## License Is Refused For Junk Business

### Belleville Commission Bars Dealer, Not A Citizen

The Belleville Town Commission Tuesday again refused to grant a junk license to Joseph Resciniti, 24 Clark street.

Former Police Recorder Samuel Figuerelli, representing Resciniti, asked the commissioners to permit the operation of the junk yard for one year to permit his client to dispose of the business. Commissioner Patrick Waters, who has vigorously opposed every move to legalize the petitioner had been in business six months and no effort had been made to sell the business.

During the past six months Resciniti has been arrested twice and fined \$25 each time for operating without a license, which was refused him under the town ordinances which provides that a junk dealer must be a citizen.

Chief Justice Gummere recently denied Resciniti a writ of mandamus to restrain the Belleville authorities from interfering with his operations.

## Orange Elks Visit In Belleville

### Exalted Ruler Effenberger And Staff Initiate Group

Exalted Ruler Romie A. Effenberger of Orange Lodge of Elks, accompanied by his staff of officers, visited the Belleville Lodge, Monday night and performed the initiatory work. Thanatopsis was recited by Past Exalted Ruler Harry T. Crowley of Orange.

After the meeting, a banquet was served. Fred J. Bross and Edward Meeker of the Orange delegation entertained with songs. Short talks were given by other officers. Belleville Lodge will pay a return visit to Orange March 20 to do initiatory work there.

## Young People's Service At Fewsmith

About 400 attended the young people's services Sunday night at Fewsmith Memorial Presbyterian Church. The junior choir of twenty-five voices under leadership of Ann VanSickle and the church school orchestra with Eleanor Bacon-Peck conducting, gave a program from 7:30 to 8 o'clock.

The choir sang "King of Kings" (Brackett) with incidental solo by Gertrude Davis, contralto solo, "The Lord is Mindful of His Own" (Handel) by Miss Eleanor Glenck, and "The Day is Done" by Donald Gauss, boy soprano. The orchestra numbers were "Humoresque" (Dvorak), "A Melody" (Rubinstein), violin solo "Berceuse" (Goddard), by Miss Jean Tallman, and a piano selection by Helen McNair.

Miss Helen Just conducted the responsive reading and prayers were offered by Fred W. Holland, superintendent of the church school and E. Burton Collard. Mrs. J. M. Moore presided at the organ. The service closed with a short pageant, "The Quest," in which Bernard Close, Ruth Caldwell and Bert Knowles had leading parts.

Others in the cast were Marjorie Breen, Eleanor Glenck, Florence Breen and Arlene Cadiz and Leslie Davis, Charles Knowles and Ian Munro.

A young people's supper in the church dining room preceded the program.

## Evangelist Preaches At Grace Baptist

Evangelist T. LeRoy Muir will preach at the 11 and 7:45 o'clock service at Grace Baptist Church, Overlook avenue and Bremond street, Sunday. Harold W. Nelson is pastor. These services will be the beginning of the three-week campaign to be conducted by the Evangelist. Meetings to be held every night except Monday at 7:45.

Grace Baptist Church is sponsoring a campaign for the spiritual benefit of Belleville and all denominations are cordially invited to participate and cooperate.

Mt. Prospect Theater, continuous Saturday and Sunday. Sunday, Monday and Tuesday, "The Woman Disputed" and "Show Girl." — Adver.

## ABOUT 1500 ENTHUSIASTS AT ST. PETER'S CORPS CONTEST

### Fourteen Fife Drum And Bugle Corps Participate In Gala Affair Given By Local Lads

#### Funeral Held For A. C. Ballentine

#### Was Secretary for Twenty Years Of Eastwood Company

Funeral services for Augustus Camfield Ballentine, secretary of the Eastwood Wire Manufacturing Co., of Belleville, who died suddenly of a stroke at his home, 70 High street, was held Wednesday night at 8 o'clock at the home. Rev. Edgar M. Compton, pastor of Wesley Methodist Episcopal Church conducted the services. Burial was in Mt. Pleasant Cemetery.

Born at Peapack sixty-one years ago, Mr. Ballentine lived in East Orange before moving nineteen years ago to Belleville. He was connected with the Eastwood company nineteen years and was a member of Belleville Lodge, F. and A. M., and Wesley Methodist Episcopal Church. He leaves two sons, Lloyd and Earl of Belleville; three brothers, Michael, Frederick and Walter of Peapack, and two sisters, Mrs. Solomon C. Strong of West Orange and Mrs. John Johnson of Hackettstown.

## RATABLES UP IN BELLEVILLE

### \$2,000,000 Increase Over Last Year Shown in \$30,364,354 Total

Ratables this year in Belleville show an increase of nearly \$2,000,000 over last year, according to the table filed by Belleville Tax Assessor George W. Hunt with the County Board of Taxation Saturday. The increase is caused largely by real estate developments in which land has been cut into building lots, to three new apartments and other adjustments in land values. The net total of ratables is \$30,364,354, compared to \$28,594,050 last year. The gross total is \$31,018,004, which includes exemptions totaling \$653,650, the latter made up of \$435,250 for the \$100 allowance to each owner on household goods and \$218,400 in exemptions to veterans.

The number of acres assessed are 445.96 and the number of lots 2,800. The total of land value without improvements is \$10,118,160 and the total value of real estate, exclusive of second class railroad property, \$27,830,560. The railroad property total is \$11,794, a decrease of \$290 from last year pending completion of the new Essex station.

The value of new building is \$17,712,400, almost \$1,000,000 more than last year. The personal property item is \$3,175,650, a decrease compared to \$3,218,270 last year due to allowance at the outset for known veterans' exemptions. The latter in previous years were not allowed until veterans filed petitions upon receipt of tax bills.

School, church and other non-taxable property amounts to \$3,126,900. Property acquired last year for park purposes along Mill street and for extension of the Branch Brook golf links means a loss in ratables of about \$135,000. It is estimated property for park purposes comprises an area equal to approximately one-seventh of the total area of the town.

