Parents speak on teen fights

By James Zoccol

Parents and concerned residents met with township officials last Thursday to discuss recent incidents of violence between Nutley and Belleville teenagers.

Mayor Gary Furnari chaired the meeting, held in the Commission Chamber at Town Hall. But most of the dialogue was between Police Chief Robert DeLitta and the 65 residents in attendance.

"These problems are going to quiet down," DeLitta told a seemingly skeptical audience.

The chief then began listing the chronological order of events that authorities now believe led up to a series of violence during the week-end of Oct. 11-13.

Investigators attribute the gang fights to a simple argument over dating a Nutley girl, DeLitta said. The girl had reportedly dated two male youths, one from Nutley and one from Belleville. Authorities say that an initial Oct. 5 dispute over the girl soon escalated into widespread brawls the following week-end.

"The kids from Nutley are just as much at fault as the kids from Belleville," DeLitta said. "This (fighting) has been going back and forth."

Although police last week said there were no weapons involved in any of the teenage fights, DeLitta said his ongoing investigation has uncovered reports that one teenager pulled out a pistol twice, once in Nutley and once in Belleville.

"The weapon was described as a black semi-automatic handgun," DeLitta said.

Police described the pistol-wielding youth as a 17-18 year old male, driving a blue Geo Sidekick.

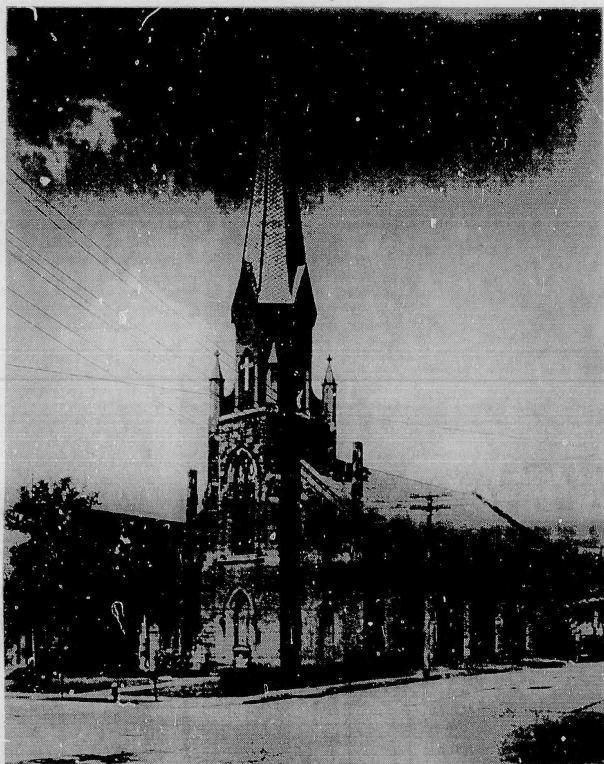

DeLitta said authorities are close to making arrests for many of the street fights, but they have yet to identify a suspect regarding the gun incident.

"The police department is going to take a very tough enforcement role," DeLitta said. "The way it looks, we will be making arrests. We're hot on their heels."

Some parents responded by voicing their concern over an

Dutch Reformed Church celebrates 300th anniversary

By Natalie Waldron

Members of the Dutch Reformed Church are kicking off its 300th anniversary festivities Nov. 1 at 7 p.m. with a dinner dance at Bella Casa.

There will be a buffet dinner and a DJ along with door prizes.

Activities to look forward to in the upcoming year are a rededication service, a community service,

presentations on the church's historic artifacts, tours of the church and its grounds, a dinner dance, a covered dish supper, and a slide and history presentation of the church.

"Everyone in our congregation is very excited about it and we hope to involve the entire community," said Betty Jane Davenport, chairperson of the 300th anniversary celebration committee.

"We are one of the oldest churches in the state and we would like everyone to join us in the celebration," she added.

"We are both a national and state historic site," said Davenport.

The church, located at the corner of Rutgers and Main streets, was established by Dutch settlers in 1697. At that time, it was

said.

A car chase of an armed 22-year-old man led to an arrest on Oct. 23, officials said.

Jason Michael Dilcher, surrendered after leading police on a car chase, where he crashed his vehicle into another and then attempted to carjack another.

The Ford's man is currently being held in lieu of \$50,000 bail.

Police report that Dilcher had a hypodermic needle and \$60.22 that he allegedly stole from a customer at Garden State News located at 750 Washington Ave., police said.

Police allege that Dilcher ordered the owner and two patrons, one of which had a money bag to lay on the floor.

Dilcher then took the money bag and fled from the scene in his red Dodge Omni, police allege.

The customer then followed Dilcher out of the store and chased him through Nutley and Belleville in his car, police report.

While on driving on Main Street the customer flagged down Officer Victor Linfante and told him that he was robbed at gunpoint, police said.

Linfante called the incident into headquarters and followed the red Dodge to Route 21 south, police

lost track of the suspect but Belleville police officer Dante Pasquale then continued the chase.

He followed the car turn south into Newark and observed it crash into a parked truck on Broadway and Broad Street.

Dilcher then ran away from the vehicle with a gun in his hand, police said.

He then ran to a vehicle at a traffic light and attempted to car jack the vehicle, police allege.

Pasquale was approaching on foot, so the suspect had little time to waste so he left the scene, police said.

When he was surrounded by Belleville and Newark police officers he dropped his Smith & Wesson 357 Magnum with hollow point bullets, police report. Dilcher was charged with armed robbery, aggravated assault, possession of a weapon, possession of a weapon for unlawful purposes and possession of hollow point bullets.

Pending are charges of car jacking and aggravated assault.

Dilcher was wanted by Middlesex County Sheriff's department on previous charges, police said.

Council to announce interim town manager

effits for Cuccio until July 1997.

Township manager Stephen Cuccio announced his resignation at Town Council's Oct. 22 meeting.

After four years in his post he chose to retire to spend time with his family.

"I spend more time here dealing with all types of people than my family. I think my family deserves my time," said Cuccio, who has more than 20 years of experience in his field.

He said his retirement was not due to health reasons.

His last official day will be on Oct. 31. The Council agreed to pay three months salary and health ben-

Cuccio said Police Chief Raymond Kimble will be the new interim manager who will take office on Nov. 1 to Dec. 31 to give town officials time to look for a permanent manager.

A special meeting today at 4 p.m. will officially name the new interim manager.

Cuccio was injured last month when he fell down the steps at Town Hall. He was rushed to University Hospital for observation.

The Wyckoff resident took a sick leave in August 1993 for a heart bypass operation at Hackensack Medical Center.

It's pumpkin time

School 8 students Jessica Bello, Anthony Copozzi, Michael Lunelli, Vivian Lu, Ashley Renna and Leyla Cayll put their favorite pumpkins that they received at the school's annual 'Pumpkin Patch' on Oct. 24.

Council awards citizens making a difference

By Natalie Waldron

There are many silent members of the community who go above and beyond their duties.

On Oct. 22, Town Council recognized some of the community's 'silent heroes' in its first community awards ceremony.

"These are caring and community oriented people and it is these people who make a community what it is," said Mayor Victor Canning.

Belleville's Top Cops

For the first time in the state of New Jersey, police officers from the state were recipients of the prestigious 'Top Cops Award' presented by the National Association of Police Organizations.

At the ceremony Assemblyman Paul Di Gaetano presented the officers with a resolution from the state

recognizing them for their teamwork which stopped the alleged killer of seven people, Darnell Collins, 34, of Atlantic City on June 21, 1995.

These Belleville police officers were Joseph Tramaglini, Victor Linfante, Vincent Masi, John Pinto, James Melillo and Joseph Richiuso.

The town also gave them a plaque recognizing their efforts.

Sue Citarella

Sue Citarella, a school crossing guard of 14 years, was recognized and commended for her bravery and heroism by jumping into an uncontrolled moving vehicle and then stopping it just short of the hill on Joramelon Street, saving the lives of two children.

On Jan. 3, 1996 Citarella saw a female motorist, Elsa Pruncitto, park and shut off her vehicle, on Joramelon Street, leaving two small

children in the vehicle.

She watched the woman walk across the street.

Citarella then heard a scream and turned towards the vehicle and observed it rolling towards oncoming traffic.

Without hesitation, she ran after the vehicle.

Citarella then ran over to the vehicle, opened the passenger side door and jumped into the vehicle and then shifted it's gear into park which was disengaged.

The mother, who was six months pregnant, jumped in on the driver's side and stepped on the brake, said Citarella.

The vehicle was stopped just short of the hill on Joramelon Street nearly 15 feet from where the car was parked.

Nobody was hurt and the mother

Police report

Men charged

A 31-year-old Newark man was charged with possession of a controlled dangerous substance and possession of a hypodermic needle for an incident on Oct. 25 on Mill Street, Belleville Police report.

Elio Oregno was observed walking down Mill Street carrying a brass lamp, police said.

Police said Oregno was stopped for suspicious behavior.

A hypodermic needle and clear powdery substance was found in Oregno's possession, police report.

Officers James Delgrosso and Peter Fraone made the arrest.

A 26-year-old Belleville man was charged with possession of a controlled dangerous substance for

an incident on Oct. 21 on Mill and Washington streets, Belleville Police report.

John Miele was found to be in possession of two wax folds containing a white powdery substance, police report.

Detectives Giuliano and Capece made the arrest.

A 47-year-old Belleville resident was charged with possession of a controlled substance for an incident on Mill and Main streets on Oct. 22, Belleville Police report.

Albert Ruzzano was behaving in a suspicious manner, police report.

Police found two vials containing a white powdery substance.

Officers Gerard Corbo and Dante Pasquale assisted in the arrest.

Computers needed

Parents

(continued from page 1)

alleged lack of diverse recreational activities for teenagers.

Barbara Boches described herself as, "a proud parent of a roller blader."

Boches said her children are good kids who simply want a place to skate. But she said the youths are often being chased by the police.

"I want you to be proactive, not reactive," Boches said. "There's a lot of frustration among kids."

The parent also said she thinks its fine for youths to congregate on Franklin Avenue, rather than be chased by police and left to gather in the dark shadows of township parks.

Other parents also stood up and asked for a place for skating. Parents also asked for more activities for 15-18 year olds and a place for youths to socialize.

Furnari noted that he recently sent out letters to Nutley High School students asking what new programs or activities they want implemented. The mayor said he has also walked through township parks to talk with youths.

"It's my hope we'll be able to generate more activities for junior high and high school kids," Furnari said.

Another parent, Richard Mikolitch, said he thinks Nutley should open up rooms in public buildings for teens to play music.

"Many of them need a place to play their guitars and sing," Mikolitch said.

Much of the dialogue at the meeting began tilting more and more toward roller blade and skateboarding activities.

Public Safety Commissioner

Camen Orechio, however, said the meeting was drifting away from its original intent.

"We're really getting off the focus of this meeting," Orechio said, noting that the meeting was held to update parents on the facts surrounding the teen blavrs.

Sgt. Steven Rogers said he agreed with Orechio.

"The meeting should have stayed focused on the topic," Rogers said after the gathering had ended. "Roller blading and skate boarding are issues to be discussed, but this meeting wasn't about that."

Rogers also said there are many rumors that have been spread throughout town that are not true.

DeLitta said there is no truth to the assertion that the teenage violence was a result of any organized gang. He said persistent rumors that a dangerous gang, the Latin Kings, were involved are false.

The Latin Kings are an organized gang which allegedly commits crimes on the West Coast and East Coast, including Paterson, Newark and East Orange.

"It's very unlikely they would get involved in something like this," DeLitta said, adding that the Latin Kings prefer to commit crimes that "make money."

DPW Commissioner Peter Scarpelli said after the meeting that he thought the dialogue was helpful.

"People have to talk," Scarpelli said. "If they don't talk, things don't work."

Furnari said the answer may lie in people's perceptions of the issue.

"It's not us versus them, it's all of us together," Furnari said.

Efforts to discourage students from allowing themselves to get involved in any street violence,

known as the Old Dutch Church at Second River. Dutch was spoken in the church until 1794.

In 1725, the church was rebuilt because a bigger building was needed, but in 1804, a tornado destroyed the original building.

In 1807, another building was built replacing the one that had been destroyed.

A fourth church — the structure that stands today — was built in 1853 because a bigger structure was needed to house the congregation.

In the cemetery behind the church, there are more than 60 Revolutionary War soldiers buried. This is more than any other cemetery in the United States, said the Rev. William Mohelt.

Many of the streets in Belleville are named after significant families buried in the church's cemetery.

Josiah Hornblower, who was a significant in Belleville's growth, was member of the church.

He accompanied, assembled and maintained the first steam engine

in America, located at the Schuyler Copper Mine. The steam engine arrived in 1753.

Historians say that he proposed changing the name of the township from Second River to Belleville meaning "beautiful town."

The following excerpt is from *Belleville's 150th Anniversary: Historical Highlights 1839-1989* by Robert B. Burnett:

"Steam and metal—two components of the Schuyler mine—marked the birth of the industrial revolution that would change the ways people worked and lived. Industrialization brought factories, machines, mass production, and new products."

A nationally known pastor, the Rev. Thomas De Witt Talmadge started his career at Belleville Reformed, serving from 1856 to 1859, Davenport said.

For more information on the church's celebration or to purchase tickets for the dinner date, call Betty Jane Davenport at 759-4039, Betty Schwenk at 751-2262 or Pastor Bill Mohelt at 759-5472.

Belleville Senior News

By Joseph Restaino

Three Long Years of Work and Sweat
Today was the climax. It's all over now.
He wonders and wants to know, why and how?
He spent three long years now of hard work and sweat.
It seems justice and mercy owe him a debt.
He gave up his evenings of pleasure and fun,
Spent his days preparing, wasting not one.
In one short minute, he lost those three years.
The hope in his eyes has now turned into tears.
He lost all his honor, his respect was shattered.
He's now laughed and mocked at, beaten and battered.
He's finished and through now. His career is done.
He'll never forget the honor and respect that now
Another has won.

By Joseph T. Restaino

Condolences to the family of Dorothy Loesner who passed away last week.

Kathleen Kearny is feeling fine after cataract surgery and has been welcomed back to the Senior Center. Welcome back to Jeanne Bjingan. Welcome back to Ed and Dorothy Barbig who were on vacation in sunny Florida. Only thing is that while they were there, it was cold and rained constantly. They are glad to be back here to enjoy our beautiful weather.

Connie Salamone of Belleville received a special recognition on behalf of her husband, the late Jerome J. Salamone, during NJIT's Department of Chemical Engineering, Chemistry and Environmental Science Merit Awards ceremony. Salamone, a chemical engineering professor at NJIT, who passed away in 1995, began work at NJIT in 1948 after serving as a second lieutenant in the U.S. Army Signal Corps during World War II. In the early 1970s, he served as assistant chairman of the graduate program. In 1976, he became associate chairman of chemical engineering and served in that position until his retirement in 1989. Salamone's research specialty was heat transfer. Congratulations to Connie who is a member of the Senior Citizen Club.

