54 removed, 10+ court cases pending...

## Illegal student crack down 'dis-enrolls' 54

By Richard Dickon

The latest numbers show 54 children "dis-enrolled" from Belleville public schools after being found either illegally attending Belleville public schools or living in an illegal multi-family dwelling.

"At least 10" of these dis-enrollments involve pending court cases, the seeking of tuition reimbursement and criminal charges by either the Municipal Court or County Prosecutor's Office, according to Dr. Joseph Ciccone, Assistant Superintendent of Schools and a member of the Board of Education's Residency Committee.

Ciccone said many of the cases involve illegal basement apartments, or students living in single family homes illegally converted to multi-family residences. "We are removing a number in that area," he said. "The majority are probably at the elementary level."

School Board Trustee Frank Montagna, who has been at the forefront of the efforts to remove illegal students, thanked the civilian and board members on the Residency Committee for "doing a very good job."

Ciccone also announced that a new residency questionnaire and grade verification form is being sent to all students in grades three, five, seven, 11 and 12. The forms are to be mailed this week and returned by July 15, he said. Verifications have already been completed on incoming kindergarten classes, he added. The new forms are recommended by the Residency Committee.

As with the kindergarten registration during the month of April, each parent/guardian will complete a residency questionnaire and provide at least three of the following documents: an income tax return; department store or credit card bill; a currently effective lease or recorded deed which includes the name of the children; a property tax bill; a water bill and Medicaid stubs.

Through the efforts of school personnel, local municipal officials and members of the residency committee, an increased, stepped-up vigilance has resulted in the removal of 30 students from the district, according to

## Yanuzzi-backed Republicans take county committee slots

By Richard Dickon

In the only race of interest for local politicians, a slate of Republican County Committee candidates backed by the Richard Yanuzzi Republican won a large majority against a group of Republicans led by Councilman Victor Canning and School Board Trustee Frank Montagna.

All of the candidates who won contested races won their races state- and county-wide.

Of the 25 districts, The Yanuzzi slate won 15 on the Male side and 14 on the Female side.

In the contested Democratic Freehold race, Joseph DeVincenzo (793), Patricia Sebold (729), Bonnie R. Watson (698) and Linda Lord Cavanaugh (750) bested challengers Robert Rodgers (69), Beverly Williams (70), Luis E. Silva (94) and Anthony Martinez (96).

In the Freehold First District, Dulce Ledesma garnered 199 votes on the Republican side, while Henry Martinez took the

Democratic slot in Belleville with 386 votes, to Jesus Padilla's 47 votes and Alfredo Maldonado's 13.

In the Freehold First District, Louise Palagano got 413 votes on the Republican side, while Yolanda Gehring won out over James Gibbons, 252 to 98.

For President, Bill Clinton routed Lyndon Larouche, 984 to 72 on the Democratic side, while Republican front-runner Bob Dole beat Pat Buchanan, 697 to 100.

For the U.S. Senate, Robert Torricelli got 885 votes on the Democratic side, with Dick Zimmerman (492) besting Richard DuHaime (109) and Dick La Rossa (76).

For Congress, Bill Pascrell got 804 on the Democratic side, while incumbent Republican Bill Martin received 628 votes.

Joseph P. Brennan, Jr. bested Angelo Cortinas, 738 to 93 for the Democratic Surrogate slot, while Peter J. Santana received 557 votes on the Republican side.

Renovation \$'s are 50% grant, 50% loan...

## \$2 mil Green Acres coming for stadium

By Richard Dickon

The township is receiving \$2 million in Green Acres funding from the state for the "streamlined" long-term renovations of Municipal Stadium, to address the sub-standard, deplorable conditions at the facility.

Assembly Majority Leader Paul DiGaetano and Assemblyman John V. Kelly (both R-Dist. 36), wrote letters to the state Department of Environmental Protection Commissioner Robert Shinn, Jr., citing the need to correct numerous safety concerns at the site, including the running track, various fields, tennis courts and the stadium's building.

Barbara Lawton of Bruno Associates, who handles all township grant applications, helped the township obtain part of the \$120 bond issue passed in November, making Green Acres funds available.

The township solicited letters of support from the county, along with all organizations that use the fields, including the local PTA's, the Board of Education and surrounding towns, as requested by Lawton.

DiGaetano said he was "delighted" that the State of New Jersey agrees with Assemblyman Kelly and I that this facility, which provides so much for the community, has been awarded this funding.

Kelly echoed DiGaetano's statements, saying "The stadium complex is an important aspect of community life in Belleville, and Paul and I are very happy measures will be taken to ensure its future."

During last October's public hearing on the application, resi-

dents were allowed to review preliminary plans, presented by architect Dean Marchetto, and now those plans can be refined according to the funds made available. The Green Acres funding for this 1994 application are 50 percent grant and 50 percent loan, because Belleville qualifies as an Urban Aid municipality. The loan is at 2 percent interest.

Outgoing Councilman Joseph Scaperrotta, along with sitting At Large Council members Jerry Digori and Victor Canning, have done much of the preliminary work as part of the stadium renovation committee.

Mayor Jim Messina said he was "very pleased. It's something I didn't think would come to fruition, but it shows what perseverance will do."

The Mayor credited Digori, Scaperrotta, and Canning, along with Lawton, adding, "This is definitely a plus for Belleville. Hopefully, we won't quibble about how to use it. I favor an all-purpose recreation building."

Scaperrotta congratulated Digori "for seeing it through. I'm glad the state has rewarded our efforts. As a member of the stadium committee, I am pleased and honored to have been a part of this. It is good to see money finally coming to the suburbs, and I hope his (Digori's) dream becomes a reality."

The preliminary stadium renovation plans, submitted by Dean Marchetto & Associates of Hoboken, keep much of the facilities' fields in the same locations, while adding a competition running

## Council pressure forces Gannett to trash billboards

By Richard Dickon

Billboards were being torn down in two locations after threats of trespassing charges or using a bulldozer to remove the signs were made by the Council.

Gannett Outdoor employees were seen tearing down the company's billboards on Joralemon Street across from Heever Avenue on June 4.

Despite a plea by representative's of Gannett Outdoor to keep billboards at Joralemon and at a second site, 739 Mill St., the Township Council has stuck to its previous decision demanding removal of the signs.

The latest deadline for removing

the signs came and went, and Mayor Jim Messina directed Township Manager Stephen Cuccio at the May 28 public Council meeting to compel Gannett to remove the signs within 10 days.

He said if Gannett did not comply, the Council may look at tempering charges or knocking down the signs.

After finding out that the owners have been paying just \$250 a year since the first contract was signed in 1967 for signs that could have garnered thousands more, the Council was not swayed by Gannett representative's Gerald Mosca's claim that Gannett is a

May be cut more before July 9 hearing...

## Council unveils budget with \$48 tax increase

By Richard Dickon

Taxes would increase an average of about \$48 under the preliminary 1996-97 municipal budget passed 4-2 by the Township Council at a special meeting May 31.

The 12-point tax increase is a reduction from an earlier figure of 41 tax points or more than \$200 for a home assessed at slightly less than \$40,000, the township average. More reductions are possible before the July 9 public hearing.

Council members Joseph Scaperrotta and Angie Pascerchia voted against the municipal budget introduction. Both have called for no increase in the tax levy, while Scaperrotta has proposed additional reductions to bring the budget to a zero increase.

Councilman Bill Cook, who voted in favor of the plan, said "I am voting yes just to get it (the budget) introduced."

"I see things in here I am not happy with. There are staffing increases in a couple of departments," Cook said.

Mayor Jim Messina said he hoped the Council would approve the budget on first hearing. "I don't want to be embarrassed," he said, adding that the township was granted a 30-day extension to introduce the budget that was about to run out.

The Mayor thanked the budget committee, which includes Cook,

Scaperrotta and Councilman Jerry Digori, but said he did not support all the cuts.

"I think most (of the cuts) will be upheld. I agree with a lot of them, but there are certain areas I would like to see increased," Messina said.

The Council already plans to use \$2 million in budget surplus to trim nearly 40 tax points from the budget, but disagreements continue about where and how to cut the budget without damaging existing fire and police protection and other services.

Council-Elects Arnaldo Carrera (Second Ward), Bill Scott (Third Ward) and Mario Drozdz (Fourth Ward) have attended meetings to listen and offer their input, as spelled in the Faulkner Act governing the Council/Manager form of government.

One of the main points of concern (continued on page 2)

## Council rejects hiring freeze

By Richard Dickon

A freeze on all new hires, particularly for non-uniform employees, was rejected by a 3-3 vote of the Township Council as a way to reduce the 1996 municipal budget process.

Council members Bill Cook, Joseph Scaperrotta and Angie Pascerchia, who voted in favor of the freeze, have all said hard decisions have to be made about personnel this year, or else the township may face the prospect of laying off employees in 1997.

Mayor Jim Messina, who voted against the measure, has said the town is already "strapped" for manpower, with employees on disability or workers compensation and others involved in litigation with the town.

Councilman Jerry Digori, absent for the vote, said that any cuts in personnel, just as in equipment, would mean that more employees would have to be hired in the coming years to avoid losses in service.

Pascerchia, who had proposed a hiring freeze in March, has said that although the township may be short of help, the hiring freeze was still necessary because residents cannot afford increased taxes.

Cook said if the Council does (continued on page 2)

Richard Dickon

## Council rejects hiring freeze

(continued from page 1)

not look at staffing now, it may have to look at layoffs next year.

Scaperrotta, who will be leaving the Council July 1st along with Cook, has said courageous decisions must be made to cut personnel not, since the town has enough personnel in non-uniform positions.

