CENTER DEDICATED TO CURING CANCER - Officials cut the ribbon on the Garden State Cancer Center Oct. 3. Teresa Krenicki (below, right) moved the crowd with her account of how new cancer treatment is saving her life. (Photos By Richard Dickon)

First free-standing research facility...

Cancer research center dedicated

By Richard Dickon

Officials promised that the latest tools in the fight against cancer will come from the first free standing cancer research center directly to area residents in need, as the Garden State Cancer Center was dedicated Oct. 3.

Believille became home to the cutting-edge cancer research facility, moving from smaller quarters in Newark to the property of the former Geriatric Hospital on Belleville and Franklin Avenues.

Federal, State, County and local officials were on hand to participate in the dedication of the cancer research center to be completed by the Center for Molecular Medicine and Immunology (CMMI).

The County has agreed to allow the use of eight acres of property surrounding the former hospital for free, while the structures are being purchased by CMMI for \$5 mil-

As part of the Belleville Planning Board's approval of the plans, CMMI is to construct com-

Giuffrida Run set for Oct. 23

By Mike Lamberti

The fifth annual Sam Giuffrida Run will be held on Sunday, October 23, at 9:30 a.m.

The race, in honor and memory of Sam Giuffrida, will feature a one mile "fun run", which commences at 9:30 a.m., followed by the five miler, which kicks off at 10 a.m.

The past four races have been quite enjoyable. First and foremost, the weather has been marvelous for the event from 1990-93. Warm temperatures and clear, blue skies have dominated the event.

Giuffrida, as most Bellevilleites know, was a school teacher and crew coach at Belleville High (continued on page 2)

mercial medical buildings on the property within two years of completion of the cancer center.

Dr. David M. Goldenberg, president of the Garden State Cancer Center, told the audience that one in three people are destined to be diagnosed with cancer in their lifetime, and said the cancer center's goals involve being both "comprehensive and cooperative.'

The center will be comprehensive in bringing teaching, research and patient care along with programs focusing on prevention,

Cancer survivor provides living proof of progress

By Richard Dickon

The most persuasive argument for need for a place like the Garden State Cancer Center in Belleville came from cancer survivor Teresa Krenicki, who spoke at the Center's dedication Oct. 3.

Krenicki is a lymphoma cancer patient in remission from St. Joseph's Hospital and Medical Center in Paterson, where the Garden State Cancer Center's research is benefitting patients.

Upon receiving a Profile in Courage Award for her cours battle against cancer, Krenicki told this story:

"A year and a half ago, I gave up. Then I decided it was better to be a guinea pig alive then dead. CMMI and St. Joseph's have been fantastic to me," she said, adding with a laugh, "Now if they would do a T.V. movie about me, that's

doing something.' Dr. David M. Goldenberg, the cancer center's president, said he hoped Krenicki would help start a "Club of Survivors" of cancer patients helped by CMMI.

Interior, exterior renovation costs double...

Town hall price tag may jump to \$2.3M

By Richard Dickon

The costs of renovations to the interior and exterior of Town Hall would more than double, to \$2.3 million, under revised price estimates recommended by a Township Council committee at the Oct. 3 work session.

The increase would amend two bond ordinances to renovate the exterior and interior of town hall, both passed at \$500,000 each.

Mayor Jim Messina, Deputy Mayor Thomas Spillane and Councilman Bill Cook all sat on a committee with the Comito Associates architectural firm, and all agreed that the increased costs were unavoidable.

Daryl Alvarez, a partner in the Comito firm, said "Nothing is really salvageable" in the existing interior electrical, mechanical and plumbing structures, and that one third of the costs of the interior renovations were to bring the systems "up to standard" for the building constructed in 1913.

About another \$200,000 is for flooring, painting and similar expenses, while half the exterior costs are for masonry and replacing windows, some original to the

The Council plans to have artist renderings of the plans within a few weeks, along with detailed explanations of the spending, for the public to examine.

Messina said the previous council voted to reduce the amount for

interior renovation from \$700,000 to \$500,000 in June because "It was a political football at the time, and people were up for election. Sometimes we play to the crowd."

"We don't want to bond anymore, but we have no choice,' Messina said, "We are paying for the sins of the past. There was poor planning on the part of the former commissioners.'

The Mayor said "The costs came in where we thought they would, and this has all the contingencies built in.'

Messina compared the \$2.3 million price tag for the old building, which is to house at least four departments, including Code Enforcement, the Township Clerk's Offices, and Code Enforcement, with the \$7 million spent for the new building, which houses one department, the police.

"This is four or five offices for \$2.3 million while 91 people are housed in one department for \$7 million. We're comparing apples and apples," Messina said.

Cook said since the renovations are for a 50-year building, the costs are about \$40,000 per year for 50

"This will be a tax point or a tax point and a half," Cook said, adding "This is an optimum time to borrow, and we will be getting EDA (Economic Development Authority) funding."

Councilman Victor Canning

Fire prevention week observed in Belleville

By Richard Dickon

The Fire Department and schools are observing National Fire Prevention Week, with firefighters inviting children and all residents to the Franklin Street Fire Headquarters on Tuesday, Oct. 11.

program will be held. Children will be taught the stop, drop and roll technique, photographs will be taken with the fire dog, and a car will be cut in half using the "Jaws of Life" cutters.

Raffles will be held for fire alarms and other fire safety items. Refreshments, including apple cider and donuts will be served.

School Board Member Robert Molinaro is looking to obtain a free fire safety program for Belleville

The program is called "Smoke Detectors," and is done through the State Farm Insurance Co., according to Molinaro.

The program includes lesson plans, activity sheets and a 25minute video on fire prevention and safety.

This year's fire prevention week theme is "Test Your Detector For Life," and the New Jersey State Safety Council and NJ Safe Kids urge families to do just that.

SOFTBALLS GIRLS REWARDED - The 13-member Belleville Recreation Ten Year Old All Star Girls Softball Team won five games in two days to capture a state title. Councilman Victor Canning (standing, back row) and the Council gave each team player a softball and plaque commemorating their success. (Photo By Richard Dickon)

Council looks to quicken ambulance response time

By Richard Dickon

Louise Cordasco broke her arm and injured her forehead and eye socket in a fall on Mt. Prospect Avenue recently, and waited more than 20 minutes for an ambulance, prompting calls for a volunteer ambulance squad to supplement paid personnel.

Previous attempts at a volunteer squad failed, officials said, because no one was available to work day

Council members discussed whether more personnel could be utilized for ambulance duty, since there are significantly more ambulance calls than fire calls on the

Deputy Mayor Thomas Spillane said "The ambulance personnel do a fantastic job, but if the manpower is not there, they can't do that fantastic job. I would like to look into whether or not we can reduce response time."

Councilman Jerry Digori said "There are more ambulance calls per day, per week, per year, let's

Councilman Victor Canning praised the work of the ambulance corps, but said "I would like to know what the probabilities are."

Mayor Jim Messina also praised the ambulance work, saying "I have gotten more than one note praising the service."

Vincent Frantantoni, president of the Concerned Citizens of Belleville, said interest in a volunteer ambulance corps is evidenced by the fact that Belleville residents are volunteers in North Arlington, Nutley and Kearny ambulance

Gov. Whitman to march in parade

Gov. Christine Whitman again plans to march in the Nutley/ Belleville Columbus Day parade this weekend.

The Parade steps off 1 p.m. in Belleville at the high school auxiliary field, then travels south on Passaic Avenue to Joralemon Street, then west to Franklin Avenue and north to Chestnut Street past a reviewing stand at Franklin Middle School.

Belleville's Grand Marshal is Dr. Lori Ippolito and the Bella Signorina is Nicole Gammaro.

Town hosts area confab on how to share services

Belleville hosted a meeting to discuss the possible sharing of municipal services in mid-September, handing out a survey for other towns to

"Essex County is very interested (in sharing municipal services)," Township Manager Stephen Cuccio said.

Officials discussed cooperative agreements to share equipment and services, as well as regionalization of municipal departments, Cuccio reported. A survey was passed out that was developed by the Municipal Managers Association of New Jersey, he said.

"We discussed legislation for intergovernmental sharing among towns, as advocated by Gov. Whitman," Cuccio said, "We want to rely more on ourselves, and cut taxes. We expect to be getting feedback from Sen. John Scott, Assemblyman Paul DiGaetano and Assembly John Kelly.

Councilman Bill Cook had called on the Township Council in July to 'become more proactive" in pursuing the sharing of services and/or equipment with surrounding communities. He suggested meeting with the surrounding communities as a group "once in awhile," including neighboring communities such as Lyndhurst, Kearny, Montclair, Nutley and

Cuccio said he wanted to revive the idea which seemed to have lost momentum in the area.

Deputy Mayor Thomas Spillane agreed that a lot can be done to save money for Belleville and surrounding towns, if both work together.

Cuccio has suggested involving the county government in sharing services as well, since much of the property in town is owned by the county.

Councilman Nick Cerami has said the township should be cautious about including the county, since they do not always handle duties they are supposed to perform.

Cook said the county should be questioned on why it does not perform certain duties it is supposed to do.