Seniors beware: Beware of phone personnel who try to sell over the phone. Be aware that fraudulent phone sales are against the law.

Be warned that a prize offered, charity solicitation or product offered by phone may be fraudulent.

A free prize should be exactly that — free. You shouldn't have to pay up front taxes, handling or accounting fees.

And you should not have to pay anything to "increase your chances" of winning.

Beware of requests to send money or buy something sight-unseen.

Legitimate businesses won't rush you. If a caller offers to send someone to pick up a payment or insists that you act now, the offer may not be legitimate. If it's too good to be true, most likely it's not true.

Warnings are out that air bags on the passenger side can be fatal to children up to 13 years of age. Dr. R. Martinez, the administrator for the National Highway Traffic Safety Administration, stated that air bags have come under scrutiny because they have killed 26 children since 1986, prompting the agency to examine ways to make bags less deadly for children. They are considering air bags that deploy with less force. While they try to find a solution, seniors who drive grandchildren to school or other activities, beware. You see many persons driving with children standing up or no restraints. Don't they realize how dangerous this is. So be careful of your precious cargo.

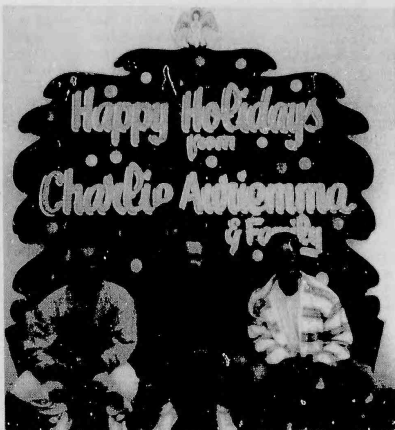

It seems we have many ungrateful persons who have taken out student loans for college and are refusing to pay them back. The government has now contracted with a private law firm to sue those who have not answered the letters and phone calls asking for payment. Student loans have no statute of limitation and even if you go bankrupt, you are still liable for the loan. Once they go to court, it can get nasty. After a judge approves, Uncle Sam can take money from paychecks, put a lien on property and withhold tax refunds. So if you owe, pay up.

According to a statement in one of the newspapers, over 300,000 persons have died due to smoking-related symptoms. You might think it's too late to stop smoking but the last time you take a puff is the first day you start to get better. Get smart! Stop NOW. We care because we love you.

Tid bit: Just remember when you're over the hill, you begin to pick up speed.

Belleville is beautiful because of you.

Preparing for holiday display

Charlie Auriemma of 90 Mt. Prospect Avenue, Belleville starts early this year putting together a complete spectacular animated Christmas scene for the town of Belleville. This year for the children he will have live reindeer for the whole month of December. Helping him early, from left to right, are Robert Vocaturo, Charlie Auriemma with girlfriend, Karina Enriquez, and Mike Chieffo. Also, helping are, not pictured, Dante Pasquale and Mike Forlenza.

Holiday celebration committee sponsors Halloween celebration

The Belleville Holiday Celebration Committee will be sponsoring its annual Halloween celebration on Halloween night, today, at the "haunted" recreation house at the corner of Joramemon Street and Garden Avenue.

The event will take place at 6:30 p.m.

The committee will be taking free pictures of Belleville children, and each child will be allowed to choose a pumpkin from the pumpkin patch.

All Belleville residents are invited to participate, and parents

are encouraged to bring their own cameras and video equipment for additional photos.

Each year, the Belleville Holiday Celebration Committee sponsors Halloween, Christmas and Easter celebrations. These events are open to all Belleville residents and are free of charge.

Committee Chairman Councilwoman Angie Pascheria said last year's event drew more than 700 families.

"I am looking forward to seeing all the children in costume having a safe and fun evening," she added.

Town planning officials first in the state to be accredited

New Jersey's first accredited planning officials were recognized by the Belleville Township Council on Oct. 22.

Mayor Victor Canning presented certificates to six members of the planning board and the zoning board of adjustment who are the first in the State to acquire accreditation under a new program initiated to the New Jersey Planning Officials.

NJPO is a non-profit organization which provides training for planning officials throughout New Jersey.

The six members honored were planning board members Jude Luongo and Al Nappi and zoning board members Jerry DelGuercio, Lou Paraboschi, Al Schmitt and

William Villano. All completed an intensive six hour program moderated by attorney Joan Campbell, professional planner Robert Ringelheim and engineer Jeff Biggs. The session was followed by the completion of a detailed questionnaire covering all phases of New Jersey's Municipal Land Use Law which governs the operations of municipal planning and zoning boards. The session served as a pilot for NJPO accreditation which will now be offered statewide.

NJPO was founded in 1938. Its primary purpose is to provide training for 11,000 New Jersey citizens who serve on planning and zoning boards. It delivers its services through a series of workshops and dinner meetings and during a com-

prehensive "Three Days of Planning" during the annual League of Municipalities convention held each November in Atlantic City.

Hands-on training is supplemented by NJPO's newsletter, The Planner, and through a series of special planning reports which are issued throughout the year.

Recognizing the need for a more intensive approach to acquaint lay planners with the quasi-judicial nature of their responsibility, NJPO appointed an education task force

of 35 attorneys, professional planners, engineers and lay planners and chaired by Paul Carlton of Piscataway.

The task force designed a curriculum which addresses the fundamental responsibilities of planning and zoning boards and which leads to accreditation of those who successfully participate. Belleville experiment was a pilot which has been evaluated, which can be modified and will be presented in several venues.

Parker to exhibit 'Poetry in Motion' at library

"There are two ways to photograph motion," says Nutley photographer Bob Parker. "You let the action move across the film plane in a slow exposure, or you freeze it. I prefer the slow-motion effect." The resulting image is often called "poetry in motion," for it creates an emotional mood using color instead of words.

devoting an entire exhibit to his blurred action photography. Called "Motion Pictures," it will be shown Nov. 1 to 30 at the Belleville Public Library, 221 Washington Ave. The exhibit also includes what he calls "painting with light" photography. "In this case," he says, "I move the camera instead of letting the subject create the movement."

For the first time, Parker is Slow-motion photography

catches movement at its peak, just as in stop-action photography. "But to me a blurred image better conveys the sense of movement," says Parker. "A bonus is that it often creates its own composition." For this reason, he seeks simple backgrounds, or pans with the action to create such backgrounds.

"I've long admired the work of the late Ernst Haas," says the Nutley photographer. "The impact of his swirling splashes of color is

often painterly. I can only hope that my poetry in motion approximates the impact of his work."

Parker has earned photographic awards from Minolta Corporation, Saturday Review, and Venture, the

former travel magazine, as well as more than 100 acceptances from Photographic Society of America competitions, including ribbons and medals. His work has also been published in Americas, Cruise

Travel, The Miami Herald, New Hampshire Profiles, Communication World, and Navigante. He is a salon exhibitor at Tri-County Camera Club in Nutley.

Rotary Club nominates Zarro as volunteer of the year

By Natalie Waldron

Helping the community is a daily part of life for Belleville native Angela Cuozzo-Zarro.

Recently, Zarro was recognized by Belleville Rotary Club and named the 1996 Volunteer of the Year.

She was also recognized as the 1995 Silver Lake Woman of the Year, and she received a Senate citation from Senator John Scott and a citation from Barbara Cicalese for her involvement in BASE.

"She does anything you want her to do and she is very civic minded," said Marie Strumolo Burke, president of the Silver Lake Civic Association.

"She sees everyone in a good light and she is a genuinely good person," Burke added.

Zarro is also a trustee for the Silver Lake Civic Association, where she chairs the scholarship committee, and organizes events like the SCLA holiday dance.

"People ask me where I find the time to volunteer with working two jobs and my mother being sick... I

tell them that I feel there is always time to help others," Zarro said.

Zarro is also the chairperson of the Feast of St. Anthony's and a

representative for the SCLA for the Belleville Botanical Garden project.

She is a graduate of School 4 and Belleville High School. Zarro continues to be involved with the Belleville schools class reunions.

Life in Silver Lake By Marie Strumolo Burke

The Good 'Ole Days

You never know who you're talking to. I met up with a Mary Ann (Gialanella) Marino. Does the name Gialanella sound familiar to you? It should, 'cause, Mary Ann is the daughter of Mrs. Gialanella, or better known as Mrs. G., a former School 4 teacher. I asked her to get me some news so that I could write a story. I received the news, so here we go. The dynamic duo, Mrs. G. and Miss Murray put their heads together and a lot of good things emerged. The good thing about the information is that I don't even have to correct it because I'm sure there are no errors.

As one reads of the many problems facing public school today, it's hard to believe that in the "good 'ole days", the 30's, 40's, 50's and 60's, these problems were practically nonexistent at School 4, or as it was renamed... James G. Shawger School. Two retired teachers recall their teaching days, "highlights." Both speak from long years of experience: 51 years for Miss Murray and 47 years for Mrs. G.

Let's go back in time for a while. Miss Murray's first year's annual salary was \$1,250 and her first class had 40 pupils, while Mrs. G. had a smaller class of 38. Both classes had few foreign pupils who knew very little English, but were anxious to learn. Discipline problems were at a minimum, and despite their total years of teaching (98), neither of these two teachers ever sent a student to the principal because of bad behavior... problems were resolved privately by teacher and pupil. Attendance was stressed, and often a 98 percent average was attained for the month. When this 98 percent or higher was reached, the pupils were rewarded with a one hour early dismissal the next day (Boy, that sounds good, doesn't it, kids!).

Report (which means harmony) among principal, parents, teacher and pupil was most conducive to pleasant relations. Conferences and PTA meeting were very well attended by parents

Marie Strumolo Burke

and teachers, and proved to be most worthwhile. Fond memories were remembered by both teachers. Mrs. G recalls a little boy who one morning, stopped at a local bakery and bought her a hot Italian roll, because he knew she liked them. Miss Murray recalls the Easter Saturday when two little boys walked from Belleville to her home in Newark to give her an Easter plant.

The dynamic duo, as I shall refer to these two, are enjoying a relaxing environment, taking long drives, enjoying New York shows, visiting with former teachers, and taking life easy at the shore. As a momenta from the Board of Education, they received gold watches for their long years of dedicated service. With that many years of service, maybe the James W. Shawger School should be renamed the Gialanella/Murray

School 4.

They cannot forget Michael Nardiello, former principal of School 4. They remember him first as a young pupil in their classes and years later, as a special education teacher at School 4 and then appointed to principal of his beloved school. He finally reached the "top" by becoming Belleville's Superintendent of Schools. Success was his and he deserved it, and was certainly part of the "good old days," echoed Mrs. G. and Miss Murray.

Would you believe that after 66 years of friendship between the dynamic duo, they reserve every Tuesday as their special day to spend together. Be assured their many happy years at School 4, their friendly teacher colleagues, their cooperative parents, and above all, their happy pupils are always part of their memories. Would you believe that Miss Murray had perfect attendance at her job for 50 years? (Seems almost impossible but true.) Let me quote what they said: The spirit of love and of real understanding will always be in their hearts, and School 4 will never be forgotten."

Now I know why we have so many famous people from Silver Lake. How could Silver Lake go wrong with dedicated educators like these two? God Bless both of you. Silver Lake thanks you because you taught our children well.

Remember, we love Silver Lake, Miss Murray and Mrs. G.

"This is part of my job...We are there to protect the kids," said Citarella, who has lived in Belleville for 20 years.

"Her quick thinking saved the lives of two children," Canning said. "She risked her life to help others."

Nicole Lopreato

Nicole Lopreato is described as a role model for other high school students to follow. Lopreato, a junior at Belleville High School is an outstanding student and athlete who cares about her community, said Councilwoman Angie Paserschia.

Recently this high honor roll student had the prestigious honor of being named the first place winner

of the 'Women's Day Committee Essay Contest' which was recognized in the *New York Times*. She was chosen out of 400 students for her essay on her basketball coach Karen Fucello.

Lopreato is a member of Peers Educating Peers, the student council, the Italian club and foreign language club. She also helps her peers as a conflict high school mediator.

She is also a three letter varsity athlete in softball, basketball and soccer. Recently, her Pride Softball Team—an amateur softball association—had the prestigious honor of winning fourth place in the 1996 Pony Nationals in Virginia.

She is a paid official for recreation softball and basketball, and she runs volunteer clinics in both sports.

Thomas Fuscaldò

Thomas Fuscaldò, a Belleville native, was honored for his years of

contributions to the community.

He has volunteered at St. Anthony's Church.

Fuscaldò also served as a member of the Vocational Education Advisory Committee of the Board of Education from 1992 to 1994, a charter member of the Special Education Advisory Committee to the Belleville Board of Education from 1981-1985, and a member of the Essex County Republican Committee where he served as Second Ward Chairman from 1985 to 1994.

He has been serving on the Belleville Board of Education from 1994 to the present.

"I am proud of being instrumental in starting the residency committee of the Board of Education," Fuscaldò said.

In the past he served on the zoning board of adjustment for eight years where he was the secretary, vice-chairman, and chairman.

Are you aware that a Danger is approaching? Belleville's Citizen's (Children's) safety is going to be at risk every time you walk on Franklin Street & Belmont Avenue. (Belleville's School # 4's Children walk these Streets every day to and from School #4, and to get School Buses for the Middle & High Schools.)

N.J. Transit has very strong plans to bring their Maintenance Base Facility to Belleville (Silver Lake & School #4 Area).

What this means is a Trolley Car will be crossing over Franklin Street (near Benny's Tailor & Giordano's Bakery), also Belmont Avenue (near the Pathmark) every three minutes, 7 days a week, 365 days a year....

OUR OPINION

Clinton for president

The last several presidential elections proved to be, once all had been said and done, referendums on the economy. And there is nothing on the horizon indicating to us that the 1996 election will be any different.

During the last 18 months, we've had these spikes to gaze at on our national economic chart: the lowest unemployment in seven years, the lowest inflation rate in 30 years, and a Dow Jones industrial average up 50 percent since March 1995. Add to that a decreasing, albeit still too high, federal budget deficit, and it's no wonder challenger Bob Dole doesn't want to talk about the economy.

In recent weeks, Dole has hinged his hopes on public outrage over the Clinton adminis-

tration's "scandals," some of which begged real ethical questions and some of which were merely honest mistakes. At any rate, we just don't believe that Dole, a Washington deal-maker since before many of this election's voters were born, is the person who will come into the White House and clean up the capital.

Without a white knight to turn to, Americans would do better to re-elect Bill Clinton, who has shown more skill in foreign affairs (anyone notice we're at peace?) and in working with the Republican-laden Congress than he's generally been given credit for.

And Dole? He has served his country very, very long, and well. We wish him nothing but the best upon his impending retirement.

Torricelli for Senate

It's hard to discuss New Jersey's U.S. Senate race without being overcome by an urge to take a shower. But we'll try.

