Veterans remember D-Day, Korean veterans all who preserved our freedom with honor

By Richard Dickon

Veterans, state and local officials and residents of all ages came out May 30 to remember those who served America with honor in all wars, with a special observance of those who landed in Normandy, France nearly 50 years ago on D-Day and Korean War veterans.

Wreaths and flowers were placed by veterans posts, police and fire officials, and town council members, the bell at town hall was rung, and the firing squad shot several rounds in the air at town hall as well as at the Union Avenue Veterans Monument and the Rutgers Street Bridge, all to symbolize the sacrifices made by Belleville residents in service of their country.

Special recognition was given to Korean War veterans, and the family of Bill Neimeyer, commander of American Legion Post # 105, placed a wreath in honor. Neimeyer recently died, and had planned to honor his comrades this Memorial Day.

American Legion Department Adjutant Carmine Petti, a World War II veteran, paid special tribute to Neimeyer for his "dedicated and splendid service." Petti also made special mention of the "10,000 who gave their lives in Normandy on D-Day almost 50 years ago," adding that reunions of veterans who survived the invasion are planned around the June 6th anniversary.

Reciting a famous war quotation, Petti spoke of the "preserva-

tion of the priceless legacy of freedom for the living and the yet unborn" that "must be remembered and never forgotten" of "all those from the Revolutionary War to the present, who made the supreme sacrifice."

Congressman Herb Klein (D-NJ 8) told the gathering the story of a friend who landed as a paratrooper in one of World War II's most important battles, waiting from 3 a.m. until dawn, knowing enemy soldiers were gathering all around him, but eventually helping secure a major communications base.

"We live in the land of the free, because we also live in the home of the brave," Klein said.

Mayor Marina Perna made special mention of "courage, bravery

and love of America" of the nurses, Red Cross and civilians who served in all wars, adding that we should remember all the brothers, fathers, sisters and mothers who served.

"I'll never forget, and I am certain no one here will ever forget," she said.

Barbara Tuck welcomed all to the proceedings saying, "Today all of America mourns the departed, from Valley Forge to the Persian Gulf. We pay tribute, where yesterday is soon forgotten, they must not be forgotten. Their devotion to duty, and patriotism, paying the full price to guard our freedom. Their sacrifice was not made in vain."

Architect picked for town hall renovations

By Richard Dickon

The Township Council appointed Comito Associates as the architect to renovate the Town Hall after rejecting another architect and reserving the right to change architects later, in necessary.

The council has approved a \$700,000 bonding ordinance for the exterior restoration of the town hall building, parts of which are crumbling, despite protests from a handful of residents about the amount being bonded.

The council was told by Township Attorney Robert Giordano it had to hire an architect by June 1 to qualify for a state EDA loan.

Deputy Mayor Mario Drozd moved a resolution approving Comito, after saying he was "not

satisfied" that another architect, Tarquini Associates, could properly service the town everyday, since the firm is located in Camden.

Councilman Bill Cook, who said he favored a resolution to hire Tarquini, said "I have never seen anything from Comito that they have the ability for this renovation or the architectural experience with municipal or historical buildings."

Councilman Jim Messina, who said he favored Tarquini over Comito, and Cook voted against the measure, while Councilmen Thomas Spillane and Nick Cerami, Deputy Mayor Mario Drozd, and Mayor Marina Perna voted in favor of Comito.

Perna said she was unhappy choosing from only two architects, one local that she had no informa-

tion on and one far away in Camden.

"It seems ludicrous that we're focusing on two firms. Certainly there are other firms in the county that can service us," Perna said, "We will select one to cover our tails, then if we want to change, that's our business."

Spillane said he was voting for Comito based on the Township Manager and Town Engineer Tom Herit's recommendations that Comito was "well-versed" in the type of restorations needed for Town Hall.

Cook said he was not convinced the town had to hire an architect, but said instead the town should submit a schedule.

Residents had previously ques-

tioned the amount being spent, some saying they had heard estimates of half the amount bonded for by the council.

Councilman Jim Messina has said he previously had received an estimate of \$1.5 million for the work and that the council was not bound to spend the entire \$700,000 on repairs.

Messina said the renovations would be expensive, noting that there are pigeons nesting up in the windows, and the side exit cannot be used because a substantial piece of concrete coming down from the area.

Township Manager Stephen Cuccio said the price has been

CVS strip mall approved

By Richard Dickon

The Planning Board has granted site plan approval to a CVS strip mall on Washington Avenue after a compromise was reached on parking at the site.

The developer agreed to include parking islands landscaped with shrubbery, in response to complaints by Mayor Marina Perna that the mall would not be aesthetically pleasing.

The planning board granted two parking variances for the site, formally the site of the Mead Ford dealership on Washington Avenue and Little Street, one for the number of parking spaces, 62, and another allowing for the spaces to be slightly smaller than allowed.

Two conditions were also included, one allowing for a right turn only as an egress onto Little

Street, and the other allowing for the stores to be open from 10 a.m. to 10 p.m. Also limited was the time trucks can deliver to the stores.

The developer had answered objections made by Perna about the look of the project and the placement of a large parking area in the front of the property.

Perna said the plan approved "was far better than the previous plans" and "The developer showed more regard for the aesthetics of the project."

Perna also insisted on the condition that waste receptacles be placed in area where odor and garbage will not bother patrons.

"I have definitely been in favor of this plan from the beginning."

Mayor supports zero tax increase...

Surplus may cut town tax increase

By Richard Dickon

The Township Mayor and Council briefly discussed the Municipal Budget May 24, with Mayor Marina Perna promising a minimal increase and saying she favors a zero percent increase.

A proposed public hearing on the budget was postponed after the council determined the budget was improperly published with mistakes.

Before then, Perna said the budget contained an 18-point increase, but promised a minimum deduction of 10 tax points before final adoption.

Later in the meeting, Perna reacted to statements made by Council-At-Large Elect Victor Canning about large tax increases, saying "I will favor a zero percent budget increase, leaving you with no surplus, and you can try scratching and clawing next year to enact a budget."

"The citizens are entitled to a break. This is there surplus," the mayor said, "It's not that we're not planning for next year, but they should be looking to curtail salary increases from the unions. We were able to keep spending down, so should they."

The council is wrestling with whether or not to use a \$1.5 million surplus accumulated in recent budget years to bring the tax levy to a flat rate.

Canning had said the town must "live within our means," and that a municipal increase of more than 10 points would mean the council "is not keeping its promise."

Some council members have expressed worry that the township will lose \$3 million in state Revitalization Aid for distressed cities in 1995, leading to a huge budget deficit.

Perna said that even though the state has not officially allocated aid for this year, the council was told to expect the same \$3 million for 1994 that was received in 1993.

The delay in the budget led the council to schedule a work session to discuss budget amendments on June 6. A separate public hearing will be necessary to enact budget amendments as well as to amend the budget to include state aid.

The council was forced to introduce a budget April 18 to qualify for Revitalization Aid.

Police and Fire officials have been asked to cut their budgets by the council, with Police Chief Raymond Kimble asked to return with a plan to reduce the department's table of organization.

At least 10 police officers are retiring early under a plan that allows officers with at least 20 years on the force and age 47 to retire with hospitalization and pension benefits.

Acting Fire Chief Robert Caruso has been asked to trim \$50,000 from the department's budget.

Some call \$250g school budget cuts too little

By Richard Dickon

Several residents expressed anger and disappointment at the Township Council's \$250,000 reduction of the Board of Education's defeated \$31 million 1994-95 school budget during the May 24 public meeting.

The cut leaves an increase in the tax levy of an average of about \$245 for a home assessed at \$39,500, the township average.

