Entries Pile Up For Elks Second Boxing Show

"Joe" Reilly, Promoter, Has
Been Assured Of
"Big Shots"

Entries are coming in rapidly for the local Elks' second boxing show to be held at the Elks' Hall, Friday, December 5, and sponsored by the A. A. U.

"Joe Reilly, promoter of the bouts, has been assured that teams of entrants will be on deck from the Bayonne A. C. and the National Turners.

The Bayonne principals include Tom Burke, 118; Joe Baresse, 128; Bill Jackson, 148, and John Benford, 138.

The latter boy will be remembered by those fans attending last month's tourney as the one who won in his division with a pair of knockouts. Since then he has kayoed two other opponents, to credit him with a record of four in a row.

The National Turners will be represented by John Stock, 118; Bob McNamara, 128; Bob Vaughn, 138, and Ed Andahazy, 148.

Andahazy is looked upon as a coming "champ" by all those who have seen him. He possesses all the requisites of a real "fighting man," a fine physique, a competent boxing knowledge and a wallop that's packed with T. N. T.

Reilly, in securing the principals for the show, has endeavored to secure as much local talent as possible.

He has encountered little success in this direction, however, and again reminds the local boys to fill their entries as soon as possible. All entries must be submitted before December 1.

Entrance blanks may be secured at the Elks' Home on Washington avenue or at the News office.

Rev. G W. McCombe Dies Of Pneumonia

Local Minister Was Taken
Ill Week Ago—Twice
In Charge

Rev. George W. McCombe, pastor of Grace Baptist Church, died of pneumonia at 1:30 A. M. Friday at St. Barnabas' Hospital, Newark. He had been ill since Sunday, as told exclusively last week in this paper.

Mr. McCombe, who was Grace Church's first pastor, but left in 1918, accepted the call in September last year to return when Rev. Harold W. Nelson resigned due to ill health. The church has had only one other minister, Rev. Abbott P. Davis, who followed Mr. McCombe.

Born at Edinburgh, Scotland, fifty-five years ago, Mr. McCombe moved to Maine with his parents at an early age. He attended Hebron Academy and Colby College in that state and was graduated from Newton Seminary in Massachusetts in 1902. He was ordained in the ministry the same year at the Arlington Heights Mass. Baptist Church.

During the World War Mr. McCombe was a member of the late Mayor John H. Waters' Committee of Safety. The minister left his charge in that town in 1918 to take up his work in South Amboy.

Upon his return to Belleville Mr. McCombe remarked the changes in the town's aspect since he first came here. The parsonage at 171 Overlook avenue was one of a few scattered houses then and a woodland was nearby.

Besides his wife Mr. McCombe leaves a sister Mrs. Margaret Boyd of Sanford, Maine, and three brothers, John and Thomas McCombe of Sanford, Maine, and Ross I. McCombe of Jersey City.

Funeral services were held at the church Sunday afternoon, conducted by Rev. Dr. Bruce Gilman of New Brunswick. Burial was at the minister's boyhood home at Sanford, Me.

Burned

Patsy Schiavo, twenty-two, of 27 Lake street, was severely burned early Friday morning when he was trapped in the blazing office of the Warner-Quinlan gas station at 910 Broadway. He was rescued by Sergeant Edward Moore and Patrolman Frank Adams of the Eighth Precinct, who were patrolling that section. He was taken to City Hospital. Damage to the building was estimated at \$100.

Epworth Leaguers
To Hear Talk By Boys'
Work Secretary

Arthur Jones Of Newark
Y. M. C. A. To Talk At
Wesley Sunday

On Sunday night at 7 o'clock, Arthur Jones, a graduate of Oberon College and at present Boys Work Secretary of the Newark Y. M. C. A. will give a very amusing talk before the Wesley Church Epworth League at that church.

Last Sunday night Harry Brumbach delivered a speech that seemed to hit home more than any heard at the league services this year.

years ago. Dr. Alexander Cairns' Sunday morning talks are especially interesting and the attendance is growing rapidly each week.

Owing to an engagement requiring Dr. Cairns' presence in another city next Sunday, Harry Haines of the Good Will Rescue Mission will pinch-hit for him. Haines is the son of a Scotch Covenantan Minister. He ran away from home when ten years of age and while a small boy made his way to America alone. He went to work for the Hall-Marvin Safe Co., and acquiring a knowledge of safes, later on started out to "crack" them.

One night in New York City, while roving through the parks, he heard a lady singing in a mission. He was attracted to the meetings and on the fourth night that he attended, was converted. He went to police headquarters and gave himself up. He was sent to prison, his sentence totaling 269 years. After 11 years in prison, President Theodore Roosevelt pardoned him. He will be at the Masonic Temple at 9:30 Sunday morning and tell of his work.

ROMANCE IN SNAKE SKINS FOUND BY FATHER AND HIS TWO SONS

Messrs. Frebel Conduct Factory That Handles
2,000 To 3,000 Lizard And 200 To 300
Snake Skins Per Day

By EDDIE TAYLOR

Romance in snake skins! At least that is what Louis Frebel of Belleville, and his two sons, Arthur and William, believe they have found when they turn the salted snake and lizard skins into leather suitable for shoes, shoe trimmings and handbags.

These men are not alone interested in the fact that snake and lizard skins can be turned into shoe leather by a series of chemical operations; they can tell you without recourse to text books just where each skin comes from, how the snake is caught, what the average length of a snake is, and what the markings of each snake or lizard is.

Messrs. Frebel conduct a modest, retiring factory in Belleville where they handle from 2,000 to 3,000 lizard skins and from 200 to 300 snake skins each day.

The skins are reminiscent of the days when we studied geography and natural history in our schools. What first encounters the eye in a visit to the factory is a twenty-six foot python snake skin, which we are told and which we should have known, comes from India. This snake like most of the others of immense length are caught with a net just after it has gone to sleep at noon. It generally goes to sleep after devouring an immense meal. These snakes are known to go without food for a month after eating a young pig or a goat.