This has been one of the state's most negative political races ever. Both candidates have been spending \$1 million per week on television spots, mostly for "attack" ads. Neither Congressman Bob Torricelli nor Congressman Dick Zimmer have told New Jerseyans much about where they stand or what they'd do over the next six years.

This has proven to be a particularly foolish strategy on the part of Zimmer, who is less well known in this part of the state than Bergen County's Torricelli. Zimmer has been sitting around his farm near the Delaware River, thinking he has some name recognition

up here -- or perhaps it's been his out-of-state handlers. Either way, he's responsible for one of the stupidest campaigns we can recall.

With a little research, we were able to find out that Torricelli has a stronger record on education and health-care issues than Zimmer, that Torricelli has a record of support for a strong defense (forget Zimmer's ad to the contrary), and that he's not been the free spender that his opponent has charged. Torricelli's own ads didn't tell us this, but then again, that's the kind of race it's been.

Torricelli's minor ethical problems have raised some questions. But Zimmer is one big question mark. Too bad he never allowed us to get to know him; we'd rather recommend someone we know, and that's Bob Torricelli.

Martini for Congress

Congressman Bill Martini, R-8, has proven to be an independent and, we think, quite thoughtful legislator. In fact, a national poll last year showed that of the 73 freshmen in the House of Representatives, Martini had been the least likely to vote the party line.

Martini has put distance between himself and the more doctrinaire members of his own party by taking moderate stands on abortion, gun control and the environment. He received the endorsement of the environmentalist Sierra Club -- becoming one of only about 15 Republicans across the nation to be backed by that group in this year's elections.

But on other issues, Martini has sided with

the majority Republicans. He supported the overhaul of the welfare system. He voted to cut Congressional spending, and went the extra step and voluntarily pared down the size of his own Congressional staff. He advocated a crackdown in illegal immigration. He voted for term limits for members of Congress.

He and his opponent aren't far apart on the Medicare issue: both have said they want the growth of Medicare curbed, only differing on the degree by which it should be reined in.

Voters in the Eighth Congressional District should judge Martini on his own moderate record, and return him to Washington for a second term on Tuesday.

DiVincenzo, Sebold, Cavanaugh, Scarpelli, Fortunato, Martinez for freeholder; Brennan for surrogate

There's one real determinant for a voter in the Essex County freeholder elections: what that voter thinks of Essex County Executive James Treffinger's efforts to tame the beast of county government.

Treffinger has stomped on a lot of high-placed toes during his tenure, yet he's largely achieved his aims: there's been no county tax increase in the last two years.

We think his efforts to slay the tax-gorging dragon of Essex County government have been an overwhelming success. We also don't think voters will want to return to the days when corruption and waste at the Hall of Records in Newark drained taxpayers dry.

So we hope voters will consider re-electing two at-large freeholders who have demon-

strated their alignment with Treffinger's vision: Joseph DiVincenzo and Patricia Sebold. For the same reasons, we'd also like to see ex-freeholder Linda Lordi Cavanaugh returned to an at-large seat, and Dr. Joseph Scarpelli elected to a first at-large freeholder term.

For district freeholders, as we stated previously, we endorse Buddy Fortunato for the Fifth Freeholder District seat, and we recommend a vote for Hank Martinez for the First Freeholder District seat. Parts of Belleville lie in each of those freeholder districts.

We also endorse the capable Joseph Brennan, who has been serving in an interim capacity for some time, for Essex County surrogate.

Vote Yes on Public Questions #1, #2

Public Question #1 concerns itself with port dredging, environmental clean-up and lake restoration.

Public Question #2 dedicates 4 percent of corporate business tax revenues for hazardous waste sites clean-up, remove underground tanks and provide watershed plan-

ning. \$300 Million is authorized for Public Question #1.

Public Question #2 establishes a dedicated fund without raising taxes.

Governor Christie Whitman urges voters to vote "Yes" on both questions -- and so do we.

Remember vets

To the editor:

On Nov. 11 America will honor the men and women who have or are currently serving in the military forces of the United States by celebrating Veterans' Day.

It is important for Americans to give pause to this special day as a sign of appreciation for the service and sacrifice of our military forces.

Although we are now more secure in the post-Cold War environment, we have only to look toward Bosnia or Saudi Arabia to be reminded of the dangers which confront our men and women in uniform.

American Legion Posts throughout New Jersey will be participating in a variety of activities to honor our veterans on Veterans' Day. As the commander for New Jersey, I would like to encourage our fellow citizens to attend these activities as a way of showing how much each of us appreciates the service of each member of our military forces.

God bless each of them and God bless America.

To the editor:

At this time we would like to extend our personal thanks, and appreciation to all, for the out pouring of

sympathy, and compassion during our bereavement.

Also, many thanks to S.W. Brown & Son Funeral Home, and Msgr. Famiani of Holy Family Church Nucleus, and the O.P.E. Association, of School Seven in Belleville, for their caring, and generosity, in our time of need.

Vote Martini

To the editor:

Two years ago, Belleville sent Bill Martini to Washington to represent us in the United States Congress. Now we must vote to re-elect him.

During his first term as our Congressman, Bill Martini has served as our voice in Washington. He has consistently put aside partisan politics and has voted for what was best for the residents of Belleville.

Martini has supported and voted for. He led the fight for lower taxes, a cleaner environment, putting welfare recipients to work and making English our official language.

It is for these reasons and others that I strongly support Martini for re-election to the United States Congress. He is right for America. Right for Belleville. Right for us.

• NUTLEY'S Assemblyman

John Kelly introduced a bill that would permit state and local government entities to grant construction contracts only to businesses employing union labor. If enacted, this would compromise the competitive-bidding process. Apparently what Kelly is trying to do is get around a New Jersey Supreme Court decision which ruled that project labor agreements violate state competitive bidding laws. The ruling might have been bad news for unions, but it was good news for taxpayers. Rutgers University economist, Leo Troy, observes that project labor agreements are the whole "uneconomic" because the process restricts open competition. In the Supreme Court ruling, the opinion also ruled that union-only agreements are permissible under certain circumstances to be determined by the Legislature. The highly respected *Trentonian* newspaper commenting on Kelly's bill editorially stated, "Kelly's bill is an

absurdity which treats the circumstances favoring project labor agreements only vaguely, but which comprises the competitive-bidding process even further by restricting the number of acceptable unions to those belonging to the FAL-CIO." Political observers believe that Kelly's bill is intended to line up AFL-CIO support for a 1997 legislative campaign. The restrictions will cost taxpayers big bucks. Come 1997, Kelly may learn that his sponsorship of this bill may be his Waterloo.

• MONDAY'S New York

Times published a report by reporter, Adam Klymer, which said it all in the first paragraph, "House Republicans, implicitly conceding Bob Dole's defeat in the Presidential race, are undertaking a television advertising campaign to argue that a Republican Congress is needed to deny President Clinton 'a blank check'." The advertisement begins with the announcer saying, "What would happen if the Democrats controlled the Congress and the White House? Been there, done that." Then it shows headlines from 1993 and 1994 involving Mr. Clinton and taxes, health care and waste in Washington. It is clear that the National Republican Congressional Committee plans to spend its \$4 million budget in a "50 tough House districts on a spot reminding voters of what Mr. Clinton and the Democrats did or tried to do in 1993 and 1994, before the Republicans took control of Congress." The interesting thing about this \$4 million is the obvious conclusion

that the National Republican Committee has written off Dole. That's wrong. They should stay with their leader the very end.

• THE battle between Congressman Bob Torricelli, Democrat, and Richard Zimmer, Republican, was about one of the nastiest campaigns New Jersey has ever seen. You don't know it by the campaign rhetoric that both Zimmer and Torricelli have excellent records on the environment, in the need for a balanced budget and a deficit reduction program. Zimmer backed a sharp budget reduction for the Environmental Protection Agency. Mr. Zimmer submitting himself to the National Rifle Association position originally opposed the ban on assault weapons. As Election Day became closer, Zimmer changes his mind and now opposes the repeal on the ban on assault weapons.

Torricelli has a better record on preserving social services, health and education programs. On his record, Torricelli wins our vote.

• WHEN Bob Dole dispatched his campaign manager, Scott Reid, to ask Ross Perot, the Reform Party candidate, to drop out of the race in order to give Dole a better chance of beating Clinton, he insured his own defeat. Perot laughed Dole's effort "weird". Dole's plea to Perot lost him votes with Perot benefiting -- and it sealed Dole's doom.

• THE jury is almost in on the battle for the 8th congressional seat currently held by incumbent Bill Martini. If there is a fair and square vote in Paterson -- the home base of Paterson Mayor Bill Pascrell, Essex County should be responsible for the reelection of Bill Martini.

From other Pens:

• IF you don't know where you are going, any road will take you there.

• YOU may know where you are going, but do you know how to get there?

Vote for Clinton

the editor.

All senior citizens should be prepared to cast their vote on Nov. 5. The polls are showing that President Clinton has an excellent chance to be re-elected, we must now decide that he needs the necessary help to protect the rights of all citizens, and by electing the proper candidates that will cooperate with him in setting this country in the right direction.

Do we need that present ruling

Clinton dictatorship which has already shut the government down on two occasions, tried to make big cuts in Medicare, Medicaid, Social Security and your cost-of-living benefit? I say a resounding "no" to this group who want to balance the budget on the backs of seniors. They do not deserve our vote.

Let's make sure that President Clinton receives the proper cooperation from candidates who have pledged to support his programs to protect senior citizens right now and also in the future years.

Let's all get together and vote the correct ticket to insure our benefits. President Clinton, Senate candidate Robert Torricelli and Congressional candidate Bill Pascrell are the right team in the eighth district for all seniors.

Nov. 5 is our day to make our wishes known and make sure that we do not suffer the loss of our senior rights.

We need the proper people in Congress that will protect seniors and make this a better country for our children and our grand children. Vote for Clinton, Torricelli and Pascrell.

Scarpelli for Freeholder

To the Editor:

Every once in a while an admirable individual surfaces and decides to make a difference in our day to day lives by giving of their time and efforts to seek public office.

Such a person is Dr. Joseph Scarpelli, candidate for freeholder at large on the republican line.

Dr. Scarpelli will bring a new approach to county government using his quiet manner and gentle understanding of what a government is supposed to do for the people it represents.

We ask that you look beyond affiliations and select the people who will best represent you and the effect their decisions will have on our county long term.

A need to step into the 21st century with innovative thinkers exists as we further the direction we would like Essex County to choose.

Dr. Scarpelli has grown up in a household that has been in governmental service to the public for many years.

Dr. Scarpelli's dad is Peter Scarpelli, Commissioner, in the

Township of Nutley for the past 14 years, and is dedicated to local government and improving the quality of life and its citizens.

Having acquired the knowledge from his dad's many years of experience we are able to recognize that the old adage "the apple does not fall far from the tree", holds true in Dr. Scarpelli's case as the campaign trail brings him to your neighborhood.

Ideas and innovation, not personal ideals and confrontation are the platform from which Dr. Scarpelli speaks.

Dr. Scarpelli is married to the former Suzanne Kent, and they have three children, Salvatore, Gianna and Ariel.

Please support Dr. Joseph Scarpelli for freeholder at large on November 5, and see what a difference a gentleman makes.

Save the jazz ensemble

To the editor:

As a concerned parent, I attended the Board of Education meeting Oct. 21. Many students attended the meeting to request that the Middle School Jazz Ensemble be funded by the Board of Education, as was promised after its two previous years as a pilot voluntary program.

I was very impressed by the students who attended the meeting, and the manner in which they conducted themselves. All of the students came appropriately and respectfully dressed, were well pre-

pared, waited patiently to speak, and spoke with clarity and conviction. The middle and high school students quickly reached the central issue.

The Middle School Jazz Ensemble far exceeded anyone's expectations of middle school students' musical capabilities, and was an excellent feeder into the high school program.

This program provided our children with many positive experiences and should be valued by this system.

Under their own initiative, the students gathered together, cooperatively wrote and signed petitions,

and prepared to speak before a public audience.

Despite negative comments from a few citizens, the board listened as those students demonstrated that they really had absorbed the lessons of responsibility, initiative, and respect that have been taught them by their fine teachers and parents.

Belleville students have not fared well in the press of late. I believe that these respectful, conscientious music students who have learned and used the proper channels for airing their views should be commended.

MEDICAL RESEARCH

Age spots? New research project may help

Some news for people bothered by "age" or "liver spots".

People who work outdoors or sunbathe without sun protection can develop various skin problems. The sun can cause large freckles called "age spots" or "liver spots". These flat, brown spots are medically referred to as "lentiginos". They have nothing to do with the liver, they are caused by

the sun and usually appear on the face, arms and hands. Most commercial "fade" creams will not make lentiginos disappear.

Dr. Manuel R. Morman of Rutherford is conducting a research study on a medication being developed to lighten these areas of sun damage.

Qualified participants receive the following at no

charge: Physical exam and laboratory work; Study product; A stipend of \$20 per visit for travel related expenses.

If you are at least 30 years of age (females must not be of child bearing potential) do not have a history of skin cancer and would like more information, please call the study coordinator at 460-7362.

Belleville resident wins Peter Small Award at NJIT

Jose Padilla, of Belleville has been named the 1996-97 recipient of the Peter S. Small Award at New Jersey Institute of Technology in Newark.

Padilla, an electrical engineering major with a minor in management, was shocked that he was selected for the scholarship.

"I didn't even know I was nominated until they called to tell me, it was a great surprise," said Padilla, 23.

He was even happier when he learned that the scholarship would cover his senior year tuition. "Being selected for this award has really boosted my confidence. I know that I can just focus on my studying and I don't have to think about filling out financial aid forms or worrying about how I will be able to pay tuition. It is a great feeling," exclaimed Padilla.

The one-year, full-tuition scholarship is presented annually to the student who best exemplifies the life and service of Peter S. Small, an NJIT student who died suddenly while playing soccer with fellow students on the Campus Green on May 11, 1979. The scholarship was established in 1980 to honor Small's life and his numerous contributions to the community.

Padilla is very active in the NJIT student community. He is director of cultural events for the Society of Hispanic Professional Engineers (SHPE), and served as the past vice president and a public relations officer for the Hispanic Organization of Students in Technology (HOST).

"I really like the people involved with the organization. I like helping them and the other students," said Padilla.

"We often assist incoming freshmen and sophomores by holding workshops and providing tutoring so they can do better in school. The

helped me learn how to manage my time, write a resume, and conduct myself in an interview so, it feels good to be able to give something back now that I am an upperclassman," he added.

Padilla is a member of the Ecuadorian-American Association, Phi Eta Sigma Honor Society, and he sings in a youth choir at St. Ann's Church in Newark. He has participated in the In-Roads internship program for the past two summers working as an assistant sales engineer for Panasonic Industrial Company in Seacucus, N.J. In-Roads places talented minority youth in business and industry and prepares them for corporate and community leadership.

