ALL FOR SCHOOL #4 - Silver Lake civic leaders, Home and School Association leaders, and school officials joined forces on May 16 to discuss ways to promote all the positive educational experiences taking place at School #4. Look to the *Belleville Times* for continuing coverage of all the good things happening at School #4. For more, see "Positively Belleville," page 4. Disagree on hiring freeze, cutting services vs. tax increase...

Council debates how to cut budget

By Richard Dickon

The Township Council was to meet again tonight, May 23, to continue discussing how to reduce the 1996 Municipal budget from an existing tax increase of about 43 tax points or more than \$200 for a home assessed at slightly less than \$40,000, the township average.

The Council already plans to use \$2 million in budget surplus to trim nearly another 40 tax points from the budget, but disagreements continue about where and how to cut the budget without damaging existing fire and police protection and other services.

At the May 20 Council work session, Township Manager Stephen Cuccio requested that the Council involve individual municipal department heads in discussions of reductions being considered for each department.

"These cuts will seriously affect their ability to perform," Cuccio said.

Council-Elects Arnaldo Carrera (Second Ward), Bill Scott (Third Ward) and Mario Drozdz (Fourth Ward) were on hand to listen and offer their input, as spelled in the Faulkner Act governing the Council/Manager form of government.

Woman needs aid as she awaits liver transplant

LuAnne Martino of Belleville is awaiting a liver transplant, and a fund has been set up to help defray the costs of her medical bills.

LuAnne, whose maiden name is Kressler, is a 1977 graduate of Belleville High School. She had been employed by Gaccione Pomaco & Beck, and has a 17-year-old daughter.

Anyone wishing to help can send donations to:

LuAnne has been placed on a waiting list, and has been recently treated for fluid in her lungs. Her medical bills continue to mount while she awaits her disability payments, according to her friend, Judy Oliveri.

"The bills are very expensive, and she's too weak even to drive," Oliveri said.

One of the main points of contention is new hires, with 10 being requested by the Fire Department, three by the Police and one each by the Department of Public Works and the Health Department. The Health Department also requested one additional nurse. Cook said the

new hires total about \$193,000.

A hiring freeze is also being discussed. (See related story, below.)

Council considers hiring freeze

By Richard Dickon

A freeze on all new hires, particularly for non-uniform employees, is still under consideration as the Township Council continues to struggle with ways to trim the 1996 municipal budget process.

Council members Bill Cook, Joseph Scaperrotta and Angie Paserchia all said hard decisions have to be made about personnel this year, or else the township may face the prospect of laying off employees in 1997.

Mayor Jim Messina said the town is already "strapped" for manpower, with employees on disability or workers compensation and others involved in litigation with the town.

Councilman Jerry Digori said that any cuts in personnel, just as in equipment, would mean that more employees would have to be hired in the coming years to avoid losses in service.

Paserchia, who had proposed a hiring freeze in March, said, "We may be short of help, but I still think we should put a freeze on hiring, for all but uniform (police and fire) employees." She said taxpayers "just can't afford it."

Cook said, "If you don't look at it (staffing) now, you may have to look at layoffs next year."

Scaperrotta, who will be leaving the Council July 1st along with Cook, added, "Unless courageous decisions are made, you may not have a town to worry about next year. We have enough personnel in non-uniform positions."

Discussion then focused on the Department of Public Works and the installation of playground equipment.

Township Manager Stephen Cuccio said he would like to hire six laborers to remove old playground equipment and install the cement bases for new equipment over the next three months, adding that he "couldn't field 15 out of 30" DPW workers, because of vacations and injuries.

Cuccio said the average age of

the DPW is between 55 and 60 and he does not have enough young employees to do the playground work.

Of the advancing age, Messina said, "A man who says he could do at 50 what he could do at 25 didn't do much at 25."

Digori said the DPW, "We need productivity."

Cook said if the six hires could be done through a temporary agency, the town would not have to pay benefits and could pay less in salaries.

Digori said, "Hiring summer help is okay, but we have to look forward down the road at this (the

'Walk for Jamie' coming June 2

Sunday, June 2 is the date of the "Walk for Jamie," sponsored by the Friends of Jamie and the Belleville Fire Department, to help raise funds to offset medical bills for Belleville resident Jamie Conway, diagnosed with R.S.D.S. (Reflex Sympathetic Dystrophy Syndrome).

R.S.D.S. is a multi-system disorder that affects the nervous system directly through the nerves, blood vessels, skin and bone structure. If left untreated, the R.S.D.S. may spread to other parts of the body and could lead to total disability of system functions. Proper diagnosis and quick treatment is the best chance for this disorder could be reversed.

Because Jamie has already been diagnosed, time is of the essence to let her eradicate the problem plaguing her everyday life, according to a letter being circulated at Belleville schools.

Medical bills are mounting, and she requires several unique treatments and tests required by specialists, in the hope of finding a cure. For more information call 450-3368, 731-0922 or 751-9632.

Council argues over saved-up vacation days

By Richard Dickon

With the Township Clerk requesting an eight-month paid vacation thanks to accumulated time over several years, the Council exchanged angry salvos about disallowing all held over vacation days.

Council members Bill Cook, Angie Paserchia, and Joseph Scaperrotta said some effort should be made to remedy the situation with Township Clerk Mary Lou Hood and others who have accumulated excess vacation days.

Township Manager Stephen Cuccio, Deputy Mayor Thomas Spillane and Council member Victor Canning spoke against

Memorial Day services observed Monday, May 27

Memorial Day services will honor Belleville servicemen and women, past and present, on Monday, May 27, beginning at 9 a.m.

Observances begin at the Rutgers Street bridge with the massing of colors for all organizations, followed by a memorial prayer by Rev. Mohut of the Belleville Reformed Church, and then words by Mayor Jim Messina, Memorial Day Chairman and Veterans Council Chairman. Wreaths will be placed by Messina and Angelo Benenati of the Italian American Post 7, followed by VFW Post #275 firing squad and taps.

At approximately 9:30 a.m., all deceased Fire and Police officers will be remembered at Town Hall. Following a welcoming address by Barbara Tuck of the Veterans Committee and an invocation, PBA President Mark Minichini and FMBA President Patrick Dunn will speak, followed by Messina and John Freda of the Veterans Council, American Legion Post #299, along with PBA and FMBA members laying wreaths. School board keeps winter break in school calendar

By Kelly Tahaney

At Monday night's Board of Education meeting Ralph Mazzuca put it best when he said, "All work and no play makes Jack a dull boy."

Whether you agree with his view or not it was Mazzuca's cliché phrase that summed up a lot of "petty" cat and dog like bickering at the meeting.

The 1996-97 school calendar was presented by Superintendent of Schools of Michael Lally.

What seemed to be an ordinary item to be passed turned into a 45-minute debate on the benefits and problems of a Winter break in February.

Thomas Fuscaldo strongly opposed the approval of the calendar.

"We need to eliminate the Winter break so we can take off days at the end of the year,"

Fuscaldo said.

"These kids shouldn't have to sweat it out in the month of June," he continued. "The middle schools have no air conditioning."

"(The Winter break) breaks the momentum and education is not served," he concluded.

Most of the other board members disagreed with Fuscaldo.

"Kids need a break," member John Notari said. "They need a break every six or seven weeks."

"As a mother of three I think the more time they (kids) have off, the more time they have to get in trouble," new member Judy Piscatowski commented.

Lou Pallante, Piscatowski and Fuscaldo all voiced concern about the lack of time to discuss the approval of the calendar in a work-

Council argues vacation days

(continued from page 1)
allowing the vacation days to stand.
Mayor Jim Messina said the Council should take full responsibility for the mistake, while Councilman Jerry Digori said he thought the Council would have difficulty taking away accumulated days.
State statute prohibits municipal employees from carrying over days from one year to the next, but Hood has said she was asked not to take time on several occasions since she was the only employee who could handle certain tasks, including elections.

Caccio said "We have to carry out the precepts of the state statute," adding that employees ask to either use the days before they retire or take them as paid vacation when they do retire.
"Either way it translates into dollars," Caccio said.
Cook said he thought the attempt to shut off additional vacation days was "a little inconsistent," since he said people had retired within the past year and been allowed to use accrued vacation days.
"In general, we have been paying for this up to most recently," Cook said.

Cook had proposed in 1992 that the township allow employees to use accrued days over a three-year period, but Township Attorney Robert Giordano said the statute "is mandatory, not permissive," so such a move is illegal.

Canning said he wanted documentation that employees asked for, and were given permission to hold over vacation.
Spillone went further, saying he would support attempts by the town

DPW's age).

Messina has lamented the problem the township is having with worker's compensation claims, which Councilman Victor Canning has added that Civil Service has built-in mechanisms that allow worker's compensation claims.
Cook has suggested that the Manager check Department of Labor statistics on worker's compensation claims for public versus private employees.

Give what you have,
be it little or no much.

If you can't write a book
You can still keep in touch
With someone "out there"
Who is eager to hear
From a friend. So send them
A message of cheer!

If you can't preach a sermon,
No doubt you can smile,
And perhaps make somebody's
Life worth the while.
Or just a small thought
On someone's faint arm
Will show that you care.

You may not be elected
To Congress or sit
At a banquet table

Presiding with wit;
But do not give up
Or sadly deplore
The things you can't do,
God made you for
A special assignment
That you — only you
Of all other people
On earth can do!

OUR OPINION

Selective enforcement of vacation days smacks of political pay back

Looking to prevent township employees from accruing excess vacation days over several years is an excellent idea. Unfortunately the timing of the attempt by Township Manager Stephen Cuccio, Council member Victor Canning and Deputy Mayor Thomas Spillane appears to be an assault on Township Clerk Mary Lou Hood, who is perceived as a political enemy of the two Council members, apparently because she chooses to be friends with some people who have run campaigns against the two Council members.