Charles Cerami, director of the Department of Public Works, has men-tioned the possibility of dumping leaves in Kasaray. The leaves could be dumped every year in the future, if Belleville is willing to pay about \$200,000 for equipment for Kearny in the beginning.

Giuffrida Run

(continued from page 1)

School from 1964-1989. He is a charter member of the Belleville High School Hall of Fame and was a beloved teacher, first at the Junior High School and later, the Senior High.

"G", as he was known to the students at BHS, suffered a heart attack in 1986, but he made what appeared to be a full recovery and returned to school a year later.

Sadly, Giuffrida suffered a second heart attack late in the 1988-89 school year and that attack took his life. He passed away at the untimely age of 47 and his spirit and vitality was, and is, sorely missed at Belleville High School.

In 1990, friends of Giuffrida formed a road race in his memory, and every year since, hundreds of runners have competed in the event. It's a full morning of activity, with music and prizes awarded to the top runners in each age category.

This year, Dr. Len Russo, owner and operator of Russo Chiropractic Center will be the major sponsor and will be funding the tee-shirts which the runners will receive the day of the race.

Other key sponsors include Philmore Associates, Arctic Falls, Councilman Bill Cook, Karl's Appliance, First DeWitt, "Friends of Pa.", Martinique of Pa., The Remodeling Group, which is owned by Mike Davis, a former rower for Giuffrida, and Lincoln Technical

DISCOUNT 372-1350

C.O.D - Checks Accepted

You can sign up for the race at Belleville High School, in the main office, or at the Belleville High School library. Application fee is \$10. and that includes the tee shirt.

Any applications received after October 17 will be \$12. You can also register the day of the race.

Proceeds from the event will fund the Sam Giuffrida Scholarship, which is awarded to outstanding BHS seniors every spring.

Over the next few weeks, we'll have plenty of coverage on the race, including features on Len Russo, Mike Davis, Philmore Associates; and some of the past scholarship winners.

This is always a very enjoyable event, and it can continue to be with everyone taking part in the race, in one form or another.

If you have any question, please call Tonia Moore at 744-0408 or Lorraine Leming at 751-6251.

Concerned Citizen group meeting

The Concerned Citizens of Belleville will hold a general membership meeting on Thursday, Oct. 13, at the Elks Clob, 254 Washington Ave. at 8 p.m.

All members are urged to attend this very important meeting. New members are welcome and invited to join the organization.

Members who cannot attend the meeting may send their 1993 dues of \$2 per member to CCB, P.O. Box 353, Belleville, N.J. 07109.

Refreshments will be served.

Prayer of St. Francis of Assisi

Lord, make me an instrument of Thy peace; where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy.

O Divine Master, grant that I may not so much seek to be consoled as to console; to be understood, as to understand; to be loved, as to love; for it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life.

Glad to hear that Jim Troiano, president of the Friday Seniors, is home recuperating from gall bladder surgery. Also Anthony Nigro, vice president of the Tuesday group is also home after a short stay in the hospital.

Nick Mauncelle, treasurer of the Belleville Old Guard is home recuperating from a broken ankle. Sorry you missed the party, Nick.

Theresa Genovese is back in the hospital, while her sister Millie is resting from an operation at home.

Lil Healy hurt her foot and Mary Chioffi is in the hospital. Ann Bounapane is at Mountainside Hospital. Get well wishes

Welcome back, Dotty Barbig.

Condolences to Carmella D'Arc on the death of her beloved mother, Mary Martin.

Glad to hear Adrian and Joe Palumbo are having a good time celebrating their 25th wedding anniversary in Italy.

Good luck to Sylvia and Tom who are trying their luck in

My apologies to Ernest Siciliano for leaving out his name in the poem last week

On Sept. 21 the Belleville Old Guard held their annual party at the Fairmont. And what a party it was. There was dancing, eating and singing from 12:30 to 4:30 by a capacity crowd. President Adolph Vecchione thanked co-chairpersons Jerry Sansone and John McGee for a job well done. He also thanked Jerry Gerard for the excellent job he did in running the raffle. President Vecchione also introduced the following officers of the organization: V.P., Pat Rotondo; Treas., Nick Mauncelle; Sec., Joseph Restaino; trustees, Al Walker, John McGee, Jerry Sansone, Pat Calella, Joseph DeFabbio and Peter Corollo. John De Mark is chaplain.

I would be remiss if I did not mention the wonderful group I sat with. My wife Mary, Tom and Carmel Palante, Anthony and Marge (who does a wonderful job at the Belleville Library) Lordi, John and Millie McGee and last but not least, Irene Caruso and Norman Meyer, former manager of the Chandelier. The committee must be praised for a job well

I read an article in the Catholic Advocate by Msgr. Orrico that stated that it is possible to lie under hypnosis. This statement was brought about because of a \$10 million dollar law suit that was dropped when the person under hypnosis realized

that his memory (under hypnosis) could have been false.

A hypnotist can take away illusions as well as produce them. It is possible that a hypnotist can produce misconceptions. A person can also fabricate information while under hypnosis. He stated that while the benefits of hypnosis can help people get over fears and even help some stop smoking, that person has to be willing to give up the vice anyway.

So, take with a grain of salt when you hear some of the exposes under hypnosis.

Tid Bit:

Giving and Forgiving

What makes life worth the living Is our giving and forgiving; Giving tiny bits of kindness That will leave a joy behind us, And forgiving bitter trifles That the right word often stifles, For the little things are bigger Than we often stop to figure. What makes life worth the living Is our giving and forgiving.

- Thomas Grant Springer

Mini Health Fair coming Oct. 15

A Mini Health Fair for Belleville residents will take place Saturday, Oct. 15, at Clara Mass. Medical Center, Ambulatory Care Building, 1 Clara Maass Drive, Belleville. Hours will be 9:30 a.m. to 12:30 p.m.

All services offered are free to only Belleville residents except the SMA 24 blood screening. Services available: Flu shots - recommended for seniors over 65 years of age and for anyone over the age of 30 who has a chronic disease. Screening for blood pressure, a nutritionist, chiropractic information and pertinent health education materials will be available. A SMA 24 (blood screening) will be available through Clara Maass Medical Center. Pre-registration and a fee of \$25 are required for this procedure. Fee includes follow up education and information workshop. For further information A-Ride at 450-3402.

and pre-registration call 450-2213.

The director of Health and Human Services, Thomas Longo, states that the flu vaccine will not be administered to the following groups: pregnant women, anyone with a fever or with an acute illness, people under 30 years of age, all those who have received another type of vaccine within the last 14 days, and anyone who has an allergy to eggs, chicken or chicken feathers. Longo advises anyone with doubts about receiving the vaccine to consult their physicians.

Questions about the flu shots or the fair will be answered if residents call ine Belleville Health Department at 450-3394.

Serior citizens needing transportation to the Health Fair should call the Health Department's Dial-

School 3 Stock Market Club visits New York exchange

By Richard Dickon

Fourth, fifth and sixth grade members of the School Three Stock Market Club visited the New York Stock Exchange on Thursday, Sept. 15.

The club members and their advisors, Mary Bradley and Isobel Villano joined students at the opening bell of the Stock Exchange. Accompanying the group were Raffaella Saulino, Principal; John Notari, School Board trustee and Debbie Sessa, educator.

The students viewed a movie about the history and function of the Stock Exchange. They then had

TAKING STOCK - Christian and Gerard Fisciaro get a glimpse at the world of high finance during their visit to Sherwood Securities.

their questions answered by Sara Sanchez of the Exchange, who explained how to read the stock

A close-up, personal view was then given to all students as they visited the trading floor of Herzoz, Heine, Gelgud. There they learned more about how stock trades are made. Students were amazed by the amount of technology needed for transactions, according Mrs. Bradley.

Following lunch, the Club paid a visit to Sherwood Securities, where they were able to sit with traders and see how stocks are

bought and sold. The students offered opinions and discussed the merits of stocks with the traders, who were quite impressed with their knowledge, Mrs. Villano said.

The School Three children left New York with knowledge about nities that are available to them.

The trip also was meant to motivate them to continue reading the financial page of the newspaper and following stocks that they will select in anticipation of the Fall and Spring Stock Market games, spon-

sored by the New Jersey Council on Economic Education.

The students will invest a hypothetical \$100,000 and follow their stocks for 10 weeks.

Last year, the Stock Market Club came in second place in their

awards ceremony held at Menill Lynch in January. The new Stock Market Club members have psyched themselves up for this competition; the entire school wishes them well.

OUR OPINION

Cancer research center brings hope for a cure, prestige, economic gain

to Belleville can be a landmark event in Township history. With top-notch medical staff and cutting-edge research facilities, the defeat of the scourge of the 20th Century may continue to happen in our own backyard.

Such an internationally-renowned facility will bring Belleville needed prestige and will make the Township a familiar name to cancer researchers worldwide.

Important economic growth will come from the some 200 jobs that will be brought to the Township, as well as the planned spin-off commercial medical properties that are planned to be built adjacent to the Cancer Center. These properties will help all surrounding business in the area.

Residents should keep the Council's efforts to purchase land from the county

The Garden State Cancer Center's move for senior citizens housing separate from this Cancer Center. An abandoned building that is something of an eyesore and is being barely maintained by our tax dollars will be transformed to a facility that all Belleville citizens can take pride in and point to as a symbol of the Township moving forward.

