Doctors, students form team

Help prevent pupils
from starting smoking

By Sarah Treffinger

Physicians from Mountainside Hospital Family Practice Associates have teamed up with fifth grade students to fight the "Tar Wars" and they plan to continue doing so.

Dr. Tracy Brobyn, M.D. and Dr. Kathyann Duncan, M.D. are the two residents spearheading this program, with the support of Dr. Sofia Anthony, M.D., director of Mountainside Hospital Family Practice Associates, which is located in Verona and works in conjunction with the Montclair/Glen Ridge hospital.

"Tar Wars" is a national pro-health tobacco education program targeted at fifth graders which aims to discourage students from starting to smoke cigarettes.

According to Brobyn, the program, which was developed by Doctors Ought to Care (DOC), began in 1988 by Jeffrey Cain, a chief resident in Colorado.

"Tar Wars" is an hour-long interactive preventive program that is made up of four parts. The first part consists of a question-and-answer period during which the doctors point out that people who smoke are actually in the minority.

The second part of the program outlines the short-term effects of smoking because, according to Brobyn, "Fifth graders can't relate to lung cancer and heart disease. But, if you tell them their teeth will be yellow, they will respond to that."

The third part of the program focuses on how much it costs to smoke. At approximately two dollars per pack, the doctors and students estimate that smokers could spend \$730 per year on cigarettes alone.

Finally, the doctors hand out cigarette advertisements and ask the students to describe them. "These ads are manipulative," Brobyn said. "Joe Camel, for example, is seen as cool. To the students, he's just another cartoon."

The doctors involved in "Tar Wars" try to focus on the advertisements because, according to Duncan, "We try to prevent conflict since some of the students' parents may smoke. We're not against smokers; that is not what the program is about."

Echoing Duncan's statement, Brobyn reiterated, "We try to be anti-tobacco industry, not anti-smoker."

To explain some of the consequences of smoking, the doctors have the children pinch their noses and breathe through a straw. "It gives them a realistic idea as to how smoking affects a person's lungs," Duncan said.

"Tar Wars" also sponsors a poster contest for the participants, who draw something to do with why it is good not to smoke. The winner's poster is entered into a statewide contest and, if it captures the top New Jersey prize, it will go on to the national level. The winner in the national competition receives a trip for four to Disney World.

Girl deals with illness

By Joe Brennan

Samantha Imperiale has a perpetual smile embedded on her face. It's one that compliments her disposition but belies a physical condition she has had to endure since birth.

Imperiale, who is five years old, suffers from "Thalassemia," more commonly known as Cooley's Anemia, a rare blood disease affecting people of Italian and Greek descent.

Every month Samantha must undergo a very expensive day long blood transfusion to replenish red blood cells the disease takes away.

To help offset the myriad of medical bills, Imperiale's family is sponsoring its 2nd Annual Benefit Softball Game for the "Samantha Foundation" on Aug. 10 at 10 a.m. at the Branch Brook Park - 4 Diamonds, located on Franklin Avenue opposite Clara Maass Hospital. The game is part of the

Cooley's Anemia Charity Softball Tournament.

"We had a good time last year and raised \$5,000. This year we're hoping to double it," said Jerry, Samantha's father, who is expecting 200 to 300 people to attend this year's game.

Samantha was diagnosed with the disorder six months after birth. But the disease spared Jerry's first child, now ten years old.

She also has to endure a transfusion of the drug Desferal, six hours a day five or six times a week to reduce the iron in her bloodstream. But Samantha takes it all in stride.

"She is a very brave girl. When she's done she takes the needle out herself. When she is ready for bed she puts the needle in, holds the pump in her hand and goes to sleep," said Jerry.

Another aspect of Samantha's spirited outlook on life is how she deals with everyday activities. The

Cancer center picks Belleville site

By Joe Brennan

After a five year search, the Garden State Cancer Center has found a home in Belleville.

The former Essex County Geriatric Center, located on the corner of Franklin and Belleville Avenues, is under renovation to become a new out patient cancer research, diagnosis and treatment center.

The cancer center was founded in 1991 by its president, Dr. David Goldenberg, as the clinical arm of the Center for Molecular Medicine and Immunology (CMMI). CMMI was established in 1983 at the University of Medicine and Dentistry in Newark.

The former site was too small to keep pace with the center's increasing rate of programs, said Goldenberg. He added that the demographics of the Belleville site suited some of the center's main objectives.

"We've been in temporary space for 13 years. We need to expand our programs," said Goldenberg. "We wanted to stay in Essex County, with a dense population and near major hospitals, to serve larger cities with a minority popu-

lation."

Goldenberg said having a hospital near lower income communities better serves current and future cancer patients, who would normally have to incur traveling expenses.

"We have to keep cancer patients as close to home as possible," said Goldenberg.

The former geriatric center offers 187,000 square feet of space, with Berkowsky &

Associates Inc. providing the architectural and construction services to the 68,000 square-foot of renovations being performed, said Dr. Raymond Menard, vice-president of administration.

The renovation project will be done in five phases at a total cost of \$56.3 million. The first phase is deemed to be complete in the fall with a grand opening planned for the first week of October, said

Commission reprimands boardmember...

Belleville official violates ethic act

By Joe Brennan

The state School Ethics Commission found a Belleville Board of Education member in violation of the school ethics act on Monday.

Frank Montagna, who has served on the board since May, 1995, was found guilty of voting for his wife to become part of the personnel for athletic events, said Lisa James-Beavers, executive director.

"We recommended a penalty of reprimand; it's the lowest penalty. The commissioner of education (Leo Klagothol) has to look at it," said Beavers.

Gabriel Nazzola, former board of education president, filed the complaint with the commission on

Nov. 10, 1995. It stated Montagna knowingly "approved the game personnel for the 1995-96 athletic season" at a meeting on Oct. 10, 1995.

Montagna's defense claimed the list of individual members of the game personnel wasn't attached to the board's agenda that came up for a vote. Thus, Montagna inadvertently approved his wife's position.

"He (Montagna) received the penalty of reprimand because we accepted the testimony that no list was attached when the vote took place," said Beavers.

Montagna said all he wanted to do was save the board money by allowing senior citizens to be ticket takers at athletic events for a cheaper rate than teachers received.

His wife received \$28 for a total

of four games.

"There was a technical mistake. I was only a board member for a short time. There was so many mind boggling things on the agenda that night when it came to the public portion. There was no attachment of individual names. So I wasn't sure. I made a stupid mistake. I'm glad they gave me the reprimand," said Montagna.

But Nazzola said Montagna received the individual names list four days before the meeting. He added that Montagna should know the whole procedure because he has filed similar complaints against him.

"When you've charged others with the same crime, you can't say you inadvertently voted for it. All he got was a reprimand. It's a sad state of affairs," said Nazzola.

Newark business graduates shine

By Kelly Tahaney

Nearly 2,000 sweating men, women, children and bodyguards witnessed the graduation of the 623 female and a couple males receive their certificates from the Newark Business Training Institute on July 18 at Sacred Heart Basilica Church in Newark.

The majestic Newark church provided an excellent forum for the inspiring accomplishments of the institute's class of 1996.

One-hundred and thirty-nine of them graduated from the Job Search Skills Training Program that The North Ward Center instituted in response to Governor Whitman's Work First New Jersey initiative.

Graduates received their certificates in Child Development, Older Worker Child Care Attendant, Business Office Skills, Medical Office Skills, Legal Office Skills, English as a Second Language, Word Processing, and Job Search Skills Training.

Institute alumni Maritza Hernandez told the sea of fan-waving grads that the institute should motivate them all to be as successful as they can be.

George Drödden, the spokesman for the business institute said that the mission is to develop the skills to prepare inner-city people for the workforce and thereby making

"We have a 72 percent success rate in placing applicants in jobs," Dredden said.

"It was a very good experience and I'm glad to see the graduates beaming with pride in their accomplishments," Dredden, the product of Maryland concluded.

The ceremony concluded with a rousing acappella rendition of "God Bless America" by the smooth, John Smith, a bus driver at the center; the tenor-like, Gerald Marra, a maintenance worker at the center; and the soulful, Cheryl Wicks, an instructor.

The program receives city, county, state and federal funding, in addition to contributions from the Amelior Foundation, Prudential Foundation, NJ Dept. of Labor, NJ Dept. of Education, NJ Dept. of Human Services, Newark Mayor's Office of Employment Training, Newark Board of Ed, Essex County Division of Employment Training, the National Council on Aging and the Schumann Fund.

Horse Salve Eases Arthritis Pain

LOUISVILLE, KY — An ingredient derived from hot peppers that decreases inflammation in racehorses' legs, has now been approved by government researchers for human use. The ingredient has been formulated into a product called ARTH-Rx.

ARTH-Rx comes in a strength designed for humans. Researchers are excited and say the formula can relieve arthritis pain for millions.

Developed by the Phillips Gulf Corporation, ARTH-Rx is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more.

Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is relieved because ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

ARTH-Rx is available in a convenient roll-on applicator without a prescription. According to a spokesperson for the company, due to the overwhelming demand for ARTH-Rx, supplies are sometimes limited.

