Police to get 4, 4.5, 4.75 percent raises; BMEA to get 4, 3.75, 3.5 percent ...

Police salaries pass; BMEA, Fire held

By Richard Dickon

The Police Department will get raises of 4, 4.5 and 4.75 percent over three years, while the Belleville Municipal Employees Association will get 4, 3.75 and 3.5 percent during the same period, under contracts settled between the unions and the Township Council.

The Council is still negotiating with the Firefighters Municipal Employees Association, while the salary contract for the BMEA was delayed at the Oct. 25 council meeting to clarify three changes in employee titles, according to Township Manager Stephen Cuccio.

Police Det. Mark Minichini, PBA President, and Barbara Tuck, BMEA President, were reserving comment until the salary ordinance passes after a public hearing. The police salary ordinance public hearing will most likely be at the Nov. 10 public meeting.

The Council voted 6-1 to table the BMEA salary ordinance after Deputy Mayor Thomas Spillane, Councilman Bill Cook and Councilwoman Angie Paserchia said they not had enough time to read

through and question the changes. Mayor Jim Messina voted not to table the ordinance.

Cuccio said the changes in the BMEA contract are for three employees. One is a private clerk, to work temporarily, who is not a Civil Service Employee. The second is to change the position of Purchasing Agent to Senior Purchasing Agent, a change Cuccio said was mandated by Civil Service, and a Civil Service test will be open to all qualified applicants.

The third change is the hiring of a Practical Nurse for the Health Department, which Cuccio said is already in the department's budget. A practical nurse is paid less than a registered nurse, Cuccio said, and a practical nurse is all that is required for the department.

Spillane said "I have no problem with the major portion of this (the BMEA salary ordinance). I have a problem with the nitty gritty, and I don't want to say later, 'I didn't know that.'"

Paserchia said "I just got this late last night, I didn't read it and I can't vote on it."

Council nixes \$2.4M for Town hall fix-up

By Richard Dickon

After protests from residents, the Mayor and Council failed to get the necessary five voters to approve a \$2.4 million bond ordinance for renovations to the interior and exterior of Town Hall on Oct. 25.

Residents continued to criticize the spending plan, questioning whether the specifications are too general, how to do the pointing of the exterior stone, how to replace windows, and if the roof needs replacing.

Mayor Jim Messina said the building's "historical character was destroyed" when it was linked to the new building, so no historic funding can be obtained.

Messina disagreed with residents' criticisms, saying, "I'm here everyday. I can see the disrepair. We have reviewed the costs of this building. At \$85 per square foot, this falls well within the means for construction."

Documents obtained from the buildings recent past show that a new roof was installed in 1978 and again in 1988, with the 1988 roof still being under limited warranty.

Work was also done on the concrete and stone exterior in 1983.

A copy of the proposal made by Springfield Roofing to complete the municipal building roof in March of 1988 states that a 10-year warranty exists, and it states that "during the first two years of this warranty, Nord Bitumi shall be responsible for defects in material only..." and "shall be responsible solely for any and all costs to correct any roof water leak caused by defective workmanship or installation for the first two years or any damage caused...For the remaining eight years of this warranty...will correct roof water leaks caused by defective material or workmanship... and will pay the costs of repairs necessary to correct roof water leaks caused by ordinary wear and tear by the elements."

Going back 10 years, earlier, records show that Dorsey Roofing Co., Inc. of Harrison applied a three-ply, built-up hot asphalt roof system over the entire roof system over the entire roof area, for \$14,320. This roof had a 10-year warranty that states "If any leakage occurs, due to normal wear and tear within the 10-year period, we

Family math, reading expands

By Richard Dickon

On a given weeknight, parents and their children can be seen building towers out of paper and paper clips, or sharing a classic story, as Family Math and Parents as Partners in Reading Programs continue to expand at Belleville elementary schools.

This year, Schools #3, 4, 5, 9 and 10 are offering Family Math programs, while Schools #7 and 9 will continue their Family Reading programs.

Superintendent of Schools Michael A. Lally described the program as parents and children learning math activities together in an enjoyable, non-threatening atmosphere.

This program provides teachers, parents and children with positive attitudes about mathematics. Rather than spend time on worksheets or in a lecture format, children and parents share the joys, frustrations and feelings of accomplishment applying inexpensive, manipulative items like beans, blocks, bottle caps and toothpicks to assist in solving math problems.

Parents then reinforce those solutions when helping their children with homework.

All the faculty involved have attended family math workshops at Rutgers University. Lally said continuing the concept "is exciting and

challenging, and therefore, we have been able to generate more staff interest and expand the number of participating elementary schools to five for the 1994-95 school year."

The grade levels will be determined by staff and interest surveys, Lally said, and the response has been encouraging and has provided direction.

The goals of the family math programs are to provide an overview for math topics taught in school; provide explanations of how these topics relate to each other; and provide activities which build understanding of math concepts with "hands-on" materials.

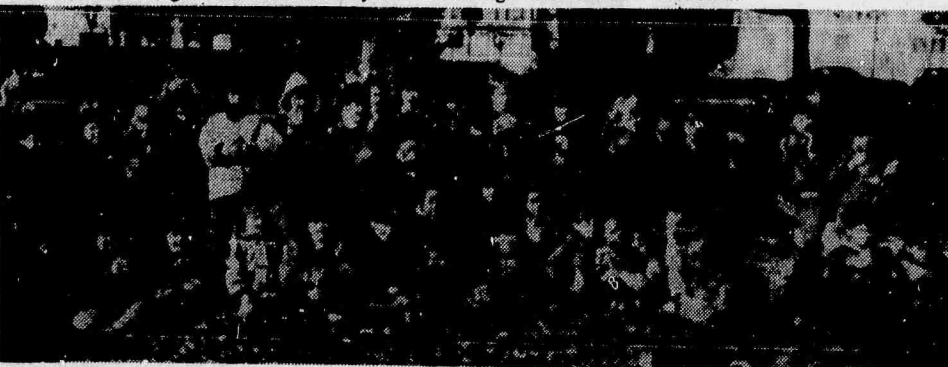

Also, the programs should provide an opportunity to develop problem-solving skills in a cooperative, non-threatening atmosphere; to forge a union between home and school and to improve attitudes toward mathematics.

The program can be supported through an educational grant if a minimal charge of \$5 is decided to be paid by participating parents.

Family Reading
"Parents as Partners in Reading" is a family literacy program currently being implemented in schools and libraries nationwide, according to Lally.

The program trains parents to read effectively to their children, providing language and readiness

Council vows effort to reduce Freeholders' \$400G pricetag for land purchase...

By Richard Dickon

After much discussion and some disagreement, the Township Council has named Catholic Community Services as non-profit sponsor for the senior housing complex proposed for five acres of land at the former Geriatric hospital site on Franklin and Belleville Avenues.

Council members also promised to continue to fight for the waiving of a \$400,000 payment to the County Board of Chosen Freeholders for the five acres adjacent to the new site of the Garden State Cancer Center.

Councilman Bill Cook and Councilwoman Angie Paserchia voted against CCS as the sponsor, while Councilman Victor Canning voted in favor of CCS but vowed to fight for leasing the five acres of land for \$1.

The Township plans to have the administration of the proposed 75 to 100 housing units, including selecting residents through a fair lottery process, the rent collecting and maintenance of the senior housing, be done by a non-profit, third-party organization.

Mayor Jim Messina, who has pushed for CCS, said "I have talked to 100 sponsors and my patience is wearing thin. I like the people associated with it (CCS). We've been stagnant for three and a half years. Talk is cheap. Let's do it."

Cook, as he said all along, voted against CCS because "They have not built senior housing for a town like Belleville."

The Reverend Monsignor Nicholas DiMarzio, executive director of Catholic Community Services for the Newark Archdiocese, has answered Cook's question regarding whether CCS has experience building housing outside an urban area, saying CCS does have suburban experience, and is in the process of developing another, similar plan in a suburban

community.

Paserchia said she would still like to talk to Sister Alice Matthews of Caldwell, as well as Mayor Carmen Orechio of Nutley, about senior citizen housing.

"I want to get this moving, but I want to feel comfortable," she said, "I was originally against senior housing. I wanted seniors to get

\$5M in Green Acres funds sought to renovate Municipal Stadium

By Richard Dickon

Councilman Jerry Digori announced at the Oct. 25 council meeting that a \$5 million application has been completed for state Green Acres funding to be used for repairs and/or renovations to Municipal Stadium.

The Council has been told that land acquisition is the first priority in Green Acres applications for this year, and that the funds would be one quarter grant money and three quarter low-interest loans.

The application was due Oct. 31, and any money would not likely be received for at least 18 months, according to officials.

Council and school board officials have also walked Municipal Stadium with two recreational planners, asked the planners to suggest plans for long-term renovation of the substandard stadium facilities, while the Green Acres low-interest loans and grants would fund any major renovations.

For the Green Acres application,

Digori said the Township needs only to supply very basic plans and is not locked into anything long-term.

Digori and others walked the stadium with a recreational planner who helped design the sports facilities at William Paterson College and a second planner, who designed West Orange's sports facilities.

skills essential to literacy.

Children in grades Kindergarten through Three and their parents will be targeted, with family members being trained in basic literacy skills and instructed in how to use those skills during shared reading sessions at home.

"The importance of the family in developing and maintaining an interest in literacy through natural language development has long

been established," Lally said.

