### Woman's Club Starts What Promises To Be Successful Year

#### Annual Fall Luncheon Is Set For Next Monday Afternoon

The Woman's Club of Belleville, Mrs. R. C. Whitfield, President, has started what promises to be a most successful year. The object of this club is to maintain an organized center of thought, action and good fellowship among women, and stimulate an interest in those things that will render the members helpful to one another and useful to society, and co-operate for the betterment of social conditions.

Any woman who can subscribe to the aim and object of the club will be welcomed as a member.

The annual Fall Luncheon will be held at Fewsmitth Memorial Church, Monday, October 27, at 1 P. M. The guests are to be Miss Margaret Buttenheim, corresponding secretary of the N. J. State Federation of Women's Clubs; and Mrs. Knud S. Bay, Eighth District vice president. Mrs. A. S. Blank will be glad to hear from any members who have not received their tickets or from any member who wishes to bring a guest. The tickets are limited so it is requested that you make your reservations as early as possible. Mrs. T. C. Stewart is in charge of arrangements and has on her committee Mrs. Blank, Mrs. Charles Kelly, Mrs. George P. Oslin, Mrs. John Ray, Mrs. Russell Sargeant, Mrs. H. K. Shoop, Mrs. W. H. Stone and Mrs. Ernest Johnson.

The ex-officers will have a luncheon at the Robert Treat Hotel, Newark, Thursday, October 30, at 1 P. M. Members from the local club who will attend are Mrs. W. P. Adams, chairman of arrangements; Mrs. Herbert Carson, hostess for the day, Mrs. W. V. Irvine, treasurer of the club and Mrs. Richard Kidgeway.

The Annual Fall conference of the clubs of the N. J. State Federation of Women's Clubs was held at Elizabeth Thursday, with Mrs. M. Caswell Heine, presiding. The members of the Belleville Club attending were Mesdames Whitfield, Adams, Charles S. Smith, J. J. Schaffer, Charles Kelly, Frank Brohal, William Entreklin, T. C. Stewart and W. H. Stone. Arrangements were made by Mrs. Adams.

The first card party of the season was held at the club house last Monday and was most successful. The hostesses were Mrs. Whitfield, Mrs. W. P. Adams, Mrs. W. V. Irvine, Mrs. J. G. Shawger and Mrs. W. H. Jacobson. High score in bridge was made by Mrs. M. Liebschutz, and Mrs. W. V. Irvine in pinochle. Mrs. G. C. Miller, card party chairman, announced the second annual bridge tournament, which is to start Monday, November 3, at 2:30 P. M. Everybody is welcome to enter and the awards promise to be well worth winning. There will also be a special prize for the highest score in whist and pinochle made during the season.

### CHARLES L. STEEL, JR., CALLS SCOUTS TO COURT OF HONOR THIS SATURDAY EVENING

To become an Eagle Scout, with its accompanying list of Merit Badges each in itself a reward of higher tests passed and knowledge attained for the use in greater service, is the ambition of every Scout. The Court of Honor, as one of its duties, has the right of awarding such an honor.

Tonight, in the High School Auditorium, the Belleville Unit, Boy Scouts of America, will meet at the call of Charles L. Steel, Jr. chairman of the Court of Honor. It is his expectation that every Scout in town will be present at this meeting.

A program of a different nature has been planned for tonight. It will be a competitive one in which the troops of Belleville will compete in the best entertainment stunt, and in a Scouting activity. The Scouting activity for the October Court will be competitive knot tying.

Prizes will also be awarded to troops having the largest attendance and to the troop responsible for the

**WEBSTER'S DICTIONARY** defines "model" as a miniature representation of a thing. The Jackie Coogan Golf Course reflects the same thought—real golf, not obstacle—on a miniature course. A real course for snappy weather. **THE JACKIE COOGAN MODEL GOLF COURSE**, Union avenue at William street, street, Belleville. —Adv.

### ROUTINE PROBE BEGUN IN TORCH DEATH OF CHILD

#### Mother Of Match Victim Once Lived In Belleville

Police Chief Frederick Everson of Union Beach Borough, near Keyport, is making a routine investigation into the death by fire Tuesday of Philip Harney, Jr., 3½ years old, in the Harney home there.

Everson said that Mrs. Phillip Harney, the boy's mother, placed the youngster in the attic of the two-and-one-half-story house to play and keep out of harm's way while she busied herself about the house to play and keep out of harm's way while she busied herself about the house Tuesday morning. The baby got hold of matches, Everson said, and apparently in playing with them ignited one, which set his clothing and the attic on fire.

Mrs. Harney knew nothing of it until Charles Weirsing, who was at work on a road near by, saw the roof on fire and rushed into the house. Weirsing climbed to the attic and brought the youngster out of the flames. The child was taken to Keyport General Hospital, but died with Harney formerly was Miss Elizabeth Kellett of Belleville.

### Appeal Of Gimbel In Slayings Fails

#### Court Affirms Conviction Of Local Youth Who Slew Two After Robbery

The Court of Errors and Appeals affirmed Monday the conviction of William Gimbel, twenty years old, for the murder of two men in Belleville January 16.

Edward W. Maurer, nineteen-year-old former school-mate of Gimbel, and Paul Bohrer, forty, father of four small children, were the victims of Gimbel's shots, fired when the two joined the pursuit after Gimbel's hold-up of an A. & P. store at Cortlandt and Holmes streets. Gimbel was captured after an hour's chase by Sergeant Elmer Leighton and a citizen, Daniel Peck, at Hancock avenue, near the Nutley-Belleville boundary.

Arraigned here January 17, Gimbel was indicted the next morning. His trial began March 3. A verdict of murder in the first degree was returned March 7. March 10 Judge VanRiper set the week of April 20 for electrocution. Appeal proceedings were started immediately by Gimbel's attorneys, Joseph M. Degnan and John A. Bernhard.

### Dances Discontinued

The Melody Club Orchestra will discontinue its dances at the Recreation House until further notice.

### COMMUNITY CHEST CANVAS STARTS NEXT WEDNESDAY AND CONCLUDES TEN DAYS LATER, NOVEMBER 10

#### Legion And Veterans To Supply A Team To Help Canvass

Workers enough to assure a complete organization for the Community Chest campaign October 29 to November 10 have been announced by John Ray, campaign manager. The number of workers will be at least 150 and may reach 200, he said.

Eleven majors have been selected. They will work under direction of William W. Stewart.

The majors assigned to districts are: Angelo Dominick, Silver Lake; Albert Neschwander, Soho; Mrs. Cornelius Coryell, Belwood Park; Harry Boutillette Jr., West Belleville; Mr. and Mrs. Chester Kraft, jointly, half of the Valley section, and William B. Frey, the other half. Other majors are Raymond E. Mertz, J. Henry Stier, Joseph Williams and George VanArx. Charles H. Nutt will head the commercial division.

**Teams Of Veterans**  
The American Legion and V. F. W. will enter teams. Workers from churches and other organizations will be divided under captains. Each worker will make forty-five calls. Miss Helen Hoffman of the Salvation Army will be clerk at the chest headquarters.

The supper, to be held at Belleville Elks Home the night preceding the campaign opening, will be donated, it was stated.

A meeting of majors was held at Harvey Thompson's office at 280 Washington avenue Monday night.

Supervising Principal George R. Gerard reports the poster contest among high school and grade pupils was judged Monday night at the high school, where citizens viewed the posters. Prizes were awarded for first, second and third.

### MISS KLINE'S PROBLEMS

The head of a local industrial firm called at the office of the Community Service Bureau recently for advice regarding a man who was to be evicted.

It was suggested that the man call at the office to talk over his problems. His wife was in a sanatorium, dying of tuberculosis. One of the children was frail and undernourished and was in need of medical attention. It was necessary to employ a housekeeper to care for the children. This together with irregular employment had burdened the man with debts.

The Bureau assisted him with a month's rent and the child was referred to a clinic where its health is being carefully guarded.

"If you know of any one in trouble refer them to the Trouble Doctor. Often the problem which is most apparent is only the symptom of an underlying and far more serious difficulty," says Miss Bertha Kline, in charge of the Bureau.

### Board To Aid Chest

The Board of Commissioners Tuesday night accepted an invitation to attend a dinner for Community Chest workers at the Elks Club Tuesday night, on the eve of the opening of a ten-day charity drive.

### POSTER CONTEST

There were 136 entries in the poster contest display at the high school Monday night. Fifteen were by high school students and the remainder by grade pupils. Judging was postponed, to permit more entries. Awards will be made at the end of the drive, with a grand prize for the best poster and separate first and second prizes for the high schools.

### G. O. P. Rally Held Here Last Night

A rally of Republicans was held last night under the auspices of the Republican Club.

### Torch Light Parade Is On Scheduled For November 1

A rally of Republicans was held last night under the auspices of the Republican Club. Thomas Berry, Republican chairman had charge of the arrangements. The committee consisted of Floyd Floyd Bragg, president of the club; Victor H. Schleicher, William J. Wakefield, William Outcalt, Lawrence E. Keenan and Walter P. Weiss. Speakers were Freeholder Joseph King, Assemblyman Homer C. Zink and Mr. Wakefield. A torch-light parade will be held November 1.

### Like Pee Wee Golf Board Has Small Sized Meeting

#### Spectators Had To Rub Their Eyes To Believe It Was Over

The Town Commission meeting Tuesday night, was like the new miniature golf links — pint or vest pocket size.

The audience sat in silence a moment after the adjournment, scarcely believing the meeting could end so soon.

One resolution was passed, advancing the meeting dates of the board for the next three weeks from Tuesday to Monday night, due to the Community Chest supper Tuesday night, the general election the following week and Armistice Day November 11. The board moved to attend the supper and take part in the Armistice Day exercises and parade.

"Business Confidence Week" of the Lion's Club was endorsed. The application of the Freddie Polo Association to hold a carnival for the rest of the month, starting tomorrow, at 22 Belmont avenue, as a benefit for the Christmas fund, was referred to Director William D. Clark for action.

Mrs. James V. Thetford of 83 Bremond street is attending the general executive committee meeting of the Woman's Foreign Missionary Society of Methodist Episcopal churches at Springfield, Mass. Mrs. Thetford before returning will visit Mr. and Mrs. Elton Mielman, former residents of Belleville, at Providence, R. I.

### Believe It Or Not This Cat Has Some Sense Of Direction

"Timmy," a gray striped tomcat that found its way home to Belleville from Glen Wild Lake, Bloomingdale, twenty-five miles away, is stretched by the side of "Muggs," a wire-haired terrier, on a favorite rug in the home of Mrs. Judson K. Stickle, 76 Bremond street. The cat was lost a month and a half.

Mrs. Stickle, who resigned from the Belleville Board of Education Monday because she intends to move to Short Hills, was at a loss to explain how the animal found its way home. It was taken to the Stickle's summer bungalow by auto, in a closed basket, on July 1. As the family started for home at the end of August "Timmy" clawed his way out of the case, jumped through an open window of the car and refused to be coaxed back. On subsequent visits to the camp the cat could not be found. Mrs. Stickle feared it was lost in the woods.

Saturday Timmy announced himself by a long and plaintive meow at the back door, and Mrs. Stickle discovered a gaunt famished pet eagerly expressing pleasure at being home again.

### MAYOR NAMES MRS. SHELDON TO SUCCEED MRS. STICKLE ON BOARD OF EDUCATION

Mrs. Judson K. Stickle resigned from the Board of Education Monday night, effective Tuesday, and Mrs. Porter F. Sheldon was named to succeed her by Mayor Samuel S. Kenworthy. Mrs. Stickle will move to Short Hills because of her husband's business. Her five-year term runs until January 1, 1932.

Mrs. Stickle's resignation was accepted "with regret for her severance from the school system." As chairman of the teachers' committee, first chairman of the health committee and formerly a member of the finance and textbook committees, Mrs. Stickle was instrumental in reestablishment of kindergarten classes, distribution of milk and the separation of the dual position of high school and supervising principalship. She has favored the proposed adoption of a teachers' salary schedule, the granting of five to ten days' sick leave annually and establishment of subnormal classes.

Mrs. Sheldon formerly taught domestic science six years in Newark. Mrs. Sheldon formerly taught domestic science six years in Newark Schools, three of which were at East Side High School, and previously taught the subject three years in New York City schools. She was born in Rochester, N. Y., where she was graduated from Mechanics Institute, and has taken extension courses at Columbia University. She has lived at 221 Joralemon street fifteen years and has three children attending School No. 3. She is a trustee of the Woman's Club, treasurer of the Parent-Teacher Association, formerly a member of the Girl Scout Council and is a member of Fewsmitth Memorial Presbyterian Church.

A communication to the board signed by W. J. Post of 143 Forest street and eleven others of that street and Adelaide street, complained of "brawling, profanity, property damage and general rowdiness" by youths between sixteen and twenty-one who used the playground at School No. 5. The citizens advised inclosing the grounds. The board referred the matter to the Police Department for "urgent action."

Schools will remain in session on November 19, the board decided, despite the announcement of Supervising Principal George R. Gerard that about 100 teachers, or half the faculty, had signed to attend the annual state teachers' convention at Atlantic City that day. Only eighteen or twenty teachers attended the convention last year, Mr. Gerard stated.

### Montgomery Choir To Sing At Job Haines Home On Sunday

Rev. Wilson S. Phraner of Montgomery Presbyterian Church will administer communion to inmates of the Job Haines Home for the Aged in Bloomfield Sunday afternoon at 3 o'clock. Mr. Phraner will be accompanied by the choir of the church consisting of Mrs. Carrie Turner, Mr. and Mrs. William Winkelman, Miss Dorothy Acken, the Misses Elizabeth and Kathryn Conklin.

The Aid Society choir will also sing. Besides William and Alfred Winkelman, this latter group comprises Carl Jensen, Robert Lloyd, Edward Demarest, Benjamin Scott, James Sellsick, Raymond Ohman and Stanley Smith.

An election of officers took place at the special business meeting of the Christian Endeavor Society last night. The Aid Society will give a masquerade party at the church on Halloween. There will be a grand march for children and adults, and prizes for both groups for the most unique and the prettiest costumes. James Rowbotham is general chairman; Carl Jensen, decorating committee; Robert Lloyd, music; William Winkelman, floor manager.

### SO SAYS DIRECTOR RE-INSTALLING TAX COLLECTOR AFTER SUSPENSION

#### WILLIAMS DECLARES ASSESSOR WAS IMPROPERLY ADVISED IN NOT HOLDING ANNUAL TAX SALES

Senator Arthur N. Pierson of Westfield spoke yesterday at the joint meeting of the Lions and the Rotary Club at the Elks' Club on the "\$100,000,000 Bond Issue" which comes before the voters for approval at the November election.

The joint meeting of the clubs is an annual affair with the clubs rotating as hosts. Arrangements for the Rotary were made by Edward Yerg.

Pointing out that Mayor Samuel S. Kenworthy was chairman of the tax relief committee of the legislature which petitioned for relief of municipalities in 1926, Senator Pierson said the resultant readjustment of state finances, as proposed in the bond issue, will, if approved by referendum November 4, constitute "a real fine step forward in tax relief."

"I believe the method of financing proposed will be an investment, dividend paying, not a debt," he said. He noted now is the time to obtain money at the best possible interest rate, to aid unemployment and materialize public work without competing against private enterprise.

