1 Killed 1 Wounded In Belleville Holdup

BULLETS OF BANDIT KILL ONE CITIZEN AND BADLY WOUND ANOTHER DURING CHASE

Pursuing a bandit who held up an Atlantic and Pacific store at Holmes and Cortlandt streets, yesterday afternoon, one man was shot and killed and another seriously wounded when the robber turned suddenly and fired on them point blank.

The dead man was Edward W. Maurer, 21, of 151 Stephens Street. Paul Bohrer, 40, of 160 Stephens street, who was close behind in the chase, was shot in the stomach and is in a critical condition at St. Michael's Hospital, Newark.

The bandit-killer was captured a short distance away by police and identified himself as William Gimble, 20, of 46 New street. Police say he has a record as a robber.

Gimble was said to have held up the chain store manager shortly before 1 o'clock yesterday afternoon. As he was escaping from the store the manager set up a cry for help and Maurer, Bohrer and other pedestrians were attracted.

A dozen or more gave chase, but Maurer and Bohrer outdistanced them. They were gaining on the robber when, witnesses said, he turned about and leveled a .45 caliber revolver at them, firing from only a few feet away.

He tried to make good his escape but Policemen Gross, Leighton and McArt had arrived and caught and subdued him less than a block away.

Belleville Streets Now Paved Total Forty-One Miles

Town Engineer A. S. Blank Gives Some Further Information

Belleville now has forty-one miles of permanent paved roads, forty-seven per cent, or about nineteen miles of which has been constructed during the last six years since the engineering department has been organized, as such. This report Town Engineer Albert S. Blank.

During that period twenty-six miles of four-foot wide sidewalk and twenty-seven miles of curb have been laid.

In the last year, 4,358 feet of storm water sewer pipe was laid; twenty-two manholes and thirty-eight catch basins, 3,526 feet of six-inch water mains and 937 feet, eight-inch.

In the same period there were constructed 2.72 miles of permanent pavement, 3.428 miles of sidewalk, 4.306 miles of curb, and ten miles of sanitary sewer laid, including that in Belleville Gardens section and a trunk line in the section west of Belmont street. 1,832 sewer laterals were laid. In the road department, it was reported, the sweeper travelled 2,304 miles at a total cost of \$5,781 or \$2,509 per mile.

This work has been done largely through the efforts of Commissioner Patrick A. Waters, who heads the department.

Court Sancta Maria Learns With Pride Of Regent's Honors

Papal Blessing Bestowed By Pope Pius, It Is Learned

Court Sancta Maria, No. 61, Catholic Daughters of America, learned with pride of the honor and distinction of their beloved Supreme Regent, Miss Mary C. Duffy of Clifton avenue, Newark, in being signally honored by the bestowal of the Papal blessing by His Holiness Pope Pius XI. Word was received from Cardinal Peter Gasparri, secretary of State to the Holy Father at the Vatican that the Apostolic blessing had been bestowed on the Supreme Regent, National State, and Court officers and members of the Order in the United States, Canada, Cuba, Panama and Porto Rico.

The message also conveyed the Pope's gratitude, for the Daughters' recent gift of \$5,000 in commemoration of his Sacerdotal Jubilee, and other donations, during the last three years.

On Sunday, January 26, Miss Duffy will be honor guest in Montreal, Canada, and will talk on the microphone over station CKAC. Her sub-

Many Parishioners From St. Peter's At Diocesan Meeting

Plans Perfected Whereby American Mother House Will Be Moved

A number of women affiliated with various societies of St. Peter's Church attended a diocesan meeting at 31 Mulberry street, Newark, on Tuesday afternoon. Plans were perfected whereby the American Mother House of the Italian sisterhood, "Maestra Pie-Filippini," will be moved from Villa Victoria, Trenton, to the recently purchased estate of Louis Gillespie, Morristown.

Under the direction of Bishop Thomas J. Walsh the estate is being prepared for occupancy and in about a month the first group will take up residence there. Villa Victoria, which was taxed to the utmost for room, has grammar, high, and normal schools for the training of Italian-American girls for the sisterhood. Eighty nuns, novices, postulants and candidates, comprise the colony there. About 150 in this country are under its jurisdiction. The high school department will continue at Trenton for the time being. After their removal to Morristown the Villa will be used as a boarding academy, for American girls of Italian origin. The estate is one of the show places of Morristown and consists of seventy-eight acres; is three stories high, contains thirty rooms and is of red brick with white frame trimmings. Modern heating, laundry and kitchen equipment have been installed, and other improvements will be added. Bishop Walsh on his return from Europe last September purchased the place and it will be given a suitable name when the Sisters take up residence there. Religious teachers Filippini, as the order is known in this country, conduct nine schools in the United States—six in Trenton, one in New York; one in Newark, and one in Baltimore. It is the object of the order to open schools throughout the country in Italian-American parishes. The National Council of Catholic Women of which members of St. Peter's Welfare is composed with Miss Nellie Salmon of Academy street, president, attended the meeting. Under the guidance of Miss Salmon, the local girl scouts were organized under the auspices of the N. C. C. W.

Belleville High Netsters Trip Up Clifton High Representatives

Craving vengeance for their rather dismal showing against Weehawken, Belleville High handily turned back the vaunted basketball representatives of Clifton High, 28-19, Friday night at the local high school gym. Over 500 fans packed the big gymnasium to witness their favorites in action.

Bob Jackson, who entered the game late in the second quarter, was the man of the hour for the local quintet piling up a brilliant thirteen point total and generally improving the morale of the Blue and Gold during his stay in the game.

The Bell-boys, displaying an unexpected reversal of form, forged to the front from the opening whistle and stayed there throughout the hotly contested battle, although threatened once or twice by the fighting Cliftonites.

Bill Bennett, sterling guard of the homesters, sank a brilliant long field goal to open the Belleville scoring in

Euchre Tonight For Benefit Of St. Peter's

A Euchre for the benefit of St. Peter's Catholic Church will be held this evening in the home of Mrs. Edward Livingston, 124 Rutgers street.

Yes, In Lyndhurst—And Here Is Why!

Due to a press break of a serious nature, the News is temporarily being printed in Lyndhurst, through the courtesy of an HONORABLE concern. The line on our front page "the only paper printed in Belleville" is a true one, and will stay where it is.

The Belleville Times, "our blundering little neighbor down the street," which has tried to embroil us in petty squabbles to benefit their own weak position, yesterday called attention to this temporary change of press work while our press is being repaired.

For four years we have been printing a clean paper in Belleville and as soon as our press difficulties are overcome we will again print in Belleville its only paper. We know Belleville folks are big enough to realize the Times' effort to belittle us is doing more the petty way it has of doing things.

This being a temporary proposition we did not think it necessary to inform our readers.

But since the Times has seen fit to make a mountain out of a mole hill, as it usually does, we want to say that as soon as the "News" press is repaired we will resume printing in Belleville.

Aside from this, we will go back to our own methods of being gentlemen and ignoring perverted thrusts from insignificant nincompoops.

Our plant is at 501 Washington avenue, Belleville, for anyone to inspect if they believe the Times.

We notice that the Times carries items of ten years or so back. Why doesn't that paper write a good story about the war record of "Tom" and "Wally" of this paper and the owner of the Times? Laugh this off!

Junior Order Council Elects Its Officers

Members Plan A Visit To Hamburg Council January 24

Belleville Council, Junior Order, at a well attended meeting Tuesday elected the following officers: Councilor, Robert K. Tyler; vice councilor, Russell Lamb; conductor, Charles Lister; inside sentinel, George Rawcliffe; outside sentinel, Harry Bradford; trustee, Herman Markel; assistant recording secretary, A. A. Baker, and warden, Charles Julian.

The installation was conducted by District Deputy, Gustave Hartman, assisted by Past District Deputy Homer Dennis. The Council will journey to Hamburg Friday evening, January 24, to visit Hamburg Council. Members will meet at the Masonic Temple at 7:30.