Totals as high as \$750,000 had been rumored to be cut from the budget, and residents in attendance, mostly senior citizens, criticized the council for not cutting deeper.

Frank Montagna, a recent school board candidate, said the council had not held school budget cutting meetings "above board" as had been done in the past.

"It was all around Belleville that a deal had been made to cut

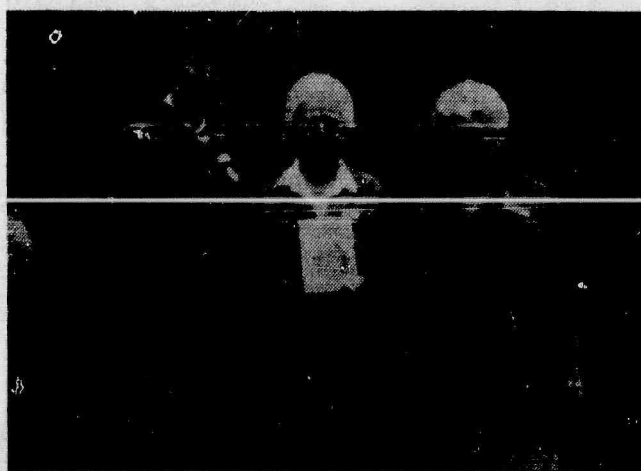

\$250,000, even though the state Commissioner of Education has said schools aren't getting the money back that's cut," Montagna said, "Congratulations, you've destroyed Belleville."

Mayor Marina Perna said the decision went down to the wire on May 19. She said the three council elects comments were taken into consideration and that one council member did not want the \$250,000 figure.

"We could not have cut any more without taking away custodial positions or supervisors," Perna said, "Next year, salaries will not just be approved."

Edith DeFeo, a senior citizen, said the reduction was "much too low" and that a wage freeze for all town employees should be put into

Essex voters facing primary choices Tuesday

By Steve Galvacky

Essex County voters face a primary election Tuesday to choose Democratic and Republican candidates for county executive, sheriff and register.

The hottest race has been for the Democratic nod for county executive, with party chairman Thomas Giblin being opposed by East Orange Mayor Cardell Cooper. The two are seeking the position vacated by Thomas D'Alessio, also a Democrat, in February after he was convicted on extortion and money laundering charges.

Also in the race for executive is a lesser-known Democratic candidate, Livingston attorney Charles Cohen.

Each of the three Democratic executive candidates heads a slate of countywide candidates.

The Giblin team includes Newark Councilman and former Newark police captain Henry Martinez running for sheriff and Carole Graves, president of the Newark Teachers Union and a candidate for register.

Cooper leads a slate that includes Sheriff Armando Fontoura, who is seeking a second term in that position, and West Orange attorney Nancy Sivilli, a candidate for register.

Cohen, running under the banner "Honest Democrats," tops a ticket that includes Richard Gennaro, a retired lieutenant in the county Prosecutor's Office, running for sheriff and Harry Lauer, a retired Newark school administrator, in the race for register.

Also vying for the Democratic nod for sheriff is E.T. Gaines, a security officer for the Newark Board of Education who is not affiliated with any ticket.

On the Republican side, Verona Mayor and Essex County Freeholder James Treffinger is on the regular GOP organization's line as a candidate for executive. Also in that race are Frank Marmo, running under the banner "Clean Government Republican," and Anthony Montanelli, under the slogan "The Republican Voice for the People."

Regular GOP organization candidates Marion Crecco, a state assemblywoman who represents the 34th Legislative District, and Rocco Malanga, are unopposed for their party's nominations for register and sheriff, respectively.

Local voters will also be asked to choose party nominees for U.S. Senate and Congress on Tuesday.

U.S. Sen. Frank Lautenberg, seeking a third term, is vying for

the Democratic nomination against Lynne Speed, running under the "LaRouche Was Right" banner, and Bill Campbell, who will be on the ballot with the slogan "Regular Democrat -- Restore America's Manufacturing Leadership."

Republicans will be able to choose between two Senate candidates: Assembly Speaker Garabed "Chuck" Haytaian, R-23, on the

regular organization line, and Brian Kennedy, running with the slogan "A Return to Republican Values."

The two regular organization candidates for the Eighth Congressional District seat, incumbent Democrat Herb Klein and Republican challenger Bill Martini, are unopposed for their respective parties' nominations.

Belleville Senior News

On May 18, the Nuddy-Belleville Old Guard Bowling League held its bowling banquet at the Fairmont. All the members are senior citizens from the age of 65 to the oldest, Walter Mead, who is 88 years young. For the past 33 weeks, they met every Thursday at 9 a.m. at the Brunswick Lanes on Washington Avenue in Belleville where 4-man teams bowled three games against each other.

The first place team consisted of Capt. Herb Mason, Ben Giubilo, Sam Consoli and Frank Lardiere. Second place went to Capt. Joe DeLibro, Ernest Pizio, William Mostica and William Bell. High Average was taken by Nat Dimichio with a 176 average. High Series went to Capt. Herb Mason with a 660. High Single Game went to Louis Petrucci with an incredible 267. Most Improved Bowler went to Mike Blasi who bowled 19 pins better than last year.

Congratulations to the winners and all who made this a very successful season.

Of course, someone had to put all this together and make it purr. This was accomplished by President and Treasurer Arthur Ure, Assistant Treasurer Ralph Quelch and Secretary John Marchegiano. These men were also responsible for putting together the banquet where we had a one-hour cocktail hour, a dinner, family-style, and music for dancing for four hours. Gentlemen, you did a wonderful job and we all commend you for it. A good time was had by all.

On May 23, a group of seniors from the Belleville Old Guard left Belleville for a five-day trip to Fallsview Country Club in Ellensville, New York. Nestled in a valley in the Catskill Mountains, the view is out of this world. Picture a small lake with a golfing green backed by the mountains and you have a scene that is typically Fallsview. One of the walking trails led to a beautiful waterfall high up in the mountains. It was a tough hike but the view was worth the effort.

There were activities for everyone — line dancing, Bingo, Bocce, tennis, shuffleboard, golf and many more. The nightly entertainment was first class all the way. The food was delicious and plentiful. Our trip co-chairmen, Nick Mauncelle and Pat Colella, were outstanding in their efforts to make our stay as comfortable as possible and they succeeded very well in doing this. This was a job well done.

Tid bit:

The spirit never ages, the essence of the soul
Is sure and strong forever and keeps us young and whole.
The body shows that time has passed
When lines enrich the face,
When sight and hearing weaken,
When movement lacks in grace.
And yet we know that deep within,
We're winsome, bright and fair,
Just as we were when we were young,
And life was ours to dare!

School cuts called low

effect. Others in the audience call the cuts "totally disgusting."

Both the council and board of education officials said cooperation was the key to the agreement, which schools officials promised not to appeal, as has happened in recent years.

Larger cuts by the council in recent years have led to appeals by the school board, and restorations totalling more than \$1.2 million in the last two years that have added a one-year tax increase of about 29 points.

School Board Attorney Frank Pomaco said the board was unequivocally committed to not appealing the reduction.

Pomaco has cited Bloomfield, which also cut \$250,000 from the school budget, as an example of a fair negotiation of reductions.

Lally said the total tax increase, without the \$1.2 million in

budget restorations, was reduced by about five tax points to between \$50 and \$55.

The superintendent said the board of education is confident and hopeful that they can enact a fair budget that will be acceptable to the community in 1994-95.

School officials have said all through the budget process that only 18 out of the 68-point tax increase actually came from this year's budget increase, while 50 points came from other sources, mostly the nearly \$2 million in budget restorations of funds by the state, of money cut by the Township Council.