"The program of acquirement and construction is so completely mapped out, and the time so ripe for a comprehensive alleviation of state and municipal needs, that delay would be costly to the future development and welfare of the state, was the Senator's conviction.

As the bond issue would affect Belleville, he said an east and west highway through the town need not be looked for in the near future unless approval is granted. Route 21 along the Passaic River is included in the financial plan, and though it will terminate at the Belleville bridge at present it will go further later, he said. Route 4 will also touch the western part of Belleville, he explained, depending on approval of the issue for the time factor.

"The whole thing is," Senator Pierson observed, "it is good business to borrow money for these purposes. There should not be a vote against it. Other states are only keeping their traffic a-going. If we can, through study and foresightedness, build monumental structures beyond our immediate need, and at the same time bring relief to the taxpayers of the municipalities of the state, it is our duty to do so."

Mayor Kenworthy presided, with John DeGraw, Rotary president, at his right, and Senator Pierson at his left. William J. Orchard of the Rotary Club paid the Senator the compliment of being "one of the few real thinkers we have had in the state legislature for a good number of years."

The opening celebration of Belleville's "Business Confidence Week," sponsored by the Lions Club as part of the national movement conducted by the organization to improve business conditions, was held Saturday night under the direction of Mayor Kenworthy acting as president of the Lions Club. Led by St. Peter's five, drum and bugle corps, club members and business men paraded through town in about one hundred private and business automobiles.

Occupying the place of honor behind the committee cars was a large and realistic looking lion in a cage on wheels. This was followed by a hearse, bearing the legend "Burying D. Pression." The next car carried a sign, "Just Married," and all the cars in the parade were provided with bright red flares.

The parade started at Washington avenue and Greylock parkway, from where it went to Union avenue, south to Mill street, then east to Washington street and north to the starting point.

### Two Motorists Took Crack At Parked Car Monday Night

A car parked in a narrow section of Belleville avenue, opposite Carpenter street, because of motor trouble, was the target Monday night of two other automobiles.

The new sedan of Town Clerk John J. Adly, driven by his son William, seventeen, collided with it at 7 o'clock. An hour and a half later, as the parked car was about to be towed away, a car operated by Elmer Lachenauer of 723 Ehrhardt street, Elizabeth, was in collision. Lachenauer's left arm was lacerated and his wife was shaken up.

Benjamin H. Struyker of Davey's lane, Bloomfield, said he parked his car when it broke down on his way to work. Patrolman Anthony Gross placed a ticket on the car at 3 P. M. for improper parking and at 6:55 five minutes before Daly's car hit it, Gross had telephoned headquarters the car was in a dangerous position and should be towed away.

### Senator Pierson Speaks At Rotary-Lions Joint Meeting

#### Tells Why \$100,000,000 Bond Issue Should Be Passed

### Gibson Assumes Blame For This

Political controversy over the suspension seven weeks ago of Tax Collector Roy W. Brooks was ended Monday with Brooks' reinstatement by Commissioner William H. Williams, director of revenue and finance. He resumed the duties of his office Tuesday morning.

Following conferences Sunday and Saturday with his departmental committee, comprising acting Tax Assessor John F. Coogan, Jr. and Town Treasurer T. Russell Sargeant, Director Williams sent Brooks the following letter Monday:

Improperly Advised  
"You were improperly advised in not holding tax sales. Commission of Municipal Accounts Darby advised annual tax sale is mandatory by law and director of revenue and finance is without authority to instruct the collector not to hold annual sales."

"Your statement that tax bills were delivered promptly appears inconsistent, in view of the fact that approximately 800 of the 1,284 delivered bills have been delivered since my investigation began."

"Your explanations impel me to believe you were held responsible for certain duties on which the authority exercises supervision was moved from you. Responsibility without authority usually entails embarrassing conditions."

"No question of your personal integrity has at any time been involved. Your suspension is hereby cancelled and you are instructed to report for duty Tuesday, 9 A. M., and check all matters pertaining to your work and report to the deputy director any matters not meriting your approval."

Brooks' term of office will expire December 1, and it is not known if Williams intends to appoint a new man to the position. While under suspension the tax collector has been receiving his salary of \$300 a month.

Roy Brooks replied Friday to three questions put to him Thursday by Commissioner William H. Williams, director of revenue and finance, who stated in a letter that if Brooks' answers are satisfactory he will press charges of neglect of duty to dismissal, as follows:

"1. I have prepared tax sales in accordance with the law and such sales were not made because of then director of revenue and finance former Commissioner James Gibson ordered me to withhold tax sales because of the general business depression and the bad condition of the money market."

"2. I did not make monthly reports to the Town Commission of tax collections because I always understood that such reports were not by the treasurer."

"3. I was advised and always believed that the law only required me to see to it that tax bills were issued and that the method of delivery by mail or otherwise was not specifically designated. I have always used best judgment in getting tax bill property owners and in many instances I have consulted telephone books and directories to get correct addresses. Many times I have inquired of persons to learn the proper addresses where the tax bills had old or obsolete addresses."

"I am confident that all tax bills were delivered promptly and only in cases where no address were given were they delayed."

"I am very glad to supply this information to you and as tax collector I am ready at all times to do that is in my power to assist you in the operation of your office affect tax matters."

"Your suspension of me I worked to my disadvantage in that many persons think that I have been guilty of a grave dereliction of duty and I am anxious to establish that any act of mine has been found in good conscience and my probity above suspicion."

Director Williams conferred on the week-end with Tax Assessor John F. Coogan Jr. and Town Treasurer Russell Sargeant before making a decision regarding the case of which was suspended by Williams September 2.

## HAVE YOU EVER NOTICED HOW THESE COLUMNS ARE IMPROVING?

The News is anxious to receive all the social happenings in town. Won't you please help us to make this paper one of the best social papers in this part of the state? You may either phone articles to the News office, mail them, or communicate with the social and fraternal editors—Mrs. Richard Ridgway, 361 Little street, Belleville 2-1440; Mrs. Hannah Hacker, Clinton street, and Mrs. Rudolph Lahrs, 56 Forest street, Belleville 2-4556-W.

These women are gathering all the social news about town and any assistance given them will be greatly appreciated by this paper.

## Motor Trip Of Mrs. Charlotte Littlefield

Mrs. Charlotte Littlefield of Malone avenue and her friend Mrs. Edward Reilly of Brooklyn, have returned from a motor trip of 1,800 miles with Mrs. Littlefield at the wheel. They visited a number of cities in Canada, and stopped at the interesting shrine of St. Ann's, spent several days at Thousand Islands, visited friends at Watertown, N. Y. and were guests of relatives of Mrs. Littlefield's at her birthplace, Oswego, N. Y., returning via the Lackawanna Trail they had rather a startling experience. They were "jogging along" quietly and were nearly at the end of the Trail when a shrieking distressed woman came dashing down the road behind in a dilapidated old Ford, crowded them off the road into the gutter. The result was two new tires, a bent axle and other repairs. Again after this unpleasant nerve racking experience they came on a bad accident at Pine Brook, and while they were not directly concerned, still it was unpleasant after the Trail episode.

Directly on reaching home Mrs. Littlefield was one of the speakers at the exhibition of Woman's Arts and Industries at the Astor Hotel, New York City. Her topic was "Cooperation Among Women," calling attention to the cooperation of women during the late war, in Red Cross and many of the really big things of life.

The Misses Helen and Regina Cogan of Union avenue, entertained with two tables of bridge last evening.

Mr. and Mrs. Harold Neilson, of Clinton street, spent the week-end with relatives at Summit.

Bernard and Edward Hassan, William street; Jay Hacker, Clinton street, and William Gould of Franklin avenue, motored to Bear Mountain Sunday.

Mr. and Mrs. Arthur Evans and children Joan, Margaret, Ann, and Arthur of Dewitt avenue spent the week-end at Staten Island.

Eugene Neary of Newark was a week-end guest of his grandparents, Mr. and Mrs. James Neary of Hornblower avenue.

Mr. and Mrs. Charles Schlee of Cambridge, Md., former residents of Belleville, will be dinner guests of Mr. and Mrs. A. A. Buckley of 24 Tiona avenue tonight. Mr. and Mrs. Schlee are visiting their daughter, Mrs. Gus Keller of Maplewood and will motor to Providence Saturday.

### FIRST FREE MUSICAL OFFERED TO CITIZENS OF THIS COMMUNITY

Sunday afternoon at 3 P. M. at the Belleville High School, the first of a proposed series of Free Public School Concerts will be given.

Watson Current, a member of the Board of Education and one of the committee appointed to supervise the work, will outline the purpose of these recitals in a short address.

Much preparatory work has been done by the directors, George E. Stewart, Jr., and Arthur S. Ackerman, who feel that the public will enjoy the program as arranged. The diversification of the program and numbers selected, cannot help but appeal to the average as well as the critical music lover.

One of the prominent citizens of the town has arranged for the use of a Steinway piano for the occasion.

A mixed quartette, composed of well-known artists, will be heard. A talented young lady, eight years of age will play a group of piano selections. An accomplished cellist has graciously consented to appear both as a soloist and in trio.

Katherine Scaine Ward who has been heard, with much favor, on many occasions, will offer a group of solos.

Arthur S. Ackerman will accompany all artists.

Invitations have been mailed to the various civic, religious, and fraternal organizations, urging their attendance and co-operation.

The committee has undertaken the work, feeling that the people of Belleville as well as elsewhere, appreciate good music. Their attendance will not only show this, but tend to insure the continuance of like performances throughout the winter season.

Children will not be admitted unless accompanied by parents.

The participants are as follows: Newark Mixed Quartette, Katherine Scaine Ward, Soprano Josephine Pascal, Contralto; George Mabee, Tenor; Dr. L. Allabach, Baritone; Cellist, Clarence H. Van Steenburgh; Pianist, Hazel Ellsworth; String Trio, Arthur S. Ackerman, Pianist;

### Plans Progressing For Hallowe'en Party At School No. 10

### Affair Is Scheduled For Saturday Evening, November 1

Mrs. George Lennox, chairman of the Hallowe'en party to be held by the No. 10 Home and School Association, at the Recreation House, Jorammon street and Garden avenue, Saturday evening, November 1, at 8 o'clock, held a committee meeting at her home Monday evening. Plans have been completed and all are looking forward to having a good time. Mrs. William Russ is treasurer of the party and Mrs. John Daly, secretary.

The committees are refreshments, Mrs. Frank Maston, chairman; assisted by Mrs. Smith and Mrs. Thalheimer; decorating, Mrs. Philip Cortese, chairman, and Mrs. Raymond Vosburgh and Mrs. A. J. Armstrong; assisting. The judges will be announced later.

George E. Stewart, Jr. Violinist, and Clarence H. Van Steenburgh, Cellist. The program is Introduction, Mr. Watson Current; Quartette, Carmena, H. Lane Wilson; Sylvia, Clay Speaks; Keep on Hopin', Kathleen Heron-Maxwell; Cellist, Liebestraun Heron-Maxwell.

### Court House Group Backs George Stichel

The Court House Improvement Association, a non-political organization of several hundred lawyers and title examiners who represent the public is the Register's Office, is deeply interested in the candidacy of George Stichel who is the Republican candidate for the office of County Register.

By the standards of efficiency they recommend the Stichel candidacy to the voters of Essex County.

The association represents the only group of people in the County that is directly concerned in the efficient management of the Register's Office and the support of the candidacy is based solely upon Mr. Stichel's knowledge of the duties and problems in the office where he has worked with the members of the organization for over twenty years. No better qualified candidate has ever been offered to the voters of our County, they say.

### Registry Increase Big Over Last Year

Nutley and Belleville voters registering for the November election increased in number over last year by 2,182, according to figures made public by the County Board of Registrations. Belleville's increase was 1,522 or ten per cent more than 1929 when the total number of voters was 10,459. Nutley jumped from 7,228 to 8,588, an increase of 660.

### NUTLEY-BELLEVILLE GOLD STAR MOTHERS ENTERTAINED BY LOCAL LEGION POST

High praise for their treatment by the government was expressed by three returned Gold Star Mothers who described their trip abroad as guests of the government at a reception in their honor given by Nutley Post No. 10 of the American Legion Thursday night.

The three mothers who made the trip were Mrs. Rachel Haring of 15 Willow place and Mrs. Mary H. Thornton of 31 Manhattan court, Nutley, and Mrs. Teresa Vreeland of 60 William street, Belleville. Motion pictures of the American Legion Convention in Boston were shown along with other entertainment and refreshments were served. About

100 persons were guests of the Legion at the reception.

The program of the evening was arranged by Vive-Commander Fitz and included solos by Mrs. William A. Smith and David Smith, accompanied by Miss Bolling.

There were dramatic numbers by Mr. Lorenz of the Newark Theatre Guild, and popular songs by Carl Price and his sister. Piano solos were rendered by Miss Mary Donald of Lyndhurst, girl orchestra leader. The military ball to be held at Park School auditorium, November 10 will not be formal.

### Paint Smeared Dummy Scares Women Driver

A ghastly scare, thought by police to have been a prank of boys, was suffered by Mrs. Milton Shifman of 112 Lincoln street, East Orange, as she drove her automobile in Hornflower avenue, Monday night. She saw what she believed was the mangled body of a child lying in the street, its clothes bloodstained.

Upset, Mrs. Shifman drove to police headquarters. Patrolmen Anderson and McNaughtan responded with the police ambulance and found Charles H. Kelly of 463 Washington avenue, had discovered the figure was a dummy smeared with red paint. He had thrown it into a vacant lot so that other motorists would not be fooled.

## Trojans Cop Fourth Game In A Row

### Middletown A. C. Falters Under 19-0 Score In League

The Trojans scored their fourth successive victory, Sunday afternoon at Yanticaw Park when they trounced the Middletown A. C. grid eleven, 19-0. The winners are at present leading the inter-town junior football league by a comfortable margin.

The rapidly improving Middle-towners made the fast-stepping Trojans work for everything, but were not quite up to the task of stopping the heavy Trojan assault, led by Tom Jannarone, Smith and Cappy.

The winners employed an aerial attack to good advantage right at the start of the game to register their first touch-down early in the opening period. A pass, Hodgkinson to T. Jannarone, good for a twenty yard gain, enabled Jannarone to amble across the last white line to open the day's scoring.

A similar play in the next quarter proved just as effective, resulting in the Trojans' second touch-down. The forward brought the ball from mid-field to the Mac's five yard line, from where Hodgkinson plunged over for the six-pointer. Jannarone's place kick for the extra point was a beauty bringing the count to 13-7.

In the final quarter, the Middle-towners in desperation resorted to a forward passing attack with disastrous results. Their first attempt was intercepted by the Trojans to give them their final touch-down of the game. Stefanelli and De Marco were out-standing in the Middle-towners' improved playing.

In the second game of the afternoon the Intertowns took over the Lincoln Cubs by a 7-0 count, after a bitterly contested tilt.

The Ints scored the winning marker in the first few minutes of play. A twenty yard forward pass, Zampano to Luzzi resulted in the score. A second pass, Tuozolo to Luzzi accounted for the extra point.

After the first period score the game was evenly and fiercely fought with the Cubs showing their best efforts in the third quarter. Grandinetti, Sally and Vitello featured for the winners, while Rabbit and Jim Phillips bore the brunt of the losers' attack.