January 28, 1929

Editor The News: It has been brought to my attention that an article in your paper of January 25 mentioned my name as President of the Parent Teacher Association.

Please be advised that I am not the President of this organization but have only the honor of serving as one of its lay members.

Yours very truly, Norman A. Manderson

Ed's. Note: The News regrets this error. The president is Raymond G. Manderson.

About 1500 participated in the Fifth annual Field Music Contest and Military dance given by St. Peter's Fife, Drum and Bugle Corps at St. Peter's Auditorium, Friday evening. The following corps entertained the capacity audience: Garity Post, American Legion, N. Y., Elmout Field Band, N. Y., Charles T. Kirk, N. Y., Nationals, Newark, Black Prince, Newark, Woodbridge American Legion, Lyndhurst Lodge, 1505 B. P. O. E. Wayne Field Band, N. Y., Kiwanis F. D. Caldwell, St. Lucy's, Newark, St. Charles, Newark, Sacred Heart, Bloomfield, St. Augustine's, Newark, St. Joseph's, Newark, Holy Cross, Harrison.

The contest was capably judged by officials of the New York State Association of Fife, Drum and Bugle Corps.

The beautiful cups which were awarded to the winners were donated by the Rev. Father Nelligan, John Oldham, James McGrory, Kresge's Bamberger's, Browning King Co., N. Y., Ludwig and Ludwig, Chicago and the Council No. 835 K. of C.

The Sacred Heart of Bloomfield won the Eastern Fife and Drum Junior Championship. St. Charles Corps of Newark won second award in this event.

The Black Prince Corps of Newark won the Senior competition and the Nationals of Newark ran them a very close second. The organizations were Fife and Drum organizations.

In the senior fife, drum and bugle competition Garity Post of Edgewood New York won and the judges after much deliberations awarded second prize to Charles T. Kirk Corps of New York.

Medals were awarded to members of the St. Peter's Fife and Drum Corps for their work. The winners of these medals were: William Brady, Francis Leonard and Thomas Spillane.

The Bugle and Drum Senior prize was awarded to Wayne Field Band of New York.

Chas. T. Kirk Post also won the first award for appearance.

In the baton swinging contest the judges announced Morris and McGowan winners of first and second prizes, respectively.

St. Peter's Corps, Eastern States Junior Champion, while not entered in the competition thrilled the audience with their snappy renditions of several numbers. Major John Maguire of St. Peter's, eastern state Baton Swinging Champion, received a big hand as a result of his deft manipulation of the stick. He has done much to make St. Peter's known as the premier drum corp of the east.

Major John Morrison, St. Peter's instructor of drumming and former Eastern State Baton Swinging Champion very cleverly executed a baton swinging exhibition with flaming balls of fire blazing away on the extremities of the baton.

Much credit is due to St. Peter's Director Harry Hood for the success of the contest both from a financial and artistic viewpoint.

## Improvement Group To Hold Card Party

All arrangements have been made for the annual card party of Belleville on the Hill Improvement Association at Masonic Temple, 126 Jerusalem st., Saturday evening, February 9th, at 8 o'clock.

## Woman's Club Has Large Attendance At Regular Meeting

### Organization Starts Series Of Diminishing Luncheons

The Woman's Club meeting held last Monday afternoon, presided over by the president, Mrs. W. P. Adams, was one of exceptional interest and drew a large attendance, filling the club house to capacity.

Group singing of the federation song, "New Jersey," opened the meeting. Mrs. Leroy Bunnell accompanied at the piano.

Mrs. Frank Brohal, soprano, sang two selections by MacDowell, "The Beaming Eyes" and "To a Wild Rose" with Mrs. Willard Y. Strange at the piano.

As chairman of the music department, Mrs. Strange, then gave an interesting talk on the life of "MacDowell."

Mrs. Norman A. Manderson, chairman of legislation, presented the guest speaker, Mrs. A. J. Steelman of Montclair, chairman of efficiency in government department of the League of Women Voters, who spoke on Current Legislation, Federal and State.

She also spoke on the Emigratory children's bill, the Sterilization bill and the Juvenile Court and Probation bill.

Mrs. Steelman also paid a tribute to the late Mrs. A. U. Stanton, a former member of the Belleville club and chairman of the legislation department, who started the League of Women Voters in Montclair, with a small group of women and which now has a membership of over 500.

The High School Glee Club, led by Miss Indra Bryant, sang "Maiden's Wish" by Chopin; "Hark, Hark, the Lark," by Schubert; and "Homing by T. Del Riego, with Jean Tallman at the piano.

Miss Indra Bryant, pianist, played a group of "MacDowell Sea Pieces" 1—"To the Sea;" 2—"Song;" 3—"H. D. 1620."

The reception to new members followed in honor of Mrs. Mary Livingswood, Mrs. Ernest L. Johnson, Mrs. William Davies, Mrs. George Daniels, Mrs. Horace L. Hamilton, Mrs. George Cameron, Mrs. A. Newshwander, Mrs. Milton Helmlinger, Mrs. Charles Sheer, Mrs. Joseph A. Miller, Mrs. A. R. Paiser, Mrs. J. F. Strauss, Mrs. Harvey Grandy, Mrs. James G. Shawyer, Mrs. A. Stanley Uller, Mrs. P. A. Fort, Mrs. George P. Osliro, and Mrs. Harold K. Shoop.

Mrs. Dudley Drake and her committee were in charge of refreshments.

There will be an afternoon card party next Monday, at 2:15 p. m. at the club house under the direction of the chairman, Mrs. John J. Shaffer.

Hostesses for the day will be Mrs. Lloyd Nunn, Mrs. W. J. Robinson, Mrs. George P. Oslin, Mrs. Charles Smith and Mrs. John Peacock, who will be in charge of refreshments.

There will be a meeting of the executive board this afternoon at 2 p. m. at the club house.

The monthly meeting of the municipal affairs committee, Mrs. H. E. Wilson chairman, will be held next Wednesday afternoon, February 6 at the home of Mrs. John Ray, 360 Union avenue.

