25% of workers to be screened in '96...

Town to randomly test employees for drugs

By Richard Dickon

HealthNet Medical Group of Oakland, N.J. has been chosen by the Township Council to conduct drug and alcohol tests randomly for 25 percent of the total town employees this year, as part of a state mandate for a drug and alcohol free work place.

The township had begun testing every town employee who operates a vehicle with a CDL license, as required by Federal regulation.

HealthNet, a managed care group, has been chosen to provide the testing, which will include the policy, training and testing.

As part of the program, department heads can remove an employee suspected to be under the influence if they are seen to be moving in an inappropriate or possibly hazardous manner. Township Manager Stephen Cuccio said at the May 28 public Council meeting.

If the person is found to be under the influence, a rehabilitation program will be implemented. If the person comes forward of their own accord, they will sent for rehabilitation, but if they are found to be under the influence through random testing, they are subject to disciplinary action, Cuccio said.

Councilman Bill Cook urged the Council to seek out a shared service plan with other municipalities to reduce the cost of the testing, which is \$750. "It should be very easy to get a better price," he said.

The drug tests are designed to help prevent accidents and injuries from drug or alcohol use by town employees while on the job.

The cost of the tests is \$45 for drugs and \$30 alcohol tests. An additional \$750 is to be spent for special training and administration of the testing, along with driver education and training packets.

The testing requirements are described as "lengthy and complex" by officials.

Cook had previously inquired to Township Attorney Robert Giordano about who pays for retesting and about the mutual indemnification clause contained in the agreement.

Giordano said that if HealthNet is in error, the town is not charged for a retest, and the town cannot be held responsible for any claims that are shown to be negligent, fraudulent or in some other way in error.

The township provides HealthNet with indemnification if the town is found to have altered the test, accidentally or otherwise, Giordano added.

The Council also agreed to limit the contract to a specific one-year term and to solicit more than one proposal each year.

The Board of Education is using the same company to complying with state and federal regulations calling for mandatory random drug and alcohol testing for all school bus drivers.

The Safe House: more than a shelter

By Sarah Treffinger

With all of the attention focused on domestic violence, especially in the wake of the O.J. Simpson trial, it is no surprise that this is a problem that exists all over the United States, even as close as Essex County.

"The Safe House has beds for 12 women and 24 children," director Patty Lue Boff explained. "These beds are full most of the time."

The Safe House, which is affiliated with Clara Maass Medical Center, Belleville, is a shelter for victims of domestic violence, "a haven for battered women." It was founded in 1986 and has been run by Boff since April of that year.

The Safe House is more than just an emergency shelter for victims of domestic violence. It is a place where battered women and their children can receive counseling and support while they are protected in a safe and nurturing environment.

"Our whole philosophy is based on empowerment," Boff explained. "Our goal is to get the victim and her family out of here, to be independent and safe."

Shelter victims are allowed to stay at the Safe House for forty days but, according to Boff, "we are really flexible."

Flexibility is key at the Safe House. Everything from mealtime to counseling sessions are subject to change. "If a woman has a job interview or is looking for a house, we're not going to make her drop everything to go to a meeting. We work around it," Boff said.

The staff of The Safe House is made up of 14 full and part-time employees, some of whom have earned their masters degrees, and others who only completed high school. "Caring and empathy are more important than degrees," Boff said, emphasizing that the different levels of education do not change the quality of work of which the employees are capable.

The Safe House, which receives state funding and donations from other organizations, costs nothing for the victims who live there.

"We used to receive about \$11,000 from the United Way each year but since they've made their cut-backs, we don't get that money anymore," Boff said. "I figure I'll just have to give a few more lectures and hope for contributions to make

up for it."

The Safe House, which is at an undisclosed location, places much emphasis on this sense of confidentiality. In fact, one of the rules and regulations is that "any resident who reveals the location of the shelter will be requested to leave."

According to Boff, this confidentiality has been pretty consistent over the years. "In ten years, we've only had two incidents of abusers coming here. One was escorted by the police and the other followed his wife," Boff reported.

The employees at the Safe House offer comprehensive case management in addition to the care that they provide.

A case manager works with the victim and her family and explains the advocacy services that are available to her. Also, the case manager is allowed to accompany the client to the hospital, police station and court, if necessary.

Local GOP, Dems pick party chairs

By Richard Dickon

The local Republican and Democratic parties chose Chair and Vice Chair persons on June 10.

The Republicans, thanks to a slate of Republican County Committee candidates backed by the Richard Yanuzzi Republican group, chose Councilwoman Angie Paserchia and former outgoing Second Ward Councilman Joseph Scaperrotta as Chairwoman and Vice Chairman, respectively.

The two were elected after the Yanuzzi group won a large majority against a group of Republicans led by Councilman Victor Canning and School Board Trustee Frank Montagna.

On the Democratic side, Belleville Times Silver Lake columnist Marie Strumolo Burke was named Chairwoman, while Raymond Pisano was named Vice Chairman.

Of the 25 districts, The Yanuzzi slate won 15 on the Male side and 14 on the Female side.

First of 10 sites takes new equipment...

Rec house gets jump on new playgrounds

By Richard Dickon

The first new playground equipment was delivered to the Recreation House on Jorammon Street as the Township undertakes the installation of new playgrounds at 10 sites throughout Belleville.

Delivery was set for May 21, with ground preparation on two areas, one in front and one in the back of the Rec House, where a tree was to be removed, according to Township Manager Stephen Cuccio.

Recreation Director Dennis Buckley has presented detailed plans and described equipment that will upgrade the old recreation equipment in as many as 10 playground areas throughout Belleville, to be paid for with a \$250,000 bond ordinance.

The areas mentioned for improvement are the Recreation House, the Friendly House, Municipal Stadium, the Pistol Range on Bloomfield Avenue, Kelly Field on William Street, Cortlandt and Mary Street Parks, Fairway Avenue and Schools #4 and #9.

The Township Council pushed through introduction of the spend-

ing plan in January to speed along the process, even before Buckley presented details of the plans.

Councilmen Jerry Digori and Victor Canning, members of the Council recreation committee, met with Buckley before presenting specific plans for each site.

The Council generally agreed that the upgrade was good for all citizens.

Mayor Jim Messina has called the new playgrounds an attraction for Belleville, while Digori said the township needs to upgrade recreation facilities to keep people that are here and to attract people to town.

Councilman Joseph Scaperrotta, the third recreation committee member, has called the plan the most aggressive, complete upgrade in town history, along with the paving of streets, adding these things that have been neglected.

Deputy Mayor Thomas Spillane answered criticisms that the \$250,000 spending plan was too costly, saying the Council needs to do the job right the first time, so there is no need to go back and fix

OLYMPIANS 'STEP OUT' FOR TCI - Richard Tirgrath, 7, and his sister, Sherry, 4 of Belleville join Olympic Gold Medalist Milt Campbell, at the Fourth Annual Children's Institute/First Union Walk, held recently at Verona Park, Verona. Proceeds benefit The Children's Institute (TCI), a Livingston-based state Board of Education-approved school for emotionally disturbed, autistic and pre-school handicapped children.

Proliferation of handicapped spaces examined by Council

By Richard Dickon

Reducing the allotment of handicapped parking spaces, by requiring doctor's notes and restricting spaces for homes that have driveways, are being discussed by the Township Council.

At the May 28 public Council meeting, the governing body expressed concern about numerous applications being received for handicapped parking spaces.

Councilman Victor Canning said that with Belleville's dense population, the increasing number of spaces is using up available on-street parking spaces and could be "a hardship to others."

Mayor Jim Messina said he had noticed that many of the applicants have driveways adjacent to their homes. He said anyone with a driveway should be "precluded from having a handicapped space."

Canning also suggested requiring a doctor's note each year from homeowner's to verify the need for a handicapped space.

Township Manager Stephen Cuccio said a doctor's note is required for residents to obtain handicapped license plates.

No official action has been scheduled by the Council on restricting handicapped parking spaces.

'Olympic Spirit' is alive at School #9

By Sarah Treffinger

"With the Olympics coming around again this year, it is a props that we have something like this in our school," School #9 Principal Pat Forte said of the musical, "Olympic Spirit: The Jesse Owens Story."

Arts Power, a national touring theatre group, performed this musical for students in grades 3 through 6 on May 31. It was the first time that the troupe had ever been in the Belleville school district.

"Olympic Spirit: The Jesse Owens Story" commemorates the 60th anniversary of the 1936 Olympic Games and the upcoming Games in Atlanta, Ga.

According to the pamphlet that are printed by Arts Power, this musical "celebrates the champion runner and the Games that bring young athletes together in the spirit of brotherhood and fellowship."

The actors, Tom Reidy, Laura

Anne Hodos, Corey Robinson, and Jason Seffans were accompanied to School #9 with their stage manager, Chris Clark. After the show, they spent a few minutes talking with members of the sixth grade class.

"Olympic Spirit: The Jesse Owens Story" was conceived and directed by Greg Gunning. The music and lyrics were written by Thomas Tierney.

The show for School #9 was sponsored by Panasonic and was presented under agreement with the Actor's Equity Association.

Arts Power began in 1985 with the intention of producing "meaningful, artistic work that enhances children's lives, and instills in them what it means to be a good person in heart, mind, and deed."

According to Forte, the program was successful and School #9 was pleased to host the performance.

The Safe House: more than a shelter

(continued from page 1)

Safe House provides temporary, safe housing for the victim and her children, an emotional supportive environment, emergency medical treatment, counseling and referral services, legal advocacy, a comprehensive children's program and housing advocacy.

The comprehensive children's program is important so that they can feel safe in their new surroundings. Through this program, they are counseled and allowed opportunities for educational, recreational and diversional enhancement.

Children of victims also have the

option of staying in their school of origin or moving to a local school.

According to Boff, if it is not toward the end of the school year, mothers are more likely to transfer their kids to a local school.

In this case, the law requires the school of origin to pay for the student to attend the local school.