The question of whether or not the Township is compelled to pay \$400,000 for the five acres of adjacent property is still being negotiated, and Freeholders Louise Palagano and Joseph Parlavechhio are both working hard to find a way to trade town services for the payment of the fee.

So let's not allow a separate issue to deflect attention from a very positive step for Belleville, the County, the State and all of us who face the fear of contracting cancer in our lifetime.

Belleville's proactive look at shared services must translate into savings

chastising Township Manager Stephen Cuccio and various Council members for what they see as overspending of taxpayer dollars should compliment those same people for pushing forward discussions that may lead to cost-saving shared services or regionalization of municipal departments.

Cuccio met with officials from other area towns in mid-September, passing out surveys to gage interest in sharing services among neighboring communities. The issue appeared to be dying in Essex County, but Cuccio reported strong interest from County officials as well as municipal-

Now that Belleville has gotten the ball rolling again, the momentum must not be lost. With a zero budget surplus and the spectre of possibly losing as much as \$3 million in distressed cities 'revitalization'

Residents who take great pleasure in aid, the governing body must consider radical cost-saving measures. The burgeoning concept of 'Public Safety Officials' should be seriously considered.

> Instead of adding to the hierarchy of the Fire Department, Cuccio and the Council should consider better utilizing all personnel by having them prepared for fire and police duties, eventually reducing the number of staff and equipment and cutting costs dramatically.

> In a time when 'down-sizing' has become a buzzword in most private sector business, the Council has no business adding onto bureaucracies. The aggressive stance Cuccio and the Council have taken toward shared services is encouraging, but the proactive approach to sharing services must very soon be illustrated in the more efficient allocation of personnel and equipment, otherwise it is just empty rhetoric.

Council shows courage in paying for neglected Town hall renovation

showing signs of crumbling on the outside and deteriorating on the inside. Symbolically, the Council is sending a message to taxpayers. Improving the quality of life in Belleville is an expressed goal of the Council, and improving the quality of Town Hall can act as a metaphor for the Township's renaissance.

vating the interior and exterior of Town Hall, to \$2.3 million, will not be popular Council meetings. For the cost of less than two tax points, however, the transformation of one of the Township's oldest and most majestic pieces of architecture from a nearly-crumbling shadow of the building first erected in 1913, to a gleaming example of Belleville's future is well worth the

Mayor Jim Messina made several salient points about the costs. The building will house at least four separate departments for \$2.3 million, while the 91-member Police Department moved to the new building at a

Town Hall, a reflection of Belleville, is cost of \$7 million. Messina is right to compare "apples to apples."

He is equally correct in placing the blame on previous administrations, who took the cowardly but politically safe route in neglecting needed renovations in favor of courting voters.

Councilman Bill Cook said investing in a 50-year building means the cost is really Doubling the amount bonded for reno- about \$40,000 per year, more forward

As with the restoration of Municipal with the usual naysayers who frequent Stadium and the renovation of the former Geriatric hospital into the new home of the Garden State Cancer Center, it is time for Belleville to invest in quality that will illustrate a long-term commitment to restoring pride in the Township. Instead of criticizing the Council and splitting hairs over costs, residents would better serve their community by calling for action.

The Council is showing courage in spending necessary money to restore a symbol of what Belleville has been, and what Belleville can and should be in the

YOUR OPINION

Silver Lakers fighting vandalism, theft with neighborhood watches

It was my great pleasure to invite my neighbors to my residence on Salter Place. On Tuesday, August 30, I planned a gathering for those on our block who were interested in getting to meet one another. The turnout was very good, and it gave us a chance to meet people that we knew were our neighbors, but in fact we did not know their names. Now we can meet on the street and give a big "Hello!"

One of the main reasons for our gathering is the forming of our Neighborhood Block Watch being started by the Silver Lake Civic Association, of which I am a newly-appointed trustee. I told those present at the gathering to look out for one another and, if anything seemed suspicious to them in the neighborhood, to call up the police and not to hesitate about it. Also, it is good to know each other, so that if we are having a problem, we know there are people we can count on to help out, instead of waiting for a family member to arrive.

It gave us a chance to sit and talk amongst each other and to get to know each other a little better. After having some delicious cakes and cups of tea and coffee, we promised to look out for each other, and I certainly will have some more gatherings to catch up on what is happening to our new friends. It really was an enjoyable evening, and I feel more people should take the time to meet.

Angela Cuozzo-Zarro

Editor's Note: A week or so after receiving this letter, Angela sent a second letter detailing her efforts to decorate her property and the type of vandalism and theft that the good people of Silver Lake are working hard to prevent.

To the Editor,

I have decorated the front of my house and and had this expensive stuffed character sitting outside when it was taken, late at night, right off the porch. It is a sad world when you cannot decorate your house for enjoyment and now have to worry about items being taken.

People have no respect for other's property, and this is something we are trying to stop in the Silver Lake area. Things being taken will be handled lightly -- we are serious about our community and want it protected.

Angela Cuozzo-Zarro

The decorated stuffed character is a five-foot, life-sized male last seen on Sept. 23, when he was kidnapped from his home at 54 Salter Place. A reward will be offered for his return.

Restroom privileges for students

Our two eldest children returned to Belleville High School recently for their sophomore and junior years. Though not particularly relishing the idea of another school year, they nonetheless readied themselves for a good experience. As parents, we always hope that our children's school experience will be inspiring and that this inspirational tone will be set by the administration.

When they began their first day of the school year, our kids didn't receive much in the way of inspiration or encouragement. Instead, the most noteworthy pronouncement by the school principal was that the students would not be allowed to use the restrooms freely between classes! If they need to use said facilities, they are required to go to their next scheduled class and ask the teacher for a key to

The first two week found many teachers without restroom keys and certain teachers unwilling to

allow students to take time away from class to use the restrooms. Their attitude was that the students could "exercise self-control" and just "hold it!"

So what is the meaning of this denial of a basic and very important right of the student? The administration claims that such drastic measures are necessary to combat smoking, vandalism, tardiness and truancy. In other words, our trusted Belleville High administration can't control the errant behavior of a rebellious minority without infringing on the rights of the majority. Moreover, giving keys to teachers infringes on their class time and puts them in the uneasy position of deciding who needs to use the restroom and who doesn't -- a decision that isn't their right to make in the first place.

Surely there are other parents concerned about this situation. Let's contact anyone at any level to reinstate a basic right and need to our children.

Bob and Rhonda Schmitt

· OUT in the midwest United States, studies have been ongoing concerning what to do about the periodical floods. Recently, a study group determined that the solution is not to build a tunnel, but to study flood control methodologies and adopt the most feasible.

I think all of us could bet the family jewels that the \$2 Billion plus flood tunnel to the Newark Bay will never be built. Accepting that as a given, an alternate solution to the problem is to consider various flood control methodologies. Governor Christie Whitman is already on record opposing the tunnel. Experience in the midwest indicates that structural barriers do not always work. The Sicrra Club backs a proposed solution which requires the acquisition of affected homes and relocation of the people living in the flood basin. Even the outstanding environmental expert, Ella Filippone, Director of the Passaic River Coalition, supports the relocation route.

THE following article recently appeared in the North Jersey Herald News:

UNITED NATIONS - Egypt. South Africa, Nigeria and Brazil are among countries now in darger of joining the world's list of failed states because of wide income gaps between sections of their populations, a new U. N. report warns. Disastrous social upheavais and explosions could result, it says.

The warning comes in the U. N. Development Program's annual Human Development Report, a widely respected work that seeks to measure the development progress each country is making, not in terms of increasing its overall wealth but in how it uses that wealth to improve the longevity and literacy of its people and reduce poverty.

· THIS week's mail brought with it an invitation to contribute to the campaign of former Nutleyite, John Tiene, who is the Burlington Township Republican candidate for mayor. Contributions in units of \$40 are requested in order to pay for the expenses of getting his message to the voters. During his young adult years as a Nutley resident, he was very active in the civic affairs of the community. By the time this column goes to press, John will have received my contribution. If there are others in Nutley who feel as I do, contributions can be sent to "Election Fund of John Tiene for Mayor", c/o 35 Ridgewood Way,

Burlington, N.J. 08016.
• MORE than 30 million people visited Atlantic City last year, and thus, the popular seashore community remains the nation's most popular resort. Last year, more than 20 million people visited the city by automobile, more than 9 million by bus, 500,000 by air and over 200,000 by train. By contrast, Las Vegas had 23 million visitors and Disney World at Orlando. Florida, had 15 million. New Jersey can be proud of both its Atlantic City resort attraction and the Sports Complex at the Meadowlands - two popular magnets for people not only in America but in foreign countries

Legislation authorizing the New Jersey Sports Authority to build a new Atlantic City Convention Hall large enough to compete with New York City facilities is now in place, thanks to Atlantic County Senator Bill Gormley.

Bill Gormley

· BLOOMFIELD is going to lose the services of one of its veteran lawmakers. Councilman John Crecco, who began a tour of duty last week as Deputy Commissioner of the New Jersey State Athletic Control Board. Two names to fill the vacancy created by the resignation of Councilman John Crecco that Republican politicians are talking about are Barbara Francisco, a former member of the Board of Education, and Tony Gallo, one of Bloomfield's popular Republicans.