## Miscellaneous Shower Given Bride-Elect

A miscellaneous shower was tendered Miss Ann N. Bain, daughter of Mr. and Mrs. William Baix of Floyd street Saturday night by Miss Shirley M. Stell of Little street. Bridge was played. The color scheme was pink and lavender, sweet peas in those shades were used. Place cards were in the form of small pink umbrellas.

Those attending were: Mrs. William Bain, Mrs. Rutherford B. H. Stell, Mrs. William Stewart, Mrs. Harry Naylor, Mrs. Ralph Allaire and the Misses Helen Kintzing, Martha Davenport, Rhoda Harker, Beatrice Rumsey, Ruth Shriver, Ethel Schaffer and Wilma Plenge of Belleville; Mrs. Reynold Thompson of Nutley, Miss Bain will become the bride in the spring of Walter Gilchrist Forrester, son of Mr. and Mrs. Frank Forrester of 315 Cumberland road, South Orange.

The automobile of Joseph R. Wood of 9 Broad street, Newark, stolen from in front of his home Thursday, was found abandoned in Brookline avenue Friday afternoon. The machine was not damaged.

Fire of undetermined origin broke out in the rear of a tenement at 32 William street, early Saturday morning, driving several colored families to the street.

Firemen from the Washington avenue and William street firehouses quickly extinguished the blaze. Damage was estimated at \$100.

## MUSIC LOVERS ENJOYED GRACE AFFAIR LAST NIGHT

### Arthur S. Ackerman Serves As Director And Accompanist For List Of Talented Artists

#### "Some Doin's," Is Play Picked By St. Peter's

#### Dramatic Club Will Stage Show At Auditorium February 7 And 8.

The Evening of Music given last night at the Grace Baptist Church under the direction of Arthur S. Ackerman proved to be very enjoyable.

Following is the program rendered. Arthur S. Ackerman, director and accompanist; Soprano, Florence B. Kearny; Contralto, Marion Stager; Tenor, Philip H. Cox, Jr.; Baritone, Edwin P. Cook and Violin, George E. Stewart, Jr. Program: 1. Quartette, a) Morning, Speaks; b) There is no Death, O'Hara, I. Baritone, a) Invictus, Bruno Huhn; b) The Banjo Song, Homer. III. a) The Je suis Titania (from Mignon) Thomas b) A Birthday, R. Huntington Woodman. IV. Quartette, a) Agnes Dei (violin obligato Mr. Stewart) Bizet; b) The Blind Ploughman, Clark. V. Tenor, a) Ah! Besides the cast, who have been rehearsing for the past few weeks on the playlet, there will be other interesting entertainers, among which will be the team of Hugh Clark and Syl Hearn. The short but interesting performance enacted by these two young men at the the Dramatic Society's last appearance in St. Peter's is still remembered and they crave the opportunity of coming again before the public eye in something which they feel will far outdo their previous efforts.

The soloists to take part along with the cast in "Some Doin's" will be Richard Flanagan, William Sullivan, Catherine Broderick, Matthew Ryan, Michael Dacey, Dily Ryder, Gilbert Howley, Joseph Howley, Joseph Lukowiak, Mary Kearny, Sunshine McGonigle, John Gilchrist and several others.

## Young People Hold Conference In Town

A young people's conference was held Monday night at the manse of Fewsmith Memorial Presbyterian Church, Belleville, as a sequel to the service Sunday evening when a pageant, "A Search for the Abundant Life," was presented by young people of the congregation. Three quests profitable for youth were singled out for discussion at the conference which was divided into three groups with a leader for each.

W. H. Stewart of the personnel department of a large manufacturing concern in New York led in discussion of what a quest in the field of industrial training could offer youth.

His topic was "Vocational Adoption." W. H. Stone, an instructor in East Side High School, stressed the value of a pursuit of the intellectual, and Dr. O. Bell Close, pastor of the church spoke on "Christian Experience, or the Quest of the Spiritual." A social followed.

## Park A. C. Plans Dance Next Week

The dance committee of the Park Athletic and Social Club, Inc., of Belleville is making final arrangements in bringing their plans to a close in regard to the dance to be held at Elks' Hall, on Saturday night, February 9. The tickets are being sold rapidly and a large crowd is expected. The committee is confident that the dance will be a success.

Many clubs in Essex County will be represented at the dance and therefore the committee has purchased a loving cup for the club best represented.

## Families Driven Out By Belleville Blaze

Fire of undetermined origin broke out in the rear of a tenement at 32 William street, early Saturday morning, driving several colored families to the street.

Firemen from the Washington avenue and William street firehouses quickly extinguished the blaze. Damage was estimated at \$100.

## DAY'S TREND HIT BY REV. COMPTON

### Belleville Pastor Decries Nation's Losing "Real Morality and Religion"

The trend of the time shows that we are fast becoming a nation without real morality and religion, the Rev. Dr. Edgar M. Compton, pastor of the Wesley M. E. Church, declared from his pulpit Sunday night.

"If people ever need the salt of Christian devotion and consecration, that time seems to be now," Dr. Compton said.

"With religious devotion wrought deeply into the foundation of our nation we came to be known as a nation of idealists. Not only are we now the most wasteful people in regard to material things, but also are we careless about our moral and spiritual heritage.

"The gods of materialism are the gods before whom we bow, and we spend too much time worshipping at their altars. Even church membership is often a mere expediency toward social status or more business prestige, and we seem to be more concerned about our physical pursuits than we are to keep our ideals above the levels of the irreligious.

"As a result we are bringing into being a generation of unbelievers and seekers after things of the world, and are ourselves drifting away from the finer urges of life and living.

Movies Cited "What are some of the evidences that we are losing our religion? Every day millions of our people are in attendance at the moving picture shows, where they see the portrayal of vulgar scenes and ill suggestive themes by men and women whose daily lives are such that we would not admit them personally into our homes.

"What are we reading? We are told that the Bible still maintains the lead as the best seller, but it is evident that it is not the most widely read of all the books.

