First illegal student reports spark debate

By Richard Dickon

Domicile investigator William Hicks' first report was received by school officials at the Sept. 26 board meeting, but School Board Vice President Barbara Cicalese and some audience members complained the Attendance Officer Wayne Worley's report was delayed.

Assistant Superintendent of Schools Dr. Joseph Ciccone said two students had been asked to leave on Sept. 22 and four the next day, but added that an exact accounting would come in October.

Superintendent of Schools

Michael A. Lally confirmed that one student "had attempted to gain entry to school and was denied" and that a second "had attended for several weeks and was detected, and the principal and the board attorney have been notified about obtaining lost tuition."

Hicks report included 26 inspections and 23 contacts with families one week and 22 inspections and 22 contacts the second week, with six verifications of residency.

Board member Thomas Fuscaldo, who chaired the illegal

Officials split over facility conditions...

Stadium walk adds to repair questions

By Richard Dickon

Township Council and School Board officials met Sept. 19 at Municipal Stadium to walk the facilities and discussed both short- and long-term plans to renovate the standard facilities.

The Council discussed renovations at the Sept. 20 work session, while school officials talked about the walk at the Sept. 26 school board meeting.

Discussions touched on several issues, with the Council talking about paving the tennis courts, seeding the football field and how to proceed in the long-term renovation of the stadium.

School board officials talked about locker room conditions and the general neglect of the stadium.

An application for Green Acres funds is to be prepared before the Oct. 30th deadline, with a report to be prepared by the Council committee on stadium renovation for Oct. 10.

Councilmen Jerry Digori, a council stadium renovation committee member, said the two governing bodies talked about patching

the tennis courts soon and seeding the football field prior to the first Varsity Football game Sept. 23.

Councilman Victor Canning, Digori, School Board Vice President Barbara Cicalese, Board members Ralph Mazzuca and John Notari and any board members or school administration officials were invited to walk the stadium facilities.

The Council is looking to spend about \$35,000 to put about an inch and a half of black top on the tennis

Don't be alarmed, it was only an emergency drill

SIMULATED ATTACK - A terrorist attack, with bomb threats, hostages and murdered citizens was part of a large-scale Office of Emergency Management (OEM) drill staged Sept. 24 on Washington Avenue. The drill was to test the Township's response from emergency crews and to help police, fire and rescue squads assess what their options are and where they can find the needed resources in such a situation. The scenario had a fictional terrorist group detonate a bomb at 282 Washington Ave., with the escaping terrorists crashing their stolen car into a bus, and then hijacking the bus. The bus driver was shot dead after yelling for help to a police officer, and the bus then crashed, hitting and killing a pedestrian. From there, the terrorists took over a local store, holding some bus passengers as hostages. The bomb knocked out telephone communications. The response to this fictional situation will be critiqued to help prepare for possible real scenarios, officials said. (All Photos By Amy Metroka)

Schools find \$33g more bus savings

By Richard Dickon

Board President Gabe Nazzola is proposing a plan to better utilize existing bus transportation of special education students that could save the District nearly \$200,000.

A total of 168 students with special educational needs have been removed from schools, Nazzola said, but after reexamining the number he wants to add back 72 of the students through a plan that would make better use of the school's buses and vans, without added costs.

At the August 28 public Board of Education meeting, Nazzola announced that the revised costs for 99 students would be projected at \$544,656.66, with \$533,900 of that being for state-mandated programs.

"The revised costs may incur about \$177,000 to \$199,000 in savings as a possibility from better utilizing transportation," Nazzola said, "This is another way for us to move toward saving money without affecting the caliber of education in our schools."

Nazzola estimated he spent 13 to 14 hours of his own time to comb through a total composite computer printout of all the bus runs made for special education students and the cost amounts, finding ways to save time and money.

Nazzola thanked board Vice President Barbara Cicalese for obtaining the computer printout from the county for him.

He explained that, when a student is classified as needing special education, and it is decided that no in-District Individual Education Plan (IEP) can be done, a plan is

made to bus the student outside the district.

Nazzola cited one example where a student was picked up at 6:45 a.m. in Belleville and did not arrive at a school in Newark until 8:30 a.m. and again in the afternoon because the bus made a long loop before dropping the student off at his destination.

"This is the first time in the history of Belleville schools that transportation has been looked at from a financial management and control perspective, rather than just piecemeal," Nazzola said.

Board member Robert Molinaro complimented Nazzola for "devoting so many of his own hours" to finding the savings.

To achieve the possible savings, Nazzola said the District needed to purchase five 1990, 16-passenger school bus vans and one 1987, 10-passenger wheelchair van from the Essex County Educational Services

Commission in Cedar Grove at a cost of \$45,000.

Nazzola praised Board Business Administrator Edward Appleton for finding the vehicles, available because a district was being removed from the county. Appleton bid \$45,000 for the vehicles, while the approved value of the vans was \$75,000, a \$30,000 savings.

The vans are needed, Nazzola said, because three of the 54 buses owned by the District can longer be used, since they have exceeded their limit for use in education.

"We're still refining the use for as many special education students as possible," Nazzola said, adding that payment of drivers was still to be negotiated.

Nazzola had previously trimmed about \$163,000 from school courtesy transportation costs two years ago.

H-Power awarded \$15 mil to research clean-air fuel cells

By Richard Dickon

Congressman Herb Klein (NJ-8) presented the H-Power Corporation on Montgomery Street with a \$14 million check Sept. 26 as part of a \$15 million contract award H-Power has won for research and development of a fuel cell for vehicles.

One bus powered by the fuel cell has been completed and is undergoing tests in Maryland. Two more fuel cell buses are now under construction in Belleville.

H-Power is recognized internationally as one of the leaders in the

development of fuel cells, which are considered a critical technology for our nation and the world, Klein said.

He called H-Power's work "a solid example of a technology that will play a major role in our anti-smog efforts," adding "Fuel cells hold the potential to be a major job-creating industry in the transportation sector."

The Congressman said H-Power's success is evidence that small American companies "continue to be the engine that is driving our economy."

Committee argues sponsor, title transfer...

New council resumes senior housing talks

By Richard Dickon

Discussions about the long-delayed senior citizens housing plans were taken up by the new Township Council Sept. 20, with disagreement expressed about whom to choose as a non-profit sponsor for the project and whether to pay the \$400,000 price set by the county.

Mayor Jim Messina disagreed with the two other senior housing council committee members, Councilman Victor Canning and Councilwoman Angie Paserchia, saying he would like to take steps to "close title" on the property in order to sign a contract with a sponsor, Catholic Community Services (CCS), recommended by Messina.

Also discussed was using the land for youth soccer and recreation before construction plans are completed, the Planning Board's rezoning of the property, deciding the "meets and bounds" of exactly

where the five acres will be, and under what circumstances the land would revert back to the county.

Councilman Bill Cook said the county "renege" on an agreement that would allow the town to use the land for junior league soccer. A letter was received from the Assistant Essex County Counsel saying the land could not be used until Belleville purchased title of the property.

Cook said he understood that only a "hold harmless agreement" protecting the county from injury liability was necessary to allow soccer to be played there.

Karen Smith, Assistant Town Attorney/Prosecutor, said she planned to contact the assistant county counsel "to see how fast we can move it" to allow soccer to be played.

Smith said she planned to check the planning board's zoning of the land, and then to examine where to

Council hears proposal to improve streetscapes

By Richard Dickon

The Engineering firm of Maser-Sosinski has proposed improving the streetscapes of parts of Washington Avenue and Franklin Street with the planting of trees, new street lights and distinctive signs.

Township Engineer Tom Herits, who works for Maser Sosinski, and officials from the firm met with the Township Council on Sept. 20, unveiling preliminary drawings and a short video that outlines the proposed improvements.

Under the plan, merchants in both areas would pay for the improvements as a Special Improvement District (SID).

Any costs would be paid for by merchants. The town would collect special tax assessments, with no taxes being charged to the general public, according to the Maser Sosinski officials.

Engineering officials said the goal of the improving the streetscapes is to make the shopping districts more attractive to area residents.

Competition from malls, where all facades are designed by one owners, has taken business away, they said, and new sidewalks, more parking and a more attractive downtown are imperative to prevent local merchants from being "outcompeted."

Herits said some work will done with a \$50,000 Community Development Block Grant (CDBG).

"We can do a little (with the streetscapes) and see what the businesses like," Herits said, "We may build one section and try and create a consensus."

Herits said the state Department of Transportation "may help us along."

The improvements will not include facades, according to Maser Sosinski officials.

Bringing in "clever, distinctive signs" created by a graphic artist is part of the plan. As an example, officials said a pizzeria could have a sign featuring a pizza with a slice cut out. All such signs are subject to approval by merchants.

Mayor Jim Messina told the engineering officials, "I like the preliminaries (drawings)."

Larry Walsh of the Silver Lake District Partnership said he has not seen the latest streetscape plans for Franklin Street but added, "I would like to see comfortable trees and benches that are compatible to our aesthetics."

Four to vye for second ward council

By Richard Dickon

A full interview will all four candidates will appear next week.

Four residents have filed petitions to run for the Second Ward Council seat in November.

Councilman Nick Cerami, who was appointed to fill the seat until November after his brother, Charles, resigned to take the Department of Public Works director's job, has filed.

Henry Charzewski, a fixture at Council and School Board meetings and a proponent of cutting salaries and other government costs, is running also.

Ralph DiPasquale described himself as a new homeowner and soon-to-be father who wants to restore hometown pride.

Joseph Scaperrotta, a recent Zoning Board of Adjustment appointee and lifetime resident, is running to bring property taxes in the second ward.

ENJOYING THE HEALTH FAIR - More than 1,500 area residents attended the Annual Clara Maass Health System Family Health Fair, where more than 75 different information booths were featured. Enjoying the festivities at the health fair are, from left: Barbara Benjamin, assistant vice president, Community Benefits, Clara Maass Health System; Senator John Scott (R-36th District); Belleville Councilwoman Angie Paserchia and Brendan Farrelly, senior vice president, Community Benefits and Continuing Care, Clara Maass Health System.