## Jayvee Squad Evens With Bloomfield

### Local Second Team Hands Visitors A 19-6 Pasting

The Belleville High gridgers received some measure of solace for their recent 14-0 defeat at the hands of Bloomfield, Tuesday afternoon, at Clearman Field, when the local second team handed the Bloomfield Jayvees a 19-6 pasting.

The Bell-boy second stringers were in complete command of the situation from start to finish, and would have held their neighbors scoreless but for a last minute aerial on their part. The McBride-coached youngsters, led by three determined back-field aces in Art Leadbeater, Bill Griffin and "Fuzzy" Ryder, accounted for their first score in the opening minutes of play.

Before a half-dozen plays had been completed, Bloomfield tumbled on the forty yard line and at least six alert Bell-boys pounced on the elusive pig-skin.

Leadbeater and Griffin then proceeded to mix up brilliant end runs with slashing off tackle smashes to bring the ball to the Bloomfield five yard line, after a steady march. Ryder took it over from that point, but an off tackle play for the extra point failed.

Again in the second quarter, the Blue and Gold Jayvees played their rivals off their respective feet, but Bloomfield's stalwart line prevented further scoring for the time being. Belleville got as far as the visitors' twenty yard line on several occasions, but they held for downs each time.

Play of a superlative type, such as the locals showed, could not be stopped for long, and the third quarter witnessed the second Yellow Jacket touch-down of the afternoon. Late in this period, the McBride clan took the oval on straight line plunging and end runs to the nine yard line. Lou Westra ploughed through almost the entire Bloomfield team for the needed nine yards and touch-down. This time Nick Bonavita attempted a drop-kick for the point after and it cut the up-rights in half to make the count, 13-0 at the end of the third quarter.

A few minutes after the last quarter had opened, the locals again scored, after line bucks and end runs led carried the oval to the ten yard line. Nick Bonavita sped around left end for the score but this time his drop-kick missed fire.

Failing to gain through that fine Belleville line, led by sensational young Bill Daly, the Maroon and Gray took to the air, with varying success. A last minute forward, however, found its mark and Sadowski ran twenty yards with it for the first Bloomfield score. Belleville blocked their try for the extra point. Two minutes later, hostilities had ceased with the ball in mid-field.

In addition to the fast charging, hard-tackling Daly, Eddie O'Neil and Morris Usdasky showed lots of class on the line. Leadbeater, Bonavita and Griffin did most of the ball-car-

# Belleville Licks Roselle Park

"Pop" Erickson's Belleville High gridgers finally hit their winning stride. Saturday afternoon, at Clearman Field, beating back an out-classed Roselle Park eleven, 7-0. An early offensive drive, led by the peerless "Mac" Lamb, resulted in the only score of the game early in the initial quarter.

Roselle Park never had a chance against the Blue and Gold wave, although the low score might serve to indicate differently. This much may be gleaned from the first down column, which gives the localities an 11 to 3 edge. On at least three varied and assorted times other than the scoring parade, the Bell-boys worked the ball to within the visitors' ten yard marker, but could make no touchdown impression on the fighting Roselle boys.

"Mac" Lamb and "Tony" Biase, repeating their fine work in the Pascaic game the previous Saturday, skirted the ends, slid off tackle, and generally proved themselves right handy at the art of ball toting. Estelle and Bade stood out among the members of the rock-ribbed Blue and Gold line.

Though Lamb and Biase were easily the offensive giants for the locals, it remained for a third member of the Bell-boy back-field to turn in the nicest bit of stepping of the afternoon. In the closing minutes of the first quarter, Fritz Plenge sped around end for a net gain of twenty-seven yards with a dazzling burst of speed.

Belleville opened up with a spirit and determination right from the start. Santamassimo received the opening kick-off on his own thirteen yard line and rushed it back to the twenty-eight yards before he was stopped.

Trying for the local second-stringers and give Erickson plenty of real good reserve material for his varsity squad.

On the first two plays Biase plunged through for gains of two and seven yards, and Lamb added another yard around left end for first down on the thirty-eight yard marker.

Three more trips around the ends netted a grand total of but three yards, forcing the Bell-boys in the person of Biase to kick. He did and it was a nice one at that, Roselle Park finally recovering on their own thirteen yard marker.

At this point the scoring "break" occurred. On the second play the visitors attempted to engineer, they fumbled and Galluba and Bonavita pounced on the elusive pig-skin to give Belleville the ball on Roselle's fourteen yard marker.

The rest was all Lamb. It went something like this: Lamb, off tackle, two yards, off left guard on an indirect pass, eleven yards, and again on a little plunge, one yard and touch-down. Another indirect pass with Lamb plunging through un-stoppably accounted for the point after touch-down and the game was in the Blue and Gold kit. Roselle was completely fooled by Lamb's off tackle smashes on indirect passes and that eleven yard plunge in particular was a beauty.

The visitors received Galluba's kick-off on their thirty-nine yard line and on three straight line plunges made their initial first down and brought the oval to mid-field. Here the fast charging Blue and Gold line wouldn't give an inch, making a punt inevitable.

When we used fast charging to describe the Belleville forward wall we meant it, as they proved seconds later when they rushed in and blocked the Roselle kick, recovering on the visitors' forty-two yard marker.

Then came Fritz Plenge's mad, whirling dash of twenty-seven yards and the fifteen yard line was reached. But those last fifteen yards were the hardest it seemed. Three end runs, on the part of Plenge, Santamassimo and Biase accounted for a sum total of just two yards as the quarter ended.

At the start of the second period, Lamb sliced off tackle for two yards, but fell short of first down, giving the down-staters the ball on their eleven yard stripe.

The Parkers, after two rushes proved only fairly successful, elected to kick and the Roselle punter achieved some salve for the blocked punt with a nice kick to mid-field. A fifteen yard penalty for pushing on Belleville's part on the very next play sent the pig-skin back to the local thirty-five yard line.

Feeling rather strange in their own territory the Yellow Jackets decided to change matters around a bit, via the aerial route. The first forward pass, they attempted, Biase to Jerry Bonavita grossed them twenty-six yards and a first down on the visitors' thirty-nine yard stripe.

"Mac" Lamb added further weight to the Blue and Gold argument with another of his brilliant sallies through the visitors' line, this time good for eleven yards. Two more fine plunges, however, availed little and a pair of forward passes even less, Roselle Park again gaining possession of the oval on the thirty-two yard marker.

Several plays later, Roselle Park skirted left end for twelve yards for one of the first downs the losers were able to accumulate during the course of their activities on the local gridiron. However, their forward pass attack was not nearly so successful, with the alert "Mac" Lamb intercepting the first Roselle aerial heave on his own thirty-five yard stripe. With almost the entire visiting team having their hands on him at one time or another Lamb twisted and turned his way to the forty-five yard line before he was finally downed. It was a beautiful piece of ball-carrying.

With this as a starter, the Bellevillites started another march towards the Roselle up-rights, the half-time whistle robbing them of a sure second score. A five yard pen-

alty for off-side set them back right at the start of their drive, but Biase and Plenge proceeded to run the ends ragged.

Biase's first dash netted four, then Plenge got five and Biase added eleven more on a third. A fifteen yard penalty for holding, however, on the latter play brought the ball back to mid-field.

On the next play, Lamb went around left end for sixteen yards for first down. Santamassimo and Biase collaborated on making the next first down on straight line plunging, and then Plenge and Biase with eight and four yard gains, carried the oval to the ten yard line.

Biase then fought his way through center to the four yard line, only to have the umpire's whistle call a halt to activities for the first half and do something that Roselle couldn't do, stop the blue and Gold's power drive.

Following Galluba's kick-off at the start of the third quarter Belleville and Roselle Park staged an exchange of fumbles in mid-field, with the Parkers finally gaining possession of the elusive pig-skin.

They could do nothing with it, however, and were forced to punt and poorly at that. Belleville returned the kick to their own forty-three yard line and started another of their many drives down the field.

With Biase carrying the ball a majority of times the oval was brought to the visitors' twenty-two yard line, with end runs being employed as chief ground-gainers.

Lamb then took up the good work and dashed around right end for ten yards to escort the pig-skin to the twelve yard marker. A dash off tackle netted the hard-working Lamb another pair of yards for a first down.

Then on three successive smashes at the visitors' line Plenge and Biase added nine yards, bringing the ball to the visitors' one yard line. The Parkers' first line of defense held like the proverbial stone wall, however, and took the ball on downs as the final Blue and Gold thrust failed.

Roselle Park kicked out of danger to Lamb in the twenty-eight yard line just as the quarter ended.

On the first play of the final period, the husky Biase started off around end and then cut through tackle for a seven yard gain. Lamb and Santamassimo joined forces to get the needed three yards for the first down, accomplishing it on off-tackle slants. Several more tries at the line failed, though, and Belleville took to the air.

Biase tossed a beauty to Bonavita, good for thirteen yards, bringing the ball to the seven yard stripe. Again the Roselle line held for downs and kicked out of danger in the shadow of their own goal posts.

Both teams resorted to aerials for the remainder of the game, with nary a one being completed. The game ended as Roselle kicked to Santamassimo in mid-field.

## Moose Club Steps Up In Legion Loop

### Five Outfits On Even Terms For The Second Position

#### BELLEVILLE AMERICAN LEGION BOWLING LEAGUE

The fast-stepping Moose Club bowlers jumped into the Belleville American Legion League lead, Monday night, at Ferrara's taking the club straight from the vaulted Hooples Club in one of the "smash" games of the night.

Though the Moose hold their position at the top alone the rest of the league, following Monday's matches, remains a mad scramble which still has teams battling for second place. The Republican Club, following the two out of three beating at the hands of the Elks, and St. Peter's, by the hands of the Junior Order, were dropped from their league leadership perches of last week. They are presently tied for second place in the heated race for the leadership with the Knights of Columbus, Belleville A. A. and the El Club.

That Republican Club-Elks' match was one of the best rolled and most hotly contested one seen heretofore in some time.

The Helix Bills were at the peak of their form. Their three team scores ran like this: 945, 1412, and 925, but despite this they were forced to play second fiddle in the final match in which the G. O. P. five accounted for a 929 mark. That 1912 team score for the Elks in the second game was easily the highest water mark of the league this year.

In compiling this record only lack of scintillating 234 scored out with Klemz coming in with more than his share with a 215 following a 205 in the first game. Gens-Gelsen knocked over the pins for 222 in the first game while Tompkins Dunn rolled a fine 215 in the final for other brilliant individual performances for the winners.

Even at that Mallock's 221 was not the highest individual tally of the match. Hamacher of the G. O. P. accounted for a 234 in the first game, and added to that performance with a 211 in the final. Tate, the anchor man of the Republicans, was also in fine form in the final with a 222.

Next week's line-up of matches follows:  
Knights of Columbus vs. Veterans of Foreign Wars.  
Belleville A. A. vs. Bachelors.  
Republican Club vs. Hoople Club.  
Belleville Elks vs. Junior Order.

## Battle Among Elks' Bowlers Still Rages

### Tom MacNair And Charley Waddie Are Fighting It Out

The battle for the Elks' Club bowlers' championships still rages on, with "Tom" MacNair and Charley Waddie making it a two man race for the title. The tournament is now in its final stages with the new champion expected to be discovered next week.

MacNair, who is at present showing his teeth to the dozen entered with 17-18-19-20 wins in twenty-four games, did not participate in last week's matches. His close competitor, Waddie, however, enhanced his position in second place with a two-out-of-three win over "Butch" Kastner. After winning the first two matches, Waddie dropped a heart-breaking in the third, losing by the narrowest of margins, one pin. A win instead of a defeat in that game would have sent him into a tie with MacNair for first place.

The remainder of the pack are separatedly out of the running for the title. Bill Burtons is the closest of this group, residing in third place with sixteen wins and eleven losses. Burtons picked up quite a bit of ground last week, winning five out of six games in his matches with Joyce and R. Brown. He took three straight from the former, with marks of 184, 213 and 207. Scores of 192, 174 and 226 in the latter tilt gave him two out of three more.

Waddie's Kastner was the victim of the best rolled match of the morning, bested in by Billy Beckwith, due to a long lay-off was rather slow in regaining his form, but against Kastner he was at his peak. He rolled off successive double century counts of 225, 212 and 213 in a single game. The trio from Kastner, in the other match of the week, were also in fine form. Waddie's score in two of the three of his match.

After rolling the first following rather close game was carried to lower than third and final, losing 181-191 pins.

## WARNER BROS. CAPITOL BELLEVILLE

This Whirl Of Sport

The deserving football sons of Belleville High at last tasted of the manna of victory and it has been good.

Though a 7-0 triumph may never be looked upon as a sound drubbing the way the Bell-boys went about accomplishing it, the score might just as well have been 27-0 or 57-0 for all the chance Roselle Park had.

The Blue and Gold registered nearly four times as many first downs as the down-staters, kept the ball constantly without even a slight let-up in the visitors' territory and generally conducted themselves in manner befitting a team going somewhere.

Their performance had everything, with the possible exception of one essential. They lacked a scoring play, or else lacked the direction needed to work such a play.

Time and again the Yellow Jacks had the pig-skin in the shadow of their opponents' goal posts, but with that much accomplished their drives ceased. The sturdy Roselle Park line stopped everything coming their way.

But, withal, the change for the better was easily noticed, this, despite the fact that the calibre of Roselle's team was not so much lower than that of other opponents. The locals went after them from the starting whistle, scoring the winning touch-down in the first few minutes of play.

After their three previous losses, all inflicted in the last quarter, victory was certainly a pleasing visitor. It was getting so that Belleville was earning the rather slurring cognomen of the "three-quarters" team.

Central was having a battle on its hands to hold the score a 0-0 tie for three quarters of the locals' opener, but in the fourth quarter ran wild to win out finally, 19-0. A defensive giant of a Belleville High team staved off a Bloomfield defeat for the first three quarters, holding them scoreless, but lost out ultimately, 14-0.

At the end of the third quarter of the Passaic game, the Bell-boys were in the van, 7-6, but that bugaboo of a fourth quarter made the final count 13-7 in favor of Passaic. Even the Jersey Journal, in some rapid-fire editorial comments on the state high school situation, remarked that Belleville must wonder why football games have fourth quarters.

With all that is in the past. With convincing win over the Conradsville Parkites, the future looks a more rosy hue and we cheer for the Blue and Gold to keep their winning stride for the remainder of the season.

Though little is known of the capabilities of West New York, Belleville's opponent tomorrow, two victories in a row would look rather nice in the record books and we feel Belleville has the stuff to do that and more. At any rate West New York need rest assured that she will have a real fight on her hands before stopping this up-and-coming gang of moleskin wearers.

OVER-DUE CREDIT We were listening to an account of a big college football game via radio the other day and thrilled to the glowing reports of the announcer about this and that star ball-carrier. Everything was going along smoothly until well into the third quarter, when suddenly over the radio an audible chorus of "oh's" took the place of the frantic cheering of the minute previous. Then came the announcer's crisp voice. The center made a bad pass, he explained. The play had cost his team several yards, the voice further elucidated and the center promptly became one on the "goats" of the game.