Canning says for the record that this is not about any individual, but he too has failed to act on this inequity until now, and ignorance is not a valid excuse.

Whatever the motivation, the issue here is fairness. Numerous employees have been allowed to use accrued vacation time or take the cash equivalent upon retirement. The issue is complicated by the state statute which mandates that no employee be allowed to hold vacation days for more

than that calendar year.

While the law is complicated, the actions of the Council, up until two months ago, has been clearly to violate that law whenever it felt moved to do so. Those who still have accumulated vacation should not be punished now, unless every penny expended in the past can be recovered, an impossibility.

We suggest a settlement be reached with each employee now that allows for some give and take on both parts. Hood has said she would accept just that sort of agreement. Otherwise, the township will be dragged into protracted, divisive court battles that will likely cost more than any out-of-court decision.

If the Council pushes this issue, and litigation ensues, we believe it will be a blatantly political move designed to punish perceived political enemies. The citizens of Belleville deserve a fair settlement, not a political hatchet job.

Council treading on hard line between services and tax increase

The Council is looking to enact a municipal budget while juggling the myriad of problems between paying for personnel and services and not driving out financially-strapped citizens facing higher property taxes. This struggle continues to fuel talk of a freeze on all new hires, particularly for non-uniform employees, as a way to stem a tax increase.

The Council seems fairly evenly split on the issue, with members Bill Cook, Joseph Scaperrotta and Angie Paserchia all calling for hard decisions on cutting personnel to avoid laying off employees in 1997.

Mayor Jim Messina laments that the town is already strapped for manpower, with employees on disability or workers compensation and others involved in litigation with the town. He is in the same camp as Councilman Jerry Digori, who says that any cuts in personnel, just as in equipment, would mean that more employees would have to be hired in the coming years to avoid losses in service.

No easy answers are forthcoming here, but the Department of Public Works represents a metaphor for what is wrong with personnel in Belleville and beyond. The

average age of the DPW employees is between 55 and 60, and Township Manager Stephen Cuccio said he could not field 15 out of 30 employees right now, thanks to vacation and sick time being utilized.

DPW workers cannot be faulted for getting older, and age brings more fragile physical health. The blame has to begin and end with Civil Service and the previous Council negotiations with municipal employees. Civil Service has made it too easy for employees to get disability and workers compensation claims, while the Council has failed to plan for the graying of the DPW over many years.

For now then, the Council is left with a no-win set of circumstances, and can only hope to strike the best balance between manpower, equipment and tax increases. Since it has taken many years for this problem to fester, it will take several years for any real solutions. Those solutions must include a revamping of Civil Service regulations and especially a better job by the Council in balancing manpower, age and most of all, increasing productivity for all township departments. It will be a most formidable task.

'Positively Belleville'

By Richard Dickon

Time has come to 'accentuate the positive' at School #4, on the Council, & school board

Since I arrived in Belleville more than two years ago, I have gotten to know the public elementary schools pretty well, with one notable exception. Until I took a tour and spent some time with Principal Michael Harvey, I knew very little about School #4.

I am very happy to report that School #4 follows the same winning, successful formula that has allowed all the elementary schools to feed students into the High School that was honored as one of New Jersey's best last year by NJMonthly magazine.

Harvey met with the Belleville Times' own Silver Lake columnist, Marie Strumolo Burke, two leaders of the Home and School Association, Doreen Muschio and Roxanne Orgo, and Superintendent Michael Lally. The purpose of this leadership summit was to better publicize School #4's place as part of Belleville's fine school system.

Marie wants us all to know that School #4 has produced doctors, lawyers, Assemblymen, newspaper magnates and most recently Valdictorian Sabrina Senna, to name but a few. Mike Harvey likes to relate all the stories he has heard about award-winning actor Joe Pesci and his family.

Marie also asked for new shrubs and flowers for around the school, after the brutal winter damaged the existing shrubbery. Doreen and Roxanne from the Home and School Association discussed what would be done with money raised for air conditioners now that room assignments will be changing to accommodate more students.

For me, the tour of School #4 and a lengthy discussion with Harvey reinforced my already strong beliefs that the people, more than facilities or any equipment, are what make Belleville public schools among the best. As I toured classrooms, each and every teacher, and student, passed to greet us and share a good word. The school has its own art room, has had a separate cafeteria and gym/all-purpose room, and has been kept and maintained as well as any in Belleville.

Harvey's caring for and about his students and staff was unmistakable, as was his commitment as an educator and administrator.

The population of School #4 continues to evolve into a much more multi-cultural, diverse rainbow of ethnicity. The day before I visited with Harvey, CNN broadcast an informative and sometimes moving account of immigration in America. Seeing the variety of backgrounds represented at School #4, I could not help but reflect on my own ethnicity and the sometimes harsh treatment that has come my way.

I am of Spanish and Italian descent, yet my last name is a shortened version of Soviet Jewish name. As such, I have been the victim of unintentional racism simply because many people misread my ethnicity. Belleville in general, and Silver Lake and the

Valley section in particular, have struggled with acceptance of the changing faces of neighborhoods. What the meeting of all areas of leadership in Silver Lake last week shows is that all involved are looking to embrace their changing district.

The people emigrating here in 1996 are the same as my grandparents, those of most Bellevillites, the people who have remained in Silver Lake, and hopefully all of Belleville and beyond. I would like to think we are beginning to recognize that, the more things change, the more America's rich heritage as home to all peoples stays the same shining beacon for the world.

Now that the dust has begun to settle on this year's elections, it is my pleasure to report on some of the positive developments of the two governing bodies. Vinny Frantantonio, who has been taken to task for remarks about Project Graduation, offers many excellent ideas to both bodies. Recently, Frantantonio urged the Board of Education to track Academically Talented students throughout their academic careers in order to see if their performance is enhanced, a good idea.

Home and School Associations in Schools #8, 7 and 10 have all contributed to the purchase of video and audio tape monitors to increase safety at the schools.

Students who took Latin exams received special recognition with seven earning Summa Cum Laude designation, seven gaining Maxim Cum Laude designation, nine getting Magna Cum Laude awards, and two more gaining Cum Laude.

On the Council side, I must commend the two incumbent Council members, Bill Cook and Joe Scaperrotta, for the grace they have shown since being defeated for re-election. Both went out of their way to welcome Mario Drozd and Arnaldo Carrera, respectively, to the first Council work session, inviting the Council elects' comments on important issues. This after unfortunate comments surfaced about the good guys beating the not-so-good guys by Councilman Victor Canning. Canning has preached unity, and while I believe his intentions sincere, that cheap shot at two Council members who served their constituents well was most unfortunate.

With all the positive news to spread, I will have to wait until next week to update "Big Mike" Dowd, Belleville's favorite cycling fund raiser Stay tuned...

If you know of someone, or are yourself responsible for some of the many big or small, important good deeds done everyday and worthy of recognition in this town, let me know, because, as this column states, when it comes to good people, doing good things, that's "Positively Belleville."

• **THREE** strikes and an offender is jailed for 25 years to life. Under the Florida law, a person was given a sentence of 25 years to life for auto theft and 25 years to life for each bicycle stolen. The law does not apply to only the most dangerous offenders. A sampling of the three-strikes-and-you're-out law are:

• a 36-year-old serving 25 years to life for reckless driving.
• a 27-year-old serving 25 years to life for a one-gram rock of cocaine.
• a 24-year-old serving 25 years to life for selling marijuana.

In celebration of this special occasion, a Mass of Thanksgiving is scheduled for June 2nd at 4:00 pm at Corpus Christi Church in Harbourside Heights, with a reception to follow in the school cafeteria. Our sincerest congratulations to this wonderful man of God, and may he be blessed as he continues in His service.

• **THE Nutley Irish American Association** is hosting its annual Day at the Races, June 2nd, at Monmouth Park Racetrack. Buses will leave at 10:15 am from Valley National Bank on Franklin Avenue, Nutley. Cost per person is \$40

and includes bus, park admission, program and cookout. For ticket information, call 759-4953.

• **MSGR. WILLIAM HATCHER**, Pastor of St. Thomas the Apostle Church of Bloomfield, will celebrate the 25th Anniversary of his ordination as a priest. The parish is planning a gala event in honor of Msgr. Hatcher on Saturday, June 1st and will also produce an Anniversary Book to commemorate this milestone. The book will highlight Msgr. Hatcher's life and priesthood in photos and will include congratulatory messages and Well Wisher pages with individual Boosters. Anyone wishing to contribute to the Well Wisher pages may do so at a cost of \$100 for a full page or \$50 for half page. Individual boosters will be listed at \$2 a name. Payment and contracts may be forwarded to the attention of Paul Alongi c/o St. Thomas the Apostle, 60 Byrd Ave., Bloomfield.

• **NUTLEY HISTORICAL SOCIETY** has rescheduled its annual meeting and program to Thursday, June 6th, at 7:30 pm. This year's program is a performance by Jeanne L. Austin of a play written by Peter R. Nadolny, "With a Meteor's Dash... Victoria Woodhull Tells All". The story line follows Victoria Woodhull, the first woman to run for President of the United States in 1868 as she and her sister prepare to move to England to start a new life in 1877.

• **THERE** was a recent announcement in the daily newspapers of a cut in staff at the

Meadowlands Sports Complex. One of the reasons cited was the decrease in revenues derived from the operation of the racetrack. I continue to believe that one-arm bandits are a way of attracting people to the track. Other states have done just that and others are considering it. New Jersey should also promptly.

