### NEED INCREASED SEATING- CAPACITY AT HIGH SCHOOL, ANNUAL REPORT STATES

Recommendations for an increase in the seating capacity of the High School, and for the grading, for school use, of the tracts of land recently purchased adjacent to Schools No. 2 and 9, as well as the enclosure of such grounds with protective fencing, are contained in the newly issued annual report of the Board of Education.

The report, which is in printed form and illustrated with photos of the various schools, is issued to cover the year ending June 30, and released to the printer on August 17, containing a list of committees, the school calendar for the year, the audited report of Manager J. J. Turner, the 1930-31 budget, and the report of George R. Gerard, supervising principal.

Issued as a booklet, it is designed for the use of parents and for the information of taxpayers, relative to the year's receipts and expenditures.

## ARGUMENT CONTINUES TO RAGE AMONG COMMISSIONERS; BROOKS SUSPENDED BY W. H. WILLIAMS

The second battle of the Commissioners took place in the Town Hall Tuesday night. Taking part were all five town officials, with Town Stenographer Florence Morey, Town Counsel John B. Brown, Town Clerk John J. Daly, Town Treasurer T. Russell Sargeant, and Milton Brasher of THE TIMES serving as star witnesses for the defense and prosecution.

It was a "battle of the minutemen" more than anything else. Mayor Samuel S. Kenworthy attempted, by cross-questioning Commissioner William H. Williams, to prove that the charges made last week by the Commissioner of Revenue and Finance were not based on fact and the latter attempted, with more cross-questioning to "take the lid off the pot of Belleville affairs so the public could know what was going on in the Town Hall."

### Complete Record

Essentially, the controversy centered around what had been said during the previous meeting. Mayor Kenworthy wanted a complete record in the town's official minutes about what had been said at the previous meeting. Since Mrs. Morey, stenographer, had failed to

record all things said, because of the heat and speed, the Mayor wanted certain additions to be made.

Reading passages from last week's issue of THE TIMES which

### R. W. BROOKS HAS 'NOTHING TO SAY'

Tax Collector Refused To Comment On His Suspension By W. H. Williams

### WAS APPOINTED BY NELSON

Roy W. Brooks, tax collector, who was suspended Tuesday by Commissioner William H. Williams

Roy W. Brooks

director of the Department of Revenue and Finance following the "finding of undelivered tax bills amounting to \$87,000," would make no comment about the action of his superior when interviewed yesterday by a TIMES reporter.

Although Commissioner Williams did not explain his reasons for suspending Mr. Brooks it is believed that he holds the Tax Collector responsible for the alleged failure to deliver 1284 bills during the past four years.

The Commissioner at first alleged that the bills had been found hidden away in a corner and later qualified the statement by admitting that it was possible that the bills had been sent out but returned by the post office for correct addresses.

Mr. Brooks, who lives at 215 Little street, is forty-nine years old. He has two daughters and one son and has been collector for the past four years, having been appointed by former Commissioner of Revenue and Finance Nelson.

he believed "were as nearly accurate as could be found," he asked for a motion that they be added. Then he asked for "remarks" and Commissioner Williams was not found wanting.

"I can't remember whether everything that was said last week was as you have just read, but I did find, by reading all the newspapers, that one reporter got one quotation and another, something else. None of them got everything. I think," said the Commissioner, "that the town should make provision to have adequate stenographic facilities."

### Commissioner Laments

But Commissioner Carragher, who last week was unalterably on the side of Commissioner Williams, declared the stenographic facilities were adequate. "If we keep on, we'll move the Town Hall to the other side of the street before we're through," he lamented.

Williams then asked the Mayor if the passages he wanted in the official minutes were quotations that he (the Mayor) remembered. The Mayor said "Yes, and from what has been reported in a news-

### CHAMPIONS ARE MATCHED TO PLAY GOLF AT COOGAN'S

Paul Runyon, state open champion, will play Maureen Orcutt, women's Eastern champion, in an exhibition match at Jackie Coogan's miniature golf course, William street and Union avenue, at 7:30 p. m. Tuesday, in a thirty-six hole exhibition match.

This afternoon members of the Lions Club will play members of the Rotary Club in an eighteen-hole match at the Coogan course. The best foursome from each club will be selected. Both clubs have recently held inter-member tournaments at the Union avenue miniature links.

Yesterday, a foursome of the First National Bank played a foursome of the Bank of Nutley. Results were not learned before this issue went to press.

## LEGION SEEKS NUTLEY DEFEAT IN BALL SERIES

Will Play Deciding Game At  
Clearman Field Saturday;  
Each Have Victory

### MALLACK AND GORDINIER OPPONENTS ON THE MOUND

The third and deciding game of the Nutley A. C.-Belleville American Legion baseball series will be played Saturday afternoon at Clearman Field. One of the largest crowds to ever witness a baseball game at the local field is expected. If previous games mean anything this game should be a "battle of the century."

In the first game between these teams Fourth of July afternoon the locals came out on top 7 to 3. Last Saturday afternoon, however, the Nutley nine reversed the tables and turned in a 7 to 5 victory after a hectic battle.

Jim Mallack, ace of the Legion staff, is expected to toss them up for Belleville Saturday. Jim has faced the Nutley team four times in the last two seasons and has won three times.

### Best—Perhaps

Carl Gordinier, recognized as one of the best pitchers in semi-pro ranks, will take the mound for Nutley. Gordinier pitched last Saturday against the Legion and for the first six innings was invincible. He was touched for four runs in the seventh, but pulled through to victory. Gordinier is also a hitter of ability and only

## BELLEVILLE MOTORS, FORD AGENCY, MOVE TO NEW QUARTERS AT NEWARK LINE

Constantly increased business during the past two years has made it necessary for Belleville Motors, Belleville agents for Ford automobiles, to take over larger quarters. Occupying until this week, the premises at 522 Washington avenue, they are now in the process of moving to new headquarters, 73-79 Washington avenue where they will have 10,000 square feet of floor space allowing for the display of new cars and ample room for repairs.

Special new equipment for making repairs has been installed and prices for this work will be correspondingly low, Charles Klauermann, owner, announces. A personal invitation from Mr. Klauermann is extended to the public to visit the new showrooms Saturday when the formal opening will take place.

### AUXILIARY TO MEET

The Ladies Auxiliary of West Belleville Improvement Association will meet at the Recreation House September 15 for business and social purposes.

## Recorder Levies Wholesale Penalties After 'Wet' Brawl

Main Street Woman Sentenced To Thirty Days—Other Fined \$150

### CRIPPLE'S FUNDS WASTED

A free-for-all fight at 149 Main street Friday night disclosed to the police a private "whoopee parlor" where youths and young girls of the neighborhood have been drinking, and also revealed that a cripple youth who is receiving charity doles had been turning over funds thus received to pay for liquor consumed at these parties.

A patrol wagon sent to the scene brought in several youths and young girls, said to be in varying stages of intoxication. The revelers reached the station at 10:30 p. m. and the boys were locked up for the night to become sober for a hearing before Recorder George A. Fitzsimmons the next day. The girls were sent home, but their names were taken. Their parents will be ordered to appear before Recorder Fitzsimmons.

### Father Signs Complaint

The fathers of two of the boys, both under sixteen and said by the police to be drunk, signed a complaint against two women, one for giving liquor to minors, the other for selling it.

Mrs. Amelia Suydam, who lives at the Main street address, was charged with engineering the celebration and Mrs. Rose Scottino of 127 Main street, with having provided the liquor. The former was sent to Caldwell penitentiary for thirty days and the latter fined \$150.

James Coeyman, twenty, no home, a youth whose neck was injured while swimming, and who, because of his condition has been unemployed and has been virtually supported for the past year by the Community Service Bureau and other charity groups, was sent to Caldwell for a year and ordered to keep out of Belleville after his release.

### Gets Thirty Days

Peter Messine, eighteen, of 46 William street, another frequenter of the Suydam place, was sent to Caldwell for thirty days.

Edgar Suydam, husband of Mrs. Suydam, exposed the situation when he summoned the police to arrest Coeyman and Messina who, with several other youths, had dragged him from his house and beaten him, he charged.

The court was particularly vehement in denouncing Coeyman who had lived in the Suydam home for six weeks, paying no board. It was said that his charity doles went to Mrs. Suydam to buy liquor.

### Bought Two Braces

The Belleville Elks bought him a \$75 brace for his injured neck and later the pastor of a local church provided him with another \$75 brace, exactly like the first one, without knowing he already had one.

A roadside hot dog stand on the Suydam property which was unlicensed and, according to complaints, is a disfigurement to the new state highway 21, passing the Suydam home, was ordered destroyed.

The court rebuked Mrs. Suydam in scathing terms, saying it would not be healthy for her to resume her past activities in Belleville, upon being released.

### Longfellow's "Friends"

The "three friends" referred to in Longfellow's sonnet, "Three Friends of Mine," were Cornelius Conway Fellen, president of Harvard college; Louis Agassiz and Charles Sumner.

last Saturday he poled out three doubles.

The rest of the Belleville line-up will be as follows: Butch Kastner, at first base; Johnny Mallack at the keystone sack; Tommy Dunn at short; and Manager John Lawlor on third. The outfield will consist of Joe Curran, Art Lamb, Biady Carragher, and McDaniels. Gene Gelshen will catch.

### Nutley Line-up

Nutley will probably have the following players on hand: Gordinier and Iliffe as the battery; Hank Stager at the initial sack; Joe Romano at second base; Bert Crawford at shortstop; and Whitey Stager at the hot corner. Harry Jacques, Tom Garrison and "Leo the Great" Gorman will play the outfield.

