# Voters OK school budget - barely

BY RICHARD DICKON  
of Belleville Times

The zero increase school budget passed by a narrow margin of 65 votes, while two candidates heavily involved in the schools bested two other involved parents to win two, three-year terms as Board of Education trustees in Tuesday night's Belleville school elections.

With a recent low in the percentage of registered voters actually participating, the budget passed 739 to 676. Turnout was just 11.2 percent of all registered voters.

Joseph Longo garnered the most votes with 1,211, followed closely by running mate Bill Freda, with 1,119 votes. Ralph Vellon and Barbara Lozaw, running as a ticket, trailed with 670 and 753 votes.

Thanks in large part to a \$4 million increase in state aid, the budget keeps the tax levy at exactly the same level as last year. The

budget calls for all-day kindergarten, the addition of three physical education teachers, the restoration of an elementary school guidance counselor, and the inclusion of more bilingual education. Also included are new computers at the high school and middle school libraries, along with selected special education classroom computers, and the replacement of physical education lockers at the middle and high schools.

Longo called the large margin of victory "gratifying."

"It means the message got out about our accomplishments and our vision," Longo said. "Now comes the hard work, which means doing the right things."

Freda said the victory was "amazing," he was "elated and actually humbled, too."

"We appreciate the support of everyone who helped us out," Freda said. "Now we will roll up our sleeves and get right to work."

Lozaw said there may be a

"next time" for her to run.

"I'll see how things go," Lozaw said. "It's a shame some people didn't listen to the truth that was out there. But it's my first time."

Vellon echoed Lozaw's sentiment that this campaign was the beginning for the newly formed Coalition for Better Government (CBG), the organization under which the two ran.

"When I started this campaign, it was to generate interest in change, and I think we established that," Vellon said. "It was a good start for the first time, with our grassroots campaign running against the establishment. It was a difficult, uphill battle, but there was a lot of positive energy at the polls."

He said he will run again next year, and all four candidates said they were pleased that the budget passed.

Longo and Freda said they ran because they can bring strong leadership, determination, creativ-

ity, and hard work to address the challenges facing the schools.

Longo has resided in Belleville for 35 years. He has a son who graduated from BHS in 2005 and a daughter who graduated in 2007. He is employed as an account executive for Offset Impressions Inc.

Freda has lived in Belleville 12 years, has a daughter who graduated from Belleville High School in 2003 and a son who graduated in 2006. He is the vice president of Pershing Technology Group in Florham Park with an information technology background.

Villon said he will continue running for the school board because he says he wants to change the way that the board deals with concerned citizens.

Lozaw said she ran and may run again because she thinks the board needs members who are interested only in the students and not in personal gain.

## TIPS FOR KEEPING A HEALTHY BACK

Here are some good things to remember  
to keep your posture good and your  
spine and back in good shape.

- When walking, think about keeping your stomach in and your head upright. Relax your shoulders and don't force them back too much.
- At work, sit in a sturdy upright chair that gives good support to your lower back.
- Make sure the height of your computer allows you to look straight at it.
- Stand and stretch every 20 minutes or so to keep muscles from stiffening.
- When driving, make sure your back is up against the seat and well supported and that your knees are level with your hips.
- Never, ever try to lift anything beyond your strength, or lift and twist at the same time.

Talk with Dr. Pontoriero about the  
best ways to keep your back

# Belleville's fabled blossoms blooming once again

BY DAVID HINRICHS  
of Belleville Times

Branch Brook Park is coming alive again with the resurgence of the cherry blossom trees and this year the park has even more to offer than its scenery.

The park is located in Newark and neighboring Belleville, where access can be gained off Belleville Avenue.

Essex County Executive Joseph DiVincenzo, Jr. announced the reopening of the Essex County Cherry Blossom Welcome Center following an \$840,000 renovation that added many more trees and made the facility accessible year-round. "Tens of thousands of people from around the region visit Essex County Branch Brook Park every spring to enjoy the cherry

blossom trees when they are in bloom. We run our festival events from this building every year, so it was only natural to have this space transformed into a year-round attraction and resource that will raise awareness about our cherry blossoms and our distinction as the first county park system created in the United States," said DiVincenzo in a statement released last week. "We are committed to increasing the number of cherry blossom trees to ensure that Essex County Branch Brook Park has one of the largest and most diverse collections of Cherry Blossoms in the country."

The improvements to the Welcome Center are the first it has received since it opened in 1985. The foyer of the building was turned into an indoor garden fea-

turing an artistically created cherry blossom tree in the center. Murals have been placed on the walls and ceiling and new skylights allow additional sunlight to enter the room. Nutley resident Dr. Lori Ippolito also has a painting on display of the cherry blossoms that was donated. "It has been a pleasure working with Mr. DiVincenzo and accomplishing so many great things throughout the county. It is great to see all the improvements that have been implemented at the Welcome Center," said Assemblyman and Freeholder Vice President Ralph Caputo. "I think the public is going to be really impressed with what has been done here. This is really a great place."

The building also had several fundamental upgrades performed, including new heating, ventilation,

windows, doors and floors. The parking lot was also modernized and an open-air canopy was constructed over the bocce ball court to allow players to play through inclement weather. The improvements cost \$840,000 and were completed just in time for the parks 32nd annual festival.

In addition to the improvements, many new trees have been planted and more are coming. Over 200 were planted in 2006, approximately 1,000 were planted in 2007 and another 400 are being planted this year with the hopes of reaching over 5,000 total trees by 2010. "That park is like the lifeline of this neighborhood. Our town is known all over the country as the cherry blossom capital of the country. It is something that we are known for and this is where we

show it off," said Belleville resident Gregory Delanie. "I have been going to that park since I was a kid and the dedication that has been shown to preserve it is fantastic. Over thirty years later and the place is still getting constant improvement."

The Essex County Cherry Blossom Welcome Center will be open to the public starting this week. "This has been an important initiative to help preserve and strengthen one of our national treasures so future generations can enjoy them like we have. My goal is to make Essex County Branch Brook Park the premiere location for cherry blossoms and with more trees being planted everyday, this display will be even more inspiring and colorful to all who visit," said DiVincenzo.

## Belleville pizzeria tops in contest

BY RICHARD DICKON  
of Belleville Times

Determining who makes the best slice of pizza in Nutley and Belleville, as well as Lyndhurst, is not an exact science. What is certain, however, is that the proceeds from the 12th annual Pizza Tasting Contest held Sunday will benefit a Nutley student with a college scholarship.

The event, co-sponsored by the Nutley Jaycees and the League of Women Voters of the Nutley Area, worked together with special "tasters" and residents to crown winners in all three towns.

Sally Goodson, League of Women Voters treasurer, said there are no losers in this event.

"To me, they're all winners, because they're helping let a kid go to college," Goodson said.

This year's Nutley winner was Casa Turano Pizzeria and Restaurant. In Belleville, Three Guys from Italy took the prize. Lyndhurst's Turano Lyndhurst Pizzeria took top honors there.

A crowd similar in size and interest to last year mostly arrived early and stayed until the winners were announced, Goodson said.