ARTH-Rx can also be ordered by calling 1-800-729-8446. © 1996 PSC

Life in Silver Lake

By Marie Strumolo Burke

Personality of the Week

Everyone should have a "Sam." Silver Lake has one and... boy do they boast (defined as brag, flaunt and gloat). Even Belleville has one. Maybe one day, we can duplicate "Sam" and every town will have one. Hey, you never know!

Now, let's see how good you are in guessing who "Sam" is. Maybe he should hire Det. Clouseau (is that the way you spell it, I hope?). The first clue is, one of the founders of the SILCA, member and chairperson of the Belleville-Nutley Columbus Day Parade Committee, Belleville Planning Board chairperson and most recently elected to the office of Democratic District leader and a former member of the Bridgebrook Condominium Association. Well, I guess you all know who I'm talking about now. But if you don't, here are some clues. This person... o.k., so now you know it's a person... has been around for a long time, well not that long, he... If you really know him you'll definitely love him, which brings back memories of a song I used to sing... To know, know, know him is to love, love love him... He has a laugh (not should be outlawed, it has that sarcastic but funny sound). I'm sure if you heard it, you'd know exactly what I mean. He has been an acquaintance for many a moon. Unfortunately, some of that time as an adversary (foe, enemy). But now that I really know him, he has become my friend. And a friend, he is. He is humorous, serious, crazy and lovable. All right, already, that's enough, it's getting a little too mushy for me.

Sebastian (Sam) Papa is a community-minded individual. Well, I guess I let the cat out of the bag, but don't try to fool me, you all knew who I meant from the beginning. I can remember Sam and I going door to door in Silver Lake passing out flyers asking our residents to join the Association. Without his help, it wouldn't be a reality today. He always has Silver Lake and Belleville on the front burner.

Being a member of the Planning Board, Sam turned out to be a valuable asset by asking the right questions and demanding the right answers. Recently, an application was submitted to the Board that is

Marie Strumolo Burke

planned for the Silver Lake area. As chairman, he will make sure that if this project is approved, it will benefit Silver Lake and Belleville.

Let me quote some excerpts that the Belleville Times, Belleville Post, Bloomfield Life and The Star-Ledger said about Sam Papa. "Fortunately for Belleville, Sam Papa and his Board isn't going to treat this application in a flippant manner." "Sam Papa sent the loud and clear message that the Board will take as long as needed to ensure that all the Township's concerns are addressed." "Chairman Papa wants to see the developer's security plan." The one quote that I loved was, "Papa lives in Silver Lake and is active with community groups. He cares about the neighborhood. If this project gets his support in the end, it will be a good sign that it is a good addition to Belleville."

Need I say more, except, Sam we here in the Lake are awfully glad that you are a resident in our neighborhood and care about Silver Lake. I know that you, like many of us, could move to wherever we want, but we choose to live in Silver Lake and are darn proud of our neighborhood. Keep up the good work to strive for an even better Silver Lake. Because as I said many, many times before... We love Silver Lake and Sebastian "Sam" Papa, too.

Correction

In the last issue of the Belleville Times, an article referring to the town budget contained misleading information in the first paragraph. It stated there was a reduction of the tax levy by one point. However, this reduction came from a proposed tax increase of 12 points contained in the introduced budget, or \$48 per average home. It doesn't reflect an overall reduction in taxes.

Also, the tax rate is now about \$44 per average household, not \$42.

SUMMER SAFETY TIPS FOR YOUR CHILDREN

SUNBURN: Avoid unprotected or prolonged exposure to the sun. Sunscreen should be worn at all times, applied 30 minutes prior to exposure, and reapplied every 3 to 4 hours. Be sure to apply to the most sensitive areas: lips, ears, nose, cheeks, and shoulders.

TICKS/TICK BITES: Wear long clothing and tuck ends of pants into socks, whenever hiking in tick infested areas, such as trails, woods and grassy areas. Ticks are not only found in wooded areas, due to increased population of deer, ticks are also found in urban grassy areas. Perform a tick check after being outdoors, checking thoroughly the scalp and neck. Removing ticks promptly may prevent infection from a bite. Remove a tick by pulling it out with a tweezer or fingers. Never squeeze the body, this may cause the poison to be released, thereby causing infection. If you are unable to remove the tick, contact your pediatrician.

BIKING/ROLLERBLADING: Safety equipment should be worn at all times. Helmets, knee pads and elbow pads will prevent most injuries. Be sure reflective clothing is worn, when engaging in such sports after dark.

AVOID FIREWORKS: They may cause serious and permanent injury.

The Secret

I met God in the morning
When day was at its best,
And his Presence came like sunrise,
Like a glory in my breast.
All day long the Presence lingered,
All day long he stayed with me,
And we sailed in perfect calmness
O'er a very troubled sea.
Other ships were blown and battered,
Other ships were sore distressed,
But the winds that seemed to drive them,
Brought to us a peace and rest.
Then I thought of other mornings,
With a keen remorse of mind, When I too
had loosed up moorings,
With the Presence left behind.
So, I think I know the secret,
Learned from many a troubled way:
You must seek Him in the morning
If you want Him through the day!

Congratulations to my grandson, Alan Restaino, Jr., for making the Nutley High School honor roll. Nice work.

Congratulations to past mayor Jim Messina and present councilman of the Silver Lake area. Although I have disagreed with Jim several times, he has come a long way since he was first elected councilman. I know that he will continue to work for the benefit of the Township of Belleville.

A group of Belleville seniors paid a surprise visit to Helen Heizenredy, past treasurer for many years of the Tuesday Senior Citizen Club, to help her celebrate her birthday. The group consisted of Helen Burns, Juan Winkler, Rhoda Faltraco, Jeanette Zdziebka and Vice President Regina Nucchi. Helen Burns brought a cake and some soda and they celebrated by blowing out the candles and singing "Happy Birthday" to a wonderful person. I know there must have been tears shed and Helen expressed a wish to be able to visit the club some day. I neglected to say that Helen is at the West Hudson Hospital in Kearny. I add my congratulations and best wishes for many more! Congratulations to this group for taking time out to make someone feel happy.

One person's opinion (mine). I think that one of the causes of the juvenile crime epidemic was the decision of the Supreme Court over 30 years ago to throw God out of the public schools. For some of the kids this was the only time they heard God mentioned. Since then there has been moral decay and these kids don't know what the Ten Commandments are. What are kids doing out at 3 or 4 o'clock in the morning? I say put God back into the schools and let's see what happens.

Honesty is the best policy.

A family was enjoying its first vacation at a remote tropical beach. But the little girl was annoyed at her mother's instructions to stay out of the water.

"Mommy, Mommy," she demanded, "why can't I go swimming?"

"There are sharks at this beach," the mother explained.

"But Daddy's swimming," the little girl said.

"He's insured," the mother replied. (J.B.J.)

I understand that the Jack Bender piano concert at the Belleville Public Library had a standing room only audience and the audience was spellbound by the talent of this young man. You should be proud of him.

Andrea Cohen, library director, informed me that there will be a piano concert of music by Bob McHugh on Wednesday, Sept. 25 at 7 p.m. This concert is sponsored by the Nicholas Martini Foundation and the Woman's Club of Belleville. Mark this date on your calendar. We should be proud of the many artistic event Andrea Cohen is presenting at the library. Her staff and the many volunteers should be congratulated for a job well done.

Cancer center comes to town

(continued from page 1)

Menard, adding that renovations should be complete by the turn of the century.

"We looked at 62 sites. I fell in love with this building. It's like trying to find the perfect house with your wife," said Menard.

The building contains a central, east, west and north wing, along with an administration and radial wings on a one acre piece of land.

"We would like to have four major research labs on each floor. There is a possibility of 50 major research labs," said Menard.

And research, plus research grants is what has brought the cancer center to this point.

Goldenberg has twice achieved the Outstanding Investigator Award from the National Cancer Institute (NCI), which total about \$10 million. Also, Dr. David Gold, affiliated with the center, recently received a federal program project grant for his work on pancreatic and intestinal cancer.

To keep acquiring the grants, Goldenberg is striving to obtain a designation from the National Cancer Institute (NCI). NCI designates basic research, clinical research, and comprehensive cancer centers.

"It's an important issue from a political perspective. The designation is influential in competing for certain programs. The money more likely goes to NCI designations," said Goldenberg.

The administration of the cancer center would like to garner more community support, in addition to the cooperation they have already received from town officials and civic organizations, said Menard.

Menard said the center would like to work with Belleville to establish a community health care site on the existing cancer center property.

"It would be a form of tax revenue for the town," said Menard.

OUR OPINION

Cancer center provides for those who truly need quality care

As we stand on the brink of corporate mergers, business acquisitions and personnel downsizing, specialized health treatment centers seem to be flourishing.

The Garden State Cancer Center has moved its establishment from the University of Medicine and Dentistry in Newark to Belleville, on the corner of Belleville and Franklin Avenues.

The reasons for the change of venue are understandable, considering the need for cancer research and treatment has increased, but the Newark campus couldn't provide adequate space.

But the most gratifying aspect of this landmark address change is the philosophy behind the center's approach to care hasn't changed.

Dr. David Goldenberg, president of the cancer center, wants to provide a facility for all types of cancer patients, but especially ones who are on the lower end of the socioeconomic ladder.

His reluctance to move to his center farther away from Newark will allow families quicker access to quality care. And less of a financial burden which can result from traveling to out-of-state hospitals.

