## Board attorney hiring still at issue

BY RICHARD DICKON  
of Belleville Times

School board members Monday night again found themselves defending their decision to replace the experienced school board attorney with an attorney who has never served a school board before.

Board members pointed to new attorney Alphonse DeMeo's six years as a school board member several years ago, including time as board president, and a cost savings expected with his hiring.

Resident Jeanne Lombardi posed a series of questions to the school board, saying she had heard rumors and wanted to determine fact from fiction.

"I'm confused about how this was handled, and why it was done so," Lombardi said.

She asked how many firms answered the request for proposal put out by the board, how many had experience working with other school boards, how many were interviewed, and if there was a call for prior experience with a school board.

"What criteria did you use to recommend [DeMeo]," Lombardi asked.

Board President Joseph Longo and board member Carmen Bucco answered the questions. Bucco was part of a three-person search committee that included board members Judy Piscatowski and Eric Schwartz.

Longo said that when questions were raised at the June 8 board meeting he said he did not have the RFP (request for proposal) with him. Also, he said he did not know until the board went into a

protracted private session to discuss personnel that a recommendation to replace Frank Pomaco would be made and approved.

Pomaco had served 23 years as board attorney and was part of a firm with years of school board experience. DeMeo is a sole contractor, residents have complained.

Longo said the committee came up with its own process, but "cost was a factor."

"We are getting a one-third savings," Longo said. "The school budget has \$20,000 saved for legal expenses."

Bucco said, "I was the chair of the committee. Cost savings was a big factor. The town's people said the district doesn't have the money. Everybody has experience."

Longo expanded on the experience factor, saying DeMeo served

six years on the board, and has been an attorney for at least 15 years.

"I don't think education law is a specialty," Longo said. "The [specification in the original RFP] was to have five boards as clients. Pomaco would not have made it." That requirement was removed.

He said one of the other candidates just received a contract not to exceed \$250,000, an hourly rate of \$165 "off retainer" and \$100 per hour for paralegal work, strengthening the argument for cost savings.

"We will give Mr. DeMeo a chance," Longo said. "We have confidence that Mr. DeMeo can do the job."

Board members Vincent Strumolo Jr. and Eric Schwartz, who voted against replacing Pomaco, were absent Monday night.

THURSDAY, JUNE 25, 2009 BELLEVILLE TIMES

**June 17**

■ A theft was reported from a home in the 80 block of Jefferson Street at 4:07 p.m. A storage shed was reported missing from the driveway. The victim said they had recently purchased an Arrow storage building shed for \$545. They temporarily placed the shed at the edge of the driveway, secured to a fence with a rope. It was noticed to be missing at about 4 p.m., but another family member said it was still there at 3 p.m. Police are investigating and have no suspects at this time.

■ A theft was reported to a home in the zero block of Academy Street at 4:11 p.m. The victim told police that an aluminum garden hose reel had been taken from the rear yard. It had last been seen on Sunday, June 14.

■ A theft of service was reported from an apartment residence in the 720 block of Joralemon Street at 1:54 p.m. The complainant said

that in December 2008 they had fitted a customer for male custom ordered suits, shirts and other items. The total value was \$17,891. A wire transfer of \$5,000 was sent as a deposit. With the order complete and ready to be delivered, the customer advised the complainant that they were having financial difficulties and would be unable to pay. After several cell phone and text messages were sent, the complainant lost contact with the customer. Still due is \$12,891. Police are investigating and have no suspects at this time.

■ Police arrested and charged Shawn McCagh, 25, of East Rutherford with possession of heroin at 3:29 p.m. After police were cut off and nearly collided with a 1998 four-door, gold Mercury vehicle, they conducted a motor vehicle stop at Route 21 South and Third Avenue. Police said the suspect had his hands in his pants, and said, "I don't want to

go to jail."

When asked what he was hiding, police said the suspect said, "two bundles of dope." He was taken into custody and arrested. The suspect also received a summons for careless driving. He was released on his own recognizance.

■ Police arrested and charged Patricia Piacenza, 46, of Bloomfield with throwing bodily fluids at an officer and being a disorderly person at 8:44 p.m. After police responded to a report of a suspicious female near Harrison Street and Brighton Avenue, they spoke to a mother and daughter, with the daughter, who was walking her dog, confirming that the suspect had asked her if she wanted to buy marijuana.

When police found the woman, she became irate, screaming obscenities, and being repeatedly warned that she would be arrested if she did not stop. She was finally arrested, and spit on the forearm

of a police officer. Bail was set at \$500. She had a \$500 Belleville outstanding warrant and a \$1,000 outstanding Bloomfield warrant.

**June 20**

■ A burglary was reported to a warehouse at 681 Main Street at 4:51 p.m. Workers at the warehouse said they locked up the building, and went back later in the day to discover that one door was open and the lights, which had been turned off, were back on. The padlock used to lock the door was open. There were no signs of forced entry and nothing was reported missing.

## Freeholders in town tonight

The Essex County Board of Chosen Freeholders is coming to the Belleville Town Hall Council Chambers Thursday, June 25, at 7 p.m.

The agenda includes a public hearing on Ordinance No. 0-09-0018, which is a bond ordinance providing for the improvement of Essex County College, appropriating \$1.5 million and the issuance of \$1.5 million in bonds or notes for financing the appropriation.

Public comment will be heard on the ordinance only.

## July 4 celebration an all-day event

Belleville's Fourth of July celebration will begin with field day activities for children ages 4 through 12 on Saturday, July 4, at 9:30 a.m. at Municipal Stadium.

They will include the three-legged race, sack race, 25, 50 and 100-yard dash and tug of war. Free watermelon slices will be available.

Fireworks are at sundown, approximately 9:20 p.m. The event is sponsored by the Township of Belleville.

## To Your HEALTH

**Dr. Donna A. Pontoriero**  
Chiropractor

### CHIROPRACTIC AND RUNNER'S KNEE

Though they are best known for their manipulation of the spine, chiropractors are trained to treat and restore proper alignment to other joints of the body. It's well known that top-flight professional athletes like Tiger Woods get regular chiropractic treatment to keep them at the top of their games. More and more these days, chiropractors find themselves working with people whose injuries or discomfort have been brought on by sports. If chiropractic treatment can give Tiger Woods an edge on a golf course, think what treatment might do for you.

Running is one of Americans' most popular forms of exercise, and strong knees are critical to the activity. Long-term wear, overuse, or a sudden injury like a twisted knee can cause muscles or tendons to over-stretch or strain, and the ligaments to tear or joints to mis-align. If you develop a knee problem, a chiropractor can help. Treatment will depend on the cause of the problem. Dr. Pontoriero may manipulate the knee, foot, hip or spine to relieve pressure and restore proper alignment. These adjustments can improve range of motion, reduce pain and lessen knee stiffness.

# Board, council to study School 1 options

BY RICHARD DICKON  
of Belleville Times

School officials said Monday night that a plan to work with the Belleville Township Council on a feasibility study for the long underutilized former School No. 1 is moving forward, the first time the two governing bodies have officially joined forces to examine what to do with the property.

This comes after earlier conversations between the two sides this year under a different interim superintendent of schools where the two sides shared ideas about a possible public/private partnership use of the property. That began in January.

School Board President Joseph Longo said, "We have had conver-

sations with the town council about what to do with School No. 1. The council is planning tomorrow night [this past Tuesday] to officially apply for a grant for a feasibility study." The council is also letting members of the Planning Board know about the study.

"That's so it doesn't suddenly get dumped in their laps," Longo said. He said the two sides plan to schedule a meeting "in the near future to bring everyone up to speed."

Belleville's township manager earlier lauded the then superintendent Melindo Persi for sharing plans, but said he had doubts about any plan that might involve spending public money. Persi has since been replaced by interim Superintendent Deborah Perri.

The sale of the property for \$2.4 million officially died last year, and school officials are planning the next move for the property.

The purpose of the earlier meeting, according to officials was to review what a public/private partnership was, and that a consultant for a developer was on hand at the meeting to discuss possible options. Among the options are building senior housing units on top of a retail development, or the use of the property to build board of education or council offices, officials said.

The advantages of a public/private partnership for the property include the school district retaining ownership of the property, something that critics of the property's sale had cited as a reason against

a one-time only revenue for selling the large piece of property, officials said.

If retail is built at the site, then the township would receive tax revenues, and 20 years later the property would revert back to the school district. If senior housing units were built, the money from the sale would be used to pay of debt service on any bonding needed to fund the project, officials said.

Officials continue to stress that they are not tied to any specific developer at this point.

Persi said at the time that the plan is no different in many ways than a developer going through the township to develop a property, and that a key element is that revenues from whatever is done with the property would be used to pay

off bond indebtedness.

Resident and frequent critic Vincent Frantantoni has called the plan "a back door maneuver" to allow developers to make money at the expense of taking school property that should be kept for use by the schools.

While a decision on the school property has not been made, the money that was supposed to be raised by its sale to fund badly needed school improvements is not coming, and Longo has said that also must be addressed.

Frantantoni has led a small but vocal opposition to the school's sale, saying real estate is too valuable to sell and that the land might be needed for use as a school if the student population in the Valley area increases enough.

## FIELD

# Turf project is moving forward

BY RICHARD DICKON  
of Belleville Times

Township officials discussed details of installing a synthetic turn field at Municipal Stadium, including a timetable for beginning the process and specifics about the type of turf and colors used.