Many prominent members of the order were present. A roast beef dinner was served at the close of the meeting.

Belief Of Others Is Regarded In Gift To Church By Jew

E. Orange Man Gives Flag To Father Field Of St. Peter's

Samuel J. Fastenberg, of East Orange, of Jewish belief, has just presented to Father Edwin J. Field of St. Peter's Catholic Church a beautiful, large, silk American flag of the finest texture and all that goes with it, case, stand and so forth.

Mr. Fastenberg, his wife, and a few friends, attended midnight mass Christmas at the local church. Out of a recent meeting a warm friendship has developed between Father Field and Mr. Fastenberg.

St. Peter's Social Society is perfecting plans for a mammoth card party at the auditorium, Friday, January 31, for the building fund. Mrs. John T. Burke is chairman, with Misses Teresa Saimon, Mary Glynn, Elizabeth Consins, Margarette Donhauser, Mrs. Edward Coogan and Mrs. George Hacker, assisting.

Nicholas Shelly of Columbus avenue sailed Wednesday for Ireland and expects to return in April.

BOARD TO AIR MONTCLAIR LINE

Sad But True

The road hog is a funny brute, We'd like to bust him on the snout. He holds the middle when you toot. A warbling with your auto horn. Alas, alack! We'll ne'er be blest With surcease from this awful pest. E'en though we sock 'em all to rest, There are millions yet unborn!

News Readers May Send Views To Us

A matter of vital importance to the residents as well as those of other adjoining Towns will come before the Public Utility Commission at its meeting rooms in the Industrial Building in Newark on January 29 when they will take up the question of allowing the Jersey City-Montclair Bus Co. the right to pick up passengers in Belleville and discharge them in Glen Ridge, Verona and Caldwell going one way and Kearny going the other way.

The Board of Commissioners two months ago granted the company that right but before it can go into effect the sanction of the Utility Commission will have to be secured. The owners of the line at the time of the application pointed out how unfair it was to residents of the Town of Belleville to have buses running through its streets on their way to these various towns mentioned, and the same buses being restricted by Public Utility ruling from picking up passengers to drop off in these adjoining towns.

With the present facilities Belleville residents either have to get on a trolley and go to Broadway and Bloomfield avenue, Newark, and wait for a Caldwell car, or take a Cross-town bus on Belleville avenue, and make several changes before being able to get even to Montclair. Many Belleville families have daughters attending normal school in Upper Montclair and this line is an ideal and direct route to it, but imagine the feeling of our Belleville citizens standing on the corner on their way to Montclair and Caldwell and see an empty bus going by, restricted from picking them up, or worse still, imagine a person at the end of the line in Caldwell, on his way to Belleville and not allowed to board a bus with a sign reading Bloomfield, Belleville and Jersey City. Present restrictions prevent the buses from dropping any one off on their east bound trip until they reach Jersey City.

Mayor Samuel S. Kenworthy, in whose department transportation rests, is heartily in favor of the buses being allowed to pick up passengers and will appear before the Public Utility Commission on January 29. There may be many Belleville citizens interested and in need of this service. If any of the "News" readers want to favor this application they may address their communications to this paper and your favorable comment will be placed before the Public Utility Commission.

It seems unfair for this restriction to stay in effect and it is felt that the Public Utility Commission will lift the restriction and allow the pick up if they can be shown that the service is really needed. It is up to the town authorities as well as the Belleville citizens to show them as much.

Epworth Leaguers Deem Programs In "Extra Fine" Class Attendance Each Sunday Seems To Agree On Larger Programs

Although several theatre circuits are making extra efforts this month with their festivals, jubilees and the like, the Epworth Leaguers of Wesley M. E. Church deem their program for the month somewhat beyond these, in due proportion, of course, and according to the importance attached to the extra interesting programs.

And the attendance each Sunday seems to agree with the larger planned programs. Last Sunday evening fifty-six members and friends were present to hear Rev. Chenoweth of Nutley and to see his interesting talk illustrated on a large screen by beautifully colored slides.

The subject was "A Trip over the Missionary Map" and included Japan, China, the Philippines, India and Africa. Rev. Chenoweth has traveled widely and provided many interesting facts and sidelights on his trips.

Tomorrow afternoon at 2 o'clock, Leaguers and friends will journey to the "House on Top of the Hill" where a good time is promised. All will dine at six o'clock, a chicken dinner the feature. Following the edibles, there will be a grouping around the fire side and later a continuance of the sport of ice-skating, providing the weather permits.

This Sunday evening at 7 o'clock, members from the Orange Memorial Glee Club will entertain with a selection of Negro Spirituals which

Belleville Pulls Game From Fire In Last Few Seconds

Real Drama Creeps Into Fracas With Orange High Squad

Real drama creeps into Belleville High's sensational 22-20 win over Orange Tuesday afternoon at the local high school gym.

Get the picture. Orange leading with about a minute and a half to play of the final quarter by a 20-18 count. A small margin but plenty big at the time. "Mac" Lamb, brilliant forward of the Bell-boys, heaving a desperate long pass to the waiting Jackson, who promptly tallies on a perfect short shot to even up matters. A minute more gone and prospects of an extra period. Then the turning point as an over zealous Orange player fouls Lamb, who promptly relieves the suspense by making good both foul tries a few seconds before the final whistle.

Previous to this thrilling climax the two squads had engaged in as close and as hard fought a game as one would care to see. Throughout the entire first quarter, both sides were strictly on the defense as if feeling each other out. The score clearly reflects this state of affairs as Orange led by a 3-2 margin at the end of that time.

Belleville soon found the key to the Orange defense in the second quarter, as they went on a comparative scoring spree to tally eight times. The Golden Tornadoes had their hands full accounting for a trio of markers, with the result that the Blue and Gold went into the van at half time by a 10-6 count.

The third quarter was Orange's turn to run wild wild, which she

A group of members of the Woman's Auxiliary met at the home of Mrs. George A. Kelsall, 70 Preston street for an all-day sewing meeting on Tuesday, when many garments were made for the Church Mission of Help, Diocese of Newark. Members of the committee for this work are: Mrs. Frederick Idenden, Mrs. Frederick S. Ford, Mrs. J. Harry Edwards and Mrs. Kelsall. Next Tuesday, Mrs. Edward Nelson, president of the Woman's Auxiliary, will be hostess to the same group of women, at her home, 59 Prospect street, for another all-day sewing meeting, to make garments for St. Luke's Hospital, Tokio, Japan. The meeting is called at ten o'clock. Luncheon will be served.

Christ Church Branch of the Girls' Friendly Society entertained at a meeting of the Senior Club, of the G. F. S. of the District of Newark, at the House of Prayer, on Saturday evening. The Kitchen Orchestra and entertainment portraying the "Courtship and Wedding of Paddy and Rosie," which was so successfully given at the mother and daughter supper on December 4, at Christ church, was repeated for the Newark group. Those taking part, besides the members of the Kitchen Orchestra were: Reader of the libretto, Mrs. George A. Kelsall, branch president; leader of the orchestra, Miss Lillian Edwards; pianist, Mrs. J. Harry Edwards; members of bridal procession, bride, Miss Bertha R. Mumford; groom, Miss Edith Baldwin; maid of honor, Miss Lorraine Ross; minister, Miss Marjorie Davis; flower girl, Miss Ruth Williamson; bridesmaids, the Misses Elizabeth Martin, Nancy Miller, Ellen Barlet and Virginia Crockett; ring bearer, Miss Jeannette Crockett. Mrs. Frederick S. Ford, an associate, was present.

Next Wednesday evening will be social night at the meeting of the Girls' Friendly Society. A bridge and salmagundi party has been arranged for, Miss Ruth Williamson is chairman of the committee in charge, and she is assisted by the Misses Virginia Crockett, Marjorie Davis, Pearl Hemingway, Rayna Maryott, Nancy Miller, Bertha Mumford, Margaret Pride, Lorraine Ross and Mildred Seelye. At the close of the games, prizes will be awarded and refreshments served.