Held On To Summer

On a mild sunny day in autumn
Enjoy signs of the season past
Watch the marigolds and zinnias
With bright colors holding fast

Feel the warmth that seems to penetrate
Though the sun slants ever lower
As you walk slowly through the meadow
Smell the scent of every flower

Touch the roses yet willing to bloom
With a hint of fall in the air
Grasp the joy of this colorful season
Keep summer 'till trees are bare

When I reported about the senior trip to Pocmont I forgot to mention that Elenore Bellina is a hard working member of the trip committee. Her and her husband, Tony, are two of the best workers in the club.

Before I forget, happy birthday to my daughter-in-law, Mrs. Alan Restaino (nee Debra Graziano) and also lots of luck with your new car.

On Sept. 8 a person who is probably familiar to a large number of Bellevillites became 100 years of age. He was a barber and had his shop on Washington Ave. next to Fidelity Bank, and was there many years. A celebration for family and friends was held at his home and he had a ball.

Heres to a truly swell guy,
One who on no ones shoulder has ever cried.
One to help you would go all out
And never about it ever shout.
One whose standard of living has always been high
Who in his community is thought of a lot
And the highest respect always got
Who his creditors never left lag behind
Who more than earned the privilege to be called Dad
Since a better father no one ever had
So to you, our dear Ernie, we wish to say
Have the most wonderful 100th birthday

Illegal student reports

student committee told residents "We will be meeting on a regular basis and will be available to public as to any suggestions to tighten up the boundaries of detecting illegal students to alleviate illegal students and save taxpayers money."

"What you said and the action of this board is bearing fruit. We are not doing this to harass those who have been in town for years, but to protect those same residents from students illegally attending school," Fuscaldo added.

Lally said Worley had been granted permission to begin work on Sept. 7 and all future reports would be made on time.

Cicalese accused Lally of "coping out" by letting Worley start late, and Lally said he "does not like the term cop out."

Cicalese said Lally was "undermining the work of (the illegal student) committee and everything we have done." Lally replied "that comment only exists between your own ears."

The hiring ended months of meetings between citizens and school officials that helped the board prepare a job description for the domicile investigator, the District's attendance officer, and an updated residency policy and residency form.

Fuscaldo has asked the Township Council to help the committee's work by ensuring the strict enforcement of the Zoning Code to discourage the practice of making one and two-family houses into illegal multi-family residences. The result of these practices, he said, have been an increased cost to the taxpayers through the sending of students to the system without paying a fair share of the taxes which pay for these additional student's tuitions.

That's All in Belleville

By Richard Dickon

Unsung heroes mentor youth, infuse town pride

Editor's Note: I first came to Belleville in March after more than a decade reporting news about sleepy suburban bedroom communities in North Jersey. Upon viewing the political landscape here in Belleville, I felt like Dorothy in "The Wizard of Oz," -- Toto, I've a feeling we're not in Kansas anymore. Some six months later, I feel as much a part of Belleville as I do my hometown of Bergenfield. Here, as there, good people are struggling in not-so-good times to preserve and improve the community they call home. This column will aim to focus on the positive, the upbeat and anything that's good about Belleville. If you have something positive to report, or something negative you want fixed, please let me know. Expanding the coverage of this great town is my promise, because, a whole lot of good people and good deeds, as the title states, That's All in Belleville!

Any town is only as good as the people

who do the living, working, and in some cases, acting as a mentor to the youth of that town. In Belleville, some good people are doing everything they can to make the town better. Steering clear of politics, these proud citizens choose to make their mark on small groups or individuals.

I have only met Richard Ruffalo on a couple of occasions, yet the glowing tributes and tales of inspiration I hear throughout the town paint a picture of heroic mentoring that should inspire each and every one of us to strive to similarly affect those younger than us. We are all privileged to teach or otherwise mentor some segment of the population with our unique skills. Though sightless for more than a decade, Ruffalo juggles his time as a world-class athlete, teacher, coach, father, wife and citizen with seeming ease.

Though technically a Bloomfield resident, Ruffalo continues to give back to a communi-

ty he credits with inspiring him to greatness.

Isobel Villano's name is far less known around town, but her contributions are no less worthy of praise. With School Principal Raffaela Saulino and teacher Mary Bradley, Isobel has tried almost single-handedly to involve parents in the learning and living of their children. Through Family Math and other parent/child participation, Isobel and her school three teaching counterparts have enacted a model program for other elementary schools to follow, and indeed many are.

Isobel pushed a new editor to come out and see what was happening in the Belleville School system. My reward was sharing in the learning processes of students and parents, and learning a thing or two about dedication to a community in the process. She is a living example that "Good things are happening in Belleville schools."

Eileen Brown also does not reside in Belleville, but you'd never know it by her

dedicated, tireless efforts on behalf of the Chamber of Commerce. Eileen served a similar function to Isobel Villano in drawing me out among the people of Belleville, beginning with the Cherry Blossom events and continuing through DARE, CHASE and BASE activities. Eileen, like Isobel, has introduced me to the people that are the heart and soul of Belleville.

Marie Strumolo Burke's contributions to improving the Silver Lake District are chronicled weekly in her column, but she deserves a special mention here for being an invaluable resource to a new editor unfamiliar with her area of town.

More unsung heroes will be chronicled in this space in the weeks to come. After you read about the battling politicians on page one, take the time to get to know the people who humbly work everyday to make Belleville a greater, more enjoyable place to live -- and work.

Speakers available

Essex County Sheriff Armando Fontoura is reminding residents that the Sheriff's Department's Public Education Unit is available to provide presentations and speakers to schools and community groups on topics of public concern.

Programs and presentations offered include: drug and alcohol abuse prevention and awareness, AIDS prevention and awareness, crime prevention techniques, field trips to the county courthouse and lectures for senior citizen groups, sexual assault prevention, child abuse prevention, bomb threat procedures, use of canines in law enforcement, duties and responsibilities of the Sheriff's Department, firearms safety, missing children and child fingerprinting.

All of the programs are conducted by highly trained Sheriff's Officers.

Anyone interested in scheduling a presentation on any of these topics may contact the Sheriff's Department's Public Education Unit at 621-4139.

Fuccello, schools leaving council in the dust with creative answers

While the Council works toward completing an application for Green Acres funding to pay for a long-term renovation of Municipal Stadium and wrestle with different images of how it should look, school officials are finding ways to save money and afford student athletes better temporary facilities.

First, School Board President Gabe Nazziola found a way to save up to \$200,000 by more efficiently busing special education students, with an additional \$33,000 savings coming from sharing busing with Nutley. Then, school board and administration officials accompanied council members in walking the stadium the week before the first football game, and the town managed to complete some last minute 'sprucing up' of the stadium, much of it too late to help much, but at least in time for the home opener.

In a class by herself, though, is Athletic Director/Wizard Karen Fuccello. After 'creatively' finding funds for a desperately-needed, full-time athletic trainer, she has now cleverly found a place for the Girls Tennis Team to play home games that is

actually close to home! The Brookdale Park tennis courts are a short drive for most parents, and provide the young athletes with a chance to know what a cheering home court advantage actually feels like before they graduate high school.

Maybe next a running track can be rented, so the senior track athletes can experience the same thrill.

At any rate, while the Council is adding extra lieutenants to the Fire Department and handing out raises far above the rate of inflation, school officials are shaming them with their creative cost-trimming and facility upgrading.

The new municipal employee contract is expected to pay increases to police in the four percent range and the three percent range for town employees, less than last time but still more than economics and inflation would dictate.

In the early months of the fall of 1994, school and council officials appear headed in opposite directions. For the sake of overburdened taxpayers, the council must reverse direction quickly and decisively.

Senior housing's within reach; new council cannot delay construction

New Assistant Township Attorney Karen Smith's conversation with the Township Council on Sept. 20 revealed several important problems with communication that exist among the governing body.

While Smith clearly is working hard to get up to speed on the myriad of issues pertaining to the acquisition of five acres of former Geriatric hospital property, the Council seems to be bogged down in miscommunication or no communication at all.

The three council persons on senior housing committee, Mayor Jim Messina, Councilman Victor Canning and Councilwoman Angie Paserchia have yet to meet to share ideas and answer questions about a project that has many questions and ideas unfinished and unanswered.

The new Council has been sitting for nearly three months, and yet they are no

closer to resolving any of the issues delaying this most important construction. Linger questions, like whether the payment of \$400,000 to the county is set in stone, and why the county is now insisting on the town purchasing the land before anything else can go forward.

Former mayor Marina Perna kept promising that the Freeholders would give the land for a nominal fee, and that the land could be used as recreation fields before construction begins.

Canning, Paserchia and Councilman Jerry Digori have a right to question these things, and to interview their own non-profit sponsors before a decision is made. However, any further delay could push the actual construction date back past the six months to one year now being projected.

For Belleville senior citizens looking to plan their future, that is unacceptable. Let's get moving.

Don't risk health to win a game

Steroids -- any of a number of drug compounds used to increase speed, strength and endurance -- can have dire long-term consequences on one's health. Some side effects linked to steroid use have been brain and liver cancer, cardiovascular problems, high blood pressure and degeneration of tendons and ligaments. They have also been known to cause baldness, acne and violent mood swings in the user.

Because steroids often contain male hormones, female athletes who use them may develop masculine traits, such as facial hair, deepened voices and reduced breast size.

To make things worse, because steroids can only be obtained by prescription for treatment of certain diseases, almost all athletes who inject steroids obtain them illegally. And even though laws against the possession and sale of steroids have been toughened in recent years, a black market for the drugs flourishes.

Before his death a couple of years ago, vet-

eran National Football League lineman Lyle Alzado tried to get the word out, attributing his malignant brain tumor to his use of steroids.