"While, on the other hand, there are pouring from the press books and magazines that reek with filth, and are sending a stream of pollution into our lives contributing to moral degeneracy. The church paper has too little place in our daily reading, and our literary tastes are greatly lowered.

"Our theatres make sport of sacred things and cater to our animal natures where church members support them. We find at least one hopeful sign in the suggestion that the theatre today is becoming disgusted with itself and that there is a noticeable lack of patronage. We should remember the drama has a legitimate place in our living and that in the early days the church emphasized its great truths by a measure of dramatization. There should exist today a closer relation between the church and drama. I believe that every church should equip itself with the means to dramatize its great themes.

Fears Atheism "Higher education seems to have no place for the Bible and its great fundamental truths. Our large endowed schools are turning out a product that is strongly inclined to be atheistic. We are taught to revere physical attributes in manhood and womanhood, and there has been a trend in our churches to make them institutional. A great burden has been placed upon the churches with their limited income, and I believe it is the duty of the community to provide adequate facilities for bodily recreation. Provide clean bodies for keen minds and give the church an opportunity to make a good job of its one task—spiritual training and moral education.

"Pleasure seeking, money getting and other things contribute to the lack of religious devotion today, even though it must be said that there are many hopeful signs.

"Certain facts must be faced, and they cause serious misgivings as to future civilization. The church must awake from its sleep and demand that first things shall be first."

## Building in Nutley Marked for Flyers

Nutley is now marked for aviators. Charles S. Hammond, adjutant, Nutley Post, American Legion, Saturday finished painting the name of the town on the two sides of the gabled roof of the Franklin Theatrical building on Franklin avenue.

The name is more than 10 feet long, the letters being twenty-five feet high, and in chrome yellow.

## MUCH TRAVELLED ROLLS

A Belleville woman boasts of two breakfast rolls that have travelled clear across the Atlantic Ocean, through seven countries of Europe and back to Belleville. Before sailing for Europe, the young woman was staying at a very ritzy hotel, that charges \$1.20 for a pot of coffee and rolls, "a la continental style." When she got her coffee, she didn't feel like eating her rolls, so she decided she would save them, for, perhaps, later in the day she would feel in the mood for them. She put them into a candy box, in which she had put away some papers she thought she might need on her travels. Eight months after she had been home some time, she remembered that a certain paper she wanted was in a small candy box, neatly tied up. She opened this box, which had travelled to Europe there, and found two very hard and stale breakfast rolls.

A program by colored entertainers who will present readings, spirituals and choruses will be heard at the February meeting of the Parent Teacher Association to be held in No. 8 School on February 21, at 8 o'clock. At an executive board meeting of the Association held early this week, Mr. F. K. Zeigler was appointed to

the Advisory Board. Present at the meeting were the following Board members: R. G. Manderson, president; Mrs. L. F. Phillips, first vice president; Mr. A. J. Hey, second vice president; Mrs. Porter Sheldon, treasurer; Mrs. N. A. Manderson, chairman recreation committee; Mrs. C. W. Morgan, publicity; Mrs. H. A. Schweiker, ways and means; Mrs. A. A. Buckley, membership; Mrs. J. I. Rue, telephone squad chairman; Advisory Board Mrs. A. E. Snedecker; Mrs. J. K. Stickle and Homer Zink. Officers unable to be present were Mrs. W. M. Engleman, recording secretary; Mrs. H. L. Hamilton, corresponding secretary and Mrs. J. B. Brown, social committee chairman.

## Nutley Library Circulated 137,708 Volumes in 1928

Miss Irene C. Phillips, librarian of the Nutley Free Public Library, reported a circulation of 137,708 volumes last year, an increase of 28,044 over the preceding year, in the annual report. Because of increasing interest in library books additional space will be required, Miss Phillips stated, and it may be necessary to enlarge the building. There are 16,385 volumes at this time, Miss Phillips reported.

## DON'T HURRY IT

ADVICE about what to do to avoid influenza has been so generally published that it is hardly necessary to repeat it. But one bit of advice about what to do when recovering needs to be repeated.

Do not hurry the process. The present epidemic is influenza in a mild form but the most serious cases are of those who have been getting well and have gone back to work too soon or have over-exercised too precipitately.

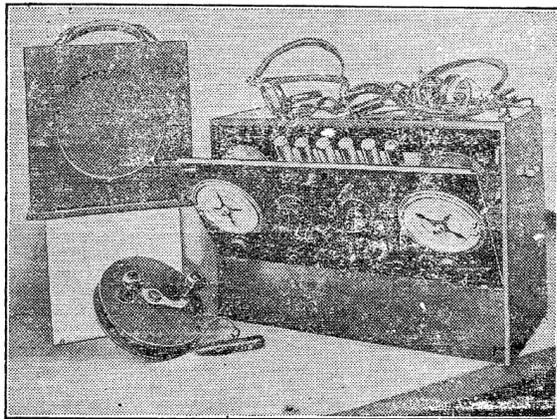

The influenza of this winter leaves patients weak and even a long walk results in a complete prostration of vigor. Do not try to get well too quickly. These are words worth remembering.

## BLACKMAILING SHIPS

NOW, it seems, the "ambulance chasing" lawyers have put to sea. It might be thought that ships at least were safe from these legal crooks, but apparently they are not. In fact, ships are the easiest prey of all.

A ring of New York marine lawyers seem to have evolved a clever scheme. They rig up decrepit scows or small harbor craft and plant them the way of incoming or outgoing liners. The harbor regulations forbid ship making speed enough within the harbor limits to set up a swell. Therefore it is a simple matter for the alleged owner of the "planted" scows to claim damages on the ground that a swell from the liner

## RADIO PLAYS STELLAR ROLE IN MODERN BALLOON RACING

Special Receiving Equipment Built for Use in a Balloon

At least four of the fifteen contestants in the last Gordon Bennett International Balloon Race were equipped with radio receivers. These pilots deliberately sacrificed precious weight in the small basket suspended from the huge gas bags in return for the advantages to be gained through the use of radio.

