Town sells unwanted property for \$120,000 price

BY RICHARD DICKON
of Belleville Times

In an attempt to raise revenues to offset tax increases, while trying to improve properties in disrepair, the Belleville Township Council successfully auctioned off one of five lots recently, netting \$120,000 for the township.

The council has approved the auction of two lots long neglected,

the minimum bids for which could eventually bring in hundreds of thousands to the municipal coffers.

At a recent public council meeting, the governing body approved the public auction.

The first property to be sold is located at 57 Ralph St., was sold at auction for the minimum bid price of \$120,000. The second property contains four lots in the area of 42

William St. that would be available starting for a minimum bid price of \$480,000. The lots are described as "not needed for public use" by the township.

Township Manager Victor Canning explained that he, Township Engineer Thomas Herits and Mayor Raymond Kimble were among the officials present at the most recent Planning Board meeting, where the possible subdivision of

42 William St. was granted approval. The latest auction took place earlier in May. That was after an earlier auction received no bidders, so the progress of the sales has been delayed.

Canning said he hoped the sales would bring in needed revenues to the town. Also, he said the properties should then be rehabilitated from their current status as eyesores in their respective areas.

SOME FACTS ON CHIROPRACTIC

The basic premise of chiropractic is that the body is a self-regulating and self-healing organism. The spine is the communication tunnel through which the spinal cord runs, conveying signals from the brain to all parts of the body. If there is a blockage in that tunnel, communication does not flow smoothly and the body does not function properly.

With 24 moving bones in the spinal column, there is plenty of opportunity for one or more of them to get out of line and interfere with the operation of the nervous system. A doctor of chiropractic will begin his relationship with you by learning about your medical history, including any accidents or surgeries you may have had. If you are seeing a chiropractor for a particular problem, the doctor will want to know about the circumstances of its onset. The chiropractor will then conduct an examination, which may include x-rays. The purpose of the exam is to discover any areas of dysfunction in the spine. The doctor will explain the outcome of the examination and discuss with you a course of treatment. Of course, don't wait until you have a problem to visit Dr. Pontoriero. Maintain your health with regular visits.

Some Friendly House good news: demolition may cost less

BY RICHARD DICKON
of Belleville Times

There has been little in the way of good news regarding the former recreation center known as the Friendly House in Silver Lake.

The closest thing to a positive outcome for the structure came recently when bids to demolish the building came in, and the bid that may be accepted was much less than what the township manager had expected.

After a winter where the interior was not heated, paint is peeling everywhere, black mold is growing and a once thriving facility has been allowed to deteriorate to the point that the Belleville Township Council has voted to demolish the structure. But at least that may be done cheaper than first thought.

"The bids came in, and I was

shocked," said Township Manager Victor Canning. "The lowest bid was \$116,000, all the way up to the highest bid of \$800,000. It makes you wonder how you could have such a huge deviation in prices."

Officials are still making sure everything necessary is in order for low bidder to be officially approved, Canning said. The timeline for bringing down the more than 74 year old structure may come quickly now, he said.

"We sent the bid immediately to the attorneys for review," Canning said. "It's a matter of the constrictions of the bid, but it could come down in a relatively short time."

As recently as 2007, parts of the three-story structure on Frederick Street were still being actively used.

The Friendly House is a playground and recreation facility owned by the township, a brick

building that was renovated more than 20 years ago, but because of frequent usage and poor maintenance, officials said it fell into disrepair again.

The visual clues of neglect and disrepair apparent to anyone who tours the structure paint a picture of the competing forces within township officials, with some holding out hope that spending more than \$2 million to refurbish the facility would have been worth the funds. But the council finally decided to take down the building that has been a place for fun for children for decades.

Officials talk about unwanted youths from out of town crashing the facility, perhaps misusing parts of it, and that many people outside of Silver Lake did not know until they became involved in the running of the township that the

Friendly House even existed. For Silver Lake residents that feel they do not receive a fair shake from township officials, the demolition is a bitter reality.

Interviews with two council members and the township manager reveal the frustration that more than 20 years of neglect and outdated building standards have forced the demolition, with competing ideas about what to do next. One longtime critic of what he called "intentional neglect" said the facility could have been saved if proper maintenance had been done.

First Ward Councilwoman Marie Strumolo Burke, who represents the Silver Lake sections, said she wants another structure, even if only one floor, to be built in place of the existing Friendly House.

Township Manager Victor Can-

ning said he wants to hold NJTransit to a promise to build a recreation structure next to a promised new Silver Lake Firehouse in the Franklin Street vicinity.

At-Large Councilman Kevin Kennedy said he is leery of any NJTransit promises, which are part of an agreement that brought light rail train service to Franklin Street. While he said he still hopes such a recreation project will come, he wonders if anything will be around to replace the Friendly House.

Burke cited mold, asbestos, old furnaces and buckling walls as more than the council can overcome in a reasonable funding scenario. There was first to be \$800,000 bond ordinance, and then two bids received of more than \$2.5 million to refurbish the

War times drive home need for special day

Memorial Day 2009 found America fighting two wars while conflicts in other far-off places threaten to draw the United States into battle.

There is President Barack Obama's decision to send 20,000 more troops into harm's way in Afghanistan. Then there is the attempted draw down of armed forces in Iran, which has been fraught with suicide bombings and bumps in the road. Then there are Pakistan's attempts at counter insurgency, which have the country teetering on chaos.

With so much involving the men and women of America's Armed Forces in the news, our country's fighting forces should be on the minds of all Americans this week.

