'Inspected twice a year by DMV'

Buses are called safe

By Howard Klausner

The School District's 14 school buses, ranging in age from 10 to five years, are safe, District Business Manager Edward Appleton told the Board of Education, Monday.

He spoke in response to a query from Board of Education member Louis Pallante, who raised the question of bus safety after reading press reports of massive failures to pass safety standards by several school districts.

"Our buses are inspected twice a year, in February and August, by the Division of Motor Vehicles," Appleton said.

"If any defects are found, we correct them, and we send the bus back for inspection. They are safe," Appleton said.

He said that inspections by State Police virtually guaranteed to find defects.

'Some of the safety problems they found were inexcusable," Appleton said. "But if you intend to find the most minor of errors - a screw not turned to the final torque a bulb out, you will be sure to find them.

Appleton credited the servicing of the buses at low cost to Steve Ferrara, teacher of shop and mechanics at Belleville High

"Steve works on the buses on his own time, after school hours, and he does so at great savings to

the Board," Appleton said.

The Business Manager said that the older the bus, the more likely there were to be some minor problems to be repaired.

Appleton said he would give Pallante a copy of the methods and standards used by the District to maintain the buses

In other business, the Board heard Superintendent of Schools Michael Lally introduce a new method of measuring student achievement.

Bonnie Grant, a representative of McGraw-Hill Publishers, said the new system will be in accord

with current state standards, and would be easier for students to understand

She showed sample test papers, which she compared with current test papers. The new program, which is now being introduced to the teaching staff, provides a better measure of achievement than current systems, according to Ms. Grant

The Board members raised questions about the short term effect on student grades, as they became used to the new system.

"It will take some time," Lally

Community meeting

By Howard Klausner

Partly in response to a perception that crime has increased in the Valley section, and partly in hope of winning a multi-million dollar grant, Belleville officials and the Police Department are scheduling a community meeting at School 9 at 7:30 p.m. on Friday, Oct. 2.

The topic of the meeting will be the possible Police Community Grant to establish a police sub-station in the neighborhood.

The Police Department has indicated that the sub-station would be established in - or near - School 9.

If funding is provided, the school building would become a community center where youngsters could go after school hours

The success of the mobile precinct station in Silver Lake has been a factor in the proposal for a sub-station in the Valley.

The police presence in Silver Lake has deterred crime and built community confidence, officials have stated.

Police Captain Frank Manno, who heads the Silver Lake station, said that crimes ranging from burglary to graffiti have declined since the opening of the station earlier this year

Belleville is competing with many other communities for the grant. The Board of Education has endorsed the proposal

Police charge man with rape of his niece, 16

By Howard Klausner

Police have arrested Juan Carlos Diaz, 29, of 182 Passaic Ave., on the charge of forcible rape, on the complaint of his niece, 16.

The incident allegedly occurred in the family apartment on the second floor of the building, at 5 a.m. on Sept. 7

The arrest was made following an investigation of the charge by police. Detectives Michael Giuliano and Robert Capece, and Sergeant Anthony Romandetto responded to the initial call, which came from the victim's father.

According to the police, the victim's father said that the girl planned to run away from home with her uncle.

The girl's sister, 18, said that there was an all night drinking party in the apartment on the night of Sept. 6, and that the girls drank with Mr. Diaz. The attack followed, the sister said.

Mr. Diaz is being held awaiting the outcome of a continuing investigation into the alleged incident.

On Sept. 15, Police Officers Joseph Bagonis and James Sochaski arrested Robert Cantillo, 58, in his apartment at 56 Van Houten Ave.

Police reported finding 372 vials with residues of narcotics in his apartment, along with an array of drug paraphenalia.

Police were brought to the apartment by a call from bounty hunters under the name of the U.S.

Tactical Fugitive Recovery Unit, who said they were looking for a Tamara Coleman, who reportedly frequented the address.

At the scene were Captain John Maillot and Police Officer Frank Parillo, who had responded to the call from the bounty hunters. Miss Coleman was not found.

More than 20 individuals were arrested in one week's time, most of them found to be driving after taking drugs.