Despite possible concerns that the field might settle and shift over time, the Belleville Township Council is pressing forward with the plans.

At the June council work session, Township Manager Victor Canning said the wall in front of the stadium collapsed and the railing has been taken down, but it did not affect the June 18 high school graduation or will not affect the July 4 fireworks display.

Township Engineer Thomas Herits said he was "shooting for the end of the month" to have all competitive bidding documents completed and to open up the work "this summer."

He said the township has received at least \$675,000 in grants from Essex County sources toward the \$1.3 million price tag and Canning said, "There is a strong likelihood there will be more."

Carl O'Brien is overseeing the installation of the turf for Herits' office, and he said different types of turf at different costs could last either six to 10 or eight to 10 years. The life of the turf would depend on whether a separate practice field is installed to take

# Burke: A new center will replace Friendly House

BY RICHARD DICKON  
of Belleville Times

The councilwoman who has reluctantly agreed to demolish the former recreation center known as the Friendly House in Silver Lake is making a bold promise that something new will come to take the center's place.

Meanwhile, a resident who has said repeatedly that the structure should be saved presented a list of questions to be answered, but the Belleville Township Council refused to delay the awarding of a bid to take down the building.

First Ward Councilwoman Marie Strumolo Burke said that with the structure coming down, "It will never, ever happen that

there is nothing for Silver Lake. We will put something there. We will find some money. As long as I am breathing, something is going there."

Meanwhile, resident Vincent Frantantoni presented Burke and the council will 10 questions about the Friendly House repairs/renovations that Burke asked the council to consider before approving the demolition. The council did not vote to do so.

Among the questions Frantantoni asked involved what actual violations caused the building to close, why the pool cannot be used, and a suggestion that estimates be sought to fix damaged

## CORRECTION

The Times misspelled Eleanor Strollo's name in a picture from the Nutley-Belleville Columbus Day Parade Committee's Italian Food Festival on page 3 picture last week.

## Feasibility study is first step for School 1

The former neighborhood School No. 1 sits on a full city block on Rutgers Street, year after year, serving a greatly reduced purpose from its once vital role in elementary education.

From a distance, it still looks like the once mighty structure it was, prompting a small but vocal group of residents to call for it to be saved, rehabilitated and used again for educational purposes. If it were only that easy.

With all of the problems that an aging school can have, such as asbestos removal and other needed "retrofitting," the possibility of bringing it back to be used as a school are a multimillion dollar pipe dream, like it or not.

So that has left the long-standing question, what does the district do with a valuable piece of

real estate? Sadly, the answer has been further muddled by real estate values, which have been severely damaged by the mortgage crisis and the housing boom going bust.

All of this needs to be answered at a time when money is needed for repairs to vital infrastructure, including roofs at the high school and middle school and the need at some point to rebuild the outdated School No. 4.

In the midst of all this, an idea was floated earlier this year by a former interim superintendent and a surprisingly receptive township council to enter a public/private partnership. This seemed to be heading like an out-of-control freight train to an ill-advised, quick decision without proper investigation.

It was comforting Monday night then, to hear that the board of education and council are joining forces to fund an official feasibility study of the best ideas for the property. Residents must hope that such a study is completed quickly but with the necessary due diligence that seemed to be lacking from the rushed public/private partnership idea.

The future of the School No. 1 property is too important for a hasty decision that officials and especially overburdened taxpayers will regret down the line. The feasibility study should be the first step in a deliberate, measured process to find the best solution for all of Belleville.

Congratulations to our 2009 Belleville High School graduates. Wow! Did you hear that BHS seniors Chris Judge and Shawn Gonzalez made the First Team All County in baseball? While I'm boasting, let me say that my grandson Anthony Joseph Gammara, or AJ as they call him, made the Third Team All Essex County from Cedar Grove.

\*\*\*\*  
Boy, did I goof big time. In one of my columns, I mentioned that a 20-gun salute should be given. Well, guys, guess what, there is no such thing; it is a 21-gun salute.

A 21-gun salute is that when a veteran passes, seven men fire their rifles three times, which makes 21. How about that?

I even learned that the year 1776 means 21. How, well if you add 1 and 7 which is 8, and add 7 and 6 which is 13, they equal 21. No, I am not that smart; it came from our own, George Prezioso of Naples Avenue. Everyone knows him, he is our war hero.

It's time to wish a few residents a happy birthday.

Happy belated birthday to Grace Constantino who hit the ripe ole' age of 75 on May 28. No matter what job you give Grace, she does it with dedication. She is a worker at St. Anthony's Bingo and the secretary for the Silver Lake Civic Association. She is like the energizer bunny, she keeps going and going and going. Keep up the good work.

Our next birthday gal is Grace Dondarski of Florence Avenue. She celebrated her day on June 21 and hit the 76th plateau. Grace is a community activist who never gives up her beliefs. She is a person who you always

want on your team because she will fight to do what is right. She has been happily married to Stanley for 57 years. They have five children and 11 grandchildren. Happy, happy, Mrs. Dondarski.

Hey kids, don't forget that the Shafter Branch in Silver Lake and the Main Library on Washington Avenue have started their Summer Reading Program. This year's theme "Be Creative." There is a variety of programs at both libraries.

There is also an updated Summer Reading List. Remember kids, there is a required Summer Reading List. So, see Mrs. Infusino at the Shafter Branch,

and she will be very happy to help you. The library is promoting Reading During the Summer.

\*\*\*\*

Get well wishes to Jonathan Serrano of Heckel Street. He was in a car accident, and I am happy to report is on the mend and doing fine. Get well, Jonathan, we love you.

I am also happy to report that my husband Charlie is finally home after months of being in the hospital. I thank everyone for the Mass cards and get well wishes. "Walter Winchell" really appreciates it.

And remember, we love Silver Lake.

##### TO THE EDITOR:

I received a message from a press reporter from Asbury Park Press ("Schools chief, fired in Brick, is let go by another district," May 23), inquiring about the employment status of Belleville Interim Superintendent Melindo Persi. I called back but

did not receive a return call. I would have explained that Persi was not fired from Belleville, but that his contract was simply not extended. I would have also told of the magnificent job that he did while he was with us.

In just over six months, his accomplishments were amazing, he revised and recommended 27 curriculum guides, passed the state's monitoring process, implemented a strategic planning process that included staff, students

and residents and facilitated the development of the Belleville Education Foundation.

He assisted in the naming of the high school auditorium after the Class of 1955 graduate Connie Francis and facilitated communications with Francis for a gala held in her honor.

He organized the partnership with the Belleville Township Council to receive a \$20,000 grant to study the uses of a closed school building. He revised the K-2 program to ensure reading success for all children by grade 3. He recommended and was in the throes of implementing a cutting-edge Apple One Technology Program for all middle school students.

Persi recommended a professional development program for certified staff to be trained on various teaching methods and strate-

# Insurer suggests 'cooperative' approach

BY RICHARD DICKON  
of Belleville Times

Would you pay \$600 at the start to possibly save thousands for years to come on energy costs?

That was the proposal made to the Belleville Township Council recently by James Kickham, who has worked in risk management for the area Joint Insurance Fund to try and save individual towns money on insurance by participating in a larger pool of municipalities.

Kickham described a sustainable, stable energy plan to the council at the June work session. He said that if a minimum of 200 municipalities statewide agree to become part of the plan, those involved would take the aggregate and "go out to a worldwide market for a reverse auction" and then "strike a price." If that price is acceptable, Belleville could accept as its new cost for a particular part of its energy costs, whether it is gas, oil or electric.

"We will only act if a municipal-

ity says it is correct," Kickham said. Natural gas would be different, he said, where the plan would strike a price with PSE&G for a one year contract only if the reverse auction "can deliver a better price," he said.

If Belleville participates, Kickham said, over the long-term it can look at other energy items like solar panels.

As an example, he said, solar panels could be purchased by 30 to 40 towns at once. Another example would be energy audits. Each

of these things could be put out to bid.

"We could facilitate all of these operations," Kickham said.

For any of this to happen, he said, "We need to get 200 municipalities by July, or we'll return the check. We already have over 75."

Second Ward Councilman Steve Rovell said this could be like "creating a cooperative."

Township Manager Victor Canning said it was up to the council whether or not to participate, but offered his take.

"These are experts who know the market, and they can help us get the best price," he said. "For \$600, knowing what we could get, it's a no-brainer. Just joining multiple towns helps. It's supply and demand."

Kickham is senior vice president risk management practice leader for PERMA Risk Management Services of Saddle Brook.

The council took no formal action on the plan at the meeting.

# Native's service recognized with honorary diploma

BY ELEANOR M. STROLLO  
Guest Columnist

In December of 1945, a young man in Belleville went to Newark with his two buddies to enlist in the U.S. Navy. Although World War II ended that year, these three young men, still attending Belleville High School, were facing being drafted into military service. All three wanted to make their own choice of the branch in which to serve their country.

Unfortunately for them, the Navy quota was filled, but just that day a marine recruitment center had opened. Richard Gross of Charles Street in Belleville was the first to enlist. His buddies didn't join him. Richard (known as Dick) left for the Marines on Jan. 1, 1946.

At a 50th Belleville High School class reunion, Dick mentioned to me that he never received his high school diploma, although he had attended summer school and made up the credits.