The program will introduce topics, including reading and the environment; print awareness; developmental stages of learning; book selection; categories of reading; reading strategies and the reading session along with types of children's literature.

A tentative survey has been taken of Schools #7 and 9, with the results again proving encouraging and supportive of continuing the program, according to Lally.

Family reading's goals are to promote literacy, to help parents understand the learning process; develop stronger ties between home and school; to help parents select appropriate books; to train parents in effective read-along techniques and reading strategies and to promote listening skills, reading comprehension and reading fluency in children.

Belleville Senior News

Life begins at 80

I have good news for you. The first 80 years are the hardest. The second 80 are a succession of birthday parties.

Once you reach 80, everyone wants to carry your baggage and help you up the steps. If you forget your name or anybody else's name, or an appointment, or your own telephone number, or promise to be three places at the same time, or can remember how many grandchildren you have, you need only explain that you are 80.

Being 80 is a lot better than being 70. At 70 people are mad at you for everything. At 80 you have a perfect excuse no matter what you do. If you act foolishly, it's your second childhood. Everybody is looking for symptoms of softening of the brain.

If you survive until you are 80, everybody is surprised that you are still alive. They treat you with respect just for having lived so long. Actually they seem surprised that you can walk and talk sensibly.

So please, folks, try to make it to 80. It's the best time of life. People forgive you for anything. If you ask me, life begins at 80.

Congratulations to Peter and Frances Salerno on the celebration of their 58th wedding anniversary.

The Tues. and Friday Seniors have been asked to bring in staples food supplies for St. John's Church in Newark. They are in desperate need for food and with Thanksgiving coming

up the need is greater. So seniors, let's answer the call and help to fill up their pantry.

Josephine Molinaro, trip chairperson of the Friday Club stated that the money for the Hampton Inn trip should be in by now.

Welcome back to Rose Quali. Get well wishes to Jean Torremio, second vice president of the Tues. Club.

One of our members, Ida Hovasepian, is a reader at the 7:30 Mass at St. Peter's Church in Belleville. She always locks her purse in the trunk of her car. This one morning she was behind schedule so she put her purse in the closet of the little room behind the altar. You guessed it, someone sneaked in and stole her purse with all her credit cards and family photos, driving license, money and all the things you carry in a purse. So you see, your purse is not safe anywhere.

The Friday Club received a letter from St. John's, thanking the seniors for their past donations of food.

In the Old Guard Thurs. morning bowling league, Wm King bowled a three game 751 with handicap series. Congratulations Bill.

The Friday Social Club held their Halloween party at the center last week. Many seniors wore costumes and there was quite a variety. Some costumes were so good that you couldn't tell who the people were. A costume contest was held and the judges had a difficult time picking the winners.

Finally, the picked Ceil Celfo, dressed as a pregnant woman as the most original; Ida Hovasepian, a bunny with a drum as the most original, and Ann Sterlecci, a woman vampire as the prettiest. That's right, the prettiest! All the other contestants received a consolation prize. Chairperson Betty Barr and co-chairpersons Maria Troiano and Theresa Leonardis with the help of their volunteers did an outstanding job to make this party a success.

Tid bit: "A true friend is someone who's there for you when he'd rather be anywhere else."

\$5 Mil in Green Acres funds sought for stadium

(continued from page 1)

Committee on stadium renovations continue to meet with the School Board's Buildings and Grounds Committee, School Board Vice President Barbara Cicalese, Board members Ralph Mazzuca and John Notari and school administration officials to discuss long-term renovations.

Department of Public Works Director Charles Cerami and the Township Council have decided to perform necessary maintenance while long-term renovation plans are completed, possibly including immediate problems, such as painting the three exterior stadium walls, interior restrooms and the concession stands, repairing broken windows, and paving both the Norton Street access area and the tennis courts.

The Council has agreed that such temporary repairs were necessary since any state Green Acres funding was at least 18 months away.

Digori has repeatedly said that spending any significant money might be a waste of time if the entire stadium is going to be redone.

Mayor Jim Messina and Councilman Nick Cerami have opposed Digori's call for drastic changes to the overall stadium

complex that Digori and Councilman Victor Canning say are needed.

Messina and Cerami said they favor following the detailed architectural drawings of local architect Jim Landon, that call for repairing the existing facilities in phases.

Officials have suggested that the new DPW director be told to provide a maintenance plan, to be done in April and November.

Messina said the maintenance would begin on November 25th, the day after the football season ends, as would maintenance to baseball fields, including putting down clay.

Cicalese has focused on the locker rooms, calling them "abominable," while agreeing with council officials that a long-range plan is needed.

Mazzuca has called for officials not to place blame but to work together.

School Board President Gabe Nazzola has suggested that the Council give control of the stadium facilities to the Board of Education, along with the average amount, based on the previous five years, funded for maintenance and operation of the stadium by the Council.

Board member Robert Molinaro supported Nazzola's plan, while other board members did not comment.

Senior housing

(continued from page 1)

\$500 or \$600 off their taxes, but that was not reality. Senior housing came next."

As for waiving the \$400,000 cost for the county land, the freeholders need to agree by consensus to give five acres of former Geriatric hospital property to the Township for \$1 rather than the \$400,000 price tag previously set for the land that is earmarked for senior citizens housing.

Waiving the fee has had the continued support by Freeholders Joseph Palvecchio and Louis Palagano.

Canning said "My main concern is getting the land taken care of. I want to see a lower price from the county, preferably \$1. The sitting council has had their chance to get this, let's let the new people have a shot."

Canning said he met with Nutley officials, and found out that the same funding used in Nutley is no longer available to a more urban town like Belleville.

"We are one of two towns in the county who don't have senior housing," Canning said, "I think there are a lot of seniors who don't want the responsibility of cleaning gutters, shoveling snow, raking leaves."

The Council discussed whether or not Belleville residents would be given first priority on the housing and what the rent costs may be.

Officials were told that the units would be given mortgages by the New Jersey Housing Finance Agency. Half the mortgages would be sold to the AFL/CIO with rent being 30 percent of an occupant's income, and half would be low income, with the rents "skewed," and the top rent being \$550.

Messina said "People in town will be given preference. If all the units are not filled, we will go outside." He said Union is currently building its third group of units, each comprising about 125.

Schools #4,7 celebrate a multi-cultural day

In the process of teaching her School #4 and School #7 students about National Hispanic Heritage Week and Native American Day, Mrs. Carol Mateyka, a Belleville Vocal Music teacher, asked her pupils if they were familiar with their family heritage.

Well, many of them were! The few who were uncertain about it were given an assignment to investigate their heritage, through interviews with their parents and their grandparents. Once heritage was established, each child was required to construct a family tree on the classroom blackboard.

Upon completion of the Family Tree project, Mrs. Mateyka engaged her music students in two additional activities. The first activity involved the coloring of a map, which contained Hispanic countries.

The second project encouraged the children to employ their dancing skills, as Mrs. Mateyka played the "Tarrentella" and the "Irish Jig."

SING-ALONG - Sharing their voices with Mrs. Carol Mateyka, a Belleville Vocal Music teacher, are School #7 students (standing) Richard Franco and Emma Gall, (Seated, left to right) Paul Bangart, Kevin Bradley, and Devrim Alas.

Hospital auxiliary heals; multi-cultural misunderstanding

Nearly 500 people, many of them volunteers from teenagers to senior citizens, make up the Clara Maass Auxiliary, a group that raises funds and spirits, the former for needed hospital programs and the latter for anyone who comes in contact with these "angels of mercy." Marie Vander Zwan, whose 50 year romance with her husband, Cornelis, has been chronicled here, is one of the leaders of the auxiliary. Among their contributions in recent years: \$1,000 for a microphone and sound system for the hospital's chapel; \$2,500 for needed equipment in the neo-natal unit; 12 chair beds for pediatrics; six wheel-chairs; two anatomical dolls for teaching and two annual scholarships of \$500 for students interested in health care, one from the junior volunteers, a one the son or daughter of an employee, as well as being a junior volunteer.

Coming up, the auxiliary is selling lights for the Clara Maass Christmas tree, \$5 each in honor or memory of someone dear to you. The tree lighting is Dec. 6th. A watch-a-thon, where all watches are \$10, is scheduled for Nov. 11, downstairs in the Personnel

Conference Room on the ground level.

The auxiliary can use the help of any man or woman who can spare 4 to 6 hours a week and add to the yearly total of about 69,000 man hours. Junior volunteers invites all teenagers to do the same. As Marie says, "The rewards for our work are numerous, and as our hospital moves towards a new century, we hope to attract many more volunteers." As Marie and the rest of the auxiliary continue to prove, it is time well spent!...

A lot of conversation is being put forth at Council and Board of Education meetings about the so-called "evils" of expanded Multicultural education, and the unwanted tax burden it is causing in town. Well, if those who choose to criticize multicultural education would take the time to investigate the curriculum, they would see that no real time or expense is being taken away from students, but the program rather enhances students' education by exposing them to customs and ways of life different than their own. Assistant Superintendent of Schools Dr. Joseph Ciccone has done a marvelous job

with these programs, proving further, that "Good Things Are Happening in Belleville Schools." Watch for detailed explanations of these programs coming in this newspaper...

If you know of someone, or are yourself

responsible for some of the many big or small, important good deeds done everyday and worthy of recognition in this town, let me know, because, as the this column states,, when it comes to good people, doing good things, "That's All in Belleville."

OUR OPINION

Haytaian for U. S. Senate

Republican Assembly Speaker Chuck Haytaian is challenging incumbent Democrat Senator Frank Lautenberg.