The skill required in piloting a big gas bag is not generally appreciated by the laity, hence the need for radio may not be altogether clear. A balloon having no motive power of its own, must drift along with the winds, somewhat after the fashion of a sailing ship. However, the balloon has one decided advantage over the sailing ship, in that it moves in the vertical as well as the horizontal plane.

By throwing out ballast, the pilot can rise; and by valving the gas, the pilot can descend. Skill in piloting the balloon is necessary to take full advantage of the favorable winds that exist at various levels, and to avoid adverse

means to the balloon pilot. During the annual races, the National Broadcasting Company undertook to broadcast regular bulletins giving weather reports and news of the other contestants.

Aside from the invaluable weather and news bulletins thus flashed to them, the fortunate radio-equipped balloons were enabled to listen to the entertainment as broadcast far below in their lonely vigil throughout the night.

Ernest Demyter, pilot of the Belgian entry, equipped the Belgica with a special adaptation of a radiola super-heterodyne, supplied by the Radio Corporation of America, which was mounted in a weather-proof cabinet including the batteries and a loop antenna. The Loudspeaker was of the cone type, also mounted in a special weather-proof cabinet with a leather carrying strap. The receiver was suspended from the ring of the gas bag by means of leather straps, so that the entire cabinet, with its enclosed loop, could be orientated to take direction bearings by means of intercepted broadcast signals. Prior to the flight, the receiver was tested on the roof of the tallest building in Detroit, and signals 250 miles distant were brought in clear and loud. Although this receiver is not primarily intended as a radio direction finder or radio compass equipment, accurate bearings were taken and compared with a map.

Thus in free ballooning, as well as in airplane and airship flight, and on the high seas, radio has taken its place as an indispensable aid to the navigator.

Probably no one else can look any hotter in July than a motorist manipulating a demountable-rim tool by the roadside, unless it is the iceman's new helper.

## Citizen Cites

To carry on when the future seems futile calls for a courage that conquers.

Styles may come and styles may go, but it is always correct to wear a smile.

Luck is merely getting what some other person wants.

It is better for the brakes to be tight than the driver.

There is no monotony like that which denies us a little change in the pocket.

If there is anything wrong with the world, it must be that we have too many opinions and too few facts.

Many a man's idea of solid comfort is largely liquid.

All things come to those who wait, with the possible exception of the money your friends borrow from you.

This world will be more to your liking if you do what you can to make it better.

Many a man deceives himself who never deceives any one else.

You can buy your friends but they never last as long as those you make.

Some men expect to be given chance; others take it.

The people who are always judging at conclusions seem to assume that life is a hurdle race.

Many a man collects his thoughts from other people.

## Walter Head Again Honored Is President Of Chicago Bank

Walter W. Head, president of the National Council of the Boy Scouts of America, banker, farmer and philanthropist, has been named president and director of the State Bank of Chicago. He relinquishes the presidency of the Omaha National Bank and Trust Company, the largest financial institution west of the Mississippi River.

Mr. Head is sailing from San Francisco on January 16 with his wife for a vacation in the Hawaiian Islands before taking up his new duties. He will be guest of honor at the annual meeting of the San Francisco Council of the Boy Scouts of America before sailing and will return to New York City on time for the meeting of the executive board of the Boy Scouts of America on February 13, and to attend the meetings of the board of directors of the New York Life Insurance Company and of the Chicago and Northwestern Railway Company. He is a director of both.

**Educational Work**  
Formerly president of the American Bankers' Association, Mr. Head's devotion to his various business activities is only equalled by his interest in work in behalf of boys and girls. This interest in youth goes far back, deriving in the main from his experiences during his earlier years as a country school teacher, following graduation from normal school. After service as teacher, he was principal of the public schools in Dekalb, Mo., from 1901 to 1903.

In the latter year, impelled by a desire to leave the educational field for business activities, Mr. Head relinquished his principalship of the Dekalb school, giving up a salary of \$75

per month to accept another only a little more than half this sum as cashier of the State Bank of Dekalb. Three years later he became state and national bank examiner and in 1908 cashier of the American Bank of St. Joseph, Mo., where he remained until 1917. He still retains an interest in the affairs of this institution, of which he is a vice-president. He is also a vice-president of the St. Joseph Life Insurance Company.

**Scouting History**  
Through his deep interest in social service work among boys and girls, Mr. Head has had a long standing friendship for the work of the Boy Scouts of America. His connection with the movement dates back to the war period, when he actively joined, in the work in Omaha and in surrounding communities in Nebraska. He had witnessed many striking examples of the effectiveness of Boy Scouts in community service. He became a member of the local council of Omaha and later of the regional committee, directing the affairs of scouting in an area covering several states. He served for some time as chairman of the regional committee. He was elected a member of the executive board of the national council of the Boy Scouts of America in 1919 and immediately made his personality felt in the national affairs of the organization. At the annual meeting held in May, 1926, he was elected president.

**Many Organizations**  
Mr. Head's interest in social service and charitable work is shown in the character of the institutions and organizations in which he is interested.

He is treasurer of the Near East Relief of the Iowa-Nebraska region, treasurer and member of the board of governors of the House of Hope Home for the Aged, member of the national council of the Y. M. C. A., president of the Y. M. C. A. of Omaha, chairman of the National Father and Son committee of the Y. M. C. A., chairman of the Rotary International, member of the board of regents, Creighton University, member of the board of trustees, Brownell Hall School for girls in Omaha, member of the board of trustees of Hastings College, Nebraska, and Grinnell College, Iowa, and vice-chairman of the national committee on Boys' and Girls' Club Work. Each Sunday almost the year round Mr. Head leads the Walter Head Bible Class of the First Presbyterian Church of Omaha, an organization which has become famous throughout the country.

With all his other manifold activities Mr. Head is a practical farmer. He has a 2,200 acre farm near St. Joseph, Mo., which he personally directs and which is widely known from the prize winning strains developed there. He was born in Adrian, Ill., on December 18, 1877, and hence has just passed his fifty-first birthday. He received the Silver Buffalo award in 1927 for distinguished services to boyhood.