But, apparently, some young athletes didn't get the message. Studies have shown that 500,000 teenage athletes across the nation are using steroids, many of them completely unaware of their potential health hazards and their illegal status.

Good high school athletes often find themselves immersed a subculture that places the performance of the moment above all other values.

The statistics, however, indicate that virtually all teenage athletes are out of organized sports competitions by the time they have reached their mid-20s -- and then they will have another 50 years or so to live with their bodies. If they fail to take care of their health as teens, they may wind up paying the price as adults.

Education secretary urges parents to participate in educating children

To the editor,

With passage last spring of Goals 2000: Educate American Act (by a strong bipartisan vote in Congress), new opportunities have been created for schools and neighborhoods, themselves, to accelerate local and state improvement efforts. But these opportunities for educational excellence can only be taken advantage of through greater family involvement in children's education -- both at school and at home.

As I travel around the country, I meet many parents who are trying hard to do the right thing by their children. They are being responsible, juggling jobs, trying to squeeze more hours into the day. They are worrying about their children's safety and

doing all they can to keep their families together.

Yet, statistics show some 40 percent of parents believe they are not devoting enough time to their children's education. Almost three quarters of students between the ages of 10 and 13 say they would like to talk to their parents more about schoolwork. A survey taken last year showed that teachers believe the most important issue in educational policy is strengthening the role of parents in children's schooling.

Data compiled shows that three factors over which parents exercise authority -- student absenteeism, variety of reading materials in the home, and excessive television watching -- explain nearly 90 percent of the variation in eighth grade mathematics test scores among 37 states.

Parents are children's first and most influential teachers and must sustain commitment to instill the habits of learning and set high expectations, making connections to teachers as part of the everyday process of children's learning. Reading to and having children read to parents, making sure homework is done, monitoring television viewing and knowing how children spend their time can all powerfully affect children's learning.

Parents can support local and state efforts to raise educational standards, urge schools to offer and enroll more students in challenging postsecondary education or promising educational occupations preparation classes. Communities can provide support services for parents, encouraging volunteers to serve as mentors, and businesses can adopt "family-friendly" policies for child care and flexible leaves, all as part of a network of support for families and students.

Working together, we can reinforce the central role of the family in education -- and bring out the best in every child. We need your help.

Young residents urged to vote

To the Editor,

Many New Jerseyans, especially young people, don't vote because they feel their vote doesn't make a difference. The Essex County Young Democrats (ECYD) strongly disagrees, and stresses that all Americans, young and old, have a responsibility as well as the right to participate in the political process. We urge those who are registered to vote and exercise that right, and urge all those not registered to contact their municipal clerk for a registration form. The last day to register for the upcoming November elections is October 10.

The recent Democratic Essex County primary race between East Orange Mayor Cardell Cooper and Essex County Democratic County Chairman Tom Giblin demonstrates just how important every vote is! Cooper won that election by just 17 votes.

Of All Things

By Frank Orechio
A feature of the Nutley Sun, Bloomfield Life and Belleville Times

• **REPUBLICANS** have a good chance to regain control of the United States Senate this November. Six incumbent Democrats are retiring, and three, Feinstein of California, Wofford of Pennsylvania and Lautenberg of New Jersey, are viewed by independent analysts as toss-up races.

New Jersey House Speaker Chuck Haytaian has a chance to oust incumbent Democrat, Senator Frank Lautenberg. With only seven weeks to go until Election Day, I expect to be bombarded by mail and television by Haytaian and Lautenberg. Although polls indicate Lautenberg is ahead, I'm hearing a different message from the people with whom I speak.

Chuck Haytaian

• **THE** recently created legal partnership consisting of Republican Michael Gluck, Edward Fitzpatrick, formerly of Clap and Eisenberg, and Jim Florio's former chief of staff, Bob DeCotiis, will lead a 28-

lawyer firm, thus becoming a major player in the public finance arena. The combined track record of the three is among the best in the state.

• **FEDERAL** Reserve Board Chairman Alan Greenspan recommends that the nation's banks be permitted to sell insurance and expand services to include the securities business.

Permitting banks to sell securities may be alright, but I don't think they should be permitted to sell insurance. If banks were permitted to sell insurance, half the insurance brokers would be out of business and that would be the wrong result.

• **O.J. SIMPSON'S** lawyer, Robert Shapiro, apparently indulging in an on-going public relations effort, lost a motion to have the case thrown out. Jury selection began this week.

• **UNDER** the leadership of Assembly Speaker Chuck Haytaian, the Assembly Appropriations Committee Monday authorized New Jersey to contribute \$10 Million toward the purchase of 17,000 acres of the Sterling Forest land tract in New York state. The acquisition of the Sterling Forest tract would protect the pristine waters of the Wanaque Reservoir which serves two million of our population.

The \$10 Million will come from a balance left over from a 1969 bond issue which was uncovered by the North Jersey District Water Supply Commission, the owner of Wanaque Reservoir. Commissioner Chairman Bob Rubino testified before the com-

mittee and convinced the lawmakers of the need to protect the major north Jersey watershed.

Bob Rubino

• **SO**, Clinton took over Haiti in a bloodless landing of U. S. troops. An invasion armada was prepared to take the island by force. A last minute deal involving compromises on both sides made force unnecessary.

The takeover results in the United States having another welfare department - the island of Haiti - the poorest nation in the western hemisphere. Ninety percent of the Haitian people are illiterate. Haiti may be able to take care of itself if the United States made a 25-year investment of money and manpower. The natives need basic education and trade skills. The island is certainly no haven for vacationers. I made a trip to Haiti 42 years ago and another one in recent times. The poverty hasn't changed any. Only the faces and names of rulers have changed. And nothing that Clinton does will bring about a basic change in Haiti. We are guaranteed of two things - our army personnel will be stationed there for years to come, and you and I will foot the bill in taxes to cover the expenses of another American welfare client.

Among the winners in the American occupation of Haiti is the congressional Black Caucus that was responsible for pressuring Clinton to take the threatened military action.

Aside From That

By: Howard Klausner

There are long periods in American history when no truly great leaders emerged, and those eras usually ended in disaster.

An example of that is the time between the death of President Zachary Taylor, an anti-slavery man, in 1850 and the election of Abraham Lincoln in 1860. By the time Lincoln got to the White House, a succession of nonentities had left the nation rudderless in a sea of secession, and the most terrible war in the nation's history took place.

One of the interim presidents, Millard Fillmore, actually joined the Confederacy as a member of its Congress. Lincoln's predecessor, James Buchanan, looked the other way while Southerners transported most of the nation's arms to Southern forts.

In 1920, the nation elected Warren G. Harding, who ran a close second to Fillmore for incompetence. Calvin Coolidge saw the coming of the Crash, but did little or nothing about it - he believed in his own credo "The business of America is Business" and did not want to interfere.

Herbert Hoover fought against the granting of bonuses to World War I veter-

ans and otherwise ignored the real agonies of the unemployed.

Since 1980, the domestic policy of the United States has been to loot the poor and the blue collar workers of their jobs, sell the nation's assets to overseas buyers and run up a \$4 trillion debt to give the public the illusion of prosperity.

When the illusion evaporated after 1986, many disaffected conservative voters deserted the Republicans in whom they had trusted and turned to the candidacy of Ross Perot, thereby assuring the election of Bill Clinton.

President Clinton may not yet have established himself as an inspiring leader, but he has made real efforts to change the course of America's downward economic national debt, and his tax-the-rich program has benefitted the poor and the middle class, and earned him the fury of the people who control most of the media in this country.

Some 70 percent of the radio talk shows - by the count of a conservative media organization - are flatly campaigning against President Clinton. They are pinning a lot of their hopes on a possible blood bath in Haiti that would take

American lives and do the same thing to Mr. Clinton that the Iran hostage situation did to President Jimmy Carter.

If the hoped-for casualties do not occur, they fall back on the argument that the Black Congressional Caucus, composed of 37 members of the House of Representatives, controls American foreign policy.

A number of Clinton supporters in the Congress have already lost primary and off-year elections. More are expected to lose as the conservatives who voted for Perot move back to the Republican line.

But if the trend is so strongly Republican nationwide, it would not

explain why Republican Mayor Rudolph Giuliani of New York City appears to be endorsing Democrat Mario Cuomo for Governor. Nor would it explain why early polls give Democratic Senator Frank Lautenberg of New Jersey a 2-to-1 lead over Republican Chuck Haytaian.

The effort to discredit the Clinton Administration through extraneous issues - Whitewater, did Hillary shoot Vince Foster, the President's love life in Arkansas - would not be necessary if the Far Right had a real issue, like the economy, or disaster in Haiti.

We have had our fill of uninspired leadership. Let's give Clinton a chance.

Life in Silver Lake

Citizen of the Week

The suspense is over, I have found another "Citizen of the Week." While I was home on vacation, I happened to be outside in front of my house. It was street cleaning day, and I saw the sweeper coming down the street. To my amazement, I saw something that I could not believe. The operator of the sweeper got out of his truck and cleaned the debris off of each catch basin. I thought it was a mirage, but my neighbor called me and said "did you see what I saw?" I said, "I never saw anything like that before." Unfortunately, I was too far away to see who was driving the sweeper.

I got thinking that no one would hesitate to complain about an employee who was not doing their job. So I decided that I would not hesitate to compliment an employee who was doing their job. So I went inside and phoned the Public Works Department to find out who he was and to praise this committed employee. Why not give credit where credit is due. Right...Right... Boy, was I double delighted when I found out who he was. You guessed

Marie Strumolo Burke

it, he was a Silverlaker. A few weeks later a resident mentioned that since this man took over this job she noticed a change in that the streets looked a lot cleaner. Just a little bit extra and everyone notices. I will not keep you in the dark any longer, this caring employee is Anthony Marotti of Naples Avenue. He is married to a wonderful person named Rose. Now that I am on the subject of Anthony, let me publicly

thank him for his efforts at our Clean Up Day. Let's give Anthony a round of applause for caring, and I mean caring.

