REC HOUSE'S A WINTER POSTCARD - A Jan. 12 snowfall helped turn the Recreation House on Joralemon Street a winter wonderland. (ALL PHOTOS BY RICHARD DICKON)

Protects seniors, apartment inspections...

Council approves slow rent control phase out

By Richard Dickon

The Township Council voted 4-1 to gradually phase out rent control rather than eliminating the Rent Control Ordinance, a compromise designed to allow residents, particularly senior citizens, to remain in

rent-controlled apartments.

The move is also supposed to allow vacancy decontrol for all rent-controlled apartments once the current tenant moves out, and let the apartments be inspected and brought up to proper property maintenance and building codes.

At the Jan. 9 public Council meeting, Councilman Jerry Digori cast the lone vote against the phase out, while Councilwoman Angie Pasekchia abstained because she resides in a rent controlled apartment.

"I say let them go off rent control, and see what the market bears," Digori said, "You talk about older people losing their apartments, but they are not paying taxes."

Digori said he wanted to abolish rent control because he believed most landlords will not chase out a tenant for more money, and risk the apartment not being rented for a month. He said if a landlord has good tenants, he or she will take a little less in rent.

Councilman Bill Cook, who voted for the phase out, said a more subtle phasing out would provide an opportunity to inspect apartments and bring them up to current building codes, along with protecting rent control tenants from large rent increases.

"This allows us to inspect apartments as they come off rent control, rather than trying to do them all at once," Cook said, "We can improve how landlords keep up apartments. We have some good landlords, but some others need shaking up."

Deputy Mayor Thomas Spillane, who favored eliminating rent control, said "I would prefer not to do the phase out, but I will take what I

'A-SALT' ON THE SNOW - The Department of Public Works was busy on Jan. 12 loading salt to keep roads from icing up (below), while School #7 was all peaceful stillness as the snowflakes fell. (Photos By Richard Dickon)

PSE&G bid picked to privatize water meters

By Richard Dickon

The Township Council accepted a bid for Public Service Gas & Electric to privatize the reading of water meters and the billing of customers.

At the Jan. 14 Council work session, PSE&G was accepted as the one and only bidder for the service.

This will be the first time the utility will handle billing services for water meters in a municipality, and Councilman Bill Cook said "I'm very happy to see Belleville first on something."

"With my quick calculations, just in cash flow, this pays for itself," Cook said, adding that the cash flow will equal one tax point.

Mayor Jim Messina said "I like us being part of a pilot program, and for the record, we are not taking away anyone's job."

Deputy Mayor Thomas Spillane had questioned whether any town employees now working as meter readers would be fired, and refused to support the change until the matter was settled.

Citing the need for better meter reading and billing, the Mayor added that "Fifty percent of the calls we get here (at Town Hall) are for the Water Department."

Messina said the two employees now reading meters would be reassigned within the water department, and the billing clerk would still be handling billing inquiries.

Township Manager Stephen Cuccio said the PSE&G bid, to be renewed each year, will allow the water department to sell new

meters to residents wholesale, to install the meters for considerably less than a plumber would charge, and to test meters using a meter sensing device purchased by the township.

Currently, residents must purchase their own meters at no discount and pay a plumber to install them. Councilman Jerry Digori agreed with Cuccio that "We should phase out the old meters in different areas. We are probably getting beat out of a lot of collections."

Earlier in the meeting, Steven Vogel of the Finance Department had said that he has seen many times where a new meter is installed and the amount of revenue collected increases significantly.

"Any meter over 10 years old is not functioning at 100 percent," Vogel said, "We have meters from the 1920s. With new meters, people complain of higher bills, because we're collecting full usage."

Deputy Mayor Thomas Spillane, agreeing that meters should be changed, asked "How can we determine if meters are giving us an accurate reading if they are 20 or 30 years old?"

Spillane suggested a routine maintenance schedule and replacing meters on a continuing basis until all have been replaced.

Cuccio said all checks would be processed by PSE&G to a township bank account before 3 p.m. each day.

Cook had asked for the bid (continued on page 2)

Ban amended to allow lock-out device...

Cigarette machines survive tobacco ban

By Richard Dickon

Following protests from local retailers and a pitch for vending machine lock-out devices, the Township Council revised an ordinance to allow cigarette vending machines with a "lock out" device to help curtail cigarette sales to those less than 18 years old, while otherwise banning the sale of tobacco to minors.

A group of cigarette vending machine salesmen and several retailers who sell cigarettes spoke against the vending machine ban at a November public Council meeting.

The Council voted 4-2 to pass the ordinance, with Mayor Jim Messina and Councilman Jerry Digori voting against the tobacco ban.

The governing body heeded the urging of vending machine salesmen, who explained in November that a lock-out device would prevent minors from purchasing cigarettes by requiring owners of establishments to release cigarettes through a remote control device.

Deputy Mayor Thomas Spillane, who sponsored the ban, said "Tobacco destroys people's quality of life. Nicotine is the most dangerous drug in America. It probably kills more people than any other drug. I think it's only fair that we try and stop kids from smoking. This requires owners to use the control device, so they know who they're selling to."

Spillane also supported removing tobacco displays accessible to minors.

Owners of local shops which sell tobacco and objected to part of the (continued on page 2)

HOCKEY RINK STILL ON ICE - Gary McDonald questions the Township Council about why the street roller hockey rink proposed for School #8 on Union Avenue has yet to be completed. McDonald, along with parents and young hockey players, came out to the Jan. 9 Council meeting to criticize the delays. (Photo By Richard Dickon)

School #8 site delay checks hockey team...

Council, parents face off over hockey rink

By Richard Dickon

Representatives of a burgeoning winter street hockey league criticized the Township Council for delays to a proposed street hockey rink on the playing field adjacent to School #8, with the Council citing bureaucracy and horrendous winter weather as reasons the rink is not completed.

Gary McDonald, who manages Belleville athletes' participation in the area roller hockey league, told the Council at the Jan. 9 public meeting that parents had paid between \$300 to \$500 for their children to participate, and asked "Why did it take so long?"

McDonald said he has 145 children signed up, with 50 to 60 waiting to see if the rink is built. "This keeps them off the streets, and gives them something to do as a winter sport," McDonald said.

Mayor Jim Messina said "We have should moved more expeditiously," but said the rink purchased 18 years ago had not been built in nearly two decades, and not enough time was allotted to complete the bureaucratic steps necessary.

The Mayor said the Council has had more pressing issues to deal with, but added "We have the best recreation program in the county. We have been totally responsive to the recreation kids' needs."

Messina said the rink would be built "before spring, if possible."

Councilman Bill Cook explained the long bond issue bid process involved in securing funding for the rink. "We're not allowed to allocate the money for at least six weeks. We have to publish the bond ordinance and have a public hearing before it can go into effect," Cook said.

Still, parents complained of buying hundreds of dollars of equipment, with one father saying he purchased more than \$1,000 worth of goal tending equipment.

"Not to be harsh, but I am very upset," said Carol LoMin, "We could've joined the hockey team with Lyndhurst, or Nutley, and at least we'd be playing. We had to choose as a team."

Messina said "The Council cannot exempt the blame. If you had known it was not going to get done, you should've joined that other league."

LoMin, one of several parents who complained at the meeting, said she and other parents had been led to believe that the building of the rink was progressing.

School Board trustee Lou Pallante said he was attending the Council meeting as a concerned citizen, but said the school board had its concerns answered that the children of School #8 would still have access to the playing fields. "We were concerned with the location of the rink, but we get that information," he said.

Township Manager Stephen Cuccio lauded McDonald and the parents for helping the rink progress as far it has, although no asphalt can be poured until the temperatures rise sufficiently.

"It wasn't for Gary, we would be this far," Cuccio said, "He volunteered to do the reconditioning of the lights on his own time and labor." He said parents have volunteered to help remove fencing and light poles.

Cuccio said before the first big snow the township had "blown out the big cracks" in the existing asphalt, and now had to put down a first, rougher asphalt and a second coat of glass-like asphalt finish.

Councilman Jerry Digori, part of the Council committee with Victor Canning and Joseph Scaperrotta, said he had met Jan. 4 with McDonald and spoken the following day with Superintendent of Schools Michael A. Lally and School Business Administrator Edward Appleton. "We are going to have a meeting with the Recreation Committee to get dates and deadlines, and we will go from there," Digori said.

At a December school board meeting, school board trustee Frank Montagna said he expected to see specifications showing the exact size of the roller rink before he would approve the rink, repeating earlier fears expressed about the rink leaving no room for children to play outdoors.

Resident Phyllis Frantantoni had stated similar concerns, saying she feared children will be displaced by the hockey rink.

Canning has said the rink was set up so that children could walk through it going in and out of the playing fields and that the fears were (continued on page 2)

Council, parents face off over hockey rink

(continued from page 1)

unfounded.

Digori has said any perceived problems with the plans should have been brought up by the Board of Education before the site was approved.

He said the committee looked at three sites, including the high school, #9 School and #8 School, and the committee decided #8 was the best site, since it has lights, a fence, and blacktop. The Board of Education gave the committee permission, and any questions should have come up with the Board of Education, Digori said.

Messina and Scaperrotta have both said they thought the high school's old tennis courts would be a better site, but both also said they would support the plans as approved.

Lally has said school board meeting minutes say a site plan was supposed to be given by the Council committee to the School Board's building and grounds committee, which includes Ralph Mazzuca, Barbara Cicalese and Pallante.

The same school board and Council members who have collaborated on the Municipal Stadium renovations and the recently-completed high school tennis courts, first met in September to discuss a possible location for the rink.

Digori had originally proposed the Recreation House on Joralemon Street as a site for the rink, but that location was dropped because it could not fit a 75-by-155-foot rink necessary for competition.

Deputy Mayor Thomas Spillane, Councilman Bill Cook and Councilwoman Angie Pascerchia had all voted against putting the rink at the "Pec" house.

Digori told the Council in July that the local street hockey league now plays in Nutley and Lyndhurst, but the team must have a home facility to continue competing.

Cook suggested looking at School #9 in the Valley section, while Spillane said School #9 or the old High School tennis courts "away from things" could be utilized.

Pascerchia has said she was against putting the rink at the Rec house because residents there do not want it "in their backyard."

Amendment allows cigarette machines with lock-out devices

(continued from page 1)

ordinance which calls for all cigarette and self-service tobacco displays to be removed within 30 days of the ban in all retail establishments, while businesses could be served a summons 60 days after an alleged violation.

That part of the ban was kept, despite complaints by local merchants that tobacco companies pay them a fee to display advertising that requires cigarettes to be within reach of customers. Almost all retailers who spoke said vehemently that they never have, and never would, sell tobacco products to minors, and they objected to having money taken from them because they might sell to minors.