The arrests were credited to a special DWI squad that has been patrolling Route 21, Washington Avenue, Main Street and Mill Street. The bulk of those arrested are from out-of-town

Arthur Sutphen is one of that doughty breed who are bom and bred in Belleville. He is also living testimony to the vagaries of the Belleville economy, having served 17 years with Wallace & Tlernan until that company began downsizing. "I started as a worker in the shop, and then I became a technician." He now devotes his efforts to keeping companies in New Jersey operating through his job at New Jersey Institute of Technology. There, he teaches manufacturing techniques to engineering students. He and his students tackle problem-solving jobs for area firms which do not have the computer resources of NJIT. "I'm surprised at how many thriving small shops there are in Newark, some of them just a few blocks away from the school. You think you see an empty building, from the front, and inside, it's flourishing, with brand new machinery of all kinds." He said the same thing could happen in Belleville, if the proper effort were made to attract small entrepreneurs. . . . Sutphen said he was at odds with the union at Wallace & Tiernan, because he argued that the contract the firm offered should have been accepted. (Foes said it would have dismantled the union.)Sutphen argues that the company offered to pump several million dollars into modernizing the plant, but this was prevented by the rejection of the company offer. (Township officials say the British firm which bought the company was looking for a cheaper labor market, and would have left anyway for Vineland, where the operations are now located.) . . · · Sutphen says the firm would have had to stay in Belleville if it actually lived up to its promise of putting nearly \$10 million into the plant. "It's a highly competitive market out there, and the firm had to stay competitive to survive." Whatever the case with Wallace & Tiernan - which pioneered in water purification systems - Sutphen sees hope for other firms in the area. He said NJIT sends field agents out to contact area firms looking for assistance, and that a data base is being created that will be helpful to all local firms. The students who work with Sutphen to solve the problems brought to NJIT are paid a snappy \$6 to \$8 an hour, which is probably a good introduction to the realities of the job market. Sutphen says that brainpower is the answer to New Jersey's industrial problems - backed up by some powerful computers. • • • • Mr. Sutphen is married to another proud native of Belleville, the former Dawn Marion, whose late father, Joseph Marion, was a retired Police Officer. At that place and point in time, Mr. Sutphen reports, a New Jersey Transit bus scraped the right side of his car to the tune of \$2,700 in damage, and just kept going. He went in pursuit of the bus and obtained its license number. Police questioned the driver, who said nothing of the sort had happened. So Mr. Sutphen needs eyewitnesses to the event to support his claim. Otherwise, the repairs come out of his own insurance policy, with deductibles. Fifth Ward Councilman Harry Zilch says that incidents of police brutality are never nice. "The problem is that you have to take a test to be a policeman, and you still have an occasional klunk get in. You don' have to take a test to be a member of a minority, so you can imagine how many klunks get in. And when one klunk meets another, disaster results!" · · · Zilch's political supporters, The Kool Kukumber Boys, are trying to test the the candidates for Governor on their knowledge of Official Jersey, which the Boys urge as the national language. Our Copy Cat, Baldassaro DiVincenzo Mitten, reports a growing number of new faces in the Public Safety Building, where a number of municipal offices are now located. "People come into the first floor, look for an elevator to the third floor to pay a tax bill, and then become hopelessly lost. Their families are starting to paste their pictures on milk bottles."

YOUR OPINION

Ghost in the courtroom?

To the editor:

Yo, Howard, enough of this "copy cat," Baldassaro DiVincenzo Mitten checking out the cement in the brickwork of the municipal building. Let's get him out doing something useful or turn him into a barn car so he'd be jumping from beam to beam so as to avoid having his tail stepped on by ye cows and horses.

Nah, send him to the courtroom some Wednesday morning and give him a turn at finding the ghosts that lurk there.

What ghosts, you say? So might I, some days ago, and but for that municipal faux pas you noted earlier this summer; specifically, the one where the car owners returned to the St. Peter's parking lot to find their vehicles ticketed for being on private property.

No kidding. For blocks around, residents have been parking their cars there Sunday nights so street sweepers could whip through on Monday mornings. Ah, but not now, Howard, not now. What then could they do with their cars? Surely, if this were Baghdad, or someplace akin to that, some imam would come our and say something like, "So you say, Boopsie, you have no place to put your car while the town sweeps the streets. No problem, suppose I levitate the cars along the street so they are in the air while the sweeper goes by underneath.