The Council has disagreed on hiring temporary personnel to help install playgrounds, with some arguing that the Department of Public Works should be able to do the job.

Messina has lamented the problems the township is having with worker's compensation claims, while Councilman Victor Canning has added that Civil Service has built-in mechanisms that allow worker's compensation claims.

Cook has suggested that the Manager check Department of Labor statistics on worker's compensation claims for public versus private employees.

tention is new hires, with 10 being requested by the Fire Department, three by the Police and one each by the Department of Public Works and the Health Department. The Health Department also requested one additional nurse. Cook said the new hires total about \$193,000.

A hiring freeze is also being discussed. (See related story.)

The Police Department may be able to hire six new officers over three years, with more than half the salary being paid for by a state grant, officials announced at the meeting.

Scaperrotta, whose term as Second Ward Councilman will expire before the July 9 public hearing, proposed more than \$330,000 in additional cuts to bring

the budget to a zero tax increase. Those cuts are in addition to those discussed by fellow Council committee members Bill Cook, who term also expires July 1, and Jerry Digori.

The three have agreed on reductions that would trim the increase to about 28 points, or \$140.

The three have had have several long budget meetings.

Scaperrotta has proposed reductions to the Police, Fire, Department of Public Works, Health Department and Library.

Further reductions proposed by Scaperrotta would include making the Tax Assessor's office part-time, as well as providing less for municipal insurance, uncollected taxes and various operating expenses.

Cook, the outgoing Fourth Ward Councilman, has said any reductions in personnel will have to be approved by the Council and the appropriate township department.

The most complicated and probably the most controversial reduction comes in not hiring the 10 new firefighters requested by Fire Chief Robert Caruso at a cost of \$350,000.

Messina has argued in favor of hiring 10 firefighters, saying he did not want to compromise public safety with the fire department, or any of our lifesaving services.

Cook has said he has agreed to

support hiring six new firefighters to assure proper coverage of a second ambulance, saying it is worth \$20 a year in taxes to have a working second ambulance.

Scaperrotta proposes hiring two civilian dispatchers at \$10,000 each, while the four uniform firefighters now manning the dispatch duties would be put into ambulance duty, and two new firefighters would be hired.

Both Cook and Scaperrotta have warned future Council members that hard decisions about cutting personnel would be necessary.

Either plan would require a second ambulance to be manned, probably from 6 p.m. to 6 a.m., considered the peak hours. Scaperrotta said.

Also, using \$450,000 more from surplus is proposed by the committee, leaving all but \$50,000 of the \$2.5 million used to reduce the tax levy.

Cook said he basically supports using the extra surplus, since the Council left \$50,000 in surplus last year and ended up with \$2.5 million. He said the Township Attorney and Tax Assessor should be queried about the status of tax appeals, however, since heavy pay outs could necessitate a refunding bond ordinance.

Elsewhere in the budget, there would be \$245,000 less for insurance based on savings from Crawford Insurance last year.

Cucco called the decision "a roll of the dice," since the town must pay claims directly up to \$3.2 million, when insurance kicks in for any additional pay outs.

Councilman Victor Canning has again been the alternate, attending meetings when one of the other three cannot.

school administrative officials.

All residencies will be verified through the Township Tax Assessor and Building Code Enforcement offices. Also, a notarized affidavit from the landlord will be required for all tenants.

An illegal student is one who has attempted to receive an education in a school district in which he or she is not a legal resident.

Ciccone said the cost of each student per year was \$7,200.

An illegal dwelling is one in which the house is in Belleville, but it is unsuitable to live in, with the code enforcement official responsible to visit the site and determine if it is suitable. It can be a converted basement or attic, and the child is not doing anything illegal in this situation, but an official can ask the family to move if the site is determined to be unsuitable.

Dis-enrolled students are students who have not complied with school residency policy by producing specific documentation.

Last year 33 illegal students were caught, according to Ciccone.

A resident of Clifton Avenue in Newark has been given community service, been compelled to pay \$150 in fines and ordered to pay \$860 in restitution to the Belleville Board of Education after the board filed criminal charges stemming from an allegation of a child illegally attending Belleville schools.

School Board trustee Frank Montagna said the mother of the illegal student is to pay a \$75 fine to the Violent Crime Victims Fund, along with \$75 to another charitable organization.

At the April 8 school board meeting, Montagna said the woman was sentenced to 50 hours of community service, and will have to pay back a total of \$860 in tuition to the district.

The board previously announced the filing of criminal and theft of service charges against six non-residents who allegedly enrolled their children illegally in the school system.

track and five tennis courts.

New additions to the facilities include a fitness trail, a "tot lot" with a sandbox and two basketball courts. Along with the fitness trail, fitness stations, including a horizontal ladder, parallel bars, a chin-up bar, a balance beam, and areas for sit-ups and leg stretches are part of the plans.

Lawton has said the Council can also go in for the balance of the stadium renovation application in a future application.

Short term repairs and maintenance have been completed, including the paving of the tennis courts, the installation of a new sound system and the paving of the stadium's driveway to make the walkway safer for pedestrians to walk, while the Council waits for long-term renovations.

The township and the Board of Education shared the costs of repairing the courts so that the high

school tennis team are having home tennis matches for the first time since the late 1980s.

The Council has directed the township to place a sign on the new courts that no roller blading or other activities that could damage the courts be allowed.

Digori has said the committee has met with high school coaches, school officials and recreation advisory board members to get input on how to maximize usage of the stadium area. Changes to the first set of plans will be made, since some of the fields are not large enough for use in varsity sports events.

Also, the portion of Nolton Street where visitors enter and exit the stadium has been resurfaced.

Digori and the Council Committee on stadium renovations continue to meet with the School Board's Buildings and Grounds Committee to discuss long-term renovations.

## Belleville Senior News

By Joseph Restaino

"Shaggy green fingers reach out  
To tickle the tufted cotton candy clouds.  
Wilted brown leaves sleep,  
Connected by endless veins and arteries,  
On the sloping humus hill.  
The steady breeze twittles through  
The slender barks to nod their heads  
In agreement with the chirping town crier birds.  
Here is the hearth of peace and tranquility  
Whose warm glow can allow no heart to hate or kill.  
As the horizon reaches clear to the sky,  
The eye of the beholder can see heaven's  
Direct communication to all his creatures,  
Sweet, innocent nature.

Joseph T. Restaino  
Get well wishes to Arthur Keenan, Alice Chilli,  
Maria Iancelli, Charlie Caraverallo, Millie DeCapua  
and Lou DeLuca.

Condolences to Andy Casese who lost his brother  
and Mildred DiSamo and Gerry Bernaducci who  
lost their sister.

Condolences also to the family of Mafalda  
Malanga Fioravanti. Mafalda was a long time mem-

ber of the Tuesday and Friday senior clubs. She was  
the beloved wife of William Fioravanti and I  
remember when we used to play bocce and they  
were both above average players with Mafalda often  
beating the men players. I also remember about ten  
years ago when we went to the Friar Truck M&E in  
the Catskills and Willie, myself, John Baumer and  
Dan Tribuno won the four man bocce championship.  
What memories!

Congratulations to Edith Risoli whose grand-  
daughter, Tara Marcantunio, former graduate of  
Belleville High, made the dean's list at Caldwell  
College.

Speaking of granddaughters, I must congratulate  
my granddaughter, Erica (Mrs. Jeffrey Johnson  
Monacelli) on graduating cum laude from Caldwell  
College as an English major. She is the daughter of  
Lois and Allen Johnson of Bloomfield. We are all  
very proud of your accomplishments. Incidentally,  
Erica's husband, Jeffery, was just reelected to the  
Orange Council with the largest number of votes.  
Congratulations.

May has also been a wonderful month for the  
grandchildren of Lee and Vincent Carlo of the  
Tuesday and Friday clubs.

John Carlo, a police officer in the town of  
Monclair, received three awards for special services.  
Jennifer Cerca graduated from Jersey City College  
with a degree in arts. David Kotowski received a  
vocational scholarship from the Community Health  
Services and a vocational scholarship from the  
Rotary Club of Belleville. Congratulations to all and

your grandparents are really proud and love you.

Esther and Christopher Bauldman became the  
proud parents of their first child, Stephanie, born on  
May 27. Margaret Rosalia is a very proud grand-  
mother.

Here's another biggie. Mary and Lou Melchione,  
Gloria and Paul Castelle became grandparents when  
Connie and Bobby Restaino (no relation) welcomed  
Cameron to the family. Cameron came in at 7  
pounds, 3 ounces and was born on May 22 at Chilton  
Memorial Hospital. This is only Mary's 12th grand-  
child. How do you keep up with them?

What a month for grandchildren.  
I must congratulate my next door neighbor, Dawn  
Simonetti, who graduated from Rutgers University.  
Dawn will now be going to law school for three  
years.

Happy birthday Loretta Graziano.  
Joseph Petrillo, Belleville High School principal,  
came to the senior center and invited the seniors to  
attend a concert on the grass at the high school on  
June 7 at 6:30 p.m. Bring your own chairs and

refreshments. Mr. Crane from the Music Department  
also gave details on the concert. All are invited.

The Friday club has room for a few more persons  
for their trip to the Granite Motel in the Catskills.  
Call Josephine Molinaro at 759-0209. You will have  
a great time.

Get well wishes to Jean Torremeo, Pete Zippo and  
Betty Ban.

Enduring Love

## Council pressure gets Gannett to trash billboards

(continued from page 1)

member of the community, not just  
tenants, and they do public service.

Mosca showed pictures of bil-  
boards given free to the township  
for events like the National Night  
Out to battle crime last August and

the Belleville Alliance for  
Substance Education's (BASE)  
community exchange held last  
March.