The allowing of the cigarette machines came about after Councilman Victor Canning suggested the Council look for a compromise with vendors, including the lock out devices.

Under the ordinance, a restaurant can have its retail food license suspended for "not more than three days" for a violation, while fines of between \$100 and \$1,000 are possible.

Council chooses PSE&G to privatize water meters

(continued from page 1)

specifications to include a clause that would indemnify the township again any actions taken by private employees, such as accusations of stealing from residents.

He also asked for a provision that any bidder meet a minimum standard of meter reading, 75 percent per billing period.

Cuccio has said the township needs to start building up a surplus

in water collections. An \$800,000 deficit has been accrued over time, he said.

Digori has proposed using telephone lines to get more accurate readings, saying the township would be better off over the long haul, although it would be a big initial investment.

Spillane has said the town can go ahead and privatize water meter reading and still move to using telephone lines later, and the two do not have to be mutually exclusive.

The Council approved the move towards privatization in May, after an offer from PSE&G was made to take over the service, now being done by town employees.

Digori cast the lone vote against accepting bids.

At a May Council work session, John A. Griffith of PSE&G told the Council PSE&G is offering the service to all municipalities it serves, along with "reliability and the reputation" the company has established.

Griffith said only one meter reader would be needed to cover the town. He added that 275 to 280 meters are read on an average day by a PSE&G employee.

Digori and Spillane both said they thought billing residents monthly, rather than quarterly, would help ease the burden of increased water bills.

Messina has called the change "a win-win situation," that would take the town "out of the water business."

Belleville Police Blotter:

By Kelly Tahaney

* Steven Miller, 49, of Belleville was arrested for possession of a controlled dangerous substance Jan. 9.

Detectives Guiliano and Capece pulled Miller over for driving at a high rate of speed on William Street.

Miller was found in possession of 6 vials in white substance believed to be cocaine.

* John Trunzo, 36, of Bloomfield was found to be in possession of a CDS Jan. 11.

Trunzo was stopped in his vehicle by detectives Guiliano and Capece on Washington Avenue.

Trunzo exited his car and threw down a packet of white powdery substance believed to be a controlled dangerous substance.

Detectives recovered the drugs and arrested Trunzo.

* Salvatore Banuls, 27, of Belleville was arrested for having a revoked driver's license Jan. 11.

Banuls was found to have had several outstanding warrants and a glass, smoking pipe.

Detectives Guiliano and Capece made the arrest on Branch Brook View.

* Paul Best, 31, of Ocean Gate was arrested for possession of a drug paraphernalia Jan. 13.

Officers Reed and Goldrick arrested Best at the intersection of Little and Washington.

Best was questioned by the officers and fell asleep while standing. Officers found a hypodermic needle and a "plunger" (used for drugs) on Best.

* Kenneth Benedetto, 51, of Belleville was arrested was arrested for obstructing the police and possession of a dangerous weapon Jan. 14.

Benedetto threatened to shoot anyone that tried to gain access to his apartment on Heckel Street, police said.

Police evacuated residents on Heckel Street. Several officers then made their way into Benedetto's apartment.

Police found a Coleman handgun, two swords, a machete and two 22-caliber rifles in his apartment.

Benedetto is being held on \$2,000.

* Alvin Fields, 28, of Irvington was found in possession of CDS Jan. 14.

Fields was stopped in vehicle on Mill Street. Officers Dullaghan and Morotti found Fields in possession of an expired North Carolina driver's license.

The officers also found a folded packet containing a white powdery substance believed to be drugs, police said.

* James Dewey Sloan, 39, of Kearny was arrested for possession of CDS Jan. 15.

Officers Cerretto and Morotti pulled over the vehicle on Cortland Street.

Sloan, the passenger of a vehicle, threw out a glass vial containing cocaine, police said. Sloan was then arrested for possession of a controlled dangerous substance.

The driver was charged for traffic violations, police said.

Belleville Senior News

By Joseph Restaino

HE HAD A DREAM

Peace maker, crowd pleaser
Mover of men
Beacon to follow
On him we could depend

The voice of the people
With a story to tell
He had been to the mountain
He knew it so well

Though his time was cut short
His message will ring
With a vision of the future
As we honor Dr. Martin Luther King
Dorothea Behan

Due to the storms we have been having for the past month and the holiday season the senior citizen center has been closed so there is very little to report due to the cancellation of the various meetings.

The Friday Senior Citizen Social Club did manage to have their New Year's Eve party on schedule. Under the leadership of President Betty Barr, who is also chairperson of the party committee, the seniors and their friends celebrated New Year's Eve with a catered party by Daily's and music by the Anthony Trio. The New Year was ushered in by a champagne toast. The other committee members, Maria and Jim Troiano, Theresa Leonardis and the many other volunteers are to be saluted for helping in making this a very successful event. Congratulations to all and you can be sure a good time was had by all. My wife and I are sorry we had to miss this wonderful party but we had a party at the home of my son Alan and his wife Debbie. Also present were my son Joseph, my daughter and son-in-law, Lois and Allen Johnson, Mr. and Mrs. Sam Graziano, Gene and Linda Engelman and Erica and Jeffrey Monacelli.

Congratulations to Joe and Millie Cerami on becoming grandparents for the second time. Their daughter Donna Pettelcow gave birth to a bouncing 8 1/2 pound baby girl named Rachel Ann. The proud father, Allen, is now passing out cigars. Rachel Ann joins her sister Leanne.

Sorry to hear Rose Preziosi is in the hospital and that Maria Cataldo is not feeling well.

With all the beautiful decorations throughout the town for the Christmas holidays, I must commend Rosebud's and the Good Health Pharmacy on Joralemon Street, for the beautiful decorations on their store front. They help to make Belleville beautiful.

Isn't it funny that you buy no-salt items, low fat and fat free items, and yet they charge you more for less. Why? What a rip-off. Give us a break.

About time:

Legislation was approved by the State Assembly that any public official and employees who are dismissed for official misconduct or any violation of the law could lose their pension. The measure was sent to Gov. Whitman for consideration. The bill authorizes the board of trustees to withhold any public pension fund or retirement benefit of a member for mis-

conduct occurring during public service. This bill was sponsored by Assemblyman Steve Mikulak (R-Middlesex).

For seniors: Income eligibility for P.A.D. for aged and disabled program has been increased as of now. The income limits were raised from \$16,624 to \$17,056 for single people. For married people from \$20,383 to \$20,913. This reflects the 2.6 percent cost of living increase in Social Security benefits. Under PAAD a person can purchase medicine and certain diabetic materials for \$5 per prescription. To be eligible, an individual must be a New Jersey resident and either at least 65

years old or at least 18 years old and receiving Social Security disability benefits.

Medicine has leaped ahead -

On this we all agree.

We used to call it just an itch.

Now it's called an allergy.

Tid bit: But they that hope in the Lord shall renew their strength, they shall take wings as eagles, they shall run and not be weary, they shall walk and not faint.

OUR OPINION

Rent control phase out addresses both short- and long-term issues

The Township Council's 4-1-1 vote to gradually phase out, rather than eliminating the Rent Control Ordinance, and its discussion of a more gradual phase out of rent control, was the right decision. A majority of the Council supported allowing residents, particularly senior citizens, to remain "grandfathered" in rent-controlled apartments for as long as they wish.

A minority of Council members argue persuasively that all homeowners, including senior citizens, foot the property tax bill when landlords win tax appeals based upon less rental dollars from rent-controlled apartments. Both sides have valid points, making the gradual phase out the best compromise possible.

The Council will allow vacancy decontrol for all rent-controlled apartments once the current tenant moves out. With vacancy decontrol, when a unit becomes vacant, a certificate must be approved saying that the proper procedure was followed, and the tenant was not forced out or coerced. Once the tenant signs the agreement, the apartment may be rented.

The Council must ensure proper enforcement of vacancy decontrol to address the concern that vacancy decontrol invites landlords to get rid of people on rent control. Currently, with rent control, an apartment will return to rent control when a new tenant rents the unit.

A more subtle phasing out will provide

an opportunity to inspect apartments and bring each up to current building codes. Taking all the apartments off at once would make such code enforcement impossible, but inspecting each apartment as it comes off rent control can bring apartments up to code, and improve the quality of apartments.

Abolishing rent control is good of all taxpayers, and the two Council members who favored abolishing rent control make a valid point: that most landlords will not chase out a tenant for more money, and risk the apartment not being rented for a month, believing that if you have good tenants, it's better to take a little less and not go for the big score.

Another question is whether or not rent control is the major issue in winning tax appeals, with Township Attorney Robert Giordano responding that he believed the change would lessen the success of tax appeals in the long run.

So the Council is protecting residents in the short run from being driven out of apartments, while gradually leveling the playing field for all landlords and allowing the township a chance to crack down on landlords not maintaining apartments. The plan represents the best kind of compromise, where every aspect is addressed over time, but no drastic changes are thrust upon residents.

Council's tobacco restrictions help, but parents must educate youths

Following protests from local retailers and a pitch for vending machine lock-out devices, the Township Council amended an ordinance banning cigarette vending machines in any establishment, opting instead to allow the machines with the lock-out device. The move is designed to help curtail smoking by those less than 18 years old. This coincides with a recent ban on smoking in all municipal buildings and vehicles, without designating an area in Town Hall for smokers.

We support the Council's compromising with businesses by putting in lock-out devices where appropriate. Vending machine retailers said the device uses a remote control buzzer device, similar to a buzzer that allows persons to enter a building. If the device fails, the cigarettes cannot be bought.

A group of cigarette vending machine salesmen and several retailers who sell cigarettes spoke against the vending machine ban in November. We sympathize with retailers that the part of the ordinance which calls for all cigarette and self-service tobacco displays to be removed within 30 days will hurt business, and rob them of

fees that tobacco companies pay them to display advertising that requires cigarettes to be within reach of customers. This provision, like the others, is meant to deter minors from purchasing cigarettes.

A moving argument was made by Deputy Mayor Thomas Spillane, who sponsored the ban. He said that tobacco destroys people's quality of life, that nicotine is the most dangerous drug in America, and probably kills more people than any other drug.

We would take the word of merchants that they do not sell to minors, but if one merchant sells one pack of cigarettes or other tobacco product, then the cause of smoking prevention is damaged. We reiterate that these measures should be coupled with a combined effort using the Belleville Alliance for Substance Education (BASE). The two should look together at ways to educate teens about the health risks of smoking. In the long-run, it is up to parents to educate and police their own children, and the Council arbitrarily ban tobacco sales will not overcome parental indifference.

