TOWN OF BELLEVILLE

PRICE TWO CENTS

Local Motorist Freed In Hillside Court

Driver Claimed Condition Was Caused By Acid Fumes At Work

Raymond Connelly, 37, of 15 Walnut street, this town, was cleared of a charge of drunken driving by Police Judge Cogliowski in Hillside last Friday morning after he had pleaded that he had been under the influence of acid fumes from his work at a Newark leather factory when arrested, and Dr. Milton Lilien, who pronounced him intoxicated, admitted that fumes might have given Connelly the appearance of intoxication.

Tot Killed By Car Same Day Brother Leaves Hospital

Child Unlatched Door To Toddle Into Mt. Pros- pect Avenue

A day which was to be one of rejoicing was turned into one of bitter tragedy for Mrs. Maria Tamburri of 54 Mt. Prospect avenue Wednesday when her son, James, 2, was almost instantly killed by a car in front of his home.

Junior Order Will Hold Annual Outing

E. Payson Taylor Is Chair- man Of Arrangements Committee

Belleville Council, No. 163, Jr. O. U. A. M., will hold its annual outing Sunday at Essler's Cabin, Bonton. Cars will leave the Exempt Firemen's headquarters in Stephens street at 9:30 A. M. E. Payson Taylor of Malone avenue is chairman of the arrangements committee.

St. Peter's Social Groups Arrange Many Activities

St. Peter's Social Society will go to Belmar for an outing Sunday. The affair is under the direction of Mrs. Thomas McNair, chairman. 100 persons are expected to attend.

Burglar Robs Home

A number of valuable articles of jewelry were stolen by a burglar who ransacked the home of Miss Helen Hahn of 115 Mt. Prospect avenue Sunday night.

GOLD
Victor Hart, Belleville's Reliable Jeweler, will give you cash for your old gold. 457 Washington avenue at Tappan avenue.

Christian Endeavor Plans Fall Program

Tentative Arrangements Made At Committee Meeting

The executive committee of the Belleville Reformed Christian Endeavor Society held its August business meeting at the Belleville Reformed Church Monday.

This committee has been busy for the last few months arranging a program that will start in September and continue through until May. Although the program has not yet been completed, the committee has released a schedule listing the speakers for the regular Sunday meetings for September. The entire program for September has not been released except for the following announcements.

Christian Endeavor will open September 9 and during September the meetings will be held from 9 to 9:30 A. M.

The Veenstra family will have charge of the first meeting in September. This family includes Trina and Henrietta Veenstra who have been heard for the last five years over "The Old Fashioned Gospel Hour" conducted by the Rev. Elmo L. Bateman, which is now broadcast four times a week over radio station WHOM.

Another member of the Veenstra family, who is studying for the ministry at a Bible school in Philadelphia, will be the speaker at this service.

September 16, a special musical program, supported by Robert F. Wolff as the speaker, will complete an inspirational program.

A missionary program will feature the service Sunday morning, September 23.

Miss Ruth Struyk will be the speaker at the final morning service at which time special music will feature the program.

The committee in charge of the regular Sunday services is:

Fred H. Woodward, Jr., who will arrange to have outside organizations conduct the first meeting of each month.

Everett W. Burden, who is to arrange a program that will feature special speakers and musical talent from the radio studios.

Miss Emma Gerow will appoint speakers for the third Sunday of each month and also during any month when there is a fifth Sunday.

John Radin, who is in charge of the missionary meetings on the fourth Sunday of each month.

Local Delegates Go To Fraternity Convention

The local chapter of Phi Sigma Chi Fraternity, Tau Epsilon, will be represented by Jack Otis, president-elect, and A. L. Moniot, national editor-in-chief of The Chapter Hall, official magazine of the fraternity, at the annual convention to be held at Memphis, Tenn., August 6 to 8. The local representatives left Monday for Memphis.

Other New Jersey and Pennsylvania men are in the party. The group will stop at Zanesville, O., where the fraternity was founded in 1900; Indianapolis, Ind. and Lafayette, Ind., where it will visit the chapter at Purdue University. After a visit to A Century of Progress at Chicago, the party will go to St. Louis, Mo., where they will take a Mississippi River packet to Memphis.

These six stars are putting up a

Funeral Services For Miss Annie J. Ricketts

Funeral services for Miss Annie Jane Ricketts, who died Monday night at her home, 162 Malone avenue, were held at the home yesterday afternoon. The Rev. Paul F. Arndt, pastor of Redeemer Lutheran Church, Newark, conducted the services. Burial was in Woodlawn Cemetery, Newark.

Rev. Pascale Preaches At Union Service

Rev. J. A. Struyk Conducts Services At Passaic Church

The Rev. Benedetto Pascale, pastor of the First Italian Baptist Church, was the preacher at the first union morning service of local churches at Belleville Reformed Church Sunday. His topic was "I Must Tell Jesus."

The union services will be held at different Protestant churches in town during the remainder of the summer. It was at first planned to include the First Italian Baptist Church and Montgomery Presbyterian Church in the schedule, but parishioners found services in the heart of town too distant to attend, and the pastors decided to conduct individual services.

The Rev. John A. Struyk, pastor of the Reformed Church, conducted services at the First Holland Reformed Church, Passaic, Sunday. In addition to morning and evening services in English, he was in charge of a Dutch service in the afternoon.

