Roof repairs coming - Township officials are examining parts of the Public Library's roof before deciding on what repairs are necessary.

Ambulance billing set

By Richard Dickon

After much discussion, the Township Council agreed to advertise for bids so an outside service can bill residents' insurance companies for ambulance calls whenever possible, to offset costs and deter unnecessary use of emergency vehicles.

Township Attorney Robert Giordano and Township Manager Stephen Cuccio are to work together to prepare bid specifications this week so that advertisement for bids can proceed as soon as possible.

The mayor and council voted 6 to zero at the May 2 work session to bid the service for the first year, with the understanding that the service may done "in-house" by the Township after one year.

Ambulance calls would go through a third-party administering service that will bill ambulance calls to residents' insurance carriers.

Officials have stressed that resi-

dents will not be forced to pay for ambulance calls if they are indigent or have no insurance, and that all the paperwork will be done through insurance carriers.

Councilmen Thomas Spillane, Jim Messina and Nick Cerami all said they saw no problem with bidding for an outside service.

Spillane said he was concerned "That if you put any new body on this, even at \$25,000, plus benefits," it might end up costing nearly the same as an outside service.

Messina said "For one year, let's go outside with this and then see if we can take it over."

Cerami said he favored "a hands-off operation" put out to bid for the first year.

Mayor Marina Perna said if the billing is done in house "We should set a salary and lock it in."

Giordano and Cuccio had differed about whether bids must be accepted for the billing service,

with Giordano saying the billing could be done easily by the town and Cuccio asking for an outside service for the first year.

The two agreed to an outside service the first year, with Giordano saying that Clifton officials will assist in writing bid specifications and eventually helping the township do the service alone.

The problem, Cuccio said, is that he would have been unclear about how to prepare bid specifications and put a dollar amount for a billing service.

Charging calls to residents' insurance companies could raise enough money in one year to fund the \$180,000 being spent for two new emergency vehicles, plus costs to paramedics and other fire department officials as well as funding new equipment, according to Cuccio.

Mayor Marina Perna has said the change will stop "whimsical calls" she said are not necessary.

Firefighter layoff rumor called 'a lie'

By Richard Dickon

Township Manager Stephen Cuccio called a recently-distributed flyer claiming that 10 firefighters are to be laid off "a lie," saying the 1994 Municipal budget provides for eight new firefighters.

"If the budget is approved, the eight new firefighters will bring the total compliment of men over the 1990 total of 72 men, the highest it

continued on page 9

Silver Lake questioning rail link

By Richard Dickon

After an April 26 meeting with NJ Transit officials, the Silver Lake District Civic Association opposed a proposed extension of the Newark City Subway through Belleville and the locating of a rail vehicle service facility in the Township.

The Silver Lake District Partnership, a business and community development group, is waiting to see the possibilities for economic and community development before taking a stand on the plan.

Residents from the Silver Lake District questioned whether NJT could prevent the potential for increases in noise, pollution and crime that may lower property values.

The residents group is separate from the business and community group, whose chairman, Larry Walsh, said he is looking at whether the plan will increase business patronage, if a station and commuter stop is included in Silver Lake, and if the proposal includes a plan to build tax-ratable business properties at Franklin Street.

Burke said the SLCA needs "some type of guarantee that the facility will be completed, operated and maintained properly. If not, this is a non-reversible negative property. It can't be turned into a park once it's built and in the hands of NJT."

Burke outlined the groups reasons for opposing the plans. First, all proposals for the area must be exactly spelled out for all residents, whom she said are hearing confus-

ing arguments.

Residents are being told that they should take this proposal or else something else like low-cost housing will be put there, Burke said, but the SLCA and District Partnership plan to oppose any plan that is not satisfactory for the property.

At present, no tax ratable properties are proposed, although both Walsh and Deputy Mayor Mario Drozd have proposed professional or business structures to be built in front of the proposed rail station.

"Franklin Street should be developed as a retail frontage," Walsh said, adding that his group has proposed commuter and shopper parking as part of the plan, if a station and commuter stop is included.

Perhaps the biggest problem, Burke said, is the fear that policing and maintaining the facility will deteriorate with budget constraints in the future, leaving the facility in the same "less-than-satisfactory condition as many of the other NJT stations."

"Real estate values may decrease if the facility is not completed, operated and maintained as proposed," Burke said.

NJT presented information at the April 26 meeting on existing conditions in the Belleville-Bloomfield area, identified key issues for the specific station areas and the planned vehicle base facility and evaluated the station site alternatives.

Dr. Jerome M. Lutin, senior director of NJT's Newark-Elizabeth Rail Link Division,

spoke about positive impacts the project would have on property values.

"People even advertise 'walk to train' as a feature when selling their homes, because it gives their house an advantage," Lutin said.

The safety record of light rail systems was emphasized by Lutin, who cited a report from the Federal Transit Administration saying that light rail transit systems report an average of 6.43 accidents per million miles, a rate that is much safer than driving.

An environmental consultant said the vehicle base facility allows the opportunity for economic growth and increases the value of land in the area.

The vehicle base facility is the anchor the site and it would be buffered from the community by other buildings, landscaping and compatible land uses, according to NJT officials.

As for security, officials said the agency's 131-member police department will be responsible for securing the facilities.

Buses and the trains are to have state-of-the-art radios to report emergencies and criminal activities.

The proposed Newark-Elizabeth Rail Link is configured as an extension of the Newark subway, to connect the Broad Street Station on the Morris and Essex Lines to Newark Penn Station on the Northeast Corridor and link major activity center within downtown Newark to Newark International Airport.

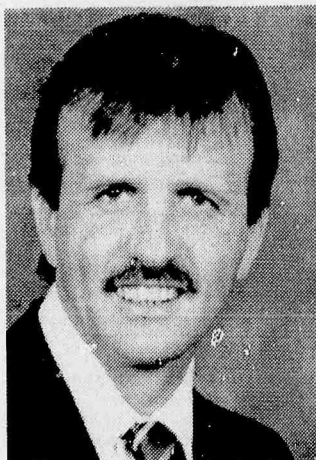

Officials stressed that all plans are preliminary.

Victor Canning

Gerald Digori Jr.

Mario Drozd

Joseph Fornarotto

Angie Paserchia

Patricia Pisano

Six vie for three council seats in Tuesday's at-large elections

Six candidates are seeking three, three-year at-large council terms in Tuesday's election.

Canning's college degree specializes in local government and he has been a Planning Board and Zoning Board of Adjustment member.

He said he wants "to formulate long and short-range goals to end costly crisis management and to stabilize our tax rate."

Also, he said he wants to develop a plan to upgrade and address proper assignment of town services to prevent decaying of the town infrastructure, such as maintenance of roads, sewers and water lines, trees and solid waste removal.

Actively lobbying for the acquisition of senior citizen housing is another goal, Canning said, adding that he wants to generate greater citizen involvement in the governmental process.

"I want to formulate and implement sound economic policies designed to provide creative opportunities to old and new businesses in town, especially Washington Avenue and develop initiatives for improving our older established industrial districts," he said.

Digori is a lifelong resident seeking office for the first time.

As councilman, Digori said he would like to establish a cost-effective government that takes control of, and contains, taxes.

"I will pursue incentives for business so that companies will move back to our town," he said.

He said he will look to enhance senior citizens services, including housing. "I promise to make life for our senior citizens easier, especially in the area of health services."

"With an intense personal commitment I will foster the total renovation of the stadium, so that it can become the centerpiece of town life, whereby all children, young adults and senior citizens can enjoy the facility."

Most of all, Digori said, he wants "all of us to become united once again to restore pride in our town and 'Bring Belleville Back.'"

Digori works for Local Union #32 Heat and Frost Insulators and Asbestos Workers.

He holds a degree in business administration, marketing and management from Ramapo College.

Drozd said he wants to "continue the progress" made during his first term.

For the next three years, Drozd said supporting the completion of the cancer research center proposed for the former geriatric hospital was one goal. Also he said establishing a parking authority, continuing the program of street pavings, and improving the condition of municipal stadium were high priorities.

"I intend to run on my record," Drozd said. His record in his first term, he said, includes the resurfacing of 25 streets, the purchase of new DPW equipment and the installation of computers to track town expenditures.

Before he joined the council in 1990, Drozd said the old government raised taxes 150 points, or about \$6 million, from 1986-1989. He said he voted against two tax increases and that taxes actually dropped by 13 points one year.

Drozd is married, with two children and is employed as a freight driver and real estate salesman.

By Richard Dickon

Fornarotto is a former Township Commissioner who has been petitioning for a change back to that form of government.

He has said the Township should buy equipment in bulk quantities with other towns to save money. The former director of the health department said he is committed to keeping the town safe, clean and family-oriented.

He said he wants "to end wasteful spending and huge tax increases that are bankrupting taxpayers."

Fornarotto said his full-time commitment to the Township will enhance his ideas and he is willing to meet with residents anytime and any place to solve problems on the spot.

"Complaints should be taken care of today -- not next week or never," he said.

A retiree and founder of the Concerned Citizens of Belleville, Fornarotto said he stopped the Marlboro Mental Health Center from coming to town, met with officials to stop the "impossible, expensive" flood tunnel from being built.

Paserchia left the school board to run for council, saying taxes are increasing while services are decreasing. She said she will work to improve the town's image to attract new business.

She said she wants to "increase ratables now" and "refurbish a 'badly-neglected infrastructure to stop the downward spiral of taxation and deterioration from escalating."

By re-establishing the industrial base in the Valley section together with the downtown business community, Paserchia said she wants to create new ratables, since "Business is our town's lifeblood."

She said she wants to establish a council liaison to the business community to form a private/public partnership to stimulate the economy.

Paserchia is married, with two children, and is a member of the Alliance for Substance Abuse Education and the Senior Citizens Club.

She is a retired office manager and a legislative aide to State Sen. John Scott.

Pisano is a former school board president employed by the county Police Academy.

She said expanding the services provided by Clara Maass Hospital would afford better health care to all residents. She would seek to enhance recreational facilities at the Municipal Stadium to include usage by children, adults and senior citizens through "straight talk" with county, state and the business community.

"There must be better public relations with the community. I would like to implement a Community Advisory Board," she said, "There must be a personal involvement, other than public town meetings, where the officials can discuss things of importance to our community in an open forum and meet the challenges."

Closer cooperation between Town Hall and the Board of Education, free of confrontation is a goal of Pisano, she said, with the implementing of unit control to save on costs with the added benefit of providing greater purchasing power.

\$1.8 million bond to fix winter-wrecked streets

By Richard Dickon

Streets in all Township wards have been designated for repair under a \$1.8 million bonding ordinance passed at a special public session May 2.

Twelve other streets are earmarked for repairs, 10 through county Community Development Block Grants (CDBG) and two through the state Department of Transportation (DOT).

The bonding ordinance will include roads in each Township Ward. In Ward I, Montgomery Street, Watchung and Belleville Avenues and Cross Street will be repaired and Cedar Hill Avenue will be split with Ward III.

In Ward II, Jefferson Street, from Joralemon Avenue to Liberty Street; Meacham, Ligham and Hilton Streets and Crestwood Drive, from Rutan Road to Morse Street are to be done.

Ward III will have the lower part of Belleville Avenue, Prospect, Perry, Crescen, Lloyd and Holmes Streets will be repaired, Holmes from Washington Avenue to Main Street.

In Ward IV, Linden Street, and

Bremond Street, the latter covering west of Linden Street and north of Greylock Parkway are to be fixed. Three streets from among Overlook, Tiona, Malone, and Tappen Avenues plus Little or Bell Streets is also to be included. A decision on those streets was pending at press time.

In addition, the following streets have already been funded by Community Development Block Grants (CDBG) with three separate contracts to be awarded: Jefferson Street, from Joralemon to Liberty; and Oak Street, from Joralemon to Division are to be bid on May 12th; the entire length of Academy and Magnolia Streets; Hornblower Avenue, from Joralemon to Division; Alva, Church, Cleveland, Honiss, and Brook Streets; and Maple Avenue have either begun or will begin shortly, according to officials.

Belmont Avenue and Cortlandt Street, from Bellavista to Greylock, have been funded by the Department of Transportation. Confirmation of funding is being awaited from the state.

Belleville Senior News

By Joe Restaino

On Tuesday, April 26, the Belleville Senior Citizen Club Inc., held their election of officers for 1994. The following were elected: President Jerry Sansone, Vice President Anthony Nigro, Treasurer Helen Hiesenreder, Corresponding Secretary Dorothea Behan, Recording Secretary Dorothy Barig, Second Vice President Jean Torremo, Parliamentary Patrick Rotondo, Trustees: Josephine Rotondo, Yvette Santora, Mary Melchione. Sgt. at Arms Chris Rendenda and Past President Joseph Restaino.

The Friday Club also had the nomination on April 29. The following were chosen for the 1994 term. President James Triano, Vice President Betty Barr, Recording Secretary Teresa Leonardis, Corresponding Secretary Edith De Feo, Second Vice President Fran Zozza, Treasurer Ann Kondreck, Parliamentary Alphonse Vecchione. Trustees: Josephine Molinaro and Andy Cassese.

As I walk around the streets of my neighborhood I am appalled at the lack of effort on the part of some of the people on recycling. On garbage pick up days I see so many objects that can be recycled being thrown out with the garbage. The apartment houses and condominiums are especially very lax in doing this. It seems to me that the majority of it is being done by the senior citizens. Is it not time that we all contribute our share. It is especially aggravating to see all the paper being dumped in the garbage by the Board of Education. I read a few weeks ago that they were going to teach the children in school how to recycle. What a paradox! Do as I say but not as I do. Is that what we want to teach the children in our schools. When Vincent Frantantoni was in charge of recycling he offered a dumpster to the Board and it was refused. Why can't we have cooperation. Why is it taking so long. Let's have an answer to this problem.