He went on after completing his military career, to a great career becoming a fisheries biologist (as a kid he loved to go fishing) to become director of the New Jersey Division of Fish and Game in the 1960s. He enjoyed many titles through the years and even spent two years on loan to Cornell Uni-

versity in New York to assist in developing an education program on coastal marine resources. Through the years he still missed not having his high school diploma.

In 2008, Mel Persi, then interim superintendent of the Belleville school system, and I met roadside viewing the Columbus Day Parade. In conversation as veterans in the parade were passing, I mentioned Dick's story. Persi said he would gladly make the diploma a reality for this now 80-year-old man.

So, on May 21, 63 years later, Dick's dream came true at the annual Senior Awards Night at Belleville High School, he was presented his honorary diploma by William Freda, vice president of the Board of Education. Cane and all,

he walked so proudly to the stage to receive his coveted diploma.

He retired from the National Park Service in 1987.

Dick has been away from Belleville roots a long time and lives in the small town of Matamoras, Pa. He and his wife Kathy have a big family of children, grandchildren and great-grandchildren. But he is the first to respond to our high school reunions, which have been many. In a few short remarks to Belleville's award recipients, he told them to love life, work hard but to take time to smell the roses.

He never forgot the town that gave him a great education and wonderful friends.

# Belleville police announce National Night Out

On Tuesday, Aug. 4, the Belleville Police Department is inviting neighborhoods to join forces with thousands of communities for the national crime/drug prevention event, the 26th Annual National Night Out.

National Night Out, sponsored by the National Association of Town Watch and locally by the

Township of Belleville, will involve more 9,500 communities from all the 50 states, U.S. territories, Canadian cities and military bases around the world. In all, more than 31 million people are expected to participate in "America's Night Out Against Crime."

National Night Out is designed to:

- Heighten crime and drug prevention awareness;
- Generate support and participation in local anti-crime efforts;
- Strengthens neighborhood spirit and police-community relations; and
- Send a message to criminals letting them know neighborhoods are organized and fighting back.

Lock your doors, turn on your outdoor lights and spend the evening outside with your neighbors and the police.

The township police department views national night out as an ideal opportunity to build neighborhood unity and strengthen police-community partnerships in the fight for a safer America.

For block parties for National Night Out, register with the township.

For more information, contact Sgt. Gerard Corbo of the Belleville Community Police Unit/Traffic Bureau at 973-450-3405 or 973-450-3348.

## Joseph E. Enright Foundation offers scholarships in medical fields

The Joseph E. Enright Foundation is offering scholarships for students who are pursuing a field in healthcare including but not limited to nursing, radiology, medical and pharmacology.

Students who reside in central to northern New Jersey are encouraged to apply.

The scholarships further the Joseph E. Enright Foundations mission to provide "Health Through Education."

The foundation also sponsors a health lecture series offered to the general public as well as Continuing Medical Education programs for physicians, nurses and other health professionals.

Each scholarship award is \$1,000. A short essay stating what the applicant is studying and why the applicant chose a career in

healthcare should accompany each application.

Applicants are chosen based on the strength of their application and the essay.

Additional information and applications can be printed from [www.josephenrightfoundation.org](http://www.josephenrightfoundation.org) or requested by calling 908-464-0277. The application deadline is June 30.

# 10 Nutley Recreation Department hosting Summer Concerts

The Nutley Recreation Department's annual Summer Concert Series returns Thursday, July 23 at 7:30 p.m. at Memorial Park I (the Mud Hole). "The Cameos" are scheduled to lead an evening of timeless classics, encompassing Oldies, Doo-Wop and more. The Cameos were founded in 1959 by Roger "Mr. Bassman" DelRusso, who at age 17 had a lifelong enthusiasm for the harmonies of Doo-Wop music. The rain date is Thursday, July 30.

For more information, contact the Nutley Recreation Department at 973-284-4966 between 8:30 a.m. and 4:30 p.m.

## THE GO GUIDE

# Free concerts underway

The public is invited to attend the 2009 Essex County Free SummerMusic Concert Series.

The Free Concert Series brings a diverse group of musicians and entertainers to locations throughout the historic Essex County Park System and provides residents with an evening leisure activity to enjoy at the parks.

The series kicked off June 20. Highlighting the series are two performances by the New Jersey Symphony Orchestra, with two spectacular fireworks displays scheduled for Thursday, July 2 in Brookdale Park and Tuesday, July 7 in Branch Brook Park. Over the 10-week schedule, 25 concerts featuring some of the best local and international acts in Doo Wop, jazz, rock 'n roll, big band, reggae and more will be featured.

"Our Free Concert Series offers a multi-talented schedule of performers who will take center stage in venues throughout our historic Essex County Park System," said Essex County Executive Joseph N. DiVincenzo, Jr.

### Concert Series schedule

Tuesday, June 30 at 7 p.m. at Independence Park, Newark: Nanny Assis  
Thursday, July 2 at 7:30 p.m. at Brookdale Park, Bloomfield/Montclair: New Jersey Symphony Orchestra and Fireworks Spectacular  
Tuesday, July 7 at 7:30 p.m. at Branch Brook Park, Newark: New Jersey Symphony Orchestra and Fireworks  
Tuesday, July 7 at 7 p.m. at Monte Irvin Orange Park: Bradford Hayes  
Thursday, July 9 at 7 p.m. at Irvington Park: Vincent Ector Quartet

Concerts are held at accessible sites. Persons who require special accommodations or assistance are asked to call at least two weeks prior to the concert to alert staff as to their needs. Admission to the concerts is free, but there is a \$2 parking donation for concerts held at Essex County Brookdale Park, Bloomfield/Montclair.

– For more information, call the Department of Parks, Recreation and Cultural Affairs at 973-268-3500. TDD #711.

# Tony Orlando, Paul Anka & Ann-Margret back at Caesars'

The big news this week is the closing on the sale of the trouble-plagued Tropicana to billionaire investor and former casino mogul Carl Icahn. Some 18 months after previous owners were declined renewal of their casino license, the property has been up for grabs with several reported bidders. Originally expected to sell for \$1-billion or more, the property's perceived market value suffered with the recent decline of AC's overall gaming industry, and most of the prospective bidders fell by the wayside. Reports have Icahn's group settling on a bargain-basement price of \$200-million. Additionally, there will be no exchange of monies, as the \$200-million will simply be deducted from the \$1.4-billion mortgage Icahn and associates already hold on the property. Considering that this is a no-cash deal, and taking into account Icahn's purported personal assets, there's conjecture that a significant investment will be forthcoming to bring the property up to a standard equal to or surpassing most of the neighboring Boardwalk casino/hotels. The purchase includes over 2000 guest rooms, 140,000 sq. ft. of gaming space, and the The Quarter, a shopping/dining/entertainment complex opened five years ago at a cost of \$285-million – more than the amount Icahn and his associates are now paying for the entire Tropicana property.

While the musical production of "Fame" continues with a half-dozen or so shows weekly, Trop is still booking headliners and special attractions for weekends, and Saturday the Trop Showroom will unveil the premiere performance of a sexy new stage show "Live Nude Comedy" hosted by Shannon Elizabeth. The single performance, based on the Showtime series of the same name, promises a unique mix of neo-burlesque, stand-up and sketch comedy, shattering all traditional conventions to deliver a salacious new brand of entertainment. "Live Nude Comedy" features actor/comedian Andy Dick,

Comedy Central's Greg Giraldo, YouTube sensations The Whitest Kids U'Know, and is hosted by American Pie's Shannon Elizabeth. The risqué live event will also feature some of the hottest burlesque dancers straight off Hollywood's legendary Sunset Strip. The show features over 90 minutes of music, dance and pure hedonism. Showtime at the Tropicana Showroom is Saturday at 9 p.m. "Live Nude Comedy" features adult content and all guests must be 21. Tickets are priced at \$35 to \$75.

Shannon Elizabeth will also be hosting Tropicana's poker tournament on Friday evening starting at 7:15 p.m., with a \$100 buy-in and \$22 entry fee. To register call 1-888-POKER AC, press 3 or visit the Tropicana Poker Room.

In keeping with the roaring success of Resorts' Boogie Nights nightclub, featuring dance tunes from the '70s and '80s, the property has booked the wildly popular group Boyz II Men who'll appear live in the Superstar Theater Saturday night. Boyz II Men's clean-cut "retro nouveau" image, synchronized dance routines, and polished stage act were key to their rapid rise to stardom. They've recorded five Number One Pop hits and 12 Top-10 R&B singles, sold more than 60 million records worldwide, and earned a host of awards including four Grammy Awards. "End of the Road," recorded for the soundtrack of the 1992 Eddie Murphy movie *Boomerang*, quickly became Boyz II Men's all-time biggest hit, and it's a sure bet fans will be treated to a reprise of this one, as well as some more recent releases

from Motown: A Journey Through Hitsville USA, for which the Boyz brought their special approach to a dozen or so all-time Motown hits including Marvin Gaye's "Mercy Mercy Me," Smokey Robinson & the Miracles' "The Tracks of My Tears," the Temptations' "Just My Imagination," and the Stevie Wonder favorites "I Was Made to Love Her" and "Ribbon In the Sky." Boyz II Men will perform at Resorts Saturday at 8 p.m. Tickets are \$45 and \$35.

Talk about retro/nostalgia, this weekend Borgata brings The Smothers Brothers to the Music Box theater for a single performance Saturday night. Of all the classic comedy teams, few have enjoyed the enduring success of Tom and Dick, with their cutting-edge humor, both timeless and frequently ahead of its time. Saturday at 9 p.m. Tickets are \$39.50.