**Plant Trees**  
Several thousand yellow pine trees will be planted in the near future in the hills above San Andreas, Cal., by the Boy Scouts of the county, working under the direction of State Forester M. B. Platt.

**Traffic Duty**  
Boy Scouts of Middletown, O., are working with the police department in doing traffic duty in school dis-

tricts throughout the city. Although it is impossible to invest the scout traffic officers with police authority, Chief Rayermer of Middletown is requesting all motorists to cooperate with the scouts in order to prevent accidents.

At 7:45 p. m. the sermon subject will be "The Prophet Ezekiel." The Sunday School will meet at 11:30 a. m. in the church.

## Perhaps This Explains Why Belleville Folks Are a Healthy Lot!

America's eating habits are changing. From a corn pone eating nation we have turned into a nation of milk eaters.

A recent study of American diet of the present day and that of twenty-five years ago shows that we are eating 73.3 per cent less of corn meal—our national stand-by for 300 years—than we did then. We are also eating less of all bread, cake and the like, as is shown in the fact that the consumption of wheat flour products today is 12.7 per cent under what it was back in the '90's.

In contrast to this, we are now using 68 per cent more dairy products than we did in the days "way back when—." We eat more butter, drink more milk and consume quantities of ice cream every day. We pamper our sweet tooth to the tune of a 43 per cent gain in the consumption of sugar in the same twenty-five years. We are also helping ourselves to bigger meat and lard portions by 6.4 per cent than did our parents.

A factor which undoubtedly explains a good bit of the tremendous popularity of dairy products in our own times is that we now take a lot of our milk in other ways than by drinking. Over 120,000,000 pounds of dry skim milk alone were used last year by makers of bread, bakery goods, biscuits, macaroni, prepared flours, sausage, ice cream, chocolates, cottage cheese and various other articles of human food to increase the health and nutritional qualities of these products. Increasing attention to the value of milk solids by the baking industry especially would appear to indicate that bread is due for a "come-back" to the popularity it enjoyed on the American table prior to the advent of the twentieth century.

### Warden Talks on Physical Training

P.-T. A. Arranges Program By Colored Folks in February

The Belleville P. T. Association last Thursday evening in the High School heard Randall Warden, physical training head in the Newark public schools, speak of the growth of physical training and gymnastic work during the last twenty-five years. When Mr. Warden took charge of the work in Newark twenty-five years ago there was one gymnasium and today there are seventy-nine. He spoke of the fine cooperation he is receiving from the teaching staff and said that the gymnasium periods should be so arranged as to send the pupils back to their rooms with renewed energy and interest rather than having the work so strenuous that they returned tired and overwrought.

In that portion of his talk devoted to the need for each boy and girl to be taught to understand and, if possible, play the various branches of sport, Mr. Warden pointed out the trend toward the five-day week in industry which, he feels, will inevitably result in more leisure time for the coming generation. Mr. Warden said that leisure time is responsible for the making of criminals unless it is filled with the right sort of interests and activities. He strongly advocated that schools have plenty of play space in order that grade school pupils may also have the benefits of athletic competition. Inter-scholastic competitions, properly managed, should bring out the traits of pride, good sportsmanship and high endeavor.

Acting upon the report of a committee appointed to follow up the possibility of serving milk to pupils at cost, a communication was sent to G. R. Gerard, supervising principal, assuring him of the cooperation of P.-T. A. members in the event this plan was carried out in the schools.

Miss Jean Tallman, violinist, was accompanied at the piano by Eleanor Bacon-Peck, in a series of solos. Miss Tallman's program consisted of Berceuse from "Joelmy" by Godard; "Salut de l'Amour" by Elgar, and "Mighty Lak' a Rose" by Nevin.

At an executive board meeting Monday evening at the home of Homer Zink, 26 Rossmore place, it was decided to have the executive meetings hereafter take place the Monday preceding the regular meeting night. The February meeting will bring a program by some of the colored members, assisted by a large group from neighboring towns.

### COASTER HURT

Losing control of her sled, coasting down the Coeyman avenue sidewalk. Sunday afternoon, Dorothy Weastell, 14, of 522 Bloomfield avenue, crashed into a concrete wall, receiving a gash on the side of her face that required fifteen stitches to close. She was taken to the office of Dr. Harry Chersshore by Officer Theodore Lucz of the Nutley police force. After being treated she was taken to her home. Her companion on the sled, Katherine Hudson, 14, of 347 Chestnut street, was slightly bruised and shaken up, and was also treated by the doctor.

## How to Play BRIDGE

Series 1928-29 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright 1928, by Hoyle, Jr.

### ARTICLE No. 11

There is one question that players still argue about. Should you bid the short suit of higher value or the longer suit of lower value? For example:

Hearts—A  
Clubs—K, Q, 10, 9, 4, 3  
Diamonds—A, K, Q, 2  
Spades—K, 9

With this hand should the dealer open the bidding with a club or a diamond bid? The no trump bid, of course, is undesirable because of the singleton heart.

The players who advocate the bid of one diamond with this hand claim that the higher-valued suit should be bid on the first round, provided, of course, that both suits are sound original bids.

The players who advocate the bid of one club with this hand claim that the longer suit should be bid first to show partner definitely and at first opportunity the suit that player prefers to be the final bid. By bidding diamonds on the second round this preference is clearly shown, for if the suits had been fairly equal value the higher-valued suit (in this instance diamonds) would have been bid on the first round.

On the other hand, if diamonds are bid on the first round and clubs on the second, partner is left in the dark as to the actual preference and is, therefore, just as apt to guess wrong as right. It seems to the writer that it is much sadder practice to bid the longer suit

on the first round and thus give partner definite information. Every time you can eliminate guess-work at the Auction table and substitute for it cold facts, you have made a step forward. Here is another hand illustrating the same point:

Hearts—A, Q  
Clubs—A, K, Q, 9, 8, 5  
Diamonds—A, K, 8, 4  
Spades—9

With this hand, the proper bid is one club, not one diamond. If overbid, the proper bid is two clubs and the diamonds should not be shown until the third round. The partner's hand was as follows:

Hearts—J, 8, 7, 5, 3  
Clubs—10, 7, 6  
Diamonds—Q, 9, 7, 3  
Spades—8

With a hand as weak as this, it would be bad judgment to help partner's bid of clubs or diamonds alone; but if partner should bid clubs the first round and then show the diamond suit, the holder of the foregoing would be justified in helping the bid. There is a game either at clubs or diamonds in this hand and it is given merely to show the theory of bidding the longer suit first so that partner will know which of the two suits dealer prefers to play. Be on the out for such hands and don't be shy to show your preference and opportunity.