WABC radio talk show host, Bob Grant, was made a major issue in the waning days of the campaign by Lautenberg. Grant was accused by Lautenberg of mouthing divisive and destructive commentaries on matters of race. Grant accused Lautenberg of being a "sleazy opportunist."

All of this has nothing to do with which candidate provides the better vision to solve our present and future needs.

Haytaian favors a balanced budget amendment - Lautenberg opposes it.

Haytaian is pro-life (read anti-abortion).

Lautenberg is pro-choice (read pro-abortion).

Lautenberg opposes the death penalty. Haytaian favors the death penalty.

Haytaian favors a flat tax - Lautenberg opposes it.

Under Haytaian's leadership, the New Jersey Assembly reduced taxes.

Republican control of the U. S. Senate may hinge upon the New Jersey election. President Clinton does not represent the majority of Americans. Haytaian can be depended upon to cut spending and reduce taxes.

Our choice for U. S. Senator is Republican Chuck Haytaian.

For Congress, Bill Martini

Republican Passaic County Freeholder Bill Martini is challenging freshman Democrat Congressman Herb Klein.

Both are lawyers. Both are Clifton residents.

Both have engaged in campaign excesses.

Negative campaigning is not the invention of Klein or Martini. Practically every time he was a candidate for State Senator, during the 18 years as Senator, Nutley Mayor Carmen Orechio had to contend with not only negative campaigning, but also anonymous attacks.

Despite the campaign rhetoric, Martini and Klein are decent human beings.

Martini faults Klein for his support of the \$2 Billion dollar flood tunnel. Klein's response is that the flood tunnel is a moot point since Governor Christine Whitman has

killed the project.

Bill Martini is a former assistant United States Attorney, assistant Hudson County Prosecutor and Clifton City Councilman. Governor Christie Whitman has made several campaign stops with Martini urging voters to elect him. Martini was endorsed by former U. S. Attorney Michael Chertoff and New York Mayor Rudolf Giuliani. Vice President Al Gore has committed himself to campaign for Mr. Klein.

A switch of 25 Congressional seats from Democrat to Republican will put control of Congress with the Republican party. Republican leadership of the Congress is in the best interests of our state and nation. Thus, we endorse Bill Martini to represent residents of the 8th Congressional District.

Fontoura for Sheriff

Essex County's sheriff faces the greatest challenges in New Jersey. It has the largest department supporting the largest court system and yet one man, Armando Fontoura has managed to successfully lead this department for more than three years.

He has proven ability and training that has served him - and Essex County - well throughout his 25 year career in police work. His strength, foresight and innovative ideas reflect the know-how he has gained while working for law enforcement offices at all levels, municipal through federal government.

He is a graduate from the F.B.I.'s National Academy and continues a relationship with this national agency. He is a veteran of the Newark Police Department where he served in several supervisory positions, including Chief Assistant to the Police Director.

While working in the Sheriff's Department, Fontoura expanded the Bomb

Detection, K-9 and Public Education Units while keeping economics a top priority.

As sheriff, he has boldly taken innovative steps to save costs by merging the Bureau of Narcotics with the Prosecutor's Office and local agencies and by cutting down on the number of officers on his staff. He has been responsible for raids and more arrests of drug peddlers than any sheriff before him.

Fontoura's commitment to his work in law enforcement is evidenced by his many hours of volunteer work for charitable activities, such as the Greater Newark Fresh Air Fund and the United Way of Essex and West Hudson.

Although challenger Robert Malanga is a well-qualified candidate for the position whose skills would be welcomed by the county, Fontoura has a proven record of success that warrants a second term, therefore, we endorse his re-election.

Scaperrotta endorsed for a change

Joseph Scaperrotta deserves your vote in Tuesday's Second Ward Council election. Scaperrotta is a local businessman who has campaigned to bring down taxes in the ward, make Municipal Stadium renovations a priority. The Council needs another voice on reducing spending, and Scaperrotta can provide just that.

Scaperrotta has also called on Nick Cerami, charging nepotism when Cerami was appointed to fill his brother Charles' seat, and Charles was appointed DPW director for \$70,000. Despite whatever good this may mean for the DPW, the fact is if it looks like nepotism, the public perception drags down

Belleville.

Without that crucial error in judgment, this race is a toss-up, since Cerami kept an objective eye toward what is best for Belleville.

Ralph DiPasquale has focused needed attention on improving playground, recreation and stadium facilities. Henry Charzewski chose to interrupt his own retirement to draw attention to the plight of overburdened taxpayers.

In the final analysis, however, to paraphrase a sentiment expressed during the last Presidential campaign, "It's taxes, stupid." Scaperrotta has shown that he is the best candidate to tackle the issue in Belleville.

Treffinger for County Executive

The Office of County Executive is rather unique. The person who occupies the position is boss of the County and is in charge of an office whose assets run into the billions. There are two excellent candidates from the major parties seeking the office - Democrat East Orange Mayor Cardell Cooper and Republican Verona Mayor and Freeholder Jim Treffinger. Both candidates bring to the campaign business and governmental knowledge. To make a choice between the two practically comes down to a flip of the coin, except for one fact - the Democrats control the Essex County Board of Freeholders - and it has been in control of the County Executive's Office since it was created.

One party control defeats the spirit of our constitution. It develops an evil side effect - an arrogance of power. As history teaches us - absolute power corrupts absolutely.

Only a handful of counties enjoy the burden of maintaining the office of County Executive. We think it should be abolished. Until that time comes, the law requires that a County Executive be elected in Essex County. We believe a change in party control of the County Executive position would be a healthy development.

As with all campaigns, candidates indulge in campaign rhetoric, and sometimes, shade the truth to win an argument. The hard fact of political life is that polls show there is nothing good about politicians that people believe; and everything bad finds a receptive audience. This fact of political life encour-

ages overblown negative campaigns. Putting aside all the campaign rubbish, we find a very dedicated Jim Treffinger whose background makes him unusually qualified for the post. Treffinger is a Fulbright Scholar who worked his way through college as a factory worker and warehouseman. He was born James Padalino in 1950; and at age four, was adopted and raised by his foster parents in Maplewood. Professionally, he practices law as a partner in a Wall Street law firm, having prior service as a senior vice president and general counsel of a \$5 Billion corporation. He has been elected and re-elected as a Freeholder and also as Mayor of Verona where he has served intermittently since 1983. In 1985, he was named one of the "Ten Outstanding Young Citizens of New Jersey".

Treffinger brought reform to county government by authoring legislation to create a Board of Ethics for Essex County government. It is now the law of the county.

Despite the campaign rhetoric, East Orange Mayor Cardell Cooper is a good person. He has been elected and re-elected as Mayor of East Orange. However, Essex County needs a change in order to provide political checks and balances at the county level. It's in the taxpayers' interest that while the Board of Freeholders is Democrat controlled, a Republican Essex County Executive would provide the checks and balances so necessary in a democracy. Thus, we endorse a well qualified Jim Treffinger for the post of Essex County Executive.

For County Register, Patricia Hurt

The Republican candidate for Essex County Register is Patricia Hurt, an attorney, and a former Assistant Prosecutor for Hudson and Essex Counties. She has served as Newark's Chief Prosecutor where she received the trust of law enforcement officials at the county, state and federal levels.

The office of Register is a constitutional office responsible for maintaining the records of all real estate activity affecting title to every piece of property in Essex County. The office has a staff of 33 and is a vital part of county government.

Democrat candidate Carole Graves is President of the Newark Teachers Union, a full time job which Graves will continue to keep even if elected Essex County Register. Hurt criticized Graves for using \$400,000 from a teachers' fringe benefit fund to pay the Newark school board's insurance debt.

If Hurt is elected, she has pledged to discontinue her law practice.

We believe Republican Patricia Hurt is well qualified to discharge the responsibilities of Essex County Register and, therefore, she receives our endorsement and vote.

Of All Things

• **BOB GRANT** hosts a top-rated afternoon talk show on New York radio station WABC. Grant's call-in show is enormously popular, and Afro-American leaders accuse Grant of being a racist. He has labeled welfare recipients "maggots" and went so far as to suggest that Haitian refugees trying to get to America would be better off if they drowned at sea. NAACP state president Elaine Harrington called Grant's comments as "mean-spirited....his depiction of our people is offensive, divisive and totally irresponsible." Revs. Al Sharpton and Jesse Jackson together with the New Jersey NAACP political action chairman, Walter Fields, want Grant knocked off the airwaves, and they're asking the Federal Communications Commission to revoke WABC's broadcasting license. Grant denies that he is a racist and states that he is merely exercising his constitutional right of free speech. At one point in time, he referred to former

Mayor David Dickons as a men's-room attendant.

U. S. Senator Frank Lautenberg picked up the controversy, and in the process, became a hero to the black activists who want Grant off the airwaves. I don't agree with much of what Bob Grant says, but I defend his right to say what he pleases. Offended people or organizations have a right to issue a press release condemning Mr. Grant. Lautenberg has repudiated Grant. Governor Christie Whitman has vowed not to appear on Grant's show in the future. Chuck Haytaian has been asked to repudiate Grant, and he refuses to denounce him.

• **PRESIDENT CLINTON** last week defended the New Jersey School system that laid off a white teacher while keeping an equally qualified black teacher for the sake of racial diversity.

Previously, the Bush Administration's Justice Department backed the white

teacher in a case involving the Piscataway schools. But now, the Clinton Administration Justice Department switched to support the school board.