To mark the property's 30th anniversary this summer, Caesars has called back classic stars Tony Orlando, Paul Anka and Ann-Margret who were among Caesars' very first headliners in the summer of '79. The dynamite reunion show will be at the Circus Maximus Friday at 9 p.m. Tickets range \$55 to \$105.

One of my own favorite AC spots is The Deck at Trump Marina, the great outdoor party-place overlooking the fabulous array of luxury yachts tied up at the Marina. In addition to great casual eats and frosty summer specialty drinks, there's live music and dancing from mid-afternoon to late night. This weekend sees the tenth edition of the wildly popular FakeFest, a compilation of the best tribute bands in the country. From Friday evening through Sunday night you'll hear authentic recreations of the music of the most popular rock, metal and alternative bands such as Greenday, U2, Bon Jovi, Bruce Springsteen & the E-Street Band, AC/DC, Journey, The Police and Jimmy Buffet. It's three high energy days and nights of dead-on covers of some of the greatest performers in the industry.

The annual summer collaboration between the New Jersey Performing Arts Center (NJPAC) and the award-winning New Jersey Youth Theatre (NJYT) undertakes its most ambitious production yet with a retelling of Stephen Sondheim's macabre, Tony Award-winning musical thriller, "Sweeney Todd: The Demon Barber of Fleet Street."

More humorous than the film version starring Johnny Depp, this new production of the classic tells the suspenseful, razor-sharp story of barber Benjamin Barker (a/k/a Sweeney Todd), who returns to grimy 19th-century London vowing to extract revenge for his false imprisonment with the help of immoral baker, Mrs. Lovett. Their twisted strategy: Sweeney will murder his victims in his barber chair, and Mrs. Lovett will turn

Nutley Little Theatre's latest production, the darkly comic "The Lonesome West" by Irish playwright Martin McDonagh, is in the midst of a three-week run at the NLT Barn, 47 Erie Place, Nutley.

Remaining performances, with an 8 p.m. curtain, are scheduled for June 25 (tonight), 26 and 27. Tickets are \$15 apiece.

Directed by Jacqueline McElroy-Poquette of Westwood, the cast includes David Arts of Wyckoff, Andrew Lionetti of Westwood, Glenn Rombough of Montclair and Emily Golden of Paramus. Sandy Chiappino of Hackensack is stage manager.

The third in Martin McDonagh's "Leenane" trilogy (along with "The Beauty Queen of Leenane" and "A Skull in Connemara"), this hilariously dark Irish play depicts the shocking and violent goings-on in the "lonesome" far Western Irish town of Leenane. A Tony Award nominee in 1999 for Best Play and Best Actor in a Play, it features two battling brothers and a priest driven to despair over his inability to resolve their differences or any of the recent unsolved murders in his parish.

## Father's Day Tributes

My father is my hero, period; there's nothing else to it. My father, Mark Bell of Bloomfield, is one of the most amazing people I have ever met and I have the honor of calling him my father. He is always there for me, and I'm able to talk to him when I can't even talk to some of my closest friends.

The reason to the success I have reached and the success I will reach is because he is there to push me to the best of my capabilities. One of the strongest bonds that people seem to overlook is the bond between father

and daughter. My father and I have had our fights but at the most, they're over in a day because I'll run in crying saying how I miss him. One day, he is going to have to go, but I hope that day doesn't come anytime soon. Everyday with him I will treasure.

Dad - I have no idea where I'd be without you and I'm so thankful I have you. I love you and have a Happy Father's Day.

**Olivia Bell**  
Bloomfield

My dad, Natale "Notty" Donadia of Nutley, is a wonderful husband, grandfather, brother, uncle and friend who has touched my heart in so many ways. Even through the years of raising my sisters Natalie, Dana, Toni and I, my dad still managed to be there when we looked for advice and could count on him to listen no matter how many times we asked.

I love and cherish every minute I spend with you, seeing you smile and making you laugh. It

gives me such a great feeling to know that the bond I formed with you as a child has carried on all through the years.

Today I just want to say thank you for all you have done for me and to tell you just how proud I am to say you are my father. Happy Father's Day! I love you forever...

My daddy, Chris Barry of Nutley, is the best daddy to me because he loves me very much, and I have so much fun with him! He's the greatest!

Happy father's day Daddy! I love you!

Dad, Bob Villacari of Nutley, growing up you showed me how to be a good father; that's why I am. It was your influence that made me into the man I am

today. Thank you. Have a happy Father's Day.

What a great opportunity, among many to let our dad, Bishop Peter Bruno, Sr., know just how much he means to us. Not only has he been a great example and mentor, but also through trying times has been the one we can go to for encouragement and

prayer.

It's great knowing that phone calls and meetings can be interrupted at any given moment when dad knows any of us need him.

His grandchildren adore him and respect his words of wisdom.

Thank you dad for standing up for and teaching us biblical principals. To the greatest father around, we love you dad. Happy Father's Day.

# Clara Maass doctor receives special achievement

Dr. James M. Orsini, director of Medical Oncology at Clara Maass Medical Center in Belleville, recently received a National Italian American Foundation Special Achievement Award in Medicine at the NIAF Ambassador's East Coast Gala in New York City.

Congressman Bill Pascrell Jr. of New Jersey presented the award. Clara Maass Medical Center is an affiliate of the Saint Barnabas Health Care System.

Honorees joining Orsini include Andrew J. Dolce, chairman of Dolce Hotels and Resorts; Natale S. Ricciardi, president of Pfizer Global Manufacturing and senior vice president of Pfizer Inc.; and Paul A. Sorvino, actor, director, singer, sculptor and best-selling author.

Popular Italian singer and song-

writer Giada Valenti performed the Italian and U.S. national anthems. Rocco B. Commisso, chairman and CEO of Mediacom Communications Corporation, served as the gala's chairman; Commisso received an NIAF Lifetime Achievement Award at the Foundation's gala in 2006 and is a member of the NIAF Board of Directors. The gala was hosted by Italy's Ambassador to the United States H.E. Giovanni Castellaneta and his wife.

Orsini is a member of the board of trustees and former president of the medical staff at the Clara Maass Medical Center. He has worked under world-renowned breast surgeon Dr. Umberto Veronesi and medical oncologist Dr. Giovanni Bonadonna at Italy's Milan Cancer Center. Orsini guided the publica-

tion of one of the first medical reports on the treatment of node-negative breast cancer with systemic chemotherapy. His commitment to oncology led to the opening of the first dedicated oncology unit at the Clara Maass Medical Center in New Jersey.

He was appointed to the Commission for Cancer Research by Gov. James Florio and to the Physician's Practice Review Panel of the New Jersey State Board of Medical Examiners by acting Gov. Richard Codey. He also served as president of the Oncology Society of New Jersey and chairman and president of the Essex County Chapter of the American Cancer Society.

Orsini completed his medical residency at the University of Medicine and Dentistry of New Jersey and his oncology fellowships

# Junior legion hoping for sunny days

DEBORAH ANN TRIPOLDI/BELLEVILLE TIMES

Belleville's Matt Metzler runs out a ground ball during the Bucs' doubleheader against Nutley. The junior squad started this rainy season 0-3, but once the clouds clear, they expect to be competing with the best teams in the league.

BY MIKE LAMBERTI  
for Belleville Times

The Belleville junior legion baseball team opened the 2009 season with three losses, but first-year coach Tom Agosta is far from concerned with the team's record at this stage of the season.

Belleville played Vailsburg and Verona earlier this week. Tonight, the team is scheduled to host Bloomfield in a 5:45 p.m. game at George Zanfini Field. This Sunday, Millburn comes to Zanfini Field for a 10 a.m. doubleheader and next Tuesday, Montclair visits at 5:45 p.m. Because of all the rain, Agosta was hoping for some dry weather to get the varsity field somewhat playable.

"It's been tough trying to get games in because of the rain," Agosta said. "Hopefully, we can start playing games on a consistent basis."

There are 10 players on Belleville's roster who will be freshmen this fall at Belleville High, an unusually high number for a junior legion team. Overall, there are 18 players on the team.

"Basically, we have 10 eighth graders who will be up against kids as old as 17," Agosta said. "I think it will really help our kids learn the game, but we'll be at a disadvantage when it comes to overall experience. I'm not too concerned

about wins and losses at this stage. I just want to see the kids improve and learn. If they put the time into the game this summer, it will really benefit them next spring when they're playing freshman ball. Right now, we're untested. The kids are learning the game at a much different level and it takes time."

Belleville's losses came to Bloomfield and in a doubleheader to Nutley. Players who just completed their sophomore year at Belleville High this spring include catcher Eloy Roman and third baseman Matt Metzler.

The freshmen are shortstop Joe Servidio, catcher Gerard Gilfone, second baseman JD Rossi, left fielder Vinny Agosta, outfielder Ryan Borgo and outfielder Jesse Lantigua.

The eighth graders consist of Nick Fruncillo, Vin Alfieri, Frank Costigan, Zach DiModica, Nick Petito, Josh Caba, Joey Kiriakatis, Carlos Marzan, Miguel Cosme and Brandon Rivera.

"We have some big eighth graders on the team," Agosta said. "The kids have a lot of talent. I'm looking forward to working with them."

The junior legion program is for players ages 17 and under. Belleville also has a team in the senior legion, which features high school aged players through those playing college ball.