That's All in Belleville

By Richard Dickon

Research center fights cancer's dark shadow; Local H-Power Corp. fuels cleaner tomorrow

Listening to the various speeches given at the dedication of the Garden State Cancer Center on Oct. 3, a universal theme ran through much of the discussion. Everyone, from Sen. Frank Lautenberg, to Congressman Dean Gallo, to cancer survivor Teresa Krenicki, to several Belleville residents in attendance, have all had their lives inexorably altered by cancer.

Sen. Lautenberg and his family have dedicated a similar cancer facility in Israel to Lautenberg's late father.

Congressman Gallo is currently undergoing treatment for cancer. His wife, Betty, eloquently stated the need for research to move forward at the dedication.

Teresa Krenicki has been the beneficiary of cutting-edge cancer treatment made possible by the Garden State Cancer Center and St. Joseph's Hospital in Paterson. She tearfully acknowledged that she "gave up" hope before deciding to take part in the new treatments that have brought her cancer into remission.

A longtime Belleville resident stricken with throat cancer attended the dedication, proudly and defiantly announcing his cancer is almost gone.

Cancer has touched my life in a profound way, as well. My mother was diagnosed with a malignant tumor in 1992, and thanks to advances made in cancer research, she is cancer-free today.

Unfortunately, every family in Belleville and beyond likely has at least one cancer story to tell, and tragically, most do not have the happy ending that mine does.

Imagine a day, not so far into the future, when Belleville is the subject of worldwide adoration, for being the birthplace of the cure

for some form of cancer. A little further in the future, picture your town as the spot on the world map that generations in the future point to and say, "This is where they beat cancer!"

Few new enterprises in this Township's history hold as much promise as the coming of the Garden State Cancer Center. I hope I am the one who gets to write in this space, in the near future, "Cures for Cancer -- That's All in Belleville ... "

Another Belleville enterprise making positive noises to better all our futures is H-Power Corporation on Montgomery Street. H-Power has been awarded a \$15 million contract to develop fuel-cell powered vehicles that run with minimal toxin emissions on

H-Power President Arthur Kaufman and his associates are trying to make the fuel cells commercially viable, and our own Congressman Herb Klein has been instrumental in getting Congress behind the pro-

The development of fuel-cell technology is critical to a cleaner-running transportation future for America and the world, and H-Power is playing a major role in anti-smog efforts that can produce a major job-creating industry for Belleville and beyond.

As Klein said, Belleville's H-Power Corp. is evidence that small American companies are still the engine that drives our economy.

If you know of someone, or are yourself responsible for some of the many big or small, important good deeds done everyday and worthy of recognition in this town, let me know, because, as the this column states,, when it comes to good people, doing good things, "That's All in Belleville."

Marie Strumolo Burke

Let's give a big round of applause to the residents of the Silver Edge Condominiums on Heckel Street. Beautiful flowers were planted and boy does the landscaping look great. It's like a breath of 'spring air' or should I say 'fall air.' What a difference it makes when people care about their abode.

Let me share a cute story with you. The other night, I was walking my dog, Daisy, and my neighbor, Mike Diglia of Heckel Street mentioned that his wife, Rose, was quite upset because her clothesline broke and the wash was all over the yard. He said he was on his way out to buy another line, but alas, his

Students invited to decorate windows for Halloween prizes

friend John (T.) Pico came to the rescue and told him that he had an extra line in his basement. I bet you guys are thinking, why is she telling us this story. Why, because the morale of the story is that Silverlakers 'share and care.' Only in America I mean Silver Lake, could this happen.

A little bird told me that on September 26th, Angela Cuozzo Zarro of Salter Place, celebrated her birthday. Angela is a very civic-minded lady and an asset to Silver Lake. Happy, happy birthday, Angela.

REMEMBER, WE LOVE SILVER LAKE.

Nicole Gammaro

Our Solution to the Health Care Crisis...

Exercise • Eat Right • Get Enough Sleep • Reduce Stress • Have Some Fun & Stay Healthy !!!

Everyone agrees that a fit life style results in healthier people. Even research has now proven that if you are active and treat yourself right, you are less likely to get sick and die prematurely. Logic should follow that if we all did this, it would reduce health care costs. Agree!?!

So come in and start doing your part today! We'll do our part by starting you off with a money-saving membership program called the "Health Care Crisis Membership Special".

Every BODY wins with this one! Discount Applicable

#### **Pulitzer Prize books**

The Belleville Public Library and Information Center's 1994 book discussion series, entitled "A Study of Pulitzer Prize Authors and Their Award Winning Novels: 1919-1945" . continues on Oct. 19, with a lecture by Dr. Jane Brown, Professor of English, Trenton State College, on "The Good Earth," by Pearl S. Buck. The series is made possible by a matching grant from the New Jersey Council for the

Call 450-3434 to register, or come to the library in person. Books are available prior to each discussion.

#### Reading in Belleville

Who says that children do not read anymore? In the James J. Cozzarelli Jr. Children's Room, in the Enchantment of Books Reading Program, participants read over 4,100 books. over the summer.

In addition, volunteers from grades 6-8 donated a total of 173 hours helping in the Children's Room. These volunteers helped shelve books and acted as assistants for a variety of children's crafts, activities, and parties. Some volunteers designed and ran their own programs for younger children. Twelve volunteers received certificates of recognition for their generous effort.

Among the volunteers are Katherine Bennett, Lisa Bernardo, Renee Delmotte, Ada Del Valle, Mili Doshi, Christina Kirwin, Andrew Kopecky, Elisa Linfante, Shannon Monaghan, John Porcaro, Leslie Servidio and David Wilks.

#### **Books on Columbus**

In the James J. Cozzarelli Jr. Children's Room, there are many books on Christopher Columbus, if you are interested in his life, as the holiday in his honor approaches.

There are also books in the adult department, a Columbus encyclopedia, and videos for rental. The library also has two kits on Columbus, which are audiocassettes, one of which is a book on Columbus. There is a great deal that you can learn and review about Christopher Columbus.

#### Language classes at library

An English as a Second Language class, funded by the Nicholas Martini Foundation, will be taught by Sola Armenious, on Tuesdays from 7 to 8:15 p.m. at the Belleville Public Library and Information Center.

The second class is entitled Italian Languages and will be taught by Anthony Cece at 10 a.m. on Saturdays, from Sept.

Call the library at 450-3434 to register.

### side From That

By: Howard Klausner

Some of the most ferocious warriors in this country are those not of Draft age, or who are otherwise exempt from military

This was exemplified during the Administration of Jimmy Carter when his failure to launch a military strike against Iran during the Hostage Crisis - and the disaster that overtook the one reported attempt at rescue - branded him as a weak President. The Iranian fanatics were well aware of this, and they timed the release of the hostages at the end of Carter's term of

The only American casualties occurred during the disastrous rescue effort. As someone who was safe at home at the time. we do not feel we can do a Monday morning quarterback analysis of the event.

All we do know is that far less American lives were lost during the Carter Administration than in the succeeding two Administrations.

Today, President Bill Clinton is denounced as weak-willed and wishywashy because he has not put our armed forces into the Bosnian war, and because he made a deal with the Haitian military to obtain a bloodless landing there.

At this point, the fact that the Bosnian war appears to have been contained and scaled down without benefit of American military intervention is not trumpeted by the media.

At this writing, no one can be sure of the safety of Americans in Haiti, but it is becoming abundantly clear that the Haitian military is composed of murderous thugs. We do not know how murderous the forces of the Haitian President are, but the television cameras show a populace of supporters of the Haitian President being attacked without provocation.

Yet the talk show hosts continue to paint the elected President of Haiti as the

**000000000000** 

villain, and President Clinton as his hostage.

The people who demand military intervention are frequently the same people who denounce the resulting casualties, provided it is politically expedient.

We still do not know why scores of American lives and hundreds of Panamanian lives had to be lost to capture Manuel Noriega, who has been in American custody for four years now, and still seems no closer to trial than ever.

Thre is still a question of whether we have to right to invade another nation to bring a citizen of that nation - much less a Head of State - for trial here.

If we could say that Panama was now a flourishing democracy, that might be an argument for the shedding of blood.

But more drugs than ever are flowing through Panama. The people of the Balkans have been at each other's throats for centuries. Haiti has been steeped in blood and horror from the time the French took it as a slave colony in the 18th Century.

The people bemoaning Administration unwillingness to become bogged down in these historic morasses do not really shed tears for the innocent victims, nor do they really care to see healthy democratic states created. That would take considerable investment of American time and money, and it is easier to carpet bomb people than to rehabilitate them.

In view of all that history tells us, it is a wise policy not to lose lives in places where democracy has never existed. Bosnia and Haiti are not Norway or Czechoslovakia, where freedom was known before Hitler and Stalin came.

So don't send somebody else's son to do the impossible and the unappreciated.

### Town hall renovation costs doubled

(continued from page 1)

questioned why the amount had more than doubled, and Cook responded that "the scope of the work had not been determined in June, and we had to have a bond ordinance passed to satisfy EDA."