Pythons kill their victims by constriction. By that we mean that they wind their bodies around the helpless victim and crush life out of it so that the body takes the form of a sausage.

There are two kinds of python skins in this factory—the diamond back, and the China. The process by which they are changed to leather includes dipping in lime water to remove the scale; depositing in acid; the tanning by means of Sicilian sun-drying; and then the final coloring and glazing.

Squatters Told To Leave Premises

Squatters who rigged up a shirt for a window shade in a vacant first floor flat at 43 Heckel street, Silver Lake section, were ordered off the premises by police Monday night on complaint of Patrick Gallagher, a director of the Sixth Ward Building and Loan Association of Newark, which owns the building.

Although Gallagher informed police three men had been occupying the quarters, the police found only two, who gave their names as T. Rubino and Antonio Lisciotto. They had furnished the place with a few dilapidated pieces of furniture, police said.

This process takes about twenty-five days and for the number of skins aforementioned fourteen men are required to do the work. The twenty-six foot python snake skin is worth about \$50 when it is finished.

However, there are other kinds of skins in the factory besides python skins. There is the boa constrictor which averages fifteen feet in length. Like the python it is not poisonous but kills its victims by constriction. Thus its name.

The boa constrictor comes from the southern part of the United States, Mexico, and the jungles of the Amazon River in South America. Its skin when it reaches fifteen feet in length is worth about \$15.

The lizards reach a length of about five feet when they are full grown and a circumference of about thirty-two inches. Their length is about a one to two proportion to their circumference.

The Frebels handle four kinds of lizards—the pearl grain of India; the ring of Java; the Manila, of the Philippines, and the India lizard. The skins of each of these reptiles is worth about \$10. They also handle the water snake of Java.

Basketball Player Drops Dead While Playing At H. S.

Victor Ackerman Falls To
Floor In American
Legion Game

While playing basketball last night with the Garnets against the Bachsors in the high school gym Victor Ackerman, guard, dropped dead on the floor during the third quarter. The game was the first of the evening in the American Legion League.

Toward the end of the first half Ackerman showed symptoms that something was wrong. He was seen to be holding his side. Near the end of the half he called time out.

A few minutes after the half rest period he suddenly held up his hand and motioned for time out. Before anyone realized what was wrong he sank slowly to the floor. His father who was at the game rushed to his side. The players and officials crowded around to offer help. Dr. H. B. Vail was summoned. Ackerman was dead when the doctor arrived.

As soon as the doctor arrived all were ordered from the hall.

GIVING THANKS

On this festive holiday, sacred to the memories of departed "turks" and given over to merry-making and feasting, there are certain things that arise in the mind, even above the fun and the "stuffing"; things of the heart and soul of the day. Our pious forefathers, even in the midst of their abundant store of good things to eat, felt and expressed them. Over the fruitful space of centuries we may well emulate the ancients of Plymouth, who though they ate, yet felt themselves filled with something else—gratitude for blessings received.

So, as our clans gather from far and near Thursday, let us, amid the glad handclaps of reunited kindred and friends, find the deeper spirit of the holiday in the giving of thanks. That may not be the highest keynote of the observance, but it can and should be the sub-dominant tone. Let us be grateful, therefore:

For our America, best land in the world, and for the heritage which the fathers have bequeathed to us.

For the rich harvests which are garnered into the great storehouses all over the land.

For a profound industrial peace that takes the form of agreement to maintain the good relations between the workers and the employers.

For a growing amity with all nations, and the leadership in ways of making war less easy and peace more respectable.

For a sound financial system that has risen superior to the shocks of a demoralized "market" and has shown the way through darkness to light.

For the tremendous outpouring of national wealth and influence, to the end that the chief servant of this nation may be assured that industry, finance and commerce will find no halting in their march to progress, no aftermath of despondency on account of a crash in stock "values."

For all the delights of family and friendly gathering in the "old home," when possible and in any home otherwise. May plenty rule the board and jollity reign supreme. May memories be sweet and hopes bright.

And last, but by no means least, for the opportunity to be of service to the unfortunate; in that kindly ministrations is "the law of the prophets."

Thus mingling gaiety and sentiment, we shall taste the fullest joys of the day. It will be, indeed, a Thanksgiving to be remembered; a red letter day in life's calendar; a fine and inspiring thing in every way.

Buy In Belleville Boston Store Urges

A. Atkins Advises Buy Now
For The Christmas
Season

Christmas is not far off. The season of good will and generosity is right ahead of us. The time when the millions of dollars has come from the Christmas clubs of the banks to give their members the wherewithal to purchase gifts for their friends and remembrances for their dear ones has arrived. To thousands of Christmas buyers who have the money to spend at present, as well as at any other time, the Boston Store gives the advice to buy now, and set the financial snowball to rolling up and give some of the unemployed a welcome four weeks of work.

Just as soon as Christmas buying begins the stores will need additional help. And buying now affords prices lower than they will be later when stocks start to run short.

In other words, the sooner the people flock to the stores in the real old Christmas fashion, the sooner will this army of new employees begin to draw their pay.

Buy now and not only give employment to thousands of persons, but give a fine boost to business generally.

BUY NOW! AND BUY IN BELLEVILLE.

The Boston Store extends its service and quality to you. Dependable and value giving. We hope to see you patronize Belleville stores and to meet you in our modern department store.

With season's greetings,
THE BOSTON STORE.

SECOND OF FREE CONCERTS AT HIGH SCHOOL SUNDAY AFTERNOON

An Ensemble Of Nine Voices Conducted By
William Miller Will Be
A Feature

The second of a series of Free Public School Concerts will be held in the Belleville High School Sunday afternoon at 3 o'clock.

An ensemble, consisting of nine voices, conducted by William Miller will be a leading feature of the program. Mr. Miller has conducted chorus and part singing in this

The program follows:
Several familiar Scotch numbers will be heard as well as solos by artists of unusual ability.

A pianist, Orren Burt, will accompany this group and also contribute several piano solos. Mr. Burt is actively engaged in this work co-operating with many well-known musical organizations.