He said because the billboards  
were in a residential zone, Gannett  
did not accept liquor or tobacco  
advertising within 500 feet of  
schools, cemeteries, hospitals and  
parks.

Mosca said Gannett was  
"embarrassed" at the oversight and  
is willing to bring rates up to cur-  
rent economic values.

Mosca said no back payments  
would be made, and the amount to  
be gained would be about \$12,000

per year.  
The Council remained adamant  
about removing the billboards, all  
agreeing the signs are aesthetically  
displeasing to people entering  
town.

Councilman Bill Cook has said  
that philosophically, the Council  
might not want billboards on resi-  
dential property, citing a negative  
image and a lack of revenue being  
generated.

Cuccio has repeatedly said the  
billboards are "an eyesore" and "an  
affront to all our environmental  
programs."

## A lifetime of service: Joseph DeFabbio

By Sarah Treffinger

Joseph DeFabbio is a very busy  
man. When he is not serving as  
First Vice President for the Old  
Guard of Nutley, he volunteers his  
time and energy in many other  
ways.

DeFabbio's lifetime of service  
dates back to the 1940's when he  
worked as a rookie for the  
Belleville Police Department which  
was, at that time, understaffed.

Before retiring in 1974,  
DeFabbio worked as a tool maker  
for the Walter Kidde Company for  
38 years. Since then, he has certainly  
remained active.

He has served as president of the  
Walter Kidde Retired Club, Essex  
County Council of Senior Clubs,  
Belleville Chapter of AARP, and  
the Belleville Old Guard.

DeFabbio also spends his time  
working as a eucharistic minister,  
commentator, and usher at St. Anthony Parish. He volunteers at  
Deborah Hospital and has helped  
collect contributions at churches  
and grocery stores.

DeFabbio became a member of  
the Belleville Council 835 of the  
Knights of Columbus in 1964. He  
served as chairman of the Wake  
Committee for 7 years and was a

4th Degree member of the  
Monsignor Doane Assembly. In  
addition, DeFabbio was elected  
Grand Knight of the Belleville  
Council 835 in 1972.

After joining the Nutley Old  
Guard in 1987, DeFabbio was hon-  
ored by the United Auto Workers  
from Cranford in July of 1995 and  
became a member of their Hall of  
Fame for Retired Members.

A lifelong Belleville resident,  
DeFabbio, 81, is one of six children  
who attended Belleville public  
schools and was graduated from  
Bloomfield night school in a busi-  
ness course.

DeFabbio has been married to  
the former Josephine Monteverdi  
since 1941 and has two sons, David  
and John.

## OUR OPINION

### Council's hard work, persistence pays off in \$2 million for stadium

With the township receiving \$2 million in Green Acres funding from the state for the "streamlined" long-term renovations of Municipal Stadium, the Council, along with frustrated parents, student/athletes and all residents concerned with the substandard, deplorable conditions at the facility can finally see the day when Belleville has a functional home for track, football, soccer, baseball and tennis.

Barbara Lawton of Bruno Associates, who handles all township grant applications, deserves much of the credit for getting some of the \$120 bond issue passed in November, making Green Acres funds available. The township solicited letters of support from the county, along with all organizations that use the fields, including the local PTA's, the Board of Education and surrounding towns, as requested by Lawton.

During last October's public hearing on the application, residents were allowed to review preliminary plans, presented by architect Dean Marchetto, and now those plans can be refined according to the funds made available. The Green Acres funding

for this 1994 application are 50 percent grant and 50 percent loan, because Belleville qualifies as an Urban Aid municipality. The loan is at 2 percent interest.

The work done by outgoing Councilman Joseph Scaperrotta, along with sitting At Large Council members Jerry Digori and Victor Canning, leaves the township ready to move forward with renovation plans.

Assembly Majority Leader Paul DiGaetano and Assemblyman John V. Kelly (both P-Dist. 36), should be lauded for writing letters to the state DEP citing the need to correct numerous safety concerns at the site, including the running track, various fields, tennis courts and the stadium's building.

So the stadium has gotten a \$2 million new lease on life, proof that the hard work of the Council and Bruno Associates does bring results. We hope this is the first of a series of such victories, to include renovations of Town Hall, 383 Washington Avenue, and soon, a shovel in the ground for senior citizens housing.

### Cook, Scaperrotta leave Council with budget cuts, tough choices

Council members Bill Cook and Joseph Scaperrotta will not be sitting Ward Councilmen when the new Council conducts a public hearing on the 1996-97 municipal budget, but their presence will be felt nonetheless. Thanks to their hard work, along with remaining budget committee member Jerry Digori, the Council will have worked a slew of possible reductions it can make to the budget. Now the new Council must make the tough decisions that Cook and Scaperrotta have warned of about personnel, or face layoffs next year.

Taxes would increase an average of about \$48 under the preliminary 1996-97 municipal budget passed 4-2 by the Council, with both Scaperrotta and Councilwoman Angie Pascerchia voting no and calling for a zero tax increase. While the 12-point tax increase is a reduction from an earlier figure of 43 tax points or more than \$200 for a home assessed at slightly less than \$40,000, the township average, more reductions are possible before the July 9 public hearing.

Before the public hearing, this new Council, including Council-Elects Arnaldo Carrera (Second Ward), Bill Escott (Third Ward) and Mario Drozd (Fourth Ward), have to decide how much personnel is needed to provide adequate service, balancing those decisions with the prospect of adding to the tax levy of overburdened property owners.

Scaperrotta has proposed additional

reductions to bring the budget to a zero increase for the second year in a row, while Cook said he is not happy with staffing increases in a couple of departments. Representing the opposite viewpoint, is current Mayor Jim Messina, who said he thought most of the cuts would stand, but added that there are certain areas he would like to see increased.

Therein lies the crux of the new Council's dilemma. Services must be rendered to taxpayers through police and fire protection, and by non-uniform employees. Increasing taxes may drive many residents completely out of Belleville, however, so providing services becomes a moot point.

The Council budget committee has done an excellent job to trim the increase to a palatable \$48. We hope the new Council finds a way to reduce that number, perhaps by half, keeping in perspective that adding personnel this year may very well result in layoffs next year. Messina has a point about cutting services, and his vigilance in not allowing a precipitous drop in services will be valuable to the newly-formed Council, whether he continues as Mayor or not.

The new Council has a difficult task ahead of it. Fortunately, two of the outgoing Ward Council members have done tremendous service right up until the end. We can only hope the new Council brings the budget process to a conclusion that reasonably gives taxpayers maximum service for minimum tax dollars.

## 'Positively Belleville'

### Spillane, leaving Council, keeps working to break welfare cycle, improve quality of life

Tom Spillane will be leaving the Council as Deputy Mayor on July 1, but he will continue to work for the best in liberal traditions in America, continuing his job with the county trying to ease welfare recipients into work and, ultimately, self-sufficiency.

Back in the summer of 1995, Tom talked passionately and optimistically about his work. One of his more surprising revelations was his belief that most of his clients want to get off welfare, but may fail to understand all the steps that must be taken to achieve such a metamorphosis. For example, a lot of the clients not only don't have a car, they don't have a driver's license, a simple yet devastating obstacle in traveling to and from work.

While many people trying to break a devastating cycle of poverty might be drawn into a parental, mentor-type role, Spillane said his role ideally comes down to being almost a first boss to clients, with the hope that they will graduate to handling a real employee/employer role.

Belleville politics can be ugly and demeaning, and Spillane suffered his share of indignities during a recall campaign that ended before I came to Belleville. While Spillane has indulged in his share of political rhetoric, an underlying compassion and concern for his neighbors was always apparent.

Obviously Belleville is supposed to be non-partisan, but Spillane has always worn his liberal tendencies somewhat out on his sleeve, clashing with obviously conservative Council members like Joe Scaperrotta. Last year at budget time, Spillane spoke persuasively about retaining the \$40,000 contribution the township makes to the Mental Health Center. Spillane talked about a family member who had utilized the services and had gotten through a rough stretch, thanks in part to having the center in Belleville and not having to travel to Newark. The Council ultimately voted to pay the \$40,000.

A governing body should have a balance of more liberal and more conservative viewpoints if it is to accurately represent its constituents. Spillane's caring about less fortunate Bellevillites will be hard to replace.

The term one step forward and two steps back applies to School Board Trustee and Belleville's chief political bully, Frank Montagna. At the most recent Board of Education meeting, Montagna urged that efforts be made to have teachers perform special workshop type tasks during school hours, rather than paying a seemingly endless parade of stipends for such programs, many taking place during the summer. To drive home his point, Montagna voted against such a program on that night's agenda.

I hope Montagna takes that anger to teacher salary contract negotiations, where he will be a board negotiation committee member. That positive turn was more than eclipsed by two other actions that can only be seen as the work of domineering loud drunk with alleged power.

First, discussions about bringing back GED classes for Bellevillites looking to better their education,

to make up for the unscientific lopping off of Adult School classes, were dismissed by Montagna, who smugly uttered that the subject was closed. Things got uglier from there, with Montagna trying to make another school board trustee sound like a criminal for using some district paper and copying machines to (gasp!) print up flyers announcing this year's free Easter Egg Hunt. Good luck trying to blow the lid of the Easter Bunny.

As far as the untimely death of Adult School, since the School Board flatly refuses to solicit the opinions of those it is supposed to serve, I offer any resident with an opinion on the subject to write to me, care of 155A Washington Ave., Belleville 07109. Put it to the attention of "Adult School," and I will tally up the score in a few weeks.

