Specter of tax increase haunts Council session

By Howard Klausner

Mayor Victor Canning committed the cardinal sin for politicians, Tuesday, by telling the Senior Citizens that a 35-point tax increase is a strong possibility.

Word immediately flashed through the town, and it was the

main topic of the public session of the Township Council, that night.

Canning did not back off from his stand, although Council Member Arnaldo Carrera called for a halt to speculation about the budget. "Things are hot and confused enough, without more noise," Carrera said.

Rumors of a jump in the tax rate have been heard in Town Hall for several months.

A continuing drop in ratables, brought about by successful tax appeals, is one factor in the budget shortfall. State aid has been generous compared to that given to other communities, but it is still not enough to meet the township's needs, sources said.

Costs continue to rise, as revenues drop.

Canning told the Council that the real estate market has become firmer in the past 18 months, but is still uneven.

School and county tax rates have held steady. While the Township grapples with the budget for the coming year, it had to adopt an emergency temporary budget to meet current expenses in excess of \$2 million.

Bunny is coming to Silver Lake fete

A large Easter Bunny will arrive Saturday at 3 p.m. on Franklin Street in Silver Lake, courtesy of the Silver Lake Partnership composed of local business people.

The bunny will be well supplied with jelly beans and will make balloon figures for interested young people. All are welcome.

Police sub-station set for Silver Lake

The Belleville Police Department has announced that the dedication ceremony for the Silver Lake Sub-station, 58 Franklin St., will be held on Saturday, April 5, at 10 a.m.

The public is invited to attend.

Their voices span the years

By Howard Klausner

The children sat quietly in the auditorium of School 3, Tuesday morning, watching classmates and schoolmates read their lines on the stage.

The words were for the most part written by children half a century ago, children who were in the shadow of death, calling for their parents, their friends, their familiar things.

It was part of the Holocaust Observance, acquainting today's youngsters with the incomprehensible slaughter of 11 million people, Jew and gentile, in a world gone mad.

Putting it into the words of children seemed to make the tragedy understandable to the children in the audience.

They could feel for those other children of their own age, who called for life, unheard - but now remembered.

Zero property tax hike set in proposed budget

A school budget for 1997-98 that will include eight new teaching positions - but will not mean an increase in the school tax - was introduced by the Board of Education, Monday.

It brought unanimous support from the Board - "The first time anything like this has happened in my memory," Superintendent of Schools Michael Lally said.

Board Member Thomas Fuscaldo, who has voted against previous budgets, said, "This is a good budget. I am voting for it."

Frank Montagna, who frequently echoes the concerns of senior citizens and others on school budgetary matters, said, "I am supporting the budget."

The expenditures for 1997-8 will be \$34,969,718. The current budget is \$32,614,250.

Board will rescind ban on Barringer

By Howard Klausner

The Board of Education voted unanimously Monday to rescind the ban on athletic games with Barringer High School, Newark.

A resolution was passed to hold a vote on April 7 to formally rescind the ban.

At the same time, a letter will be sent to the Northern New Jersey Inter-Scholastic League announcing the decision.

The NNJIL ordered the board to drop its ban on games with Barringer or face severe sanctions.

According to a letter read to the public Monday by Board President Ralph Mazzuca, penalties would include the automatic forfeiture of all games, the placing of Belleville teams at the bottom of all league standings and the placing of Belleville at the bottom of the Good Sportsmanship standings.

At the same time, the NNJIL would send its findings to the New Jersey State Inter-Scholastic League for any further sanctions the statewide body might choose to impose.

The letter bore out the warning given the Board on Feb. 24 by Mazzuca and Board Member John Molinaro that the NNJIL would impose the sanctions.

"It would affect the chances of scholarships for many students," Molinaro had stated.

The Board voted on Feb. 24 to ban games with Barringer for two years, by a 3-2 vote. Supporting the ban were Thomas Fuscaldo, Frank Montagna and Judy Piscatowski. Opposed were Mazzuca and Molinaro.

The ban was based on an incident that occurred in a game between the girls' basketball teams of Belleville and Barringer, at home, on Jan. 23. A Belleville player reportedly was attacked without provocation, and sustained an injured ankle.

When Barringer officials refused to exceed league rules in punishing their player, suspending her from two games, Belleville Board members reacted by enacting the ban.

At the time, supporters of the ban

said that the physical safety of the players was more important than athletic standings.

At the March 10 meeting of the Board, three members of the Belleville High School varsities presented a petition bearing some 180 signatures of school athletes asking that the ban on Barringer be rescinded.

During their presentation, Montagna argued heatedly with the students. At one time, he extended his hand and raised the middle finger.

He said he was illustrating the kind of gesture that had been made to him by a student.

The gesture brought angry responses from the parents of the young women.

The Belleville Times article and editorial on the incident was forwarded to the State Ethics Commission by a Parent-Teacher group.

At Monday's meeting, Montagna said he wished to make a statement about the Belleville Times articles.

He described the Editor as "the

lowest type of person who smirks and sleeps through meetings."

"The Belleville Times is a paper that should be burned to the ground," he said. (See Editorial).

Montagna denied making an obscene gesture and said that those who knew him would never believe he would do it.

Mazzuca then said, "It is too bad we have to end the evening on a sour note. No member of the Board should ever make a statement - or a hand gesture - that would be offensive."

Montagna responded that he had made the gesture "only to prove a point."

Mrs. Mary Anne Lopreato, mother of one of the girls who had addressed the Board, said she was "appalled" by the Board's failure to censure Montagna.

Mazzuca then offered an apology to Mrs. Lopreato "on behalf of the entire Board."

"You did not make the gesture," Mrs. Lopreato said. "Mr. Montagna did."

A LOOK AT HISTORY - A Holocaust Remembrance Observance at School 3 gave hundreds of children an insight into the tragedy that took the lives of 11 million innocent men, women and children a half century ago. Students selected readings of messages from the doomed children of the era. The young audience sat in attentive silence through program, then heard Peppy Margolis, a child of Holocaust survivors.

The Crime Watch: Holdup!

A robbery suspect was arrested in his Nutley apartment on March 19, charged with holding up the Jersey Oil Co. service station at 568 Franklin Ave., taking \$317 in cash at gunpoint.

Officers Carl Castellano and Richard Giordano reported finding the weapon, a small silver pistol, and such items as a purple ski mask and a blue hooded nylon jacket, laid out on a bed.

The attendant who was robbed, a 19-year-old, identified the clothing and the weapon, and then identified the suspect, Brad James Steffens, 20, who is now being held in \$75,000 bond.

Castellano and Giordano found the suspect after a search of the neighborhood that took them through back alleys and basements, as the suspect left a trail of open doors behind him.

For whatever reason, the favorite target of suspected shoplifters last week was the headache remedy, Tylenol.

On March 17, at 3:45 p.m., security officers at Pathmark on Belmont Avenue stopped Barry

Dowdell, 30, of East Orange and reported he had \$53.12 worth of Tylenol on his person.

Officers Robert Reed and Robert Alves found there were outstanding warrants for him from East Orange, for \$1,500, and East Hanover, for \$500.