Dealing with an illness such as cancer is nothing new to New Jerseyans and the statistics prove this:

*Cancer is the second leading cause of death in New Jersey.

*New Jersey ranks fourth in the nation for cancer mortality.

*The New Jersey cancer death rate is

increasing.

*Black, Hispanic and indigent populations have a higher than average cancer incidence rate.

*One of every three New Jersey residents living today is destined to become a cancer patient; two of three families will be afflicted with this disease.

These harrowing statistics can be frightening for anyone afflicted with the disease, or who has known someone to suffer from the illness.

But for those who are without health insurance, or receive limited coverage, the illness brings additional financial burdens.

We feel Dr. Goldenberg made the right choice to keep his cancer center in the Newark vicinity. And Belleville should be pleased he made this choice.

The community can benefit from the cancer center and should work in conjunction with the administration to better serve all the constituents.

With funding for the charity care dilemma intact at least for two more years, there is more of an urgent need to have long-term care from health institutions.

It is also important to continue the research and diagnoses of an illness that has become an omnipresent illness in recent years.

According to the statistics shown, lower income people also suffer higher incidences of cancer. They shouldn't have to suffer twice with additional monetary burdens in searching for quality care.

Local girl needs a helping hand

Picture a group of kindergarten aged children returning home after school and partaking in everyday activities before they go to sleep.

School books and knapsacks placed in the proper place for homework. Eating dinner and then reading or playing a game with their father or mother before bedtime. Maybe watching a little television before their eyes get heavy with the finish of the day, or the anticipation of tomorrow.

For Samantha Imperiale, those normal activities are altered quite a bit. Samantha suffers from Cooley's Anemia, a blood disorder that allows the white corpuscles to destroy red corpuscles.

Samantha must endure a six-hour blood transfusion about five or six days a week when a pump is hooked up to her body and siphons out the accumulation of iron.

While interviewing the Imperiale family, one couldn't tell from Samantha that she was ill. An irreplaceable smile etched upon

her face contradicted what one could only imagine she goes through everyday.

Samantha is a special child to her father, Jerry and grandfather, Anthony. But she should seem more unique to everyone else because she deals with this illness well, while the rest of us complain about so many trivial things.

The Imperiale's are receiving a lot of help from their friends. They are sponsoring the second annual charity softball game for the "Samantha Foundation" on Aug. 10 at 10 a.m. at the Branch Brook Park-4 Diamonds, located on Franklin Avenue opposite Clara Maass Hospital.

The Imperiale family needs a lot of financial support. If anyone would like to help them, attend the game on Aug. 10 or send contributions to:

Of All Things

* AFTER taking to task the Federal Aviation Administration over its safety standards after the Value Jet crash in Florida, Inspector General of the Transportation Department, Mary Fackler Schiavo, resigned her position charging the Federal Aviation Administration with a lack of accountability and inadequate safety standards.

* WELL, my friends will be glad to read this news, and my enemies, wherever they are, will have little to gloat over - I had my annual physical last week, and Dr. Murray Strober declared me to be in perfect condition. So - I ended up toasting the news with a diet Pepsi.

* NUTLEY'S Andy Andriola sent me a souvenir program for a "Dinner given in honor of her Service Men by the people of Nutley, New Jersey, Town Hall, October 18th, 1919". The menu featured a choice of cold boiled lobster or roast Vermont turkey. Music and entertainment by D. Brown and Quartette and a boxing bout involving Eddie Nugent and partner. Thanks, Andy, for the interesting bit of Nutley history!

* REPUBLICAN campaign advisor William Palatucci thinks that Whitman's popularity will rub off on Republican U. S. Senate candidate Dick Zimmer. Palatucci makes the following observation, "Whitman's popularity shows no sign of waning. I think that will be more important than how Dole is doing." Palatucci should know that in politics personal popularity is not transferrable.

* PASSAIC County's inimitable political leader, Peter Murphy, recently led a contingent of 1,000 Passaic County residents to the Meadowlands Racetrack where they enjoyed a sumptuous buffet, good company and a few winning races. I don't know of any county Chairman, either Democrat or Republican, that can match Peter Murphy's drawing power.

DEMOCRAT

Congressman Bob Torricelli, now the Democrat U.S. Senate candidates, was recently endorsed by the Sierra Club and the New Jersey Environmental Federation. The two organizations decided Torricelli's leadership in defending clean drinking water standards, stopping ocean dumping and fighting to save open space as the reasons for their endorsement.

The Environmental Federation was very vociferous in its criticism of Congressman Zimmer's record. The organization charges Zimmer with accepting the most campaign contributions from industrial polluters of any New

Dick Zimmer

Jersey member of Congress. Citizen Action, a national non-partisan grass roots organization, documented over \$50,000 in campaign contributions from polluter PAC's made recently to Dick Zimmer.

* FAST week, I mentioned that I was going to "retire" from any public agencies I may be involved with at the end of the year. Some of my friends attributed my statement to indicate I was planning total retirement. Anyone who knows me is aware that I could do no such thing. At best - or worst - it will be more or less classified as semi-retirement, leaving me the option to choose the activities that would provide for me the greatest fulfillment.

* VOTERS of the 36th legislative district can look forward to active legislative races.

The district is currently represented by three Republicans, Senator John Scott of Lyndhurst, Assembly Majority Leader Paul DiGaetano of Passaic and Assemblyman John Kelly of Nutley.

The state Democrat party believes it has a fighting chance to win all three seats. It points to statistics of past races to conclude a swing of a few hundred votes in each town can yield dividends for the party. Republicans on the other hand may be confronted with an intra-party joy ride. There are groups in Essex and Passaic/Bergen Counties seeking to effect changes. Some eyes are on newly elected Belleville Mayor Victor Canning. His name leads the list of political candidates from Belleville. At the last election, Belleville's CPA John Kelly, under the Democrat label, made a very respectable showing. That may be one reason why others are encouraged to think about making the race next year. The Republican party line in Essex County is controlled by Essex County Executive Jim Treffinger. So - if a Republican is seeking a nomination, his first stop should be at Jim Treffinger's door.

Local student to attend honors college

Seton Hall Preparatory School graduate German Galindo of Belleville will attend the Albert Dorman Honors College at New Jersey Institute of Technology this fall majoring in architecture. He has been awarded a Faculty Scholarship and Honors Merit Room Grant.

The Albert Dorman Honors College is the first honors college in New Jersey and the newest college within NJIT. The Honors College provides a stimulating learning environment with scholarship incentives for over 300 of NJIT's brightest and most motivated students. All students in the Honors College receive at least a Faculty Scholarship of half or full tuition. Students pursue majors offered by the university's other colleges through special honors courses. Other features include a special lounge and computer center, colloquium series, guaranteed housing and special accelerated degree programs.

Resident needs funds for illness

A Belleville resident, Jamie Conway, who suffers from RSDS (Reflex Sympathetic Dystrophy Syndrome) is a thirteen year old girl, recently diagnosed with this crippling disease. In order to raise money to offset the major uncovered expenses of this disease, a dinner featuring a DJ and a band was

held at the Branch Brook Manor, recently.

Anyone wishing to make a donation can mail it to "Friends of Jamie," 194 Fairway Ave. Belleville, N.J. 07109. Your generosity will be much appreciated by the family.

'Dunk a Politician Day' set again

Because of Hurricane Bertha's visit to the metropolitan area two weeks ago, The Kiwanis Club's 'Dunk a Politician Day,' scheduled for Saturday, July 13, was rained out.

But the rain date for the event will be this Saturday, July 27, from

11 a.m. to 6 p.m. at Michael's Roscommon House at 531 Joralemon St.

The event will feature a dunking booth with town officials Victor Canning, Mario Drozd, and possible state Assemblyman Paul DiGaetano, ready to be dunked.

There will also be pony rides and plenty of concession stands available.

All of the money raised will go to the Kiwanis general charity fund and every cent will be utilized within the Belleville community, said Tom Grolmond, vice-president of the club.

Single-family homes such as these will be available at K. Hovnanian's intimate new community, Van Orden Estates in Wayne.

Stunning price breakthrough in Wayne: Van Orden Estates to preview open July 27

It will be first-come, first-served when the 29 spacious single-family homes at K. Hovnanian's intimate new community, Van Orden Estates in Wayne, open for sale at 9 AM on Saturday, July 27th from an office on the beautiful site. And it may be crowded. For these larger four and five bedroom homes will be priced from the upper \$200s, fully \$100,000 below todays' Market pricing.

"Our spacious new single-family designs at Van Orden Estates represent breakthrough pricing -- you'll find that they have no competition in desirable Wayne, with its excellent school district, or perhaps anywhere in North Jersey," says Ara Hovnanian, president of our state's leading home builder.

"Homes similar to these in the area generally sell for six figures above Van Orden Estates pricing," Mr. Hovnanian knows that is a strong statement. "We've had an overwhelming number of calls; this community has developed a following," he notes.

"Van Orden Estates is located in a prime area near Valley Road off Church Lane," says Mr. Hovnanian. "We've limited the site to just 29 larger homes. You'll understand what values these are once we describe these stunning homes and the features they offer," he says.

What homes they are. Four designs will be offered with four and five bedrooms, 2-1/2 or three baths, two-car garages and up to 2,795 square feet of living space plus the oversized garages. Nine-foot ceilings, interior balconies and private master suites of unparalleled luxury are all part of the design packages.