Yet, the fact is it is very easy for most of us to forget we are at war, and even easier to forget the sacri-

fices of soldiers long dead. The Memorial Day holiday is meant to correct to this collective turning away, and gives us all an opportunity to honor those men and women who lost, and are losing, their lives in our defense.

It's all too seductive to get wrapped up in the traditional holiday activities, and then fall right back into regular hectic schedules. There are the barbecues, beach trips and other festivities that come with the traditional start of the summer holiday season, and then jobs and school to return back to right after the holiday. There is nothing wrong with any of those things, since the soldiers and sailors who gave their lives died precisely so the rest of America could enjoy peace and prosperity. They died or suffered disabling injuries to create a nation where most peo-

ple can focus on raising their families and friends.

However, it would be absolutely wrong to enjoy those good things without sparing even a minute to reflect on the people who made our freedom possible. It would be un-American not to reflect on the troops who even now are in harm's way or the kids who graduated high school and have since joined the ranks of those who were honored this past holiday. None of us can ever forget that freedom has a price.

This is the time to reflect on the fact that a few of us have paid for, far more than the rest. The Times urges you to take the time to look at the photos from Sunday of the town's memorial day services, and some time to remember and give thanks to all who served.

Singing dentists and cupcake eating cops make news

I can't stop singing that song, "Hey There Lonely Girl!" Why? Well at our SLCA Oldies night we had a band called Yesterdaze and that was the song that brought the house down. The group was phenomenal. Don't laugh, but the leader of the band is a dentist in town called Pete Lekos.

The affair was held at the Chandelier and the food was oh so delicious. The menu consisted of escarole soup, penne with broccoli rabe and sausage, eggplant rollatone, roast pork, chicken francaise, mashed potatoes with mozzarella, spinach & rice, and ice cream sundaes. I hope I made everyone hungry.

LIFE IN SILVER LAKE
MARIE STRUMOLO BURKE

We had our share of dancers on the floor and of course we had a number of wannabe singers including me, Judy Piscatowski and Vera Castellano.

This is the evening where we draw our Cash Raffle in support of our Scholarship. Congratulations to our 1st prize winner Alberto Marti who pulled in \$608; Anita Beninato who won

\$365; and our 3rd prize winner Jorge Couti won \$243.

Thanks to our Executive Board members for all their help along with the Angel, who my hubby calls the Table Lady, because she collects the money and makes the seating. All in all we had a blast and hope to see the ones that could not make it this year come next year.

Boy, do I have a story for all of you. You know that old saying, don't wish for something because it might come true? Well, our Silver Lake Police Officer, Bobby Kane, applied for a job as a "Muncher" riding the Munchmobile for the Star Ledger. Guess what, he was chosen. The officer

wanted to prove to the public that cops eat more than just donuts.

As a muncher his first ride was to find the best cupcake in the State. I assume Mr. Kane, found out when he consumed or munched on 41 cupcakes. No, I'm not kidding. I understand that his next Munchmobile Ride he will try out hot fudge sundaes and then on to hot dogs. He will appear in Fridays' Munchmobile section where you can find out who has the best cupcakes around.

While attending the Memorial Day festivities, I found out that Officer Kane had some stiff competition, no not from his partner Glen Zadroga but from another

Police Officer named Det. Ritchie Giordano. He said that in his 'hay day', he ate 48 cupcakes, four dozen raviolis and three steaks. That sounds like 'fighting words' to me, Mr. Kane. You better prove to your fellow officers that you can probably eat at least 25 hot fudge sundaes.

Well, the contest goes on and we will find out who the winner is. Stay tuned.

Before I close, would someone please tell me who left plants in my yard?

It was a great gesture and I would like to thank the person for their kindness.

And remember, we love Silver Lake.

LETTERS

Service above self

TO THE EDITOR:

On Thursday May 21, 2009, I had the distinct pleasure of addressing some of the Belleville High School Class of 2009 (BHS) Award recipients. I was at the High School to deliver student awards on behalf of Unico, which is a national service organization (www.unico.org).

Unico is noted for its motto of "Service above Self." Two of the Awards given by Unico were in memory of Brian Piccolo. Brian played football with Gayle Sayers for the Chicago Bears. Brian played for four years before his passing in 1970. He was known as an unselfish athlete who always put his team and teammates above himself. He personified Unico's motto of "Service above Self." In 1971, a movie was made in his honor called Brian's Song.

I told the students that every generation faces its challenges. Seventy-five years ago the class of 1934 graduated from Belleville High School. My father and his classmates left Belleville High School in the middle of the "Great Depression" but with high hopes. Many of them fought in World War II and the Korean War, some making the ultimate sacrifice to preserve the freedoms we now take for granted. They are now known as our country's "Greatest Generation".

In 1972 I graduated from Belleville High School, with our Superintendent, Mrs. Perri, as well as some of Belleville's teachers and administrators. We faced the Vietnam War and a very serious economic recession.

The Belleville High School Class of 2009 is facing similar challenges both economically and with respect to preserving our freedoms.

The night before the BHS Awards Night, I had the opportunity to go to the Awards Dinner for the Rutgers School of Engineering. I sat with Alumni of the Year Award recipient, retired Air Force General J. Scott Gration. (Google him if you have a chance).

Scott spent most of his childhood growing up in the Democratic Republic of Congo with his parents who were missionaries. English is Scott's second language. His primary language is Swahili. He came back to the U.S. where he learned how to read English, started in 11th grade and graduated from Ridge-wood High School. He went on to graduate from the Rutgers University's School of Engineering in 1974 and joined the US Air Force. He finished a Masters Degree in International Affairs at Georgetown University.