Communication gap checks hockey rink; Cub scouts need donations& participants

Gary McDonald and all the parents who came to the recent Council meeting looking for an answer to why the street roller hockey rink was not completed before the first snowfall deserved an answer, but they didn't like the one they got. Mayor Jim Messina and the rest of the Council explained, correctly, that the bureaucratic process slows down any project that requires a bidding process and a bond ordinance, and certainly no one could have predicted the early and often snow storms that have plagued the area.

What ultimately doomed this project, however, was a combination of a lack of understanding by McDonald and the parents about just how long and difficult the process was, along with the Council's failure to communicate the probability that the rink would not be completed in time to, so the parents could have joined a different team and league.

Neither of these occurrences lends itself to blame. Most parents do not regularly attend Council meetings and would not be fully aware of the lengthy bidding and bonding processes. Had they been aware, they could have attempted to begin the process much earlier and compelled the Council to make sure the work was done.

The Council, for its part, can be forgiven for not having the rink at the top of its list of priorities. If you look at this year, when bigger, more life-affecting projects like building senior citizen housing, repairing the crumbling exterior of Town Hall and renovating the substandard Municipal Stadium have all proceeded slower than hoped, the delay in completing the rink can be more easily understood. Someone on the Council committee overseeing this project should have explained the likelihood of the rink not being done before the first snowfall.

The school board and Board of Education share responsibility for the process bogging down, since a three-person buildings and grounds committee had the same opportunity to notify the parents and players of the delay. The two committees seemed to have commu-

nicated to each other fairly well, but did not get the word out to those who counted on using the rink.

Hopefully, all sides have learned a lesson about the importance of communication from this mishap. I have to hand it to all sides involved in this project for keeping the finger pointing and blame to a minimum and concentrating more on trying to build the rink before spring...

Shame! Shame! Shame! Part II: Those sentiments expressed by Guy Capaldo, Rick Dembrowski and Jim O'Hara, about their recent poor response to a recent drive to recruit boys from grades one through five for the Cub Scouts, get an addition this week. Capaldo reports that the scouts need funds to buy flags and other items lost during years when scouting was dormant. As I reported last week, despite putting flyers in Schools #1, 3, 4, 5 and 7, nine boys out of an estimated 1,400 possible boys showed up.

Those nine were to be part of the first scheduled pack meeting for Cub Scouting last week, and every subsequent month at School #5. As Guy has correctly pointed out, scouting is fun, promotes lasting friendships, and teaches responsibility, all at the same time. Also, if any parent wishes to become involved in scouting, the committee needs help. Anyone wishing to sign up can do so at the Jan. 16 meeting, or they may call Guy at 751-0575. As Guy likes to say, scouting is a family affair.

All of the same sentiments apply to Girl Scouting as well. For information on membership or volunteering, you can call the Girl Scout Council of Greater Essex County at 746-8200...

If you know of someone, or are yourself responsible for some of the many big or small, important good deeds done everyday and worthy of recognition in this town, let me know, because, as the this column states, when it comes to good people, doing good things, that's "Positively Belleville."

YOUR OPINION

Extra kindness

To the editor:

The Hospice division of The Center for Hospice Care in Glen Ridge continued to function during the Blizzard of 1996.

Although our offices were officially closed to protect our staff from the hazards of driving during the worst of the storm, our nurses were on-call 24 hours a day to meet the needs of our patients and their families in their own homes.

Our on-call staff, Debbie Bartholomew, Brenda Kelly and Marianne Brusseler, Wendy Templeton and Pat Kelley, went the extra mile under difficult circumstances.

No matter how heroic the nurses were, they could not have functioned without the willing support of the police departments in Belleville, Bloomfield, Glen Ridge, Montclair and Nutley. The police in all of these towns sent cars to pick up nurses at all hours, so that the nurses could go to patients' homes to give care.

In one case, at 3 a.m., Monday, Jan. 8, one of our nurses was called to pronounce the death of a young father so that he could be taken to the funeral home in an expedient and dignified manner and to offer support to his grieving family. The Nutley police even transported a family to the pharmacy so that they could obtain needed medication for their family member.

An extraordinary event, extraordinary people, extraordinary human kindness.

Lorraine Sciara
President and chief executive officer
The Center for Hospice Care

Special thank you to crossing guards

To the editor:

We would like to express a special thank you to all the crossing guards, their families and their friends for the overwhelming response of donations of food for the food baskets that were made up to go to the local churches in Belleville.

The Belleville School Crossing Guard Association had enough food to make up 3 baskets; 2 for Thanksgiving and 1 for Christmas. The baskets were given to the churches before the holidays, at which time the churches gave them out.

We would also like to thank those churches that had responded and participated.

Mary M. Gregor, president
Judy Thatcher, treasurer
School Crossing Guard Association

Thanks for donations

To the editor:

We wish to express our sincere appreciation for the many gifts donated to the 17th annual Weichert Realtors toy drive to benefit needy children.

The kindhearted generosity of the public this year helped us brighten the holiday season for many underprivileged children and made this year's toy drive the most successful ever! Thousands of toys were collected at our 200 offices and distributed to local charities in Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia and Washington, D.C.

We extend our warmest thanks to the people of the greater metropolitan area, and your community, for their continued support.

James M. Weichert
President
Weichert Realtors

Auriemma gets thank you for Christmas display

To the editor:

I would like to thank Charles Auriemma for a fantastic holiday display. Mr. Auriemma opens our eyes every year as to the true meaning of Christmas.

Once again he held true to a family tradition by setting up a "Winter Wonderland" which included a live nativity scene. Bravo to one of our fine citizens who gives back to his community.

Leonard M. Russo, D.C.

UNICEF recognizes Birth Center at The Beth, Inc.

The Birth Center at The Beth, Inc., a licensed freestanding birth center facility staffed by certified nurse midwives (CNMs), is one of only 18 birth centers nationwide to be recognized as a leader by the U.S. Committee for UNICEF for declaring their commitment to the Principles of the global Baby-Friendly Hospital Initiative and establishing the highest standards possible for the protection, promotion and support of breastfeeding.

Hugh Downs, Chair of the U.S. Committee for UNICEF, stated that these few facilities are "paving the way to establish a standard of excellence for assisting pregnant women and new mothers in one of the most rewarding experiences of motherhood — breastfeeding."

Breastfeeding is being promoted because of its many benefits to both mother and child. Protein-rich breastmilk is a valuable part of a baby's nutrition, and studies show that breastfed babies have fewer ear and diarrheal infections, experience less vomiting and acute respiratory illness. With skin-to-skin contact, breastfeeding also helps satisfy the baby's emotional needs and promotes mother-infant attachment.

The mother also benefits from breastfeeding. After childbirth and the onset of breastfeeding, the hor-

mon oxytocin is released into the mother's system, speeding the delivery of the placenta and constricting uterine blood vessels to minimize blood loss. A "mothering instinct" is also enhanced with the release of the milk-producing hormone prolactin.

The Birth Center, in taking the Baby-Friendly challenge, will implement UNICEF's recommended Ten Steps to Successful Breastfeeding guidelines. The center's efforts will be reviewed at the end of 1995.

"We look forward to participating in this worldwide effort to promote breastfeeding," says Dianne Moore, C.N.M., Ph.D., Director of The Birth Center at The Beth. "Our certified nurse midwives are committed to offering the best start possible to newborns and their families."

The Birth Center at The Beth, Inc. is a 501(c)(3), not-for-profit, licensed, freestanding birth center. Staffed by certified nurse midwives (CNMs), the center is founded on the philosophy that birth is a natural part of life. The midwives instill confidence in a woman in her own ability to give birth, and promote early bonding between parent and child.

Food and toy drive successful

The third annual food and toy drive, sponsored by A T.E.A.M. Approach Chiropractic & Physical Therapy Center in Bloomfield, brought out the true spirit of giving.

Members of the community gave canned and non-perishable goods as well as new toys to the drive, which ran from Nov. 15 until Dec. 15.

The collected items were given to Vincent United Methodist

Church of Nutley, which distributed the donations to local needy organizations who benefited from the generosity of others.

"It was so encouraging to see such a genuine display of concern from our community," said Dr. Robert Ruffalo, director of A T.E.A.M. Approach.

"I would like to take this opportunity to thank all those who contributed," he said.

Clara Maass Continuing Care Center offers vocational program

The Clara Maass Continuing Care Center now offers a Nurse Aide Vocational Program at its site in Belleville. The program prepares individuals to become New Jersey Certified Nurse Aides. The program is approved by the New Jersey State Department of Health, and the New Jersey Department of Education, Division of Vocational Education.

The program consists of a 90 hour course, including 50 classroom hours and 40 clinical hours. Topics covered in the comprehensive program include: introduction to concepts of long-term care; responsibilities of the nurse aide; communications; infection control; maintaining a pleasant health care environment; accident prevention; fire and disaster policy; psychosocial needs of patients; lifting and moving patients; observing and reporting physical changes; aging process; physical needs of patients; recreational needs of patients; and spiritual needs of patients.

The instructors at Clara Maass Continuing Care Center are Registered Nurses selected primarily on the basis of their academic achievements and clinical experience in geriatrics. All instructors are approved by the State of New Jersey, Department of Education and Department of Health.

Admission to the program is open to all persons eighteen years of age or older with either a high school diploma, G.E.D. certificate, or upon successful completion of the Test of Adult Basic Education (TABE) exam. Interested individuals must complete an application form and a pre-admission test, as well as be interviewed. Enrollment is limited to approximately 20 students per class to enhance learning instruction.

Class sessions start at frequent intervals, usually every four to seven weeks. The next session is

scheduled to begin in January, 1996. Cost of the program is \$800 and includes books, test, a final exam, and the New Jersey State Skills and Written Nurse Aide Exams. For more information or to register for the program, call Edith Miller, R.N., program coordinator at (201) 450-2910.

The Clara Maass Continuing Care Center Vocational School is an equal opportunity institution, admitting students without regard to race, creed, sex, color, or natural origin.

Pictured at the graduation of the Clara Maass Vocational School are: (front row, from left) Edith Miller, R.N. coordinator; Dorhian Coleman; Hardal Khan; Carole Alexander; Marie Gilles; Olga Grant; Rose Marie Ninger; Maria Freitas; Aura Liriano; (back row, from left) Francisco Perez; Betsy Gross, R.N.C., instructor; Georgia Bethea; Irene Schneider, R.N.C., instructor, and Theresa Talmadge.

Anne's Birth Story

"I never realized my birthing experience could be so personal, so rewarding. The Certified Nurse Midwives at The Birth Center opened a whole new world — respecting my abilities to give birth to my baby and encouraging me to personalize my baby's birth."