These homes can feature an atrium entry foyer with ceramic flooring, a dramatic curved grand stairway and a downstairs den. In some designs, the den is complimented with a ma-or storage area and full bathroom that can turn it into an office or guest suite. Gourmet kitchens can have room-sized eat-in nooks, desks and pantry closets.

Attention has been paid to details. In some locations, basements can be almost 1,500 square feet; several are bright walk-out

basements that expand the home's true living area. Exterior architecture can feature bay windows, dormers, cornices and brick.

"We suggest you shop around the area before our opening, so that you can assess your lifestyle opportunities while we still have homes available at Van Orden Estates," says Mr. Hovnanian.

Upstairs, the private master suite can include an enormous walk-in closet, oversized windowed superbay -- both bedroom and bath can have volume ceilings -- and even an optional sitting room. A variety of significant options, such as adding a bedroom or a spacious sitting room beside the master bedroom, allow Van Orden Estates buyers to match their new homes most closely to their lifestyles.

"Van Orden Estates is a one-time opportunity for 29 families to create a special lifestyle in Wayne at previously-unthinkable prices," says Mr. Hovnanian. The new community is minutes from Routes 1-80, I-287, 46, 3, 23 and 202 and a half-hour commute from either the George Washington Bridge or the Lincoln Tunnel. Residents will share Wayne's 24 miles of rolling hills and valleys, dotted with parks, supported by excellent schools and holding the offices of international corporations and world-class shopping malls.

The Van Orden Estates phone is 633-9600. From the George Washington Bridge, take Route 80 West to Exit 53 (Wayne/Route 23). Proceed North on Route 23 to the Alps Road Exit. Turn right on Alps Road, proceed about 3.5 miles and turn right onto Hamburg Turnpike. In about 3/4-mile, turn right onto Church Lane and Van Orden Estates will be on your left. If you are coming from the Garden State Parkway or Lincoln Tunnel, take Route 3 West to Route 46 West. Take the Riverview Drive Wayne Exit, follow the ramp toward Wayne and turn right onto Riverview Drive. At the sixth traffic light turn right onto Valley Road. At the fourth traffic light turn left onto Ratz-r Road. Proceed to the second street, turn right on Church Lane and Van Orden Estates will be on your right.

Introducing the Manufacturers' & Businesses' Association of North Jersey

The Manufacturers' & Businesses' Association of North Jersey is the outgrowth of an organization that had its beginnings in 1920 when a group of businessmen in the area met to discuss their mutual problems.

Seventy years later, with an expanded base, members are still meeting monthly to learn and discuss issues and problems facing employers. Topics as diverse as banning smoking in the workplace to pension investments have been discussed.

Objectives of the group are to promote acquaintance, mutual understanding and cooperation among the membership; collect and transmit useful business information; and cooperate with other similar associations, organizations and individuals in any endeavor which might be of aid and interest to the membership.

The executive committee, elected by the general membership, meets first Thursdays at noon to plan and arrange topics of general interest, activities for the association, speakers of special interest and social gatherings.

General membership luncheon meetings are held fourth Thursdays, September through June, at the Glen Ridge Country Club.

Any individual, partnership or corporation, engaged in manufac-

turing, processing, manufacturing services (e.g. banking, insurance, legal accounting, etc.) or other productive industry in the North Jersey area and surrounding communities, or local branch of such enterprise, is eligible for membership if employing staff of eight or more. Companies which do not meet these criteria and whose membership is mutually advantageous will be considered. Each member company shall designate one individual who will be its voting representative.

Member companies include Belleville Wire Cloth, Marvelo Products, Smith Barney, American Savings Bank, Clara Maass Medical Center, Eskimo Pie Corp., Fidelity Paper & Supply Corp., First DeVitt Bank, Frank M. Leo Assoc., National Starch & Chem. Co., Orechio Publications & TV, PNC, Inc., PSE&G, VAC-U-MAX, Inc., Wallace & Tiernan, Inc., Travelers Village, C.A. Zaccarella, Inc., All Industrial Maint. Corp., Kg Systems, Inc., Rospond, Rospond & Conte, Philips Lighting, Best Electric, Peerless Tube Company.

Yearly dues range from \$75 to \$325, depending on the size of your business.

Hospice seeks volunteers

Do you ever ask yourself, "How can I make a really big difference in this world? How can I make sure that I matter to the people within my community?"

The answer: Become a volunteer with the Center for Hospice Care, Inc., of Glen Ridge.

The Hospice, a division of The Center for Hospice Care, Inc., will teach you, free of charge, to assist terminally ill patients who wish to remain at home with their families. This could involve providing com-

panionship, shopping, transportation, and/or giving the primary caregiver some time away from home. You can spend as little as one hour or as much as three hours with your patient.

Last year, this non-profit organization served 810 patients and their families in northern New Jersey. Its volunteers contributed almost 14,000 hours of service during that time.

To learn more about this volunteer opportunity, call 429-0300.

Security National Bank to open branch in supermarket

Security National Bank and Trust Company of New Jersey and the Shop Rite of Kearny have announced the signing of an agreement to open a full-service bank facility at the Shop Rite Supermarket, located at 100 Passaic Ave., Kearny, operated by Richard Tully.

Bank Chairman and CEO John Fedigan, in his recent announcement to bank employees, stated that the new branch will provide a unique growth opportunity and one-stop shopping and banking convenience to our customers.

The 450-square-foot branch will open the early part of September. The new branch will provide a complete range of banking services available seven days a week.

An automated teller machine (ATM) will be located near the main entrance of the store, allowing customers 24-hour seven-day-a-week access to their funds. With the exception of safe deposit boxes, the branch will offer all banking services, including consumer loans, mortgages, savings and checking accounts.

According to the Atlanta-based marketing firm International Banking Technologies, this foray into supermarket branching is part

of a fast-growing national trend.

"This market-share-building strategy has been gaining momentum for more than a decade and this year we have seen feverish interest in offering one-stop banking and shopping convenience," said John Garnett, executive vice president of IBT, which is developing the customized in-store branching program for Security National Bank and Trust Company of New Jersey and the Shop Rite. IBT has developed more than 700 supermarket branches nationwide.

The location for the branch was carefully selected to build on the existing branch network. The new branch will be located "just over the bridge" from the main office on Bank and Halsey streets in Newark, providing more convenience for customers and enabling the bank to expand its operating base into the Kearny area.

The bank's other branches are both located in Nutley, at 213 Harrison St., and at 431 Kingsland St.

Security National Bank and Trust Company of New Jersey was incorporated in 1964. It is a national bank which has positioned itself to serve the local community and small-to-medium-sized businesses.

Mini-symposium on chronic pain July 31

Dr. Sylvain Junger of Pain and Headache Treatment Center of North Central Neurology is sponsoring a mini-symposium on chronic pain, 7 p.m. July 31 at VFW Hall, 271 Washington Ave., Nutley.

Dr. Junger will speak on the treatment of fibromyalgia, a condition characterized by generalized aching, tender spots in the muscles and fatigue. The condition often results from a relatively minor head or neck trauma and following chronic infections such as Lyme disease. A live demonstration of the treatment will be included.

Dr. John Haze, DDS, former

director of the Facial Pain Center at Newark Beth Israel Hospital, will discuss alternative treatments for chronic headaches.

Dr. Junger is the first area physician to achieve Board Certification in both neurology and the new field of pain medicine. Combining the skills and knowledge of two separate subspecialty areas of medicine, he has established a successful program, bringing relief to many chronic pain sufferers.

Persons interested in attending the program may call 586-8555 for directions and further information. Refreshments will be served.

IT'S A JUNGLE OUT THERE!

Please! Don't drink and drive

The repeal of the Prohibition Act of the 1920s guaranteed your right to consume alcoholic beverages. But please, DON'T DRINK AND DRIVE!

The State of New Jersey has embraced a dynamic public policy by which it hopes to remove all drunk drivers from the road. Consistent with that policy, it has simplified the procedure by which a local prosecutor can convict on DWI; has eliminated many, but not all defenses to such charges; and has prescribed extreme penalties while eliminating much of the discretion previously allotted to a municipal judge for sentencing.

Pat Little, Esq., Al Rossi, Esq., and Joy Spiel

Much of this you may have already known. You may not have known, however, that you can be convicted of DWI (1) if you demonstrate an intent to drive; (2) if evidence indicates you had been driving prior to observation by the police; and (3) if you allow your vehicle to be operated by someone else who is intoxicated.

After having been charged with DWI, many clients will tell us that they do not believe that their driving was impaired. The prosecutor does not have to prove physical impairment. As long as the breathalyzer test gives a reading of at least .10 blood/alcohol concentration (B.A.C.), impairment is presumed. Nevertheless, many local police departments will video tape the defendant while in the police station to demonstrate physical symptoms to corroborate the B.A.C. test results.

If you are arrested for DWI, you may not refuse to submit to the breathalyzer test without violating another State statute whose penalties rival that of DWI. Further, although you have the constitutional right to counsel, you may not refuse to take the test on the grounds that you are waiting for your attorney to arrive.

There are still some technical defenses to DWI so it is important to retain competent counsel as the penalties upon conviction are extreme.