"Or, why not like a good neighbor accommodate nearby residents for one eight- or ten-hour period during the week?" Why not indeed?

But enough of this chit-chat, Howard, I digress. Back to the ghosts.

I was, after some hours, called into the anteroom off the courtroom to discuss my grave transgression with ye prosecutor Karen Smith, and after explaining to her that I had been parking there Sunday nights for nigh-on to 10 years and that, lo, many other neighbors did the same thing, she informed me, tah-tah, that this was still private property and that if a person speeds all the time until he is finally caught, he is still speeding and subject to the law.

The upshot of all this was that I had to agree to pay \$17 for a fine and court costs or plead not guilty and come back another time. Some choice, that,

Anyway, when the issue did come before Judge Frank Zinna, he asked about the witness - presumable the one testifying against me - and Ms. Smith said that when I entered the guilty plea, she sent the witness home. And that's the problem, Howard, there was not witness in that room - none. So, as I say, a ghost for your cat to sniff out.

It could be worse, I suppose. We have it on the authority of the Middle Age poet Francois Villon that thieves in Paris during the 16th century were hanged withing sight of Notre Dame and left on the gibbet for the birds to peck at. Who testified against

Anyway, Howard, my neck is beginning to itch, so I had better sign off.

Marching **Band shines**

To the editor:

This past Friday evening at Belleville Municipal Stadium, we were treated at half-time during the BHS football season opener with performances by two great marching bands: the 148-plus member Scotch Plains band entertained the large home audience with a medley of Gershwin tunes, then quickly left the field for the Belleville High School Marching Band.

The Marching Buccaneers thrilled the crowd with their rendition of music from the classic Godfather films. The beautifully arranged score ran the gamut of emotions from sadness and hatred to love and joy.

As I watched our band perform, I noticed at one point during the show, several young people in the stands dancing a tarantella (a traditional ethnic dance) while others clapped along with the beat of the music. It made me feel proud to see a group of this size (about 60 members) outperform a band more than twice the size.

I personally wish to thank band director Mr. Fabio and his talented staff for staging a wonderful show, as well as the dedicated members of the Belleville Music Parents Association who helped create the beautiful flags and uniforms for the color guard. Thanks also to Mr. Fiscella and the district's maintenance staff for their valued help.

The Sweetest Picture I Ever Saw 'Twas only by chance That I turned and saw at a glance Grandpa Dan holding little Katie high up to his face, Noting in his eyes such untold grace, While standing straight and tall.

And daddy Louis wrapping his arms around them all, Each caressing one another with such divine love. This bonding that I am sure comes straight from above, A blessing to be thankful for,

That the Lord chose to send directly to their door.

Workshop warns senior citizens of mail and telemarketing fraud By Elizabeth Moore, Star Ledger Staff

Even though Louis Johnson is a retired police officer, he was still prey to a phony telemarketer who talked him out of \$200 after telling Johnson he'd won a big sweepstakes prize.

"I sent \$200 in cash to Canada and tried calling to find that the number had already been disconnected," Johnson said. He spoke yesterday to senior citizens attending a fraud-prevention seminar and advised, "Be careful, take your time. Get information in writing. If it sounds too good to be true, it probably is,

Johnson was one of several panelists - including U.S. Attorney Faith Hochberg and Chief Postal Inspector Kenneth Hunter - advising senior citizens about how to avoid phone and mail fraud through a program sponsored by the American Association of Retired

"These felons will steal from anybody," Hochberg said. They're ruthless and shameless."

Nationally, there is a \$40 billion criminal business in fraud, she said. Susan Grant, director of the National Fraud Information Center, said the most popular scams in New Jersey are bogus prize offerings, loan offers, work-at-home schemes, magazine sales, disguised long-distance calls, unauthorized changing of phone service (called slamming) and travel fraud.

Hochberg told seniors to hang up on suspicious callers, be wary of strangers calling, ignore high pressure sales tactics and check out offers with a trusted friend before buying. If a person is defrauded, he or she should report it to authorities immediately.