#### 'Big Mike' rides again

"Big Mike" Dowd, Belleville's favorite bicyclist for Multiple Sclerosis, is again attaining new heights in his ride for MS. Being blind in his right eye and deaf in his right ear has been little impediment in Mike's completing bike tours since 1989.

Most recently, Mike rode his fourth consecutive "Coast to Coast" Multiple Sclerosis 170 mile bike tour, from Sandy Hook to Cape May on May 4 and 5. His total in pledges are \$852 and climbing. Part of Big Mike's story is overcoming the ups and downs (literally) of bicycling. This time around, the sudden appearance of the sun on Route 35 Southbound in Seaside Heights camouflaged a sink hole. Mike hit the hole without seeing it, and lost control of his bike going more than 20 miles per hour.

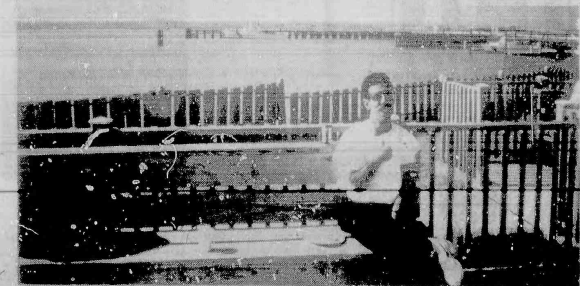

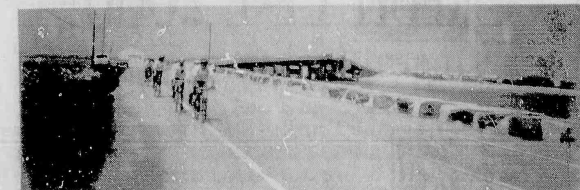

Mike saw himself crossing into traffic, closed his eyes and, miraculously, found himself between two lanes with no cars around. "When I turned my head around, I saw both lanes full of cars heading this way," Mike remembered. Mike grabbed his bike and ran backwards, coming out of the ordeal with some scrapes, but not enough to deter him from finishing all 170 miles. His speedometer was not so lucky, being smashed. For the first time, Mike reported on pain in his knees and even improved his time by five minutes.

It is no surprise that Mike came out his latest tour more resolved than ever to continue. "I'm not a quitter. A crash like that won't stop me," he said. My past encounters with "Big Mike" convince me that he won't stop. Overcoming hearing and visual impairments didn't. For someone with so-called handicaps, I prefer to see him as "special". Big Mike does more for people more physically challenged than himself than anyone this side of Rich Ruffalo. Indeed, "Big Mike" shines as a "special" kind of role model. Ride on, "Big Mike..."

If you know of someone, or are yourself responsible for some of the many big or small, important good deeds done everyday and worthy of recognition in this town, let me know, because, as the this column states, when it comes to good people, doing good things, that's "Positively Belleville."

ON THE ROAD WITH "BIG MIKE" - "Big Mike" Dowd is pictured (top to bottom) at the MS-170 on May 4 in Pineland Middle School in Tuckerton; on Route 619 crossing over Townsends Inlet between Sea Isle City and Avalon, and kicking back at the U.S. Coast Guard Station with a Coast Guard Cutter in background.

## Belleville Police Blotter:

### Clifton man assaults a detective.

James Giordano, 46, of Elmwood Park was arrested for possession of CDS May 28 on Rt. 21.

Detectives Guiliano and Capece found Giordano in possession of two wax folds of heroin marked "Dream Team."

Michael Angelo Carbone, 30, of Belleville was found in possession of CDS May 29 on Washington Avenue.

Carbone was arrested for possession of two clear vials of cocaine, police said.

Nick Basitone, 44, of Newark was arrested for possession of a controlled dangerous substance May 29 on Watching Avenue.

Detective Guiliano arrested Basitone in possession of four vials of cocaine, police said.

James Williams, 36, of Newark was arrested for possession of CDS May 29 on Washington Avenue.

Officers Pinto and Marotti arrested Williams in possession of a hypodermic needle filled with cocaine, police said.

Robert Beard, 38, of Clifton was arrested for possession of CDS May 30 on 1st and Hudson Street in Passaic.

Beard was first stopped slunched over the steering wheel of his car on Rt. 21, police said.

Detective Guiliano and Capece approached the vehicle and told Beard to shut the car off, police

said.

Beard took off in his vehicle and a pursuit occurred involving Nutley, Clifton, Passaic, Wallington and Belleville Police Departments.

After finally stopping the vehicle Detective Guiliano tried to remove Beard from the car. Beard kicked and punched Guiliano in the face, police said.

Beard was subdued with pepper spray and was charged for resisting arrest, eluding police, aggravated assault and possession of several wax folds of a controlled dangerous substance.

Donald Joseph Paradis, 39, of Belleville was arrested for possession of CDS June 1 on Mill Street.

Officers Melillo and Tucci responded to a noise complaint at Paradis' home. They found a lit marijuana cigarette in the ashtray and a pile of marijuana in his apartment, police said.

### NJSSC looking for players 59 and up to play softball

Pat Dunn, Sr. of Belleville invites any male softball player 59 and older to join the New Jersey Senior Softball League.

The league currently has five teams and is looking to add six. Interested parties can call Pat at 759-0432.

## Fire destroys convenience store, routs residents

A convenience store was destroyed by an early morning fire on May 18, routing several tenants from the apartments above and injuring two firefighters. All of the residents escaped unharmed and the owners of the store were evacuated by first arriving police and fire personnel.

The police and fire departments began receiving many phone calls at 9:21 a.m. reporting heavy smoke in the three shops located in the building at 498-500 Union Avenue. According to acting Battalion Chief Anthony DeBerto, the on-duty shift of 12 firefighters from Tour 1 arrived to find a heavy smoke condition emanating from the building and fire showing inside of Katie's Cupboard convenience store, in the center of the structure.

The front windows of the store were broken out, allowing the heat and smoke to escape so the firefighters could begin to advance a hose line into the front door. Second

dues units began to search the four apartments on the second floor, separated by two entrances.

The entire building was found to be heavily charged with thick smoke and intense heat, forcing the firefighters to vent the structure by breaking out windows and climbing to the roof using ladders to cut ventilation holes to permit the smoke to escape. This improved conditions on the first floor, which helped to achieve a quick knock-down of the main body of fire. Off duty firefighters were immediately called in as the second alarm was sounded, bringing the reserve engine company and ambulance and a unit from Nutley Fire Department to the scene.

The structure utilized a common cockloft area which could have allowed the fire to advance rapidly if not stopped. There were many voids and open spaces that caused the smoke to permeate every area. This also meant the firefighters had to open up and check all of the walls contained within for hidden pockets of fire.

All of the tenants have been relocated with the help of the township's welfare department and the Red Cross. One tenant reported losing several pets in the fire.

A firefighter suffered a serious injury when he fell down a flight of stairs and suffered a separated shoulder. He was transported from the scene to the hospital where he was admitted for treatment. A second firefighter suffered a neck injury and was treated at the scene.

Additional help was summoned from the Nutley Fire Department for an engine company to assist with firefighting and overhaul operations, ripping down ceilings

and walls to make sure the fire was out. An ambulance unit from Nutley transported the injured firefighter, and paramedics from Clara Maass Health Center stood by during the fire operations.

The cause of the fire is under investigation and will be continuing for the next several days. The building suffered heavy fire damage on the first floor in the convenience store and smoke and water damage to the pizzeria and beauty salon. The second floor suffered mainly heat and smoke damage as the fire was contained to the original store with minor extension to the second floor. The Health Department was also called to inspect the convenience store and pizzeria, which will be closed for an unknown amount of time.

## 'Hot Spots with Daisy' covers 'KTU's Last Dance' at legendary club

OBC-TV's "Hot Spots with Daisy" outdid itself at "KTU's Last Dance."

Show host Daisy captured the spirit and energy of the May 23 event, sponsored by radio station WKTU-FM at the famous former Studio 54 nightclub in New York, with interviews with the legendary Mary Wilson of the Supremes, Gloria Gaynor, Color Me Badd, Sweet Sensation and more.

"KTU's Last Dance" featured more than 20 of dance music's greatest divas and acts, including Cher, Jody Watley, RuPaul, Crystal Waters, Vicki Sue Robinson and France Joli.

Among the personalities in the star-studded crowd who were caught dancing their "last dance" were Rod Stewart, Rachel Hunter, Marisa Tomei, Heather Locklear, George Michael and David Cassidy, and OBC-TV's "Hot Spots with Daisy" was there to capture it all.

The charity evening generated more than \$100,000 for AmFAR, the American Foundation for AIDS Research.

Check the OBC-TV schedule for the next cablecast of "Hot Spots with Daisy," formerly known as

Daisy

"20/36 with Daisy." In the past, the show has covered events and interviewed soap stars, Nutley resident and composer/pianist Raphael Rudd, athletes and other notables.

The program airs on channel 36 on the Comcast (Suburban) Cablevision system and on channel 20 on TCI of Northern New Jersey. You won't want to miss this!

## HOROSCOPES

June 9-15

**ARIES - March 21/April 20**  
Show appreciation to someone who has gone out of his/her way for you. People can't read your mind, no matter how strongly you feel. To your delight, worries about a family member will prove unwarranted. Rams in creative fields will have especially successful work weeks.

**TAURUS - April 21/May 21**  
Your suspicions about something will be proven this week. Although you may not be happy about the situation, you'll be relieved that it's out in the open. An expense that seemed optional before will now be necessary. Consider long-term budget goals before making frivolous purchases.

**GEMINI - May 22/June 21**  
You'll adapt well to a change in the workplace this week. In fact, you'll do so well that others will take note. A friend's change of heart could disrupt this week's social life. Although it may be a disappointment, you'll find yourself with some much-needed quiet time.