The Newark Assembly of the Brotherhood of St. Andrew will have a supper meeting in charge of the Junior Work Committee, at the parish house this evening. Supper will be served at 6:30 by the following committee of ladies of the Guild:—Mrs. Mary J. Lloyd, chairman, assisted by Mrs. Walter Coups, Mrs. George H. Hildebrand, Mrs. George A. Kelsall and Mrs. Edward Nelson. The waitresses will be Mrs. Hal W. Earl, Mrs. J. Harry Edwards and Mrs. George Schmeltz.

After supper there will be an informal meeting with Mr. Clarence W. Brickman as the invited speaker. This is the first effort put forth by the Junior Work Committee, and it is hoped will meet with an enthusiastic response.

The annual Washington's birthday meeting will be held at St. Luke's

church, Montclair, this year instead of at Trinity Cathedral, Newark, as in years past. The program on that day will begin with Holy Communion at 8:30 A. M.

Awards for perfect attendance were given to 46 scholars of the Sunday School, last Sunday morning. Reinhardt Erickson had a perfect record for nine years; his brother Robson Erickson, perfect record for eight years, and Miss Ruth Williamson, perfect record for six years. There were four scholars with records for five years; seven scholars with four years; two scholars with three years, nine scholars with two year records, and twenty-one scholars with perfect attendance records for one year.

The men of the parish are planning an old-fashioned minstrel show to be held on the evenings of Thursday and Friday, February 27 and 28. Twenty-five men will take part, and the affair is to be known as "The Parish Minstrel." The proceeds to be applied to the Church Building Fund. Walter Gilby is chairman of the Committee, assisted by William Beer, Sylvester P. Denison, Stewart A. McAleese and George E. Pratt. The first rehearsal was held on Tuesday evening.

Notes
The work at Grace Church is still going strong. It makes little difference to the people who attend the services at Grace, whether the weather is hot or cold, dry or wet. A good congregation is always on hand to greet the pastor of Grace Church and listen to his message.

This coming Sunday at 11 A. M. the pastor will speak on the "Unknown Apostles." How little we know of the men that have laid the foundations of our civilization. Are we indifferent or just careless?

The evening services at 7:45 P. M. will begin with the usual song

service, which is one of the features at Grace evening service. Come and forget the trials and problems that vex your soul, by joining with the people of Grace in an hour of song and worship. You will like it. At this service Mr. McCombe will speak on the subject of "Road Building."

The School of Religious Instruction will have had its first meeting as you read this announcement. The school will continue for a period of six weeks, meeting each Tuesday evening at 7:45 P. M. Any one desiring to enroll for the course may do so, by conferring with the committee, under which group they desire to study. There are three groups as follows: Young People, Dr. W. S. Booth, of Newark, leader; Women, Mrs. Powers, of Bloomfield, leader; men, Mr. Graham, of Arlington, leader.

These are all experts in this work and Belleville is honored in having them come to Grace as instructors in this course.

The following committees have been appointed to take care of the arrangements: Transportation, Deacon Thomson, Mrs. G. W. McCombe, Mrs. Irma Ryer, Miss Helen Colehamer, Mr. John Stoddart, Deacon Karrer, Mr. Elmer Hyde; Men, Mr. John Sherwood, Mr. David Cooper, Deacon Moreland, Mr. R. Jacobs, Deacon Fulcher; Young People, Mr. Percy Karrer, Mrs. E. Thomson, Miss Doris Colehamer, Miss Madalene Thomson, Mrs. Douglas Clark, Miss Zeada Chaffee, Miss Irene Elmer, Miss E. H. Henstis, Miss Clarence Broadhead, Miss Grace Eller; Women, Mrs. James Phelps, Mrs. George Wierick, Mrs. M. Parker, Mrs. P. R. Torrey, Mrs. William Chaffee, Mrs. F. Fulcher, Mrs. John Sherwood, Mrs. Hiekok, Mrs. Jacobs and Mrs. Elmer Hyde.

Don't forget that Friday and Saturday are the dates of that play of plays "The Mummy and the Mumps." Take this warning that if you come, you had better see that all the buttons on your clothing are well fastened or you will loose them. The play is extremely funny and an evening of mirth and fun is in store for all that may come to this entertain-

Notes
The work at Grace Church is still going strong. It makes little difference to the people who attend the services at Grace, whether the weather is hot or cold, dry or wet. A good congregation is always on hand to greet the pastor of Grace Church and listen to his message.

This coming Sunday at 11 A. M. the pastor will speak on the "Unknown Apostles." How little we know of the men that have laid the foundations of our civilization. Are we indifferent or just careless?

The evening services at 7:45 P. M. will begin with the usual song

service, which is one of the features at Grace evening service. Come and forget the trials and problems that vex your soul, by joining with the people of Grace in an hour of song and worship. You will like it. At this service Mr. McCombe will speak on the subject of "Road Building."

The School of Religious Instruction will have had its first meeting as you read this announcement. The school will continue for a period of six weeks, meeting each Tuesday evening at 7:45 P. M. Any one desiring to enroll for the course may do so, by conferring with the committee, under which group they desire to study. There are three groups as follows: Young People, Dr. W. S. Booth, of Newark, leader; Women, Mrs. Powers, of Bloomfield, leader; men, Mr. Graham, of Arlington, leader.

These are all experts in this work and Belleville is honored in having them come to Grace as instructors in this course.

The following committees have been appointed to take care of the arrangements: Transportation, Deacon Thomson, Mrs. G. W. McCombe, Mrs. Irma Ryer, Miss Helen Colehamer, Mr. John Stoddart, Deacon Karrer, Mr. Elmer Hyde; Men, Mr. John Sherwood, Mr. David Cooper, Deacon Moreland, Mr. R. Jacobs, Deacon Fulcher; Young People, Mr. Percy Karrer, Mrs. E. Thomson, Miss Doris Colehamer, Miss Madalene Thomson, Mrs. Douglas Clark, Miss Zeada Chaffee, Miss Irene Elmer, Miss E. H. Henstis, Miss Clarence Broadhead, Miss Grace Eller; Women, Mrs. James Phelps, Mrs. George Wierick, Mrs. M. Parker, Mrs. P. R. Torrey, Mrs. William Chaffee, Mrs. F. Fulcher, Mrs. John Sherwood, Mrs. Hiekok, Mrs. Jacobs and Mrs. Elmer Hyde.

Don't forget that Friday and Saturday are the dates of that play of plays "The Mummy and the Mumps." Take this warning that if you come, you had better see that all the buttons on your clothing are well fastened or you will loose them. The play is extremely funny and an evening of mirth and fun is in store for all that may come to this entertain-

church, Montclair, this year instead of at Trinity Cathedral, Newark, as in years past. The program on that day will begin with Holy Communion at 8:30 A. M.

Awards for perfect attendance were given to 46 scholars of the Sunday School, last Sunday morning. Reinhardt Erickson had a perfect record for nine years; his brother Robson Erickson, perfect record for eight years, and Miss Ruth Williamson, perfect record for six years. There were four scholars with records for five years; seven scholars with four years; two scholars with three years, nine scholars with two year records, and twenty-one scholars with perfect attendance records for one year.

The men of the parish are planning an old-fashioned minstrel show to be held on the evenings of Thursday and Friday, February 27 and 28. Twenty-five men will take part, and the affair is to be known as "The Parish Minstrel." The proceeds to be applied to the Church Building Fund. Walter Gilby is chairman of the Committee, assisted by William Beer, Sylvester P. Denison, Stewart A. McAleese and George E. Pratt. The first rehearsal was held on Tuesday evening.

National Stability Before Prosperity

Thus Declares Leader Of Hupmobile Auto Concern

By DU BOIS YOUNG
President and General Manager
Hupp Motor Car Corporation,
Detroit, Mich.

While I am opposed to making predictions as to future prosperity over which we have no control, I am always free to declare my firm belief in the inherent soundness of American industry.