Michael Bloom, a director at the Federal Trade Commission, said telemarketers must identify themselves right away, say they are calling to make a sale, and can legally call only between the hours of 8 a.m. and 9 p.m.

Happy birthday to Helen Burns.

On Nov. 2, the Concerned Citizens of Belleville organization will be running a bus ride to Atlantic City to raise funds for its scholarship fund. Lucy and Tony Larion are chairpersons of the event and you can make reservations by calling them at 759-5448. Make your reservations early.

To prevent an unauthorized towing of your vehicle, turn the front wheels left or right and set the emergency brake. Protect yourself at an automated teller machine (ATM). Avoid using an ATM after dark. Pick one that is well lit and visible from a populated area. Try to have another person with you. Look around when you arrive. If anything makes you suspicious, leave immediately and find another ATM. Have your ATM card ready when you get to the machine. Always protect your personal I.D. number (PIN) from the view of others. When you are finished at the ATM, get your receipt and card and leave quickly. Do not spend time counting money. If you think that someone is following you, drive to a police station or gas station and report it. The best way to prevent becoming a victim of a crime is to use a little common sense. Enough said.

Ann Torsiello, a Belleville senior, states, "I am a Belleville senior, a resident of Belleville for about 58 years and Belleville is getting bad for all homeowners. The taxes are going up every year and we seniors find it hard to pay our taxes. We like Belleville but can't afford to live here because of the high taxes. So, please, see what you can do to keep taxes down."

Effort to aid North Jersey small businesses impacted by NAFTA

The House Small Business Committee, the group charged with addressing issues affecting America's small businesses, this week accepted an amendment offered by Small Business committee member Congressman Bill Pascrell, D-8, to the bill which reauthorizes funding of the federal Small Business Administration

Since the inception of NAFTA

in 1993, North Jersey has lost more than 55,000 jobs. Passaic County, in particular has lost some 38,400 jobs, 34,500 of which have been in the manufacturing sector. The amendment, which adds no additional cost to the SBA reauthorization bill, directs the SBA to consolidate all existing programs which could help these small businesses into a single, manageable package.

A tribute to Belleville

It is with mixed emotions that I write you this letter to notify you of the cancellation of our subscription to the Belleville Times.

Belleville has been our home for the past 12 years, but my children have known no other. We moved here when Jonathan was 51 days old and Alison was still a year away from attending Wise Owl Nursery School. It is our town and always will be

The people of this town have become family and they should take pride in what they have, who they are, and how we feel about them. There amy be people who bash this town, but it is a nice place to call home.

We will miss School No. 10, Belleville High School, the Recreation Department, B.S.A. Soccer, Little League (sorry, Tony C.), the local merchants, Marian's aerobic class students, our friends, our neighbors, our town.

Anyone who knows my wife Marian knows they are losing a good friend, neighbor and town supporter. The children in town know they are losing a good teammate in my son Jonathan, and a kind, loving young woman in my daughter Alison.

Personally, I was trying to find closure by writing this letter, but I just realized that will not happen. Belleville is home, our hometown. We will proudly tell people we are from Belleville, New Jersey.

Do not cancel our subscription. I will forward our address in Hannibal, Mo., as soon as we close on the house. Fondly and with regrets I bid this town farewell. Jamie and Macho will always be in our prayers

Belleville taxpayers just received their tax bills with a 52 point increase in taxes, which equates to well over a \$2 million increase in the cost of running Belleville government in just one year. Now, that's either the result of incompetence, corruption, or just more political patronage as usual, and, as usual, the Belleville taxpayer gets the bill for it.

Here's a typical example. For many years the Community Mental Health Services, a non-profit organization, has been providing mental health services to Belleville taxpayers. The majority of that organization's funding comes from federal and state

sources and other charitable organizations. The Belleville taxpayers contribute \$40,000 annually toward these service. In return, during the calendar year 1996, 418 Belleville citizens received the following services:

- · 1,022 visits each month, or 12,264 client contacts during the year;
- 236 therapy sessions each week on average;
- 380 group patient sessions per year; and
- 48 training group sessions per month.

A visit or "contact hour" may vary from onequarter hour to one-and-a-half hours, depending on modality and client need. The number of contact hours provided in 1996 for medical groups was 9.857. The number of contact hours provided for individual therapy was 2,407 for 1996. A staff of 14 persons provided these services.