Earle Ballentine will be heard in several attractive violin solos. As a pupil of Oscar Holst, Belleville's leading violinist and teacher, Mr. Ballentine has shown unusual talent for the violin. Mr. Ballentine has played in Belleville many times and his performance should delight his immediate friends and admirers.

Since the last concert, much discussion has transpired regarding the possibility of these programs and their ultimate success. It is felt that those who attended the last concert will come again and bring their friends as it was concluded that the previous performance was educational as well as delightful and interesting.

The program follows:
Miller's Choral Singers, William Miller, director; sopranos, Lela Shurts and Helen Macintosh; altos, Marion Brash and Alice Leitch; tenors, Arthur Cooper and Alex Skinner; basses, William Cooper, James McWilliams and Alfred Cochrane; pianist, Orren Burt; violinist, Earle Ballentine; accompanist, Arthur Ackerman.

Ensemble, "Hymn to Music," Dudley Buck. "Little Mother O' Mine," Neven; tenor, Mr. Cooper. "For You Alone," Geel, violin obligato, Mr. Stewart; contralto, Miss Marsh. "Arise O Sun," Day; violin solos, "Rondino" (on a theme by Beethoven), Kreiser; "Waltz in A Major," Brahms-Hochstein; soprano, Miss Shurts. "Rain," Curran; baritone, Mr. Cochrane. "Shipmates O' Mine," Sanderson; piano solo, "Pilgrim's Chorus" Wagner-Lange; male quartet.

Patterson Rings Up His Twelfth Win

Kayoes Filipino Pino At
Monticello
Club

Eddie Patterson, Belleville's little fast, aggressive fighter, scored his twelfth straight knock out victory at the Monticello Club in Harlem, N. Y., over the fast stepping Pancho Pino, a Filipino fighter in the second round.

Pino and Patterson exchanged plenty of jabs to the face in the first round. The second round found Pino on the floor from a terrific left hook of Patterson's. Pino took the count of nine and up he came trying to fight back but Patterson sent too many stiff jabs to Pino's face.

Pino and Patterson slugged away at each other's body. Then Patterson sent a terrific right upper-cut to Pino's chin that made Pino hold on. Pino came rushing in but Patterson side stepped and caught Pino with a hard terrific left hook over the eye that made Pino take the count.

Sam Warner has been showing his young protegee some new tricks in the boxing game. Under Warner Patterson has had twelve straight knock-outs. Warner's young protegee is also a former golden glove star. Patterson has not been fighting a year yet.

Boys Pay Tribute To George Hagara

Elks Lodge To Hold Memorial Services Sunday, December 7

Exalted Ruler Anderson
And Staff To
Officiate

Belleville Lodge of Elks will hold their annual Memorial Services at Elks' Auditorium, Washington avenue, on Sunday evening, December 7, at 8 o'clock.

The service will be conducted by Exalted Ruler, Robert S. Anderson, assisted by his staff of officers. The Hon. Alexander F. Ormsby, former attorney general of the State of New Jersey, will be the principal speaker of the evening.

A musical program will be furnished by the Copstone Male Quartet. The public is cordially invited.

Christmas Seals— 3,700 Envelopes Of Them In The Mail

Proceeds From Sale Will Be
Direct Benefit To
Residents

3,700 envelopes, each containing 200 tuberculosis seals addressed to Belleville residents, were placed in the mails today by the Department of Health. The proceeds from the sale of these seals is a direct benefit to the citizens of Belleville, inasmuch as it provides a nurse to follow up cases, a clinic for early diagnosis, health work among Negroes sends children to health camps, and provides health education that will prevent tuberculosis.

Tuberculosis, age-old enemy of life and death, each year takes some of our good citizens. Last year thirteen people died from this disease in Belleville. This is 7 percent of all the deaths that occurred in Belleville. The new reported cases were twenty-four. In Essex County in 1929, there were 718 deaths from this disease and 1,500 new reported cases. The actual number of deaths occurring a few years ago was not much different from the present, but when you realize the startling increases in population that have occurred recently, we must congratulate ourselves that the death rate has declined amazingly within the past few years. In 1910, the Essex County rate was 217.7; in 1920, it was 125.9; and in 1929, 87.4. We haven't yet the figures for 1930, but they will probably be about the same as 1929.

The magnificent and encouraging decline in tuberculosis mortality is generally acknowledged to be, to a considerable extent, the result of intelligent public health planning especially in the tuberculosis field. The money received from a sale of Christmas Seals has not been used for patients who are already hopelessly ill. The campaign has been designed "to lock the stable before the horse is stolen." It has been a campaign of prevention planned to keep those who might otherwise have fallen victims to this disease in a state of health which enabled them to resist onslaught of the dangerous tubercle bacillus which produces active tuberculosis.

It may seem unbelievable that the comparatively small sum expended by anti-tuberculosis organizations can be so powerful in influencing the death rate.

Have You Visited Lawn's Toy Annex

Have you visited Lawn's toy annex at 549 Washington avenue? It is located three doors north of his present store at 543 Washington avenue and he has a wonderful stock of Christmas articles such as toys, games, coasters, scooters, Christmas tree ornaments and so forth. It will be worth your while to pay him a visit as you can save yourself a trip down town.

Woman's Club Tax To Capacity At Reception For

Capt. Lamb Of State
Told Of Rigid Recruit
Training

Representatives of the town of Education, Town Commissioners and teaching staff were present at a reception given by the members of the Belleville Women's Club to their associate members, guests. The club rooms were to capacity. Officers of the club were on the receiving line.

The president, Mrs. R. Chitt Whitfield, presided and outlined aim and object of the club, also giving a brief explanation of the manner in which meetings were conducted. The program was then given over to Mrs. Charles S. Smith, vice president and program chairman who presented Ann Van Sic soprano, who sang two groups, first being an old English group including "Rose, Softly Blooming Svohn, and "Come and Trip It Handel. The second group included "A La Fimminca," an old Italian song, "Coming Home," by Williams, and "The Cuckoo" by Lehn. Eleanor Bacon-Peck was the accompanist, both artists are from Belleville.