But when the announcer added a comment, himself, to the effect that the only time the center gets his name in the papers is when he makes a bad flip-back. And he never speaks a truer word all afternoon. Few realize the comparatively poor return of the pivot man's job. He takes as much and more punishment than any other member of the line. Many of the team's plays go right through his territory. He must be acquainted with the back-field's signals, he must perfect his passes to meet all the requirements of the punter, the forward pass artists, the ball-carrier, and he must open holes on the offense and smear plays on the defense.

His duties, all in all, are probably more numerous and more varied than those of any other member of the eleven. And to what avail? "The only time the center gets his name in the papers is when he makes a bad pass." It is truly a thankless task. We have a concrete example of this in local football. "Butter" Brand, lanky stalwart of the Blue and Gold, has been center on the Belleville High grid teams for the past three years, and has done the job right well, too. At the start of this season, he was counted on for all-state recognition. In the first game of the season, however, the Central tiff, he was guilty of a rather poor pass from center that ultimately resulted in the Central score. In calling it a rather poor we mean just that. The pass might have been retrieved by the Belleville back and it

Martin Dennis Bowlers Lead In Manufacturers League

BELLEVILLE MANUFACTURERS' LEAGUE

Standing of the Clubs

Table with columns: Club Name, W., L., Pct. Martin-Dennis 7 2 .778, Jeffery-Mayer 6 3 .667, Sweeney's 6 3 .667, International Ticket 5 4 .556, Wallace & Tiernan 5 4 .556, Tiffany's 5 4 .556, Hanlon & Goodman 4 5 .444, Federal Leather 4 5 .444, Sonneborn's 4 5 .444, Thomson Machine Co. 4 5 .444, Atlas Fence Co. 3 6 .333, Hoyt Bros. 1 8 .111

The Martin-Dennis pin-knights swung into undisputed possession of first place in the Belleville Manufacturers' league, Friday night, at Ferrara's, taking two out of three from Sonneborn's. In the meanwhile International Ticket was dropping three to Sweeney's to drop to third place in the standings.

Sweeney's, by virtue of its clean sweep against International Ticket, the only three straight win of the night, climbed into a tie for second place with the Jeffery-Mayer quintet. The Jeffery-Mayer pinners took two out of three from the lowly Hoyt Bros. five to tie for second.

In other matches of the night Wallace & Tiernan was forced to complete a pair of 900 team counts to take two away from the championship Tiffany's squad. Tiffany's 941 in the final prevented a clean sweep on the part of the Wallace & Tiernan sharpshooters. Hanlon & Goodman swept two out of three from Federal Leather, due mainly to anchor-man Tommie Dunn's fine rolling and the Atlas Fencers dropped two of three to Thomson's.

Scores of 212 by Hannan and 206 even by Hallett swayed the final match of this latter series towards the Atlas Fence side. Tommie Dunn of Hanlon & Goodman took all prizes for consistency in the Federal Leather match, rolling consecutively tallies of 200, 208 and 206. That's a night's work in any league. Dunn's 208 in the second game was embellished with Jacob's 201 and Morrall's 202, to bring about their net score of 931, one of the best team scores of the evening. Morrall added a 210 in the final game, while Rosanio and Fritz of the leather-makers made it a gala night all around with respective marks of 231 and 201. That 231-count by Rosanio was the high individual mark of the night.

Wallace & Tiernan got down to business without any adieu in their two out of three win over Tiffany's, amassing successive team counts of 920 and 966 in the first two games to easily annex both. Their 868 in the final, however, was unequal to their three straight ambitions. Tiffany's rolling for 941 to snatch one game out of the five.

Double century marks were plentiful in this match with Chiampor's 220 and 205, Mueller's 203, Merbler's 213 and Walker's 298, standing out for the winners. Willie Klemz and Teddy Skidmore rolled best for the Jewelers. Klemz rolled for 228 and 200 in the final two games, while Skidmore's best was a 201 in the first.

Other 200 scores of the night were turned in by Scotland of Sonneborn's, Phillips of Hoyt Bros., Yeager and Watson of Jeffery-Mayer. The scores: Hoyt Brothers Phillips 201 192 167, Kennedy 134 105 117, Fisher 109 118 117, Cooney 144 111 118, Lind 175 142 132, Kaden 174 159 170, Kaden 793 742 764

Jeffery & Mayer Mayer 158 199 193, Jordan 146 182 168, Jeffery 162 142 154, Yeager 147 138 201, Watson 173 171 213, Watson 786 832 929

When he really played a bang-up game both on the offense and defense. Right after the game it was learned that Brand had sustained a hip injury, which would keep him out for the better part of the season. With real grit he stuck out the game despite the injury to receive the news that he last the game due to one small imperfection in his passing. Recognition truly has been long over-due.

CLINTON GRID DOPE With two games of their rather tough schedule already tucked away, the local Clinton footballers are pointing for that all-important game with the Nutley Comets at Clearman Field, Saturday, November 8. In the first game of the season the Anokas proved easy pickings with the locals finally recording a 26-0 victory and last Sunday the second game proved almost as easy. The Bloomfield S. C. was forced to accept the short end of a 21-0 verdict.

In these twin victories Manager Andy Monohan and Coach Gil Howley are convinced that their attack contains plenty of power. In Gosham, Mallack, Howley, Clark, Ashworth and Welsh they have a back-field that will take a back-seat to none in senior football ranks. Their line, flanked by Otto and Pethit, also takes on a formidable appearance. All in all the Clintons look for one of the best they have had in years.

The Belleville Church League opened its 1930-31 campaign, Thursday night, with four of the eight teams entered coming through with clean sweeps of their series. The Fewsmit Memorial, Fewsmyther Men's Club, Montgomery Presbyterian and Grace Baptist bowlers were all victorious in three straight matches over Christ Reformed, Christ Episcopal, Italian Baptist and Dutch Reformed respectively.

The Fewsmit Memorial-Christ Reformed match was the most hotly contested of the night, with but ten pins being the margin for the Fewsmyther boys in the first game. The final count was 898 to 888 for the two best team scores of the night. Lyons of Fewsmyther Memorial copied high score honors of the evening with a brilliant 234 in the first game of the Christ Reformed match.

Bruegman of the same team looked best in the averages with a 188 mark, the result of scores of 207, 203 and 156. Lyons was right on his heels with a 187 average. Corwin of Christ Reformed was the only other bowler to reach the double century mark with his 213 in the second game.

Edie Patterson Wins Again By K. O. At Rochester, N. Y. Drops Frankie Stearns In Third Round At The Royal Garden

Thursday night, Edie Patterson, Belleville's hard little two-fisted fighting flash went all the way to Royal Garden, Rochester, New York, to score his eighth straight knockout victory over Frankie Stearns in the third round. Stearns had twenty-three fights without being defeated. Stearns won the first round, Patterson clipped him with a hard left hook that turned Stearns half way around near the close of that round. Patterson sent three stiff jabs to Stearns' eye and quick as a flash Patterson had a hard left hook and a hard right cross to Stearns' eye. The end of the second round Patterson had Stearns' eye half closed. The third round Patterson put many stiff jabs to Stearns' eye. Patterson sent a straight hard right to Stearns eye that closed it and dropped Stearns in his own corner for the count of ten. Patterson weighed 121; Stearns 126. Patterson fooled 5,000 fans who said Patterson didn't have a chance with Stearns.

Patterson left the ring with the fans cheering him. They picked Patterson to last only one round. Patterson is billed to fight in Staten Island Monday, with Milton Silvers. Patterson is managed by Sammy Wanner, also of Belleville. Wanner says his charge is out to meet the best.

Complain Of Fumes Health Officer Eugene T. Berry is investigating reports to police by several residents of the valley section that chemical fumes were escaping from a factory. Though police were told the fumes were thought to emanate from the Bell Chemical Company, 495 Cortland street, an official declared there was no evidence of leak of fumes there. There are other chemical concerns in the section.

# 'UNCLE DOC' PAYS BELLEVILLE A VISIT REGARDING HEALTH

## WILLIAM D. CLARK AND E. T. BERRY PAINT AN INTERESTING PAMPHLET

"Uncle Doc" is in town. He says in the Belleville Health News published by the Department of Health of which William D. Clark is director and Eugene T. Berry, health officer:

"Lem Sikes has had his hogs immunized against cholera. His children are still unprotected against diphtheria and smallpox, but of course his pigs are thoroughbred."

And then the pamphlet, which contains eight pages, goes on as follows about what the "educated person should know about personal and public health":

"He should have a knowledge of the reasons for sound health habits, such as regular and sufficient hours of sleep, right posture, suitable exercise, and proper elimination."

"He should know the types, amounts and proportions of the various food elements essential to proper nutrition."

"He should have an acquaintance with the principles of normal mental action and the conditions underlying the more common variations from a normal state of mind."

"He should have a general understanding of the sex instinct in man, its stages of development, its normal expression, and the values and penalties attaching to it."

"He should have a knowledge of the factors determining contagion and resistance and of the principles of artificial immunization in the case of certain infectious diseases."

"He should have enough knowledge of the causes and prevention of the degenerative diseases to guard himself through middle life without a breakdown."

"He should know about and therefore be armed against health hazards lurking in the environment, such as polluted water and milk, congestion in housing, poisonous dusts, fumes and noise of certain industries, infected soil, and disease carrying insects."

"He should realize the seriousness of accidents in industry, on the highways, and at home, and understand that a great part of this human loss is preventable by effective propaganda and intelligent legislation."

"He should appreciate the necessity for frequent medical and dental legislation."

"He should appreciate the necessity for frequent medical and dental examination."

"He should have an intelligent basis for choosing wisely his medical and dental advisers, and for realizing that the modern practice of medicine is grounded on science and not on mystery, guesswork, or tradition."

"He should have a knowledge of the important health problems facing the community, of the methods of attacking those problems, and of the results to be expected from modern, far-sighted community action in the public health field."

**Inconsistency**  
"Man is a most inconsistent creature. He grinds his wheat into fine white flour and discards the bran. Then he buys back the bran in a fancy box as a cure for the constipation largely resulting from the use of the soft white bread made from the fine white flour."

"Man formerly lived in the open, but oncoming civilization led him to build a house for himself. He made it as tight as possible so as to keep out every bit of fresh air. But the lack of ventilation caused him to have colds and other diseases, so in the course of the evolution of things he has learned to build expensive machines to pump fresh air into his house which was so carefully made to keep out the fresh air. This is still in spite of the fact that the fresh air can be had for the asking by opening the windows, and that modern authorities insist that the natural ventilation from windows and cracks is the best."

"Man shuts himself out of God's sunshine, and then takes Alpine Light and ultra-violet ray treatments to get a sunburn. He rides the elevator and automobile instead of using his legs and then painfully does his 'daily dozen' to get exercise. He puts into himself a great load of concentrated foods and then takes a variety of bulky food to relieve his distress."

"Man gives his automobile the most expert care and attention, but neglects his own body; he insists that a certain brand of motor oil, and none other, be poured into the in'ards of the motor, but into his own system he pours every sort of medicine, home brew, and White Mule; he employs mechanics, of recognized worth, but may take the medical advice of a neighbor, a quack, or a black-face at a medicine show."

"Man cuts out for himself a big job, devotes his thoughts, time and energy to it, and makes a lot of money. Even though he knows from his age and the way he feels that all is not well he keeps on from force of habit and inborn grit. The break comes. Then he devotes the rest of his life and a large part of his wealth trying to buy back the health his money has cost him. It's a great life if your kidneys, or heart, or digestion, or arteries don't weaken," it explains.

"The whole subject of vitamins may be condensed into five words, or, if that is too many, to three. If three words put too much of a strain upon the memory, one—beginning with V just like the word vitamin itself—can cover the whole story."

"There are four vitamins very important for proper nutrition—A, B, C, and D they are called," continues the pamphlet.

"Vitamin A is found in things that are naturally colored, particularly green or yellow such as cream, butter, eggs, carrots, squash, sweet potatoes, and all manner of green vegetables. Colored is the word to remember. Get lots of color on the table; it's fashionable anyway."

"Vitamin B has two important sources. In the animal kingdom it is usually found abundantly in the vital organs and the products of these organs such as liver, sweetbreads, kidney, blood, milk, and eggs. Vital is the word. In the vegetable kingdom it is found in the coverings of foods. To get it eat bran and the leaves and stems of plants. Whole wheat, potatoes with their jackets on, unpeeled fruits, and leafy vegetables supply it abundantly. Coverings is the word."

"Vitamin C is found in fresh things. Fresh fruits, fresh vegetables, fresh milk. It is particularly plentiful in the juice of oranges and tomatoes, but in many other things as well. Cooking and time usually destroy it, though it is still present in canned tomatoes. Fresh is the word."

"Vitamin D is found in sunlight, in light similar to sunlight, and in foods recently having been in the sunlight. Give the children plenty of sun—or ultra violet light, if the doctor advises it. Feed them on fruits and vegetables which have grown in the sunlight. Cod liver oil is also rich in Vitamin D and helps to build strong, straight, and sturdy bodies. Sunlight is the word to remember."

"If then you use food suggested by the words Colored, Vital, Coverings, Fresh, Sunlight you may be sure that vitamins in abundance have been supplied. The three words covering the same subject are: Milk, fruits, vegetables. Or, if a single word is desired, it is variety, beginning with V just like vitamins. Those who eat a variety of foods need have little fear concerning vitamins or any other of the many food requirements."

**The Health Officer Says**  
"Municipal cleanliness does not positively indicate a healthy city any more than a pleasing outward personal appearance is a sure sign of health and virtue within. Our department frequently receives complaints of untidy premises which could in no possible way have any effect upon health but, because of our interest in our community, we make every reasonable effort to bring about a 'cleanup.' It is worth more than it costs in advertising and increased property values to any city to have clean streets, tidy back yards, well-kept lawns and rubbish-free vacant lots. If this subject is brought to your attention by a policeman or an inspector from this department, please cooperate in a friendly way in making your home town a better and more attractive place in which to live."

"Very broad powers are given to Health Departments by the State Law. A person who aids in the spread of disease is a criminal and his acts do not have to be intentional; or malicious for him to be treated as such. The protection of health and prevention of disease is the duty of the Health Department and appropriate local ordinances, supported by definite rules and regulations, have been passed. These are in print and available for distribution. Our policy is to use our authority only as a last resort, however, and we feel that full information relative to our work will make the use of our 'police power' almost unnecessary. For that reason we issue this little bulletin and, from time to time, send out messages in the press. Let us know how we can be of further service."

"Children and Their Parents' is the title of a simple and practical reading course for parents on the mental-hygiene of children. The packet of pamphlets on which the reading course is based—Parent-Teacher Packet No. 30—may be obtained for \$1.12 from the National Committee for Mental Hygiene, 370 Seventh avenue, New York City."

And because it would take too much space at this particular time to tell the story as graphically unfolded in the pamphlet, we would suggest our readers get a copy from Mr. Berry. The pamphlet is worth reading."

## PUBLIC SERVICE MAN RECEIVES GAS AWARD

John L. Conover Gets Prize for Outstanding Contribution to Gas Industry.

JOHN L. CONOVER, auditor, gas department of Public Service Electric and Gas Company, received one of the highest honors ever to members of the gas industry, when at the convention of the American Gas Association in Atlantic City on October 15 he was presented the Charles A. Munroe award for "the most outstanding contribution during the year in the general interests of the gas industry."

The presentation took place at the evening session of the association at the Atlantic City auditorium attended by several thousand delegates and was made by President B. J. Mullany of the association. It consists of an engraved certificate and \$500 in cash.