In addition to mental health care, services are also provided for domestic violence, child abuse, drug abuse, alcohol abuse, and juvenile referrals. Quite a lot of service to Belleville taxpayers who need it, for

If these services were to be provided by anything but a non-profit agency like Community Mental Health Service, it would cost the township of Belleville \$367,194 to duplicate the services. All seven council persons, the health department director, and town attorney received this figure and facts before March 31, 1997.

So why would our Belleville Township Council vote to to fund this \$40,000 subsidy? We don't

But, here's what we do know. Each township department was directed by the council to make all possible cuts in their respective budgets, after which we still had a 52-point tax increase.

Apparently, after being provided with some erroneous information by someone in the township health department, then Mayor Victor Canning sent a brief letter to Community Mental Health Services on his municipal council letterhead on March 4, 1997,

"Attached is a list of questions that must be answered. The answers will not only help create a statistical information base, but help future decisions on funding for the Community Mental Health. Thank you in advance for your cooperation."

Accompanying this short letter was a second page on Belleville Department of Health and Human Services letterhead (not municipal council) and it contained 20 questions calling for 27 separate

After she became pregnant, her husband told relatives, one of whom contacted school officials and social workers. The boy mother said he still loves the teacher but is doing fine as long as he is away from the situation.

Services indicate that, clearly by the content of the questions, they were drawn by someone with extensive clinical training, and further that the director has indicated that he did not draft the questions.

The relevancy of who did or did not provide the erroneous information that provoked Mayor Canning's letter and who drafted the 20 questions comes down to "motive."

Did someone in the Health Department do this as an alternative reaction to the council's request to cut their budget rather than possibly cut personnel who may or may not have a job due to political patronage?

Is someone trying to bring these services into the township budget where to \$40,000 current cost would be replaced by hiring 14 more political

patronage employees, with benefits, where the cost to the taxpayer will far exceed the \$367,194 street value of those services if provided by a profit-making organization?

Or does someone in our township government have connections with a profit-making organization to whom these services could be "steered" for a

To the editor:

In the Aug. 21 issue of the Belleville Times, an article titled "Imperial Guardsmen to Compete for the title" was printed. Apparently, the author of the article left out the members of our full color guard. The only people mentioned were the two captains, Chris Flor and myself, and the Honor Guard Captain, Amanda Porter. Naturally, our guard was very disappointed with this mistake.

I would like to take this chance to mention their names and thank them personally.

was not designed for efficiency. Belleville's past and present attempts to deliver efficient services with a council-manager form of government has been as efficient as delivering a pizza pie with a tractor trailer.

Dividing a small town like Belleville into four wards has been extremely divisive. Neighbors who had lived across the street from each other for years suddenly found themselves represented by two different officials.

The efficient council-manager government we were promised turned out to be a very expensive popularity contest. Consider the following face and calculate how costly this government has been.

In just six year, we have had 15 councilpersons. We held six elections, four were general elections, one was a recall election, and one was a special election. These elections have cost us hundreds of thousands of dollars. We endured through four town managers, each

We are also on our fourth director of public works. The present director was elected as a ward councilman, but after a year and a half he resigned and lo and behold, the very next day the town manager hired him. However, he did not possess the qualifications that our township administrative code required, so our very cooperative councilmembers changed the administrative code.

The council hired a director of planning, but his position was eliminated when his responsible planning conflicted with certain councilmembers' wishes.

We are on our second town attorney, and I lost track of how many assistant attorneys and special attorneys the town has employed. Legal fees and expenses have been almost triple the annual costs under the commission form of government.

The massive revolving door bureaucracy the council-manager government has created is destroying our property values. In seven years, our annual budget expenditures have increased \$10 million.

Junior Bucs have tough weekend

On a cold, rainy night in Livingston, the Belleville Junior Buc 'D' team lost 25-0 to the Lancers.

Livingston's overall team speed was the difference, as the home team scored 25 points midway through the sec-

Some defensive adjustments stopped Livingston at that point, but the Buc offense was not able to get on track.