• **THE Belleville School** system held a "Remember When" dance last Friday, May 10, to which resident Belleville senior citizens were invited and was well attended. The affair was held in the "Make Believe Ballroom" located in the Belleville High School Gymnasium. The 17-piece "Somers Dream Orchestra" provided the entertainment. And this is one for Ripley - admission was free. The event turned out to be a great success and was enjoyed by approximately 200 seniors.

• **CONGRESSIONAL** candidate Bill Pascrell, Paterson Mayor, was glorified by former Presidential candidate and Congressional Majority Leader Dick Gephardt at a Bloomfield Community Center rally Monday morning. Gephardt and Pascrell charged Republicans with wanting to dismantle Medicaid and Medicare.

• **THE** famed environmental expert whose column appeared in the Newark Star Ledger for eighteen years, Gordon Bishop, is scheduled to appear on New Jersey's Network CNJN, 6:00 PM, July 4th. His topic is entitled, "Gateway to America," and it will be the story about Ellis Island and the Statue of Liberty. Undoubtedly, there will be a number of events reflecting the July 4th theme of interest to patriots as well as the average citizen. Bishop's production should be among the best available.

Council debates how to cut budget

(continued from page 1)

three years, with more than half the salary being paid for by a state grant, officials announced at the meeting.

Outgoing Second Ward Councilman Joseph Scaperrotta, one of the three Council members, is proposing more than \$330,000 in additional cuts to bring the budget to a zero tax increase. Those cuts are in addition to those discussed by fellow Council committee members Bill Cook and Jerry Digori.

The three have agreed on reductions that would trim the increase to about 28 points, or \$140.

Scaperrotta has proposed reductions to the Police, Fire, Department of Public Works, Health Department and library.

Further reductions proposed by Scaperrotta would include making the Tax Assessor's office part-time, as well as providing less for municipal insurance, uncollected taxes and various operating expenses.

Cook, the outgoing Fourth Ward Councilman, has said his final numbers would probably include an increase in the 15-point range, or \$70 to \$75.

The most complicated and probably the most controversial reduction comes in not hiring the 10 new firefighters requested by Fire Chief Robert Caruso at a cost of \$350,000.

Messina argued in favor of hiring 10 firefighters, saying he did not want to "compromise public safety with the fire department, or any of our lifesaving services."

Cook said he has agreed to support hiring six new firefighters to assure proper coverage of a second ambulance, saying it is worth \$20 a year in taxes to have a working second ambulance.

Scaperrotta proposes hiring two civilian dispatchers at \$10,000 each, while the four uniform firefighters now manning the dispatch duties would be put into ambulance duty, and two new firefighters would be hired.

Both Cook and Scaperrotta warned future Council members that hard decisions about cutting personnel would be necessary.

Either plan would allow for a

second ambulance to be manned, probably from 6 p.m. to 6 a.m., considered the peak hours, Scaperrotta said.

Also, using \$450,000 more from surplus is proposed by the committee, leaving the all but \$50,000 of the \$2.5 million used to reduce the tax levy. Scaperrotta said he believed surplus should always go back to taxpayers.

Cook said he basically supports using the extra surplus, since the Council left \$50,000 in surplus last year and ended up with \$2.5 million. He said the Township Attorney and Tax Assessor should be queried about the status of tax appeals, however, since heavy pay outs could necessitate a refunding bond ordinance.

Elsewhere in the budget, there would be \$245,000 less for insurance based on savings from Crawford Insurance last year.

Cuccio called the decision "a roll of the dice," since the town must pay claims directly up to \$3.2 million, when insurance kicks in for any additional pay outs.

Reductions proposed for the Health Department include not hiring one new nurse at \$36,000, and \$82,000 in reductions, including revenue for the dental clinic based on last year's expenditures, not the amount requested by the Health Department. Also, a "Dial-A-Ride" vehicle will be purchased through a bond ordinance.

The DPW's \$84,500 to \$95,000 in reductions have been approved by DPW Director Charles Cerami, according to Scaperrotta, and include purchasing new vehicles and other new equipment through capital outlay, which does not increase the tax levy. Services would not be affected, Scaperrotta said.

Cook agreed that Cerami said he "could squeak by" with those reductions.

A \$55,000 cut in utilities reflects recent past history and usage, while one new DPW clerk would not be hired, saving \$24,000.

The purchase of one new four-wheel Fire Department vehicle for \$19,000 would also be handled out of capital outlay, while 12 new

police cars would not be purchased since Scaperrotta said the current fleet is "young enough and in fine condition."

The library budget would be cut by approximately \$35,000, with the money to be made up by state funding.

Scaperrotta's own reductions, not endorsed by the rest of the committee, would trim \$44,000 by making the Tax Assessor's office part time and eliminating one clerk from the office.

The \$40,000 donation to the Community Mental Health Center, which allows residents to be treated in Belleville rather than Newark, is also to be cut under Scaperrotta's plan.

An additional \$43,000 would be taken under Scaperrotta's plan from the operating expenses of the Health, Planning, Tax Assessor, Tax Collector, Treasurer, Law, Zoning and Construction-Coder official offices.

The budget would include between \$37,000 and \$42,000 less for uncollected taxes, depending on whether the Council agrees to the committees cuts or the also agrees to Scaperrotta's additional cuts.

School calendar

(continued from page 1)

shop session.

Lally said that he only received the deadline May 17. He said that all the teaching staff received a notice about the deadline of June 1 for the calendar.

After about forty minutes or so Mazzuca rapped up the discussion. "We get so petty even I get tired of it," he said.

The board voted 5 to 1 in favor of the calendar. After some consideration, Pallante and Piscatowski left Fuscaldo as the lone negative vote.

At an April 8 meeting Superintendent Lally said that he thought a review of the calendar is a good idea and the board should seek input from all school professionals and school groups.

Apparently, the review of the school calendar will have to wait another year.

YOUR OPINION

The story of the poppy

To the editor:

The poppy story I am about to relate to you came into existence in 1921.

Our memorial poppy is tradition which began after World War I. Veterans returning to their homes in this country remembered the wild poppies which lined the devastated battlefield of France and Flanders, and the soldiers of all nations came to look upon this flower as a symbol of their dead comrades' sacrifice.

It was Colonel John McCrae, a Canadian officer killed during the war, who immortalized the flower in his famous poem "In Flanders Field."

Returning servicemen brought with them memories of the battlefield poppies and the flower soon took on a sacred significance. The red blossom became a flower of remembrance for the men whose lives had been lost in the defense of freedom.

As a memorial emblem for the war dead, it underlined the plight of those men who did not die, but returned permanently disabled. The poppy soon became a symbol of honoring the dead and assisting the living victims of the wars.

Soon after the armistice, patriotic organizations in different countries began conducting poppy campaigns. The poppy, made by disabled servicemen, raised funds for relief work among handicapped veterans and their families. Wearing a poppy came to mean honor the dead and help the living. The poppy, because of its

nature, commands our deepest respect and captivates our hearts. It strikes the key of patriotism, sounds a chord of remembrance and composes a melody of hope.

Our poppy story remains unchanged, but it's a story that never grows old. Its past if meaningful, its future purposeful. World War I veterans, unable to find other employment, assembled those first poppies, marking the beginning of the American Legion and auxiliary

poppy program.

Our poppies are still being made by our disabled veterans, and the money received goes only to helping the veterans.

Poppy time is approaching! Please donate to this worthy cause, when you see the red poppy. The American Legion Auxiliary of Nutley Unit 70 wishes to thank the public for their support throughout the years.

Cops, firefighters, BMEA play for 'pride,' at BASE's invitation

A LOT TO TAKE 'PRIDE' IN - The Fifth Annual Belleville Community Pride Softball Event, on Sunday, May 19th, at Municipal Stadium brought families together to enjoy competitive softball games and fun surprises for children, all at an event promoting the efforts of the Belleville Alliance for Substance Education (BASE), which sponsored the event and handed out awards to students. The games featured the PBA versus FMBA and the BMEA versus the Little League coaches. Refreshments, pony rides and face painting were also highlights for the children. Pictured are (clockwise from top left): BASE President Barbara Cicalese, Township Tax Assessor Thomas Salzano and event organizer Freddie Cukolo take in the game with youngster Marc Wiltshire; youngster Zachary Lynch cautiously make friends with a pony; Councilman and softball player Victor Canning swings for the fences during one of the games; Mary Beth Smith enjoys the proceedings with daughters Amanda and Megan; Phil Linfante and other BASE volunteers dispense refreshments on the hot morning; and Jellybean the Clown helps paint the happy face of seven-year-old Rachael Lauer. School #3 3rd graders become N.J. tree team

Third grade students at School Three, under the direction of Mrs. Gibbons and Mrs. Janik, have participated as a group to become a New Jersey Third Grade Tree Team.

All third grade students throughout New Jersey receive five tree seedlings in an effort to increase environmental awareness and teach students about the benefits of planting trees.

The seedlings are a perfect way to get students involved in environmental activities.

The seedlings were planted on Earth Day on the grounds of School Three. Mrs. Raffaella Saulino, Principal, enthusiastically supported the project as it helps make students aware of their surroundings.

The seedling project was sponsored by the New Jersey Department of Environmental Protection. Since extra tree seedlings were available, any student who wanted a seedling was given one to plant at home.

Life in Silver Lake By Marie Strumolo Burke

Another installment of Life in ?