**CANCER - June 22/July 22**  
The ambitious you wants to put in long hours at work while the playful you wants to paint the town red. Which side will win? Instead of choosing, why not find a happy balance between the two? If you don't, you may end up an even-crabbier crab! Moderation is the key.

**LEO - July 23/August 23**  
Instead of overloading your social schedule this week, make moves to lighten it. Even though Leos love a fast paced social life, sometimes you have to slow down. At home, try to be more understanding of a moody loved one — especially if you're dealing with Pisces.

**VIRGO - Aug 24/Sept 22**  
The longer you prolong a task, the longer it will haunt you. Instead of wasting your energy worrying about it, just get it over with. A new side of a friend will be revealed this week, answering some long-standing questions. Towards the weekend, don't accept half-hearted invitations.

**LIBRA - Sept 23/Oct 23**  
A new (probably Scorpio) friend will introduce you to a new hobby or activity. You'll realize that you've been missing out on all the fun. Going the extra mile at work will only benefit you — even if it means giving up free time. This weekend, don't feel guilty if you'd rather be a couch potato than a social butterfly.

**SCORPIO - Oct 24/Nov 22**  
Taking a defensive stand in a romantic squabble will only make matters worse. If you look at things from both sides, you may just change your tune. Later in the week, you'll find that helping others will make you feel a lot better about yourself. A Libra plays a strong role.

**SAGITTARIUS - Nov 23/Dec 21**  
Putting all your eggs in one basket will only lead to disappointment. Be wise when making investments (both financial and emotional ones). On Thursday, you could make an embarrassing situation even worse by putting your foot in your mouth. Watch what you say! Good news on Friday.

**CAPRICORN - Dec 22/Jan 20**  
Being in the right place at the right time will provide a lucky break on Tuesday. A new friend may not be all (s)he seems. Be on guard and don't tell all. If shopping for a gift this weekend, think creatively and opt for something unconventional — especially if it's a wedding gift.

**AQUARIUS - Jan 21/Feb 18**  
A happy medium will have to be reached if you want to end an ongoing battle. Although you may not like compromise, this time it could work for you. Give it a try. A change in your domestic situation will make you daily routine a little easier. News from family gives you hope.

**PISCES - Feb 19/March 20**  
Keep a low profile in the workplace this week. Gossiping coworkers should be avoided at all costs. Getting involved could only be detrimental. In a solid friendship, it may be time to bury the hatchet. Don't let pride stand in the way of a good friendship. Keep an open mind.

## 'Our Town' to close Nutley Little Theatre's year

Nutley Little Theatre will close its 61st season of live stage plays with the Pulitzer-prize winning drama "Our Town" which opens Friday, June 7, and continues weekends through June 22.

Written by Thornton Wilder, the unusually large cast features Alex Reed of Nutley in the lead, which will mark Reed's first appearance on the Nutley stage in nearly 50 years.

Reed, who will be directing this fall's "A Man for All Seasons" in Nutley, recently retired from a professional theatrical career and has moved back to his hometown of many years ago.

Other Nutley residents featured in the "Our Town" cast include John Hall as Dr. Gibbs, Betsy Newberry as Mrs. Webb, Arielle Quevedo as Sally Webb, and Dorothy Nixon in three different roles including Professor Willard and Constable Warren. Nicole Little and Elena Cuffari, both of Nutley, play parts as assistant stage managers.

Others in the "Our Town" cast include Scott Davis of Belleville,

Ruth Eyal of Passaic, Nora McAlvanah of Montclair, Tony Spano and John LaNeve of Rutherford, Danielle Lazerotti of Fairfield, Leo Hatem of Clifton, John Kahway of Lake Hopatcong, and William Driscoll of Westfield.

Wilder's play, being directed on the Nutley stage by Linda DeSimon of Bloomfield, is the story of two neighboring families, the Gibbess and the Webbs, whose lives become inextricably woven together from life to death. The children are seen as playmates in the first years of the 1900s and an audience watches as the years go by and the youngsters grow into adults and eventually to old age as their lives and interests continually change.

The Friday, June 7, performance is a benefit for the Community Nursery School of Nutley.

Tickets for all performances can be reserved by calling 667-0374. Except for a 3 p.m. Sunday matinee on June 16, all performances are at 8 p.m. The evening dates are June 7-8, 14-15, and 20-21-22.

Chicago Blues, 73 Eighth Avenue, New York, NY was invaded by Windy City blues men May 31 and June 1. Chieftain Clearwater and Bad Leroy Brown electrified the club with rhythm and blues. Chicago styk. This Wednesday, Bigtime Sarah is playing sets at 9, 10:30 and midnight for \$10 per person; Thursday and Friday D.C.'s Bobby Parker is playing (same set times) for \$15 per person; and Saturday, blues legend, Laverne Baker is performing at 10:30 and midnight for \$20 per person. Reservations aren't necessary. Call (212)924-9755 for more information on the best blues bar in N.Y.C.

## Terminator clipboard will keep cops safer

By Kelly Tahaney

The Terminator is coming. Not the German actor...but a bulletproof clipboard.

Since 1985 to 1994, 708 cops have been killed. Three-hundred and six of which were killed by fatal head wounds.

Seventy-nine percent of those were killed by handguns and 41 percent of those were killed by nine-millimeters.

The Terminator clipboard is expected to be a helpful tool in protecting policeman's lives.

The clipboard was tested

recently by three police departments (Clifton, Newark and Hoboken) with machine guns and assorted handguns.

The bullets make dents into the clipboard but they do not penetrate, the manufacturers assured.

"It's something that an officer normally wouldn't have," Clifton Police Detective Joe Tuzzolino said, "this is definitely an advantage."

To order the clipboard call ICBM and ask for a Terminator: (804)872-9542, toll-free (800) 872-9542 or by fax (804) 872-9678.

## Job Haines sets seminar for geriatric professionals

The Job Haines Home, 250 Bloomfield Ave., Bloomfield will sponsor a seminar on Friday, June 21, at 8 a.m. for social workers and other geriatric professionals.

Carol Abaya of New York University will be guest speaker. Abaya is the founder and editor of the magazine The Sandwich Generation.

Abaya has been a featured speaker on a number of occasions. Her appearances include various radio and TV talk shows in the metropolitan area. She was a presenter at the 1995 and 1996 American Society on Aging annual conferences and a presenter at the 1996 Assisted Living Facilities Association of America

conference.

In addition, Abaya has testified before the 1995 House Ways and Means Committee regarding elder law.

Abaya's lecture is titled "Aging Parents: The Role of Geriatric Professionals and Adult Children". The program is intended to assist social workers and other professional staff in dealing with problems unique to the "Sandwich Generation", i.e., individuals simultaneously caught between the concerns for their aging parents and the needs of the children they are raising.

For more information, contact Anita Merrill, assistant administrator at Job Haines at 743-0792.

Mountainside Hospital's "Navigating the Continuum of Care," which explored the issues surrounding advance directives in continuum of health care settings, are, from left, Dr. R. Sean Morrison, M.D., Department of Geriatrics, Mt. Sinai Medical Center; symposium coordinators Karen Young, R.N., geriatric clinical specialist, Donna Butler, LCSW, senior social worker and Frances Tuite, R.N., vice president for nursing.

## Ethics symposium held at Mountainside Hospital

Mountainside Hospital in Glen Ridge recently hosted its third annual ethics symposium, "Navigating the Continuum of Care," which explored the issues surrounding advance directives in continuum of health care settings.

Featured speakers at the program were Bonnie Kelly, ombudsman for the institutionalized elderly, state of New Jersey; Dr. R. Sean Morrison, M.D., of the Department of Geriatrics, Mt. Sinai Medical Center; and Dr. Ellen Olson, M.D., of the Jewish Home and Hospital for Aged, New York.

Topics addressed included:

identifying the issues surrounding transfer of advance directives between hospital and nursing home; understanding the role of the ombudsman in assisting residents and families with decision-making in the absence of an advance directive; and appreciating the role of the ethics consultation team in the long-term care setting.

The program was attended by over 70 physicians, nurses, social workers, clergy, health care administrators and members of the community.

A fourth annual ethics symposium is planned for next year.

## Time in the sun means time to cover up

After a brutal winter, the warmth of the summer sun is a welcome relief. However, soaking up too much sun may lead to skin cancer.

This year, physicians will diagnose 1,200 New Jerseyans with skin melanoma and 230 will die of the condition, according to estimates from the American Cancer Society.

"If you are spending long periods in the sun, you should watch for some very specific skin cancer warning signs," says Dr. William N. Hait, director of the Cancer Institute of New Jersey.

These signs include any change on the skin, especially a change in the size or color of a mole or other darkly pigmented growth or spot. Other warning signs include scabiness, oozing, bleeding, change in the appearance of a bump or nodule, spread of pigment beyond its border, a change in sensation, itchiness, tenderness or pain.

"Protecting young skin from ultraviolet rays is particularly important," said Hait.

"Researchers have found a link between severe sunburn in children and skin cancer later in life."

Hait offers the following advice to reduce the risk of skin cancer:

- Limit sun exposures to only a few hours a day, and if you must be outdoors, rest in the shade periodically.

- Before going in the sun, apply sunscreen with a sun protection factor of at least 15 and reapply it throughout the day. If you will be swimming, be sure to reapply waterproof sunscreen every few hours.

- Wear a hat to protect areas that burn more easily because of constant sun exposure, such as the face, ears and back.