A big Happy Birthday to my good friend Rita Charles of Naples Avenue. Her and I are both "September Babies." We struck up a friendship while her son Ronny and my son Anthony were in kindergarten at School No. 4 and have remained "buddies." Charlie and I wish you the best on your birthday. Many more. She is married to Lebro Charles, another loyal Township of Belleville employee.

Was talking to one of my neighbors the other night, Dominic Palmieri of Heckel Street. He volunteered to be a captain of our block watch on Heckel Street. Boy, you can always count on him.

Inspector Grace Dondarski is doing a 'bang up job' in keeping Silver Lake clean. Everyone is noticing how good Franklin Street looks. Remember, you know the routine, call your block rep who in turn will call Grace at 751-7039 to report any code violations, litter, debris, etc. We want Silver Lake to "keep a shining."

If you have not already signed the petition for a mini police station, which we hope to locate on Franklin Street, please do so. You can find these petitions in any store on Franklin Street or you can call Rita Charles at 759-8395 or Maryann Alamo at 759-6397 to put you 'John Hancock' on these petitions.

REMEMBER, WE LOVE SILVER LAKE.

Belleville Columbus Parade committee names Nicole Gammara Bella Signorina

Nicole Gammara, a 16-year-old Belleville High School junior and honor student, has been named Belleville's Bella Signorina for the the Belleville/Nutley Columbus Day Parade.

The Belleville Columbus Parade Committee announced that Ms. Gammara will represent Belleville in the parade on Oct. 9. The parade steps off at 1 p.m. at Belleville High School. Marchers will walk down Passaic Avenue, turn left on Joralemon Street, then right onto Franklin Avenue and end in front of the reviewing stand at Franklin Junior High School in Nutley.

In addition to representing the parade, Ms. Gammara will be the committee's guest at the annual Columbus Day Ball on Oct. 1 at the Chandelier Restaurant in Belleville.

Ms. Gammara is the daughter of Mr. and Mrs. Anthony Gammara of Newark Avenue. As well as being an honor student, she is active in the Stage Craft Club and has been dancing for 14 years in ballet, tap, jazz, lyrical, toe and Tahitian dance and is also an instructor.

She has been a cheerleader from the third grade until the present and also works as a model. She was a titlist in the Harley Davidson Modeling Contest in 1993. As a dancer, she took first place solo in the Lyrical and Jazz Character competition and first place in the All Groups portion of the Applause dance competitions for 1991-92. In the Star System dance competition, she took first place in the Ethnic Solo and

Nicole Gammara

first or second place in the Group competition, also in 1991-92.

She aspires to become a professional dancer and choreographer. Parade officials said they are "very proud" to have Ms. Gammara as Bella Signorina.

Dr. Lori Ippolito will march as Grand Marshal for Belleville, while Mario Pavone be Nutley's Grand Marshal.

Town employees enjoy a picnic in the park

The first Employees Picnic was held on Sunday, Sept. 18 at the Belleville Little League field. Hosted by Local 32 of the BMEA, the municipal employees union, the day saw town employees, police, fire and politicians join together for fun. For the youngsters the day featured a jumping cage, pony rides, spin art, a dumping tank and a train ride. Town merchants were greatly helpful with donations and all who helped make this first picnic a success are given much thanks.

SEE THE TRAIN A'COMIN' - Youngsters, including Michael Welter and friends, enjoyed the all-day train ride.

IT'S ELECTRIC - Town employees shimmied and shook to the line dance known as 'The Electric Slide' as part of the picnic's activities.

JUMP CATS, JUMP - Youngsters all enjoyed the 'Cat Jump' at the picnic.

MASTER CHEF - Tom Salzano and his wife earned the designation "Cook of the Year."

WHICH CAME FIRST? - Councilman Bill Cook looks on as Mrs. Voltaggia tries to negotiate the egg throw.

EGGIN' 'EM ON - The DPW's Ray Strumlo shows off his form in a little game of egg toss.

A PICNIC FOR THE MAYOR - Mayor Jim Messina (far left, sunglasses) and his family enjoyed the festivities.

Council resumes senior housing talks

(continued from page 1)

designate the five acres.

"I have looked at the survey, and it has never been specifically measured out to say this is the five acres," Smith said.

Utility lines for PSE&G and other underground issues, such as underground storage tanks, must be considered in choosing the "meets and bounds" of the five-acre lot, she said.

Also, at one time parts of the property were deeded over from the county to the Parks Commission, but that is no longer a problem since the parks commission is now part of the same bureaucracy, Smith said.

Messina said he would like to see a preliminary engineering "stake out" of the land. "It's the first obstacle we face toward closing title," he said.

Canning said moving forward with one sponsor would be "hog-wash."

"She (Karen Smith) is talking about things I know nothing about," Canning said. "I'm on this committee, and Jimmy's (Messina) sponsor may be who he wants, but I want to ask questions of other sponsors. I have no paperwork. I want to see other sponsors, see what our options are, and make the intelligent, best decision I can and bring it back to the council."

Paserchia agreed that the one sponsor should not automatically be given a contract.

"I'm not comfortable with a sponsor until I have my questions answered," Paserchia said. "I

would like to bring in other sponsors, and look into who is responsible for Nutley (senior citizen housing)."

Messina responded to Canning's and Paserchia's request, saying "By all means, do that."

Councilman Jerry Digori said "I want to sit down and talk about this. I have had limited involvement in this up until now."

Digori added "I'd look to give them (County officials) our terms, have the price of the property negotiated. I don't think we should just play ball with them."

Messina agreed that "nothing should be shoved down anyone's throats, but I thought we had a good-faith contract," referring to negotiations with the sponsor.

Smith told the council she would attempt to "buy a little time for you to look at sponsors" but said she did not want to do so "without knowing how much work we want to do before renegotiations. Maybe we will not close title negotiations before we have applications for finance or do engineering studies."

"We should go back with a full plan for renegotiating," she added.

A straw poll of the council found every member to favor using the land.

The previous Council, including former mayor Marina Perna said they were hopeful that the \$400,000 pricetag for the five acres would be waived.

The Essex County Board of Chosen Freeholders need to agree by consensus to give five acres of former Geriatric hospital property to the Township for \$1 rather than the \$400,000 price tag previously set for the land that is earmarked for senior citizens housing.

Perna had said that waiving the fee had the continued support by Freeholders Joseph Palvecchio and Louis Palagano.

Also, the Township plans to have the administration of housing units, including selecting residents through a fair lottery process, the rent collecting and maintenance of the senior housing, be done by a non-profit, third-party organization.

The previous Council had agreed, in a straw vote, to use Catholic Community Services as a non-profit sponsor.

The Reverend Monsignor Nicholas DiMarzio, executive director of Catholic Community Services for the Newark Archdiocese, said CCS does have suburban experience and is in the process of developing another, similar plan in a suburban community.

A housing lottery, as is being considered by the council, is one means of selecting tenants, Mnsgr.

DiMarzio said, provided there is an "overwhelming response" for housing.

The previous Council had sought a non-profit sponsor to take the project out of the control of the council so that seniors who meet the necessary criteria would apply political infighting would be removed.

Telephone responses from about 250 senior citizens on housing needs are being analyzed to determine the number of housing units, while an Environmental Services, Inc., of Doylestown, Pa., has been approved to perform a Phase I environmental study of the property.

Selling tax credits to finance the 75 to 100 housing units has been discussed, but Township Attorney Robert Giordano said Sept. 20 that the council would likely not take that route.

The previous Council began efforts to obtain five acres of former Geriatric hospital property following the county's approval of funding for a cancer research center to be completed by the Center for Molecular Medicine and Immunology (CMMI).

Contained in that agreement is the use of eight acres of property surrounding the former hospital, while the structures are being purchased by CMMI for \$5 million.

Estimates of \$70,000 to \$75,000 per unit had been mentioned by Perna.

St. Mary's blessing animals

All your fine feathered and furry friends are invited to St. Mary's Church on Msgr Owens Place in Nutley on Saturday, October 8th at 11 a.m. for The Blessing of the Animals.

The Blessing will take place on the church steps, and will be moved inside in the event of rain.

St. Mary's asks that all animals

courts, and are also discussing paving the Norton Street access area to the stadium.

Mayor Jim Messina had suggested that the Board of Education apply some part of the nearly \$200,000 savings expected from better utilization of special education student busing.

"We don't want to spend \$100,000 of theirs or our money that's only going to be redone. The tennis courts may be relocated," Digori said.

Messina said he opposed Digori's call for drastic changes to the overall stadium complex that Digori said are needed, with a recreational planner and state Green Acres officials as part of a total redevelopment of the facility.

The Mayor said he favors following the detailed architectural drawings of local architect Jim Landon, that call for repairing the existing facilities in phases.

"The Landon Plan is fine with me. I think we should we keep the tennis courts where they are. I'm sorry, but I don't agree with you, Jerry," Messina said.

Digori and Deputy Mayor Thomas Spillane both said they saw no general maintenance plan for the stadium.

Digori questioned Councilman Nick Cerami about the Department of Public Work's seeding and maintenance of the football field.

Nick Cerami is the third stadium committee member, and he was

Stadium repairs questioned

appointed to fill his brother, Charles Cerami's seat on council after Charles Cerami resigned to take the DPW director's job.

Nick Cerami replied "You know the story of the DPW for the last 30 years. Nothing ever got done."

Spillane suggested that the new DPW director be told to provide a maintenance plan.

Digori said maintenance should be done "in April and November, not in September."

Messina said the maintenance would begin on November 25th, the day after the football season ends, as would maintenance to baseball fields, including putting down clay.

The discussions ended with the Council instructing Township Manager Stephen Cuccio to get three price quotes on both the

blacktop for the tennis courts and the area of Norton Street.