- Certified nurse midwives provide pre-conceptual, maternity, and well-woman gynecological care
- Home-like atmosphere
- Safe alternative to traditional hospital setting
- Family & friends at your side
- Water-jet tub for relaxation during labor or birth
- Full kitchen & dining room available for your comfort
- Children's playroom
- Indoor parking on medical center grounds with 24-hour security
- Complete prenatal, delivery and postpartum care

*A midwife is a woman who specializes in the care of women and babies. She is a nurse, a doctor, and a midwife. She is a woman who is trained to care for women and babies. She is a woman who is trained to care for women and babies. She is a woman who is trained to care for women and babies.

Advanced Diagnostic Radiology Services

Utilizing the latest technology, the Radiology Department at West Hudson Hospital provides a complete range of diagnostic imaging services to both inpatients and outpatients.

In addition to conventional x-ray procedures, West Hudson Hospital offers one of the most sophisticated, non-invasive techniques that uses sound waves instead of radiation to produce images of internal organs on a video monitor.

The modern facility also features Nuclear Medicine services and the latest in Ultrasound technology, a non-invasive technique that uses sound waves instead of radiation to produce images of internal organs on a video monitor.

Consistent with an emphasis on women's services, a state-of-the-art low dose Mammography system, fully accredited by the American College of Radiology, is available. Certified female technologists perform all testing.

With imaging a standard procedure in the diagnostic appraisal of a patient, our Board Certified Radiologists generate accurate and timely reports to your physician.

For additional information contact the Radiology Department at 955-7000.

The Care Connection
provides FREE transportation to West Hudson Hospital and the offices of affiliated physicians for medically-related visits. For additional information or an appointment, call 955-7777.

OUR OPINION

Rent control phase out addresses both short- and long-term issues

The Township Council's 4-1-1 vote to gradually phase out, rather than eliminating the Rent Control Ordinance, and it's discussion of a more gradual phase out of rent control, was the right decision. A majority of the Council supported allowing residents, particularly senior citizens, to remain "grandfathered" in rent-controlled apartments for as long as they wish.

A minority of Council members argue persuasively that all homeowners, including senior citizens, foot the property tax bill when landlords win tax appeals based upon less rental dollars from rent-controlled apartments. Both sides have valid points, making the gradual phase out the best compromise possible.

The Council will allow vacancy decontrol for all rent-controlled apartments once the current tenant moves out. With vacancy decontrol, when a unit becomes vacant, a certificate must be approved saying that the proper procedure was followed, and the tenant was not forced out or coerced. Once the tenant signs the agreement, the apartment may be rented.

The Council must ensure proper enforcement of vacancy decontrol to address the concern that vacancy decontrol invites landlords to get rid of people on rent control. Currently, with rent control, an apartment will return to rent control when a new tenant rents the unit.

A more subtle phasing out will provide

an opportunity to inspect apartments and bring each up to current building codes. Taking all the apartments off at once would make such code enforcement impossible, but inspecting each apartment as it comes off rent control can bring apartments up to code, and improve the quality of apartments.

Abolishing rent control is good of all taxpayers, and the two Council members who favored abolishing rent control make a valid point: that most landlords will not chase out a tenant for more money, and risk the apartment not being rented for a month, believing that if you have good tenants, it's better to take a little less and not go for the big score.

Another question is whether or not rent control is the major issue in winning tax appeals, with Township Attorney Robert Giordano responding that he believed the change would lessen the success of tax appeals in the long run.

So the Council is protecting residents in the short run from being driven out of apartments, while gradually levelling the playing field for all landlords and allowing the township a chance to crackdown on landlords not maintaining apartments. The plan represents the best kind of compromise, where every aspect is addressed over time, but no drastic changes are thrust upon residents.

Council's tobacco restrictions help, but parents must educate youths

Following protests from local retailers and a pitch for vending machine lock-out devices, the Township Council amended an ordinance banning cigarette vending machines in any establishment, opting instead to allow the machines with the lock-out device. The move is designed to help curtail smoking by those less than 18 years old. This coincides with a recent ban on smoking in all municipal buildings and vehicles, without designating an area in Town Hall for smokers.

We support the Council's compromising with businesses by putting in lock-out devices where appropriate. Vending machine retailers said the device uses a remote control buzzer device, similar to a buzzer that allows persons to enter a building. If the device fails, the cigarettes cannot be bought.

A group of cigarette vending machine salesmen and several retailers who sell cigarettes spoke against the vending machine ban in November. We sympathize with retailers that the part of the ordinance which calls for all cigarette and self-service tobacco displays to be removed within 30 days will hurt business, and rob them of

fees that tobacco companies pay them to display advertising that requires cigarettes to be within reach of customers. This provision, like the others, is meant to deter minors from purchasing cigarettes.

A moving argument was made by Deputy Mayor Thomas Spillane, who sponsored the ban. He said that tobacco destroys people's quality of life, that nicotine is the most dangerous drug in America, and probably kills more people than any other drug.

We would take the word of merchants that they do not sell to minors, but if one merchant sells one pack of cigarettes or other tobacco product, then the cause of smoking prevention is damaged. We reiterate that these measures should be coupled with a combined effort using the Belleville Alliance for Substance Education (BASE). The two should look together at ways to educate teens about the health risks of smoking. In the long-run, it is up to parents to educate and police their own children, and the Council arbitrarily ban tobacco sales will not overcome parental indifference.

'Positively Belleville'

By Richard Dickon

Communication gap checks hockey rink; Cub scouts need donations& participants

Gary McDonald and all the parents who came to the recent Council meeting looking for an answer to why the street roller hockey rink was not completed before the first snowfall deserved an answer, but they didn't like the one they got. Mayor Jim Messina and the rest of the Council explained, correctly, that the bureaucratic process slows down any project that requires a bidding process and a bond ordinance, and certainly no one could have predicted the early and often snow storms that have plagued the area.

What ultimately doomed this project, however, was a combination of a lack of understanding by McDonald and the parents about just how long and difficult the process was, along with the Council's failure to communicate the probability that the rink would not be completed in time to, so the parents could have joined a different team and league.

Neither of these occurrences lends itself to blame. Most parents do not regularly attend Council meetings and would not be fully aware of the lengthy bidding and bonding processes. Had they been aware, they could have attempted to begin the process much earlier and compelled the Council to make sure the work was done.

The Council, for its part, can be forgiven for not having the rink at the top of its list of priorities. If you look at this year, when bigger, more life-affecting projects like building senior citizen housing, repairing the crumbling exterior of Town Hall and renovating the substandard Municipal Stadium have all proceeded slower than hoped, the delay in completing the rink can be more easily understood. Someone on the Council committee overseeing this project should have explained the likelihood of the rink not being done before the first snowfall.

The school board and Board of Education share responsibility for the process bogging down, since a three-person buildings and grounds committee had the same opportunity to notify the parents and players of the delay. The two committees seemed to have commu-

nicated to each other fairly well, but did not get the word out to those who counted on using the rink.

Hopefully, all sides have learned a lesson about the importance of communication from this mishap. I have to hand it to all sides involved in this project for keeping the finger pointing and blame to a minimum and concentrating more on trying to build the rink before spring...

Shame! Shame! Shame! Part II: Those sentiments expressed by Guy Capaldo, Rick Dembrowski and Jim O'Hara, about their recent poor response to a recent drive to recruit boys from grades one through five for the Cub Scouts, get an addition this week. Capaldo reports that the scouts need funds to buy flags and other items lost during years when scouting was dormant. UNICEF recognizes Birth Center at The Beth, Inc.

The Birth Center at The Beth, Inc., a licensed freestanding birth center facility staffed by certified nurse midwives (CNMs), is one of only 18 birth centers nationwide to be recognized as a leader by the U.S. Committee for UNICEF for declaring their commitment to the Principles of the global Baby-Friendly Hospital Initiative and establishing the highest standards possible for the protection, promotion and support of breastfeeding.

Hugh Downs, Chair of the U.S. Committee for UNICEF, stated that these few facilities are "paving the way to establish a standard of excellence for assisting pregnant women and new mothers in one of the most rewarding experiences of motherhood — breastfeeding."

Breastfeeding is being promoted because of its many benefits to both mother and child. Protein-rich breastmilk is a valuable part of a baby's nutrition, and studies show that breastfed babies have fewer ear and diarrheal infections, experience less vomiting and acute respiratory illness. With skin-to-skin contact, breastfeeding also helps satisfy the baby's emotional needs and promotes mother-infant attachment.

The mother also benefits from breastfeeding. After childbirth and the onset of breastfeeding, the hor-

mon oxytocin is released into the mother's system, speeding the delivery of the placenta and constricting uterine blood vessels to minimize blood loss. A "mothering instinct" is also enhanced with the release of the milk-producing hormone prolactin.

The Birth Center, in taking the Baby-Friendly challenge, will implement UNICEF's recommended Ten Steps to Successful Breastfeeding guidelines. The center's efforts will be reviewed at the end of 1995.

"We look forward to participating in this worldwide effort to promote breastfeeding," says Dianne Moore, C.N.M., Ph.D., Director of The Birth Center at The Beth. "Our certified nurse midwives are committed to offering the best start possible to newborns and their families."

The Birth Center at The Beth, Inc. is a 501(c)(3), not-for-profit, licensed, freestanding birth center. Staffed by certified nurse midwives (CNMs), the center is founded on the philosophy that birth is a natural part of life. The midwives instill confidence in a woman in her own ability to give birth, and promote early bonding between parent and child.

Food and toy drive successful

The third annual food and toy drive, sponsored by A T.E.A.M. Approach Chiropractic & Physical Therapy Center in Bloomfield, brought out the true spirit of giving.

Members of the community gave canned and non-perishable goods as well as new toys to the drive, which ran from Nov. 15 until Dec. 15.

The collected items were given to Vincent United Methodist

Church of Nutley, which distributed the donations to local needy organizations who benefited from the generosity of others.

"It was so encouraging to see such a genuine display of concern from our community," said Dr. Robert Ruffalo, director of A T.E.A.M. Approach.

"I would like to take this opportunity to thank all those who contributed," he said.

Clara Maass Continuing Care

Center offers vocational program

The Clara Maass Continuing Care Center now offers a Nurse Aide Vocational Program at its site in Belleville. The program prepares individuals to become New Jersey Certified Nurse Aides. The program is approved by the New Jersey State Department of Health, and the New Jersey Department of Education, Division of Vocational Education.

The program consists of a 90 hour course, including 50 classroom hours and 40 clinical hours. Topics covered in the comprehensive program include: introduction to concepts of long-term care; responsibilities of the nurse aide; communications; infection control; maintaining a pleasant health care environment; accident prevention; fire and disaster policy; psychosocial needs of patients; lifting and moving patients; observing and reporting physical changes; aging process; physical needs of patients; recreational needs of patients; and spiritual needs of patients.

