Fewsmith Presbyterian Church Celebrates Tenth Anniversary of Its Founding Here

Biblical Precedent Followed in Placing Twelve Stones As Memorial—Rev. Lester H. Clew Will Speak at Final Service

Dr. O. Bell Close, minister of Fewsmith Memorial Presbyterian Church, last Sunday directed the twelve representations of the twelve boards and organizations of the church each to bring forward a field stone and place it, together with the others, that they might form a monument to the passing over of ten years of Fewsmith history. He read the story of Joshua leading the children of Israel across the Jordan and the placing on the spot of twelve stones by "twelve men out of the people, out of every tribe of man," that "these stones shall be a memorial."

Friday evening at 8 o'clock the union Thanksgiving service will be held at Fewsmith. As announced last week, the ministers of all the Protestant churches will participate.

The instrumental music will include "Pilgrim's Song of Hope" by Batiste, "Song of Thanksgiving" by Parks and "Triumphal March" by Costa. The anthem by the choir will be "Hear Our Prayer" by James.

Sunday at 11 o'clock the Fewsmith pulpit will be occupied by the Rev. George H. Trull, secretary of the department for specific work in the Presbyterian church at 156 Fifth avenue, New York.

Mr. Trull recently spent an entire year making an intensive study of religious activities in nine foreign nations. In this study he interviewed national leaders, secretaries of state and many other government officials in each country. He is equipped as few men in the United States are to speak with authority on the development of religious and political life in Oriental lands.

Mr. Trull is a graduate of Johns Hopkins University and of Princeton Theological Seminary. Since his entrance into the field of religious work he has contributed much to the gen-

eral knowledge and literature of the subject.

The instrumental music will be "Andante Cantabile" by Tschaiikowsky, "My Task" by Ashford and "Allegrò" from the "Third Sonata" by Guilmon. The anthem will be "Hold Thou My Hand" by Briggs.

The speaker for the Young People's Society, which meets at 7:30, will be Everett B. Smith, judge of the Belleville police court and Newark attorney. Judge Smith is well known for his interest in the youth movement and has earned much favorable commendation by the wise use of his unusual grasp of the psychology of adolescents. He has chosen for his topic, "A Firm Foundation."

The evening music will include "Souvenir" by Dröla, "A Pilgrim's Journey" arranged from "The Londonderry Air" and "Grand Chorus" by Dubois.

At the close of the devotional meeting the young people of Fewsmith are inviting the congregation to be their guests at their usual social hour.

At noon Tuesday, the Woman's Guild will hold its tenth anniversary luncheon, to which the public is invited. Mrs. G. Rae Lewis and Mrs. Winfield H. Stone are the co-chairmen. There will be no speaker.

In the afternoon and evening of that day Dr. and Mrs. Close will be glad to welcome the members and friends of Fewsmith at the manse. Ten girls of the senior department of the church school will assist Mrs. Close at this informal reception.

Thursday at 1:30 the Woman's Missionary Society will hold its tenth anniversary meeting under the chairmanship of Mrs. William Bain. The devotional leader and speaker will be Mrs. Close.

The tenth anniversary celebration climax will take place Thursday evening at 8 o'clock. Dr. Lester Clew of Second Presbyterian Church in Newark will deliver the anniversary address. Dr. Clew needs no introduction in Essex County. He is the pastor of one of the six largest Presbyterian churches in America. He has for some time been associated with the Clean Government Republicans and at the recent election was sent to the state assembly.

Mayor William H. Williams will bring the greetings of the town of Belleville. The Rev. Peter R. Deckenbach, dean of the Ministers' Association, will bring the message of the clergy of Belleville.

The music will be the organ selections "Fiat Lux" by Dubois, "I Will Lift Up Mine Eyes" by Ackerman and "Prelude" and "Fugue in C Minor" by Bach, and the anthems by the choir, "Song of Thanksgiving" by Kremser.

At the end of this hour the twelve stones which were brought by the twelve leaders of working groups in the church will be built into a memorial to the ten years that have past and a marker for the many years that are to come. So will close the week of celebration and Fewsmith will repeat with the Psalmist, "The Lord hath done great things for us; whereof we are glad."

Man Attempts to Steal

Communion Silver

An attempt was made last Thursday to steal the communion silver of Christ Episcopal Church, the Rev. Peter R. Deckenbach, rector, told police the following day. He said that the intruder had entered the parish house and had started to force the door leading to the room where the plate is stored when he was apparently frightened away.

Churches in Montclair, Glen Ridge and Nutley have been entered recently by suspicious persons, but in all cases they have left after encountering the sextons.

\$11.50 was taken from three Belleville homes last week by persons who entered unlocked doors while housewives were out shopping.