The four pizza tasters included two Montclair State University students volunteering from the Food Management Department. Another taster was Dave Cambiotti, who owns the Tomato Pie Café in Landing and is a graduate of the Culinary Institute of America. The state Nutley Jaycees President Joel Loder was the fourth taster.

The four judges did blind taste tests of each of the pizzerias' products in each town, and ranked their taste on a scale of one to 10, with 10 being best. Any audience member could pay to vote for a winner in any or all of the three towns, but he or she would be disqualified if they attempted to vote twice in one town, Goodson said. The audience knew the identity of the pizza for which they were voting, she said.

"We really have a fair vote," Goodson said. "And by and large, the tasters sampling the pizza blindly and the residents tend to come to the same conclusions."

Jeanne Van Steen, league president, said it was nice that there were pizzerias participating this

JOHN MONTALVO/BELLEVILLE TIMES

year that had not previously.

"I'm very gratified that so many people are coming out to support the scholarship drive," she said.

The support of townspeople, from children to senior citizens, helps the event succeed each year, Goodson said. Still, the main reason for the event is to raise scholarship money.

The money raised for the Nutley Jaycee Scholarship Fund goes to presenting a scholarship to a graduating Nutley High School senior who is interested in pursuing a career in Special Education

or Recreation Therapy. The event also gives the pizzerias the opportunity to "show off" their pizza and perhaps attract new customers, Goodson said.

"The main reason for the challenge is to raise scholarship money in a fun way," she said.

The League of Women Voters was asked a few years ago to help tally the votes after allegations were made, but never proven, that a judge was being influenced by one of the pizzerias to vote in its favor. The so-called "Pizza Wars" made national news at the time.

## IN OUR VIEW

# Good idea to consider for senior housing problem

Too many Belleville seniors are being forced to leave the community they have lived in for decades because of high taxes. Meanwhile, efforts to get federally subsidized housing in the township – something found in nearly every other New Jersey town and city – have floundered. Over the course of the last 20 years, council after council has failed to partner with one of the non-profit groups that routinely help towns get low-cost housing.

And in any event, even heavily subsidized housing would not be a perfect solution to the problem of Belleville's affordable housing problem. If federal HUD (Housing and Urban Development) money were to be used, then by law the housing would have to be made available to people within Belleville as well as neighboring communities. At such a facility, a Belleville appli-

cant for an affordable housing unit could theoretically lose out to someone from Bloomfield, or Nutley, say.

A candidate for township council, Vincent Frantantoni, has proposed a novel solution to this problem: create a Belleville housing authority. Under this plan, Belleville would issue its own bonds for construction and maintenance of a facility, and the bonds would be paid back with the rent the unit renters would pay. This way, the housing could be restricted to Belleville residents only. In the unlikely event that there were too few takers for the units, the housing could be made available to people outside the community.

There are some concerns with this approach. First, can Belleville afford it? The numbers must be crunched to ensure that affordable rent – perhaps done on a sliding scale – is sufficient to meet expenses, which will

include an addition to Belleville's payroll (and the town cannot easily afford to add new employees).

Second, an equitable system for ensuring that only those deserving of a unit gets one must be in place. In other cities, there have been problems with people who really don't qualify as "low-income" getting affordable housing through an inside connection, not because they were deserving. A system in which favoritism does not play a role must be used to determine who gets these units.

Still, it is an approach worth considering. Belleville could consult with other New Jersey communities that have housing authorities and learn what is required to create a fair, equitable one here. Such a system may be the answer to a lot of local prayers.

### Budget numbers don't add up

#### TO THE EDITOR:

Upon reading your front page article in the March 27, 2008 edition of The Belleville Times, I was saddened to learn that longtime Belleville resident, Mario Pettineo, is yet another senior citizen who has been forced to leave Belleville because of its oppressive taxes. Mario is one of the good guys. He, along with a small group of senior citizens, reads to the children at School # 3 once a week, every week during the school year. It is really sad when you have to read something like this. Your headline says "No school tax hike still irks some". And yes, I agree, as it should "irk" every Belleville taxpayer. Your article did not present enough of the relevant figures regarding the Board of Education budget for anyone to really understand what Mario Pettineo saw as "the last straw."

Let's see if we can't provide a little insight on the subject. This current school year 2007-2008 budget, as presented to the public, was some \$53.8 million dollars. During the year that budget total figure was bumped up to \$55.5 million due to some additional aid received during the year. The 2008-2009 school budget, as recently presented, is up to \$58.2 million, which is an increase of \$2.7 million.

We all heard and read about the State of New Jersey giving Belleville an additional \$4 million

plus in school aid toward the 2008-2009 school year budget as presented to the public by the BOE last week, bringing the total state aid figure up from some \$19.9 million to some \$24.7 million. Now, if this writer can still do basic subtraction, that amounts to an increase in aid of \$4.8 million dollars, almost \$5 million, and not just a little over \$4 million, as advertised. So what's the point? Well, when the Board of Education all but "brags" about their being able to present a budget as a "no tax increase budget", in this writer's opinion, they are not serving as our elected representatives. They are not balancing their obligation to the education of our children with the ability of our citizens, particularly our senior citizens, to pay the bill for that education. Most especially considering our country's near recession status.

Let me explain why I say that. If you were following the money you noted that the budget increased by \$2.7 million dollars, but the actual increase in state aid was \$4.8 million dollars. Again, if we do a little subtraction, that leaves approximately \$2.1 million dollars that could have, and should have, been given back to the citizens of Belleville by way of reducing the tax points currently required to fund our schools. Currently, each \$300,000. of school and/or township expenditure equals one tax point. Therefore, if we do a little basic division, that \$2.1 million dollars translates into a 7-point tax reduction. In short, for the members of the Board of Education, to announce with

bravado that there is no tax increase in this year's school budget, when they should be announcing a 7 point tax decrease, is to insult the people who elected them to be their representatives. Perhaps Mr. Villano and company should be deferring some of their emphasis in other disciplines and re-direct them to basic math, and while they are at it, enroll themselves in MATH 101.

### Question about maintenance issues

#### TO THE EDITOR:

To the future candidates for the council of Belleville, about the reevaluation of properties, I have a question which others I have spoken to agree. What does property maintenance mean? Those who do not choose to follow the property maintenance ordinance are guilty of what? Are we being taxed by the appearance of our house? Some people do not have the resources to have their homes power washed. We are among those who have a difficult time keeping up with the high costs and extremely high taxes. We need some relief.

To those who are seeking election to the town council, can we the voters expect that you will address our concerns and respond to acknowledge our concerns?

Good luck to all of you.

Catherine Malavarca

### Showing some heart

#### TO THE EDITOR:

As a survivor of a life-threatening cardiac event at age 39 and an American Heart Association Go Red For Women survivor ambassador, I'm one of the fortunate ones. Heart disease and stroke claim the lives of nearly 14,000 New Jersey women annually. Too many mothers, sisters, daughters and friends die annually from these diseases. Cardiovascular disease is the leading health threat facing women today, and it is a problem Congress must address.