Losses in state aid and lower property assessments were also cited.

More than \$900,000 was eliminated from the initial budget requests, reducing about one tax point from the total, Lally said, adding that the total budget increases 2.8 percent.

Rotarians plan installation

Jim Devine of Rotary Club of Belleville announced that the Installation Dinner will be Thursday, June 23 at Forest Hill Field Club. The dinner will be no more than \$5 per person for accepted membership and invited guests.

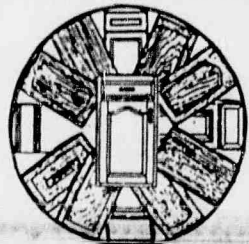

This dinner will take the place

of the June 29 weekly meeting.

Two \$500 Scholarships are to be awarded instead of one \$1,000 scholarship, since two very well-deserving students applied.

In fundraising news, gift certificates are to be sold from ShopRite, and Pathmark/Rickel.

the mayor said, "I hope it will be successful for everyone involved."

The planning board approved Taco Bell restaurant for the old Chevrolet dealership across the street in February.

The Mead Ford property is now in line for a CVS Pharmacy, a bank and other stores.

The developer, Ed Rosenbloom, has said he has paid out "six-figure numbers" to have the architectural standard be pleasing to planners, including stucko finish and scalloped overhangs.

The site plan shows the existing former building on the right will be renovated and expanded, the existing building on the left will be renovated and a new building will be constructed in the middle, with all facing the street.

Perna had said that although Township Engineer Tom Herits suggested putting parking in front for technical reasons called for by the state Department of Transportation, the lot would bring much chaos to the site. Her comments helped bring about the changes with the landscaping and islands.

The mayor said she is worried about how the site will look one year after it's completion, citing problems with front parking lots at stores such as Walgreens and

Grand Union becoming dirty and not being maintained.

The town, Perna said, continues to have difficulty getting stores to clean-up garbage, remove carts and carriages and maintain landscaping of the bushes.

Rosenbloom said parking was to be in front because current trends favor putting parking as close as possible to stores, adding that neighbors have complained about parking in the back of the mall, saying it would increase noise, traffic and possibly even crime.

Perna had recommended placing islands in back of the mall along property lines to act as a buffer and protect neighbors from the traffic.

Rosenbloom said he met with Herits to work out putting islands with landscaped shrubbery in the front parking lot.

The mayor has said she attends planning meetings to improve the look of the downtown, not to perpetuate the 'hodgepodge' that has happened in the past.

Allowing the parking lot in front would also add about seven more parking spaces, Papa has said.

Robert Gaccione, attorney for the Rose-Belleville Limited Partnership, Washington Avenue, said that the site plans were substantially revised because of concerns expressed by Department of Transportation to the applicant.

Architect hired for town hall

continued from page 1

reduced from estimates of \$1.2 million, and agreed with Messina that all the bonded money may not be spent.

Mayor Marina Perna has explained that the town anticipates the receipt of matching funds, but the council has to act on renovations to get the matching funds.

The ordinance appropriates funds to be used to seal and point the brick and masonry exterior of the building and to install energy

efficient windows, structures and appurtenances were necessary.

The ordinance calls for issuance of \$666,000 in bonds, with the remainder to come from township funds.

An ordinance introduced but not yet given an public hearing would appropriate \$500,000 for interior repairs and renovations to the township hall, including the redesign and relocation of offices and electrical, plumbing, heating and air conditioning renovations and upgrades.

YOUR OPINION

• For Democrat Voters

Cooper for County Executive

Primary Election Day is next Tuesday, June 7th. Polls open 7 AM to 8 PM. In the past, Democrat Primary candidates were selected by the organization leaders after perfunctory approval by a headquarters committee that consisted mainly of county employees.

Tuesday, Democrat voters are presented with a real choice for the first time in many a moon. The organization's candidate for County Executive is Tom Giblin, who is also the Democrat County Chairman. That relationship in and of itself is an obvious conflict of interest, despite the fact that the troops went through the motion of nominating Tom Giblin as their official candidate. But his candidacy is not without challenge. East Orange Mayor Cardell Cooper, supported by Democrat State Senator Dick Codey, also seeks to be the Democrat Essex County Executive nominee. We support Cooper because he has hands-on municipal and county experience. As Business Administrator for the City of Irvington, Cooper developed, administered and managed operational budgets for a full spectrum

of municipal agencies. Cooper was a member of a delegation to assist and guide Polish leaders in the organizational aspect of municipal government to mayors elected in Poland's first free local elections in half a century. He also was selected to perform the same services in Japan. Cooper currently is a member and Vice Chairman of the Sports and Exposition Authority of the administrative agency for the \$435 Million Meadowlands Sports Complex. Cooper was also County Administrator during the administration of former County Executive Nick Amato. Congressman Don Payne has endorsed Cooper, as well as the Democrat organizations in Livingston and Montclair. To the surprise of many politicians, even North Ward Democrat leader, Steve Aduato, is supporting Cooper.

Cooper earned a Bachelor's Degree in Political Science from Montclair State College and a Master's Degree in Public Administration from Rutgers University.

Cooper is the better qualified candidate for the job of Essex County Executive, therefore, we endorse his candidacy.

Fontoura for Sheriff

Of all the candidates listed on any ballot, only one is seeking re-election to the job he now holds. And he is the outstanding Sheriff Armando Fontoura who is seeking his second term. Fontoura is considered by his contemporaries as one of the most innovative and dedicated sheriffs in America. He has been responsible for raids and more arrests of drug peddlers than any sheriff before him. His anti-drug squad is among one of the most efficient in the state and

enjoys the trust of the FBI with whom Fontoura is in daily contact. Fontoura's performance has earned him another term - and we support him without reservation - although his principal opponent, Newark Councilman Henry Martinez, is a friend of long standing and well qualified, having served a period of years as a member of the Newark Police force. However, one good term deserves another, therefore, our endorsement of Fontoura.

Nancy Sivilli for Register

Another Cooper teammate is attorney Nancy Sivilli who is a candidate for County Register. Sivilli currently represents five municipal planning and zoning boards. She has represented the Cedar Grove Planning Board, the West Orange Zoning Board of Adjustment, the South Orange Planning Board and the Roselle Park Planning and Zoning Boards. A magna cum laude graduate of Douglass College, Rutgers University, she later graduated from Cornell Law

School. Sivilli is a former Chair of the New Jersey State Bar Association, Young Lawyers Division and received its highest award, Young Lawyer of the Year, in 1991.

That makes for an imposing list of qualifications - familiar with the workings of five communities, an outstanding educational background and an eminent member of the bar. Democrat voters are fortunate to have the opportunity to vote for such an outstanding, qualified candidate.

Whatever your choice - the one choice that should not be exercised is not to vote.

Action, not talk needed on stadium

Mike Lamberti has continued to document the poor facilities at the Municipal Stadium and the lack of attention being given to those conditions by Belleville's governing body.

Varsity track and tennis teams have to compete on the road, since the facilities have been so neglected for years that they are now considered inadequate for competition on the high school level. Sprinkler system pipes on the Varsity Baseball have exploded from a lack of proper maintenance, and clay is not added to properly maintain athletic fields.

The recreation council, particularly member Bruce Morgan, characterizes attempts to have action taken by the Township Council on a series of plans to refurbish the facility like talking to a wall.

Jim Landon prepared and presented, on his own time, a detailed plan to refurbish the facility.

Council-At-Large elects Angie Paserchia, Victor Canning and especially, top vote-getter Gerry Digori have championed the repair of the stadium facilities.