Foiled Burglar Flees Amid Revolver Shots

Frank T. Scully of 180 Fairway avenue successfully routed a burglar who attempted to enter his home early Sunday. Scully fired several shots from a revolver at the fleeing intruder, but the burglar fled in a car.

Struck by Car

Henry Marr of 545 Washington avenue is recovering in St. Michael's Hospital, Newark, from fractured ribs and a head injury suffered Monday night when he was struck by an auto while crossing a Newark street. The car was driven by Henry Conlon of 77 Heller parkway, Newark.

An Opportunity To Share Your Christmas Joy

Again we appeal for contributions to the fund sponsored by the Civic League of Belleville and The Belleville News so that needy families can be provided with food, shelter and clothing. Contributions received by this fund will reach the needy and this year many families will look to you to save them from the horrors of dispendency and a bleak, dreary Christmas.

If you wish for any good, seek it for yourself and you give twice if you give quickly. We are interested in others as they are interested in us, so to every one who can contribute, this appeal is directed to the end that each may bear some share in meeting this urgent need.

We recommend the following typical cases picked at random from many for your consideration and help:

Case No. 30.

"Too poisoned to be vaccinated," said one doctor, and added, "This little girl needs her tonsils removed immediately!" The father earns enough that he can buy the other necessities, but so far he hasn't been able to save enough for the operation. This operation can be secured for the special rate of \$10 and the vaccination can then be done for \$1. Thus, \$11 will make a healthier child this Christmas.

Amount needed \$11.

Case No. 18.

The father of this family has been sick for two years. He may never be able to work again. His four children are in need of new winter coats, which can be bought for \$15.

Amount needed \$15.

Case No. 13.

Two little Belleville boys, whose mother is dead and father unemployed, are being boarded with a friend, but there is no money for clothing. The boys are becoming sensitive because they look very shabby in comparison to the other children at school. \$15 will buy these boys new suits.

Amount needed \$15.

Case No. 81.

It is pretty difficult to cook economically enough for a whole troupe of hungry youngsters, especially if you are only a young girl, the oldest sister. And it is still harder to keep those children in clothes with the tiny income your father brings in. \$20 will buy the two boys shoes and trousers, and will provide the little girl with shoes, a warm dress and much needed underwear.

Amount needed \$20.

Case No. 20.

An elderly couple—both sickly, need a warm pair of woolen blankets. \$10 will make winter seem less cruel.

Amount needed \$10.

Case No. 44.

A family of three is scraping out its existence from the \$14 earned by the husband. Soon another member will be added to the family. So far they haven't been able to provide for this newcomer. \$10 for a layette will bring joy to that expectant mother's heart, and she will go through the next few months with a peaceful, happy contentment that there are pretty yet sensible little pieces of clothing for her new infant.

Amount needed \$10.

Checks and money orders should be made payable to the Civic League Christmas Fund and may be mailed or delivered to either The First National Bank of Belleville or The People's National Bank and Trust Co., or if you will telephone Belleville 2-2747, one of our workers will call for your offering. Each contribution will be acknowledged in the News shortly after it is received and a full accounting will be rendered of the funds turned over to the agencies for the care of the families.

Mayor Discusses "The New Deal And Labor," Calls Workingmen 'Crown Jewels Of America'

Capital Has No Right To Exploit Labor, Declares Mr. Williams—Government Efforts To Assist Destitute Praised

Carrying out the discussion of the New Deal, Belleville Rotarians this noon heard Mayor William H. Williams give an interesting address on the New Deal and Labor. The Mayor's talk ended a series by prominent members of the club. The talks will culminate next week in a general discussion.

The Mayor said:

"There is an old Talmudic saying: 'Do not condemn what you do not understand.' I have made a sincere effort to understand what I am about to speak on American workmen and their families, elements of the maladjustment of our economic system. I have for 20 years placed interest of my fellow workers in the front line of thoughts—I have endeavored to obtain better conditions wherever I was located.

"Wage earners must not be considered only a cog in the gears of industry—they are not to be only an incident in the battle of production

that a right to a livelihood for a laborer and his dependents shall expire with his ability to retain or obtain employment?

"Taxes of today must maintain men and women removed from gainful occupation through no personal fault. Industry or government or both must rightfully absorb their self created burden of mass inoccupation.

"Under the guise of progress, a nefarious system of taxation has made it practically impossible for a man to own his own home—a new type of slavery has supplanted that of 1865—an industrial slavery. Usury has been declared illegal—but has been supplanted by a usury visible as 'concentrated wealth.' It was inevitable that the malpractice of wealth should be corrected by a new deal. The Harding, Coolidge and Hoover administrations left a history making job for a man called Roosevelt.