He flew over 270 combat mis-

sions in Iraq and was decorated with over 15 service award including a Purple Heart for wounds received in battle. Currently, Scott is a personal adviser as well as "Special Envoy to the Sudan" for President Obama. He is working on creating a long lasting peace in Darfur.

I would like to take a moment to remind the Belleville High School Class of 2009 that anything is possible. If you can conceive it, you can achieve it. Graduation from Belleville High School is only the beginning. Please commit yourselves to life-long learning as well as service to your community. Please be assured, we believe in all of you and your ability to succeed. You have our support, best wishes and prayers for the future.

May God Bless you all.

Clara Maass participating in Arthritis Awareness Month

The National Arthritis Foundation has selected May as Arthritis Awareness Month to educate people about arthritis and its growing prevalence throughout the United States. This year's observance focuses on the benefit of exercise for those suffering from the disease.

Over 45 million Americans - one in five adults - and approximately 300,000 children suffer from arthritis pains everyday. According to the Arthritis Foundation, it is one of the most prevalent chronic health problems and the nation's leading cause of disability among Americans over age 15.

This disease limits everyday activities such as walking, dressing

and bathing.

"Incorporating low impact aerobic exercise for two and half hours a week and strength exercises at least two days a week is of great benefit for those suffering from arthritis," said Frank Femi-no, MD, Director of the Joint & Spine Institute at Clara Maass Medical Center, an affiliate of the Saint Barnabas Health Care System. "Physical activity is an effective way to reduce pain, keep joints flexible, maintain muscle strength and build overall stamina."

For more information, please call the Joint & Spine Institute at Clara Maass Medical Center at 973-450-2399 or visit www.sbhcs.com.

Cell phone rules meant to curb employee abuse

BY RICHARD DICKON
of Belleville Times

Some say talk is cheap, but in Belleville, that is not always true. In an ongoing effort to minimize waste in local government spending, Township Manager Victor

Canning is spelling out what employees can and can't do with their cell phones.

"We're tracking things we never have before," Canning said. "We found some employees abusing texting and their town cell phones – nothing egregious."

So now there is a policy, which Canning called "a valuable tool?"

"The phones are meant to be used for work only, not for personal use," he said.

With a policy in place, offending employees can be held responsible, Canning said.

"Now, if they're caught, they can't say I didn't know about it," he said. "I can say, 'Here, you signed for it! They knew what they were doing was improper.'"

The change is just part of making taxpayer money used more efficiently, Canning said.

"This was one thing we had to do," he said. "It's another thing to try and keep costs down."

The ordinance first explains that, "Where a job or business needs demand immediate access for an employee, the township may provide a business cell phone to an employee for work related communications."

The ordinance specifies that to protect the employee from incurring a tax liability for the personal use of a phone, the phones are to be used for business reasons only. Cell phones are not to be used for text messaging or Internet access, the ordinance states.

Each employee is to be provided with a plan that allows a specific number of minutes on a monthly basis, and if an employee exceeds the allowable monthly minutes, the employee is to be responsible for reimbursing the township for the overage charge, the ordinance states.

If the overage is because of business use, the employee should notify the township so alternative plans can be reviewed. Employees are expected to protect the equipment

from loss, damage or theft, and the employee may be asked to produce the phone for return or inspection at any time, upon request, or if the employee resigns or is terminated, according to the ordinance.

Employees should limit personal calls during work time to no more than one per day as needed. Excessive personal calls during the workday, regardless of the phone used, can interfere with employee productivity and may be distracting to others, according to the ordinance. Flexibility is to be provided in circumstances demanding immediate attention.

The township will also not be liable for the loss of personal cell phones brought into the workplace, the ordinance states.

The ordinance will become official after a public hearing and publication in the newspaper.

NLT announces 'Lonesome' dates

Nutley Little Theatre's next production, the darkly comic "The Lonesome West" by Irish playwright Martin McDonagh, opens Friday, June 12.

Evening performances, with an 8 p.m. curtain, are scheduled for June 12, 13, 19, 20, 25, 26 and 27. Matinees at 2 p.m. are held June 14, 20 and 21.

The third in McDonagh's "Leenane" trilogy, along with "The Beauty Queen of Leenane" and "A Skull in Connemara," this hilariously dark Irish play depicts the shocking and violent goings-on in the "lonesome" far Western Irish town of Leenane. A Tony Award

nominee in 1999 for Best Play and Best Actor in a Play, it features two battling brothers and a priest driven to despair over his inability to resolve their differences or any of the recent unsolved murders in his parish.

Directed by Jacqueline McElroy-Poquette of Westwood, the cast includes David Arts of Wyckoff, Andrew Lionetti of Westwood, Glenn Rombough of Montclair and Emily Golden of Paramus. Sandy Chiappino of Hackensack is the stage manager.