Some statisticians and a few economists predict a diminished demand for motor cars during the next few months. Others have declared, in effect, that the volume of motor sales within the next few months will remain at least comparable with the corresponding period of last and other years. In the fall of 1926 we

heard unanimous predictions of a dark year in our industry, yet 1927 proved to be a pretty fair year on the whole, and the following year was even better.

I do not know if such will be the case in 1930. Yet so ingenious and resourceful is the American public and so recuperative are their impulses that the prophets of gloom have many times before been disappointed.

It is true that these are testing times for human character. Just as steel finds its strength in the flame so do men prove their metal under the duress of strenuous times and just as human character is forged under trying circumstances, so is the morale and business acumen of companies and corporations steeled for their future tasks.

I believe that the motor car industry has learned a powerful and stimulating lesson in the events of the past three years. It has taken that long for manufacturers and sales organizations to discover that they have finally approached that point wherein sales demand must be met by production supply. And by the same token, the automobile industry has also discovered that the American automobile buyer has become a really good judge of motor car value.

There is still a third benefit which has been perhaps unconsciously drawn from the fire of business contact. That is the ability to anticipate public trends — public appreciation and public desire. This is shown in the fact that motor cars are being constantly improved mechanically — that values are continually increased.

Prices probably will show a general increase within the next few months. The increased costs of material and production will probably demand some readjustment throughout the industry of the marginal operation profit. Yet I do not believe this relatively small increase will appreciably affect the total number of motor cars purchased next year. Such an increase will only bring motor car prices to a comparable level with those of 1928.

The constant rule of American optimism will return American industry to its normal stride. I do not believe that the solid national backlog of composed and intelligent families will permit the ups-and-downs of

played for group singing. At the business session plans made for a public covered dish cheer February 6 at the church with Mrs. Dudley Drake in charge. Meeting of the society will follow.

Kernit
GAS-FIRED INCINERATOR

An
Improvement
in Any Home

MODERN homeowners appreciate the convenience and sanitary method of disposing of garbage and refuse provided by the Kernit Gas Fired Incinerator. It burns all waste thoroughly and quickly and never leaves a trace of odor. It is one of the best protections against fire hazards that you can install in a home.

A Kernit is inexpensive to install and economical to maintain. You will find that its satisfactory service will repay its original cost over and over again.

The Kernit is endorsed by such authorities as Good Housekeeping Institute, American Gas Association and several thousand satisfied Kernit owners. Send for interesting descriptive literature.

World's Tallest Building Will Be Erected On Prominent New York Corner

A building standing on the northwesterly corner of Fifth Avenue and 42nd street, since 1875, is now in the process of demolition to make way for a magnificent 58 story office building. This structure which was originally the Hotel Bristol... not the present Hotel Bristol which is located at West 48th street, New York... was once the center of smart society, but the march of progress soon made the hostelry obsolete as a meeting place for the fashionable set and in 1902 the famous inn was renovated into an office building. The value of New York realty has been steadily increasing in value and this particular corner due to its convenient location at the crossroads of the Metropolis has become such a dominant position for an office building that one of the city's prominent realtors has commenced to tear down the antiquated structure and soon an immense palatial office building will rear its spires into the sky. The present Hotel Bristol carries on the reputation for which its predecessor became famous.

ous bills to be brought before the Legislature and complimented the Belleville Woman's Club on the splendid work it is doing for the community. Mrs. Ogden's term as 8th District vice president will expire in April and the club has endorsed Mrs. Knud S. Bay, former president of the Arlington Woman's Club, as her successor.

The singing of the Federation song was led by Mrs. Albert S. Blank, with Mrs. Dudley Drake at the piano. Mrs. Drake was also in charge of the club tea. The monthly food sale was under the direction of Mrs. Porter Sheldon and was held previous to the meeting.

The club is proud to announce that one of its members Mrs. S. H. Bootes, has been appointed Poormaster by Mayor Samuel S. Kenworthy. Mrs. Bootes is at present chairman of the Social Service Department of the Woman's Club, and is particularly well qualified to assume the duties of her new office.

There are a few more tickets to be had for the card party to be given by the Ways and Means Department at Demerjian Brothers' Rug Shop, Newark, on the evening of January 24. Tickets may be obtained by calling Mrs. J. J. Schaffer, chairman.

There will be a meeting of the Nominating Committee at the club house Monday afternoon at 1:30. Mrs. F. K. Mase is chairman and has on her committee Mrs. F. S. Bootay, Mrs. Charles Campbell, Mrs. W. K. Stone, Mrs. A. S. Blank, Mrs. Joseph Kaden, Mrs. J. P. Brown, Mrs. Herbert Carson and Mrs. H. E. Wilson.

The Art Department, Mrs. W. D. Cornish, chairman, will meet at the club house Friday afternoon, January 17, at 2:30. Plans will be made for the art exhibition to be held in March.

Mrs. Harold Nelson, chairman of the Drama Department, has also called a meeting for the same afternoon at 2:30.

The Newark Star-Eagle has extended an invitation to the members of the club to be their guests at a cooking school to be held at Krueger's Auditorium, Newark, January 21 to 24 inclusive. Any members desiring to attend will kindly communicate with Mrs. Whitfield.

The hostess for the card party to be held at the club next Monday afternoon will be Mrs. Lionel Phillips, Mrs. Harry Naylor, Mrs. W. E. Wadman, Mrs. A. L. Bryan and Mrs. Fred Rummel. Playing will start promptly at 2:30 and members and their friends are cordially invited.

the early minutes of play. Thereafter, with Mac Lamb heading it, the Blue and Gold offense managed to roll up an 8-4 lead at the end of the initial quarter. They retained this advantage in the second period and at the end of the first half enjoyed a substantial 16-10 margin.

The second half was pretty much a repetition of the first half's doings, with the gaily uniformed Bell-blows showing superior pass-work and more accurate eyes than the visitors to materially add to their advantage.

During this final half the lanky Jackson ran wild and sank short shot after shot in rapid and bewildering succession. The versatile Lamb and "Dutch" King also featured with splendid exhibitions of floor work.

Before the entrance of Jackson into the game, "Stan" Goodrich, who starred at center, more than held his own with his rival, accounting for Mrs. Whitfield.

Doings in the Field of Sports

Pennant-Bound Bachelors Win from Wesleys

Displaying marked superiority throughout, the pennant-bound Bachelor quintet simply could not be headed by a determined Wesley combination, who were forced to accept their first Recreation League defeat, 24-14, Thursday. In other tussles the Valleys overcame the fighting Community Aces, 27-19, and the Garnets easily brushed aside the Panther threat by a 30-12 count.

In the feature set-to, the Bachelor-Wesley embroglio, the winners thoroughly convinced the huge turnout present of their right to first half honors in the court circuit and incidentally put on one of the best exhibitions of team play seen at the local gym this season.

From the very out-set, when Johnston and Parcells each made a beautiful under-the-basket shot, the issue was never in doubt, as that redoubtable trio of Parcells, Johnston and Wengel played rings around the losers' defense. The Wesleys, although outplayed by a considerable margin, never gave up the idea that they were in the game, and fought as hard at the end of the tilt as at the start. This spirited play of the church squad made the affair a better game than the one-sided score indicates and provided the fans with plenty to cheer about on both sides.

The afore-mentioned trio of Johnston, Wengel, and Parcells led the Bachelor offensive game with point totals of seven, six and eight respectively. Pat Dunn and Joe McGuire were also shining lights for the winners on both the offense and defense. Dunn held the high-scoring Jimmie Metz, of the Wesleys to a mere three points throughout the entire game.

"Sonny" Hosking, captain of the Wesleys, was the whole show offensively for his squad, his six point total being almost half of his team's scoring. Jim Hozack, "Jake" Jacobsen and Johnnie Carrough played well on the floor for the Methodist boys.

This victory for the Bachelors just about gives them first place in the initial half of the league season. The newly Panthers are the only obstacle in the way of the Bachelors mathematically clinching this coveted advantage.