"Degradation of ethics was consistent with the armament moguls whose regard for world peace was only registered in dollar profits. Disruption of peace conferences was the hobby of paid representatives of armament manufacturers.

"American dollars were loaned in 1927 and approved by Mr. Lamont of J. P. Morgan and Company to build all workingmen's dwellings in Germany, also for bath houses, playgrounds and apartment houses. The Morgan Company paid \$80 for each \$100 bond.

Essex County Opera Company To Give Second Concert In Belleville

Ralph Errolle, Formerly Leading Tenor Of Metropolitan, Will Again Direct Artists—O. W. McConathy To Conduct Symphony Orchestra

When the Essex County Opera Company gave its first free concert in Belleville about three weeks ago under the sponsorship of the Elks' Club it was greeted with half a house during the first part and nearly a capacity audience for the balance of the program.

After those present had heard the first orchestral and choral numbers local music lovers realized that they were being treated to something fine and began to telephone their families and friends to drop everything and hurry to the Elks' Club at once and hear a real professional concert.

Due to the fact that the concert was free of admission and open to the public the natural assumption was that it was either a group of stranded musicians or a bunch of amateur singers trying to do something for which they were not qualified—the thought that the Emergency Relief Administration had organized this project through the suggestion and guidance of Ralph Errolle, a former leading tenor of the Metropolitan Opera Company of New York, for the purpose of giving employment to one

hundred professional soloists, never dawned on them. Fortunately, however, Edward J. Lister, director of the Recreation Commission in Belleville, was present at the first concert and immediately booked the company for a return engagement in Belleville, this time at the high school on Tuesday evening, December 4, at 8:30. Following is the program for the second concert, which includes many new numbers as well as a few that scored before. The performance is free of admission and open to the public. Mr. Errolle will again act as master of ceremonies and the symphony orchestra will be conducted by Osborne W. McConathy, Jr. Ruth Reynolds is chorus master.

The program follows: Overture, II Guarany, Gomez; vocal ensemble, Morning, Speaks; soprano solo, Jewel Song from "Faust," Gounod; vocal ensemble, Quintette from "Lakme," Delibes; solo dance, Desert Slave, Raphael; overture, Intermezzo from "Cavalleria Rusticana," Mascagni; vocal ensemble, Prayer Scene from "Cavalleria Rusticana," Mascagni, baritone solo, Brown October Agle, from "Robin Hood," De Koven; vocal ensemble, Soldiers' Chorus from "Faust," Gounod.

Following the intermission will be: Overture, Zampa, Herold; vocal ensemble, Barcarolle from "Tales of Hoffman," Offenbach; tenor solo, Paquita, Buzzi-Peccia; vocal duet, Flower Duet from "Lakme," Delibes; trio and ensemble, My Hero from "Chocolate Soldier," Strauss; soprano solo, Il Bacio, Ardit; ensemble classic, Gypsy Life, R. Schuman and Sextette and Ensemble, Sextette from "Lucia," Donizetti.

Christmas Seals Mailed To 3,444 in Belleville

Christmas seals are here again and 3,444 letters containing seals will be mailed this week to all friends in Belleville.

"We are counting on all our friends," said Eugene T. Berry, health officer, "and trust that the work we have done in the past year has made us many new ones."

"Each year," Mr. Berry continued, "the necessity for increased revenue in this department becomes evident. As the work is being enlarged in scope and more home visits are being made the demand for clinical and nursing service is increasing, and the urgent need of increased health work among persons afflicted with tuberculosis necessitates the raising of additional funds with which to carry on the work. Many persons in town do not realize the benefit Belleville has been receiving from the sale of these seals."

Half Of Allotment Spent For Elections

Town Clerk Praised Economy In Ballot Expense

Less than one-half of the funds appropriated for the conducting of elections in town this year have been expended, Mrs. Florence R. Morey, town clerk, announced at the conference of the town commission Monday afternoon. \$11,000 was appropriated for the municipal, primary and general elections, but only \$5,277.55 was spent leaving a balance of \$5,722.45 in that account.

Mrs. Morey was praised for her economy by Commission George R. Gerard and other members of the board. She was granted \$200 for extra work done during the primary and general elections at the regular meeting Tuesday night. She had already received \$200 for work during the municipal election.

In 1930, when the previous town election was held, \$15,900 was spent for balloting. At that time former Town Clerk John J. Daly, who was in charge, received \$350 for the primary and general elections and \$220 for the municipal election.

The book includes ninety important dates for the citizen including registration day, primary, election, opening of Congress and others; a complete list of the members of the State Legislature with their addresses; a Congressional district map; list of the commissioners of state departments including education, labor, health, institutions and agencies, and others; a digest of who may vote and who may not, etc.