The accomplishments which won the award for Mr. Conover were made in connection with the installation of a central machine accounting system for customer billing and bookkeeping and in the application of machine accounting principles and practices in practically all other accounting branches of the Public Service Electric and Gas Company organization.

The committee on award, which picked Mr. Conover from a list of seven well-known gas men to be the recipient of the award, declared in its report that the machine accounting system which Mr. Conover was instrumental in installing has been of benefit to the company's customers, has reduced clerical costs, has served as a model for other utility companies and has served to a stimulus to the manufacturers of accounting machines.

The award to Mr. Conover is the second outstanding recognition given this year by national utility associations to Public Service Electric and Gas Company, for efficiency and enterprise. At the annual convention of the National Electric Light Association held in San Francisco last June, the company won the Charles A. Coffin award in competition with the electric light companies of the country for outstanding accomplishments.

Mr. Conover, the recipient of the Charles A. Munroe award, has been with Public Service since 1904, when he entered the controller's department. He has been a meter reader and collector, bookkeeper and chief clerk, and in 1914 was appointed auditor in the Gas Department. He was born in Freeland and has lived in Hillside for the past seventeen years. Mr. Conover has been active in the work of the American Gas Association and is at the present time chairman of its accounting section. He is also a past president of the New Jersey Gas Association.

Officers were elected Thursday night by George A. Younginger Post, Veterans of Foreign Wars. Installation will be November 6.

Those re-elected were: Commander, George Perks; chaplain, Hugh Patterson; quartermaster, Roy Van Blaricum. Elected were: Senior vice commander, Charles Earling; junior vice commander, Edward Wirtz; trustee, William Kant.

The post accepted an invitation to attend a rally of the Hackensack post tomorrow.

## Grouped Bond Bid Rejected By Town

Williams Says Substantially Lower Figure May Be Obtained

The Town Commission in special session Thursday night rejected a syndicated bid by five banking houses to purchase \$1,098,000 worth of long-term improvement bonds recently advertised for sale.

The proposal of \$1,098,113, submitted at the regular meeting last week through J. S. Rippeil & Co. of Newark, was not accepted at once because it was the only one submitted.

"I recommend rejection because I feel we could obtain a substantially lower figure," explained Commissioner William H. Williams, director of revenue and finance. The board's bond attorney will advise when he considers conditions favorable to advertise for new bids.

In answer to a question raised by Commissioner Frank J. Carragher, other members of the board suggested a possible lower interest rate would save the town more than the \$200 lost in advertising. The bonds, at a 4-3-4 per cent interest, represent \$830,000 in general improvements and \$268,000 for water construction.

**A Kitchen is Only as Good As the Cook That's in It...**

• We are always reading, these days, of modern inventions for the kitchen. • But no one can invent a GOOD COOK. • Good cookery is a personal art ... as personal as writing a story. • GOOD COOKS and Heckers' Flour have this one thing in common: both understand the language of quality. • For 90 years Heckers' Flour ... this superlative flour ... has lived with the fine traditions of good things to eat. • It has been the choice of good cooks for its satiny texture and desirable dryness. • It is milled of the very best wheats in the world. And the rich body and superior flavor shows itself in the good cook's cookery.

LET YOUR BOY OR GIRL JOIN THE SCOUTS

In these times of economic unrest and agitation on the part of citizens of foreign extraction or foreigners, against existing government, it comes time for those of us who do not want to duplicate European conditions and South American conditions, to take account of stock.

The Girl and Boy Scouts represent the highest possible ideals of youth. It has been conclusively proven that juvenile delinquency is practically non-existent so far as the Girl and Boy Scouts are concerned.

Thank God, the Girl and Boy Scout movement is common to all faiths, all creeds. The only essential requirement is that they own allegiance to God and country.

There are numerous troops of girls and boy scouts in Belleville. If you have a child that is of scout age, by all means do your part by them and your country, by allowing them to join these great organizations—THE SCOUTS.

MRS. STICKLE AND MRS. SHELDON

When Mayor Samuel S. Kenworthy named Mrs. J. K. Stickle to the Board of Education a few years ago he complied with a campaign promise and gave Belleville its first woman member on that board.

Now Mrs. Stickle has resigned because she and her family intend to move from town. Mrs. Porter F. Sheldon will take her place.

Belleville is fortunate that it has a woman on its school board. Mrs. Stickle did her work well and rendered the community a distinct service. The loss of her services will be felt by the community.

Mrs. Sheldon is equipped to carry on where Mrs. Stickle left off. Certainly the Mayor is to be complimented for choosing a woman of such high calibre to fill Mrs. Stickle's place.

We regret that Belleville must lose Mrs. Stickle. We extend our best wishes to Mrs. Sheldon for a happy and pleasant time in her new position, which, by the way is a position of service to Belleville without pay.

MACHINE MADE PIANOS

The piano, which for over a century has been made in the same way, is at last to bow to the machine age and mass production. Because of the competition of the radios and phonographs and because prices for pianos remained relatively high, a new method of manufacture had to be devised.

Since Joseph Chickering made the first overstrung piano 107 years ago there has been no important change in the method of manufacture. But experiments have been going on for the past few years and now the makers claim that the newly devised method will make a better piano than the old, better in tone and better in looks.

We wish the piano makers the best of success for their new method. The piano is perhaps the most fundamental and most important of all musical instruments and it is to be hoped that prices can be reduced so that this grand old instrument will always be maintained in our homes.

SCRAMBLED TRAFFIC LAWS

Everybody has a general idea that traffic laws vary greatly in different States, and even in different cities of the same States. But it has taken the national conference on street and highway safety, in its meeting at Washington, to point out just how great are some of the divergencies of automobile laws.

That body of experts reckons that a motorist following and obeying his own laws on a trip from New York to the capital could be arrested no less than 289 times. Nothing like that ever happens, of course; but the mere possibility shows the absurdity of the situation.

There ought to be some way to correct this scrambled condition of motor regulations. The conference, it is true, did draw up a model municipal traffic ordinance in 1928, in which a list of model laws was given that could eliminate the present condition of various systems in different cities.

That there is great difficulty in constructing a uniform set of traffic regulations that will apply all over the country is perfectly clear. Prohibitions that may be all right in one town would be all wrong in another. Things permitted by Los Angeles might be anathema to Newark.

Yet it is needed, and perhaps will be evolved out of the few rules that we all stand by, even now.

ALL STATES NEWS

When a national political party has some explaining to do, it might be well for the official explainers to get together beforehand and agree on their story. The Republicans may or may not be responsible for the existing depressions, but Democratic accusations have undoubtedly put them in the position of defenders.

Official Washington at first refused to admit the existence of a depression. It just looked upon an economically ill nation and said lightly, "Oh, nothing but a slight indisposition. And, anyway, we're recovering nicely."

That went over fairly well until Secretary of Agriculture Hyde became enterprising and announced that the farmers were really suffering because of the machinations of Soviet Russia in Chicago's wheat pit.

Members of both Houses of Congress had better sharpen their wits, deepen their thunder and polish their vocabularies. Within the near future, their speeches on the floor may reach beyond congressional walls and across.

REBUILDING A CITY

Unearthed from the archives of a French chateau, a book dating back to American Revolution days will guide the Rockefeller Foundation in carrying out its plan to reconstruct the city of Williamsburg, Virginia as it was in the eighteenth century.

As a tribute to the French heroes and a memorial to our liberty, the Foundation decided to rebuild the city in its revolutionary period style. However, plans were retarded by the discovery that no library in this country possessed a trace of information concerning the city's original topography and architecture.

The book is being forwarded to America, where engineers will study it before starting reconstruction work.

WH NOT CONSOLIDATE?

Many chapters in the history of transportation have been written all entirely in terms of railroad growth. That was when highways were little developed, and aviation was only a dream.

Some roads, acting under the provisions of the Transportation Act of 1920, have already effected consolidations that are of benefit to both the industry and the public.

When a national political party has some explaining to do, it might be well for the official explainers to get together beforehand and agree on their story.

WHEN THE WIND WHISTLES

The velocity of any kind of wind, from a zephyr to a hurricane, can be ascertained by the layman. A simple "rule of thumb" system published by the United States Weather Bureau sweeps away technicalities in favor of homely devices.

per hour, smoke rises vertically, the Bureau tells us. A wind of one to three miles per hour causes smoke to drift but does not move a weather vane. Breezes that make themselves felt on the face, move vane and rattle leaves average four to seven miles.

A "strong wind" (25 to 31 miles) whistles through telegraph wires and urns umbrellas about, while a wind of 32 to 38 miles moves large trees and retards walking.

CONGRESS BEFORE THE "MIKE"

Members of both Houses of Congress had better sharpen their wits, deepen their thunder and polish their vocabularies. Within the near future, their speeches on the floor may reach beyond congressional walls and across.

That the rate of the earth's revolution is influenced by many factors is a theory held by some scientists. It is argued that earthquakes and volcanic eruptions throw the earth "off balance," and that changes in temperature affect the earth's volume and therefore influence its rate of revolution.

HOW LONG IS A DAY?

Contrary to general belief, no one can tell accurately the length of a day. It may be exactly twenty-four hours long, as is commonly supposed, or it may vary from that time by a second or a fraction thereof.

It is a generally accepted theory that the length of a day is increasing by about .001 second per century. The time of the moon cycle, however, has changed within the last few years. In 1920 the moon was seven seconds ahead of its schedule, while it is only four seconds ahead now.

"EQUAL RIGHTS WITHIN TEN YEARS"

Ten years ago, feminists won their victory of victories with the passage of the Nineteenth Amendment bestowing suffrage rights upon women. Within ten years from now, the same feminists hope to see passed another amendment providing for "equal rights throughout the United States and every place subject to its jurisdiction."

This "equality-within-ten-years-campaign" probably will not be attended by all the drama that went into the suffrage fight. In those days, women were sent to jail for picketing the White House, and they made the most of their persecution by carrying on a "prison special" campaign.

Statutes that discriminate against women have been unearthed by the hundreds and are being published in pamphlet broadsides by the National Woman's Party in Washington.

YOUR TASK

Each one has a task just before him. Each one has some burden to bear. While traveling along in life's journey obstacles will often be there.

Each one has his own task to handle. None other can do it but he. And unless each one does his duty A break in life's chain there will be.

Life's tasks are all planned by another. A Master Mind steady and true. He bids us go forth in life's work-field. Where each may find his work to do.

Then joyously tackle each object. That looms just before in life's way. And strength will be given when needed. Making effort only as a play.

Life's tasks and life's burdens tho many. If met with real grit and a smile. Will bring rich reward for the doing. And we'll know it all was worth while.

# Annual "GO TO CHURCH" Edition THE BELLEVILLE NEWS

BELLEVILLE, N. J., FRIDAY, OCTOBER 24, 1930

## THE INVESTMENT ETERNAL

*The TIME you spend in CHURCH*

### Man's Primary Purpose Is To Win The World For Christ

Make God A Living Presence Says Rev. P. R. Deckenbach

By REV. P. R. DECKENBACH,  
Dean of Ministers' Association

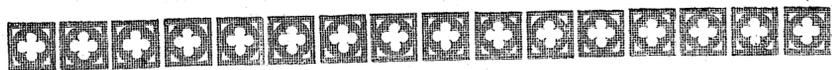

Man's primary purpose in life is to win the world for Christ. The church alone holds the secret. When God becomes vividly real there is no need to urge men to fall down and worship. Make God a living presence before we talk about the proper way to worship Him. With candles and incense, table or altar, cross or crucifix. Christ is here and it falls upon all Christian men and women to believe and trust in Christ. Our Lord and Saviour, to put aside undue concern about unessential matters and again, with one mind, strive together for the faith of the Gospel which is Christ in you, the hope of glory.

### Appropriate Time For Go To Church Sunday Says Mayor

Church Awakens Conscience To Needs Of Those Less Fortunate

In view of the opening of our Community Chest drive the "Go to Church" movement of next Sunday comes at a particularly appropriate time.

Certainly there is no greater institution than the church to forcefully awaken our conscience to the needs of those less fortunate than ourselves.

With the stress of many influences -- some good -- some bad -- in present life -- is there anyone who does not need the steadying, the encouraging -- the enduring influences of the Church.

Your time this coming Sunday is yours. What you do with it is for you to say.

Invest an hour and a half in attendance at Church, then measure its value to you -- your condition of mind -- your ability to accomplish -- your definite progress -- during the ensuing week

### Grace Dramatists Select "Smiling Cow" For Annual Play

John Stoddart Has Drawn Up Set Of By Laws For Club

The second meeting of the Grace dramatists was held in the parlor of the Grace Baptist Church, Thursday.

The selection committee has decided on a play "The Smiling Cow," which promises to be as full as laughs as anything else. It is being cast at the present time.

The society voted in two new members, Mrs. William Blair and Mr. Donald Blair.

John Stoddart has drawn up the by-laws of the association with admirable dexterity. Among the articles of this series, it is mentioned that the Society shall be limited to thirty members, two thirds of which must be connected with the church. The initiation fee is to be \$1 and annual dues also \$1.

The Grace Dramatists will hold an official business meeting the first Thursday in every month at the Grace Baptist Church.

### Some Messages Missing

The News regrets that at the hour of going to press it had not been able to obtain messages from all churches. The time in which to prepare the issue was limited and all churches were called, but the messages in return did not reach us in time. We make this explanation so that all will understand we did not slight any.

**"-come to church-*this* Sunday!"**

# Your CHILD-and the CHURCH

What would be the surroundings of your growing children without the influence of the Church?

Are you by your presence at the Church - by your interest and work - supporting those influences?

Look back through history. The outstanding men and women of every generation clearly reflect the influences of the Church on their early childhood - their formative period.

We owe it to our children - it is vital to those greatest hopes we have for them - to set the example.

### AN EDITORIAL

(Contributed)

Several weeks ago I had the privilege of lunching with the ministers of Belleville. As a result of that discussion, it was agreed that October 26 would be known as "Go to Church Sunday." Through the courtesy of the "Belleville News" and the individuals credited elsewhere in this edition, this annual "Go to Church" number of the "Belleville News" is made possible.

I do not believe any of us question the wisdom of going to church, and I do not believe that any of us can help feeling ashamed of ourselves for not going to church oftener. I am sorry to say that the accumulation of a week presents so many chores which we think have to be done on Sunday, that we are prone to excuse ourselves for our non-attendance.

For over nineteen centuries the church has been the foundation of our civilization. I would hate to think of raising my children in a world without the steady, moral influence of the church.

We may all have different creeds and different beliefs, but we all worship the same God and our ultimate object is the same preparation for eternity. As I view it, there is not going to be any fence around us in the hereafter.

I told the ministers that day that I thought they were being too conservative in the manner in which they presented the faiths of the church. Personally, I am a firm believer in advertising. If the product is right, and it certainly is right in the case of religion, advertising helps to spread its good and while YOU may not need it, there are a great many people who react favorably to good advertising. I do not, of course, mean blatant, spectacular advertising, but an honest to goodness effort to point out the advantages of going to church to those who do not make it a practice, and to sell the idea of just stopping long enough to go to church.

My plea to the ministers next Sunday is to put in some old time hymns that I can really sing, without mumbling as though I am singing. "Nearer My God to Thee," "Lead Kindly Light," "Throw Out the Life Line" and "Bringing in the Sheaves," seemed to me when I was a youngster to be pretty good, and they still have a sentimental throwback.