On March 23, at 8:30 p.m., Officers Robert Klein and James Sochaski went Pathmark where security people were holding Cynthia Barnes, 33, of Newark.

She allegedly had \$62.66 worth of deodorant and Tylenol in her possession. Police reported outstanding warrants for Ms. Barnes from East Orange and South Orange, totaling \$2,250.

A 15-year-old Belleville juvenile was arrested under the high tension wires at Chestnut Street and Moore Place, on the evening of March 20 after Detectives Michael Giuliano, Robert Capece and Ralph Marotti followed him as a suspected drug dealer.

Police said they found 17 bags of marijuana in his possession. The drugs have a current street value of

more than \$200, police reported.

Two East Orange youths, 16 and 17, were arrested at 4:20 a.m. March 20 on the 400 block of Union Avenue after a resident saw them breaking into a car.

Officers Rogerio Santos and Joseph Richiuso found one of the youths in the car, and the second a short distance from it.

Among the charges against the juveniles is possession of burglary tools.

At 12:35 a.m., Officer John Loiacano saw a woman looking into parked cars on Mill Street near Union Avenue.

When he found a vial of cocaine in her possession, Loiacano arrested the woman, a 35-year-old Nutley resident.

Detectives Capece and Giuliano stopped a woman who was driving her car erratically on Washington Avenue, 5 p.m., March 18.

The careless driving charge was accompanied by charges of driving while on the revoked list and possessing 10 vials of cocaine.

The driver, 33, of Belleville, was released in \$250 bail.

Aside from That

By Howard Klausner

Friends of Tax Collector Steve Vogel - and he does so have friends, lots of them - will be happy to know that he is safely home from triple bypass surgery performed on March 19 at Morristown Memorial Hospital. Steve, one of the stalwarts of the town's administration, will be out of action for several weeks, at least, and he has expressed some concern about where his office will be moved in his absence, in view of the renovation project scheduled for the Municipal Building. One rumor we passed on to him

was that the tax records were being dumped in a vacant lot two miles south of a custard stand in Middlesex County. Look, when you have to vacate in a hurry, you can't be choosy. In any event, we wish him a pleasant and unhurried recovery and several score more happy birthdays. . . . Last week's mention of Steve Byers, Belleville Class of 1981, being aboard the aircraft carrier USS Carl Vinson brought word to us that another Belleville man, Daniel Senesky, was a shipmate of his for a while. Lt. Senesky, son of famed BHS football coach John Senesky and mother Carmela, was aboard the Vinson when it was posted to Middle East duty, and he has since been transferred to shore duty in exotic Rhode Island. Senesky has the distinction of being one of the few Navy officers who ever served in the Italian Navy, something that occurred when he was assigned as an exchange Naval Reserve Officer

Training Corps midshipman for several months. His family reports that he enjoyed it as one of the greatest outings of his life. . . . Christopher Paseka reduced his weight by 30 pounds to weigh in at 175, for his role in the musical comedy "Pippin". The education student at William Paterson College will appear in college-sponsored performance on the Wayne campus April 3 through April 8. "A friend and I just decided to take an acting class, and I've been in performances ever since," Paseka said. He says he likes the acting life, but he is also

audiences have loved it for years, call the Box Office at (201) 595-2371. . . . Fifth Ward Councilman Harry Zilch enjoyed the recent Academy Awards show. "Producer Saul Zaentz who won the Tony Award for 'The English Patient' gave his greetings to 'the boys at the corner of Myrtle and Monroe'. He was talking about his home town of Passaic, and the corner was a hangout for the young guys of the neighborhood during the Depression. They are long gone, and it's nice that he remembered them. It shows that no matter how successful we may become, we go through life proving ourselves to the boys we grew up with, the boys at the corner." . . . Zilch's political supporters, the Kool Kukumber Boys, are suspicious of simplified tax forms. "What we're afraid of is an 'either-or' form: Either you fork over or a couple of boys from Trenton will come and work you over." . . . Our Copy Cat, Baldassaro DiVincenzo Mitten, doesn't think that Frank Montagna should be discouraged from using the "finger" gesture. "After all, the alternative is mooning."

Kennedy Association breakfast April 13

The fourth annual scholarship breakfast hosted by the Kevin G. Kennedy Civic Association will take place on Sunday, April 13, at the Branch Brook Manor, 13 Washington Ave., from 10 a.m. to 12 noon.

This year, scholarships will be given in the memory of Esther Marotti and James Bartholomew. The Kevin G. Kennedy Civic Association will also honor Assemblyman John V. Kelly as the "Humanitarian of the Year."

The Kennedy Civic Association will also make a donation this year to the Deborah Heart and Lung

Center. In addition, the association will award another scholarship in memory of Lt. Edward Kennedy, the standard bearer's brother who passed away this year. This will be an annual award.

Students interested in applying for the scholarship may pick up forms at the Belleville High School Guidance Department.

Tickets to this year's breakfast are priced at \$14 per person. Anyone interested in purchasing tickets should call 751-2575 or send a check or money order to the Kevin G. Kennedy Civic Association, P.O. Box 192, Belleville, N.J. 07109.

By Joseph Restaino

To John and Mae Cerami

Today, you celebrate a very special love . . . a love that has endured for 50 years, a love that brought you together when the world was at war.

During the war, Mae continually wrote to her three brothers and her cousin, Nicky. Nick had a friend, a good friend, by the name of John. John could not believe all the mail Nicky got, so Nick encouraged Mae to write to John.

Nothing stopped Mae's devotion to writing to John, overseas in Germany and England. Finally, the war ended and John came to Pennsylvania to visit Nicky and met Mae face to face. When they met, Mae was 23 and John was 31. At first glance, Mae thought John was a mobster. The hat he wore made him look like a gangster. She asked him not to wear it again. John thought Mae was beautiful with her long black hair. They dated and lit the candle of love, which still burns to this very day.

How miraculous it must have seemed then to find a reason for happiness and hope for the future. Many wonderful things have happened in their lives, and your commitment, love and devotion has given you many wonderful memories, and a reason to feel proud of the strong marriage you have built. That's why your Golden Anniversary is a wonderful occasion for celebrating . . . not just for you but for all the friends and family who have witnessed the beauty of your lasting love.

Happy 50th anniversary.

This is the true story of my wife Mary's older brother, John. When John was keeping company with Mae (who lived in Roseto, Pa.), he asked to borrow my car. I had a Plymouth that I was afraid to go around the corner with. I said yes, not knowing what he wanted it for. He wound up going to Roseto to see Mary. He got back okay, but I don't know how he did it.

When John and Mae got married, they lived in my house until he retired. They raised four children here, Marie, Joseph, RoseAnn and Sal. After retiring, they moved to Roseto to live with Mae's parents, the Martinos. While living here, Mae was like a mother to my four kids. And I must say that their four kids and my four kids got along fabulously. John and I used to go bowling on Friday nights and wind up at the Zig Zag with his brother, Junior and George Slater. What times we had. We would keep Lou, the owner, company until closing time. The good old days!