This is the kind of biased treatment that Bob Grant complains about - and in a case like this, he is absolutely right. Why should a white person give up her right for the sake of racial diversity? That's racial discrimination in anybody's language and should not be tolerated.

• **GOVERNOR WHITMAN** recently vetoed a bill that was intended to be a crackdown on criminals. The legislation, sponsored by Senator Joseph Bubba involves bail that suspects must pay to win release from jail while waiting trial. Prisoners often are allowed to pay 10 percent of the bail to win release. This bothers Bubba, and he would ban the practice and force 100 percent cash payment.

The administrative office of the courts predicts the change would boost county jail population by about 5,000 prisoners a year. This, in the face of the fact that county jails are now operating at 135 percent of capacity.

Whitman wants the bill revised accepting stricter bail requirements for the most serious crimes. In view of the fact that jail space is scarce, it makes sense to prioritize serious crimes. If the bill as proposed by Bubba became law, informed sources indicate that many judges would compensate by lowering bails. Instead of setting bail at \$10,000 with a 10 percent cash payment, a judge could set the bail at \$1,000 to be paid in full. Bail bondsmen who make big bucks by bailing out prisoners have lobbied hard for Bubba's bill - with Bubba's bill they would increase their profit.

• **LABELS** on perishable items bear the legend, "Must be sold by, etc." The public would be better served with a date when the product's life expires, such as the warnings on medicine labels.

YOUR OPINION

Cerami answers to Lamberti

To the editor:

It has been some time since I have seen my name on the sports page of the Belleville Times but as I recall, the articles used to be much more positive.

I must say to Mr. Lamberti that I am quite disappointed with the tone your column manifests. As I read through your comments, it is difficult to address them without anger, but I'll be objective and tackle them in order.

1. I did say; "I agree the stadium needs to be better than it is, but it is not our most pressing issue." I didn't say to ignore it. I didn't say to procrastinate over it. I said it isn't our most pressing issue. Call me crazy, but I really believe that having a police station in our high school or the drug paraphernalia found near the open fields in my neighborhood, to be a much more serious problem. Do you agree?

2. I am not "running for the wrong seat," and yes we do have "very qualified individuals on the board of education." But as long as I am a councilman and until the school board collects their own taxes, I'll be concerned with the educational system.

3. Let's examine the comment Mr. Lamberti

Cerami faulted

To the editor:

As a result of some "insider trading," Charles Cerami is now the Director of the Public Works Dept. at a salary of \$70,000 a year, and his younger brother the councilman for the Second Ward at \$3,500 a year. Of course this presents a definite conflict of interest for the new councilman, but what the heck ... this is Belleville politics at its "best."

There are three other candidates for the seat. Ralph DiPasquale is an employee of the Essex County Clerk's office (a government agency) who wants to join his mentor, newly elected Jerry Digori on the Council, to work with him as a team!! Joseph Scaparrotta, a recent appointee on the Zoning Board of Adjustment, wants to stop this nepotism in Belleville's government... Give me a break.

Fortunately we have an opportunity to elect a candidate with a long history of representing the taxpayers of Belleville, not burdened with a conflict of interest, or insider trading. Mr. Charzewski has represented us, the oppressed taxpayers of Belleville, for many, many years, exposing an untold number of unsavory deals, with a good number about to be inflicted upon us, unless they are stopped. Henry will be our final line of defense to stop the rip-offs in connection with "upgrading" of the Town Hall and the school stadium facilities.

Cornelis P. Vander Zwan

makes about pride. "If the place was a showplace instead of a disgrace, the pride of the community would be enhanced..." That statement is all "smoke and mirrors." Pride comes from within, and whether you spend \$5,000 or \$5,000,000 to repair a stadium, that doesn't put pride into a community.

Quite frankly, I have supported all efforts to improve the stadium facilities. Mr. Lamberti may not realize this but it is true. Maybe if instead of writing with a "poison pen" he attended the most recent council meeting, he would know that the council made application for Green Acres funding to correct the stadium situation.

Finally, let me say this: Players are on the field and critics are on the sidelines. Mr. Lamberti, if you are so concerned with the stadium why not be an asset to the council and help us in our efforts, because if you won't be a part of the solution, you may as well be part of the problem.

To the editor:

Forty years of liberal tax-and-spend legislation by the majority Democrats has driven this country to borderline socialism. The shrinking ranks of the producers in this country are working two and three jobs, both to make ends meet and to support the growing ranks of non-producers, who often live as well as the producers, thanks to the social legislation of the liberal Democrats.

President Clinton and his party of liberal Democrats believe the American people want the government to provide a forum in which our elected leaders set the policies and decide the priorities. Republicans believe the American people want the government to provide a forum in which we can improve our quality of life by using our individual skills and ingenuity to advance society.

On November 8, I'm supporting Chuck Haytaian for U.S. Senate, James Treffinger for County Executive, Rocco Malanga for County Sheriff, Pat Hurt for County Register, and to my friends in the Second Ward, I urge you to support Joseph Scaperrotta for councilman, line 6-C. Let's vote to protect our freedom and restore our individual rights to choose our own path throughout life. Let's strengthen the Republican Party's resolve to reduce the impact of government in our everyday lives. Vote Republican. It's the future.

Approve Resolution No. 1

To the editor:

On Tuesday, November 8, the voters of New Jersey will have the opportunity to approve Resolution No. 1 titled The Human Services Bond Issue.

The Bond Issue will begin to address the critical needs of 4,000 people with developmental disabilities currently on waiting lists for community placement. Bond issue money will be used to repair institutions, group homes and other community facilities. Most important, it will provide additional group homes,

An Orechio Publication

supervised apartments and homes to those people who until now remain on waiting lists, only to receive placement should their parents die.

The Human Services Bond Issue has received bipartisan support state wide. On election day we hope all voters will vote "yes" and approve this resolution.

To the editor:

During my four years as a councilman-at-large within the township, many positive changes have occurred. Our council form of government decreased municipal taxes by 11 points in 1992 and 2 points in 1994. More than 25 streets were paved, implementation of curbside recycling, new street sweepers, many

visible improvements on Washington Avenue and recently the ground-breaking of the Garden State Cancer Research Center, which will provide jobs for the community, are just a few to name.

I must take this time to remind the citizens of Belleville that in 1989 the old political bosses tried to "stop your right to vote" and spent over \$90,000 of your tax dollars in attorneys' fees. Can we go back to their good old days where outside influences dictated to local officials? It is unfortunate that others must rely on false promises and slanderous campaign tactics to achieve their goals.

During my four years on the council, I had an opportunity to meet many people and one of them was Nick Cerami. He has a genuine interest, is articulate, well educated and sincere in his commitment to the quality of life in Belleville.

I ask that any resident who resides in the 2nd Ward and has supported me in the past, please vote on November 8 for Nick Cerami, 6-F on the ballot. Please come out and vote. Remember, your one vote can make a difference.

Life in Silver Lake

Rumor has it that someone sighted our Mayor Jim Messina in Silver Lake... Where could he have gone. Only one place I could think of... It was at the Executive Board meeting of the SLCA on Heckel Street. Let me get serious for a moment. Our Association invited the Mayor, who is also our 1st Ward Council Representative, to stop by and discuss some important issues that affects the Silver Lake area. About 15 of us were present.

As the president of the SLCA, I started off with one of my favorite topics... N.J. Transit. As everyone knows, the majority of the residents in the Lake do not want the vehicle

Marie Strumolo Burke

base facility and they definitely do not want a station and would fight it "tooth and nail." He mentioned that he was asked to be a member of a committee to study the proposal. Our SLCA representative would be Dennis Forlenzo, our vice president.

Another subject that took place was what was being proposed for the Macy property on Franklin Street. Mayor Jim said that some type of retail stores were being considered.

Questions were posed on various other topics, but the members left with a good feeling that our Mayor would help us combat concerns posed to him. He has a special place in his heart for Silver Lake. The Mayor is proving that he is a definite asset to the residents of the Lake and we thank Mayor Jim from the bottom of our hearts. Because, Remember, we all love Silver Lake.

A "big bird" told me that Brandon Armstrong has celebrated his 3rd birthday on October 25th. Ditto to his brother, Ryan, whose birthday was on September 11th. Cindy & Brian Armstrong are the proud parents of these nice young lads, and luckily they are all residents of Heckel Street. Jo Cordasco, also of Heckel Street, is the proud "Nouna." Let me also wish my "buddy", John Delli Santi, ditto Heckel Street, happy 66th birthday. Come on John, you can't be 66, I thought like maybe, 56.

Barking and meowing sounds were heard in the parking lot of St. Anthony's Church in Silver Lake recently. Upon investigation it was discovered that Father Dennis Cocozza, the Administrator of St. Anthony's Church, had a blessing for all Silver Lake pets. It was reported that about 25 dogs, 5 cats, and even a snake received the blessing of God's creation. I understand that the tradition is that after the feast of St. Francis the blessing of the animals takes place. If you're looking for something out of the ordinary, visit Silver Lake, or better yet move into The Lake. You won't be sorry.

A big thank you to the Home & School Association of School No. 4 on allowing Dennis Forlenzo, V.P. of the SLCA to address them at their Open House recently.