The three, along with sitting council members Bill Cook, Jim Messina, Thomas Spillane and appointee Nick Cerami will be monitored very closely to see what, if any, action is taken as the summer drags on.

With recreation and townspeople showing a willingness to work on improving the facilities, absolutely no excuses will be tolerated by town officials for a lack of movement on this matter.

By 1995, if not sooner, track and tennis players must be allowed to look forward to hearing the cheers of a hometown crowd. Politics be damned, it is high time the student/athletes of Belleville have facilities to match their level of excellence!

Family welcomed Taxpayer speaks in frustration

To the Editor,

Marie Strumolo Burke, I enjoy your column on Silver Lake and although I am not a Silver Lake resident, I do sell property in the lake.

I thought you might want to welcome a new family to the Lake. Marian and Sal GiandGrande and their daughter Michele. They recently bought and moved into 18 Eugene Pl.

They are a very nice family who rented for most of their adult life, but didn't have a place for their grandchildren to play when they came to visit. Now they have a big backyard with plenty of space for their grandchildren to play and for family barbecues.

Voting for Giblin, Graves, Martinez

To the Editor,

On June 7th, I will take great pleasure in voting for the Line 'B' Democrats, Tom Giblin, Carole Graves and Henry Martinez.

Tom Giblin, a Montclair resident has served the citizens of Essex County in many different aspects throughout the years. The experience he will bring to the Office of County Executive will allow Essex County to forge forcefully through the nineties.

Carole Graves for Register, with many years of experience in labor and management relations, as well as possessing superior administrative capabilities, and Henry Martinez for Sheriff with his exemplary record, round out a ticket that will bring forth positive changes in Essex County.

Marie Iannacone

To the Editor,

This past council election brought out the fact that the voters and taxpayers of Belleville are disgusted with the actions of the present council.

If only we had the opportunity to vote on the entire council, there would be a new group of council persons sitting in the town hall chambers.

The small amount of votes that the lone incumbent received shows that the voters have lost faith in the present council. This shows that voters disapproved the giveaway of the valuable acreage at the former Geriatric Center on Belleville and Franklin avenues. But they approved the giveaway to a non-profit organization which will bring nothing in the form of tax relief for the taxpayers. (Editor's note: The Township Planning Board and Mayor and Council insisted that CMMI include provisions to build tax-ratable commercial medical buildings on the site within a couple of years of construction of the cancer research. Also, the cancer center is expected to improve the commercial viability of entire area.)

The senior citizens are still angry that the council voted to spend \$400,000 for a small parcel of property. (Editor's note: The mayor and council are still negotiating with the county Board of Chosen Freeholders to obtain five acres of former Geriatric hospital property for one dollar.)

There is no doubt that the above items played a big part in rejecting the incumbent councilmen who favored both of these acts. The low vote total that he received proves that the taxpayers and senior citizens would have rejected the rest of the council if only they were candidates.

Wishful thinking, but the voters should keep this in mind when the council incumbents come up for re-election.

Thanks for walking

To the editor:

The PAWS Walk Against Cancer 1994 Committee would like to say "thank you" to those canines and humans that participated in raising more than \$8,500 on May 22. Eighty-five dogs and 125 humans raised funds by getting sponsors to support them in a non-competitive dog walk-a-thon that covered a 1 1/2-mile footpath around Brookdale Park in Montclair and Bloomfield.

The proceeds from the event benefited the

American Cancer Society, which is a community-based nationwide voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives from cancer and diminishing suffering from cancer through research, education and patient services.

Council President Paul DiGaetano blasted the Mayor charging the Mayor's business administrator Bob Czech wants a clean house. "He tried to bring in an auditor that he was comfortable with and they want their own people in, simple as that," DiGaetano said. Semler's decision was based upon an accounting error that failed to appropriate \$500,000 in interest payments and boosted the fiscal 1993 deficit to more than \$2 Million. Business Administrator Czech said, "That mistake is a lot of money." We

agree with Mr. Czech's observation.

Haytaian's reply is that he opposed the ban because over night, it turned lawful property into contraband. Son, Adam Ravin, will be two thirds through with law school; and David Ravin says he will be on the brink of being free from tuition.

David Ravin is one of New Jersey's most prominent attorneys and is known throughout the profession in the tri-state area of New Jersey, New York and Connecticut, as well as Florida. For more than a quarter century, Ravin has been my top attorney - and more than that - my friend. All these wonderful events that David is now celebrating couldn't happen to a better guy. Not only is he a top rated attorney, but added to that, is his wisdom as a businessman. Combine the three, family, his legal experience and his business judgment - and whoever is fortunate enough to have Ravin as counsel, is a very smart person. Congratulations to the Ravins for the achievements of the various family members. Love is the secret of this family's happiness and success.

Clara Maass volunteers cook up a winner...

Charity cookbook holds recipe for 'Maas' acceptance for hospital auxiliary members

By Richard Dickon

The Clara Maass Auxiliary continues -- literally -- to cook up new ways to raise funds as well as raising the level of volunteerism at the hospital.

"Cooking Through the Years," part of the hospital's 125th anniversary celebration, is itself a celebration of the varied ethnicity of the auxiliary, as well as representations of famous New Jersey residents, including the hospital's namesake.

Clara Maass lost her own life battling yellow fever in 1901. Her family is represented with Maass German Pot Roast in the cookbook.

Others represented in the cookbook include Sen. Bill Bradley and actress Olympia Dukakis.

Simple, tasty recipes will be the reward for anyone who chooses to honor this worthy cause. Since many auxiliary members excel in the kitchen, the idea came about to blend the group's favorite ethnic dishes with those of famous people from the state.

The cookbook is just one example of the auxiliary's work, according to Marie Vanderzwan, auxiliary president.

Marlene French, director of volunteer services, said the auxiliary has fundraisers almost every

month. On June 9-10, a watch sale is scheduled, while "Christmas in July" is planned for July 22, with five vendors selling goods.

Marie D'Alessandro, like many a retiree who volunteers, said the auxiliary goes back to hospital's inception in the 1800s, while the current group dates back 46 years.

"The auxiliary has always been of great assistance to the hospital in fundraising, volunteer services as well as in informing the community and interpreting hospital services for people," D'Alessandro said.

"Contact between the community and the hospital, with the auxiliary as ambassadors of goodwill, is what makes this a community hospital," Vanderzwan said.

The auxiliary holds meetings monthly with guest speakers on health-related issues.

Scholarships for a volunteer family and a student are awarded each year by the auxiliary as well.

A check for \$10,000 was recently given by the auxiliary to purchase equipment for the Obstetrics Education Center.

The fundraising goal for this year is \$25,000, a total the 75-80 members hope will be reached in part through sales of the \$10 cookbook, available through the mail with \$2 added for postage.

The auxiliary is always welcoming new members, and men as well as women are welcome. Volunteers do not have to spend time in the hospital or be involved in fundraising if they are uncomfortable, Vanderzwan said. Interested parties should contact the office of volunteer services.

It Works Wonders

American Heart Association

Aside From That

By: Howard Klausner

We thought that Robert Braun, the distinguished Education writer for the Star-Ledger, missed the point when he described the State Legislature's action in requiring Holocaust studies in the schools as "shortsighted".

"It should be a study of all genocides, rather than one," Mr. Braun said.

The host of the talk show on Channel 3 was even more emphatic in his objections to the act of the Legislature. "The Republicans in the Senate think they can get away with anything," he said. "Just look at what they're pushing down the people's throats."

The gist of the host's objections appeared to be the idea of singling out Jews as the victims of injustice when so many other peoples had also suffered injustice.

A few moments later, on another television channel, the D-Day invasion of Europe was being shown in film and interviews with surviving participants.