Well, anyway, the celebration was held in Bethlehem, Pa. The whole Cerami clan with their children and spouses were all invited. All I can say is that I had a ball and someone has the pictures to prove it. I hope they don't blackmail me. I must thank my son-in-law Allen Johnson for being my chauffeur.

A funny thing happened to me a couple of weeks ago. My wife had a watch that was not working. I took it to Trio Jewelers in Nutley. A very nice young lady took the watch and checked. While she was checking the watch, I filled out an entry blank for some contest. The young lady returned and stated that the watch was okay. All it needed was a battery. I must commend Trio Jewelers for being so honest. About a week later, I got a letter in the mail stating I had won a turkey or a ham of \$14 value. So I think I am going to enjoy ham for Easter. How about that!

The last meeting of the Belleville Senior Social Club Inc. was very chaotic and things happened that should not happen in a social club. There will be more about this after I screen my facts.

My condolences to Ann Donatiello and her family on the loss of her mother, Geraldine Urso.

Don't forget the Concerned Citizens of Belleville's 10th annual scholarship dinner and dance to be held April 19 at the Branch Brook Manor. Tickets are only \$20. Call chairman Vincent Frantantoni at 759-1119.

In a letter to Ann Landers in the *Star Ledger*, a person writes about her father who smoked cigars. His breath smelled terrible and his car smelled like a sewer. He often said he wasn't smoking because the cigar wasn't lit. In 1972, he had surgery to remove part of his lip which was cancerous due to constant contact with cigars. A few years later, he died from lung cancer. The American Lung Association classifies cigars as a nicotine-delivery system, the same as cigarettes.

Cigar smokers get more laryngeal, oral and esophageal cancers than non-smokers. We care about you, but the tobacco industry only cares about your money. For the sake of your loved ones, stop all tobacco habits now! Because I care about you.

I attended Al Restaino's kick-off dinner and I must say that from

the overflow crowd, he has an excellent chance to win a seat on the Nutley Board of Education.

Tid bit: When people twist the rules to suit their own desires, they will eventually reap the results of their DEEDS!

A happy birthday to my good friend Fred Behan and I hope you are feeling better.

Life in Silver Lake By Marie Strumolo Burke

Daisy joins the Legion - No, not the Foreign Legion...the American Legion Post No. 299 on Belmont Avenue. And who's Daisy, you ask? She's our dog. Her full baptismal name is Daisy Mae Burke. Cute name, don't you think? Okay, now let's get down to why she ran away to join the Legion.

As you all know, my husband is the owner of Pico's Tavern in Silver Lake. A lot of members from the Legion frequent our place and most of the time our dog is in attendance. Everyone knows and loves our "pup." She is the cutest little grey and white Shih Tzu with a temperament like an angel. She was once a 13-pound dog with a shape like a model, but since everyone has the need to feed her dog biscuits, her figure is getting a slight bit plump. Her biggest fan is "Scrappy" from the American Legion post.

Some time ago, I got an S.O.S. from my hubby telling me that Daisy was among the missing. I thought he was kidding, but not this time. She was nowhere to be found. So, he asked his troops at Pico's to help him in the search. Even my friend Antoinette DePanis and her granddaughter Stacy were on the trail.

Each patron took a street, and lo and behold, the scent got stronger,

Marie Strumolo Burke

and Armando Guarino and Tom Sperduto found Daisy in front of the American Legion.

I guess she was looking for her second father, Scrappy, who she's mad about. Or, it could be she was looking for her "bones." Or maybe she wanted to become a member of the post. Who knows. Everyone was thrilled when we found our "little girl."

That night my husband took me and our friend Peggy Bocchino to dinner to celebrate Daisy's homecoming. On the way home, Charlie said, "Daisy is grounded for 30 days." Peggy and I looked at him in amazement and asked him to

repeat himself. So, again he said, "She has to stay on her leash until the 30 days is up." It's okay to laugh about it now, but at the time it was pure torture. It's like having another child.

So, Armando Guarino and Tom Sperduto, you win the "blue ribbon" for rescuing our beloved Daisy Mae. And to her adoptive parent, Scrappy, be assured that when we need a "sitter" for our pup, we will definitely look you up, so stay by the phone, "daddy."

Strike up the band - Why? Because Joyce Risoli of Lake Street has hit the big 50 on March 13. A party was hosted by her father Pete Fiorenza and her husband Barney at the Chandelier Restaurant. I know that Joyce was the "belle of the ball" dance, dancing and more dancing. So, the SLCA is sending you a "50 gun salute." Do you hear it?

Louise Moretti of Magnolia Street has retired from her job at Pilgrim Insurance Agency in Lyndhurst, where she worked for 15 years. Louise, you look like a teenager. Good luck on your retirement.

Also, let me wish Tom Sperduto of Belmont Avenue a speedy recovery. We all miss you.

Remember, we love Silver Lake and Daisy Mae Burke, too.

A new face in politics

Al De Meo seeking seat on school board

By Howard Klausner

Alfonse De Meo is one of a rare breed - a native of Belleville who is determined to keep his roots in the town, and make his living here.

De Meo, 27, is an attorney prac-

ticing law in Belleville, active in youth sports and Kiwanis, and seeking his first try for elective office - a place on the Board of Education.

He is in partnership with Anthony LaVista in his practice, and LaVista is also assisting in De

Meo's campaign.

"We've been friends since we were 11," De Meo says of his law partner. After graduation from Seton Hall Law School, the friends were working in law firms when they decided to start their own firm in June 1996.

De Meo is the son of Virginia and Richard De Meo. Mrs. De Meo is an executive of Tape Talk. Richard is a trucker.

Brothers Brian and Jason are college students.

"What brought me into the race is the involvement I have with the kids. I like to be involved."

"The school system attracts and keeps young couples in town. I have five friends who have bought homes in Belleville."

Through sports, he saw youngsters from different neighborhoods become friends, and he sees this as something to be encouraged.

"I want to restore the sense of community we had."

Are you tired of rip-offs?

Are you tired of being ripped-off? When it comes to cleaning carpets and furniture, you should be.

When you call some cleaning services for an estimate, they will tell you exactly what you want to hear. They give you their bare bones price for a cleaning, but when the service people come to your house, they try to upsell you.

Being unaware, you okay the extra services, and wind up paying for services you might not need.

Another rip-off that these companies incur on their customers is a travel or access fee. You can pay anywhere from \$15 to \$50 for them to come to your house.

Are you renting a limousine to bring them to your home? Some of the servicemen live in your town, and they still charge you this fee.

There are other horror stories that many families have been the victim of. Carpets cleaned without the cleaner being added to the water. Carpets left soaking wet. Extra charges for cleaning Berber, wool, etc.

Upholstery cleaning also has its rip-offs. Most companies charge extra for loose-back pillows, throw pillows, etc. They tell you they will clean a six-foot sofa for a certain price; hey, who has a six-foot sofa? Most sofas are seven feet. Most

loveseats are under six feet. Who are they kidding?

Last April, a company called Squeaky Clean Carpet and Upholstery Cleaning started its business claiming that there would be "no hidden charges whatsoever." Well, almost a year and 700 satisfied customers later, the company has stood behind its claim.