My other plea was that they start on time, and promptly at 12 o'clock, throw down their tools and call it a day. I realize that they too, are imbued with the zeal of their calling, but there are a lot of us who have something else to do on Sunday, and by the time the dinner dishes are washed and everything put in shape again, there is not much of the afternoon left.

If you are a regular attendant at church, all of this means nothing to you, but if you belong to that great group, of which I am charter member, who lets his wife do most of the church going, I solicit your help in making this annual "Go to Church" day a real success, and then if the sermon appeals to you, and this new spirit which I hope is going to show up appeals to you, maybe we will make it a habit.

Seriously, now that I have brought it to your attention specifically and directly, it is my earnest hope that we make the annual "Go to Church Sunday" a success, and that you let nothing stand in its way. Certainly we can spend one hour and a half on Sunday to acknowledge our faith in God Almighty and to lend our moral support to the greatest organized effort for good the world has ever seen, so GO TO CHURCH THIS SUNDAY. If you do not have a regular church, go to the one nearest you. They need your help, and on rainy days that is not bad. Whatever you do, or wherever you go, go to church in Belleville this Sunday.

### EVERYMAN'S HAS LARGE TURN OUT

The largest attendance of the season greeted Dr. Alex Cairns last Sunday morning at the Everyman's Bible Class which meets now in Masonic Temple.

Arrangements have been made with Dr. Cairns to address the Class for a few Sundays until a permanent leader can be found. His topic announced for next Sunday is "The Meaning of Life." 9:30 A. M. is the meeting hour.

### GRACE BAPTIST CHURCH

Overlook Avenue, corner of Bremond Street  
Rev. George W. McCombe, Minister

Sunday, 11 o'clock A. M.—The Girl Scouts will have charge of the service. At 7:45 P. M. Mr. McCombe will preach, having as his subject: "Not In The Limelight."

### WHEN I STAY AWAY

- It makes some question the reality of religion.
- It makes some think I am a pretender.
- It makes many think I regard my spiritual welfare as a matter of small concern.
- It weakens the effect of the church service.
- It robs someone of a blessing.
- It causes others to stay away from church.
- It makes it harder for me to meet the week's temptations.
- It encourages the habit of non-church-going.

### WHEN I GO

- It causes people to have confidence in me.
- It has a good effect on the services.
- It makes my friends feel more welcome.
- It causes others to come to the House of God.
- It makes my life stronger for another week.
- It pleases God and I am happy.
- It makes others to say: "he practices what he preaches."

Rev. Edgar M. Compton.

### REV. O. BELL CLOSE

Fewsmith Memorial Presbyterian Church

You ask me, "Why go to church?" Let me ask you:

- First—What builder is fool enough to try to sell homes in a town with no churches?
- Second—Would there be any "tax burden" if all the people would practice what the church preaches and thus eliminate moral delinquency?
- Third—Did I not promise God and man, when I joined the church, that I would attend?
- Fourth—Could you put over the Community Chest without church goers?

Cordially,  
O. BELL CLOSE.

### GRACE BAPTIST LADIES' AUXILIARY VISITS ICE CREAM PLANT

The Ladies Auxiliary of Grace Baptist Church together with friends in the number of twenty-nine visited Reid's Ice Cream Plant in Newark last week. They went by Reid's own bus, comfortable and with a competent operator. The visit to the plant was interesting to the majority who had no idea of the magnitude of the manufacture. A charming hostess, Miss Sylvia Arnold, conducted the women into a beautifully decorated room where all were seated while she explained the manufacture of the different moulds, and varieties of cream, and during the lecture the women were served with several different kinds of cream. Miss Arnold also gave many ideas for favors

and center table decorations for bridges and entertainments. Stating the paper could be purchased at Denison's in Newark. Afterwards the women were conducted through the plant by Miss Arnold, and saw the pasteurizing, flavor and holding tanks, freezers, can-filling, package filling, the hardening room, and many other noticeable features, among them the absolute cleanliness of the entire place. Unfortunately the plant was not operating on that day so the women are to be invited again when things are "going." Mrs. Raleigh Jacobs was the lucky winner of the ice cream package, with the president Mrs. George Weirich drawing the name.

### Goal Reached By Epworth League; Largest Attendance In History

Sunday night, October 19, Charles L. Steele, principal of Belleville High School, gave a very interesting talk at the Epworth League service in Wesley M. E. Church. The attendance was the largest that the league has ever had. Eighty-three people of all ages came out to hear Mr Steele.

Monday night, October 20 the regular monthly business meeting of the league was held at the church. Plans were made for the coming Halloween party on October 30 at the Campbells' residence on Rossmore place.

the party is restricted to the Epworth Leaguers and their close friends.

After the business of the meeting was over the leaguers divided into two teams and played volley ball.

Sunday night, October 26, Rev. Compton, pastor of Wesley M. E. Church, will be the speaker at the Epworth League service at 7 P. M. Every one is invited. Help the league keep up its attendance record of last Sunday. Several new members have been taken in during the last month. Why not be one of the new ones for next month? Think it over.

# The ANCHOR of CIVILIZATION THE CHURCH

Give this thought serious consideration. For over Nineteen Centuries the one thing that has endured is the Church.

Dynastys nations governments have come and gone but the Church has endured.

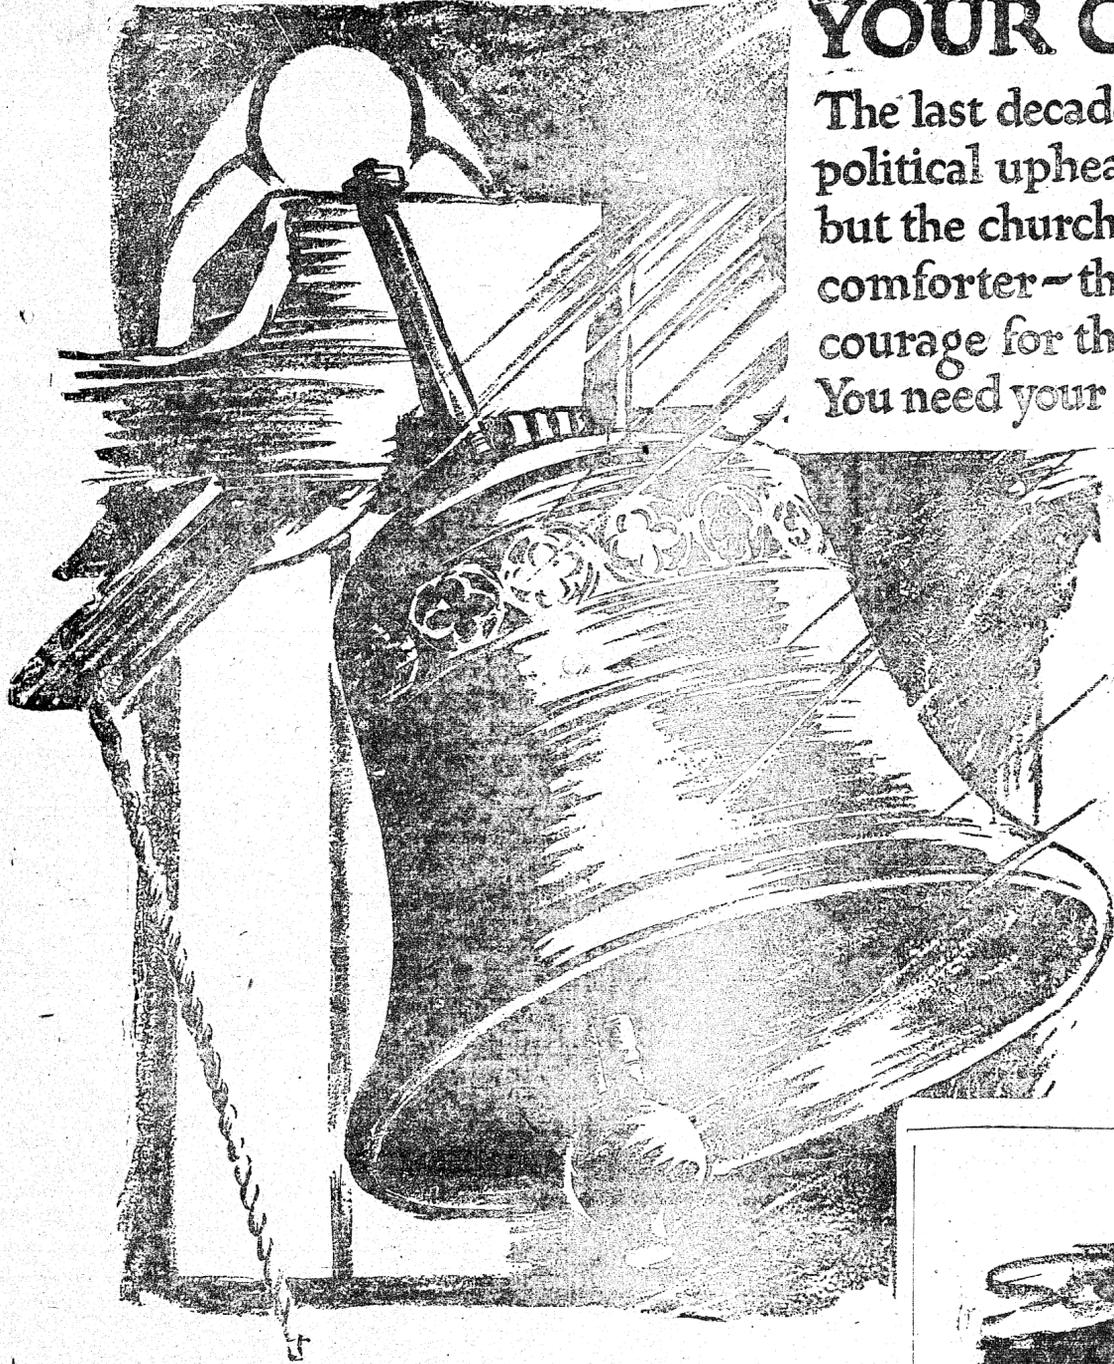

The thinking men and women the keenest minds of every age have acknowledged the Church.

The weight of evidence supports the Church.

Won't you lend your support too?

# YOUR CHURCH CALLS YOU

The last decade has seen World War - fallen governments - political upheavals and failures - economic discontent - but the church has remained steadfast - the international comforter - the haven of the distressed - the beacon of courage for the future.  
 You need your Church more than your Church needs you

### Correction

Due to an error in composition last week, the News listed Grace Baptist Church under Grace Episcopal Church, Nutley, and Christ Episcopal Church under Bethel Episcopal Church, Nutley. Both of these were due to the heads not being changed in a switch from the Nutley News to Belleville News. We regret this error and offer our apology to the ministers and parishes concerned.

Arene Chapley No. 72, G. E. S., will mark Monday evening its sixteenth anniversary. Arrangements are in charge of the ways and means committee, with Mrs. Alice B. Peck, Jr., past matron, in charge, assisted by Mrs. Lillian Pratt, Mrs. Maudie Adams, Mrs. Mildred Bonaen, Mrs. Ida Davis, Mrs. Elizabeth DeGroot, Mrs. Ella Dodd, Mrs. Katherine Eka, Mrs. Georgine Edwards, Mrs. Ade Folley, Mrs. Madeline Farrington, Mrs. Laura Fitzherbert, Mrs. Elizabeth Haythorn, Mrs. Margaret Hodgson, Mrs. Emma Irvine, Mrs. Florence Lemmon, Mrs. Marjorie Lemmones, Mrs. Lucy Manser, Mrs. Stella Mathes, Mrs. Annice Nelson, past matron; Mrs. Mary Page, Mrs. Agnes Rennie, Mrs. Lollie Sawcliffe, Mrs. Ethel Smith and Miss Lucy Oung.

### WHY GO TO CHURCH?

- 1—Because the world's benefactor was the founder of the church.
- 2—Because it is the foundation of true civilization.
- 3—Because influence of the church is exerted in the building up of the community, in which you live.
- 4—Because the church believes in and teaches the "Golden Rule."
- 5—Because you would not care to live in a community where there was no church.
- 6—Because you need the church, if not for your sake, for the happiness and well-being of your children.
- 7—Because the lessons taught will strengthen the character, giving to the man or woman a new sense of fellowship, through renewed confidence in God.

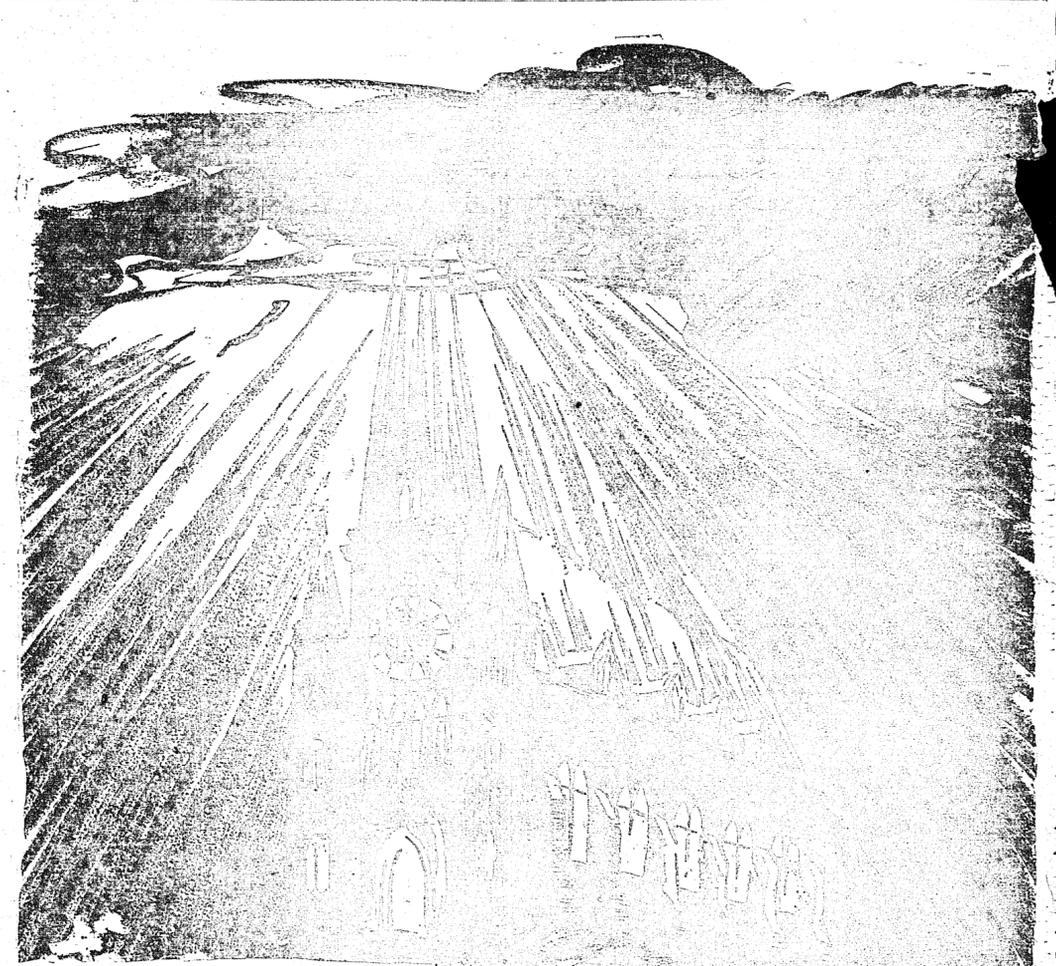

Come to Grace Church next Sunday. Here you will find a hearty welcome. All the seats are free. Come and make yourself at home.