The fact that this is the last baseball game of the season at Clearman Field should be ample reason for the largest crowd of the season! One thing is certain, fans are sure to see a great game when these teams get together.

## MRS. JOSEPH RUE

Funeral services for Mrs. Esther Rue of 92 Adelaide street, who passed away Sunday night from a complication of diseases, were held from her late home yesterday afternoon at 2:30, Rev. Edgar M. Compton of Wesley M. E. Church officiating. Interment was made in East Ridgelawn Cemetery, Delaware.

Mrs. Rue, who was sixty-two years old, had been in poor health intermittently for several years but her passing came suddenly after a brief illness. She was born in Newark and married there forty-one years ago, also living in Kearny before coming to Belleville thirty years ago.

For the past six or seven years she has been a Republican county committeewoman and was well known and much loved in Belleville, being mourned by a large circle of friends. She was a member of the Centenary Methodist Church, Newark, but attended services in this town.

Mrs. Rue is survived by her husband Joseph Rue; a daughter, Miss Edith Rue, and three sons, Joseph Jr. of the Adelaide street address, Raymond Rue of Fort Lee and Harry Rue of Philadelphia; and three grandsons, Joseph Rue and Howard Holmes of Belleville, and Robert Rue of Fort Lee.

Other survivors are her sisters, Mrs. Carrie Winter and Mrs. Gusie Jacobus of Bloomfield; Mrs. Addie Labaugh of Newark; Mrs. Josie Niblett of Richmond Hill, L. I., and a half-sister and half-brother, Mrs. Margaret Vanderleaf of Connecticut, and Frank Lyon of Newark.

### ARM FRACTURED BY FALL

Injured in a fall from a small express wagon with which he and another boy were playing, Joseph Cirlincione, ten, of 13 Brook street, was taken to Newark General Hospital Monday, where he was found to have a fractured left arm.

## VETERAN BELLEVILLE POLICEMAN CRITICALLY ILL IN NEWARK HOSPITAL

Doctors at St. Michael's hospital in Newark hold out little hope for the recovery of one of the oldest members of Belleville's police force, George Gorham, fifty-eight,

of 18 Cedar Hill avenue, Belleville, who is suffering from sugar diabetes and gangrene. He has failed to rally from an operation to amputate his toe a week ago Wednesday, while Insulin treatments, successful four years ago when similar operation was performed, have been ineffective.

A blood transfusion made last week has likewise done little to help. Fifteen volunteered to give blood and his nephew Herbert Harold was picked.

Mr. Gorham, who has been a patient at St. Michael's for nine weeks was ill several weeks before that. Until the operation last week, however, it was thought that he would recover.

On the Belleville police force for the past twenty-two years, Mr. Gorham has distinguished himself for excellent service and has a wide circle of friends in this and adjacent towns. Before joining the Belleville department he was a constable at the Newark court house. He was a native of New York City but moved to Belleville when still a young man and has lived here ever since.

Until a year ago he lived at 133 Academy street, but is better known to residents of William street where he lived twenty-three years. In one house on that street, where he lived fifteen years, five children were born to Mr. and Mrs. Gorham, one of whom has since died.

The others are Mrs. Frank Lecklatter of 402 Belleville avenue; Mrs. William Boldernan, Mrs. Thomas Smith and Thomas Gorham, all of the Cedar Hill avenue address. He also has three grandchildren.

Mr. Gorham is a member of St. Peter's Holy Name Society and the Policemen's Benevolent Association.

## DECIDES AFTER ALL, TO MAKE COMPLAINT FOR STABBING

Michael Conover, negro, of 224 Mill street, who charges he was stabbed in the leg on August 9 by Eddie DeGroot, also colored, at DeGroot's home in Stephen street, and who refused at the time to make a complaint, although reporting the incident to the police, appeared before Recorder George A. Fitzsimmons Friday night, and asked for DeGroot's arrest.

Conover was interfering in a quarrel between DeGroot and his wife, the latter being Conover's sister, he told the police. An order for DeGroot's arrest was issued, and his hearing was set for last night, too late for this week's issue of THE TIMES.

## Improvement Association Planning for Fall Business

With the approach of the fall season, the Belleville improvement associations which have been inactive during the hot months will revive their activities, mapping out a program of work and meetings for the winter months.

The first of these meetings to be announced is that of the Hilltop Association, which will meet tonight at the Recreation House. The West Belleville Association will meet at the same place Monday night. Members of the Belwood Park Association will hold their first meeting tomorrow night at School No. 10, the Valley Improvement at School No. 1 on September 11, and at a later date the Belleville-on-the-Hill at Fewsmith Memorial Church.

### To Meet Later

Victor H. Schleicher, president of the Affiliated Improvement Association, and the Home Protective Association, stated that these two groups would resume activities late in the present month, when meetings will be called for the discussion of the program for the coming year.

The newest member of the affiliated group is the Valley Association, application of which was approved this summer. Other members include the Belwood Park Improvement Association, the Hillcrest, West Belleville, Parkview, Hilltop, Home Protective, and Belleville-on-the-Hill.

Belleville-on-the-Hill Improvement Association will hold its first meeting September 17 at the Fewsmith Presbyterian Church. An officers' meeting will be held at the home of Frank J. Wolenski, president, 65 Forest street, Tuesday evening.

### FALL-BLOOMING BULBS

Two of the little-known fall bulbs are the crocus and the colchicum. They are very much alike in their habits and appearance but they belong to two entirely distinct families of plants. The crocus is a member of the iris family, while the colchicum belongs to the lilies. They resemble the spring crocus in bloom but most of them are larger in size. Bulbs of the crocus and colchicum should be procured as soon as possible. They are now in the American trade.

These bulbs should be planted by September 1 to make a good fall bloom the following year. Some bloom early in September others not until October and even late November. They are all hardy, and, planted in borders, give color and some flowers late in the fall when nothing outdoors is blooming except chrysanthemums.

They also do well forced in water and will bloom without showing any foliage growth. Both of these bulbs bloom in the fall and do not make leaf growth until the following spring. Some of the best colchicums are autumnale and speciosum. The best fall crocus are iridiflorus, sativus, speciosus aitchisonii, and zonatus, although any of the kinds are good and very interesting plants.

Further information on this and other garden, flower or agricultural questions may be obtained from the County Extension Office, R. E. Harmon, Co. Agri. Agent, Caldwell, (phone Caldwell 6-0572).

**Actually Reduces the Swelling—Soft Corns Dry Right Up and Can Be Picked Off**

Get a two-ounce bottle of Moone's Emerald Oil (full strength) today. Every well-stocked druggist has this, and it will reduce the inflammation, soreness, and pain much quicker than any remedy you ever used.

Your bunions may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of Moone's Emerald Oil and in fifteen minutes all the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for soft corns, a few applications each night at bed time and they just seem to shrivel right up and scale off. Druggists guarantee Moone's Emerald Oil to end your foot troubles or money back.

This year's affair is expected to attract 300 but there will be plenty of room for everyone, officials say.

**U. S. Boys To Model This Coach With "U" Scholarships as Goal**

**Newly formed Fisher Body Craftsman's Guild offers \$50,000 in awards to youths**

Detroit, Mich. . . . Four university scholarships of \$5,000 each are offered to the boys of America in an announcement today of the formation of the Fisher Body Craftsman's Guild, an organization dedicated to a program of education in manual arts and to perpetuate the ideals of the ancient craft guilds.

The scholarships and more than 900 other awards having a total value in excess of \$50,000 will be given to the boys who build the best miniature models of a Napoleononic coach. The contest is open to every boy in the nation between the ages of 12 and 19 inclusive. Owing to the wide age range, there will be two class divisions: juniors aged 12 to 15 years, and seniors aged 16 to 19 years; with equal awards to each group.

The Fisher Body Craftsman's Guild and its educational program are sponsored by leading educators and industrialists. Dan Beard, national commissioner of the Boy Scouts of America, is honorary president of the Guild, and William A. Fisher, president of the Fisher Body Corporation, is active president. The honorary board of judges of the Guild is composed of the following nationally known educators:

Thomas S. Baker, president, Carnegie Institute of Technology; M. L. Brittain, president, Georgia Institute of Technology; M. E. Cooley, dean emeritus, College of Engineering and Architecture, University of Michigan; G. J. Davis, Jr., dean, College of Engineering, University of Alabama; W. F. Durand, Stanford University; E. A. Hitchcock, dean, College of Engineering, Ohio State University; D. S. Kimball, dean, College of Engineering, Cornell University; P. R. Kolbe, president, Polytechnic Institute of Brooklyn; Robert A. Millikan, California Institute of Technology; R. L. Sackett, dean of engineering, Pennsylvania State College; Rev. T. A. Steiner, C. S. C., dean, College of Engineering, University of Notre Dame; and S. W. Stratton, president, Massachusetts Institute of Technology.

The Fisher Body Craftsman's Guild has been organized for the purpose of encouraging and stimulating craftsmanship and the development of manual skill among the boys of America. It was felt that with the present trend toward highly developed machinery, there was danger that the next generation would grow to manhood unskilled in any craft and that the extinction of real artisans might result.

It is our endeavor to foster, insofar as we are able, that spirit of fine workmanship which permeated the craft guilds of bygone centuries, said Mr. Fisher in explaining the aims and purposes of the Guild.

The boys eligible to become members of the Guild and compete in this contest soon will be knocking at the doors of industry seeking their start in their life-work. We believe that they will come better equipped

Model of Napoleononic coach boys of nation will make in educational contest fostered by the Fisher Body Craftsman's Guild. Inset, Dan Beard, national commissioner of the Boy Scouts of America and honorary president of the guild.

through the training received as Guild members, and thereby be enabled to achieve greater heights.