## A true Belleville original

BUC  
SHOTS  
MIKE LAMBERTI

Growing up in Belleville in the 1970s usually meant plenty of baseball and/or stickball games, especially during the summer months. For me and most of the guys I grew up with, that meant marathon contests at Fairway

Park, which had at least three viable diamonds for baseball or softball, a nice basketball court and one stickball field, where a wooden bat connecting with a rubber ball would produce Herman Munster-type homers that often cleared the fence and, on occasion, landed in Glendale Cemetery.

It was there that a young kid named Tom Agosta was first introduced to the game. Quite often, Tommy would play against guys four or five years older than he, and even though he'd be overpowered at times, it was clearly

evident this kid could play. More importantly, he was fearless.

The Dean of Fairway Park back in the mid 1970s was a guy named Bobby Tosi, who graduated Belleville High School with me and was a marvelous basketball player, as well as a pretty good baseball and football player. When Bobby Tosi would join one of our games, you knew the level of intensity would step up a few notches. Bobby was a great guy, someone who I still think of with fond memories to this day.

It was during the summer of 1976 when Tommy Agosta was playing stickball one day at Fairway. He got a hit and when he walked back to the circle, Tosi said to him, "Good job, T!"

Quickly, I ran to Tosi and said, "Tos, we should call him the T-Bird". Bobby looked at me, smiled, and said, "Okay, sounds good."

And so goes the legend of the T-Bird. (I wanted to call him the T-Bird because in 1976, the talk around town was the return of the Ford T-Bird, which was due to

## COUNTY CHAMPS REVISITED

The 1989 Belleville High School softball team won the Essex County championship, the last Belleville team to accomplish that feat to date. Standing, left to right, after a 1-0 win over Livingston in the final are coaches Cheryl Marion and Doug Stone, Judy Krych, Nicole Zelna, Michele Graziano, Denise Lusnia, Trecia Donnelly, Danielle DeWork, Lori Moyer, Stacey Johansen, scorekeeper Karen Sciacca and head coach Carl Corino. # 20 years later...

BY MIKE LAMBERTI  
for Belleville Times

It's been a little over 20 years since Mia Hanos singled home Simone Edwards with the game's only run as Belleville defeated Livingston for the 1989 Essex County Tournament championship at Pulaski Park in Bloomfield. It was a 10-inning, 1-0, classic in which Stacey Johansen out-dueled Michele O'Toole, giving Belleville its third county championship in the decade.

"I can't believe it's been 20 years," Carl Corino, then Belleville's coach, said recently. "That was a tremendous team. We had quite a run in the '80s, getting to nine county finals and winning three. We had lost five straight county finals heading into the '89 final, so we knew how important it was to get back the title. It's not easy winning one title, much less three in a 10-year span. I was proud of those kids."

Hanos, who was a junior in 1989 and playing her first full year of varsity ball as Belleville's left fielder, remembers the hit as if it were yesterday.

"I had two good at bats against [O'Toole] earlier in that game," said Hanos, who is today Mia Zimmermann and the mother of three young sons. "I was down 0-and-2 in that at-bat in the tenth inning. All I wanted to do was get the bat on the ball. I hit it into right field and I remember running as fast as I could to first. The last thing I wanted was to get thrown out at first. I knew Simone would score the run."

There was never a play at first, or at home, for that matter, as Edwards scored easily and Belleville had claimed a county title.

Johansen, also a junior in 1989, struck out 12 and walked five in a complete game effort. Johansen, one of the best softball players ever to come out of Belleville, had been hampered by a series of injuries in 1989, according to Corino, and was limited in her role as a pitcher.

"Stacey was a tremendous player," Corino said. "In her sopho-

more year, she missed a good deal of the season with a broken leg. In 1989, she started quickly as a pitcher, but got hurt. She was able to play shortstop for us pretty regularly, but I had to limit her on the mound. They key for us that season was Trecia Donnelly. She pitched some great games for us and gave us a lot of quality innings."

Livingston had a marvelous team in '89 and entered the county championship game with an 18-1 record.

It had last won a county championship in 1985, defeating Belleville in the title game. It was the third time in the '80s that Belleville and Livingston had played in the county final. In 1982, Belleville won its first title, beating Livingston 8-0.

"We all had a lot of respect for Livingston," Corino said. "They were an outstanding team. We knew winning that game would require a great effort on our part."

Belleville was 18-3 heading into the '89 final. Its lineup that day featured some talented players in Edwards, Hanos, Laurie Dondarski, Jennifer Bridge, Melissa Marcantunono, Laurie Moyer, Amalia Fabiano, Diane DeVincenzo and Carol Morrison.

To this day, Hanos relishes the memories of playing for that team, which eventually finished 23-5.

"It was a great time," Hanos said. "It's hard to believe that 20 years have passed since that game. I always say to any of my friends who have daughters that they should play sports. It's a great experience for them to compete. When my sons are old enough, I plan to tell them about that time and my hit that won the county title. I'm very proud of it."

Corino, too, is proud of the entire program.

"We had some great times during my run as coach," said Corino, who won over 500 games at Belleville between 1980 and 2005. "I wouldn't trade any of those memories. It's nice to remember those times and, in this case, the '89 team. That was a special group."

come out in 1977).

Tommy Agosta would play Little League baseball in Belleville for Milt's Photo, which was a dominant team back in the mid-1970s. He went on to Belleville High School and later became a Belleville police officer and, ultimately, a detective.

While raising a family in Belleville, he took up coaching in town and has been at it ever since, working with the youth in town in little league and recreation. This year, the T-Bird is the new head coach of the junior legion team.

Agosta, the father of four, speaks about the pride he has in Belleville.

"Let's face it, a lot of people have moved out of Belleville, people that we grew up with," Agosta said last weekend. "I've stayed in town and I like it. I'm raising my kids here and I want to show my players that pride in your town and respect for the game, the umpires and your opponents, is something

to strive for."

Clearly, the T-Bird gets it. He's become a Belleville original, one who remembers what it was like to grow up in a town that always stressed respect and pride. He remembers what it was like to play baseball 10 hours a day during those innocent summer days.

"When we were kids, we'd just play ball, all day long," Agosta said. "It's different now. Kids don't play as much because there are other things for them to do. The game should be fun, I know it was for me."

Agosta has a young junior legion team this year, featuring 10 eighth grade players who will be high school freshmen in September. He's not worried about wins and losses, only teaching the kids the proper way to play baseball.

Most importantly, it's about having fun and playing the game the right way.

Good luck to the T-Bird and his team this summer. Belleville's future baseball players are in good hands.

## Protect your pets from summer sun

You would never dream of leaving your child outside in the summer sun for several hours without protection, so why would you leave your pet out there?

Sun protection is important - even for the furry members of our family. Many people don't realize it, but veterinarians say pets suffer the same problems humans do, like overheating, dehydration and even sunburn.

There are two key things you can do to protect your pets from the heat, say officials with the Humane Society of the United States: Provide them with plenty of water and shade. Making sure Fido has enough water is easy, but the shade part can be tricky for those with sunny yards. However, now there's an easy way to create shade in any yard.

Easy Gardener's Sun Screen Fabric is a protective mesh covering that's great to use for creating a UV protective tent or large covering over your pet's outside areas. Creating a shaded area for your pets is easy with the fabric. In addition, once you install your Sun Screen

Fabric, it will last a long time and it cleans easily with a garden hose. Even in wet conditions, the cloth deters mildew because it is made with breathable fabric.

The attractive Sun Screen Fabric comes in a variety of colors: heavy black, smoke blue, saddle tan and heavy green. You also have a choice of size. The six foot wide Sun Screen Fabric comes in lengths from 20 feet to 100 feet.

The innovative, breathable fabric allows heat to escape while cooling the shaded area and reducing temperatures up to 15 degrees. As mentioned, installing the fabric is easy, even for those who aren't "do-it-yourselfers." Included with Sun Screen Fabric are project suggestions as well as a project ideas brochure. For further information call Easy Gardener at 1-800-327-9462 or visit [www.easygardener.com](http://www.easygardener.com).

Easy Gardener has several accessories that make installing the fabric a breeze: wood fasteners, snap grommets, locking clips and locking ties. All of them are at your local gardening store or chain retailer.

# Family International Night Festival at Belleville High deemed a success

A Family International Night Festival was recently presented in the Belleville High School cafeteria.

The festival included students presenting about different countries throughout the world to the

Belleville community, parents, teachers and other students.

In addition, the Belleville Board of Education, the Belleville administration, the Belleville mayor and the Belleville Township Council was involved.

The festival was free. It included ethnic singing and dancing performances by students, free ethnic food from many different countries, and music from many countries was played.

Organizers reported the event

was entertaining, informative and thought provoking. There was a live martial arts performance, bagpipe players, violin performance, Swahili singing choir, an a capella singing group, bagpipers, dancers, a multimedia display of the world,

a live jazz band, and other cultural performances by students.

Also, student projects were displayed. Students carried mock passports, and mock passport stampers stamped the passports to simulate global travel.

DNAid® - The Power of Nucleotides

IBS Sufferers...

**IntestAid®**  
Intestinal Balance Supplement

[www.intestaidusa.com](http://www.intestaidusa.com)

### IBS and IntestAid A Natural and Effective Means to Recovery

IntestAid is a unique and patented product which contains a rich dietary source of nucleotides. Nucleotides are the building blocks of DNA and RNA, which are needed by the body in very large quantities to produce the millions of cells it needs every day to carry on all of its metabolic, disease fighting, growth, repair and health maintenance functions. Studies indicate that the supplemental consumption of concentrated nucleotides, such as those found in IntestAid, is useful in relieving symptoms of IBS.