A first time offender will be fined a minimum of \$250.00 and suffer a loss of driving privileges for six (6) months. You will be required to attend classes offered by the State about alcoholism and driving. You can expect your automobile insurance premium to increase and the State will levy a surcharge of \$1,000 per year for three (3) years. Of course, if you are involved in an automobile accident while driving under the influence of alcohol or drugs, the penalties will be increased.

Second and third offenders suffer fines and license suspensions of even greater magnitude. Again, however, there are some ways in which prior offenses may be eliminated for purposes of sentencing, and it is important that you retain an attorney.

If you are arrested for DWI, we will demand that the municipal court provide us with all the documents, reports and test results prepared by investigating police officers. Only after an in-depth evaluation of all the facts and circumstances surrounding your arrest can an assessment be made as to specific defenses which may be raised to support an acquittal.

BANKING ON THEIR SUCCESS -- Two members of the Bloomfield High School Class of 1996, Darren Melchiorre, front row at left, and Angie Banoub, front row at right, were recently awarded \$2,000 scholarships by Bloomfield-based American Savings Bank of New Jersey. The award winners were also treated to a luncheon at the Forest Hill Field Club in Bloomfield. In back row from left are American Savings vice presidents Thomas Chanowski and Josephine Castaldo and American Savings President and Chief Executive Officer Joseph Kliminski.

American Savings Bank honors local scholars

For nearly a decade, American Savings Bank of New Jersey, 325 Broad St., Bloomfield, has honored the scholastic achievement and community service of Bloomfield High School students by awarding two graduating seniors \$2,000 scholarships.

This year's presentation to Angie Banoub and Darren Melchiorre brings the total amount provided by the bank to college-bound residents since 1988 to \$36,000.

"American Savings' scholarship program pays tribute to deserving students and helps local residents meet the high cost of college tuition," said Joseph Kliminski, president and chief executive officer of American Savings and 1961 graduate of Bloomfield High.

"It's a long-standing tradition of which the bank is extremely proud," he said.

Banoub will put her American Savings scholarship toward her tuition at the Philadelphia College of Pharmacy.

In preparation for her studies, Banoub is spending the summer working in the cancer research laboratories at Hoffmann-LaRoche, in a position she initially secured through the high school's co-op program.

Melchiorre said his award will be put to use at Muhlenberg College, toward an education focusing on theater arts.

Like his fellow classmate/scholarship winner, Melchiorre is spending the summer honing his college-bound skills. Instead of lab work, however, Melchiorre will take to the stage as Mark in Talent Time's August production of "A Chorus Line."

Both students expressed appreciation for the education they received at Bloomfield High School as well as for the support of local organizations like American Savings Bank.

"I wouldn't change anything about Bloomfield High School," said Banoub. "The teachers there make it one of the best schools in the area to get an education. You also benefit from the support of the community."

"This scholarship shows how serious people are about their support for Bloomfield graduates," said Melchiorre.

"American Savings Bank helps to ensure the future success of Bloomfield students. I hope we can

make the same type of contribution to other graduates some day," he said.

Those interested in American Savings' mortgage loans, equity loans and savings programs, including the bank's totally free checking program, are encouraged to call 748-3600.

Great Chefs' Night for HCO

Hospital Center at Orange has announced the annual event area diners have awaited all year -- the fifth Annual Great Chefs' Night.

The food tasting benefit will be presented Sept. 9 from 6:30 to 10 p.m. at Mayfair Farms in West Orange to benefit Meals on Wheels of Orange, Inc.

This year's Great Chefs' Night will feature samplings from more than 25 area restaurants, caterers, bakeries, food, beverage and wine distributors.

Tickets for the event are now on sale at \$35 per person in advance, \$50 at the door if available. Valet parking will be available for guests. Children under age 13 will not be admitted.

Checks should be made payable to Meals on Wheels of Orange, Inc. and mailed to Linda White, Finance Dept., Hospital Center at

Orange, 188 South Essex Ave., Orange, NJ 07051. Call 266-2225 for ticket information.

Great Chefs' Night supports the ongoing services of Meals on Wheels of Orange, Inc., a community program that feeds the disabled, elderly, convalescing and homebound community residents who cannot prepare their own food. No one is denied service because of their inability to pay.

As a food service of the Hospital Center at Orange, Meals on Wheels of Orange serves over 750 meals per day to clients in nine Essex County towns: Orange, West Orange, East Orange, South Orange, Maplewood, Irvington, Nutley, Belleville and Bloomfield. Meals are prepared and packaged by the hospital's Food and Nutrition Services Department.

Golf lessons to begin at the Fitness Center for Women

The Fitness Center for Women, located at 462 Broad Street in Bloomfield, is inaugurating beginner golf lessons.

Lessons will be offered at 6:30 p.m. Wednesdays during the month

of July. Patrick Mallory will be the instructor.

The fee is \$70 for five lessons. For more information, call 429-2808.

the best rates...**

**You'll
Love Ours!**

There's nothing magical about American Savings' Below Prime Rate home equity credit line. Except, of course, for the rate itself.

Your hometown bank, American Savings Bank, is still the first and only bank in New Jersey to offer Below Prime Rate home equity credit lines for the life of the loan. There are no application fees, no closing costs, no teaser rates, no gimmicks.

Look at what other banks are offering. Some have home equity loans below the prime rate, but the rates are only good for a short period of time. Then they jump above prime. And, of course, they may also charge you application fees and closing costs to boot. Others may not charge these fees but their rates are above prime for the duration.

Call us today. You can apply by phone and we often provide an answer the same day! Find out what many of your neighbors already know about our home equity credit line. It's clearly the best in the business.

Now you can bank without a crystal ball.

HOROSCOPES

July 28-August 3

ARIES — March 21/April 20
Discipline is the key to success this week. Resist the urge to procrastinate and focus on the job at hand. Business travel plans may have to be delayed if your work schedule goes too demanding later in the week. An opportunity to see old friends will arise this weekend. Fun times await.

TAURUS — April 21/May 21
Think long-term when it comes to financial planning. A situation that was new and somewhat overwhelming a few months back seems like old hat now. You'll feel more comfortable in general with all aspects of your life. Renewed self-confidence helps you overcome fears.

GEMINI — May 22/June 21
A great week! Being in the right place at the right time could yield big rewards. You'll feel as if you have a guardian angel. In matters of romance, you'll find that absence makes the heart grow fonder. Surprising news comes from afar. Friday is a good day for communications.

CANCER — June 22/July 22
Seeing how "the other half" lives helps put things into perspective for you. What you really want will become more clear. A lucky break comes your way later in the week. You'll have an opportunity to do something you didn't even think was an option. Your enthusiasm inspires others.

LEO — July 23/August 23
A slow and steady approach will be much more effective than an aggressive one when it comes to matters of the heart — especially if you're pursuing a Scorpio. Make use of free time early in the week as your social life will accelerate towards the weekend. Diplomacy is key on Friday.

VIRGO — Aug 24/Sept 22
A bad attitude will only make an unpleasant situation worse. Why not take a positive approach? If you do, you may be pleasantly surprised. An unexpected expense could put a damper on weekend plans. You may have to seek out less expensive entertainment options.

LIBRA — Sept 23/Oct 23
A look into the future helps you make an important decision for today. Thinking long-term is the smart approach. At home, don't let a negative family member get you down. Keep hold of your optimistic nature. Good news comes later in the week. Now's the time to look into that class you've been wanting to take.

SCORPIO — Oct 24/Nov 22
Help comes from an unusual source on Tuesday. You may find that you were wrong about someone's character. An argument with a loved one could escalate into a huge battle if you lose your cool. Try to take a reasonable approach. Put off making plans for the upcoming weekend.

SAGITTARIUS — Nov 23/Dec 21
Be open to new ideas, especially when it comes to work. You could find a faster, more productive way of doing something. The road to love may be somewhat bumpy this week. You might be better off seeking solitude and saving romance for a later date. A family member surprises you.

CAPRICORN — Dec 22/Jan 20
Don't be afraid to share your ideas — no matter how off-beat they may seem. Others will be receptive. A work challenge gives you something to be excited about, but you may have to temporarily sacrifice your social life if you want to reap the full rewards. Romance takes a turn.

AQUARIUS — Jan 21/Feb 18
Giving a friend the cold shoulder is no way to resolve problems. Get things out in the open before they get out of hand. A subtle change at work could be the sign of things to come. There could be an opportunity waiting for you in the very near future. Keep your eyes open.

PISCES — Feb 19/March 20
An introspective mood could help you figure out how to resolve an ongoing problem. Time spent alone will prove beneficial. News about a former associate — probably a Gemini — will provide food for thought. You'll find people can really change over time.

Clown show to benefit Boys' and Girls' club

Many members of the Merrimakers Clown Alley No. 51 of Bloomfield will perform at its sixth annual National Clown Week Show on Saturday, Aug. 3 from 10 a.m. to 4 p.m. at Memorial Park, located next to Foley Field in Bloomfield.

This year's theme is "Carnival." There will be face painters, balloonists, bubble stations, photos taken with your favorite clowns, a clown magic and comedy show, refreshments and a few extra "Carnival" surprises.

Admission is free and certain items will be sold; however, donations for the Boys' and Girls' Club of Bloomfield will also be accepted.