Grandparents are the people
Who always have the time
To listen to your troubles
And lend another dime.
They're there for your commencements,
Your concerts and your hikes,
Some love to take you fishing,
Others ride with you on bikes.
Grandparents are the people
Who always will be there,
To help and hug and hold you
And have corny jokes to share.
For grandparents are the people
Who no matter what you do,
Will give the best of presents,
Their endless love for you.

By J. Schiff

Thanks to all you seniors who were there for me. P.R.L.
Glad to see you.

Help by giving blood - Pat Pugliese and Ami Doshi (left to right), co-chairs of the Belleville High School Blood Drive, ask for support for the drive, to be held at the high school on Passaic Avenue on May 10, from 8 a.m. to 4 p.m.. Take the time to come out and make a life-saving donation.

High School plans May blood drive

Help save a life on May 10th by participating in the Belleville High School Blood Drive, from 8 a.m. to 4 p.m. at the high school on Passaic Avenue.

Anyone wishing to donate must be in general good health, weigh at least 110 pounds, and be at least 18 years old.

Seventeen-year-olds may donate, if they show a signed per-

mission slip, available through the North Jersey Blood Center.

All donors must know their social security number and bring a signed form of identification.

Giving blood is safe, simple and saves lives. For more information, call the Blood Center's donor services department at 1-800-433-6522, ext. 140.

Middle schoolers meet 'Izzy,' Olympic mascot

Middle School students from Mrs. Albrecht's seventh grade reading classes will have stories about the Olympic mascot displayed at the 1996 Summer Olympic Games in Atlanta, Ga.

Last October, Parade Magazine sponsored a creative writing activity for any student to write about an imaginary character who resembled a bumble bee, and who had the Olympic rings around his tail.

His name is Izzy and he lived in the Olympic Village with all the athletes. The title of the writing

activity was "The Adventures of Izzy."

The seventh graders sent 98 stories to the magazine, and all will be displayed as part of a giant montage in the stadium where the opening ceremonies are to begin.

Each student will receive a certificate stating that their story will be on display for all to see.

The middle school will have its name placed in a ledger in Atlanta as part of the 100-year anniversary of the Olympic Games.

Highest scouting honor - Eagle Scout Amol D. Shahof of Troop 350 in Belleville is congratulated by Congressman Herb Klein (D-NJ 8) at Shahof's Eagle Scout Court of Honor Ceremony, held at Fewsmith Memorial Presbyterian Church.

Roche Players perform musical 'Kiss Me Kate'

Tom Vangieri of Belleville is among the leading actors in the Roche Players presentation of "Kiss Me, Kate," Friday, May 5th, Saturday, May 6th, and Thursday, Friday, and Saturday, May 12th, 13th, and 14th at the Williams Center for the Arts in Rutherford, at 8 p.m.

Since all production expenses are sponsored by Hoffmann-LaRoche, 100 percent of all pro-

ceeds are donated to local charities, including Community Health Services of Belleville, Bloomfield and Nutley. This year, for second time, the Thursday evening performance will benefit The Starfish Foundation for Children with AIDS, Inc.

Ticket donations are \$8, senior citizens and children under 12 pay \$6. For additional information, call 235-5200.

Firefighters extinguish Washington store fire

By Alfred Cook

Firefighters quickly extinguished a fire in the rear wall of the store at 135 Washington Ave. on April 24 that is still under investigation.

At about 11 p.m., the Fire Department received a call for a fire at the site. The first arriving company found smoke in the first floor store, owned by Susma Copra, according to Firefighter Scott Wentworth.

Using forcible entry, firefighters entered the store and found a fire in

the rear wall. The fire was extinguished quickly with minimal damage to the store.

All occupants of the building were removed and there were no injuries reported. The cause of the fire is under investigation.

Marlene Toledo of 131 Washington Ave. said her nephew informed her that he smelled smoke from the adjoining building at approximately 11:10 p.m. The fire was believed to be electrical in nature.

Council amends code maintaining property

By Richard Dickon

The Township Council amended the property maintenance code at the April 26 public meeting.

The ordinance reflects inspection requirements now required by Township's Rent Leveling Regulations, and establishes guidelines for obtaining vacancy decontrol certificates.

One of the guidelines in the property maintenance code is "There shall be no evidence of rodents, insects or other pests such as roaches, mice or rats."

At the request of Councilman

Bill Cook, added to the ordinance was the stipulation that all apartments meet all housing codes.

The ordinance calls for walls, ceilings, windows and floors, plus bathrooms and kitchens, including sinks and floors all to be in good condition, with fresh painting, smoke detectors and exit doors also singled out for inspection.

A safe heating system must provide adequate heat to all rooms and a cooling system (if any) must work properly, with exhaust fans installed where required and in good working order.

OUR OPINION

Paerchia, Drozd and Digori endorsed to change council

For Tuesday's at-large council race, the Times endorses Angie Paserchia, Mario Drozd and Gerry Digori. They have all campaigned similarly for more conservative spending, better allocation of services and creative methods to bring new business to the Township, yet each brings distinctively different talents.

As the 250-plus residents who jammed into the Knights of Columbus on Saturday, April 30th, will attest, Angie Paserchia's platform is popular, both with townspeople and with our state's highest ranking politician, Gov. Christine Todd Whitman.

Whitman's appearance and endorsement, rare for a local council race, illustrated that Paserchia can work with the state, to make sure Belleville gets its fair share of state funding, to work together to cut taxes and to bring new business to, and keep existing business in, the downtown and industrial sector.

Mario Drozd has spent the last four years concentrating on improving the town, he is always available for residents in need and continues to look forward at projects like the CMMI cancer research center, establishing a parking authority to

increase revenues and has already begun improvements to the Municipal Stadium's of spring.

Gerry Digori's enthusiasm and fresh outlook on restoring town pride and 'bringing Belleville back,' and his education in business administration, marketing and management along with his local union affiliations gives him the knowledge and background that will prove invaluable in negotiating contracts with municipal employees.

As a threesome, Paserchia, Drozd and Digori comprise the best combinations of experience, fresh ideas, enthusiasm and plain-old hard work that can bring government to a level of competence and cooperation not seen in too many years.

Here's hoping these three can usher in a new era of fiscally responsible, forward-thinking, economically stimulating government in Belleville.

Joseph Fornarotto, Patricia Pisano and Victor Canning should be deeply commended for their commitment to run for office and serve the community, at the sacrifice of family life and are respected and valued members of this Township.

History says trains bring town zero

NJ Transit wants to extend the Newark City Subway above ground through Belleville and place a rail train repair facility near the border of Bloomfield, in the Township's Silver Lake District.

NJT keeps telling us how well light rail trains work in places like California and Oregon. They keep trumpeting the state-of-the-art communication systems they have developed to alert police and fire officials about accidents or crime.

The Silver Lake District Business Partnership, through merchant Larry Walsh, keeps espousing the economic advantages the trains will bring.

But the Silver Lake District Civic Association has seen the condition of other NJT train facilities: the litter, the vagrancy, the sometimes-astounding crime numbers, and they are very concerned about their property values, not to mention their per-

sonal safety.

A package that would bring potential ratables businesses in front of the train facility has been proposed by Walsh. An excellent idea, but what will come with it?

As residents in Silver Lake have said, once the budget for maintenance and/or policing the facility is cut, the district is stuck with a non-reversible negative.

NJT had better come up with a guarantee that the facility will be policed and maintained at a level infinitely better than other NJT facilities. That, and a promise of tax ratable business properties might be enough to convince Silver Lake residents.

Even with all those positives, however, if I were a Silver Lake homeowner, it would be nearly impossible for me to not have nightmares about a run-down, crime-infested non-reversible negative in my backyard.

Look into Prudential's practices

The Prudential Insurance Company, the state's third largest auto insurer with half a million motorists covered, appears to pressuring its agents to drop drivers, many with good records.

If the alleged practices are allowed to continue, other insurers are certain to follow in Prudential's footsteps, meaning more uninsured drivers will be on the road.

Because car insurance is the least profitable segment of the insurance industry in New Jersey, some companies have ceased issuing such policies. Meanwhile, the ones that have kept at it have griped about the Fair Insurance Reform Act of 1990, which requires them to accept all drivers with less than nine points on their driving records.

But, according to a recent series in The Record of Hackensack, there is evidence that Prudential has dropped good drivers who have declined to purchase home or life insurance policies from the company. Some agents say Prudential has also told them that the company would reconsider auto policies

threatened with cancellation if the insured would agree to buy other Prudential insurance. If these reports are accurate, the company is engaging in coercion, and that's illegal.

Agents have also claimed that Prudential offers incentives, including bonuses, to turn down customers the company views as undesirable risks or those who decline to purchase other insurance. Some of these "undesirable" motorists have good records but are viewed as such by Prudential because they are considered too young or too old, or live in high-risk neighborhoods, among other factors, agents have said. Such practices could also be violations of the state's insurance laws.

Although company spokespersons deny any wrongdoing, the allegations are serious enough to warrant an investigation by the state insurance commissioner. If Prudential's alleged practices are allowed to continue, the result could mean financial catastrophes for thousands of motorists unfortunate enough to be involved in serious accidents with the many newly uninsured drivers.

YOUR OPINION

Drozd is thanked for council effort

To the Editor,
I am a resident of Belleville for more than 32 years, and a homeowner for 10 years. I have seen the town go through many changes over the years, some good, some not so good.

With the upcoming May 10 election for Township Council, I feel it is very necessary to tell the citizens

of Belleville that over the past four years, Deputy Mayor Mario Drozd has been one of the good things that have happened to our community. He genuinely cares about our town and makes the ultimate effort to help the citizens of Belleville.

Mario always makes himself available to you

continued on page 5

Canning lauded effort in Valley

To the Editor,
We would like the voters of Belleville to know some facts about Candidate Victor M. Canning, who is running for Councilman-At-Large.

Victor has a lifelong interest in Belleville. His family has lived in Belleville for 80 years. His grandfather, Mr. Carraciola, was involved with the

town and instilled in Victor his keen interest in seeing Belleville go forward.

Victor has helped with numerous projects in the Valley, with emphasis on having Commercial and Industrial ratables move into Belleville. This has helped the homeowners in stabilizing our tax rate.

continued on page 5

Pisano explains campaign goals

To the Editor,
I am pleased to list below the issues I feel are of importance in this campaign.

a) Expand the services provided by Clara Maass Hospital, affording better health care to all Belleville residents.

b) Seek to enhance our recreational facilities at

the Municipal Stadium to include usage by children, adults and senior citizens through hard work and straight talk with our county, state and business community.

c) There must be better public relations with the community. I would like to implement a

continued on page 5

Digori to restore Belleville pride

To the editor:

During the past few weeks we have been listening to the council candidates express their views and desires. It is now time for us to decide which of them will serve us best.

I was very impressed with Jerry Digori when I spoke with him. I asked him why he was running. His answer was: I live in the town, I love the town and I

don't want to move. Jerry made no promises. During his initial reply he did not talk of lowering taxes. He did not talk of increasing ratables. He did not talk of reduced personnel.

We then spoke on some of the problems and he agreed that all were vital issues which he could certainly deal with once elected and having all of the

continued on page 5

Fornarotto said to care for town

To the Editor,
"He Cares." An informal, spontaneous action associated with harmony comes from a man you all know. His tolerance is high, especially in some given situations. What the heck, why go into sentences... look at what his name represents.

F is fringe benefits and additional benefits; O is

Oasis, something providing relief from dreary routine; R is rapport, and harmony; N is niche, a person or thing is best fitted; A is A-OK, very definitely OK; R is ramrod, to direct, supervise and control; O is off the cuff, spontaneous and informal; T is tolerance, endurance, fortitude and stamina; T is togetherness, associated with O for overall perfor-

Of All Things

By Frank Orechio
A feature of the Nutley Sun, Bloomfield Life and Belleville Times

• SUNDAY is "Mother's Day". For me, during the years my mother lived - 92 - she was the first person in my daily prayers. During the waning months of her life, every day she touched my heart when she repeated - ever so slowly - I love you - I embraced and kissed her - telling her I loved her too.

In the middle years of my life, I took her love for granted. And upon reflection, I know now there were many days she would have enjoyed a bear hug and hearing the words, "I love you."

I can't repeal the past - nor can I turn back the pages of time to let my mother know how much I loved her. I know she knew - but I am just as certain it would have warmed her heart to hear me say - "I love you - I love you - I love you."

So, if you are among the lucky ones to have your mother, for God's sake, give her a bear hug and tell her, "I love you, Mom" - and do it every day - it will be therapy for the heart. So - for all you mothers out there, my respect and admiration for living in the image of our Lord. May good fortune, good health and happiness continue to be your companions for the rest of your years.

The most important thing a father can do for his children is to love their mother.

NUTLEY'S Bob Rusignuolo is waging political war against the entrenched political machine of Nutley G.O.P. leader, attorney Jim Piro. Commissioners Walter Smith, Frank Cocchiola and John Kelly

are all Piro-line candidates. Political leaders often are obliged to reach down to the bottom of the barrel to find candidates. In this case Piro went to the top.

To field even a limited number of challenges is quite a feat, and Rusignuolo should be complimented. For too long, the Nutley Republican operation has functioned as a closed corporation satisfied to keep the status quo. It wasn't too long ago that the stalwarts of the Republican machine in Nutley were overwhelmed by Chris Whitman in the Primary Election when she beat out the Piro group which supported Carey Edwards. That should send a message to the Republican powerhouse that wants to keep its status quo. While it may control the nucleus of a group representing the County Committee, it clearly was unable to influence a majority of the Nutley Republican Primary voters last year.