The instructors at Clara Maass Continuing Care Center are Registered Nurses selected primarily on the basis of their academic achievements and clinical experience in geriatrics. All instructors are approved by the State of New Jersey, Department of Education and Department of Health.

Admission to the program is open to all persons eighteen years of age or older with either a high school diploma, G.E.D. certificate, or upon successful completion of the Test of Adult Basic Education (TABE) exam. Interested individuals must complete an application form and a pre-admission test, as well as be interviewed. Enrollment is limited to approximately 20 students per class to enhance learning instruction.

Class sessions start at frequent intervals, usually every four to seven weeks. The next session is

scheduled to begin in January, 1996. Cost of the program is \$800 and includes books, test, a final exam, and the New Jersey State Skills and Written Nurse Aide Exams. For more information or to register for the program, call Edith Miller, R.N., program coordinator at (201) 450-2910.

The Clara Maass Continuing Care Center Vocational School is an equal opportunity institution, admitting students without regard to race, creed, sex, color, or natural origin.

Pictured at the graduation of the Clara Maass Vocational School are: (front row, from left) Edith Miller, R.N. coordinator; Dorbian Coleman; Hardai Khan; Carole Alexander; Marie Gilles; Olga Grant; Rose Marie Ninger; Maria Freitas; Aura Liriano; (back row, from left) Francisco Perez; Betsy Gross, R.N.C., instructor; Georgia Bethea; Irene Schneider, R.N.C., instructor, and Theresa Talmadge.

- Safe alternative to traditional hospital setting
- Family is welcome at your side
- Water-jet and long relaxation birthing tubes or tubs
- Full kitchen facilities available for your comfort
- Childbirth education classes
- Labor and delivery support
- Postpartum support

WEST HUDSON HOSPITAL

Advanced Diagnostic Radiology Services

Utilizing the latest technology the Radiology Department at West Hudson Hospital provides a complete range of diagnostic imaging services to both inpatients and outpatients.

In addition to conventional x-ray procedures, West Hudson Hospital offers one of the most sophisticated, non-claustrophobic, CT scan systems available.

The modern facility also features Nuclear Medicine services and the latest in Ultrasound technology, a non-invasive technique that uses sound waves instead of radiation to produce images of internal organs on a video monitor.

Consistent with an emphasis on women's services, a state-of-the-art low dose Mammography system, fully accredited by the American College of Radiology, is available. Certified female technologists perform all testing.

With imaging a standard procedure in the diagnostic appraisal of a patient, our Board Certified Radiologists generate accurate and timely reports to your physician.

For additional information contact the
Radiology Department at 955-7650.

**The
Care
Connection**

provides FREE transportation to West Hudson Hospital and the offices of affiliated physicians for medically-related visits. For additional information or an appointment, call 955-7777

A Great Staff Comes Through Again

The Board of Trustees and Administration of Clara Maass Medical Center and Health System extend a heartfelt thanks to our employees for their exceptional efforts in caring for our patients **during** the recent blizzard on **January 7 - 8, 1996.**

Their **dedication** was **clearly demonstrated** by the efforts **they made** to reach the hospital and the long hours they worked when they arrived.

Their commitment and concern guaranteed that all our patients received the high quality care they deserve.

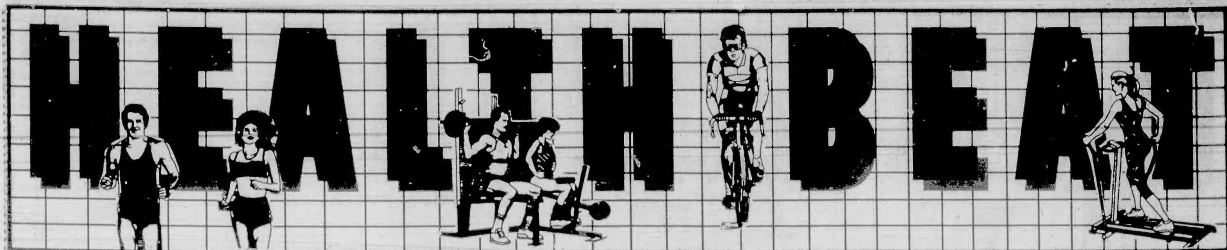

A special thank you is extended to the Essex County Emergency Management Departments, and the many members of the community who so generously offered their time and vehicles to transport staff during this crisis.

We could not have done it
without you.

Hands on Health'

Digging yourself out of back pain

By Robert Ruffalo, PT, DC, CCSF

So what do you think? Are we going to have another one of those winters when the snow is higher than the shrubs? It sure seems like it! So far, we've had numerous snow storms with a good chance of the white stuff lasting until late March. S-H-O-W-E-L-S... Show How Our Very Educated Lift Snow is the topic this month.

I know...you've been shoveling yourself out for ages, but did you ever stop to consider the correct way to do it without having aches and pains at the end of this relentless chore? Morning-after backaches can be avoided if you observe some basic safety tips. There are several things to consider before attempting to conquer "Old Man Winter."

Dr. Robert Ruffalo

1. Know your limits: Evaluate the job. Are you in poor physical health, elderly, unable to perform small tasks you used to do? This one's for you! At age 77, I think it's time for you to sit back and relax. With 10 grandchildren (and one on the way...OOPS! only kidding), five children and lots of very helpful neighbors, I think we can find someone to help you so you don't strain your back. This message is not only for my father, but for any of you out there who forget your own limits. Do me a favor. *Let somebody help you!* If you don't fall into this category, get your shovel ready!

2. Use the correct tools for the job: That's right...the garden shovel won't do! Either get a snow shovel, snow blower, or call the local snow plow company. Proper equipment is key to getting the job done efficiently. If using the good old-fashioned snow shovel, be sure to avoid having your hands too close together. You'll gain strength and leverage if they are further apart on the handle. If you've joined us in the 20th Century and purchased a snow blower, don't lose your investment by pushing. Snow blowers were made to be guided, not pushed. And finally, if you've called the local snow plowing company, sit back, relax...and pay the bill! Once you have the correct tools, go to #3.

3. Lift with your legs, not with your back: Keeping your feet apart, plant them firmly on the ground. Bend your knees slightly. Stand with your back straight and aligned so your body weight doesn't add to your load. Firm up your stomach muscles...or whatever! (Here's your chance to do those much-needed abdominal exercises after holiday binging!) Use your legs to help lift the load. Hold the full shovel close to your body and move the load away from your body by turning your feet, not twisting your back.

When you heed this advice, you're bound to have a great winter. After all, it is a major part of the four seasons. You are unselfish and have not used your legs and twisted your back, my office hours are as follows:

Monday, Wednesday, Friday - 9 a.m. to 7 p.m.

Tuesday - 4 to 7 p.m.

We're closed on Thursdays, so be sure to shovel correctly on Wednesdays!

Seriously...if I can be of help to anyone, my office, A.T.E.A.M. Approach Chiropractic & Physical Therapy Center, is located at 265 Broad St., Bloomfield. As part of the "Hands On Health" campaign, FREE information is available by calling 429-3001.

(Dr. Ruffalo is a chiropractic physician and licensed physical therapist. He also specializes in sports medicine.)

That Nerve

By Sylvain Junger, M.D.
North Center Neurology
Pain and Headache Center

New Belleville location for Pain and Headache Treatment Center

The Pain and Headache Treatment Center of North Center Neurology, headed by Sylvain Junger, M.D., has relocated to 36 Newark Ave., Belleville. By combining traditional and alternative medical approaches, Dr. Junger has established a successful program, bringing relief to many chronic pain sufferers.

Dr. Junger is among the first Essex County physicians to recognize and treat a painful and disabling condition called Fibromyalgia. Fibromyalgia is characterized by generalized aching, tender spots in the muscles and fatigue. This condition often results from relatively minor head or neck trauma and following chronic infection such as Lyme disease.

The mainstay of treatment consists of trigger point injections which is a form of acupuncture. Dr. Junger also uses an array of different treatment modalities which results in a significantly higher success rate than other pain specialists.

Headache and head pain are common conditions treated at the Pain Center. Dr. Junger attributes his success with headaches to his treatment of the underlying cause. He never uses pain killers in the office. "Patients with a bad headache get treated with drugs in the Emergency Room and leave sedated, whereas my treatments get at the source," says Dr. Junger. "The patient generally leaves my office headache-free, ready to resume usual activities."

He is also the first community-based neurologist in northern New Jersey to perform a new procedure using botulinum toxin called Botox to treat a group of rare neurologic disorders called focal dystonias. Currently, only five neurologists in the state use the Botox which represents a major therapeutic advance for these individuals who suffer from uncontrolled muscle twitches that affect the facial, neck, limb or voice muscles.

Dr. Junger moved his practice to the area in 1989 and has been featured on television and in various print media. He has served as a medical consultant in a multispecialty pain center. Dr. Junger has been published in neurology literature on a variety of topics.

After receiving his medical degree from the Medical College of Virginia in Richmond, Dr. Junger completed an internship and neurology residency at Henry Ford Hospital in Detroit, Michigan. He received specialty training in EMG and neuromuscular disease at Rush Presbyterian St. Luke's Medical Center in Chicago, Illinois, and is board certified in his specialty.

Older adult fair scheduled at Beth Israel Medical Center

The Adult Day Health Care Center at Newark Beth Israel Medical Center will sponsor an Older Adult Information Fair on Friday, Jan. 19, from 9:30 a.m. to 3:30 p.m. in the medical center's main lobby.

The fair's goal is to inform the community and employees about the wide range of medical center services designed to address the needs of older adults. These services include the medical center's Adult Day Health Care Center, the Center for Geriatric Health Care, the Daughters of Israel Geriatric Center in West Orange, and the inpatient geriatric unit on the eighth floor of the medical center's D-Wing.

"The fair will give the public and medical center community an opportunity to learn more about the aging process and problems that are often associated with it," said Diane Mayo, R.N.C., B.S. of East Orange, director of the Adult Day Health Care Center. "It is also a chance for them to learn about solutions to these problems and the services that are available here."

Gwen Mann of Newark, assistant director of the center, added, "There are many resources available within the medical center community. This program will help impart knowledge and information to people who are unaware of some of our services due to our off-site locations."

Newark Beth Israel Medical Center's Adult Day Health Care Center, established in 1985, offers a structured, therapeutic environment five days per week for senior citizens in the community, providing stability and an improved quality of life. Programming includes therapeutic activities, medical monitoring, fitness exercises, musical activities, social services, arts and crafts, day trips, a hot lunch, and transportation. For information about the center, call 926-3004.

The Center For Geriatric Health Care was established in 1987 to provide comprehensive and coordinated health services for older adults. In 1990, the medical center established a geriatrics inpatient unit focusing on the needs of the frail elderly. The Center For Geriatrics Health Care offers comprehensive medical, social, psychological, physical, and rehabilitative care in its Newark and West Orange locations. The center handles more than 5,000 patient visits annually. For information, call 926-8491.