If the talk show host and Mr. Braun had thought about it, they would have realized the connection between the D-Day Invasion and its ghastly cost in lives, and the Holocaust.

It was Europe's unwillingness or inability to stem the forces that brought about the Holocaust that resulted in one of the most needless wars in history.

Germany had no grounds whatever for launching war in 1939. It did so because it was under the control of a regime which had reached power in good part because of its promise to rid the world of Jews.

Before the Nazis came to power, there were other political parties in Germany that sought rearmament and a reversal of Germany's defeat in World War I, and they did not lack for anti-Semitic sentiments, but none touched the nerve of so many Germans as did the blood-lust so openly and vehemently proclaimed by the Nazis.

If you opposed Communists, if you opposed international bankers, if you opposed homosexuals, if you opposed jazz music, if you opposed trade unions, if you opposed unemployment, if you opposed pacifists, Poles, French or Africans - the Nazis summed it all up for you as the Jews.

Rational political leaders found themselves incapable of taking the Nazis seriously. In America, humorist Will Rogers said, "It's hard to tell if Hitler is running for Chancellor or Grand Kleagle," referring to the title of the head of the Ku Klux Klan.

Americans rejected the Klan, contemptuous of its violent bigotry veiled by night sheets. For Europeans, anti-Semitism was another matter.

Made respectable by centuries of religious indoctrination, anti-Semitism in Western Europe was much less openly expressed than in Eastern Europe, but it erupted occasionally as in the Dreyfus Affair, when anti-Semitic riots swept France even after Captain Alfred Dreyfus had been cleared of charges of treason.

In Eastern Europe, of course, anti-Semitism was enacted into law, and pogroms drove 2 million Jews from Czarist Russia.

Anti-Semitism in Germany was a dormant force which the Nazis awoke as they sought popular support. Without it, they probably never would have gained power.

The lesson to be learned from Holocaust studies is not that the Jews are the only people to undergo suffering.

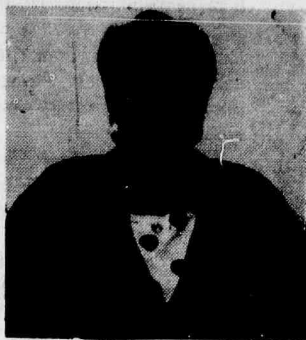

The lesson is that if we turn away from injustice to one people - or to one person - we lay ourselves open to becoming the next victim.

The Americans who died at Omaha Beach were in a real sense just as much the victims of the Holocaust as the Jews who died in the Warsaw Uprising, or the gas chambers of Auschwitz.

Life In Silver Lake

Cheers for our Valedictorian; jeers for tennis courts, track

Congratulations are in order for one of our own.....Sabrina Sena of Silver Lake..... Because of her grade point average she was selected Valedictorian (#1 in her 1994 Belleville High School Graduating Class). She is the granddaughter of Ann & Jerry Sena of Florence Avenue, and Rose & John Roppattee of Heckel Street, all Silver Lake Residents. What an honor for Silver Lake and what an honor for School #4, where Sabrina attended. (Her mother, Doreen, and father, Jerry, also attended School #4.) WE MUST BE DOING SOMETHING RIGHT IN SILVER LAKE.....It brings back memories of someone I know very well.....me..... I also was the Valedictorian of my high school class of Central High in Newark..... The year I fortunately forgot..... I know and remember how hard I worked to become the Valedictorian, so I can sympathize with Sabrina. In this day and age, to become #1 in your class has to be the ultimate achievement for a high school student. Again, loads and loads of luck to a beautiful young lady from Silver Lake, SABRINA SENA.

Marie Strumolo Burke

this, they have the best. Mike, I am not criticizing you for informing us, I am commending you since most of us that do not have children in High School are not aware of these situations. We pay enough taxes in this town and our facilities should be 'the best.'

I am appealing to all Silver Lake residents, whether you have children in school or not, to make some noise and attend the Town Hall and Board of Education meetings to make sure that these facilities at the High School are upgraded to what our children deserve. We want to know why these conditions are not repaired. I know when my son played sports at Belleville High, we parents would never let these conditions exist. SO COME ON SIL-

VERLAKERS, GET INVOLVED SO THAT OUR CHILDREN CAN PLAY SOME HOME GAMES AND WE CAN CHEER THEM ON.....

Personalities of the Week.....Silverlakers Anthony Weedo, Joe Trabucco and John Towey, Belleville Police Patrolmen, were honored at a ceremony for 'National Police Week.' Joe was presented with 'Life Saving Medal' for administering CPR to a resident whose life was spared, while Anthony helped apprehend an assailant in an armed robbery and John, assisted in solving a purse snatching. Silver Lake is proud to have such dedicated Police officers and more important.....Silver Lake residents. Three cheers for our Men in Blue, or should we make it four cheers.....

A few weeks ago I commended Rae Carlucci for assisting the Police in response to a burglary attempt on Lake Street. What I failed to tell you was that Luigi Fruncillo, a Lake Street resident, was also honored. He was the one that asked Rae to call the Police while he literally 'held the criminal' until the Police arrived on the scene. Sorry I almost didn't recognize your effects, but its better late than never, Luigi.....

Students sought for exchange program on Italian Riviera

The Township Mayor and Council, in cooperation with the Board of Education, will be offering a student exchange to the township of Lavagna, a city on the Italian Riviera.

Students interested in participating will be asked to host one visiting student from Italy, for 10 days around June 27, and the Belleville student will be departing to Lavagna at or around July 6, also for 10 days.

The only cost to students will be about \$900 for airfare. Additional costs will be incurred if students wish to take "small-fly" trips to the cities of Monte Carlo, Piza, Florence or Genoa. These trips would be taken with the Italian families.

This unique travel opportunity is open to all Belleville students or any students who are interested. Call 284-0442 for more information.

Drive needs blood donors

A resident Community Blood Drive will be conducted this Saturday, June 4th, from 10 a.m. until 3 p.m. at the Knights of Columbus Hall, 94 Bridge St.

All healthy citizens between the ages of 18 and 66 years old are urged to donate blood, Knights officials said.

Stand out in the crowd and give

or donate blood, North Jersey Blood Bank officials said, stressing that all materials are sterile and used by qualified nurses and personnel and then discarded.

For further information please call Grand Knight Tom Doeffinger at 998-2214 or Kistner 450-0948.

Team up to fight breast cancer at 'Relay for Life,' June 3-4

One in nine women will be stricken with breast cancer in her lifetime. Now, Belleville, Bloomfield and Nutley residents can strike first! Join Clara Maass Health System, Inc. and the American Cancer Society at the "Relay for Life: A Team Event to Fight Breast Cancer" on June 3 and 4 at William Paterson College, Wayne.

Through "Relay for Life," an estimated 2,000 participants will raise money for the American Cancer Society's breast cancer programs by walking, strolling or running at the William Paterson College track. The Relay, New Jersey's largest event ever dedicated to breast cancer, will begin at 7 p.m. on Friday, June 3.

Belleville, Bloomfield and Nutley residents can play their part by gathering a group of friends, family members and neighbors to participate in the Relay. Area women can also aid in the fight by

learning about the methods of early detection and encouraging others to have regular mammograms and breast exams.

Besides walking or running to beat cancer, Relay participants are invited to take part in round-the-clock activities, including a "Midnight Madness" celebration, tent and tailgate contests and 24 hours of music and entertainment.

Although the "Relay for Life" is lighthearted and fun, its purpose is deadly serious: the American Cancer Society hopes to raise over \$200,000 to support its lifesaving breast cancer programs. Among them is the Breast Cancer Detection Awareness Program, which provides low-cost and no-cost mammograms to New Jersey women every May. Clara Maass Health System, Inc. will be among the sponsoring facilities this year.