Local Men Attend Moore's Conference

Spencer A. Jones, William J. Horgan, Go To Sea Girt

Spencer A. Jones of 133 Academy street, director of the New Jersey Solid Fuel Code Authority, and William J. Horgan of 187 Joramelon street, executive secretary of the New Jersey Cleaners and Dyers Code Authority, attended a conference with Governor A. Harry Moore at his summer home at Sea Girt Tuesday when the representatives of industries throughout the state presented the Governor with a petition asking him to call a special session of the Legislature to enact legislation to make possible strict code enforcement.

Approval of existing codes was expressed by most of the business men at the conference, but they said that laws to prevent "chiselling" are needed. The Governor did not promise to call a special session, but Assistant Attorney General J. Raymond Tiffany said that bills to remedy the existing situation have been drafted, and that he will present them to the Governor today.

Mrs. B. A. Jacobson and daughters Marilyn and Rita of 511 Washington avenue are at Troy Hills.

100-Kilometer Motor-Paced Race Carded For Velodrome In Championship Series

Wissel, Peden And Walker To Meet In Ten-Mile Tandem Paced Match Race Sunday—Harold G. Hoffman Will Appear Wednesday Night

One of the most attractive bicycle programs of the season will be served up to the fans at the Nutley Velodrome Sunday night. The card of races arranged by Manager Harry Mendel looks so inviting, that it is a certainty many bicycle fans at the shore and at the mountains will return home Sunday night to see the bike stars battle it out.

The big feature will be a 100 kilometer (62½ miles) motor-paced championship race, which will be the thirteenth of the series of twenty-five races to decide the title. Alfred Letourner, the popular little Frenchman and holder of the championship for the last two seasons, is now leading in the race for the title closely pressed by Gerard Debaets, of Belgium; Franco Georgetti, of Italy and Franz Deuberg, of Germany while Tino Roboli, Newark youth and Charley Jaeger, of Flemington, are not very far behind.

Valley Association Shows Bride-Elect

Popularity Contest Is Still Open For Entries Of Belleville Girls

Miss Margaret Kraft, who will marry James Reade, son of John Reade of Trenton, Monday, was given a linen shower by members of the Valley Improvement Association after a meeting last Thursday night. Miss Kraft is publicity chairman of the association. The meeting, at which plans for a popularity contest were discussed, was held at the Exempt Firemen's Home in Stephens street.

Presentations of the set of matched Irish linen tablecloths and napkins was made by John J. Hewitt, president of the association. Refreshments were furnished by the entertainment committee, which includes William Wanhousa, chairman; Mrs. Josephine McKenna Tiger, Mrs. Fred Kraft, Mrs. Angelo Botto, Mrs. Sadie Mills and William Buckley.

The Valley Orchestra, directed by Dan Keating and Walter Price, played and entertainment was furnished by Miss Alice Paparits, tap dancer; the Misses Doris and Ruth Stalter, piano soloists; Ralph Moreton, reader, and Elmer Rizzolo, vocal soloist.

Entries in the popularity contest sponsored by the organization are still open for Belleville girls above the age of 15. Sixteen girls have already entered. Entries may be made with Mrs. W. A. Kant, 383 Cortlandt street; Elmer Rizzolo, 231 Ralph street, or John J. Hewitt, 322 Stephens street.

Cash Will Replace Relief Food Orders

Strikers Will Lose Cash Privilege After Trial Period

In order to make effective the policy of the State ERA administrative council to provide the food element of the relief service on a cash rather than a food order basis, state headquarters of the relief administration has notified all county relief offices that, as soon after August 1 as the county relief administrations are equipped and ready to handle effectively the administrative details, the food element of the relief service will be made available on a cash basis to all beneficiaries of relief.

In initiating the cash relief plan, there is to be no discrimination against any beneficiaries of relief, all beneficiaries being included in the plan.

Approval of applications from the county administrations to adopt the cash relief plan will be made in the order of the receipt of applications at State Headquarters.

At the start of the cash relief plan, the food element of relief will be increased 20 per cent to compensate for the ten cents per hour additional relief in cash which is now made available for workers on the "Work for Relief" program and which will be discontinued upon the adoption of the cash relief plan. After a probationary period, clients of relief who refuse or resist cooperation with the administration in connection with the "Work for Relief" program, and those who prove themselves to be incompetent to properly handle the cash, will be returned to the food order basis of relief at the present standards.

The amount of credit which shall be given for the time worked on a "Work for Relief" project will be determined by each county advisory board as a matter of local county policy. The credit so determined will conform to local prevailing rates paid for the type of labor performed.

In putting into actual operation the new state relief policy of providing food on a cash basis, it should be borne in mind that this policy is in no sense of the word a reemployment program, but purely a relief measure.

The emergency relief statutes of the state of New Jersey charge the relief administration with the responsibility of providing the essential necessities of life, in an adequate degree, to those proved to be in need because of involuntary unemployment. This mission is definitely one of providing relief and not reemployment.

In making available the food element of relief on a cash basis, and in continuing the "Work for Relief" program, the administration continues its policy of affording to all able-bodied clients on relief an opportunity to receive help on a basis other than that of charity.

Miss Alice Wilkens of 72 Perry street went to Ocean City Sunday for a fortnight. She was accompanied by Miss Mary Mayers of 69 Florence avenue, Nutley.

Belleville Man's Mother Dies In South Orange

Funeral services for Mrs. Anna Talmage, the mother of William K. Talmage of 16 Leslie terrace, this town, were held Tuesday afternoon at her home, 60 Fielding court, South Orange. Burial was in Rockaway.