Owners Art and Donna Velotti do all the work themselves and offer a satisfaction guarantee. All the extras that other companies charge for that you read about in the beginning of this article are not on Squeaky Clean's menu. It is an honestly-run company that sticks to its advertised pricing.

The Velottis will not upsell or take advantage of unsuspecting customers. There are no travel or access fees, and they will do an A-1 job the first time.

For clean carpets, upholstery and now linoleum, wood and tile floors, please call Art or Donna Velotti for an appointment at 743-1122. You will not be dissatisfied with their pricing or services.

Honestly, dependability and quality results has made this small business successful. Please read the ad on this page for Squeaky Clean's reasonable pricing.

SSHHH!!! It's the best kept secret in Hudson County!

Fillings are not inevitable!

By Dr. Edward Shluper, DDS

Q. What is preventive dentistry and what does preventive treatment consist of?

A. Preventive treatment is extremely important. Fillings are not inevitable and cavities can be prevented in the first place. Since our aim is to avoid pain, discomfort and the need for fillings, we must eliminate the cause first. The best strategy is to prevent a problem before you have it. Cavities in the teeth are caused by bacteria that is always present in your mouth. Eliminate the bacteria and you'll eliminate the cause of cavities.

Q. How do you get rid of the bacteria in the mouth?

A. First, you have to see the bacteria, then clean it away. In our office, we use a special process that colors the bacteria. Then we clean it away. If you do this procedure several times a year, there will be less opportunity for the bacteria to attack the tooth and form cavities.

Studies were conducted involving professional cleaning using dental engine. Over a three-year period, children in the experimental group, aged 7-14, received meticulous cleaning in intervals of once every two weeks in the first two years and four to eight weeks in the third year. The children in the control group had only supervised cleaning, using a tooth brush. The results were dramatic. During the 3-year period, the 84 control subjects developed 790 new carious surfaces, while the 93 experimental subjects developed only 42 new carious surfaces. There were equally positive results in the study on adults.

Q. Are there ways to stop cavities, already formed, from going any deeper?

A. Yes, cavities may not go any deeper under these conditions:

- absence of bacteria
- abundant saliva
- use of fluoride (as found in toothpaste)
- reduced sugar consumption

Q. Once there is a cavity in a tooth, is it necessary to treat it?

A. Yes, cavities are traps for bacteria and they cannot close by themselves. In the cavity, there is infectious material that, if left alone, will irritate the nerve inside the tooth, causing pain.

After the cleaning of the cavity, a filling must be inserted to protect the nerve inside the tooth and to restore the integrity of the tooth. However, fillings do not prevent further cavities. The treatment of the cavities goes hand-in-hand with preventive efforts. The best filling is always the natural tooth material. The most beautiful filling or any restorative work will not last for long if further disease is not prevented.

I stress again the importance of early diagnosis of caries.

Q. Why is finding the caries in the early stage so important?

A. Not all caries will develop into the form of cavities. Preventive treatment such as proper cleaning and the use of fluoride will stop them and there will be no need to do any filling. Small carious spots can close themselves with proper preventive care.

In our office, we teach proper oral hygiene and motivate the patients to cooperate in their own oral health. Fillings are not inevitable during the course of our lives. Caries can be easily controlled. We can prevent and eliminate the caries with preventive treatment and cooperation from both the dentist and the patient.

Dr. Edward Shluper, DDS, is a graduate of New York University College of Dentistry and a member of the Academy of General Dentistry. For more information or to set up a consultation, call Dr. Shluper at 743-5432. His office is located at 301 Belleville Ave., Bloomfield.

Kelly, DiGaetano offering health insurance guide

A free buyer's guide on New Jersey's Individual Health Coverage (IHC) program is now available for New Jersey residents, through the offices of Assembly Majority Leader Paul DiGaetano and Assemblyman John V. Kelly, both R-36.

Created in 1993, the IHC program provides an opportunity for individuals and families to purchase community-related health insurance coverage through a variety of insurance companies and HMO's.

"Prior to 1993, individuals who did not have health insurance benefits at work, or who were self-employed, or worse, had lost their

jobs, found it nearly impossible to acquire health insurance for themselves and/or their families," said DiGaetano.

Kelly commented, "The IHC has been a rather successful endeavor here in New Jersey that addresses the health insurance crisis affecting numerous Garden State residents."

According to the New Jersey Individual Health Coverage Program Board, more than 182,000 individuals and their families have taken advantage of the coverage. Anyone interested in a copy of the Buyers Guide can contact the offices of either DiGaetano at 933-0533 or Kelly at 667-6123.

OUR OPINION

Selling our history to TV

Last week, a story printed in the Times was picked up by a daily and then by two television stations. It dealt with the efforts by the State of New Jersey to dispose of the Rutgers Street Bridge, including an offer to sell - or give - it to the Belleville Historical Society.

The coverage included some lessons in Belleville history, as people learned about the history of the predecessor bridges, one of which was burned during the American Revolution, to keep the British from crossing into Patriot territory.

Television news is evanescent, disappearing as the scene fades from the screen. But repetition does have its effect.

There is no way of predicting what sort of story will appeal to the television assignment editors. If there were, we would be publishing a constant flow of Belleville items that would present us in a better light than we normally enjoy.

Why should it make any difference whether television is interested in our town, or not? For one thing, we could use some favorable attention.

Despite having one of the most ideal locations in the world for a business to utilize, and despite our excellent pool of available labor and executive talent, Belleville is largely overlooked by potential investors and job producers.

Maybe it is our fate to become a residen-

tial suburb of the greatest city on earth.

We see signs that younger families are taking advantage of the depressed real estate market to find homes in Belleville, and there is evidence that the quality of our schools is finally becoming known to people.

As for the Rutgers Street Bridge, it should have a home somewhere in the wide world, where a working drawbridge is needed. It would probably be cheaper to transport the bridge in sections to wherever it is needed than to build a modern bridge from scratch.

The steel and concrete in the present bridge would probably cost more to duplicate today than it cost to build the span in 1922.

The television publicity could spark some community, somewhere, to make an offer for the bridge. We don't have to tell them they can have it for nothing. At least, not right away.

We are going to miss that bridge, too. Not for any sentimental reasons, but for economic ones. By the time it is replaced, two or three years of economic drought will hit our retailers.

After every lengthy bridge closing, another batch of stores has closed. It is one of the reasons why Washington Avenue has gone from thriving retail center to Tombstone East.

We need some beneficial TV coverage, in a hurry.

The great finger

When Frank "The Finger" Montagna used the Monday meeting of the Board of Education to take the Belleville Times and its Editor to task, he stated, "The Belleville Times is a paper that should be burned to the ground."

We went outside our office to see how that might be accomplished, and the only way we can see it being done is for Mr. Montagna to emulate a Buddhist monk, sit in the middle of the office and ignite himself. Even then, the sprinkler system would probably douse him before he became a danger to himself and the insurance company.

He referred to the Editor as the "lowest type of person" who "smirks and sleeps through the meetings."

Well, just because Mr. Montagna is on the mark about that, it doesn't make him right about everything.