In addition to changing the children's educational environment, employees at The Safe House make it a point to talk about domestic violence with them.

"We feel strongly that abuse is a learned behavior," Boff said. "As a result, we must reach the children.

Otherwise, they will grow up to be abusers and victims as well."

When victims of domestic violence arrive at The Safe House, they are assigned a dormitory-style room that is located down the hall from a kitchen, living room, dining room, laundry room and bathrooms.

In addition to the housing situation, residents of The Safe House are provided with everything they need to live. These items, including everything from toothbrushes to toys to winter coats, become the property of the residents as soon as they arrive.

According to Boff, residents are allowed to keep everything that they use while at The Safe House. They are also provided with supplies when they are ready to move out of The Safe House and into their own homes.

"Sometimes we give out toasters and microwaves, depending on what we have at the time," Boff explained. "These women have very little or nothing at all when they arrive here, so we help them out and try to make them feel at home while they're here."

The supply rooms of The Safe House prove that its residents want for nothing. They overflow with toys and clothes, health and beauty supplies and household items that were either donated or paid for by some of the shelter's funding.

In addition to the state funding that the shelter receives, Boff explained that all marriage license fees in New Jersey go to Domestic Violence programs. "About \$5 of every marriage license fee goes to the municipality, but the rest goes to programs like ours," Boff said. "Marriage license" applications now provide information about the rights of victims of domestic violence as well."

This information is required, according to a legislation that was unanimously passed by the Senate recently.

The Safe House also runs a 24-hour hotline (759-2154) as well as a community support group and a program for non-sheltered women.

According to Boff, the employees are there to lead victims in the right direction. "Whatever they need, we'll try to get for them," she said.

"So many women don't know that what is happening to them is against the law," Boff explained. "In so many cases, a man hits his wife and then cries and convinces her to stay. This goes on and on and becomes a sort of learned helplessness. Eventually, she becomes really afraid and he says things like, 'If you leave, I'll kill you.' Victims in this situation often make excuses for

their husbands and minimize the abuse."

Essex County, according to Boff, has the highest rate of domestic violence in the state. The Safe House is one of two places that battered women can go in this area.

The Safe House offers its residents more than just an atmosphere in which violence is absent.

"The best thing about this place is the support that the victims get from one another," Boff said. "We're really proud of this program."

Boff explained that the residents of The Safe House are allowed to come and go as they please, although there is a 7:30 curfew. "I just don't think that the children need to be out on the streets after dark when they can be here," she said.

The most important of the rules outlined in the handbook for victims are those that deal with the prohibition of alcohol and drugs, the refusal to accept corporal punishment of children and the emphasis on the importance of confidentiality.

The Safe House welcomes donations of any kind, noting that members of the Nutley and Bloomfield Girl Scouts recently provided the shelter with "Baby Bundles" for the many children that walk through its doors each year.

The work of Patty Lue Boff and her staff certainly does not go unnoticed, for the women and children who take shelter at The Safe House are forever grateful. These victims of domestic violence are cared for until they can get back on their feet again. They stay at the shelter until they can secure a job and a home of their own.

"There are times when it gets, really frustrating and I'm ready to pull my hair out," Boff said. "But when you think about it, I wouldn't do anything else."

11 local students graduate from Bloomfield College

Eleven Belleville residents participated in Bloomfield College's 123rd Commencement exercises recently and received bachelor's degrees.

The Belleville residents included: Keith Collins (cum laude), Carlos Davila, Heather Davis, Franchette Epps, Michelle Jetton (cum laude), Sally Ann LaMorte, Barbara Ledgister (magna cum laude), Ceres Martin, Domenica Pavone (cum laude), Audra Sheppard and Dennis Slattery.

Life in Silver Lake

By Marie Strumolo Burke

Happy births and birthdays

Marie Strumolo Burke

Happy, Happy Birthday, Baby... I mean Dennis. I got carried away for a second with that song from the '50's. But the news is out.

Dennis Gualtieri of Belmont Avenue has reached the ripe old age of 50. He was feted at a surprise birthday party by his mother, Ann, and fiancée, Ida, at Truffe Caterers. Dennis has a lot of aliases, such as the "Flood Man," because he single-handedly solved the Lake St. and No. Belmont Ave. floods; "Dennis the Menace," and your "Friendly Plumber." But whatever you call him, one thing is for sure, he's one of the good guys and Silver Lake sends him out a "50 Gun Salute." Cent Anno.

And where do you think he learned to be an "ace plumber" ... Bingo... you got it... from his father, John Gualtieri who has since retired. By the way, when you see Dennis, ask him to go the "fly." He'll know what you mean.

The Baby Boom is Back in Silver Lake

Our Silver Lake population is mounting. Andrea Contaldi of Heckel St. was ushered into the world on April 20th at about 6 lbs. and some ounces. The proud parents, Roberto and Silvia Contaldi are elated. Grandparents are Jennie and Angelo Contaldi. Jennie is my tutor in Italian. Let me try one on you, Jennie. Buon Fortuna alla Tutti which I hope translates, Good Fortune to All of You. How's that, Jennie?

Former School #4 Student Receives Outstanding Teacher Award

Have you heard that Dr. Paula Zaccone-Tzarnetakis has won the N.J. Association for Health, Physical Education, Recreation and Dance Outstanding College Teacher Award? She has an undergraduate degree from Trenton State College, her graduate degree from Montclair State and her Doctoral Degree from Rutgers University. She is an associate professor at Seton Hall University.

Paula is well known and respected for the countless hours she has devoted to the promotion of health and physical education through teaching. Most recently, Paula has initiated the infusion of comprehensive health education in the school. And for all this, she was awarded this year's award.

And the best part... Born and raised in you know where, Silver Lake, right on Franklin St. And of course she attended School #4 as well as Belleville High.

Her mother is Carolyn Pico Zaccone and her father was the "bestest" friend of my husband and

me, Joseph Zaccone, better known as Joe Zac. He passed away a few years ago and we still miss him at Pico's. Joe's other daughter, Carole, Ann Pico Flinn is a teacher at School #5.

And so we go on, and on, and on, with more famous people from Silver Lake and School #4. Oh what a place. And keep singing that tune... You've got to accentuate the positive.

Get well wishes to Katherine Bonavita of Heckel St., our St. Inspector. She was in a car accident and is on the mend. We miss you, Katherine.

The countdown is over. St. Anthony's Feast is here. June 7-8, and 9 on Heckel St.

And don't forget your dues are due. You know the game. Send a check in the amount of \$5 per membership to the SLCA, 69 Heckel St., Belleville, N.J. attn: Marie Strumolo Burke.

That's all for now, guys.

Veteran property tax deduction released

Legislation sponsored by Assembly Majority Leader Paul DiGaetano, R-36th, and Assemblyman John Gibson, R-1st, that would propose a constitutional amendment to increase the property tax deduction for veterans, has been released by the Assembly Commerce and Military Veterans' Affairs Committee.

Under the resolution, ACR-20, the proposed amendment would be placed on the ballot at the next general election for approval by state voters.

"This legislation will permit the people of New Jersey to honor our veterans in a very special way," said DiGaetano.

The DiGaetano-Gibson measure was released by a vote of 7-0 and now heads to the Assembly Appropriations Committee for consideration.

Council pitches public plans for playgrounds

(continued from page 1)

any problems.

Councilwoman Angie Paserschia, who originally was going to support spending only \$100,000, told of hearing about a child who got his clothes caught on a bolt and hung himself, driving home the need for safe playgrounds. She said she feels a child's life is worth more than \$250,000.

A \$10 million liability indemnity for the town and the manufacturer is included, he said.

Buckley offered two separate floor plans, one for the Rec house, Friendly House, Fairway Avenue and School #9 featuring larger equipment, with each to cost \$32,000, for a total of \$160,000.

A second, smaller floor plan was proposed for other locations, including the pistol range and the stadium, at a cost of \$16,920 each, or a total of about \$33,840, bringing the total to \$193,840, Buckley said.

The size of the park dictated what equipment would go there, Buckley said.

Messina has said "on the record" that virtually no improvements have been made to playgrounds in 15 years, and that most

of the equipment was 30 years old.

Digori earlier requested the amount of the bond ordinance introduced be increased, from \$200,000 to \$250,000.

The Council questioned the absence of swings in the new equipment, which is mainly slides and climbing equipment. Buckley said the amount of safety area needed for swings means an area that could otherwise accommodate 20 to 25 youths could handle only four swings.

Buckley said swings might be put at some, but not all, locations.

The playgrounds will be wheelchair accessible and signs will be posted saying what ages the equipment was for, although Buckley said he expected a mix of equipment at each site so all ages could use all areas.

Engineering surveys will be necessary since the ground must be flat to within a small degree of pitch to house the equipment, Buckley said. All the old equipment should be removed, Buckley said, for safety reasons.

The equipment takes four to six weeks for delivery and then one day for each playground, allowing for one week from the time of delivery.

The Meaning of True Love

By Helen Steiner Rice

It is sharing and caring,
Giving and forgiving,
Loving and being loved,
Walking hand in hand,
Talking heart to heart,
Seeing through each other's eyes,

Laughing together,
Praying together,
And always trusting
And believing
And thanking God
For each other.
For love that is shared
Is a beautiful thing.
It enriches the soul
And makes the heart sing.

Sorry to hear that Jessie Neilan is in Clara Maass Medical Center. Betty Barr is also in Clara Maass as is Jean Tortoreo.

Pat Orsogno was in a car accident and is recuperating at home. Edith Risoli was in a car accident in Virginia and should be home by now.

Tom Mignone and Anthony Aranecki were welcomed back. Condolences to Andy Cascese who lost his brother and to the Pisapio family on the death of Carmen Pisapio.

Happy birthday to Dorothea Behan, who is corresponding secretary of the Tuesday Senior Citizen Club; to Rose Quelli, Pat Rotondo, Phil Conte, Herman Haegge and Anthony Amici.

