## Planned By Goodfellow Post

Steamer Will Penn  
for Second Moonlight

### Sail

The second annual moonlight sail of Goodfellow Post, No. 1, will be held June 27. The William Penn has been chartered and will leave the Municipal Dock 8, Port Newark, at 8 o'clock for a trip up the Hudson. Transportation arrangements from the Elks' Club have been made with the Public Service, to leave from that point (1048 Broad street, Newark), at 8 P. M. Port Newark was selected by the entertainment committee as the sailing point, to avoid the usual delay caused by the seven bridges on the Passaic River. The new arrangements will allow about two hours more for the trip up the Hudson.

Vincent Carson, chairman of the committee, has arranged plenty of surprises and thrills for the guests and friends. The William Penn will have everything on board that goes into a real moonlight sail. Tickets may be obtained from any member of the post, the secretary of the Elks' Club or at the boat. Tickets are seventy-five cents.

After tacking back and forth across the harbor for several hours, against a strong ocean breeze and incoming tide, they finally reached the Narrows, turned about, sailed to Clarendon Island, where hands went over the side for a refreshing swim. Pictures were taken on the return trip, and the cruise ended about 4:30 P. M. Skipper Paul P. Scholz was in charge, with Mr. Posse of the Naval Reserve. "Is the Universe, including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 24.

The Golden Text is: "To us there is but one God, the Father, of whom are all things, and we in him" (1 Corinthians 8:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord by wisdom hath founded the earth; by understanding hath he established the heavens. By his knowledge the depths are broken up, and the clouds drop down the dew. My son, let not them depart from thine eyes: keep sound wisdom and discretion" (Proverbs 3:19-21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook: "Science and health with Key to the Scriptures" by Mary Baker Eddy. "The human mortal mind, by an inevitable perversion, makes all things start from the lowest instead of from the highest mortal thought. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend in infinite being" (p. 189).

## HAY FEVER

Hay fever—its victims may enjoy knowing, isn't hay fever at all. It is hard to convince the chronic sneezer of this. Many of us are rendered uncomfortable by the seizures each year, and it is encouraging to find progress is being made in the elimination of the causes.

American Medical Association research experts say that the human body is fighting off disease germs in our crowded conditions, and when our system mistakes pollen or some other dust for a disturbance as a result.

The cure soon when an unfailing cure is established.

## AS WE LOOK ON

Talk of equality in these days, how no man should possess more of the world's goods than his fellow man, how no one will be allowed to make more than a living profit in business, how the employee will be treated as the employer employee, how none shall be poor and none shall have a lot more visionary talk. But, down deep in our hearts, we know such assertions are only the result of dreams and fancies. If you had ten millions dollars today and went out to divide it among ten men and they were allowed to spend it at the end of ten years nine of the men would be coming back to work for the tenth. If every one in the United States had an amount of cash, the nation would starve and freeze to death. There would be no banks, no stores, no factories, no industry of any kind. Of course, it does make excellent campaign material and electioneering on.

## ISN'T YOUR TOWN—IT'S YOU

If you want to live in the kind of a town you like, you must first be the kind of a town you like. Like the kind of a town you like, you must first be the kind of a town you like. You needn't slip your clothes in a grip and start on a long, long hike. You can only find what you left behind, and for there's nothing that's really new, you can't knock at yourself when you knock your town. It isn't your town—it's you.

Towns are not made by men afraid. Let somebody else get ahead, and everybody works and nobody shirks. You can raise a town from the dead, when you make your personal stake in it. Labor can make one too, when you will be what you want to see. It isn't your town—it's you.

## KENTUCKY

Kentucky—creator of the mint julep!

This is the state where Daniel Boone established his fort at Boonesboro on the Kentucky River, fought "oodlins" of battles with the Indian, and "positively" lived for many years in each of about one hundred "Boone caves." Boone is buried high on a cliff of the Kentucky River at Frankfort overlooking the magnificent State Capital.

Kentucky's first settlement was at Harrodsburg. Here in the cradle of the Northwest, is a replica of Fort Harrod, as it existed a century and a half ago. Adjoining the fort is the cabin in which the ceremony of Thomas Lincoln and Nancy Hanks was performed. The cabin was formerly located in Rockland, and was about to be torn down for fire wood, but an historical society caught it just in time and reconstructed it as a shrine.

At Shakerstown, a few miles north of Harrodsburg, are the buildings of the Shaker Colony, built under the direction of Sister Mary Lee. The women of this settlement held equal voice with the men. They believed in celibacy, and their houses were divided by a hallway in the center with stairs on each side. The women's side was adorned with curtains and geraniums; the men's side was bare.