Township Attorney Robert Giordano said the town would have lost \$300,000 in EDA grants if they had not passed the bond ordinances in June.

Spillane said the committee looked for substantial reductions of at least \$50,000 to \$100,000, "But any cuts we could have made would not have made a difference."

Cook said "We were looking at \$5,000 here, \$3,000 there. The big cuts were just not there.'

Messina said the original structure cost \$60,000 in 1913, while the land cost \$10,000.

We got a good return on our investment. We're at a point now where this has to be addressed. We're not experts, but when I see a piece of concrete falling, I see we're going to have to do something," Messina said, adding later in the meeting, "It's also a pride thing. Here is an historical land-

The Council has received permission from Board of Education officials to possibly use the vacant School #1 for about the six months it would take to complete renova-

Cook said "We would have to move everybody out, because air quality regulations are very hard to meet while you're doing the work."

A Statement of Commitment by the Township has been sent to the state proclaiming that the town will proceed under the New Jersey Municipal/County Infrastructure Loan Program. The statement is for the two separate projects, the interior and exterior of Town Hall.

Bids are being accepted for the renovations, and Messina said again on Oct. 3 that the total amount bonded did not have to be completely spent, but the amount was necessary since the restoration may entail more than is currently expected.

The council has rectified questions from state officials regarding the EDA funding.

Township officials were told they may lose low-interest, long-

term state loans to help fund the restoration of the interior and exterior of Town Hall because they

failed to meet state deadlines. The council had approved the first \$500,000 bonding ordinance for the exterior restoration of the town hall building, parts of which are crumbling, despite protests from a handful of residents about the amount being bonded.

The architect needed to provide a time frame, including a schedule for when bid specifications could be put out to bid.

The loans would be paid back at 1.5 percent interest over 20 years.

Comito Associates has been hired as architect for \$20,000, less than the \$40,500 originally allocat-

### A new fish in our area -St. Peter's Red Tilapia

Tilapia has been enjoyed and cultivated in other parts of the world for centuries. It is considered the world's original aquacultured fish and was eaten by Egyptian. pharaohs 4,500 years ago as depicted in hieroglyphic paintings and carvings that show King Tut and other pharaohs raising and catching tilapia.

Aristotle coined the name "tilapia" which in ancient Greek meant "distant."

Historians believe that two thousand years ago, tilapia was the fish Jesus fed to the multitudes in the biblical story of the loaves and the fishes. It is also the fish Jesus is said to have miraculously filled St. Peter's nets with and tilapia, in some areas of the world, is called St. Peter's Fish.

Today, St. Peter's Red Tilapia is farm raised and grain fed in crystal clean water coming from the Andes Mountains in Columbia, South America. St. Peter's Red Tilapia are boneless, skinless, white fillets that are mild, moist, sweet, and firm, with no fishy taste. Tilapia is now breaking through as an important and popular new fish, available to consumers in the U.S. market place.

#### ST. PETER'S ALMANDINE

2 pounds St. Peter's Red Tilapia

2 tsps. salt

2 tbsp. lemon juice 1/8 tsp. pepper

1/2 cup all-purpose flour

1/4 cup margarine or butter, melted

1/2 cup blanched slivered almonds

2 tbsp. chopped parsley 1/8 tsp. liquid hot pepper sauce

Sprinkle fish with lemon juice, salt and pepper. Coat fish with flour. In a 10-inch fry pan, place fish in a single layer in melted margarine; cook over moderate heat for 4 to 5 minutes or until brown: turn carefully. Cook to 5 minutes longer or until fish is brown and flakes easily when tested with a fork. Drain on absorbent paper; remove fish to a warm serving platter. Saute almonds in remaining margarine until lightly browned; add parsley and pepper sauce. Serve over fish.

#### Women's health series to be presented

Inspirational speaker and seasoned family counselor Rosemarie Poverman, M.S.W., A.C.S.W., will be the keynote speaker at the first of four health promotion programs targeted to women this fall in "For Her, For Health," a special series sponsored by The Healthcare Institute at Mountainside Hospital

in Glen Ridge.

The series will kick off on Oct. 12 with "Maximizing Your Potential," featuring Poverman's unique, humorous perceptions about family life, stress management, the workplace and other women's issues.

This recipe is intended to be part of an overall healthful eating plan. Total fat intake should be less than 30 percent of your total calories for a day — not for each food or recipe.

#### Pink Lemonade Pie

- cup evaporated skim milk
- envelope unflavored gelatin tablespoons water

- 8-ounce carton low-fat
- 6-ounce can pink lemonade concentrate, defrosted
- lemon yogurt
- tablespoons sugar
- tablespoon grated lemon rind
- drops red food coloring
- teaspoon vanilla extract 9-inch pie shell, baked
- and cooled

Place evaporated milk in a plastic bowl in freezer just until ice crystals begin to form around edges.

Let gelatin and water stand in a large glass measuring cup for 5 minutes for gelatin to soften. Stir in lemonade concentrate. Heat in a small saucepan over medium-high heat (or in crowave on high for 3 minutes) to dissolve gelatin. Set aside for 5 minutes to cool

Stir in yogurt, sugar, lemon rind and food coloring. Pour into a bowl, cover and chill in refrigerator until partially set.

Remove chilled milk from freezer and whip until stiff. Add vanilla extract to whipped milk just until mixed. Mix one-third of whipped milk into lemonade mixture, then fold in remainder. Pour into cool pie shell, cover and refrigerate several hours, or

Serves 8.

The couple will be married this November.

### New food labels can guide you toward a healthier diet

"Low fat." "Low calorie."

Packaged foods containing health claims like these have

appealed to us for the past several years, but they didn't always do much for our diets. The food labels often contained incomplete nutritional information that applied to unrealistically small portions. Now new food labels are required; they're more accurate, easier to understand and more useful in planning a healthful diet. And the "low fat"-type claims have been

standardized across product lines. For years, food labels were printed on packages as a way to help consumers prevent malnutrition, especially vitamin deficiencies. However, an increase in ready-prepared foods has caused many of us to suffer from "overnutrition" - dietary excesses of fats, cholesterol and sodium. As a result, an increasing number of people are at high risk for cancer and heart

disease. The new labels required by the U.S. Food and Drug Administration - titled "Nutrition Facts" use bold, easy-to-read graphics that prominently display the amount of calories from fat, cholesterol, sodium, sugars and dietary fiber in a normal serving size of the product. They are on most packaged foods and may even be posted in your supermarket near produce, meats and the deli counter.

The labels can help you choose healthful foods and show you how those foods fit into a recommended daily diet. The new labels have a column that lists nutrients in terms of a percent of "daily values." For example, a particular food item containing 13 grams of fat may not

seem unhealthy. But a quick glance at the daily value column will show that the item in question contains 20 percent of recommended fat intake for the day!

Keep in mind that daily values are based on a standard 2,000-calorie diet. If you eat a higher or lower amount of calories, you should adjust the figures slightly to meet your dietary needs.

Following are some helpful hints for reading the labels:

· Limit your calories from fat. Choose foods with a big difference between the total number of calories and the total number of fat

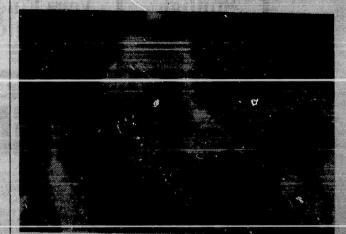

calories. · Eat foods that are high in complex carbohydrates and fiber, such as bread, potatoes, fruit and vegetables. They give you more nutrients

· Foods high in protein usually contain unwanted fat and cholesterol. Eat smaller servings of lean meats, fish and poultry. Try vegetable proteins like beans, grains and cereals, which are low in cho-

than sugary snacks.

lesterol. · Remember that the nutrition information is only correct if you eat the serving size recommended. If you eat one-half the serving size, cut the nistrient and calorie in half.

For more specific nutritional information about a particular food, look for the manufacturer's toll-free phone number on the package. A registered dietician can help you plan a diet that includes all the right foods to meet your needs. You can also call the American Dietetic Association's National Center for Nutrition and Dietetics at 1-800-366-1655.

# Belleville

### Attn: Township Council. Add JV soccer to list of Buc "road only" clubs

You have all heard about the saga of the Belleville High School boys and girls' tennis team. You've heard the story of the track team. Now, add the Belleville JV soccer team to the list of teams that can't use the facilities at Municipal Stadium because of the lousy condi-

The JV team would normally compete on the field adjacent to where the varsity football team plays. But that field has been neglected for years, and now, because of the moon size craters and dangerous conditions there, the team will have to take their show on the road for the fall season.

The tennis and track programs have been through this drill since the Reagan Administration, so there is some credence to their plight. If the JV soccer team has to be a road-only show for 1994, then sobe-it. But while the team is on the road this season, is there any chance that the field will be worked on?

Or will there be six or seven years of procrastination, with committee upon committee and meetings upon meetings which, in the end, will mean nothing except total frustration and taxpayers wondering where their monies are going?

In a normal community, it would be more than understandable. A team has to sacrifice a year on the road, but it can look forward to returning to a nice facility the following season. Progress at its best, right?

Belleville is not the "normal" community. Its council will play politics until the matter is buried under so much red tape and the situation is deemed hopeless.