School Board Vice President Barbara Cicalese and Board member Ralph Mazzuca shared their impressions of stadium conditions at the Sept. 26 meeting.

Cicalese focused on the locker rooms, calling them "abominable," while agreeing with council officials that a long-range plan is needed.

"Let's not throw good money after bad, let's see where we're going, and then we will involve the public," Cicalese said.

Mazzuca said "No one can go out there and not see the neglect that has gone on for years, but blame is meaningless. Let's take the bull by the horns and agree to say 'Look, let's do what has to be done.'"

Erika Cordts bride of Richard Bacik

Erika Cordts, daughter of Mr. and Mrs. Richard Cordts of Nutley, became the bride June 4 of Richard Bacik, son of Alice Bacik and the late John Bacik, Jr.

Rev. Lawrence Bacik performed the ceremony in S.S. Peter and Paul Russian Orthodox Cathedral. A reception followed at The Old Mansion, Elizabeth.

Escorted by her father, the bride wore a mermaid style gown of lace and satin, fashioned with a sweetheart neckline and chapel train and accented with sequins. Her headpiece was a satin rose comb and she carried white and pink roses, gardenias and stephanotis.

Diane Snyder of Nutley was maid of honor. Bridesmaids included Mary DeLise of Clifton, Suzanne Zimmerman of Stroudsburg, Pennsylvania and Dawn Biazio of Wayne.

They wore straight black floor length gowns and carried pink carnations, hot pink roses and gardenias.

Mario Monaco, Jr. of Fairfield served as best man. Ushering were Joseph DeLise of Clifton, Gregg Unger of Passaic and Matthew Gualtieri of New Hope, Pennsylvania.

Mrs. Cordts chose a royal blue gown accented with sequins and bugle beads. Her corsage was of white roses. The groom's mother, in a periwinkle blue gown accented with silver bugle beads, had a wristlet of white roses.

Mrs. Bacik, a graduate of Montclair State University, Upper Montclair, is a search consultant with a health care management firm in Montclair.

Mr. Bacik, an alumnus of Fairleigh Dickinson University, Rutherford, is operations supervisor with United Parcel Service, New York, N.Y. He is a member of the Marine Corps Reserve.

The couple honeymooned on a cruise to the south Caribbean and Puerto Rico and have made their home in Clifton.

Members of the Woman's Club of Belleville met recently to plan the next club year.

Upcoming fundraisers include a theater party to see "Grease" on Oct. 27. Tickets at \$45 include bus and the show.

Nov. 6, the club will sponsor a bus ride to Atlantic City at the Grand. Tickets at \$20 include \$10 in coin. Refreshments will be served on the bus.

The group's next meeting will be 7:30 p.m. Oct. 17. All meetings are held at the clubhouse, 51 Rossmore Place. The program will be on stress reduction. Prospective members and their guests are welcome to attend.

Persons interested in attending the meeting or making a reservation for either "Grease" or Atlantic City, should call Barbara at 759-0219 or Loretta at 751-4353.

Clara Maass needs volunteers

Clara Maass Health System, Inc. is seeking several adults who wish to volunteer as escorts, transporting patients from one area of the hospital to another. Volunteers are needed for four-hour shifts in the morning, afternoon or evening.

The volunteer job description includes pushing wheelchairs, accompanying ambulatory patients and delivering patient records to patient floors. The ideal candidate

is in good physical condition, can walk long distances and is outgoing, personable and able to work well with others. Volunteers will receive an orientation to the hospital's policies and procedures and on-the-job training.

For more information or an application, call the Volunteer Office, Monday to Friday, 9 a.m. to 5 p.m. at 450-2150.

Mental Health Awareness Week October 2-8 at Clara Maass

Clara Maass Health System, Inc., will recognize Mental Illness Awareness Week, Oct. 2-8 with a series of free mental health screenings.

The free screenings will be held on Thursday, Oct. 6 at the offices of University Associates in the Premium Medical Pavilion, 36 Newark Ave., Belleville. Two sessions will be conducted: the first session is from 10 a.m. to noon, and the second session is from 2 to 4 p.m. There is no need to register and walk-ins are welcome.

Mental Illness Awareness Week is a nationally recognized endeavor led by the American Psychiatric Association, U.S. Public Health Service, National Alliance for the Mentally Ill, National Depressive/Manic Depressive Association and the National Mental Health Association.

According to a recent study

issued by the National Advisory Mental Health Council, one in three Americans will experience a mental illness at some point in their lives. Of these, only one in five currently seeks appropriate help — many times because of self-imposed silence about their problems.

For more information on the Oct. 6 screenings, call 450-2701.

HELP YOUR HEART RECIPES

This recipe is intended to be part of an overall healthful eating plan. Total fat intake should be less than 30 percent of your total calories for a day — not for each food or recipe.

Dilled Apple and Potato Salad

- | | |
|--|--|
| 1 1/2 pounds red potatoes | 1/2 cup plain nonfat yogurt |
| 2 large carrots, peeled, cut into small, thin sticks | 1/2 cup low-fat lemon yogurt |
| 1/4 teaspoon salt | 1 tablespoon finely chopped fresh dill |
| 1/2 cup diced celery | 2 tablespoons finely chopped fresh parsley |
| 1/2 cup sliced green onions | Dash hot pepper sauce |
| 1 Granny Smith apple, unpeeled, cored and diced | 1 tablespoon Dijon mustard |
| 1/2 cup light reduced-calorie mayonnaise | |

Rinse potatoes but do not peel; cut each in half. Place in saucepan; add water just to cover. Cover and cook 10 minutes over medium heat. Add carrots and cook 10 minutes more, or until vegetables are tender but firm.

Drain and rinse gently with cool water. Drain again and set aside to cool. Cut potatoes into bite-size pieces. Set aside.

In a large bowl, combine remaining ingredients. Stir to mix well. Add potatoes and carrots to bowl and stir gently with rubber spatula. Cover and refrigerate several hours before serving.

SPORTS

Lady Buc Volleyball, Giuffrida Run and Junior Buc 'B' team

Before we begin, I couldn't help but comment on the Belleville tennis courts.

The lead story in this weeks sports section pertains to the Lady Buc tennis team and their "home" matches in Brookdale Park.

Thanks to Belleville Athletic Director **Karen Fuccello**, the team can call Brookdale Park home for this fall. I guess that gets the Belleville Township Council off the hook for another season, so that they can continue forming a committee that will decide in what decade the courts will be repaired.

Isn't it amazing? Belleville kids that have to call Bloomfield home! I guess it's a start, but if it weren't for Fuccello, **Tony Salese's** team wouldn't even have that. Meanwhile, the Council members can burn the midnight oil with committee Number 335.

Call it politics at its best.

Better still, call it pathetic. Taxpayers, what do you think?

Let's see what happens next spring when the Buc boys' tennis team is scheduled to compete.

Palumbo and Curran named volleyball captains

With the start of the school year, there has been plenty of sports news in Belleville.

The Lady Buc volleyball team, coached by Hall of Famer **Grace Worley**, is off to a 4-1 start this fall, with wins over Barringer, 15-6, 15-6, Montclair, 15-6, 15-9, Clifford Scott 15-4, 15-3 and Paterson Eastside, 15-2, 15-2. The teams lone defeat came at the hands of Bloomfield in a thrilling three setter last week, 15-13, 7-15, 14-16.

"The program is in good shape, overall," Worley said last Monday. "We have a freshman program, our junior varsity team is actually two teams and the varsity has been playing well. 52 girls came out for the team, and we had 48 uniforms available. With the freshman program, the girls have more opportunity to compete on the freshman level and the JV kids can now be non freshman who are nearing varsity potential."

"We had enough kids to form two JV teams this year. They like to call themselves the 'Blue' and 'Gold' team. Most importantly, the kids are getting the chance to play and gain consistency in their game."

As for the '94 varsity squad, the team is paced by nine seniors and two juniors.

Jennifer Palumbo and **Andrea Curran** return for a fourth season and are the team co-captains this fall.

"Palumbo has played well at the net so far this year and has become a much more consistent hitter," Worley said. "Curran is versatile and a great athlete."

Jessica Nicosia, **Neha Shah**, **Jackie Cerami**, **Lisa Jablonski**, **Michele Scanzillo**, **Natalie Bonacorsa** and **Pasent Elhew** round out the senior varsity players.

"Cerami is one of our best defensive players," Worley said, "and we have some depth and experience coming off the bench this year."

Junior **Maria Acuna** is becoming a steady starting player and another junior, **Mary Lapas**, is one of the better servers on the '94 varsity team.

"I thought the Bloomfield match was our best performance, even if we did lose," Worley said. "You don't mind those kind of defeats when the kids play hard and stay confident. They didn't back off, they made some mistakes, but they can be corrected. Most importantly, they never gave up."

As for the NNJIL Pacific Division, Worley expects a tough outing.

"Paramus Catholic, in my opinion, is number one," Worley said. "Paramus and Immaculate Heart will also be tough. I think we can be competitive with most of the teams in the league, but it won't be easy. It's, as usual, a tough conference."

Worley also recognized **Lauren Salmon** as a valuable member of the team. The senior, who has played volleyball the past three seasons, is the manager this fall.

The team is involved in a sportsmanship program this fall.

"The kids, when they play at home, will greet their opponents when the opponent arrives at the school," Worley said. "The sportsmanship factor is important to us."

Giuffrida Run

The fifth annual **Sam Giuffrida Run** will be held on Saturday, October 23, at 9:30 a.m.

The race, in honor and memory of the late Sam Giuffrida, will feature a one mile "fun run", which commences at 9:30 a.m., followed by the five miler, which kicks off at 10 a.m.

The past four races have been quite enjoyable. First and foremost, the weather has been marvelous for the event from 1990-93. Warm temperatures and clear, blue skies have dominated the event.