O.K. everyone knows the gist of this column. But, if you don't, let me clue you in. I do solemnly swear that I won't mention the name ?? throughout this article. And we all know what ?? means ... It's where I come from ... And by this time, I'm sure you all know. Shall We Dance

I understand that Theresa and Ray Pizzano of Sanford Avenue have celebrated their 22nd anniversary. Mr. ray escorted his beautiful wife to the Hilton where I know they danced the Anniversary Waltz and then on to A.C. Raymond, you sure know how to treat a lady.

To My Favorite Editor and Fellow Columnist

Let me wish Richard Dickon, Editor of the Times, lots of happiness on his recent marriage to Julie Wiltshire. Richard, I saw the picture in the paper of you and your bride. Julie looked beautiful and you looked "awfully snazzy" in your Tux.

A little bird told me that Joe Restaino has reached the young old age of 82. Happy, Happy. He lives on Passaic Avenue with his lovely wife, Mary. I love reading your senior column, Joe, I am adding you to the list of the "Energizers." You keep going, and going, and going. Let me in on your secret. Did You Know????

Belleville schools are sure on the move again. Did you know that Ben Dookchitra was the Finalist in the National Merit Scholarship Program? Did you know that Yen Chen was the Second Place Winner in the Word Processing Category-Future Business Leaders of America? Did you know that Mark Lorig was the Third Place Winner-Accounting Category FBLA? Did you know that the First Place Winner-International Women's N.J. Student Essay Contest was Nicole Lopreato and the Second Place Winner in the same category was her sister, Dana Lopreato? Did you know that Ricky Roberto got Honorable Mention in the N.J. Student Essay Contest? Did you

know that Anthony Conte won the Wrestling State Championship? Did you know that David Paladino is the Sr. Wrestling Captain? Well, you know now. Not too shabby for our Belleville schools. All of these wonderful youngsters along with their parents, were recognized at a Board of Education meeting at BHS. And did you know that I got all this good info from our Superintendent of Schools, Michael Lally?

Good things are happening in Belleville. And remember, keep singing that song about the positive.

Did you know that former Commissioner Mike Marotti has attended 42 PBA Balls out of 44. You heard me right. Could you imagine? I bet that's a record.

While at the Blossomfest on Franklin Street, (which by the way was great) I bumped into a friend from the past, Clara Campanella from Harrison Street. Her husband, Bing, was a good man and it brought back memories of when we were members of one of the best associations in town, the Mary V. Senator Association. Clara sure made me feel good when she said, "You know, Marie, one of the main reasons I buy the paper is to read your column." So, Clara, I'm sending you out a big hello. You look

great and stay well.

Happy birthday to my cousin, Pete Pribula of Kathryn Street. He hit the Big 51 on March 28. Pete, you don't look a day over 40.

Met up with another cousin, Rich Ferruggia, of Overhill Road. Yea, you're right, I do have a lot of cousins. He celebrated his 49th birthday. What a great wife Richard has ... Oh, her name, Helen. My cousin asked me to mention his children ... So here goes. His son Richard is a Correctional Officer for the County, his other son, John, is a graduate of Wagner College of Staten Island, his daughter, Stephanie, is at Stockton College in Atlantic City, and his other daughter, Michele, works for the Bergen County Court System. While he was rattling off all this info, cousin Pete Pribula said, "Hey, Rich, she only asked for some news ... not to give her a short story." Don't worry, Richard, it wasn't that long, well maybe a bit. And so another chapter in the "Cousins Club" has ended.

O.K. the article is over ... Now I can mention Silver Lake. The Feast of St. Anthony is coming close. It will be held on June 7,8,9 on Heckel Street. The feast will be bigger and better than last year. So I'll see you there.

Remember, We Love Belleville

We're moving toward healthier communities.

The challenge: How to best improve the health of all of us. Five area hospitals, together with more than 100 community leaders, took a very close look at the key issues behind this challenge.

The response: 30,000 residents were contacted in those areas served by Morristown Memorial, Overlook, Mountainside, Chilton Memorial and Newton Memorial Hospitals.

The survey: This Community Health Needs Assessment Survey proved invaluable. It explored health risk behaviors, the effects of stress, cancer, heart problems and other health issues.

The findings: A detailed report covering all the major findings will soon be available. Comparing the area to national averages, this report will form the basis of an all-important community action plan to be implemented in the years ahead.

Join us. The closer all of us work together for a healthier community...the more each of us can enjoy a better quality of health.

To learn how you can participate, call **1-800-AHS-9580 (1-800-247-9580)**.

IT'S A JUNGLE OUT THERE! The Lioness in the Pride

Continuing in our series on the key members of the Law Office of Alphonse M. Rossi, 265 Broad Street, Bloomfield, New Jersey 07003, (201) 680-9500, this week we focus on our Negotiations and Claims Manager/Paralegal Joy Spiel.

In a Lion's Pride, no one works harder than the Lioness. Joy Spiel, born in New York and now a resident of West Orange, New Jersey, is spotlighted in this article. Her credentials will speak for themselves.

Upon graduation from the University of Maryland, Joy worked with five of the major liability insurance companies, rising progressively through the ranks from Claims Adjuster to Supervisor. After sixteen years in the insurance industry, she took this knowledge and skill and put it to work for those individuals with personal injury claims. She has faithfully and diligently employed those skills for the Law Office of Alphonse M. Rossi for over eight years.

Joy works very closely with everyone who enters our domain. She possesses an uncanny ability to assess the merits of any claim and the tenacity to achieve and negotiate the desired results.

As compassionate and friendly as Joy is with clients, she can be an aggressive negotiator when dealing with a claims adjuster or opposing counsel. She is popular with insurance companies and attorneys for her sense of fair play, reasonableness and her ability to accomplish a win/win situation.

When a case is closed, many clients commend us for the personal touch that Joy brings to the office — a sensitivity not found elsewhere. Our in-house Lioness believes "life has enough traumatic events and pitfalls; people need an ear to listen, a heart that cares and the skill to get things accomplished."

Next time, we will begin to discuss some aspects of the law that touch our lives daily. In the meantime, remember we are here to help you at the Law Office of

Essex County Business Owners Host YWCA Membership Drive

The Essex County chapter of the New Jersey Association of Women Business Owners (NJAWBO) will be hosting a membership drive on Tuesday, June 4 from 6 p.m. to 9 p.m. at the Van Vleck House and Gardens on 21 Van Vleck Street in Montclair. A portion of the proceeds will be donated to the YWCA of Montclair-North Essex to support their educational programs for women in business.

Ticket prices are \$35 with paid reservations made before May 28, after May 28 or at the door, \$45. Included in the ticket price is wine tasting by Angelbeck's Fine Wine and Liqueurs of Upper Montclair, hors d'oeuvres, dessert and entertainment.

The event is being sponsored in part by Midlantic Bank, Upper Montclair Branch, and the Bollinger Fowler Company of Short Hills.

Participants may wander the beautiful grounds of the Van Vleck estate, renew acquaintances, exchange business cards and learn more about how NJAWBO can help business owners start or grow their business.

Raffle tickets for a Cape May getaway, Chinese auction and psychic readings will be available during the evening for an additional

cost.

The Van Vleck house was designed and built between 1914 and 1916 by architect Joseph Van Vleck Jr., who settled in Montclair in 1870. It remained in the family until 1993 until it was turned over to The Montclair Foundation by the children of Howard Van Vleck. The home is a U-shaped Mediterranean style villa complete with a courtyard and gardens boasting planting from the 1930s. The home is known for its magnificent Chinese Wisteria that covers most of the courtyard. Magnolias, day lilies and other prized horticulture treasures surround the stately home.

For ticket sales contact Varick Design Associates at (201) 471-7004.

NJAWBO is a statewide organization addressing the needs of 200,000 women business owners in New Jersey. With close to 1,000 members statewide, NJAWBO's objectives are to encourage business ownership by women, provide a voice for them in local, state and federal legislative bodies, provide training and assistance and increase the visibility of women business owners through participation in the business community. For membership information call the Essex Chapter Hotline at (201) 744-5533.

Paul Hsu, right, of Bloomfield accepts the St. Barnabas Health Care System Spirit of Excellence Award from Maria Muscarella, an employee of St. Barnabas Medical Center.

Bloomfield resident wins Spirit of Excellence Award

Paul Hsu, a resident of Bloomfield and the owner of a pharmacy in Newark, recently received the 1996 St. Barnabas Health Care System Spirit of Excellence Award for his commitment to consistently delivering quality customer service.

Hsu, along with 22 other individuals, was honored during an awards dinner at St. Barnabas Medical Center in Livingston. Recipients of the Spirit of Excellence Award were cited for their willingness to "go above and beyond the call of duty" and for their ability to "make others smile and feel good."

Nominated by St. Barnabas employee Maria Muscarella, Hsu was commended for going that extra mile to deliver personal service with a smile.

"Paul had been my parents' pharmacist for over 10 years," Muscarella said.

Due to several long-term illnesses, my father was on several prescription medications which had to be renewed on an ongoing basis. In 1988, upon retiring, my parents became "snowbirds," spending half the year in Florida and half down at the shore," Muscarella wrote on her nomination form.

"Paul, in every effort to ensure continuity of care and continuation of a comfort level for my parents, made special arrangements to mail them their medications. He established a schedule with my mother and together they set up a procedure whereby the medications were received within two days," she added.

"As time went on and my father faced even more health obstacles, Paul not only continued to assist my parents, but he also established

lines of communication with my parents' doctors to make my father more comfortable. He always went several extra yards to extend himself and assist them in any way possible. In January, we lost my father. Upon hearing the news, Paul was as shocked and upset as so many of my father's friends. I shall never forget his visit to the wake, the kind words he had and specifically his expression that he wished there was something he could do," Muscarella wrote.