Nutley Little Theatre has engaged SmartTix.com to handle ticket sales by phone and through

the Internet. Patrons can still order by phone by calling 1-877-238-5596. To order online, patrons can visit the NLT Web site www.nutleylittletheatre.com and click on the "Click for Tix" icon, or go directly to the Web site www.SmartTix.com. One-nighters for Jay Leno & Joan Rivers, Rock & Pop Art Gallery opens at Resorts

No sooner does Jay Leno host his final 11:30 NBC "Tonight Show" Friday, than he grabs a transcontinental flight to perform at the Borgata Saturday. Actually it's no surprise that the workaholic Leno is taking no time off after his 17-year late-night reign. Indeed, throughout the run of "Tonight" Leno has run off almost every weekend to play a live concert date. He's always insisted that the live audience interaction has fed his comedy routines over the years. Still, it is a real coup that Borgata is the venue to host Leno's first show after his departure. Interestingly enough, it was AC's first casino, Resorts, which hosted Leno's last stand-up prior to taking over from Johnny Carson in 1992. It's still very possible that after this weekend in AC, Jay just may be taking some time off before launching his nightly prime-time hour in the fall. Jay Leno takes the stage at Borgata's Event Center for a single show Saturday at 8 p.m. Tickets are \$65, \$75 and \$85.

With Joan Rivers' dramatic win over nemesis Annie Duke in The Donald's "Celebrity Apprentice," you can bet her one-night show at the AC Hilton Saturday will be full of especially spicy observations, opinions, and tidbits of backstage gossip. After 11 weeks of competing and interacting with and against a diverse group of showbiz and sports superstars from Clint Black, Dennis Rodman, and Herschel Walker, Natalie Gulbis, Scott Hamilton, Brande Roderick, Jesse James, Brian McKnight, Claudia Jordan, Khloe Kardashian, and the foremost professional poker player, rest assured that Ms. Rivers will have a very timely armament of fiery fodder to explode onstage at the Hilton. Showtime is Saturday at 8 p.m. Tickets are \$35.

Joan's not the only TV challenge winner to wind up in AC! With the final selection of Danny Veltri as grand champion of season five's "Hell's Kitchen" young chefs' competition, the 28-year-old self-described "hick" from Edgewater, Fla., won not only national fame, and a prize of \$250,000, but a ticket to Atlantic City, where he appeared last week with the show's judge, super celeb Chef Gordon Ramsay and a group of fellow contestants and previous "Hell's Kitchen" winners, as he accepted a new job at Borgata's latest concept restaurant Fornelletto Cucina. Here, he will once again work under the tutelage of another culinary master, Stephen Kalt, perhaps best known for his appearances on "Martha Stewart Living" and as executive chef of Corsa Cucina, the gourmet Mediterranean restaurant at Wynne Las Vegas. The new spot at Borgata will replace the former Ombra, and is described by Kalt as "a mix of traditional, continental and modern (Italian) cuisine."

"Most importantly," Kalt stresses, "it's going to be fun. The food, of course, is going to be great, but why shouldn't it also be a fun, memorable experience." Watch for Fornelletti Cucina Italiano, just downstairs from Specchio, at Borgata this summer.

Resorts AC, the City's first casino back in 1978, continues to evolve! Building on the success of the Boogie Nights nightclub, the property has opened the Boogie Nights Rock & Pop Art Gallery to complement the casino's retro entertainment schedule and the wildly popular Boogie Nights nightclub. In addition to boasting '70s icons, classic rockers and '80s bands performing in the Superstar Theater, Resorts is enhancing that lineup using the power of art. Visitors to the Rock & Pop Art Gallery will enjoy music from the era of art displayed. For the opening exhibit, the gallery will feature the art of Mark Weiss, one of the leading photographers in the music industry. Weiss has worked with megastars such as Gwen Stefani, Christina Aguilera, Mariah Carey, Rihanna and Justin Timberlake. But it's the retro feel that makes much of Weiss' work a perfect fit for Resorts. The public is invited to see first-hand Weiss' early works including never before seen out-takes from his controversial album cover for Bon Jovi's "Slippery When Wet" as well as celebrating the 25th anniversary of the release of Mark's first album cover Twisted Sister's "Stay Hungry," along with other early works. All prints and originals in the exhibitions will be available for purchase. The Boogie Nights Rock & Pop Art Gallery is open every Saturday night through June 27 from 6 p.m. to midnight. Admission to the gallery is free.

Tropicana has been in virtual limbo since the former owners, Kentucky-based Columbia Sussex were stripped of their casino license in December '07 after the deterioration of the facilities and quality of service during their one-year ownership. The property is now up for auction next month. Top contenders are the Cordish group, developers of the landmark Baltimore Inner Harbor and the 100+ factory outlet shops of The Walk in AC, and another group headed by Carl Icahn, former owner of the Sands Hotel & Casino here. During the one-year-plus that the property has been in receivership, Trop employees working under a new leadership team have succeeded in upgrading and restoring Trop to its former prestige - so much so that Trop has just been named honoree of the prestigious Successful Meetings Pinnacle Award, the mark of excellence for meeting destinations. Congratulations are in order! If you haven't visited Trop recently, stop in on your next AC visit and see what's happening!

Clara Maass takes part in May's 'Better Sleep Month' campaign

Dedicated to promoting the importance of a good night's sleep, the Better Sleep Council (BSC) has designated May as Better Sleep Month.

Getting the recommended seven to nine hours of sleep a night can improve several aspects of your life including work productivity, physical performance during exercise and overall health. Millions of Americans suffer from poor sleep caused by everyday stress, bad sleeping habits or a

sleep disorder, which oftentimes goes unrecognized.

Accredited by the American Academy of Sleep Medicine, the Center for Sleep Disorders at Clara Maass Medical Center can help identify the underlying conditions causing a possible sleep disorder and offer treatments to address it.

"Excessive daytime sleepiness, difficulty falling and/or staying asleep, unusually loud snoring, kicking during sleeping, decreased concentration and depression are

all symptoms of a sleep disorder," said Nail Fatah, MD, from the Center for Sleep Disorders at Clara Maass Medical Center. "We conduct several non-invasive tests to help us determine if a sleeping disorder is causing the problem."