Happy anniversary to Josephine and Pat Rotondo, Mr. and Mrs. Joe Fornaruto, Mr. and Mrs. Phil Camavina, Mr. and Mrs. Arnold Salerno, Dick and Helen Koch, Carmine and Lucy Urso (55 years), Mr. and Mrs. Sal Calabro and Elsie and Emil Parisocki, John and Ann Cialella and Willie and Ann Skidmore (50 years).

Auxiliary Post 275 of Belleville held the election of new officers for 1996 at the post home on May 28. Elected were President Barbara Scruggs, Senior Vice President Marion Stromquist, Junior Vice President Helen Bellog, Secretary Antoinette Monte, Treasurer Millie McKeen, Conductress Ann Skidmore, Chaplain Angie Boyden, Three Year Trustee Ann Skidmore and Guard Bethea Alden.

Ann Skidmore was the installing officer. Good luck to the new officers.

The Belleville Public Library held a concert by the Belleville High School Chamber Orchestra on June 12. The Nicholas Martini Foundation was the sponsor.

On July 17 at 7 p.m., there will be the Jack Bender Young Pianist Classical Concert, again sponsored by the Nicholas Martini Foundation. Please call 450-3434 to register. Adrea Cohen is the library director.

On May 20, two bus loads of seniors left the Senior Citizen Center for a trip to the Paramont Hotel in the Catskills. The five-day trip was sponsored by the Old Guard of Belleville under trip chairperson Nick Mammelle. The trip lasted four nights and five days and was one trip I won't forget for some time.

The number one bus had engine trouble and would stop and go for about half of the trip. But we finally arrived about an hour late. However, the seniors arrived in a good mood and after a snack were ready to enjoy the many activities of the wonderful place.

There were all kinds of activities from morning 'til night and Nick Mammelle, with help from his wife Rose, son Robert and Nancy Colello, did a wonderful job of coordinating the group. I don't know where he gets all the energy. Congratulations on a very successful trip.

While there, Millie Falcone and John McGee celebrated their birthdays so we got a piece of birthday cake. Another surprise was the winning of the four-man bocce tournament by a team consisting of Lou Melchione, Joseph Restaino, John DiFazio and Anthony Satriano. Each member received a bottle of wine.

The trip home on bus two was enlivened by the singing and joke-telling of John Basel, Joe Cella and Joe Restaino. Once again, to Nick and his helpers, thanks for a good time.

Thanks to Marie Strumolo Burke for wishing me a happy birthday. Nice to be mentioned by a wonderful colleague.

Playgrounds, stadium renovation bode well for future of youth

Belleville is looking more like a desirable climate for raising children this week, after the first new playground equipment was delivered to the Recreation House on Joralemon Street and the township received \$2 million in Green Acres funding from the state for the "streamlined" long-term renovations of Municipal Stadium, to address the best standard, deplorable conditions at the facility.

Before the summer is in full swing, the installation of new playgrounds at 10 sites throughout Belleville is to be completed. Recreation Director Dennis Buckley has presented detailed plans and described equipment that will upgrade the old recreation equipment in as many as 10 playground areas throughout Belleville, to be paid for with a \$250,000 bond ordinance. The areas mentioned for improvement are the Recreation House, the Friendly House, Municipal Stadium, the Pistol Range on Bloomfield Avenue, Kelly Field on William Street, Cortlandt and Mary Street parks, Fairway Avenue and Schools #4 and #9.

Meanwhile, thanks the efforts of a Council stadium renovation committee led by Jerry Digori, with the help of Joseph Scaperrotta and Victor Canning, kept alive the plans to correct numerous safety concerns at the site, including the running track, various fields, tennis courts and the stadium's building.

The Township Council pushed through introduction of the spending plan in January to speed along the process, even

before Buckley presented details of the plans.

Councilmen Jerry Digori and Victor Canning, members of the Council recreation committee, met with Buckley before presenting specific plans for each site. Barbara Lawton of Bruno Associates, who had masterfully handled all township grant applications, helped the township obtain part of the \$120 bond issue passed in November, making Green Acres funds available. The township solicited letters of support from the county, along with all organizations that use the fields, including the local PTA's, the Board of Education and surrounding towns, as requested by Lawton.

Preliminary working plans have been presented by architect Dean Marchetto, which now will be fitted to the amount received by Belleville. The Green Acres funding for this 1994 application are 50 percent grant and 50 percent loan, because Belleville qualifies as an Urban Aid municipality. The loan is at 2 percent interest.

Thanks to the efforts of this year's Council, including outgoing Council members Scaperrotta, Bill Cook and Thomas Spillane, Belleville will shape up as a much more attractive location prospective home for young couples looking for a safe, recreational area for young children. Both the playgrounds and the stadium results prove that persistence, even for those no longer involved in the decision-making process, pays off.

Drug testing for public employees: entrusted with a higher standard

A persuasive argument can be made against the state's mandate that the Council must conduct drug and alcohol tests randomly for 25 percent of the total town employees this year as part of a state mandate for a drug and alcohol free workplace. The bottom line, however, is that public employees can, and should, be held to a higher standard of conduct, since they are paid with public funds.

As part of the state's program, department heads can remove an employee suspected to be under the influence if they are seen to be moving in an inappropriate or possibly hazardous manner. If the person is found to be under the influence, a rehabilitation program will be implemented. If the person comes forward of their own accord, they will sent for rehabilitation, but if they are found to be under the influence through random testing, they are subject to disciplinary action.

Councilman Bill Cook has an excellent suggestion to seek out a shared service plan with other municipalities to reduce the cost of the testing, which is \$750.

The drug tests are designed to help prevent accidents and injuries from drug or alcohol use by town employees while on

the job, along with protecting the citizens of a municipality from any safety dangers that may occur from an employee under the influence of drugs or alcohol. Every effort will be made to ensure that tests are accurate and fair.

If the testing firm hired by the township is in error on the test, the town is not charged for a retest, and the town cannot be held responsible for any claims that are shown to be negligent, fraudulent or in some other way in error. The township provides the testing company with indemnification if the town is found to have altered the test, accidentally or otherwise.

The Board of Education is using the same company to complying with state and federal regulations calling for mandatory random drug and alcohol testing for all school bus drivers, where supervisors are to be trained about reasonable suspicion, and can take drivers out of work.

Perhaps over time those who seek employment for a municipality will accept that they are agreeing to be held to a higher standard. For the safety of everyone, we think the effort to make a drug and alcohol free workplace is worth the invasion of privacy.

'Positively Belleville'

By Richard Dickon

The quality of the people in Belleville made my time here worthwhile & memorable

It has been my privilege to get to know some of the best people Belleville has to offer during my two-plus years as Editor. As I prepare to move on to new challenges, I must indulge myself in some proper goodbyes:

Eileen Brown - Probably the most dependable, honest and hard-working person I have known in Belleville, Eileen shared my belief that, above all, what is best for Belleville reigns over every other consideration. Without her, I would not have met many of the other fine people I will mention here. If I were looking to start a Chamber of Commerce, Eileen is the first person I would call.

Isobel Villano - One of the first people who really made me feel welcomed here, Izzy was and is a walking, talking illustration of the slogan, "Good Things are Happening at Belleville Schools." Her work with the School #3 Stock Market Club and Family Science club embodies both the innovation and dedication that is the rule, rather than the exception, among Belleville's teaching personnel.

Barbara Cicalese - Barbara's already had her own column, but I have to say one more time how refreshing it was to deal with an elected official who speaks her mind with little regard to fashionable politics or ruffling the feathers. Her dedication to the children of Belleville, through the Home and School Association, the school board and as president of the Belleville Alliance for Substance Education (BASE) would speak for itself, but Barbara has always spoken for herself.

Bill Cook - Out of all the elected officials I've dealt with, in Belleville and beyond, Bill is the one person who never dodged a question, even if only answering off the record. His value to the Council may only be felt a year or so after he's left, especially at budget time. No one kept a closer tab on Belleville's finances. Bill was a public servant who put the emphasis more on service than being in the public eye, refusing to yell to loudly about his hard work and accomplishments. That made the accomplishments no less worthy.

Tom Fuscaldo - Tom is the school board's, and zoning board's answer to Bill Cook, never failing to offer an opinion. Both of us are the fathers of

young children, and I always felt that Tom and I shared similar concerns and hopes for the best future for our children. I hope that voters realize that and keep Tom around as long as he chooses.

Bob Molinaro - Bob starred in a deadly serious remake of "Mission Impossible" himself this year, getting longtime detractor Frank Montagna to support a school budget and selling the frugal budget and the hard work behind it to voters, reversing a three-decade trend of merciless budget bashing that has tied the hands of educators. Bob has set a standard for future budget committee chairpersons that will be hard to match.

Mary Lou Hood - There's a reason why Mary Lou has outlasted everyone else in Town Hall. Simply, she is a true and thorough professional who never denies a reasonable request for information. Her ability to disseminate charts and information on elections rights allowed readers of the *Belleville Times* to have a full and accurate look at voting results. She is a credit to the job of town clerk.

Jerry Digori - Jerry was married almost exactly one year before I was, and recently celebrated the birth of his first child. He represents the kind of young, forward-thinking person Belleville needs to have to move forward in the 21st Century, and I am glad that his dreams of renovating Municipal Stadium will have a chance.

Joseph Scaperrotta - No one suffered more unsubstantiated abuse while doing a better job as Council member than Joe. I look forward to seeing Joe return to the political stage in the future.

"Big Mike" Dowd - While refusing to accept so-called handicaps himself, Mike continues to ride to raise money to cure Multiple Sclerosis, while his smile and sunny attitude has continually cured what ailed me. Ride on, "Big Mike."

Finally, **Richard Ruffalo** - Is a husband, father, teacher, coach and exceptional role model. It has been a pleasure to write about Rich while the rest of the country has caught up to this man's greatness. I will carry his message about remaining a success in all the above-mentioned areas in spite of, even in defiance of, the loss of his eyesight.

Thanks to these persons and everyone in Belleville who has made me feel a part of this community. It has been my honor to serve you.