It is hard to avoid smirking when one is watching The Finger in operation.

Predictably, the first thing he did at Monday's Board meeting was to deny that he had made the "finger" gesture in the first place.

"Anybody who knows me would never believe that I would do such a thing, especially in front of my friends, in front of my family."

Board President Ralph Mazzuca said sharply, "No member of the Board should make a statement or a gesture which is offensive."

Mr. Montagna then took the tack that he had made the gesture only to "illustrate a point."

Mrs. Mary Anne LoPreato, mother of one of the young women who were present when the gesture was made, summed it up:

"It does not make any difference if the gesture was not directed to the girls. It was made in the view of the girls."

"The apology by Mr. Mazzuca is welcome, but he did not make the gesture. Mr. Montagna did, and he has not had the decency to make a personal apology. He does not even see that he did anything wrong."

"No other member of the Board had anything to say. We find that inconceivable."

"The girls are happy because the ban (on Barringer High School) was rescinded. But this issue is not dead, by any means."

• **THE** Florida Department of Education has ordered Florida schools to teach middle school students more American history. Four years ago, school authorities were told to put away American history books in favor of lessons on Florida's history, economics and environment. Meanwhile in the past four years, thousands of students have missed out on the rich American history.

• **WHILE** in Florida recently, the local newspaper published a letter to the editor which I found seriously amusing. I assume the letter's message has been an experience most of us could write about:

"We're mad and we won't press 1 anymore"

We have all become robots, following the dictates of a machine.

It is disgusting to call up a company and have a voice tell us that if we have a Touch-Tone phone, we should press 1. If we want to talk in English, press 2. If we want a certain department, press 3. If 3 is pressed, we get three options.

If we press the number for the option we want, we have five more options. Finally, when we do get the department we ask for, it turns out to be the wrong one, and so we start all over again.

Of course, we are told that our call is important and please stay on the line, which is usually a very long time. In the meantime, we hear music that we detest.

I just saw on TV that a major corporation is cutting out its automated telephone service, and

they now have live people answering the phone. As a result, the company has had a great reduction in complaints, and its sales have increased a lot. It is time for all of us to protest the automated telephone service.

I am tired of pressing 1 and 2 and 3, and being given options, and staying on the line. I am sure that all your readers feel the same.

If this is true, then I ask them to send a letter and show their disgust as well.

If you receive a big backlash against telephone automation, and write about the response that you have received, I am sure the story will be picked up and the entire country will get other companies to get rid of their automated service.

First, it will keep our blood pressures from going up, and more important, it will give jobs to millions of people.

The worse part of the automated system is that when you are calling long distance, and have to keep pressing and pressing, the cost can be high.

Aid for a sufferer

To the editor:

In 1992, Norma Calabro, a 56-year-old resident of East Hanover and former resident of Belleville, underwent a 15-hour operation on her brain to clip two aneurysms.

As a result of the aneurysms and complications that arose later on, Norma sustained extensive brain damage.

In an effort to keep her at home with her family, her children and the Inter-County Business Associates have organized a dinner/dance for her benefit.

The fundraiser will be held on Friday, April 25 at 7:30 p.m. at the Hanover Manor, Eagle Rock Avenue, East Hanover. Tickets are \$60. Entertainment will be provided by The Infernos.

Also planned is an ad book.

All checks should be made payable to the Friends of Norma Calabro. Send ticket requests and/or donations to Friends of Norma Calabro, c/o Michele Guerrieri, 16 Shongum Road, Denville, New Jersey, 07834, or call 361-3853.

The Friends of Norma Calabro

Billion will cost taxpayers \$19.7 Billion spread over thirty years. The bond issue will be the largest ever made by any state in the country. It will increase state debt by one third. The League of Women Voters opposed the plan for reasons including the failure of the Whitman administration to place the bond issue to public vote as required by the state Constitution for any bond issue repaid through general state revenue.

YOUR OPINION

A teacher's triumph

To the editor:

I want to take this opportunity to say "thank you" to Rosalind Musmanno of Belleville's Arthur M. Pico School #8. She has a certain way about her teaching style. You see, when a child says "No, I can't do it," she will not let them get away with it. Her response is always, "Yes, you can do it!"

She makes the effort of making a child believe in himself. She has a special way of building up their confidence level. My child has a problem with motor skills and writing has been a nightmare for him. He could hardly print legibly.

When he saw his grand on his report card he was so dejected. But he always tries his best! To make life easier for him, as any mother would do, I went to the child study team and said let him answer orally and don't grade him with a letter grade. They agreed. Confused and upset on day about a paper he had to answer in writing, I called Mrs. Musmanno and said, "No, he can't do it." She said, "Yes, he can, you have to let him try, he has to be accountable for something."

I put trust and confidence in her words and now, two months later, I'm so proud of his writing ability! He has such pride in his work. She also lets him know how proud she is of his papers.

He loves to write in cursive and he is improving on a daily basis!

Mrs. Musmanno, thank you for putting the faith in my child when I just wanted to make it easier and not challenging. Thank you for encouraging and caring enough to see him succeed.

Lucy Sasso

A vote for Villano

To the editor:

I am happy to see William Villano run as a candidate for the Board of Education. How nice to have a person whose only obligation is to the town in which he was born, raised, and educated.

For those people not familiar with Mr. Villano, he has been involved with the rent leveling and zoning boards for 12 years. His decisions have always benefited Belleville and its residents. While an independent thinker, he is skilled in working with people of various opinions to hammer out differences.

The end result is to get everyone moving in the right direction for the betterment of our township.

Rocco Constantino

Plight of Zadrán family

To the editor:

Today, one must wonder, "When will common sense finally prevail?" When I read the March 18 edition of this area's daily newspaper regarding the plight of the Zadrán family, I was embarrassed for myself as well as for all other Belleville taxpayers.

True, this town has its share of problems with illegal students attending our public schools and the situation has to be resolved by removing the students, that's a "no-brainer."

However, here we have a situation so unique that common sense dictates that the only answer is to let the Zadrán children attend school in Belleville.

If all that has been written is true, the board cannot feel too good about treating this family as criminals by trying to make an example of them. With all of the legitimate violations, they should have "bigger fish to fry!"

As you probably know, this low-income family rents an apartment on the Belleville-Newark border, and since their lease says Belleville and their bills for electric, phone and cable, as well as their zip code, are all Belleville, they naturally assumed they were Belleville residents. They assumed that until the Belleville district sent them a letter advising that the city's boundary runs through their living room and that since their landlord pays taxes on their apartment to Newark, their children could no longer attend school in Belleville.

To add insult to injury, they are expected to pay the town \$35,466 for back tuition.

Up until now, it never seemed necessary, but maybe it might be a good idea for all tenants to find out where their landlord pays property taxes. Who knows, you too may one day come up against the Belleville Board of Education!

Answers To Frequently Asked Questions About Income Taxes

Provided by H&R Block

Question: I filed my 1995 income tax return on time. I forgot, however, to include income from a part-time job. What do I do now?