Outstanding efforts for Belleville were turned in by Matt Fusco, Matt McLaughlin, Nick Ritacco, Rocco Cerami, Anthony Campisi and D.J. Forlenzo.

The team extended special thanks to the 'D' cheerleading squad, who braved the elements and lended their support.

'C' loses heartbreaker to Lodi

The Junior Buc 'C' team was defeated at home by Lodi last Sunday, 12-7 in the teams home opener.

The Bucs scored first on a 50 yard touchdown run by Joe Roberts. The Bucs added the extra point on a run by

Lodi cut the lead to 7-6 in the second quarter. The game remained that way until late in the fourth, when a Lodi defender stripped the ball from a Buc runner and ran 70 yards for the winning score.

Belleville received excellent efforts from Jon Flynn and Pete Velasquaz, both of whom started on the offensive line for the first time.

Other standouts included Jon Yochum, Droz, Joe Muraglia, Joe Pizzi, Henri DeFrance and Lou Ritacco. 7th and 8th grade Suburban Softball

Belleville defeated Bloomfield 5-2 in the final game to clinch a 13-0 record in Suburban League softball. **Kristen Wilson** threw a one hitter to highlight the win.

The game, played at Clearmon Field, saw Belleville take the lead in the first inning on a walk to Colleen Spano, a stolen base and a single from Wilson. Bloomfield tied the game in the third inning.

In the fourth, the Bengals went ahead 2-1, but Belleville came back in the last of the fourth. Christina Kirwin singled, Jolene Rocco walked and Alison Murphy walked to load the bases. Melanie Troise walked to force home the tying run and a sac fly from Jillian Pizzi scored Rocco with the go-ahead run.

In the fifth, a walk by Lisa Glassman, a catchers interference and Wilson's second RBI of the game made it 4-2 and in the sixth, a walk to Danielle Green was followed by a single by Annavil Siroy, a walk to Elisa Linfante and an RBI walk to Spano made the final score

Wilson had her best performance in the game, with only two balls hit out of the infield. She had nine strikeouts and walked three. During the season, her best outings were against Montclair, with seven strike outs, two walks and only one hit in five innings.

Against Verona, she fanned 13 batters and walked four in six innings. Belleville won that game 5-0.

In the last two seasons, the team posted a mark of 25-3. The girls finished in second place last season, and, of course, were a first place team this summer.

The team consisted of only three seventh graders, Gianna Lopreato, Siroy and Troise and ten eighth graders, Valerie Concepcion, Glassman, Green, Kirwin, Linfante, Murphy, Pizzi, Rocco, Spano and Wilson.

The team was coached by Bob Haug, Nancy Haug, Anthony DelGuercio and Laura Russo.

Congratulations to the team on a tremendous season.

Fall sports underway

The Belleville High School varsity sports are underway. The boys soccer team is off to another good start,

winning its first two games by a combined score of 10-0. Gino DePinto's team stopped Teaneck and Paramus Catholic last week. They have a tough week this week with games against Don Bosco, Emerson and Nutley.

The football team had a tough opening in Pat Dowling's debut as head coach. The Bucs lost to Scotch Plains, 34-0, losing, in essence on some big plays and missed tackles

The girls soccer team played well last week in a loss to powerful Montclair, 6-0. Head coach Carlos Follece was happy with his teams performance against the defending Essex County champions.

Good luck to all the teams in this weeks action.

Bucs fall 34-0, Paramus visits tomorrow night A shot of 'Scotch' in Dowling's debut

By Mike Lamberti

Maybe the 'half full', 'half empty' analogy applies here.

The Buccaneer football team lost its season opener last Friday night to Scotch Plains, 34-0 in Pat Dowling's first game as head coach.

While the score might indicate a blowout, there were some positive things for the inexperienced squad.

The Bucs will be home tomorrow night to face Paramus in its first NNJIL game of the season. For Paramus, it will be their season opener. Kickoff time is 7 p.m.

Last Friday, the Bucs were up against a team that was returning a majority of its players from last year. In 1996, the Bucs, then a senior oriented squad, won at Scotch Plains, 33-13. This year, the roles, as Dowling noted last week prior to the game, were reversed.

They had more experience and played with more confidence," Dowling said about Scotch Plains. 'There were five plays that basically decided this game. We made some key penalties and had a few turnovers. That was the difference."