A comprehensive plan has been devised so that it will be easy for every boy in the age limit to enter the contest. To obtain this nationwide accessibility, the entire dealer organization of General Motors, of which the Fisher Body Corporation is a division, has been drafted into service. Each of these 20,000 motor car dealers has been supplied with enrollment blanks with which to enroll the youthful entrants. In addition they will advise and assist the contestants in any questions which may arise.

At the conclusion of the contest, coach models made in each state in the country will be judged separately and according to junior and senior groups. The boys adjudged the best craftsmen in both groups and in each state will be given a trip to Detroit as guests of the Guild and \$50 in gold.

The four first awards of \$5,000 scholarships may be used at any university selected by the fortunate young craftsmen. These scholarships cover a full college course of four years. In the junior division, where the winners may not have reached college age, the scholarships will be held in trust by the Guild until the winners are prepared to enter the university of their choice.

In addition to these principal awards and the Detroit trips for the 96 boys, there will be cash awards for builders of the second best coach model in both divisions in each state and other cash awards for individual merits on particular parts of the model building, such as woodcraft, metalcraft, trimcraft, and paintercraft. These special awards will be equally divided among the junior and senior groups in each of the states.

**Nutley Bank Men Defeat Belleville at Midget Golf**

Four-men teams representing the Bank of Nutley and the First National Bank of Belleville played a midget golf tournament on the Town Hall Golf Course as guests of the management Wednesday afternoon. The Nutley bankers won by both methods of scoring—medal and match. They had a lead over their Belleville opponents of fifty-six strokes medal play and eleven holes match play.

John Dolan of Nutley met John P. Dailey of Belleville, winning by ninety-eight strokes to 114 for two rounds and being five holes up; Archie C. Barbata defeated Maurice E. Karosen, 110 to 131, seven up; John E. Clark won from Herman M. Miller 134 to 152, but were all even in match play; Alex. Baykowski won from Steve Dingle, 121 to 122. The total strokes were 463 for Nutley to 519 for Belleville.

Schaeffer pencils were awarded as presents to the winners by Leo Sinsheimer, proprietor of the golf course. A return match will be played on the Jackie Coogan golf

course at Union avenue, Belleville, next Wednesday afternoon.

Mr. Dolan of the Nutley team holds the record on the Town Hall course for which par is 45. Up to last Monday the best score was 48. On Tuesday Dolan made 47 and the following day a 42, but this score was not made during the tournament. Daniel J. Sullivan, building contractor, threatened to break Dolan's record but didn't quite do it Thursday afternoon, when he scored a 43.

# Captain of Industry Crops Up In Town's Junior Ranks

Captains of industry who preach "rules for success" over the radio and through the medium of periodicals would swell with pride at the way one of Belleville's sons is following out their advice. Young John Sheperd of 20 Agnes street, not to be outdone by his enterprising seniors in business, has built his own miniature golf course.

Nine holes of real golf he has made for the juvenile element of his neighborhood and the town at large. With his own hands he has smoothed the soil. Without humiliation he has carted rocks for the borders of his fairways.

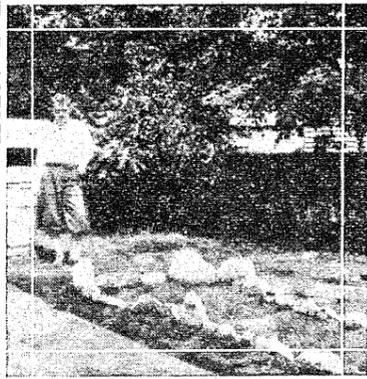

With characteristic American ingenuity he has contrived to gather "green stuff" to serve as grass. And now, with business already in full swing and the coffers swelling, he announces with specious gravity "I soon expect to install lights."

### FRONNS ON AMBITIONS

"Most unique" the term used by John to describe his course and to attract the younger miniature golfing fraternity, has been well chosen. Hazards that try the skill of

putter welders to the utmost frown on the young man of ambition, who has visions of a hole-in-one.

But in one respect John has even

outdone his older contemporaries. With an eye to "hard times" he has set a price of only 5 cents a round. As a result, his course is crowded. "Price is based on the law of supply and demand and who am I to cut off the demand" he declares. The course is at 20 Agnes street, convenient to bus and trolley lines—also ample parking space.

## The Woman Citizen

By Mrs. Channing W. Gilson

We may expect another spasm from the small loan companies when they try to have the former rate of thirty-six per cent restored. Ever since the new rate of eighteen per cent went into effect everything has been done to make a sympathetic impression on the public and to make it appear that the companies would lose money by making loans on amounts of less than \$300 for one and one-half per cent a month.

As a matter of fact it has been shown that enormous profits have been made, sometimes partly hid by "expenses," especially in the big chain companies. It has also been shown that risks are not great, loss being only one-fourth of one per cent, or less.

Of course, if the companies should accept the new rate and make it pay, all the other states where they operate would probably cut down their interest rate, as New Jersey has done and that would be just too bad.

What an amazing picture of poor but honest clients these records show. A funeral or an illness makes it necessary to borrow \$50 or \$100. All the security the borrower has is the baby carriage, the kitchen stove and such necessary pieces of furniture. But it is pretty good security at that, for it is all he has. So he pays back the fifty dollars, plus three per cent a month interest, for you may be sure he wouldn't even have the baby carriage or a stick of furniture if he didn't.

Any regular bank would be proud if it had a loss of only one-fourth of one per cent a year.

Don't waste any sympathy on the small loan sharks who want thirty-six per cent. If you have any sympathy to spare take it to your own bank.

What would we do without the Socialists? Have you ever noticed that the terribly radical things they propose in one generation are the conservative program as years go by? A chain of free employment agencies is called for in a resolution passed by a meeting of the Socialist party in Newark last Saturday. They also asked for a study of the municipal housing project such as they have in Vienna under the Socialist administration. They also favored the immediate establishment of municipal lodging-houses as an intelligent method of meeting the unemployment problem, also free school lunches for poor children.

Pushing of public works to the limit to provide employment was also urged. Unemployment insurance was asked of the Federal Government. It was stated that the United States and China are the only two large nations that do not make some such provision.

Welfare workers returning from Europe, at least from the socialized countries, find socialized medical attention highly developed. Pre-natal and post-natal care of babies is a civil right and not a charity. All kinds of hospitalization and medical care are socialized. However, they report that preventive health work is not as advanced as in this country. Score one for U. S. A. Prevention is better than cure. Individualism is beautiful, if it only works. We have socialized our water supplies, our public conveyances, our schools, parks, playgrounds, sewers and what not. Why not socialize health control and a few other things like employment and old-age security?

Here is what Owen D. Young says about unemployment. (Perhaps we wouldn't be so impressed if a Socialist said it). "It is ridiculous," he said, "to speak of unemployment as a necessary condition of human society. It is nothing more than a maladjustment of its machinery. It is a blot on our intelligence. It is a drain on our sympathy. It is a promoter of charity which affects disadvantageously both those who give and those who receive. Some day we

# Amateur Cameraman Is Home With Lipton Pictures

Neil Horn of Joralemon street spent the Labor Day weekend pursuing his favorite hobby by taking motion pictures of celebrities. Saturday by previous arrangement, he visited and photographed Sir Thomas Lipton on board the S. Y. Erin which is anchored at Newport, R. I.

Sir Thomas, who is eighty-two years old, rarely leaves his yacht but entertains his friends on board. Mr. Horn was delighted with Sir Thomas' democratic manner and accepted an invitation to dine with him.

The menus were painted on porcelain slabs about four by six inches in size. After each meal the painting is washed off and a new menu printed thereon. The dinner was served by South Africans who wore horseshoe shaped combs in their hair caught in a knob on the tops of their heads. The beverage was Lipton's tea.

### SAW SHAMROCK

While at Newport Mr. Horn saw the yacht Shamrock which came here from England to challenge the America. He also secured a motion picture of Rear Admiral Sims and the following day was at Greenwich, Conn., where the famous woman golfer, Glenna Collett posed for him.

On September 11 Mr. Horn will leave on a similar expedition when he hopes to return with the pictures of several more celebrities. He has in his collection at the pres-

ent time about 175 famous people, sportsmen, actresses, authors and statesmen from America and Europe.

Among them are the pictures of Col. Charles A. Lindbergh and Rear Admiral Richard E. Byrd shaking hands at the reception given to the latter at the Commodore Hotel, New York, on his return from the South Pole. He also photographed Admiral Byrd alone at a dinner given to Amelia Earhart when she returned from her trans-Atlantic flight.

### OTHER PICTURES

Other pictures in his unique collection are those of Kingsford Smith, Clarence Chamberlain, Bert Balchen, Captain Wilkins, Premier MacDonald, Albert Payson Terhune, Grantland Rice, Betty Nuthall, George M. Cohan, William Gillette, Fred Stone, Rev. Dr. S. Parkes Cadman, Samuel Untermyer, Howard Chandler Christy, Daniel Frohman, Sir Harry Lauder, Fontaine Fox, John Phillip Sousa, Will Rogers and John Erskine. He also has a number of autographs and autographed photographs.

Mr. Horn has given motion picture exhibitions at various times in the past and expects to continue this practice at social gatherings during the winter.

He hopes to gather a collection of 350 such pictures and the Amateur Cinema League of New York has requested a copy for their permanent files on its completion.

### GARDEN SCIENCE

The rock garden during the year should have something blooming in it from early spring until frost. One rockery visited this week contains nearly 150 kinds of plants; most of them well adapted for the purpose.