Answer: You will need to amend your 1995 income tax return. You may owe a little more tax, or you may get a small refund, depending on how much you earned and how much tax was withheld. Amend your return by filing Form 1040X. You can file an amended return for a variety of reasons. If, for example, you remember a deductible expense after your return has been filed, an amended return will correct the error and net you a refund. Generally, you have three years from the due date of your return to file an amended one.

Question: What records should I keep for income tax purposes?

Answer: Put your prior-year income tax returns and all the canceled checks and receipts that substantiate your deductions and credits in a safe place. Keep all records and receipts for any property you purchase or sell. Keep written records of all deductible mileage, including business or employment-related transportation, transportation to perform volunteer work, and trips to the doctor, dentist, pharmacy, or hospital. Depending on your individual tax situation, there may be other records you need to keep, as well. Your H&R Block tax return preparer will be happy to tell you what records apply in your particular situation.

Blood drive — fashion show

Two major events at Columbus Hospital

Columbus Hospital is sponsoring two major events during April.

In conjunction with the Blood Center of New Jersey, the hospital will hold a blood drive 9 a.m. to 4 p.m. April 3 in the hospital's auditorium.

Participants will receive a complimentary cholesterol test when they donate blood.

Giving blood is a simple and safe procedure which can help save many lives. There is no risk of contracting AIDS or any other blood-borne disease by donating blood.

The procedure, which includes a mini-physical, cholesterol testing and post donation snack, takes between 30 and 45 minutes. Within 24 hours, the donor's body replenishes its own blood.

Donors must be at least 18 years of age, weigh at least 110 pounds and be in general good health.

There is no upper age limit for donors as long as they are in good health with no medical problems. After age 75, it would be advisable to check with a physician before giving blood.

Participants must bring their Social Security number and any form of identification with a signature.

For more information or to register for the blood drive, call 268-1467.

April 29, the Women's Auxiliary will sponsor a dinner/fashion show, 6:30 p.m. at Mayfair Farms, West Orange. Tickets are \$40.

The annual event, "Spring Fantasy," features designs by Debra Van Horn, a New York designer. A sit-down dinner, fashion show and opportunity for awards will be included in this major fundraiser.

"The dinner/fashion show is an event that everyone looks forward to every year. It gives people an opportunity to socialize and to win fabulous prizes, while helping the hospital," said Louise Stefanelli, auxiliary president.

"We are very proud of this event. It raises a great deal of money to benefit the hospital's ongoing renovation and modernization project," she added.

"The Women's Auxiliary pledged \$350,000 in 1996 towards renovation efforts, which it plans to realize in three years. This event will put us one step closer to achieving that goal," Stefanelli concluded.

For more information or for reservations, call 268-1409 or 268-1473.

HOROSCOPES

March 30-April 5

ARIES — March 21/April 20

Spring has given you the urge to clean house when it comes to work. However, don't let your temper get the best of you this week. Remain calm, and think about what's best for your future before making any rash decisions. Seek advice from a close friend or relative if you're not sure of what to do.

TAURUS — April 21/May 21

Don't go against your nature this week. A loved one helps you realize what you want when it comes to your personal life. So, go out and get it. Don't let others stand in your way. However, when it comes to work, it's best to hold back your opinions until you know the whole story.

GEMINI — May 22/June 21

Your ability to think fast on your feet will come in handy during a social outing this week. Don't let a surprise throw you off guard. Work will keep you busy during the beginning of the week, so you must focus on the task at hand. Your efforts won't go unnoticed. A bonus is on the way.

CANCER — June 22/July 22

A family situation will put you to the test this week. Don't let your emotions get the best of you. Stay strong, and use your sense of humor to keep loved ones calm. You'll be riding high when it comes to romance. An evening with a good friend will turn out to be much more.

LEO — July 23/August 23

Your pride may get you into trouble with a co-worker this week. Don't make the situation worse by trying to take control. In your personal life, romantic efforts finally will pay off. That special someone will show you that he or she really cares. Don't rush in too fast. Take your time.

VIRGO — Aug 24/Sept 22

You'll have to fight your fear of crowds this week as a meeting at work puts you in the spotlight. Your organization and perfectionism will pull you through with flying colors — and a lot of praise. Don't be too hard on yourself after a fight with a loved one.

LIBRA — Sept 23/Oct 23

Your ability to be a good listener will be needed this week as a close friend goes through a rough time. Your pleasant nature will help get him or her back on track. Don't let a quarrel with your special someone get you down. Your good nature will bring him or her around and make everything OK.

SCORPIO — Oct 24/Nov 22

Your determination puts you in line for top honors in the workplace. The higher-ups finally recognize all the time and effort you put in. Don't be shy when it comes to romance this week. Even though it's against your nature, let your feelings be known. They'll be reciprocated.

SAGITTARIUS — Nov 23/Dec 21

Your happy, gregarious nature will be challenged this week as loved ones share a family secret. The news may come as a surprise, but don't let your temper flare. Take it in stride. Your optimism pays off when it comes to romance. That special someone finally will make a move.

CAPRICORN — Dec 22/Jan 20

Now is your chance to get ahead at work. Your boss offers you the opportunity to take a commanding role in the company, and you're up to the challenge. Don't let your stubborn side take control when it comes to friends. You're sure to have a good time, even though you didn't make the plans.

AQUARIUS — Jan 21/Feb 18

Your sense of realism does well for you in all areas of your life this week. You won't overreact to a surprise at work, making you a pillar of strength for your co-workers. As for your love life, it's time to take the next step in a relationship. Think about it.

PISCES — Feb 19/March 20

Your wisdom will draw your supervisor to you for advice during the beginning of the week. Even though he or she respects your opinion, you must remember that you still are the employee. Your satiric nature wins praise from your loved ones and attracts new friends.

'City of Industry' is too foggy

By Kelly Tahaney

Rating: **1/2

"City of Industry" starts off well but ends up being a wantabe brother of "Pulp Fiction."

Harvey Keitel highlights this L.A. vehicle playing the older brother to a small-time thief, Timothy Hutton.

If these two are brothers, "The English Patient" deserves nine Oscars.

Director John Irvin attempts to make "Industry" into a film noir/hip action flick.

It has the two brothers reuniting in order to pull off a multimillion-dollar diamond heist in Palm Springs, CA.

Steven Dorff plays the young hotshot who is supplying the fire-

power for the job.

Dorff plays a good thug with a lot of jewels.

One unrealistic scene involves a solo Dorff buying guns from five armed gang members who are not only scared of him but they end up going to work for him. For FREE!

Wade Dominguez rounds out the group.

He's married to James Bond's "Goldfinger" villainess, Famke Janssen.

Janssen and Keitel strike up the best chemistry in the film but their relationship doesn't build enough to satisfy most viewers.

That's was the main problem with "Industry" because it went off in two many directions and lost focus.

This film is now playing in selected theaters.

Grover's Mill to perform tomorrow in Montclair

Grover's Mill, a bluegrass and country music group fronted by Bloomfield resident Carol Beaugard, will appear tomorrow, March 28, from 9 p.m. to 11 p.m. at the Collage II Coffee House, 399 Bloomfield Ave., Montclair.