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but little—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money gladly returned. Don't accept anything but Kruschen if you want to reduce safely.

Plan Discussion on Unemployment Relief

Will Be Sponsored by the League of Women Voters

A conference on unemployment relief will be held December 3 under the auspices of the women in industry committee of the New Jersey League of Women Voters at L. Bamberger and Co., Newark, at 2:15 o'clock in the afternoon. Mrs. Harriman N. Simmons, state chairman, will preside.

"Because the administration of unemployment relief is one in which we are all deeply concerned," said Mrs. Simmons, "and because of the constant changes being introduced in the administration, this committee will hold an informal discussion meeting covering the background and present status of this question."

In a letter to her local chairmen throughout the state, she urged as many to attend as possible. "You are urged to come take part in the discussion," she says, "as it is important that we gather as many accurate statements about relief in local communities as possible."

As a basis for discussion, the national league pamphlet on "Federal, State and Local Unemployment Relief" will be used. The past, present and future of emergency relief will also be considered in the light of the new proposals of the state advisory committee.

Several trained and experienced workers will lead the round table discussion.

The meeting is open to the public.

Mrs. Horace Tantom of Rutgers place has returned from visiting her parents, Mr. and Mrs. I. W. Merrill of Philadelphia.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and ¼ of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped tomato, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and sends the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.C.

Women Honor Mrs. F. H. Sanford

Local Woman Was Guest of Honor at Madison Luncheon

Mrs. Frederic H. Sanford of Nutley was the guest of honor at a luncheon meeting of the board of directors of the New Jersey League of Women Voters held at the Bottle Hill Tavern, Madison, Friday.

Mrs. Sanford was the former president of the league and had served for a term of six years. She would have completed her seventh term as president, but resigned in June when she became a candidate for the assembly from Essex County, since the league is a non-partisan organization.

Members who had served as directors on the board since 1928 were invited to attend this testimonial luncheon in appreciation of Mrs. Sanford's outstanding work during these six years.

"... And, My Dear! I Forgot to Order More Electricity."

"We were having a party and we used up all the electricity on hand, and I had forgotten to order more. I certainly was embarrassed."

How absurd, you say?

To be sure, it's absurd. But what if you had to order electricity as you do potatoes, or coal, or milk or bread?

Most of us never give our use of electricity a thought. It's such a habit—a part of our daily life that we simply click a switch and electricity goes to work.

Because we accept electricity as a part of our daily habits, little thought is given to its tremendous value in the home.

Analyze your uses of electricity. Compare them to your monthly bill. Is there any other expenditure which give you so much for so little?

PUBLIC SERVICE

Mrs. E. V. Cox of Plainfield was the chairman for the afternoon. Mrs. Walter V. Read of Glen Ridge was in charge of the program. Mrs. Leonard H. Robbins of Montclair is the acting president of the league.

Mr. and Mrs. L. Howard Olcott of Raymond avenue entertained at dinner Saturday night. Their guests were Mr. and Mrs. Frank Parish of Montclair, Mr. and Mrs. Victor Reynal of East Orange and Mr. and Mrs. Andrew Coyne of Caldwell.

THE TRUTH ABOUT HAIR AND HAIR TREATMENTS

You may be one of millions who has wasted time, hope, money on "tonics" and treatments... Now Charles Nessler, inventor of the permanent wave, leading hair scientist, author of "Story of Hair", makes a simple but revolutionary discovery that ends

BALDNES • DANDRUFF OILINESS • THINNING HAIR

In the past, tonics and treatments tried to stop hair from falling. That is as useless as to try to stop an animal from shedding! What you must do is make your scalp replace the hair that falls—in short, complete the hair growing cycle. It is on that scientific principle

that Charles Nessler's Pro-Ker is based. 30,000 tests have proved that Pro-Ker produces results. Hair for hair, it makes the scalp replace falling hair with new hair. Enjoy your birthright—beautiful, lustrous hair. Send for Charles Nessler's revealing booklet. Better still, buy Pro-Ker at your drug-gist, or mail the coupon below.

Morgan sold Germany bonds at \$92 or \$93 to American banks. American banks sold the German bonds to the American public at \$100.

"After feeding millions of European children and building houses in Europe, can we permit our local American children to starve or refuse to make loans to the world's best credit risk—American citizens?"

"In March 1914 Hanotat, a French political leader, writes he and the Morgan firm drew plans for an American war scare—from April 7, 1917 to November 11, 1918 the U. S. spent \$22,625,252,843 and advanced \$9,455,000,000 to the Allies and all Wall Street loans to foreign governments carried a U. S. government credit guaranty.

"Stock market duplicity—foreign and domestic—legalized robbery in the form of bonds—stocks—mortgages, debentures and participating shares—sales of bonds nationally advertised to create additional mileage to Chilean railroads which did not exist are all factors receiving needed New Deal treatment.