Captain Lamb of Company J, State Police, was the guest of honor and explained the rigid course of training the recruits are required to take in order to become a Trooper. The course covers a period of three months. The State Police are also very much interested in the Boy Scout movement and hope soon to be able to give Eagle Scouts a two weeks' course of training. Captain Lamb told of the recent installation of the teletype system by means of which an alarm can be flashed to all points covered by State Police in five minutes, thereby enabling them to more readily apprehend criminals.

The last few minutes of the program were given over to answers to questions.

Mayor Samuel S. Kenworthy associate member greeted the men and expressed his pleasure in being able to meet with them a year.

Charles Granville Jones, president of the Welfare Federation of Belleville, told some interesting facts relating to the collection and distribution of money for the Connecticut Chest and the manner in which various organizations use the money.

Mr. Charles L. Steel, president of the local high school said, much as pupils now remain until they reach the age of an increase in expenditure looked for, especially in the grammar grades and lower school. Mr. Steel also thanked club members for the annual given by the club to the young man graduate of the high school has done most for the school.

Mrs. Porter Sheldon was presented as the new member of the education. Mrs. Sheldon is vice of the Woman's Club.

Refreshments were served by Board of Directors the members including Mesdames Whitfield, J. J. Schaffer, E. J. Mutch, Jan Shawyer, George P. Oslin, W. V. Irvine, James K. Alexander, Liam P. Adams, W. END OF MAN PASSES ON

McCombe, pastor of Grace Baptist Church, who died last week, passed on. Little may ever be known of the happy life made possible for many in this town, as well as other towns, by his cheerful smile and ever helping hand encouraged countless outside of his own church.

Little kindly gentlemen, as we who knew him well came to respect and deeds, was a true minister of the gospel. So far as we know, he was a good word for all. He lived truly to do good.

Weeks ago he visited at our office as was an almost daily custom. We felt he did not look as spry as usual. And then pneumonia and he was taken to St. Barnabas' Hospital, Newark, where

he will miss the kindly help of Rev. McCombe. He often, in a word, told us how he would like to go back to the simple farm life. He could see his way to leave his chosen calling. He could

He was the kind of a man we affectionately refer to as a friend. As when we were in need of cheer and his outlook on the bright side. He had a deep rooted love for Belleville.

He spent in the Belleville News office suggesting how our which was his "pet hobby" could be improved; how the good could be pictured by a newspaper and not the sordid. He wanted

ALL STATES NEWS

POLITICS AND PERSONALITIES

What would politics be without its exposures and scandals, its plots and conspiracies, its congressional inquiries? We are promised much of this sort of thing soon. Rarely has the Washington atmosphere been so favorable for sensationalism.

That the Teapot Dome scandal will be "dwarfed" in comparison with revelations to be made concerning federal postoffice leases is assured us by Senator John Blaine, of Wisconsin, chairman of the Senate Committee investigating these leases.

A congressional inquiry will undoubtedly result from the published charges of corruption in disposing of government shale oil lands as stated by Ralph Kelley, former employee in the Interior Department, and denied by President Hoover and Cabinet officials.

While Representative Jack Garner of Texas reiterates his demand for an investigation of government tax refunds to large corporations, Senator Smith Wildman Brookhart, of Iowa, brandishes his tomahawk around the benign head of Secretary of the Treasury Andrew Mellon.

Congressional bootleggers and prohibition spies have broadcast "confession stories" which prove the well known fact that many Congressmen vote dry and drink wet. More investigations are demanded, with facts, names and dates asked for.

All in all, it looks like a good season for broken reputations and political death warrants. However, recalling the tremendous smoke and small fire that have attended some of these threatened "scandals" in the past, we hesitate to grow excited too quickly. We must be shown. And perhaps we shall be.

WALKING, DANCING DOLLS

Ancient peoples and cultures not our own are represented in the archeology department of the National Museum by figures that walk and act. They are the marionette dolls recently acquired by the museum. Hawaiian "hula dancers," and groups of Ceylonese, Siamese, and Japanese figures are included in the collection.

Of course, the puppets do not perform on their own accord, but an expert stage manager can make them do almost anything. Each doll consists of a head and a dress that conceals numerous wires bent into the proper shape. A hand slipped under the robe manipulates the wires and causes the figures to dance or walk. The dolls in the museum are about one-third man size. Among the group are some Japanese wood carvings representing historical characters of the Kingdom of Majapahit, which differ from the other exhibits in that they are operated from below by rods instead of wires.

The marionette has a long history whose origin is lost in antiquity. Evidence of the existence of these puppet people is found in the ancient civilizations of India and Egypt, and of Greece and Rome. Punch and Judy shows amused England a century ago, as Tony Sarg's marionettes entertain us now. Public schools and community centers often use these wooden figures to dramatize the past.

WHAT AVIATORS MUST KNOW

The aviator should be as weather-wise in regard to the air as the fisherman is as regards the water. This is the opinion of Dr. W. J. Humphreys, federal meteorologist, whose list of the things an aviator should know about atmospheric conditions is a lengthy one. Although the weather bureau maintains a rapidly expanding service of flying weather forecasts, a flier without some practical working knowledge of meteorology cannot make good use of this service.

"With the aid of the forecaster and of the latest weather map," says Dr. Humphreys, "the aviator learns what sort of weather to expect. But weather does not always come exactly according to forecast. It, therefore, is essential that he know not only what kind of weather he probably will encounter, and where, but he must definitely understand the significance of clouds and other weather appearances. He must know to a certainty from the looks of things whether the expected storm for instance, is developing sooner or later than anticipated.

"In addition to being able to consult with the forecaster and to read the weather map, he must be able to visualize that map in terms of actual weather conditions."

MOUNT VERNON IN EUROPE

Next year, people in Europe will be able to visit Mount Vernon without crossing the ocean. Or, rather, they will visit a full-size reproduction of the historic George Washington home and grounds which is being constructed at Paris as America's contribution to the 1931 French International Colonial Exposition. The first shipments of material and equipment for the project have already been made, and construction is under way.