Bob Rusignuolo

• NUTLEY'S Creative Playground is a very useful facility, but it must be located in a park that

doesn't interfere with the quality of life of the neighborhood. I can't understand my cousin, Commissioner Frank Cocchiola having a fixation about the Creative Playground. After all, the concept was approved by him and exists in the first place; and in the second place, it exists where it is because Commissioner Cocchiola went along with professionals. But

once in a while, professional advisors do make mistakes. Professional engineers designing a highway end up causing traffic jams because of defective design. Automobiles are rejected because of defects in design. Airplanes are likewise grounded because of defects in design. So - what's wrong with admitting there is a defect in design of the playground in the location it now exists. Certainly, it can't be foolish pride. What I don't understand is why Commissioner Cocchiola persists in living with a situation that causes aggravation to homeowners where there was peace and contentment for years. I live in the neighborhood, but far enough away from the Creative Playground that the noise and activities of and in themselves are of no concern. However, the parking in the lane that leads to our multiple housing and business complex is narrow and does not accommodate parking on both sides. As to the question of parking along the bank of the brook, it is against the law. It is prohibited because it's part of the flood plan. Recognizing that, Commissioner Cocchiola had his department employees erect barricades and for the longest time those barricades were in place. However, recently the barricades were removed and in effect, inviting anybody to park heading into the brook. Some day, regrettably, there may be a disaster. A child - running from one side of the lane to the other and a car backing into the child. It's an awful scene to contemplate. I would beg Commissioner Cocchiola to reconsider being so adamant and sit down with the people involved and have a civil conversation around a conference table.

mance, viewed as a whole.

The last word is how you view someone. Don't take one particular incident and weigh the whole party. Take an overall view and believe me, the outcome will be different. Joe does try to give you and me his best. As a kid growing up, that was what was stressed ... do your best, the rest will follow.

Ann Donietello

Canning

when you contact him regarding any situation you need to discuss. He has come through on all he has promised to try and do.

Many problems have arisen over the past four years. My husband and I have spoken with Councilman Drozdz and he has always made every effort to resolve the problems, many of which I am pleased to say he has not only tried, but has accomplished to resolve.

He cares for the children of Belleville, being the father of an elementary school student. His concerns for the children strike close at home, as well as his concern for the senior citizens of our community.

Please consider Mario Drozdz and re-elect him for another term so he may continue his work for the residents of Belleville.

Sincerely,
Lynn Rosoli
Belleville resident

Pisano

We believe that placing Canning on the council will give him the opportunity to do for the whole town what he has been doing for the Valley.

Canning has been involved with many town and civic activities which have been published in the local newspapers. He is a true leader with an abundance of new ideas to project Belleville into the 21st Century.

We believe we have given the voters some good reasons to vote Row 1-A, for a dynamic and devoted leader, Canning, who is "Heading For The Future With A New Approach!"

Let's show a strong interest in our local government by going to the polls and vote on May 10th.

Jay and Georgeanna Bouker
DeWitt Avenue

Digori

Community Advisory Board. There must be a personal involvement other than Public Town Meetings where the officials can discuss matters of importance to our community in an open forum and meet the challenges.

d) A closer cooperation between Town Hall and the Board of Education, not confrontation. Implement Unit Control -- a cost saving measure with the benefit of greater purchasing power.

e) Organize a method where citizens can gain easier accessibility to our town services in a direct manner to the departments, and eliminate the Town Hall voice mail telephone system.

In seeking election I commit myself totally to all the citizens -- Hard decisions will not only affect you but my family as well. I respectfully ask for your support.

Patricia Pisano

facts. This too impressed me. Here was a young man not second guessing the past; but, ready to research an issue as only a person with access to all of the facts could before coming up with a solution.

What he spoke of most sincerely was pride and love for the town. Good for you Jerry! Once this pride is restored everything else will fall into place. No more will we hear that anything is "too good for Belleville" and those taxes we all hate to pay, if properly used, may not hurt so much.

I urge all of you to consider Jerry Digori as one of your votes on May 10, 1994 and hopefully on May 10, 1995 things will be looking up.

Conservation Day at Zoo

The Docent Organization of Essex County's Turtle Back Zoo will hold its third annual Conservation Awareness Day on Saturday, May 7, from 10 a.m.-4 p.m. at the zoo, 560 Northfield Ave., West Orange.

For more information, call the Zoo at 731-5801.

Local musician picked tour Europe with National Honor Touring band

By Richard Dickon

Tara Girovasi, daughter of Mr. and Mrs. Len Girovasi of 132 Linden Ave., has been accepted as a member of the 1994 Spirit of America National Honor Band Performing Tour of Europe.

Girovasi will be representing the Township and the Raiders Junior Drum & Bugle Corps of Bayonne, as an emissary to the people of Europe, as well as representing the youth of America.

She was chosen on the basis of ability to perform, maturity, and the ability to represent a positive image of American youth, according to Corps officials.

The Spirit of America National Honor Band will tour and perform in Luxembourg, Austria, Switzerland, Liechtenstein, Germany, Holland and Belgium.

The band will also perform for the Diplomatic community as well as for thousands of people, in Geneva, Switzerland on the Fourth of July. The celebration will be hosted by the American Club of Geneva.

Girovasi will join other selected students from across the United States, rehearsing for five days, then flying to Europe for 16 days of touring and performing.

She is currently preparing for the Raiders' summer tour to

Boston, where the corps will be performing to music from the play, "Jesus Christ Superstar."

Girovasi is raising a major por-

tion of her expenses for Europe herself. Anyone interested in contributing or otherwise helping her may contact her at 751-5864.

ELECT MAY 10 1A 1A Victor M. CANNING

"New Leadership for Belleville"

For the past five years, Victor M. Canning has been one of the most active district leaders in town fighting for his constituents.

• Victor has been very successful in representing the best interests of his district before our Planning and Zoning Boards.

• Victor has been instrumental in encouraging industrial and commercial businesses to build or relocate in the largest remaining industrial zone in our township.

• Victor has demonstrated his commitment and ability to research and develop possible solutions to our town's problems.

• Victor's efforts and productive input at town meetings has earned him the respect of his constituents, town citizens and public officials.

• We need Victor as Councilman-At-Large so he can continue these efforts for a better Belleville.

"STRAIGHT TALK, HARD WORK, BELLEVILLE FIRST" HE WILL MAKE A DIFFERENCE!

Letters to the Editor

Resident faults Drozdz record

To the Editor,
Incumbent council candidate Mario Drozdz, said, "I will be running on my record May 10th," at a previous Township meeting. Well, let's check the last 46 months of his record.
Drozdz worked hard for the government we have now that has cost the taxpayers of Belleville more than \$6 million. Drozdz's vote to hire new manager, (Bertram) Kendall, cost \$82,000 per year. Drozdz's vote to hire a new Engineer cost \$65,000. Drozdz's vote to hire a new Planner cost \$55,000. Drozdz's vote to hire a new Attorney cost \$197,000 for two years. Drozdz's vote to pay Essex County \$425,000 for 4.5 acres of property when they eight acres to a doctor's group for one dollar. (Editor's note: The council has not paid a penny to the county for the land in question, and officials continue to try and secure the land for no money.)
Drozdz said it was a good deal. For who? Drozdz was in favor of ambulance costs to residents to pay for service. (Editor's note: the council has not formalized a plan to charge residents' insurance plans for ambulance service.) Drozdz voted to buy a giant Fire Truck that is used in big cities, at a cost of \$417,000.
Drozdz voted for taxes increases totaling more than 120 points (over four years).
Drozdz voted for bonds to be paid by the taxpayer of more than \$3.4 million. Drozdz appointed Sam Papa to the Planning Board and Papa is now his campaign manager.

Drozdz voted to raise our water bills to double the cost, voted to repair the stadium wall for a cost of 396,000. Drozdz said in his last campaign he would have a secretarial pool, there are three more secretaries since his election.
Drozdz voted for a former councilman (Charles Cerami) to take over the Department of Public Works at an extra cost of \$70,000 (Editor's note: Cerami's salary currently stands at about \$45,000) and the cost of an election for second ward council person.
Drozdz ignored repairing the roof at 383 Washington Ave. when the cost was \$17,000, now it will cost about \$70,000 because of damage to the interior.
The State Investigating Commission said, "Some of the Councilmen do not know what they are doing. They should be accountable."
Mr. Drozdz, I rest my case. We need three new councilpersons.

Joseph Celfo

Drozdz responds to critic's attack

To the Editor,
I would like the opportunity to clear the air on some false rumors circulated within the community. Unfortunately, we have a few malcontents who seem to confuse facts with fiction, provide no area of their expertise, do not understand the governmental process, and contribute nothing but a negative image for Belleville.

Four years ago, the Council-Manager Form of Government, through its Administrative Code, reorganized its departments to promote professionalism within the Township at no extra cost to the taxpayers.
According to the records of the tax office, between 1986 and 1989, the former Commission Government raised our municipal taxes \$6 million, for a total of 150 tax points. As for my voting record, I voted against two tax increases. As a matter of fact, one year your municipal taxes went down 13 points.
The former commissioners, back in 1989, spent \$90,000 in attorney fees to try and "stop" your right to vote. Remember?
On July 1, 1990, the new council inherited \$8 million in bonded indebtedness. On June 12, 1990, a resolution was passed raising your water rates. The clean-up of our DPW yard cost the taxpayers \$250,000.
In 1987, they failed to collect \$287,000 in unpaid fines. They also failed to collect \$500,000 in uncollected taxes. They provided you with poor service.
-As for the incident in a local tavern, the council has no jurisdiction in police matters.
-According to our experts, the roof and interior repairs at 383 Washington Ave. are approximately \$20,000.
-Our former councilman does not get paid \$70,000 per year nor is there going to a special election in the second ward.
-Sam Papa was appointed to the Planning Board by Councilman Jim Messina and my campaign manager in this election is not Sam but Anna Marie Perna.

Through streamlining of services and attrition, our secretarial staff has been reduced, once paying \$38,000, now paying \$22,000 per year.
In four short years, this council has created a budget surplus, \$720,000 in annual health savings, collected more than \$240,000. We received \$1.4 million in C.D.B.G. monies and a \$300,000 Silver Lake Preservation Grant. These are just some of the many positives happening in Belleville.
Most critics of the Council-Manager form of government will not admit to its success. They are part of the Commission which left the town in chaos, constant turmoil and financial distress.
Mario Drozdz
Deputy Mayor,
Council-At-Large Candidate

Voter says Pisano to keep promises

To the Editor,
On the election of this May 10th for Council-At-Large, I'm sure by now you have read and pondered on the candidates' promises, ideas and concerns. So at this point we all must look very close upon all of the individuals on the ticket.
Do not be fooled by fancy promises that we know cannot be kept. This road leads one way, and there's no return from a dead end. We all know real issues need to be confronted with a dose of reality.
What I want to see is a candidate who knows what this town is up against and who will work within the confines of a reachable goal best for young and old. This is why I can't say enough about Patricia Pisano's past and her future ideas.
Well, if you have these same thoughts and are fed up with broken promises, I challenge you to look at Patricia's platform. I know you won't look back but forward into Belleville's future.
Sincerely,
Ronald Spera

Letters to the Editor

Council service called 'failure'

To the Editor,

As a resident, homeowner and taxpayer, I believe our council people that we elected to serve us as our representatives have many questions to answer and they have failed us.

Many of Belleville's homeowners had their last water bill raised 50 percent or more. My water bill was increased more than 75 percent from \$39 to \$121. Why?

The voters went out and voted against the school budget last year by a large margin of three to one, yet our council allowed our politicians in Trenton to restore the monies that were cut legally. (Editors note: The council has no control over the appeals process the board of education used to have the cut school funds restored.)

Voters voted down the budget. Our officials should have gone to Trenton and fought for us, the taxpayers. The election laws should have protected our vote.

Have any of our residents seen our streets, sidewalks and empty stores lately? Garbage has been on some streets for weeks, through the holidays. Why, when in our neighboring towns, the garbage truck comes, they pick up all furniture, garbage, wood, mattresses and debris?

Our recycling program is a failure. Our neighboring towns do their own recycling plus picking up cardboard.

High water bills, high taxes, high rents, services, senior citizens, sewer and water repairs, sidewalks, must be addressed. Enough is enough!!

It cost the township \$110,000 to have our recycling material picked up and persons with trucks are picking up newspapers and selling them. Persons with trucks are picking up old metal items and getting \$250 from our township per week. They remove the gas from refrigerators and sell the rest for junk and get money per 100 pounds. This is more money that Belleville loses.

Under the Council-Manager form of government, the person we voted for to represent us cannot do anything but direct the complaint to the Township Manager and he must either carry or not carry out the complaint or suggestion.

When people need a service or an answer to a complaint, only one man can help you, if he wants to, or if some council person pressures him. With seven or eight departments under the manager's control, it is impossible to give the taxpayers services or answer complaints daily.

How many residents can say they are getting services when they call? I don't believe there are many. A few months ago (August 1993), a report from the State Investigating Committee investigat-

ed the workings of the departments and the committee gave a bad report of our township. All departments were involved and still, today, only one man was reprimanded without pay. Why? They said the problems in Belleville were because of no accountability.

Council-Manager Government cannot work in Belleville. Eight managers have tried. It's time for a Change for the Good of Belleville.

Belleville needs revenues to help pay for its bills. What are our officials doing about it? Book Chevrolet on Washington Avenue is closed. (Editor's note: The Planning Board is hearing a site plan that would place a CVS Pharmacy as part of a strip mall on the Chevrolet site and a Taco Bell Restaurant has been approved for across the street.) The Restaurant Equipment Company across the street from the Three Guys Restaurant is closing. Other stores may close soon and many are closed on Washington Avenue and on Union Avenue which had never happened until now.

All of the above did not happen until the last three-and-a-half years. Why? No accountability.

It's time for a change. Elect three new people on May 10th.

Marion Chianca

Ippolito edorses Canning for seat

To the Editor,

Still water runs deep, and Victor Canning, an at-large council candidate, is guilty of an honesty complex, the virtue of a few. He will try with a vengeance to set our leaning township upright again, -- conscious of the people's plight and a people-person to boot.