Newark Beth Israel Medical Center is a 607-bed teaching hospital affiliated with the University of Medicine and Dentistry of New Jersey. It is the only hospital in New Jersey where heart and lung transplants are performed. Founded in 1901, the medical center is a member agency of the United Jewish Federation of MetroWest.

Thank you for helping Mountainside Hospital weather the storm!

On behalf of our patients, Mountainside Hospital wishes to acknowledge the tireless efforts of our staff, the community agencies and individuals who helped us provide care during the blizzard of January 7-8.

Of special note, we thank:

- The volunteers from the community who offered to pick up staff who would otherwise have been unable to get to work.
- The exemplary efforts of our employees who worked long hours and extra shifts to make sure every patient received the care they needed.
- The employees who slept at the hospital on Sunday and Monday nights, knowing that others would not be able to get in for their scheduled shifts.
- Our maintenance and engineering staff who were on site, plowing and shoveling continuously throughout the storm.

None of us will soon forget the record-breaking blizzard of 1996. Certainly, all of us at Mountainside Hospital will remember it for the tremendous outpouring of support we received from community volunteers, and the extraordinary commitment of our staff.

Ask The Skin Care Experts

A column dedicated to answering skin care questions of the '90s

Q. (NAPS)—I'm a new mother and need to wash my hands often. However, with frequent handwashing and bathing, I find that my skin becomes dry. What can I do to keep my skin soft, yet free of germs?

A. According to Dr. Richard Murahata, Manager, Research Guidance at Lever Skin Science Labs, "When your skin is excessively dry, you should wash less often or reduce the length of shower or bath, and avoid hot water. Hot water, while cleansing more effectively, also removes the natural oils from the skin. Instead, it is advisable to use comfortably warm water." "New mothers," continues Dr. Murahata, "find themselves in a unique situation where they perhaps triple the number of times they wash their hands during the day. Because of the nature of changing diapers, washing bottles and feeding, new moms should keep a mild antibacterial soap handy at both the bathroom and kitchen sinks."

An ideal soap for new moms is Liquid Lever 2000™, which contains Triclosan, an antibacterial agent that delivers a broad-spectrum of bacterial inhibition. In fact, there is no leading antibacterial soap that's milder than Liquid Lever 2000. It contains the same mild cleansing agent found in Dove®, so moms will benefit from the antibacterial properties while helping to avoid dry skin.

Lever Brothers welcomes any questions you may have for their researchers and scientists. Please send questions to Ask the Experts, Lever Skin Science Labs, 470 Park Avenue South, 10th Floor North, New York, NY 10016. ☎

Poison hotline: 1-800-POISON-1. 24 hours a day, 7 days a week.

Mr. and Mrs. Jon Paul LoMonaco — nee Colleen Malanga

Colleen Malanga bride of Jon Paul LoMonaco

Wedding vows were exchanged in St. Mary's Church, Nutley, by Colleen Mary Malanga, daughter of Mr. and Mrs. Arthur Malanga of Newark, and Jon Paul LoMonaco, son of Mr. and Mrs. Richard LoMonaco of Nutley.

The Rev. Christopher Hynes performed the ceremony which was followed by a reception at The Brownstone, Paterson.

Escorted by her father, the bride wore an antique white gown fashioned with a portrait neckline and trimmed with lace, pearls and beads. A tiara crown of pearls and beads held her cathedral veil and she carried white and pink roses, stephanotis and ivy.

Michele Goliaadisa of Belleville was matron of honor. Bridesmaids included Heidi Bateman of Bloomfield, Vanessa Malanga of Jonesboro, Arkansas and the groom's sisters, Allison Edert and Liza LoMonaco of Nutley.

They were in purple silk strapless tea length gowns and carried

purple dendrobium and sunflowers.

Sean O'Brien of New York City served as best man. Ushering were Richard Dordas of Ozone Park, N.Y., William Edert of Nutley and Brian Hoarle of Nutley. Jonathan Cresci of Glendale, N.Y., was ring-bearer.

Mrs. Malanga chose an emerald green gown with a lace jacket while the groom's mother wore a royal blue lace and chiffon tea length gown. Corsages were of orchids.

Mrs. LoMonaco, an alumna of Queen of Peace High School, North Arlington, is an administrative assistant with Mac Temps, Parsippany.

Mr. LoMonaco, a graduate of Nutley High School and Parsons School of Design, is a graphic designer with WWOR TV-UPN Channel 9.

The couple honeymooned in Acapulco, Mexico, following the September 1 nuptials. They have made their home in Caldwell.

Hospice of New Jersey seeks volunteers

Hospice of New Jersey, located at 400 Broadacres Drive, 4th floor, Bloomfield, is a community-based organization devoted to providing care and supportive services to terminally ill individuals.

Hospice of New Jersey provides services in the patient's home, in nursing homes and in inpatient hospital facilities, serving patients in Essex, Hudson, Passaic and Union counties.

A ten-week volunteer training will be held in the hospice office in Bloomfield, beginning 11 a.m. Jan. 23.

Persons who are caring, com-

passionate, with time and energy to help and have listening abilities are needed to become patient/family volunteers. Volunteers devote quality time to provide support and companionship for patients, fulfill the role of a friend and relieve caregivers. Call Joan DeJean at 893-0818 to register or for more information regarding volunteer opportunities.

Hospice of New Jersey provides care, employs staff and offers volunteer opportunities regardless of race, religion, gender, national origin, disability or age.

Belleville SPORTS

BUC SHOTS

By Mike Lamberti

Roll's Bucs beginning to turn corner

It had reached the low point in December of 1994. The Buccaneer basketball team was preparing for its season opener and head coach **Don Roll**, still smarting somewhat from a disappointing 1993-94 campaign, wasn't pleased with the direction his program was heading in.

Roll decided to go with the youth movement, knowing full well, with the schedule he was going to face last winter, that victories would be few and far between.

He even felt that the '94-95 season could be a winless one. "I felt it would be a very tough year for the kids," Roll said last week. "But the program needed a new direction. The young kids seemed pretty motivated, but they had a lot to learn. Believe it or not, last season wasn't too bad. The kids began to believe in themselves. They worked hard in practice. It was a good experience."

The '94-95 Bucs finished winless, but the second half of last year's schedule had some potential.

The Bucs battled Hackensack to the wire and were pretty close in a few other games.

The off season was one that Roll felt was critical to the possible success of the '95-96 club.

"Not only did the kids have to play a lot during the summer," the coach said, "but they had to learn how to win some games. That's a big difference. That first win would be key to our team. Once they got over that hurdle, they would be okay."

The Bucs played together for most of the summer. They competed in the F.D.U. basketball camp, which Roll felt was beneficial.

"The kids played two weeks in the camp. That was important. We needed to see who was dedicated to this program."

When practice started in November, Roll noticed that his very young team had gained a certain court savvy since last February.

"Last year, we had to teach basics and fundamentals," Roll said. "This year, we're still working on those things, but these kids are learning more complex parts of the game."

The Bucs opened the season with a tough loss to a good Paterson Kennedy team. That game was followed by a loss to Hackensack.

Belleville finally found the win column in the first round of the Tri County Holiday tournament, winning a close game against a good Kearny team.

The momentum gained from that game was short lived, however. The following night, playing in the championship game of the tourney, the Bucs were defeated by Hudson Catholic.

What made the loss tough to take was the fact that the Bucs held a seven point lead in the fourth quarter.

"We just couldn't hit a shot down the stretch of that game," Roll said. "It was a game we should have won. The kids were disappointed. We expect to win now."

Roll was hoping the team would be 2-2 or better heading into the league schedule in January. At 1-3, the team appeared staggering, but the early part of 1996 has been very optimistic.

The Bucs won their next three games, beating Paramus, University and Paramus Catholic before falling last Sunday to a very good Don Bosco team. Heading into this week's action, the Bucs were 4-4.

Senior/co-captain **Dan Montalvo** has been outstanding so far this winter. According to Roll, the team would not be any where near the success it has been if it were not for Montalvo. The guard scored a career high 25 points in the win over Paramus Catholic last Saturday.

"He's our go-to guy," Roll said of Montalvo. "He's been tremendous."

Senior/co-captain **Rob Sanzone** has been a consistent offensive performer so far this winter. He hit two key three point baskets in the close win over Paramus.

Junior **Tom Dyer** has shown marked improvement this winter. At 6'5" tall, Dyer could be a dominant player in the NNJIL by next season.

Others who have contributed this winter include **Dave Fatone**, **Lou Pallante**, **Ernie Sicari**, **Eddie Pagan** and **Raheem Jones**.

"Dyer has improved immensely since last year," Roll said. "Pallante is one of the smartest players we have out there. Ernie was tremendous in the Paramus Catholic game (scoring 21 points). Raheem could be our point guard for next year. He's a junior and has been playing very well off the bench."

"Eddie (Pagan) can play the two, three or four position. He's very consistent. Dave (Fatone) has been excellent off the bench. He gives us depth at the four or five position."

Roll noted that the NNJIL Pacific Division offers few breaks. "Teaneck has a seven foot center and a 6'8" forward. Don Bosco has a 6'4" of talent. St. Joe's is considered a solid team. Hackensack has a ton of talent. We will have to battle in each game, but our kids welcome that challenge."

It's quite a change from a year ago this time. The Bucs have already won four games and feel pretty confident that they will win more before this season comes to an end.

"We'd like to make the county and state tournament," Roll said. "That would be a good step in the right direction for this program."

They might not be ready for prime time just yet, but the Buccaneer basketball program is certainly headed in the right direction.

Team wins four of last six

Montalvo, Sicari propel Bucs

By Mike Lamberti

Since the beginning of the season, head coach **Don Roll** was looking for a break out week, one that would give his team some confidence.

That break out week occurred last week, as the Bucs stopped University 56-49 and Paramus Catholic 80-58. The team was defeated last Sunday by Don Bosco 61-37.

The Bucs were 4-4 heading into last Tuesday's game with Teaneck. This afternoon, the Bucs will host St. Joe's of Montvale, beginning at 4 p.m. Next Tuesday, Paramus visits, also at 4 p.m.

Roll was pretty happy with his teams performance, despite the loss, last Sunday.

"We played a real good team in Don Bosco," the coach said. "They have a legitimate center, two excellent forwards and quick guards. We knew it would be a tough outing. But our kids have played well off late. Hopefully, we can continue this next (this) week."

The victory over University was noteworthy because the Bucs won a road game against a very competitive team.

"Looking at the schedule, I figured this would be a good test for

us," Roll said. "It was a back and forth game, and we were able to put together a good fourth quarter and win."