"When the New Deal stopped mortgage foreclosure sales on west and midwest farms for \$100 regardless of how much the farmer had reduced his original mortgage, will we not agree the New Deal was used as a weapon of Christian charity? Can we condemn the use of AAA dollars supplanting the avarice of the bankers or insurance lending agencies.

"Mr. Bardo, recently retired president of the New York Ship Building Company, at a Senatorial investigation stated a Mr. Shearer was hired at \$25,000 to go to Geneva to a peace conference. He admitted he knew nothing of the man. He admitted he violated one of the principal rules of his company in hiring this man and he did not know why this strange man was hired—unless it was to be an observer to report the "trend" of the peace conference, and this Mr. Shearer had a seat at the International Peace Conference at Geneva. This is the Mr. Bardo who is the president of the New Jersey Taxpayers Association, which association in New Jersey advised all city and town taxpayers' associations (including the Belleville Taxpayers' Association) to oppose the proposed law which permitted tax collectors to collect rents on properties, and through which I have collected \$39,000 this year.

"He also advised drastic cuts in public employees and school employees' wages and loading up local budgets and forcing payments of old loans, but made no mention of curtailing the power of the tax sale law and foreclosure laws which would actually create chaos instead of curing the citizen. As the taxpayers' association official or the big business dealer—was Mr. Bardo sincere?"

"Has over \$500,000 of Government money spent in Belleville at a cost of less than \$25,000 to Belleville property owners—and for employing over 1,000 men at ten weeks for one period, and over 300 for nearly six months been an error? These utilities are here, rates will benefit next year, families were and are being maintained. Who objected when concrete streets, curbs, etc. were plastered all over New Jersey towns and cities in 1926, 1927, 1928 and 1929, the direct cause of today's rugged taxes? Why does an organization like this permit public officials to be abused personally and officially when a real job is being done and why are administrative school officials commended for spending dollars received from the same source and used for a similar purpose. Facts are available—thinking is necessary—action based on an understanding of a true conception of needs and conditions is the prime duty of every citizen.

simply a right. It imposes on the owner a certain duty in the universal organization. The right to abuse riches is a pagan conception, while the right to employ riches for the good of oneself and others is the fundamental idea of justice enlightened by Christian morality.

"The right to sustain life was given to every man and woman at the same time Almighty God endowed them with life. No man was endowed with a right or a license to exploit his fellow man. No right was ever extended to any man or group of men to curtail honest efforts of me or my fellow workers to earn a living. The God-given right to obtain and retain an honest livelihood cannot normally be withheld by any man-made law or by any manipulator of law.

"It is the first duty of this government to enact laws and statutes which will render possible the employment of every citizen who is honest enough to work. Long before any American Congress or Franklin D. Roosevelt was born that principle was born in the Crib at Bethlehem and again rededicated on the Cross of Calvary, but it will redound to the eternal credit of Franklin D. Roosevelt that he had the moral character, the religious fervor and the American sportsmanship to drive home in ringing terms of a New Deal that workmen, whether in factories, schools, or offices and their families are the crown jewels of the United States of America.

A general discussion followed in which William J. Orchard said that labor would benefit by eliminating the racketeering element from its ranks.

William J. Sweeney expressed the opinion that labor racketeering is minor compared to racketeering among large business enterprises, as outlined by Mayor Williams.

"In this situation have any of the big leaders who have played for big stakes been investigated?" asked the Mayor.

SHARE CHRISTMAS JOY

Toylands have already opened in the larger stores, "Santa Claus" is warning us that we have less than a month left in which to do our Christmas shopping and the minds of young and old are turned to the coming happiness of Yuletide, yet we must remember, in spite of the commercialized aspect of the great holiday, that it commemorates the birth of the Christchild, who came to teach us brotherly love and service to humanity.

We know of no better way to do this than through the Christmas fund sponsored by the Civic League of Belleville and The Belleville News. In our town we have countless families living in the direst want, through no fault of their own. The cold, impersonal relief administered by the state will give them little opportunity to share the true holiday spirit.

State relief is meager at best. It fails to supply many things that to most of us are necessities. It is often delayed. Christmas means only another day of discouragement and desperation to many families unless you help.

The Christmas fund which we sponsor will be spent entirely on the unfortunate. Not a penny will go to administrative expenses, as these costs will be borne jointly by the Civic League and The News. Contributions may be taken to the First National Bank or the People's National Bank, or, if you wish, you may telephone this newspaper and a worker will call at your home for your donation.

By giving at this time, you may be assured that some family may be made happier, some child may have the nourishing food needed by his growing body, some crippled tot may know that he is remembered, or some despairing head of a family may have new, warm clothing in which he may be able to support his loved ones.