The latest fad in the line of flower gardening is making a rockery. Now is a good time to check up on the plants you want to replace (or add) to the rockery.

The following are worthy of trial: the easily grown annuals, such as portulaca, sweet alyssum, verbena, and dwarf calliposis, lobelia, godetia and nemophila and minulus. The above give an abundance of color during summer and fall whereas the majority of alpine plants are chiefly spring bloomers.

Others worthy of trial are dwarf campanulas, yellow creeping charlie, sedum album, thymus seraphyllum, annual phlox, blue fescue, incana veronica, Dianthus, armeria siberia, cerastium, helianthemum, ceresium, silene, iberis, tanica saxifrage, potentilla, deltor-des, sedum storecrop, showy sedum, goldmoss and many others.

The many varieties of dianthus and sedums should not be overlooked. Most of the rockery plants are of easy culture and multiply fast. No two rockeries are made alike and their popularity is chiefly because they open a field in which the gardener must use his initiative. It is not uncommon for a person to change his rock garden, rebuild it a half dozen times.

shall learn to do better, but we must learn it soon."

No, I'm not a Socialist—yet—and this isn't a Socialist's column. I'm just mentioning these things because they are on the study program of women's organizations. The League of Women Voters endorsed the Wagner Unemployment Bill to provide statistics on this question as an aid to solving it, which was passed by the last Congress.

The whole State of New Jersey is about fed up on the Harmon case. However, it took on a touch of comedy recently. The Freeholders of Essex county have fired Dr. Harmon in three different ways but he has an embarrassing way of sitting right there on the job as superintendent of the Tuberculosis Sanatorium. When the court said that the supervisor could not fire him, a Board of Managers was appointed. They tried to dismiss him, in fact they told him to go, and appointed another superintendent.

Meanwhile, the freeholders had appealed the court decision, so Dr. Harmon just stayed right on and grinned at the new superintendent, which made him so nervous he resigned. Now the Board of Managers has asked the Department of Institutions and Agencies to step in and make an investigation.

The thing that gives this whole quarrel a wide interest is that the charges on which Dr. Harmon was tried were apparently trumped-up. If there were any valid reasons for dismissal, they were for some reason kept quiet. Some of the good women who attended the hearings were most indignant that "Such things could happen in America." One claim was that the whole thing was meant to hurt Mrs. Elizabeth Harris, the one woman freeholder on the board, who was in special charge of the sana-

torium. No word of criticism has been heard of Mrs. Harris, but she has been removed from the Sanatorium committee. We shall be glad to hear what Mr. Ellis, Commissioner of Institutions and Agencies will have to say.

JOHN J. DALY, Town Clerk.

LEGAL NOTICE

IN CHANCERY OF NEW JERSEY—TO Frances (Francis) M. Faulkner, the unknown heirs and devisees of said Frances (Francis) M. Faulkner, and Isaac Newton Faulkner.

By virtue of an order of the Court of Chancery of New Jersey, made on the day of the date hereof in a cause wherein the Town of Belleville, a municipal corporation, is complainant, and Frances (Francis) M. Faulkner, et als., are defendants, you are required to appear and answer the Bill of said complainant on or before the 13th day of October, 1930, or the said Bill will be taken as confessed against you.

The said Bill is filed to foreclose your equity of redemption in a certain tax certificate made by George W. Staniar, Collector of Taxes of the Town of Belleville, to the Town of Belleville, dated October 16, 1912, covering premises in the Town of Belleville, County of Essex, and State of New Jersey, being more particularly described as follows:

BEGINNING at a point in the northerly line of Overlook Avenue, distant westerly one hundred and seventy-five feet from the intersection of the same with the westerly line of Caroline Street (now known as DeWitt Avenue), which point is the southwest corner of lot 95 on Map hereinafter mentioned; thence along the westerly line of said lot No. 95, north 25 degrees 31 minutes east one hundred feet to the rear line of lots fronting on Kathryn Street; thence along the same, north 64 degrees 29 minutes west forty-one feet and six inches seven hundredths of a foot to the rear line of lots fronting on Union Avenue; thence along the same, south 29 degrees 45 minutes west one hundred feet and thirty-five hundredths of a foot to the northerly line of Overlook Avenue aforesaid, and thence along the same, south 64 degrees 29 minutes east thirty-three feet and forty-three hundredths of a foot to the point and place of BEGINNING.

Being lot No. 95 on Map of Greylock Manor.

And you, Frances (Francis) M. Faulkner, the unknown heirs and devisees of said Frances (Francis) M. Faulkner, and Isaac Newton Faulkner, are made parties defendant because you are the owners or have an interest in said premises.

Dated: August 11, 1930.

## TESTING THE NEW MOTOR LAW

The "financial responsibility law" for automobilists which was passed by the last session of the Legislature will have a test case early next month and this newspaper hopes that the courts will establish the right of the State to pass such legislation. Everybody realizes that the day is gone when any man has a right to take two or three tons of vehicle out on the road and operate it at high speeds unless there is some protection for the rest of the public against the damage he may do.

This law only insists that both parties to an accident in which more than \$100 damage is done must convince the Commissioner of Motor Vehicles that they are able to pay \$1,000 damage for property loss or \$5,000 for personal injury if they participate in another accident. If they haven't such resources they must insure themselves.

It will be observed that the Legislature was more than usually considerate in framing this law. The careful driver who never has an accident is not required to prove responsibility or insure, although he may have the ill-luck to cause damage at any time. The next conspicuously fair feature of the law is that nobody is compelled to insure—merely to prove that he can pay the damage if he does not wish to insure. Society takes up its problems slowly and its progress is halting, but in time most problems of this sort are met and solved.

## CRIMINAL DISPERSION IS ONLY A MAKESHIFT

In an effort to clean up Atlantic City and make America's premier resort a safe place for decent people to visit, over a thousand known criminals have been driven from the city. This was accomplished through the co-operation of the police commissioners of New York, Philadelphia and other large cities, who sent special men to identify the undesirables.

Now, it is claimed, Atlantic City is sweet and clean. But what about the smaller cities and towns into which these potential robbers and murderers have been driven? These confirmed criminals, harried from the large cities must live and they choose to live by criminality—the professional criminal will not work. Such smaller communities, free for the most part from criminals of dangerous type, will become the prey of these vultures of society.

No community would think of banishing from its midst persons afflicted with smallpox, leprosy, tuberculosis or other infectious diseases to become a menace to other healthy communities. Yet they feel no sense of guilt in scattering criminals whose presence would be just as harmful as those afflicted with communicable diseases. It is time that this problem had the same intelligent handling as problems affecting physical health.

No habitual criminal should be permitted to remain at large. They are known to the police of all large cities and their records are available for the smaller towns. In some way they should be removed from the society of which they form an anti-social part.

Foreigners whose presence is inimical to the country are deported. This should be extended to include our own criminal classes. Why not establish a colony where habitual, confirmed criminals could be banished for life? It has worked for other countries.

Driving criminals from place to place does nothing to solve the problem. It is only the old American game of passing the buck.

## MAYBE IT WAS WORTH IT

The period of depression, in the opinion of some of our more reliable prophets is about over. We have touched bottom and people have started to get over their fright. That, the prophets say, is the way depressions end. The public begins to spend the money it was hoarding against the spectre of famine and the business cycle begins to right itself.

It has been a hard time for many, but in a national way there is one little by-product which may have been worth the trouble as a matter of political education. The notion that a political party has something to do with prosperity has been about smashed. Lots of people knew this before 1930, but the public at large was fooled every little while into voting for somebody because he was going to bring about or continue prosperity.

It is a very dumb citizen who does not now realize that Calvin Coolidge had nothing to do with the prosperity which marked his term of office, and that Herbert Hoover who was ballyhooed to continue and even speed up the said prosperity, couldn't do it to save his life. His election paved the way for the smashing of this bit of political humbug, for if Smith had been elected the Republicans would have had the loveliest time yelling I told you so, and getting ready to use the old prosperity stall for all time in the future. A new generation must grow up before this particular campaign argument can be used again lieu of a real issue.

The brass band movement, which has greatly influenced the musical tastes and talents of the working class of England, originated more than 100 years ago, and there are now more than 5,000 brass bands in the villages and larger towns.

## Will Rogers Picks A Story For This Spot

By WILL ROGERS

THERE was a guy from Sweden that got pretty hard up in New York, and he was hungry, so he went into a restaurant, along at the third day of his starvation, ordered a big meal. He ordered everything they had, and went up with a bottle of ginger ale, expected to be taken right off the pen for life, but he was willing.

The Swede was so surprised he

didn't know what to say when the landlord began to argue with him instead of killing him or calling the soldiers.

"Well," says the landlord, "you've got your nerve, ain't you? You came in here and eat my stuff, and then you walk out! You ain't got a cent, you say, and still you eat my stuff and walk out! And you drink a quart of ginger ale, even and walk right out!"

The Swede began to get some courage when he seen he wasn't going to be beheaded.

"Ah, what you tank?" he says. "You talk lots about me walking out! You tank I can stagger out or crawl out, on ginger al?"

# Vain Ambition Puts Negro In Prison for Six Months

made inquiries of Garret about what he was doing out at that hour, he told them he "had a New York friend with him and wanted to show a New York coon how fresh a Belleville coon could be to the cops."

"Six months in Caldwell," said Recorder Fitzsimmons, after he had heard the story.

Garret was led away to serve his term, and the friend from Harlem, who listened meekly to the proceedings, was allowed to depart in peace.