Let me tell you about a big bash the SLCA will be holding. A Holiday Party will take place on Friday, November 25, 1994, at the Branch Brook Manor, Washington Avenue, Belleville. An unlimited Family Style Dinner will be served along with dessert, beer, wine, and soda. Music will be provided by DJs Pete Strumolo, who just so happens to be my nephew, and Lou Kaniero. (By the way they were the ones that provided the music at the block party). You can get tickets at \$25 per person by calling Chairperson Angela Cuozzo Zarro at 759-2703. Co-chairperson is Sebastian (Sam) Papa. This party is for anyone that wants to have a good time including, Silverlakers, former Silverlakers, and anyone that wants to associate with Silverlakers. All kidding aside, a good time is planned and we would love for everyone to attend. See you there....

REMEMBER, WE LOVE SILVER LAKE.

Fire Prevention Week observed all around Belleville

By Richard Dickon

Fire Safety Week was visible all over Belleville in October. The Fire Department hosted children and adults for an open house at the Franklin Avenue Fire Station, giving out smoke detectors and other fire safety-related items, snapping photographs of youngsters with the fire dog, demonstrating the stop, drop and roll technique for when someone's clothes catch fire, and demonstrating how the apparatus knows as the "jaws of life" can remove someone trapped by debris.

Public Service Electric & Gas (PSE&G) came to Belleville for two training sessions on High Voltage Safety. PSE&G gave a

two-hour training session with the Belleville Fire Department in both August and September. The sessions covered actual demonstrations of the effect of high voltage during storms, when the wires come down and energize the area.

The sessions were coordinated by Mr. Anthony Mandato, a claims supervisor with PSE&G, and were put on by Ted Coppola, George Giovenco, Len Reiter and Dave Jones, all who work of the Edison Training and Development Center.

Officials described the training as very informative on the dangers of High Voltage and the effects it can have on surrounding areas.

The Daisy Troop #882 and the Brownie Troop #597 of St. Peters

School visited the Belleville Fire Department on Washington Avenue. They had a chance to tour the inside of the fire station and go inside of the new rescue ambulance. The trip not only gave the girls an informative tour, but also helped the girls achieve their safety "Try It" badges.

Members of the Belleville Fire Department also demonstrated some of their equipment to students at the Cerebral Palsy Center, and programs were done in the elementary schools and the library as well. All in all, Fire Safety Week was well observed in many areas of the Township.

JUNIOR FIREFIGHTERS - In accordance with Fire Safety Week, the Daisy Troop #882 and the Brownie Troop #597 of St. Peters School visited the Belleville Fire Department on Washington Avenue. The girls toured the fire station, saw the new rescue ambulance, and as the photo shows, the girls were helped in achieving their fire safety "Try It" badges.

FIRE SAFETY AT CPC - Members of the Belleville Fire Department demonstrated some of their equipment to students at the Cerebral Palsy Center, 7 Sanford Ave., as part of Fire Prevention Week.

Clara Maass seeking volunteers

Clara Maass Health System, Inc. is seeking patient bedside volunteers to help make a difference in the day of a hospitalized patient. Volunteers are needed 2-4 hours a week at a time that is convenient for them to visit with patients, assist patients at mealtimes or run errands.

Those who are interested in bedside volunteering must possess good people skills, be compassionate, self-motivated, good listeners and work well with others. Orientation and training will be provided. Patient bedside volunteers can expect to meet other dedicated volunteers and staff, to learn

about and contribute to the community, and to experience the satisfaction of helping others.

For more information or an application, call the Volunteer Office, Monday-Friday, 9 a.m. to 8 p.m. at 450-2150.

Bill Martini

He Values, What You Value

Bill Martini with his wife of 22 years, Gloria, and their children Marissa and Billy.

As a family man, Bill Martini knows how important safe neighborhoods and strong families are to you.

As a Congressman you can count on Bill Martini to fight to protect your neighborhood and your children.

Bill Martini is a former federal prosecutor who knows how to get tough with criminals. He'll use federal resources to help put violent

offenders behind bars -- not to pay for midnight basketball games.

He'll fight against government waste...and he'll live up to the promise of cutting taxes for hard-working, middle class families like yours.

When it comes to protecting the things you value you can count on Bill Martini.

A new leader with a vision for a better way.

Town hall renovation

(continued from page 1)
agree to make necessary repairs free of charge."

Records from March 1983 show Mulrenan Roofing Corp. of Newark recommending "corrective measures" for the Terra-Cotta stone uncovered beneath the asphalt coating on the exterior of Town Hall, at a cost of \$6,076. The contractor said they "found a dangerous state of decay... very hazardous to pedestrians below... throughout the

entire perimeter of the building. To disregard the situation would leave the town open to legal action in the event of an accident."

The ordinance would more than double the amount, from \$1 million to \$2.4 million, under revised price estimates recommended by a Township Council committee at a recent work session.

The increase would amend two bond ordinances to renovate the exterior and interior of town hall,

both passed at \$500,000 each.

Residents, including Vincent Frantantoni, Dan Ippolito and Second Ward Council candidate Henry Chazewski have criticized the revised specifications.

Mayor Jim Messina, Deputy Mayor Thomas Spillane and Councilman Bill Cook all sat on a committee with the Comito Associates architectural firm, and all agreed that the increased costs were unavoidable.

Mr. and Mrs. Dave Aromando — nee Lisa Palitto

Lisa Marie Palitto, Dave Aromando married

Lisa Marie Palitto, daughter of Mr. and Mrs. John Palitto of Nutley, was married August 6 to Dave Aromando, son of Mr. and Mrs. Nick Aromando of Lyndhurst.

The Rev. William Sheridan performed the ceremony in Holy Family Church, Nutley. A reception followed at Landmark II, East Rutherford.

Escorted by her father, the bride wore a white satin mermaid gown detailed with beading and pearls.

Karen Palitto was maid of honor and Donna Scardelli was matron of honor. Bridesmaids included Michele Clayton of Nutley, Dina Cibrán of Bloomfield and Joanne Costa of Clifton. Rachael and Jennifer Scardelli were flower

girls.

The attendants were in black and white gowns.

Mark Aromando of Lyndhurst served as best man. Ushering were Kenny Torcia of Bloomfield, Nick Coiro of Lyndhurst and Sammy Pellegrino of Newark.

Mrs. Palitto was in an off-white gown while the groom's mother wore a light gray gown.

Mrs. Aromando, a graduate of Nutley High School, is a secretary with Hoffmann-LaRoche, Nutley.

Mr. Aromando, an alumnus of Lyndhurst High School, is the owner of Mondo Music, Lyndhurst.

The couple honeymooned in Saint Lucia and have made their home in Lyndhurst.

Chorus of Communities announces Christmas concert

The Chorus of Communities will present its annual Christmas concert 3 p.m. Dec. 4 at St. Valentine Church, Hoover and East Passaic avenues, Bloomfield.

Representing 23 area churches, the Chorus of Communities is in its fifth season of featured cultural and religious oratorio music.

The concert with brass choir will feature Daniel Pinkham's "Christmas Oratorio," J.R. Dennis' "Christmas by Candlelight," and excerpts from G.F. Handel's "Messiah." The concert will be conducted by William Moore.

Sponsored by the Belleville

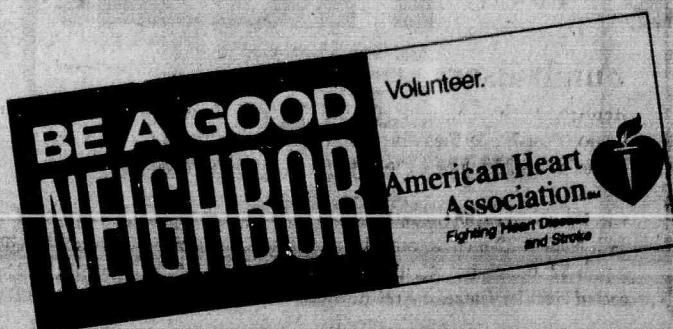

Ministerium, the Chorus of Communities is comprised of residents from Belleville, Bloomfield, Nutley, Kearny, North Arlington, Lyndhurst, Glen Ridge, Montclair and West Orange.

Tickets may be purchased at the door, from the Clara Maass gift shop or from Father Arthur Schute at 450-2066. Tickets are \$9 for adults, \$7 for students and seniors, and \$20 for families. Proceeds will benefit the Pastoral Care Department at Clara Maass Health System, Inc.

For more information, contact Bill Moore at 895-4563.

ENSEMBLE PIECE—Members of the Chorus of Communities performed an ensemble piece at the ecumenical dedication ceremony of the Clara Maass Interfaith Chapel on Sept. 28. Symbolizing Clara Maass Health System's mission to heal the community not only in body but in mind and spirit, the chapel was especially designed to extend a warm welcome to people of all religious faiths.

SPORTS

Fall sports season winding down at BHS

Before we get started with the various fall sports at Belleville High School, a word about last weeks column regarding Councilman Nick Cerami.

Mr. Cerami has responded to the column with a letter to the editor, which appears on page four of this weeks issue.

If you haven't already, please make sure you read his response. Since I took a forum last week in which I criticized Mr. Cerami, it is only correct that he be granted that same courtesy this week. Thus, my answers to his letter will appear in next weeks issue.

Conte advances to state sectionals

Senior **Gina Conte** has advanced to the state sectional gymnastics championships, set for tomorrow night at Union High School.

"She did a real good job to get there," said head coach **Donna Richardi**. "She also qualified for the league championships, but she was sick and could not attend."

Conte will compete in the uneven parallel bars and floor exercise at tomorrow nights event.

Should Conte finish in the top five in either or both events, she will then compete in the All Group state finals next week.