Thank you Congressman William Pascrell, Jr. for recently co-sponsoring the Heart for Women Act in honor of American Heart Month and National Wear Red Day for Women. If passed, this simple and cost-effective bipartisan legislation will help improve the diagnosis and treat-

ment of heart disease and stroke in women. The Heart for Women Act will also expand "Wisewoman" a program providing free heart disease and stroke screenings to low income, uninsured women not currently available in New Jersey. This program must be offered nationwide to give women the number one tool in fighting these diseases – the chance for early detection.

I applaud Congressman Pascrell for his leadership. He now joins Senators Frank Lautenberg and Robert Menendez, and Congressmen Mike Ferguson, Rush Holt, Frank LoBiondo, Donald Payne, Steve Rothman, Jim Saxton, Albio Sires and Christopher Smith in their efforts to reduce the devastating effects of heart disease and stroke in women.

Your support of the Heart for Women Act shows you care about helping women, like me, live longer, stronger and healthier lives.

Go Red! To raise awareness and celebrate life!

# Kennedy, Caputo seek freeholder seats

BY DAVID HINRICHS  
of Belleville Times

Freeholder Vice President and 28th District Assemblyman Ralph Caputo has decided to run again in the upcoming Essex County Freeholders election.

Caputo, who is a long-time Belleville resident, originally stated that he felt he would not run again for Freeholder after winning the Assembly election, but said that since then he has reconsidered his stance. "At the time when I ran for Assembly I didn't feel like I was going to run again for freeholder but as time progressed more people questioned why I would quit," said Caputo.

"The amount of support I received from local residents and officials was very flattering. I am truly honored to know that the people of this district want me as their representative."

Caputo believes that holding both positions would be an advantage for him, not a difficulty. "I am retired and have the time to fully commit to both positions. I will work full-time at each of my positions if elected and I don't see any issue with it," said Caputo. "Most of the people elected have full-time jobs on top of holding these positions so I am at an advantage in that I am retired."

If elected, Caputo would like to continue the work he has done over the past six years as Freeholder in the 5th District. "I want to continue some of the things we have already done with the parks and services we provide. The code of ethics is now in place, we have given this county a new image," said Caputo. "The new jail and courthouse are completed, the Welcome Center in Branch Brook Park is ready to go, there is a lot happening that I have been a part

of and want to continue to be a part of."

In addition to continued improvements, Caputo wants to stress that he is available for the public and always meets with officials on all levels. "I meet with a lot of officials on the local, county and state levels. Since becoming Vice President Freeholder I have had more of a leadership role and have set many new precedents," said Caputo. "I have brought developers to Belleville, paved roads, erected new parks and cleaned up the area. I fight for this entire district, not just Belleville, but it is nice to give this town some representation. Belleville needs a voice and I

enjoy being that voice."

One of the hottest topics coming into the election is taxes, something that Caputo wants to get a handle on. "Yes I am excited about what we have accomplished during my six years in office but there is plenty more we can perfect. The financial issues on a local, county and state level are our biggest problem. The resources are drying up and every decision we make has a substantial impact on the people and I want to work to find ways to lessen the burden of taxes and find revenue in other places outside of increases taxes," said Caputo.

Caputo will be running against former Montclair Mayor Robert Russo. The primary election will be held on June 3rd.

Also running in the upcoming primary for one of the four At-Large Freeholder seats is Belleville Township Councilman Kevin Kennedy. Kennedy could not be reached before deadline but will be running against 12 other candidates, including incumbents Donald Payne, Jr., Patricia Sebold and Blonnie Watson.

The United States Senators representing Belleville in Washington are Robert Menendez, 201-558-0800, and Frank Lautenberg, 973-639-8700. Congressman Bill Pascrell may be reached at 973-523-5152. State Senator Ronald Rice is at 973-371-5665. State Assemblyman Craig Stanley is at 973-399-1000. The other Assembly seat is currently vacant.

# Longtime activist Frantantoni seeking council seat

BY DAVID HINRICHS  
of Belleville Times

Long time Belleville resident and former commissioner Vincent Frantantoni has decided to run for council in the third ward.

The decision came at the last minute for Frantantoni, who believes that change is necessary for Belleville. "I decided to run late, but I made the decision because it is the same old crew running things again and we can't continue doing what they are doing. We have had three fantastic years of development in this town that has brought in extra revenue and none of it has gone back to the residents of this town," said Frantantoni. "Instead, they have spent more money and put more people on the payroll at increased salaries. I have been coming to town meetings since 1968. I want what is best for this town."

Frantantoni referred specifically to the \$7.1 million surplus of last year that he said was handled differently than he believed it was going to be. "When we had that surplus Mayor [Ray] Kimble and Councilman [Kevin] Kennedy, who I supported, stated in their campaign literature that the town would only take half of it and the other half would go to the taxpayers. They promised to give an average tax reduction of \$300 to each home, I have all the literature that says it," said Frantantoni. "This never happened. Instead, they raised salaries and put a whole slew of people on the payroll. We

can't sustain these salaries and benefit packages. We need someone on that council who is going to oppose these kind of practices and put some money back into the hands of our residents."

Another practice of the current council that Frantantoni disagrees with is the way the municipal stadium is being handled. "When I was in office that field was in perfect condition. In 1989 we celebrated its 50th anniversary and the place was clean, the sprinklers

worked and the field was great. Since then, we have spent millions of dollars trying to renovate the place and it is still a mess," said Frantantoni. "People don't understand that you can't solve water problems with mechanical means, you need to use Mother Nature to your benefit."

Frantantoni would like to build a retention basin at the field to help battle the flooding problems and keep the field dry so that it can develop. "We have these all around

Belleville and all around the state. They are not engineering marvels, they are basic tools that are implemented to fight flooding. There is one at the NJ Transit light rail in Silver Lake. They are all over the place and they work. We have to stop wasting money on things that we can solve easily," said Frantantoni.

Frantantoni would also like to

see senior housing materialize and the Friendly House become functional again. "The Friendly House is another place where millions of dollars is being dumped and no results are coming. That building has been condemned and I have offered publicly several times to walk through the building with the

## The 'Rat Pack' returns to Harrah's this week

**L**ong-time AC visitors will never get enough of those giants who helped launch the resort's casino gaming era in the late 1970s and early '80s. Frank, Dean and Sammy will forever remain the "patron saints" of gamblers, both here and in Las Vegas - and now Harrah's has brought them back, in spirit at least! Frank, Dean & Sammy - A Tribute to The Rat Pack is currently running at Harrah's through April 26, and audiences are glorying in the nostalgia of these dear departed icons.

Portrayed by a trio of not-so-convincing counterfeits, backed by a trio of seductive backup girl singers and a smokin' 9-piece live band onstage, the evergreen selections like "The Lady Is a Tramp," "That's Amore," and "Mr. Bojangles" recapture some great memories.

Frank, Dean & Sammy - A Tribute to The Rat Pack is at Harrah's Concert Venue through April 26, with show times at 8 p.m. Sundays through Thursdays, and 9 p.m. Saturdays. (Theater is dark on Mondays.) Tickets are \$25.