Mrs. Talmage was born seventy-six years ago in Longwood Valley, Morris county. She had lived eight years in Newark before moving to South Orange twelve years ago. She died Saturday morning at the South Orange address.

Children's Outing Wins Much Support

Civic Organizations And Churches Join Project Of Government League

Representatives of civic organizations and churches pledged their support to the outing sponsored by the Local Government League of Belleville for underprivileged children to be held at Olympic Park, Irvington, August 15, at a meeting of the outing committee Tuesday night.

Many public spirited citizens have already contributed to the enterprise, designed to gladden the hearts of kids who rarely have an opportunity for amusements and further contributions are sought from persons who wish to aid. Victor Hart, a member of the committee, says that a child may be given a day's pleasure for \$1. John P. Dailey, treasurer, will accept donations to the fund at the First National Bank.

The committee includes Herbert C. Schmutz, chairman; Mr. Hart, Charles Gebhardt, Jack Denney, Frank Bangert and Mr. Dailey.

Oldham Association To Hold Its First Annual Outing

The first annual outing of the Oldham Association will be held at Pine Brook, Sunday, August 26. A baseball game between single and married men, along with many other feature events is being arranged by the entertainment committee. Buses will leave Dow and William streets at 9 A. M.

MOTOR LAWS OBSERVANCE

Through complaints of Belleville Citizens, through reports of the Police Department, and from my own observation, it seems timely to call the attention of the general public to the fact that because of the numerous infractions of the state motor laws and local regulations, it is wise to sharply enforce these rules within our boundaries.

The department of public safety has no desire to be arbitrary, but believes action is necessary in order to protect as fully as possible, Belleville life and property.

This statement in the press is given as a warning to local violators, and signs will be erected at the main entrances to our town, to warn those from elsewhere who drive through our streets.

For a thorough understanding we list particular places and infractions as follows:

1.—Parking at night without lights, especially on side streets, or all night parking.

2.—Double and irregular parking anywhere, but notably (a) on Union avenue between Agnes street and Greylock parkway, (b) on Washington avenue between Malone and Overlook avenues, (c) on Joramelon street near Passaic avenue, (d) on Washington avenue between Belleville avenue and Van Rensselaer street, (e) on Washington avenue between Cleveland and Mill streets, (f) and on Franklin avenue from the railroad crossing to Magnolia street.

3.—No parking at Belleville and Union avenues where there is a "No parking zone."

4.—Driving through red lights, or making right turns thereon except where there is a green arrow. This law is particularly disobeyed on Washington avenue at Greylock avenue, Overlook avenue, Little street and Belleville avenue.

5.—Speeding on Union avenue, especially the buses, on Belleville avenue during early morning hours and by cars returning from the Velodrome on Wednesday and Sunday evenings.

This article is made public for the protection of us all and for the safety of our policemen whose duty it is to patrol our streets. It is hoped that every driver in or through Belleville will accept this warning in the spirit in which it is made and so conduct himself or herself that no unpleasant action will ensue.

Town Departments Meet On Diamond

Public Works Employees Lose To Finance Workers, 9-8

Many well-known town officials showed promise of being possible material for big leagues when the department of public works met the department of revenue and finance in a hard fought baseball game at Clearman Field Tuesday night. The contest was won by the finance men by the close score of 9 to 8.

Ed King pitched for the winners, with Mayor William H. Williams and Assessor John F. Coogan, Jr., alternating at center field. Town Treasurer Russell Sargeant, at right field, was commended for his "sterling game" by his teammates. The lineup included Jim Dunn, Tom Fleming, Hughie Clark, Arthur Ackerman and Harry and Tom Ward.

Lou Beliski and Jerry Lilore hurled for the public works team. The lineup included Joe Natale, Hughie Welsh, Paddy Byrnes, Jim Constantino, Matty Smith, Rex Domenick, Bill Liebau, Carl Hungerford, Cliff Faust and Fred Spatts.

Town Attorney Larry Keenan acted as umpire.

The scores:

Recreation Camp To Open For Boys

Local Girls Will Finish Month At Camp Tomorrow

The municipal recreation camp on Third River will open for camping by boys Monday. Boys from 7 to 15 will be given an opportunity to spend a week at the camp. A new group will attend each week.

Tomorrow the girls, who have been camping under the direction of Mrs. May T. Holden since the beginning of July, will vacate the camp. There will be a farewell campfire tonight, with a candle light service in which the girls will participate.

Edward Lister, Belleville recreation director, will be in charge of the boys' camp. Activities will feature hiking, games and handicraft. Harry Wycoff and Joseph Parsells are in charge of swimming instruction.

Lister is organizing a quito tournament. Applications for entry may be made with the director at the Recreation House or with Arthur Christie and Colville Smith, directors of the playground at School No. 1.

Miss Rose Puelli, Anthony Christiano and Miss Phyllis Calicchio were in charge of a sport dance for older boys and girls last night at the Silver Lake playground.

SERA Seeks Plans For More Projects

Employment For Profes- sional People Sought For Fall Months

Newark, August 2.—Looking to the desirability of developing the most useful projects possible under what ever plans may be laid out, and anticipating that the services of a large increased number of men will have to be accommodated under the work-for-relief program concurrently with adoption of cash relief, Executive State Director Lewis Compton of the ERA has called upon all executive county directors to have county relief authorities concentrate attention on projects which will be socially desirable and economically sound.