As for the Lady Buc gymnastics team, the girls won their first match in the season finale, stopping Kearny, 70-64.

"It was nice to end the year with a victory," Richardi said. "The girls continued to show improvement all year long. It's a good sign for next year."

Conte led the Belleville attack, capturing first place in the vaulting and floor exercise. Sophomore **Stephanie Brunello** finished second in the floor exercise and Richardi was real pleased with the efforts of **Carissa Johnson** in the uneven parallel bars.

As for Brunello, she did an excellent job in her first season of varsity competition. A standout track athlete, Brunello should be one of the top gymnasts on the '95 Lady Buc team.

Also, it should be noted that Brunello was the first woman across the finish line in the recent **Sam Giuffrida** one mile run.

Cross Country team falls to Bloomfield

In one of the more highly anticipated cross country races Belleville has competed in in years, **John Tosato's** Bucs lost a tough race to Bloomfield, 24-32.

"The team did real well," Tosato said. "Most of them had their best times and, considering Bloomfield shut us out the past two years, it says a lot about the advancement of the program."

The Bucs finished the year with a 5-6 mark. The five victories are the most by a Belleville cross country team since 1975. Had the Bucs beaten Bloomfield, it would have marked their first "winning" season since '74.

Carlos Sagbay led Belleville in the Bloomfield race, taking second overall in a time of 17:58. **Phong Nguyen** was fourth in 18:00, **Brad Koch** was sixth (19:36), **Anthony Marchione** placed ninth (20:31), **Mike Matos** was 11th (20:33) and **Peter Santora** closed out the Belleville effort with a time of 22:40, good for 12th place overall.

"The kids were disappointed about not finishing over .500," Tosato said. "It was one of the quietest bus rides home that I can remember."

Belleville took part in the sectional championships at Warnacko Park in Elizabeth last weekend.

The team placed 12th in its section, with Sagbay the first Buc across the line in 19:10, which was good for 46th place overall.

Nguyen was 61st (20:02), Marchione finished 71st (21:05), Koch placed 73rd (21:17), Matos was 76th (21:56) and Santora, a freshman, finished in 77th with a time of 22:09.

The Bucs will close out the 1994 season tomorrow afternoon at Branch Brook Park when they compete in the Essex County championships.

Regardless of how they perform in tomorrow's race, it's safe to say the '94 Bucs have been a huge and very pleasant surprise. The team accomplished feats not done here in nearly 20 years. They beat Nutley, which hadn't been accomplished since the early 1960's.

They won three league meets for the first time, ever... And, mostly importantly, the future of the program appears to be in good hands. The Bucs are relatively young and should return a good nucleus next fall.

Volleyball team headed to states

For the first time in two years and the second time in six, the Lady Buc volleyball team is headed to the state tournament.

Grace Worley's team finished the regular season with a 12-11 mark. The girls defeated Clifford Scott and Paterson Eastside last week before losing to Teaneck.

"It's good to be in the states," Worley said. "The kids improved steadily throughout the year. It was a good year for us."

The date and time of the first round of the state tourney was not known as of press time, but Worley did say that the first round had to be completed by next Wednesday.

"The seeding meet is (last) Tuesday," Worley said. "Whoever we play will be a tough match. We'll probably be playing at Paramus, and that's a tough place for us."

Jackie Cerami, who has been sidelined with a bad ankle, is expected back in the lineup for the states.

"She's starting to come around," Worley said. "Hopefully, she'll be mobile enough."

The team has received excellent performances this season from **Andrea Curran**, **Jennifer Palumbo**, **Marie Acuna**, **Mary Lapas**, **Neha Shah** and **Pasent Elhelw**.

"We used a lot of players this season, which gives us some depth," Worley said. "The J.V. players competed in a tournament in Ridgewood last week and did well."

"We also had a full freshman team, so those kids got the chance to compete on a regular basis."

Durante, Marrera excel

Berardi, Fitts lead Bucs, 20-14

By Mike Lamberti

Sal Berardi threw a touchdown pass, ran for a score and the Belleville defense was outstanding in beating Don Bosco, 20-14 on Homecoming Night last Friday for the Bucs' first win of the season.

John Senesky's troops will venture into the big time tomorrow night. It's off to Hackensack to face the states number three team. Kickoff time is 7 p.m.

"It obviously was a big win for us," Senesky said. "It just goes to show the character of these kids. They've had a tough road all year long and they haven't quit. It says a lot about character. Going into the Don Bosco game, they were a big underdog, but they played hard and avoided the big mistakes that have plagued us earlier in the season."

Indeed, it was Don Bosco who made the mistakes. In losing their fifth straight game to the Bucs (from 1990-94), the Ironmen were penalized in excess of 100 yards, with many of the penalties coming on dead ball situations.

Don Bosco also had a bad case of fumbleitis, losing the ball three times. The Belleville defense also contributed with an interception, that coming from junior Michael Loney.

"Our defense did a very good job of gang tackling and playing recklessly," Senesky said. "It's something we haven't seen this year."

Don Bosco scored first, as its talented quarterback victimized the Belleville secondary. The conversion failed and it was 6-0.

Belleville countered on its next series, driving 55 yards thanks to the running and passing of Berardi, the excellent open field running of junior halfback Tyronne Fitts and a good reception from Anthony

Frantantoni.

The drive ended on a one yard run by Fitts after Fitts set up the touchdown with a 35 yard run to the Don Bosco five. Berardi added the PAT and for the first time this season, the Bucs had a lead.

Don Bosco was unable to move the ball on its next possession and on the punt, the ball was snapped errantly and the Bucs recovered on the D.B. eight.

The Bucs moved to the five, and on fourth down, Berardi, in shotgun formation, took the snap, looked to pass, then took off and found the corner of the end zone. The PAT was good again, and the lead extended to 14-6.

Late in the first half, the Bucs scored its third and final touchdown. This time, it came after a punt return moved the ball to the D.B. 42. Berardi moved the ball downfield with runs by Dave Paladino, Fitts and Dino Durante keying the drive.

Berardi then sealed the drive with a beautiful pass to Durante in the right corner of the end zone. The PAT failed, and the halftime score read 20-6.

Don Bosco threatened in the second half, taking advantage of two Belleville turnovers. The Ironmen cut the lead to 20-14 midway through the fourth quarter, but to the credit of the Belleville defense, the Belleville lead would not vanish.

"Frank Marrera did a good job of rushing the quarterback," Senesky said. "We were able to contain their passing game somewhat. They also have a good running game, but our ability to control the line of scrimmage was a key to winning the game."

Leading 20-14 late in regulation

time, the Bucs were able to take valuable minutes off the clock with a ball control offense, paced by Fitts.

The junior carried the ball eight consecutive times in a four minute drive that produced two first downs.

After finally having to punt, the Bucs and their fans held their breaths as Don Bosco staged a furious rally that ended with a pass in the end zone that was batted away by Berardi with :00 on the clock.

Senesky praised the play of Dave Chulanandana who did a solid job on the offensive line to open holes for Fitts to run through.

"D.C. did a good job and Tyronne, who is coming into his own, is learning how to read the blocks with each game," Senesky said. "Artie Settembrino was very

Soccer team draws second seed in states

By Mike Lamberti

The NNJIL Pacific Division soccer race is down to the wire with Belleville and Don Bosco tied for first place entering this week.

Gino DePinto's team posted wins over St. Joe's and Teaneck while tying Paramus and Hoboken last week.

The Bucs were 8-2-5 heading into this weeks action. In league play, the team is 7-1-4.

Don Bosco is 8-1-2 in the league. Both teams had 18 points entering this week, but Don Bosco has one more game to play in the league than Belleville.

Belleville battled Paramus Catholic last Tuesday. The Bucs also have a make up game with Hackensack that could be critical toward who wins the league championship.

"The league has been extremely tough this year," DePinto said. "Every team in our league qualified

for the states, with the exception of Paramus Catholic.

"It's been a real strange season for us. We've got five ties and eight wins. We normally don't tie that many games."

The Bucs were 12-5-4 last year after back-to-back 14-4-2 campaigns in 1991 and 1992.

Against St. Joe's, the Bucs trailed 1-0, then scored the next three goals to take the lead for good. Joe Cotugno scored the first two goals and Frank Tafur converted for a 3-1 Buc lead.

After St. Joe's cut it to 3-2, Nick Colucci scored what proved to be the winning goal. St. Joe's made it 4-3, but Joe Colucci sealed the victory with a goal, making the final count 5-3.

Jim Berg had two assists in the game. Cotugno and Tafur had one assist each.

Versus Paramus, Belleville fell behind 1-0 before Tafur and Steve

Collett scored to give the Bucs a 2-1 advantage. Paramus battled back to tie and that's how the game ended.

"Paramus has a tough team," DePinto said. "We expected a tough game with them."

Joe and Nick Colucci had one assist each in the game.

Natale Guagliardi was brilliant in goal as the Bucs blanked Teaneck 2-0.

"Natale's played great all year long," DePinto said. "He's been very consistent."

The Bucs received goals from Nick Colucci and Joe Colucci while Anthony Raczyk provided both assists in stopping Teaneck.

"It was our best game of the week," DePinto said.

The Bucs were at Hoboken for a rare night game last Friday and came away with a one all tie.

"We had 30 shots on goal, but we couldn't get the winner," DePinto said. "We played on artificial turf, which took the kids a while to get used to. But it was a good game."