National Clown Week, Aug. 1

through Aug. 7, celebrates the institution of clowning and the efforts of thousands of clowns nationwide.

The Merrimakers are a recognized Clowns of America International and World Clown Association Clown Alley that meets twice-monthly at Mecca Magic in Bloomfield. The training seminars involve character development, make-up design and technique, costuming, skit presentation, circus skills, walk-around props, nursing home and hospital protocol and balloon-sculpting skills.

For more information, call Sal Senatore at 748-1549 or Henry Tuorto, director of the Boys' and Girls' Club, at 748-0803.

G.I. Meg meets Sleepless in Iraq

By Kelly Tahaney

Rating: R Grade: ***

Meg Ryan (When Harry Met Sally) continues to crank out the hits but, this time in "Courage Under Fire" she's the tough Marine and not a talking doll.

Not that there's anything wrong with her fluff, love movies but some people (namely jealous women) get a little sick of them.

Anyway, Ryan stars in this intriguing Desert Storm flick with the great Denzel Washington.

Washington plays Lt. Col. Nathaniel Serling who is investigating whether or not the deceased Capt. Karen Walden (Ryan) deserves the medal of honor for her service in the Gulf War.

Washington is estranged from his wife and kids, drinks too much and is haunted by an incident during his experiences in the gulf.

Ryan is shown through flashbacks of different recollections from the men under her command.

Lou Diamond Phillips (La Bamba) plays an unruly sergeant who went along with Walden's chopper crew as a last minute replacement.

Phillips pulls off a convincing performance in one of his few good roles in the 90's (I guess there's a shortage of good Spanish actors in Los Angeles).

Shot in Texas, the film has the look of a desert in Austin, not Iraq.

If you can live with that than the rest of the movie should be very entertaining.

Like Ryan's performance in "When a Man Loves a Woman," she shows a serious side to her acting which is impressive.

Her range isn't close to Emma Thompson or Susan Sarandon but, she's getting there.

Washington was also convincingly dramatic in his role.

See this 20th-Century-Fox Release at the Bellevue and walk out feeling like a proud American.

The Center for Hospice Care graduates corps of volunteers

Twenty people from various local townships have joined the ranks of Hospice volunteers following graduation ceremonies at The Hospice, a division of The Center for Hospice Care, Inc. in Glen Ridge.

Among the graduates is Belleville resident Deborah Brudnak.

"Volunteers complete a 20-hour training course before they are assigned to help a Hospice patient and their family," said Lorraine Sciara, president and CEO.

"One of the main functions volunteers perform," said Sciara, "is to sit with the patient in order to give the primary caretaker some well-deserved time for themselves."

Volunteers also provide help with transportation, food preparation and offer emotional support to the patient and his family. The next training class will begin Tuesday, July 2 at noon. Persons interested in learning more about volunteer opportunities should call the Volunteer Department at 429-0300.

CLARA MAASS MEDICAL CENTER

Having a child is a wonderful experience.

**Having your child at
Clara Maass makes it even better.**

**Maternity and Pediatric Services at Clara Maass.
We help make something wonderful happen.**

From pregnancy through childbirth and into adulthood, Clara Maass Medical Center offers comprehensive services to benefit the health and well-being of mother and child.

A variety of family-centered educational programs are available to help mothers, fathers and families prepare for impending births, including vaginal birth after caesarean (VBAC) classes.

The new Labor/Delivery/Recovery (LDR) suites at Clara Maass allow mothers to go through the birthing process without being transferred from room to room. You can have your child in a comfortable, home-like setting which even includes whirlpool tubs.

Our "mother-baby" concept of nursing provides one primary nurse caregiver for both mother and her newborn throughout their entire hospital stay, which results in their receiving a higher quality of care.

The PedsCare Program at Clara Maass provides parents after-hours coverage for non-emergent pediatric illnesses, offering care to patients who are unable to be seen by their primary physicians.

And, our Intermediate Level II Nursery is capable of providing care for nearly all infants requiring specialized, intensive services for conditions including birth defects, infections, congenital heart disease, prematurity, conditions requiring surgery and respiratory support.

Having a child is a wonderful experience. It's our goal to make it even better.

Third in a summer series Early slump hurts Biancardi division bid

You don't have to be a professional ball player to be in a slump. When your team gets in a collective slump, it can affect a team at any age.

25 years ago, while I was playing little league baseball in Belleville, my team, Biancardi, had gotten off to a good start in the first half of the '71 season. The little league season was split up into two halves, with each team in the league playing seven games per half.

We were 2-1, having beaten Wallace & Tiernan and Riefolo's while losing our opener to Rotary Club.

Thus, we were feeling a little confident heading into a game with Colony Club in May of '71. I was in the seventh grade that year, going to school at Belleville Junior High School. One of the kids in my class, **Ricky Loma**, was the star pitcher for Colony Club and he had pretty much told me that there was no way our team could hit him.

What did he know, I figured. We were 2-1, we were going to win the divisional title. Well anyway, it turned out to be a pretty good pitching dual between Loma and **Jim Cienaghan**, but Colony Club held a 3-0 lead in the fifth before we scored our first and only run of the game.

Loma, who would later be a marvelous pitcher for the Belleville High School varsity team in '75 and '76, was too much for us that night. He just blew everyone away. I knew he was for real when he struck out **Mickey Lemongelli**, our best hitter by far.

He struck me out twice, and I don't think I even fouled off a pitch against him in both at-bats.

We were 2-2, but felt a win against the Elks would put us back in the race. It was a wild game, played on a Saturday night. I remember coach Cienaghan let me start at first base because our regular first baseman, **Ronald "Booper" Beck** couldn't make the game. I was kind of pumped for this game, because I never played first and this was a big opportunity in a key game.

Anthony Speer pitched for us and he threw pretty well. The game went back and forth, but in the end, we were on the short end of a 6-5 score.

So much for the divisional title. We were 2-3 but we felt we could come back against Varsity Club. We got off a quick start in the first inning, when I singled and drove in two runs.

That was about the highlight of that game, however. Varsity Club, led by **Denn Campana** and **Anthony Gammara** was too good this day. They clobbered us in just about every way possible. By the fifth inning, Cienaghan had moved me from right field to first base and was playing some of the younger kids.

I'll never forget that fifth inning. We were losing 11-2 and the Varsity batter hit an easy grounder to the second baseman. He threw it to me at first, but my foot never hit the bag. A run scored and I was charged with an error.

The next batter hit a pop up in foul territory down the first base line. There were two outs and I just wanted to make a play and get us out of the inning. I remember running to the fence by the first base line. I had absolutely no idea of where the ball was, but my glove was in the right position and somehow, the ball fell right into my glove.

It looked like a great catch in foul territory, but believe me, it was 100 percent pure luck. I remember the P.A. announcer saying "good catch" and the fans clapping. I made it look like I had it all along, but being down 12-2, there was not much need for celebrating.

Our team was 2-4 with just one game left in the first half of the season. Following the loss to Varsity Club, I remember Cienaghan talking to us the next day at practice, along with assistant coach **Joe Norton**. Cienaghan, always a low keyed guy, just told us that we were better than what we had shown on the field. He didn't yell and scream, he just told us to be a little more intense on the field and to cut back on the mistakes.

Our final game of the first half would be against Landolfi, the other "expansion" team that year. We were supposed to win easily, but we struggled and had to rally in the late innings to win, 11-6.

So, we had gone 3-4 for the first half, but felt we could have beaten the Elks and knew we weren't as bad as we had appeared the game against Varsity Club.

The slate would now be wiped clean. All teams were back to 0-0 for the start of the second half of the season. In the first half, Rotary and Colony Club both ended with 6-1 records, thus forcing a playoff game. Colony Club won the one game playoff, with Loma hurling a complete game.

So, Colony Club was the first half champ, and was guaranteed a spot in the post season against the second half champion.

Next week, a look back at the start of the second half of the season. We would open the second half by playing Wallace & Tiernan in a close game that went to the final inning.

Bulldogs nearing playoff berth

By Mike Lamberti

The Belleville Bulldogs are closing in on a playoff berth in the Essex County Baseball League.

Joe DeLanzo's team won three games last week, improving its season mark to 15-14-1 heading into the final week of regular season action.

The Bulldogs battled Millburn twice earlier this week. This evening, the team will host Millburn, beginning at 6 p.m. Tomorrow, Cranford visits, also at 6 p.m. This Saturday, South Orange, the defending champions, will travel to Belleville. The time of that game had not yet been determined. All games this week will be played at Belleville High School.

Entering this week's action, Belleville led fifth place Millburn by five games with just five games left in the season. Thus, the team had clinched at least a tie for the final playoff spot.

The Bulldogs more pressing concern was third place, where the team trailed Cranford by three games. Tomorrow evenings game with Cranford could be pivotal in determining the third place entrant for the playoffs.

The first round of the playoffs will begin next Tuesday, with the first seed taking on the fourth seed and the second seed battling the third. Those series are a best of three, with the home field alternating after each game.

The championship round, a best of five series, will commence on Saturday, August 3.

The Bulldogs posted wins over Millburn 5-0, Millburn again in the first game of a double header, 18-7 and Crescent, perhaps the hottest team in the league, 6-5 in the first game of a double header last Sunday. The team lost to Millburn 8-7 in the second game of a twin bill and lost the opener of last Sunday's double header 3-2 at Crescent.