He's a quiet guy, but look into his eyes and see his soul simmering with trust and God on his shoulders, a straight guy with a reason -- you -- the down-trodden taxpayer, slave laborers feeding the township's elite union society without a thank you or a pat on the back. His merits as a planning board member and expertise as a business administrator are a good combination to watch our store and curb our council and township to keep them at bay.

It takes seven to council our town, but one on the inside, like Dr. Noonan was to keep a balance of patronage, like Vic Canning can will do and keep our dollars well spent. So -- cast your vote -- against other council 'non-concernables,' who mortgaged our youths and your American dream.

This is not funny, but fact that those you voted in four years back, and trusted, picked up your marbles and you lost. Vic Canning will give back your marbles. Not much to say for our present administration and those within -- so let's make some changes. This is your future and your marbles. Vic Canning is the name and survival is the game.

Dan Ippolito

LUXURY HAS NEVER BEEN THIS AFFORDABLE!

You get the idea. This is it. Your best chance to save thousands on Mercury Sable with special lease terms or huge option package savings. Or drive away in the v8 powered Grand Marquis for less. Complete with standard dual airbags. But you better hurry, this won't last long.

Limerick Day

The Belleville Public Library and Information Center will celebrate Limerick Day on May 16. Frank De Lisi, Belleville humanities' scholar will lead the program. Participants are asked to bring in their favorite limerick to read, or to write their own limerick. Call 450-3434 to register.

BOOK MARKS

Calendar of Events

In the Trustees Gallery: A photography exhibit entitled "Dennis Simonetti: A Lifetime of Introspection, Part II," will be on exhibit from May 1-31, during library hours, at the Belleville Public Library and Information Center, 221 Washington Avenue.

In the Display Case: The Volunteers of Clara Maass Medical Center will be featured in an exhibit at the Belleville Public Library and Information Center, 221 Washington Ave.

The Poetry Books of Sherri Shapiro's classes, the Belleville Middle School, will be on exhibit on the second floor of the library.

May 5 - The Thursday Film Class Comedy Series will feature the film "Pretty Woman" at 1 p.m. at the Belleville Public Library and Information Center.

May 6 - The Friday Musical Film Class Series will feature the film "Night and Day," at 12:30 p.m. at the Belleville Public Library and Information Center.

May 7 - The Italian Language Course, taught by Anthony Ceci, will meet at 10 a.m. at the Belleville Public Library and Information Center.

May 9 - For a celebration of the arts, the film, "Bolshoi Ballet" will be shown at 1 p.m. at the Belleville Public Library and Information Center.

May 10 - The Opera Film Class Series will feature "La Cambiale Di Matrimonio" at 12:30 p.m. at the Belleville Public Library and Information Center.

May 11 - "The Grapes of Wrath" by John Steinbeck will be discussed by Dr. Robert Gold, Jersey City State College. Call 450-3434 to register.

May 12 - As part of the Thursday Film Class Series, the comedy film, "Father of the Bride," with Steve Martin, Diane Keaton and Martin Short, will be shown at 1 p.m. at the Belleville Public Library and Information Center.

May 13 - The Musical Film Class Series will feature "Lovely To Look At," at 12:30 p.m. at the Belleville Public Library and Information Center.

May 14 - The Italian Language Class, taught by Anthony Ceci, will meet at 10 a.m. at the Belleville Public and Information Center.

Special programs in May

At the Belleville Public Library and Information Center, many interesting programs are planned during the month of May.

On May 7, at 10:30 a.m. come to the James J. Cozzarelli Jr. Children's Room, where you can make a Mother's Day card with a surprise inside. On May 21, at 11 a.m., there will be a Garden Day, when you can help plant our children's garden and plant something to bring home for your garden. On May 28, at 11 a.m., there will be a special Puppet Performance entitled "The Witches and the Singing Mice."

Cherry Blossom Festival

In conjunction with the Belleville Chamber of Commerce and the Essex County Department of Parks, Recreation and Cultural Affairs, the Belleville Public Library participated in the 1994 Cherry Blossom Festival.

Frederick Lewis, principal librarian, attended meetings for the festival, helped distribute brochures at the library, and for the Cherry Blossom Ball. Children's Services conducted a story hour of Japanese stories and conducted a puppet show in the park.

A Celebration of the Arts

For a celebration of the Arts '94 at the Belleville Public Library and Information Center, the library will show the film "Bolshoi Ballet" on May 9 at 1 p.m. May 25, there will be a special film showing of "Romeo and Juliet," also at 1 p.m. The Musical Film Class will feature the film, "The Red Shoes," on May 27, at 12:30 p.m.

ictured is Michael Accunzo of Belleville, holding his woodcarving of a snake, which was part of his "Wildlife Woodcarving" exhibit on display at the Belleville Public Library and Information Center. If you wish to exhibit your crafts, or have an interesting collection to share, call Joan Taub at 450-3434.

Photographic exhibition

On May 14, from 1 to 4 p.m., there will be a special reception for Dennis Simonetti at the Belleville Public Library and Information Center. The exhibition, which is entitled "Dennis Simonetti: A Lifetime of Introspection, Part II," can be viewed until May 31.

The exhibition was arranged by Dawn Cox, whom you may call at 751-8389 for directions to the reception.

The Grapes of Wrath

"A Study of Pulitzer Prize Authors and Their Award Winning Novels, 1919-1945," ten lectures on the theme at the Belleville Public Library and Information Center, continues on May 11, at 1 p.m. with a discussion of "The Grapes of Wrath," by John Steinbeck. Call 450-3434 to register for the program.

The series continues on Sept. 21 with a lecture and discussion of "The Bridge of San Luis Rey" at 1 p.m. Both lectures will be delivered by Dr. Robert Gold, Professor of English, Jersey City State College.

Letters to the Editor

Paserchia, Pisano Fornarotto listen

To the editor:

This is an open letter to my friends and supporters in the Third Ward. Next Tuesday is an important election for the Third Ward. I feel our ward would be better served with the election of Joseph Fornarotto 3-A, Angie Paserchia, 4-A, and Patricia Pisano 5-A to the Council-at-Large.

The Third Ward needs a voice on the council. Just look around and see the wards getting worse and I know the above people will listen to our needs. The Valley, St. Peter's and the Hill need someone to listen to. The above people will listen to our needs. Please consider them on Tuesday, May 10.

Kevin G. Kennedy

Pisano credited for staying here

To the editor:

I was very glad to hear that Patricia Pisano, former President of the Board of Education, has decided to run for election to the Town Council at Large. Over the years she has proven to be a dedicated and concerned individual, not only for the needs of the children of Belleville, but for the homeowners as well. Her desire to see that our town continue to grow is evident in the fact that Pat and Richard have chosen to purchase another home in Belleville, instead of following a route like many who have decided to leave. Her concerns to increase the usage of our Municipal Stadium, the removal of the phone system now in use at the Town Hall and Unit Control for greater purchasing power are some of the many things she would like implemented.

I and many others are confident that Patricia Pisano will help the town council and the citizens of Belleville. I urge the people of Belleville to allow Pat to work for them and show their support on May 10th. Vote 4A.

Lynn Risoli

Pisano's school experience cited

To the editor:

I enthusiastically support Patricia Pisano for Councilwoman in the May 10th Election. The knowl-

edge she will bring to the Council stems from her experience from serving on the Board of Education. Her biggest task on the Board was trying to balance a budget without major cuts that would effect the children of Belleville.

Mrs. Pisano showed that she was able to get the most out of our money, without putting the burden on the taxpayer. She also showed that she was not intimidated by people with other opinions. In addition to these qualities her loyalty and love for Belleville would prove her to be a good choice. So when you vote on May 10th, make Patricia Pisano one of your choices.

Mrs. Catherine Varacallo

No fire dept. layoff plan

continued from page 1

has been since 1989," Cuccio said.

"Further, the fire department is receiving two new ambulances at a cost of \$160,000, and a new fire truck for the Silver Lake Fire House at a cost of \$170,000. These actions do not sound like we are playing with the lives of firemen (as had been said in the flyer)," he said.

The mayor and Council met with the Police and Fire Chiefs at a budget work session April 25 and requested that each department trim \$50,000 from their respective 1994 budgets.

Several possible areas of budget reduction were discussed, including firefighters' clothing allowances, and possible retirements in both departments.

The fire department's budget is already reduced by about \$80,000 thanks to the Civil Service's approval of the department's reorganization.

"The recent rumors circulated about the fire department being undermined, or playing with their lives is untrue," Cuccio said.

Cuccio has said uniform allowances will be part of contract negotiations and that there are no potential retirements in the fire department.

Mayor Marina Perna has told the fire chief she and the council will leave budget cutting to him.

Obituaries

James J. Scott, 52

James J. Scott, 52, of Belleville died April 28 in his home.

Services were held April 30 in the Kiernan Funeral Home, Belleville.

Mr. Scott was a dock worker with T&T Red Star Express Lines in Newark. He also worked for the Yellow Trucking Co. in Elizabeth.

Mr. Scott was a member of the International Brotherhood of Teamsters Local 560 in Union City.

Born in Baltimore, he lived in Belleville since 1978.

Surviving are his wife, Eva; his father, Fred Scott; his mother, Mrs. Bernice Pope, and two stepbrothers, Timothy Pope and Michael Scott.

Luba M. Ceryak, 85

Mrs. Luba M. Ceryak, 85, of Belleville died April 28 in the Clara Maass Medical Center, Belleville.

A Mass was offered May 1 in Beaverdale, Pa. Arrangements were by S.W. Brown & Son Funeral Home, Nutley.

Mrs. Ceryak was a packer with Iver-Lee Co., Newark, for 25 years before retiring 30 years ago. She was a member of the Croation Fraternal Union Lodge 81 in Dunlo, Pa.

Born in Lloydell, Pa., Mrs. Ceryak lived in Newark before moving to Belleville in 1958.

Surviving are two sisters, Mrs. Ann Liyana and Mrs. Catherine Sweltz, and three brothers, Evan, Joseph and Stephen Chulick.

Wesley Church hosting Holy Land slide show

Cynthia Marsh Wetmore will conduct a slide presentation of the Holy Land at Wesley United Methodist Church on Tuesday, May 10 at 7:30 p.m.

The program will begin with an account of Masada -- a stirring chapter in Jewish history, according to Wetmore.

The program will start with Caesarea and travel through Galilee; then to Jerusalem and finally end with Qumran and Dead Sea.

Wetmore's presentation touches not only on the land of the Bible in Jesus' time but on the present day state of Israel.

The presentation is open to the public. Following the presentation, refreshments will be served.

The church is located at 225 Washington Ave., just across from the library. For further information, call Carol Smith at 759-6903.

Cynthia Marsh Wetmore is conducting a slide presentation on the Holy Land May 10th at the Wesley United Methodist Church, 225 Belleville Ave.

Accent reduction offered - Dr. Iris Weinhouse, speech coordinator of the Speech and Hearing Department at Clara Maass Health System, Inc. demonstrates some of the techniques utilized in the hospital's new program for accent reduction with a patient.

'Essex Digest' plans May show

Essex County Clerk Patricia McGarry Drake explains the many services offered by her office on the May edition of the television show, "Essex Digest."

Speaking with host Rich Leonard, Drake said, "This office is about more than elections and ballots. People need help registering for passport applications and we cut through the red tape. Also, many senior citizens no longer drive a car and have problems presenting valid identification when trying to cash checks. Our Senior ID program makes life a little easier."

In another segment of the program, a complete schedule run-down of the Essex County Parks Summer Concert Series is detailed. Parks Director Anthony Burke said music-lovers should come early and bring lawn chairs, blankets and a picnic dinner.

Burke added, "This should be our most entertaining series to date. In addition to operas by Donizetti and Puccini, we'll have the Big Band sound of the Glenn Miller and Tommy Dorsey orchestras. Latino favorite Tito Puentes and country all-stars Tim Gillis and Beth Ann Clayton will be with us and there will be gospel, jazz and rock and roll concerts."

For an official concert schedule, contact the Parks Department at 857-8530.

Also featured on "Essex Digest" is Peter Van Norde, president of historic Upper Montclair Country Club. Van Norde and more than 1,000 local volunteers will host the 1994 Cadillac/NFL Golf Classic, May 16 through May 22.

Van Norde stated that a large portion of the proceeds raised by this major Senior Tour PGA event will be funneled back into local charities, such as the Tomorrows Children's Foundation, which is dedicated to the treatment and research of childhood cancer and serious blood disorders.

"Essex Digest" also features Tim Keyes, president of Green Meadows Farm in Roseland. Keyes operates a children's petting farm and teaches youngsters about animal husbandry. A number of Keyes' barnyard friends join him on the program.

The program airs every Sunday at 3:30 p.m. on Suburban Cablevision and every Thursday at 6:30 p.m. and every Sunday at 10:30 a.m. on Orechio Broadcasting.

On ships, planes and submarines, in locations around the world, the men and women of the United States Navy are on watch. They're putting their training to work in jobs that make a difference, while developing skills they'll need for a successful future. Just as important, they're doing it for their country. They're Navy people, working hard for America. And that makes us proud.

**Navy.
Full Speed Ahead.**

GENERIC DRUGS

In the interest of saving money on the cost of a prescription medication, patients may want to inquire about substituting a generic drug in its place. A generic drug is one that uses its chemical name in place of the manufacturer's brand name. FDA approval of a generic drug offers assurance that its active ingredients are the same, and as potent and pure, as those in the brand name drug it replaces. On the other hand, a generic drug's nonactive ingredients may differ from those in the brand name drug. As a result, the active ingredient may be absorbed at a different rate, or less well than, those in the brand name drug. This does not pose a problem in most cases, but it can mean a difference in drugs that must be delivered precisely in some patients.

Any information you need on generic drugs is available from our pharmacist at ROSSMORE PHARMACY, 338 Washington Avenue, 759-1968, 759-1956. We are Medicare and Blue Cross approved. Free delivery is provided. Gifts, greeting cards and Russell Stover candies are available for Mother's Day. Open: 9am-10pm daily, 9am-9pm Sundays. Have a very happy Mother's Day!