In Lexington, named in honor of the heroes of the American Revolution, may be seen Mary Todd Lincoln's home; here, gowning in somber shade, is Ashland, home of Henry Clay, who, when most ambitious for office, said: "I'd rather be right than be President."

In and around Mt. Sterling are groups of ancient Indian mounds from three to five hundred feet in circumference. In Madison County is Indian Fort Mountain, a fortification whose prehistoric masonry rivals that of the Aztecs.

At Bardstown, famous for the "Old Kentucky Home," are the famous Murillo, Van Dyke and Rubens paintings brought by Louis Philippe of France to this country and preserved from despoliation by the French Revolutionists. They are to be seen in St. Joseph's Cathedral.

At Frankfort is the old Holmes House, once headquarters of Aaron Burr. Also a memorial cemetery where lie the bodies of Daniel Boone, Joel T. Hart, world famous sculptor, and Theodore O'Hara, soldier and poet, who wrote the "Bivouac of the Dead."

Four miles south of Danville, is the first stone house built in the state. So densely was the country wooded at the time, that building stone was thought to be a curiosity, and this house was long the envy of many. Also in Danville, on Second Street, is to be seen a quaint two-story frame structure where the famous Doctor McDowell performed the first ovarian operation of the world before the days of the anesthetic.

Perryville, where the battle of Perryville was fought, holds a unique place in history. Here, the night before the battle, two brothers-in-law, Generals Brogg and Buell, commanding opposing forces, slept together in the same bed!

At Lancaster is the original "Uncle Tom's Cabin," while nearby is the Kennedy Mansion where material for the story was compiled. The old slave block may be seen at Washington, Ky., near Maysville.

## Ford Announces

## Price Reduction

Prices Had Remained Unchanged Since Last December

Detroit, Mich., June 22—Reductions of \$10 to \$15 in list prices of 1934 Ford V-8 passenger cars and \$10 to \$20 in list prices of Ford V-8 commercial cars and trucks were announced last week by the Ford Motor Company effective Friday, June 15.

Ford prices had remained unchanged since the introduction of the 1934 Ford V-8 last December, the Ford Motor Company not having participated in the recent general automotive price increase. The reductions announced are, therefore, a decrease in the original prices.

The price reduction on the standard and de luxe Tudor Sedans, most popular individual models in point of sales, is \$15. Prices of other standard and de luxe body types were reduced \$10 except prices of the roadster, phaeton and cabriolet, de luxe types, which remain unchanged. Both standard and de luxe passenger cars have the same V-8 engine and 112 inch wheelbase chassis. Body types for both are identical except for the de luxe equipment.

## Party For Graduate

Mr. and Mrs. C. A. Reynolds of 24 Division avenue, gave a graduation party in honor of their niece, Miss Virginia Ellsworth of 337 De Witt avenue, a member of Belleville High School class of 1934, at Packanack Lake Country Club, on Monday evening. Sixteen young women and men of the class were in attendance, making the trip in private motor cars. They were, besides the honor guest, the Misses Muriel Beresford, Alma Boehlmann, Mary Ann Harris, Lois Haythorn, Verna Lyons, Janet Millan and Bessie Reitzel; and John Apgar, Edward Garvey, Donald Gauss, Donald Gibson, Harry Hageman, Joseph Prendergast, Benjamin Russell and James Wharton. There was a swimming party during the early evening, followed by dancing and games at the club house. The party then adjourned to the cottage owned by Gilbert Manser, Mrs. Reynolds' uncle, where a collation was served.

## Chiefs' Chief Small But Full Of Scrap Andy High And Syracuse Club At Stadium For Week-end

Manager Andy High of the Syracuse Chiefs is a little chap, full of pep and fight. What he lacks in altitude he makes up in confidence, ability and aggressiveness. The boss of the Chiefs has the happy knack of instilling a fighting spirit into his associates and has finally turned his outfit into a snappy going organization. He is bringing his rejuvenated Chiefs to the Ruppert Stadium over the week-end for three games, a single game Saturday, and a double header Sunday, against the pace-setting Bears. After the Syracuse engagement, the Bruins will go to Baltimore for four days and return June 30 for a four game series with the Albany Senators.

High is making his debut as a pilot and expects his charges to finish third or better. Andy is not superstitious but a friend, who reads fortunes with cards, recently told him his team would show its true form and begin climbing after the middle of June. Recently the team has been playing better ball and Andy has hopes. With the visitors will be First Baseman Bill Sweeney, who up until last Saturday, had accepted over 510 chances without an error. The spirit of the Chiefs, like the other teams in the league, is to stop the Bears.