It is suggested that there be invited to conferences county engineers, municipal engineers, superintendents of mosquito extermination commissions, representatives of planning commissions, representatives of park commissions, superintendents of state institutions within county borders, representatives of public schools, and any other officials who would normally be interested in planning for the future.

County works managers and county Emergency Relief Administration planning divisions have been urged to study projects submitted and rate them on a priority basis according to their social desirability and economic soundness. After this has been done, these projects will be submitted to the manager of the work division at state headquarters for further study and rating.

State headquarters, it is announced, will look with favor upon applications from county administrations which look for the employment of professional people in developing such plans and estimates during August, September, and October. Supplementary state bulletins will be issued from time to time making suggestions concerning types of projects that are desirable, and other pertinent matters.

It is emphasized that at this time the State ERA headquarters can make no definite predictions as to the future. This whole proposal should be prepared with an adequate pool of carefully thought out project and accurate estimates to take advantage of any opportunities if made available.

Funeral Services For James P. O'Brien

A solemn high mass of requiem for James Patrick O'Brien of 46 Cleveland street, who died at his home Monday, after a long illness, will be offered at 9 A. M. today at St. Peter's Church. Burial will be in Holy Sepulcher Cemetery, Newark.

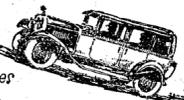

Mr. O'Brien was born in Ireland fifty-nine years ago. He lived many years in Newark and moved to Belleville eighteen years ago. He was employed as a conductor and motorman on Public Service street cars thirty-one years, and was retired a year ago on pension. He was a member of the Holy Name Society of St. Peter's Church.

He is survived by his widow, Frances O'Brien; a son, Richard, two daughters, the Misses Margaret O'Brien, all at home; two sisters, Mrs. Thomas and Miss Mary O'Brien of town.

YOUR CAR and the MOTOR LAWS

Harold G. Hoffman,
Commissioner of Motor Vehicles

Mankind may argue to the point of weariness the question of the relative superiority of men and women drivers but it will never know the answer until more detailed statistics are kept on some 180,000,000,000 miles of motor vehicle travel annually.

In every tabulation of accident statistics, there is evidence which feeds the flames of this continuing debate, but the fact remains that it is not conclusive evidence. The statistic vital to the settlement of the argument simply is missing and the chances are that it will go on being missing for all time.

A recent tabulation of accident facts by the National Safety Council, for example, shows that men and women drivers figure in accidents in the ratio of fourteen to one. On the face of it, that figure might be taken to demonstrate the unquestioned superiority of women as motor vehicle operators.

Immediately, however, it is drastically modified by another figure which shows that men outnumber as drivers in the ratio of four to one. That

P. S. To Supply Power

For West Shore Terminal

Under the terms of a contract just signed with the New York Central Railroad Company, Public Service Electric and Gas Company will supply the full electric power requirements at the large terminal of the West Shore Railroad in Weehawken. The terminal is now supplied with electricity by the railroad company's own generating station which will be dismantled as soon as Public Service current can be made available.

The electric requirements of the West Shore company amount to a connected load of approximately 7,000 horse power. The energy will be used for light and power in the passenger depot, ferry slips, marine shops, engine roundhouse and for operating fans in the railroad tunnel under the Hudson boulevard.

The decision to give up operation of its generating station at the West Shore Terminal was the result of a thorough investigation by the railroad's engineers which demonstrated that it would be more economical for the railroad company to purchase Public Service central station current than to generate its own.

It is anticipated that the service change will be made the latter part of the year.

Dodge Dealers' 1934 Sales

Reach Total Of 140,932

Detroit, Mich., August 1—A summary of passenger car and truck sales made by the Dodge dealer organization in the first twenty-nine weeks of the present year shows a total of 140,932 deliveries as against 84,701 the year before. While passenger car sales record a boost of 50.6 per cent and combined passenger car and truck sales a gain of 66.4 per cent, truck sales alone are credited with having staged the remarkable increase of 222.1 per cent, so far.

Sales made by Dodge dealers from January 1 to July 21 were 57,534 passenger cars as against 41,601 delivered in the like period of last year—58,162 Plymouths as against 35,243—and 25,236 Dodge commercial cars and trucks as against 7,857.

Continuing to maintain their retail deliveries close to the 1,000-per-day mark, Dodge dealers, for the week ending July 21, reported sales of 5,764 new passenger cars and trucks, as against 5,581 passenger cars and trucks delivered during the corresponding week of 1933.

In connection with Dodge dealers' truck sales, the prediction is made that the manufacturers' current announcement of an additional lower-priced line of 1½ ton trucks on four different wheelbases will boost comparative truck delivery records of Dodge dealers to a still higher figure before long.

Civil Service Examinations

The United States Civil Service Commission has announced open competitive examinations as follows:

Associate meteorologist, \$3,200 to \$3,800, assistant meteorologist, \$2,600 to \$3,200 a year. Weather Bureau, Department of Agriculture. Closing date, August 21, 1934.

Community worker, and supervisory, head, and assistant community workers, with salaries ranging from \$1,620 to \$3,800 a year, Indian Field Service, Department of the Interior. Closing date, August 21, 1934.

The salaries named are subject to a deduction of not to exceed 5 per cent during the fiscal year ending June 30, 1935, as a measure of economy, and also to a deduction of 3½ per cent toward a retirement annuity.

Full information may be obtained from the secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city, or from the United States Civil Service Commission, Washington, D. C.