More than 200 nominations were made for the 1996 Spirit of Excellence Awards, which were established last year to recognize individuals in the community who value excellence in customer service.

Beginning on Jan. 25, the trustees, physicians, employees and volunteers of the St. Barnabas Health Care System were invited to begin making nominations for the Spirit of Excellence campaign.

"We wanted our employees to take this opportunity to thank the people that they meet every day who not only do their jobs well, but who go above and beyond in delivering excellent customer service," said Raquel Phillips, campaign co-chair and manager of Human Concepts Advertising Agency at Union Hospital, an affiliate of the St. Barnabas Health Care System.

At the end of the month-long campaign, the 21-member committee charged with overseeing the award began the arduous task of selecting the winners.

"Our committee members read through all of the nominations and were impressed by the quality of the nominations," Ann Freeman, co-chair of the Spirit of Excellence campaign, said.

West Hudson Hospital welcomes pioneer in ultrasound technology

The medical teams of West Hudson Hospital in Kearny gathered in the hospital's new Wound Healing Center recently to welcome Dr. Mary Dyson, the renowned scientist who heads the research team at Guys Hospital in London, England, that developed the ultrasound soft tissue scanner.

The high-frequency ultrasound scanner at West Hudson Hospital makes the invisible visible and is one of the two scanners now available in New Jersey.

"Dr. Dyson is a renowned scientist who has made a significant contribution to new treatment for wound healing," said Carmen B. Alecci, the hospital's chief executive officer.

"We are pleased that she has decided to review this new technology at our Hospital's new Wound Healing Center," he said.

Dr. Dyson began her day-long visit with a series of presentations on the newest ultrasound technology available and later toured the hospital's Wound Healing Center. More than 100 of West Hudson's medical staff gathered for dinner and a discussion on this technology that combined with traditional wound healing methods offers comprehensive treatment for patients.

Dr. Dyson asserted that the ultrasound soft tissue scanner can treat all types of open wounds and ulcers, avoiding the painful cutting of a biopsy, allowing physicians to peer beneath the skin to observe the extent of wounds and measure how fast they heal.

The system works by comparing that to a reading from the wounded area. A computer algorithm assists this task by translating ultrasound pictures into numerical and graphical data.

Dr. Dyson addressed issues concerning skin cancer and how the system may also be valuable. Ultrasound allows physicians to detect the extent of the cancer beneath the skin so they need not remove more tissue than necessary. The ultrasound can also be repeated after surgery to detect any remaining cancerous cells.

Dr. Dyson is the co-editor of "Gray's Anatomy" and is currently organizing the development of a company to develop and manage wound healing centers and research centers throughout Europe.

Dr. Lubomir Jawny, vice president of the West Hudson Hospital Medical Executive Committee, presented Dr. Dyson with a bouquet of flowers at the end of her visit and expressed his appreciation for sharing her findings with the West Hudson Hospital medical staff.

New members welcome

Introducing the Manufacturers' & Businesses' Association of North Jersey

The Manufacturers' & Businesses' Association of North Jersey is the outgrowth of an organization that had its beginnings in 1920 when a group of businessmen in the area met to discuss their mutual problems.

Seventy years later, with an expanded base, members are still meeting monthly to learn and discuss issues and problems facing employers. Topics as diverse as banning smoking in the workplace to pension investments have been discussed.

Objectives of the group are to promote acquaintance, mutual understanding and cooperation among the membership; collect and transmit useful business information; and cooperate with other similar associations, organizations and individuals in any endeavor which might be of aid and interest to the membership.

The executive committee, elect-

ed by the general membership, meets first Thursdays at noon to plan and arrange topics of general interest, activities for the association, speakers of special interest and social gatherings.

General membership luncheon meetings are held fourth Thursdays, September through June, at the Glen Ridge Country Club.

Any individual, partnership or corporation, engaged in manufacturing, processing, manufacturing services (e.g. banking, insurance, legal accounting, etc.) or other productive industry in the North Jersey area and surrounding communities, or local branch of such enterprise, is eligible for membership if employing staff of eight or more. Companies which do not meet these criteria and whose membership is mutually advantageous will be considered. Each member company shall designate

one individual who will be its voting representative.

Member companies include Belleville Wire Cloth, Marvelo Products, Smith Barney, American Savings Bank, Clara Maass Medical Center, Eskimo Pie Corp., Fidelity Paper & Supply Corp., First DeWitt Bank, Frank M. Leo Assoc., National Starch & Chem. Co., Orechio Publications & TV, PNC, Inc., PSE&G, VAC-U-MAX, Inc., Wallace & Tiernan, Inc., Travelers Village, C.A. Zaccarella, Inc., All Industrial Maint. Corp., Kg Systems, Inc., Rospond, Rospond & Conte, Phillips Lighting, Best Electric, Peerless Tube Company.

Yearly dues range from \$75 to \$325, depending on the size of your business.

Mr. and Mrs. Theodore Serritella

Serritellas celebrate golden anniversary

Mr. and Mrs. Theodore Serritella celebrated their golden wedding anniversary February 24 with a renewal of their vows and a family reception hosted by their children at the Chandelier, Belleville.

The couple was married in St. Anthony's Church, Belleville, February 24, 1946.

Mr. Serritella and the former Geraldine Grane, are lifelong residents of Belleville. They also have a home in Point Pleasant.

Mrs. Serritella worked at Charms in Bloomfield for 14 years while Mr. Serritella retired from

General Motors in Bloomfield after 33 years of service. He has been a part time toll collector on the Garden State Parkway since 1989.

The couple also owned and operated Grane's Deli on Newark Avenue for 10 years.

Ted and Gerry have two children, a daughter, Mindy, and a son, Ted Jr., and a daughter-in-law Donna. Three grandchildren, Anthony, Nicolas and Joelle, complete the family.

Two months to the day after the anniversary celebration, Mr. Serritella celebrated his 75th birthday.

'Honey, have you seen...'

The 10 most forgotten items in a move

While more than 43 million Americans are planning to move this year, even the most organized person will probably not be able to remember every detail of the move — or every item.

"We find that a lot of people forget to empty the secret hiding places in their homes or apartments prior to the move," says Sara Surface, Mayflower Transit's moving expert. "Remembering the 'out of sight, out of mind' objects is typically the key to a successful and complete move."

Mayflower suggests adding these 10 points to the top of your moving preparation list:

1. For the record — Obtaining copies of your medical records, including your dentist, veterinarian and vaccine/immunization information can often be overlooked. In some cases, a notarized letter is required to receive the official documentation; you may need to contact the American Medical Records Association to determine your new state's procedure.

2. For the record II — Your child's permanent school record cannot follow him or her through life if it's left behind. In addition, school records are usually required when registering your child at his/her new school. Often, copies will not be sufficient, and records with a raised seal will be necessary.

3. Old phone numbers — Pack phone books from your old town. You may think you'll remember the numbers you frequently call now, but more likely, you'll spend a small fortune on directory assistance charges to contact old friends or tie up loose ends.

4. Taken to the cleaners — Remember to complete transactions with local businesses (for example, picking up your dry cleaning).

5. Where you're moving to —

In the flurry of preparing for the move, you may often forget your forwarding address — important information when forwarding periodicals and credit card bills, as well as keeping in touch with old friends. Always keep your new address handy in your wallet or purse.

6. Spic and span — Although your focus will be on your new home or apartment, you can't forget about preparing the old residence for your exit. Remember to leave out cleaning supplies for the final "once over" before closing the door for good, or make arrangements in advance for a service to clean it for you.

7. The opener — Many people often forget to take the electric garage opener out of their car before leaving. Remember to leave the opener for the new tenants or owners.

8. Remember Rover — In most cases, moving companies cannot transport animals or plants. Remember to make arrangements for their transfer, as well.

9. Bank on it — Many people forget to retrieve important documents from their safe deposit box. It is also wise to establish a checking account in your new town about a month prior to your move so that you have immediate access to your account.

10. Keys to success — The collection of spare house keys can often be forgotten. Whether it means getting them from neighbors who kept them, or retrieving them from under the rock next to the front door, don't forget to gather all sets before you depart.

A complete package of tips for a safe and comfortable move is available by writing to Mayflower Transit, Inc., P.O. Box 107, Dept. MT, Indianapolis, IN 46206-0107.

Gala dinner dance marks Hospice's 15th anniversary

The Hospice Division of The Center for Hospice Care, Inc., Glen Ridge, recently held a gala celebration to mark 15 years of providing care for terminally ill patients and their families.

The dinner dance took place at the Hilton at Short Hills and honored the five founding hospitals who had the vision in 1981 to know that community-based care for terminally ill patients could be provided by the fledgling organization, The Hospice, Inc.

The five hospitals are Clara

Maass Medical Center, Montclair Community Hospital, Mountaintop Hospital, Newark Beth Israel Medical Center and Saint Barnabas Medical Center. These hospitals contributed financial and moral support to The Hospice at a time that the concept of Hospice was virtually unknown.

Chairs of the gala were Estelle Greenberg of South Orange and Ken Rosen of North Caldwell. An ad journal, the project of The Friends of Hospice, was distributed at the event.

15TH ANNIVERSARY CELEBRATION — Gathered at The Center for Hospice Care, Inc. 15th anniversary celebration are Paul Dell'Aquila, M.D., associate medical director; Lorraine Sciara, president and CEO; and Michael Scoppetulo, M.D., medical director.

The Center for Hospice Care fetes volunteers at luncheon

More than 75 volunteers attended The Center for Hospice Care, Inc.'s recent volunteer recognition luncheon at the Van Vleck house and gardens in Montclair.