Giuffrida, as most Bellevilleites know, was a school teacher and crew coach at Belleville High School from 1964-1989. He is a charter member of the Belleville High School Hall of Fame and was a beloved teacher, first at the Junior High School and later, the Senior High.

"G", as he was known to the students at BHS, suffered a heart attack in 1986, but he made what appeared to be a full recovery and returned to school a year later.

Sadly, Giuffrida suffered a second heart attack late in the 1988-89 school year and that attack took his life. He passed away at the untimely age of 47 and his spirit and vitality was, and is, sorely missed at Belleville High School.

In 1990, friends of Giuffrida formed a road race in his memory, and every year since, hundreds of runners have competed in the event. It's a full morning of activity, with music and prizes awarded to the top runners in each age category.

This year, **Dr. Len Russo**, owner and operator of **Russo Chiropractic Center** will be the major sponsor and will be funding the tee-shirts which the runners will receive the day of the race.

Other key sponsors include **Philmore Associates**, **Karl's**

'Home' matches in Bloomfield; Council still forming committee Tennis team has 'home' courts

By Mike Lamberti

Are you sitting down?

Are you ready for this?

Can you handle the shock?

The Belleville tennis team will be home this week for a match!!!

Well, sort of....

Tony Salese's squad has an adopted new home for the 1994 season, which, in essence, means the Belleville Township Council has, once again, done nothing to give all the athletes in Belleville a chance to compete in their home town.

But at least the tennis team is getting closer to Belleville!

Enter **Karen Fuccello**, Belleville's Athletic Director and former BHS tennis coach (1978-89) who, in the late stages of her coaching career, took the regular bus rides when the courts began to deteriorate during the Reagan Administration.

Fuccello managed to set up seven matches in Brookdale Park this fall, so at least the team will not have to continually get on a bus to Bergen County to play NNJIL matches.

"We're glad to be playing at Brookdale," said Salese, a member of the frequent flyer/bus mileage club. (Salese might have accumulated enough mileage over the years for a free round trip ticket to Paris).

"We'll be practicing there, too. It will be a relief not to have to travel by bus to every match. At least they're courts we can call home."

The team will be home this week, taking on Ridgewood this afternoon and Immaculate Heart tomorrow. Both of those matches commence at 4 p.m. from Brookdale.

Next Monday, the Lady Bucs "host" Bloomfield (at 4 p.m.), which is somewhat redundant since the Lady Bengals also call Brookdale home this season. Next Wednesday, it's off to Clifton for a 4 p.m. match.

The '94 version of the Belleville road warriors have a 2-2 mark in the early season (3-3 including the Essex County Tournament).

Belleville has defeated Barringer and Paterson Eastside by 5-0 counts

while falling to powerful Nutley 5-0 and Hackensack, 4-1.

The Hackensack score is not indicative of the closeness of the match.

"Three of the Hackensack matches went into three sets," Salese said. "The kids battled."

Against Barringer, it was a clean sweep. **Tanya Palic**, a junior, prevailed at first singles by counts of 6-0, 6-0.

Senior **Charmaine Flores** won by the same score at second singles and **Christine DeJesus**, the third singles starter, also won in straight sets, 6-0, 6-0.

The first doubles team of **Fatima DeJesus** and **My Dam** won 6-0, 6-3 and the second doubles squad of **Marinel Edquiban** and **Darlyn Malunda** won an 8-0 decision.

Versus Paterson Eastside, the results were the same, with Palic, Flores and Christine DeJesus prevailing in the singles and **Fatima DeJesus** and **Dam** capturing first doubles while Edquiban and Malunda finished out the shutout with a straight set victory, 6-0, 6-1.

Nutley won a 5-0 decision over Belleville, prompting some big praise from Salese.

"Nutley is loaded, they've got a great team," the coach said. "They're going to be one of the better teams in the league this season."

In the Hackensack match, the first doubles team of **Fatima DeJesus** and **Dam** won a three setter, 6-7 (1-7 in the tiebreaker), 6-2 and 6-1.

Palic played a strong match, but fell in three sets, 2-6, 6-3, 3-6. Flores also performed well, but lost 6-2, 5-7, 5-7.

In the Essex County tournament, Belleville blanked Irvington in the first round, 5-0. Palic won in straight sets, Flores rallied from a 5-7 first set defeat to win, 6-4, 7-5 and Christine DeJesus breezed, 6-2, 6-1.

The doubles teams both won in straight sets, losing just one set between them.

After beating Livingston, Belleville dropped a 5-0 decision to a very strong Livingston team.

Tanya Palic holds down the first singles position for Belleville. Palic, a junior, has been on the varsity tennis team for three seasons. (Photo by Steve Patchett)

Belleville third singles player Christine DeJesus looks to return a serve against Nutley's Nicole Fredricks last week.

The highlight there for Belleville was the performance of Palic.

"She did a helluva job," Salese said. "She'll learn from a match like that. Tanya's played very well so far this season."

Palic won the first set against Livingston, 6-3, then fell, 1-6, 1-6.

So, it's back to league play for the Lady Bucs this season, and, for the first time in eight seasons, the team can say they're home.

Sort of.

"At least the parents can get a better chance of seeing the kids play," Salese said. "We've had more fan turnout already than we've had in the past few seasons. It's working out pretty well."

Now, if we can just get the Belleville tennis team to play in Belleville.

What a concept!

Maybe next season.

Berardi injured, Bucs drop 14-0 decision

By Mike Lamberti

For the Belleville football team, the 1994 season was just three minutes old last Friday night when apparent disaster struck.

Senior quarterback **Sal Berardi**, whom head coach **John Senesky** felt would be the catalyst for this year's team, took the snap, rolled right, began running and was forced out of bounds.

It appeared to be a routine play. But Berardi came up limping, and a few minutes later, he was on the sideline for the remainder of the game, an icepack firmly on his knee, his football future in serious doubt.

Berardi's teammates played hard last Friday night without him, but came up short to a very good Teaneck squad, 14-0.

The Bucs will be at Clifton tomorrow evening at 7 p.m. While Berardi is out for this game, the news of his injury is not nearly as bad as originally thought.

"He has damage to the ligament, but we're hoping he can be back in two weeks," Senesky said. "He'll be doing some rehab work the next week, and, if the knee responds, we're hopeful he can come back."

"Sal provides a double threat for us at quarterback, because of his speed and arm strength. Losing him was tough, but **Ram** (Parekh) came in and did a very good job for us. **Ram** is a smart athlete, and he can get the job done. I had said before

the season began that we had some depth at quarterback and we had to find out how much last Friday."

True. Not only did Berardi go down, but Parekh also injured his ankle in the third quarter. Parekh was replaced by sophomore **Rob DeFalco**, and he played well in his first varsity game.

"DeFalco made some good decisions out there," Senesky said. "Overall, the team played well. We were tentative in the early going and Teaneck, which has an excellent football team, took advantage. I don't think we'll see a team with the size and overall speed that they had."

"And still, our kids held up pretty good against their linemen and, after a slow start, we were hitting pretty well."

Senesky noted that the line play was all Teaneck in the early going.

"Our kids weren't controlling the gap in the early stages of the game," the coach said. "Their bigger linemen were standing up our players and by the time we recovered, their runners were into the secondary."

"I thought our secondary did a good job on coverages and after we made some adjustments at halftime, our linemen were able to slow down Teaneck's running game."

The Highwaymen scored on two of its first three possessions, and did so on long, steady drives dominated by the run.

Belleville came out of the gate impressively. **Dave Paladino** returned the opening kickoff to the Belleville 38 and two plays later, Berardi hit **Tom Escott** with a 20 yard strike into Teaneck territory.

Two plays later, Berardi injured his knee and, after trying to play a few snaps, he was taken out for the rest of the contest.

Preliminary reports were that Berardi could miss the remainder of the season, but, after further examination the following day, his prognosis improved.

"I wasn't hit that hard on the play," Berardi said of his injury. "It didn't hurt that much at first, but it began to stiffen up after a few minutes."

Belleville looked much better in the second half. The Bucs got as close as the Teaneck 28 in the third quarter thanks to a Parekh pass of 12 yards to Paladino, a **Dino Durante** run of seven yards and a five yard run by **Ed Miranda**.

In the fourth quarter, the Bucs threatened again. Parekh passed 19 yards to **Anthony Frantantoni**, putting the ball on the Teaneck 47. A play later, Parekh hurt his ankle and DeFalco came in.

The sophomore hit Escott with an 11 yard strike to the 34, but the drive eventually stalled.

"We saw some good things with the team," Senesky said. "Teaneck was a good test for us. They had already played a game (losing to

North Bergen, 7-3 a week ago last Friday) and they were a little more confident than us."

"The kids will watch the films of this game and will learn about the mistakes. I think they know a little better what they can do and we'll try to apply that to the Clifton game this week."

NOTES: Bucs last played Clifton in 1987, losing at Doc Ellis Field, 26-12. Since the joining the NNJIL, Belleville has not lost at Clifton. The Bucs won there in 1982, '84 and '86 by scores of 37-0, 7-3 and 26-6 respectively. Clifton beat Belleville in 1985 at Municipal Stadium, 6-0.

Please note that the Hackensack game, originally scheduled for November 5 at 2 p.m., has been moved to November 4 at 7 p.m. at Hackensack.

Brian Pasterchick, a senior lineman who missed the Teaneck game, is listed as hopeful for Clifton tomorrow night. Pasterchick has been rehabbing a knee injury incurred during the pre season.

Frantantoni suffered a calf injury late in the Teaneck game, but he should be okay for Clifton. Parekh had a sprained ankle in the Teaneck contest, but he should start tomorrow night at QB.

Michael Loney also had a leg injury, but he will probably start in a split end tomorrow night.

BSA teams expect strong fall season

With week three ending for the Belleville Soccer Association, it seems like it will be an interesting fall season.

The BSA has five traveling teams that compete on weekends, and an in-town program for its youngest players.