There is one rookie pitcher with the fast stepping Bears who is being carefully watched this season. The high ranking officials of the Newark Club and the New York Yankees believe they have an exceptionally fine future star in Jack LaRocca, the 20 year old red head from Greenwich Village, New York. This is his second year in professional baseball, having served his first, last season, with the Binghamton Club of the New York-Pennsylvania League. He was the leading hurler of the loop with nineteen victories and six defeats and also the strikeout king.

LaRocca originally got his start in baseball, as a result of being selected as the most valuable player in the New York High School League. The prize was a trip around the circuit with the Yankees. While with the team he practiced a lot, and was offered a contract, which he accepted and signed. Jack was not ready for the big show and was shipped to Binghamton for experience. This season he was turned over to Manager Bob Shawkey for the finishing polishing touches.

Since joining the Bears, LaRocca has turned in some fine exhibitions and has been especially effective at night. In his last two starts under the lamps he has fanned nineteen men and allowed less than a dozen hits. Veterans say Jack appears much faster under the lights than in the day time. That is merely a delusion, according to George M. Weiss, major domo of the Newark Club and Bob Shawkey seconds the motion. LaRocca is fast at all times and his fine work has earned him a regular starting job with the hurling staff of the 1934 Bears.

## Paddlers Ready For Championships

### Canoeists To Race On July 15 At Weequahic Park

The annual New Jersey State Canoe Paddling Championships will be held on the lake in Weequahic Park, in the Essex County Park System, on Sunday, July 15. Arrangements for the regatta have been made through the Essex County Park Commission by the Atlantic Division of the American Canoe Association. The two will jointly sponsor the events.

The program being developed will give a full day's list of spirited contests, in which many of the world's fastest canoe paddlers will compete. The whole lake will be given over to the meet that day, the first being scheduled to start at 10 A. M.

As last year, when upwards of 15,000 spectators watched the state championship contests provisions will be made for watchers all along the course. The finish line of the races will be near the boathouse at the northern end of the lake. The commission's police boats will assist in keeping the course clear of all except competitors and the officials of the races.

## Saucer Splinters

Jules Andy has been visiting "Torchy" Peden at his Chestnut street apartment. Jules is the happy, little blonde haired cyclist, who broke the hearts of many girls at the last six-day race in Madison Square Garden. Remember how Jules wore out his right hand and eighteen pens, autographing this and that for the fair sex? Jules kept up this work for the girls, even to the point of losing his much needed sleep. However, his willingness and ready smile made him thousands of friends, who were observing from the sidelines.

"Norm" Hill went places Sunday when he defeated Ewald Wissel in a ten-mile tandem paced match race. Norm was like the old boy he used to be. Maybe the fact that he donned his yellow jersey again had something to do with it. The blue one Hill has been wearing is too sober; say those who should know. The yellow jersey makes Hill look the part of champ all-around rider.

Tino Reboli won the first motor-paced championship match, with Georgetti second; Letourner, third; Duelberg, fourth; Debaets, fifth; Jaeger, sixth. The wase wasn't so hot, except in spots when the Frenchman and Italian battled it out. Something or other happened to Charlie Jaeger's pacemaker and Charlie was counted out. To go into detail is beyond our ken. Duelberg kept trying hard, Reboli rode first all the way, which is something or another and Debaets was on again off again Finnegan. Evidently some of the fans thought Georgetti might have stepped a little faster near the end of the race and Vox Populi did not mind any words or boos to advise him of the fact after the race. Letourner, Well, he also rode.

It was the upsy, down daisies before Willie Sullivan, melodramatically said, "Start the motors." Each rider toured the track, some draped in flags of their countries and the crowd kept bobbing up and down like corks, or whatever it is bobs, on the corks, or whatever it is bobs, on the

One was remarked: "What's the sense buying a seat, you're standing up most of the time."

Duelberg would not drape the Hitler Flag about his shoulders. Reboli chose the American Flag, although Willie insisted he was the popular "Italian-American." Stealing Joe Humphries' thunder, Willie introduced Charlie Jaeger "as the boy we hope will bring back the championship to America." Joe had something of that nature to say about Max Baer, a few million fans heard.

Ah! And were we in sassassity Wednesday night? The Milk Fund Benefit drew a tremendous crowd and much gold braid, pushing "us guys" right out of the picture. But a grand time was had by all.