HINT: Do not automatically assume that a generic drug will cost less than its brand-name equivalent.

Sivilli seeks register post

West Orange attorney Nancy Sivilli has announced plans to seek the position of Essex County register of deeds in the June 7 Democratic primary election.

She joins forces with East Orange Mayor Cardell Cooper, who is seeking the Democratic Party nomination for county executive. Two weeks ago, Essex County Sheriff Armando Fontoura announced his plans to also join the Cooper ticket to continue serving as Essex County sheriff.

"I am proud that Nancy shares our mission to reform, revitalize and redirect the energy of the Democratic Party to give the people of Essex County a voice in who

their leaders will be," Cooper said. "She brings integrity, experience and a commitment to positive change to our line."

Sivilli said, "I am honored to be part of a team that stresses reform, independence and integrity. Mayor Cooper and Sheriff Fontoura have unblemished records of public service to the residents and taxpayers of Essex County."

"This team will always put the people of Essex County ahead of political machines. We have learned the hard way that standing up for what is right is more important than pure political expediency," Sivilli said.

Sivilli is in private practice specializing in municipal land use law and real estate. Currently, she represents the Cedar Grove Planning Board, the West Orange Zoning Board, the South Orange Planning Board and the Roselle Park Planning and Zoning boards.

She graduated magna cum laude from Douglass College, Rutgers University and Cornell Law School. She has been actively involved in a number of charitable efforts including Friends of Hospice in Glen Ridge, American Cancer Society and Community FoodBank of New Jersey.

Sivilli is also former Chairperson of the New Jersey State Bar Association Young Lawyers Division and received the Young Lawyer of the Year Award in 1991.

Valley reports net income

Valley National Bancorp. has reported net income of \$15.5 million for the first quarter ended March 31.

The results reflect a 5.7 percent increase before deducting an accounting change of \$402,000 from the \$14.7 million earned in the first quarter of 1993.

Valley earned \$0.58 per share during the first quarter of 1994, representing a 7.4 percent increase above the \$0.54 earned per share for the first quarter a year ago.

The per-share amounts have been restated to give effect to a 10 percent stock dividend payable May 3.

Valley's results for the first quarter of 1994 produced an annualized return on average assets of 1.81 percent and an annualized return on average equity of 22.6 percent, both of which maintain Valley as one of the top performing banks in the United States.

Valley declared a 10 percent common stock dividend on March 22 to shareholders of record on April 15, payable May 3. Valley

maintained the cash dividend at \$1.00 per share per annum after the payment of the stock dividend.

The Board of Directors during February increased the regular quarterly cash dividend from \$0.20 to \$0.25 per share, or from \$0.80 to \$1.00 per share per annum, a 25 percent increase, including the stock dividend, in January.

On March 31, Valley had \$3.4 billion in assets, an increase of 7.4 percent from the \$3.2 billion a year ago. Loans net of unearned income were \$1.8 billion for the first quarter of 1994, representing an 18 percent increase above the \$1.6 billion for the same period in 1993. Total deposits were \$3.1 billion for the 1994 first quarter, an increase of 7 percent from the \$2.9 billion at March 31, 1993.

Valley National Bancorp. is a regional bank holding company whose principal subsidiary Valley National Bank, operates 59 branches in Bergen, Essex, Hudson, Morris and Passaic counties, including branches in Belleville, Bloomfield and Nutley.

Give Mom the Precious Gift of Time

Oh! It's here again! Already! "It" is Mother's Day — perhaps the most difficult day of the year for selecting a gift absolutely perfect for mom. In fact, this is perhaps the only day of the year meant just for her — it's your one real opportunity to tell mom how much she's loved and appreciated, to make up for all the not-so-nice things you may have said or done this year, and to just say "thank you" for being your mother.

According to the National Mother's Day Council, about 85 million mothers in America will receive cards and gifts this year. Still, finding the right gift,

without breaking the bank, isn't always easy. But this year, Citizen Watch Company of America has the answer: a series of stunningly beautiful jewelry timepieces.

The Sculptured Jewelry Boutique Collection of watches features beautifully crafted watch cases and solid-link bracelets that are soft, supple, elegant. But even more important, these sleek watches, warranted to the year 2001, are affordably priced and offer the everlasting gift of time. In fact, with time being one of the most important things mom gave to you, it is one of the best gifts you can give back to her.

The Perfect Setting For Mom

Mother and the Glass Ceiling

Sometimes it's a question of who or what breaks first.

Can a mother be a mother and still hold on to her hard-won rung on the ladder of corporate or entrepreneurial success? And can a mother ultimately shatter her way through the "glass ceiling" that often defies her best efforts? Or is being a mother still a hidden obstacle that keeps some of our best minds and producers from reaching the top? And does time out to rear a family deny future progress and undermine job security?

Take foreign government for instance. Many women (mothers) have become prime ministers or presidents in nations such as Great Britain, Norway, Iceland, Pakistan, Bangladesh, Israel, Canada, etc.

Yet in the United States — a country claiming to be contemporary, confident in the abilities of women and willing to welcome mothers into the workplace — such responsibility and stature have eluded our best minds. And must our society make women feel guilty because they divide their time and responsibilities between family and career?

Even though such obstacles exist, mothers have made more progress in the past decade than in the past century! Witness the number of mothers

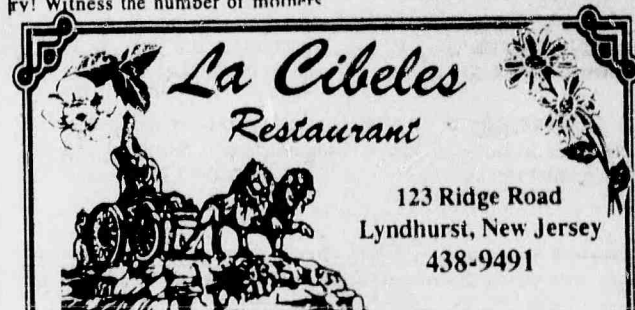

who hold top-level positions in government and business today — Hillary Clinton, Dr. Jocelyn Elders, Ambassador Madeleine Albright, Hazel O'Leary, Tina Brown, Justices

O'Connor and Ginsburg.

And given the experience in relationships outside the home, there is no doubt that the successful leaders of our culture are even more successful mothers. Their many outside contacts provide insight that nonworking mothers never had a chance to develop. All this leads to more quality time being spent with youngsters, even though time together may be more limited.

And though there is no doubt that working, in addition to having a family, multiplies a mother's concerns — she is managing both with flying colors. So on Mother's Day, give thanks to all those hard-working moms who make this world a better place.

ONLY THE BEST
for the greatest mother in the world!

Compassionate Friends moves to Holy Family Church

The Compassionate Friends, a self-help organization offering friendship and understanding to parents who have lost a child or children, has moved to St. Joseph's Center at Holy Family Church, Nutley. The group meets the third Monday of each month at 7:30 p.m.

The sessions include speakers, films or talking with other bereaved parents.

The organization, an international, non-denominational group, was founded in 1969 in Coventry, England, by Rev. Simon Stephens, the assistant to the chaplain in the

Coventry and Warwickshire Hospital. Following the coinciding deaths of two young boys in the hospital, the children's parents met and through their mutual grief, developed a lasting relationship.

In 1972, the first chapter was formed in the United States. The Essex County chapter has been in existence since 1978.

The leaders of the chapter, Gina Tamburri and Anita O'Mara, are also bereaved parents. Both lost sons to cancer in 1991.

For more information about The Compassionate Friends, call Gina at 751-4187 or Anita at 255-1872.

Simple safety precautions for microwave cooking

It's a fact! The microwave oven has become a staple item in American kitchens! According to industry figures, there are almost as many microwave ovens in American homes today as ranges and refrigerators.

Not only that, just about everybody in the home uses them regularly — from grade-schoolers on up.

And that's a good reason to reemphasize the importance of observing some simple safety precautions when cooking with a microwave — just as with any other home appliance.

Some of those precautions include:

Pot holders: Perhaps the most basic safety rule of all for microwave ovens: *Always use pot holders to removed cooked foods from the oven* — for while the microwave oven itself doesn't get hot, the food does, and this heat can transfer to the cooking utensil or package.

Eggs: Never cook or reheat eggs in the shell (or an egg out of the shell unless the yoke is pricked). Pressure built up inside the egg shell or membrane of the yolk can cause them to burst.

Foods with skins: Always pierce unpeeled potatoes, apples, squash, tomatoes and sausage in casing before cooking to prevent steam build-up and possible bursting that could splatter food all over the oven walls.

Plastic wrap/cooking bags: When cooking foods in tight-fitting plastic wrap or sealed cooking bags, it's a good idea to cut a small slit in the wrap or bag to vent steam that builds up inside. Also, be sure to uncover dishes and open bags carefully, directing escaping steam away from the face and eyes.

Popcorn: Use only corn poppers approved for microwave use, or buy pre-packaged, ready-to-pop microwave popcorn. Never use brown paper bags or glass or plastic bowls. Don't overcook — or try to re-pop left-over kernels. Ready-to-pop microwave popcorn packages get quite hot and full of steam, so use pot holders to handle and point away from your face when opening.

Sealed containers: Never heat closed jars or other sealed containers in the microwave oven. They

will burst.

Baby food/bottles: Transfer baby food from the jar to a dish for heating. Stir foods and shake liquids after heating to equalize temperatures. Always test liquids on the back of your hand and taste foods to make sure they are just lukewarm, ensuring they're not too hot for a baby.

Pastry with fillings: Filled pastries, cakes or doughnuts become very hot in the center when heated in a microwave oven. Cut them open after heating to release steam and cool. Even though a pastry may feel just right on the outside after heating, the filling can be hot enough to burn.

Liquids: Before heating or reheating liquids, stir them well. This helps prevent boiling over or erupting from containers, especially tall, narrow ones.

Deep fat frying: Never attempt deep fat frying in a microwave oven, because melted fat is likely to splatter inside the oven cavity.

Metal: Follow a manufacturer's instructions carefully relating to the use of metal and foil in your microwave oven. Do not thaw or cook food in bags with metal twist ties in place. Never heat food in foil-lined containers. And never heat food in dishes with metal bands or decorative trim.

Paper: Use only paper products approved for use in microwave ovens. Never use newspapers or paper products made of recycled paper for cooking. They may contain materials that ignite easily, causing a fire in the oven.

Used packages: Never reuse microwavable food packaging, trays or containers unless their labels specifically state they are designed for reuse. Never heat or cook food in plastic containers (like margarine tubs) that have been used to store refrigerated or frozen foods.

Education: Teach children how to use microwave ovens properly and safely. Millions of children operate microwave ovens every day without adult supervision. With just a little help from adults who know the safety rules, youngsters will quickly learn how to use their microwave ovens in a safe, responsible manner.

Mr. and Mrs. Thomas Mobilio nee Nina Bussanich

Nina Bussanich wed to Thomas Mobilio

Nina Bussanich, daughter of Mr. and Mrs. Giovanni Bussanich of Moonachie, became the bride recently of Thomas Mobilio, son of Mr. and Mrs. Carmen Mobilio of Belleville.

The Rev. Donald Guenther performed the ceremony at St. Margaret's of Cortona. A reception followed at The Cameo, Garfield.

Escorted by her father, the bride wore a gown of Italian satin and French lace, fashioned with a white fox portrait collar. A crystal headpiece held her veil and she carried a fox muff accented with gardenias, roses and holly.

Michele Romano of Moonachie was the honor attendant. Bridesmaids included Anna Tarabocchia, Marilyn Freely, Joan Liesier, Joanne Bussanich, Maria Picinich, Mary Bussanich, Laurie Freely, Cheri Tarabocchia and Kristin Freely. Dawn Tarabocchia was the little bride and Kelly Freely was the flower girl.

They were attired in full length taffeta gowns with tartan bodices and black skirts. They carried tartan muffs decorated with holly.

The little bride was dressed similarly to the bride.

Steven Mobilio served as best man. Ushering were Rosario Tarabocchia, Sr., Fred Freely, Dominick Mobilio, Fred Wediken, Dino Picinich, Lee Bundy, John Bussanich, Adam Hroncich and Rosario Tarabocchia, Jr. Stephen Andalora was ringbearer.

Mrs. Bussanich chose a red gown accented with gold and silver beads, while the groom's mother was in a dusty rose gown accented with pearls. Corsages were of white roses.

Mrs. Mobilio, an alumna of Wood-Ridge High School and Metropolitan Technical Institute, is a data communications specialist with Shubert Organization, New York City.

Mr. Mobilio, a graduate of Belleville High School and Seton Hall University, South Orange, is purchasing manager with Bergen Cable Technology, Lodi.

The couple honeymooned in Hawaii following the Dec. 4, 1993 nuptials. They have made their home in Wayne.

Cullari-Mancuso troth told; nuptials next year

Mr. and Mrs. Carmine Cullari of Nutley announce the engagement of their daughter, Maureen, to Pete Mancuso, Jr., son of Angela Mancuso of Nutley and Peter Mancuso of Parsippany.

The wedding is planned for September 1995.

Miss Cullari, an alumna of

Nutley High School and Berdan Institute, Totowa, is a medical assistant in Montclair.

Mr. Mancuso, a graduate of Nutley High School and Brookdale Community College, Lincroft, is an auto technician with Mulligan Motors, Nutley.

Pete Mancuso, Jr. — Maureen Cullari

Cerebral Palsy Center Wheel-O-Thon set for May 15 in Brookdale Park

Brookdale Park, Bloomfield, will be the site of the annual Wheel-O-Thon, 10 a.m. to 2 p.m. May 15, sponsored by the Cerebral Palsy Center, Belleville.

A Wheel-O-Thon is not a race but a distance competition on wheels. Among the vehicles used by participants will be strollers, bicycles, wagons, skates, skateboards and wheel chairs. All entrants are responsible for gathering sponsors who pledge funds for the number of times around the

track. Included in day's festivities will be face painting, a wheel chair basketball demonstration, clowns, portrait painting, a petting zoo and refreshments. Funds earned will benefit the Center's program, serving infants to adults with cerebral palsy and other disabilities.