For more information on sleep disorders and getting a better sleep, please call the Center for Sleep Disorders at Clara Maass Medical Center at 973-450-2444.

SOFTBALL

Lucena stars in state tourney

BY MIKE LAMBERTI
for Belleville Times

Mariah Lucena isn't ready for her high school softball career to end.

Lucena, a senior shortstop, had three hits to lead fourth seeded Belleville Bucs past fifth seeded Montclair, 11-7, in the quarterfinal round of the NJSIAA North I, Group IV tournament last Thursday in Belleville.

The victory moved Chris Cantarella's team to the sectional semifinals, where it hosted Randolph, which upset top seeded Morris Knolls 5-1 last week. Belleville took an 18-5 mark into the game with Randolph, and sought its first sectional final appearance since 2003.

On paper, the game with Montclair looked like pitcher's duel between Belleville's Gabby Chimento and Claire Fitzgerald of Montclair.

However, neither could play, as Chimento continued to recover from a broken thumb and Fitzgerald, a junior lefty who is among the state leaders in strikeouts this season, was a last-second scratch due to a forearm injury incurred two days earlier.

"I couldn't believe Claire wasn't pitching," Lucena said. "She's tough and we knew it wouldn't be easy to score runs off her. But even though she didn't pitch, we also knew it wouldn't be an easy game, and it wasn't."

Cantarella's philosophy heading into the game was to be aggressive at the plate and look for any opportunity to get on base.

"We felt Fitzgerald would be pitching for them," Cantarella said. "Her name was in the lineup when we exchanged the scorecards. When she didn't come out in the bottom of the first, we weren't taking anything for granted. I wanted our kids to focus on getting good at-bats."

Montclair (16-7) came out quickly, scoring twice in the first three innings off Alexa Veniero. The Mounties led 2-1 after one, and extended their lead to 4-1 in the top of the second before Belleville got its offense in gear.

The Bucs scored four times in both the second and third innings to open up a 9-6 lead.

Lucena was key to both rallies as she hit RBI singles in each inning. Belleville also got key hits from a pair of freshmen, Melissa Taylor and Vanessa Gomez. They both drove in runs with singles in the third inning.

The Bucs also took advantage of some Montclair fielding miscues in the second.

"I think our being aggressive on the base paths helped in the second inning," Cantarella said. "Montclair was hitting the ball hard in the early part of the game and we needed to stay with them at the plate."

With a three-run cushion, Veniero settled in and pitched very well. The senior allowed just one run over the final four innings while striking out three, and most importantly, not walking a batter. Veniero also worked out of a seventh inning jam, with Lucena setting up a double play by fielding a grounder, stepping on second and throwing to first for the second out.

"This is my last chance to be a part of a sectional championship team," Lucena said. "I just want to keep on playing and see how far we can take this."

Belleville put itself in position to play Montclair by defeating Passaic in the first round of the sectionals, 4-2. Veniero pitched a solid game with five strikeouts and three walks and also paced the offense with three RBI. With the game tied at two, Belleville scored a pair of runs in the last of the third to take the lead for good.

"We played very good defense against Passaic, as well as Montclair," Cantarella said. "I've been very happy with the defense for most of the season and hopefully, we can keep it going this coming week."

NOTES: Cantarella wasn't sure if Chimento would be able to pitch in the Randolph game.

"We're hoping she might be able to give it a go, but if she has pain in her thumb, then she won't," Cantarella said. "Her health is the most important thing."

BASEBALL

Bucs advance to semis

BY MIKE LAMBERTI
for Belleville Times

The Belleville baseball team picked the best time to turn up the heat, as the Bucs won three games last week, including a 9-1 victory over top seeded Union City in the quarterfinal round of the NJSIAA

North I, Group IV Tournament last Friday night in Secaucus.

Joe Sorce's team took a 16-12 mark and four-game winning streak into a game at Randolph on Tuesday in the sectional semifinal. A victory there would assure

Binkiewicz concludes solid baseball career with NJIT

BY MIKE LAMBERTI
for Belleville Times

Craig Binkiewicz's ascent to a successful collegian baseball player took its roots under the direction of his high school coach, Alan Frank, as well as others who were instrumental in his development as an athlete, and most importantly, a young man.

Binkiewicz, a mechanical engineering major at the New Jersey Institute of Technology (NJIT) where he plans to graduate in the next year, recently concluded his baseball career with senior day at Bears and Eagles Stadium in

Newark. Among those in attendance to share his final home game was Frank, Belleville's baseball coach from 1999-2006 and a former standout baseball player at Belleville High during his days as a player in the early 1970's.

Frank's pride in his hometown has always been evident, so when Binkiewicz invited him to share in a special day, the former coach never hesitated.

"It meant a great deal for me to be a part of Craig's final college game," Frank said. "He's a tremendous young man, and was an outstanding player for me at Belleville. He and Michael Conway are the

first two players I coached who went on to play four years of college baseball. As a coach, that's pretty special."

Binkiewicz's respect for his former coach has transcended time.

"He's probably one of the most influential people in my life today, besides my parents (Craig and Lisa)," Binkiewicz said. "He made me into the hard-nosed player I am today. My work ethic, as well as my will to hate losing more than love winning came from him. I owe a lot to Alan and I consider myself lucky to have had him for a high

Golf team ends season; good luck to baseball and softball

The Belleville High School golf team finished the 2009 season with an 8-12 record.

Coached by Lucille Cerreto, the Bucs played a tough NNJIL schedule and came through with some very good results.