How does IntestAid work? IntestAid treats some of the causes of IBS rather than the symptoms. Repeated research has verified that IntestAid increases the length and surface area of the intestinal villi which facilitate digestion in the small intestine.

In addition, it changes the ratio of bacteria in the large intestine from mostly undesirable bacteria (E-Coli) to primarily "friendly" and health supporting bacteria (Lactobacilli).

IntestAid's active ingredients are identical to those which your body uses to fight disease, infection, and malignancies, it is very safe to use and has shown no harmful side effects when used as directed. In fact, these same ingredients are so safe that they have been widely used to make infant formulas more like mother's milk which strengthens the baby's immune system. Also, IntestAid is suitable for vegetarians.

Can anyone use IntestAid? Since IntestAid accelerates and intensifies natural immune response and tissue repair, people who have autoimmune disease or had

organ transplants should not take IntestAid. Also, people with Gout should not take IntestAid without consulting a Health Care professional.

As evidenced by research and peoples' personal testimonies, IntestAid frequently outperformed many expensive prescription and over-the-counter medicines currently used to reduce the symptoms of IBS or chronic gastrointestinal distress. It has been very effective in controlling the symptoms of IBS and restoring a normal and healthy lifestyle in most people who use it.

**IntestAid is now easily available in the United States! Go to "http://www.intestaidusa.com" [www.intestaidusa.com](http://www.intestaidusa.com) to order and use promo code MT0609 to qualify for free shipping on your first order!**

# School 8 students to get testing help

BY RICHARD DICKON  
of Belleville Times

Help will be available to School No. 8 students looking to improve on standardized testing. After faring poorly on the New Jersey Assessment of Skills and Knowledge test, more commonly known as the NJASK test, officials have announced a program to help

students, according to Interim Superintendent of Schools Deborah Perri. School No. 8 had a rough testing year, falling below what is called adequate yearly progress in language arts at 59.4 percent and in math at 51.3 percent. Such a drop off from one year to the next is why officials have talked about having one curriculum for all sev-

en elementary schools. Now, the state has allocated funding under Title I for "a learning experience to increase reading, writing and mathematics in grades 3 through 6," Perri said. The program is to begin June 29 and run through July 30. The time will be from 8:30 a.m. to 10:30 a.m. "We are very excited about this opportunity," Perri said.

School 8's falling short led to the "In Need of Improvement" classification. The steps of NCLB begin the first year with "Early Warning" status, then years one through five, with five being a state takeover potentially. A school will continue up the scale, with a different level of state or federal imposition at each level,

according to officials. Year one means a school has to offer either supplemental education services (SEC) or a school choice, if that applies, officials said. If a school makes it all the way through year four, it would have to have an intervention team come in and make recommendations that school officials were mandated to follow, officials said.

## There has never been a better time to smile

Drs. Freda and Suriano have practiced the specialty of orthodontics in the Suburban Essex area for more than 23 years and would like to express their gratitude to the community during this time of economic instability with a Stimulus Program they created, where new patients can take advantage of \$500 off their orthodontic treatment. This offer is presented in the form of a check ad (you will find it in this newspaper), is limited to

treatment that utilizes either the Invisalign or Damon technology, and must be redeemed before Aug. 31. Now that's something to smile about. The Damon System is a new treatment technology in orthodontics that has been clinically proven to deliver extraordinary results in less time, in fewer appointments and with greater patient comfort. Invisalign retainers are another treatment option for those esthet-

ically conscious adults who would prefer a more conservative approach to their orthodontic treatment. The removable, clear aligners provide a nearly invisible method to redress those minor orthodontic needs. For more information or to schedule an appointment, call the office of Freda & Suriano, Orthodontics P.A., at 973-748-2248. The office is located at 557 Broad St. in Bloomfield.

## Tips on trimming some fat from your daily diet

Eating healthy is a goal for many people. Regardless of a person's age, the trend toward adopting a more healthy lifestyle is here to stay, and it often begins with altering our diets.

But what are some ways we can

tinker with our diets without having to completely remove the foods we love? Fortunately, there are several easy ways to trim fat without having to say goodbye to favorite foods. You can still eat meat, just choose wisely. Lots of people, particularly when they get a little older, are quick to assume a diet void of red meat is a healthy diet. However, red meat can still be enjoyed, but it's best to choose extra-lean cuts of red meat and to eat meat in moderation. Even when you purchase

extra-lean cuts, it's still a good idea to trim all visible fat from both meat and poultry. Supplement soups without adding fat. Particularly in the colder months, soup is an appetizer and even an entree of choice. However, garnishing soups with bacon, high-fat creams or fried croutons can make an otherwise healthy soup a lot less so. In lieu of the traditional garnishes, choose enhancements like fresh herbs or salad leaves.

Use marmalade or jam instead of butter. Fat can be trimmed from your morning breakfast as well. Instead of buttering your muffin or toast, choose healthier options such marmalade or jam.

Make desserts healthier as well. Eating healthier doesn't have to involve deserting dessert either. Desserts can still be enjoyed by just changing some ingredients. For example, fat can be reduced in most cake recipes simply by cutting the amount of butter in the recipe. Use half the amount of recommended butter, and replace the other half with a dried fruit puree, which can be purchased at most grocery stores. The cake will stay just as delicious and you'll be able to enjoy it, confident that it's better for you.

Use egg whites instead of whole eggs. Most cooking recipes include whole eggs. However, replace whole eggs with egg whites, which have no fat and can be whisked into most recipes. You won't notice a difference in the taste, but you'll be eating healthier.

## Speakers inspire their classmates

BY RICHARD DICKON  
of Belleville Times

Despite rain that drove the ceremonies indoors, the Belleville school district's 112th annual pomp and circumstance – Commencement, which included keynote speakers, music performances and the graduates' entrance – focused on the traditional themes of remembering the past while looking to the future.

Class President Heba Eldreny began the speeches, saying, "It feels like just yesterday I was nervous about my first day of high school...Seniors, I know that saying goodbye is a difficult task, but don't be dismayed by goodbyes. Remember a farewell is necessary before we can meet again."

Eldreny then offered this advice: "Always aim high. Don't settle for what you know you can accomplish. Challenge yourself to pursue the impossible, and you'll go further than you could ever imagine."

Salutatorian Sonia Mandal said she would like to "impart a few statements of guidance to you that I have learned from my experiences" at BHS.

First she said, "Always treasure your friends...Never forget what they did for you and all the memories you shared. These experiences will guide you the rest of the way."

Then Mandal advised to "throw away any regrets and misgivings you have had up till this point...Pursue your goals with vigor and determination. And most of all hold yourself with confidence."

"As a final piece of advice, never take anything for granted and don't wait until you lose something to discover its importance to you," she said. "Spend your time in the

Class president

present instead of dwelling in the past. Be spontaneous. Live your life the way you want to. Smile. Be happy. Believe in yourself."

Valedictorian Christine Bustamante looked at the past and where the graduates are at this point, saying, "We are older now, somewhat wiser, and more ready to take flight into this great big world. Though we have said that we couldn't wait to graduate, it's still sad to see what an important time our lives is now over."

Looking to the future, she said, "Tomorrow promises us new challenges, more changes, and difficult choices. Who knows where life will take us; it is as unpredictable as the wind, as beautiful as the ocean, and as mysterious as the stars up in space."

Bustamante told her fellow graduates, "It is time for us to let go and dive into the unknown, time to continue to live and learn, time to experience the world on our own terms. As we begin our journey, let us not forget all the things we learned here as well as the sweet memories of this school and everyone we knew here."

Finally, she concluded, "Wherever we go and whatever we do in life, we should never forget this: The future's at our doorstep, success down the road. Embrace it, because it's ours."

### BACK ON YOUR FEET

When it comes time for patients to get back on their feet after injury or illness, walkers are likely to prove quite useful. When making a selection, look for a wide, deep frame with multiple height adjustments for enhanced legroom. Also, look for ergonomic folding mechanisms that make opening and closing easier. To gain increased flexibility, add fixed or swivel wheel attachments to the front legs of a standard walker and glide tips or extensions to the rear legs. Swivel wheel mounts allow the three-inch wheels to turn in a complete circle. This makes the walker easier to maneuver in confined areas, such as elevators, apartments, and retail stores. Wheelchairs, crutches, and canes are also available if deemed more suitable.

Could you benefit by using a walker? At ROSSMORE PHARMACY, our success is built on a commitment to providing you the best services our pharmacy can offer. We specialize in bringing you a wide variety of items at a minimal cost. Our emphasis is on quality, value and service. We offer a full range of medical products that could help you stay healthy and more active. When you come to 338 Washington Avenue, you are guaranteed to receive professional prescription and OTC medicine advice. Call 973.759.1968 or 973.759.1956 if you have any questions. Your Doctor Knows U-Your Doctor Trusts Us.

HINT: Walkers can be outfitted with pouches, baskets, and other storage options to make getting around easier. 0002624463-01

## OBITUARIES

### Edward D. Hamilton

Edward D. Hamilton, 84, of Belleville died Monday, June 15, 2009 at the VA Lyons Medical Center.

## ELDERLY CARE

# Volunteers needed for nursing homes

Volunteer advocates are needed for nursing home residents in Essex, Hudson, Morris and Union counties.