Daytrippers rejoice! Red Square is now serving lunch! The fabulous Russian-themed vodka and caviar bar at The Quarter at Tropicana has been a favorite with visitors since its opening four years ago. A creation of famed restaurateur Jeffrey Chodorow, your first glimpse of Red Square is a massive statue of Lenin outside the entrance (with a whimsical oversize cocktail glass in his raised hand!) Inside, we're treated to a taste of Russian history, from the Czars and Bolsheviks, to Communists, Perestroika and beyond. The awe-inspiring 150-seat bar, lounge and restaurant is filled with hand-crafted Soviet-styled sculptures depicting revolutionaries and other Russian icons, a six-foot custom blown glass chandelier, deep red leather banquettes and private dining nooks in which guests are cocooned in tents of burnt-red velvet fabric. Guests can borrow a sable coat and enter a large, walk-in freezer, where 167 varieties of premium vodkas from the US and 20 foreign countries are served at 30 degrees below zero. Unique to Red Square is their selection of house-infused vodkas. The day we lunched, we sipped samplings from the huge glass jugs on the bar - one with fresh strawberries soaking in the vodka, the other with kiwi fruit. What an unusual treat! Our waiter assured us they made the best Bloody Marys in the world, and I have come to agree he's probably correct! Instead of adding dashes of various spices to the drink, it's created from yet another house-infused vodka containing a vegetable medley of Mexican and Habanero peppers, celery and onions. A sip of this infused vodka "straight" is guaranteed to clear your sinuses!

Lunch selections are as exotic as would be expected in such a fabulous restaurant. A wonderful steak tartare is mixed fresh tableside with fresh ground superior grade filet, the requisite raw egg yolk, anchovies, onion, cilantro and parmesan cheese, garnished with crème fraiche. Less adventurous munchers can choose from the Lenin Burger, Castro's Crab Cake or Ivan the Vegetable sandwiches.

Happy hour is another great adventure at Red Square with bar treats like Siberian nachos, tuna tartare, and a selection of exquisite small plates to complement the seemingly endless martini menu. Lunch is served noon to 4 p.m., dinner until 10 p.m. weeknights, 11 p.m. Friday and Saturday. Come Join The Party! 609-344-9100

# Mosaic ready to dazzle 'Duel' at Pianos

Mosaic Dance Theater Company (MDTC), in association with the Bloomfield College Westminster Arts Center, is presenting "Dances of Time and Tradition," a dazzling array of dance works celebrating the rich dance traditions of the Near East.

From the ancient to the contemporary, from the folkloric to the interpretive, vibrant, original choreographies in the program offer a combination of new works and existing pieces from the repertoire. New works include "Red Desert," an interpretive work that explores a woman's conflicting emotions in a restrictive society where women are permitted little freedom; and "The Boating Party," also a new interpretive dance work inspired by an ancient Egyptian text from the Old Kingdom (4,000 B.C.). Raks Assaya (Cane Dance) and Raks al Sagat (Cymbal Dance) highlight folkloric traditions of Upper Egypt. Also featured is one of the company's signature pieces, El Zar, a ritual dance of exorcism. Classical and contemporary oriental dance and a rousing Turkish gypsy dance known as Karsilama complete the program.

"Dances of Time and Tradition" features Samara as the choreographer and star performer. An internationally respected teacher and performer, Samara was a protégé of the late, celebrated master teach-

er and choreographer Ibrahim Farrah, an award-winning innovator in ethnic dance. As the principal dancer in his renowned Near East Dance Group, Samara performed at some of America's most prestigious venues, including Carnegie Hall, Avery Fischer Hall at Lincoln Center, Town Hall, The Triplex Theater, Theater of the Riverside Church, Merkin Concert Hall in New York City, The Warner Theater in Washington D.C. and the Spoleto Festival in Charleston, S.C. The other performers in the company are: Morgiana Celeste Varricchio, Adriana Rosa, Nina Brewton, Zahra Gamal, Nahoko Sugiyama and Romy Zamora. Popular Arabic singer Maurice Chedid and drummer Gamal Shafik provide on-stage musical accompaniment.

Varricchio, MDTC's producing artistic director, founded Mosaic Dance Theater Company, a non-profit, public benefit corporation, in 2003. The company evolved out of dance and theater productions originally developed by Varricchio for the New York Performing Artist Company (NYPACo). Touring since 1992, NYPACo productions have been staged in schools, universities and at such venues as Lincoln Center, the Brooklyn Museum, Paper Mill Playhouse, the Caramoor Center for Music and the Arts, the Nashville Institute for the Arts and the New York

International Fringe Festival. Samara, MDTC's choreographer and artistic director for dance, began her collaboration with Varricchio in 2000. Since MDTC's inception, the company has premiered several original full-length dance works, including last season's critically acclaimed "The Fisherman and The Djinni," an original dance/story theater adaptation of two tales from "The Arabian Nights."

Performances for MDTC's "Dances of Time and Tradition" are scheduled at 7:30 p.m. on Friday and Saturday, May 2 and 3, and at 2 p.m. on Sunday, May 4. The Westminster Arts Center is located at the corner of Franklin and Fremont streets, Bloomfield. Tickets are \$20 for general admission and \$13 for senior citizens. Pianos Bar and Grill, 36 Broad St., held its official grand opening on Feb. 1, with Bloomfield Mayor Raymond McCarthy and the Chamber of Commerce welcoming the new establishment.

Pianos, a new local piano bar in town, hosts entertainment throughout the week. Wednesday is Open Mic Night (with a live accompanist), Thursday is Jazz Night and Friday is Cabaret Night. The culmination of the week, however, is "Dueling Pianos," held every Saturday night. The event is unlike other dueling piano shows as might be seen in Las Vegas or Orlando. The pianos are a little more old fashioned and, perhaps, more interactive.

Two highly entertaining, singing piano players, Joe Regan and Steven Lowenthal, play face-to-face on two upright studio pianos. They reach out to every age group in song as they enter the bar. Regan and Lowenthal, both currently playing in New

York's piano bar circuit, play simultaneously, taking requests that encompass American standards, 50s, 60s, 70s, country and Broadway music.

To add to it, the bar is encouraged to sing along. There is a microphone made readily available by Bloomfield soundman Gary Brown for patrons interested in singing.

Dueling Pianos takes place every Saturday night at Pianos. Regan and Lowenthal begin playing at 8:30 p.m.

There is no cover charge. Patrons can either come for dinner or sit at the bar and have a drink. Dinner service begins at 5 p.m. Tables are limited, and reservations are a must. Large parties are welcome, and there is also a party room in the back.

— For more information or to RSVP, call Pianos Bar and Grill at 973-743-7208 or visit the Web site [www.pianos-barandgrill.com](http://www.pianos-barandgrill.com).

## Hagen, Delaney at Hillside Café

The Hillside Café, a non-profit music venue in Nutley devoted to acoustic music, will feature Loretta Hagen and Montgomery Delaney on Saturday, April 19 at 8 p.m. Doors open at 7:30 p.m.