Junior Andre Amparo led the team with an average of 43 over nine holes. The team also featured seniors James Murgeytio and Simeon Knafo, juniors Michael Barbosa and Josh Pinker, and freshman Emil Amparo.

Belleville defeated St. Benedict's Prep, Passaic, Paterson Kennedy, Barringer twice, Paterson Eastside, Bloomfield and Teaneck. Cerreto

was pleased with the way her team competed, especially against some of the stronger teams in the league such as Bergen Tech of Hackensack, Paramus Catholic, Paramus, St. Joseph, Bergen Catholic, Don Bosco Prep and Nutley.

The Belleville baseball and softball teams advanced to their

respective NJSIAA North I, Group IV semifinals earlier this week. Both teams were slated to face Randolph, with the softball team playing yesterday at home and the baseball team on the road this past Tuesday.

If Belleville won in the semifinals, it will play tomorrow for the sectional championship. For the softball team, that would most likely mean a trip to Ridgewood, the top seed and the team that defeated Belleville in the season opener back on April 1. If North Bergen upset Ridgewood in the semifi-

the Bucs a berth in the final tomorrow at the winner of Tuesday's Memorial (WNY)-Livingston contest. Belleville is seeded ninth in the section, while Randolph garnered the fifth seed.

In addition to the win over Union City, Belleville also defeated Paterson Kennedy 10-0 and Passaic 15-5.

Sorce was very happy with the way his team responded last week at Union City.

"We knew they were the top seed in the section," Sorce said. "But we also felt we could compete with them. One thing for sure is we play in a tough conference and I think that helped us prepare for the state tournament."

Pitching on three days rest, senior captain Chris Judge turned in another sparkling effort. Judge hurled a complete game, striking out six and walking one.

Belleville led 2-1 heading into the fifth inning before breaking the game open with some key two-out hits. Vinny Wolf laced a two-run single and Dylan Steitz connected on a two-run double to account for a four run inning, extending Belleville's lead to a more comfortable 6-1.

"Judge pitched very well, especially on short rest," Sorce said. "As far as the game with Randolph, I'm thinking we'll probably go with Gerard Smallstey, but if Judge feels like he can give it a go, we'll see about that as well. I'm thinking it will be Smallstey, with Irving Pena in the bullpen and then, if necessary, Judge. If we can win on Tuesday, then we'll have a

nals, then Belleville would visit the Hudson County-based school in the final.

If the baseball team defeated Randolph, it would be on the road at either Memorial of West New York, or Livingston.

Good luck to both teams, which have put together solid seasons. Heading into this week, the baseball team, coached by Joe Sorce, was 16-12 while the softball team, led by Chris Cantarella, had put together an 18-5 record.

Don't forget that the summer baseball seasons are just around the corner and we'll have coverage of the American Legion junior and senior teams, as well as the two Belleville entries that will be competing in the Metropolitan League.

If there are other sports teams from Belleville competing in leagues this summer, please write me at mike051893@aol.com and I'd be happy to write about them.

fully rested Judge for the sectional final."

Versus Paterson Kennedy, Pena pitched a five inning complete game, allowing just two hits while fanning six. Playing in his final home game, Michael Annicchiarico had two hits to lead the Bucs.

"It was senior day and I'm glad our upperclassmen were able to play their final home game with a solid result," Sorce said. "Pena gave us an excellent effort and we were able to carry over the momentum of beating Ridgewood (in the first round of the sectionals on May 18) in a tough extra inning game."

The Passaic game featured a strong six innings on the mound from Steitz. He and Judge led a solid offense, as both had a single, double and triple in the game.

"It's not often you get two players who each have a single, double and triple in the same game," Sorce said. "We hit the ball well and got a well pitched game from Dylan."

NOTES: If Belleville and Livingston meet tomorrow in the sectional final, it would be a rematch of a Greater Newark Tournament semifinal from two weeks ago. Livingston edged Belleville in a well played contest, 6-5, in extra innings.

school coach. I will always remember number 20 on his toes, down the third base line in a pinstriped Belleville Buc uniform."

Binkiewicz's parents have also been key to his success.

"I'd like to thank my mom and dad for taking me to my games as a child and buying me my first tee-ball set," Binkiewicz said. "My parents spent a lot of time with me practicing baseball, as well as other sports."

Binkiewicz played second base during his days at Belleville High. When he enrolled at NJIT, it didn't look like he'd see a lot of playing time at that position.

"Coming in as a freshman, I was not heavily recruited, and since the team was full of infielders and stacked with upperclassmen, I was told I would see time as a pinch runner," he said.

A chance to play centerfield early in his college career provided Binkiewicz the opportunity to excel, and he never looked back.

"I didn't start the first two games of my freshman season, but I got a chance to play centerfield in the third game of that season and I never sat the bench again," he said.

His talent eventually earned him

scholarship money at NJIT, which plays a tough Division I schedule.

In four years, Binkiewicz earned a number of accolades, including the co-male Newcomer of the Year for NJIT's entire athletic program, Second Team NJCBA All-State and Second Team All-Conference honors.

He ranked 23rd in Division II, and led the Central Atlantic Collegiate Conference (CACC) in hitting at .427 before NJIT moved to Division I. His 56 hits in a season put him second all time at NJIT. He was also tabbed the NJCBA Rookie of the Week three times, and the CACC Rookie of the Week twice.

His collegiate career also included 50 stolen bases, 154 career hits and a national ranking for triples per game.