Like many forms of cancer, early detection of skin cancer is crucial. Experts advise that adults examine themselves once a month and consult a physician if any suspicious skin activity appears. Skin cancer treatment includes surgery; radiation therapy; electrodesiccation, which destroys the cancerous tissue by heat; cryosurgery, which freezes the cancerous tissue; and laser therapy.

The Institute's Skin and Soft Tissue Tumor Study Group, under the direction of Joseph F. Germino, M.D., Ph.D., and James S. Goydos, M.D., is offering new and innovative treatment for skin cancer through its many clinical trials. Among these new therapies is the "Kirkwood Protocol" which includes high dosages of interferon to treat patients whose melanoma has spread to the lymph nodes.

"Patients may experience extended periods without a relapse and prolong their overall survival through this treatment," said Germino.

The study group is working on new techniques to assess the disease and identify those who are most likely to benefit from therapy. Future plans include developing gene therapies and vaccines for treating melanoma and other malignancies.

Individuals interested in obtaining more information about these clinical trials may call CINJ at (908) 235-6777.

## Nutrition On-line

Most Americans, by now, own a microwave oven. However, most of us use it almost exclusively for reheating foods.

The microwave is more than an over priced reheater. It can function as a cooking device and as a pre-preparation device.

The microwave was invented when a scientist working with microwaves melted a chocolate bar by accident in his pocket. He then realized the potential of cooking with microwaves.

One of the microwave oven's greatest advantages is that cooking with this device does not heat the home as much as the conventional oven. Also, it is time saving and makes low fat cooking very easy.

Some functions of the microwave, other than reheating foods, are:

1. Steaming vegetables in microwave safe dishes with a small amount of water for high nutrient retention and taste.

2. Microwave ovens can be used to defrost meats and other frozen foods safe and quickly without the risk of food borne illness.

3. Sausage, chicken and other dense foods can be par-cooked

prior to barbecuing on the grill to assure that the foods will be cooked adequately and safely.

4. Many foods ranging from vegetables, meats, fish, poultry, cakes and grains can be prepared without added fat while retaining color, flavor, and nutrients.

Aside from its good points, microwaves cannot brown or crisp foods unless a reflective material that concentrates the heat is used.

Another great concern is the safety of microwaves. Microwaves are built with many safety seals that, if maintained clean and intact, will prevent emissions from the oven. In fact, you receive more radiation from a radio tower than a microwave.

Also, the food does not retain the radiation so the food prepared is safe.

Be sure to use equipment deemed microwave safe and never use non-reusable plates again in the oven since such action can cause a potential leaching of poisons into foods.

The traditional use of microwave ovens as reheating machines is no longer valid. Microwaves are a great way to prepare healthy, delicious food!

## Fitness Center For Women Only honored by Chamber

The Fitness Center For Women Only, located at 462 Broad Street in Bloomfield, was awarded a certificate of recognition for most improved property at a recent luncheon held by the Bloomfield Chamber of Commerce on May 23.

The building was bought in October of 1992 with the purpose of accommodating the beauty and fitness needs of the greater Bloomfield area for all women. The Fitness Center For Women

Only has also received past recognition for being a recipient of the Nova Award for best facility design for a health club.

Designed with an architectural SoHo motif — one look is worth a thousand words.

Come visit our newest entity, "The Salon and Spa at The Fitness Center" and see the rising star of women's health facilities in our area or call 429-2808 for further information.

## Cruising can be worry-free

Cruising is the worry-free way to travel. The ship becomes your floating hotel; once on board, you simply unpack and sail to your dream destination.

Nevertheless, a lot of first-time cruisers worry about what will happen after they step aboard. Before you embark on your sailing adventure, the AAA New Jersey Automobile Club offers the following tips to help you conquer your cruise concerns:

• **Seasickness** – If you're worried about motion sickness, don't be. Large cruise ships are equipped with stabilizers – huge, fin-like devices that extend from both sides of the ship below the waterline to provide a more stable motion. In fact, most passengers aren't affected at all by the slight movement of modern cruise ships.

If seasickness remains a worry, take along Sea Bands. These bands apply pressure to the inside of your wrist, much as Chinese acupressure does, to relieve discomfort without medication.

• **Formal attire** – Cruise ship dining is not strictly a black-tie affair. Nowadays, "formal" means a jacket and tie for men and a cocktail dress for women. However, you'll see men in tuxedos and women in evening gowns. Cruisers are not obliged to dress formally every night. If you're still unsure about attire, don't worry; to assist you, you'll receive a daily bulletin in your cabin, telling you the dress code for each evening.

• **Cost** – If you think the cost of a cruise sounds expensive, remember what is included in most cruise prices: accommodations, all meals, and entertainment on board ship. The only costs you'll pay once you embark are for beverages, tips and personal purchases made on board or during shore excursions. And group, off-season, or early-bird specials can cut the cost significantly.

• **Tipping** – Plan on spending \$7.50 per day, per passenger. Here's a general guideline of expected tips: \$3 per day for your room steward, \$3 per day for the dining room waiter, and \$1.50 per day for the waiter's assistant.

• **Food** – Morning, noon and night, cruise ships offer fabulous dining. This normally includes

eight meals a day, including snacks, late-night buffets and, on some ships, 24-hour room service. Don't worry if you're health conscious; most ships provide low-calorie, low-fat, low-salt, and kosher dishes, so healthful eating patterns don't have to be disrupted.

• **Boredom** – There's always something entertaining to do aboard a ship. Choose from exercise classes, swimming, sunbathing, shuffleboard, tennis, volleyball, golf putting, massages, movies, dancing, nightclub shows, casino-style gambling, parties, and shore excursions at each port of call.

• **Taking children** – Most ships have family-oriented programs and facilities. Some even offer babysitters, teen centers, and special dining rooms with youth menus. Also, some cruise lines offer reduced fares for children traveling with parents.

• **Cabin size** – Cruise state-rooms are smaller than hotel rooms but are efficiently constructed to provide comfort. Windows on many modern ships are much larger than the old portholes, and some newer ships even have rooms with sliding glass doors leading to balconies. Whether you stay in the least expensive or most expensive cabin, you'll receive the same on-board privileges.

• **Cruise demographics** – Ships accommodate passengers of all ages. Studies show that about one-third of all cruise passengers are age 60 or older, while another one-third have school-age children. Special single cabins are always an option for solo travelers, no matter what their age. Consult a travel agent for advice on the cruise line and ship that suits your interests, age and lifestyle.

• **Cruise length** – To try your sea legs, take a short three- or four-day cruise instead of a seven-day or longer cruise.

Additional information on choosing the right cruise is available in AAA's free pamphlet, *Smooth Sailing*. To request a copy, send a self-addressed, stamped, business-size envelope to: Smooth Sailing, AAA Public Relations Department, 1 Hanover Road, Florham Park, NJ 07932.

## Cerebral Palsy Center plans treasures, memorabilia sale

The Cerebral Palsy Center, 7 Sanford Ave., Belleville, is holding a one-day sale of valuable treasures and memorabilia at the "Marketplace," located at the center behind Clara Maass Medical Center.

Among other items offered for sale will be a full set of Lenox china, fine crystal stemware, Rosenthal china, rare children's books, coins, 1950's jewelry, dolls, Kennedy memorabilia and other collector's items.

The Treasure Chest Shoppe is a fundraising activity of the Cerebral Palsy Center's Auxiliary. It is open Tuesdays and Thursdays,

September through June. Donated products are welcome and can be picked up at your home.

Also participating will be "Strollers' Row Merchants," trainees in sales, preparing for and developing skills in marketing products and services. Stroller's Row will feature stuffed animals, clothes hangers, needlework, pottery/ceramics, baked goods, cold drinks, used clothing, books, art work, knick knacks and other interesting items.

Your support and attendance is welcomed. For more information, call 751-0200.

## BUG SHOTS

By Mike Lamberti

*Final in a series celebrating 20th anniversary of '76 Belleville baseball team*

### Despite tough defeat, '76 season was incredible

*(Before we get started with the '76 Belleville High School baseball team finale, please note that next Monday, the Belleville Public Schools will have a track meet at Municipal Stadium for grades 4 through 6. The meet will begin at 6 p.m.)*

It was a difficult way to end a marvelous season. A close call at first base goes against Belleville, allowing Livingston to win in extra innings. For the second time in a week, the Bellboys had lost a 3-2 decision to Livingston, this time for the state sectional championship.

The game ended with an ugly scene involving the first base umpire that made the controversial safe call. As most fans know, the call precipitated a scuffle on the field, one that lead to charges against head coach George Zanfini for assault, charges filed by the umpire.

"I've said it for 20 years, he was hit, but not by me," Zanfini said. "I never touched the guy. I argued the call, I told him he cost us the title, but I never touched him."

The case went to court in Livingston, where the court ruled against Zanfini. The coach appealed the decision, which ultimately ended up in county court.

"We were there from midnight until about 4 a.m.," Zanfini recalled. "We ended up having the case overturned. It was a tough way to end a season, but it shouldn't take away from what our kids did that season."

What they did was compile a 24-4 record, won the Big 10 championship, and wind up as the number four team in the state by *The Star Ledger*. *The New York Daily News* ranked the Bellboys second in their final Top 15.

Both newspapers ranked Livingston number one in the state, and deservedly so. Livingston, which started the season slowly (they were 10-5 at one point) ended up winning the G.N.T. and the Group IV championship.

"They got hot at the right time," Zanfini said of Livingston. "They finished 24-7 and won the big games." Belleville won its final two games of 1976, beating Orange 7-0 and Columbia 5-3. In the Columbia game, Ricky Loma improved his record to 8-1, with a complete game. Greg Dunleavy and Nick Cancelliere paced the Bellboys with two hits each.