The Bucs trailed 1-0 in the second half when Raczyk, assisted by Cotugno, scored the tying goal.

Unlike NNJIL rules, the game went into overtime. The teams played two ten minute sessions, with no scoring.

NOTES: Bucs are the second seed in the Group IV, Section II tournament. Columbia is the top seed. Bucs will play the winner of the Montclair-Morristown game in the first round of the states. Belleville drew a bye in the first round.

The date of the first round game was yet to be determined. It should be played at Clearmon Field.

Junior Buc "B" team qualifies for playoffs

The Belleville Junior Bucs have been playing well over the past three weeks. Here's a recap of the games, starting with the "B" team against Paterson.

B Team ties, 6-6

Joe DeRiggi's team battled a strong Paterson team to a six all tie.

Mike Forlenzo scored on a 90 yard run late in the third quarter for the Bucs to tie the contest. On the day, Forlenzo had 150 yards rushing on ten carries while Bo Bernard rushed 11 times for 85 yards.

Mike SanPhillip, Kyle McDuffie and Hector Benitez were defensive standouts.

"The kids showed a lot of heart in the second half," DeRiggi said. "Paterson dominated the first half, but we made some adjustments on

defense and played a good second half. It was an emotional game for our kids, who dedicated the rest of the season to Pete Velardi, who had broken his leg in the Livingston game. We'll all miss him."

The team is within one victory of clinching a playoff berth for the first time since 1991.

Pirate B team drops first

The Belleville Pirate B team lost its first game of the season, 18-12 to Wayne.

The Pirates fell behind 12-0, but came back on the passing of Jim Risoli. Risoli hit Hector Mendosa with a short pass and Mendosa turned it into an 80 yard touchdown.

Wayne extended the lead to 18-6 before Belleville came back late in

the third quarter on a Mendosa end around TD run.

Risoli did a good job in the fourth quarter, driving his team to the Wayne 20 in an attempt to tie, or take the lead.

But penalties hurt the Pirates and the team eventually lost the ball on downs.

The offensive line of Gary Ferruggia, Louis Aurrechio, Mike Radice, Roberto Caniero and David Bambrick did a great job in protecting Risoli.

For the game, Risoli passed for almost 200 yards.

Head coach Dennis Sheridan expressed his thanks to the Junior Buc cheerleaders for their help and support.

B team clinches playoff berth

The B team clinched a playoff berth with a 7-0 win over Clifton. The victory improved head coach Joe DeRiggi's teams record to 4-1-1.

The only score of the day came on a ten yard run by Bo Bernard. Quarterback Billy Bretzger passed two yards to Bernard for the point after conversion.

Fullback Mike Forlenzo keyed the scoring drive with a 60 yard run up the middle. (Forlenzo had 110 yards on 14 carries to lead the Belleville rushing attack.)

"The kids played well, especially after the 6-6 game with Paterson," DeRiggi said.

The Belleville defense held Clifton to minus yards on the

Dena, Curran garner Homecoming crowns

By Mike Lamberti

Brian Dena and Andrea Curran were named Homecoming King and Queen for 1994, with the voting for Homecoming Queen producing one of the closest races in years.

Curran won by 12 votes over the second place competitor.

The Homecoming event was, once again, sponsored by the Kiwanis Club of Belleville and the BHS Key Club.

"All three girls were very close," said Carol Russo, the coordinator of the Homecoming event, of the voting. "It's been a while since we've had a homecoming vote this close."

Curran, a three sports star for Belleville High, edged out Lisa DeSimone and Fran Montalto. DeSimone, along with Jeanine Mazzuca, is the cheerleading captain while Montalto is a standout for the crew team.

Dena, a star baseball player for the Bucs, was selected over Dan Brunello and Jim Berg.

Brunello is also a standout baseball player for BHS while Berg plays for the very successful Buccaneer soccer team. (Berg was unable to attend the Homecoming festivities because the Buc soccer team was playing a night game at Hoboken last Friday evening).

The announcement of the winner was made at halftime of last Friday's Belleville-Don Bosco football game.

None of the homecoming candidates knew of the decision before

hand. Russo was the only person who knew the results, and she handed them to the P.A. announcer just before the time of the announcement.

The Belleville High School Key Club oversaw the ballot counting for the event. All of the students at Belleville High School had the opportunity to vote on computerized cards.

The cards were then tabulated under the direction of Russo and a member of the Key Club.

"We feel this is the fairest way, to have a Key Club member present at the ballot counting," Russo said.

The Homecoming evening began with a parade that kicked off at 5 p.m. from Town Hall, proceeded down Washington Avenue to Division Avenue, eventually arriving at Belleville High School.

At halftime, the announcement was made and after the game, a dance was held at the BHS cafeteria.

"The dance went very well," Russo said. "The kids were great and everyone seemed to enjoy it."

The highlight of the dance was Curran and Dena dancing to the song "That's What Friends Are For."

"We weren't able to have the dance last year," Russo said. "It was good to have it back this year."

"I'd like to thank everyone for making this a very nice event," Russo said. "The candidates were beautiful. The weather was perfect. It was a great time."

Andrea Curran reacts to announcement that she is the 1994 Homecoming Queen. "A.C.", a standout athlete at BHS, has helped the Lady Buc volleyball team into the state tournament this fall.

Brian Dena (l) is crowned 1994 Homecoming King by the '93 King, Joe DePeri. Dena, an all county baseball player for the Bucs, was a popular choice amongst the student body.

Andrea Curran and escort enter Municipal Stadium following parade in honor of Homecoming Night.

Rec photo I.D. cards

Rec Office open for Registration/Photo I.D.s: The Belleville Recreation Department office on Joralemon Street will be open on Wednesday nights, 6 p.m. to 8 p.m. for basketball/wrestling registration and for photo I.D.s, beginning October 12.

Photo I.D.s are required for all

adults and children participating in the Open Basketball and Open Volleyball programs in the schools and at the Friendly House. A \$2 fee and proof of residency is required when applying for I.D. cards. Belleville residents only will be admitted into the gyms with their Recreation I.D. cards.

From left to right, Fran Montalto, "King" Brian Dena, Dan Brunello and Lisa DeSimone gather for photo prior to '94 Homecoming King and Queen announcement.

"NOTICE OF AUCTION SALE"
An auction will be held by the Purchasing Department on Thursday, November 10, 1994 at 11:00 A.M. behind the Public Safety Building, 152 Washington Avenue, Belleville, New Jersey for the sale of bicycles for the Township of Belleville, New Jersey.

Said terms are cash and carry, to be paid at the time of the auction. The bicycles will be sold where is, as is, rain or shine.

effective, as were our linebackers. "Don Bosco used an option type of offense, and our kids were able to read the situations and react accordingly."

Senior Tom Escott was also outstanding, both at offensive split end and in the defensive secondary, where he made some key open field tackles.

Brian MacIntosh also did well at defensive end, applying steady pressure on the quarterback.

The Bucs will now gear for a very talented Hackensack squad.

The Comets are 6-0, are ranked number three in the state and have won the past two Group IV, Section I championships. They are paced by All American running back Rashidi Brown, who according to Senesky, may be one of the best running backs in the history of New Jersey football.

"This guy can do it all," Senesky said. "We've seen (Craig) Heyward and (Tony) Stewart, but this guy is unbelievable."

"His speed is awesome and he's surrounded by a great supporting cast. Hackensack has a tremendous fullback, a talented quarterback and a pair of 6'3" and 6'4" receivers. They've got weapons at every skill

position."

NOTES: Hackensack has pretty much dominated Belleville in head to head matchups. Belleville's only victory came in 1983, a 27-0 victory. Since then, Hackensack has won, from 1988 to '93, by scores of 26-0, 14-6, 34-0, 13-6, 27-0 and 41-7 last year. (The teams did not play each other from 1984-87).

No injuries to report from last week's game. Jeff DePeri, who separated his shoulder in the Mendham game, missed the Don Bosco game but should start at Hackensack. Ed Miranda suffered a broken leg in the Mendham game and needless to say, he's out for the year. Fortunately, he did not need surgery, as was reported in last week's issue. He will be in a cast for six weeks.

Andrea Curran and Brian Dena were named the Homecoming Queen and King. There is a related story on Homecoming Night in this week's issue.

Tomorrow night's game is the final road contest for the Bucs in 1994. The team will finish the season with games at Doc Ellis Field against Paramus on November 11 and versus Nutley on Thanksgiving Day.

ground and just one first down for the game.

Linebacker Ken Gerish had one interception and defensive tackle Mike SanPhilip recorded one sack.

C Team wins, 14-13

The Junior Buc C team moved back into the hunt for a playoff spot with a hard fought 14-13 victory over Clifton.

Belleville scored first on a 65 yard run by James Leak. The Bucs added the two point conversion for an 8-0 advantage.

With one minute left in the first half, the Bucs scored again as Lawrence Fusco's block sprung Leak for a 60 yard touchdown run.

Clifton scored with :30 left in the half to cut the Belleville lead to 14-7 at the half.

A steady rain made the second half sloppy. Clifton scored late in the game to close to within 14-13. The Buc defense, paced by David Sheridan, Anthony Cappaccio, David Bell, Nick Pellow and Al Roberts held on to clinch the victory.

Offensively, Belleville was paced by Nick Galante, Leak, Jeff Martin, Fusco and Bell.

Frank Cerza had three quarterback sacks.

The coaching staff thanked the

Junior Buc cheerleaders for braving the rain and lending their support and enthusiasm.