The Parisian "Mount Vernon" will be situated on a sloping plot on Lake Dumesnil at Vincennes with the River Seine in the distance, so the setting will be somewhat similar to our Mount Vernon overlooking the Potomac. Every detail of the American building, including fireplaces, mantels, stairs and minute architectural

features, has been carefully measured and drafted for reproduction. Even the grass and the bronze hardware is being accurately copied. The entire house, with the exception of the attic, will be furnished as in the days of Washington. This includes the so-called "Lafayette room" in which the Marquis stayed during his visit to Mount Vernon in 1793.

American building experts will supervise the construction work of the French carpenters and laborers. All the materials used will be of American origin.

WHEN CONGRESS MEETS AGAIN

The congress that convenes this December should be a few degrees more interesting than when we last saw it. Six newly elected senators and 14 representatives will succeed men who were appointed only to fill out unexpired terms. Among the new faces there will be:

Dwight Morrow, one of the brightest stars in the heaven of presidential prospects, who will take the place of Senator David Baird of New Jersey.

Robert Bulkley whose anti-prohibition stand in Ohio, cradle of the Anti-Saloon League, helped make his election of national importance. He will succeed Senator Roscoe McCulloch.

The Democratic George McGill of Kansas, who will replace Senator Henry J. Allen, "the President's spokesman."

Secretary of Labor James J. Davis who ousted "Old Joe" Grundy, Pennsylvanian hero of the lobbyist-statesman saga.

Robert D. Carey, who will replace Senator Patrick Sullivan of Wyoming, and Ben Williamson, who will succeed Senator John Robinson of Kentucky.

Mrs. Otis Wingo, of Arkansas, who will increase the feminine delegation in the House to nine. She is the widow of the recently deceased Representative Otis Wingo. This will give Arkansas two women representatives, the other being Mrs. Pearl Peden Oldfield, who is also the widow of a former representative.

CREATIVE AMERICA

America's inventive mind was never so active as during 1930, judging from Commissioner of Patents Thomas Robertson's report that the United States Patent Office is having the biggest year in its history. Applications for patents on radio and talking picture equipment and on refrigerators show a marked increase over previous years. The demand for radio patents is so large that one entire division of the patent office and portions of two other divisions are needed to handle applications.

Since congress last May made certain new varieties of fruits, flowers and vegetables patentable, there has been a steady demand for plant patents, but none has been issued so far. Only plants reproduced from sprouts, as distinct from plants reproduced from seeds, come under the provision of the new law. The Department of Agriculture is lending its aid in the work of ascertaining whether the applicants have actually invented and reproduced distinct and new varieties of plants.

There are over 100,000 applications before the office awaiting action. This number is being reduced as fast as possible by the addition of examiners as authorized during the last session of congress.

A true friend loves you not necessarily for your virtues, but in spite of your faults.

The resumption of business prosperity is merely the opening of canned confidence.

When you sum it up, life is just one obstacle race after another.

A Santa Monica woman has at last become the champion of her sex. She had been subpoenaed as a witness and the court, before she began her testimony, instructed her as follows:

"You must be very careful, madam, to state only what you actually saw and know. There must be no hearsay evidence." He then signaled for the prosecutor to go ahead.

"What is your age?" asked that worthy.

"I cannot answer," cooed the lady. "I have only hearsay knowledge on that point."

CHRISTIAN SCIENCE CHURCH

"Thanksgiving" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Thanksgiving Day, November 27, 1930.

The Golden Text is: "Rejoice in the Lord, ye righteous; and give thanks at the remembrance of his holiness." (Psalms 97:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Bring ye all the tithes into the storehouse that there may be meat in mine house, and prove me now herewith, said the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." (Malachi 3:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Giving does not impoverish us in the service of our Maker, neither does withholding enrich us." (p. 78).

7 P. M.—Senior C. E. devotional meeting. Topic, "Our Responsibility to Spread the Gospel." Leader, Miss Beatrice Rollin.

7:45 P. M.—Evening Worship. The chapters of the twenty-first district of the Eastern Star Order will attend. The address will be given by Rev. Abbie Niederbuhl. Many of the state officers will be present. You are cordially invited to come and join this happy gathering.

December 2, the Ladies' Aid Society will hold a Rummage Sale on Washington avenue. Kindly put articles aside for the sale and notify Mrs. W. Smith by telephone. Your bundles will be called for. Next week announcement of the place where it will be held.

Sunday, December 7, at 7:45 P. M. "A Clinic in Regeneration." Music by the Harmonica Boys. Herbert Sweet will sing gospel songs. Two or three testimonies of reborn men. Lawrence Sutherland of the Good Will Home and Rescue Mission will speak.

CHRIST EPISCOPAL

Rev. Peter R. Deckenbach

First Sunday in Advent Holy Communion at 7:45 A. M. This will be the Thirtieth Annual Nation-Wide Corporate Communion of the men and boys of the church, sponsored by the Brotherhood of St. Andrew. Morning Prayer and sermon at 11 o'clock, topic, "Alone." Sunday evening at 7:45, the first of Attendance Campaign Services, under the auspices of the Brotherhood of St. Andrew, will be held. Mr. Deckenbach has chosen as his sermon topic, "The Cost of Harvest." An effort is being made to increase the attendance at the Sunday evening services, throughout the season of Advent, with the goal set at 250 on the last Sunday night in Advent, December 21. Come! Let's do our bit, and make it our best campaign!

Thanksgiving services at 9 A. M. on that day, and the Union Community service at Wesley Methodist Church at 10:30, with Mr. Deckenbach preaching; topic, "The Laborers of the Harvest."

At the meeting of the Candidates of the Girl's Friendly Society, held on Monday afternoon at the parish house, Miss Frances Arnold, Field Secretary Province II, was the guest speaker. The dolls which were dressed by members of the Senior G. F. S., were on exhibition. These dolls are part of the contents of the Christmas box, which the church is sending to an Indian Mission in South Dakota, and for which Mr. Deckenbach is requesting articles to be left at the rectory. The box is to go this week.