• **RECENT** Primary Elections in Bloomfield produced winners and losers. On the winning side were Second Ward incumbent Councilman John Stefaneli, a Democrat, and Third Ward Republican Councilman Gary Iacobacci, both defeating their opponents by a large margin. Stefaneli won his race 340-112, and Iacobacci trounced a Mayor Norton-supported candidate 425-210. Iacobacci's opponent in November will be Democrat Vinnie Esposito who beat Democrat Chairwoman O'Brien's candidate, Taylor Eskew. First Ward incumbent Democrat Councilman Henry Tuorto and Republican Charles Nankivell were nominated in uncontested races.

• **WITH** the help of former Nutleyite, Charlie Sherwood, who now resides with his wife, Dorothy, in Bedford, Massachusetts, and Nutley's Mayor for life, Harry

Chenoweth, we were able to identify individuals who made up the Draft Board for World War II. From left to right, Roscoe Symonds, past owner of the Belleville-Nutley Buick Company and former Town Commissioner; Bill Miller, President of Nutley's First National Bank; and John Carlin, insurance agent.

• **WE'RE** approaching press time - hours before Essex County Republicans decide who will be the new Essex County Republican Chairman to lead the party in this presidential year. Veteran Essex County Chairman John Renna has indicated his desire to give up his leadership. His projected successor is Jeanne Parke of Livingston - a first for females in Essex County and probably in the state. A teacher by profession, Parke has come up from the ranks, becoming a member of the Livingston Republican Committee in 1980,

and serving as Board Secretary to the Livingston Zoning Board of Adjustment since 1990. She earned her Master's Degree in Education and Counseling from Seton Hall University and has since completed post graduate studies at Seton Hall, Rutgers and Montclair State Universities.

• **HERE'S** one for the books out of Passaic County. The organization gave its hometown hero, Passaic County Freeholder Richard DuHaime, 80 percent of Republican votes cast. And - the surprising thing is that Governor Whitman endorsed one of DuHaime's opponents, Congressman Richard Zimmer. More surprising is the Passaic County Republican Committee where state Senator Joe Bubba was challenging the organization led by its peerless leaders, Sheriff Eddie Englehardt and GOP County Chairman Peter Murphy. Over 500 county committee votes were cast for re-election of County Republican Chairman Peter Murphy. Bubba received 4. Bubba lost his home district by a vote of 3-1.

YOUR OPINION

Drozdz thanks supporters

To the editor:

I would like to take this opportunity to thank my family, Campaign Committee, friends and citizens who helped elect me as Councilman in the 11th ward. Through hard work and dedication, we were able to achieve our goal. During my visit to your homes, I heard many issues that you were concerned about. I will still need your input to resolve

many of your concerns.

I also ask that Councilman Bill Cook share some of his on-going projects with the new Council, and I thank him for his six years of service that he has given to the Township. It is only with a joint cooperation can we move forward. I look forward to serving you.

Mario A. Drozdz
Councilman-Elect

Thanks to health officer Longo

To the editor:

With today's world and everyone complaining about things, I thought I would take this opportunity to speak up and commend someone. Special thanks to Belleville Health Officer Thomas Longo and staff for a job well done. The house and property that looked like a jungle now looks great. It took years to get that way and years to clean it up. See what perseverance and cooperation can do?

Officer Goldrick recognized

To the editor:

In the May 23 issue of the Belleville Times, you ran pictures of the Belleville Police Department awards.

In naming the police officers pictured, you neglected to name my nephew, Officer Patrick Goldrick. He was the next police officer shown after Jackie Hood.

I am very proud of my nephew and feel his name should have been mentioned.

Thanks for walking

To the editor:

Thank you for walking for someone you love. Thank you for giving New Jersey's and America's babies a better chance at a healthy start in life. Thank you for making the 1996 March of Dimes WalkAmerica a great success!

There are many wonderful reasons why people from Essex County walked and volunteers in 1996 WalkAmerica on April 28, but the best reasons are the precious babies in each person's life.

People walked and volunteered so that fewer babies will die before they reach their first birthdays. They walked and volunteered so that babies are born healthy and free of birth defects. They walked for someone they love.

More than 1,000 people gathered at Montclair State University to support the North Jersey Chapter of the March of Dimes during 1996 WalkAmerica -- the first, the oldest, the biggest and the best walking event in the country. Their tremendous "feet" raised more than \$100,000.

And we joined 12,000 walkers and volunteers throughout North Jersey to help the March of Dimes North Jersey Chapter raise more than \$1.1 million for healthier babies.

Every step you took at the March of Dimes WalkAmerica will help fund the March of Dimes Campaign for Healthier Babies and its program of C.A.R.E. -- Community services, Advocacy, Research and Education -- to help prevent birth defects and reduce infant mortality.

In addition to the many walkers, teams and volunteers who stepped out for healthier babies, we want to acknowledge the support of the sponsors who made WalkAmerica at Montclair State University a great success.

Many thanks to national sponsors CIGNA HealthCare, Dr. School's footcare products, and Kmart Corporation, and to North Jersey presenting sponsor CIGNA HealthCare and major sponsors Giordano Paper Recycling Corporation, Merck & Co. Inc.,

Prebon Yamane, Matsushita Electric Corporation of America and United-The Children's Hospital of New Jersey.

Local sponsors deserving a pat on the back include radio station Mix 105 FM; Automated Data Processing; Bederson & Company; Cablevision of Newark; Chemical Bank New Jersey; Gannett Outdoor; Kiwanis Club of Montclair; Leisure Time Spring Water; Lexpert; Newark Fraternal Order of Police; Prudential Insurance Company; Ravin, Sarason, Cook, Baumgarten, Fisch & Rosen, P.C.; Worrall Community Newspapers; and radio

station WBGO, 88.3 FM.

Thank you for stepping out for mothers and babies in Essex County, and for helping New Jersey's babies to be heard loud and clear.

Florence Wint Will Have Art Show

During the month of June, the Belleville Public Library and Information Center, 221 Washington Avenue, Belleville, will exhibit the etchings of Florence Wint of Maplewood in the Trustees Gallery. Fantasy, humor and spontaneity are integral to her artistic process and evident in her etchings, which were used for the illustrations of the Harper Collins book, Cowboy Ed. Cowboy Ed describes a topsy turvy world where all we take for granted is reversed. For example, horses ride humans and incubate eggs. Wint's etchings have the naivete and energy of folk and primitive art, but also offer an offbeat sophistication that presents a sly comment of human inhibition and propriety.

The artist earned a B.S. degree from New York University and an M.A. in Fine Arts from Columbia University. She has furthered her studies at the Art Students League where she was awarded a John Sloan Scholarship to study printmaking.

Auditions for film Saturday

The producer of a modern-day version of Charles Dickens' classic "Great Expectations" is calling children ages 9-11 from Belleville, Bloomfield, Glen Ridge and Nutley to attend open auditions to be held Saturday, June 15, from 10 a.m. to 4 p.m. at the Palladium, 126 East 14th St., New York City.

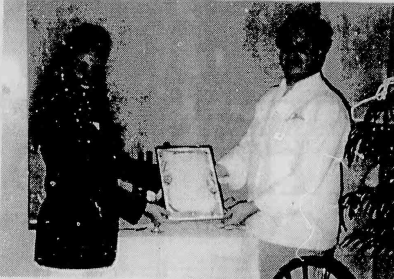

The Palladium is located between Third and Fourth avenues. No previous acting experience is necessary; the producer, Art Linson, said he is looking for "kids with a very real and naturalistic quality" who are emotionally mature without being physically mature. They are requested to bring photos to the audition.

Publisher Asha Kurián, a Bloomfield native, has already been to several schools in the area

to recruit young actors for the film. Two roles are to be cast. One is Pompey, described as "a bold young boy with guts and sensitivity, who remains strong in the face of fear." He should have brown hair and blue eyes, the producer said.

The other role is Estella, described as "a very beautiful and sophisticated young girl" who, despite her wealth and good looks, remains a sad and lonely child. She should have blonde hair and blue eyes, according to the producer.

Both characters are 10 years old. The film, which will be produced this summer, will star Robert DeNiro as Arthur Lustig, an escaped prisoner; Ethan Hawke as the older Pompey and Gwyneth Paltrow as the older Estella.

Italian-American fare with class

Nutley native Ken Mahon opened American Bistro on Washington Avenue, Nutley, almost a year ago.

A chef with 20 years of experience in such fine restaurants as Bellissimo's in Little Falls and Spertuto's in Belleville and owner of the Metropolitan Bar and Grill in Lyndhurst, he prepares Italian-American fare for a steadily-growing clientele who recognize they have found a gem of a restaurant right around the corner.

Concentrating on quality, variety and presentation, he offers free-range chicken, milk-fed veal, Black Angus strip steak, fresh seafood and a variety of pasta dishes,

including homemade ravioli — and all at most affordable prices.

Dessert is worth saving room for, including the house specialties, cream brûlée and tiramisu.

Private parties or luncheons for up to 65 guests can be accommodated. Staying in for dinner? Mahon can provide meals for take-out diners and also handles off-premises catering.

Nutley has a secret in Ken Mahon's American Bistro. The sooner you visit, the sooner you'll return.

American Bistro is located at 24 Washington Avenue. Call 235-0505.

20th Century flute music concert set

HOROSCOPES

June 16-22

ARIES — March 21/April 20
Take some time to figure out the pattern of someone's behavior and you'll be better equipped to deal with it in the future. Careful observation is key. Someone who you thought was nice will do something to alter your opinion. Change in the workplace will only mean advancement for you.

TAURUS — April 21/May 21
Single Tauruses will be in for a romantic rollercoaster ride this week. Although you may enjoy the excitement, it also may prove to be emotionally draining. It's not the time to wear your heart on your sleeve. Being a team player is the key to success at work this week.