### Loretta Hagen

Since the early 90s, Loretta Hagen has been writing, recording and performing music that has earned rave reviews for rich vocals and gifted songwriting. Her latest CD, "Something More," recorded in Nashville and co-produced by Pat McInerney (Nanci Griffith), is filled with poignant lyrics accompanied by heart-tugging melodies. Her songs about life, family, love, hopes, dreams and even one about her beloved dogs makes this CD something everyone can relate to. With a smooth voice, songs that burrow into the hearts of her listeners and a live performance described as real and personable as the artist herself, Hagen is likely to capture audiences from show start to finish and beyond. For more information about Loretta Hagen, visit the Web site [www.lorettahagen.com](http://www.lorettahagen.com).

### Montgomery Delaney

Not a typical singer/songwriter, Montgomery Delaney comes to the adult contemporary genre with an extremely unique set of credentials. Born and raised in The Bronx, he learned how to sing by listening to James Taylor, Leonard

Cohen, John Denver, Crosby Stills Nash & Young, Jackson Browne and Carole King, among others. He spent many youthful nights sitting on Moshulu Parkway with his best friend singing to the Moon ... as if the Moon was listening. Montgomery draws from his experiences as a U.S. Marine, a South Bronx patrolman, high school teacher, coach and trial attorney to compose songs that are both melodically and lyrically captivating. His 1997 release "Walking in the Light," produced by Rex Fowler of Aztec Two Step fame, is now widely regarded as a classic in the adult contemporary genre. His most recent release, "Changing Shoes," is gaining substantial radio play, garnering high initial reviews and developing quite a buzz. For more information about Montgomery Delaney, visit the Web site [www.montgomerydelaney.com](http://www.montgomerydelaney.com).

The Hillside Café is located at 45 Hillside Crescent at the corner of Church and Prospect streets, in the Franklin Reformed Church community room.

Admission is \$10, and reservations are suggested for groups of four or more.

Childcare is available by reservation, and the café is handicapped accessible.

— For information or reservations, call 973-667-7055 or visit the Web site [www.hillside-cafe.com](http://www.hillside-cafe.com).

## BHS SOFTBALL

## Bucs shock IHA

BY MIKE LAMBERTI  
for Belleville Times

It was one game early in the season, but the Belleville softball team made quite a statement in defeating a perennial powerhouse in Immaculate Heart of Westwood, 4-3, last Friday afternoon at Clearmon Field.

Chris Cantarella's team took a 4-1 mark into a game with Paterson Eastside earlier this week. Yesterday, the Bucs faced Paterson Kennedy and this afternoon, the team travels to Nutley for a key 4 p.m. contest. On Saturday, Kearny comes to town for an 11 a.m. game and next Monday, Paramus visits at 4. Vernon comes to Clearmon Field next Tuesday, April 22, for a rare 1 p.m. start and on April 23, the Bucs visit Hackensack at 4 p.m.

Belleville also defeated Montclair last week, 8-2, and dropped a tough 4-3 contest to Holy Angels of Demarest, but clearly the big game was last Friday against IHA.

"I thought our kids played a tremendous game," Cantarella said. "They were aggressive at the plate and did a good job against a very

good team."

Belleville controlled most of the game behind the pitching of freshman Gabby Chimento and timely hitting by Nicole Velardi, Crystal Cruz and Mariah Lucena. In the second inning, Cruz reached on a bunt and eventually scored on Velardi's single. In the fifth, the Bucs extended its lead to 3-0 on a two-run double by Lucena that plated Velardi and Ronica Sorice.

Immaculate Heart rallied to tie the game in the sixth, but the Bucs never wavered. Chimento pitched two scoreless innings and Belleville won the game in the eighth when Cruz once again started a rally by drawing a one-out walk on a 3-2 pitch. Cruz went to second on a sacrifice by Briana Rary and made it to third on a passed ball. With two outs, Velardi stepped in and drilled a single to score Cruz with the game-winning run.

It was Belleville's first win over IHA since 2003, when Velardi's older sister Jackie played a key role in a 5-1 victory, also at Clearmon.

"It really feels good to beat a tremendous team like IHA," Velar-

## BHS BASEBALL

## Sorce confident despite tough week

BY MIKE LAMBERTI  
for Belleville Times

Belleville baseball coach Joe Sorce saw a silver lining in what appeared to be a difficult week for his team. The Bucs lost three games to Montclair, 4-0, St. Joseph of Montvale, 17-6 and Bergen Catholic of Oradell, 10-1 and fell to 1-4 heading into this week's action.

Belleville faced Paterson Eastside and Paterson Kennedy earlier this week. Tomorrow, Caldwell comes to town for a 4 p.m. start and on Saturday, the Bucs play a preliminary round Greater Newark Tournament contest. Next Monday, the Bucs face Paramus and on April 23, Hackensack comes to town. Both of those games start at 4 p.m.

Sorce figured last week would be a tough one for his young team.

"The kids played hard, we just didn't get anything going on offense in two of the games and St. Joseph hit the ball real well," Sorce said. "Those three games last week might have been the toughest part of our schedule. This week will be a good test for us. We're 1-4 and if we play to our potential, there's no reason why we can't get back to .500 and go from there. Last year, we started 1-3 and made a good run in the GNT!"

Against Montclair, Belleville had three key scoring opportunities but was unable to capitalize.

"We had first and third twice and bases loaded once," Sorce said. "That was a tough loss, but give Montclair credit for playing a good game."

Chris Judge pitched well for the Bucs, striking out 10 and yielding just four hits in six innings of work.

Versus St. Joseph, Belleville held a 3-1 lead in the third inning, but St. Joseph took over in the fourth and pulled away to a dominant victory. Eric Mieloch was 2 for 4 with four RBI for Belleville, which also got two hits each from Jon Suchdolski and Angel Gaud.

A similar fate awaited the Bucs in the Bergen Catholic game, where Belleville held a 1-0 lead through three innings before Bergen Catholic tied it in the fourth, then pulled away in the later innings. Angel Gaud had two hits and drove in Belleville's lone run.

"It's early and I really think we're going to be okay," Sorce said. "It was a tough week. Hopefully, we'll regroup."

NOTES: Judge should be the pitcher Saturday when Belleville plays its preliminary round GNT game. Last year, in a similar situation, the Bucs advanced to the GNT semis and within one bad inning of making it to the finals.

Sorce indicated that Suchdolski should be the starter next Monday against Paramus.

## BHS BOYS VOLLEYBALL

## Bucs break top 20, move to 6-1

BY MIKE LAMBERTI  
for Belleville Times

In just its fourth year of existence, the Belleville boys volleyball team has made incredible progress. Last year, the Bucs advanced to the Essex County Tournament championship game and put together its first winning season. This year, Ed Saggio's team is off to a 6-1 start and were ranked 15th in the Star-Ledger's most recent Top 20 state rankings.

Belleville battled Bergen Catholic of Oradell, Bergen Tech of Oradell and North 13th Street Tech of Newark earlier this week. Tomorrow, the Bucs will have a key NNJIL test when it hosts 16th ranked Clifton in a 4 p.m. match. Next Tuesday, Belleville visits East Orange Campus at 4 p.m.

Saggio remained his usual low-keyed self in discussing his team, but admits he's very happy with Belleville's progress.