In the Garnet-Panther game, which was the opening tussle of the night, the winners proved to be too "Mutch" for the lighter Panthers. Bob Mutch lanky center of the Garnets, registered six field goals and three foul shots

for half of his team's total points and three more points than the combined efforts of the entire Panther squad. After a poor first half, when the winners amassed nineteen of their thirty point total, while holding their opponents to six, the Panthers came back in the second half, faced with the impossible in the form of the Garnets' insurmountable lead the losers nevertheless held their own in this period, holding the heavy-scoring Garnets to a quartet of field goals.

Despite this last minute stand of the Panthers, the Garnets were never seriously threatened and produced the brilliant playing expected of them. Besides Mutch, who starred on the defense and offense, "Nap" Prior collected four field goals for the second high point total, eight, while Ackerman and Campbell put up strong games throughout.

Scoring honors for the Panthers were pretty evenly distributed, with Phelps leading the pack with four tallies. Schenck and Perry ran Phelps close seconds with three each, while George Betke completed the Panther tallying with a single field goal.

In the third and final game of the evening the Valleys downed the Community Aces in a convincing 27 to 19 fashion. Heavy scoring in the early minutes of play gave the winning combination a substantial lead that they never relinquished. At the end of the first half, the Valleys enjoyed a 13-4 advantage, mainly due to the unerring eye of Harry Metz, pivot man of the winners, whose under-the-basket shots were well-nigh unmissable, finding the net almost every time.

During the second half, the Aces displayed a complete reversal of form and outscored the Valleys by a 15-14 count. The Valleys' early lead, however, and their ability to enable them to withstand this belated rush of the Silver Lake boys.

The main power behind this fine Community Ace come-back was Sal Pico, eagle-eyed forward of the losers. Sal, besides staging a fine floor game, added eleven points to his team's nineteen point total. Brother Nunzio also featured the Aces, with a five point tally.

Harry Metz added eight points in the second half to bring his total to fourteen and gave him individual scoring honors of the game. He also played a fine defensive game, holding his rival center, Carbat, of the Communities, without a point.

Captain Herbie Mayes put up his usual fine team play game for the Valleys, as almost every play they engineered seemed to pivot about him. Herb Otto and Art Bloemeke also starred for the winners.

THE ONLY PAPER PRINTED IN BELLEVILLE FIRST In Circulation. In Advertising. With the News.

Reaching the peak of their form the brilliant Belleville Elks' quintet took two out of three games from the strong Euclid Masonic five in a Morris and Essex Bowling League match at the local alleys, Thursday.

After splitting the first two games, the teams went after the deciding match with all they had. The local Elks were entirely too much for the recent league leaders, however, and murdered the maples for a fine team score of 982, just a few pins short of the coveted 1,000 mark. The Hoboken boys' 922 count, although a splendid effort, fell far short of the Bell-boys' record tally.

Tom Mac Nair, high scoring anchor man of the Elks, kept up the consistent bowling form that has made him one of the most feared men around the circuit. He rolled three brilliant games of 192, 207 and 228, his final tally being individual score of the night. He also bowled a pair of perfect games, the object of every good bowler.

Billy Bechtoldt and Mac McManus contributed 200 scores to their team's fine showing in the final game, while Bob Whitten turned in three consistent scores of 192, 166, 177.

George Jarret of the Euclids, who has been service representing America at the Olympic games, rolled the entire works for the losers, rolling games of 195, 191 and 212.

Val Werner, youthful star of the Hoboken aggregation, who is the present leader in the league's individual averages with a mark over 213, found the local alleys tough and bowled a miserable 139 in the opener. He came back strong in the next two, however, and hit 184 and 199.

His comparatively poor showing furthered the much expressed opinion that the local alleys are as tough as any in the league and added prestige to the Belleville Elks' boys, who use them as home chutes.

FRELINGHUYSEN URGES REFORM

New Jersey Government Scored By Candidate For Senatorship

A denunciation of New Jersey state government was given last week by Joseph S. Frelinghuysen, Republican candidate for nomination to the United States Senate...

"There are certain things in the state government in New Jersey which I think call for drastic reform," the speaker said.

"We have been misled in New Jersey by a great wave of prosperity," Mr. Frelinghuysen said.

Tells of Debt Rise

"The spirit of economy was begun in the national government under the Harding administration and was continued by President Coolidge with the budget system."

"Last year I proposed to Governor Larson a resolution which has since been adopted to appoint five men to a commission to make a survey of the tax problem."

Promises to Answer

"I have been defeated twice for the United States Senate but I do not feel those defeats are a reflection on my service to the people."

"I have given twenty-six years of service to this state. It was a constructive service. I didn't try to build a political machine."

"I believe in peace and disarmament and the policies of Herbert Hoover for promoting world peace."

"Peace? Yes, every effort to bring about peace. But let our defense be not below that of any other nation."

"I believe we should give more attention to unemployment," Mr. Frelinghuysen declared.

This Week's Tidbits (By Betty Barclay)

APPLE MARMALADE
6 oranges
3 lemons
9 apples
9 cups sugar
3 cups water

Pare and slice apples and cover with lemon juice. Wash oranges and cut into thin slices. Slice lemon rind. Add sugar and water and let stand 1 hour. Cook slowly to boiling point; boil 1 hour or until of the consistency of marmalade. Turn into sterilized glasses or jars and seal when cool.

ORANGE JUNKET WITH WALNUTS

1 package orange junket
1 pint milk
walnut meats

Chop coarsely the walnut meats and place in bottoms of dessert glasses. Dissolve the junket in the lukewarm milk and pour into individual dessert glasses, according to the directions on the package. Let stand until firm, then chill. Before serving put a few more nuts on each glass.

FRUIT SHERBET

2 cups sugar
2 cups water
2 oranges

FLU FLY DON'T BOTHER ME

By BETTY BARCLAY

A high medical authority recently stated that one of the most important things we can do both to prevent and to correct colds or flu, is to take action against acidosis.

Keeping away from technical terms as much as possible, acidosis merely means that the body is less alkaline than it should be. It is present with every common cold, and may even cause colds. It weakens the body's power to throw off germs and lowers resistance so that a cold gets an easy start. When once well started it is likely to "hang on" and get worse instead of better.

Colds are not the simple little thing we once thought them. We may live through dozens or perhaps hundreds of them, and then have one develop into something serious, with fatal results. Although physicians seem to feel that a cold nipped in the bud is a simple thing to take care of, they are constantly forced to do their utmost to save the life of a stubborn man or woman who refuses to seek their services until it is almost too late.

Hundreds of thousands of people have colds at almost any time. When an epidemic gets in full sway, the number leaps into the millions—and usually one or more epidemics, of more or less volume, pay a visit between the first of November and the last of March.

What do you do when such an epidemic hits your locality, or when you, as an individual, feel a cold coming on? At the first sign of a cold, you should go home as quickly as possible. Of course you may lose a day's time, but you may also save twenty years or more—which is more than a fair compensation. Take a hot bath and get into bed at once. Then drink a full glass of hot lemonade. The "sweat-out" that follows will eliminate the poisons.

In the morning pour the juice of one lemon into a half glass of water. Stir in a half teaspoon of baking soda. Drink it while it effervesces, repeat three times a day until all cold symptoms disappear. Also, see your doctor before the cold becomes serious. If your early home treatment does not seem to get at the root of things, call the family physician immediately, for if this treatment does not suffice that cold has probably taken root and is a very dangerous companion.

It may seem strange to suggest lemon juice in this way, after stat-

ing that the body needs to be made more alkaline. The fact is, that both lemons and oranges have a decided alkaline reaction when taken into the system, so that the lemon juice rapidly helps to bring about the alkaline condition desired.

Knowing this, it is easy to go a step farther and suggest more fruit cups, more lemonade, more fruit salads, more spinach, more celery, lettuce, cabbage—in fact more fruit, vegetables and milk while you are well, so that the body may be kept strictly alkaline. Reduce a bit on meat, fish, eggs, bread and other acid-producing foods, and fill up the vacant spots with vegetables and fruits. If you do this while you are well, you may not need to fight a cold this coming year.