### Girl Scouts Open Week's Program By Attending Church Next Sunday

Girl Scout week will be observed from Sunday until November 2. The opening day Scouts will attend services in their own churches. Monday they will be in charge of assemblies at school and Tuesday they will do kind deeds for household pets. Wednesday they will prepare and clear away the family evening meal; Thursday there will be a tea for mothers at headquarters; Friday, Scouts and fathers will be admitted free to the Capitol Theatre; Saturday will be Field Day with races and other outdoor sports. A loving cup will be presented to the troop adjudged as having the best window display, during scout week.

## The CHURCH - THE ROCK of AGES

All the evidence of Centuries support the Church.  
 All the men and women of these Centuries whose names we revere, have supported the Church.  
 All of the effort of all the influences to the contrary have not destroyed the Church.  
 No man nor woman who will be honest with themselves, who will obey their innermost conscience will deny the Church.  
 The Church should not have to seek you - rather you should seek the Church. The Church has far more to give you than you possibly can give to it.

## IN FIVE WORDS JESUS EXPRESSED HIS WILL AND WORK SAYS REV. PASCALE

In five words Jesus expressed His will and work when He said: "I WILL BUILD MY CHURCH." The two personal pronouns, "I" and "MY" tell us that He is its Founder, Builder, Owner and Head. Going to church is a divine call to worship and to fellowship with God and men. The Greek word "ekklesia," means just that: they called out together, and I know of no better contact for human good.

Yours very sincerely,  
REV. B. PASCALE.

#### EDITOR NEWS:

My attention has been called to an article which was printed in your valuable paper in the issue of September 26, 1930, regarding an article which was given in the publicity of Monster Card Party held in New Knights of Columbus home, 43 Rossmore place. The article that most take exception to is thus.—The party is open for any white, male or female of unquestionable character. I wish to recall this article and apologize with deep sincerity if I have offended anyone. The article was written with the thought of offending no one.

Hoping that my apology will be accepted on behalf of myself who wrote the article, I am,

Yours truly,  
FRANK M. JULIAN.

The following resolution has been adopted by the Knights of Columbus:

Whereas in the September 26, 1930 issue of the Belleville News the publicity representative of the Belleville Council No. 835, Knights of Columbus, in connection with a write-up regarding a card party to be held by the Knights of Columbus, had inadvertently inserted the following:

"Party open to respectable white people of unquestionable character." And, whereas this statement was inserted without the sanction of the council or any of its officers,

Therefore, be it remembered, that the council wishes to make it known that the representative in question did not make the statement as a reflection, or in any manner wish it to be construed as referring to our fellow townsmen of the colored race, and further that the members of the Council are extremely regretful of the fact that the statement was so worded that it might in any way be considered as referring to the members of the colored race.

And be it resolved, that this resolution be made part of record on the minute book of the Council and a copy be sent to the editor of the Belleville News with the request that he publish it in the next edition of his newspaper.

# CHURCHES

## CHRIST EPISCOPAL Rev. Peter R. Deckenbach

Nineteenth Sunday after Trinity. Holy Communion at 7:45 A. M. Loyalty Sunday. 11 A. M. Morning Prayer and sermon, theme: "The Three Fold Test."

7:45 P. M.—Evening Prayer and sermon, topic: "The Four-Square City." The Masonic Lodge and the Craftsmen's Club accompanied by the commandary will be guests. Mr. Deckenbach has outlined in a letter to his parishioners, the Church Loyalty Campaign, as it is called this year. Instead of the usual Every Member Canvass, the church has planned something different. "From October 26 to November 16 is to be a time set aside for giving full expression of our loyalty to our church and to Christ. It should be a period when the loyalty we all possess all of the time, may be shown, and not merely a time for a periodic outburst of something to be dropped and forgotten after November 16."

The essential features of the campaign are the following: October 26 Loyalty Sunday, a sincere endeavor is to be made to have the entire congregation present. November 2 Friendship Sunday, consideration of the value of the parish church to the community, will be the theme. An opportunity is here provided to invite all friends to attend. November 9, Project Service, aim to present the church's program; "whether or no the life of the Master is increasingly known and lived in 1930-31, depends upon the response of each parishioner."

November 16, Presentation Service, our giving is a concrete expression of our loyalty and love for Christ and His Church. Let each one be present at the foot of the Cross on the Altar, at this, the climax of the Loyalty Campaign." Immediately following the service last Sunday evening, there was a meeting of the Captains who will conduct the Loyalty Campaign. Mr. Deckenbach presided, and outlined the program. James K. Shaw is general chairman. John Boyd is sub-chairman, and Mrs. John Harry Edwards is chairman of captains, who comprise the following: Mrs. Walter Coups, Mrs. Hal W. Earl, Mrs. George A. Kelsall, Miss Elizabeth S. Moore, Mrs. Harvey W. Mumford, Mrs. Edward Nelson, Mrs. Lloyd C. Nunn, Mrs. George Schmeltz, Miss Agnes Wharton, Charles Campbell, Frederick S. Ford, William Mac Master, Harvey W. Mumford and George E. Pratt.

One of the outstanding features of the Bazaar, held Wednesday and yesterday was the decorated "Push Cart," sponsored by Mrs. Frederick Spencely and Stewart A. Mac Aleese, and containing a heterogeneous collection of useful as well as ornamental articles, truly a movable miscellany!

The Women's Auxiliary was represented at the all day district meeting held at St. James' Church, Newark, on Monday, by Mrs. Edward Nelson, president; Mrs. J. Harry Edwards, treasurer; Mrs. Harvey W. Mumford, blue box custodian; Mrs. Mary J. Lloyd, and Mrs. William D. Chapman.

In the attendance campaign held recently by the Young People's Fellowship, the Red Team captained by Robert Geller was victorious, and they will be guests of the defeated Blue Team, of which Arthur L. Bennington is captain, at a party at the parish house, this evening.

There will be a meeting of the Young People's Fellowship on Sunday evening at 7 o'clock sharp; at this meeting a new president will be elected, to take the place of Miss Jane Walker, who has resigned on account of press of duties.

The Ministers' Luncheon Club will meet at the High School on Tuesday at 12:30 noon. Mr. Deckenbach is dean.

There will be a meeting of the officers and teachers of the Sunday School on Tuesday evening, at the parish house.

At the meeting of the Altar Guild which was held on Monday evening the directress Mrs. J. Harry Edwards presided. One of the members Mrs. David I. Boyd, who has been unable to attend for eight months, on account of an accident sustained in February, was cordially welcomed upon her return, and a new member Mrs. Margaret Carroll of 67 Cortlandt street was received.

tertainment, Rev. Peter R. Deckenbach; chairman of refreshment committee, Charles J. Beer; publicity chairman, Harvey W. Mumford. Among the activities listed for the season are: a Pancake Supper, Old Timers' Night, a Minstrel Show, and illustrated lectures, the latter to be open to the congregation. The abolishing of the annual dues was another feature decided upon.

11 A. M.—"Crucified Upon Another Hill."

8 P. M.—"Why Sing?"

7 P. M.—Christian Endeavor.

Sunday is "Go to Church" Sunday and is sponsored by the Welfare Federation of Belleville as part of the spiritual program bringing to the attention of the people of Belleville the necessity for underwriting the Community Chest.

An old fashioned hymn sing will also be part of the program with Mr. Willard Brandenburg at the organ.

Speakers On November 2. "Christian Citizenship" will be the topic for Sunday evening, November 2. Four speakers prominent in Belleville's government, educational, industrial and religious life will give five minute talks on "Christian Citizenship" in relation to each division of daily life. The men of Fewsmith will act as hosts to the congregation and guests.

Members of the Women's Guild will serve luncheon to the Woman's Club of Belleville on Monday, October 27. This group has served luncheon to club members for the past several years. Mrs. W. L. Crombie is president of the Guild and is assisted in the kitchen and dining room by members of the Guild.

Fellowship Circle About 250 were served at the turkey supper held by members of the Fellowship Circle last Thursday evening. This is the first of many activities planned by this group during the winter.

Yes—all the men of the town who enjoy good eats, particularly a Turkey Dinner, and also a good speaker are going to the social hall of the church Thursday night, October 30 and they will be there at 7 sharp. Judge VanRiper of Newark will be the speaker, and Elmer Hyde, past president of the club, toastmaster. Charles Thomson is president. Purchase your ticket in advance.

Yep, everyone is looking forward to the coming of the circus November 14. Nope—it is not Barnum and

Bailer's three ring. 'Tis a one ring circus and it is coming to Grace Baptist church social hall and the whole affair is under the direction of the World Wide Guild. They are an active band of fun seekers, not only for themselves but to furnish clean enjoyment for the general public. Hist—(ill) we tell you about the side shows—there will be the bearded woman, and—well look for the others in later issues.

Remember the Annual Bazaar December 4 and 5 in the social hall. The Ladies' Auxiliary is working hard to make this a success.

## WESLEY M. E. Rev. Edgar M. Compton

The new church organ was shipped this week and workmen are busily engaged in its construction. Meanwhile plans are being made and activities begun towards raising the money to pay for it. The Wemec Dramatic Club will present the comedy "Broken Dishes" in the High School Auditorium, Friday evening, November 7. Tickets may be secured now from anyone of the members.

The Young Woman's Auxiliary, divided into six groups under six captains, are busy too. Mrs. H. L. Hamilton's group met at the parsonage Tuesday afternoon, giving the first of a series of Silver Teas. Mrs. Edgar Compton was the hostess, assisted by her sister Mrs. E. Hodges.

Mrs. Christian Hansen's group is having a masquerade Halloween party

in the "Lindy Apartment ballroom" Wednesday evening, October 28 for members, husbands, and their friends.

Mrs. O. R. Clinard's group is taking orders for doughnuts for Halloween. She asks to have all orders in not later than Wednesday, October 28. Her phone number is Belleville 2-2170-J and her address 139 Little street.

Mrs. John Pole's company is going to have a "Suit Yourself" party on December 4 in the Mountain Ice Co. Auditorium, Sylvan avenue, North Newark. There will be games to suit every one's inclination, and a prize for each table. Tickets are on sale now. Buy early to avoid disappointment.

A group of men of our church gathered last week one evening, and gave the dining hall and kitchen a fresh coat of paint. We appreciate this very much. The Young Woman's Auxiliary is furnishing new curtains. The dining hall and kitchen will be completely renovated in time for the supper and bazaar, November 13 and 14.

The Young Woman's Auxiliary is holding a Halloween masquerade party in the Sunday School rooms, Tuesday, October 27 at 8 o'clock. A jolly time is promised. Each member is urged to bring a lady guest. Come, there will be great fun. Mrs. LeRoy Bunnell is in charge of games. Mrs. Christian Hansen, decorations; Mrs. H. L. Hamilton, refreshments, with the following committee: Mrs.

John Pole, Mrs. Ira Cornell, Mrs. John Welch, and Mrs. George Cameron.

## CHRISTIAN SCIENCE CHURCH

"Probation After Death," will be the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 26.

The Golden Text is: "It shall be said in that day, Lo, this is our God; we have waited for him, and he will save us: this is the Lord; we have waited for him, we will be glad and rejoice in his salvation." (Isaiah 25:9)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The sting of death is sin; and the strength of

sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ." (1 Corinthians 15: 56, 57)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When it is learned that disease cannot destroy life, and that mortals are not saved from sin or sickness by death, this understanding will quicken into newness of life." (p. 426)

Mrs. H. Ruiz, Belleville, sailed from Baltimore Friday, on the S. S. Chatham of the Merchants and Miners Line to Savannah and Jacksonville.

### TRANSPLANTING ORNAMENTAL SHRUBS

October is a good month for transplanting most of the deciduous ornamental shrubs, as well as evergreens. In moving deciduous shrubs at this time it is essential that the leaves be stripped off and the plants thoroughly watered. Pruning is unnecessary. There are some advantages in this early fall transplanting. The roots become established before winter and, as a result, the shrubs will start sooner next spring and do better the following summer.

Practically all shrubs may be moved with good results in the fall. The butterfly bushes, hawthorn, altheas, sumacs, tamarisks, and Japanese snowballs. When moved in the fall, these shrubs are able to winter kill. They must be established early in order to stand winter weather.

Further information on this and other garden, flower or agricultural questions may be obtained from the County Extension Office, R. E. Harman, Co. Agri. Agent, Caldwell, (Phone Caldwell 6-0572).

### SHOW WINTER-HARDY ANNUALS NOW

By A. C. McLean  
N. J. Agri. Extension Service

Several winter-hardy annuals may be cultivated as biennials and sown in the month in the flower beds or border. They include the annual larkspur, sweet alyssum, California poppy, annual callopis, and corn flowers. There still is time for them to become established before winter, and next spring they will be much farther advanced than plants sown at that time. Do not destroy any of the young plants of these flowers which came up in the garden or border in September. They will winter and give good results next spring.

Practically all of these hardy annuals do best on a fairly neutral soil that is not too heavy. A light mulch applied when the ground freezes, will help to obtain a good stand next spring. Do not mulch too heavy, however, or the plants may be smothered.

Further information on this and other garden, flower or agricultural questions may be obtained from the County Extension Office, R. E. Harman, Co. Agri. Agent, Caldwell, (Phone Caldwell 6-0572).

### STORING TENDER PERENNIALS

By A. C. McLean  
N. J. Agri. Extension Service

The first of the tender perennials which needs attention with the coming of colder weather is the tuberous rooted begonia. This plant should be dug before frost and stored in dry soil, dry peat moss, sand, or sawdust at a temperature of 50 to 60 degrees F.

These plants cannot be kept dormant like the gladioluses, and they should be planted in pots or boxes when they show signs of growth about March 1.

After the first light frost, roots of gladiolus, canna, coladium, trigridia, montbretia, tuberosa, and other tender summer flowering bulbous plants should be dug at once. They should be stored in a frost proof cellar with good air circulation. As much soil as possible should be allowed to remain on the rhizomes of the cannas. The other roots may be stored in boxes of sand or other material that will act as an insulator. Gladiolus corms may be stored without protection, except when cormels are small. The temperature of the storage should be about 40 degrees F. It should not be more than 60 degrees F.

Dahlia roots are dug after the tops have been killed. They should be dried off before they are placed in storage. Before the final storage, the stems should be well dried off, as moist stems are the most frequent causes of storage crown rot. If the stems are very large, it often pays to divide the stem and clamp into two or three parts for better drying.

One of the best insulators is peat moss. It should be air-dried on a cellar floor and should be granulated to permit close packing and sifting through the roots.

One who has no storage cellar can build one around a cellar window, using wallboard or packing-box material. By opening and closing the window, a fairly uniform temperature can be obtained.

There are some half-tender perennials that do better if protected in winter. The various species of blue sage or salvia and the chrysanthemums, of the commoner garden flowers, may be dug and heeled-in in the coldframe.