It becomes even more frustrating when you visit other towns. We've talked about Nutley and Kearny in previous issues. Last Friday night, the varsity football team played at Clifton.

If you were there, then you know what an absolutely beautiful facility Clifton has. All weather track, impressive grandstands, nice green football field with the Mustang logo at the center of the field.

According to Belleville Athletic Director Karen Fuccello, the renovations on the Clifton facility took place recently. Fuccello also told me that East Orange did a major rehauling of Martens Stadium. The stadium now has artificial turf, all weather track and a complete set of tennis courts. And, get this, it was done in a little over a year.

Orange High School also has a football/baseball facility with arti-

So, you can now point to Nutley, Kearny, Clifton, East Orange and Orange as neighboring communities to Belleville that have provided their young athletes grade A facilities to compete on. And I haven't even mentioned Bloomfield, where Foley Field is an old facility but has been maintained much better than Belleville.

In Belleville, the tennis team calls Bloomfield home, the cross country team calls Nutley home, the track team calls every school they visit home and the JV soccer team is now home in every place

And while we watch this pitiful display of "let's do nothing but

posture", a few questions for the Council.

Have you done anything about the JV fields yet?

Have you put clay down on the varsity baseball field for next year

Have you made arrangements to drain the sprinkler system on the varsity baseball field, or do you plan on waiting for the system to explode for a third straight year next spring?

And what of the Belleville High School track? Should head track coach John Tosato just assume that he will once again be on the road for the 1995 season? Should Karen Fuccello call Nutley and ask permission for the Bucs to use the Nutley track (the all weather, state of the art track) for their home matches?

Maybe the track team should use Kearny's home track (that, too, is an all weather track. Don't forget, Belleville can't have a decent all weather track because of the dreaded "Water Table", which has been an issue here since Franklin D. Roosevelt was President).

This way, the tennis teams will be "home" in Bloomfield, the cross country team can stay "home" in Nutley and the track teams can call Kearny their "home" site.

Belleville would then truly be the "neighboring" town. Maybe the Council can try that. It would be a great advertisement. Eventually, all the high school teams can have "home" sites in other towns.

I can see it now. A few years from now, the football team will host Teaneck at Bloomfield, the tennis team will be home to play Paramus Catholic at Brookdale Park, the soccer team will be host to Ridgewood at their new facility in Nutley and, in the spring time, the baseball team will be home to Don Bosco at Lyndhurst. The baseball team would have been home in Belleville, but for the fourth straight year, the sprinkler system blew up and the field is under water. (Don't worry, a committee has been formed to find out why the sprinkler system keeps blowing up, and, if everything works out, the baseball team will be back in Belleville for the 2002 season).

While some of this might seem somewhat sarcastic, the bottom line is still the fact that a number of Belleville athletic teams can't compete at home. And, since the Council members can't even agree as to what should be done first to repair Municipal, the chances are pretty good that more teams will be on the road soon. (There was talk of knocking down the grandstand area all together and starting all over again. Why would we do that after spending nearly \$500,000 in "Green Acres" funding four years ago to rehab the structure of the grandstands? Wouldn't it be better to paint the place and beautify the inside of the grandstands, which right now is a pigsty?)

And the taxpayers can sit back and ponder the question, "where does our money go? It certainly isn't going to fixing Municipal

Some of it probably goes to the legal fees that have been piling up for the past three years for the ridiculous restraining wall issue. Guess what, that issue still hasn't been resolved.

So, the clock is now ticking for the JV soccer team. It's ticked for seven years for the tennis and track programs. How long will it take (Continued on page 14)

## Pasterchick returns to lineup, Berardi 'hopeful' tomorrow Early Clifton TD's defeat Bucs

By Mike Lamberti

The Clifton Mustangs scored two first quarter touchdowns and never looked back, downing the Belleville Buccaneers 28-14 last Friday evening in Clifton.

The defeat dropped Belleville's record to 0-2 while Clifton improved to 2-0 on the '94 cam-

John Senesky's Bucs will be at St. Joe's of Montvale tomorrow evening, beginning at 7 p.m.

"Inexperience will lead to mistakes, and we made plenty of them last week," Senesky said. "We have kids that are playing varsity football for the first time, and you're bound to see the type of mistakes that occurred last week.

"Nonetheless, we have to work through them, because in this league, there is little room for mistakes. Against Clifton, we made more mental mistakes than physical, ones, and that's the thing we have to correct the most."

The Bucs played without starting quarterback Sal Berardi and starting wideout Michael Loney.

"Without Sal, the opposing defense will blitz more," Senesky said. "Sal adds extra speed at the quarterback position and his ability to run and throw well helps us."

Berardi injured his knee in the season opener against Teaneck. He has responded well to treatment and Senesky is optimistic that the senior can play tomorrow night at St.

"It's up to the doctor, and we'll have to see how he responds in practice this week," Senesky said. 'but we're hopeful he can return for the St. Joe's game. His knee has responded well."

Loney should be okay for tomorrow night's game. He, also, was injured in the season opener.

On the plus side, senior lineman Brian Pasterchick returned to action last Friday night after missing most of the pre season and the opener at Teaneck with a knee injury.

"It (the knee) felt pretty good," Pasterchick said after the Clifton game last Friday night. "It was good to be out there.'

Pasterchick's leadership will be vital to the defensive effort. Last

Friday evening, the Bucs were stung by two first quarter touchdowns from the Mustangs. The Bucs were not able to recover from the 12-0 deficit and Clifton, sensing Belleville's offensive inexperience, rushed quarterback Ram Parekh throughout the game.

Parekh, a junior, responded pretty well and completed some good passes, especially in the second half.

He completed passes to Angelo Gabriel, Dave Paladino and Robert Romano in guiding the Bucs to their first score of the season early in the fourth quarter.

Paladino, a junior running back, capped the drive with a one yard run. Paladino then added the two point conversion, catching a three yard pass from Parekh.

Belleville's second score came late in the game, following a Clifton safety which made the score 28-8.

This time, sophomore quarterback Rich DeFalco led the drive, which was culminated by a one yard run by Tyrone Fitts with :38 left in the game. The Bucs missed the two point conversion and the final score read 28-14.

Turnovers were a key to the Bucs early demise. Bad snaps on the shot gun, interceptions and fumbles gave Clifton scoring opportunities and the home team didn't disappoint.

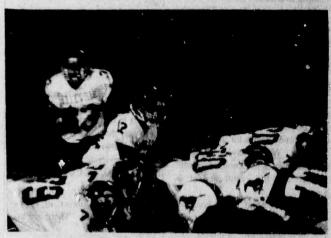

"Defensively, we're playing an eight man front, which hopefully will allow us to pressure the ball

"But by playing the eight man front, we're giving up some speed on defense and it's hurt us in the early going. Our secondary has had to make more tackles than we had hoped."

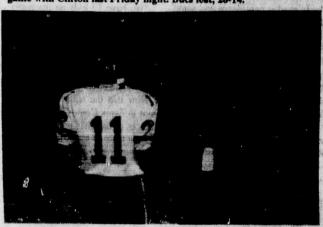

Offensively, Senesky admits that the team doesn't have the big game breaker.

"We don't have that one runner who can take over a game. We have some tough runners and I'm happy with the performances of our backs. But because we don't have that breakaway runner, we need to be more consistent. Hopefully, if Sal is able to play, we'll be able to make some things happen on offense.

"Ram (Parekh) played a good

Buc quarterback Ram Parekh shouts signals during second quarter of game with Clifton last Friday night. Bucs lost, 28-14.

Quarterback Rich DeFalco gets some instruction from head cuach John Senesky during fourth quarter of last Friday's game. DeFalco led Bucs to late score. Believille is at St. Joe's tomorrow night at 7 p.m

game. He's an Artie Caruso type of player. He throws the ball well, handles pressure well and is good at

As for St. Joe's, the Bucs will be facing another quality team.

"They have the typical St. Joe's team," Senesky said. "Bruising fullback, very good tailback, a quarterback who can run and throw well, good size on the line, quick on

"They're a well coached team, and we'll have to work on our technique in practice this week if we're going to give them a good game."

NOTES: Bucs have not fared well with St. Joe's over the past four seasons. St. Joe's has won from 1990-1993 by scores of 19-0, 13-0, 16-10 and 28-3 respectively. Last years game was also played in Montvale. In that contest, played in week eight, the Bucs came in with a St. Joe's by one game in the standings. St. Joe's took advantage of Belleville turnovers and took a 21-3 lead into halftime.

Bucs only touchdown against St. Joe's the past four seasons came in the 1992 game, at Belleville, when John Alvarado recovered a fumble and returned it for a score. In that game, the Bucs were driving for the winning score in the fourth quarter before the drive stalled at the St.

Belleville's lone victory in this series came in 1983, a 30-6 triumph at Municipal Stadium. Teams did not play each other from 1984-'89.

# Nguyen, Sagbay pace x-country stunner

By Mike Lamberti

History was made on the facade of Nutley Park last Tuesday when the Belleville boys' cross country team defeated arch rival Nutley, 26-

It was Belleville's first win over the Maroon Raiders in cross country since 1964. The Bucs also stopped league rival Sf. Joe's, 25-30 last Tuesday to sweep the tri meet on the Bucs home course in Nutley

John Tosato's team, which opened the season on September 20 with defeats at the hands of Hackensack and Don Bosco, were 2-2 entering this weeks action.