GEMINI — May 22/June 21
A small change will make a big difference at home. You'll wonder why you hadn't thought of it sooner. Keep your spontaneity aside at bay when it comes to shopping. There may be a reason to delay big purchases. A friend from your past will resurface. Your social life is on a rise.

CANCER — June 22/July 22
Minor health problems could keep you from doing what you want this week. Ride it out and you'll be back to your old self in no time. If you're hosting a party in the near future, now is the time to think up a creative menu. Find a way to "wow" your guests. Give an old friend a call.

LEO — July 23/August 23
If a new love interest has done something to disappoint you, don't be so quick to pass him/her out the door. A bit of forgiveness on your part does not have to mean playing the fool. At work, a crisis situation will present a challenge. Keep your cool and you'll be able to handle anything.

VIRGO — Aug 24/Sept 22
Time spent with loved ones will ease the pressures of daily life. On Tuesday, you'll have the opportunity to turn a bad situation into something positive. Just call upon your creative side. Later in the week, avoid starting something you can't finish. A Cancer offers good advice.

LIBRA — Sept 23/Oct 23
Early in the week, follow the motto "haste makes waste." Put quality above quantity when it comes to work projects. A pleasant surprise midweek will help you forget about the tensions of the day. If you're a parent, learn to be firm when disciplining children. A visit with family gives the weekend a pleasant note.

SCORPIO — Oct 24/Nov 22

If you're looking for a new job, this could be your lucky week. Being in the right place at the right time could lead to success. In matters of love, honesty is the best policy. Even little white lies could get you into trouble! When dealing with family, a little kindness will go a long way.

SAGITTARIUS — Nov 23/Dec 21
A chance meeting with a long-lost friend could lead to a rekindled friendship. Make the effort to keep in touch. An uncooperative work associate could bring out your ugly side if you're not careful. Keeping cool and standing tall is the best revenge. A dream proves revealing.

CAPRICORN — Dec 22/Jan 20
An energetic mood will get you through your busy workload this week. You'll feel more productive than you have for some time. A surprise visit from an old friend will brighten the later part of the week. Romance highlights the weekend. Scorpio plays a large role.

AQUARIUS — Jan 21/Feb 18
What came easily at one time may give you trouble this week. Instead of fighting it, recognize your low and focus on something else. A difference of opinion with a loved one could cause trouble in paradise. Be fair but stand your ground. A tough decision will make Friday memorable.

PISCES — Feb 19/March 20
Cooperation is key to success at work this week. Don't be afraid to share your knowledge. You'll have more to gain than you realize. A family gathering later in the week will shine the light on a troubling situation. A mature way of looking at things is the best way.

Auction gallery to help homeless people with AIDS

The Rose Hill Auction Gallery, Limited of Englewood will hold a quality estate auction to benefit Bailey House, Inc., on Saturday, June 22 at the Pulaski Home of the Polish American Club, South-hampton, N.Y.

The gallery will donate a portion of its proceeds from the sale of antiques to the New York-based organization which provides housing to people with AIDS.

"We are trying to help people living with AIDS to live as fully and as independently as possible," said Judith Lipton, owner of the Rose Hill Auction Gallery.

The Bailey House was founded

in 1983 by a group of volunteers to address the reality that a growing number of people with AIDS were losing their homes as a result of having the disease.

When Bailey House was founded, there had been fewer than 1,000 cases of AIDS diagnosed in New York City. Today the toll has risen to over 75,000.

"The crisis of AIDS and homelessness continue to have devastating effects in New York City," said Lipton who also owns Rose Hill Limited in Eastport, Long Island. "There are about 10,500 to 36,000 homeless people infected with HIV."

Belleville Police Blotter:

* Nelson Nodar, 31, of Metuchen and Jewel Dill, 38, of Belleville for possession of a controlled dangerous substance and drug paraphernalia June 4 on Washington Avenue.

Officer Pinto and Marotti found Nodar kneeling down looking for something in an open car.

When Nodar saw the police, he crawled around the car and into a house, police said.

When the officers searched Nodar they found two packets of heroin which were marked, "Red Lion", one clear vial of cocaine and a hypodermic needle, police said.

Police searched Dill (who was in the house) and found a hypodermic needle in her pants, police said.

* Antonio Manuel Ortiz, 39, of Newark was arrested for possession of CDS June 4 on Union and Mill streets.

Officers Andreotti and Melillo found a bag of marijuana in Ortiz's possession.

* Ruth Naomi Velazquez, 28, of

Newark and Maria Santiago, 27, of Newark was charged for possession of a weapon and possession of CDS June 6 on Union and Mill Streets.

Officers Giordano and Passarella stopped Santiago's vehicle and noticed Santiago toss out a

needle from the vehicle.

Velazquez had a compass in her pants which is considered a weapon, police said.

Also found on Santiago were packets of heroin which were marked "Top Dog."

Local student wins national AAA safety poster contest

When it comes to creating posters with a life-saving message, 84 area students know the art of safety. They're winners in the 52nd annual National AAA School Traffic Safety Poster Program. Kathryn Damon of School #3 is Belleville's winner.

More than 70,000 posters illustrating traffic safety themes were entered in the program. Only one percent of these entries received national awards.

"Each year, students spend hours creating posters for the contest,"

said Paul Kielblock, safety manager for the AAA New Jersey Automobile Club in Florham.

"We're very proud of their effort and believe the contest helps us learn how they can protect themselves against traffic accidents—the leading cause of death among young people."

All 84 students and their art teachers will be recognized at an awards reception at The Morris Museum, 6 Normandy Heights Road, Morristown on June 11 at 10 a.m.

Rent-To-Own Products Solution To Staying Out Of Debt

(NAPS)—More and more, Americans are carefully watching what they spend in hopes of staying out of debt.

One way to do this is by taking advantage of rent-to-own products and services. Today, you can rent just about anything you can buy including televisions, computers, home appliances and furnishings and cellular phones.

There are about 7,500 stores nationwide that offer a unique choice: To rent with the opportunity

of owning the item later. More than three million Americans a year are now enjoying the flexibility and convenience of this relatively new consumer option. It may make sense for you, especially when unavailable cash or credit is keeping your family from buying what it needs.

Some of the perks of rent-to-own products and services include full service and repairs, no obligation to buy, the ability to return the item at any time and no interest charges.

Family practice physicians fight the tar wars

Physicians from Mountainside Hospital Family Practice Associates have teamed up with students from the H.B. Whitehome School in Verona to fight the Tar Wars.

Tar Wars is a national pro-health tobacco education program which aims to discourage pre-teens from starting to smoke cigarettes. Two resident physicians from the Verona-based Mountainside Hospital Family Practice Associates recently presented the program to fifth graders at the Whitehome School.

Mountainside Hospital Family Practice Associates is the second group in the state to participate in Tar Wars.

"Sixty percent of all high schoolers who smoke are already addicted and will most likely be lifelong smokers," said Dr. Tracy Brobyn, one of the residents who presented the program.

"The goal of Tar Wars is to educate children before they reach junior high — a time when many start to smoke — so that we can teach them about the ill effects of smoking," she said.

Tar Wars is an interactive program that includes a discussion of the messages sent by cigarette advertising, an activity worksheet that shows smokers are in the minority, a demonstration of how it feels to be a smoker, and a discussion of the short-term effects of smoking.

"Teaching children of this age about the connection between smoking and cancer and heart disease isn't realistic, so we discuss the short-term effects, such as yellow teeth, holes in clothes, smelly hair, coughing, and 'its cost,'" explained Dr. Kathy Duncan, the other resident who presented the program.

The Tar Wars program given at the Whitehome School also included

ed a poster contest, which was won by Giselle Vitality of Verona. Giselle's poster will now be entered into a statewide contest. If it captures the top New Jersey prize, it will compete against others from throughout the United States, with the winner receiving a trip to DisneyWorld.

Dr. Brobyn first heard about Tar Wars during a board meeting of the New Jersey Academy of Family Practice, of which she is a resident board member. She and Dr. Duncan approached Dr. Sofia Anthony, director of Family Practice at Mountainside Hospital, Glen Ridge/Montclair, with their idea to bring the program to a local school.

"This type of program is important for our community in three ways," says Dr. Anthony.

"First, the children benefit from the education. Second, it is essential for residents who are learning to become family practitioners to get involved in caring for the health of their community. Third, because these residents will soon be in private practice, they will have to help discourage their patients from starting to smoke or help them to quit. Drs. Brobyn and Duncan enthusiastically brought this program to me and will now be expanding it to more schools in the fall," she said.

Mountainside Hospital Family Practice Associates hopes to involve not only physicians in future Tar Wars presentations, but to encourage other local health care practitioners — such as nurses and medical technologists — to take part in bringing it to area schools.

If you are interested in learning to present Tar Wars or in having your school participate in the program in the fall, call Dr. Brobyn at 746-7050.

IT'S A JUNGLE OUT THERE!

What you don't know can hurt you

Remember a few years back when you took out that insurance policy for your new car? It wasn't as simple as signing your name and writing a check. You had to make a lot of choices. For the first time there were many options, mandated by the State. Each year, when your renewal arrives, there is another form, again offering you the opportunity to modify your coverage.

Pat Little, Esq., Al Rossi, Esq., and Joy Spiel

The most significant of the choices you made was whether to take the Lawsuit Threshold or No Threshold. What do these terms even mean? A policyholder who opts for the Lawsuit (a.k.a. Verbal) Threshold will pay a reduced premium in exchange for a waiver of their right to sue for all but the most serious of injuries. There are nine types of serious injuries. They include death; dismemberment; significant disfigurement; a fracture; loss of a fetus; permanent loss of use of a body organ, member, function or system; significant limitation of use of a body function or system; or medically determined injury or impairment of a non-permanent nature which prevents the injured person from performing substantially all of the material acts which constitute that person's usual and customary daily activities for not less than 90 days during the 180 days immediately following the occurrence of the injury or impairment. The reduction in premium may be trivial compared to the legal rights lost.