000 miles annually, but what proportion is driven by men, and what by women, never has been determined and undoubtedly is not determinable. In the making of this vast mileage figure we know that some 24,000,000 vehicles, 30,000,000 drivers and 3,000,091 miles of highway play a part, but the part of the individual is deeply submerged—and the part of the respective sexes, just as deeply.

Much the same lack of finality attends the effort to identify one age group of drivers as more dangerous than another. On the surface, it would appear that those of maturity of judgment are superior to the younger group of operators; that is, out of 100 of each class, a larger percentage of the youthful will have accidents. But, what of the respective mileages driven by the two groups? That is the decisive figure. Again it is missing—and seems destined to go on being lost somewhere in the big total of 180,000,000,000 miles.

Mrs. H. G. Ransom Services

Funeral services for Mrs. Amy Locks Ransom, the wife of Harry G. Ransom of 18 Union avenue, Nutley, were held Tuesday afternoon at Brierley's Funeral Parlors, 269 Mt. Prospect avenue, Newark. Mrs. Ransom died Sunday at the Homeopathic Hospital, East Orange.

Mrs. Ransom, who was 46, had lived in Belleville fifteen years before moving to Nutley a year ago. Besides her husband, she leaves two sisters, Miss Annie Locks of Newark and Mrs. Alma Bent of Phoenix, Ariz.

Steal Coins From Machine

An automatic ice vending machine at 132 Stephens street, the property of Marinus De Jonge, local iceman, was broken into Monday night and a number of dimes were stolen. De Jonge blames boys for the robbery.

Arizona Moves A Desert Scene To Chicago

THOUSANDS of visitors to A Century of Progress, Chicago, are being attracted to the Arizona State Exhibit, located in the Court of States. One of its most interesting features is a desert scene with 58 species of cacti and 51 species of Arizona trees, shrubs and flowers. If Yaqui, Apache, Navajo, Papago or other Indian tribes that reside on reservations in that state were left free use of this cactus garden they could fill their domestic needs of food, water, clothing, shelter and medicines.

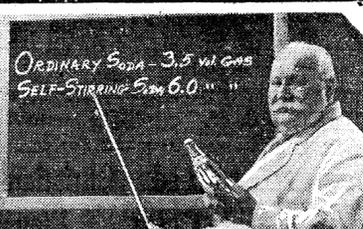

The illustration shows a scene in

the garden with Chief Red Feather (pointing), Chief Running Buffalo and Princess Silver Heels. The largest specimen shown is a Saguaro or giant cactus. It weighs slightly over a ton, yet is a baby of its tribe. In Southern Arizona where this unique plant grows it often reaches a height of over 40 feet and weighs many tons. The larger Saguaros in the garden probably are from 75 to 100 years old. The smallest cactus is a little Pincushion five or six years old which weighs no more than two ounces.

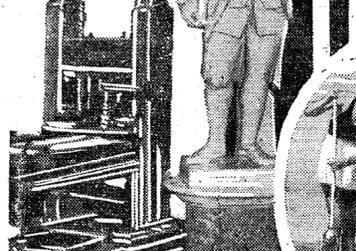

Inside the exhibit hall are beautiful murals showing scenes of Arizona. The illustration shows one of these murals and in the foreground is a miniature Kiva or Indian ceremonial chamber. Among other interesting features is an Indian trading post with Navajo blankets, Papago baskets and other articles made by the tribes of that state. Arizona is the largest copper producing state in the Union and it has on display a unique line of giftware articles and cooking utensils made from that metal.

THE Camirror

NEW FRANKLINIANA — Almost unnoticed for a century and a half, this statue of Benjamin Franklin dating back to his sojourn at the court of Louis XVI, has been discovered. A. Atwater Kent presented it to the Franklin Institute in Phila. Here it is with the original Franklin printing press, in the Graphic Arts section of the Institute.

VETERAN BARTENDER Addresses Ambitious Rookies — Hans Newmann, "mixer" at the McAlpin Bar, N. Y., advises men preparing for "bar examinations": "NEVER stir a highball with a spoon! It destroys the ZIP which is the soul of any carbonated drink. Use self-stirring Billy Baxter Club Soda. Its EXTRA bubbles do all the necessary mixing."

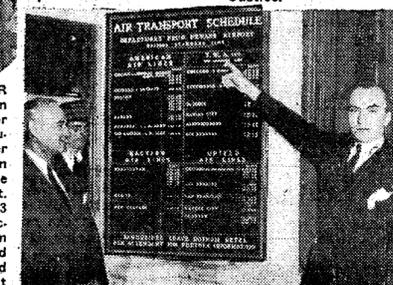

CLEAN SWEEP — These shapely damsels showed excellent form — And forms — in a broom sweeping contest for college girl vacationists held at a southern beach recently.

DILLINGER'S NEMESIS — Melvin Purvis, youthful head of the Chicago Department of Justice.

MAN AND MOTOR Conquer Mountain — Driver Al Miller credits Bohn Aluminum cylinder head of Hudson coupe for all-time record climb of Mt. Washington in 13 minutes and 20 seconds. "Aluminum head increased compression and power without knocking," Miller said, his equipped stock car breaking even racing car record.

HOTEL GOTHAM IN NEW YORK has first air transport bulletin board—permanent airplane schedules are displayed on the board, erected in the hotel lobby as celebrities of the aviation world cheered. General Kincaid (left) President, American Hotels-Corporation, originated the idea and will place a board in each hotel. Eddie Rickenbacker, World War ace halls this progressive step in aviation.

REAL FREAK—This calf photographed at Brentwood, England, has five legs, six feet and a tail that is slightly curled. It is in perfect health.