Al Sellinger trundled his way to victory on "the boneshaker," a vintage of 1870, a low, big-wheeled bike, while brother Oscar tried in vain to pass him on a high-wheeled bike of 1880. This race was one lap and the time according to Willie Sullivan was one minute after 10—when it finished. What a race Belleville's pride and joy, Floyd McFarland, put up to nick Larry Lawson of New York City in an Australian Pursuit race that went one lap short of two miles. Floyd may make his pedals move slow motion, but, oh my, Larry is the world's best slow motioner. At any rate the boys got their names up in big letters in the program.

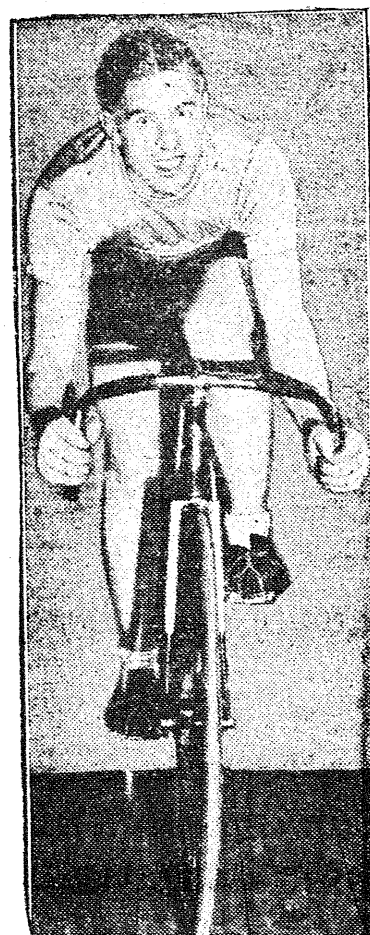

Willie Honeman scampered off with the first of six races to decide the American sprint championship. Cecil Walker was second, Champion George Dempsey, a poor third and Charlie Ritter, fourth. The distance was two-sevenths mile. The four-sevenths mile, amateur, two-mile tandem professional, and miss and our amateur, were excellent events but the two-mile handicap, professional, which was won by Hill, was a knockout. Fast, thrilling and all that a race should be the riders were strung out like a necklace around the track. Dempsey plowed through to second place and Freddie Spencer came in third with a marvelous ride that had the fans biting their nails.

The thirty-mile motor-paced event was so and so. Gerard Debaets won it with Franz Deulberg second. This is the way they rode most of the way. Deulberg furnished a hair-raising thrill at about six miles when Jaeger attempted to pass him, riding like mad away from Jaeger, and Zipf from behind Antenucci. Antenucci pulled Deulberg. Zipf almost rode into Antenucci, minus Deulberg who shot high, wide and handsome up the track in front of Jaeger, almost causing a crash. Jeehan, who was pacing Letourner, who finished so far back it is not worth telling, was fined \$20. Tino Reboli who was one lap back as the race wound up and his pace

## Motor Paced Race Feature At 'Drome Peden And Walker To Clash In 10-Mile Tandem Paced Race

A forty mile motor-paced championship race, the third of a series of twenty-five races to decide the motor-paced championship of the United States will be held at the Nutley Velodrome Sunday night. The race

"TORCHY" PEDEN

will bring together six of the greatest pace followers in the world and the fans expect to see a thrilling and exciting race.

The field in the race will be made up of Alfred Letourner, of France, the American motor-paced champion of America and holder of the title for the last two years; Franco Georgetti, of Italy, the Italian motor-paced champion; Gerard Debaets, of Belgium, the best rider in Belgium; Franz Deulberg, of Germany, Germany's outstanding pace follower; Charlie Jaeger, of Newark, former American motor-paced title holder and Tino Reboli, Newark youngster, who is leading in the race for the all-round motor-paced championship of America.

Torchy Peden, the six-day king and Cecil Walker, the former all-around champion of America, will come together in a ten mile tandem paced race. Each rider will be paced by five tandem teams and the fans should see a great battle between Peden, the king of all six-day riders and Walker who has been in a class by himself in outdoor competition for a great many years.

George Dempsey, Ewald Wissel, Bill Honeman, Norman Hill, Fred Spencer, Charley Ritter, Bill Grimm and Jimmy Walthour will start from scratch in the two mile handicap and will also be outstanding contenders in the one mile open race which will be run in nine heats with one rider to qualify in each, three riders in each semi-final and three riders in the final. Two amateur races will complete the program.

Parking space for 3,000 is available opposite the Velodrome for fifteen cents a car. The prices of admission to the Velodrome are from fifty cents to a dollar, with children admitted for twenty-five cents.

third position with Georgetti trailing over half a lap behind. Antenucci shouted to Jaeger to slow down to let Reboli by. Jaeger did slow and Antenucci shot so far ahead that Jaeger was off pace at two laps to go with the result that Georgetti stepped into third place and a point nor in the standing than otherwise would have fallen to him. Jaeger was last to appear as the race started and for a while it was feared the battle would start without him. The popular American rider did not have a particularly smiling countenance after the race, either.