## YOUTH GETS SIX MONTHS; CHARGED WITH GOLF THEFT

Facing court in a robbery case as a second offender, Ralph Schiavo, of 49 Mitchell street, was sentenced to six months in the Essex county penitentiary at Caldwell, and to report thereafter to a parole officer. He was tried before Recorder George A. Fitzsimmons Friday night on a charge of robbing the Hendrix Field clubhouse. Schiavo and another youth, Jerry Mallanga of 59 Passaic avenue, Nutley, were arrested Thursday night by Essex county park police and two Belleville officers. Since it was Mallanga's first of-

fense, he was placed on a year's probation.

The young men were said to have taken twelve dozen golf balls, two sets of clubs and a number of bags used in carrying the clubs. The clubs and bags were recovered.

### Be Slow in Judging

It is so easy, very easy, to misunderstand, to misinterpret, to misjudge. Give everyone the benefit of a possible error, and discount your own observation liberally. This advice is for all of us—for you and the other fellow—because the very advice we give and apply to others is an injunction we may need ourselves.—Godwin.

# CLEAN OUT THE COBWEBS

It's fall cleaning time and homeowners are getting ready for the long "cold spell." Screens will soon come down and storm windows will go up. It's the time for a clean-up.

Merchants and business men whose adver-

tisements appear on this page have already cleaned up, however. They are all ready to go into fall activity. Look over the list and see if they cannot give you some of their special services to help you with problems about the home.

Highest Railroad Depot

So far as our records go, a little station in the Peruvian Andes, Tielio, west of the boundary between Peru and Brazil, is at the highest elevation, 15,635 feet. From Callao to Tielio, a distance of 100 miles, the train takes 9 hours 38 minutes, the average rate of rise being 27 feet a minute. The cost of construction of this railroad is estimated at \$62,000 a mile.

ANNUAL EVENT SCHEDULED FOR OCTOBER 4--5

(Continued from Page One.)

The club will have its first business meeting October 13 at the clubhouse.

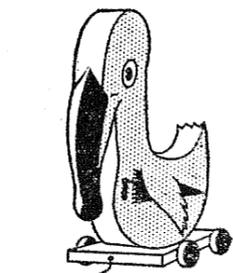

Meeting Called

Mrs. Stricker, who is chairman of the country store booth for the bazaar, has called a meeting of her committee for 2 p. m., September 12, at the clubhouse. Members requested to be present are Mesdames S. O. Bellis, S. A. Bootes, M. Cochran, A. P. Grober, T. P. Hosking, B. A. Jacobson, Charles Kelly, Henry Kuntz, Charles Kuhlman, Kate E. Michael, H. M. Mumford, George H. Nixon, J. Ray, R. L. Ridgeway, H. C. Ruding, E. Sundheimer, R. H. Wilson, H. E. Wilson, W. Wilson, W. Davis, W. H. Daveys, M. Helmlinger, Henry Holst, A. K. McBride, A. Fitzherbert, Percy Hall, Michael Rosso and F. Ruff.

Mrs. Ira Cornell, chairman of the candy booth, will have a committee meeting Tuesday afternoon, September 9, at 2 o'clock in her home, 24 VanHouten place. Those assisting Mrs. Cornell will be Mesdames E. A. Bloxson, F. S. Bootay, J. P. Brown, C. Hanson, John Pole, O. Breunich, L. Hamilton, R. S. Haythorne, George Cameron, H. K. Infant Mortality

The children's bureau says that 5 per cent of the total number of live births die in the first six months. The following statistics are for the year 1927, and are for the birth registration area of the United States, which represents 94 per cent of the United States; 15,041 children in the United States died before reaching the age of six months. This is 83 per cent of the total deaths in the first year.

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

**Snake a Vertebrate**  
Snakes are not worms and do not belong to the family of worms. They are vertebrate animals that form a division of the class of reptiles, represented also by lizards, alligators, turtles, etc. While other animals have a worm-like form, most of the true worms are invertebrates, very much lower in the scale of life.

Five Cents Is Five Cents But Idea Leads To Trouble

Five cents is five cents. That is what Ernest Matthews, negro, of 217 Bergen street, Newark, thought when he rapped at the door of Frederick Wilson of 127 Greylock parkway to collect the nickel which Wilson owed him.

"Open up, dis am de law," he shouted.

Wilson opened the door to be greeted by a barrage of reproaches for having not settled up. He told Matthews he couldn't pay him, for he had "done spent the nickel and didn't have it."

Anyhow, a fight ensued which was aired before Recorder George A. Fitzsimmons Friday night, where Wilson complained that Matthews stabbed him with a knife.

Matthews denied the charge of using a knife. He told Recorder Fitzsimmons that he used a fork. The court sentenced Matthews to three months at Caldwell.

THREE-YEAR-OLD INJURED

Philip Mariuccio of 8 Carmen avenue, reported to the police Friday that while driving his coupe on King street he struck three-year-old Frank Ritacco of 54 King street. The boy was taken to Dr. N. V. Deldeo of 49 State street, Newark, to be treated for cuts on the mouth and left leg. He was taken home by Mariuccio.

LAST OF GIRL SCOUTS' DAY CAMPING OUTINGS

The last day camping outings of the Girl Scouts took place Tuesday and Thursday of last week. Those participating were Ruth Hogan, Gladys Reyle, Anna Eberhard, Grace Martling, Virginia Ellsworth, Patricia Boyd, Edith Ferguson, Esther Buckley, Virginia Brown, Helen Gardner, Catherine McNulty, Edith Gardner, Mary McNulty, Vinnie Fuller and Ruth Engel.

Tuesday the basketry class completed their sandwich trays under the direction of Miss Elizabeth Conklin and the pioneer group, consisting of six of the above girls, made plans which were carried out Thursday. Among other things, they discussed the kinds of fires to be built out of doors under varying conditions. To illustrate, they learned the protection necessary on a windy day, how to make a fire burn in wet weather, etc. They also built miniature lean-tos from closely interwoven twigs.

Virginia Brown and Esther Buckley passed the fifty-yard swimming test for first class work Thursday. A cafeteria luncheon prepared by the girls was served at the camping grounds near the Villa Francaise. In the afternoon a salmagundi party was arranged. Squares were marked off on the ground for tables and five minutes allowed for each game. "Stunts" included the making of hats, writing telegrams, stabbing peanuts, puzzles, etc.

The first council meeting of the season will be held Thursday night at headquarters.

"Romantic" Music

De Bekker's "Music and Musicians," says: "Romantic: A term like 'classic,' borrowed from literature and used as its antithesis. It seems to have been adopted generally about the time of Von Weber's supremacy. Thus Beethoven and Schubert are alleged to have been Romanticists although they are undeniably classic and Schumann considered himself the apostle of Romanticism."

GUESTS SEE INTERESTING PROGRAM AT CAMP GOULD

Mr. and Mrs. Edgar L. Tallman were guests recently at the summer home of Mr. and Mrs. Judson K. Stickle at Glen Wild Lake. Miss Jean Tallman returned Saturday from Camp Gould, Pelham Manor, N. Y., where she has been counselor of music.

Mr. and Mrs. Tallman visited Camp Gould Monday of last week when a program was given by the children of the camp. They were accompanied by Mr. and Mrs. Harrison Tallman of Ridgefield Park whose daughter Dorothy was a teacher of handcraft at the camp. Mrs. Edgar M. Compton and daughters of Washington avenue were also present, Miss Alice Compton having spent the summer there. The latter distinguished herself by winning the senior life saving badge—a feat that qualifies her to be a full-fledged life saver.

The program opened at 2:30 in the afternoon with a swimming exhibition by the children between five and six years. Their sisters of eight and ten entertained with fancy diving which they had learned during the summer. The handcraft exhibition was followed by a musical program staged by Miss Tallman. A little girl of ten years played "To A Wild Rose" on the violin; another child of eight gave a ukelele selection and the children sang a welcome home song for Edwin Gould, sponsor of the camp. Several little girls between the ages of six and seven also acted nursery rhymes to a musical accompaniment played by Miss Tallman.

Camp Gould is for orphan children and when Mrs. Tallman was there some children had just arrived from Washington, D. C., to spend two weeks. Mr. Gould had returned from a trip to Europe and was weighed down with toys of various kinds for the children of the camp.

The Misses Helen Peck, Alice Compton, Geraldine Rhoads and Jean Tallman, all of Belleville, shared a cabin. Nancy Miller, Angelina Percillo, Charlotte Holden, Ruth Williamson and Wilma Freisinger of Belleville also spent the summer there.

PLAN CHEST DRIVE

A meeting to further plans for the Community Chest drive will be held at 8 o'clock tonight at the home of Watson Current in Holmes street. At the meeting of the ways and means committee August 12 a committee was appointed to call on various members of last year's teams, many of whom have promised their active co-operation in this season's canvassing. The drive is expected to be launched in October.

LOITERING BRINGS \$25 FINE

Fines of \$25 each were imposed on Matto Marino of 256 Second avenue and John Scariara of 286 Clifton avenue, both of Newark, when they were arraigned before Recorder George A. Fitzsimmons Wednesday night of last week. They were charged with attempted breaking and entering by Thomas Marrow, a watchman, when they were seen loitering with two girls near a toolshed in Mill street.

POLICE CHIEF FLYNN RETURNS

Police Chief Michael A. Flynn returned from his vacation at Belmar Monday and at the same time Sergeant Charles Pearl and Patrolmen Frank Burke, Frank Lukowiak, Ernest Slater and J. J. Flynn returned to duty from their respective vacations.

Patrolmen Anthony Gross, Chris Dodderweich and Fred McArt departed Monday, each to be gone two weeks.