Unfortunately we have found that most people make their selection without really knowing what they are choosing. First, the term itself, Lawsuit Threshold implies that this option will preserve your right to file a lawsuit, when in fact the opposite is true. Actually, you give away your right to sue except under the limited circumstances described above.

Here's a typical situation: You're sitting at a red light. Some inattentive driver speeding along in his/her own world is too disinterested to notice the red traffic light and crashes into the rear of your car, throwing you, the victim, around inside. You spend several frustrating hours at the local emergency room. Nothing is broken but you hurt and have pain all over.

You miss a week of work. You go to the doctor and he starts you on physical therapy — three times a week. Meanwhile you are driving a too-small rental car while you argue with the body shop about repairs to your car. After a few months of treatment, your doctor discharges you and says you will have to learn to live with the residual pain unless you want surgery.

To add insult to injury you can't file a claim because you chose the Lawsuit (Verbal) Threshold. On the other hand, had you informed us that you had chosen the No Threshold (a.k.a. zero threshold) then the person who hurt you would be paying for the pain, distress, and anguish he/she caused.

Which fate would you prefer? Remember your selection affects not just you, but also your spouse, your children, and those who reside in your household who do not have their own individual insurance policy.

Don't you think it's time you made an informed choice? Call us. We are here to help. If you make an appointment, we will review your current automobile insurance policy at no charge to assist you.

'Squeaky Clean' carpets

Are you tired of paying an arm and a leg to get your carpets cleaned right? The new company on the block is Squeaky Clean Carpet Cleaning. The owner, Art Velotti, was raised in Bloomfield and now resides in Glen Ridge. He is the vice-president of the Glen Ridge Athletic Association, which is a volunteer-based organization that provides sporting events for children from pre-k through the 8th grade. Art Velotti is known in his hometown as a volunteer with a heart of gold.

He started this carpet cleaning service to serve the needs of all the communities that are being ripped off by the large companies, which give you a base price, then add to it with expensive services you may or may not need. Art is right up on the table with his prices. Unlike his competition, Art will first shampoo the carpets and rugs and then steam clean them. This process deep cleans the carpets better than just steam cleaning alone. The prices his competitors charge are for steam cleaning only.

Squeaky Clean Carpet Cleaning is also licensed by 3M to apply Scotchgard protection to carpets and upholstery. Art Velotti is a professional carpet cleaner who is honest, dependable and offers a satisfaction guarantee. If you are not completely satisfied, he will come out and redo the job free of charge. Art does all the work himself and is fully insured. All the work is done at your home or office. He offers a 10% discount to all senior citizens. Art is also an upholstery cleaning and stain removal specialist.

Art Velotti offers the special spring cleaning prices on this page along with his regular prices because he lives by the slogan of "no hidden costs." Squeaky Clean wishes to service everyone at a very reasonable price. So keep him in mind for spring cleaning, pre- and post-party clean-ups and post construction clean-up. Free free to call Art or his wife Donna for a free estimate or for an appointment at (201) 743-1122. Squeaky Clean is a service oriented company with flexible hours to meet your needs.

Pictured at the Chest Pain Center's recent open house at Mountainside Hospital are, from left, Susan Field, R.N., nurse manager, Emergency Department; Dr. Kenneth Bannerman, M.D., chief, division of Cardiology; Kathleen Morgan, R.N., director, Cardiac Services; Dr. William Indruk, M.D., Emergency Department; Nancy Bonnet, R.N., charge nurse, Cardiac Intensive Care Unit; and Dr. John DiFilippo, M.D., attending cardiologist.

Mountainside opens Chest Pain Center

Each year, 1.5 million people in the United States suffer heart attacks, which translates into approximately one American every 20 seconds.

Because of medical developments in the past decade, doctors can now intervene at times to turn a potentially massive heart attack into a mild heart attack, or to prevent the heart attack completely before any heart damage occurs.

In an effort to reduce the number of deaths and disabilities resulting from heart attacks, Mountainside Hospital in Glen Ridge has opened a Chest Pain Center, housed within the hospital's Emergency Department.

The goals of the Chest Pain Center are threefold: to evaluate and quickly treat potentially dangerous chest pain, to prevent heart disease through community educational programs and to rehabilitate patients through the hospital's Cardiovascular Fitness Center.

When someone comes to Mountainside's Emergency Department complaining of chest pain, he or she is examined and evaluated by a nurse and physician specializing in emergency medicine.

The patient's primary care physician or one of Mountainside Hospital's cardiologists may be called in for a consultation. Depending on the severity of the patient's condition, he or she is admitted to the hospital's cardiac care or telemetry unit, or is monitored and observed for up to 12 hours by a specially trained nurse in the Chest Pain Center until it is medically safe to go home.

"One of the Chest Pain Center's main objectives is to improve health care communication

between us and our community," said Dr. John DiFilippo, M.D., an attending cardiologist on staff at Mountainside, who served on the task force to establish the Chest Pain Center.

"Through educational programs and seminars, we are going to help people prevent heart disease by demonstrating healthy lifestyle choices, and by teaching them to recognize the warning signs of a heart attack so that they will seek medical attention promptly," he said.

According to Maria DeLauro, R.N., director of Critical Care Services, "Health care has evolved so that today our main responsibility is to keep people well. We want to get our community members on the 'prevention treadmill' early enough so we will be bringing our educational programs into neighborhood schools and other organizations."

In partnership with the Chest Pain Center is Mountainside Hospital's Cardiovascular Fitness Center, which offers a cardiac rehabilitation program for those who have stable angina, have had a heart attack, or have undergone angioplasty, bypass surgery, or transplantation; a graduate program for those who have completed the rehabilitation program but would like to continue exercising under medical supervision; a community exercise fitness program; and the Totally Teens after-school fitness and education program for adolescents.

March of Dimes offers 'Back to Sleep' SIDS kits

A study released recently indicates that soft bedding continues to be a cause of sudden infant death syndrome (SIDS), or "crib death."

The problem occurs when babies sleep on their stomachs in soft bedding, such as pillows and comforters, and re-breathe carbon dioxide trapped in the bedding. Nearly 6,000 infants in the United States die of SIDS, once commonly referred to as "crib death," each year, making the condition the major cause of death among babies between the ages of one month and one year.

For the past two years, the March of Dimes Birth Defects Foundation has joined with a coalition of federal and private agencies to promote "Back to Sleep," a national education campaign to teach parents to put healthy babies on their backs or sides to sleep in order to help reduce the risk of SIDS.

The March of Dimes is offering "Back to Sleep" kits to the public at no cost. The kit consists of a hospital take-home reminder card for new mothers; crib stickers; and a brochure for parents, babysitters and others responsible for the care of young infants and babies.

To request a free "Back to Sleep" kit, call the March of Dimes North Jersey Chapter at 882-0700.

Traditionally, American parents have placed their babies on their stomachs to sleep. It is the goal of the "Back to Sleep" campaign to reverse this practice and to have all healthy babies sleeping on their backs or sides. This includes naps as well as nightly sleep.

The recommendations for healthy newborns to sleep on their

backs or sides were first made by the American Academy of Pediatrics in 1992. At that time, there were still some concerns about possible adverse effects from sleeping on the back, such as choking or an increase in cases of aspiration pneumonia. Since 1992, however, more information has become available from international data on sleeping position in relation to SIDS, and from preliminary data in the United States.

According to the campaign, there are a few infants, such as those born premature or with certain birth defects, or those experiencing excessive vomiting or breathing problems, for whom the face-down sleep position may still be preferable. Parents and infant caregivers should consult their doctor about which sleep position to use for these babies.

The March of Dimes "Back to Sleep" health education campaign is continuing during 1996 to help build greater awareness among parents, as well as infant caregivers and baby sitters. The "Back to Sleep" campaign provides the American public with the most promising intervention ever presented to help reduce the number of babies who die each year of SIDS. The "Back to Sleep" campaign hopes to reduce the number of babies who sleep face down from 45 percent to below 10 percent.

For more information about sudden infant death syndrome, the "Back to Sleep" campaign or to request a free "Back to Sleep" kit, call the March of Dimes North Jersey Chapter at 882-0700.

English 'high tea' makes wedding reception unique

Want to make your once-in-a-lifetime event even more special? Expert wedding planner Don Altman suggests a high tea as a way to make the reception unique.

A high tea is an Old World custom dating back to England in the 1800s. It's gaining popularity today among U.S. wedding planners because it lends a distinctive, elegant and creative touch to late morning or afternoon weddings, while still keeping all the traditional values and historical meaning of the wedding ceremony.

Traditionally, a high tea contains a combination of savorys and sweets. The savorys, consisting of such things as sandwiches and appetizers, are the equivalent of a first course. One traditional high tea sandwich is the English cucumber and tomato sandwich on brown bread with butter. There's also a delectable variety of puffs and pastry cups filled with chicken salad and garnished with fresh herbs and squash. High teas also include fresh cheeses to spread on vegetables.

Sweets at a high tea can be presented with the cake cutting or with the savorys. One very traditional sweet is English chocolate chip pound cake served with fresh strawberries. Mushrooms dipped in caramel and chocolate can be added as a garnish. For another tasty tea dessert, try light-as-air, custard-filled puffs drizzled in chocolate. Scones are sweet biscuits that are usually served with clotted cream or Devonshire cream plus a variety of jams and fruit but-

ters. In England, they split the scones in half and spread on the goodies.

Beverages served at a high tea include the traditional Earl Grey or other hot tea, as well as coffee, if desired. In addition, a sherry is usually served with both savorys and sweets.

For those people unfamiliar with a high tea, the quantity of food served is substantial enough to feed the hungriest guests. Plus it provides a variety of foods not usually found at a typical wedding meal.

The high tea allows for additional site flexibility since most of the items are prepared in advance and do not require a full kitchen. High teas require fewer servers, so this may be an added bonus to the budget.

Some caterers provide beautiful linen, silver and china as part of their service; others charge for renting these items. So always find out what's included. Most important, be sure to sample the caterer's food in advance.