"We're off to a good start," Saggio said. "I felt coming into the season we had good athletes and experienced players who were a big part of last year's (20-11) team.

We want to continue to improve and hopefully make a nice run at the Essex County Tournament."

Belleville opened the season by defeating Barringer, 25-21, 25-8. It then stopped Teaneck, 25-11, 25-10, Passaic, 25-21, 25-16, Paterson Kennedy, 25-13, 25-15 and Hackensack, 25-16, 25-12 before losing its first match in straight sets to seventh ranked Don Bosco Prep of Ramsey, 25-17, 25-22. Belleville then defeated Bloomfield, 25-21, 25-21 for its sixth win of the year.

"Don Bosco Prep had a noticeable size advantage and that was tough for us to overcome," Saggio said. "We're not a very tall team and when we match up against a team like Don Bosco, we're going to have trouble making plays at the net."

In its six wins, Belleville seems to wear down its opponent in the second set.

"In our opener against Barringer, we were a little nervous early on, but then we settled in," Saggio said. "Once we see a team in that first set, we're able to make adjustments."

According to Saggio, the Bucs

have succeeded because of a good service game and effective hitting from all phases of its lineup.

Aljohn Tabat leads the Bucs with 51 kills on the season, including a 10-kill, two-error game against Bloomfield.

Marlou Zanoria has 124 assists through the first seven matches while Kristian SanPedro has been solid in the service game.

Saggio has been pleased with the performance of Rudy Hernandez, who has doing a good job in the middle.

"He has 31 kills and is hitting at a .345 percentage, which is very good," Saggio said. "He gives us a good presence in the middle, something we didn't as much last year. It could really help us as the season goes on."

NOTES: Livingston, which defeated Belleville in last year's county final, is off to a 6-0 start and is ranked ninth in the state. Belleville will be competing in a tournament next weekend in Livingston and could see the Lancers sometime in that tourney.

## Softball team makes a statement

BUC SHOTS  
MIKE LAMBERTI

incredible record, because Cantarella was indeed the right man for the job.

Taking over at a time when the program needed some rebuilding, Cantarella has overseen quite a revival in the program's fortune. In his third year as head coach, Belleville was 4-1 heading into this week's action, including a very impressive 4-3 victory over one of the state's best teams in Immaculate Heart Academy of Westwood last Friday afternoon at Clearmon Field.

It hasn't been an easy climb back for Belleville, but Cantarella was always confident it could be done.

"We have a great group of kids on this team," Cantarella, himself a Belleville High graduate, said. "They work very well together and really enjoy the game. You can see it in the way they practice and the way they play in the games. They're having fun."

Like his mentor, Cantarella is also somewhat low keyed on game day. Corino would certainly amp it up when it was needed, and Cantarella is capable of getting his point across as well, but for the most part, he is focussed on continued improvement. He doesn't get too high with a victory, and too low following a defeat.

The 2008 Bucs are indeed a fun-loving team. They're very young, with just three seniors who play a key role. Last year, Belleville was 15-11, its best record and first winning campaign since 2003. That momentum carried over into a successful summer season, and now, into this year's

varsity campaign.

"The summer program we joined a few years back has really helped," Cantarella said. "They got to know each other better in a more relaxed setting and you can see now they're used to playing together."

The infield play, which features all underclassmen, has been solid, with Jessica Benacquista and Briana Rary both excellent at first, Nicole Velardi playing second, Mariah Lucena at shortstop and Alexa Veniero playing third. The catcher is Leah Benacquista.

The shortstop position at Belleville has had some outstanding representatives throughout the years. Most recently, Annabel Rodriguez and Kristin Wilson earned All State honors at that position in 2000 and 2001 respectively and Bianca Cosme was an outstanding shortstop from 2004 to 2007. Before her career is over in 2009, Lucena could very well add her name to that prestigious list.

The junior not only plays phenomenal defense, witness her marvelous diving grabs of hard hit balls against Immaculate Heart and Holy Angels last week, she also makes the routine plays look even more routine. Combined with Velardi, a sophomore, Belleville has a tremendous middle infield, perhaps one of the best in Essex County.

Freshman pitcher Gabby Chimento has stepped into the starting role with a lot of savvy. She pitched a complete game against

# Crew team fares well at Passaic Sprints

BY MIKE LAMBERTI  
for Belleville Times

The Belleville crew team had a rare home race at its boathouse on the Passaic River in North Arlington and fared well in the Passaic Sprints.

Gail Lahm's team will take part in the Manny Flick races this Sunday in Philadelphia. Next Saturday, April 26, the Bucs race at the state championships in Camden and on the following day, it's back to Camden for the Cooper Cup.

Lahm was pleased with her team's performance and with the overall event.

"The Kearny coaches did a great job in organizing the Sprints," Lahm said. "We had a number of boats compete and overall, I thought we raced well. There was some good competition."

The Passaic Sprints featured teams from Belleville, Nutley, Kearny, Westfield, Montclair, Ridgewood and Teaneck. Don Bosco Prep of Ramsey, which also races on the Passaic, was at another event and did not compete.

One boat from Belleville won gold at the event. The girls senior four had a dominant effort, led by Laura Henriquez, Jerica Geronimo, Carrie Borkowski, Sara Elmili-

gi and coxswain Lisa Bui.

"They did a great job," Lahm said of the senior four. "They rowed in our new boat, named after (former coach) Jessica Nappi-Silletti, so it was nice to see that

boat earn its first medal."

The girls JV 4A boat won its timed heat, but lost by .04 seconds in gaining a medal. It was led by Lisa Lorenz, Caitlyn Vreeland, Nadine Marte, Jann Abrenica and

coxswain Olga Boldero.

"That's the second time that boat was less than a second away from a medal," Lahm said. "They're right there, and they'll get one soon."

Rounding out a busy day on the water for the boys team, the novice eight took third, the novice four was second, the lightweight four finished third and the lightweight eight took third in its respective races. For the girls, the novice eight was third, the novice four took second and the junior eight finished third.

## Pie Store will open in Watchung Plaza

Samantha Codling, owner of The London Food Co., is opening a new venture.

The Pie Store in Watchung Plaza will mean both ends of town will have easy access to her selection of English imports. While The London Food Co. is primarily filled with packaged imports and home goods, The Pie Store will be filled with freshly made take home foods.

The shop is set to open just in time for Mother's Day with a menu filled with tasty, traditional English meals. The meat pies Samantha has been offering at The London Food Co. for the past three years will be available, made fresh from

the newly installed state-of-the-art kitchen. A variety of roasts will be sold, pre-seasoned and ready to cook with a choice of pre-made sides, ready to take home and pop in the oven for even the busiest families.

Puddings, porridge, soups, fruit pies and trifle made to order will also be on the menu. Although all food will be take-out, The Pie Store will offer a catering service.

With her five year history as a business owner in Montclair, Samantha should be more than up to the task of this new and exciting addition to the Watchung Plaza shopping district.

## Relief for low back pain

**By Dr. Susan M. Guarino, Chiropractor**

Many patients have benefited from the new technology in my office. The new technology is the DRX9000. It is for low-back pain sufferers that settled for the fact that they will have to live with their low-back pain.