The Bergen Family Center, under contract with U.S. Department of the Public Advocate, Division of Elder Advocacy, Office of the Ombudsman, conducts the program.

After a 32-hour training program, advocates visit nursing facilities near their homes for at least four hours each week to visit and address concerns on such issues as living conditions, daily activities and quality of care.

For information and an application, call Sue Rosenkranz at 973-226-1041.

## LAW ENFORCEMENT

# Watch out and yield to town pedestrians

Belleville law enforcement officers warn drivers who fail to yield the right-of-way to pedestrians.

New Jersey has one of the nation's highest rates of pedestrian fatalities. Despite laws to protect pedestrians, 20 to 25 percent of traffic deaths involve people on foot.

Pedestrian enforcement is a vital tool for reducing deaths because

rules not enforced are often ignored, according to authorities.

It also gives credibility to engineering and education efforts resulting in increased compliance and awareness.

Failure to comply carries a \$100 fine.

Pedestrians include youth, students, persons with disabilities and senior citizens who cannot drive.

They are the most vulnerable road users.

Physics dictates that in a crash between a motor vehicle and a pedestrian, the pedestrian will lose.

Pedestrians can't be expected to use crosswalks if drivers do not yield at crosswalks.

For more information contact, Sgt. Gerard Corbo at 973-450-3405.

## Tips for our readers on how to submit photos to the Belleville Times

The standard "passing-a-check" or "line-'em-up-and-shoot-'em" photographs usually go unnoticed by readers. Recognizing this fact, *Belleville Times* is reluctant to publish photographs of static lines

of people staring at the camera. Candid photos of people having a good time or actually doing something will draw readers' interest.

Changing the angle from which

you are shooting can make significant difference in the aesthetics of a photo. Try shooting from a higher or lower angle. Photos of a few people, rather than a large group, are more noticeable, as readers respond to faces and the newspaper can identify them in a caption.

A short explanation of the event must be included. Everyone in the picture must be identified by first and last name. And, obviously, the photograph must be relevant to Belleville.

Pictures may be submitted electronically in JPEG format, with a resolution of at least 200 dots per inch, to [bellevilletimes@northjersey.com](mailto:bellevilletimes@northjersey.com).

Send hard copies to Belleville Times, 90 Centre St, Nutley, NJ 07110-1093. For more information, call 973-667-3895.

# Unico helping earthquake victims

With aftershocks still convulsing the Abruzzi Region in southern Italy, Unico National and its 130 Chapters are reacted with a broad vision and plan to help those in the devastated area. The Belleville Chapter and their ACES Club immediately sent \$700 and were looking to raise more.

Based on its previous experiences, Unico has harnessed the energies of its dedicated members to provide funds and engage in activities to raise additional revenues. At the same time we are illuminating the depth and scope of this earthquake.

The organization is taking a lead position in providing relief for disaster victims in Abruzzi. National President Kathleen Strozza made an initial appeal to the chapters, and it was met by a rapid and generous response. In excess of \$10,000 has already been collected and another \$7,000 is on its way to the national office.

The intent is to give this money

to Catholic Relief Services and its sister organization Caritas Italiana. This group with extensive resources in Italy and United States is coordinating relief efforts and collecting and distributing food, blankets, hygiene items and clothes.

In a previous earthquake relief endeavor, Unico raised \$600,000 to aid those in dire need. When the hurricane struck New Orleans, the organization immediately loaded a plane with drinking water and was said to be the first organization, outside the government, to provide assistance.

Unico is now in the second phase of this project. Its initial internal efforts will lead to a broad community outreach as we network with our many friends.

The final phase will be a celebratory concert, planned for this summer. Noted artists have already been contacted and under the direction of LaGuardia & Associates. An evening of Italian-

American performers and music is planned.

While no specific monetary goal has been set, the objective is to raise as much as possible to assist the victims and help them rebuild their lives and community.

No donation would be considered too large or too small. Make your checks payable to Unico Foundation, earmarked Disaster Relief Fund. This entity is a 501(c)(3) corporation enabling your contribution to be tax deductible.

## HEALTH

## Clara Maass offering tips to not overheat

As the weather heats up, heat-related illnesses such as heat exhaustion and heat stroke become risks. These illnesses occur when a person's body reaches an alarmingly high temperature and is unable to properly cool itself. Heat-related illnesses can be life-threatening so those showing symptoms should seek proper treatment immediately.

Signs of heat-related illness may include: weakness, headache, dizziness, muscle weakness or cramps, nausea, vomiting, feeling worried, fast heartbeat, and/or dehydration.

"Heat-related illnesses are preventable," said Dr. John Fontanetta, chairman of the Clara Maass Medical Center Emergency

Department. "When temperatures are high, try to stay indoors in air-conditioned areas. However, if you must go outdoors in hot weather, be sure to keep hydrated, stay in the shade when possible and avoid exerting yourself."

Some tips to prevent heat-related illnesses include: Wear lightweight, light-colored, loose-fitting clothes; wear a hat or use an umbrella to protect yourself from the sun; always use sunscreen; stay hydrated by drinking plenty of water; try to avoid beverages that contain caffeine or alcohol, which may cause dehydration; and do outdoor activities such as gardening or exercise at cooler times of the day, either early morning or in the evening.

some of the wear and tear off the regular field for football and soccer. The field could also be used for midget football and soccer. The cheapest turf might only last seven years, he said.

He talked about placing lines for football and soccer, putting numbers on hash marks, and the high schools' Buccaneer logo in the center field, with the name Belleville possibly in the end zones.

A small walking track to be put in is not the regulation high school track that the track team has been seeking for decades, but will offer a

place for residents to exercise. O'Brien said the exact route of the walking track will be determined by whether or not there is a practice field and other factors.

Canning reiterated the installing the turf is necessary, because the main field needs to be used by so many youths, from peanut league to varsity sports, and the grass field has developed a reputation for being substandard.

Officials have fielded questions about the field actually being a danger to athletes outside the township for many years. One opposing football player from a neighboring school once joked that the hardest part of playing Belleville was not the competition,

but dealing with the ruts and holes in the stadium field.

Canning said the turf field would allow for a lot more youths to play a lot more games at the stadium, which has lights for evening play.

Meeting the necessary timelines is key to installing the field in time for September's football and soccer seasons, he said.

Canning has said it is the consensus of the council to move onward with the plans.

First Ward Councilwoman Marie Strumolo Burke has said she has met with state Green Acres Fund officials, who told her they want to fund projects that bring together multiple funding sources,

but has not yet heard anything official about grant or low-cost loans.

As for the specific funding, the Essex County Open Space Grant should bring \$225,000, committed for a project that is shovel ready by July 1. Then there is \$450,000 from the county Community Development Block Grant, for a total of \$675,000 for the project estimated to cost \$1.3 million.

Because of how the grants work, the township has to put out the full \$1.3 million, with the expectation that the \$675,000 is coming, Canning said. The total cost includes rebuilding the retaining wall at the foot of the stands, he said.

As for the alternative of seeding the field, the cost for that alone has

been quoted for at least \$250,000, and would be a reoccurring cost each year, as opposed to a one-time expenditure for the turf field, Canning said.

As part of the process, the township council re-appropriated \$96,753.63 in what they called "proceeds and obligations not needed for their original purposes," to provide for various improvements to the stadium.

The county money was announced as part of an economic stimulus package unveiled by County Executive Joseph DiVincenzo.

sections of brickface.

Town officials argued that the building poses a danger because of structural damage, and that the entire front could fall down.

Other questions centered what "actual and necessary interior renovations or repairs are required," what the problems are with the boiler, and what the actual costs were for architects and engineers drawings, designs and bid specifications.

After a winter where the interior was not heated, paint is peeling everywhere, black mold is growing and a once thriving facility has been allowed to deteriorate to the

point that the council voted to demolish the 74-year-old structure.

As recently as 2007, parts of the three-story structure on Frederick Street were still being actively used.

The Friendly House is a playground and recreation facility owned by the township, a brick building that was renovated more than 20 years ago, but because of frequent usage and poor maintenance, officials said it fell into disrepair again.

The visual clues of neglect and disrepair apparent to anyone who tours the structure paint a picture of the competing forces within township officials, with some holding out hope that spending more than \$2 million to refurbish the facility would have been worth the funds. But the council finally

decided to take down the building that has been a place for fun for children for decades.

Officials talk about unwanted youths from out of town crashing the facility, perhaps misusing parts of it, and that many people outside of Silver Lake did not know until they became involved in the running of the township that the Friendly House even existed. For Silver Lake residents that feel they do not receive a fair shake from township officials, the demolition is a bitter reality.

Township Manager Victor Canning has said he wants to hold NJTransit to a promise to build a recreation structure next to a promised new Silver Lake Firehouse in the Franklin Street vicinity.

At-Large Councilman Kevin Kennedy said he is leery of any NJTransit promises, which are part of an agreement that brought light rail train service to Franklin Street. While he said he still hopes such a recreation project will come, he wonders if anything will be around to replace the Friendly House.

Burke cited mold, asbestos, old furnaces and buckling walls as more than the council can overcome in a reasonable funding scenario. There was first to be \$800,000 bond ordinance, and then two bids received of more than \$2.5 million to refurbish the facility, but the costs were seen as prohibitive in light of the promised recreation facility from NJTransit.