The game turned toward Scotch Plains in the first quarter when Delmar Patterson fielded a punt and returned it 60 yards for a score.

Patterson's speed was clearly the difference on the play and that factor is something that the Bucs will have to contend with throughout the

'We don't have a lot of team speed," Dowling said. "So we have to tackle better, because we can't let teams get three or four shots at the end zone.

Before the end of the half, Scotch Plains would score two more touchdowns, including a 35 yard run by quarterback Eddie Williams. On Williams' run, he broke four tackles, including a few in his own backfield before finding

"We were in the right position," Dowling said of the play. "We just didn't wrap him up. We tackled poorly all night.'

A key personal foul penalty in the third quarter accounted for Scotch Plains' fourth touchdown, putting the game, in essence, out of reach, 27-0.

The Bucs did show some signs on offense, but couldn't sustain a drive. On their first play from scrimmage in the first quarter, they gained five yards, but a penalty a play later negated the gain.

Quarterback Greg Sheridan found John Farina with a long pass in the second quarter, setting up a possible score. Farina's catch on the

play was particularly noteworthy. He jumped high to pull down the ball and kept his feet in bounds.

But a play later, the Bucs lost the ball on a fumble

'Our passing game isn't clicking yet," Dowling said. "We missed some reads and our linemen missed some blocks.

"But I was happy with the improved play of our offensive line. I thought the kids played better than in the pre season.

Running back Chris Zarro gave Belleville a threat with his speed and strong open field running.

"Chris is a tough kid," Dowling said. "He showed some good things out there.

But most of all, it was a young Buccaneer team that, according to its coach, is still looking for leadership on the field.

You can see it on their faces," Dowling said. "This is big time varsity football and the kids didn't quite know how to step up. We have a lot of seniors, but most of them haven't played a lot and it takes time to develop that leader."

As for Paramus, the Bucs will be facing a good team.

"We saw them in their final

Almeida, Mennella lead Bucs to 2 wins Versus Teaneck, the Bucs took a

By Mike Lamberti

It's just two games, but the Buccaneer soccer team is off to a very impressive start.

Gino DePinto's squad posted shutout wins over NNJIL rivals Teaneck and Paramus Catholic by scores of 3-0 and 7-0 respectively.

Belleville faces a tough week this week. The Bucs battled Nutley last Tuesday and will host powerful Don Bosco this afternoon, at 4 p.m. at Clearmon Field. On Saturday, Emerson comes in for an 11 a.m. test and next Tuesday, St. Joe's of Montvale visits for a 4 p.m. game.

This is the week," DePinto vaid, referring to this weeks action. "There are no breaks. Nutley is tough, Don Bosco is the best team in our league, Emerson is solid and St. Joe's has one of the most improved teams in the league."

While the coach is looking toward this week, knowing that it will show how far his team has advanced, he was very happy with the fast start.

"We played well on defense in both games," Derimo said. I didn't think we played well, overall, against Teaneck, but we were much better against Paramus Catholic."

1-0 halftime lead on a goal by Vinnie Mennella, assisted by Dan Almeida. In the second half, the Bucs wrapped up the win with two goals from Almeida.

Bucs had won seven of first nine games in the series, from 1986-1994, including five straight from 1990-94. In four tries, Paramus has never beaten Belleville in Belleville

Worley's Wizards set for another season

'B' squad stuns Nutley on late score 24-19

The Junior Buc 'B' squad defeated Nutley 24-19 in an exciting game at Nutley.

The teams exchanged scores all game long, with Nutley holding a 19-18 lead with just 1:30 left in the fourth quarter

But Belleville took advantage of special teams when Anthony Cappaccio blocked a punt in the Nutley end zone and recovered it for the winning score.

Highlights of the game, in addi-

tion to Cappaccio's heroics, included Michael Barnes running for three touchdowns and rushing for over 100 yards

Barnes' effort was aided by the offensive line, led by Angelo Silletti, Tommy Rafferty, Joe Troise and Frank Cerza.

The win. Belleville's first of the season, evened the teams mark at 1-I heading into a home game last weekend against Lodi.