You cannot resolve yourself to that fact until you have tried this new technology. It helps patients with herniated and bulging lumbar discs and does it without drugs or surgery.

As a chiropractor, I have seen many patients with chronic low-back pain. Some have gotten help with traditional chiro-

practic care, and others have not. I want to have the most to offer my patients, so I have included DRX9000 for those patients who don't want surgery, and don't want to live with recurring pain.

The DRX9000 was developed by a renowned neurosurgeon and was built by a team of NASA engineers.

I am delighted to offer this new therapy to the community. Call for a consultation to see if you are a candidate for the DRX9000. The consultations are always free.

## Improve your health with hypnosis

You want to quit smoking. You need to lose weight. You're anxious, sleepless, or you find yourself avoiding people or necessary tasks. Imagine sleeping well, eating well, or putting down the cigarette habit for good without anxiety, weight gain or mood swings.

Nicotine addiction and unwanted weight can both lead to a frustrating roller coaster ride of hope and disappointment. Panic attacks and anxiety disorders can manifest themselves in physical symptoms such as stomach pains or insomnia, or behaviors like avoidance or extreme shyness. Regardless of the issue, you can discover what thousands of others have already learned: hypnosis offers a painless path to freedom and change.

The Hypnosis Counseling center has been helping people change their lives for the better for over 20 years.

Group classes are offered at more than 35 adult schools and recreation centers throughout New Jersey to help people quit smoking and lose weight. Individual counseling is available for those who want to manage stress or overcome anxiety, poor confidence, insomnia, low self-esteem, migraine headaches or poor work and study habits.

was big and did not have exact measurements. They put the dress on me, and they asked me if I liked the dress."

She then was asked to announce one of the musical guests, a band called Cobra Starship that most of the students said they'd never heard of before.

Adriana Tandazo played the musical match game, which involved three girls ranking their favorite songs from one through 10. Whichever girl matched the most songs with the bachelor con-

testant was the winner.

"I wasn't chosen," Tandazo said. "But I was happy to have gone to the TRL Prom." She said classmate Brianna Rary won, while classmate Victoria Barrett was the other contestant vying for bachelor student Chris Judge.

Students Valerie Benavides and Danielle DeMaio received new hairstyles and makeup after playing the virtual hairstyle game.

Nico Montemayor called his modeling of prom tuxedos "an experience. They provided a hat to match. There were two rehearsals, one with the stage crew and a second with the audience. It was nerve wracking at first, but then it

was fun."

Each audience member received a gift, a small video camcorder.

Moriello said this was the first ever TRL Prom, and Belleville High was the only school in the country invited. He said his connections to the show have led to other visits in the past, but this was the first in awhile.

"This had a lot of positive aspects to it," he said. "It showcased the school. People would be surprised how much is involved. It was a lot of work."

Mass communications teacher Ryan Sheridan was also very much involved.

## 86th anniversary for Rotary

Chartered in April of 1922, the Rotary Club of Belleville this year celebrates its 86th year. Consisting of a cross section of business and professional people from Belleville and neighboring towns, the club is part of a global organization, Rotary International, which was formed in 1905. RI has over 31,000 clubs in more than 165 countries, with total membership of approximately 1.2 million.

Rotary's motto "Service Above Self" has been followed by the Rotary Club of Belleville in the many acts of community and international service that it has been a part of throughout its 86 year history. Most notably, the club is proud to have participated in

Rotary International's efforts to stop the spread of polio throughout the world, and most recently it received a Rotary grant of \$1000 which will be used in coordination with the Pure Water for the World organization to provide clean drinking water to twenty-six families in Haiti. In addition, each year the club contributes money and time to the Gift of Life arm of Rotary which brings children to the United States for heart operations that could have not been provided for them in their native countries.

More locally, the club donated money for the construction of a recreational area for Belleville High School students so that they

can sit outside to eat in the good weather, and each year the club purchases a dictionary for each third grader in the Belleville School System.

The Rotary Club of Belleville, 86 years strong, is looking ahead to many more years of dedicated service to its local and global community. President Phil Nobile invites interested parties to join the club at its weekly luncheon, held each Wednesday at 12:15 p.m. at the Bella Casa Caterers, 2 Acme Street in Belleville. Those interested in membership can call Joan Taub at 973-450-3434 for further information. We welcome those to whom Service Above Self sounds like a worthwhile goal.

## SAFETY FIRST: IN YOUR HOME AND GARAGE

Most preventable injuries happen where you'd think you're

safest - at home! While considering the status of smoke alarms, car-

bon monoxide detectors, slippery rugs on waxed floors and anti-theft mechanisms, also give some thought to the "largest and heaviest moving object" on your property, which is probably the garage door. Bill Kohlman of Skillman Doors, LLC recommends that homeowners periodically check their garage doors for wear following the instructions in their garage door opener owner's manual.

- Visually inspect garage door hardware for signs of wear
- Avoid a moving door and keep hands and fingers clear
- Do not let children play with transmitters or remote controls
- Only operate the door if you can see it
- Test the reversing mechanism monthly
- Test the door balance monthly
- Test the force setting monthly

Creating a safe environment for your family and reducing the risk of injury in everyday life can be part of a regular home maintenance program. Keeping your Garage Door system in good working order is just one of the steps you can take. Routine maintenance and adjustment will keep the garage door working well, your mini-van and two-wheeler accessible, and help keep your family safe. For information regarding safety checks on your garage door, material to educate your children about garage door safety, or to schedule your annual Garage Door maintenance check-up, contact Bill Kohlman, Sr., Skillman Doors at 973 748-1110 or visit [www.skillmandoors.com](http://www.skillmandoors.com).

di, a sophomore second baseman, said. "This was a great game. I'm just glad I was able to get Crystal home. She had the big at bat for us in the eighth."

Chimento pitched a complete game, striking out three and walking six while yielding just four hits. She retired the side, in order, in five of the eight innings.

The week started with another solid effort by Chimento against Montclair. She allowed just two hits while striking out nine and walking three. Belleville scored twice in the fourth to take a 2-0 lead on a triple by Lucena, a sacri-

fice fly RBI from Alexa Veniero and a solo homer by Leah Benacquista. Montclair tied it in the fifth, but Belleville came right back to take a 3-2 lead in the last of that inning on a back-to-back triples by Kelly Blair and Sorice. In the sixth, the Bucs put it away by scoring five times, with Chimento hitting a two-run triple and RBI singles by Velardi and Sorice.

Sorice, Lucena and Benacquista led Belleville with two hits each.

Against Holy Angels, Belleville played well, holding a 3-2 lead into the last of the seventh before the home team scored twice to win it, 4-3. Belleville had taken the lead thanks to a two-run double by Lucena and a Chimento single in the top of the fifth inning.

"That was a game we should have won," Cantarella said. "But Holy Angels never gave up and they were a little more aggressive. I think we learned from that game and it carried over to IHA."

## BUC SHOTS

FROM PAGE 14

I.H.A. and never wavered when her 3-0 lead in the fifth inning quickly faded into a 3-3 ball game. All she did was blank Immaculate Heart for the rest of the game. Chimento isn't the only starting pitcher who can win a big game for Belleville. Veniero, who did a lot of the pitching last year, will also be

on the hill this spring.