To team up to fight breast cancer or for more information, call 1-800-THE RELAY.

Belleville

BUC SHOTS

By Mike Lambert

Re: Municipal Stadium Will July 1 begin new era... or will old rhetoric continue?

It was November, 1979. The Belleville football team was playing host to Seton Hall Prep in one of the biggest high school football games this area had seen in a long, long time.

I remember this game very well, because it was originally supposed to be played on a Saturday, but for some reason (not weather related) it was moved to Sunday afternoon. Municipal Stadium was packed (and I mean packed).

Seton Hall Prep was a dominant team back in the late 70's. The Pirates had won state titles in 1977 and '78 and were riding a monstrous winning streak in 1979 that covered some 40+ games. The week before playing Belleville, Seton Hall did something unheard of. It lost. Bergen Catholic stunned Seton Hall, 7-0.

So the Pirate team that invaded Municipal Stadium on that Sunday in November was a fired up team that was anxious to avenge its first loss since the Gerald Ford administration.

Anyway, Belleville had a marvelous football team that year and entered the game with just one defeat. Many of the Bucs who were seniors in 1979 had vivid memories of the last time Seton Hall Prep had come to Belleville. It was 1977, John Senesky's first year as Buc head coach, and those then-sophomores watched Seton Hall Prep roll to a 63-0 victory.

It was embarrassing, and many of the seniors in 1979 wanted nothing more than to beat this nearly invincible foe.

So, the teams played an epic game. In the second quarter, with the game scoreless, quarterback Ed Aulisi threw a touchdown pass to "J.D. Hill" as Mike Nicosia called him, Jerry DiGori as everyone else knew him.

DiGori, a wide receiver on the '79 team, made a fine catch, then broke four tackles en route to the end zone. The place went crazy and DiGori will always be remembered for that play.

Belleville went on to win that classic with Seton Hall Prep, 14-13.

The players on that team have gone their separate ways, but Jerry DiGori has stayed in town, and, as most people probably know by now, he was elected a Councilman for the Township of Belleville, and will take office on July 1.

DiGori, along with Victor Canning and Angie Paserchia were elected by the voters to instill a change in our township.

It was DiGori who used the Municipal Stadium deterioration as a key topic in his campaign. And it was DiGori, along with Canning, who attended a meeting with myself, Bruce Morgan and Jimmy Landon a few weeks back to talk some more about the problems facing the stadium.

If you have been following this column, you know the problems that our township has faced in rebuilding the stadium, track, tennis courts, etc. Years of neglect and a total disinterest in keeping the facility in good shape has today left the place in a near shambles.

I wish the best for Jerry DiGori, Victor Canning and Angie Paserchia. I hope they are able to accomplish all the things they campaigned on.

But I have a note to DiGori that only he, because he was a Belleville athlete, can understand.

Jerry: I mention the Seton Hall football game because it was an epic battle with a thrilling finale. What I remember most about this game was that it was played at home, in front of avid Belleville fans.

If, hypothetically, that game were played on the road because Belleville did not have adequate facilities to play football in 1979, you would remember that for years after you graduated. You might have thought 'it would have been nice to play a game like that on our home field. Too bad we don't have one.'

Fortunately for you, that was not the case. However, that scenario has been the case for tennis players (boys and girls) and track athletes (boys and girls) at Belleville High School for entirely too long.

These kids have been, in a way, deprived of the ultimate opportunity to compete at home, and embarrassingly enough, it's because our township administration did nothing to maintain the facilities and, in essence, could care less about the youth of Belleville. If it were the wrestling, football or baseball team, I guarantee you that this topic would never be discussed, because the public outcry would have been long and loud.

But, it's just track and tennis, and since those teams don't win consistently, who cares? Right?

I realize you don't take office until July 1, Mr. DiGori, and I realize the mess you will inherit on this issue is not, in any way, your fault.

But the calendar does not stop for anyone, and the school year starts again in September and chances are the girls' tennis team will have to endure a road season.

Pretty ridiculous, isn't it?

I wish you luck, Jerry. You based a good deal of your campaign on the stadium and I applaud you. But remember, the first concern has to be the tennis and track teams. There is so much to do in order to refurbish the area, but concern number one has to be those issues.

Next week, we'll continue our look at this situation. I have spoken to some officials in Trenton regarding the Green Acres funding that could have helped the Municipal complex and why we can't seem to obtain these funds.

We'll also discuss the \$75,000 that was budgeted for improvements on the stadium but never made it to the budget, and obviously never was used for the stadium complex.

It gets more interesting every week, and I assure you that everyone in the town will eventually find out what our township leaders have done (or haven't done) to rebuild this facility over the past four years.

Piscatowski nearing DeAquino mark

Lady Bucs fall to Bengals

By Mike Lambert

Senior pitcher Kim Piscatowski won her 52nd career game, leading the Lady Bucs to a 5-3 win over Irvington in the Group IV, Section II playoffs.

The news wasn't all good for Cheryl Marion's team. Belleville lost a league game to Paramus, 1-0 in extra innings, then fell to Bloomfield in the state sectional semi finals, 7-1.

Belleville, which had a five game winning streak snapped in the Paramus loss, will take a 14-10 record into the final two games of the season. If the season progressed as scheduled, then the final game would have been played yesterday, against Nutley.

Piscatowski needed to win those final two games in order to tie Dina DeAquino for most pitching victories in Belleville softball history.

DeAquino won 54 games from 1981-84. Piscatowski began her career in 1991, then opened a lot of eyes in '92, her sophomore year, by winning 20 games.

Against Irvington, Belleville never trailed. Piscatowski hurled another complete game, amazingly her 21st of the season.

"Pisco" struck out seven and walked just one while allowing four hits.

Offensively, Belleville scored twice in the first. Piscatowski singled and Andrea Curran was hit by a pitch. Lynn Giachetti singled home Piscatowski and Kristin Galioto walked to load the bases. Daniele Brodo was then hit by a pitch to force home Curran with the second run.

In the second inning, Piscatowski doubled and scored on

a Curran single.

Belleville made it 4-0 in the third. Once again, Brodo was hit by a pitch. Joelle DellaVolpe reached on an error and Natalie Cruise singled home Brodo.

In the fifth, Galioto blasted a triple and later scored on a DellaVolpe ground out.

Irvington scored its runs late in the contest to narrow the final deficit.

Piscatowski, Curran and Giachetti had two hits each while Galioto had a triple.

Against Paramus, the pitching couldn't have been better from both teams.

Piscatowski hurled complete game number 22, allowing just three hits and fanning three in 7 1/3 innings of work. She also walked five.

Belleville was limited to five hits in the game. They did threaten twice in the contest, but couldn't capitalize.

In the fifth, Brodo singled, went to second on an error and advanced to third when Cruise singled. But the rally stopped there.

In the eighth, Cruise singled and Piscatowski singled. On Pisco's hit, Cruise tried for third base but was thrown out on the play.

"It was a great game to watch," Marion said. "Kimmy threw a super game. You can't ask for a better performance."

Bloomfield, the top seed in Group IV, Section II, defeated Belleville for the second time this season, winning 7-1 last week in the sectional semi finals.

Belleville's only run came in the sixth when DellaVolpe singled,

Crew team finishes year at Natl's

By Mike Lambert

The Belleville crew team concluded its 1994 campaign by competing at the Nationals last weekend in Camden.

Dennis Villano's crew took three boats to the nationals, with one team, the womens junior four, advancing to the finals.

"No medals, but some outstanding efforts," Villano said after returning home from the

Nationals.