As we may keep the welfare of others uppermost in our minds at Christmas season and, by sharing, bring to our own hearts the greatest joy and happiness.

THE DAY OF THANKS

The Day of Thanks in this year of grace dawns with a tint of hope in the skies that has been absent for a long time. There is a confidence in the fact that a better era is almost at hand. Men and women are slowly but surely shaking off the feeling of depression that has held us all—the rich and the poor; the highly placed and the average citizen—in its dull grip for so many months. For that, alone, we should be thankful.

But there are other reasons why on this day of direct descent from the great little band at Plymouth, of this great nation should feel that the spirit of the forefathers has come down to us over the mystic bridge of the years, and that its influence should make us grateful to that power that "has made and preserved us a nation." We may give thanks, then:

That peace reigns in our land, and that the mad race for armaments has not attracted us to a like striving.

That ours is a firm and stable government, and that, despite the pessimism of the few, it will so remain.

That, although poverty and want are in the land, they are not our conquerors, but we are theirs with the cry that echoes from ocean to ocean: "They shall not starve."

That this country and its immense resources are sufficient to devote millions to the welfare of those who, by no fault of their own, need the help of the majority.

That the dark menace of unemployment is losing some of its grimness, and that new workers are constantly being added to the pay rolls of the nation.

That earnest and honorable men are laboring at the problems of government with the sincere intent to benefit the whole people, and that whatever the results achieved, they will not be brought about by demagogism.

That we may, on this day of feasting, meet kindred and friends in the intimacy of good fellowship and affection.

That we have the opportunity of helping others, less happily situated than ourselves, to realize that this is indeed a day for thankfulness.

If, in the midst of the jollity and the feasting of this day, traditionally and rightly devoted to the dismemberment of turkey, we shall also give a thought to the things that call for gratitude, even in a disturbed world, we shall find in it something that shall not pass away with the setting of the sun.

BRIGHTEN IT UP

The humble loaf of bread is next in line to join the color parade of useful household articles that manufacturers are now bringing into the homes. Novelty breads, we are told by the bakers, will be wrapped in paper as multi-hued as Joseph's coat.

Any effort to beautify and brighten the home is commendable. That it should reach into the kitchen is more than proper. The housewife, laboring in the kitchen daily, sometimes finds that important room a bit dull and even the gay wrapper on loaf bread would lighten up the place.

BAD TASTE IN JOURNALISM

We wonder if the gruesome photographs which are published daily in the metropolitan newspapers of the more sensational nature are as great circulation builders as their editors imagine. Surely there are many persons, like ourselves, who are repelled by the morbid subjects depicted in present-day "journalism."

Last Sunday we glanced at the front page of a tabloid which boasts an immense circulation and were startled to see a picture of three children who had been murdered by some perverted person which papers of this type gloat in as a "fiend-killer." After the first shock of seeing a photograph of this type, we hastily turned the page, hoping to find news matter of a type less repellent to the senses.

Perhaps illustrations of this nature appeal to the public, but we doubt it. In this same newspaper is a large, colored comic section, designed to appeal to youthful readers. Surely many parents would think twice before taking home to their children a paper which shows poor taste and morbidity in publishing photographs of such repulsive nature.

The publishing of news of crime has been included in the field of ethical journalism in the past fifty years, but there appears to be no reason to publish illustrations of the most shocking details, which repel more readers than they attract.

HEISLEY LETTER

The dog is both man's best friend and worst enemy. I was reminded of this when I heard our coffee man say in the kitchen a couple hours ago: "It was only an hour ago but I feel it swelling already." "Feel what swelling?" "Where that chow dog bit me." "When I remembered two of my chickens bit to death by a dog a couple weeks ago and another missing since last evening, I felt like joining in an antique crusade. I advised the young man to go to a doctor about the bite inflicted by the Cedar street chow dog. There ought to be a change in the animal law. A person should own a dog at the peril of his proving to be vicious, and not have the first bite or kick free. There are too many dogs. The friendly ring of one's neighbor's door bell is followed by a vollied barking and the dog gets to the door ahead of his

master or mistress. Sometimes he is a dog of lion-like size. I knew a Polish man in Belleville to have three monster watch dogs on leash, picketed around the front and side doors, so that no mail could be delivered, or telegrams received. The premises were fairly barricaded. The owner wished to isolate himself from the outside world, mail, telegraph or process server, he'd be secure from all of them.

The licensing fee should be three dollars for a male dog and five dollars for a bitch, unless spayed. The medical expenses of a person bitten by a dog should be paid out of the fund accumulated by the license fees.