Belleville was at Paramus last Tuesday and will take on West Essex and Manchester at West Essex this afternoon, commencing at 4 p.m. On Saturday, the Bucs will compete at the Essex Catholic Invitational, beginning at 1 p.m. Next Tuesday, Belleville is at Teaneck in a tri meet that also includes league power Paramus

"It's been a while." Tosato said in regard to Belleville beating Nutley in cross country.

"We looked back at the yearbooks and I spoke to Ray (Haneke, the Belleville cross country and track coach from 1968-74) and he didn't remember beating Nutley.

"The kids were happy and it's nice to have the opportunity to defeat them. We've come close a few times and we've finished ahead of them in league races, but this is the first win in a race in at least 30

Phong Nguyen led the Belleville , linishing second overall with a time of 18:28. Carlos Sagbay placed third in 18:30 and Anthony Marchione was ninth overall in

Brad Koch placed tenth in 20:51 and Mike Matos was 12th (21:22). Pete Santora (23:51), Rachel Chullandana (26:21) closed out the Bosco, 15-50.

"It was an interesting day," Tosato said. "Hopefully, the kids can use the momentum of both wins and continue to improve in the league. Beating St. Joe's was also a big lift for us.'

In the opening meet, the Bucs Anderson (25:34) and Vera lost to Hackensack, 18-43 and Don

> the race and was the first Buc across with a time of 17:56. Nguyen was next (19:27) and was followed by Marchione (20:34), Koch (21:00), Matos (21:37), Santora (24:39) and Anderson (25:05).

### Joe Colucci's goal stops Paramus

By Mike Lamberti

Defense continues to dominate for the Belleville soccer team.

Gino DePinto's troops tied a strong Hackensack team at one last week, then won a key league contest with Paramus, 1-0.

The Bucs were 3-1-2 entering last Tuesday's game with Teaneck This afternoon, Paramus Catholic comes to town for a 4 p.m. contest. Next Tuesday, it's off to Nutley, also at 4 p.m.

'We're continuing to play great defense," DePinto said. "We've given up three goals in six games this year. You can't ask for much more than that."

The Bucs have outscored their poonents 9-3 in the first six contests. No opponent has scored more than one goal on the Belleville

Against Hackensack, DePinto

was pleased with the results. "If you ask me, I think Hackensack is the best team in the NNJIL and they might be the best team in Bergen County," DePinto

"We played them about as evenly as we could. It was a real tough game."

Belleville lost the services of sophomore Nick Colucci in the Hackeneack contest Colucci was involved in a violent collision with the Hackensack goalie and suffered a concussion. He will be out of the lineup for a few weeks.

"He'll be okay, but he took a tough hit," DePinto said. "It takes a while to recover from that type of injury."

After a scoreless first half, Hackensack scored first. The Bucs countered on a penalty kick by Frank Tafur.

Versus Paramus, Belleville scored the games only goal with just 2 1/2 minutes left in regulation

Joe Colucci tallied the goal, unassisted, to propel the Bucs to

"Paramus has a good team," DePinto said. "Just about every game in our conference is going to be defensive minded and played with intensity."

Belleville goalie Natale Guagliardi was once again outstanding.

His defensive line consists of Anthony Raczyk, Steve Collett, Michael Corino and Frank Toledo.

The Buccaneer midfield of Joe Colucci, Tafur, Jim Berg and Mike Guzman have been termed outstanding by DePinto.

The front line of Joe Cotugno, Christian Guanoquiza and I Cólucci have shown steady

"We've made a lot of adjustments on the front line," Definition ments ou too front me, bernard said. "The kids are all doing a good job there. Sometimes, we'll take midfielder and move him him to forward position. It depends on the (Continued on page 149)

### DeJesus excels for tennis

By Mike Lamberti

Tony Salese called it a "good week".

On paper, it didn't appear to be that good for the Lady Buc tennis team. The girls lost four matches, but they were at the hands of some of Bergen County's best teams, and Belleville did display a high level of competitiveness.

The Lady Bucs lost to Teaneck, 5-0, Paramus, 4-1, Ridgewood, 5-0 and Immaculate Heart, 4-1. The team was 3-7 heading into this weeks action.

Belleville will host (well, sort of host) Paterson Kennedy tomorrow afternoon at 4 p.m. As you might know, the Lady Buc tennis team will be using Brookdale Park as their "home" courts for this season.

Next Wednesday, Paramus Catholic comes to Brookdale. Both "home" matches commence at 4

"I call it a good week, because our kids really battled," Salese said. "This is developing into a very talented team. We're young, we only have two seniors, and all the girls really need is confidence and some more experience."

Last week, sophomore Christine DeJesus excelled for Belleville. Playing third singles, she won her match against Paramus, 7-5, 2-6, 6-1 and prevailed in straight sets in the Immaculate Heart match, 6-3, 6-4.

In the Teaneck match, she lost in three tough sets and against Ridgewood, playing against a very talented player, she was defeated by

By Rocco Constantino

Once a team reaches the top,

there are not many places it can go

from there...especially if it's a high

school JV team, where the best

players are moved up to varsity the

However, George Turturiello's

soccer team is playing with another

decided disadvantage - they have

no home facilities. You can add

them to a growing list of Belleville

athletes who play their entire sea-

son without ever hearing the cheers

of a home crowd, because every

game is a road trip. Couple that

with playing in the rough NNJIL

and it will be difficult to build on

last season's 16-1, division-win-

old, and Turturiello's squad stands

at 3-3, in this rebuilding year. The

Bucs have shown the ability to

rebound after a tough stretch with

The season is about two weeks

ning campaign.

flashes of brilliance.

next year.

scores of 6-2, 6-4.

"She's really coming around,"
Salese said of DeJesus. "Even if the
losses, she battles. We played some
real tough teams last week, and she
put us on the scoreboard in two of
those matches."

Salese is also pleased with the play of junior first singles, Tanya Palic.

"All she needs is the experience of playing at this level on a consistent basis," Salese said. "She's got great ground strokes. The potential is there for her to be a great player on this level."

Palic was especially impressive in the Ridgewood match last week. She lost it, three sets, 3-6, 6-4, 4-6, but to play the number one player in Ridgewood to three sets and lose just one service break in the deciding set, is quite an accomplishment.

"At first singles, you're up against the best player in every rnatch," Salese said. "There are no breaks there."

So, despite the setbacks, the team continues to be optimistic.

"We have 17 kids on the roster this year, which is one of the best turnouts we've ever had," Salese said. "The team enjoys playing and now that we have a place to practice (Brookdale Park), we can put more work in and continue to improve."

Now that the team has a home court in Essex County, what are the chances of the girls having a home court in their own township?

Something to ponder for next week.

After losing to Don Boco and

Nutley, 4-0 and 2-1, respectively,

they stormed back by beating St.

Joe's, 5-1, and Hoboken, 7-0. In

the St. Joe's game, junior Mike

Brown scored a hat trick. Brown

has four goals on the year. The

Bucs have also beaten Paramus, 3-

0, and dropped a physical game to

defense with holding off the oppo-

nents, and mentioned that his sea-

son is somewhat of a rebuilding

year. Many of his players from last

year are starting on the varsity.

which is enjoying early success.

Junior Remo Iannitelli has played

every game in goal so far and has

posted two shutouts. Hamilton

Reyes has tallied three goals on the

Mike Brown scores 'hat

trick' for JV soccer team

### Romano, Fitts, Graham lead JV Bucs

By Rocco Constantino

One of the strengths of John Apicella's JV Bucs team through the pre-season has been the running game.

Two of the three main backs saw varsity action on Friday night, and brought that valuable experience into Monday's game against Teaneck at Doc Ellis Field.

Belleville took a 14-0 lead at halftime, then, showing the mark of a good team, finished off the Highwaymen in the second half. The final score was 26-8, bringing the Bucs' record to 1-0.

Junior running back Rob Romano led Belleville on its first scoring drive. Romano, sprung by a key block from center Scott Rafferty, ran 50 yards to the Teaneck 20.

After losing yards on the next three plays, quarterback Rich DeFalco hooked up with Tommy Dyer on a 20-yard pass on fourth down to continue the drive. Two plays later, Donell Graham scored his first of two touchdowns.

The Bucs' second score came after three successive long runs. Tyrone Fitts slashed for 25 spectacular yards, Romano ran for 30, and Fitts again scurried for 25 to set up Graham's second touchdown, a

two-yard plunge over the pile. Romano ran the conversion in for a 14-0 halftime lead.

After Teaneck ran the second half kickoff back for a touchdown, Belleville came right back and marched 70 yards for a score of their own. Fitts capped the time-consuming drive with a one-yard run to bring the score to 20-6.

Apicella's defense, which played inspired football all day, set up the final score. Brian McIntosh caused two consecutive fumbles, the second of which was recovered by Belleville. The short drive ended with Romano scoring from three yards out. Again, the conver-

sion failed, and the clock ran out leaving Belleville with a 26-8 opening day win.