"It was an excellent regatta, there were some real talented teams there.

"Our kids rowed well, we took three boats there, one made the quarterfinals, one the semis and one made it to the finals. That's not bad."

The mens senior four advanced to the quarterfinals before being eliminated.

The womens lightweight four took third in its heat and made it to the semis. In that race, the team just missed on a chance at the finals, taking third in its heat. The top two from each heat made the finals.

The womens junior four took third in the quarterfinals, second in the semis, then placed fifth in the finals.

"They were satisfied with their effort," Villano said of the womens

junior four. 1/3 of the rowers we took to the Nationals made it to the finals. And the womens junior four was racing in a loaded field. There were 24 shells that took part in that race."

We'll have a wrap up of the '94 crew season in an upcoming issue.

There was plenty of positives this year, most notably the program capturing the Mid Hudson Regatta three weeks ago.

Bruins begin second campaign in ECBL

By Mike Lambert

You know that summer is just around the corner when the Belleville Bruins return to Municipal Stadium.

It might not have the same significance of the Swallows returning to Capistrano, but the Bruins are back in Belleville and if you followed this team last summer, then you know there was some quality baseball played from May until August.

The Bruins play in the Essex County Baseball League (ECBL). Last summer, Belleville returned to the league after an eight year absence and had immediate success. Bill Ingraham's team posted a 25-15 regular season record, good for fourth place and a playoff berth.

In the post season, Belleville eliminated the Crescent Eagles in an exciting three game series, then lost in the semi finals to the eventual league champion, Verona.

Ironically, Verona was paced by two former Belleville High School stars, Jeff Spilsbury and Jason

Galioto.

The '93 team posted a 27-18 overall record and the nucleus of that squad will be back this summer.

Two key members of the '93 team will not be back. Pat Grady, who led the club in homers and Jim LaRose, the assistant coach and a steady hitter, have decided not to play this summer. Also, pitcher Fran Gallagher has yet to be notified that the team is underway.

Some of the returning players include Mike Salvanto, Jason Nardachone, Mike DiBiase (who is also the assistant coach this year), Ingraham, Rich Quinc, Sal Tremel, Glen Agens and former major league pitcher Paul Mirabella.

The Bruins will play their home games at the varsity baseball field at Municipal Stadium. They will play a number of home weekend doubleheaders, so hopefully, the local fans can see the team play on a consistent basis.

The schedule is included in this week's issue and we'll begin regular coverage of the team next week.

Sharing Is Caring

Mundy gem propels Bucs 1-0

By Mike Lamberti

They were staggering, on the ropes, ready to fall. The loss to Glen Ridge on May 22 in the GNT semis had sent the Belleville baseball team into a trance.

Two days after the loss to Glen Ridge, the Bucs lost its seventh one run game of the year, this time to Don Bosco, 3-2. To make matters worst, Belleville lost two of its starters in the game thanks to a nasty collision.

But character prevailed, and last Friday afternoon, Belleville won what might be its biggest game of the season, stopping Union, the number two seed in Group IV, Section II in the sectional quarterfinals at Union, 1-0.

The Bucs took a 15-10 mark into last Tuesday's game with Elizabeth in the sectional semi finals. Belleville also has a league game with Nutley scheduled, although head coach Chuck Martin wasn't sure when that game would be contested.

Should Belleville defeat Elizabeth, it would play for the sectional championship, probably tomorrow afternoon.

"It's a big win for us," Martin said, refusing to speculate on whether it was a bigger win than the one against Seton Hall Prep in the GNT quarterfinals.

"What it means is we're playing at Elizabeth in the next round, and we're one game away from the sectional final. (Mike) Mundy pitched a great game, and we

played excellent defense. We had to against a team of Union's calibre."

Mundy was, once again, tremendous. The senior, who pitched a marvelous game in defeat against Glen Ridge, hurled a complete game, striking out seven and walking four.

Belleville's only run came in the third inning, when Joe DePeri singled and came around to score on a Carl Piscatowski double.

Just a sophomore, Piscatowski has developed into a very consistent hitter, especially in key situations. It was Piscatowski who drove in the winning run against Paramus Catholic and also had a two run single in the Seton Hall Prep game that put Belleville back in the contest.

"You know we're not going to do things easily," Martin said. "Mundy had to work out of trouble in the last inning."

That's putting it mildly. Union loaded the bases with two outs, but Mundy hung in there, striking out the final batter to preserve the victory.

Since Mundy pitched last Friday, would Martin use his ace again the following Tuesday at Elizabeth.

"We'll see how Michael feels," Martin said. "He threw a lot of pitches against Union."

"It was a great game. But we

had a few opportunities to score and we didn't get the runs in. It's hurt us a few times this year, fortunately it didn't haunt us this time."

The Bucs didn't have luck on their side against Don Bosco. Belleville dropped a 3-2 decision in extra innings. There was a scary incident in the game when centerfielder Anthony Caruso collided with second baseman Jerry Turi on a pop up in the seventh inning.

"They hit pretty hard," Martin said. "Both had concussions."

Caruso's injury is bad enough that he won't be back this season. Turi was a little more fortunate and is back in the lineup.

"Against Don Bosco, we had three guys thrown out at home plate," Martin said. "I don't think I've ever seen that happen before in one game. It was just typical of the year we've had. We play hard, but we end up losing a lot of close games."

But despite the inconsistency, the Bucs were still alive in the state tournament heading into this week.

NOTES: In a surprise, Glen Ridge was defeated by Newark Eastside in the GNT finals. It was Eastside's second championship in the past three years.

With Caruso out, Ivan Martin will play centerfield. "He did a good job in the Union game," Chuck Martin said of Ivan.

Stallions boot Hercules

Playing under sunny skies and with a warm temperature, the New Jersey Stallions knocked off the Hercules Soccer Club by the score of 6-4 at Tudor Field Sunday, May 22.

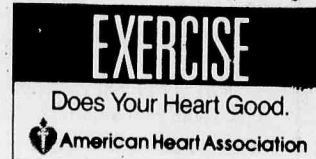

The Stallions scored in the 21st minute thanks to a penalty kick from midfielder Abraham "Said" Aziz. Fred DeMathaeis then scored the second Stallions goal five minutes later on a free kick.

In the first five minutes of the second half, Gene Francis scored for the Stallions on a header nearby the goal. At the 15 minute mark, Aziz then connected for his second goal, on a "bicycle kick" from out-

side the penalty area. Francis then scored his second goal, also coming from close range. Thomas Bilecki then put in the sixth and final Stallions' goal on a pass from Francis outside the penalty area.

Notes: The NJ Stallions' Abraham "Said" Aziz and Gene Francis have been selected NESSL Players of the Week. Both had two goals in the 6-4 victory over Hercules. Last week the Stallions beat the Eagles, 3-2.

The NJ Stallions have made it to the playoffs. They will be playing the Polish Eagles on June 4, at 8 p.m. at North Hempsted Park in New Hyde Park, Long Island.

EXPERT INFORMATION

As a source of information about medications, prescription or otherwise, the pharmacist is most likely unsurpassed. Not only do pharmacists receive five to six years of medication-intensive training, but they are required to attend seminars to keep current as a means of maintaining their professional standing. All this is made necessary by the fact that there are approximately 2,500 prescription and non-prescription drugs on the market, with about 23 new medications gaining FDA approval each year. For their part, doctors receive an average of only 111 hours of classroom instruction devoted specifically to pharmacology. Most of their updated information about medications comes from pharmaceutical manufacturers, some of whom may tend to bias their literature.