The in-town Division 6 program is an instructional league that teaches the children the fundamentals of soccer and a sense of fair play within a controlled competitive environment. Week one results were:

The Stingrays defeated the Jets, 6-2, as Dennis Herman netted four goals. The A-Team beat the Rockets, 7-5, with Ken Solarzano picking up three goals in the victory. Other action saw the Chiefs edge the Hurricanes, 2-1, the Bulldogs sting the Green Hornets, 3-0, and the Thunder best the Strikers, 4-1.

Belleville has two teams that compete in its traveling Division 5 age group. The 5A squad that competes in the Premiere Level is off to a fast 1-0-1 start. After tying Lincoln Park, 2-2, they came out strong and never looked back in

beating Bloomfield, 6-2. Mike Perrinotti and Gustavo Solarzano each netted a goal in the tie. Alex DiVanco scored and Perrinotti picked up five more goals in the victory.

The 5B team, coached by John McKelvey and Bob Ryan, bounced back after suffering a tough loss to Wanaque, 4-3, and defeated Little Falls, 4-2. Their record now stands at 1-2. In the defeat, Beau Ryan netted two goals with John McKelvey adding a goal and an assist. In the win, Michael Simone scored his first goal of the season, with McKelvey, Ryan, and Gerald Adams also scoring. Goalkeeper Anthony Tremarco recorded 12 saves in each contest.

The Division 4 team opened their season with a 4-1 win over West Paterson. Alex Ruiz led the offensive attack scoring twice. Andre Giorlando also played a pivotal role, scoring a goal and adding an assist. Others who contributed in the triumph were Herb Zeli (one goal), Steve Massoud, Ezualdo Salas, and Brian Vivanco (one assist each).

Frank and Steve Gilberti win A.J. Meola Golf Tournament

It took a match of cards to determine the team championship in the second annual A.J. Meola Jr. Memorial Golf Tournament.

The 14-year event was held September 17 at Hendricks Field in Belleville. Frank and Steve Gilberti of Nutley were declared the 1994 better ball team champions over the upstart team of Frank DeSimone and Pat Ritacco, also of Nutley.

"Having to break the tie was extremely difficult when both teams scored 10 under par," said John Lupo, the tournament's director. "These two teams played head to head and battled from the first tee to the 18th green. It was really a great match."

DeSimone and Ritacco executed extremely well and claimed second place in their initial attempt at team play. Third place was awarded to the team of John Tischio and Sparty Campagna, who combined for a five-under 65.

Individual honors were captured by Steve Gilberti, who fired a personal-best 78, claiming both the low net and low gross awards.

"It was just one of those days when everything went right," said Gilberti. "It is a true honor to win these awards that represent the memory of such a great friend."

Second place low gross was

claimed by John Lupo of Belleville, while third place was won by Pete Toscano of Bloomfield. Low net second place was captured by John Tischio and third by Frank DeSimone, both of Nutley.

Closest to the pin awards were won by John Tursky, Pete Toscano, Greg Rasp and John Tischio. Prize winning long drives were launched by John Tursky and John Lupo.

Following the tournament, the banquet and awards ceremony was held at the Chandelier Restaurant in Belleville. The banquet featured gourmet cuisine and fine entertainment enjoyed by the 58 guests in attendance.

The tournament, which is dedicated to the memory of Anthony J. Meola Jr., was sponsored by many local businesses. The committee would like to extend special thanks to Nutley Park Shop Rite, the Chandelier, Casa Turano, Frankie's Car Wash, Biondi Funeral Home, G&J Steel, Little Falls Trophy Shop, Enterprise Golf Outlet, Bloomfield Steak and Seafood House, Norwest Mortgage, Mentor O & O, and Samsung Electronics for their generosity and support.

The proceeds of the tournament will be donated in Anthony's name at the Nutley High School spring awards ceremony in May.

Tafur, Guevara lead Bucs past Emerson

By Mike Lamberti

Following a five goal outburst in the season opener, offense has been scarce for the Buccaneer soccer team.

Gino DePinto's squad lost a 1-0 decision to state power Don Bosco, finished in a scoreless tie with St. Joe's of Montvale, then blanked previously undefeated Emerson 2-0 last Saturday.

The Bucs were 2-1-1 heading into this week's action. The team faced Hackensack earlier this week and will be at Paramus this afternoon, beginning at 4 p.m. This Saturday, it's off to Glen Ridge, commencing at 11 a.m. Next Tuesday, the Bucs head to Teaneck for a 4 p.m. kickoff.

Despite scoring just two goals in three games last week, DePinto had little to complain about.

"The kids are playing well," the coach said. "Defensively, we're playing some very good teams and keeping them off the board."

"We dominated the St. Joe's game, we outshot them 25-5, but, we can't seem to find the net."

"Against Don Bosco, (the tenth ranked team in the state) we played them pretty evenly. Hey, one goal in three varsity games last week (just two goals allowed in four so far this season) isn't bad. If we can just find some consistency offensively, we'll be okay."

In the 2-0 victory over Emerson, Frank Tafur scored the first goal of the game, assisted by Robin Guevara. The second goal came unassisted from Guevara.

This was more than enough for Buccaneer goaltender Natale Guagliardi, who has been nothing

short of marvelous in the early going this season.

Guagliardi has allowed two goals in the first four varsity games, and one of them, against Nutley, came on a penalty kick, where the goalie has a decided disadvantage.

"He's been tremendous," DePinto said of Guagliardi. "He's had some tough chances and has come through for us."

DePinto once again emphasized that his team has done a very good job.

"We have the ability to dominate opponents, especially defensively. We did that against St. Joe's and Emerson. We should have scored four or five goals in the Emerson game and, no question, should have scored a couple in the St. Joe's game."

"We outshot Don Bosco, and

they're a state ranked team. But the bottom line is putting goals in the net, and we haven't done that consistently, yet."

The goal scoring problem should be rectified in time, according to the coach.

"You're going to see a lot of different names when it comes to scoring goals this year for us," DePinto said. "Tafur and Guevara scored last week, and I think most of the guys in our lineup are capable of being effective scorers."

"We won't have that dominant player, like the last few seasons with Greg (Groeling), but there are guys here who know how to play this game and can be dangerous offensively."

"I can't complain, it's been a good start and we'll get better."

Conte outstanding for Lady Buc gymnasts

By Mike Lamberti

Senior Gina Conte has been the story in the early going as the 1994 Lady Buc gymnastics team has begun competition.

"She's been tremendous," head coach Donna Richardi said of Conte, who has been competing in the "all around" this fall. That means all four events in a gymnastics match, the uneven parallel bars, balance beam, vaulting and floor exercise.

Belleville is at Ridgewood tomorrow afternoon. On October 6, it's off to Montclair. Both matches commence at 4:30 p.m.

The team is 0-2 in the early

going, dropping close matches to Bergenfield, 67-59 and Indian Hills, 64-61.

In the Bergenfield match, Conte had outstanding performances in the vaulting (7.9 out of 10), uneven parallel bars (7.2) and floor exercise (7.8).

She was even better against Indian Hills, winning the floor exercise (8.0), balance beam (7.4) and vaulting (an incredible 8.2).

"Gina's been competing for four years now," Richardi said. "Since her sophomore year, she's been doing the all around. She's worked hard and deserves the good performances."

Caldwell College names Galioto assistant baseball coach

When Charles Honeker took on the responsibility of building the Caldwell College baseball program, he knew the first thing he had to do was put together a dedicated, enthusiastic, and aggressive staff.

He took the first step in that process last week by hiring Jamie Galioto as assistant baseball coach.

Galioto, a two-sport star at Belleville High School in baseball and football, is a graduate of the University of West Florida. At West Florida, he played baseball while earning a Bachelor's degree in Health, Sports, and Leisure. Galioto currently works as a physical education teacher at the Dr.

Horton Elementary School in Newark.

"I am very pleased that we have been able to add Jamie to our coaching staff," said coach Honeker. "He has demonstrated a willingness to help build our new program and his energy will be a tremendous asset in our recruiting efforts. Jamie will serve as our hitting and fielding coach."

For now, the coaches will direct most of their efforts to the recruiting process, while also developing some raw talent that already exists on Caldwell's campus. The Cougars will hit the baseball field for the first time this spring.

10K run

The YWCA of Montclair - North Essex will launch its 13th Annual 10K Run Against Violence on Sunday, October 2. The race will benefit the YWCA's programs to prevent violence.

A two-mile Fun Run/Walk at 8:30 a.m. will kick off the event at the YWCA, rain or shine. The 10K (6.2 miles) race will start at 9:30 a.m. and a non-competitive Kiddie Run for children under five will follow at 9:45 a.m. The race route will take runners on a TAC certified course through Montclair streets. The run is coordinated in cooperation with the Montclair Department of Parks, Recreation and Cultural Affairs.

Awards and merchandise will be presented to the first, second and third place winners in all age categories. For registration information, call the YWCA or drop by the YWCA at 159 Glenridge Avenue in Montclair.

10K age groups include 10 and under, 11-14, 15-19, 20-29, 30-39, 40-49, 50-59, and 60 and up. The first 300 runners will receive T-shirts, and massage services by Stress Rest will be available.

"B" team stuns Nutley, 13-0

In what could be a monumental victory, the Belleville Junior Buc "B" team stunned powerful Nutley, 13-0 last week.

"This was one of the most memorable wins for us," head coach Joe DeRiggi said. "Our kids dominated a powerful Nutley squad that has won the trophy for the last five years. Our offense has been a pleasant surprise this year as well as the defense. My coaches have done a great job."

Belleville's first score came on a 55 yard run off tackle by Bo Bernard. For the game, Bernard had 105 yards rushing on 10 carries.

Leading 6-0, the Bucs increased the lead on a five yard run by Mike Forlenzo. The score was set up by an interception from Danny Lally, who had three interceptions on the day. Billy Bretzger passed to Bernard for the point after, giving the Bucs a 13-0 lead.