"A Safe Place To Buy Your Car"

Gas
ADDS COMFORTS
TO THE HOME!

EVERY cubic foot of gas used in the home adds comforts and convenience for each member of the family. It permits house-keeping practices which lighten the task of the homemaker.

Take REFRIGERATION for example—
The modern gas refrigerator gives the home an inexpensive method of safe and sanitary food storage; the pleasure of making homemade ice desserts; plenty of convenient sized ice cubes for beverages. AND WITHOUT A MURMUR!

Just as efficiently and economically can gas do other jobs. Plenty of hot water at all times without the bother of keeping a fire going; meals cooked on ranges with ovens with automatic heat control. And for those who desire the completely gas equipped home, there is automatic gas house-heating; clothes drying, incineration, and automatic gas heaters for garages.

For a small monthly charge you can enjoy benefits which gas service brings to the home

WATCH FOR COUNTERFEITS

Persons handling money, particularly merchants and storekeepers, would do well to be particularly vigilant at this time when a flood of counterfeit bills and coins appears to be circulating in this part of the country. A close inspection of money presented by patrons or received in change by customers will pay in the long run. This week it was brought to our attention that a local druggist had accepted a counterfeit \$20 bill and a tavern keeper complained of being "stuck" with both an imitation \$10 bill and a "phony" half dollar.

Most of the counterfeit money which is passed around here can readily be distinguished as valueless if the recipient takes the trouble to as much as glance at it. The colors of bank notes are not truly imitated, the portraits are coarse, the paper is flimsier and they are usually printed instead of being produced by an engraving process, resulting in a crude appearance. Imitation coins do not ring true, nor do they have the sharp designs of a coin struck by a steel die, since they are often cast.

Any counterfeit coins or notes should immediately be reported to police, and the passer should be apprehended, if possible.

OPPORTUNITY

Like thoughts from out of the past, they creep upon us—these events and opportunities. They are never twice the same, and like hidden lights, are gone, before the mind can grasp them in their entirety. Perhaps it is in the cards of life that men and women will throw away that opening which comes to them but once. Perhaps by so doing, a wider experience is gained, and a better sense of judgment is consequently acquired. Most opportunities hold value in themselves, for they teach us to see, as one author has conscientiously expressed it, "that life is an art whereby we can gain success."

Arthur Schopenhauer in his essay, "On Thinking For Oneself," has this to say of the art of judging which is akin to opportunity. "Everyone who judges for himself is so far like a monarch. His position is undependent. His judgments, like royal decrees spring from his own sovereign power and proceed directly from himself. He acknowledges authority as little as a monarch admits a command; he subscribes to nothing but what he has himself authorized. The multitude of common minds, laboring under all sorts of current opinions, authorities, prejudices, is like the people, which silently obeys the law and accepts orders from above."

One of the great lessons of life is learning to judge, and the key to opportunity is said to lie therein.

THE DOWSERS

In this year of widespread drought, an ancient profession has reappeared in Europe and this country.

In England the members of this strange trade are called dowsers. Here we call them water-diviners. Their ways are weird and mysterious. They profess to be able to find hidden water supplies by means of diving rods.

The dowsers claim that one person out of ten, if aided by the proper tinny-jumbo and a hazel-wood rod, has the psychic gift of divining. The dowsing rod is a simple, straight, pointed rod. When the rod is held forward, the spot to dig for water is indicated. Some dowsers have had success—for in many places to dig far enough is enough to find water. What we need is a dowser who can invoke rain from the clouds, to end this long and dangerous drought. But we fear we will have to wait a long time, for such a wizard to appear.

ONE-FIFTH IN TAXES

The biggest single item paid by the American public each year is that of taxes. William Fortune—appropriate name—of the Indianapolis Chamber of Commerce compiled figures showing that the largest single "check" by our citizens last year was for \$9,000,000,000.

That is more money that was spent on food or clothing or automobiles than any other one item. He sets the national income for 1933 as \$45,000,000,000, of which one-fifth was taken by the tax collector.

William Fortune—appropriate name—of the Indianapolis Cham-

I DON'T LIKE

Book borrowers who make notes in the margins of every page.

Spoiled, selfish, whimpering little girls.

Mark Twain's works.

Liver and onions.

The stagnant odor in the small, independently owned neighborhood movie house.

The woman who never fails to mention, before a score of people, that she knew me when my hair was in pig-tails. And just when I'm trying to act sophisticated, too!

Cops, drunk with authority.

The Storm King Highway.

The "tug" that ferries between New London, Conn., and the Long Island shore.

The month of March.

Cats. I mean the ones that crawl on all fours, and sport whiskers and a tail.

Marines. Yet I hob-nob with a few. People who treat dogs like animals. O. U. McIntyre, because he's SO egotistical.

Press time, because I'm never ready with my copy.

Spinach. My dislike for it dating back to the days when it was a case of eating spinach or foregoing my dessert.

Jewelry.

BUT I DO LIKE

That classical composition, "Serenade."

Chrales Baudelaire's essays.

Schopenhauer's philosophy.

Roast pork and applesauce.

Benedictine.

The month of August.

Satin pajamas.

Ted Lewis, for reasons of my own.

Pink and yellow roses.

New York, at night, from Bea Marden's Riviera on the Hudson.

Candied sweet potatoes.

The exhilarating coolness found wherever pine trees flourish.

Trout streams, when they're rich with trout.

Henrik Ibsen's drama, "A Doll's House."