Padilla's interest in electrical engineering was sparked in high school. "My cousin went into electronics, and I used to watch him pull apart and fix radios and televisions. We went to the same high school, and during a lab we had the chance to actually build a radio and it was really neat. I have been interested in electrical engineering as a career since then," he explained.

Padilla and his family emigrated to the United States from his native Ecuador five years ago. "I was supposed to graduate from high school in Ecuador, but we left before graduation. When we came here I had to repeat the 11th and 12th grade because I knew very little English. But, I am not upset, because it gave me the time to learn English and to participate in NJIT Pre-College programs in engineering, which helped me decide to go to college here."

Padilla said he wants to pursue research and development work in the area of optics when he graduates. "It's a really new and interesting field that peaks my curiosity."

Padilla resides in Belleville with his father, brother and two sisters.

Saul K. Fenster (right), president of New Jersey Institute of Technology, honored two local students for outstanding achievement during the annual NJIT Fall Awards Ceremony. Jose Padilla (left) of Belleville, N.J., a junior electrical engineering major; was presented with the Peter S. Small Memorial Award. Carlos M. Soca (center) of Guttenberg, N.J., a senior mechanical engineering major, received the University Research Experience Award.

Rizzolo named to honor society

Liz Ann Rizzolo, 20, of Belleville was accepted for membership into the Florida Beta Chapter of Alpha Chi and the Leadership Honor Society at Flagler College in St. Augustine, Fla.

Rizzolo was selected for membership into Alpha Chi, a coeducational honor society, because she ranks in the upper tenth of her class and is of good moral character.

The primary goal of the Florida Beta Chapter is to encourage and stimulate academic excellence at Flagler College.

Rizzolo was accepted into the Leadership Honor Society because she has maintained a cumulative GPA which places her in the top 35 percent of her class and because she has achieved a record of responsible and conspicuous leadership on campus.

Rizzolo is a junior majoring in communications, with a concentration in public relations and journal-

Recovery is an uphill process

Integrity House seeks holiday help

Recovery is an uphill process for residents of Integrity House who are struggling full-time to escape the jaws of addiction. Holiday seasons can be especially difficult.

Integrity House reaches out each year to surrounding communities to help make the holidays a positive experience for almost 150 adolescents and adults. Donations of clothing, gifts suitable for families, personal items, food treats, decorations and support for field trips are needed this year. Community and corporate leaders have been generous in past years, but current budget cuts strain non-profit organizations like Integrity House at present.

Ronald Cardone

One of the strengths of the therapeutic community concept is that it fosters the goal of returning to the community through service to town and school facilities, seniors and human service organizations in need of volunteer assistance. Integrity House also sponsors a gospel choir, "Souls of Integrity," which performs in the local area.

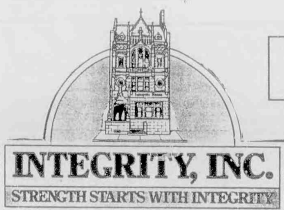

Groups, individuals, and businesses looking for holiday projects are urged to contact senior counselor John DeFalco for information or suggestions. He can be reached at 583-7111 or 583-7100. The facility is non-profit and residential. Documented donations are tax-deductible.

Especially welcome would be computer components — monitors, hard drives, keyboards — which are no longer being used by businesses or individuals. Residents at Integrity will take them apart and build working computers from discarded or out-of-date equipment.

"As the holidays quickly approach, individuals as well as corporations are gearing up for a festive season, Integrity House is no exception," explains Ron Cardone, vice president. "For this reason, now is the time to contribute to the spirit of the season."

"Integrity House is an 18- to 24-month residential drug and alcohol treatment facility located in Secaucus," continues Cardone. "In order to bring the holidays to our members, Integrity House is looking for donations for a Christmas Gift Exchange. Gifts may also include turkeys, hams, trips, toys, etc."

"Generosity has long been the hallmark of area residents and groups. Residents in treatment count on a helping hand to make new meaning of holidays."

Integrity House sponsors spaghetti dinner

Integrity House recognizes the importance of family involvement in the recovery process. At a recent spaghetti dinner, sponsored by Integrity's Secaucus facility, residents enjoyed an evening meal with family and friends. The Computer Bar

Sales, repairs, consulting, classes

Howard Danna, president of The Computer Bar, located at 94 Centre Street in Nutley, has 14 years of experience in the computer industry and offers a variety of services to area residents.

He builds machines with a one-year warranty on parts and labor, repairs and services many brands (excluding Apple and Mac), holds beginner, intermediate and advanced computer classes, and will even host children's parties for kids age 10 and up.

A former director of marketing

for major corporations, Danna will also make available on-line service at \$10 per hour (under 18 need parents signature and verification) and provide consulting services for individuals and businesses.

His establishment is wheelchair and handicap accessible and municipal workers receive a 10% discount from this Nutley Chamber of Commerce member.

The Computer Bar can be reached at 562-0222, fax 562-0223. Danna's motto: "Drink knowledge, not alcohol."

SONICLEAN INC.

Ultrasonics for Clean Living

(201) 566-0141

Technology in the maintenance industry has taken a dramatic turn with ultrasonics. Modern ultrasonics use large anti-magnetic, stainless steel tanks of various sizes.

Powerful generators and immovable transducers charge the solution with billions of tiny bubbles that implode and gently lift away years of nicotine, pollen, dust, and cooking grease.

Window blinds of any material plus numerous other items come out looking and smelling new. The rinse process applies an anti-static protective coating that minimizes further dust accumulation and lubricates mechanisms.

All chemicals used to clean, deodorize, sanitize and lubricate are environmentally safe. Additionally, our machines are both UL-listed and FCC-approved.

More amazing than the cleaning capability of ultrasonics is the assortment of items which can be safely restored through the process. Items previously thought impossible to clean can be returned to like-new condition. Electric fans, toasters, blenders, mixers, lamps, computer keyboards and many more items can be cleaned, motor and all, with no damage to electric or electronic components.

Insurance companies and insurance adjusters are showing great interest in ultrasonics for fire restoration. The system can remove

smoke, soot, and odor from many items and save settlement dollars.

Doctors, schools and hospitals have also realized the health value of ultrasonic cleaning and are, among the client list of SONICLEAN, Inc. of Bloomfield.

If you'd like to enjoy the benefits of the ultimate clean in your home and office, please contact Ed Petty, owner/operator of SONICLEAN, INC., the area's only business dedicated solely to ultrasonic cleaning with portable tanks. SONICLEAN and Ed Petty may be reached by calling (201) 566-0141.

Ed Petty moved to Glen Ridge, from New York City seven years ago and is currently residing in Bloomfield.

A former military corpsman, he is now well-known to many area residents through his work with the Glen Ridge Volunteer Ambulance Unit.

Ed researched the science of ultrasonics for two years and checked every manufacturer of machines in the United States before deciding on the system he currently owns — the "Rolls Royce" of the industry.

Ed's son, Benjamin, attends the Glen Ridge Middle School and is often seen helping his father distribute information for SONICLEAN.

On the Street Where You Live

A lot has changed since Frank Sinatra first sang that memorable lyric. Back then, America was a virtual mosaic of small towns from sea to shining sea. (Oops! that's a different lyric.) Now we have urban sprawl and bedroom communities.

But maybe things haven't changed that much after all. Although that small town feel seems to have been lost somewhere in outer space, one enterprising group, right here in Nutley, NJ, is creating something that blends the best of what's new and old all at once, in cyberspace.

"We love our community, and wanted to do something that would make living here even better. Our area still retains the charm and community feeling that so many other places have lost. We wanted to enhance that feeling by creating njtownhall.com." So says independent insurance agent Frank P. Costa, one of ten local business people responsible for putting njtownhall.com together. It can be seen on the Internet by typing <http://www.njtownhall.com>.

"njtownhall.com is the perfect blend of the traditional and the modern, a place where real community values are strengthened using new technologies." That's the comment of Mark J. Astarita, attorney at law, and another founding member of the njtownhall.com World Wide Web site.

"People in our area (as well as throughout the world) can dial and access a host of community-related information previously not available in one location. A parent can find out about a child's school schedule, or check out what community events might be taking place in his/her own neighborhood that weekend. It's an amazing resource for everyone who lives or works here. There are movie listings, restaurant guides, town calendars, and links to State Government information and more."

Perhaps the most interesting aspect of njtownhall.com is to be found in the Politics heading from the main page. By clicking that word you're brought to the Essex County forum where you and fellow community members can post your questions and opinions on county affairs and be answered by others interested in the same issues. There's even a live "chat" room where you can "cyberspeak" live with Freeholder at Large candidate Joseph Scarpelli. At scheduled periods Scarpelli is available to answer your questions directly via this forum! Community residents simply type in their questions or statements and Scarpelli responds in like

manner. Everyone participating can read all of the discussion taking place. "It's just like a live debate but you don't have to worry about not being called upon," says Scarpelli.

Area residents can also access local merchants and other businesses right on-line, and can place orders. For a parent with a hectic schedule that can make a big difference. Says one area resident, Joanne Alfano, "I have the convenience of making purchases from my home but I'm still supporting my local businesses. That helps support our tax base and keeps our community thriving."

In fact, that's one of the principal reasons the njtownhall.com group was founded. All involved have done business in the area for years, some for generations. Says Salvatore Cocco of Kingsbridge Financial Group, "I've lived and worked here my whole life. I wanted to do anything I could to help improve our quality of life and make our community thrive. I think this is a great way!"

Besides, with the likes of Sony and Philips Technologies rolling out new products to make the Internet available on everyone's TV's for only a fraction of the cost of a personal computer, ideas like njtownhall.com can't miss.

"Soon everyone will surf the Internet right from their living room couches, using their remote controls to navigate. Using the Internet will be as familiar as using the radio, but it offers so much more." These are the words of Marty DePalma, lifelong area resident and co-owner of Franklin Central Communications, installers of telephone and home security systems. Other founders include CPA Jay Messina, attorneys Stephen J. Caccavalle and Edward M. Teitelbaum, Timothy Maher of Greenwich Home Mortgage Corp., Sam Fleitell, Trio & Co. Jewelers, and Rich Rutigliano of PriMedia, the marketing and communications firm charged with the building site. "Our firm's been involved in very many web site projects of all kinds, but the level of enthusiasm and community spirit in this group is extremely high," says Mr. Rutigliano of the project's founders.

The group plans to have all of the Essex County and Bergen, Passaic, and Union Counties online in the coming months. Community and Civic organizations can have their groups' information posted free by calling (201) 661-1717 or by sending e-mail to: info@njtownhall.com.

Have a clean home for the holidays

It is that time of year again. Soon, the bustle and bustle of the holiday season will be upon us. Squeaky Clean Carpet and Upholstery Cleaning is here to help you enjoy the holidays without worrying about messy carpets or furniture. Art Velotti, the owner, does all the work himself. Therefore, the best job possible is done every time. He is an experienced professional carpet and upholstery cleaner who is honest, dependable and willing to work flexible hours.

Art was raised in Bloomfield and now resides in Glen Ridge. He is the vice-president of the Glen Ridge Athletic Association, which is a volunteer-based organization that provides sporting events for children from pre-K through the 8th grade. Art Velotti is known in his town as a volunteer with a heart of gold. He started his carpet cleaning business to service the needs of all the communities that are being ripped off by the large companies that advertise a base price, then add to it with expensive services you may or may not need.

Squeaky Clean is right up on the table with his prices. Unlike his competition, Art advertises his pricing and sticks to it with "no hidden charges whatsoever." Also, Art shampoos AND steam cleans for the same price or cheaper than his competition. This process deep cleans the carpets better than steam cleaning alone. Squeaky Clean

offers a satisfaction guarantee in that if you are not satisfied, he will come out again free of charge. Squeaky Clean also offers a 10% discount to all seniors and seniors.

So sit back and enjoy the holidays in a clean home and with reasonable prices that are advertised on this page. Again, there are "no hidden charges whatsoever." And that is a quote from Art Velotti. So keep Squeaky Clean in mind for all your carpet and upholstery cleaning especially for pre-and post-holiday dinner parties. Give Art or his wife, Donna, a call for a free estimate or appointment at 743-1122. Enjoy the holiday season.

Merrill Lynch consultants provide high-quality service

Walter Kukowski and Peter Maglione are financial consultants in the Newark Merrill Lynch office.

Both successful consultants provide clients with high-quality service through close attention to their financial goals and situations.

With the support of Merrill Lynch systems and administrative assistants, both service accounts for individuals, corporations and small institutions.

Recently, both gentlemen have studied the needs and goals of local business people. Through this and other Merrill Lynch professional development programs, both continually enhance the knowledge and skills required to provide clients with the sophisticated services they need to accomplish their financial goals in today's complex financial markets.

Both have a long local history, graduating from Nutley High School and J.P. Stevens High School, attending local universities and colleges — Kean College, Rutgers University and New York University.

According to an annual Merrill Lynch survey on American's attitudes about savings and retirement planning, more Americans are starting to recognize the need to gain control of their financial destiny, yet not enough are taking necessary steps to realize their goals.

Both gentlemen agree that employers and employees must encourage each other and take action to save and plan.

The Merrill Lynch Baby Boom Retirement Index found that Baby Boomers (ages 31-49) must nearly triple their rate of saving or face the prospect of having to delay retirement indefinitely, accept a lower standard of living or forego retirement altogether.

Americans rank significantly behind many of our top international competitors — Japan, France, Germany, United Kingdom, and Canada — in how much we save.

People are aware that they have to save but in today's market place, it can be very confusing. Both gentlemen will provide seminars and are available at 621-3319 and 661-3370 for personal consultation.

Grand opening in Bloomfield

Century Travel Resource, 67 Franklin St., Bloomfield, owned by Bloomfielder Leonora DiLauro, will celebrate its grand opening tomorrow, Nov. 1.

DiLauro has lived in Bloomfield for more than 30 years. As a cruise specialist and travel counselor, DiLauro brings more than 20 years experience from the cruising and tour operating portions of the travel industry to Bloomfield.

"I am exactly what my name is — a travel resource," said DiLauro.

DiLauro said knowledge and personal service are the keys to any

successful travel agency. "I know what it's like to save up for an entire year for a family vacation," she said. "The customer always deserves satisfaction."

DiLauro said she has affiliated herself with only the most reputable of tour operators and cruise lines. "We listen to our clients' needs and wants — everyone works within a certain budget — and we deliver the most competitive prices on the market."

In the past, DiLauro has worked closely with senior groups and organizations.

Belleville Girl Scout spends 4 days sailing aboard historic schooner

Belleville Girl Scout Kathleen Reiser spent four days sailing aboard the Lettie G. Howard Schooner this summer.

Along with other scouts from Essex County, Kathleen learned about knot tying, map reading, identifying buoys and land marks, and how to steer the ship.

Reiser, who was nominated for this trip by her leader because she displayed the necessary skills and

maturity level to complete this journey, also learned valuable navigational skills, including how to read a compass.