Binkiewicz's younger sister, Sandra, currently stars on the Belleville High softball team. He has an older sister, Tanya, as well.

"I'm really happy with the way things turned out for me at NJIT," Binkiewicz said. "I'm very grateful to so many, including Mr. Locarro, who owns Lefty's Sports Academy in Clifton, where I train all year round. Mr. Locarro gave me a place to work out, a place to better my talent and I'd like to thank him, too. He gave me life's lessons that I will take with me wherever I go."

Belleville Foundations re-elects officers, awards scholarships

At the annual meeting of the Belleville Foundation the following officer were reelected: Rene Gab-bai, President; Steve Rovell, Vice-president; Matha Bowden, Secretary; Al Schmitt, Treasurer. Lou Pallante was named as a new

Trustee and reelected, as Trustees were Carol Casale, Robert Gac-cione, Lori Ippolito and Arlene Schor.

Ion another action, the trustees announced that the Foundation will award \$7,500 scholarships and \$10,000 in student loans to new

and recent graduates of Belleville High School.

Founded in 1942 by members of the Belleville business community, the Foundation devoted much of its time engaging in charitable and social welfare work, promoting medical advances, and supporting educational endeavors.

Among the grand awarded between 1963 and 1974 included \$270,000 to Clara Maass Hospital and \$41,000 to local churches and high school activities.

In 1975 the foundation elected to restrict its activities to a scholar-ship fund, providing loans and scholarships to graduates of Belleville High School.

Records are incomplete for the early years, but it is estimated that since the Foundation was estab-lished, more than half a million dollars has been distributed to may charitable causes in the township.

Rotary International offering scholarship

College students may apply for up to \$25,000 in scholarship aid for either undergraduate or post-graduate study abroad from Rotary International. The Rotary Foundation of Rotary International, under its Ambassadorial Scholarship program, will fund one year's study in a foreign country including round-trip transportation, tuition and fees, room & board, some educational supplies and language training (if necessary) up to a maximum award of \$25,000.

The scholarships, which are designed to further international understanding and goodwill, provide for study abroad in more than 160 countries where Rotary Clubs

are located. During this year overseas Rotary Foundation Ambassadorial Scholars act as "ambassadors of goodwill." Through appearances before Rotary Clubs, schools, civic organizations and other forums, the scholars represent their homelands and work to further international understanding. One Ambassadorial Scholarship is available from Rotary District 7470 for the 2010-11 academic year.

Applicants for these programs must live, work or attend college within the boundaries of Rotary District 7470 (Essex, Morris, Warren and Sussex Counties) and must meet the qualifications set forth by

the Rotary Foundation. Applications for these scholarships can be downloaded from www.rotary.org and are due July 1, 2009.

The Rotary Foundation scholarship program is the world's largest privately sponsored international scholarship program. Focused on humanitarian service, personal diplomacy and academic excellence, the program has sponsored over 37,000 Rotary scholars since it began in 1947.

facility, but the costs were seen as prohibitive in light of the promised recreation facility from NJTransit.

Burke said she does not see the logic from a safety perspective of placing a recreation center next to a fire station with engines speeding out to fires. The Shafter Branch library of Silver Lake might also be there, which she said was equally not sensible.

Rather than spend what Burke said was \$750,000 at that site, she wants, if not a two-story rec center, than one story with county officials seem willing to help.

Resident Vincent Frantantoni said the bids to refurbish the house were sought at cost to the town, instead of the township just maintaining the structure. He said the

town is going to lose another building, and will probably never rebuild.

MOUNTAINSIDE HOSPITAL

Holding on to hope in faith and in one's life

Malcolm Muggeridge was a very famous and highly respected British journalist who for many years was an ardent atheist. His opinions and thoughts were desired by American publishers and he occasionally wrote the editorial page for Time magazine. In the 1960's he and his wife became Christians. He was once invited as a guest speaker at a breakfast in

Washington, D.C. where he shared his life story. When he had finished his testimony, he made a number of comments about world affairs, all of which were very pessimistic. One of the reporters present asked, "Dr. Muggeridge, you have been very pessimistic. Don't you have any reason for optimism?" He replied, "I could not be more optimistic than I am, because my hope

is in Jesus Christ alone." He allowed that remark to settle in for a few seconds, and then he added, "Just think if they first century church had pinned its hopes on the Roman Empire!"

Hope. We cannot live adequately without it. Someone wrote, "What oxygen is for the lungs, such is hope for the meaning of human life. Take oxygen away and death

occurs through suffocation, take hope away and humanity is constricted through lack of breath; despair and hopelessness set in."

As believers we have a blessed hope to which we look forward. It is the return of our Lord Jesus Christ to usher in his kingdom in all its fullness. When we read the word hope in the New Testament we forget that we have to go to the Greek to understand its meaning. When we say "hope" we generally mean something that might come to pass. For example; we hope to win the lottery. We certainly don't expect to win but we hope we might win. Although out chances of winning are remote yet we still "hope."

But there is a verse in the Bible in Titus 2:13 (New International Version) says, "While we wait for the blessed hope—the glorious appearing of our great God and savior, Jesus Christ."