Diane Purnell is chairing the committee. The community is invited to participate. For details and registration information, call 751-0200.

WHY DID THEY LEAVE ME? — Gretel is a beautiful spayed female Husky-mix who was abandoned at the People for Animals Low Cost Spay/Neuter Clinic. This young dog is medium-sized and has a lush red and white long-haired coat. Adopt or foster Gretel or one of the many dogs available on Saturday, May 7 from 11 a.m. to 3 p.m. at Nomahegan Park, Cranford. Call (908) 355-6374 or 789-0725 for information.

MEETING THE CANDIDATES — The Woman's Club of Belleville held a Board of Education Candidates' Night at its April 11 meeting. From left, Thomas Fuscaldo, Anthony Iannini, Robert Molinaro and Sy Grossman. They were introduced by President Barbara Spillane. A question and answer period followed brief remarks and refreshments were served.

Walkers, sponsors and volunteers needed for Dystonia Walk-A-Thon

The Dystonia Medical Research Foundation needs walkers, sponsors and volunteers for the second annual Walk-A-Thon to be held 10 a.m. to 4 p.m. May 14 at DeMuro Park, Nutley.

All walkers will receive a Dystonia Walk-A-Thon T-shirt and awards, refreshments and entertainment will be part of the day.

All proceeds will go to medical

research on dystonia, a progressive neurological disorder that may affect one or many parts of the body. Melissa Centrella, a 17-year-old Nutley girl, is afflicted with generalized dystonia. Please come walk for her.

For more information, call 661-3978 or write Dystonia Medical Research Foundation, 133 Spatz Ave., Nutley, 07110.

SPORTS

BUC SHOTS

By Mike Lamberti

One of the more exciting tournaments in high school baseball takes place here in Essex County with the Greater Newark Tournament, or GNT as it's commonly known to its fans.

For years, this tourney has attracted a multitude of fans to Verona Park for the semi final and final round. And this year, the tourney appears to be wide open, with powerful Glen Ridge earning the number one seed.

"It should be a good tournament," said George Zanfini, who knows a little something about the GNT over the past 20 years. Zanfini, who helps coordinate the tournament these days, was, once upon a time, the head baseball coach at Belleville High School with some well documented success.

"Z" led the 1980 team to the championship game, then took the '81 squad to the ultimate title of GNT champions.

"Those were some good games," Zanfini said in talking about his teams battle against Livingston in the '80 title game and the championship the Bucs won against Glen Ridge on May 31, 1981.

Belleville's history in the GNT didn't end with the '81 crown. In 1986, **Ralph LaConte**, who succeeded Zanfini in 1983, led the Bucs to the title game, where it lost a heartbreaking 9-8 decision to Columbia.

In '87, Zanfini returned to the helm and helped the Bucs to the semi final round, where Glen Ridge ended Belleville's hopes with a 4-2 victory.

The GNT is one of the oldest tournaments in the state, but Zanfini pointed out that the format changed to an Essex County flavor just recently.

"Until 1973, teams from all over the state played," Zanfini said. "Then, it was changed to be just an Essex County tournament."

Over the 21 seasons from '73 to '93, Livingston has been the most successful team in this tournament, winning five championships and playing in seven title games.

Columbia has captured three crowns, Cedar Grove, Seton Hall Prep and Glen Ridge have won two each and Belleville, Nutley (last year's winner), Millburn, Essex Catholic, Caldwell, Our Lady of the Valley and Newark Eastside have won one each.

On a local note, the '81 title game between Belleville and Glen Ridge brings back a lot of memories.

It was Glen Ridge's first appearance in the title game (**Lou Calderone's** team has certainly been a dominant team since '81) and Belleville was looking to avenge the '80 game, when it lost an 8-6 decision in the late stages to Livingston.

The Bucs scored five runs in the second inning and never looked back, winning 10-4 as **Anthony Coco** pitched a complete game and **Frank Fazzini** and **Joe Corbali** led the offensive barrage.

The Bucs had quite a run to get to the '81 title game. The team defeated Cedar Grove in the first round, 12-3, then had to rally from incredible odds to beat Columbia in the quarterfinals.

The Bucs trailed 8-0 after the first inning, but came back to win as Fazzini went 3 for 3 and **Bobby Brave** collected three hits.

"I'll never forget that game," Zanfini said recently. "I remember Columbia walking Fazzini with no one on base. They walked him to lead off the inning because they didn't want to face him. That's how dominant he was that season." (The Bucs went on to win, 15-9).

In the semi finals, the Bucs needed 12 innings to beat Bloomfield, 5-4. In that contest, Coco hurled the entire 12 frames and the Bucs moved to the title game, where it was expected they would play Livingston.

However, Glen Ridge pulled the upset in the semi final round, stopping the Lancers, 1-0.

Over the years, Glen Ridge has become quite comfortable in the title game. The Riders lost in the '82 and '83 championship games to Caldwell and Seton Hall Prep respectively, then won its first crown in 1987, beating Irvington, 3-0. Two years later, Glen Ridge won a second GNT title, stopping Livingston, 7-0.

Nutley won the title last year, as star pitcher **Larry Mohs** led the Raiders past West Essex in the championship tilt.

Newark Eastside took home its only crown in '92 while Livingston last won the GNT three years ago, beating Cedar Grove in the title game.

Cedar Grove has had success in the GNT, too, winning championships in 1985 and again in '88. Columbia dominated this tourney in 1978 and '79, then taking home a third crown in 1986 when the Cougars edged **Jim Dunphy** and the Bucs.

As for 1994, Belleville has the luxury of a strong pitcher than could help them advance in the tournament. **Mike Mundy** is among the strikeout leaders in the Essex County this season and is in his third year of varsity pitching.

Mundy, along with pitchers **Dan Brunello**, **Brian Dena** and **Chris Imperatrice** give Belleville a tremendous amount of depth for the tournament.

"The key to the GNT is to get a hot pitcher," Zanfini said. "In 1981, Coco started all four tournament games. The games were essentially played on the weekend, so it worked pretty good for us. Coco had that one bad game against Columbia, but **Eugene (Cancelliere)** came in and pitched great and we advanced anyway."

This year, Belleville, led by first year head coach **Chuck Martin**, is seeded fifth in the tourney. Glen Ridge is the top seed, followed by Bloomfield, West Essex and Seton Hall Prep.

"Belleville could be tough," Zanfini said of his old team. "But they have a tough first round game, then would have to play probably Seton Hall Prep in the quarterfinal round."

Belleville's first round opponent in the GNT is this Saturday, against Livingston.

Let the tradition continue.

Last Weeks Quiz

The players who were in the lineup in the '82 Yankee-Oriole game that are still active include **Dave Winfield**, **Cal Ripken** and **Eddie Murray**.

For This Week

Name the starting infield for the 1981 Belleville baseball team that won the GNT title game. Who was the leadoff hitter for that team in the championship game? Who caught the final out in that game?

Disgraceful facilities haunt tennis team

The nightmare at Municipal

By Mike Lamberti

The disgrace that is the facilities at Municipal Stadium does not end with the total injustice given to the Belleville track team.

About 100 feet away, the Belleville tennis team has endured the same inadequacies, and, unfortunately, have been going through the endless road trips longer than the track team.

When asked the other day the last time a tennis team of his competed at home, head coach Tony Salese laughed and said, "I don't even remember anymore. Six years? Maybe more."

As those in authority in our township continue to ignore this problem, the Belleville tennis team (see accompanying photos of the lovely courts in our township) travels not once, but twice, a year to Bergen County schools.

"We have to make two trips a season to Hackensack, Paramus, Teaneck, etc.," Salese said. "It is a long season."

The "normal" tennis season has a home and home philosophy. Thus, Belleville should travel to the aforementioned schools, and then, in return, those schools should, during the same season, return the favor and travel to Belleville.

What a concept, you might think. Home tennis matches! Is this possible?

In Belleville, unfortunately, it is not. To the best of Salese's recollection, the Bucs last competed at home in 1987. Remember also that Salese is the coach of the boys' tennis team in the spring and the girls' tennis team in the fall and both teams have endured similar fates.

In last week's track story, a question was asked about the cost of travel. In the case of the track team, it was one trip to each of the NNJL Pacific Division teams. For tennis, it's two trips per season to each of the league schools.

If the track team has, in essence, driven from New Jersey to California and back to Denver Colorado, it's safe to say the tennis

team, during that period of time, has gone to California and is nearing Chicago, Illinois on the way back to New Jersey.

Seems like a lot of gasoline and maintenance on busses, not to mention insurance.

But then again, no one in a position of authority really seems to care.

So, with that said, welcome to the 1994 tennis season at BHS. Salese's team is off to a 2-3 start. The Bucs have defeated Passaic, 5-0 and downed Paterson Eastside, 4-1. The team has lost to Paterson Kennedy, 3-2 and has dropped league matches to Paramus 5-0 and Don Bosco, 5-0.

The Bucs will battle Nutley tomorrow afternoon and take on Don Bosco next Monday. Next Wednesday, the team faces St. Joe's. Needless to say, all of those matches are on the road.

Against Passaic, Tomas Wozniak, a senior, won in straight sets, 6-2, 6-3. Oscar Benavides won in straight sets, 6-1, 6-4 and Tuan Bui captured his match, winning 7-6, (7-1 in the tie breaker) and 6-0.

In the doubles matches, Dai Nguyen and Martin Skis won in three sets, 6-2, 3-6 and 6-0 at first doubles and the second doubles team of Wesley Tahsir and Paolo Frataroli won in straight sets, 7-5, 7-5.

Against Paterson Eastside, the winners were Wozniak (6-0, 6-1), Benavides (6-2, 6-4) and the doubles teams, both of whom won via forfeit.

In the Kennedy match, the first doubles team of Nguyen and Skis won, 7-5, 6-1 and the second doubles team of Tahsir and Frataroli prevailed, 6-0, 6-0.

"The kids have played well, but now we'll be facing a real tough part of the schedule," Salese said. "We have to play the strong teams like Paramus Catholic, Paramus, Hackensack and Teaneck."

"It's not going to be easy."

Yes, coach, but think of all the

San Francisco '89 or Belleville '94? If you chose the later, you're right. These earth quake size cracks on the Belleville tennis courts are just an example of the neglect the facilities at Municipal Stadium have endured. Consequently, the tennis team hasn't been home for a match in seven years. (Photos by Amy Metroka)

Another angle of the lovely cracks that take up the Belleville High School tennis courts. Next week, we'll show you the garden of wildflowers that are growing out of said cracks.

traveling you get to do. You get to see all of Bergen County, not once, but twice each season.

What great fun, to venture down Route 4, Route 17 and the Garden State Parkway on a consistent basis from April until the beginning of June.

What more would a high school

coach and his athletes want to do for three months?

Just think of all those traffic jams the kids get to sit in after a match.

Somehow, this doesn't seem like the way a high school athlete should be remembering his, or her, high school days.

Slumping Lady Bucs beaten by MSD

By Mike Lamberti

Perhaps a monster was created. After all, success and the Lady Buc softball program have been synonymous for quite some time. So, when the team drops a game like it did last Saturday, eyebrows are bound to rise.

Belleville dropped a 9-1 decision to Mt. St. Dominic in the quarterfinals of the Essex County tournament last Saturday at Clearmon Field. For the season, Cheryl Marion's team still boasts a solid 8-6 mark, and the conference and sectional crowns are certainly an incentive for the month of May.

But there is concern amongst the troops at Clearmon, and that concern begins with the first year head coach, who feels that a shake up in the starting rotation might be in order very soon.

Belleville (1-1 in league play) battled Paramus Catholic and Nutley earlier this week. Tomorrow afternoon, the girls will host Immaculate Heart, beginning at 4 p.m. Next Wednesday, Hackensack comes to town for a 4 p.m. game.

As for last week, Belleville did win its initial league game of the '94 season, stopping a good Hackensack team, 7-6. The girls lost to Paramus, 3-0, then fell to Mt. St. Dominic in the county game last Saturday.

Marion's concerns stem around the lack of offense against the better pitching staffs in the area. In Belleville's six losses, the team has been shutout four times and was held to one run each in the other two setbacks.

"This is somewhat of a veteran

team," the coach said. "They can hit, I've seen them do it for the past few seasons. Right now, we're just not playing to our capabilities, and I think some changes in the starting lineup might shake things up."

The week started with the victory over Hackensack. Kim Piscatowski, who has started every game for Belleville on the mound this year, was the winning pitcher. She fanned three and walked one while allowing ten hits.

Hackensack was a pesky opponent. Belleville took a 2-0 lead in the first, but the Comets came back with two in the last of the first. Belleville scored twice in the second, once in the third and twice in the fourth, but Hackensack stayed close, with one in the second, two in the third and one more in the last of the seventh.

In the first inning, Andrea Curran and Lynn Giachetti singled. Jackie Cerami walked to load the bases. Danielle Brodo hit a sac fly to score Curran and Piscatowski drove in Giachetti with a single.

In the second, Belleville regained the lead, 4-2. Jeanine Mazzucca walked and Curran singled her home. Giachetti later drove home Curran with a single.

In the third, Brodo smacked a solo homer to give Belleville a 5-3 lead. Hackensack tied it in the last of the third and Belleville scored two more in the fourth to take the lead for good.

Kristin Galioto reached safely on an error. Curran singled Galioto home and Giachetti drove in Curran with a hit.

For the game, Curran and

Giachetti had three hits each while Mazzucca and Kim Mahoney tallied two hits a piece.

The bats were silenced last week against Paramus to the tune of a 3-0 setback.

Piscatowski (4 strikeouts, 1 walk) pitched well, but she received little support. Belleville had four hits in the game, with no more than one hit in any inning.

"We were horrible," Marion said. "We struck out 12 times in the game."