Reiser is beginning her freshman year at Queen of Peace High School.

This annual trip is available to all scouts over the age 14 who qualify, and is hosted by Girl Scout Council of Greater Essex.

Star Trek lovers

Bob Silvera, Belleville Middle School teacher, his daughter, and Rebecca Price, a sophomore at Belleville High School, are shown with models from their *Star Trek* exhibition that attracted a great deal of attention in the Library's recent display. Call Joan Taub, adult services librarian, at 450-3434 if you are interested in exhibiting at the Library.

Middle School students attend lectures at library

Several classes of seventh graders from Belleville Middle School recently attended lectures at the Belleville Public Library.

The first lecture on Sept. 26 was presented by Dr. Marc Mappe, an acting dean at Rutgers University. His topic was "Murders and Spies, Lovers and Lies: Setting the Great Controversies of American History." The students listened to his presentation of evidence in the Charles Lindbergh baby kidnapping.

Much of this part focused on the guilt or innocence of Bruno Hauptmann, who was executed for the crime.

Michael A. Rockland, also of Rutgers University, presented the next lecture, "Snowshoeing Through Sewers: Adventures in New York City, New Jersey and Philadelphia."

Rockland also discussed his urban adventures in the three cities.

Fire officials discuss fire safety with children at School 3

On Oct. 3, the first graders at School 3 were visited by the Belleville Fire Department at the invitation of Louisa Licameli, Nancy San Filippo and Melinda Troise.

The firemen spoke to the children about important emergency fire procedures such as: planning a fire escape route out of their homes; identifying a meeting place outside where family members could meet; and, using the "Stop, Drop and Roll" technique in the event their clothing should catch fire.

The firemen also showed the students what they wear during a fire for protection. Afterwards, the students were given a demonstration of the ladder truck.

Principal Rafaela Saulino said, "during the month of October, fire safety is stressed by all faculty members. Also, the students and staff practice fire drills every month on an ongoing basis."

The children were very excited to meet the friendly firemen and felt reassured to know the firemen will be there when and if they need them, Saulino said.

The staff of The Original No. 1 Chinese Restaurant, 111 Bloomfield Ave., Bloomfield, offers prompt takeout service as well as casual dining in its recently opened dining room.

Original No.1 Chinese marks 14th year

The Original No. 1 Chinese Restaurant, 111 Bloomfield Ave., Bloomfield, has been serving Bloomfield since 1983.

"Harmony in taste, presentation and nutritive value is our goal, with your health in mind," said manager Michael Low. "Our master chef, Mr. Jiang, who is from mainland China, oversees every detail."

Low said that the restaurant offers Cantonese, Hunan and Szechuan styles for dine-in service or delivery. Free delivery is offered to most areas of Bloomfield and limited areas of adjacent towns with a minimum order of \$10.

No chemical additives or MSG are used in the preparation of the food, he said.

"Our family recipes are prepared with only choicest, oil-free vegetable oil," Low said.

He said that proprietor Denny

Lam's success in take-out orders at the Bloomfield location, in the Rickel shopping center near the intersection of Bloomfield Avenue and Grove Street, prompted him to expand into a vacant store next door and add the dining room in 1989.

Two years later, Low said, he started a second restaurant, Imperial 46 Restaurant on Route 46 in West Paterson. "It's double the size of our Bloomfield restaurant," Low said.

The Original No. 1 Chinese Restaurant is open Sunday through Thursday, 11 a.m. to 11 p.m., and Friday and Saturday, 11 a.m. to 12 midnight, for take-out orders.

The dining room closes half an hour earlier. Diners are encouraged to bring their own beer or wine.

The phone number is 743-4100, or you can fax your order at 743-7701.

Belleville resident wins free college tuition

Tammy Wurster of Belleville, a sophomore majoring in history and elementary education at William Paterson College in Wayne, is the winner of the 1996 "Free Tuition Giveaway" sponsored by the Alpha Phi Delta fraternity at WPC and the King George Diner on Hamburg Turnpike in Wayne. Presenting Wurster with a check for free tuition for the fall, 1996 semester are, from left, John Emslie, president of Alpha Phi Delta; and Spiro Stilianessis. The Stilianessis brothers, Jerry and Spiro, owners of the King George Diner, have been sponsors of the raffle since its inception in 1990.

Heinz Hammerman, pianist, in classical concert on Nov. 3

On Sunday, Nov. 3, at 2 p.m., the Rotary Club of Belleville will be sponsoring pianist and composer, Heinz Hammerman in concert at the Belleville Public Library and Information Center, 221 Washington Ave.

The Friends of the Belleville Public Library and Information Center are active supporters of this concert. It was the Friends who donated the library's grand piano to the library. Please call 201-450-3434 to reserve tickets for the concert. Refreshments will be served following the concert.

Heinz Hammerman, who was born in Vienna, Austria, began his piano study at the age of four. He was then accepted by the Vienna Conservatory of Music as one of its youngest students.

In 1940, he arrived in Chile and received a five-year scholarship at the academy of the Chilean pianist Claudio Arrau, where he studied with Rudolph Lehmann and Feodor Gleboff.

Mr. Hammerman also studied

composition on scholarship with Chilean composer, Rene Amengual. Mr. Hammerman came to New York City in 1947 and studied with Professor Angela Weschler at the New York College of Music, where he received an Artists' Diploma. During this same period, he also studied composition at the "Y" School of Music, with Dr. Felix Greissle.

In addition, Mr. Hammerman received, at the recommendation of Leonard Bernstein, a three-year scholarship to study piano with Rosina Lhevinne at the Juilliard School of Music. In 1955, he made his formal concert debut at Carnegie Hall, which was hailed by critics as 'an auspicious beginning.' Since then, he has concertized at

Town Hall and Kaufman Concert Hall, as well as going on tour throughout the country.

Professor Hammerman taught piano at the Elmwood Conservatory of Music from 1958-1984. He currently teaches privately in his studio in Passaic, New Jersey.

If you are an individual, or an organization, interested in sponsoring a concert, please contact Library Director, Andrea Cohen, at 201-450-3434.

Reservations are required for the Heinz Hammerman Concert. Call 201-450-3434 for reservations. Professor Hammerman will play selections by Carl Maria von Weber, Franz Schubert, Frederic Chopin, Benjamin Godard, Heinz Hammerman, Sergei Rachmaninoff and Franz Liszt.

United Way aids families of crash victims

The United Way of Essex and West Hudson has set up a regional fund for the families of the passengers of TWA Flight 800, which exploded July 17 over the Atlantic Ocean.

Named the TWA Family Member Fund, it represents a regional United Way effort set up to provide the families with lodging, travel, counseling and burial assistance. Those interested in contributing are encouraged to call 1-800-UNITED-WA.

If someone you know is experiencing difficulty coping with the disaster - particularly a child or adolescent - here are some suggestions to aid them in dealing with their grief:

- Let your genuine concern show. Don't be afraid to express your own sadness.

- Be available - listen when the child talks, answer questions honestly and provide physical assurance (a hug) as needed.

- Validate their feelings and express yours.

- Answer any questions a child may have about the tragedy, no matter how strange they may seem. It may be useful to ask what thoughts led to that question.

If you think the problem may be serious, please review the list of warning signs, provided by the American Red Cross of Essex County, that are indicative of post-traumatic stress. They are sure indicators that counseling should be sought.

- Recurring dreams or nightmares about the crash.

- Difficulty concentrating or remembering things.

- Questioning spiritual or religious beliefs.

- Feeling numb or disassociated.
- Lack of involvement or enjoyment of every day activities.

- Feeling blue or down most of the time.

- Recurring sudden bursts of anger or intense irritability.

- Feeling a sense of emptiness or hopelessness about the future.

- Being overprotective regarding your family's safety.

- Isolating yourself from others.

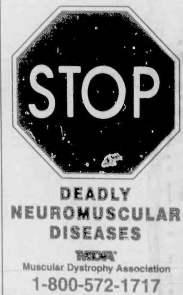

- Starting easily.

- Experiencing increased conflict with family members.

- Becoming emotional and crying easily for no apparent reason.

United Way of Essex and West Hudson funds several agencies offering counseling services, including: American Red Cross of Essex County, La Casa de Don Pedro, F.O.C.U.S., ASPIRA, CURA, St. Columba Neighborhood Club, Family Service Bureau, Family Service and Child Guidance, and the Mental Health Association of Essex County.

To identify an agency in your area which provides counseling or to learn more about United Way's programs and volunteer opportunities, please call 1-800-ENABLE-96.

Freeholder race: Dem veteran, new Republican

By Steve Galvacky

Essex County Freeholder Louise Palagano is a longtime Democrat who, in her current bid for re-election, finds herself in an odd posi-

tion -- opposed by someone who had also been a longtime Democrat.

Buddy Fortunato, challenging the Bloomfield resident for her Fifth Freeholder District seat, switched to the Republican Party just one week before the GOP organization gave him its backing for the Nov. 5 general election.

"I am the Democrat on the Democratic ticket," as Palagano explained the race on Tuesday. "He is the Democrat on the Republican ticket."

Palagano, now concluding her first three-year term, received her party's nod in the conventional way. She was awarded the regular Democratic Party organization line on the ballot and then captured the nomination, albeit without opposition, in the June 4 primary.

Fortunato, however, was not even a member of the Republican Party when Nutley resident Yolanda Gehring, running on the regular organization line, defeated an opponent to earn the GOP nomination in the June 4 primary. Gehring later withdrew from the race, citing increased personal and professional commitments.

When a Fifth District Republican nominating committee met on Sept. 11 to choose a successor, Fortunato was strongly endorsed for its general election ballot slot without even being in the building -- he was on vacation in Europe at the time.

Palagano, who also serves as Bloomfield's township clerk, was elected four times to the Bloomfield Township Council before being elected to her freeholder seat in 1993. She is one of eight Democrats on the nine-member freeholder board.

Fortunato, a Glen Ridge resident, had also held elective office previously. He was a state Assemblyman until 1985, when prosecutors accused him of taking a \$2,000 bribe in exchange for a job on the New Jersey Turnpike Authority. A jury subsequently acquitted him, but not before he had lost a re-election bid.

The Fifth Freeholder District is comprised of Bloomfield, Nutley, Glen Ridge, Montclair, Cedar Grove, Essex Fells, North Caldwell and about half of Belleville.

BUC SHOTS

By Mike Lamberti

Giachetti, Brodo continue softball excellence

From 1991 through '96, they were constantly in the news for their play at Clearmon Field for the Lady Buc softball team.

Although they are now graduated from Belleville High School, their days of playing softball are far from over.

Lynn Giachetti (B.H.S. Class of 1994) and Danielle Brodo (Class of '96), are now starring for the Caldwell College softball team.

Giachetti, who started for four years at shortstop for coaches Carl Corino and Cheryl Marion, helped the Caldwell College Cougars to a 9-4 record for the Fall '96 season.

She hit .429 and led the team with 11 RBI's.

Brodo, a standout catcher at Belleville High School from 1993-96, adapted well to the college game. This fall, she hit .444 with a triple and nine ribbies.

"The fall season is a time to get everyone as much playing time as possible, as well as work on some fundamentals," said head coach Dean Johnson, now in his third year as head coach at Caldwell College.

"The kids did a nice job executing, and it was good to see that some of our new people should be able to contribute in the spring."

College Football Picks

It's not often that one of my upset specials really come through. But in the October 17 issue of Buc Shots, I did say that Air Force would beat Notre Dame and on October 19, they did, winning 20-17 in overtime at Notre Dame.

The team that lost out in that game was Navy, which is Notre Dame's next opponent this Saturday, in Dublin, Ireland.

You can be pretty much assured that the Fighting Irish will be in a foul mood following the loss to Air Force. Notre Dame will need to win every one of their remaining games if they hope to be a part of the bowl coalition on January 1.

As for my Air Force Falcons, they're now 5-2 with a big game coming up on November 9 at Army, who, by the way, is undefeated.

Army is playing Lafayette this weekend, which should be a win. Thus, it will probably be 7-0 Army hosting Air Force and a major bowl game could be on the line.

While Army is undefeated, and it's a good story line, they haven't played the toughest of schedules and Air Force, which plays in the wide open WAC conference, will be the Cadets toughest opponent to date.

As far as the coalition is concerned, the Rose Bowl could be interesting if Ohio State and Arizona State can "run the table" and play for a possible national title.

The Sugar Bowl is the official "title game" this year, and just about everyone is picking Florida to play for the title a second straight year.

I think Florida State will beat Florida late in the regular season. Nebraska, which somehow lost to Arizona State earlier this season, is, in my opinion, the best team in the country and will beat anyone who challenges them in the Sugar Bowl.

So, my official Top 25, not withstanding records, is:

1-Nebraska (6-1) 2-Florida State (6-0) 3-Ohio State (7-0) 4-Florida (7-0) 5-Arizona State (8-0) 6-Tennessee (5-1) 7-Northwestern (7-1) 8-North Carolina (6-1) 9-Michigan (6-1) 10-Corlondo (6-1) 11-LSU (6-1) 12-Alabama (7-1) 13-Wyoming (8-0) 14-Utah (7-1) 15-Kansas State (7-1) 16-Penn State (7-2) 17-Air Force (5-2) 18-Notre Dame (4-2) 19-So. Mississippi (7-1) 20-Miami (5-2) 21-West Virginia (7-1) 22-Army (7-0) 23-BYU (8-1) 24-Syracuse (4-2) 25-Navy (5-1).

Notes

Trip to Las Vegas and California was fun, but as usual, much too short.

How about those Yankees? My late friend Shirley Reid would have been proud. There weren't many bigger Yankee fans than "Shirley".

Buc football team gets a much needed break this week after tough week of games that included Paramus Catholic, St. Joe's and Hackensack.

To my friend Melanie, I'm glad you're not rebelling. I'll make sure I keep an eye on Rose.

Finally, my Philadelphia Eagles will upset Dallas this weekend in Dallas.

Soccer team improves to 9-5-1

Colucci, Almeida on scoring streak

By Mike Lamberti

Nick Colucci and Dan Almeida continued their scoring excellence, leading the Buc soccer team to league victories over Paramus Catholic 9-0, St. Joe's 2-1 and Teaneck 7-2.

Gino DePinto's team (9-5-1 overall, 7-4 in the NNJL Pacific Division) will be home to Paramus this afternoon, at 3:30 p.m. The team still has to make up a game with league power Don Bosco. That will probably be played sometime next week.

The team will compete in the state tournament, which will begin late next week.

The Bucs were dominant in its victory over Paramus Catholic, winning 9-0.

Colucci tallied four goals and Almeida had two in the victory.

Versus St. Joe's, the Bucs trailed 1-0 late in regulation time. With ten minutes left in the game, Colucci tied the game off an assist from Almeida.

With just :30 left in the contest, the Bucs won the game when Danny Olaya found the net assisted by Almeida.

Mike DiPrimo played well in net for the Bucs in both games.