In the shutout win over Millburn, Joe DeMaestro (1-2) hurled a complete game, giving up just three hits, striking out six and

walking two.

The Bulldogs scored four times in the first inning to get the game out of reach.

John Rodriguez was 1 for 3 with two ribbies and a solo homer. Jason Leyner was 1 for 2 with an RBI. Carlos Cline was 1 for 2 with a ribbie and Jeff Spilsbury was 2 for 3.

In the opening game of a double header, the Bulldogs broke open a close game in the late innings and beat the Millburn Marlins, 18-7. Spilsbury was the winning pitcher and the Bulldogs offense was in high gear.

Rodriguez was 4 for 6 with two runs driven in, Mike Powers was 3 for 5 with two ribbies and Spilsbury was 2 for 5, driving in two runs.

Belleville led this game 6-5 heading into the fifth inning. But in the fifth, the Bulldogs scored six times to increase the lead to 12-6. The team then scored once in the sixth and five more in the seventh.

In the second game of that twin bill, the Bulldogs had leads of 2-0 and 4-1 but ended up on the short end of an 8-7 decision.

Mario Ramos was the losing pitcher. Anthony Sciarillo was 2 for 4 with three runs driven in, Cline had three hits and drove in a run and Spilsbury was 3 for 3 with an RBI.

The Bulldogs split a double header with Crescent last Sunday, losing the opener 3-2 then winning the night cap, 6-5.

In the opener, Pete Russo (5-2) pitched well, giving up just five hits, but the Bulldogs were hurt by one bad inning, when Crescent scored three times in the fifth to erase a 1-0 Belleville lead.

Russo hurled six innings, giving up two earned runs and five hits. He struck out three and walked two.

In the Belleville first, Powers singled and went to third on a Rodriguez single. Powers then scored on an throwing error.

Belleville trailed 3-1 in the sixth when Jim Landon singled was balked to second and scored on a Cline hit.

In the second game, Belleville

Bulldogs Mike Powers takes a cut during game with Crescent earlier this season. Powers and his teammates are looking to the E.C.B.L. playoffs, which begin next week.

came back from 5-3 down in the fifth to win, 6-5.

In the first, Spilsbury and Cline had RBI singles. Spilsbury, who has been hitting the ball very well all season, then had an RBI hit in the third when Belleville tied the game at three.

In the decisive fifth, Landon hit a two run single and Cline delivered an RBI single to put Belleville ahead for good.

Leyner (3-1) was credited with the win. He pitched a complete

Rec soccer & touch football applications available

Applications for the Belleville Recreation 1996 fall sports programs are now available in the schools and at the Recreation office. Boys and girls ages 6-14 may participate in recreation soccer.

Belleville resident children who will be 6 by Dec. 31 and who will be no older than 14 on Dec. 31, 1996 are eligible. Nobody above 8th grade can play, and all returning players must re-apply.

Boys ages 7-10 can play touch football, if they so choose. Belleville boys who will be 7 by Dec. 31 and who will be no older than 10 on Dec. 31, 1996 are eligible. All returning players must re-apply.

For both soccer and touch foot-

ball, all completed applications must be returned to the Recreation Department, 407 Joramemon St., with birth certificates. The registration deadline for soccer is Aug. 23, and the deadline for touch football will be Aug. 23.

Children are advised not to register for more than one fall sport since football, soccer and touch football game and practice schedules conflict.

For the convenience of persons unable to register during regular daytime office hours, registration will also take place at the Recreation office on Wednesday nights, 6 p.m. to 8 p.m. from June 12 to Aug. 7. Call 450-3422 for other information.

Soccer coaches needed

The Belleville Recreation Department is seeking persons interested in coaching its 6-14 year old soccer league. The league is separated into several divisions according to specific age groups.

The children learn the basics of soccer and all those attending regular practices play in all games. Games are played on Saturdays and Sunday afternoons, beginning in mid-September. All volunteer coaches will be required to attend a certification clinic by the NYSCA before the season begins.

Those interested in coaching may call the Recreation Department at 450-3422 weekdays before 4:00 p.m. or contact League Director Carmen Goglia at 751-7560.

Pre-school registration for 1996-97 school year

The Belleville Department of Recreation and Cultural Affairs is accepting registration for the pre-school play program for 4-year-old children.

The program consists of games, stories, songs and art. Outside play when weather permits, short rest periods and occasional holiday parties especially designed for pre-school children.

A session is from 9 a.m. to 10:45 a.m., or 12:45 p.m. to 2:30 p.m., five days a week, with class limited to a maximum of 23 students in each session. The cost of the 32 week session is \$150.

The mothers of the children accepted must participate by serving one duty day about every eight or nine days according to a published schedule. School will begin

on Monday, Sept. 16 and will run through May 1997.

Children born between Oct. 1991 and Sept. 1992 who will enter kindergarten in Sept. 1997 are eligible. Participants must be Belleville residents. Since there are just a limited number of openings, applications will be accepted on a first come, first served basis only.

Children must be able to speak

and understand English in order to participate. Children enrolled in the morning program cannot also be in the afternoon program or vice versa. A \$25 deposit is required to hold your spot in the program.

For further information and enrollment, contact the Belleville Recreation Department at 450-3422 as soon as possible, Monday, through Friday, 8:30 a.m. to 4 p.m.

Belleville Rec announces Summer Playgrounds

The Belleville Recreation Department's summer playground program is taking place through Aug. 2.

Under the Supervision of the Department of Recreation and Cultural Affairs, the five playground sites are located at School No. 9, the Municipal Stadium, the Recreation House, Clearman Field and the Friendly House. The special education playground is set up at the Belleville Little League Field.

The playgrounds will be open daily to all Belleville residents in Grades Kindergarten through 9 from 9 a.m. to noon and 1 p.m. to 4 p.m. Playgrounds are closed noon to 1 p.m. for lunch and when it rains.

While there are no restrictions as to which area a person must attend, generally youngsters attend the closest playground to their home.

An adult director will be on hand at each playground to organize athletics, games, tournaments, parties and other activities and an arts and crafts supervisor will travel

from site to site to do special projects with the children one day each week.

Tentatively, tennis lessons, "open swim" and special tournaments are planned throughout the summer. These programs are all pending the hiring of qualified instructors/supervisors and pending the availability of adequate facilities.

Applications for all summer program participants must be completed and signed by a parent. Registration forms will be available at the Rec House office and at all playgrounds. No pre-registration will be required; however, parents must accompany their children to the playground on the first day so that application forms may be signed before participation.

There will also be a special event for all children ages 4-12 on July 4 at 10 a.m. at the Municipal Stadium.

For further information, call 450-3422. Special Education playground information may be obtained by calling 450-3494.

Registration for football program held until August

There will be registration for the Belleville Recreation Department's 1996 "Junior Bucs" tackle football program at the Recreation House, 407 Joramemon St., now through Aug. 2.

Boys who will be 7 years old before Sept. 1 and who will not be 15 before Dec. 31 are eligible.

Those wishing to play tackle football must weigh a maximum of 145 pounds, and no one above eighth grade can play.

Players will be broken down into three teams according to specific age/weight requirements as set by the All-County Youth Football League. This is the first year in this new league, and the team will tentatively play a nine-game season.

To register, players must obtain an application from their school or

the Recreation Department office. All completed applications with parent approval must be brought to the Rec. House by Aug. 2, with two passport size photos of the player and a copy of his birth certificate.

All returning players from last year's team must re-apply. Practices will begin around July 29.

Children are advised not to register for more than one fall sport, since football, soccer and touch football games and practice schedules conflict.

For the convenience of persons unable to register during regular daytime office hours, registration will also take place at the Recreation office on Wednesday nights, 6 p.m. to 8 p.m., from June 12 to Aug. 7. Call 450-3422 for more information.

Congregation Ahavath Achim appoints new rabbi

Irving Berkowitz, president of Congregation Ahavath Achim of Belleville, has announced the appointment of Rabbi Philip Fleischer as the new spiritual leader of Congregation Ahavath Achim starting August 1, 1996.

Rabbi Fleischer has been the Rabbi of Temple Beth Shalom in Mahopac, New York from 1964 to 1970, and from 1977 to 1996. From 1970 to 1977 he was the Rabbi of Agudath B'nai Israel in Lorain, Ohio. Previously he was a Chaplain in the United States Army at Fort Gordon, Ga. from 1962 to 1964.

Rabbi Fleischer was ordained by the Jewish Theological Seminary of America, in New York City, in 1962, and received a Doctor of Divinity degree from the seminary in 1988. He received a BA in Psychology, a Bachelor of Religious Education and Hebrew Teachers Diploma from Yeshiva University.

Ra'oi Fleischer was very active spiritually in introducing new programs in Temple Beth Shalom under his direction. He initiated adult B'nai and B'not Mitzvah, taught adult education classes on

Judaic subjects, counseled the sick, and provided leadership in a variety of life cycle events.

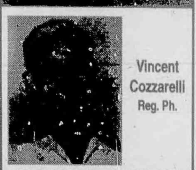

Rabbi Fleischer was active in his community; he was on the board of Head Start, the Clergy Association to help cement close ties with local clergy and organized interfaith services, Community-wide Holocaust Service, on the board of various mental health programs, and other community programs.