The community spirit in small towns.

The sunlit seas with their open bays and broad sanded beaches.

The soft light of dawn as it suffuses New York City.

The quiet lull at midnight, when dreams are woven into beautiful patterns, and when time and space can be spanned with a thought. A thought that even one's bed companion cannot intrude upon.

SLAT'S DIARY

By ROSS FARQUHAR

Friday—Joe Hix seen pa today and ast him cud he lone him a few \$ on acct. his wife was having a sick spell and they needed sum munny and pa sed he diddent have no munny he cud spare rite now but he mite help him next weak and Joe replied and sed he was afrade his wife wood be all-rite by that time and able to w-irk her own self.

Saturday—Pa was a tawking to the preacher about playing Golf today and the preacher sed he oney played Golf for the sport of the game and pa ansered and sed. I am not very rood at it pather.

Sunday—Pa says he is never going to take me on a ottomobeel ride agen becuz I am all ways 1 of 3 things sather hungry of thirsty or Both.

Monday—Pa was a scolding Lem Harp today Becuz he wassent never ober no more and Lem told pa that he diddent think it was the Proper thing to do to sober up becuz if it was the proper thing to do why shud t all ways give 1 a hed ake.

Tuesday—They was a rode show here this week and they advertised Cast of Ten. Cum to fine out they was 3 horses and 2 dogs and 3 Cats and a man and a Woman. It was a very good show.

Wednesday—I was asting ma today rether it wassent vs the law for a woman to go threw her Husbends jockets at nite while he was Sound asleep and she said she diddent no weather it was vs. the law or not but she had found it a grate waist of time to go threw her husbens pockets.

A Vacation Lyric

Little Bankroll, ere we part,
Let me hug you to my heart.
All the year I've clung to you—
I've been faithful, you've been true.
Little Bankroll, in a day
You and I will start away
To a gay and festive spot—
I'll come home but you will not.

A Friend

"One who is always willing to aid you,
One whose advice has always paid you,
One who's defended when others flayed you,
That's what I call a friend."

And how much we need them—the real honest-to-goodness ones. There are never too many and often too few. After all we must be a friend to have one. We must face difficulties, mingle with people in trouble, surmount obstacles and remember that we can never really replace a friend we lose.

Education

If education is to equip the child to solve the problems of life aright, it must include awakening and developing latent spiritual qualities which are inherent in every human being. Such qualities as honesty, truthfulness, obedience, industry, trustworthiness, humility, patience, love and consideration for others, self-control, justice and so forth, are spiritual qualities—not material or physical, nor merely intellectual.

(From talk over radio by Theodore Burkhart in parent-teacher meeting, as quoted in The Bulletin, Portland, Oregon). Submitted by Mrs. B. Hunt, 78 Lakeside avenue, Nutley.

Five Teams Tied For Fourth Place In Essex League

Belleville Wallops Bloomfield While Glen Ridge Tops Nutley

ESSEX COUNTY LEAGUE			
Team Standing			
Team	W.	L.	Pct.
Verona	4	1	.800
Montclair	3	2	.600
Glen Ridge	3	2	.600
Caldwell	2	3	.400
Nutley	2	3	.400
Bloomfield	2	3	.400
Belleville	2	3	.400
Orange	2	3	.400

As a result of Sunday's games in the Essex County Baseball League, Verona went into first place, followed by the deadlocked Glen Ridge and Montclair teams, with the remaining five clubs tied for the next position.

Brown and Tidrosky engaged in a mound duel in the Glen Ridge-Nutley contest at Glen Ridge and the home team won, 3 to 2. Boughton's double in the sixth, with Glen Ridge trailing by one run, scored Smith and Henningson with the deciding runs. McDaniels of Nutley continued his heavy hitting to lead the league with a fancy average of .565, compiled in nineteen games.

Mike Hanley held Bloomfield in check and Belleville won, 6 to 4. Nurkowski was afforded ragged support, seven errors being charged to his mates. Purfey's long homer was the only extra base hit of the game. The game was played at Bloomfield.

Docherty's Homer Wins Contest For Nutley B. B. Club

Local Sports Star Offered Contract With Dodgers Of Brooklyn

Bill Docherty, former Nutley High School three-sports star and catcher for the Nutley A. C., won the annual game with the Glen Wild A. C. of Butler for the local nine Saturday when he drove out a home run in the fourth inning with the bases filled. The Nutley aggregation topped the Butler team, 6 to 5.

John J. "Tip" O'Neill also starred for the winners at bat, getting three hits out of three times at bat. Edgar Fendrich, Nutley hurler, fanned nine Butler batters.

Bill Docherty, who has just completed his first year at Temple University, where he played football and basketball, was offered a contract by Casey Stengel, manager of the fast Brooklyn Dodgers, after a try-out last week. Bill has not yet decided to accept the offer. While at the local high school he starred at football, basketball and baseball.

Belleville County Leaguers Primed For Clash At Nutley

Mike Hanley, The Brilliant Southpaw, On Mound Tomorrow

"Mac" Lamb's Belleville team in the Essex County Baseball League will travel to Nutley, tomorrow afternoon and then to Montclair, Sunday, in a week-end schedule of games on foreign diamonds.

Lamb is expected to use his ace left-hander, Mike Hanley, against the rival Nutleyites, probably starting himself in the box on Sunday. Hanley has been going great guns in the loop all season, and expects to add Nutley to his long list of victims.

Following is the schedule for Belleville team for the balance of the season.