No score, rubber game. Z dealt, bid one no trump and all passed. If A opened the eight of clubs, how should Z play the hand to go game?

Solution: The lead of the eight of clubs, by the Rule of Eleven, makes it evident that the nine of clubs in Y's hand will hold the trick. Y should then lead the deuce of hearts, B should play the trey and Z the ten. A wins this

trick with the Jack and must let either the spade or the diamond, he cannot afford to lead away from ace-queen of clubs. Whichever he plays Z must go game, for he can make a spade trick by finessing the Jack, diamonds, one club, and three tricks. The important play is to let A to win the first heart trick to prevent B from obtaining the

No score, rubber game at Contract. Z dealt and bid three no trump and A passed. What should Y bid? Z's bid of three no trump shows an unusually powerful hand and a chance for a slam; therefore Y should be alert to the possibilities and figure out the safest way to obtain this result. Z's bid of three no trump indicates at least three aces and a strong outside hand, so a

small slam should be an easy diamonds. Y's proper bid is six diamonds. If Y should make a mistake and try for the trump, A will double and the contract by opening hearts. Be on the lookout for this kind of hand while playing Contract if you are going to bid a slam, prevent B from obtaining the

Hearts are trumps and Z is in the lead. How can Y win six of the seven tricks against any defense?

Solution: Z should lead the six of clubs, winning the trick in Y's hand with the king. Y should lead the ace of diamonds and Z should discard a spade. Y should now lead the king of diamonds and Z should trump with the three of

clubs. Z should now lead the four of hearts. Y should lead the four of hearts which A is for with the six of hearts, Z discards last spade. A must now lead to the ace ten in Z's hand. Y should win six of the seven tricks.

## Nutley Pinners Stay the Same Except For Advance Of Parks

Another week of hard competition found the race in the All-Nutley Bowling league the same as last week with the exception that Park A. A. team passed the St. Pauls B. and now rests in second place, two games behind the Reformed A. five. Three by-wins were turned in by St. Pauls, Park A. A., Reformed A. and the Independents. The leaders showed their old strong form and set the opposition down with little trouble, and the Parks came within three pins of hitting the one thousand mark.

The Pauls A. five took three contests from the Hunting and Fishing Club without much trouble.

The Chemical quintet proved no match for the Parkers as the A. A. were in top form hitting them for three good tallies.

For the best match of the evening the Happiness and St. Pauls B. supplied the fireworks. The initial game went to the Candy team by the lopsided score 921 to 837; — the next contest found the teams bowling on even terms until the last frame when the Happiness pulled away to win by 10 bottles. Feeling the sting of two defeats the St. Pauls B. team turned tables on the Candy pinners to win the final set to with a majority of 10 bottles. McWilliams had two double hundred tallies while Wallace, Herdberg and Keepers had one each.

The two Reformed teams hooked in a duel to decide which had the longer team and the A bowlers had a close shave in the first and last ends of the set to.

There was no upset in the Independent match with the Junior Order boys were not in the mood of furnishing one and the Free Press were able to walk away with a pair of wins. For two hundred tallies the Independents had G. Ackerman with two, Haring with one and the team supplied one for the Order

### Belleville A. A. Drops Contest To Tabs

#### Elizabeth Combines Ekes Out 41-29 Victory Over Locals

Weakened by the absence of Harry Kintzing the Belleville A. A. dropped their first game of the year to the strong Elizabeth Tabs, 41-29 Thursday.

The visitors, led by Nedliska, began to fire early in the fray and had compiled a comfortable lead at the end of the half. The locals could not seem to get started and but for some prettifying playing by Mc Bride the visitors would have tallied more.

The second half was a different story as the A. A. five began to get their bearings and started to make things hum. In the third quarter the local quintet slowly crept up on the "Tab" team and only thirteen points separated the fives at the end of the stanza.

The final period was replete with thrills with the battle raging even. The "Bell" boys tried hard to change the tide of defeat but the early Elizabeth lead proved too much to overcome.

McBride was the leading Belleville man with four field goals and two fouls for ten points. He also turned in a splendid floor game as time and again he broke up the opposition's passes. Harry Metz and Bob Mutch were even on tallies, both accounting for seven, with Metz having five tosses to his credit.

Nedliska was the "Tab" shooting ace as he sank six goals from the field and seven free tosses for nineteen points. Hackins, contributed seven tallies to his team's total besides displaying a strong defensive game.

### Belleville Takes Close Tilt From So. Orange, 17-16

Belleville High returned to winning form Tuesday afternoon at So. Orange when they took over the Columbia High School, 17-16. The game was close throughout, with Belleville pulling ahead in the second half to take the contest.

The Orange five started off in fast form and at the end of the first quarter were leading 7-3. The "Bells" rallied in the second stanza to outscore the Villagers, 4-1, and bring the score to 8-7 for the half with S. O. in the van.

The blue and gold swung into the lead in the next period by garnering two field goals and one free toss to a lone tall by the Columbia quintet. The Villagers tried hard to take the tilt in the final stanza but the Belleville five led by Armour held on to their slight lead and returned victorious.

Les Armour was the individual star of the contest, scoring ten points via the field goal route. Paul Short put up a strong guarding game, being a thorn in the So. Orange offense all afternoon.

Allen Carter scintillated for the Villagers, the former tallying six points and the latter, four. Ruth played a strong guardig game.