Burke said she does not see the logic from a safety perspective of

placing a recreation center next to a fire station with engines speeding out to fires. The Shafter Branch library of Silver Lake might also be there, which she said was equally not sensible.

Rather than spend what Burke said was \$750,000 at that site, she wants, if not a two-story rec center, than one story with county officials seem willing to help.

Frantantoni said the bids to refurbish the house were sought at cost to the town, instead of the township just maintaining the structure. He said the town is going to lose another building, and will probably never rebuild.

"Call for Rates" means actual rates were not available at press time. All rates are quoted on a minimum FICO score of 700. Conventional loans are based on loan amounts of \$435,000. Jumbo loans are based on fully indexed rates for adjustable rate mortgages (ARMs). The APR on your specific loan may differ from the sample used. Fees reflect charges relative to the APR. If your down payment is less than 20% of the home's value, you will be subject to private mortgage insurance, or PMI. Bankrate, Inc. does not guarantee the accuracy of the information appearing above or the availability of rates and fees in this table. All rates, fees and other information are subject to change without notice. Bankrate, Inc. does not own any financial institutions. Some or all of the companies appearing in this table pay a fee to appear in this table. If you are seeking a mortgage in excess of \$417,000, recent legislation may enable lenders in certain locations to provide rates that are different from those shown in the table above. We recommend that you contact your lender directly to determine what rates may be available to you. TO APPEAR IN THIS TABLE, CALL 800-509-4636. TO REPORT ANY INACCURACIES, CALL 888-509-4636.

# Planning things out in today's busy world

Today we live in a changing world with new technologies. We have: iPod's, iMac's, iPhones, YouTube, MySpace, Facebook, texting and twittering. We have new and better communication and yet we still remain not truly connected.

Even in the midst of all this people are still asking: "What purpose do I have?" "Does God really have a plan for my life?"

The Bible has the answer its says God knew us even before we were born and that he has a unique and distinct plan for each one of us. Jeremiah 29:11 God gives us a

promise: "I know the plans I have for you, says the Lord. Plans to prosper you and not to harm you; plans to give you hope and a future."

It is good to have plans but plans will disappoint us if we leave God out of them. Many years ago, a newspaper assigned one of its budding young news reporters to interview Mother Teresa about her sacrificial life-long ministry in the streets of Calcutta, India.

The reporter's job was to provide a unique snapshot of this saintly woman's life work. At one point during the interview, the

young man asked Mother Teresa if she had ever dreamed of being anything else. Without a moment's hesitation, she replied, "Well, I always wanted to be a flight attendant!" Can you imagine Mother Teresa in a uniform, serving soda, coffee and tea and handing out prepackaged meals on an airplane?

But she did not let her plan interfere with God's plan for her life. She felt the call of God on her life. She knew that she had to be a missionary to spread the love of Christ.

It is good to have goals, but

goals will disappoint us if we leave God out of them. There is no point in making plans as though God did not exist, because the future is in his hands.

What would you like to be doing tomorrow, one year from now or ten years from now? How will you react if God steps in and rearranges your plans? Plan ahead, but hold your plans loosely. Put God's desire at the center of your planning; he will never disappoint you.

The problem here is not the plan or the concept of planning; it is leaving God out of the plan. We

want to do things our way, and he wants us to "give up" and let him be in control of our life.

The things that he wants for us are much better than the things we want for ourselves. God, our heavenly father is strong and mighty. He could easily force us to do what he wants us to do, but he doesn't do that. He patiently waits for us to "give up" and give him control.

Isn't it time we said, "I give up!" and let him have control of our life?

### Christ Episcopal Church

#### June distribution day

The Care Closet, an outreach program of Christ Episcopal Church, has announced its June distribution day for Monday, June 29, beginning at 3 p.m. until all of the supplies are exhausted.

The Care Closet distributes packages of paper products, cleaning products and personal hygiene items to persons with Families First cards. The parish is always receiving gifts of individually wrapper paper towels, facial tissue and toilet tissue; the program also is in need of brown grocery bagging for packing the supplies each month. Additionally volunteers are always welcome both for the preparation of the bags and on distribution day. For more information, call the parish.

#### Local food drive

Christ Church has announced a food drive to replenish and restock the pantry of The Mary and Martha Soup Kitchen. Gifts of non-perishable items are needed to keep up with the demands of the soup kitchen which now serves meals each Tuesday, Thursday and Saturday from noon to 1 p.m. Individuals and organizations wishing to make contributions of canned goods or financial gifts are asked to contact the parish at 973-751-0616. Volunteers are also always needed to maintain the soup kitchen's ongoing operations. Persons wishing to volunteer are asked to phone the parish.

#### Fundraising cruise

Christ Episcopal Church has announced a special Fourth of July fundraising cruise to benefit the Mary and Martha Soup Kitchen at Christ Church. The cruise will be held on Sunday, July 5 from 1:30 p.m. to 4 p.m. aboard the A.J. Meerwald, New Jersey's only tall ship, and will include a Fourth of July picnic lunch aboard the schooner. Tickets for the event are \$75 each, and may be purchased by phoning the parish at 973-751-0616. A limited number are available and those wishing to attend the event are urged to call soon to be sure of available tickets.

The A.J. Meerwald is a refurbished 1928 oyster schooner and represents a significant piece of New Jersey's maritime economic

past. The cruise will sail past the Statue of Liberty on its way up the East River.

Christ Church to march in New York City gay pride parade

Christ Church has announced that it will continue its tradition of marching in the New York City Gay Pride parade on Sunday, June 28. Members of the parish will depart from the church following the completion of the regular 10 a.m. Mass, and persons wishing to join the parish as its banner marches down Fifth Avenue are asked to phone the parish at 973-751-0616.

## Amnesty at the library

Fines will be forgiven at the Belleville Public Library & Information Center for the last two weeks in June, from Monday June 15 through Tuesday June 30. Excuses aren't necessary, just bring in those overdue books.

## Career counseling and resume writing

The career counseling and resume writing one-on-one classes at the Belleville Public Library and Information Center have been extended through June. Call the Circulation Desk at 973-450-3434 to register for a Tuesday or Saturday slot. Each class will be scheduled for approximately half an hour.

Further help and information can be found online at the library's Web site at [www.bellepl.org](http://www.bellepl.org). You can check out the vault database for information about careers and industry backgrounds.

## Eight great live Monday nights

Call the children's room at the Belleville Public Library and Information Center to register for the free children's programs that take place every Monday night in July and August, starting on Monday, July 6 at 7:30 p.m. with ventriloquist Bob Conrad. This programming is sponsored by the Friends of the Library.

## Summer reading club

You may sign your children up for the library's summer reading club. All they have to do is sign up for the club, read books from their school's summer reading list or for fun, and show off their list to you and their teachers at the end of the summer. They can even win prizes. The club starts on July 6 and continues through Aug. 28.

You may come in to get a brochure listing all the ways your kids can be creative at the library this summer.

## Summer reading club for teens

Express yourself is the theme for this summer's reading club for teens at the Belleville Public Library and Information Center. Registration begins on June 30. Teens fill out a prize ticket for every book they read or listen to on CD/tape, and magazines count, too! Tickets are then put in the raffle jar, and at the end of the summer, one lucky winner will be drawn from the raffle tickets and win the grand prize: a \$50 Target gift card. There are also prizes after reading the first three books or magazines, and again after reading five, 10, 15 and 20 books or magazines.

You may come to the library for a brochure to let you know about all the activities for teens at the library this summer.

## Teen advisory council

All teens are invited to join the Teen Advisory Council, which meets the last Monday of every month. As a member, teens are given the opportunity to assist in creating teen programs, participate in special projects, create teen book displays, select and review books, music, movies and more.

Membership looks great on resumes and college applications and counts towards community service. Snacks are served, too.

## Teen Center activities

In the Teen Center every Tuesday and Thursday from 3 to 5 p.m. there will be Wii, Guitar Hero, DDR, board games and fun. There is also an Anime/Manga Club. You can meet others with similar interests, watch new Anime and discuss your favorites.

Register at the Teen Center or call 973-450-3434.

## Wanted: Creative Teens

### Students in grades 7 to 12

Do you know how to knit, bead, paint, or any other creative activity? Share your talents and earn

community service hours by contacting teen librarian Karyn Gost at [kgost@bellepl.org](mailto:kgost@bellepl.org).

## Open Mic Night

Show off your talent at the library on the last Tuesday of every month from 7 p.m. to 9 p.m.

The Belleville Public Library is located at 221 Washington Ave. in Belleville.

Hours are Monday, Tuesday and Thursday from 9 a.m. to 9 p.m. and Wednesday, Friday and Saturday 9 a.m. to 5 p.m.

For further information call 973-450-3434.

## Visit NYC museums for free

Free passes are available at the Belleville Public Library for the Metropolitan Museum of Art and the American Museum of Natural History. Call the circulation desk for more information or to reserve passes.

## Join Friends of the Library

Take advantage of the biggest bargain in town and join the Friends of the Belleville Public Library and Information Center. Individual membership is \$5, family membership is \$7, student membership is \$1, business is \$25, organization is \$25, and for \$50 you

could be a member for life. All proceeds from Friends programs benefit the library.

## Library has databases for all interests

The Belleville Public Library and Information Center has recently added several new databases for our patrons. These include the Vault Online Career Library. This database is the reason *Fortune* recently called Vault "The best place on the Web to prepare for a job search." Job seekers, students and professionals have dis-