In an article in another part of this issue of the Belleville News, attention has been called to the meeting of the Court of Honor at the High School tonight. This October gathering is one of two such meetings held each year.

Note especially the prize offered to the troop responsible for the greatest adult attendance. Each Scout should urge his parents to be there as well as every friend he knows who is interested in Scouting.

**Troop 92**  
Four boys from Troop 92 have already been chosen to represent their troop at Oyster Bay on the annual Roosevelt Pilgrimage this Saturday. A fifth boy will win the right to go by representing the Troop in the knot tying contest at the Court of Honor Meeting tonight.

Two new members were added to the roster at the last meeting. They are Arthur Conklin and James Gallone. With a new drive, the membership is expected to gain steadily.

Marked improvement in advancements is shown by the members of this Troop.

## Side Dishes Point Up Flavors

By ETIENNE ALLIO, Chef,  
Hotel New Yorker, New York City

**S**IDE dishes—the various slaws, a bit of fruit prepared in some unusual manner—point up the flavors of the dishes with which they are served, and go far toward giving the added zest of surprise and variety.

Deserving a far greater popularity than they now enjoy, it is hard to say why, except for the ordinary cole slaw, they so seldom appear upon the home table unless guests are present. They are inexpensive and easy to prepare, and there seems to be no good reason why they should not become regular items of the family menu.

### IN VOGUE TODAY

Style Notes Prepared for the Essex Co. Extension Service by Catherine Grichel, Clothing Specialist.

I have been making dresses that suit the mature figure to perfection and in this article the good points of these dresses will be described.

One of light-weight wool fits smoothly, but the back of the bodice blouses slightly, which, to my mind, is appropriate for those of us who are not so slender as we once were. An inner bodice-back of thin silk sewn to the neck, shoulders, and armhole holds this fullness in place. The front of both skirt and bodice show diagonal closings and, altogether, the effect is most pleasing.

In the dress mentioned the waist has been dropped to the top of the hip bone. I have already written that one of the most important couturiers in Paris features this lower waist line, which is easier to wear than the higher one. The sleeves of the dress are new. They are rather straight with a mitred band at the wrist and opening, which closes with two sets of button links—a tailored effect that fits into the trimness of the costume.

Of course there is the necessary tunic dress. This is of a silk and wool material—a tiny white fleck on a black ground. The tunic is semi-fitting, has a surplice closing, and buttons all the way to the hem on the left side-front. About six inches of skirt shows and this is slim and straight. I am using the same material for both tunic and skirt, but a combination would be just as acceptable.

A third costume is of wine-colored Canton crepe and a low-backed peplum is featured on the skirt. The bodice has an interesting diagonal closing; really a continuation of the upper edge of the peplum, which starts at the side front waistline. The dress has a deep V-neckline, and flared cuffs.

Your home demonstration agent can give you the numbers of the patterns from which these dresses were made.

## Woman's Choral Will Resume Rehearsals Thursday November 6

The Woman's Choral of Nutley, under the direction of Frank Kasschau, conductor, will resume rehearsals in the High School Thursday afternoon, November 6, at 3:30 and will meet every Thursday afternoon from 3:30 to 5 o'clock.

There are vacancies for all parts and this organization welcomes any woman who reads music to join as an active (singing) member. A voice trial will be made at the first rehearsal.

If you are interested, application may be made through any active member or by communicating with Mrs. C. Walter Searle, 87 Raymond avenue.

### Democratic Card Party

Tonight at the Elks' Club, the Democratic County Committee will hold their annual card party. The feature of the evening will be the awarding of a beautiful R. C. A. radio.

All the election candidates will attend and the awards are varied and beautiful for players and non players.

### GOOD WILL COUNCIL

Good Will Council, Loyal Ladies of the Royal Arcanum, will hold its next meeting at 137 Broadway, Newark, November 3. There will be a social hour for members and friends after a business session. Games and cards will be the amusements.

### This World Of Ours

By BUS MCGINNITY

"A wooden leg is better than no leg!"  
You may be thankful for the many things you didn't get. Still people are never satisfied or contented. It is better to lose the wool, than the sheep, or it is better to lose the anchor, than the whole ship.

Of course, the person who has the outlook on life like the dorkie with his bottle of gin and the "h... with tomorrow," will not get very far.

If we were to be satisfied with every little thing there would be no progress in the world.

There are so many people in this world, who are never satisfied.

Such selfish humans rot in their own decay. They develop nervous diseases, and some of them become charges, even to themselves, no matter how comfortably financed they may be.

It would seem better to fall from a window than an aeroplane.

Like the two Irishmen talking—one says to the other:

"Pat, how would you like to be up there in that aeroplane?"  
Murphy replies: "I'd hate like blazes to be up there, and not be in that aeroplane!"

Murphy may strike us as being rapid, but he sure has the "apples" on the "horse sense" side of knowing what the worst could be.

The "mental aviators" are in a "tail spin" all of the time. Some day they will go through a triple "loop-de-loop," and they will just have to be "all washed up."

"I'm flying high—but I've got a feeling I'm fallin'" the scum that Fannie Brice made fertile, is something to conjure with.

"Everything that goes up—must come down!"

Years ago, there was a drink known as "A Horse's Neck." The city slicker ordered two horse's necks at a country farmer's bar, and one of the yokels exclaimed: "Aw, don't kill two horses, I'll just take a beer."

To be sure the farmer bought the threshing machine from the city salesman.

Joe Cook, the comedian, has "doped out" what people will listen to nowadays, from a point of humor?

Cook just talks and talks about nothing. People listening to him; pay attention — they laugh their sides sore. When they leave the theatre and "find themselves," they wonder what they have laughed at.

The gnat-minded are piqued—they think Joe Cook is silly. He's silly, but he can make people laugh.

Cook says people laugh at anything, if you serve it properly.

To us, this column is sort of "Cookie." We all ramble in our talk — Joe Cook is right, and I have to go now, for it is nearly five o'clock, and I must get home to put the potatoes on.

EXTENSION SERVICE  
NEW JERSEY COLLEGE OF AGRICULTURE

### WHEN TO PAY A CHILD

By Edith D. Dixon  
Extension Service, N. J. College of Agriculture

Until a child is 14 or 15 years old it is probably best that he should not earn money regularly. He needs first to become familiar with money as a purchasing power, and to develop a sense of values through the familiarity with many values. But, since it is only through earning money that he can gain any realization of the effect involved in obtaining it and an understanding of the human cost of the things he uses every day, he should be allowed to earn extra amounts when opportunity offers.

There are a few things which should be kept in mind when paying a child for his services. First, he should not be paid excessively. Over-paying the child gives him a false notion of the amount of effort necessary to meet requirements, and an exaggerated notion of the value of his service.

Second, he should not be paid for everything he does. The child should realize he has certain obligations, as a member of the family group, for which he cannot be paid. Those things may be paid for which occur occasionally, and for which possibly an outsider would have to be paid.

Third, when done for pay, the doing of the job becomes optional. Some parents complain that even though they offer to pay, the child refuses to do the work. This is the privilege of all free laborers. If the things must be done in any case, then it would be better not to offer to pay for it. If, however, the child undertakes a job for money, he should not be paid unless it is completed. It might be advisable to set a time limit for its completion with an agreement that delay means partial pay; failure to finish, no pay.

Fourth, he should be paid only for

## NEW JERSEY BELL TELEPHONE COMPANY

A NEW JERSEY INSTITUTION BACKED BY NATIONAL RESOURCES

WITHIN the telephone industry, just being a Telephone Pioneer is a credential of character — perhaps because it takes men and women of character to carry on through the stirring, difficult years of the development of a new art, such as that of the telephone.

The New Jersey telephone organization today has 1,000 Pioneers within its ranks. The youngest has had 21 years of service. They are key individuals in the organization, contributing from their knowledge of the years to the combination of experience and youth that has kept the Telephone abreast of New Jersey's needs for more than fifty years.

John F. Murphy got his fifty-year Service Pin recently. He leads a procession of New Jersey Telephone Pioneers a number of whom will complete a half-century in the industry within the next few years.

### Zoeller-Boehmer Wedding Tomorrow

The marriage of Miss Cecelia Ellen Boehmer, daughter of Mr. John H. Boehmer of 33 Lincoln terrace to Rudolph Peter Zoeller, son of Mr. and Mrs. Rudolph Zoeller of 128 Linden avenue will take place tomorrow afternoon at 3 P. M. at St. Peter's Roman Catholic Church. The ceremony will be performed by the Pastor Rev. Edwin J. Field. The bride who will be given in marriage by her father, will wear a gown of ivory satin made in princess fashion with train, and a tulle veil with real lace in cap effect with orange blossoms adorning, slippers of the same shade, will complete the trousseau. A diamond and pearl necklace, the gift of the groom, will be her only ornament. She will carry a bouquet of bridal roses and valley lilies in shower effect.

Mrs. Abraham Stansfield, sister of the bride, will act as matron of honor and will be gowned in orchid satin with hat of transparent velvet and slippers a deeper shade and long white suede gloves and will carry orchid chrysanthemums tied with orchid tulle.

Mr. Zoeller will have as best man his brother, Philip A. Zoeller and the ushers will be John D. Boehmer of Newark and Abraham Stansfield, brother and brother-in-law respectively of the bride-elect.

The church will be decorated with palms, and white and orchid chrysanthemums and white satin ribbon will form an aisle for the wedding group. The electric and high altar lights will diffuse a mellow glow from their many beautiful prisms. The wedding march from Lohengrin will be rendered by R. Francis Ball, church organist. Matthew Ryan, radio tenor, will sing "Ave Maria" and "Sweet Saviour Bless Us Ere We Go."

For traveling the bride will wear a suit of oxford cloth with accessories to correspond and silver fox furs. A reception will be held at the Women's Club, Rossmore place. The couple will motor to the South for their honeymoon and on their return will reside in town.

### Wemec Dramatists Getting Into Line For "Broken Dishes" Show

#### This Wonderfully Successful Play Tells Of "The Bumpsteds"

The WEMEC Dramatic Club will present Martin Flavin's delightful comedy entitled "Broken Dishes" at the High School Auditorium, November 7.

This wonderfully successful play tells the story of the Bumpsted family. For thirty years Mrs. Bumpsted has nagged her husband. In and out of season she barks at him her disappointment that she married a weakling and a failure instead of the grand young man named Chester whom she had loved, but who went away to the big city and became rich. Cyrus decides to help his younger daughter, Elaine, to get married to a grocer's boy that she may escape the barrage of sour sniffs that Mrs. Bumpsted steadily lays down. He cheerfully undertakes to wash the supper dishes when Mrs. Bumpsted and the two elder daughters depart for an evening at the movies. First he goes to a lodge meeting, however, and comes home beaming with the spirit of the occasion. He keeps silent when a sheriff comes hunting for Chester the Glorious, who has happened along and is in hiding. Chester turns out to be a crooked oil promoter, a gold-brick purveyor, and an all-around rascal who has spent much of his life in jail. "It would break Jenny's heart to find that out," Cyrus says, in explaining why he made no effort to get the ten thousand dollars reward that would have been his had he informed on Chester. Elaine marries the grocer's boy and the play ends with an indication of future peace for Cyrus.

### Hilltops To Hold Costume Social Dance Saturday, November 8

#### Some Members Are Interested In Civic Matters

The Hill-Top Improvement Association entertainment committee announced at a regular meeting October 16 that arrangements are progressing for a costume social dance to be held at Recreation House Saturday evening, November 8. This dance is a treat at a charge of twenty-five cents.

Anyone in town desiring to attend may make arrangements with entertainment chairman, Thaddeus Thornton, 37 Perry street.

Members of the association are very active at present, several members taking a separate item of town civic nature to center their attention upon. Town sewer problems, school work, and bond issues are of greatest importance.

The recreation commission has decided Recreation House will remain open for use, which is considered very necessary to stimulate community good will.

### Charity Funds Are At A Low Ebb

Distress caused by unemployment has placed such a strain on the poor fund that a deficit of \$2,000 probably will result by the end of the year. Mayor Samuel S. Kenworthy says. Only \$1,098 of the annual appropriation of \$8,500 remained October 1 for the last quarter of the year.

Mayor Kenworthy said general economy might make possible a transfer of funds from other budget accounts to eliminate the deficit without issuing an emergency note.

Some grocers have been found to overcharge the poor department in dealing directly with needy. The mayor declared, adding: "If the business depression persists, we may consider buying groceries wholesale and doing them out at the Town Hall."

## SCHOOLS

Friday morning's program in charge of the sophomore class consisted of selection by the orchestra, songs by the student body and cheers by the cheer leaders. The students' response to the cheer leaders was not so vigorous, that is, until urged on by Principal Charles Steel and Superintendent G. R. Gerard, and then there was no more noise than had taken place in a long while.

The dance given recently by the Senior Class was a success in a large way and a big amount of the credit goes to Mrs. VanderVeer. The music was by the Crescent Club orchestra. Norman LaBar played the piano, Charles Cummings, leader, the sax; Thomas Wychell the diminutive banjoist; Wilbur Lorenz, trumpet and Willis Davis, drums. The attendance was 200 and a lively interest was displayed by all present. Community Chest is going strong and the high school contributed twenty posters. The total number contributed by Belleville schools was

about \$220. Mr. Gerard expressed his disappointment at the small showing made by the high school. The posters are being strung in the corridors.

"Fuzzy" Ryder is a conscientious sort of chap and as an example of this we wish to acquaint the general public with the fact that he was seen riding up Washington avenue on a bicycle at twelve-thirty. This we take it comes under his training routine. What's more, Morris Udansky and Howard McMaster were seen getting the fresh air in the wee hours of the morning, presumably trying to throw off the ill effects of Saturday's game.

Cafe Bandits Seize \$74, But Miss \$250

Three bandits who at gunpoint robbed a cafe at 77 William street, early Tuesday, escaped with \$70 from the cash register and \$4.40 from the counter, according to police, but missed \$250 in bills which the bartender dropped and kicked out of sight when ordered to 'stick 'em up.'

William Kant of 94 Washington avenue, the proprietor, told police the trio, whose ages ranged from twenty-seven to thirty-four, were armed, one wearing a brown suit and hat and the other two gray overcoats and no hats. Maurice Donnelly of 230 Belleville avenue, a patron, was backed against a wall and his change from \$5 taken from the counter.

Richard Ryan of 94 Washington avenue, the bartender, was ordered from the cash register. Kant was searched and his wallet returned when it was found empty. The bandits left with a warning to make no move for five minutes.

By SCHOTTY

POUCE DE LEON Born 1460

When plenty old enough to know better, he started out to find the Fountain of Youth.

Got as far as Florida and thought he had struck it.

Can you imagine? With Belleville only 2 days' travel over the railroad? What he really needed was a home here and a good car.

Our service has proved a "fountain of youth" to many an auto.

ANNOUNCING -- The Arrival in Belleville of BON-TONE THE WORLD'S FOREMOST TONIC

Install a Garage Heater and Reduce Your Car Repair Bills

FROST ruins the batteries of a car and gasoline condenses in cold cylinders, drains into the crankcase and makes repairs necessary, increasing your upkeep cost.

By putting a gas heater in your garage you can remove the possibility of these injuries to your car, furthermore you can start the car easily on cold days and clean it in comfort.

Cash prices begin at \$199. Terms prices from \$115.50—\$110 down and the balance in seventeen months.