The disappointing play continued into last Saturday, when the Lady Bucs, who have practically owned the "Final Four" of the Essex County tournament for the past 14 years, were unceremonious-

ly bounced out in the quarterfinals by Mt. St. Dominic, 9-1.

It wasn't so much the offensive performance by the Mount than the mistakes made by Belleville, both at the plate and in the field.

"I don't think Mt. St. Dominic hit the ball hard twice," Marion said. "We dropped balls, we didn't cover positions, in essence, we weren't very good."

"We gave them the game."

The contest took on an ominous tone in the first inning when Mt. St. Dominic's leadoff hitter lined a hit down the rightfield line which eventually turned into a homerun.

"It's 1-0 before you can blink," assistant coach Doug Stone said

(Continued on page 16)

Jackie Cerami takes cut at pitch during game with Mt. St. Dominic last Saturday at Clearmon Field. Cerami has been doing a good job at first base.

Marion considers lineup changes after county ouster

(Continued from page 15)
after the game."

Before Belleville could regroup, it trailed 8-0. The Lady Bucs lone run came in the fourth. Curran singled, but she was forced at second when Giachetti hit into a fielders choice.

Cerami then hit a shot into the left centerfield gap, good for a double that drove in Giachetti.

"I don't know," Marion said, somewhat bewildered by the turn of events. "Things have to start changing. These kids can play better than this."

NOTES: Joelle DellaVolpe, a freshman outfielder who was hitting well, is still in a cast after breaking her wrist in the Clifton game. She's hoping to return to the lineup late next week.

The Final Four in the '94 County tournament features Bloomfield, Mt. St. Dominic, Livingston and Caldwell. In addition to Belleville, who had been in the semi finals 12

of the past 14 seasons (missing out in 1981 and '91), Livingston and Caldwell seem to be "regulars" in the county semis and finals.

Here's the box score from last weeks victory.

Belleville 221 200 0 7 12 1
Hackensack 212 000 1 6 10 0
WP: Piscatowski (8-4)
HR: Brodo (1)
Multiple Hits: Curran, Giachetti, 3 each.
Mazzucca, Mahoney, two each.

Senior softball players needed

The North Jersey Senior Softball Conference is looking for additional players to add to its 15 teams.

Anyone who will be 50 or over during 1994 and is interested, please call Tony Ciavatta at (201) 593-0059. We are also looking for men who will be 60 or over in 1994 to play in the four-team 60 and over league.

Lady Buc players enjoy a rare celebration after run scored in county game last Saturday. Girls lost, 9-1, prompting coach Cheryl Marion to consider lineup changes.

Kim Piscatowski looks to coach Cheryl Marion for instruction during an at-bat in last Saturday's county quarterfinal game with Mt. St. Dominic.

Home run derby

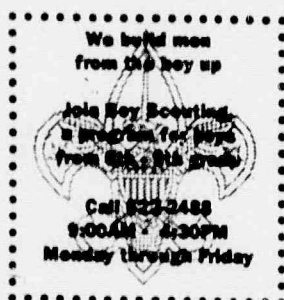

The Belleville Baseball Parents and Friends Association will present the first annual Home Run Derby on Sunday May 22, at the varsity baseball field from noon to 1:30 p.m. for JV, and 1:30 p.m. to 4 p.m. for the varsity.

All team members will participate, and family and friends are invited. Bring picnic lunches!

Here's how it works: Each team member will solicit pledges in advance from sponsors based on "pennies per foot" for his longest hit of the day.

On the day of the derby, each baseball team member will take 10 swings at pitches thrown by the batting machine. The distance of each hit will be measured to the point where the ball stops rolling. The ball must travel past the bases and stay in fair territory to earn points.

Individual prizes will be awarded to players of the JV and varsity teams for longest shot of the day, and highest average of the day. Plus other "Sur-Prizes!"

Recreation roundup

Pre-School Registration: The Belleville Department of Recreation and Cultural Affairs is accepting registration for the pre-school play program for 4-year old children.

The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designated for pre-school children.

A session is from 9 a.m. to 11 a.m. or 12:45 to 2:45 p.m. five days a week with class limited to a maximum of 23 students in each session. The cost of the 32 week session is \$125. The mothers of the children accepted must participate by serving one duty day about every eight or nine days, according to a published schedule.

School will begin on Monday, September 19, 1994 and will run

through May, 1995.

Children born between October 1989 and September 1990 who will enter Kindergarten in September 1995 are eligible. Participants must be Belleville residents. Since

there are just a limited number of openings, applications will be accepted on a first-come, first-served basis only.

Children must be able to speak and understand English in order to participate. Children enrolled in the morning program cannot also be in the afternoon program and vice versa. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, please contact the Belleville Recreation Department at 450-3422 as soon as possible - Monday through Friday from 8:30 a.m. to 4 p.m.

Elks Lodge Youth Tournaments

Seasons Resort at Great Gorge, New Jersey, will be the site of the New Jersey State Elks Youth Tournaments in golf, bowling, and tennis from July 17-19, 1994.

The competitions in all three sports have both boys and girls senior (under age 19) and junior (under age 17) divisions. Participating Elks Lodges among the 137 throughout the state are sponsoring student athletes to these competitions. Depending on the number of applicants, a local play-off may be held.

Over \$2,500 in scholarships will be awarded at this three day event.

In addition, 36 students, by virtue of their finish, will be invited to represent the New Jersey Elks at the Elks Area II Tournament of Champions at Seven Springs Resort in Somerset, Pennsylvania to compete against athletes from Delaware, Maryland, West Virginia, Pennsylvania, and Kentucky in August.

Interested applicants should contact their local Elks Lodge or may call the New Jersey Elks Tournament Task Force Chairman, George Herina (201-791-1057, home, or 201-365-5323, work) for further details.

J.D., Turi rally Bucs, 5-4

By Mike Lamberti

Despite an 8-5 record and a lofty seeding in the Greater Newark Tournament, the Belleville baseball team has not played up to its capabilities, according to coach Chuck Martin.

The Bucs had a good week, stopping Hackensack 4-0, Teaneck 4-2 and Ridgewood 5-4. The team did drop league games to Paramus 1-0 (in eight innings) and Paramus Catholic 5-3 last Monday afternoon.

Belleville travels to Don Bosco tomorrow afternoon, beginning at 4 p.m. On Saturday, Livingston comes to town for the first round of the GNT. The starting time for that game was unknown as of last Tuesday. Next Monday, the Bucs are host to St. Joe's at 4 and next Wednesday, the team heads to Hackensack for a 4 p.m. contest.

"It's the same situation, we're not doing the little things right," Martin said last weekend. "We didn't hit against Hackensack, but Michael (Mundy) pitched a good game and we got the win. Last Wednesday, we were supposed to play at Paramus, but there was a mixup in the scheduling and the game wasn't played until Thursday. Our kids didn't come to play. We got a good pitching performance from Dan (Brunello), but we didn't take advantage of opportunities."

"We left numerous runners on base and we ended up being shutout in a league game. No mental toughness on our part. There's no excuse."

Martin was pleased with the vic-

tory over Ridgewood last Saturday.

"We got some good pitching and the hitting was more on the level I would expect for this group. Jerry Turi did an excellent job, as did J.D. (Joe DePeri). Jimmy Landon also had a few hits and he's been looking to break out and start hitting at his potential."

Against Ridgewood, the Bucs trailed until the fifth, when they strung together two runs to tie the contest at four. Then, in the sixth, the team scored the winning run.

Ridgewood led 1-0 in the last of the second. There, with two outs, Ivan Martin singled, went to second and scored on a DePeri single.

In the third, with the Bucs trailing 3-1, Turi singled and went to third on a Mundy single. Landon then connected on a hit to score Turi.

In the fifth, Turi singled and Mundy walked. Brian Dena singled home Turi and Landon singled to score Mundy.

The Bucs won in the sixth when Matt McGough walked and moved to third on a DePeri single. Turi then singled to score what proved to be the winning run.

Chris Imperatrice pitched the first 3 1/3 innings before giving way to McGough, who ended up as the winning pitcher. Mundy hurled the seventh frame to record the save.

Turi had three hits while DePeri and Landon collected two each.

Against Teaneck, the Bucs took a 1-0 lead in the first inning. Anthony Caruso reached on an error, went to second when Landon

walked and scored on a Bob Dena single.

In the sixth, with the game tied at one, Carl Piscatowski singled and stole second. He scored on a Brian Dena single. Dena eventually was out at third, but the Bucs scored two more insurance runs, with DePeri and Sam Marino eventually scoring. Marino and Sal Berardi had RBI hits in the sixth.

Brian Dena hurled a complete game, allowing just five hits as the Bucs improved to 2-1 in the NNJIL Pacific Division. Dena struck out ten and walked two. He also had two hits to lead the Belleville attack.

In the victory over Hackensack, Mundy pitched a complete game shutout, striking out 11 and walking two. Caruso had a triple and scored two runs. Brunello was 2 for 3 in the game.

In the loss to Paramus, Brunello pitched a solid game, striking out five and walking two while allowing just five hits.

Last Monday, the Bucs lost to Paramus Catholic, 5-3. This time the Bucs had the early lead only to see P.C. rally in the late innings.

Belleville led 3-1, but P.C. scored twice in the fifth to tie and twice more in the seventh to win.

Mundy was 2 for 2 to lead the offense. Anthony Pace had an RBI single in the fourth and Brian Dena hit a two run double in the second.

Mundy pitched the first four innings, allowing three runs and 11 hits. He fanned two and walked none. Brunello pitched the final three innings and was hit with the loss.

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30 - 4. It does not itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.
If no Capital Budget is included, check the reason why:

- ☐ Total capital expenditures this year do not exceed \$25,000.00 including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on improvements.
☐ No bond ordinances are planned this year.

CAPITAL IMPROVEMENTS PROGRAM

- A multi-year list of planned capital projects, including the current year.
Check appropriate box for number of years covered, including current year:
☐ 3 years. (population under 10,000)
☐ 6 years. (Over 10,000 and all county governments)
1 years. (Exceeding minimum time period)

- ☐ Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program for the Township of Belleville is presented herein. Capital projects for the year 1994 and detailed on sheet 39b. The Township of Belleville, exclusive of the Board of Education does not contemplate any capital projects beyond 1994. Should the need arise, the Capital Budget can and will be revised accordingly.

The Mayor and Council
Township of Belleville

Life In Silver Lake

A tribute to our Merry Mailmen

I'd like to salute our courageous U.S. Postal Service Letter Carriers, Gene Romano, Wally Price, Tom Zarro and Pat Russomano, who walked almost daily during this past awesome winter to deliver mail to the residents of Silver Lake. Gene and Pat were born and raised in the Lake.

These mailmen have other responsibilities during their workdays other than delivering. Every morning they sort their customer's mail and then load their jeeps for delivery. They then return to the Belleville Annex building in the afternoon to again sort the next day's mail.

These mailmen also 'keep an eye' on our community. Last year Gene Romano, while on duty, assisted the Belleville Police in helping apprehend a suspected criminal. Also, Mailman Tom Zarro had residents evacuate their apartment building when he smelled gas. Public Service was notified, a gas leak detected and corrected, and a possible catastrophe eliminated because of the letter carrier's concern for his customers.

Let's be concerned for our mailmen's welfare. A cold drink on a hot day would be greatly appreciated. I know we Silver Lakers will open up our homes to

Marie Strumolo Burke

them.....
By the way, Gene Romano's mother Dolly and late father, Tony, have been in Silver Lake for more than 67 years.

Congratulations are in order for Joyce and Barney Risoli of Lake Street. They will be celebrating their Fifth wedding anniversary on May 7th and they will be renewing their vows at Sacred Heart Cathedral on May 15th. Many, many more anniversaries.

While we are on the subject of anniversaries, let me wish Michael and Diane Forte of Lake Street a Happy Second Anniversary and Jerry and Madeline Moreno, also of Lake Street a Happy 21 years of wedded bliss.

A big event will be coming in May 1994. It's the first anniversary of the Silver Lake Civic Association.....Let's give them a big round of thunderous applause.

Speaking of applause, my husband Charlie and yours truly will be celebrating our Sixth wedding anniversary on May 1st. Let me wish ourselves a happy, happy day.

Recently, I attended a party at the Chandelier and I was greeted by Joe Restaino and his 'Seniors,' or should I say 'youngsters,' since they have more energy than most. They told me how much they enjoyed reading my column and learning about my favorite subject...Silver Lake. Joe is my co-columnist at the Times and he writes an article called the 'Belleville Senior News.' He wrote me up in his column and made me feel like a 'celebrity.' Thanks Joe...

I can't say enough about Joseph Zarro & Lena Zarro of the Zarro Memorial Home. Their generous donations have helped the SLCA enormously. We can never thank them enough.
Remember, We Love Silver Lake.....
Tip of the Week - Daily Catering, Honiss Street, Silver Lake. Hosts - The Nardiello Family..... The best catering this side of the border.

Musical set for tomorrow

"A Broadway Revival" will be presented tomorrow, May 6, at 7:30 p.m. by the Performing Arts Group of the Cerebral Palsy Center of Essex and West Hudson, 7 Sanford Ave., Belleville.

The performance will be held at the center and will present musical excerpts from shows, including "Hello, Dolly!" "Aladdin," "Beauty and the Beast," "Damn Yankees" and "You're a Good Man, Charlie Brown."

The company of 21 includes participants of the center's programs and community participants who, in addition to performing, assist with backstage activities and prepare scenery. The group, in its fourth season, has presented seven previous shows which have received acclaim by the audience.

The community is invited to attend. Tickets are on sale at the center.

NOTICE OF AUCTION SALE

An auction will be held on Thursday, May 19, 1994 at 3:30 p.m. by the Purchasing Department behind the Public Safety Building, 152 Washington Avenue, Belleville, New Jersey for the sale of bicycles for the Township of Belleville, New Jersey. Said terms are cash and carry, to be paid at the time of the auction. The bicycles will be sold where is, as is, rain or shine.