It was an opportunity for The Center for Hospice Care to pay tribute to the dedicated corps of volunteers who offer support directly to patients and their families and provide administrative assistance at its headquarters at 3 High St., Glen Ridge.

Last year, The Hospice Division cared for 810 terminally ill patients in Essex and eight other Northern New Jersey counties.

Entertainment was provided by vocalist Diane Lacey with Larry Weiss of Cedar Grove on the piano.

Lorraine Sciara, president and CEO of The Center for Hospice Care, offered remarks thanking the volunteers for their commitment and service. A few of the volunteers present had been with Hospice since its inception in 1981.

Anyone interested in learning more about Hospice services or volunteer opportunities, call 429-0300.

VOLUNTEERS RECOGNIZED — Shown at The Center for Hospice Care, Inc. volunteer recognition luncheon are Terry Hudak, volunteer coordinator and Bloomfield residents Rosanne and Harry Rinaldi.

Woman's Club members attend convention in Atlantic City

The 102nd Annual Convention of the New Jersey State Federation of Women's Clubs was held May 7 through May 10 at Trump's Castle Casino Resort in Atlantic City.

The local club received a certificate for adopting the Belleville Public Library.

The event was organized by a committee chaired by Mary Lou Sullivan of Marlton and presided over by NJFWC President Dorothy Love Greene of Runnemede.

Representing the Woman's Club of Belleville was President Barbara Spillane who also served on the Convention Committee.

Daily sessions included a Leadership Institute conducted by Donna Meloro of Performances Best, Inc., workshops, business meetings and awards presentations. Keynote speaker was GFWC President-elect Faye Dissinger of Springfield, Pa. The New Jersey State Federation is a member of the General Federation of Women's Clubs with a membership of 1,000,000 worldwide and headquartered in Washington, D.C.

Jessica Flint, a 1995 NJFWC

Margaret Yardley Fellowship recipient and an accomplished soprano, performed at Tuesday night's banquet. Dina Querubin, Miss New Jersey, spoke on Intergenerational Programming at the Wednesday night banquet. Querubin, a classical pianist, also presented a musical interlude.

The Cape May Court Madrigal Singers entertained at the Thursday Evening Membership Department banquet.

The convention adjourned Friday morning at the close of the business session and was followed by a Unity Day breakfast at which time the 1996-1998 NJFWC Board of Directors was installed.

The NJFWC, with 20,000 members, is New Jersey's oldest and largest volunteer organization. In addition to community service, each club and its members supported the NJFWC Special State Project, the American Cancer Society's "Feel the Smile of A Child." One of the convention's highlights was the presentation of \$112,000 raised by the members for the project.

Gianna Gaccione

A first child, a daughter, Gianna, was born to Mr. and Mrs. Steve Gaccione of Belleville May 6 at Mountaintop Hospital, Glen Ridge/Montclair. Birth weight was 6 pounds, 2 ounces.

Mrs. Gaccione is the former Rosanne Paradiso, daughter of Rocco and Josephine Paradiso of Nutley. She is a manicurist with L.A. Nails, Bloomfield. Mr. Gaccione, son of Frank and Camille Gaccione of Nutley, is vice president of ComputaData Services, Inc., Elwood Park.

'Living on the Edge' conference June 1 at St. Paul's Church

"Living on the Edge" is the theme for a women-only conference June 1 at St. Paul's Congregational Church, Franklin Avenue at St. Paul's Place.

Keynote speaker will be Dr. Anne S. Walker, executive director of the International Women's Tribune Centre. A feminist, activist, educationist, artist and writer, Dr. Walker has spearheaded IWTTC's efforts to support the initiatives of women on a global level. Part of her presentation will include slides of the World Conference on Women, held last year in Beijing.

The 9:30 a.m. to 2:30 p.m. program will provide a forum for women of all ages, backgrounds and interests to examine their choices in life and the choosing process itself.

Accompanying Dr. Walker's presentation will be a structured format where each woman will par-

ticipate in small group activities to discover, define and encourage her own initiatives.

According to Joan Alevras Spivack, conference coordinator and member of St. Paul's Church, "Women are often more aware of the larger issues facing women in other cultures than they are of the more subtle issues facing women in the United States. Sometimes it's harder to see what's around you every day because we come to accept it as 'normal.' Many women today feel 'out of sync with the mainstream' or 'out in a limb.' This program is going to help women see that when they're out on a limb, the world is at their feet."

Lunch is included in the registration fee of \$12.50. Pre-registration is important. Deadline for reservations is May 25. Call 893-9555 for registration material and more information.

People for Animals needs foster and permanent homes for several rescued dogs

People for Animals, a non-profit animal welfare organization serving New Jersey, desperately needs foster or permanent homes for several dogs.

People for Animals is overwhelmed with the number of dogs it has rescued and is asking the public to open its hearts and homes to these loving pets.

Among the dogs available is Dunkin, a three-year-old housebroken, neutered male Chocolate Lab mix; Chief, a four-year-old housebroken, neutered male Black Lab mix; Rayne, a one-year-old housebroken, spayed female white Shepherd mix; Ridge, a two-year-old energetic, housebroken, black and tan long-haired pointer mix; and Belle, a one-year-old spayed female Black Lab mix.

In addition, Snowball, a two-year-old medium-sized terrier mix. She has a beautiful soft white coat with one red ear and a red patch over her left eye. This calm and

Snowball

gentle dog is great with children and other pets.

"Our resources are at their limits," says a spokesperson for People for Animals. "Please help us find loving homes for these dogs."

Fifth in a series celebrating 20th anniversary of '76 Belleville baseball team

Bellboy winning streak snapped at 20 by Livingston

Coach George Zanfina had said that sooner or later, it had to end. His 1976 Bellboys were playing outstanding baseball. The team had won 18 straight games heading into the week of May 17-22. The problem was, you didn't want a streak to end in a crucial situation, and that was the story 20 years ago.

The Bellboys began that week by playing Cranford in the first round of the Group IV, Section II playoffs. Belleville had gamered the top seed in the state sectionals.

"They had a nice team," Zanfina said of Cranford. "We didn't hit the ball too much in that game."

"I remember that one," said Anthony "Chipper" Biafore, the shortstop on the '76 team, who called me last week and added some key insight to the team. "They had a great pitcher. He kept us off balance the entire game."

Belleville beat Cranford 2-1 that day, despite the fact that the Bellboys had just three hits. Greg Petite pitched the first five innings before giving way to Bob Giordano, who pitched the final two and was credited with the save.

Belleville's two runs came in the third when Mike Cancelliere doubled home Giordano and John Guarino.

On Thursday, May 20, the Bellboys played in the second round of the Group IV, Section II playoffs, taking on Bloomfield for the third time in the season.

"We had beaten Bloomfield twice and I knew that beating a team that good three times in a season would not be easy," Zanfina said. "They had a 7-2 pitcher going for them. I was very leery of this game."

Zanfina's concerns turned out to be unnecessary. His team played near flawless baseball and won a 4-0 decision. Ricky Loma hurled a complete game shutout and the offense was paced by Biafore (two hits, two ribbies) and Cancelliere (two hits, one RBI).

"We beat them three times that year and we shut them out all three times," Zanfina said. "I still find that hard to believe. Bloomfield was a tough team. We just found a way to keep their bats quiet."

The stage was now set. Belleville was 20-1, riding a 20 game winning streak, and, of course, was ranked number one in the state, a ranking the team held for nearly three weeks now.

The next game would be on Saturday, May 22, when the Bellboys would face Livingston in the semi finals of the Greater Newark Tournament.

"What I don't remember is that Livingston was on quite a roll then," Zanfina said. "They had gotten off to a slow start that season, but were on a big winning streak by the time we played them that Saturday."

"Livingston had a solid team in 1975 and a veteran team in '76. What concerned me going into that game was that we weren't hitting the ball nearly as well as we had in the early part of the season."

Livingston did something that not too many teams had done to Belleville that year. They scored first.

The Lancers tallied all three of their runs in the second inning, thanks to a three run homer by John Soles. If you're familiar with Verona's field, then you know there isn't a fence in the outfield, just a hill that rolls downward. Once the ball gets there, you can pretty much be assured it's a homer.

The Bellboys rallied, scoring once in the fourth on a Greg Dunleavy double followed by a Scott Osche single. In the sixth, Belleville cut the lead to 3-2 when Dunleavy doubled and later scored on a sacrifice fly by Nick Cancelliere.

That would be it, however. Livingston held the Bellboys without a run for the last inning and came away with a 3-2 victory.

Petite started the game, but pitched just 1 1/3 innings. Giordano hurled 5 2/3 innings of shutout relief.

The streak had been snapped at 20, but there was still plenty of baseball left in the '76 season. Paramount in the minds of the players was that Belleville could face Livingston again, this time in the state sectional finals.

"It was a tough loss," Zanfina said of the G.N.T. semi final. "But the kids accepted it well. They conducted themselves well. We knew we had the opportunity to play them again and it was something we looked forward to."

Belleville would play Livingston a week later, this time for the sectional crown in what turned out to be a controversial game. Next week, a look back at that game, with more insights from Zanfina and Biafore.

Lady Bucs advance in states

By Mike Lamberti

Playing by far their best softball of the season, the Lady Bucs stopped Scotch Plains last Monday 15-5 in the first round of the state sectional playoffs.

Carl Corino's team was 13-9 heading into this week's action. The girls were also riding a four game winning streak going into last Tuesday's game with Immaculate Heart. This afternoon, the team will be at Mt. Olive for a second round state sectional game. The starting time for that game is 4 p.m.

Should Belleville beat Mt. Olive, they would play next week for the Group III, Section II title.

