans. Serve equal amounts of mixture over each ice cream scoop.

More Kids' Award-Winning Projects for Planet Earth

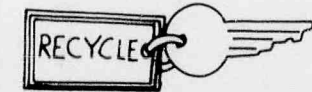

Sorting stuff that could be recycled was one of the Waste Busters' projects.

Waste Busters, Tillicum Middle School, Bellevue, Wash.

Recycling

Nineteen students who called themselves the Waste Busters cut the waste at their school by encouraging:

- the use of reusable cups and lunch bags.
- the reuse of cardboard boxes for storage.
- the reuse of paper with writing on only one side.
- teachers to have paperless days in the classroom.

The Waste Busters also made key chain tags from melted aluminum cans. These were sold to support the recycling and waste reduction project.

Working in small groups, students used creative problem-solving steps to study water.

The Old Donation Center for the Gifted and Talented, Virginia Beach, Va.

Water conservation

While sharpening their basic skills, groups of third-graders worked to help conserve water.

- They researched and presented programs on:
- water conservation.
 - the importance of water.
 - indoor and outdoor conservation.
 - the uses of water.
 - sources of water.

They promoted water conservation in the community at fairs and other schools by creating:

- signs.
- a rap song.
- buttons.
- T-shirts.
- posters and banners.

Solid waste management

The SWAMP Kids at work on their solid waste management book.

SWAMP Kids, Franklin County Middle School, Carnesville, Ga.

Next week, celebrate Mother's Day with a story about a big baby!

A group of 12- to 13-year-old students who called themselves the SWAMP (Solid Waste Management Plan) Kids:

- studied Georgia's solid waste management laws.
- researched, wrote and published a solid waste management plan for their county. They also helped five cities get organized to support the plan.
- developed and acted in a waste management video that is now being used by the local government to tell people about the problem.

Explorer Post 220 at work on building an access path for people in wheelchairs.

Explorer Post 220, Boy Scouts of America, Van Nuys, Calif.

Nature for all

Explorer Post 220 is made up of boys and girls from 14 to 20.

Their project to help people and animals included:

- building an access path to a lake so that people with physical handicaps could fish, picnic and enjoy nature.
- developing booklets and signs in several languages as well as in braille.
- building "drinker boxes" to assure a water supply for wildlife.
- restoring the habitat of an endangered fish.

Installing a low-flow showerhead in the gym showers was one way to save water.

West Branch Middle School, West Branch, Iowa

Energy and water conservation

All of the 200 students at this middle school took part in the Partnership in Promoting Water and Energy Efficiency.

The program encouraged the students' parents and other people in the community to use water and energy wisely.

NOVENA TO ST. JUDE

This Novena has never been known to fail. This novena must be said for 9 consecutive days. Publication must be promised. O Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need to you I have recourse from the depth of my heart & humbly beg to whom God has given great power to come to my assistance. Help me in my present urgent petition. In return, I promise to make your name known and call you to be invoked. St. Jude, pray for us all who invoke your aid. Amen. Say 3 Our Father's, 3 Hail Mary's and 3 Gloria's. J.M.

THANK YOU HOLY SPIRIT.

C.C.