But if a sneeze or a chill announces that a cold has arrived, follow the directions given above and forget the fact that you have sometimes been able to fight a cold while at work. The man so healthy that he can do this latter task, may in the doing infect his fellow workers who will not be able to follow in his footsteps—which, by the way, is something well worth thinking of.

Winter Vegetable Dishes (By Betty Barclay)

When fresh vegetables are scarce and expensive the wise housewife will turn to the canned variety. By the use of skill and ingenuity in their preparation she will have little difficulty in banishing her family's regrets for the fresh peas, corn, asparagus and lima beans of the summer months.

The main objectives in preparing canned, or for that matter dried vegetables for the table should be variety and the accentuation of their original flavors. The first can be achieved by a willingness to try new recipes. As for the latter, a little sugar, used not as a sweetener but as a seasoning agent, will do wonders in bringing back the flavors which the vegetables possessed when they were picked in the garden.

Corn and Pepper Scallop
To two cups of canned corn add one-half cup milk, one finely chopped green pepper, one finely chopped red pepper, one teaspoon sugar, one teaspoon salt, and one-eighth teaspoon pepper. Fill greased individual ramekins one-third full. Then sprinkle with fine bread crumbs. Add another layer of the corn mixture. Sprinkle again with bread crumbs, and continue the process until the ramekins are full. Sprinkle bread crumbs on top, and dot each ramekin with a half-teaspoon of butter. Bake for ten or twelve minutes in an oven at 450 degrees.

Savory String Beans
Shred two medium-size onions and saute them in bacon fat until tender and lightly browned. Add one pint strained, canned tomatoes. Season with one teaspoon salt, one-fourth teaspoon pepper, dash of cayenne, two cloves and two teaspoons sugar. Bring to a boil and add one quart canned string beans. Simmer for about fifteen minutes. Add a teaspoon of butter and serve.

A Delicious Soup

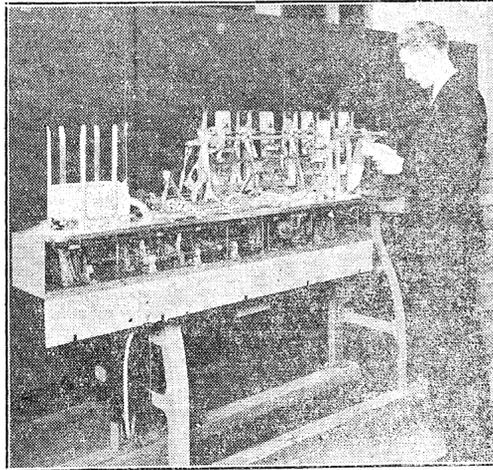

Cream of Potato Soup

4 medium potatoes
2 slices onion
2 strips bacon

Wash, peel, cut in cubes, and cook potatoes in enough water to cover until tender. Rub through a strainer. There should be 2 cups mashed potatoes and liquid. Add this mixture (left-over potatoes may be used) to 3 cups of thin cream sauce (3 c. milk, 3 tbsps. flour, 3 tbsps. butter. Season to taste. Add 2 tbsps. chopped parsley before serving.

A different flavor may be obtained by adding catsup, leeks or celery instead of onion. Cut leeks or celery in very thin slices crosswise and cook in with the potatoes.

This Machine Puts Dividend Checks in Envelopes, Sealing and Stamping at Rate of 3000 Per Hour

To facilitate the work of preparing and mailing dividend checks for common and preferred stock, the Treasurer's Department of Public Service Corporation of New Jersey recently installed a labor saving machine that stamps, seals and encloses, in separate envelopes, dividend checks with as many as three additional enclosures at the rate of approximately 3,000 per hour. This compares with a rate of 500 per hour when done by hand.

This machine not only performs the task accurately and speedily, but is so sensitive as to detect and cast out those envelopes which contain one enclosure too few or one too many. Thus

there is little chance of an envelope going forth without the requisite contents.

In the comparatively short time between the closing of the books for dividend records and the date of payment, thousands of checks are made out, placed in envelopes, sealed, stamped and mailed. This work is augmented by enclosures in the form of leaflets to stockholders informing them of the company's progress.

This month there were mailed more than 130,000 separate checks, establishing a record for any dividend period in the corporation's history. There are today on the books more than 8,000 individual stockholders. Ten years ago there were about 2,300.

Good Things To Eat Try These On Your Menu List

MARSHMALLOW SALAD

4 oranges
2 bananas
1 cup marshmallows
3-4 cup cream
Yolks of 2 eggs
2 tablespoons sugar
2 tablespoons lemon juice
Sprinkling salt
1 cup fresh grated cocoanut.

Cut oranges into sections, slice bananas and cut marshmallows into tiny quarters. Mix with dressing made by scalding cream and thickening it carefully with egg yolk, beaten until light with sugar. Cool dressing and add lemon juice and a light sprinkling of salt before adding fruit. Serve with cocoanut.

VANILLA DESSERT WITH CHOCOLATE SAUCE

1 package vanilla junket
1 pint milk

Prepare junket according to the directions on package. Let stand until firm, then chill.

Chocolate Sauce: Melt 1 square unsweetened chocolate in saucepan, placed in larger saucepan of boiling water. Add 1 tablespoon melted butter and when thoroughly blended, pour on gradually, while stirring constantly, 1-3 cup boiling water; then add 1 cup sugar. Bring to the boiling point and let boil fourteen minutes. Cool slightly and flavor with 1-2 teaspoon vanilla.

MANHATTAN PUDDING

1 3-4 cups orange juice
1-4 cup lemon juice
1 1-2 cups powdered sugar
1 cup heavy cream
2 cups chopped burnt almonds
1 teaspoon vanilla.

Dissolve 3-4 cup sugar in fruit juices. Turn into chilled mold or can of ice cream freezer. Whip cream, add remaining sugar, almonds and vanilla; pour over first mixture, seal tightly; pack in equal parts of ice and salt for 3 hours.

CREAM OF ASPARAGUS

Wash each stalk of asparagus carefully with a vegetable brush to remove all grit. Then cut in small pieces (using all but the very tough

parts). Cook, covered, until the asparagus is tender, in enough water to cover. Add salt to taste just before the asparagus is done. Allow 2 cups medium cream sauce (2 c. milk 4 tbsps. flour, 4 tbsps. butter). Season, and serve hot.

Note: The less tender part may be cooked longer and put through a sieve. (If desired, the tops may be used for salad.)

COFFE PUNCH (By Betty Barclay)

An unusual beverage which never fails to delight guests is coffee punch. It is inexpensive and always suitable, no matter what the season of the year. Here is a recipe for a large party of very thirsty human beings:

In a bowl place a block of ice. Make your coffee by the drip method which means it should be finely ground and that it will be full of fragrant flavor. The coffee should be fully a half stronger than usual because of the dilution by the ice.

Let us use four quarts of coffee for this punch. It is poured over the ice and then a cup of heavy cream and two-thirds of a cup of powdered sugar are added. Next come a quart of vanilla ice cream, which should be placed in the punch bowl in large spoonfuls, and a cup of chopped maraschino cherries and their juice—the cherries add the Turkish touch.

When the punch has become thoroughly chilled you will find it makes a popular drink at any party.

Good-bye Stained Teeth

New Safe Treatment Bleaches Dark Teeth in Three Minutes

Dentists have discovered a new safe treatment which bleaches stains from teeth, giving yellow discolored teeth a beautiful shining whiteness. It is called Bleachodent Combination, and consists of a remarkable liquid which cures or softens the stains—and a new kind of paste, which instantly removes the softened stains, and prevents new stains from forming. Simply brush the teeth with a few drops of the liquid—then use the paste—and even the darkest teeth are quickly whitened. Tobacco stains disappear after first few applications. Bleachodent Combination was first made for children's teeth to avoid the use of harsh gritty pastes which are so harmful to children's soft sensitive teeth. While Bleachodent Combination is widely used and recommended. Costs just a few cents, and money back if not delighted. Get it today at all good dealers, such as:

TRANSIT IDEAS

Director of Revenue and Finance James Gibson of Belleville is a man who visions into the future. Recently he was asked his views on a statement of Mayor Jerome Congleton of Newark that it is impossible for that city to start a high speed subway plan without financial aid of neighboring municipalities.