The outfield play of Crystal Cruz in left, Ronica Sorice in center and Vienna Pace in rightfield has also been outstanding. Cruz, a senior who has seen the program's rebuilding from its first days until now, had the two key at-bats in the I.H.A. game, a bunt single that led to the game's first run and a walk on a 3-2 pitch that eventually led to the winning run.

It's that kind of team play which

has helped Belleville become an excellent team again. And, perhaps, in 10 years, the current stars will be future Belleville Hall of Famers as well.

## KNOW THE FACTS ABOUT STDs

Sexually transmitted diseases (STDs) are among the most prevalent diseases in the country as well as abroad. Because they are more likely to have unprotected sex, engage in high-risk sexual behaviors, and have multiple partners, U.S. teenagers contract one-quarter of all new cases of STDs annually. Affecting both sexes, two-thirds of all STD cases occur among people under the age of 25 years. While STDs caused by bacteria can be treated, they may recur with additional exposure. As for STDs caused by viruses, they cannot be cured, but they can be treated. With all this in mind, it is important that you seek treatment if you think you might have an STD or have been exposed to one. If you have questions regarding STDs please consult the pharmacists at ROSSMORE PHARMACY. Located at 338 Washington Avenue, we are proud of our reputation of serving the community with respect and care. We can advise you on what treatment option may be right for you or a loved one who is suffering from an STD. If you have any questions do not hesitate to call 973-759-1968 or 973-759-1956 today. Your Doctor Knows Us-Your Doctor Trusts US.

**HINT:** In women, STDs can cause serious infections in the uterus and Fallopian tubes that can lead to infertility. In pregnant women, STDs can cause infections in newborns

### Kids' fun night

Pastor Nancy S. Moore and the members of Bethany Lutheran Church are now sponsoring a weekly 'Kids' Fun Night' on Wednesdays, from 6:30 p.m. to 8 p.m. in the church hall (please enter via the New Street door). There will be ping-pong, games, activities and refreshments. Everyone is welcome to join in the fun. Call the church office with any questions.

### Sunday Afternoons with Iglesia Luterana

The popular Lutheran Latino service, Iglesia Luterana, is now held every Sunday at the new time of 1 p.m. in the sanctuary of Bethany Lutheran Church. The Rev. Nancy S. Moore presides over the service and the distribution of Holy Communion every week. Once a month, she delivers a sermon that is simultaneously interpreted into Spanish. Diaconal ministers Pedro Dulanto and Madeline Dulanto, assist the pastor in the Lutheran liturgical worship service spoken entirely in Spanish.

### Earth Day

Christ Church has announced its annual observance of Earth Day in conjunction with the celebration of Rogationtide for Sunday, April 27 at its 10 a.m. Mass. The Rev. Paul Walker, Vicar of Christ Church, will officiate and preach.

The observance of Earth Day

began on April 22, 1970 at the behest of U.S. Senator Gaylord Nelson, as a nationwide grassroots demonstration about the environment, and it has grown into the largest global call for the care for the Earth. Stewardship of the earth is not a new issue for Anglicans /Episcopalians, Richard Hooker, eminent Anglican scholar of the sixteenth century published an entire volume on the responsibility of humanity to care for God's creation.

Rogationtide is celebrated on the three days prior to the Feast of the Ascension. It was customary for parish priests to bless the crops and livestock for the coming year, an event that was highly critical for the survival of the entire community in a society that was largely agrarian. A common feature was the ceremony of 'beating the bounds,' in which a procession of parishioners, led by the minister and choir would proceed around the boundary of the parish and pray for its protection in the coming year. Within the Anglican Church it is the only time in which The Greater Litany is specifically prescribed to be sung. Rogation comes from the Latin verb "rogare," meaning "to ask." The congregation will sing The Great Litany in procession around the perimeter of the parish and bless plants for the coming year to be used on the grounds of the church.

### Care Closet

The Care Closet, an outreach program of Christ Episcopal Church, has announced its April distribution day for Monday, April 28, beginning at 3 p.m. until all of the supplies are exhausted.

The Care Closet distributes packages of paper products, clean-

# Trying to run on an empty spiritual life

People today seem to be so very tired and weary. It is so bad that we have developed new names for those illnesses such as 'burnout' and 'chronic fatigue syndrome.' They come because of physical, emotional or spiritual problems. Of course, we would all like to be brimming with life and energy. No one enjoys the feeling of being tired and lethargic. But what does it have to do with following Christ? Just this: when we are weary and tired, we are more susceptible to temptation; we are more prone to unbelief, fear and discouragement;

more likely to abandon our faith and more at risk of dishonoring our Savior and ourselves.

As the great coach Vince Lombardi once said, "Fatigue makes cowards of us all." He was talking about football, but the principle is the same. When we are tired, we don't want to fight the good fight. We don't want to persevere in the faith. We don't want to stand our ground and resist temptation. Instead we want to give up. And that's a spiritually dangerous place to be.

From a physical perspective, we

need to get adequate sleep, exercise and nutrition, but it is just as important that we renew ourselves spiritually. We need to return to the source of our power, which is God. We need to turn to Him daily in prayer and we need to immerse ourselves in His Word, the Bible. Only then will our lives and strength be continually renewed.

Many are running after the wrong things. Instead of seeking God, many seek after wealth and possessions. But the Scriptures warn against this. It wears you out by putting you on an endless tread-

mill of always wanting more and more, always working to get ahead but never satisfied with what you have. Many are trying to make it through this world on their own power. Relying on ourselves, trusting in ourselves, depending upon our own skill, knowledge and ability to get through the day. That is tiring because we weren't made for that. We weren't designed for that kind of self-sufficiency. We were designed to rely on the Lord, to trust in Him for our protection and provision. When we forget that basic fact, we can find the weight

of life to be almost unbearably heavy.

Just as our cars cannot run on empty, we too, cannot run on empty in our spiritual lives. So read your Bible, get back to prayer, come to Christ and cast your burdens upon Him. Give up your self-sufficiency, your stubborn insistence on going it alone and turn to Him. You have nothing to lose.

Also, go back to your church this weekend.

**Tour de Belleville professional cycling race planned**

The Belleville Recreation Department and Premiere Cycling Promotions are bringing back a professional cycling event to Belleville after a 30 year absence. The fair and start/finish line are on the corner of Mill Street and Union Avenue.

The event will feature a professional cycling race, with participants from all over the country competing for the Tour de Belleville championship.

There will be children's rides, festival, refreshments, plus a two mile fun walk through the beautiful cherry blossoms of Branch Brook Park.

The amateur races run from 9:00 A.M. to 11:00 A.M. We plan a citizen race prior to the start of

the pro event which goes off at 11:30 A.M. finishing at 1:30 P.M. The fair will run until 4:00 P.M.

The walk through the park is free. Donations will be accepted by the Branch Brook Park Alliance.

To sign up for the amateur cycling race or for more information, call 732-687-7730 or visit the website [www.premierecycling.net](http://www.premierecycling.net).