In addition to Beaugard on

vocals and guitar, the group includes Mike Levine on dobro, Buddy Woodward on vocals and banjo, and Dave Rimelis on fiddle and mandolin.

Cover charge for the performance is \$3. Call 655-9090 for more information.

Four Bucs on quad-town mat team Conte again honored as Wrestler of the Year

Anthony Conte of Belleville High School has repeated as Wrestler of the Year and Glen High School's Dirk Phillips has been named Coach of the Year on this year's Orechio Publications quad-town all-star wrestling team.

The team, chosen according to weight class, is comprised of talented wrestlers from high schools covered by The Nutley Sun, Belleville Times, Bloomfield Life and Glen Ridge Voice.

Bloomfield, which won team titles at the District 14 and Region 4 tournaments, has placed five wrestlers on the team --- Rami Ratel, Joe Immersi, Domenic DiSiena, T.J. Francisco and Joe Materia.

Conte leads a four-man contingent from Belleville that includes brothers Frank and Chris Zarro and Joe Spina. Nutley's Nick Bellucci, Lou Montes and Rich Stellato and Glen Ridge's John Csuka and Joel Armstrong round out the squad.

John Csuka

Csuka became the first freshman in Glen Ridge history to win a district title when he overpowered West Orange's Chris Carsillo 7-0 in the District 14 finals on March 1.

Runner-up in the Essex County Tournament at 103 pounds, he finished the season with a flourish to end the campaign with a 21-4 record.

Anthony Conte

Conte's 32-2 campaign this winter gave him a gaudy 92-6 career record, with another season ahead.

ner-up at 112 pounds this season after being state champ at 103 a year ago, easily dispatched his foes as he cruised to the Minuteman Classic, county tournament, District 14 and Region 4 titles.

Rami Ratel

Ratel became Bloomfield's all-time leader in victories with 102 and tied the school mark with 57 career pins, while placing fourth in the state at 119 pounds this season.

En route to a 34-3 record in his senior season, he captured county tourney, District 14 and Region 4 crowns, plus titles at the Dover and Bloomfield invitational tourneys.

Nick Bellucci

This season the gritty Bellucci, a quad-town team repeater, became Nutley's all-time winningest grappler with 89 career wins.

The 125-pound senior repeated as the District 14 titlist, was the Region 4 runner-up, then captured one bout each in the super-regions and in the first round of the state tourney wrestlebacks.

Zanfini returns as assistant baseball coach

By Mike Lamberti

While looking to the future, the 1997 Buccaneer baseball team has taken a page from the past.

The team has brought back George Zanfini as an assistant coach to head man Chuck Martin. Zanfini was the head coach of the Belleville High School baseball program from 1975-1982 and again in 1987. He guided the '81 team to the Greater Newark Tournament championship team and finished his head coaching career with a winning percentage over .700.

Martin, beginning his fourth season as Buc coach, is glad to have Zanfini on the sideline.

"He's been a big help to me," the coach said. "He knows the game and has provided a great deal of stability on the coaching staff. It's been a great pre-season for our team."

The Bucs will open the 1997 season next Thursday, at Essex Catholic.

Martin has reason for optimism this fall after a less than spectacular

season in 1996. In Martin's first two seasons, he guided the Bucs to winning records and appearances deep into the Greater Newark Tournament. The '95 team made it to the GNT finals, losing a 1-0 decision to Columbia.

The '95 team was a senior oriented one, thus in 1996 a young Buccaneer team struggled against a strong NNJIL Pacific Division schedule.

This year, the Bucs have a relatively young team, but one with experience. While Martin will knock wood when he says this, his team has some depth in the pitching category.

"We actually have an abundance of pitching this year," Martin said. "I think we can go five deep in the rotation. We don't have a lot of depth, especially on the left side of the infield. We have some kids that can play, but we need to develop some back up players."

Junior Greg Sheridan should start at shortstop. A second baseman last year, Sheridan has looked

very smooth at short.

"He is playing well," Martin said of Sheridan. "At the plate, he'll be our number three hitter. He was probably our best hitter last year."

Dan Rispoli, another junior, will start at third base. Rispoli and Sheridan give the Bucs a solid left side of the infield.

Dan Rafferty and Ricky Roberto are vying for the second base position and first base is being contested by Lou Scanzillo, Ricci Bello and Tom Dyer.

Behind the plate, Lou Pallante, Tom Barbello and Dan Russomano have done a good job. Pallante, a senior, appears to have the edge right now.

In the outfield, Justin Mohren should start in the center field and will be the anchor of the outfield. Other candidates to flank him include Dyer, Jason Alfano and Rich DeFalco.

"Alfano has been a big surprise for us," Martin said of the junior. "He's stepped in and has played well in the pre season."

He went from third place to the runner-up slot at the counties, while going from second place to the championship at the districts.

T.J. Francisco

Francisco's fine 26-8 record for Bloomfield might have been even better, had he not faced eventual 171-pound state champion Israel Cronk of Montclair four times.

After winning the Bloomfield Holiday Tournament crown, Francisco was runner-up in the county tourney, District 14 and Region 4 -- each time losing to the state champ in the finals.

Chris Zarro

A repeater from last year's quad-town team, Zarro wrestled at both 171 and 189 pounds, participating in some memorable battles with Bloomfield's T.J. Francisco.

The Belleville senior won a Minuteman Classic crown, placed third in both District 14 and Region 4, and advanced to the super-regionals this winter.

Joe Spina

Another quad-town repeater from Belleville, 215-pounder Spina was a third-place finisher in District 14 who advanced to the Region 4 tournament.

He provided steady performances in the upper weight classes, taking victories down the stretch in the regular season that clinched a winning season for the Bucs.

Joe Materia

Materia, a quad-town team repeater from last year, captured third place at the county tournament and runner-up honors in District 14.

Using his 275 pounds to good advantage, the Bloomfield senior compiled a 14-12 record in his final high school season.

Coach Dirk Phillips

Phillips, in his fourth year at the Glen Ridge helm, saw his grapplers make a great turnaround this winter, as the Ridgers improved from 4-10 a year ago to 9-4 this season.

Glen Ridge was the most dominant small school in Essex County, outscored only by larger schools while it finished in the middle of the pack at both the District 13 and county tourneys.

On the mound, Ed Pagan and Bello should be the aces of the staff. Rispoli, Sheridan, Marc Lawrence and Mohren are also doing well in the pre season.

Lawrence a talented hurler, has been hampered by a back injury but is hopeful for the season opener next week.

"The weather has been good and it's been a plus to be outside, instead of being in the gym," Martin said. "We've been able to look at a lot of kids and make some decisions. I'm happy with the way the kids have been playing. At this stage, the defense is ahead of the offense, but that's not unusual."

"We just have to get the bats going, and that happens when the weather gets warmer."

NOTES: The Bucs trimmed the varsity and junior varsity roster down to 28. The team has scrimmaged Essex Catholic and Manchester so far and will get ready for the regular season opener with practice the next week.