Following the services on Friday, Aug. 2 at 8:30 p.m., an Oneg Shabbat will be held welcoming Rabbi and Mrs. Fleischer to Congregation Ahavath Achim. Congregation Ahavath Achim is the only conservative synagogue in the local area, which is affiliated with the United Synagogue of Conservative Judaism.

Sabbath Services are held every Friday evening at 8:30 p.m. and Saturday morning at 9:00 a.m. Services continue throughout the summer in the air-conditioned chapel.

Congregation Ahavath is located at 125 Academy St., Belleville, behind the Public Library.

For more information call 759-9394.

NEW PAIN RELIEVER ON THE BLOCK

Ketoprofen is the "new kid" on the pain reliever block. Until recently, it was available only by prescription and at a stronger dose. Life aspirin and ibuprofen, ketoprofen is a non-steroidal anti-inflammatory drug (NSAID). And, while it is not identical to other NSAIDs, it has the same advantages and disadvantages. To begin with, it combats fever, pain and inflammation. On the other hand, it may cause gastrointestinal, kidney, and other problems for those who take it over the long-term. Like aspirin, it should not be given to children under the age of sixteen with flu symptoms or chicken pox. Unlike aspirin in low doses, ketoprofen does not act as a heart attack preventive. Aspirin is the only NSAID suitable for this purpose. As for the other type of non-prescription pain reliever, acetaminophen, it is not a NSAID and does not combat inflammation.

Whether your medication needs are long-term or short-term, we can provide you with full assistance at ROSSMORE PHARMACY, 338 Washington Avenue (759-1958, 759-1556). The sale and rental of convenient aids is available through us. This includes wheelchairs, crutches and canes. Open: 9am-10pm daily, 9am-9pm Sundays.

HINT: More potent than other NSAIDs, 125 mg of ketoprofen provides pain relief comparable to 400 mg of naproxen sodium or 200 mg of ibuprofen.

The Biondi Funeral Home of Nutley

Is pleased to announce the acquisition of the Harrison-Pucci Funeral Home business.

The Harrison-Pucci Funeral Home, the successor to the original Stanton Funeral Home at 661 Franklin Ave., Nutley, has had a fine reputation of serving the families of Nutley and the surrounding communities in their time of need for many years.

The tradition of fine and personal service will continue from the new location:

Executives advance at United Water Resources

United Water Resources of Harrington Park expanded the responsibilities of two top executives through a recent board action designed to strengthen the company's utility operations and position United Water for future growth.

On July 2, Joseph Simunovich was elected president of United Water Management and Services, and Frank DeMicco was elected president of United Water New Jersey.

Donald Correll continues as chairman and chief executive officer of United Water Resources and its subsidiaries, United Water Management and Services, United Water New Jersey and United Waterworks, respectively.

United Water Resources owns half of the North Jersey District Water Supply Commission's Wanauke South Project, which went on line October 1987 and added an additional 80 million gallons per day to the water supply of Northern New Jersey.

Nutley is a partner of the Wanauke South water system. Bloomfield is also a partner in the Wanauke North system as well as the Wanauke South, and Glen Ridge is a partner in the Wanauke North system. Belleville declined an opportunity to participate in the Wanauke South Project.

"These executive moves will ensure the sound functioning of United Water's utility operations, strengthen our customer focus, enhance our ability to pursue growth initiatives and build shareholder value," Correll said.

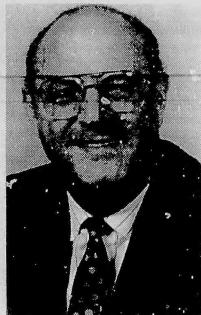

"Joe Simunovich has demonstrated strong managerial leadership, particularly as it pertains to marketing and external affairs, along with the expertise to build United Water's market share in the emerging contact services market," Correll said.

"Frank De Micco's technical strength and in-depth knowledge of our New Jersey operations will enable United Water to intensify its focus on our largest service area," he said.

Simunovich will assume responsibility for United Water Management and Services, which

Joseph Simunovich

Frank DeMicco

provides administrative and technical support to all of United Water's regulated and non-regulated companies around the country. In this capacity he will continue to oversee United Water's nationwide marketing efforts and provide strategic direction and oversight for regulatory, legislative, government relations and corporate communications activities.

Prior to this appointment, Simunovich was senior vice president with responsibility for external affairs, regulatory business, marketing and corporate communications for United Water Management and Services.

Before joining United Water in 1992, the 30-year marketing, sales and communications veteran held various management positions at New York Telephone, New Jersey Bell Telephone and Bell Atlantic.

Active in governmental and civic activities, Simunovich was appointed by Gov. Thomas Kean in 1986 as a member of the New Jersey Economic Development Authority. He was reappointed by Gov. James Florio in 1990 and by Gov. Christine Whitman in 1993 and continues to serve as vice chairman. He also completed a one-year assignment as a loaned executive to the Governor's Management Review Commission.

Simunovich is a trustee and

secretary of the board for Jersey State College and a former trustee of the Skyland Educational Foundation. He is a member of the board of directors of the National Association of Water Companies and the Workforce Investment Board, and of an officer of the board of governors at Hackensack University Medical Center.

Simunovich was a Hudson County freeholder for 12 years, three of them as director/chairman of the board.

Simunovich received his bachelor's degree from Colgate University and attended Fairleigh Dickinson University for a master's degree in business administration.

De Micco will assume full operating responsibility for all of United Water's utility operations in New Jersey which includes United Water New Jersey—the largest utility in the United Water system—United Water Toms River, United Water Lambertville and United Water Mt. Atlantic.

Prior to this appointment, DeMicco was senior vice president of operations for United Water Management and Services and vice president of its subsidiaries, United Water New Jersey, United Water New York and United Waterworks.

Before joining United Water in 1991, DeMicco was president of

Buck, Seifert & Jost, Inc., a consulting engineering firm in Paramus. During his tenure there, he served as project manager for the construction phase of the expansion of United Water's Hawthorth Treatment Plant.

He also served as project engineer in charge of design and construction for the Oradell Aqueduct, a key component in the Wanauke South Project, a partnership between United Water and the North Jersey District Water Supply Commission.

De Micco's professional memberships include the American Water Works Association, the Water Environment Federation, the National Association of Water

Companies, the National Society of Professional Engineers and the International Ozone Association. He also serves as executive vice president of administration for the Bergen Council of the Boy Scouts of America and a member of St. Joseph's Hospital and Medical Center Foundation Board.

De Micco holds a bachelor's degree in civil engineering from Manhattan College. He is a licensed professional engineer in New Jersey, New York, Pennsylvania, Virginia and Puerto Rico. He is a licensed professional planner in the state of New Jersey.

United Water Resources is a holding company whose principal subsidiaries provide water

and wastewater services to about two million people in 13 states. Through its partial ownership of JMM Operational Services, the company serves an additional 2.5 million people and expands its presence to six more states and Canada.

United Water is the second largest investor-owned water services company in the U.S. It has formed a partnership with Lyonnaise Eau opoe that acquired a 20 percent interest in Northumbrian Water Group, PLC, the fifth largest investor-owned water company, by population served, in the United Kingdom.

United Water has paid continuous cash dividends on its common stock since 1886.

Health department provides food preparation tips

Increases in outbreaks of foodborne illnesses across the country have focused consumer attention on the causes and prevention of outbreaks in the home. The most common foodborne illnesses are caused by bacteria such as E. coli and Salmonella. These are also the easiest type to prevent.

There are many things we can do to prevent foodborne illnesses from occurring - thoroughly cooking foods to destroy bacteria, keeping raw and cooked foods separated and refrigerating cooked foods promptly are a few. To ensure safety, the Belleville Health Department urges:

1. All raw meat and poultry should be thoroughly cooked.
2. Surfaces, utensils and hands that come in contact with food during preparation and serving should be clean and sanitized.
3. Hot foods should be kept hot and cold foods cold.
4. Refrigerate or freeze cooked

meat and poultry immediately. Store food in small, shallow, covered containers to allow rapid, even cooling.

Food poisoning can be transmitted by contaminated hands. Bacteria, parasites and other germs are easily transferred from raw animal products to hands, subsequently contaminating any surfaces touched.

For these reasons, it is important that food handlers wash their hands frequently and thoroughly during meal preparation. Following safe food handling practices, especially sanitizing kitchen surfaces in contact with raw meats and poultry, is one of the best protections against harmful foodborne bacteria.

Wash hands frequently during meal preparation in between serving food. Cooked foods should be served on clean plates with clean utensils. Do not serve cooked foods on the plates that were in direct contact with raw foods, especially

meats.

Marinate meats in the refrigerator, not on the counter, using a glass or plastic container. Never use leftover marinade for other dishes. To avoid cross-contamination, clean any utensils, bowls or surfaces that marinade came in contact with after it was combined with the raw meat.

Most illnesses-causing bacteria are active between 40-140 degrees F. Cooking meats to a temperature greater than 140 degrees F. will kill harmful bacteria. To be safe, make sure red meats are cooked to an internal temperature of 180 degrees F.

Leftovers should be refrigerated or frozen within 2 hours after cooking. Use shallow, covered containers for storing leftovers. Sanitizing storage containers before use will help reduce food spoilage. Leave airspace around containers or packages to allow cold circulation, which will ensure rapid, even cooling.