"Why, that dog is harmless, he never bit anyone," or, "Never fear, he is only a puppy."

"We live in an age when the law favors a dog as it does not a human being; that favors a criminal the enemy of society, as it does not protect the policeman, the protector of society, so that a chief of police in a great city said to his patrolmen: 'Just shoot to kill, and let the jury decide if an officer has to expose himself to death at the hands of a thug.'"

Completing the Record

By IRVIN S. COBB

FROM the farther uplands of their native state a Kentucky couple descended into the Blue Grass. They had just been married and the trip was in the nature of a honeymoon.

Arriving at a Lexington hotel, the bridegroom left his bride near the door, and approaching the desk, asked for accommodation. "How about a nice room with bath for three dollars?" asked the clerk.

"Suits me," said the hillsman. "Register, please," said the clerk and the man from the mountains scrawled painfully, "Anderson Hightower." Then he walked back to his new wife and together they started for the elevator.

"Hey there," said the scandalized clerk, "you can't take that woman up to your room."

"Why can't I?" retorted Mr. Hightower. "This here woman is my wife."

"You'll have to register for her, too, then," the clerk told him. "Oh, all right," said the husband, and returning to the desk he picked up the pen and added to his previous inscription so that now it read:

"Anderson Hightower—and Susie." (American News Features, Inc.)

SCHOOL DAYS

By DWIG

Purely Personal

By LILLIAN THOMAS

It has been said that when a man is thoroughly civilized, you can do nothing more with him, and that barbarism is a necessity for healthful life on this globe. This seemingly absurd statement contains some truth, for if every human being were civilized, and if the fervor of nations were entirely calmed, nothing of much consequence would ever happen. And if nothing ever happened we would, eventually, become as useless as the wooden Indian that once towered outside the corner cigar store. Why, if nothing ever happened this would be a "perfect" earth, and every human being would be a "perfect" creature. We would have need for no improvements, for we would have no defects, and we would never strive for merits, for we would be without faults. Perfection in all things, then, would prevail. Is there anything more dull than a "perfect" thing or being?

If we were so cultured, refined, calmed, pious and virtuous that nothing sensational or ruinous could ever

happen to us, we would know no sweet sadness, no pathos, no untamed wildness, no difficulties. We would have no reason to sing anyone's praises, and no cause to censor anyone's shortcomings. All in all, we would be as inanimate as a log, and this would be a helluva world.

Three hundred and seventy orchestra leaders selected the following songs as being the most popular of the last decade:

"The Man I Love," "Goodnight, Sweetheart," "I'll See You In My Dreams," "Tea For Two," and "I'm Dancing With Tears In My Eyes."

So you aspiring song writers take a tip from the above winning melodies, and slant your offerings accordingly.

Every woman, at one time or another, longs for a man who is willing to be scorched in the flame of Passion so long as it is she who lights the torch. For this bit of ecstasy she is willing to drink the bitterest dregs from the cup of life. Later, when the torch she lit, turns to ashes, she becomes a cynic, and like Diogenes, the Greek philosopher, she declaims the ingratitude of man.

It is estimated that when the Volcano QUIZAPU was in eruption in 1932-33, it flung ten and a half cubic yards of stone, ash and sand high into the air, and destroyed over 300,000 cattle. The volcanic dust was blown as far as Johannesburg in South Africa, and some of it went clear around the world.

He never reached his destination, and when discovered several days later, he and his team were dead. His brakes were on and the mules were trapped in their own tracks.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

I GUESS one of the worst things you can have wrong with you is sleeplessness. A guy that can't sleep gets to worrying so much about it that he really can't sleep sure enough. Lots of times he starts out by being kept awake by somebody's party or something like that, and

then they get the idea they can't sleep, and so they can't.

Well, there's a lot of fun in not sleeping, because a lot of jokes are made about it. One man that had got the idea he couldn't sleep had some sleeping medicine prescribed for him by the doctor. About eleven o'clock that night he called up the doc and said, "Say, that druggist ain't got the sleeping medicine to me yet! That's a great kind of a druggist to send a prescription to! Can't you hurry him up? I'm half asleep, and I don't think I can stay awake much longer waiting for such a poke."

USE LAMPS THAT SAVE YOUR EYES

Inadequate lighting forces you to strain your eyes and eyestrain produces fatigue. The New Science of Seeing tells us there are certain definite minimums of illumination below which you cannot use your eyes with safety.

The way to tell if you are getting enough light is to make a check with a sight meter. This little instrument measures the amount of light now on your task and indicates the amount you should have. If you will telephone us, one of our lighting specialists will call to make a check of the lighting in your home. There is no charge for this service.

"Thanksgiving" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Thanksgiving Day, November 29.