Rotary Club Golf Classic

The Belleville, Nutley and Bloomfield Rotary Clubs will hold their annual Golf Classic on Wednesday, April 23, at Farmstead Golf and Country Club in Andover.

A 1:30 p.m. shotgun start is planned.

Money raised from the event will be given to charities and causes of each club's choosing.

"In order to make this event a success and enable us to reach our goal, we are seeking support and participation from individuals, groups and businesses in the form of golfers and sponsors," Robert Schoeber, co-chairman of the event, said.

A golfer's \$80 donation includes green fees, a cart, prizes, lunch and a dinner buffet. For a \$100 donation, sponsors will have a sign placed by the hole or tee and receive recognition in the program.

The monies raised from last year's outing were used to refurbish a cabin that the Nutley Rotary

sponsors at Camp Merry Heart in Hackettstown, a camp for handicapped individuals. The improvements made the cabin more accessible for the participants.

Funds raised by the Nutley Rotary Club from this year's event will be used to assist the Nutley senior citizens and/or handicapped individuals from the township. The Rotary plans to make contributions in areas such as transportation, wheelchairs and ramps.

"Nutley has numerous senior citizens and handicapped that need assistance, and it will be Rotary's goal to help alleviate their burden," Schoeber said.

Interested parties are asked to respond as soon as possible. Checks should be made payable to the Nutley Rotary Club and sent to Schoeber c/o Realty Title Agency Inc. of New Jersey, 234 Franklin Ave., Nutley, New Jersey 07110. For more information, call Schoeber at 661-2700.

Strong turn out for '97 softball team

By Mike Lamberti

Enjoying one of their best turnouts in a number of years, the Lady Buc softball team looks toward 1997 with a great deal of hope.

Carl Corino, entering his 17th season as head coach with well over 300 wins, is hopeful his team can rebound from what was a disappointing, for them, season in 1996.

The team was 16-13 last year, with inconsistency their biggest fault.

"We could have played better last year," Corino admitted. "I think the team learned from that. We only lost one senior from last years team and over 68 kids came out for the program this year, so there will be some competition for positions."

The team will open its '97 campaign next Wednesday with a home game against Queen of Peace, beginning at 4 p.m. Once again, the team will play its home games at Clearmon Field.

Next Saturday, April 5, the team will host Caldwell in an 11 a.m. start.

Senior Joelle DellaVolpe should start at third base and another senior, Kim Mahoney, will probably return to center field after playing short stop last year. Mahoney is one of the best center fielders the Lady Bucs have had in years. You can compare Mahoney to the very talented Colleen Mannion, who played center field for the Lady Bucs in 1993 and was a stalwart defensively.

Senior Jessica Rotino is a candidate for first base, outfield or designated hitter. Another senior, Sue Donnelly, could play either first base or the outfield.

Chrissie Crescenzi, a junior,

returns as the starting pitcher and junior Gennifer Piscatowski will probably be the starting pitcher.

Nikki Lopreato has been working at second base and the outfield and Jackie Cruise is a candidate for the second baseman's job.

Deana Elhew is a utility player and Amanda Robbins will be the back up catcher.

Other utility players include Melissa Brodo, Marissa Rotino and Vinci Donatiello.

Sophomores who should play J.V. but could move into varsity roles include Dara Bocchino, Laura Francis, Angela Marino, Lisa Riccardi, Nicole Russell, Gina Santangelo, Jennifer Stone, Kristyn Trainor, Jennifer Wilson and Jessica Giordano.

There are some talented freshmen who could also see varsity time. They include Janelle Romano, Alicia Zagami, Nicole Andreola, Jennifer Constantino, Dana Lopreato and Jessica Palumbo.

"I'll tell you what," said Corino. "There are some kids there that have a lot of potential. It makes for good competition. I'm real pleased with the young players."

NOTES: Corino noted that not only is the NNJL Pacific Division solid, but the independent schedule is no picnic, either.

"We play Livingston, West Essex, Montclair, Westfield and Caldwell," the coach said. "Montclair won its sectional title and those other teams are always good."

"In our league, Paramus is a state champ, Hackensack is very talented and Nutley has everyone back. Paramus Catholic will be very good once again. It will be a tough schedule, but we're used to it."

Scholar-athletes to be honored

The Essex County Chapter of the National Football Foundation and Hall of Fame's 32nd annual scholar-athlete awards dinner will be held Thursday, April 3, at 6:30 p.m. at Mayfair Farms in West Orange.

Twenty-eight Essex County high school football scholar-athletes, chosen by their respective schools on the basis of academic achievements as well as outstanding leadership, character and citizenship, will be honored.

Also being honored will be Robert Del Tufo, former New Jersey attorney general, who will be the recipient of the Distinguished American Award; Joseph DiVincenzo, president of the Essex County Board of Freeholders, who will be the recipient of the Contribution to Amateur Football Award; Allen "Jake" Jacobson, former Livingston High

School coach, who will receive the Distinguished Coaches Award, and football official Jerry Belmonte, who will receive the High School Football Official Award.

Tickets are \$35 per person. For tickets or more information, call Peter Horn, president of the Essex County chapter of the National Football Foundation and Hall of Fame, or Gini Sarno at 731-4300.

HINTS FOR HOMEOWNERS

What You Don't Know Might Hurt You

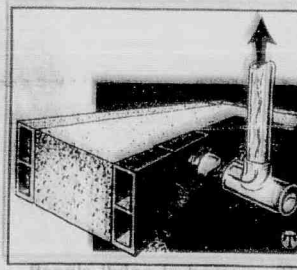

(NAPS)—A strong foundation for your house can prove to be a solid foundation for happiness. That's in part because a foundation can be vital to your home's safety and stability.

Safety starts with your home's footing. The footing is a concrete channel outlining the basement perimeter. It's the first part of the foundation.

Now contractors have a new way to build the footing, with water drainage and radon gas in mind. A new building tool does a superior job of diverting water and removing radon. CertainTeed's Form-A-Drain is essentially a rectangular pipe that takes in water and gas from the ground around the base of a home, then removes it from the area.

It works like this: Form-A-Drain is placed down as a form for the footing. Then, unlike wood, it is left in place after the concrete is poured to function as a drainage system. Then when water enters the system, outlets allow it to flow a safe distance away from the structure. Or, an outlet can funnel water towards a sump pit built into the basement floor, from where it is removed by a sump pump. Either way, you reduce the chances of flooding.

In addition, builders can attach a vertical pipe to an outlet. When the home is complete, radon gas can pass safely through the pipe and out of the structure.

People living in homes with this new foundation system may be better protected from poisonous radon gas.

Form-A-Drain is said to have several distinct advantages over more traditional construction methods, including:

- Light weight,
- Easy installation,
- Precision, and
- Rigidity.

Homes built without water and radon protection can have water and gas seep up through the basement floor, doing damage you can't see at first. What you can't see can still hurt you and your home.

Those who have used the system say it can save significantly on work time and manpower, as well as saving on the cost of lumber.

For more information, call 1-800-274-8530 extension 6950, or write: CertainTeed Corporation, Pipe and Plastics Group, P.O. Box 860, 750 East Swedesford Road, Valley Forge, PA 19482.