Tomorrow, the team is at Nutley in a 4 p.m. game. Next Tuesday, the girls will play Teaneck in a make up game and next Thursday, the team will host Nutley. Both of those games begin at 4 p.m.

In compiling a four game winning streak, the team posted wins over Hackensack 3-2, Paramus 6-5, Teaneck 22-1 and last Monday's win over Scotch Plains.

"We're starting to come around," Corino said. "We're young, we've made mistakes that have cost us games this year, but the team has hung in there. We're starting to hit the ball better. It's just that we make some key mistakes that have cost us games this year."

Corino points to games earlier this season where his team held leads only to see defeat in the late innings.

"We lead against Paramus (3-0), Livingston (4-0), Hackensack (8-2) and Nutley (1-0), but we

Chrissie Crescenzi delivers pitch during recent game. The sophomore has done well for the Lady Bucs this year.

ended up losing those games. We played real tough against good teams like Clifton and Caldwell, but we couldn't get that one key hit."

One of the goals of the team down the stretch of this season has been to avenge earlier defeats in league play.

Last week, the team did just that against Hackensack and Paramus, two of the stronger teams in the

NNJL Pacific Division.

Hackensack was 15-3 when Belleville played them. Chrissie Crescenzi pitched solid ball and Belleville won an extra innings game.

The Lady Bucs pushed across the winning run in the eighth inning when Kim Mahoney reached on a bunt single and later scored on a hit by Joelle DellaVolpe.

Belleville beat a 16-3 Paramus team a few days later, 6-5.

"We played 6 1/2 innings of great ball," Corino said. "We were up 6-0, but they came back to score five times in the last of the seventh."

Crescenzi withstood the late rally and held on for the victory, which was even more impressive considering it came on the road.

Corino noted the good play of outfielders Jessica Rotino, Marissa Rotino and Niki Lopreato.

Gennifer Piscatowski has recently moved to first base and Corino has noted that her consistency there has helped the teams overall defense.

The infield play of second baseman Jackie Cruise, shortstop Mahoney and third baseman DellaVolpe has improved steadily.

"Mahoney is playing real good ball," Corino said. "Her play at shortstop is excellent."

Behind the plate, Danielle Brodo has been outstanding.

"She's been hitting the ball real well," Corino said. "She does a great job for us."

Melissa Brodo, a freshman, has excelled at designated hitter and in the outfield.

Crescenzi, a sophomore, has shown signs of excellent pitching. Corino is hoping that with more experience, she will be more consistent as her career progresses.

"We've had goals of making the state tournament, finishing above .500 and coming back to win league games against teams that have beaten us earlier in the season," Corino said. "If we can beat L.H.A. and Nutley this week, that would be a big boost for our team."

"Like I said, we're young. But we're coming around. This will be a good week for us. Mt. Olive is a good team and we'll have to play a solid game if we hope to advance further in the states."

NOTES: Belleville was the ninth seed in the state sectionals. Mt. Olive, the Morris County champion this year, is state ranked and was the top seed in the section.

In the Essex County tournament, Mt. St. Dominic averaged last years loss in the finals to Bloomfield by beating the Lady Bengals in the finals this year, 2-0.

Belleville just missed out on a trip to the "Final Four" of the E.C.T., losing a 2-1 decision to Nutley by giving up two runs in the fifth inning on an error.

Belleville will hope to avenge that loss by playing Nutley twice in less than a week, beginning tomorrow afternoon at Nutley.

Baseball team looking to .500 season

By Mike Lamberti

With its season scheduled to conclude tomorrow, the Belleville Bucs baseball team is pushing hard to reach the .500 mark.

Chuck Martin's team took a step toward that goal last week, winning two of three games in NNJL play.

The Bucs downed Hackensack

7-2 and St. Joe's of Montvale, 6-4 before losing a 5-2 decision to Paramus last Friday in a game that was Belleville's home game but played at Paramus.

The team was 8-12 heading into this week's action. Earlier this week, the Bucs were at Teaneck for a rare double header and played Paramus

Catholic yesterday. Tomorrow, the team ends its season with a home game against Nutley.

The victory over Hackensack was particularly impressive coming off the heels of five straight defeats. The week prior, the team had lost four games, two by one run, and had been eliminated from a chance to play in the state tournament.

Despite that, the team came back strong this week. In beating Hackensack, the Bucs stopped a team that was 13-6 heading into the game.

"I've said it all year long," Martin said, "if we pitch and play defense, we can play with just about anyone in this league. Eddie Pagan gave us a great game on the hill and we did the job."

Pagan, a junior, hurled a two hit complete game, walking four batters.

The Bucs scored twice in the second inning thanks to RBI hits from Tom Dyer and Anthony Lenzi. In the fifth, the Bucs extended to a 7-0 lead with five runs. The key hit in that frame was a bases loaded double from Sai Vitale that cleared the bases.

Rob Caputo was 2 for 4 with a double and single for Belleville to lead the offense.

In the win over St. Joe's, the

Bucs received another solid pitching performance, this time from Lenzi.

Lenzi pitched a complete game, striking out one and walking two.

Belleville jumped out to a 4-0 lead with three runs in the first and a solo run in the second. Pagan and Greg Sheridan had RBI hits in the first.

St. Joe's rallied to tie the game, scoring once in the third and three times in the fifth. The Bucs then took the lead for good in the last of the fifth, tallying two runs.

Ed Pagan scored the go-ahead run on a hit by Vitale. Vitale later scored an insurance run to seal the victory.

Pagan led the Bucs with two hits.

"Those were two superb pitching efforts from our kids," Martin said. "We've got the nucleus of a good team for next year. The kids need the work. We've in every game. They play hard. We just have to be consistent on the hill and not make mistakes in the field."

Justin Mohren pitched a complete game in the loss to Paramus last week. He was hurt by walks (eight all told), but Martin felt Mohren did a good job against a

Belleville men's lightweight four shell places at regatta

By Kolleen Myers

The Belleville varsity crew team traveled to Philadelphia to compete in the two-day Stotesbury Cup Regatta, on Friday and Saturday, May 17 and 18.

The Stotesbury Cup Regatta is one of the most prestigious and competitive races that the Bucs will participate in and is attended by teams from various parts of the United States and Canada.

The men's lightweight four shell produced some amazing results. On the day of the qualifiers, the team of Mike Matos, C.J. Stevens, Scott Horst, Min Tsai and Chris Adamo edged a rival Kearny shell and posted a first place finish which advanced the squad to the semifinals.

In the semis, the crew was against even tougher competition and managed to finish in second which was good enough to place them in the finals later that day.

The finals for this category contained six of the hardest shells at the race. For most of the race, all six shells were close with each one trying to make its own move. As the finish line approached, Belleville seemed to be in the lead, but Kearny prevailed and edged the Bucs for the gold. Belleville finished in third place just behind the crew from Walt Whitman High School.

The mens lightweight shell should be commended for its tremendous efforts that have been exhibited throughout the season. Overall, the shell finished third out of 41 other boats.

The other Belleville shells did not win any medals but proved to

be competitive amongst the most talented crews around. The mid-weight four shell was one of the three Belleville teams that qualified for Saturday's semis. In their heat, the midweights placed second, which led them into the semifinals. The semifinal was tough race, and the team was in second at one point, but at the end of the race the team was in fifth place.

The girls team was not as fortunate as their male counterparts, as the Lady Bucs did not advance a shell into the finals of the competition.

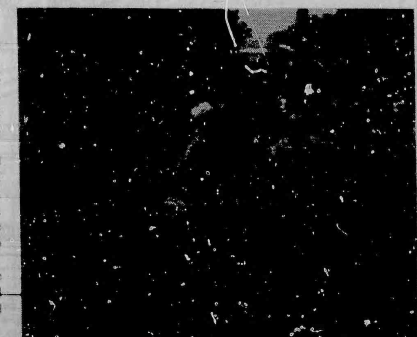

The Junior four B shell, which was this year's winning novice boat, stepped up to a new level of competition and did well. Although Belleville did not qualify for the semifinals, the shell came in fourth place and beat out two other shells.

The senior four shell was in one of the toughest heats in their category, and rowed their hardest to make it into the semis. The race was close in the beginning, but other shells pulled away and left Belleville to finish in fifth place.

The junior four shell competed in both a qualifying and semifinal race. In their qualifier, the team came in second place behind E.L. Crossley, a Canadian team. The team placed high enough to advance to the semis.

In the race, Belleville was close enough with the other shells and tried to make a move on second place, but later finished fourth.

On Thursday, the team journeyed down to Virginia for the nationals and will compete against squads from all over the United States.

Third baseman Dan Rispoli throws to first during game at Belleville High School. Rispoli has played very well for Chuck Martin's team this season.

Bucs conclude season tomorrow at home

against NNJL opponent. What kicked the coach more than anything in this game was that the Bucs were supposed to be home for this game, but because the field wasn't ready, the team had to travel to Paramus to play a "home" game.

Last Saturday, the team was scheduled to play host to Teaneck. Once again, the field was not ready for play, they found the field unplayable and opted to postpone the contest.

Consequently, the Bucs had to move a second "home" game to a visiting field, playing a double header last Monday because Belleville was scheduled to play at Teaneck in a league game.

Let's hope the field will be ready tomorrow afternoon, when Belleville concludes its season against Nutley.

NOTES: Bloomfield, after playing in the Greater Newark Tournament semis the past two years and losing, has advanced to the finals in 1996 with a hard fought win over Nutley last Saturday.

Bloomfield will take on Livingston for the championship this weekend.

In the Paramus game last week, Sheridan led the Belleville offense with two hits, both doubles.