"At halftime, we told the kids that Nutley would go more to their passing game because we had shut down the running attack," DeRiggi said. "Our kids adjusted well."

Superior offensive line play was turned in by Ray Donnerstag, Mike SanPhillip, Kenny Gerish, Ray Pizzano and Nathan Myers.

Todd Duffy had two quarterback sacks and a fumble recovery. Middle linebacker Gerish had 15 tackles, Forlenzo had ten tackles, Hector Benitez contributed a QB sack, Pete Velardi had ten tackles and Troy Martin came through with eight tackles.

It was Belleville's second shutout of the '94 campaign. The Bucs are 2-1 on the season.

"I'm proud of the kids," DeRiggi said. "Next week, we get a chance to avenge the opening day loss to Bloomfield (a 6-0 loss three weeks ago). The kids are ready to make a run at the playoffs, something we haven't done since 1991 when we won the Super Bowl."

"This years team can match the success of the '91 season. I would also like to thank the parents for the great support we received against Nutley."

The Junior Bucs will host Bloomfield this Sunday at Doc Ellis Field. The "C" team starts play at noon. The "B" team plays at 1:30 p.m. and the "A" team kicks off at 3 p.m.

Buc football team drops opener

The Belleville football team dropped its season opener last Friday night to Teaneck, 14-0.

John Senesky's team played rather well despite the defeat. The team struggled offensively, mainly because quarterback Sal Berardi went down early with a knee injury.

Junior Sam Farcin came in to quarterback and he was beginning to gain some rhythm in his game before suffering an ankle injury.

Fortunately, Farcin's injury is not deemed serious and he should start tomorrow night when Belleville plays at Clifton.

Berardi's injury is a little more serious, although there is hope he could return by the third week of the season, at St. Joe's of Montvale.

Clara Maass accredited in medical education

Clara Maass Health Systems, Inc. was awarded a four-year certificate of accreditation in continuing medical education by the Medical Society of New Jersey, in cooperation with the Committee on Medical Education.

The purpose of the continuing medical education programs is to enable physicians to continue their medical education, update their knowledge/technical skills, and share ideas and experiences. Certification of a Continuing Medical Education (CME) program allows a community hospital, such as Clara Maass Health System, to give Category I credit. Each physician is notified yearly by the Clara Maass medical staff as to the amount of Continuing Medical Education Category I credits earned. Physicians must have continuing medical education credits to maintain membership in various organizations such as the Academy of Family Physicians or the American Medical Association through the state and county societies.

Most of the program's lecturers are professors from medical schools such as Albert Einstein College of Medicine, Columbia Presbyterian Medical Center and New York Medical College. These professors are well credentialed and have usually published extensively in their fields of expertise. Clara Maass staff physicians are also often solicited to share their expertise on

timely subjects.

Continuing medical education has a long history at Clara Maass. A program format geared to the needs of the medical school was established over 30 years ago by Dr. William Greifinger. Approximately 35 programs are scheduled yearly.

The winter session begins on the second Wednesday in January and continues until the second Wednesday in March. The spring session begins on the third Wednesday in March and ends on the second Wednesday in June.

THE WRITE THING TO DO

Physicians have a notorious reputation for bad penmanship. Many write their prescriptions in a scrawl that is anything but legible only to them. If the American Medical Association has its way, however, prescriptions will be easier to read in the future. The AMA's suggestion that some physicians print, type, or computerize their prescriptions comes on the heels of a Harvard study that found penmanship to be among the causes of 220 prescription errors out of 30,000 cases. Although errors were found to occur in less than one percent of the cases, even one error is too much for the AMA. Patients should leave their doctors' offices with some knowledge of the medicine that they are about to take as a safeguard against possible error.

As your pharmacist I am always happy to discuss your prescription with you. **ROSSMORE PHARMACY** is located at 338 Washington Avenue. Stop by if you have any questions about your medications or give us a call at 759-1956 or 759-1968. We are Medicare and Blue Cross approved. Canes, crutches, wheelchairs, walkers, and other convalescent aids are sold or rented. Hours: Daily 9am-10pm, Sundays 9am-9pm.

HINT: Pharmacists can help patients spot mistakes if they explain their illnesses.

NOTICE TO BIDDERS

Notice is hereby given that sealed proposals will be received by the Township of Belleville, Essex County, New Jersey, on October 13 at 11:00 A.M. prevailing time. The proposed work consists of the milling of 26,950 S.Y., 4,800 tons of BSCS L.F. of curbing, & 3650 S.Y. of sidewalk.

Contract documents and plans for the proposed work, prepared by Thomas J. Herits, P.E., Township Engineer, Belleville Township, New Jersey, may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the contract documents and plans by the engineer at 383 Washington Avenue, upon proper notice and payment of a non-refundable charge of fifty dollars (\$50.00) made payable to the Township of Belleville to defray the cost thereof.

Proposals must be made on the standard proposal form in a manner designated in the contract documents, must be enclosed in sealed envelopes bearing the name and address of the bidder and the name of the work on the outside, addressed to the Township of Belleville and must be accompanied by a statement of consent of surety from a surety company authorized to do business in the state of New Jersey, acceptable to the Township of Belleville for not less than ten percent (10%) of the amount bid, except that the bid guarantee need not exceed \$20,000.00.

The award of the contract for this work will not be made until the necessary funds have been provided by the Township of Belleville in a lawful manner.

The Township or engineer reserve the right to require a complete financial and experience statement from prospective bidders showing that they have satisfactorily completed work of the nature required before furnishing proposal forms or specifications, or before awarding the contract.

The right is also reserved to reject any or all bids or to

waive any information where such information is not detrimental to the best interest of the township. The right is also reserved to increase or decrease the quantities in the manner designated in the specifications.

Bidders are required to comply with the requirements of P.L. 1975, C.127 and P.L. 1977, C.33 and the applicable requirements of N.J.S.A. 40A:11-1 ET. SEQ., the Local Public Contracts Law. The successful bidder shall be required to comply with the provisions of the New Jersey Prevailing Wage Act, Chapter 150 of the Laws of 1963, effective January 1, 1964.

The contract governing the work is funded by monies received by the Township of Belleville.

By Order of the Mayor and Township Council of the Township of Belleville.

An Ordinance to Amend Section 24-1 of the Codified Ordinances of the Township of Belleville, "Recycling of Leaves."

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF BELLEVILLE, NEW JERSEY:

That the Codified Ordinance of the Township of Belleville be and is hereby amended as follows:

Section I
24-1.2 General Obligations. Upon the adoption of this section and beginning October 1 through December 1 and from April 1 through June 15 only of each year, leaves shall be placed in biodegradable bags along the curb side of the street, not in the street. Residents are required to obtain biodegradable paper bags either at the Department of Public Works or at any store where they are sold. The sweeping of leaves in the street is now to be prohibited. Any accumulation of leaves in the street must be collected in a 24 hour period and should not exceed 5 feet in width from the curb line and 2 feet in height. Failure to follow these general obligations will result in one or more violations to be issued.

Section II
24-1.5. Violations and Penalties. Any person who violates any provision of this section as well as regulations issued pursuant thereto, shall upon conviction thereof be fined an amount not to be less than one hundred (\$100.00) dollars per fine, per day. The

Moving Appliances Takes Special Care

If you're a typical American, you'll move about 14 times during your lifetime—and take most everything you own with you.

On average, 20 million Americans move each year, and, says Carolyn Verweyst, manager of Whirlpool Corporation's Appliance Information Service, that means there are lots of people out there with questions about the best ways to pack and handle major home appliances for the move.

"To protect your investment in home appliances," she suggests, "here are some basic steps you can take to prepare them for the move, protect them during transportation and reinstall them after delivery and unpacking."

Begin

Begin by checking each appliance's use and care guide for any special moving instructions or cautions.

Disconnect

Disconnect appliances from all utilities (electricity, gas, water, etc.) Be sure to turn off water and gas at connection point before disconnecting. For water-using appliances, drain all hoses and any components that hold water.

Empty

Empty appliances completely. Take out and wrap all removable parts (racks, pans, shelves, drawers, grates, etc.) and pack in sturdy boxes.

Clean

Clean appliance interiors and allow them to dry thoroughly. Leave lids or doors open for at least 24 hours to help prevent mildew or odor formation. Clean all exterior areas and parts, including refrigerator coils, drain pans, filters or screens, etc. Follow any special cleaning or waxing instructions noted in use and care guides.

Pack

Pack each appliance carefully, following manufacturer's instructions for special bracing or use of original shipping materials. Tape power cords to appliance cabinets and secure doors or lids with a non-damaging strapping tape recommended by movers. Wrap appliances with thickly padded moving blankets. And here's what to do at the other end of the line:

Reinstall

Natural Gas Burns Cleaner

Natural gas is the cleanest-burning fossil fuel, and when used in place of other more-polluting fuels, can actually help reduce air pollution, according to the American Gas Association.

Natural gas is cleaner-burning than other fossil fuels because it is composed chiefly of methane—a molecule made up of one carbon atom and four hydrogen atoms. When methane is burned completely, the principal products of combustion are carbon dioxide and water vapor.

In comparison, oil and coal compounds are far more complicated molecular structures. They include a high ratio of carbon, as well as various sulfur compounds. Therefore, oil and coal emit more pollutants into the atmosphere when burned, A.G.A. says.

Using natural gas instead of gasoline in cars, trucks and buses can help reduce urban pollution and smog. This is because natural gas emits less reactive hydrocarbons and nitrogen oxides than other fuels, the principal emissions responsible for smog, A.G.A. says.

Reinstall the appliance, following manufacturer's installation instructions. Or have a qualified installer or service technician do it. In either case, make sure all special bracing and materials are removed.

Check

Check the appliance's use and care guide and take care of any recommended routine maintenance.

"Following these simple, basic techniques for moving appliances can help guarantee successful handling and continued good performance from the products," says Whirlpool's Verweyst.