## Brightons Win Two

With the acquisition of a new player, Depart, and the return of three of last year's veterans C. Delegra, Dolph Caruso and Johnny Bertolotti, the Brightons took on a semblance of a stronger aggregation, the boys going out and bagging both ends of a double bill. They pasted the Newark Aztecs to a fare-thee-well, 11-7, in the first game and went on to triumph, 9-6, in the nightcap. The locals have now won seven and dropped eight so far this season.

## Nine Events Are Scheduled For Dual Regatta On Passaic

### Nereids-Actives To Engage In Annual Com- petition

Nine events have been carded for the annual dual regatta of Belleville's Nereid Boat Club and the Actives of Edgewater, which is scheduled for a week from Saturday afternoon, over the Passaic river course.

Coach C. Leverich Brett of the Nereid oarsmen and also chairman of the rowing committee at Rutgers University has arranged to have many of the great names in American rowing circles on hand to officiate. Ned Ten Eyck, Rutgers coach and the first American oarsman to win the Diamond Sculls in the Henley Regatta, England's prize contribution to the world's rowing circles, is one. His brother, Jim, another member of the Ten Eyck crew, regarded by many as rowing's first family, is another. Jim is a former Duluth University coach.

George Little, director of athletics at Rutgers, and Harry J. Rockefeller, his assistant and former football coach, are two more. In addition, Mr. Brett has invited several officials from the New York Rowing Association.

Seven of the nine events carded will be in the nature of dual competition between the Nereids and Actives. The other pair, single and double gig events, will be of the intra-club variety involving Nereid club members only. These races are intended to give the non-competitors in the other races a chance to show their mettle.

Howard "Red" McMaster has been selected to represent the local outfit in the junior single gig event over a half mile course. Bill Herkness and Andy McMaster will team up in the junior double gig competition, also over a half mile course.

The club singles will be in the hands of Gerard Rhoades. This race, which is over the half mile distance, is unlimited in its qualifications, any member of either club being eligible to compete. The club double shell will consist of Bill Bennett and Les "Babe" Burnley, the Nereid club's only senior oarsmen, and recent winners in the Harlem Regatta.

Irving Butler, Bill Herkness, Andy McMaster and Ray McConachie, the quartet that made such a fine showing on the Harlem several weeks ago, will be together again wearing the Nereid colors in the junior quad set. Bennett, Burnley, Howard McMaster and Rhoades will comprise the club quad crew. All of the last three named races will be over the full mile course.

The club four-oared gig, which will have Coach Brett at the coxswain's post, will include Tom Lawrence, Jack Hicks, and the Bude brothers, Harold and Bert. Dick Gifford of Arlington and a former English oarsman, is coaching the quartet.

The first event will get under way at 2:30 P. M., with all races ending at the club house at the foot of Mill street.

## Lamb's County

### Leaguers At Bloom- field Tomorrow

### Acquire French And Mil- As Their Latest Players

"Mac" Lamb will send his Belleville County Leaguers to Bloomfield at the Bloomfield School field, tomorrow afternoon, an attempt to chalk up a second consecutive victory since he took over the reins. The revamped outfit will return to the Clearman Field stamping grounds, the following Saturday, stacking up against Orange's fast stepping outfit.

Bill French, former Kearny High School ace outfielder, will make his first appearance in a Belleville uniform, tomorrow, as will Carl Mily Caldwell High School flash.

Belleville's complete league now includes Mike Hanley, infielder and John "Fuzzy" Rydman, Hanley and Gordinier of the southpaw section of the St. Ryder the right-hand. Gene G. Dave Hultin and Johnnie D. Lamb a crackerjack catching.

"Butch" Kastner, first base; Brehme, second; Johnnie Lamb, third base, make up infield for the locals. The t. comers, Brehme and Yuhasz, to all their advance notices, and should be particular bright. Brehme hails from Kearny hasz from East Rutherford. Tommie Dunn, Hank Sullivan, Schwab, Hughie Cl. French, Miller and Chick, make as nice a set of outfielders as the league can boast.

Belleville's "new deal" in competition seems definitely way.

## Riviera B. B. C. I

The Riviera B. B. C. of remained idle last Sunday saw Park. Nutley. Due to a misunderstanding in the schedule the Hill Athletics failed to make appearance.

Tomorrow the Rivieras will Vailsburg and cross bats with Dominicans, a heavy semi-sional team.