"It was nice to end the season with a win," Zanfini said. "Yes, it was disappointing to lose the Livingston game, but as far as I'm concerned, it was the type of season that comes along once in a coaching career."

It was indeed a team effort 20 years ago. The team pitching staff compiled an ERA of 1.45, striking out 140 hitters in 188 innings pitched. The staff walked just 61 batters.

Loma was the leader of the staff, going 8-1 with a 2.14 ERA, striking out 43 in 62 1/3 innings pitched.

Greg Petite, who battled injury in the later stages of the season, was 5-2 with a stingy ERA of 0.64. He fanned 39 hitters in 44 innings of work.

Bobby Giordano was 3-1 with a 1.93 ERA. Anthony Gamaro finished 5-0, with an ERA of 1.26 and John Clarizio posted a 2-0 record and the best earned run average a pitcher can have, zero.

Offensively, the team hit .328. Michael Cancelliere hit .457 and was named all state.

Dunleavy batted .438 and according to Zanfini, was the biggest surprise on the team. "He hit about .160 in his junior year," Zanfini said. "The following year he's hitting over .400."

Nick Cancelliere hit .417. John Guarino batted .337. Frank Mozeika hit .328. Scott Osche was a .313 batter. Anthony Marino batted .286. Anthony "Chipper" Biafore finished with a .284 average and Rocco Balsamo hit .281.

Zanfini's G.N.T. title would come five years later, when the '81 Bucs stopped Glen Ridge in the finals. Biafore, the teams shortstop, would be drafted by the Chicago Cubs in 1979 after a solid three seasons at Monmouth College.

"It was quite a team," Zanfini said in closing. "I'll never forget them."

It was indeed enjoyable remembering the '76 team with Zanfini over the past seven weeks. Thanks to everyone who made the feature possible.

## Kvetkus, Parillo lead Bucs in sectionals

By Mike Lamberti

It took nearly eight years and the equivalent of a dozen years of frustration before the Buccaneer track team could have a home meet.

Mainly, the team wasn't able to compete at home because the local government did not care about the program and could care less that the team had to get on a bus and travel to other towns from 1987 through this year.

The local government over the past two years has made a concerted effort to help our athletes finally call B.H.S. home, first with the tennis program and then, most recently, with the track in good enough shape for home league competition.

So, on May 21, the team was set to host a home meet. A good crowd turned out. Bloomfield was the opponent.

The only thing head coach John Tosato didn't plan on was the elements playing havoc. Lightning caused the meet to be cut short, with the Bucs losing a 48-42 decision.

Nonetheless, the coach was very Randy Herrera (400 meters, 62.4 and 800 meters 2:54.2), Santora (200 meters, 24.2 and long jump,

16' 1/2") and Rick Nejman (shot put).

On May 25, the Bucs competed in the sectional championships at happy that his team had the chance to be home.

"It was a very positive experience," Tosato said. "The kids did a good job. Everyone contributed."

Tristyn Kvetkus was outstanding in the meet, taking three first place finishes. He won the 100 meters (13.2), 200 meters (24.7) and the long jump in 17'10".

"If we had the high jump," Tosato said, "he probably would have won that, too."

The high jump, triple jump, discus, javelin and mile relay were all postponed due to the bad weather.

Jose Moreno, the freshman who could break most of the school distance records, took second in the 100 meter hurdles and second in the two mile.

Mike Dribnak was second in the 1/2 mile (2:37.4) and second in the mile (5:23.6).

Pete Santora finished second in the 100 meters (13.4) and Angelo Chavez was second in the 400 meters (59.9). Nick Muscara placed second in the shot put.

Jen Spano clears the bar during high jump event. Spano will be back next season for talented Lady Buc track team.

Finishing third in the meet were Millburn High School.

Kvetkus placed fourth in the section in the high jump (5'8") and also ran the 100 meters (11.8) and 200 meters (24.0).

Moreno had an outstanding performance in the two mile (10:38), good for sixth place overall.

"Give coach Carolyn DelGuercio credit for Jose's performance."

(Continued on Page 14)

Jose Moreno is a step ahead of Bloomfield hurdler during dual meet at Belleville High School. Moreno enjoyed a good season for Bucs.

### Buccaneer baseball team stopped by Nutley in finale

By Mike Lamberti

The Buccaneer baseball team ended its season with three straight losses, closing the '96 campaign with a 9-15 record.

Chuck Martin's group split a double header with Teaneck, winning the first game, 5-2, then dropping the night cap, 10-3. The Bucs then lost league games to Paramus Catholic, 5-4 and Nutley, 8-3 to close the year with a 4-10 mark in the NNJIL Pacific Division.

"I had said it since the beginning of the year," Martin said. "If we pitch well and play defense, we'll be in most of the games. You can't give the teams in this league walks and free passes with errors then expect to come back and win."

"Even if we had a great offensive club, it would be difficult to do that. We weren't a power hitting team this year, so we had to play smart baseball and create opportunities."

One of the goals of this years team was to reach double figures in wins, something that just eluded them.

"It would have been nice to finish with ten wins," Martin said. "We got some good performances from some of the younger kids, which is encouragement for the future."

"We have nine seniors on the team this year, so needless to say, there will be some holes to fill next year."

As for the last four games of the season, the Bucs lone victory came in the first game of a double header.

The reason for the twin bill was that when Belleville was scheduled to play host to Teaneck, the field was not ready. Thus, when it was the Bucs turn to play at Teaneck, it was decided to play both games at the Bergen County site, with the teams taking turns serving as the home team.

In the opener, the Bucs received two hits each from Carl Piscatowski, Tom Dyer, Damon Placente and Anthony Lenzi.

The big hit came in the fifth, when Belleville tallied three runs, highlighted by Piscatowski's three run homer.

Piscatowski, who is heading to Fairleigh Dickinson University this fall and will continue his baseball career, enjoyed a phenomenal campaign this spring.

The senior hit well over .400 and Martin was hoping he would be selected to the first team, NNJIL. The selections for the past season were to be done earlier this week.

Lenzi was the winning pitcher

against Teaneck, hurling a complete game, striking out four and walking seven.

"Lenzi was our most consistent pitcher this year," Martin said of the senior. "He kept us in most of the games. He was a smart pitcher who battled hard on the hill."

In the night cap, the walk hurt the Bucs as Teaneck rolled to a 10-3 win.

In the Paramus Catholic game, Belleville took an early 3-0 lead with three in the top of the first. P.C. narrowed the lead to 3-2 after four, but the Bucs went ahead 4-2 in the fifth and looked to be in good shape.

However, Paramus Catholic chipped away, scoring once in the sixth and twice in the seventh to rally for a 5-4 win.

Justin Mohren pitched a complete game for Belleville.

Offensively, Piscatowski was 1 for 2 with a triple and Lou Pallante was 2 for 3.

"That was a heart breaker," Martin said of the P.C. loss. "It would have been a nice league win for us."

In the finale, the Bucs went up against a solid team in Nutley. The Raiders recently won the Group III, Section II title and were battling in the Group III semi finals last Tuesday.

Joe DelMaestro pitched a solid game and the Raiders took advantage early, scoring five times in the top of the first inning.

Belleville, which was limited to five hits in the game, scored solo runs in the first, third and seventh innings.

The victory clinched the NNJIL Pacific Division championship for Nutley.

**NOTES:** Congratulations to both Nutley and Bloomfield on outstanding baseball seasons this spring. Both teams captured state sectional crowns (Bloomfield in Group IV, Nutley in III) and were playing in the sectional semi earlier this week.

Bloomfield also won the Greater Newark Tournament title a few weeks back.

Belleville will field two legion teams this summer.

"None of the current seniors will be playing, which means the senior legion team will be made up of all kids who will be back next season," Martin said. "We'll also have a team playing junior legion ball."

In an upcoming issue, we'll have a wrap up of the '96 season, with stats on the top players.

### Softball team uses strong finish to post winning record

By Mike Lamberti

There are a couple of ways you could summarize the '96 Lady Buc softball season.

In one respect, you could say the team made tremendous strides, and that the best days are ahead of them.

On the other hand, you can look at the season and see so many lost opportunities.

Head coach Carl Corino, who has seen it all in 16 seasons, and over 300 wins of coaching this program is divided on how he'll rate the season.

The Lady Bucs ended the '96 campaign with another difficult loss to Nutley, 4-2. The team did beat Teaneck, 17-0 and lost a 3-1 decision to top seeded Mt. Olive in the semi finals of the Group III, Section II playoffs.

The team finished 16-13 in the year, which marks the 19th straight season that the program has eclipsed the .500 mark.

On the plus side, the team won seven of its last ten games after a 9-10 start. On the negative side, some of the losses which contributed to that 9-10 start baffled the coach.

"We hurt ourselves with errors," Corino said. "It was a lot of could have, would have, should have this year. We gave games away that were easily in our grasp."

On the plus side, the team battled the number one team in the state, Clifton into extra innings before losing a 2-0 decision. Belleville was just a fly ball in the seventh inning away from winning that game.

The team posted wins over Paramus and Hackensack in the later stages of the year. Those wins were impressive on two counts.

First, it avenged earlier defeats and secondly, came against two of the stronger teams in the league.

Paramus, as a matter of fact, was still playing in the state tournament as of last Monday.

On the negative side, Belleville found yet another way to lose to arch rival Nutley.

In a 4-2 setback recently, Belleville held a 2-1 lead going into the last inning, only to see the Raiders win with a walk, error and infield hit.

Earlier this season, Belleville had Nutley on the ropes in the quarter finals of the county tournament. The Lady Bucs held a 1-0 lead in the seventh, but Nutley came back to score twice without hitting the ball hard.