HOROSCOPES

Sept. 28-Oct. 4

ARIES - March 21/April 20 While it's difficult for you to be tact-ful sometimes. Aries, try to be just that early in the week. A delicate situation with a loved one calls for diplo-macy and thoughtfulness. Be careful of what you say, because you don't want to hurt anyone's feelings. You get a surprise during the weekend.

TAURUS - April 21/May 21 Don't be stubborn when it comes to romance this week. An old friend reenters your life and wants to get close. Take a risk, and enjoy your-self. A co-worker needs your help. Don't let him or her down. Cancer and Gemini play important roles later in the week.

GEMINI - May 22/June 21 Boredom overtakes you this week Gemini. You've got a lot to do, but you just don't feel like doing any of it. Take some time to relax and get motivated. A loved one wants to spend the day with you later in the week. Do it — you two haven't had any quality time in a while.

CANCER - June 22/July 22 Express yourself during the middle of the week. Don't keep all of your emotions bottled up inside; it only will stress you out. A friend asks you for advice. Give it freely, but cautiously. He or she is not ready to hear what you have to say. Treat yourself to something new during the week-end. Scorpio plays a key role.

LEO - July 23/August 23 Your playful nature wins you praise from an acquaintance, Leo. You

brighten his or her day and make yourself feel good, too. A problem at work gets you down at the end of the week. Try not to let it bother you, because it is not your fault. Loved ones try to cheer you up.

VIRGO – Aug 24/Sept 22
Be wary when a friend of a friend asks to borrow money. Think before you say yes. You've got a heavy workload this week, Virgo, so don't get distracted. Keep your shoulder to get distracted. You can get everything. the wheel, and you can get everything done on time. A close friend tells you a secret — keep it to yourself.

LIBRA - Sept 23/Oct 23
Bad news about a close relative gets you down. However, sulking about it won't remedy the situation. Give your family your full support. You meet an intriguing stranger later in the week. Don't be shy; make a move. You'll be surprised at how fast he or she will reciprocate Cancer and Taurus play key roles.

SCORPIO - Oct 24/Nov 22 Stay determined this week, Scorpio, even though it will be hard with so many people distracting you. If you set your priorities, you can accomplish everything on your agenda. A loved one brings a touchy family matter to your attention. Be supportive. Aquarius plays a role.

SAGITTARIUS - Nov 23/Dec 21 Your temper comes out early in the week when a grouchy stranger crosses your path. However, don't let him or her ruin your mood. Try to forget about the incident. Spend some time with loved ones. They care about you and want to be a part of your life. You get an important message later in the week.

CAPRICORN - Dec 22/Jan 20 Your shy nature comes out when you are at a large social gathering. Don't get nervous; just try to be yourself. A loved one has a question to ask you. Don't avoid it, because it's not as bad as you think. Aries plays an important role on Thursday. AQUARIUS - Jan 21/Feb 18

Be realistic this week, Aquarius. Your goals are a little too ambitious. You know your limitations; don't push yourself too hard. That special some-one wants to intensify your relationship. Think about your true feelings before getting too serious. It's time to look out for No. 1.

PISCES - Feb 19/March 20 You're on the go early in the week. There's a lot you want to get done, and you're determined to do it. Don't let a stubborn loved one stand bon t let a studoom loved one stand in your way. The person you've been dating stops calling. Don't get discouraged. There is a good reason for his or her actions. You'll find out soon. Sagittarius plays a role

Water, Water, Everywhere, It Doesn't Have To Happen

(NAPS)—Wading in water is refreshing fun but not in your laundry room, basement or bathroom. Faulty washing machine connectors can cause flooding and costly water damage. Fortunately, this can be prevented by using a reliable connector

Flooding and water damage can be avoided by using a reliable connector for your washing

One reliable connector, the Fluidmaster No BURST' Flexible Stainless Steel Connector offers peace of mind against costly water damage/flooding caused by weak or old connectors.

Braided stainless steel connectors are strong, yet flexible. Easy to handle, they take less than 15 minutes to install and no special tools are required. Superior flexibility means no kinking or creasing and an easy fit in tight spaces.

Captive cone washers seal tightly and won't fall out. Most importantly, the Fluidmaster NO-BURST connector features the highest bursting strength available.