Altman has written a book, *151 Unique Ways to Make Your Wedding Special*. It includes ideas for bachelor parties for real men, entertaining bridal showers, innovative invitations, table decorations, music and entertainment, photography and sensational locations. Most helpful is a wedding resource guide which lists toll-free numbers for catalogs, quality wedding products and services, and even computerized bridal registries.

English 'high tea' makes wedding reception unique

Want to make your once-in-a-lifetime event even more special? Expert wedding planner Don Altman suggests a high tea as a way to make the reception unique.

A high tea is an Old World custom dating back to England in the 1800s. It's gaining popularity today among U.S. wedding planners because it lends a distinctive, elegant and creative touch to late morning or afternoon weddings, while still keeping all the traditional values and historical meaning of the wedding ceremony.

Traditionally, a high tea contains a combination of savories and sweets. The savories, consisting of such things as sandwiches and appetizers, are the equivalent of a first course. One traditional high tea sandwich is the English cucumber and tomato sandwich on brown bread with butter. There's also a delectable variety of puffs and pastry cups filled with chicken salad and garnished with fresh herbs and squash. High teas also include fresh cheeses to spread on vegetables.

Sweets at a high tea can be presented with the cake cutting or with the savories. One very traditional sweet is English chocolate chip pound cake served with fresh strawberries. Mushrooms dipped in caramel and chocolate can be added as a garnish. For another tasty tea dessert, try light-as-air, custard-filled puffs drizzled in chocolate. Scones are sweet biscuits that are usually served with clotted cream or Devonshire cream plus a variety of jams and fruit but-

ters. In England, they split the scones in half and spread on the goodies.

Beverages served at a high tea include the traditional Earl Grey or other hot tea, as well as coffee, if desired. In addition, a sherry is usually served with both savories and sweets.

For those people unfamiliar with a high tea, the quantity of food served is substantial enough to feed the hungriest guests. Plus it provides a variety of foods not usually found at a typical wedding meal.

The high tea allows for additional site flexibility since most of the items are prepared in advance and do not require a full kitchen. High teas require fewer servers, so this may be an added bonus to the budget.

Some caterers provide beautiful linen, silver and china as part of their service; others charge for renting these items. So always find out what's included. Most important: be sure to sample the caterer's food in advance.

Altman has written a book, *151 Unique Ways to Make Your Wedding Special*. It includes ideas for bachelor parties for real men, entertaining bridal showers, innovative invitations, table decorations, music and entertainment, photography and sensational locations. Most helpful is a wedding resource guide which lists toll-free numbers for catalogs, quality wedding products and services, and even computerized bridal registries.

Belleville SPORTS

Mayer named 'Coach of the Year'

Quad-town all-star softball selections

Selected by the Orechio Publications Sports Staff

Bloomfield's Kristen Gengaro has been selected as the "Quad-town Softball Player of the Year" for the second consecutive year, and Bob Mayer of Bloomfield has been chosen "Coach of the Year."

The purpose of the All-Orechio Tennis Team is to recognize the achievements of the area's best softball players and highlight their achievements from this past spring season. Four towns comprise the All-Orechio Publications Softball team, which consists of players from Belleville, Bloomfield, Glen Ridge and Nutley.

Gengaro was chosen for the second consecutive year as "Softball Player of the Year" for the dominance that she brought to the diamond not only this season, but last year. Gengaro compiled a record of 20-6, which consisted of 14 shut outs. She also tossed four one hitters and another four two-hitters.

This spring, Gengaro lowered her earned run average to 0.77 from 0.88 a year ago. She struck out 141 batters this spring in 155 innings of work, while in 1995 she punched

out 210 batters in 183 innings.

Gengaro ended her spectacular diamond career at Bloomfield with a record of 82-17. She is planning to attend Yale University in the fall and will undoubtedly baffle the Ivy League with her abilities.

Mayer has also been selected for the second straight year as "Softball Coach of the Year." Mayer shared the honor last year with Nutley's MaryAnn Pagana.

After beginning the season with a dismal 4-4 start, the Lady Bengals pulled together to win 18 of their last 20 games for a final record of 22-6.

Under his guidance, Bloomfield has had a run of 155-47 over the last seven years and with the current group of seniors, the Lady Bengals compiled a 95-17 record over a four year period.

This year, Bloomfield was the only team in the Quad-town area to garner a championship, as the Lady Bengals were crowned the Northern New Jersey Interscholastic League - Atlantic Division champions.

Gengaro is 'Player of the Year'

Kristen Gengaro

First Team
Bloomfield H. S.
Pitcher
Senior

Kristen finished the 1996 season with a 20-6 record with 14 shutouts. She registered an ERA of 0.77 and fanned 141 batters. She ended her career with a mark of 82-17.

"Although we had a disappointing season, we came together as a team both on and off the field."

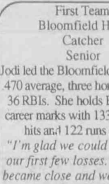

Danielle DeFilippis

First Team
Nutley H. S.
Pitcher
Junior

Danielle compiled a record of 14-9 and earned first team NNJIL honors. In 157 innings of work, she struck out 79 batters.

"We worked really hard to come together as a team, and put out a strong effort against the better teams."

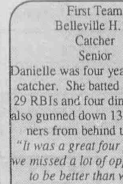

Jodi Baumgardner

First Team
Bloomfield H. S.
Catcher
Senior

Jodi led the Bloomfield bats with a 470 average, three home runs and 36 RBIs. She holds Bloomfield career marks with 133 RBIs, 141 hits and 122 runs scored.

"I'm glad we could back from our first few losses. The team became close and we picked up the play."

Danielle Brodo

First Team
Belleville H. S.
Catcher
Senior

Danielle was four year starter at catcher. She batted .474 with 29 RBIs and four dingers. She also gunned down 13 of 17 runners from behind the dish.

"It was a great four years, but we missed a lot of opportunities to be better than what we were."

Rachel Miscia

First Team
Glen Ridge H. S.
Infield
Senior

Rachel was a four year starter at first base for the Ridgers. She batted .403, hit two homers and knocked in 27 runs.

"This year we had our ups and downs, but throughout it all, it's been a memorable season."

Michelle Reilly

First Team
Bloomfield H. S.
Infield
Sophomore

Michelle led Bloomfield with 40 runs scored and 39 hits. She swiped 34 of 36 bases, batted .464 and drove in 25 runs, while playing short stop.

"We played very well this season and I will miss the seniors very much."

Kim Mahoney

First Team
Belleville H. S.
Infield
Junior

Kim moved to short stop from centerfield this season. She led the Bucs in hits and stolen bases while connecting for a .372 average. She was a first team NNJIL selection.

"The 1997 team will have better luck."

Desiree McFite

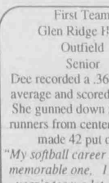

First Team
Bloomfield H. S.
Infield
Sophomore

Desiree recorded a .342 average on 26 hits with three round trippers. She led the team with 37 runs batted in. At first base she only committed two errors in 190 chances.

"I thought we played very well. I hope our success continues into next year."

'SOFTBALL PLAYER OF THE YEAR'. Kristen Gengaro led Bloomfield to 14 shutouts in 1996. She earned an earned run average of 0.77 and struck out 144 batters. While at Bloomfield, she compiled a record of 82-17.

Dee Marchetti

First Team
Glen Ridge H. S.
Outfield
Senior

Dee recorded a .362 batting average and scored 28 runs. She gunned down five base runners from centerfield and made 42 put outs.

"My softball career has been a memorable one. I wish next year's team a lot of luck."

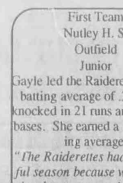

Jill Baker

First Team
Nutley H. S.
Outfield
Junior

Jill was a second team NNJIL choice. She batted .343 and recorded 19 ribbies, while maintaining a fielding average of .962.

"The team did very well this season and we achieved all the goals we wanted to reach."

Gayle Weber

First Team
Nutley H. S.
Outfield
Junior

Gayle led the Raiderettes with a batting average of .393. She knocked in 21 runs and stole 15 bases. She earned a .973 fielding average.

"The Raiderettes had a successful season because we worked hard to turn ourselves into a strong team."

Kristen Puzio

First Team
Nutley H. S.
Designated Hitter
Junior

Kristen was selected to the NNJIL first team. She maintained a .309 batting average and belted two dingers and six triples.

"I was proud of what we accomplished even though we didn't get a chance to win any championships."

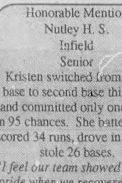

Christina Crescenzi

Honorable Mention
Belleville H. S.
Pitcher
Sophomore

Christina garnered 16 wins for the Bucs on the hill and was awarded second team NNJIL honors. She has 33 career wins and will be the key to next year's team.

"If we cut down on our errors, we will improve next year."

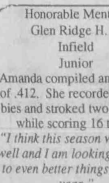

Kristen Goedecker

Honorable Mention
Nutley H. S.
Infield
Senior

Kristen switched from third base to second base this year and committed only one error in 95 chances. She batted .416, scored 34 runs, drove in 22 and stole 26 bases.

"I feel our team showed a lot of pride when we recovered from our offensive slump."

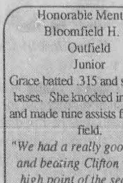

Amanda Sharenevjok

Honorable Mention
Glen Ridge H. S.
Infield
Junior

Amanda compiled an average of .412. She recorded 15 ribbies and stroked two homers, while scoring 16 times.

"I think this season went very well and I am looking forward to even better things for next year."

Grace Kelly

Honorable Mention
Bloomfield H. S.
Outfield
Junior

Grace batted .315 and shared 16 bases. She knocked in 18 runs and made nine assists from right field.

"We had a really good season and beating Clifton was the high point of the season."

Jessica Rotino

Honorable Mention
Belleville H. S.
Outfield
Junior

Jessica is the most improved player on the Belleville team. She was named second team NNJIL and batted .386 with 15 RBIs.

"We could've done better, but next year we will be back and better than ever."