If the Bucs swept the double header last Monday because Belleville was scheduled to play at Teaneck in a league game.

Back in 1993, a similar scenario was in place when the Bucs were 12-12 heading into the finale with Nutley. There, the team needed a win to clinch a winning record. The Bucs did just that, romping by

Nutley, who that year had won the G.N.T.

Tomorrow's game will not be easy. The Raiders will be looking to stay sharp as they get ready for the state sectional tournament.

Rec Department pre-school registration is in progress

The Belleville Department of Recreation and Cultural Affairs is accepting registration for the pre-school play program for four year old children. The program consists of games, stories, songs, art, outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

## HOROSCOPES

### May 26-June 1

#### ARIES - March 21/April 20

A friend's problem will affect you in some way this week. Try your best to be supportive, but try also to keep a safe distance before you get in any deeper. The weekend will be spotlighted with a visit from family. Do your best to keep cheerful — even if you're feeling kind of grumpy.

#### TAURUS - April 21/May 21

Problems beyond your control will be the source of aggravation. Before you drive yourself off the deep end, try dealing with things you can control. There's no use crying over spilled milk. At work, changes could be made suddenly this week. Keep your eyes open for new opportunity.

#### GEMINI - May 22/June 21

If you're not careful, you may get sidetracked into an unproductive venture this week. Be cautious of how you spend your time or you could find yourself in a tough situation later on. A social gathering will brighten the end of the week. A new friend will play a strong role.

#### CANCER - June 22/July 22

Take care of responsibilities and obligations early in the week so you'll have free time when you need it. At work, try to keep a balance between being a team player and showing off your leadership skills. An interesting opportunity may come your way when you least expect it.

#### LEO - July 23/August 23

You don't have to be the center of attention all the time, do you? Let someone else have center stage for a while. You might even enjoy keeping a low profile for a little while. Patience will be needed when dealing with young children this week. Don't be afraid to put your foot down.

#### VIRGO - Aug 24/Sept 22

Admitting you made a mistake will carry more weight with a loved one than trying to cover up the problem. Put your pride on the back burner and you won't be sorry. A friend's good news will inspire you in some way. Perhaps it's time for you to make a change. Wednesday will be a lucky day.

#### LIBRA - Sept 23/Oct 23

It may be time to bury the hatchet in a broken friendship. Holding a grudge is really very unproductive. Surprising news about an old friend will make for interesting conversation throughout the week. Romantic relationships with water signs (Cancers, Scorpios and Pisceans) will go especially well this week.

#### SCORPIO - Oct 24/Nov 22

Doing your best will get you far at work this week. You'll show that you're a team player who's intelligent and motivated. Romance looks good towards the later part of the week. Looking for love? This could be a lucky week. Keep an eye open for a Libra or the opposite sex.

#### SAGITTARIUS - Nov 23/Dec 21

A compromise will have to be reached if you want to get along with a work associate. Think things through, and you may find a plan that works. An innocent flirtation could turn into something more if you're not careful. Be sure it's what you want. Be aware of your diet.

#### CAPRICORN - Dec 22/Jan 20

A great week! Personal relationships should thrive. You'll feel close to loved ones and able to express yourself more easily. In matters of finances, paying a little extra for a lot of convenience is well worth it. A family gathering will end the week on a very happy note.

#### AQUARIUS - Jan 21/Feb 18

Don't believe everything you read. If you're looking for facts to help you make an important decision, it would be best to consult an expert. Travel plans could be postponed until a later date. It may be wise to make an alternate plan. A friend will have some exciting news.

#### PISCES - Feb 19/March 20

A financial windfall will come at a very good time. You'll be able to do much more than just make ends meet. An unpleasant situation at work can be controlled if you take action. Don't sit back and let others walk all over you. Learn to be assertive and you'll get what you want.

#### FAMOUS BIRTHDAYS

#### IF CRAMPING IS YOUR STYLE

When women are confronted with the pain of menstrual cramps, their best chance for over-the-counter relief comes with either ibuprofen or naproxen sodium. Each of these drugs interferes with the body's production of the pain-including chemicals known as prostaglandins, excessive levels of which in the uterus are thought to be responsible for menstrual cramps. In fact, the ability of ibuprofen and naproxen to thwart prostaglandins also makes them good choices for any pain caused by inflammation. They belong to a class of medications known as nonsteroidal anti-inflammatory drugs (NSAIDs), as does aspirin. Because it takes many more aspirin tablets than ibuprofen or naproxen to see the same beneficial effect, the latter two drugs emerge as the clear choices for the treatment of rheumatoid arthritis, sprains, and minor toothaches, as well as menstrual cramps.

**ROSSMORE PHARMACY**, 338 Washington Avenue (759-1968, 758-1956) is your clear choice for friendly, helpful service. We are Medicare and Blue Cross approved with a large selection of items. Baby needs, cosmetics, cameras, and film are stocked. Hours: 9am-10pm daily, 9am-5pm Sundays. If you are planning on traveling over the Memorial Day weekend please drive carefully.

**HINT:** Prostaglandins are fatty acids released by cells in response to injury or hormones and are believed to regulate inflammation, fever, and a wide range of other bodily functions.

## Experts advise: Vent roof properly to extend its life

Take the heat off your roof and cool down your utility bills with a spring home improvement plan that includes a look at just how well your roof is ventilated. The objective is to reduce high heat loads and moisture buildup that can cause damage on top of and beneath a roof and increase utility bills.

"Many homeowners don't realize until it's too late that heat and moisture can really damage their roofs," says Mike Coulton, plant engineer at Benjamin Obdyke, Inc., a manufacturer of roofing products and accessories for 125 years. "This is where a good ridge ventilation system helps extend roof life and protects structural supports by naturally exhausting heat and moisture. Home heating and cooling costs are also lowered."

Heat builds up on a roof to temperatures as high as 170 degrees on a clear, 90-degree day. In a tightly insulated or improperly vented attic, temperatures can reach 140 degrees. Working together, heat loads like these can cause shingles to curl, turn brittle and break off, leading to a costly roof replacement. The roof deck, trusses and cross members can also warp and sag, creating structural problems.

Trapped in an attic, heat drives air conditioning costs up as it radiates back down into a home's living space. In cooler weather, moisture from household activities like cooking, washing clothes and showers, builds up in an improperly ventilated attic and condenses on the roof deck, trusses and cross members, thereby leading to premature rot and warpage. Condensation can also reduce the R-value of insulation by as much as one-third when it

drips down onto the attic floor.

Ridge ventilation helps eliminate these conditions. Using a venturi or vacuum effect, ridge ventilation draws air through soffit vents placed beneath the eaves of the roof into the attic, where hot air rises naturally. Hot air as well as moisture are then exhausted through a slot cut along the length of the ridge across the roof. A ridge vent system, such as Roll Vent from Obdyke, is installed over the slot and under the ridge cap shingles.

"This extends shingle life by cooling down the underside of the roof in warm weather," explains Coulton, "and protects structural supports, insulation — and even family heirlooms and artifacts stored in the attic — from moisture damage in cooler weather."

According to the experts at Obdyke, many shingle manufacturers require proper ridge ventilation to validate homeowner warranties on their products. It adds years of life to your roof, using the natural flow of air without the need for gable vents or aluminum turbines and fans that require periodic maintenance, use electricity, and tend to clutter a roof.

An under-the-shingle ridge vent such as Obdyke's Roll Vent also improves the curb appeal of your home, because after it's installed, it can't be seen. The product can be installed with many types of roofing materials, including fiber glass shingles, cedar, and flat tile.

Talk to your roofing contractor about the value of ridge ventilation. Or, for a free pocket brochure, write or call Benjamin Obdyke, Inc., John Fitch Industrial Park, Warminster, PA 18974; 1-800-458-2769.

## Weichert relocation president elected to Genesis board of directors

Michael Robinson, president of Weichert Relocation Co., Inc., was elected to the GENESIS Relocation Services Board of Directors at the association's annual conference held recently in Palm Beach, Florida. Weichert Relocation is an affiliate of Weichert, Realtors, which joined the nationwide GENESIS network earlier this year.

John Moore, GENESIS President and CEO, said, "As a nationally prominent figure in the relocation field, Michael Robinson brings great experience to the assignment. We appreciate his willingness to take on the added responsibility of Board participation."

Accepting the directorship, Robinson stated, "I believe my election represents national recognition of the outstanding services that Weichert Relocation provides in helping transferring employees and their families in the buying and selling of their homes."

Robinson brings to the directorship over 19 years of relocation experience. He is a Certified Relocation Professional (CRP) by the Employee Relocation Council and a past director of RELO, a Chicago-based international relocation network. A graduate of Fairfield University, he has a B.S. degree in business administration.

The GENESIS president set the tone for the annual meeting in his opening speech, emphasizing, "Our most important objective here is to create a blueprint for our future."

Keynote speaker Edward D. Barlow, Jr., president of Creating The Future, Inc., and one of America's leading futurists, added his ideas about planning in his address entitled, The Arc of Looking Backwards from Tomorrow." Also headlining the conference were H. Cris Collier, executive vice president of the Employee Relocation Council, and Bruce Aydt, executive vice president of The Henry Co., Realtors, of St. Louis, MO.

Retiring Board Chairman David Robin, president of Kahn Realty Companies, Glenview, IL, reviewed GENESIS' record of accomplishments in 1995. Among these were the addition of 52 new members.

GENESIS Relocation Services is the nation's fastest growing network of quality independent brokers with 41,000 sales associates and 1,700 offices throughout North America.

Weichert Relocation Co., Inc., serves the relocation needs of corporations, the relocation management industry, and the real estate brokerage community.