The regular monthly meeting of the Woman's Auxiliary will be held on Monday evening in the club room of the parish house. This will also be the occasion of the annual election of officers, and a full attendance is desired. Mrs. Edward Nelson, president, will occupy the chair.

Wednesday evening will be Rector's Night at the meeting of the Girls' Friendly Society. Mr. Deckenbach will give a reading.

About twenty-four members of the Ladies Guild attended the informal get-together luncheon, which preceded the regular meeting last Thursday. This was quite an innovation, and proved a great success, so it was decided to continue the informal luncheons each month, before the Guild meetings. The four hostesses, Mrs. G. Edward Pratt, Mrs. George Schmeltz, Mrs. Walter Coups and Mrs. Herbert Mayes, very kindly volunteered to continue to serve in that capacity.

The combined November and December committee, of which Mrs. Grace B. Winship and Mrs. John C. Yeber are co-chairmen, held a meeting at Mrs. Winship's home, 35 Divi-

sion avenue, on Friday afternoon. Plans were perfected for an afternoon pivot card party, to be held at the parish house on Friday, December 12, at two o'clock. This committee finishes the list of names alphabetically, at the close of the year.

The instrument, which has three manuals of sixty-one keys each, was made by the Harry Hall Organ Co., of New Haven, Conn. The case was designed by Charles G. Jones of Belleville.

ST. PETER'S R. C.

Rev. E. J. Field, Rector
Rev. J. S. Nelligan, Curate

The officers and workers of the general committee preparing for St. Peter's Bazaar, which will be held during the first week of December, are pleased with the interest abroad, and are exerting all possible means to continue the spirit, to the end that the Bazaar will be the desired success.

The officers are grateful for the present support and invite all who to date are not actively interested, to come to the meeting Friday in St. Peter's Auditorium and register their interest by their presence.

The novel features of the bazaar, not advertised, will be assuring of pleasure. The opening night will be an expression of the earnestness of the committee to assure the patrons of the spirit and hope to entertain and please. The orchestra of excellence which will furnish the music will be the feature talk for weeks to follow the bazaar, and the repetition of its numbers will be demanded on the evenings following the opening night. The card party chaperoned by the Social Society, will be an innovation in prizes and entertainment. The Holy Names Society, as usual, is hustling to maintain its prestige, and the Catholic Daughters and the Knights of Columbus, the choir, Dramatic Club, Ladies' Auxiliary, A. O. H., and the Ladies' Catholic Benevolent Association are seemingly unusually interested, and the combined efforts of the committee and organizations argue well for the success of the bazaar.

The committee are happy to announce articles of general excellence and the hope of social success is primary to that of financial endeavor.

Thursday afternoon will be given in compliment to the children, and the usual merriment, personal to the children, will find open expression.

The parochial authorities are grateful for the expression of interest evidenced by the chairlady, the committees and organizations.

Sunday the High Mass at St. Peter's will be by Rosewig with R. Francis Ball at the organ. Miss Emily McCann will be the soloist assisted by a very capable choir.

Cotton Tweed Effects For Fall

COTTON tweeds for crisp and cool autumn days! Much has been said and written this season about cottons for fall and winter, but one needs only to see the accompanying photographs to realize how completely all this has come true.

The costume photographed at the left shows a charming combination of a new cotton tweed with short velvet jacket which is the essence of youth. The colorful plaid design of the tweed makes it particularly appropriate as a jumper frock for general daytime or school wear.

The other model shows a new tweed-printed cotton costume which combines rich shades of brown with laid green in a smartly tailored sports suit. One of its new features is the collarless neckline with separate scarf favored by so many of the smartly dressed younger set this season.

be formed and to include members who are vitally interested in better art in the theatre. The speaker told of many interesting things among them being the large part proper lighting has in producing the correct mood for a production.

Mrs. W. D. Cornish, chairman of the Art Department, told of a visit to the Nibroc Paper factory in New Hampshire, and took the audience on an imaginary trip with her showing how paper was made from the cutting down of the trees to the finished product. Furniture, plaster board, rugs, rayon and many other articles are made of paper the speaker said and that the woods most used were tar, pitch and pine. Mrs. Cornish also told of her day spent in New York with the art department of Contemporary visiting various art centers.

There were several objects of art on display among them being a painting by Mrs. Cornish, a Belgium vase, loaned by Henry Holst and three pictures loaned by Mrs. Harry C. Walker.

Two young men from the local high school, John Cataldo and Vincent Mantegna rendered two violin duets which were very well received. Refreshments were served by the Art Department.

Mrs. Lucy Bootes, Poor Master of Belleville, has made a plea for children's clothing. Kindly send any articles direct to Mrs. Bootes at Town Hall.

The club has received an invitation to attend the Sunday Afternoon Concert to be held in the High School on Sunday, November 30, and it is hoped the members will avail themselves of the opportunity to hear some very fine music.

Do not forget the evening card party to be held at the club house December 5, at 8 o'clock. This card party is being given by the Ways and Means Committee. Mrs. J. J. Schaffer, chairman, and as tickets will be limited it is advisable to obtain them at the earliest possible date from any of the following members of the committee: Mesdames H. F. Abbott, W. P. Adams, J. K. Alexander, A. S. Blank, A. Groeber, G. D. Haslam, P. A. Horton, J. Huiser, W. V. Irvine, Ernest Johnson, Joseph Kaden, C. H. Kelly, Raymond Mertz, Lloyd Nunn, John Peacock, Russel Sargeant, Charles S. Smith, R. H. Smith and H. C. Walker.

The card party next Monday, December 1, will be in charge of Mrs. G. C. Miller, card party chairman, and the hostesses are Mrs. Charles S. Smith, Mrs. J. F. Wisschusen, Mrs. K. Michael, Mrs. A. P. Groeber and Mrs. E. J. Mutch. The bridge tournament now being held has been proving popular and is open to all. Mrs. J. Harry Hardman is in charge. There are also tables for whist and pinochle and special prizes will be awarded those players at the end of the season. High scores are kept every week.