JV Game Notes: Tyrone Fitts made a touchdown-saving tackle in the first quarter, catching a runner from behind at the 10-yard line. The defense came through and stopped Teaneck from tying the

Dyer was DeFalco's favorite target, as he connected with the split end on three third down conversions.

Belleville is on the road next week to battle the Clifton Mustangs.

## **Buc Shots**

(Continued from page 13)

before the JV soccer team can call Belleville home once again?

Don't hold your breath folks, because you're bound to suffocate.

And one more thing. If the Council ever decides to do something, will it ask for plans from a certified architect?

The Landon Plan, designed by a certified architect, Jim Landon, and done for the Council by Landon for nothing, featured no major renovations. Just some creative, basic, sound ideas to better utilize the space that Municipal has, and in the same tone, improve the facilities for the football, baseball, soccer, tennis and track teams.

It was presented twice to the Council three years 2go, and twice, nothing was done with it, except for the usual rhetoric of how impressive the plans were and we'll certainly get back to you on that. Does it seem frustrating to you folks?

Just imagine what it's like for the athletes and coaches of the teams that are affected by this never ending story.

# New Lady Buc soccer team ready for inaugural season

By Rocco Constantino
Over the past five years, the

Belleville soccer program has enjoyed a remarkable rejuvenation.

In 1989 there were barely enough players to fill the JV roster. However, a recent influx of players has spawned successful varsity, junior varsity, and freshman boys' soccer programs. Now, a new step has been taken to satisfy the hunger for soccer.

The Belleville girls' soccer team begins their inaugural campaign on Wednesday at Clearmon Field against West Orange. The sport competes only on the JV level and is coached by Arlene Muller.

Coach Muller is pleased with the turnout and has been encouraged with the girls' practices. Christina Killian and Nicole Fornaratto have been named co-captains for the season and will be looked to for leadership. The goalie spot is still undecided, with Tracey Gibson and Kim Carillo practicing equally well.

The players' enthusiasm and dedication should make for some exciting games. All home games will be played at Clearmon Field (Number Eight School).

### Junior Bucs win on all levels, 'B' team remains unbeaten

It was a great weekend for all the Belleville Junior Buc football teams.

The "A" team improved its record to 3-1 with a solid 20-6 victory over Bloomfield. The "B" team remained unbeaten with a 6-0 triumph over the Bengals while the "C" squad earned victory number one with a resounding 21-0 triumph, also against Bloomfield.

For good measure, the "B" Pirate team was also on the winning side of the scoreboard, posting a 12-6 win at Garfield.

In the "B" game, Mike Forlenzo scored the only touchdown of the game on a four yard run up the middle. For the game, Forlenzo had 60 yards rushing on ten carries.

Halfback Bo Bernard carried seven times for 45 yards and quarterback Billy Bretzger was 2 for 5 passing for 40 yards.

Defensively, the Bucs recorded its third straight shutout. Danny Lally had one interception, giving him an incredible six for the year. The Bucs held the Bengals to just three first downs in the game.

"Our defense has been near perfect all year," said head coach Joe DeRiggi. Shutting out a team like Nutley last week (September 24) was a real confidence builder for us."

The "A" team won its third in four tries with an impressive 20-6 triumph.

Bill Abrams' team fell behind 6-0 in the first quarter, then rallied for two scores before the end of the first half.

Frank Zarro hit Marquis Thomas with a 48 yard scoring strike and Herbie Bolante scored on a 55 yard reverse. Following Bolante's score, Mike Biase kicked the point after attempt, which is good for two points in the league.

Belleville's final score came in the fourth quarter on an option pass from Biase to Joe Morgan, good for 52 yards.

Emilio Gencarelli had an interception and Mike Fusco a fumble recovery.

The defense was paced by Anthony Marcantuono, Frank Zarro, Shaun Rodriguez and Greg Ilaria.

"The kids played well," Abrams said. "They rebounded well after losing to Nutley."

In the "C" game, David Bell took a handoff from Nicky Galante and ran 93 yards for an electrifying touchdown. Lawrence Fusco ran for the extra point, giving Belleville a 7-0 lead.

James Leake scored on a 50 yard run for Belleville's second score and David Sheridan ran for the two point conversion, increasing Belleville's lead to 15-0.

The final score came on another 50 yard run by Leake. Defensively, Al Roberts, Anthony Capaccio, Shawn Trainor and Nicky Pellow excelled for head coach Bob Haug. Others who did well were Frank Cerza, Jeff Martin, Danny Paladino, Neil Auricchio, Justin

Snow/Owney and Matt James.

In the Pirate "B" game, the Bucs rallied from a 6-0 deficit to win.

Jason Mundor, Ryan Sheridan,
Gary McDonald and George
Chumas paced the running game,
which accounted for over 200

yards. Quarterback James Risoli ran the offense well.

On defense, Hector Mendoza, Aaron Cervan and Lonnie Lawson were outstanding.

Dennis Sheridan's team also had strong line play from Roberto Canero, Anthony Cabun and Louis Auricchio on offense and Paul Lembo and Mike Ferrara on defense. Defensive standouts at safety included Kevin Caputo, David James and Mark Williams.

### Nick Colucci hurt in Hackensack game

(Continued from page 13)

situation."

The Bucs are also looking forward to the Essex County Tournament, which is set to kick off on Sunday, October 16. Last year, Belleville made good strides in that tourney, most notably a victory over the number one seed, Millburn.

St. Mary's asks that all animals be either leashed or put in a safe carrier for the blessing.

Sollad **Pharmacy** 

NO NEED TO ALTER DOSAGE

Anyone taking an over-the-counter (OTC) medication need not take such factors as weight into account when self-administering doses. (The only ones excepted from this rule are children and the elderly.) At the time of an variety of body types are taken into acco when assessing an OTC medication's window of effectiveness and safety. Thus, as long as an OTC medication is administered according to its label's directives, there is no need to al dosage. It is also a mistake to think that taking more of a medication will yield better results.

**Vincent** Cozzarelli Reg. Ph.

more of a medication will yield better results. If you have a question concerning dosage on an over-the-counter or a prescription medication call 759-1956 or 759-1968 or stop by and talk to our pharmacist at ROSSMORE PHARMACY, 338 Washington Avenue. "Your Doctor Knows Us-Your Doctor Trusts Us." Many items are stocked including greeting cards, baby needs, kussell Stover candies, film, cameras, cosmetics, and toiletries. Open: Daily 9am-10pm, Sundays 9am-9pm. National Sudden Infant Death Syndrome Awareness Month (Oct. 1-31) provides a month long focus on this major cause of death for infants over one week of age. The hope is to increase public awareness and funds for medical research and family services.

HINT: In general, the elderly are at grank for side effects from most drugs.

### Adhesive For Treated Wood

This adhesive is formulated especially for use with pressure-treated wood in exterior applications. Water-proof PL500 bonds wood members, requiring fewer nails and resulting in less wood splintering, less nail pop-ping and fewer hammer indentations. It is manufactured by ChemRex Inc, producer of Contech® Brands adhesives. Hickson Corporation, licensor of Wolmanized® pressure-treated wood encourage the use of PL500® Outdoor Project Adhesive with this lumber were practical to take advantage of the potential construction sav-

Your landlord

ings. Wolmanized wood, which originated in 1933, is the most widely used brand of pressure-treated wood in North America. The construction ap-plication with PL500 is part of an effort that helps expand the use of related products

Contech Brands, which carries a full line of PL Adhesives for the do-ityourselfer and contractor, is a division of Minneapolis-based ChemRex Inc., a manufacturer of construction products for the commercial and consumer markets. For additional information, write to: Contech Brands, 889 Valley Drive, Shakopee, MN 55379.

### Yearly Inspections Help Avoid Problems On Home Exterior

A short, walk-around inspection of the exterior of your home can prevent minor problems from becoming major ones.

Homeowners can protect the major investment in their home by a yearly inspection. A short walk-around check of the home's exterior can prevent minor problems from becoming serious ones.

For most people, a home is the single largest investment they will make. It is a sign that they have attained a certain standard of living. It makes good sense therefore to protect this investment so that its value will grow.

Quite simply, there is no such thing as a totally maintenance free home. When any exterior wood or wood-

based cladding material is installed, its product instructions, the material will perform in all climatic conditions.

A yearly, 20-minute walk around inspection will help you diagnose and prevent many of the problems caused by weather and improper installation. A homeowner's checklist should include checks for dirt build up, mildew, loose or cracked caulking and condition of the paint.

Homeowner maintenance will pay dividends. It must include checking for loose or cracked caulking, mildew and dirt build up, and condition of the paint film. Many of these problems, such as mildew, algae growth, caulking and painting can be easily taken care of by the homeowner using common household tools.

Many problems in exterior wood products are caused by design and construction defects and lack of prop-er maintenance. A wood or woodbased product manufacturer is not responsible for deficiencies in architecture, workmanship and/or lack of y maintenance. Where wood on a home is found rotted, severely mildewed and discolored, there is usu ally a root cause that involves water entry behind the exterior siding

and/or trim of the home.
For a kit on the recommended care of exterior wood products including hardboard siding write: Siding Care Kit, c/o Masonite Customer Service Department-H, P.O. Box 4032, Monroe, Louisiana 71211-4032.