Jen LaBadia

Honorable Mention
Glen Ridge H. S.
Catcher
Senior

Jen tallied a .400 batting average for the Ridgers. She batted in 14 runs and 16 times.

"This past season was very rewarding. I've enjoyed playing with the other four seniors for four years. Goodluck to the team and thanks for the memories."

Sarah Negra

Honorable Mention
Nutley H. S.
Infield

Sarah compiled a .361 batting average and recorded 20 ribbies. She also stole seven bases, while being very steady at second base.

"We had some impressive wins with a young team and next year we are looking to dominate."

Bob Mayer

"Coach of the Year"
Bloomfield H. S.
Seventh Season

Season Record: 22-6
Career Record: 155-47
Led Bloomfield to the NNJIL championship. Also defeated two number one ranked teams. "I was very proud of the way the team rebounded after getting off to such a slow start. The girls came together as a team after starting out 4-4 in win 18 of their last 20."

Belleville Rec announces Summer Playgrounds

The Belleville Recreation Department's summer playground program will begin June 24 and will continue through Aug. 2.

Under the Supervision of the Department of Recreation and Cultural Affairs, the five playground sites are located at School No. 9, the Municipal Stadium, the Recreation House, Clearman Field and the Friendly House. The special education playground is set up at the Belleville Little League Field.

The playgrounds will be open daily to all Belleville residents in Grades Kindergarten through 9 from 9 a.m. to noon and 1 p.m. to 4 p.m. Playgrounds are closed noon to 1 p.m. for lunch and when it rains.

While there are no restrictions as to which area a person must attend, generally youngsters attend the closest playground to their home.

An adult director will be on hand at each playground to organize athletics, games, tournaments, parties and other activities and an arts and crafts supervisor will travel from site to site to do special projects with the children one day each week.

Tentatively, tennis lessons, "Open Swim" and special tournaments are planned throughout the summer. These programs are all

pending the hiring of qualified instructors/supervisors and pending the availability of adequate facilities.

Applications for all summer program participants must be completed and signed by a parent. Registration forms will be available at the Rec House office and at all playgrounds. No pre-registration will be required; however, parents must accompany their children to

the playground on the first day so that application forms may be signed before participation.

There will also be a special event for all children ages 4-12 on July 4 at 10 a.m. at the Municipal Stadium.

For further information, call 450-3422. Special Education playground information may be obtained by calling 450-3494.

Junior Bucs football registration announced

here will be registration for the Belleville Recreation Department's 1996 Junior Bucs tackle football program at the Recreation House, 407 Joramelon Street, now through Aug. 2. Boys who will be seven years old before Sept. 1 and who will not be 15 before Dec. 31 are eligible. Those wishing to play tackle football must weigh a maximum of 145 pounds, and not older than the eighth grade.

Players will be broken down into three teams according to specific age/weight requirements as set by the All-County Youth Football League. This is Belleville's first year in the new league, and will tentatively play a nine-game season.

To register, players must obtain an application from their school or the Recreation Department office.

All completed applications with parent approval must be brought to the Recreation House by Aug. 2, with two passport size photos of the player and a copy of his birth certificate. All returning players from last year's team must re-apply.

Practices will begin around July 29. Children are advised not to register for more than one fall sport since Football, Soccer and Touch Football games and practice schedules conflict.

For the convenience of persons unable to register during regular day time office hours, registration will also take place at the Recreation office on Wednesday nights, 6 to 8 p.m., from June 12 to Aug. 7.

Call 450-3422 for other information.

Rec offers tennis lessons

The Belleville Recreation Department announces that tennis lessons will be provided free of charge to all Belleville youngsters ages 8 to 15.

Tennis lessons will be given at the Belleville Municipal Stadium on Monday, Wednesday and Friday mornings beginning June 24, for weeks (last day: Aug. 2). Participants must wear sneakers and provide own Racquet and Balls. The schedule is as follows:

Ages 8 - 11 from 9 to 10 a.m.
Ages 12 - 15 from 10 to 11 a.m.
Registration will take place at the courts. There will be no lessons when there is rain.

POLICE MAKE FRIENDS - Police Det.'s Mark Minichini and Michael Guiliano shared laughs and some very important facts about how police can help young persons stay safe. Above, at left, youngsters hanging on Minichini's every word include Patrick Manzo, Mary Jo O'Dronec, Juan Gonzalez, Jill Bryson, Lee Rogan, and Lauren Harper from Grade three, Mickey DaSilva and Kim Hernandez from Grade Two and Vanessa Castrillon, Jessenia Naranjo, Earl McDuffie and Sterling Sample of Grade One. Above, on the right, Minichini and Guiliano entertain Jose Montalvo, Jessenia Naranjo, John Cruz, Samantha Umar, Nicole Fields and Aelin Compton of Grade One; At below, left, Guiliano gets face to face with Patric Manzo, Stefanie Martinez, Irene Melchionne and Rafael Mayorga of Grade Two, Kim Hernandez, Enid Gonzalez, Steven Samuel and Jessenia Rodriguez of Grade Three, Jose Montalvo, John Cruz, Niel Patel, Jessenia Naranjo, Lacey Liland, Ashley DeFranco, Natalia Rosado and Aelin Compton.

Middle school has computer camp

The Middle School announces the creation of a Summer Computer Camp, which the school will host. The camp will be available to all Belleville students entering grades 3, 4, 5 and 6 in September.

The daily schedule will include: educational and creative computing, followed by a period of recreational activities away from the computer, and conclude with open computer time where campers may explore areas of interest. Four sessions will be offered from June 24 through July 26, with each session one week in length, running from 9 a.m. to noon daily.

For information, please call Lou Scanzillo at 450-3532.

Middle Schoolers help senior citizens finish spring chores

Middle School students once again are using their time to assist town residents, especially senior citizens, with springtime chores. The program is a year activity which has worked well in the past, reported Student Council Advisor Bill Hollis.

By performing such tasks as baby sitting, lawn mowing, yard and basement clean-up, shopping, raking leaves and other such jobs, the students find that they can actually maintain jobs for their customers during the summer months also, Hollis said. Many residents ask the students to return all summer long to help out some more. In this way, the students learn responsibility, and make a little extra spending money also.

The service is available only until the end of the school year, while the weather is nice, and while the students are available to be reached at school. Callers may leave their names, telephone numbers and addresses and type of work they may need to be done, and a student will get back to them. Call Belleville Middle School at 450-3532, and leave your message with one of the secretaries.

In Loving Memory Of Peter P. Golub First Anniversary June 15, 1995

A million times I think of you, A million times I cried, If love alone could have saved you, you never would have died. God saw you getting tired and a cure was not to be, so he put his arms around you and whispered, Pete, come to me. It broke our hearts to lose you but you didn't go alone, for part of us went with you, the day God called you home. There will never be another Hunumer.

Deeply loved & sadly missed,

TAKING ONE-DAYS

As the focus of taking vitamins and mineral supplements shifts from preventing deficiencies to optimizing health, there has been a virtual explosion in the number of vitamin/mineral products. For most people concerned with filling in basic nutrients, however, a generic one-day multivitamin-mineral supplement provides adequate insurance. Any brand that lists at least 100 percent of the U.S. RDA for all the major vitamins and minerals (with the possible exception of iron) is ideal. Those who think that it is preferable to pay higher prices for brands found in health food stores should bear in mind that the manufactured nutrients found in supplements are produced by only a few companies worldwide. Higher price, therefore, is no necessary an indicator of quality.

For a full selection of prescription and over-the-counter medications see us at ROSSMORE PHARMACY, 338 Washington Avenue (759-1956, 759-1968). "Your doctor knows Us-Your Doctor Trusts Us." Be sure to stop by for greeting cards, Russell-Singer candles, cameras, toiletries, and other items for Father's Day and graduation gifts. Open: Daily 9am-10pm, Sunday 9am-5pm. Have a very happy Father's Day.

HINT: Natural vitamin-mineral supplements offer no real advantage over synthetic products, except possibly natural Vitamin E (d-alpha-tocopherol) which is better utilized by the body.

Weichert, Realtors named marketing agent for Valley Crest Townhomes in Belleville

Upscale townhome living at affordable prices is proving a strong selling point for Valley Crest in Belleville, a new 43-unit townhome community located just minutes from key commuting arteries and within walking distance of shopping center.

The Caldwell/West Orange area Office of Weichert, Realtors has been appointed marketing

agent for Valley Crest, which offers starting prices from \$104,900. The community is now approximately 40 percent sold.

In commenting on the appointment, Ron DePiro, manager of the Caldwell/West Orange area Office, stated, "Our office is excited to introduce buyers to these outstanding contemporary style townhomes, which are very competi-

tively priced to offer an excellent value in the marketplace."

All Valley Crest townhomes stretch out spaciouly on three levels and feature two roomy bedrooms, one-and-one-half baths, a spacious living room, a formal dining area, a modern kitchen with oak cabinetry and custom selections, and a ground level attached garage. Basements are offered in some models. Every townhome also features sliding glass doors to a sundeck.

Indicative of the quality of lifestyle afforded at Valley Crest, the amenities highest on today's buyers' "wish lists" are included here as standard. Among these are beautiful and durable oak floors, central air conditioning, and security systems.

DePiro also pointed out that luxury upgrades and distinctive features, such as skylights, have already been included.

According to Weichert's Jim Cotugno, who is marketing Valley Crest with DePiro, the community's Belleville location places it "in the hub of everything." Cotugno elaborated, "All the main highways — Route 21, 3, 46 and 80, as well as the Garden State Parkway — crisscross in this area for easy

access to New York City and business centers throughout northern New Jersey. Valley Crest townhomes are just eight minutes to the Meadowlands Sports Complex and a short drive to the giant Willowbrook Mall. Locally, there's a large shopping center just 1,000 feet down the hill. It's an ideal location in every respect."

More information on the new townhomes at Valley Crest in Belleville is available by contacting Ron DePiro or Jim Cotugno at the Caldwell/West Orange area Office of Weichert, Realtors at 201-731-6064.