AT GOVERNOR'S RECEPTION

Mrs. Emily Sundheimer of Ralph street drove to Sea Girt Thursday, accompanied by Mrs. Amanda Mc Cluskey of Stephen street, Mrs. Galamut of Joralemon street and Mrs. Meyers of Prospect street, in response to an invitation they received as Republican county committee women to attend the reception at the Governor's cottage. Among the enjoyable events of the day was seeing the soldiers reviewed by Governor Larson.

Costs of Wealth

Opposed to the benefits of wealth are its costs. The purpose of wealth is to benefit its owner; to cause to happen what he desires, and to prevent what he does not desire to happen. Often, however, wealth can work no benefit without entailing some other cost. For instance, to own a house is to bring cost of maintenance.—Chicago Post.

In Commission**

paper which members of this Board believe is an accurate record of what transpired."

"In behalf of the 30,000 people of Belleville," exclaimed Williams witheringly, "I compliment you, Mr. Mayor, for your magnificent memory!"

**An Affidavit**

Then followed a sharp engagement between the Mayor and Williams. The latter proposed an amendment to the Mayor's motion which would require the reporters to take an affidavit of what they had written. He remarked that the Mayor was not doing the right thing.

Kenworthy queried, "But Commissioner Williams, I have not noticed that you have denied any of these statements I want in the minutes."

Williams flared. "It would take longer than I have to live to deny things that you have said about me in the past and the things you will say about me in the future."

"Your remarks do not apply to the motion."  
"What a fine way of running the town's business." There was utter dismay in Mr. Williams' words. "Those two sweethearts of yours (Commissioners Waters and Clark) who look to you for every expression of opinion, of advice, are just another example of the high-handed way that you have been running the business of this town."

**Couldn't Stand It**

Being referred to as a sweetheart of the Mayor's caused Commissioner Waters to say, "Evidently Commissioner Williams feels that because I happen to have the same views about this issue, that I have no mind of my own. I don't mind saying that I agree with the Mayor and if I have to be called a sweetheart because of it, all right. But I want it known that I never look to any individual for advice on how to act on town business."

Carragher joined the controversy. "I am sorry for this grandstand play," he began, and the crowded room laughed, "but I think we should have an investigation of the town's affairs to see where the taxpayers' money has been spent. It is a good thing for them that Williams came into the Town Hall."

**Motion Passed**

"Question on the motion," called Kenworthy. The motion was passed by the votes of the Mayor, Clark and Waters.

Kenworthy then continued. Reading THE TIMES he asked Williams who was meant when he said the previous week, "A chief executive owning property on Washington avenue pays \$65 a foot less than another nearby property owner on the avenue."

Williams said, "When I spoke last week the figures I used may not have been accurate to the penny but the exact figures can be found in the town's official records."

"Can you get them?" asked Kenworthy.

"Mr. Mayor it is an insult to cloud the matter this way by bringing personalities into the issue. When I spoke last week it was to point out certain conditions in the Town Hall—not to discuss personalities. You haven't the moral backbone to discuss issue but harp on personalities."

**Question Times Reporter**

The Mayor ignored the attack by calling for a vote on the motion and Williams expressed himself without rising. "Let the steam roller go on," when it was evident that this motion would be passed as the other one had been.

He rose a moment later, however, to question Milton Brasher of THE TIMES.

"Will you take an affidavit about the accuracy of what you reported for your paper?"

"I reported according to the sense of the remarks made—not verbatim."

"It was according to your recollection of what went on then?" Williams asked.

"Yes, the quotations in the paper

were written with my notes to remind me."

**Get Into The Minutes**

"Get that into the minutes Mrs. Morey," the Commissioner said turning to the stenographer.

Business of the meeting rolled on with Carragher engaging in a verbal skirmish with Commissioner Waters about the granting by the town of a small portion of property on Main street to the Essex County Park Commission and then, under new business, Commissioner Williams touched off another match, this time to Town Counsel Brown, whom he said, had advised a subordinate in the Department of Revenue and Finance to act contrary to the policy laid down by the Commissioner.

He asked Brown to explain what his duties were as town counsel and, receiving an answer, asked if it were not true that Brown had been in conference with "one or more" of the subordinates in the Department of Revenue and Finance without Williams' knowledge.

**Plenty of Times**

"Plenty of times," said the counsel with asperity.

"Is it not true that you advised one of my subordinates to follow a course of action contrary to a policy that I laid down for the functioning of my department?"

"Yes."  
"That is what I mean when I charged meddling in affairs of my department and I cannot permit it," declared Williams.

But Brown jumped to his feet. "Will Commissioner Williams spread the details of my advice to his subordinate?"

"Yes. Mr. Seeley, deputy collector (whose resignation Williams said he had) was in conference with you Mr. Brown. When I asked him to send out old unpaid tax bills before the 1930 bills, he said he was going to run the job the way he saw fit. When I asked him who had advised him he said 'Brown'."

**Wouldn't Testify**

The Town Counsel denied that he had told Seeley how to do his job and the controversy wound up after an unsuccessful attempt on the part of Williams to have Town Treasurer Sargeant corroborate his allegations.

Sargeant said he did not remember whether Seeley told him that Brown advised him how to act.

In the midst of the Williams-Brown argument Brown asked Williams to repeat one of his questions. Williams asked the stenographer to help him out and Mrs. Morey seemed confused.

This led Commissioner Williams to remark, "I am sorry that I have to reply on a 'Democratic authority' for what I say."

"Put that in the minutes," stormed the Mayor.

**Not A Part**

"Mr. Mayor I object. You're not going to take only part of these minutes. If you take any of them you've got to take them all."

Kenworthy explained that there were no party lines among the Commissioners and Carragher laughed.

The crowd laughed a little later when Williams declared, after hearing the Mayor offer a possible excuse for Seeley's action, "You are magnanimous, Mayor."

"I'd rather be magnanimous," he began.

"Yes, but always of the Kenworthy type of magnanimity!" Williams amended.

Here Carragher and Waters had another battle about water coming out of hydrants and then Williams offered a suggestion that he believed would remedy the annual tax assessment difficulties. He made a motion that the town publish in a booklet, the assessments made on all properties in Belleville.

**What's The Cost?**

His motion was not seconded. The Mayor said he approved of the plan but wanted to know how much it would cost to publish such a book. Williams could not say and the matter was laid over for one week.

Verbal conflicts went on for the rest of the meeting. At one stage, following the Mayor's interrogation of Williams concerning the identity of property owners whom Williams suggested the previous

week were getting favors because of connections with the town governing body, Kenworthy saw fit to read a passage of the Walsh Act which described his duties as Mayor.

He went on, "While you, Commissioner Williams, got much pleasing publicity out of last week's affair it was also true that the town secured a lot of unpleasant notoriety and I wonder how your statements will affect the

credit of the town when we come to sell bonds."

**Has Been Partial**

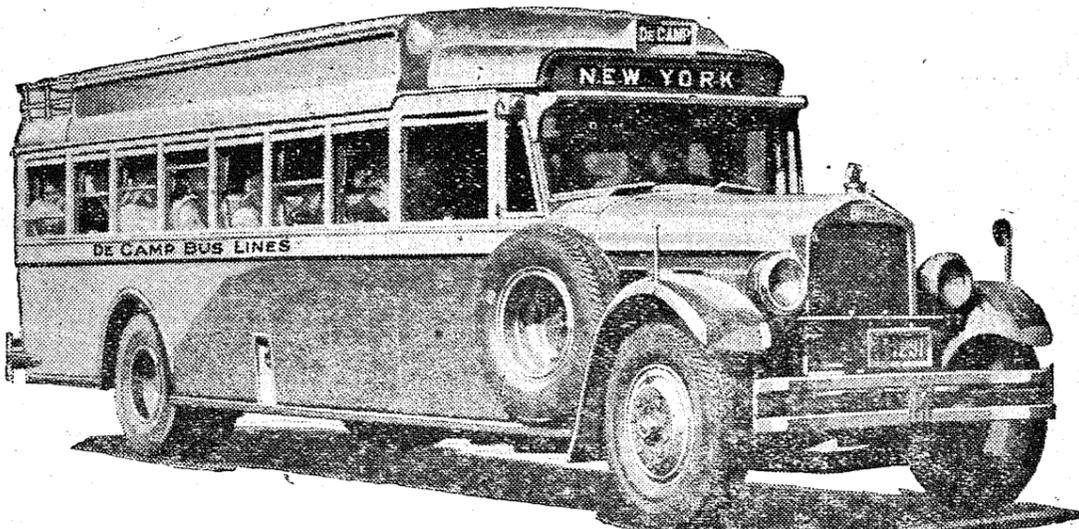

Williams interrupted and Kenworthy rapped for order to say, "I have been quite partial with you because you are a new member of the Board. I've been partial for several months because I realize that you have a lot to learn about this Board but now I insist that you stop interrupting me."

He then asked Williams to explain to whom he was alluding when he said last week, "A man on Academy street who draws money from the town is paying taxes on the basis of assessments amounting to \$20 a foot."

Williams said he would tell if were not for his belief that the Mayor would use it for "cheap political purposes."

## BELL-NUTS END YEAR WITH FORM

### Outclass Bachelors 8 To 1 In Final Game Of Year; Moniot Scintillates

## THAT WILD FOURTH INNING

The Bell-Nuts finished their season in a blaze of glory by swamping the Bachelors 8 to 1 Tuesday night at Clearman Field in a Legion league contest. Mel Brown and George Moniot divided the pitching assignment for the winners and both did well. Moniot went to the mound in the second inning with two men on base and none out and retired the side.