Last Monday, Belleville won its ninth game of the season, seventh in the league, by stopping Teaneck, 7-2.

Almeida scored the first three goals for Belleville and Colucci tallied the final four.

The Bucs led 5-1 at the half. Teaneck cut tie lead to 5-2 early in the second half, but two more goals from Colucci sealed the victory.

NOTES: Colucci had 25 goals for the season heading into last Tuesday's game with Hackensack.

In league play, Bucs were 2-0 against St. Joe's, Teaneck, Paramus Catholic and were 1-0 against Paramus.

Nutley swept the season series from the Bucs while Hackensack and Don Bosco were 1-0 each

against Belleville.

Bucs looking for sixth straight

winning season and one more win would clinch that distinction.

Buc player gets ball out of harms way during league game earlier this season. Bucs will play Paramus this afternoon at Clearmon Field, then get ready for the state playoffs.

Nick Colucci, who is enjoying a tremendous campaign, has scored 25 goals heading into this weeks action. Here he battles for loose ball during league game with Teaneck.

Nick Colucci heads down field with ball and looks for scoring opportunity. Bucs soccer team will be home this afternoon, beginning at 3:30 p.m.

Bucs stopped by undefeated Hackensack

By Mike Lamberti

Powerful Hackensack, using its traditional potent running game, was too much for the Belleville Bucs, winning 34-6 last Friday at Doc Ellis Field.

John Senesky's team, which has lost its last five games after an opening day victory, will get this weekend off. The team returns to action on Saturday, November 9, playing at Paterson Eastside.

"It was a simple matter of them (Hackensack) being too physical for us," Senesky said. "They've got good receivers, a strong running game and depth."

"I don't know why they're not ranked higher in the states. They haven't missed a beat this year."

Hackensack, which has won four straight Group IV, Section I championships, improved to 6-0 with the victory last Friday.

For some reason, the team is not in the Top 20 in the local newspapers, despite the fact that they have finished in the top five in the previous four seasons.

To Belleville's credit, the Bucs did stay in the game for the first half. They tied the game at six in the first quarter when Efrain Mercado intercepted a pass and ran 85 yards for a touchdown.

Hackensack took control in the second quarter and held a two touchdown lead at halftime.

"They had too many weapons," Senesky said. "The kids played hard, but we couldn't keep up."

The Bucs were without the services of three starters. Linemen Robert Shenton and Richard Shenton missed the game due to illness and injury.

Linebacker Brian McIntosh was also out of the starting lineup.

Senesky is hopeful that all three will be back for the NNJL cross-over game with Paterson Eastside next Saturday.

"The last three games (against Eastside, Don Bosco and Nutley) should be games that we can be

competitive in," Senesky said. "But it's up to the kids to play to their capabilities."

We'll have more on Belleville's next opponent in next weeks issue.

NOTES: With the loss to Hackensack, Bucs fell to 1-9 in the series with the Comets. Hackensack has won nine straight from 1988

through this year. Belleville's only win came back in 1983.

Bucs and Eastside played each other on a consistent basis in the 1980's. However, they haven't played each other since 1989, when Eastside prevailed 7-6.

Bucs beat Eastside in 1982 and from '84-'86. Eastside won in '87 and '89. The teams didn't play each

other in 1980, '81, '83 and '88.

Buc players will get a chance to play on artificial turf when they play at Eastside next Saturday afternoon.

Bucs last beat an NNJL Atlantic Division opponent in 1991, stopping Bloomfield 28-0 at Doc Ellis Field.

Runners earn medals at invite

By Mike Lamberti

The Belleville cross country team dropped its final league meet of the season, falling to Hackensack 20-48 despite a tremendous performance from Jose Moreno.

John Tosato's team also competed in the league championships and the William Paterson Invitational.

The team will compete in the county championships tomorrow afternoon at 3 p.m. from Branch Brook Park. Next Saturday, November 9, the team will conclude its season with the sectional championships at Warnaco Park in Elizabeth.

Versus Hackensack, Moreno won the race in an impressive time of 17:17.

Angelo Chavez was the next runner to finish, taking eighth overall in 21:33. Following Chavez was Dan Kirk (22:48), Mike Dribnak (22:49) and Jim Roman (27:58).

For the girls, Christie Hartford ran her first varsity race and finished in 26:42.

In the NNJL championships, held October 15 at Branch Brook Park, the Bucs placed seventh in their division.

Moreno was 25th overall in the race with a time of 19:48. John Bolkas took 40th (21:01) and Chavez was 42nd in 21:22.

Rounding out the Belleville effort in the league race was Kirk (44th in 21:39), Dribnak (46th, 22:23) and Jorge Miranda (54th,

25:18).

Ariel Lane led the girls team by taking 26th with a time of 25:40 and Melissa Anderson placed 27th (25:43).

At the William Paterson Invitational, the Bucs did a good job, taking sixth overall.

Moreno and Bolkas earned medals for their performances, taking 11th and 26th respectively. Moreno's time was 18:54 and Bolkas' time was 20:14.

Kirk (40th, 20:47), Chavez (51st, 21:40), Edwin Herrera (55th,

22:07), Dribnak (61st, 22:33) and Roman (73rd, 28:04) rounded out the Belleville runners in the boys category.

For the girls, Lane took ninth in the varsity race in a time of 24:58 and earned a medal.

"The William Paterson race was in a down pour (on October 26)," Tosato said. "The kids ran well, considering."

NOTES: Don Bosco won the NNJL championship race, followed by Paramus and Paramus Catholic.

Lady Bucs win first varsity game

By Mike Lamberti

A bit of history was made last week when the Lady Buc soccer team won its first varsity game, downing Newark Eastside, 3-1.

Arlene Mueller's team will be at Hackensack this afternoon in Belleville's final league game of the season.

Nikki Lopreato got Belleville off to a winning start in the Ebside game, scoring at the 24:04 mark in the first half.

Anabelle Rodriguez, who played goalie in the first half, moved to midfield in the second half and tallied Belleville's second goal of the game, 9:22 into the half.

Jessie Santiago added the insurance tally 22 minutes later, giving Belleville a 3-0 lead.

Michelle Jablonski played well

second half in goal for Belleville and did a good job.

"It was nice to get that first win," Mueller said. "The kids did a good job. It meant a lot for them to gain a victory."

The first varsity season for the team (Belleville played the '94 and '95 campaigns as a J.V. squad) has been a struggle, mainly because of injuries.

But the team has worked hard and the younger players have continued to improve.

NOTES: Even though today's game is scheduled to be the final league contest of the season, there are a few make up games that still have to be scheduled, so the team should continue playing into late next week.

Rec Roundup adds new events for fall/winter

REC NEWS

League Director Needed

The Belleville Recreation Department is in need of one adult to coordinate and supervise its Youth Basketball clinics and leagues for boys in grades 3-8. Beginning in November, these activities take place on weeknights and Saturdays at the Middle School and at other locations, to be announced.

The part-time position entails supervision of league games/personnel and recruiting volunteer coaches for teams. Anyone interested must reside in Belleville and qualified applicants must be sports minded, responsible and must work well with people. This position would also be good experience for a college student majoring in recreation/physical education.

Please call the Recreation office at 450-3422 if interested.

Volleyball teams needed

The Belleville Recreation Department is taking names of people who would be interested in entering teams in the Women's and Men's Volleyball Leagues.

The Women's League plays on Tuesday nights at School #3, while the Men's League plays on Tuesday and Thursdays at the Friendly House. Teams must be composed of three-quarters Belleville residents.

Also, a new Co-Ed League may potentially be forming for Monday nights at the Friendly House. If

interested in applying for any of these leagues or for Men's basketball, please call the Recreation office at 450-3422.

Belleville resident women and men age 18 or older, are invited to put their names on the waiting list, in the event that already established teams may be in need of individual players to fill out their rosters.

Registration for Rec Wrestling

Applications for Recreation Wrestling are now available at the Belleville Recreation Department at 407 Jorammon Street between 8:30-12:00 and 12:30 p.m. to 4 p.m., Monday-Friday. The Belleville Recreation Wrestling Program introduces boys, ages 6-14, to the fundamentals of the sport. Basic techniques, moves and strategy are taught to beginners as well as to the more advanced wrestlers. In competition, the boys are matched up against opponents of the same weight class.

Recreation wrestling will be conducted on Monday, Tuesday and Thursday evenings from 6:15-8:15 p.m. in the High School cafeteria, beginning November 4. Tentatively, ages 6-9 will be given basic instructions from 6:15-7:15, while the 10-14 year olds are prepared for league competition between 6:15-8:15.

Boys can registers for the activity by completing an application at the Recreation office before partici-

pating. Birth certificates are required for all first-time applicants, who must be Belleville residents and cannot be above eighth grade. For further information, call 450-3422.

Basketball Leagues

The Belleville Recreation Department is forming basketball leagues for children in grades 3-8 and applications are now available at the Recreation office.

In preparation for the leagues, basketball clinics will be conducted at the Middle School Boys' Gym. Clinics will be held Monday, November 11 and Tuesday, November 12 as follows: Grades 3-4 from 6:00-7:00 p.m.; Grades 5-6 from 7:00-8:00; and Grades 7-8 from 8:00-9:00 p.m. Boys and girls shall attend these clinics together. "Performance Clinics" for player assignment will be held November 18 (Girls) and November 19 (Boys).

Interested players should pick up application forms at the Recreation House, 407 Jorammon Street, and return them with birth certificates before participating. The registration deadline for the basketball leagues is Friday, November 15, 1996.

The Recreation office on Jorammon Street will be open for registration on Wednesday nights, 6:00-8:00 p.m., beginning October 2.

Fall Programs

The Belleville Recreation Department of Recreation & Cultural Affairs has announced the start of its fall activities schedule.

GIRLS' TWIRLING is being held on Fridays this year at School #7 as follows: Grades 1-4 at 6:30 p.m. and Grades 5-8 at 7:30 p.m.

Girls must provide their own batons for this activity.

THE GIRLS' CHEERLEADING CLINIC is now taking place on Thursdays at School #3. Girls in Grades 1-8 should report from 6:30 p.m. to 7:30 p.m.

CHEERLEADING is also offered on Tuesday nights at School #8, beginning on September 24, for girls in grades 1-8 from 6:30-7:30

p.m. These instructional clinics are designed for beginners, as well as for those girls who want to try out for the 1997 Junior Bucs Cheerleading squads in May.

ADULT OPEN VOLLEYBALL will start on Wednesday, November 6 from 6:30 to 9:00 p.m. at School #3 for men and women. Photo I.D.'s are required of all participants, who must be Belleville residents.

For more information on upcoming programs like basketball, volleyball leagues and wrestling, please call 450-3422 between 8:30-4:00 Monday through Friday. All programs are tentative, with schedules subject to change.

BASKETBALL and WRESTLING APPLICATIONS for children will be available at the Recreation Dept. office, 407 Jorammon Street, by early October.

Basketball Clinics Needed. The Belleville Recreation Department is presently seeking adults to volunteer as coaches in its Junior Basketball Leagues for boys and girls. Games are played on weeknights and Saturdays. If interested, call the Recreation office at 450-3422.

Suburban Basketball Registration-1996

There will be a registration meeting for all girls who wish to try out for the Suburban Girls' Basketball team on Friday, November 1 at 3:00 p.m. in the Middle School Girls' Gym.

All girls who are Belleville residents and who are presently in grades 7-8 are eligible. Tryouts are scheduled to begin on or around November 11. Registration forms must be submitted at the November 1 meeting.

November & December Fall/Winter Programs-1996. The Belleville Department of Recreation & Cultural Affairs has announced its November and December schedule of Fall/Winter Programs, which have something for everyone.

There will be ADULT OPEN VOLLEYBALL for Men and Women on MONDAY NIGHTS, 6:00 - 9:00 P.M., at the FRIENDLY HOUSE beginning NOVEMBER 4, 1996. Participation will be restricted to BELLEVILLE RESIDENTS ONLY and PHOTO I.D. CARDS will be required by the Gym Supervisor in order to gain admission. I.D. Cards can be obtained at the Recreation Office on WEDNESDAY NIGHTS, 6:00 - 8:00 P.M. Proof of residency and a \$2.00 Fee are required. A Co-Ed League may also be formed on Mondays.

WRESTLING for boys Ages 6-14 will start on MONDAY, NOVEMBER 4 at the HIGH SCHOOL CAFETERIA. Ages 6-9 will meet from 6:15 - 7:15 p.m.; while ages 10-14 will meet 6:15 - 8:15 p.m. Wrestling is conducted on Mondays, Tuesdays, and Thursdays, and participants must pre-register by completing an application at the Recreation Office.

Both the MEN'S AND WOMEN'S VOLLEYBALL LEAGUES are scheduled to begin on NOVEMBER 5. MEN'S VOLLEYBALL LEAGUE WILL BE FROM 6:15 - 9:00 p.m. on TUESDAYS at the FRIENDLY HOUSE. WOMEN'S VOLLEYBALL LEAGUE will run from 6:15 - 9:45 p.m. on TUESDAYS at NO. 3 SCHOOL. There will also be a MEN'S LEAGUE on Thursdays at the FRIENDLY HOUSE, BEGINNING NOVEMBER 7.

The MEN'S BASKETBALL LEAGUE will play Thursdays 6:15-8:45 p.m. at the MIDDLE SCHOOL beginning November 7. Adults who would like to play in the MEN'S & WOMEN'S VOLLEYBALL or MEN'S BASKETBALL LEAGUES could call the Recreation office to put their name on the waiting list.

THE JUNIOR BASKETBALL CLINICS will be held on MONDAY, NOVEMBER 11 and TUESDAY, NOVEMBER 12 at the MIDDLE SCHOOL GYMNASIUM. GRADES 3-4 WILL MEET AT 6:00 P.M.; GRADES 5-6 AT 7:00 P.M.; and GRADES 7-8 AT 8:00 P.M. LEAGUE PLAY will be scheduled to begin in DECEMBER on Weeknights and/or SATURDAYS. INTERESTED PARTICIPANTS SHOULD REGISTER BY COM-

PLETING AN APPLICATION before participating in the Clinics. CLINICS are for BOYS & GIRLS. The League Registration DEADLINE is November 15 and "PERFORMANCE CLINICS" for PLAYER SELECTION are on NOVEMBER 18 (GIRLS) and NOVEMBER 19 (Boys). Troise, Barnes lead 'C' team, Muraglia paces 'D', Risoli passes lead 'A', Bello interception saves Pirates

The Belleville "C" team won its third game in a row, beating Livingston 20-7.

Leading the way for Belleville was Joe Troise, who ran for a 45 yard touchdown to open the scoring.

In the second quarter, Bobby Rafferty hit Troise with a 56 yard scoring pass, increasing the Buc lead to 14-0.

Belleville increased its lead to 20-0 in the third quarter when Mike Barnes scored from 50 yard out.