Mrs. W. P. Adams is in charge of reservations for the seventh and eighth districts conference to be held at the Glen Ridge Woman's Club, December 4, and would like to hear this week from anyone desiring to attend.

There is to be a meeting of the Board of Directors at the club house Friday afternoon, December 5.

The Civic Committee, Mrs. W. F. Entekin, chairman, will meet with Mrs. A. S. Blank, 66 Malone avenue, December 3, at 2:30.

"Tom" MacNair Holds
On To Elks' Diadem

"Tom" MacNair retained his championship diadem of the local Elks by taking three straight games from "Butch" Kastner in the finals, Thursday night, at the local alleys.

This clean sweep enabled MacNair to win the honor with a two game margin to spare over his nearest rival, Charley Waldie. The final standings showed MacNair with twenty wins and seven defeats, while the best Waldie could do was eighteen wins in his twenty-seven starts.

MacNair's winning of the championship marks the second time that a bowler has won two years in succession. Cliff Faust won it two years in a row back in 1926-27. Charley Waldie succeeded him to the throne in 1928, followed by MacNair's twin triumphs of 1929 and 1930.

The veteran Tom registered one of the best marks of the competition in taking the first game from Kastner. He burned up the alleys on this occasion with a sparkling 246. This beat Kastner's score of 194 by more than fifty pins.

Tallies of 184 and 180 in the final two proved too much for Kastner's 164 and 166 in these games and enabled MacNair to register his three game sweep.

Orange High Twins
Buck BellevilleGolden Tornadoes Defeat
Locals By 13-0
Score

Supplying no adequate defense against Orange's deadly accurate forward passing attack, Saturday afternoon, at Clearman Field, the Belleville High gridders were turned back, 13-0 by the Golden Tornadoes.

Late in the second quarter with the pig-skin deep in Orange territory, Mauriello, visiting quarterback, stepped back and heaved a twenty-five yard pass to Lalleggio, his back-field mate. The latter made a beautiful run of it to carry the ball to Belleville's five yard line, after a net gain of sixty-four yards from the line of scrimmage. A similar pass in the third period provided the Orangemen with six additional points.

Bill Daly, who played a hard game at tackle for the locals, smeared many plays.

Orange hinted as to the final result, with their first forward pass early in the game. The intended receiver had a clear field ahead of him, had he caught it, but luckily for Belleville it was dropped. "Mac" Lamb, ever alert, then intercepted the next attempt on his own twenty-seven yard line.

Belleville could not seem to penetrate the Orange forward wall, so rather than take chances Fritz Plenge kicked. Orange also failed at plunging and returned the ball to mid-field.

Jerry Bonavita was inserted into the Belleville back-field at this point and seemed to give it more life on the attack.

At one point the ball was kicked around by both sides, with Orange finally recovering it on her own ten yard line.

The Orange punter then attempted another kick, behind his own goal posts. He was successful, this time. Westra receiving the ball on the thirty as the quarter ended.

A fifteen yard penalty at the start of the second quarter carried the oval back to mid-field, to ruin Belleville's only scoring chance.

Both lines worked over-time all during the first part of the second quarter, with the result that play was confined mostly to two or three unsuccessful rushes and a kick. Bill Daly was again the main cog in the fast charging Blue and Gold forward wall, at one time throwing an Orange back for a ten-yard loss, one of the prettiest pieces of line play seen at Clearman Field in quite some time.

Belleville, as a result of an exchange of punts, was gradually driving Orange back, until the visitors towards the end of the first half had possession of the pig-skin on their own thirty-two. And then it came.

The Break

A run around left and lost one, but that Mauriello-Lalleggio forward passing combination found their spot and executed their winning play with disastrous effect. After a net gain of sixty-two yards, Lalleggio was finally downed on Belleville's five yard line. Here Belleville fought, but it was inevitable. Two line plunges and O'Donoghue had crossed the last white marker for the initial score of the game. Daly blocked the kick for the extra point.

With a minute to go, Orange again threatened, getting to the five yard line on an intercepted pass and a twenty yard aerial. The whistle sounded with the pig-skin resting in the shadow of the Belleville goal posts.

Coach Erickson of the locals "pulled" a surprise at the start of the second half, by yanking almost his entire first team and sending in his second-stringers.

The "B" squad more than held its own at the start of the second half, breaking up the Orange forward passing attack, and then gaining ground via the punting route.

Following one of these numerous punting duels toward the end of the third quarter, Orange got the ball directly in mid-field. The first play for Orange, a dash around end netted them six yards.

Switching their attack, Orange again resorted to passing.

Their first attempt was successful to the nth degree, gaining forty-three yards and bringing the oval to the one yard line.

One plunge and O'Donoghue had again registered a six-pointer. An end run by Mauriello brought the score up to its final 13-0 appearance.

This Whirl of Sport

By ARTHUR BLOEMER

It happened! As most of you know, the powers that be at both Belleville and Nutley High Schools patched up their grievances, sat together and arranged a post season grid (it for charity). This football classic will take place at Park Oval, Nutley, on Saturday, December 9.

We hope that this will be the beginning of mutually beneficial athletic relations between these two great rivals in the years to come. These Belleville-Nutley grid battles have always been the cream in the grid dish of both towns and as such are deserving of continuance.

Now for analyzing the two teams. While Belleville has yet to meet East Side and Nutley, South Side, both of Newark, the games in which both teams have participated during the last waning season are ample as criterions of their strength for the sixth.

Neither team has shown to a marked extent consistent power or scoring ability all season. Both have been brilliant and ship-shod in turn. In short the two must be classed as fair teams, no more, no less. But this should take none of the edge from the game, as, on paper, they seem about as evenly matched as could be described.

Belleville's line, the one bright spot of the locals' work all season, seems to hold some sort of an advantage over the Nutley forward wall. Nutley's backs, on the other hand, look good enough to more than hold their own with the local back-field. The Bell-boys' one consistent ground gainer all season has been "Mac" Lamb, their fleet young halfback. None of the other backs have shown as much steadiness.