Belleville led 15-13 after one quarter but trailed 28-24 at intermission. University led 40-38 after three. In the fourth, the Bucs outscored the hosts 18-9 and went home with a seven point victory.

Rob Sanzone led the Bucs with 13 points. Dan Montalvo and Lou Pallante scored ten points each. Dave Fatone and Tom Dyer finished with six each, Ed Pagan and Raheem Jones finished with four a piece and Ernie Sicari closed with three points.

Last Saturday, the Bucs won their fourth game in five tries by beating Paramus Catholic. The 80 points were the most scored by Belleville since February of 1993.

"We got a very good offensive performance," Roll said. "I don't think I ever saw that many three point baskets, by both teams. I think there were 19 three pointers in the game."

"Both teams shot tremendously. We just were able to pull away in the second half. Our kids did a good job in keeping the game in an up tempo style."

The Bucs led 20-14 after one

quarter and extended the lead to 43-31 by halftime.

It was 56-44 after three quarters. Once again, Belleville played a dominant fourth quarter, outscoring P.C. 24-14 and winning by 22 points.

Montalvo was outstanding, leading the Belleville offense with 25 points. Sicari finished with 21, Dyer had ten, Sanzone scored seven, Pallante had six, Pagan finished with five, Dave Vargas tallied four and Jones had two.

"Montalvo shot the ball very well," Roll said. "He's done a great job for us this year, not only as a player, but as a leader on this team. There's no way we would be 4-4 right now if he wasn't playing at the level he's been performing."

The Bucs roll of four victories in five games was stopped last Sunday by a solid Don Bosco team.

"They have a center (Todd Palmer) going to Notre Dame next year," Roll said. "They've played a very tough schedule and will continue to get better."

"Our kids learned a little something in this game. There's no reason to believe we can't be more competitive when we play them at

our place later this season."

Belleville led 10-9 after one quarter, but Don Bosco took control in the next two quarters, outscoring the Bucs 38-16 in the second and third frames combined.

Sicari led Belleville with eight points. Montalvo, Dyer and Pallante had six each, Sanzone scored four, Fatone had three and Pagan and Jones scored two each.

"It was a promising week," Roll said. "We didn't get a chance to practice much (because of the blizzard) but we put together two good ball games."

"We're 4-4, should be 5-3 (having lost to Hudson Catholic in the Tri County tournament after leading for most of the game) and we have some good games coming up. Our goal is to qualify for the states and win a county game."

"For a team that was winless last year, it's a good start to the season."

NOTES: Bucs have to make up a game with Nutley that was postponed because of the blizzard. The team was able to practice more consistently over the past few days.

The Essex County tournament seedings will not be known until next month, but Bucs have to be optimistic about earning a berth based on their efforts thus far.

Lady Bucs defeated by Nutley, 59-45

By Mike Lamberti

It was a game that head coach Cheryl Marion felt her team was ready to win.

It turned out to be a disappointing performance in a week that was sidelined by the blizzard.

The Lady Bucs lost to Nutley 59-45 in the only game played last week.

Belleville was 5-3 heading into a game with Teaneck last Tuesday. Tomorrow evening, Clifton visits Belleville in a 7:30 p.m. varsity tip off.

Next Tuesday, it's off to Paramus for a 4 p.m. game.

"I wasn't happy with the officiating in the game," Marion said. "But our team did not take advantage of the opportunities we had. We shot 7 for 16 from the foul line. We didn't play well. We had too many turnovers. We missed layups. The chances were there."

"We were in foul trouble from the second quarter on, and I have to say that some of the calls were questionable. But this team has to overcome those obstacles. They've been playing together for three years now, and good teams win these types of games on the road."

Marion noted that the team didn't have much practice time.

"We were flat, we didn't practice as much because of the weather, but most of the teams in this area had

the same problem. We have to learn from this and move on."

Belleville started off well, taking a 15-11 lead after one quarter. Nutley came back, outscoring Belleville 17-8 and taking a 28-23 lead at halftime.

The game was still in reach after three quarters, with Nutley leading 39-33, but the Lady Bucs were outscored 20-12 in the final eight minutes and lost by 14.

"We weren't able to establish a game in the low post," Marion said. "Dima (Hernandez) played well (scoring 21 points) but Nutley kept collapsing on her and we couldn't compensate with a good outside game or more layups on offensive rebounds."

Hernandez, who has been outstanding all season long, led Belleville with those 21 points. Kim Mahoney scored 13, Deanna Addis had eight, Chrissie Scassera scored two and Marie Acuna finished with one point.

"We need more consistent scoring," Marion said. "It's that simple. We have the talent to be competitive. This was a game we should have won. We haven't beaten them in a while. We need to start finding ways to win games like this. League games on the road are important, and we have to do the little things, like hit foul shots if we hope to have a winning season."

Senior Marie Acuna looks to pass during game at Nutley last Saturday. The team will be home to Clifton tomorrow evening, beginning at 7:30 p.m.

Lady Buc player takes down rebound during game at Nutley last Saturday. Belleville started off strongly, but fell in the second half to the Maroon Raiders.

Vargas leads J.V. basketball team past Paramus

By Rocco Constantino

The turning point of the Belleville junior boys basketball team may have occurred. The Bucs not only won two games, but coach Nick Cofaro seems to have found a steady starting lineup.

Belleville downed Paramus and Paramus Catholic last week and evened the junior varsity's mark to 2-2.

In hardwood action against Paramus, Belleville was led by John Dias, Jeff Larkens and Dave Vargas, as the Bucs garnered a 44-36 victory. Belleville jumped out to a 25-12 halftime lead, as Dias tallied seven of his nine points in the second quarter of the game.

In the second half, the Bucs maintained their tough defensive stature from the starting lineup and never trailed.

Vargas spearheaded Belleville's scoring efforts with ten points and Larkens, who is a freshman, dropped in eight points.

In the Paramus Catholic matchup, the Bucs enjoyed the luxury of having a deeper than usual bench, due to the cancellation of

the freshman game. Belleville easily overcame the Paladins, 67-56 for the second win of the winter season.

Rich Otero netted six points in his junior varsity debut, while Lou Scanzillo contributed a strong showing in his first J.V. game.

Belleville again jumped out to an early lead, as Vargas tallied nine first half points for an early Bucs lead. Vargas ended the game with a 14 point total.

In what may be considered Belleville's best overall performance of the year, the Bucs held off a late Paramus Catholic surge, due to a three pointer by Virn Chullandanna.

Chullandanna's shot stopped an 11-10 run by the Paladins and gave Belleville an eleven point lead.

Dias finished the game with ten points, while Larkens and Joe Means each added six points.

Perhaps the best part of the two games for Belleville was that the Bucs showed the ability to finish off opponents with strict ball control.

Salad Bowl VI played in snowy conditions

Mike Morgan gains some ground during Salad Bowl VI at Doc Ellis Field. The game was played on a snowy field on December 23, 1995.

Players head back to huddle during Salad Bowl game. This game has become a holiday tradition with former Belleville High School students and players getting together to play tackle football.

The Dave's won the Salad Bowl by a final score of 3-2, for their fifth consecutive victory and the second straight by a one touchdown margin.

Keith Veltre broke a 2-2 tie with six minutes remaining, when he hauled a screen pass 65 yards to paydirt. Veltre was selected as the game's Most Valuable Player.

John Engdahle scored two touchdowns for Romano's.

Veltre Johansen and Nicosia each scored for the Dave's.

The team rosters are as follows. Romano's: Rich Romano, Dan Constantino, Rock Constantino, Carmen Pizzano, Brian Harvey, Mike Morgan and John Engdahle.

Dave's: Dave Hibinski, Keith Johansen, Marc DellaVolpe, Joe Clay, Mike Nicosia and Wayne Zelna.

Quarterback releases pass in second quarter of Salad Bowl VI.

Rich Romano, the founder of the Salad Bowl, returned to playing in the game after missing last year's contest because of illness. Romano broke his nose in the '93 game. Fortunately, he got through the '95 contest without injury.

Player looks for running room during early stages of Salad Bowl at Doc Ellis Field.

Bruce Morgan endured the elements, including sub-zero temperatures, to watch Salad Bowl VI at Doc Ellis Field.

Prospective receiver can not make the catch after hit in the second quarter of Salad Bowl VI at Doc Ellis Field.

Mike Mundy was the referee for the Salad Bowl after the "starting" ref, Mike Lamberti, went down with a stress fracture in his ankle following collision with player. Mundy did a good job in adverse conditions.

Rocco Constantino lets off pass in second quarter of Salad Bowl game. The players will be looking forward to next year's game.

Rec Department pre-school registration in progress

The Belleville Department of Recreation and Cultural Affairs is accepting registration for the pre-school play program for four year old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 9 a.m. to 10:45 a.m. or 12:45 p.m. to 2:30 p.m., five days a week with class limited to a maximum of 23 students in each session. The cost of the 32 week session is \$150. The mothers of the children accepted must participate by serving one duty day about every eight or nine days according to a published schedule. School will begin on Monday, Sept. 16, 1996 and will run through May 1997.

Children 1-4 between October

1991 and September 1992 who will enter Kindergarten in September 1997 are eligible. Participants must be Belleville residents. Since there are only a limited number of openings, and applications will be accepted on a first-come-first-serve basis only.

Children must be able to speak and understand English in order to participate. Children enrolled in the morning program cannot also be in the afternoon program, or vice versa.

A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible, Monday through Friday from 8:30 a.m. to 4 p.m. Registration is currently in progress.

Albert J. Cutro, 82

A Mass for Albert J. Cutro, 82, of Belleville was offered Jan. 11 in Holy Family Church, Nutley, after the funeral from the Irvine-Cozzarelli Memorial Home, Belleville.

Mr. Cutro, who died Jan. 6 in Clara Maass Medical Center, Belleville, was a clerical worker at RCA Communications in New York City for 26 years before retiring in 1976.

He was a member of the

Belleville Senior Citizens.

An Army veteran of World War II, Mr. Cutro served as a corporal in the 12th Infantry Division. He was wounded in Germany on Nov. 29, 1944, and given the Purple Heart.

Born in Jersey City, he moved to Belleville 40 years ago.

Surviving are his wife, Judith; two sons, Albert and Vincent; a brother, Ben, and a sister, Dolly Lamendola.

Vera B. Ries, 73

Services for Vera B. Ries, 73, of Parsippany were held Jan. 12 in the Lewis & Carey Funeral Home, Boonton.

Mrs. Ries died Jan. 8 in the Northwest Covenant Medical Center, Denville.

She was an assembly worker for

Eastern Tool Co., Belleville, for 30 years before retiring in 1985.