August 11, Caldwell, home; 12, Verona, away; 18, Orange, home; 19, open; 25, Nutley, home; 26, Glen Ridge, away.

September 1 Bloomfield, home; 3, (Labor Day), Nutley, home (morning)—away (afternoon), (tentative).

Tennis Club Trounces Passaic Netsters, 4-1

Winning four of five matches, the Nutley Tennis Club trounced the Passaic Tennis Club 4-1 Sunday afternoon at the Nutley club courts.

The feature match of the day brought together Phil Redmond of Nutley and John Sullivan of Passaic. After three hectic sets the Nutley redhead won the match, 3-6, 15-13, 6-3.

The only Passaic triumph of the day was chalked up by Kenzil Waldron who defeated Colonel West C. Jacobs, 60-year-old Nutley veteran, 4-6, 6-2, 6-3.

Dick Slauer, Nutley's mainstay, won the first singles defeating Henry Whitehead 6-2, 6-0. The triumph Sunday gave Slauer a record of eight triumphs in nine matches during the season.

In the first doubles match, Donald Blankarn and Cosmo Farquhar combined to vanquish Carruthers and Spear, 6-3, 6-4. In the final match Jeff Bird and Elwood Jones, Sr., defeated Hall and Pfeil, 6-4, 9-11, 15-3.

The contest marked Nutley's final game in the North Jersey Tennis League. The Bloomfield Tennis Club won the title for the second year in a row.

Mr. and Mrs. Richards Hendricks returned this week from their wedding trip to California to live at the Crescent Apartments, Chestnut street.

Saucer Splinters

Bill Honeman, popular Newark rider, cinched the national sprint cycling title by winning the two-mile trial heat by Frank Keating. Freddie Spencer shut out Norman Hill, and LeRoy Garrison rode around Dempsey to win in another heat.

In his semi-final Honeman rode around Spencer in the last two laps, tagged on to Charlie Ritter's wheel as Ritter went into the lead and then fought off Spencer's homestretch finish to land second place. In the other semi-final Jimmy Walthour defeated Garrison, Keating and Torchy Peden.

In the final heat Honeman rode around Walthour and then Ritter in a fast last lap battle to win with a sensational burst of speed. He rode the last eighth in the remarkable time of 11 3-5 seconds. The world's record is 11, 2-5 seconds made by Frank Kramer many years ago. The present point standing is: Honeman, 23; Walker, 9; Ritter and Dempsey, 7; J. Walthour, 4; Garrison, 3, and Martinetti, 2.

The two-mile handicap, professional, in which the scratch-men failed to catch up with the rest of the field, was won by Joe De Vito, who started from 60 yards; Guy Ricci was second; Harvey Black, third; Eddie Seufert, fourth; Tony Beckman, fifth; Eddie Ammann, sixth.

Willie Grimm won the miss-and-out, professional. Tony Beckman took second place; Louis Cohn, third; Eddie Ammann, fourth; Joe De Vito, fifth.

Flying Alfred Letourner was unbeatable in the 50-mile motor-paced championship race. Paced by Charlie Stein, he started in sixth position and battled his way to the front, taking the lead at twenty miles from Charlie Jaeger who had held it from the start. Despite repeated bids made by De-

baets, Georgetti and Jaeger, he was never headed. Gerard Debaets finished second; Charley Jaeger, third; Franco Georgetti, fourth; Tino Rebo II, fifth; and Franz Deulberg, sixth. Letourner set a new track record for the half century distance of 1 hour 13 minutes, 50 3-5 seconds.

Woodhouse Assn. Swamps The El Club

Ryder Takes Easy 11-2 Decision Allowing Five Hits

The Woodhouse Association defeated the lowly El Club 11-2, last week, at Clearman Field, in a Belleville American Legion Twilight Baseball League game.

John "Puzzy" Ryder, Woodhouse fast ball right-hander, set down the El's with just five hits, while his mates were busy pounding the offerings of three rival twirlers for an even dozen safeties.

"Mac" Lamb's homer with two on in the fifth was the big feature of the heavy Woodhouse swatting. Frank Blasi, outfielder, was the busiest member of the winning squad, slugging out three safe wallops.

Lawlor Pitches El Club To Win Over Elks

Antler Rally In Seventh Futile As They Lose By 6-7 Score

Johnny Lawlor pitched his El Club to a hair-line 7-6 victory over the fast slipping Elks, Friday night, at Clearman Field, in a Belleville American Legion Twilight Baseball League.

The Hello Bills reached the El Club veteran for fourteen wallops, but could not produce in the clutches. On the other hand, the winners, made every one of the seven hits they were able to collect from a pair of Elk flingers, count. A three run rally by the Elks in the seventh just feel short of tying the score.

Oshinski and Debrowski were the principal batters for the winners, while Gero Derrico did the most damage with the mace for the other side.

Toronto Leafs Set Fast Pace For Bears In Pennant Struggle

Four-Game Series Between Canadians And Newark Starts Today

As the teams of the International League flash by the three-quarter pole in the race for the pennant, the Toronto Maple Leafs continue to be the surprise outfit of the merry battle. The charges of Manager Ike Boone have been alternating between second and third place since April 28 and have always kept within hailing distance of the scrappy pace setting Bears. Some experts even think the Leafs will go down the stretch and

FRED MULLER
The Bears' third baseman, since getting into the game, has played good ball and his hitting has been especially timely.

under the wire a winner. This opinion is shared by Manager Boone and his charges.