Belleville's outstanding defensive effort was led by Tom Rafferty, Pete Campisi, Tom Henry, Ed Stack, Nick Riggi, Matt Kistner, Jason Luzzi, Joe Pizzi, and Steve Soriano.

The "C" team ran its winning streak to four games, downing Lodi 19-0.

Scoring early for Belleville was Barnes, who staked the Bucs to a 13-0 lead with two long runs, both for 70 yards.

Troise finished the scoring with a 30 yard quarterback draw up the middle.

Rafferty had his best day at quarterback, completing long passes to Jose Hernandez, Troise and Tom Rafferty.

Leading the defensive effort was Anthony Giordano (ten tackles), Riggi (two great plays on pass defense) and Joe Droz, who seemed to be in Lodi's backfield all afternoon.

Luzzi, Campisi and Stack also contributed several tackles for the Bucs.

The team will be in action this Saturday evening, at Bloomfield.

'D' team continues winning ways

The Belleville Buc "D" team won two games over the past three weeks, stopping Livingston 20-6 and Wanaque, 34-0.

The team lost last weekend to Fairfield and was 4-2 heading into this week's action.

In the win over Livingston, the running game was led by Anthony Rivera, Joe Muraglia and Anthony Yaneski.

The fearsome line play of Mike Marco, Henry DeFrance, Brian DiNapoli, Mike Cappaccio and Matt McLaughlin opened huge holes for the running backs.

Defensive standouts included

Jose Martinez, Pete Maccarone, Louis Auriemma, John Ventura, Billy Prashchak, Frank Arrietta and Charlie Detres.

Muraglia's TD pass to Tom Yannuzzi was the highlight of the win over Wanaque.

The Bucs also scored on TD runs by Rivera, Mike Biasi and Muraglia.

Key defensive efforts plays were made by Brian DeNapoli, George Kupinewicz, Matt Detres, Rocco Risoli and Yaneski.

The win improved Belleville's record to 4-1.

This past Saturday, the team lost a 12-6 decision to Fairfield.

After falling behind 6-0, the Bucs came back to tie, led by the running of Biasi and Rivera. A key pass from Muraglia to Yannuzzi, put the ball on the Fairfield one yard line.

From there, Muraglia scored with :03 left in the half.

Cappaccio led Belleville on defense with five sacks, followed by Martinez, who had three.

Other good defensive efforts were turned in by Henri DeFrance, Risoli, Tom Yaneski and McLaughlin.

'A' team splits two

The playoff bound 'A' team split two games, downing Lodi 20-0 and losing to first place Livingston, 28-6.

The team (6-2) now gets ready to battle Bloomfield in the regular season finale this Saturday night.

With the win over Lodi, the Bucs clinched second place in the tough Twi County Football League.

Belleville's first score against Lodi came on the second play of the game when quarterback Jimmy Risoli hit Hector Medosa with an 86 yard strike.

Risoli, who passed for 147 yards in the game, later hit Bo Bernard with a 66 yard touchdown pass.

Hector Benitez scored Belleville's final touchdown on a one yard run.

The story of this game was the defensive effort turned in by Jay Lastra, Chris Hernandez, Mike Spiga, Danny Lally, Kyle McDuffie, John Cappaccio, Medosa, Benitez and Lance Abrams.

The Buc defense not only shutout Lodi, it held them to minus

27 yards total offense.

In the loss to Livingston, the Bucs played well against the undefeated Lancers. The game was scoreless after one quarter, thanks to good defense by Hernandez, Benitez, Mike Fortunato, Lastra and Spiga.

Livingston led 14-0 at the half, but the Bucs got back into the game when Medosa returned a kickoff 80 yards for a touchdown. Jay Ambrosino threw a key block on the touchdown run.

'B' team fails to Lodi
The "B" team was beaten by Lodi, 26-6.

Offensive standouts included Sean McQuillan, who scored on a 45 yard reverse behind the excellent blocking of Frank Cerza, Nick Giangrande, Carlos Gonzalez and Anthony Cappaccio.

The defense was led by Jim Messina, who had ten solo tackles, Mike Gigerelli, Shawn Trainer, James Leake and Rich Gray.

The Bucs will close out their

season this Saturday night, at Bloomfield.

The coaching staff of the "B" team would like to thank the fans for their support. They also expressed a special thanks to the cheerleaders.

Pirate 'A' team ties Wanaque
The Pirate "A" team finished in an 8-8 tie with Wanaque.

The Pirates trailed 8-0 in the second half, but Anthony Bello intercepted a pass and returned it 80 yards for a touchdown.

Jimmy Risoli kicked the two point conversion.

A key defensive play by Mike Williams late in regulation time assured the tie for the Pirates.

Williams broke up a potential touchdown pass with less than a minute left in the fourth quarter.

Defensive standouts included Anthony Malanga, Nick Pellow, Roberto Canero and Neil DeNapoli.

The offense was led by the strong running game of Anthony Caban, George Chumas and Eric Ferriol.

Janine Mazzuca, former Belleville High School cheerleading captain (1994-95 school year) is now a cheerleader for Rutgers University in New Brunswick. She recently cheered at Giants Stadium during the Rutgers-Army football game. Mazzuca, a 1995 graduate of Belleville High School and a top student, is now a sophomore at Rutgers. She is the daughter of Joyce and Ralph Mazzuca of Belleville. Janine expressed special thanks to Ray Ianuzzi for his coaching her in gymnastics.

The Deacons' Bench
By Frank Santamassino
Sports Information Director
Bloomfield College
A feature of The Nutley Sun,
Belleville Times and Bloomfield Life

One of the factors behind the Bloomfield College volleyball team's success this season has much to do with the stability and consistent contributions each week from junior middle-hitter Olisa Small.

As a three-year veteran, Small supports the team not only with her athletic ability to stretch for digs and smash for kills, but also in the locker room beforehand, preparing the younger players mentally for each opponent. Eight of the 11 Lady Deacons are sophomores and freshmen.

These strategy tips Small does out to the squad help plan against a rival's strengths, weaknesses and overall game plan. The fellow rookie ranks, in turn, feel less anxious as they gear up each week for volleyball battles in this year's more challenging campaign, put together deliberately by Coach Sheila Wooden.

And of all the players, Small should know about high-quality volleyball and grinding schedules. She was an instrumental part of volleyball powerhouse Columbia High School's consecutive championship runs in 1991 and 1992. On the college level, she has been selected to all-regional and all-tournament team rosters, as well as receiving Most Valuable Player awards in the Bard Tournament and the Ramapo Roundtable Invitational.

Small understands what too much pressure and not enough fun can do to a player. While at Columbia High School, there was more emphasis on defending the consecutive winning streak than on just playing hard and enjoying you—win, lose or draw.

"You were scared to lose. You couldn't lose," Small recalled.

In fact, for two years after high school graduation, she did nothing but play basketball, opting for the little nuts instead of the big one.

Enter Wooden, who first saw Small play in high school and convinced her to give volleyball one more chance.

Today, things are different. Circumstances are much better. The Lady Deacons are winning, but unlike in high school, Small is enjoying it this time. There is no pressure from the coach to keep winning streaks going anymore, and there are no petty team cliques and high school hallway jeannettes.

And, although the Bloomfield College volleyball team has a goal to rumble into the national tournament, they have remained humble and focused as a unit, playing one game at a time, and winning with class.

"There is a lot of talent on this team. The potential is there," Small explained, as she reflected on the 1996 tournament.

"Other teams tend to slack off when they hear that we're underdogs. Well," Small added, with a laugh, "that suits us just fine."

He served in the Army from 1954 to 1959.

He was a member of the Belleville Senior Citizens and Hendricks Field Golf Club in Belleville.

Surviving is his companion, Rachele Brinley.

Oral cancer screening comes to Essex county

The American Cancer Society, Essex County Unit and the Affiliated Dentists of New Jersey are co-sponsoring a free oral cancer screening throughout the months of October and November.

Cancer of the mouth and throat will affect some 29,000 Americans this year, approximately 1,000 just in New Jersey alone, and early diagnosis methods are an easy and painless way to find out if an individual is at risk.

Included in the free screening is a pain-free, safe visual examination of the gum, cheek, palate, and tongue with no x-rays required along with a complete and confi-

dential clinical report. The screening takes just a few minutes.

"Pre-cancerous lesions may occur anywhere in the mouth," says Dr. Robert Bagoff. "The most common sign of oral cancer is a sore that does not heal. Other signs include unexplained redness or irritation, swelling, or discoloration."

At high risk are heavy smokers and those who combine smoking with drinking alcohol. The incidence is twice as high among men as among women, particularly men over 40. Lately, more young people who use chewing tobacco and snuff are emerging as extremely high risks for oral cancer, according to the American Cancer Society studies.

This public service donation is available free of charge to all residents of Essex County. All individuals are encouraged to call the Affiliated Dentists of NJ, 28 East Northfield Road, Livingston, at 201-535-6000 for an appointment.

Take the time to give yourself and your loved ones "an ounce of prevention."

Tiger Cubs seek scouts

The Essex Council, Boy Scouts of America (BSA), has introduced Operation: Tiger Mania, a program designed to increase enrollment in its Tiger Cub program for first-grade boys.

"Enrollment in the Tiger Cub program is a priority because it provides an environment in which parents can form a partnership with their son in activities that will help them learn about each other, other families in the Tiger Cub den, and the world around them," said Kirby Conlon, vice president for membership and relationships for the Essex Council, BSA.

"In today's society, boys seem to grow up faster and are pushed to interact socially early," said

Conlon. "Tiger Cubs provides them with a parent-supervised, character-building program in which they learn about themselves and how to work with their families and other boys their age."

Instituted in 1982, the Tiger Cub program is centered around parent involvement in boy and adult teams.

The Essex Council, BSA encompasses all the communities in Essex County serving 18,000 youth and their families from the first grade Tiger Cub program to the teenage, coed Exploring program.

For more information about Operation: Tiger Mania and Scouting, contact the Essex Council, BSA at 857-0007.

Prostate cancer – know the facts

Prostate cancer is the second most common cancer in men. It frequently develops with little or no noticeable signs.

By the age of 50, approximately 50% of men will have prostatic enlargement, either benign or malignant. By the age of 75, 90% of men have some prostate abnormality.

On a more positive note, men diagnosed in the early stages with localized prostate cancer have a far greater survival rate. This is why early detection of prostate cancer is so important.

But what exactly is prostate cancer?

Prostate cancer is a malignant condition which becomes dangerous when the malignancy spreads over to other parts of the body if left untreated. It is most commonly found in men over 50 and African-American men over 40. Family history is a very important risk factor associated with prostate cancer. New technology has made prostate cancer more prevalent because it is easier to detect at an earlier age, before the condition becomes unmanageable.

Should all men be concerned with prostate cancer?

Yes. Although prostate problems are usually associated with older males, it is interesting to note that the growth process begins at puberty. Through the developmental stages evolving from puberty through middle age, and the later years of life, various changes occur. Most commonly, at about age 45, the prostate begins to grow again due to hormonal changes. In some cases, it can continue to enlarge for the rest of a man's life, becoming progressive and dangerous.

When should a test be done?

The American Cancer Society and the American Urological Society recommend all men over 50 years of age have a Prostatic Specific Antigen (PSA) blood test on an annual basis to monitor prostate health. In addition, a digital rectal examination of the prostate gland is recommended.

Dr. Daniel Rice, a urologist located at 1001 Clifton Ave., Clifton, is a specialist trained in the diagnosis and treatment of prostate conditions for over 10 years. He is an attending physician on staff at Passaic General, Saint Mary's and Beth Israel hospitals.

The founder of "Us Too," a prostate cancer support group for the Clifton/Passaic area, Dr. Rice frequently lectures to various civic groups.

"The whole key to prostate cancer is early detection of the disease," emphasized Dr. Rice. "In the early stages, prostate cancer is easily treated. An early diagnosis gives the patient a better chance of cure. However, the most difficult step for a man to take is probably the phone call to schedule an evaluation."

"Generally, a simple blood test and painless examination can give a patient peace of mind," commented Dr. Rice.

As part of the Clifton Health Center Medical Alert campaign, Dr. Rice will be offering a free lecture and informative discussion on the topic of "Prostate Cancer and Men's Health Issues" at Clifton Urgent-Family Care, conveniently located at 1117 Route 46 East, Clifton. The event will be held on Saturday, Nov. 2 at 10 a.m. on the third floor. Refreshments will be served and spouses are welcome.

For more information, call Dr. Rice's office at 779-7231.

The Eye Care Center of New Jersey Corneal transplant 'lures' Kearny man back to good eyesight

"I was up at Lake Ontario, checking out the local fishing, when another fisherman snapped back a lure and it hit me in the right eye!" exclaims Markus More, a 27-year-old Kearny resident. "There was some pain and tearing and I experienced very blurry vision. I went to the local hospital where they stitched up my eye and said there was a cataract and damage to the cornea, which might need surgery in the future."

Upon his return home, Moore visited Dr. Jonathan Dittkoff, an ophthalmologist who specializes in corneal disease at The Eye Care Center of New Jersey in Bloomfield. "Dr. Dittkoff explained my options and treated my injury conservatively, trying to avoid surgery if at all possible. Unfortunately, it became more and more difficult to see – everything looked like it was covered with a cloudy haze," More notes.

After several months, it was determined that a corneal transplant combined with cataract surgery would be necessary to correct the damage. A corneal transplant replaces the damaged cornea (the clear front of the eye which enables us to see when light is focused while passing through it) with a donor cornea.

"Dr. Dittkoff explained the entire procedure and all possible side effects. He described the special suturing technique he would use, which would increase my chance of healing faster and having better vision. He even showed me a video which eased my fears about what to expect. In the middle of my treatment, my employer switched insurance companies, but I was willing to pick up some of the cost of the treatment because I had a lot of confidence in Dr. Dittkoff's abilities," More relates.

The procedure took place, under local anesthesia, at the Essex Eye Surgery and Laser Center, a state-of-the-art outpatient surgical center. More states, "My parents were invited to watch the whole procedure on video as it progressed! I was happy to be able to go home the same day, and not have to suffer the aftereffects of general anesthesia. Although I was out of work for about ten weeks, for I do strenuous work, after only two weeks, my vision was much clearer and I only felt a little itching and a slight scratchy feeling. I'm especially grateful to Dr. Dittkoff and also to the family who donated the cornea to me. My vision is now almost 20/20 and I'm back to doing more fishing than ever!"

Dr. Dittkoff and his colleagues at The Eye Care Center of New Jersey are dedicated to full-service, total quality eye care, from exams to surgery. Founded more than 20 years ago by its medical director, Dr. S. Jerome Holtz, the practice offers general ophthalmology services, specialty care in the fitting of contact lenses, and the treatment of cataracts, glaucoma and corneal and retinal problems. Refractive surgery which reduces or eliminates the need for glasses and contact lenses, is a popular elective procedure. Skilled opticians from the J.G. Optical Shop, located on the premises, work in conjunction with the Center's doctors to ensure that patients receive custom eye wear best suited to their needs. For further information on their services, which include free eye screenings and providing speakers for community groups and events, please call 743-1331.