### Turners And St. Joe's To Meet Sunday

The National Turners and the St. Joseph dribblers will go at it again Sunday night at the National Bruce street court when these two old rivals pass and shoot for the full forty minutes of basket-ball.

St. Joseph-National Turners games need no introduction to basket-ball goers as the members of these two quintets represent the best in the Pro game in this locality and aside from the tense rivalry that is exhibited by the players the severe way these games are fought has made this series the outstanding event in local basket-ball circles.

The St. Joe's will use their old standbys with La Mela, McQue, Rachow, Gray and Hampton. Adams, the Newark gift to the court game will also be on hand to take his fling at the Nationals

Everyman's Bible Class bowling team turned in a triple victory over the Reformed quintet to add a game to their lead as Fewsmith dropped a contest to the Montgomery Chapel five, in the Belleville Church League, last week. In the other match of the evening the Episcopal team forfeited to the Grace quintet giving that team an easy three-ply win which sent it ahead of Reformed into fourth place.

After taking the first two games from the Montgomery Chapel five in rather easy fashion, the Fewsmith pinners fell down to drop the final tilt by forty pins. The first tilt was taken 834-766 and the second, 883-785. In the final fray the Fewsmith bowlers swung off to an early lead and all went well until the eighth frame when the Chapel quintet came to life and began to make things hum. Led by Mitchell and F. Harris the Montgomery boys swept the alleys clean to come out on top 835-795. F. Harris hit the pins best for the Chapel five with Dow doing most for the Fewsmith team.

### Belleville Drops Close Tilt To Montclair Team

#### Academy Court Fve Edges Way To 27-23 Win Over High School

To fill an open date, Coach Mc Bride carded the Montclair Academy quintet for his Belleville High court five and incidentally added the blue and gold's second defeat to its record, Friday, 27-23.

The score does not show the closeness of the fray as it was one of the fastest games ever played on the Montclair court.

A misfortune to the local quintet was the loss of Les Armour via the personal foul route near the close of the game. As the battle was then waxing hot it momentarily shocked the "Bell" boys, which gave the home five a break as they tallied three field goals which decided the fray.

Needless to say, the game was nip and tuck the entire first half with each team contributing several spectacular shots. The second half was even more bitter than the first. The lead alternated time and again with the score being tied when Armour was removed from the game.

The blue and gold put up a strong fight and deserved a better fate, but the breaks were against them.

Less Armour was again the individual star with five goals and three fouls for thirteen points. But Knowles and Paul turned in a brilliant exhibition of playing the floor as time and again they broke through to stop the enemy's progress.

Bennett and Brown played best for their team, the former garnering nine tallies with the latter close behind with eight. Darrell put up a strong game at his guard position.

# Lower LONG DISTANCE TELEPHONE RATES

Start February 1, 1929

COMMENCING February 1, day rates will be reduced for long distance calls to points from 130 to 1,500 miles distant.

The reductions apply to station-to-station (number) calls and in equal or greater amount to person-to-person calls. They range from 5c. to 25c. and cut the cost of middle distance calls as much as 13%.

This is the third time long distance rates have been reduced within little more than two years. The reductions are in keeping with the fundamental policy of the Bell System to furnish the best possible telephone service at the least cost to the user.

# ELECTRICITY

## and YOUR HOME

ELECTRICITY provides domestic services which lessen domestic labor and add immeasurably to home attraction.

Unless you make full use of electric service in your home, you deny yourself conveniences the cost of which is small in comparison with the comfort they bring.

When your home is electrically equipped you command light and power for whatever purpose you may require it with no more trouble than is involved in the pushing of a button.

In every room of your house electricity can perform some service for you, better and more economically than any other medium.

The basis of good electric service is the correct wiring of the building in which it is rendered.

The number and location of the outlets is of prime importance. If you are building a new house, or rewiring an old one, the advice of our engineers is at your service to assist in solving your problems.

### Social Club Has Two Contests

The Social Club of Belleville held its 1929 court during the week ending Feb. 24. The club has been very successful in its two contests. Both times were won by strong senior fives who were performing in fine style. Lack of practice may be the alibi for the local defeat.

The Baptist Church team, of the Valley five the 21-26 and the Roseville the victors in the other.

The Baptist Church team was the interesting affair with the winning. The Belleville team was first by taking the lead in the quarter, 10-16. The next evening, both quintets tally-points to end the half with the team leading, 18-14.

In the second half the Baptist five took advantage of their pass-work the ball down the field. However, the Social Club by Otto fought to stave off but fell short of it.

The offensive luminary of the Social Club five with four points. Bartly and Sarloos both strong guarding game contributing four points to their total.

### NEWARKER HURT IN AUTO CRASH

Charles Uttiachi of 60 Madison street, Newark, suffered lacerations of the right arm when the automobile in which he was riding was in collision with another automobile in Franklin avenue, near the side gate of the Isolation Hospital, Belleville, early Monday. He was treated by Dr. Martin Meehan of Belleville.

Michael Capolla of 86 Eighth avenue, Newark, driver of the machine in which Uttiachi was a passenger, was held in \$50 bail by Recorder Fitzsimmons to appear Wednesday night on charges of reckless driving and driving without a registration card. The former charge was made by Thomas Lacey of 383 Center st., Nutley, an employee at the hospital and driver of the other machine. His machine, according to police, was struck on the left side toward the rear.

### Prefers Belleville Schools To Chicago

Editor The News:  
This is to thank you for your editorial "More On Schools." Three years ago a business change caused me to select Belleville as a place to live, after having lived fourteen years in Chicago. During those years in Chicago I was in a position to study their High School conditions very closely and to find considerable cause to wonder if I should have to send my only daughter, in a few years hence, to school under such conditions. I am glad to say my fears are gone, since I came to Belleville. The conditions of the Belleville High School are decidedly better in every way, which I believe can be traced to the excellent work of Superintendent Gerard and the president of the Board of Education, Watson Current. To lose these men or even retard their progress, to the cause for educating our children, would be a disaster. May they both live long and keep up their good work for the children's sake.  
Very sincerely,  
S. C. Summerfield