All types of information about medications is available from our pharmacist at ROSS-MORE PHARMACY, 338 Washington Avenue (759-1968, 759-1956). We have a complete prescription department, in addition to convalescent aids for sale or rent. Greeting cards, Russell Stover candies, cameras, and other gift items are available for Father's Day and graduations. Open: 9am-10pm daily, 9am-9pm Sundays. To educate and encourage awareness of the dangers of skin cancer from too much exposure to the sun, June 1-30 has been declared "Cancer In The Sun Month."

HINT: Ask the pharmacist whether a newly prescribed medication will cause side effects and/or can cause allergic reactions.

Edmund Delhagen, 60

Edmund "Ed" Delhagen, Jr., of Carson City, Nevada, died in late April.

Born in Belleville, Delhagen attended Belleville School No. 7 and graduated Belleville High School in June 1950. He was a deputy sheriff in Orange County California for 19 years, retiring in 1987.

Delhagen was preceded in death by his wife, Marian, and his father. Surviving are his daughter, Kim Gordon of Lake Forest, his mother Catherine and brother Robert, both of Carson City, and a brother Timothy of Portland, Oregon, as well as several nieces and nephews.

Bernard McSherry, 89

Bernard McSherry, 89, of Belleville, died May 24 at Clara Maass Medical Center.

He was born in Newark and moved to Belleville in 1957. He was an electrician with PSE&G Co. for 50 years, retiring in 1973. He was employed at the Kearny Plant.

There was a Liturgy of the Christian Work May 27 and private cremation.

He is survived by his wife, Stella Scholowsky McSherry.

Navy seaman completes excercises

Navy Petty Officer 3rd Class M.A. Kemp, whose wife, Anita, is the daughter of Clara Ryan of 67 Davidson St. in Belleville, recently completed a mine countermeasure exercise with Helicopter Mine Countermeasures Squadron 14, Naval Air Station, Norfolk, VA.

Kemp, along with other members of the squadron, deployed to an ocean range facility just off the coast of Fort Lauderdale, Fla., for a three-week technical evaluation of an upgraded mine-sweeping system. The standard mission operations of stream, tow, recovery and air-to-air procedures were used in the test.

Kemp joined the Navy in 1990.

The 1994 Municipal Budget presented herewith, indicates an estimate 1994 Local Tax Rate of \$3.98 per \$100.00 of assessed valuations, as compared to the 1993 Local Tax Rate of \$3.77 per \$100.00 of assessed valuations, an increase of 21 points. The following schedule compares the estimated components of the 1994 levy with those of the 1993 for Township purposes only.

	1994 Estimated	Local Tax Levies 1993 Actual	Increase (Decrease)	1994 Estimated	Local Tax Rates 1993 Actual	Increase (Decrease)
For All Municipal Purposes	15,257,290.02	14,397,915.28	859,374.74	3.43	3.21	0.22
For Reserve for Uncollected Taxes	2,453,000.00	2,505,000.00	(52,000.00)	0.55	0.56	(0.01)
Total Local Tax for Municipal Purposes	17,710,290.02	16,902,915.28	807,374.74	3.98	3.77	0.21
Assessed Valuations	444,693,600.00	448,055,600.00	(3,362,000.00)			

The above comparisons deal only with Municipal Purposes. County and School tax levies, however are used in establishing the "Reserve for Uncollected Taxes" or the so called "Cash Basis Overlay", which conform to mandatory provisions governing the preparation of the Local Municipal Budget.

As indicated above, the 1994 assessed valuations have decreased by the sum of \$3,362,000.00. It should be noted that this reduction is attributable to a \$.03 point increase in the 1994 tax rate.

Ch. 68, P.L. 1987, as amended by Ch. 49, P.L. 1986 and Ch. 89 and 95, P.L. 1990, places limits on certain municipal expenditures. The limit for 1994 is 2.5%, however, the Township of Belleville adopted an index rate ordinance increasing their allowable spending limitation to 5%. This limit, generally referred to as a "CAP", is calculated by methods established by law. The following schedule, subject to review and approval by the Division of Local Government Services in the State Department of Community Affairs, shows the computation of the maximum amount of increase allowable in the Budget for 1994 over that of 1993 Adopted Budget for the Appropriations subject to the "5% CAP".

"CAP" Calculations

Total 1994 Allowable General Appropriations for Municipal Purposes Within "CAPS"	22,641,958.07

After deliberations on the details of departmental requests, operating appropriations have been set at minimum levels to continue to provide needed services. In this connection it is pointed out that a substantial portion of operating expenses is determined by contractual obligations for both salary and other expense elements, over which the Governing Body has little or no control. The Mayor and Council urge all taxpayers to attend the hearing on the Budget for the year 1994 to be held at Town Hall on May 24, 1994. The Mayor and Council shall be pleased to respond to any questions at that time.

Using Doors As A Design Element Adds Beauty And Elegance To Any Room

Changing plain, flush interior doors to high style raised panel doors such as these CraftMaster® Colonist® models can brighten a home's decor and make a design statement.

Homeowners, designers and decorators are learning that interior doors of a home are an integral part of the total decorating scheme. "Doors are more than just functional. They are an

important part of the 'look' of the home," said Jill Pauza, marketing manager for CraftMaster® doors.

Decorative raised paneled doors enhance the appearance and style of a

home, and, at the same time, they increase the home's value. Through every room in the home, doors are highly visible and a reflection of the owner's taste.

"Today's homeowner should choose a door with the same care and design considerations that goes into the purchase of a piece of fine furniture," Pauza said.

Although many of us don't pay any attention to the doors in our homes, there are an average of 15 in every American home. They deserve atten-

tion and planning in their selection.

CraftMaster door designs are factory primed. They can be painted to match any color scheme. CraftMaster doors also have the widest variety of styles in the industry. They include, two-, three-, four- and six-panel designs. For even more elegance, CraftMaster is available in seven- and eight-foot versions of its two- and six-panel designs. All CraftMaster styles are available from door manufacturers in solid core models to offer the beauty and warmth of solid wood doors at one-third the cost.

A Decorating Example

John Jenkins, of Chicago lives in a 14-year old tract home. "We had hollow core flush doors throughout the home. They were turning yellow, very plain and gave the home a dark, depressing look," said Jenkins.

"My wife and I found the CraftMaster doors in a magazine ad. We

liked the way they looked, their style. We decided to redecorate, and used the doors as an element to add elegance and lighten the look of our house," Jenkins explained.

"I painted the doors and hung them myself. The change speaks for itself. The difference was night and day, and we're very satisfied," Jenkins said.

Doors Make A Difference

Whether your home is old or new, changing your interior doors to quality CraftMaster doors by Masonite will bring together the design statement of any decor. The textured beauty and style versatility of CraftMaster doors adds new character and life to the entire home.

LOOK FOR LOW MONTHLY PAYMENTS IN OUR ADS!
For purchase prices up to \$253,937, monthly mortgage payments (principal + interest) quoted as low as \$222 to qualified buyers based upon a 20% downpayment and a conventional 30-year fixed rate loan at 8.125% with 3 points.
A.P.R. 8.490% As an example, a \$100,000 loan would mean 360 monthly payments of \$743.00. For purchase prices from \$253,937 to \$625,000, the monthly payments are to qualified buyers based upon a 20% downpayment and calculated at 8.250% with 3 points on a "Jumbo" 30-year fixed rate mortgage with an **A.P.R. of 8.618%**. An example of a \$500,000 loan would mean 360 monthly payments of \$735.00. Figures herein are approximate and do not include property taxes, hazard insurance, or homeowners association dues for a condominium purchase. Interest rates quoted are as of April 19, 1994, and subject to change. Not responsible for typographical errors; while information is believed accurate, we request that the payment be verified with a mortgage provider prior to purchase.