Connor and Sherwood of Nutley have been constant threats in the Nutley back-field most of this season and give that team an edge.

One feature of the Nutley quarter that is very much in their favor is their forward passing attack. With Sherwood doing the throwing, the neighboring eleven has gained a big percentage of its ground via that route.

To augment this threat, Belleville has shown a decided impatience at defending itself against an aerial attack. This weakness was never more forcibly brought to the fore than in last Saturday's Orange game. The Golden Tornadoes forward passed the locals to death, gaining both their touch-downs in that way and threatening on several other occasions.

for a loss or to block some kick, an art at which he is particularly adept. He is in the game every minute, a real football player. A few more Bades and football matters would undergo a decided change for the better, this side of the Passaic.

Bill Daly ably seconded Bades last Saturday against Orange, playing his best game of the season. He broke through time and again to throw some Orange back for a loss.

ELKS' BOUTS

"Joe" Reilly, chairman of the Social and Community Welfare Committee of the local Elks, is rapidly completing preparations for his fast approaching amateur boxing show at the Elks' Home, Friday night, December 5.

Boxing, one of the few sports not localized, has seemed to at last take a hold on Belleville sportdom. Judging from the large attendance and interest evoked from the Elks' initial venture into the squared ring several weeks ago, it will be a welcome addition to an extensive winter sports program.

Reilly in signing up his entrants for the tournament has taken particular care in not letting any local talent slip through his fingers. The one criticism made of his premier effort of a month back was that there were not enough local faces among the principles. He intends to remedy this as much as possible and makes haste to inform all local boxers who have not yet fallen into line to send their names to him, care of the Elks. It follows, of course, that all of these fighters must have the sanction of the A. A. U., under whom the bouts are being staged.

LOCAL BASKETBALL

With the second night's play of the American Legion Basketball League now a thing of the past, the court game seems to be with us to stay.

This court circuit seems to possess heaps more strength than its immediate predecessor, the Recreation League of last season.

Some of the fastest young exponents of the court game hereabouts are already enrolled on the rosters of the various teams entered. Taking the teams, the championship Bachelors retain all their old time skill and zeal. Their acquisition of Artie Dunn makes them more dangerous than ever.

Their most serious contenders for the title are probably the Clintons and the Valleys. The Clintons, the one new team in the loop, have shown lots of promise so far and should place one-two-three. Likewise, the Valleys, who placed second last year, should be in the battle all the way. Their addition of Ebert and Mutch has certainly done them no harm.

Of the remaining teams the last minute entry, the Garnets look like the best, while the Unions and the Panthers are bound to cause trouble all during the season. The Unions' splendid play against the Valleys during the first night of play almost spelled victory for them.

As an added inducement for those basketball-inclined fans, the Elks are thinking about backing a Sunday night basketball team, with dancing afterwards, much after the manner of the Belleville A. A. of several years back.

There are many difficulties to be overcome before such a plan can ever hope to materialize, but with everything taken into consideration it looks like a paying proposition. It has often been remarked that Belleville is "dead" insofar as sporting activity is concerned, on Sundays. Little imagination is required to see what a boon this would be towards livening up matters.

Of course, the question naturally arises as to whether a team made up of local talent or a good outside club should be engaged as representation. If enough good players can be obtained in Belleville, and we think that there can, that looks like the ticket. If that is impossible, then outside talent may be resorted to. The pick of the Belleville players should be given first consideration, however, and if they fail, get others.

This basketball proposition is still in the "remote possibility" stage, as the Elks are only considering it. We hope, with most of the large number of basketball devotees in town, that their decision is favorable.

Installation Held By Ct. Sancta Maria

Installation ceremonies of Court Sancta Maria No. 61, Catholic Daughters of America, were conducted by District Deputy Mrs. Mary MacDonald of Kearny, Tuesday evening.

Visitors were present from Bloomfield, Nutley, Lyndhurst, Newark and other near-by courts. Solos were sung by Mrs. Frank Brohal, Mrs. Gertrude Dillon and Mrs. George Ward.

A delightful repast was served by Mesdames Isaac Harker, George Barnett, William Sullivan, Michael McCann, Patrick Gelschen, Thomas Lukowiak, and the Mesdames Betty and Mae Ford and Veronica Barnes. Grand Regent Elizabeth Cousins, accepted for the court a substantial check from a couple who through modesty desire their names withheld. It was given to be used in any way the court saw fit, presumably for charity.

The donors are highly respected in the community, the gentleman being held in great regard by the daughters as one who could be relied upon at all times to further the cause of the Catholic Daughters, and his wife a charter member and a past officer, held in great esteem. The court extends many and grateful thanks. The officers installed were Grand Regent, Elizabeth Cousins; Vice Grand Regent, Mrs. Mary Lukowiak, Historian, Mrs. Catherine Byrne; Financial Secretary, Regina Cogan; Treasurer, Mrs. Mary Westlake; Prophetess, Mrs. Emma Stickney; Monitor, Miss Grace Jordan; Lecturer, Miss Florence Kelly; Organist, Miss Helen Lukowiak; Sentinel, Mrs. Mary Gelschen; Trustees, Mrs. Nellie Cogan and Mrs. Julia Neary. At the next meeting, December 2, of the Court, plans will be perfected for the coming bazaar at St. Peter's and the twenty-fourth annual dinner of the institution of the court. The memorial services for deceased members will be held Sunday, at 3:15 P. M.

The Court presented Grand Regent and the District Deputy with Oriental diamond necklaces cut crystals full length.

Two Hurt in Collision

A three-year-old child and a Pascaic man sustained minor cuts when two automobiles collided Friday afternoon. The child, Theresa Cicola of 9 Eugene place, was in the machine of Mrs. Nicholas Burde of 570 Union avenue as she was backing out of her driveway.

The car was in collision with one driven by Zigmund Esterhazy of Lambertville, in which Stephen Coolidge of 17 Monroe street, Passaic, was riding.