Pirates tie

The Pirates came back to tie Verona at 13.

Belleville opened the scoring with a 40 yard screen pass from Jason Mundorff to Hector Mendosa and converted the PAT for a 7-0 lead.

Verona came back to take a 13-7 lead before Mundorff hit Spike Williams with a 40 yard TD pass that tied the game.

Both teams threatened to score in the fourth quarter, with Belleville driving to the Verona one before the game ended.

Offensive standouts for the Bucs were Eric Ferriol, Ryan Sheridan and Gary McDonald. The offensive line was paced by Roberto Caniero, Anthony Caban and Gary Ferruggia.

David Bambrick, Mike Radice, Lonnie Lawson and Kevin Caputo played well on defense.

Bambrick, in addition to playing solid defense, played his first game on offense and made a key catch at the wide receiver position.

Head coach Dennis Sheridan thanked the Belleville Junior Buc cheerleaders for their help.

JV soccer team boots West Essex in E.C.T. shootout

By Rocco Constantino

The Belleville soccer program has enjoyed recent success in big games when a penalty-kick shootout is needed to decide the winner.

First, it was at Cranford in the first round of the State Tournament in 1991. Then there was the unforgettable game at Millburn, where the heavily-favored Millers fell to Mike Percio and the game-clinching goal by Jim Berg in last year's E.C.T.

This year, on the junior varsity level, George Turturiello's team took West Essex to the shootout and made it three wins in a row for the program. This game was in the JV Essex County Tournament. The Bucs also picked up a league win against St. Joe's last week.

Against West Essex, in the quarterfinals of the JV E.C.T., Dan Bartosiewicz tallied the Bucs' only goal in regulation play. After two scoreless 10-minute overtimes, the shootout was needed to decide a winner.

Hamilton Reyes put Belleville on the board first. Millburn countered with a goal of their own, but the Bucs regained the advantage when Miguel Villane buried his attempt in the lower left corner.

Then, goalie Remo Iannitelli turned it up a notch. He made the first of his two saves to give Belleville a decided advantage. Danny Almedia and Lawrence Martin sealed the victory for Belleville with conversions. Iannitelli held Millburn to only one goal in the shootout.

Turturiello realized how much this game meant to the Bucs' confidence, and saw that his players could gut out a win in a tough situation.

"We had some chances early in the game and then in the overtime, but we couldn't convert," said Turturiello. "The kids just rose to the occasion and Remo really took charge. It was a very good, exciting win for the team."

The win advanced Belleville to the "Final Four" of the E.C.T., which took place last Saturday. As of press time, Belleville was not sure who their opponent would be.

Belleville, perhaps looking forward to the clash with West Essex, played at St. Joe's and beat the Green Knights, 4-0. Although the margin of victory was reasonable, Turturiello was not thoroughly pleased with the game.

"They weren't a strong team and we didn't play that well," the coach confessed. "But the freshmen we brought up for the game helped us out a lot."

Turturiello was referring to Danny Almedia and Lawrence Martin, two freshmen with good potential, who come up to play on the junior varsity team when the opponent doesn't have a freshman squad.

Martin had one goal and Almedia scored another. Ricky Racines also scored against St. Joe's. Once again, Remo Iannitelli posted a shutout for the Bucs. Iannitelli has played every minute of every game in goal for Belleville and has been very consistent.

Belleville had an oddity in its schedule last week with a home game against Paramus. The game was played in Belleville Park. Who knows how many strings had to be pulled for that one to take place? They also played at Teaneck and were at Livingston for the E.C.T. semis against the mystery opponent.

Lisa DeSimone and Dan Brunello are all smiles during the Homecoming Parade last Friday. It was an enjoyable evening for all involved with the annual activity.

Fran Montalto and Brian Dena enter Municipal Stadium during Homecoming Parade last Friday night.

Rec wrestling registration

Applications for Rec Wrestling are now available at the Belleville Recreation Department at 407 Joralemon Street between 8:30 a.m. and noon, and 12:30 - 4 p.m., Monday through Friday.

The Belleville Rec Wrestling program introduces boys, ages 6-14, to the fundamentals of the sport. Basic technique, moves, and strategy are taught to beginners as well as to the more advanced wrestlers. In competition, the boys are matched against opponents of the same weight class.

Rec Wrestling will be conducted on Monday, Tuesday, and Thursday evenings from 6:15 p.m. to 8:15 p.m. in the high school cafeteria, beginning November 7. Tentatively, ages 6-9 will be given basic instructions from 6:15 - 7:15 p.m., while the 10-14 year olds are prepared for league competition between 6:15 - 8:15 p.m.

Worley also announced that Acuna and Lapas will be the captains for the 1995 Lady Bucs.

The NNJIL post season awards for volleyball will be decided this week, and those results will be passed on to you in an upcoming issue.

Tennis team stops Passaic

Tony Salese's Lady Buc tennis team, the "road warriors", once again, finished its 1994 campaign with a 5-11 record.

The team downed Passaic 4.5-5 and lost to Montclair 4-1 last week in the final two regular season matches.

"The team made some good strides," Salese said. "Considering the schedule we were up against, it was a good sign."

Belleville finally had a "home" court this fall, albeit in another town. The Lady Bucs, thanks to the efforts of Belleville Athletic Director **Karen Fuccello**, played some of its designated home matches in Brookdale Park.

Versus Passaic, Belleville received victories from first singles **Tanya Palic**, second singles **Charmaine Flores** and third singles **Christine DeJesus**.

"Christine had a very good year," Salese said. "She finished with an 8-8 record and played very well in the Montclair match. Hopefully, she'll receive some recognition from the NNJIL in its post season awards."

The first doubles team of **Fatima DeJesus** and **My Dam** won in straight sets while the second doubles of **Marinel Edquiban** and **Darlyn Malunda** split its match, which was stopped in the third set due to darkness.

In the Montclair match, Christine DeJesus lost the first set at third singles, 6-0, then rallied for a 4-1 lead in the second set before DeJesus' opponent was forced to retire from the match.

We'll have NNJIL post season tennis results in an upcoming issue. We'll also have a wrap up of the '94 tennis season in about two weeks.

Homecoming Night

Carol Russo, the coordinator of the Belleville High School homecoming event and also the cheerleading coordinator, called the 1994 Homecoming evening a "great success."

"The kids were wonderful," Russo said. "There was a lot of enthusiasm for the event. Everyone seemed to have a good time."

The Homecoming event is sponsored by the Belleville Kiwanis Club and also the Belleville High School Key Club.

Brian Dena and **Andrea Curran** were named the '94 Homecoming King and Queen.

Curran edged out **Fran Montalto** and **Lisa DeSimone** for the Queen honors while Dena defeated **Jim Berg** and **Dan Brunello** for King.

Congratulations to all the candidates. It was a class evening, capped off by a dance held at the Belleville High School cafeteria.

Perhaps I'm getting older, but I couldn't understand most of the music played at the dance. But the kids seemed to have a great time, and that's all that's important anyway.

The only song I recognized was "That's What Friends are for," played for Dena and Curran for the traditional King and Queen dance. Oh well, it was a lot of fun. The students and faculty did a great job.

Giuffrida Run a success

Runner sprints home during the Sam Giuffrida one miler at BHS on October 23. There are complete results of the race in this weeks issue.

Future track star nears the finish line at the Sam Giuffrida run. Over 175 runners took place in the race.

Runners loosen up prior to the start of the five mile Sam Giuffrida run, held on October 23 at Belleville High School.

CENTRALIZING DRUG INFORMATION

The average American purchases eight prescription medications during the course of the year. In addition, he or she takes numerous over-the-counter medications. When one considers the total amount of medication being (self) administered, it should come as no surprise that 125,000 deaths arise yearly from taking the wrong medication or taking it improperly. Of course, the physician plays a key role in seeing that medications are taken safely. What if one is seeing more than one doctor? In cases, patients should ask the pharmacist to keep a drug profile for them. This document should contain a complete record of a patient's drug and allergy history, as well as any health conditions that should be taken into account.

Our pharmacist will not only keep a complete family health record, but will also be happy to answer any questions you may have concerning the taking of one drug with another. For full prescription service see us at ROSSMORE PHARMACY, 33 Washington Avenue (759-1956, 759-1968). Walkers, wheelchairs, crutches, canes and other convalescent aids are available for rent or purchase. Open: Daily 9am-10pm, Sundays 9am-9pm.

HINT: Patients should ask the pharmacist to package drugs in different colored containers to help avoid confusion.

As a convenience to the buyer, monthly payments are included in our ads.

For purchase prices up to \$253,907, monthly mortgage payments (principal + interest) quoted in our ads are to qualified buyers, based upon a 20% downpayment and a conventional 30-year fixed rate loan at 8.375% with 3 points. A.P.R. 8.706%. As an example, a \$100,000 loan would mean 360 monthly payments of \$760.07. For purchase prices from \$253,908 to \$500,000, the monthly payments are to qualified buyers based upon a 20% downpayment and calculated at 8.500% with 3 points on a "Jumbo" 30-year fixed rate mortgage with an A.P.R. of 8.894%. An example of a \$500,000 loan would mean 360 monthly payments of \$844.57. Figures herein are approximate and do not include property taxes, hazard insurance, or homeowners association dues for a condominium purchase. Interest rates quoted are as of September 1, 1994, and subject to change. Not responsible for typographical errors; while information is believed accurate, we request that the payment be validated with a mortgage provider prior to purchase.