Add those losses to the 2-1 defeat to Nutley in the '93 county championship game and the now infamous game at Clearmont Field in 1992 when Belleville was on its way to the sectional championship, only to see Nutley score three times in the last inning to post a stunning victory.

Since that game, Nutley has been Belleville's biggest albatross.

You could look at the Mt. Olive loss in both a positive and negative spin.

Positive because the team battled the top seed in the section and gave a good account of itself.

Negative when you consider that Belleville could have beaten them. "They were good," Corino said of Mt. Olive. "But we could have beaten them. We've faced similar quality teams in our league all year long."

"We played well at times, we just didn't do the little things that could have made this an even more successful season."

**NNJIL HONORS** were awarded to Daniele Brodo (first team, catcher) and Kim Mahoney (first team, shortstop).

Second team **NNJIL** went to pitcher Christine Crescenzi and Jessica Rotino.

Joelle DellaVolpe was named Honorable Mention.

We'll have a wrap up of the season in an upcoming issue.

## Parillo advances to M of C

(Continued from Page 13)

mance," Tosato said. "She worked with him in practice and taught him how to finish a race. He really came on strong down the stretch of that race."

For a freshman to be running the two mile in the mid ten minute mark is tremendous. When you consider that that same freshman was good enough to qualify for the state finals and also excels in the hurdles, you get an idea of the solid future in store for him.

Jessie Santiago ran a personal best in the 400 meter hurdles (75.4). Santiago, a sophomore, is closing in on the 15 year old school record set by Franchette Polite in the 400 meter hurdles. In 1981, Polite ran a 72.3. Tosato feels confident that Santiago could eclipse that record early next season.

Speaking of current athletes closing in on 15 year old school

records, Kim Parillo came within two inches of once again tying Cecilia Graham's mark of 5'2" in the high jump. In the sectionals, Parillo cleared 5 feet, good for fifth place overall.

She would tie Graham's mark for the third time this season in the group championship meet on May 31.

Parillo's jump of 5'2" at the group meet was good for third place and elevated her to the Meet of Champions, which was held yesterday.

"It's the first time I know of that we have an athlete qualifying for the Meet of Champions," Tosato said. "I checked with (former coach) Rich Ruffalo and he didn't know of any Belleville athlete who has advanced that far."

Also doing well at the group championships were Kvetkus in the high jump and Moreno (10:58 in the two mile).

Tristyn Kvetkus gains lead as he approaches winning the 200 meters during meet at Belleville High School versus Bloomfield. Kvetkus won three events in the rain shortened event.

## Prosecutor's Run to benefit American Cancer Society

Essex County Prosecutor Clifford J. Minor has announced the Essex County Prosecutor's Office will sponsor the eighth annual charity run to benefit the American Cancer Society on Saturday, June 8 at 9 a.m. at the South Mountain Reservation in South Orange.

Two races of two and five mile limits will be held. Trophies and

certificates will be awarded to the top finishers in various age categories. The money that is raised will help support the American Cancer Society's programs of research, education and patient services.

For more information, contact the Essex Unit at 736-770 or the Essex County Prosecutor's office at 621-4700.

## 9th annual Bengal basketball camp offers three sessions

The Ninth Annual Bengal Basketball Camp will offer three co-ed sessions this summer at Bloomfield High School for third through ninth graders.

The first sessions scheduled for June 26, 27, 28 and July 1 and 2. The second session will be July 8 to 12 and the third will be held July 15 to 19.

The sessions will run 9 a.m. to 3 p.m.

The camp features fundamental instruction from an experienced staff and guest speakers, two games per day, contests, tournaments, awards, prizes and videos.

The camp costs \$90 and includes insurance, a T-shirt and a great time.

For additional information, call 338-1174 during the day and in the evening call 893-8100.

## Middle States Basketball Camp announces summer sessions

Middle States Basketball Camp, now in its 31st year and the oldest basketball game in the State of New Jersey, will conduct four sessions for boys and girls this summer at the air-conditioned Parsippany PAL Building. The dates are: Shooting Camp - July 11, 12; Day Camp - July 15-19 and 22-

26. A Girls Basketball Camp, under the direction of Kevin Morris, head coach of the Fordham-University varsity girls basketball program, will be conducted July 29 to August 2.

**BALDNESS TREATMENT GOES OTC**

Eight years after the FDA approved the first and only known prescription medication for hereditary baldness, it has now gone one step further and approved minoxidil for over-the-counter (OTC) use. This comes at good news for anyone who suffers from the condition known as male pattern baldness for men, or hereditary thinning for women. About 40 million American men and 20 million women experience hair loss or thinning hair at any given time, often due to hereditary factors. And, while the 2% minoxidil formulation approved for OTC use will not help all these people, the FDA reports that 25% of men and 20% of women who use the medication experience moderate hair regrowth. To use it minoxidil will be effective, it must be applied to the scalp twice a day, every day, for months. Its effectiveness slows after one year of use, and those who stop using it will again lose their hair. For answers to your health related questions stop by and talk to us at ROSMORRE PHARMACY, 336 Washington Avenue (751-1556, 759-1565). We have been serving families in this area for many years. Free delivery is provided and we are Blue Cross and Medicaid approved. Greeting cards, toiletries, Times watches, transistor radios and many other items are available for Father's Day and graduation gifts. Hours: Daily 9am-10pm, Sunday 9am-5pm.

HINT: The medical term for hereditary hair loss is androgenic alopecia.

**FAMILY MATH** - The Family Math program at School #9, under the direction of Mrs. Kane and Mrs. Porcelli, was attended by the second and third graders and their parents. The program, which ran for five weeks, was used to help the children and their parents work together to solve and understand various math skills. The program dealt with addition, subtraction, problem solving, visual materials, and fractions. The children enthusiastically attended the classes and are looking forward to the next Family Math program that School #9 offers in the fall. Pictured is a group of second and third graders who participated in the Family Math programs this spring.

**STUDENTS' BOOK-MARK LIBRARY MONTH** - Among many activities at the Middle School to promote Library Media Month was a Bookmark Contest organized by Miriam Chesner, the Librarian, and Marcia Miele, the Art Teacher. A panel of teachers chose several winners, who were invited to the Library to receive their prizes. The choice of winner was a difficult one, because all of the participants demonstrated unusual creative ability, according to panel members. A display of the bookmarks will be created for the rest of the student body to view. The winning entry will be converted into a bookmark to be distributed to other students. Pictured are (left to right): Marcia Miele, Crystal Bautista, the third place winner; Dana Nguyen, the second place winner; Faith Reyes, the first place winner, and Miriam Chesner.

## School #4 presents academic awards

On April 10, School #4 held its second annual Academic Achievement Award Ceremony in the All-Purpose room of the school.

Because of the overwhelming response from the parents, relatives and friends to attend the ceremony, it became necessary for Principal Harvey to separate the ceremony into two sections.

From 7 p.m. to 7:45 p.m., students from grades 1 to 3 received their awards while the grades 4-6 session was held at 8 p.m. Some 145 students in the two sessions received awards.

Belleville students enjoyed a day at the theater May 2. The Belleville Intervention Program for Preschool Youngsters at School Number Seven and the International Relations Club at Belleville High School attended a play at the Union County Arts Center. The play, "Chasing Rainbows" was put on by the Pushcart Players Production. Each preschool-aged student was accompanied by a high school student "big brother" or "big sister." After the outing the group returned to School Number Seven for a luncheon. Mrs. Lani Gee, Mrs. Card Amato and Miss Lauren Zingaro coordinated the day.

**CHAMBER MUSIC** - The Belleville High School Chamber Orchestra is to perform on Wednesday, June 12, at the Belleville Public Library and Information Center on Washington Avenue. Pictured are (clockwise from the Bass): James Woodbury, Jennifer Spano, Marialena Sargentelli, Gary Ianco, Ben Dookchitra and Wesley Tahsir.

**ENSURING A HEALTHY PLANET** - Elizabeth Ramirez of Belleville (far right) was part of the group of Caldwell College botany and ecology students who planted trees around the campus in April for project Help Ensure a Healthy Planet. The project promotes environmental conservation during Earth Awareness Week.

## Middle school creates summer computer camp

The Middle School announces the creation of a Summer Computer Camp, which the school will host. The camp will be available to all Belleville students entering grades 3, 4, 5 and 6 in September.

Computers are affecting students' lives in new and different ways every day, officials said, changing the way people work, play and even think. The world students will grow up in will be very different from the one their parents knew.

Summer Computer Camp will offer an opportunity for young people to interact creatively with computers. The integration of young minds and today's technology is the focus of the camp's experience, officials said.

The camp is to provide an enriching and worthwhile summer activity where students will acquire the ability to use the computer and various pieces of application software to accomplish educational tasks.

With ample computer time and an emphasis on

hands-on experience, campers will develop computer confidence, and in the process come to understand the computer's potential and its limitations.

The daily schedule will include: educational and creative computing, followed by a period of recreational activities away from the computer, and conclude with open computer time where campers may explore areas of interest. Four sessions will be offered from June 24 through July 26, with each session one week in length, running from 9 a.m. to noon daily.

Areas of investigation will include: electronic art, word processing, keyboarding, story animation, desktop publishing, multi-media presentations, mask construction, on-line activities, and introduction to electronic encyclopedias.

For information, please call Lou Scanzillo at 450-3532.

PRAYER TO THE BLESSED VIRGIN  
(Never known to fail.) O Most beautiful flower of Carmel, fruitful vine, splendor of heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O star of the sea, help and show me herein you are my Mother, O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me or my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times). Holy Mary, place this cause in Your hands (3 times). Say, this prayer for 3 consecutive days. You must Publish it & will be granted to you. A.S.