Mr. Gibson favors a commission with power to act for the entire North Jersey district. He sees future subway and high speed plans as purely sectional and a matter far too great for any single city to undertake. He would not tax the taxpayers either, for the construction cost.

The commissioner would have a group similar in operation to the present Passaic Valley Sewer Commission—not like the board that had to invite each town commission "to sit in?" years ago to settle sewer problems, but one with power to act, as today.

He recalls the surveys of the North Jersey Transit Commission and its recommendations.

Two years ago, this newspaper outlined before anyone else the plan of the Erie to electrify its Newark-Paterson branch with a main station near Washington avenue and Center street, linking Paterson, Hackensack, Newark and New York with high speed transportation.

Mr. Gibson has a great idea. He further recalls the suggestions of a speed line in the abandoned Morris Canal bed for towns west and north of Belleville and Nutley. He would have a union station at North Newark station of the Greenwood Lake branch of the Erie. This with the other Erie project would provide excellent transportation for all cities and towns north of Newark. Newark could get its share of North Jersey business by subway. New York bound folks could thus eliminate a trip to the "tubes" in Newark.

Mr. Gibson feels a city the size of Newark should have much to say on such a commission and rightfully.

To our way of sizing up the situation Newark would do well to realize it is small in its own right and large only in the right of its suburbs. Newark would do well to let other municipalities assist it. It further would make no mistake if it solicited help from men like Mr. Gibson—big men, who don't talk just for the sake of talking, but to express valuable thoughts.

A WORKING PEOPLE

According to statistics compiled by the National Bureau of Economic Research, 39 per cent of the people in the United States work, while the other 61 per cent are supported by these toilers. By "work" it is presumed that the bureau means "gainful employment." The percentage is very high.

According to these statisticians, the wife and mother of a family is not included in the list of workers (however hard she really may work), nor, of course, are the great majority of minor children, of whom there were more than 20,000,000 on July 1, 1928. Neither are those who, by physical or mental disability, are excluded from regular occupations. These three classes go very far to make up the 61 per cent of "unemployed."

It means that Americans are a people of workers and that the so-called leisure class is not an important part of our population, numerically speaking. The bureau reports that more and more people, in proportion to population, are going to work. It is a good sign. Few real Americans prefer to loaf. The big proposition is to see that they have jobs. In this respect we are far better off than most countries, although unemployment is today a major problem.

WHERE THEY LOSE THINGS

If anyone could discover a way to find all the things that New York loses in a day, it would not take him long to get into the millionaire class. A whole column in the New York Times recently was required for a description of lost articles, with one solitary suitcase noted as found.

The column furnished rather interesting reading. Apparently women are a good deal more careless than men, for most of the lost articles come under the head of jewelry, brooches, pins, rings, necklaces, wrist watches and bracelets. Most of them were set with diamonds and other precious stones and the rewards offered for their return ran from \$50 to \$2,500. The other losses ranged from 62 shares of railroad stock to a basket of laundry. Some of them might be drawn from this curious column, but it is interesting as merely a side-light on a modern metropolis.

WINTER VACATIONS

It has often been remarked that one of the most amazing changes in American life during the last quarter of a century has been the growth of the summer vacation habit. That the winter vacation cannot be overlooked is indicated in the fact that 78 ships will sail out of New York this season on special cruises, carrying 30,000 passengers, who will pay \$10,000,000 in fares.

What an extraordinary story that would have seemed to the average American of only 25 years ago. When one adds to these cruises the thousands who travel to Cuba, to Bermuda and to Europe on regularly scheduled sailings, it is evident that the winter vacation habit is no longer restricted to a very few millionaires.

SKYSCRAPER PENALTIES

The spectacle of office buildings towering higher than man has ever built is what makes New York so extraordinary and so thrilling a metropolis. But the skyscrapers create problems that are too much for subways and street traffic. Joseph V. McKee, president of the Board of Aldermen, says that conditions at the Grand Central subway station are not only shocking, but positively dangerous.

"What will happen," he asks, "when the new huge buildings in the Grand Central zone, such as the Lincoln and the Chrysler, are opened, I dread to think of." New York is an exciting place to see, but there are reasons why commuters in other cities would hesitate a long time before deciding to live there and endure the subway battle twice daily.

Jokes.

As the train pulled into the depot, a traveling man stuck his head out of the window, and calling to a boy standing near, said:

"Here, sonny, bring me a sandwich; and here's another dime; get one for yourself."

Just as the train started to pull out, the boy returned, munching a sandwich, handed the man a dime and shouted: "Here's yer dime, mister; they only had one."

He—Girls are better looking than men.
She—Why, naturally!
He—No, artificially.

"So you saw me kiss your sister last night, did you? Well, buddy, say nothing about it. Here's half a dollar."

The young brother pocketed the coin and then, handing the young man a quarter, he added, "And here is your change, sir; 'one price to all' is my motto."

What the Telephone Industry Means to New Jersey

MOST people think of the telephone industry in New Jersey as the New Jersey Bell Telephone Company which furnishes for millions of people each day a service of swift communication that ranges from local to international in its scope.

with the telephone industry or are employed by New Jersey manufacturers and suppliers whose business depends in some measure upon the telephone industry.

Yet, there is another side of the picture. Approximately 47,000 employees of the Bell System live or work in New Jersey. 16,000 are employees of the New Jersey Bell Telephone Company. The others are associated with the American Telephone and Telegraph Company, the Bell Telephone Laboratories, Inc., the Bell Telephone Securities Company, the New York Telephone Company, the Bell Telephone Company of Pennsylvania, the Western Electric Company, Inc., and several other telephone organizations.

These facts are of interest because of the stability of telephone employment. This stability is due to the constancy with which the public uses the service, the financial position of the Companies, and policies that not only encourage such stability but also protect telephone employees against becoming objects of charity through age, accident, or illness.

Telephone men and women constitute two per cent. of the adult resident population of the State. One family in every twenty-five is a telephone family. Wherever you live in New Jersey, you have neighbors who are directly connected

In these days when many people are taking stock of state resources for maintaining prosperity and sound growth, the position of the telephone industry in New Jersey is of more than passing interest. Telephone men and women not only provide a service that helps to keep our social and business machinery moving at the required speed—they support New Jersey markets and industries; create employment; do much to maintain sound business and prosperity in our State.

How to Play BRIDGE

Series 1929-30 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright, 1929, by Hoyle, Jr.

ARTICLE No. 11

What are some of the important points about auction that the average player should remember? Here are three pointers from three different players that are well worth remembering:

First: "An important thing for an auction player to learn and remember is that he cannot always be at his best. That sounds fairly obvious, yet sometimes a player goes a long way before he realizes it. Until he does, he will fret too much over a session of bad play or bad bidding. When he does realize it, however, he will sit down calmly and figure out why he made so many mistakes. Having figured it out, he will come to the conclusion that none of his mistakes are fatal and that, like as not, he will have a good day on the morrow."

Second: "The first and most vital thing that an auction player should learn is not to take the card game home with him. Have your troubles at the card table and in the post mortem after, if you must, but when you leave the card table shut the door on them. If you don't they will rob you of your sleep, make you an irritable figure around your home and eventually take years off your life. That is simple enough, it seems to me, yet a lot of players nuff it."

Third: "A young player who learns that it sometimes will pay him to play the boob, has learned something of great value. This applies both to the bidding and play. There are certain rules as to when it is smart to make this bid or that play, and when it isn't. I soon discovered that opposing players were prepared to break up or properly defend certain bids or plays only when

they were the proper thing to do, so I began to bid and play in such a way that, theoretically, at times I was all wrong. Even my partners called me a boob but that didn't stop me as long as my apparently illogical bids and plays upset my opponents and kept winning for me."