The word "hope" in this verse in the original Greek means something that will, absolutely, positively come to pass. So when it refers to the return of Christ as our blessed hope, it is referring to something that we can count on coming to pass. It is an absolute certainty. Most people are not interested in studying Bible prophecy. Most do not realize that

23 of the 27 New Testament books refer to the Second Coming. More than one-fourth of the Bible is prophecy for those of us who are believers we are looking for the return of Christ; this is our only hope and glory. The author of the book of Titus is the apostle Paul and he did not go into detail about the events surrounding the return of Christ. But he did say that believers should always be expecting his return and live like those who will see him face-to-face. In a world that seems at times filled only with malice and sadness, headed quickly toward its own self-destruction, believers say, "Look up-your redemption draws nigh." Jesus himself prayed concerning a day when God's will would be done on earth as it is done in heaven. On another occasion, as Jesus sat at what we call the Last Supper table with his followers he declared that he would not eat with them again until his kingdom came in fullness. It is that same day toward which we look to with anticipation.

Someone may be asking, "Are you sure Christ will come again?" The believers say, "Yes, we are sure."

WHAT'S THE HARM?

Patients may ask themselves what harm can come of drinking a glass of wine when taking prescription medication. The fact is that antibiotics, among other drugs, do not "go" with alcohol. For instance, alcohol can interfere with the absorption of erythromycin or the efficacy of doxycycline. Moreover, taking even a sip of alcohol with antibiotics or antifungal medications such as cefoperazone (Cefobid), ketoconazole (Nizoral), metronidazole (Flagyl), and tinidazole (Tindamax) can lead to flushing, nausea, abdominal cramps, low blood pressure, rapid heartbeat, and shortness of breath. These unpleasant symptoms, which are collectively known as the "disulfiram-like reaction", are named for the drug prescribed to help problem drinkers resist alcohol. So, check the label of all drugs for an alcohol warning.

If you take any of the above mentioned medications, please don't consume alcohol. At ROSSMORE PHARMACY, we are much more than simply a place to have your prescriptions filled. We have trained and caring staff that can assist you. Come to 338 Washington Avenue or call 973-759-1968 or 973-759-1956 if you have questions regarding alcohol consumption and the medication you are taking. We are Medicare, and Blue cross approved. We are open 7 days a week, including Sundays from 9am to Noon. Greeting cards, cosmetics, toiletries, cameras and film, timex watches, radios, baby needs, Russell Stover candies, and other gift items are available. We also offer Free delivery. Your Doctor Knows U-Your Doctor Trusts Us.

HINT: Avoid alcohol for three days after finishing a course of antibiotics so they can clear the body.

Local police cracking down on right-of-way driver violations

Belleville law enforcement officers will be cracking down on drivers who fail to yield the right-of-way to pedestrians. Warnings or citations will be issued. The campaign will follow the New Jersey Division of Highway Traffic Safety's Pedestrian Decoy

Program. New Jersey has one of the nation's highest rates of pedestrian fatalities. Despite laws to protect pedestrians, 20 to 25 percent of traffic deaths involve people on foot. Pedestrian enforcement is a vital

tool for reducing deaths because rules not enforced are often ignored, according to authorities. It also gives credibility to engineering and education efforts resulting in increased compliance and awareness. Failure to comply carries a \$100 fine. The focus will

be on drivers who are expected to meet a higher standard. Pedestrians include youth, students, persons with disabilities and senior citizens who cannot drive. They are the most vulnerable road users. Physics dictates that in a crash

between a motor vehicle and a pedestrian, the pedestrian will lose. Pedestrians can't be expected to use crosswalks if drivers do not yield at crosswalks. For more information contact, Sgt. Gerard Corbo at 973-450-3405.

Career counseling and resume writing

The career counseling and resume writing one-on-one classes at the Belleville Public Library and Information Center have been extended through June.

Call the Circulation Desk at 973-450-3434 to register for a Tuesday or Saturday slot. Each class will be scheduled for approximately half an hour.

Further help and information can be found online at the library's

Web site at www.bellepl.org. You can check out the vault database for information about careers and industry backgrounds.

All teens are invited to join the Teen Advisory Council, which meets the last Monday of every month.

As a member, teens are given the opportunity to assist in creating teen programs, participate in special projects, create teen book displays, select and review books, music, movies and more.

Membership looks great on resumes and college applications and counts towards community service. Snacks are served, too.

Teen Center activities

In the Teen Center every Tuesday and Thursday from 3 to 5 p.m. there will be Wii, Guitar Hero, DDR, board games and fun. There is also an Anime/Manga Club. You can meet others with similar interests, watch new Anime and discuss your favorites. Register at the Teen Center or call 973-450-3434.

encouraged to decorate their tents for the event around this theme. Prizes will be given for the best decorated. Special events are scheduled throughout the evening such as midnight volleyball tournaments, bingo, softball games and more.

"Relay For Life", the American Cancer Society's signature event, is an overnight celebration of hope, progress and answers. Relay For Life is a unique event that raises community awareness of prevention and detection of cancer and of services for those currently battling the disease, while raising much-needed funds in the fight for the cure. Preparing for the event requires

the work of many different sub-committees. These include ones for membership, luminaria sales, entertainment, logistics, advocacy, cancer control and online fundraising just to name a few.

The opening ceremonies will begin at 6:30 p.m. and are dedicated to cancer survivors, who are our honored guests for

the evening. They proudly walk the first lap, demonstrating for all that there is hope in the fight. As the sun goes down, Relay For Life becomes quite emotional as survivors are honored and loved ones are remembered with a candle lighting ceremony. The track becomes quiet as participants take time to mourn loved ones and rejoice at those who survived. Teams participate

in planned entertainment, listen to live music and a DJ, and enjoy camaraderie with teams participating from every part of the community, including friends, co-workers, local businesses, and community groups. It's not too late to register! Go to the Web site www.relayforlife.org/NutleyNJ and create a team, join one of the many committees, or make a donation.