This testimonial represents one individual's response and reaction to the procedure described; however, no medical procedure is risk-free. Associated potential risks and complications should be discussed with the physician rendering the procedure.

Flu vaccinations provided at West Hudson Hospital

West Hudson Hospital in Kearny is recognizing the importance of infection control and prevention by providing its health care workers and volunteers with flu vaccinations this week, in celebration of National Infection Control Week.

"Proper immunization of children and adults is the key to eliminating diseases such as influenza, measles, mumps, chicken pox, hepatitis A and B, and other infectious diseases that continue to kill thousands every year in the United States," Alecci said.

The costs for preventive measures, studies show, far outweigh the costs for treating those who have acquired the disease and justify preventing unnecessary loss of lives.

Job Haines Home residents raise \$1100 at craft fair

Residents of the Job Haines Home recently conducted their 12th Craft Fair at the Home and raised a total of \$1100.

The Craft Fair is an annual event where residents and staff donate craft items and time to raise funds. The money generated by the event is used to treat the residents of the Home to some type of special entertainment. In the past, residents have enjoyed a trip out to dinner theater programs as a result of their Craft Fair earnings.

Activities Director Cathy Malone indicates the Christmas variety show at Montclair High School may be the residents' destination this year. A number of items are sold at the fair, including resident and staff-made crafts, white elephant items, costume jewelry and books. Residents begin early in September, gathering items and donations among themselves and from staff. They then meet in groups to organize and price items. Staff arranges for set-up in the Home's assembly room. On the day of the event, residents, staff and family members are invited to attend.

Says Executive Director Jacqueline Kerr Harrold, "It's a lot of work each year, but also a lot of fun. It's nice to see residents involved in this event, as it gives them a chance to participate from beginning to end – from organizing and pricing to enjoying the results of their efforts."

The Job Haines Home is a residential health care facility and nursing home for people over 65 years of age. It has been in business since 1897 and is currently in the process of developing an assisted living program. For more information about the Job Haines Home or assisted living in general, please contact Anita Merrill, resident administrator, at 743-0792.

Gov. Christin Todd Whitman, left, with Carol Ann Gauthier, executive director of the Columbus Hospital Foundation, Newark, recently proclaimed October as Born at Columbus Month. The proclamation acknowledges the hospital's role in bringing thousands of babies "into the world and into the lives of their loved ones" since it first opened its doors in 1934. Columbus Hospital provides acute medical services to the communities of north Essex County. Columbus Hospital Foundation, founded in 1994, is the fundraising arm of the hospital. The foundation makes it possible for Columbus Hospital to continue its long-standing tradition of delivering high quality health services in a community hospital setting and raises funds to promote wellness within the communities it serves.

Pregnant? Need help?

At Birthright, they know that women in distressed and crisis pregnancies often feel they have nowhere to turn for help.

Birthright is a free and confidential non-profit organization aimed at assisting women and teens in less than ideal situations, helping them to access pre-natal services, medical help, maternity homes, well-baby programs, adoption services and more.

Birthright provides baby and maternity clothes and free pregnancy tests.

Often times, women in crisis pregnancies are scared, confused and alone. Many think abortion is their only choice. At Birthright, the staff knows there are other choices and is there to help.

If you or someone you care about needs help, please call Birthright of Essex County Inc. at 743-2061 or call the Birthright toll-free number at 1-800-550-4900. The office hours are Tuesday through Friday from 10 a.m. until 2 p.m., and Saturdays from 9:30 a.m. until 1 p.m.

Colonial Sheltered Care ready for Halloween

Colonial Sheltered Care Home in Bloomfield is all decorated and ready for all the ghosts and goblins to visit.

Colonial has lots of candy on hand. Every year, Colonial gets a steady stream of trick or treaters, both grandchildren of the residents and neighborhood children. Most of the residents have chosen a communal living arrangement because of the social life that goes with it.

Sometimes, life can be very difficult and it is even harder when you have to face problems alone. Often just having someone to talk to can be a big help. Colonial Sheltered Care Home, located at 90 Williamson Ave., Bloomfield, offers an alternative to living alone.

Because most of Colonial's resi-

dents are long term, they become like a large family. They share memories, celebrate birthdays and holidays together, show off their grandkids and offer each other emotional support in times of need. Best of all, they have daily company and a social life, instead of being in an apartment all alone every day.

Of course, Colonial Sheltered Care Home offers all the services of a residential health care facility — 24-hour staffing, medication supervision, personal care assistance, meals and laundry. Surprisingly, they can offer all this for a very reasonable rate, between \$1050 to \$1300 a month.

For information, call 743-4143.

Dr. Rotundi Directing Belleville Counseling Associates

Dr. John Rotundi is a licensed clinical psychologist with certifications in school psychology as well as drug and alcohol abuse.

He has been in full-time private practice for over 16 years.

For about three years his office was located in Bloomfield. Since then, he has practiced out of one of the professional buildings at Clara Maass Medical Center where he is on staff as an affiliated member.

Dr. Rotundi is no stranger to our area. He grew up in Belleville and attended the Belleville Public Schools from kindergarten through 12th grade.

After graduating from Belleville

High School he attended and graduated with honors from Bloomfield College, later being awarded his Ph.D. from New York University. His experiences have been extensive including college-level teaching, several years as a school psychologist at the Cerebral Palsy Center in Belleville, student counselor at Clara Maass Schools of Nursing and Radiology, and as a consultant to numerous agencies.

He welcomes any inquiries regarding the nature of his practice and the scope of problems with which he has had vast experience. His office phone is 759-0110.

This Is The Size Of A Breast Lump Detected By A Mammogram

Every year in this country, breast cancer affects more than 184,000 women and claims the lives of nearly 45,000. Many of these lives could have been saved if breast cancer had been detected earlier. Mammograms often find cancer before it can be felt. If you are 40 or older, or if you have a family history of breast cancer, get a mammogram.

Attention, diabetics!!

Healthy Eating just for you

Six months ago, Joe Martinez was told that he has diabetes. He went to his supermarket in Plainsboro and was aghast to find that beyond the fresh fruits and vegetables, most other food items were either high in sugar or high in fat.

But Martinez, the pharmacist at Family Prescriptions in Milltown, did something to help people with the same problem. He asked his brother-in-law, Victor Borkowsky of Nutley, who has worked in the food service industry for years, to come up with some meal ideas and then he started Diet-Pik-Up Inc. to provide freshly cooked meals to people on weight-reduction and/or diabetes control menus.

The meals are fresh, not freeze-dried or frozen. Each meal follows the American Heart Association food guidelines, has 300 milligrams or less of cholesterol and less than 30 percent of the total calories come from fat. They are also low in sodium and are made without preservatives.

Since starting the Diet-Pik-Up program, Nancy Gillies enthusiastically reports that she has lost over 27 pounds in just four weeks.

Another Diet-Pik-Up client, Maria C., has lost 15 pounds in three weeks.

The meals come in either 1,000 or 1,800 calorie sizes. The 1,000 calorie meals cost an average of \$4.50, the 1,800 calorie meals average \$5.25, Martinez said. Meals are microwaveable, except for the pizza, which cooks crispier in a regular oven, he said.

The meals are ordered and paid for a week in advance, and are either picked up or delivered twice a week. Martinez said the foods are delicately seasoned, but can be spiced up.

Here are some items from the menu: Cinnamon Apple Oatmeal with Sour Cream Breakfast Biscuit and Whipped Fruit; Multi-Bean Salad with Fresh Seasonal Fruits, Herbed Chicken and Old Fashioned Potatoes.

Meals can be ordered from Diet-Pik-Up and Martinez is setting up distributorships across the state and into New York State. For more information, call 1-888-344-DIET, (908) 249-5225, or check out the firm's web site: <http://www.diet-pikup.com>.

'Hands on Health'

November is National Physical Therapy Month

By Robert Ruffalo, PT, DC, CCSP

Each year, November is designated "National Physical Therapy Month," designed to create awareness and educate the public on what physical therapy is and how it can help if a person is in pain or injured.

It is also during this month when we pay tribute to the physical therapists throughout the country. These individuals represent part of the workforce who contribute to the health and well-being of those who are injured and in pain. Typically, physical therapists are dedicated, determined people. There is a pride among the group to accomplish goals and motivate their patients.

Physical therapy is made up of several components. The *personalized exercise program* enables the therapist to develop a routine to strengthen muscles and correct faulty mechanics of the body. *Exercise equipment* is used to also build strength and offer resistance to areas of the body that need reconditioning. *Electrical Muscle Stimulation* or *EMS* and *Ultrasound* are tools used to restore function. *Hot packs* are used to increase circulation, thereby decreasing spasm and pain. *Cold packs* are used for decreasing swelling and inflammation.

Each exercise program is designed to treat the part of the body that needs to be rehabilitated. These are just some examples. There are many other types of modalities and techniques employed by physical therapists to rehabilitate the hand, leg, arm, etc.

As a licensed physical therapist and president of Rehab Education, Inc., a seminar company dedicated to delivering educational lectures to the physical therapy discipline, I spend much of my time incorporating personalized exercise programs and a variety of modalities in order to rehabilitate the injured individual. I emphasize the word *personalized*. The same program does not work for every person or injury. By treating each patient as an individual with special needs, patients are often restored to full function much more rapidly.

With a prescription from a medical doctor or chiropractor, I am able to utilize several different techniques to put my patients back on the road to recovery. We all work together as a team, so that your maximum potential can be reached.

An individual may need physical therapy for several different reasons. Some of the most common are work-related injuries, accidents and health conditions. Some work-related injuries are treated by physical therapists through work-hardening programs designed to simulate the physical work activity of an employee. The patient is retrained how to perform his work task after having sustained an injury. Accidents such as automobile or sports-related accidents are treated with a program to restore and re-educate the patient on the proper usage of the affected area. Health conditions such as stroke or heart attack can leave the patient debilitated unless properly treated. Physical therapy is designed for those individuals to regain strength and stability.

It is a proven fact that proper exercise programs and mobilization techniques have contributed to patients regaining full function. At A.T.E.A.M. Approach Chiropractic & Physical Therapy Center, located at 265 Broad Street in Bloomfield, I concentrate on each patient on an individual basis. I succeed when you, the patient, succeeds! For more information, please call my office at 429-3001.

Royal Twin Theatre in Bloomfield rolls back admission price

A new admission policy was recently instituted at the Royal Twin Theatre in Bloomfield under the direction of its new manager, Ricardo Farfan.

General admission is now \$5 for all shows with a \$3 reduced rate for senior citizens, children and first show matinees on Saturday

and Sunday.

The newly-renovated, clean, family-oriented Royal is the resurrection project of Farfan, who believes strongly in the Bloomfield Center area. He hopes Bloomfield residents will support a theatre which is so rich in Bloomfield history.

Comcast adding five new channels

Comcast Cablevision of New Jersey, which serves more than 250,000 customers in four New Jersey counties, including Essex County, will add five cable television networks to its channel lineup, effective Nov. 1.

Among them are ESPN2, a heavily-requested network for alternative and motor sports. The network will be available on the cable system's channel 38.

Also to be added are Speedvision, a network devoted to automotive, aviation and marine information and entertainment, on channel 71; Home and Garden Television, on channel 74; and Animal Planet, a 24-hour network

devoted to animals and their environment, on channel 75.

ESPN2, Speedvision, Home and Garden TV and Animal Planet will be included in Comcast's Expanded Service.

The Movie Channel, an optional premium movie service, will also be added on channel 61.

Also on Nov. 1, CNN's Headline News will move to channel 30; Lifetime Television will move to channel 27; the Food Network will move to channel 62; the Prevue Channel will move to channel 67; and Pay-Per View will no longer be available on channels 71 and 74.

HOROSCOPES

November 3-9

ARIES - March 21/April 20

Think before you speak, Aries. Before you have to pry your foot out of your mouth, keep in mind who you're talking to and what you're talking about. A lesson learned too late could put you in a sticky situation on Thursday. Romance highlights the weekend. Scorpio is involved.

TAURUS - April 21/May 21

Simple pleasures give you the greatest joy this week. Time spent with family puts you in the right frame of mind. News of a breakup may come suddenly but it won't surprise you. Leo is involved. Change in the workplace means new opportunity for you. Watch your temper on Friday.

GEMINI - May 22/June 21

A Leo's decision will have a positive impact on your week. A small — but significant — part of your life will become much easier. Virgo's ideas provide food for thought. This weekend, cancelled plans leave you with free time to do whatever you please. Enjoy! Good news comes Thursday.

CANCER - June 22/July 22

A difficult choice hits you like a ton of bricks on Tuesday. Whether you spend seconds or days deciding, you'll come to the same conclusion if you follow your heart. A second meeting with Aries will change a bad first impression. Perhaps you misjudged the enigmatic Ram.

LEO - July 23/August 23

A strange coincidence arises in the week that will renew your belief in fate. Been feeling down in the dumps lately? It may be time for a change of scene. A weekend getaway should charge your batteries. Gemini keeps you on your toes towards the week's end. Patience will be required.

VIRGO - Aug 24/Sept 22

A sense of humor will come in handy early in the week. Your quick wit will be welcomed. Unexpected red tape will complicate a simple project. A romantic relationship needs some nurturing. Make the effort to do something special. Leo and Libra add fun to the weekend.

LIBRA - Sept 23/Oct 23

An opportunity for advancement will seem to come out of nowhere. Before you decide to make a change, take a look at your long-term goals. Use your insight to better understand a friend's behavior. You'll see that everything is not as it seems on the surface. Family get-togethers highlight the weekend.

SCORPIO - Oct 24/Nov 22

An unfair situation will be the topic of discussion this week. Don't be afraid to voice your opinion or even offer a solution. You could make a difference. A restless mood could interfere with your productivity at work later in the week. You may as well give in and take a break.

SAGITTARIUS - Nov 23/Dec 21

Setting unrealistic goals will only lead to disappointment. Be fair to yourself by going for what's reachable. A new friend could be the source of inspiration for a creative endeavor. Be patient with difficult family members — especially Aries. New romance looks promising.

CAPRICORN - Dec 22/Jan 20

It's time to step in and involve yourself with a problem at work. Take a stand and let others know your feelings. A strange dream early in the week may provide clues into something that's been troubling you. Meditation helps you focus. Artistic endeavors run with success.

AQUARIUS - Jan 21/Feb 18

An ongoing battle with a family member could be ironed out with some patience and understanding. Keep an open mind. If you've been putting off an important project, now's the time to dive in. You may find that it's not as hard as you thought it would be.

PISCES - Feb 19/March 20

Creative thinking helps you figure out a way to streamline your workflow. Don't be afraid to share your ideas with higher-ups. You may have to bid farewell to someone close to you. A bittersweet exit will put you in a melancholy mood. Positive thinking lifts your spirits.