The foregoing advice can be taken for what it is worth, but it certainly should make all players think and by starting them to think, cannot help but improve their games.

End Plays

One of the usual statements heard at a card table is "That was a pretty end play" or "Partner, you missed a chance for an end play."

What is an end play, and is there any way for the average player to learn how to make one? There are thirteen tricks in every hand and by the time the first eight or nine tricks are won or lost, every player should either know exactly or have a good idea as to the location of the remaining cards held by each player. Very frequently such knowledge can be put to good use and tricks can be won that would be impossible if the location of the remaining cards were not known. Such plays are the so-called "End Plays" and the best way to master their principles is by a study of numerous examples.

Here are four simple cases. Study them over carefully and decide what you would do. Your results should make an interesting comparison with the analysis that will be given in the next Article.

ALL-AMERICAN FOOTBALL ELEVEN HAS EIGHT BOY SCOUT MEMBERS

Grantland Rice Says Boy Scouts Make Outstanding Records On Football Field—Official All-American Committee Chooses Eight Scouts

Eight of the eleven football players selected for the official All-American Football Team of 1929 by the committee made up of Coaches Warner, Rockne, Jones and Alexander, have been members of the Boy Scouts of America and seven of the eleven men selected by Grantland Rice for All-American honors, have been Boy Scouts according to an announcement from the National Offices of the Boy Scouts of America today. Grantland Rice recently told of the success of Boy Scouts on the football field in naming his All-American selections over the radio.

Some of the All-American stars named this year are credited with being among the outstanding players in the history of football. Among them are Cagle of Army, one of the greatest half-backs of all time; Cannon, Notre Dame's great guard; Donchess of Pittsburgh, and Tappan of Southern California, ends; Sleight of Purdue and Ackerman of St. Mary's, tackles; Banker, the outstanding player of Tulane and Welch, full-back, of Purdue. Each of these heroes of the gridiron has been a Scout. In the February number of Boys' Life, the magazine for all boys published by the Boy Scouts of America, an All-American, All-Scout team will be selected.

The three remaining players on the All-American team, Montgomery of Pittsburgh, Ticknor of Harvard and Carideo of Notre Dame, had never been Scouts. Carideo was the unanimous choice of the committee for the berth of quarter-back and has been hailed by football critics and sports writers as one of the greatest football players of all time.

Among other outstanding players of the year the names of men who have been Scouts take a prominent place. Some of them are: Nagurski of Minnesota, Schwarz of California, Cox of Colgate, Gragrow of Iowa, Sington of Alabama, Mc Ever of Tennessee, the highest scoring back, Hufard of Washington and Wakeman of Cornell, who was a Sea Scout.

WORLD BROTHERHOOD
The international aspects of the Boy Scout Movement were pleasingly illustrated recently when a Troop of Boy Scouts, one of six organized in a week in Brooklyn, N. Y., was formed with the membership composed of boys who had all been Boy Scouts in Germany before coming to this country.

The Troop has been designated Troop No. 243 and is connected with the Young Men's Mutual Association of the Brooklyn Branch of the Church of Jesus Christ of Latter Day Saints, at 273 Gates Avenue, Brooklyn. The Scoutmaster is Gardell Dan Christensen.

Four of the boys were Scouts in Dresden Germany, two were Scouts in Berlin, one was a Scout in Chemnitz and another Scout in Leipzig.

LIFE SAVING INSTRUCTION
Classes in Life Saving have been inaugurated by the Brooklyn N. Y. Boy Scouts at the Central Y. M. C. A. boys' pool from Brooklyn Council Headquarters by Scout Executive Lindsley F. Kimball.

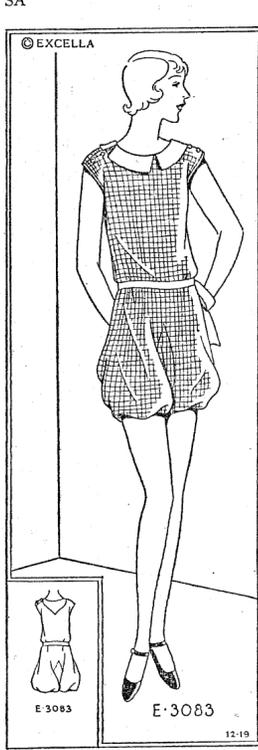

The class meets each Monday evening at 5:30 o'clock for a session of one hour. Mr. Ludlow is in charge.

PATROL STREETS
The Boy Scout patrol system for the protection of school children in Albany, N. Y., is again being used as a most effective accident prevention measure by the Police Department and school authorities. The system first sponsored by the Ulster

County Auto Club and cooperated in by Chief of Police J. Allen Wood and Superintendent of Schools M. J. Michael, has been found to be most efficient in guarding the smaller children in crossing streets through traffic, in going to and returning from school.

Each crossing a block each way from the schools is patrolled by Boy Scouts, members of the school, who wear broad white belts about the waist and over one shoulder. They are also provided with official badges and have the power to make arrests. These Scouts group the children on the curb and hold up traffic until the last child is safely across. The boys take pride in their duties and there has not yet been an accident registered on the crossings where they are on duty.

REHEARSAL ROMPERS
The rehearsal romper, which, as its name implies, at one time the working garment of theatrical dancers, has come to be a vogue, and its use has extended to such an extent that it is now far from being the exclusive property of the stage. First of all, girls and women in private dancing classes found it just the thing for class wear and for practice at home. Then in smart finishing schools, it has been found ideal for gymnasium wear, since it is comfortable and easily laundered. It is attractive in checked gingham, with white organdie trimming.
Excella Pattern No. 3083. Sizes 14 to 42, 25 cents.

Bankers Broadcast Series Of Lectures
The second of a series of radio broadcasts of an educational nature on banking topics started at 4 P. M. Monday, January 6, over WOR. The series, which will extend throughout January and February on Mondays, is under the direction of the public education committee of the Essex

County Chapter of the American Institute of Banking.

Prominent bankers have been selected to speak for a period of fifteen minutes, and they will treat of various financial matters. The object of the series is chiefly to familiarize the public with the fundamentals of banking.

The subjects selected are also such as are designed to help the ordinary citizen in his dealings with his bank. The first series held in the Fall met with satisfactory results, and this prompted the officials of the New Jersey Association to launch the new series.

The talks have attracted the attention of high school students in several states, and many of them have been able to make use of them as part of their economic studies.

The remaining topics, speakers and the dates are as follows:
January 20—"What We Use for Money," Leopold A. Chambliss, Asst. vice president, Fidelity Union Trust Company.

January 27—"Why Some People Cannot Borrow Money," Daniel Reiber, Trust Department, Merchants & Newark Trust Co., and Charles Clark, Trust Department, Fidelity Union Trust Co.

February 3—"Borrowing Money From the Bank," John W. Kress, assistant trust department, Howard Savings Institution, and C. Henry Rahb, assistant treasurer, Hawthorne branch, West Side Trust Co.

February 10—"A Square Deal for the Pay Envelope," Clement Cambon, North End Branch, Fidelity Union Trust Co.

February 17—"Trusts and Wills," W. E. Hocker, Trust Officer, National Newark & Essex Banking Co.

February 24—"Americans' Financial Reservoir," Ferdinand T. Burger, treasurer, West Side Trust Co.

Notice to the public
SUPPOSE you are today paying 50c a tube for your tooth paste (and there are many very good dentifrices selling today at that price).
Suppose, like most people, you buy about twelve tubes during a year. Now if you knew that you could buy as good a dentifrice as can be made and still save each year the price of 25 loaves of bread or 60 bars of soap or 40 pounds of sugar or a box of fine cigars—could you conscientiously fail to take advantage of such an opportunity?
That is exactly what you do when you buy Listerine Tooth Paste at 25c for a large tube. Figure it out for yourself.