The Bell-Nuts scored all of their runs in the fourth inning. George Moniot started the fireworks by drawing a pass. Kearney doubled to right, scoring Moniot and then scored himself on a wild return from the outfield.

Mutch singled and Jentis doubled sending Mutch to third. Bill Buttons reached first safely on an error and Mutch and Jentis ambled across the plate. Baney, O'Neill and Metz then singled in rapid succession and all three scored shortly after on hits by Moniot and Kearney. Eight runs crossed the plate.

The Bachelors scored their lone run in the third frame when Mike Bartley clouted a long triple to right center and scored shortly after on Beliski's single.

Bill Kearney and Johnny Baney led the Bell-Nuts' attack with a brace of hits apiece. Mike Bartley hammered out two safeties for the Bachelors and won himself the batting honors of the league by doing so.

## JUNIORS NOSED OUT BY NEWARK

### County Legion League Crown Fades For Locals With 6-4 Defeat

## ERROR DAMAGED CHANCES

The Belleville American Legion junior nine lost a heart-breaking 6 to 4 decision to the Newark Legion nine Saturday afternoon at Newark. A victory for the locals would have meant first place in the Essex County League.

Another error in the sixth inning cost the locals the game. Baschman, on the mound for Belleville, pitched great ball. His support, however, was not of the best, and this accounts for the Newark victory. Frank Calabrese, fleet Legion outfielder, led the batting attack for the locals with two timely singles while Dbrowski played a fine game in the field for the Belleville team.

## NINE OTHER STRONG OUTFITS LISTED ON LOCALS' SCHEDULE

### Eight Are Classified As Class A; Only Two Class B; Five Games Home

## BLUE AND GOLD'S RESERVE POWER WILL BE NEEDED

Belleville High this season is faced with the hardest football schedule in its history. The Blue and Gold will go through a schedule as tough as any team in the

HIGH SCHOOL FOOTBALL SCHEDULE FOR 1930	
Sept. 27	Central at Newark
Oct. 4	Bloomfield .. away
Oct. 11	Passaic .... away
Oct. 18	Roselle Park * home
Oct. 25	W. New York away
Nov. 1	Irvington .... home
Nov. 8	Atlantic City away
Nov. 15	W. Orange * away
Nov. 22	Orange ..... home
Nov. 27	East Side .. home
* Class B schools.	

State. Take a glance at the first three teams on the schedule—Central of Newark, Bloomfield and Passaic.

But these three are only appetizers. The Belleville eleven then will meet Roselle Park, West New York, Irvington and Atlantic City. The last three games, West Orange, Orange and East Side, should not be so hard, but prophecies at this stage mean very little. Some schools turn out good teams consistently while other schools have corking teams one season, only to flop the next.

## Big Strides

It is interesting to note that eight of the ten games on the schedule are Class A. This shows what tremendous strides Belleville High has made in football. Five years ago the Blue and Gold was playing all Class B schools. Now they are not only picking Class A opposition but the strongest Class A schools in the State. A clean slate of victories, with the subsequent State crown, seems improbable but is not impossible.

A further study of the schedule shows that the Blue and Gold will play five games at home and a like number on the road. The opening game with Central will be played at Clearman Field. Central did not rate so high last season but should be good this year after two weak seasons.

## Looks Gloomy

Bloomfield, although they did not have a bad team last year, was not up to the usual standard. Coach Bill Foley was building up for this season and it looks like a tough scrap.

Passaic, judging from last season's record, will be one of the hardest teams on the schedule. Last season they had one of the best teams in their history, winning or tying every game except the one played with Rutherford. They made a strong bid for the State championship last year.

Roselle Park, a Class B school in size, but a school that almost always turns out crackerjack elevens, may not be so tough this year. They lose Tom Conrad, their flashy colored backfield man, a player who was the mainstay of the team.

West New York and Irvington were below average last year but they may surprise this year.

## Der Tag

November 8 is the day the squad is anticipating. They will travel to Atlantic City, the longest trip a Belleville High football eleven has ever taken. And after they arrive they will have trouble. Year in and year out Atlantic City turns out winning teams. Not much is heard about them but they are always up with the topnotchers. A

## COACH CARL ERICKSON

Coach Carl Erickson, who last season guided the Blue and Gold football team to eight victories, one defeat, and one tie, will again be at the helm this season.

## WILL HAVE STRONG LINE-UP FOR LONG BRANCH A. A. GAME

Fans wishing to witness a good ball game should meander to Capital Field next Sunday afternoon.

On this day Jerry Lilori and his Belleville All-Stars will meet the crack Long Branch A. A. These two teams recently met at Long Branch with the latter nine triumphing after a hectic battle.

Lilori has announced that some of the players on the local American Legion nine will perform for his team. They are Tommy Dunn, Jim Mallack, Gene Gelschen, Johnny Lawlor and Biddy Carragher.

Lilori will also play and promises to have one of the strongest teams to represent this town in a long time. He has not as yet announced his pitching choice, but it may be Butch Kastner, the man who recently set the White Eagles down with two hits.

## CARD-ST. ANTHONY PLAYOFF

The game between the Cardinals and St. Anthonys which ended in the fourth inning, will be played starting from the fourth inning Saturday afternoon at Belleville Park. St. Anthonys were leading at the time and a victory for the Saints means a play-off for first place with the Clintons.

A big crowd of Belleville rooters will probably accompany the Belleville team.

West Orange, Orange and East Side are the next three. All were defeated by the locals last year. East Side, however, is rapidly being considered as a deadly rival for Belleville. Those who saw the Thanksgiving classic last year between Belleville and East Side can testify to that. The Down Neckers are one of the "fightingest" teams in the State and early reports say they will have a good team this year.

## PENNANT HOPES FADE FOR A. A.

### Lose 7-3 Decision To Elks Who Stage Comeback With Kintzing

## COEYMAN LOSES HIS FIRST

The pennant dreams of the Belleville A. A. went drifting into oblivion last Wednesday night when they dropped a 7 to 3 decision to the Belleville Elks. A victory for the A. A. would have meant a tie for first place with St. Peter's. As it now stands St. Peter's are the 1930 champs of the American Legion Senior League.

The Elks more than made up for their mediocre showings of late by playing the best brand of ball they have shown all season. Lefty Kintzing was superb on the mound, his teammates were hitting with a vim, and their fielding would have done justice to a big league team.

## Not Up To Snuff

Kintzing set the A. A. down with eight hits but kept them scattered. Ted Coeyman, A. A. southpaw, was not as effective as usual. The Elks mauled him for nine hits with most of the blows coming at just the right time. It was Coeyman's first defeat of the season.

The Elks got to Coeyman right in the first inning. Successive doubles were made by Dunleavy and John Mallack and a single was made by Jim Mallack. Pinch hitter Gene Gelschen's homer in the fourth, scoring Kastner ahead of him, gave the Elks two more tallies. Jimmy Dunn's double in the fifth was responsible for two more runs.

## How Two Were Made

Charley Schleckser's single in the fourth and a double in the sixth were responsible for two of the A. A. tallies. Teddy Skidmore's single and an Elk error gave the losers another run in the fifth.

Jimmy Dunleavy, Tommy Dunn and Jim Mallack led the batting attack for the Elks with Schleckser and McDaniels doing the heavy work for the A. A.

## BONAVITAS, RECOVERED AFTER ACCIDENT, WILL BE OUT FOR GRID PRACTICE

Jerry and Nick Bonavita, High School athletes, of 96 Heckel street, injured in an automobile crash at High and Spruce streets, Newark, August 24, have entirely recovered and will be able to answer the first call of Coach Carl Erickson for football candidates, it was learned Monday.

The two boys were bruised and cut when the car in which they were riding, driven by Anthony Pascale, collided with a car driven by Robert Appel of Brooklyn. Others living in Belleville who were hurt were, besides Pascale, Minnie and Mildred Bonavita, sisters of Jerry and Nick Bonavita.

# BLOOMFIELD EAGLES DOWNED AGAIN

## LEGION EARNS LEADING BERTH IN THE STATE

### Second Victory Over Strong Baseball Outfit Of Bloomfield Thrills Big Crowd

### KASTNER TOYS WITH ENEMY; WAS NEVER IN REAL DANGER

The Belleville American Legion nine proved their right to be ranked with the leading teams of the State as a result of their 2-0 victory Labor Day afternoon over the crack White Eagles of Bloomfield. Belleville fans were treated to a wonderful game. The victory was especially appreciated in view of the fact that the White Eagles handed the Nutley A. C. a defeat Labor Day morning.

Butch Kastner, popular Legion southpaw, had the White Eagles eating out of his hand. He set the Eagles down with two hits and never let them come close to scoring.

#### Started In Fourth

Belleville started their scoring in the fourth inning. John Mallack doubled with two out. "Midget Joe" Curran then duplicated the feat and sent home the first run of the game. It was Joe's only hit of the game, but that hit was enough to win the ball game.

The locals scored again in the fifth when Lawlor was hit by a pitched ball. Manager Jack scored a moment later on Jim Mallack's long double. McDaniels also doubled in this inning, but Mallack was caught off third before the lanky center fielder got his double.

#### Good Fielding

The Legion scored two runs but they might have done more had it not been for the sensational fielding of the Bloomfield nine. The Eagles gave Helwig and Yeski sensational support.

The Belleville nine was also right "in the money." Arty Lamb, Jim Mallack, Johnny Lawlor and John Mallack made several plays which had the fans gasping. Jim Mallack pulled a stunt seldom seen at a ball game.