NOTICE TO ABSENT DEFENDANTS (I.S.) STATE OF NEW JERSEY TO

Stephen Bretan, Kathleen Tobiens, Thomas P. Di Modica, Guardian Loan Company of Jersey City, Mildred Rogers, A & N Medical Associates, William Talipaky, Perth Amboy Coal & Fuel Co., St. James A.M.E. Federal Credit Union, Kenneth Lombardi, Richard D. Simon
YOU ARE HEREBY SUMMONED AND REQUIRED to serve upon FEDERMAN AND PHELAN, P.C., plaintiff's attorney whose address is Suite 505, Sentry Office Plaza, 216 Haddon Avenue, Westmont, New Jersey 08108, an answer to the Complaint and Amendment to Complaint filed in a civil action in which Metropolitan Savings Bank of Cleveland is plaintiff and Michael J. Stewart, et ux., et als. are defendants pending in the Superior Court of New Jersey, Chancery Division, Essex County and bearing Docket No. F-10519-93 within thirty-five (35) days after May 5, 1994 exclusive of such date. If you fail to do so, judgment by default may be rendered against you for the relief demanded in the Complaint and Amendment to Complaint. You shall file your answer and proof of service in duplicate with the Clerk of the Superior Court of New Jersey, Hughes Justice Complex, CN-971, 24 Market Street, Trenton, New Jersey 08625, in accordance with the rules of civil practice and procedure.

This action has been instituted for the purpose of (1) foreclosing a mortgage dated August 24, 1988 made by Michael J. Stewart and Dolores A. Stewart, his wife, as mortgagors given to Alexander Hamilton Savings and Loan Association of Paterson, N.J. which was recorded on September 26, 1988 in book 5629 at page 496 and was rerecorded on December 20, 1988 in book 5664 at page 910. By written assignment dated March 27, 1992, Alexander Hamilton Savings and Loan Association assigned said mortgage to Metropolitan Savings Bank of Cleveland, the plaintiff herein. Said assignment was recorded on June 2, 1992 in book 679 at page 729; and (2) to recover possession of, and concerns premises commonly known as 15 Starfish Avenue, West Orange, New Jersey.

If you are unable to obtain an attorney you may communicate with the New Jersey State Bar Association by calling 800-852-0127. You may also contact the Lawyer Referral Service of the County of venue by calling 201-622-6207. If you cannot afford an attorney, you may communicate with the Legal Services office of the county of venue by calling 201-622-1513.

The Largest of All Land Animals Meet an Elephant Mom

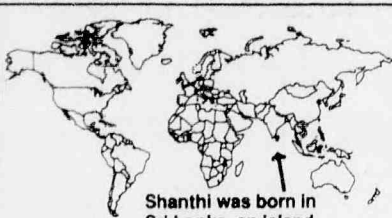

Mother's Day will be here soon. We celebrate it with a story about an Asian elephant, Shanthi, and her baby, Kumari.

The baby's birth last year at the Smithsonian's National Zoo in Washington, D.C., was a big event. It was the zoo's first elephant birth in its 105-year history.

Every elephant birth in a zoo is important to the survival of the species.

Shanthi as a baby. Amy Carter (right), President Carter's daughter, took part in the ceremony to welcome Shanthi to the National Zoo in 1977.

Asian elephants are found in India and Southeast Asia, Borneo, Nepal and Sri Lanka.

Shanthi's story

When villagers build farms in the paths that elephants travel, there can be clashes.

One night an elephant herd raided a village field.

The villagers chased the herd away... all but one baby elephant. She fell into a well. Her herd left her behind.

While she was trapped there, a leopard attacked her. She still bears the scar on her trunk today.

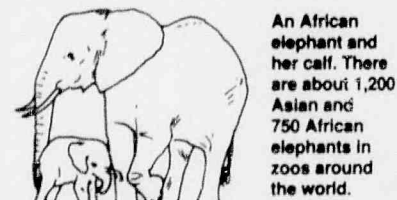

The baby was sent to a special "elephant orphanage," where keepers raised abandoned babies by hand.

In 1977, when the baby was about a year old, she became a gift from the children of Sri Lanka to the children of the United States.

She was named "Shanthi," which means "peace" in her native country.

Shanthi as a mother. The calf uses her mouth, not her trunk, when she nurses. Elephants don't drink through their trunk. They suck up water through it and squirt the water into their mouth. Shanthi's mammary, or milk, glands are in the front of her body. The calf nurses about six times an hour for about 40 seconds. She will nurse from two to four years!

An African elephant and her calf. There are about 1,200 Asian and 750 African elephants in zoos around the world.

When compared with African elephants, Asian elephants are:

- smaller in size and have smaller ears and shorter trunks.
- a lighter gray in color and have arched backs. (African elephants have hollowed backs.)
- more endangered. Only about 40,000 are in the wild. Another 13,000 are domesticated and are trained to work. (There are about 600,000 African elephants in the wild.)

The Asian elephant's numbers have dropped because people build homes and farms on the land where they live.

MIGHTY FUNNY'S Mini Jokes

WHY IS A PRETTY GIRL LIKE FLYPAPER?

BECAUSE SHE IS SO EASY TO GET STUCK ON!

THAT'S MIGHTY FUNNY!

Q: Why are you so tired on April Fool's Day?

A: Because you just had a March of 31 days! (both jokes sent in by Mandy Hines)

Q: What does a mother ghost say to her child when they get in the car?

A: "Fasten your sheet-belt." (sent in by Erica Evans)

Rookie Cookie's Recipe Ham-It-Up Dip

You'll need:

- 1/2 cup nonfat mayonnaise
- 1/3 cup evaporated milk
- 1 tablespoon lemon juice
- 1 tablespoon chili sauce
- 1 teaspoon vinegar
- 1 4 1/4-ounce can deviled ham

What to do:

1. Combine all ingredients in a medium bowl. Mix well.
2. Refrigerate several hours. Serve with raw vegetables or crackers.

Makes about 1 1/2 cups.

The Story Behind the BIG Event

Planning

SPECIES SURVIVAL PLAN

Zoos haven't always raised baby elephants. It was easier to import them from their native countries. Today many zoos take part in a special breeding program that manages endangered species.

Zoos have to be careful when they breed animals. To get healthy babies, zoos must match just the right mates.

Zoos also have to consider if they have enough room and money to bring up a big baby.

The curator (person in charge) of the elephant house at the National Zoo visited American zoos looking for the right male Asian elephant. Since male elephants are harder to control, most of the elephants on display are females.

In the wild, male elephants leave their herds when they reach young adulthood (at about 13) and live alone or with other males. Seeking mates, they tend to follow female herds.

The curator selected an elephant named Indy, who lived at the Burnett Park Zoo in Syracuse, N.Y. In 1991, Shanthi was carried in a moving van from Washington to Syracuse.

Mating

After successfully mating and visiting for 16 months, Shanthi was returned to the National Zoo in Washington.

While she was expecting, Shanthi often cradled a big rubber tire. Later, she would do the same thing with her baby.

An elephant has the longest period of being pregnant of any animal — 22 months. Shanthi gained 1,000 pounds!

Birthing

In November, volunteers began all-night watches. Keepers began making plans to sleep in the Elephant House.

On Dec. 14, 1993, the big baby arrived in a hurry.

At birth, Kumari weighed about 260 pounds. Her mom weighed 8,800 pounds.

Elephant labor usually takes about two to six hours. Kumari (which means princess) arrived in only 26 minutes.

Shanthi did not know exactly what was happening. She stepped on the baby.

While she was confused at first by her new baby, Shanthi has turned out to be an excellent mother.

Watching

Baby elephants imitate what their mothers do. Kumari is a big attraction at the National Zoo. Visitors especially enjoy seeing the elephants get their shower baths.

Kumari is playful and curious. She uses her trunk to find out about her world.

Baby Kumari and mom sleep standing up or lying down. They take turns sleeping so one is awake at all times.

Compare your weight at birth with that of Kumari's.

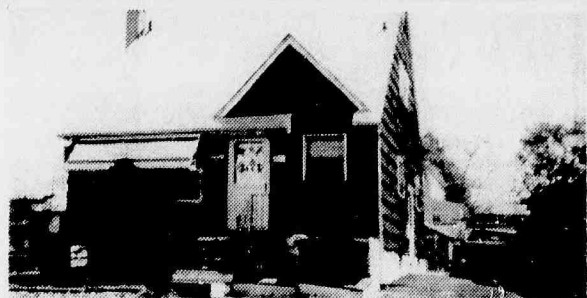

Next week read all about the information highway.

Seamless-Style Vinyl Siding Gives Homes A Picture-Perfect Exterior

Wolverine Technologies, Livonia, Mich., a leading manufacturer of vinyl building products, has introduced Symmetry™, a revolutionary premium vinyl siding that gives homes like this custom contemporary a seamless, picture-perfect finish.

Durable, attractive vinyl siding is becoming increasingly popular when building a new home or remodeling an existing one, and a new seamless style offers a homeowners a picture-perfect finish for their home's exterior.

"The industry standard for siding lengths is 12 feet, which makes seams (the vertical lines where two sections of siding meet) on a home's exterior unavoidable," said Marianne Horvat, director of marketing, Wolverine Technologies, Livonia, Mich., a leading manufacturer of vinyl building

products. To reduce the number of seams, Wolverine has introduced Symmetry™, the only vinyl siding available in 40-foot panel lengths, according to Horvat. An industry first, Symmetry's long panels virtually eliminate seams and overlaps inherent to conventional vinyl siding products.

"In the past, some homeowners have shied away from vinyl siding because of the seams. Symmetry seamless-style vinyl siding gives homes an elegant look that even wood clapboard can't replicate," said Horvat.

"Homeowners who once considered vinyl siding a secondary exterior finish choice will now compare seamless vinyl siding with traditional, high-end residing options."

"Symmetry's style ranks with the beauty of cedar and clapboard but surpasses them when it comes to maintenance, durability and ease in installation. It's a style that appeals to the discriminating homeowner."

Upgrading a home with Symmetry can also be a one-time investment, since its finish is permanent and backed by a limited, lifetime warranty contingent upon proper installation. And unlike other exterior finishes, with Symmetry there is no long-term or repeated, expensive maintenance.

According to Horvat, the Symmetry installation process is as unique as the siding itself. With Symmetry, panels are secured tightly to the substrate using a patented "sure grip" fastening clip system. Conventional sidings must be nailed loosely to allow for proper expansion and contraction. Symmetry's clip allows siding to "float" the wall, virtually eliminating the chance of buckling or waviness.

Wolverine is a recognized leader in premium vinyl exterior products and accessories, with more than 350 distributors nationwide and in Canada.

For more information on Symmetry or any of Wolverine's products call Wolverine Product Information Specialists, 800 452 2152 or write Wolverine Technologies, 17199 Laurel Park Drive North, Livonia, Mich., 48152.

Palm qualifies for Weichert, Realtors' Million Dollar Club

James M. Weichert, president, has announced that Joyce Palm, a sales associate with Weichert, Realtors' Upper montclair Office, has qualified for the company's 1993 Million Dollar Club.

A licensed real estate professional for 15 years, Palm is also a licensed broker. She is a member of the Bloomfield and West Essex Boards of Realtors and serves on the multiple listing and grievance committees. In addition, she serves on the membership committee of the New Jersey Association of Realtors.

A longtime resident of Nutley, Palm is married and has three children. She received a bachelor's degree in music education from Catholic University.

Palm may be reached for real estate consultation at Weichert's Upper Montclair Office at 201-746-1515. The office is located at 272 Bellevue Avenue.

According to a national report, Weichert, Realtors is the largest independent real estate company in the country, with 7,500 sales associates in 215 offices from Connecticut through Virginia. Weichert's services include residential and commercial real estate, mortgages, insurance, rentals, relo-

Today's Bath Fixtures Give Homeowners A Source For Tomorrow's Savings

Anticipating the need to use less water in homes as required by new legislation, Gerber Plumbing Fixtures Corp. developed the Aqua Saver and other toilet models as well as a line of reduced flow showerheads and faucets.

A new generation of residential plumbing products mandated by federal energy policy provisions offer homeowners a ready way to save water and cut their long-term household operating costs. That's because bath

fixtures produced for residential use after the first day of 1994 must comply with lower water consumption rates that are specified in the National Energy Policy Act.

New household toilets, for exam-

ple, use less than half the water on every flush than older toilets use—1.6 gallons per flush (gpf) instead of the old standard of 3.5 gpf. By replacing older toilets with the new water-conserving models, a typical homeowner can substantially cut the volume of water used throughout the house.

Combined with a conscious effort to avoid flushes that aren't necessary, changing over to the new products can help conserve our natural resources and produce meaningful savings in the face of rising utility costs and regional water shortages.

Among the new "legal" bath fixtures available are those offered by the Gerber Plumbing Fixtures Corp. Gerber began developing low water consumption products in advance of the federal action and now manufactures a number of toilets, showerheads and lavatory and kitchen faucets that meet the standard.

Two of Gerber's toilets, the gravity-activated Aqua Saver model and the Ultra Flush™ model with flushometer tank, each use just 1.6 gallons of water per flush (gpf) as the national standards prescribe. Both models are offered in white and a choice of 14 decorator colors and are designed with either round or elongated bowls as well as handicap-accessible versions.

PRAYER TO ST. RITA IN SPECIAL NEED

O powerful Saint Rita, nightly called Saint of the Impossible. I come to you with confidence in my great need. You know well my trials, for you yourself, were many times burdened in this life. Come to my help, speak for me, pray with me, intercede on my behalf before the Father. I know that God has a most generous heart and that he is a most loving Father. Join your prayers to mine and

obtain for me the grace I desire (here mention your request). You who were so very pleasing to God on earth and are so much so now in heaven, I promise to use this favor, when granted, to better my life, to proclaim God's mercy, and to make you more widely known and loved. Amen. A.N.