Born in Belleville, Mrs. Ries moved to Parsippany in 1951.

Surviving are a son, Richard F.; a brother, Herbert Meeker; a sister, Ruth Hogan; and three grandchildren.

Obituaries

Angelo Liloia, 28

A Mass for Angelo Liloia, 28, of Belleville was offered Friday in Sacred Heart Church, Bloomfield. The funeral was from the S.W. Brown & Son Funeral Home, Nutley.

Mr. Liloia, who died Jan. 9 in his home, was a laborer with the

Laborers Union Local 694, Bloomfield, for the last eight years.

Born in Montclair, he lived in Bloomfield before moving to Belleville five years ago.

Surviving are his wife, Lisa; a son, Angelo N.; his mother, Irene Liloia, and a brother, Jerry.

Mary Hines, 75

A funeral liturgy for Mary Hines, 75, of Frankfort Township was held Jan. 13 in Our Lady Queen of Peace Church, Branchville. Arrangements were by the Wood Funeral Home, Branchville.

Mrs. Hines died Jan. 10 in the Northwest Covenant Medical Center, Sussex.

She was a bookkeeper for the former New Jersey Bank Sarta branch, before retiring in 1970.

Born in Newark, she lived in Belleville before moving to Frankfort Township 30 years ago.

Surviving are two sisters, Florence Super and Theresa Loeffler.

Anne Margulies

Services for Anne Margulies of Nutley were held Jan. 12 in the Jewish Memorial Chapel, Passaic.

Mrs. Margulies, who died Jan. 11 in Mountsinai Hospital, Glen Ridge, was employed for 15 years with the Nutley Savings and Loan before retiring in 1985. Earlier, she had been a teacher for 10 years with the Jersey City Board of Education until 1945.

She was a volunteer at Yantacaw School in Nutley and corresponding secretary for the Nutley Adult School for more than 40 years.

Mrs. Margulies was a member of the Sisterhood of Congregation Shomre Emunah in Montclair and served on the board of trustees at Temple B'nai Israel, Nutley, where

she was a member of the Sisterhood.

She was a member of the Belleville-Nutley Hadassah and the Nutley Red Cross Blood Bank and treasurer of the Nutley Family Service Bureau Women's Auxiliary.

Mrs. Margulies was a 1994 recipient of the Women's History Month Award, given by the Nutley Chapter of the American Association of University Women for contributions to the community.

Born in New York City, she lived in Jersey City before moving to Nutley 45 years ago.

Surviving are a daughter, Jerilyn; a son, David, and two grandchildren.

Council phasing out rent control

(continued from page 1)

Spillane had said landlords with rent controlled apartments are increasing the property tax rates of homeowners, including senior citizens, by winning tax appeals.

He said that if landlords get their taxes reduced, it means all other homeowners have to make up the difference, and this is destroying the small homeowner, so the Council has to allow the market to take over.

Spillane also said he feared the vacancy decontrol plan could invite landlords to get rid of people on rent control.

Councilman Victor Canning, absent from the Jan. 9 meeting, had said he supported eliminating rent control with a stipulation "grandfathering" existing apartments.

He said he did not want to see senior citizens face a big increase that forces someone from their home.

Spillane's response to Canning's comments was that many senior citizens also own homes, are on fixed incomes, and have a hard time paying taxes on their homes.

Councilman Joseph Scaperotta said that after a lot of soul searching, he decided the housing market is not appropriate and would force out senior citizens.

Mayor Jim Messina voted against eliminating rent control, but said he had reservations about taking away investment opportunities by allowing "grandfathered" apartments. He said years as a Council member helped him understand the plight of senior citizens and others, whom he thought could be put in a precarious position.

Messina said he would have voted for the elimination of rent control if he could be assured that rent control is the major issue in landlords winning tax appeals.

Township Attorney Robert Giordano said the "income approach" where landlords contend rents are held "artificially low," is one method used in tax appeals. He said he believed eliminating rent control could help reduce tax appeals in the long run, but not in the short term.

Giordano explained that with vacancy decontrol, when a unit becomes vacant, a certificate must be approved saying that the proper procedure was followed, and the tenant was not forced out or coerced. Once the tenant signs the agreement, the apartment may be rented.

Previously, with rent control, an apartment will return to rent control when a new tenant rents the unit, Giordano said.

Local Army Spec. completes field artillery training

Army Spec. Christopher Manibo has completed the basic field artillery cannon course at Fort Sil, Lawton, Okla.

During the course, students were taught the duties of a Howitzer or gun section crewman. They also received instruction in communica-

tions, maintenance and the handling of ammunition and explosives.

Manibo is the son of Patricia M. and Eddie Santos of Hecker St., Belleville.

He is a 1994 graduate of Lyndhurst High School.

Lawrence Greenberg

Services for Lawrence S. Greenberg of Fair Lawn, who died Jan. 1 in Valley Hospital, Ridgewood, were held in the Louis Suburban Funeral Chapel, Ridgewood.

During World War II, he served as a flight engineer in a PBY Rescue Squadron in the South Pacific area.

He owned and operated an automobile service station in Nutley, prior to his retirement.

Born in Nutley, he lived in Belleville before moving to Fair Lawn.

He is survived by his wife, Dorothy; three daughters, Joanne Gold, Brenda Wagnan and Marcia Schlusser, and four grandchildren.

Ruth Bigonzi

Ruth Bigonzi of West Orange died Jan. 10 in the St. Barnabas Medical Center, Livingston.

Services were held Friday in the Caggiano Memorial, Montclair.

Mrs. Bigonzi was born in Belleville and lived in Vincetown

before moving to West Orange five years ago.

Surviving are a son, Dr. Ronald; a daughter, Bette; a brother, Jack Cregar; a sister, Muriel Cregar, and four grandchildren.

Eulalia Prieto, 84

Services for Eulalia Prieto, 84, of Belleville were held Jan. 13 in the Biondi Funeral Home of Nutley. Mrs. Prieto died Jan. 10 in her home.

She was a seamstress in Newark for 35 years before retiring 20 years ago. She was a member of the International Ladies Garment Workers Union.

Born in Spain, she lived in Belleville for 41 years.

Surviving are two sons, John and Augustin; a sister, Isabel Prieto, and three grandchildren.

Rose Giordano

A Mass for Rose Incontera Giordano, 78, of Cherry Hill was offered Tuesday in Holy Family Church, Nutley, following the funeral from the S.W. Brown & Son Funeral Home, Nutley.

Mrs. Giordano died Jan. 10 in the John F. Kennedy Hospital, Cherry Hill.

Born in Newark, she lived in Belleville before moving to Cherry Hill 17 years ago.

Surviving are a daughter, Mary Ann Barrett; two sons, Anthony and Gayton; 14 grandchildren and 11 great-grandchildren.

Pharmacy Footnotes

Vincent Cozzarelli Reg. Ph.

WHAT A RELIEF!

For the relief of aches and pains, aspirin, ibuprofen, naproxen sodium, and acetaminophen do equally well. In fact, it is precisely this latter attribute that makes acetaminophen the pain reliever of choice in hospitals for use with patients before and after surgery. It is also the reason that it is preferred for patients with conditions like bleeding ulcers, for those who take anticoagulants, and pregnant women (because other pain relievers may cause blood vessels carrying oxygenated blood to the fetus to close).

Whatever the pain reliever of your choice, you will be sure to find it by coming to us at ROSSMORE PHARMACY, 338 Washington Avenue (739-1968, 739-1956). We are Medicare and Medicaid Approved. Cameras and film, tissues, watches, and other items are carried. Hours: Daily 9am-10pm, Sundays 9am-9pm.

HINT: Unlike the other pain relievers, acetaminophen does not reduce inflammation, making it an improper choice for arthritis or muscle soreness.

Rotary Club donation helps hearing impaired children

The Rotary Club of Belleville has recently made a donation to the Summit Speech School, which will help provide hearing impaired and pre-school children with the educational programs and services that they need to learn and to speak.

"The children's success and growth of our school would not be possible without the support from caring people like the members of

the Belleville Rotary who are committed to helping the greater community," states John Carno, CFRE, Senior Development Officer.

President Shirlee D. Sherman was especially cited for her caring and concern.

The Belleville Rotary Club, District 7470, meets every Wednesday at 12:15 p.m. at the Clara Maass Medical Center.

NOTICE

NOTICE is hereby given that the Municipal Council of the Township of Belleville, New Jersey, at a meeting held on January 9, 1996 in the Municipal Building, did adopt Ordinance No. 2688 entitled:

"An Ordinance to Amend the Revised General Ordinances of the Township of Belleville, Chapter 8-16, Handicapped Reserved Spaces."

PERSONAL NOTICES

PLEASE HELP We've suffered through many miscarriages. We dream of adopting your baby. We have a suburban home, great schools, neighborhood kids. Nancy & Don 1-800-895-3468

PRAYER OF APPLICATION TO THE HOLY SPIRIT

Holy Spirit, you who solve all problems, who light all roads so that I can attain my goal. You who give me the Divine gift to forgive and to forget all evil against me and that in all instances of my life you are with me. I want this short prayer to thank You for all things and to confirm once again that I never want to be separated from You, even in spite of all material illusion. I wish to be with you eternal glory. Thank you for your mercy toward me and mine. The person must say this prayer for 3 consecutive days. After 3 days the favor request will be granted even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor. Only your initial should appear at the bottom. J.G.

How Do I Love Thee....

SHOW THAT SPECIAL SOMEONE IN YOUR LIFE JUST HOW MUCH THEY REALLY MEAN TO YOU BY PUBLISHING A "WORDS OF LOVE" GREETING WRITTEN ESPECIALLY FOR THEM!!

Just write an original 20 word Valentine to that special someone in your life. We'll publish it on Thursday, February 8, in a special feature called "Words of Love."

20 WORDS OF LOVE \$10.00

YOUR Valentine GREETING WILL APPEAR IN OUR 4 PAPERS

•The Nutley Sun •Belleville Times •Bloomfield Life •Glen Ridge Voice

Use the order form below to order your Special Valentine message. Put one word in each space. Enclose \$10.00 for 20 words. If you like we'll send a card to your Valentine letting them know there will be a special message just for them in the Nutley Sun, Belleville Times, Bloomfield Life or Glen Ridge Voice on February 8.

ORDERS MUST BE RECEIVED BEFORE FEBRUARY 2nd

Orechio Publications reserves the right to reject any message deemed objectionable. The last name of the person to whom your Valentine message is directed may not be used in the ad. All greetings will be arranged alphabetically beginning with the first name of the person to whom it is directed.

MAIL TO: Orechio Publications
 800 Bloomfield Ave., Nutley, NJ 07110
 Attn: Michelle
 Payment must accompany order. Make check payable to: Orechio Publications