In the Eagles' half of the ninth inning he threw a man out at first base from right field.

McDaniels led both teams with the stick with a double and a single. The Mallack brothers, Jim and John, and Joe Curran also poled out doubles. McGrath and Seb Zega were the only ones to hit for the losers.

It was announced at the game

that Belleville may play the deciding game with Nutley this Saturday at Clearman Field.

## Here and There

Official batting averages of the American Legion League put Mike

Bartley, fleet Bachelor outfielder, at the top of the league. This is a surprise to many as Mike was figured not to have a look-in. He was a plugger in every game and he played them all. His average was .444, lower than is usual in a league of this sort, but don't think that there weren't any good hitters in the league. Batters were held down by excellent pitching.

Jim Dunleavy who was high last season with the bat, was runner-up to Bartley this year. Bartley's two safe trips to the plate Tuesday night kept Dunleavy from again leading the league. The latter had an average of .436, remarkable when it is considered that during the first half of the season he was barely over the .200 mark.

Others away up in the averages are Fred Polfisch, popular Belleville A. A. backstop with .433, and Crawford, with .425. Most of Crawford's hits were for extra bases.

Butch Kastner, Jerry Bonavita, Bill Kearney and Jim Mallack were others to hit .400 or better. Bonavita still has another season

of high school baseball. He should bat around .600 in high school if he bats over .400 in this league.

There are just about 200 points difference between high school baseball and American Legion ball.

It is all well and good these fine averages, but some mention should be made of the player who bats a little lower, but who is invariably there in the pinch. The Dunn brothers, Tommy and Jim, are good examples of this. Another lad of this description is Joe Curran. Look back on the games this year and see if you can think of any others better than these three in a pinch.

Belleville High stars practicing football today. We recently asked Coach Erickson what kind of prospects he would have this year. "Pop" told us that he couldn't tell for several weeks. The loss of Short and the rest of last year's backfield is going to hurt.

In another part of this paper you will find the Belleville High football schedule for the coming season. The locals have had hard schedules, but this one beats any other by at least a city block. Certainly the schedule makers are not pessimists!

The other night during a lull at a league game there was a discussion about speed. Who is the fastest ball player in the Legion League? Our opinion is that Arty Lamb should be named as the speediest to first.

From first to second or in fact all the way around, our money would ride with Bill Kearney. The latter could be fast going to first also if he didn't make such a wide circle. McCabe, for instance, could give Art Lamb a mean battle while Bert Crawford is also a mean runner.

Don't forget the game Saturday between the American Legion and the Nutley A. C. at Clearman Field. Folks, that will be a game for blood. If you like those old-fashioned games with plenty of rivalry here's your chance to witness one. Let's have a big crowd. Those boys deserve a break.

#### Indian Planting Rule

An Indian rule for planting corn was to wait until the leaves on the oak trees were the size of a squirrel's ear.

## Major Freelance's Column

By Frank G. Andrews

Half a century ago it was the custom for a child to address its father as Pa. The familiar term for mother was Ma. As actually pronounced, it was Paw and Maw.

By and by the children took a forward step and the endearing form of Papa and Mama struck a popular chord. The chief trouble then was that many children got to using Paw-paw and Mah-mah, which did not sound so good when company came.

Of recent years more respect and reverence by children has been apparent in speech if not in manner. Mother is the form of address now, while the father is known familiarly as Dad. This is a sentimental title but it sounds the best of any.

Dad, you know, is the good old boy who is always cheerful and never complains about the cost. He gets down on his knees and plays with the kids to amuse them so they won't annoy mother. To hear him tell it, he never tires of making himself useful in this manner, which is simply a lot of applause.

There is a newer custom prevailing now in which children address parents by their Christian names, and this does not strike us as being so hot.

For children to address their father as Harry, or their mother as Mabel, makes them grown-up too soon. That, perhaps, is why we are getting this big crop of boy gunmen and girl bandits.

Mother and Dad is about as familiar as we should permit our children to get. Too much familiarity breeds contempt.

A celebrated woman educator rises to remark that parents have no business helping children with their home studies. The parents are antiquated and don't know, says this educator.

And so there is another shattered dream. It used to bring us quite a kick to take our school problems home and get father and mother to help us with them. Nothing gave us so much joy as to "stick" them on a problem.

No more of that. The modern educators say the parents must keep out. Arithmetic, spelling, geography and history are taught in different terms.

Forty years ago the high school curriculum consisted of nine subjects. Today there are 250 distinct subjects covered in high schools, which may be the chief reason why the children know so little of anything when they get their diplomas.

The next subject to be studied in this column will be beans. Not Boston beans or soup beans but lima beans.

A bulletin just issued by the State Department of Agriculture states that the New Jersey crop is heavier than usual this year—

about 298,000 bushels as compared with 225,000 bushels last year. Our average is 253,000 bushels a year, so you can see that our beans did well despite the dry weather and business depression.

We heard an old resident refer to lima beans the other day. He noted that one seldom sees pole lima beans any more. Few have noticed this but the man is probably right about it. We do not recall having seen any pole lima beans in the gardens around here for a long time.

And, by the way, where are the gardens of yesteryear? Guess we are all buying our vegetables down at the chain grocery store. Gardens are taboo these days. They are too hard on the backs.

We would like to ask that chesty woman educator referred to above why it is that robins turn their heads to one side as if listening when standing on a lawn. She knows all about those 250 school subjects but she doesn't know this simple question about robins.

The answer is that robins turn their heads because they can focus vision better that way. Most birds do not have binocular vision and cannot focus both eyes on a nearby object.

With millions of men out of work in this country, it sort of makes the blood boil to read of union labor men going on strike for higher wages when they are already getting \$12 to \$15 a day with steady employment.

We know of men with families who are glad to get work enough at present to provide bread and butter for their dependents.

There is one factory employing a large number of men which is doing its best to keep its regular force of employees from starving to death.

The factory is being operated at present in this manner: Half the men are working two days a week and the other half are working two days the following week. This means that each man is getting four days' work a month and it is the best the company can do for them.

Harold G. Hoffman, is quite a publicity hound. With the exception of Dr. Royal S. Copeland, U. S. Senator from New York, he has no peer. Hoffman's campaign of education, however, should be backed up with an adequate police force.

William L. Dill made the highways safe, according to the campaign posters, and it is now up to Commissioner Hoffman to make them perfect.

#### Evidently the Limit

Apparently no one has been able to advance further in the conservation of space than the telephone companies did when they established the standard for booths.

### Man's Brotherhood

I like to think that there is no man but has kindly feelings for some other, and he and his neighbor, until we bind together the whole family of Adam.—Thackeray.

## Argument Rages

(Continued from Page Thirteen.)

Kenworthy went on. "Do you still believe that in 1927, 155 tax bills were not sent out to property owners?"

### You Would Know

"If you supervise all the departments according to your duties under the Walsh Act you should know whether they were sent out," Williams answered. Then later when he was asked about his charge that in 1928 there were 255 tax bills not sent out, the Mayor asked him if he honestly did not feel that the bills had been sent out but returned by the post office. Williams said "No."

Tension eased a moment later when Carragher rose to sympathize with Williams and said, "I got the worst deal of anyone in the Town Hall—you're getting off easy." The crowd laughed again.

Williams, resuming his place on the floor to answer the Mayor about "unpleasant notoriety," said that his charges were based on facts and that it would do no harm to bare conditions if it would lead to their correction.

### Denied

He denied being the authority for saying on his own word that the Volkoeing tract in the north end of town was reduced in assessment, \$170,000 without the knowledge of the assessor who was at that time, W. George Hunt. The Mayor had read a story in the Sunday Call indicating that Williams had made that statement.

The latter, after his denial, said, "I think it is wonderful, the amount of energy you have put into this job now and the laxity with which you ran the town's business before election. I have been trying to debunk the conception that the town has had a wonderful administration for the past four years."

The Mayor retorted with equally as scathing a tone, "The Commissioner has a great way of debunking—at one meeting his memory is infallible and the next he cannot seem to remember a thing."

"Do you mean to say, Mayor, that you know nothing about the truth of these charges?"

"I know nothing."

"On your word?"

"On my word."

Town Clerk Daly read a letter from former Commissioner James Gibson, asking for a copy of last week's minutes. The argument about the minutes began again and Williams was voted down in a tussle to have them sent with "qualifications." The Board voted three to two to send them as written.

### German Title of Nobility

The German word "Graf" is from the Middle High German *Grave*, which is the same as a count or the English earl. It also is related to the Latin *Comes*. It is a mistaken idea that graves are placed so they are not directly east and west. In modern cemeteries graves are located so that they conform to the paths leading through the cemetery, rather than to a certain point of the compass.

### "To Thine Own Self"

Be not diverted from your duty by any idle reflections the silly world may make upon you, for their censures are not in your power, and consequently should not be any part of your concern.—Epictetus.

### But Why Try It?

Scientists have discovered that a frog is so constituted that it may be boiled and still live if the temperature of the water is increased by slight degrees to the boiling point.—Country Home.

### Cause of Idiocy

Cretinism is a kind of idiocy which scientists have found to be due to the inactivity of the thyroid gland.

### Girth Unit of Measurement

Ancient units of measurement were far from accurate. The Roman weights were true only to one part in fifty. The Egyptians were unable to test the accuracy of their units of length closer than one part in 350. Going back further we find they were very rough indeed. In primitive times a yard was probably at first the length around the waist, which naturally was apt to vary.

### Must Be All Alike

It is estimated that 40,000 books have been written about the weather, but all together they're not a drop in the bucket to the unrecorded comments.—Arkansas Gazette.