The golden text is: "Thanks be unto God for his unspeakable gift (II Corinthians 9:15).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound in every good work: Being enriched in every thing to all bountifulness, which causeth through us thanksgiving to God." (II Corinthians 9:8, 11).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit blesses man, but man cannot tell where it cometh. By it the sick are healed, the sorrowing are comforted, and the sinning are reformed. These are the effects of one universal God, the invisible good dwelling in eternal Science" (p. 78).

Emil Dusek Meets Ed Don George Rowdy Rudy's Brother Earned His Spurs For Bout Last Friday

Ed Don George, recognized in New England and Canada as wrestling champion of the world, will meet Emil Dusek in the main event of the wrestling bouts to be staged Friday at Columbia Park in North Bergen.

Dusek earned the bout when he won over Gino Garibaldi in a whirlwind battle last week at the park. The week before, Dusek put Sandor Szabo in the hospital for two days.

George has wrestled two times with London in an attempt to settle the title. Both bouts ended in a deadlock. The first time they met, the bout lasted over five hours.

It is significant that both times London billed himself as "challenger" while George was called the champion.

The bout will be determined at the termination of one fall. There will be no time limit.

Vic Christie will meet Floyd Marshall in a special bout with a one hour limit.

In other bouts Mike Romano will meet Charlie Allen and Al Bisignano is pitted against Jack Rodgers.

Emil Dusek Will Clash With Szabo Rumor Says Hungarian Will Try Revenge On Dusek Clan

Whenever a Dusek is billed to appear on a wrestling program, fans may look forward to witnessing a real "hot" match and that will hold true when Emil Dusek, third oldest member of the clan of grappling stars, will try his luck with Sandor Szabo, Hungarian champion, in the main event at the Laurel Garden, Newark, on Tuesday night. This match is carded for two out of three falls, within the time limit of 90 minutes.

Emil just returned from a western tour and is now waging a bitter campaign in the east in order to have his name listed among the select class of grapplers. His tour proved a big success and he has high hopes of doing even better in the east against tougher opponents. In Szabo, Emil is not only meeting an opponent who is well versed on pinning shoulders, but one who is also well schooled on off color methods, which he plans to employ in this scrap, should Emil decide to go haywire. Szabo is "poison" to the Dusek family and nothing would suit him better than to send Emil to the hospital to even the score with Rudy who holds a slight edge over him in the win column. The foreigner is anxious to get back at Rudy, and is leaving no stone unturned to beat the younger Dusek. Should he win from Emil, Sandor will insist on a return bout with Rudy and if he is not successful in getting the oldest member of the family in the ring on a return bout, then he will demand that the promoters secure Ernie who is said to possess more dirty tactics than all the Duseks put together.

The Daddy of 'em All

James A. Farley, the postmaster general, will fire the starting gun in New York's fifty-seventh international six-day bicycle race which starts at 9 o'clock Sunday night in Madison Square Garden with fifteen international teams competing. The field is made up of one of the strongest aggregations of riders ever to compete in a Madison Square Garden race, or for that matter any place in the world. Riders from Italy, France, Germany, Belgium, Australia and the United States will be in the competition.

Numbered among the stars in the grid are three American champions, they are Alfred Letourner of France, the American motor-paced champion and three times holder of the title George Dempsey of Australia who now makes his home in Brooklyn, the all-around bicycle champion of the United States and Bob Lipsett, a New York youngster, who won the amateur championship of the United States this past summer. Lipsett's father and mother were born in Ireland and this will mark the initial appearance in New York of Lipsett in the ranks of the professional riders.

Among the crack teams in the race, will be a Jewish pair of riders, both making the first appearance in a New York race. The team is made up of Jerry Rodman of Chicago who finished third in the recent Chicago six-day grind and Harold Ruth of Freeport, L. I. These two youngsters are two of the riders making their first appearance in New York, five others who will be riding the Madison Square Garden grind for the first time are Franz Lohmann, Hans Zims and Willie Kuster of Germany; Eddie Testa of Los Angeles, Cal., and Bob Lipsett of New York. The race besides having a Jewish team will have a crack Irish team in that of Roy Garrison, the Kearny cop, and Jackie Sheehan of New York City.

There will be five series of sprints each day in the race. The hours of the sprints will be 3:30 in the afternoon, 8:30, 10:30 and 12:30 at night and the final series, each morning when the milkman is out, at 2:30 in the morning.

In the field of stars are sixteen American riders and fourteen foreign stars. Numbered in the foreign con-

tingent are six German riders, four Italians, two Frenchmen, one Belgian and one Australian rider.

Bicycle experts and close followers of the sport agree that there are so many good teams in the race that it would be a difficult task to pick out a favorite team, for any one of eight teams in the race appear to have an equal chance to come out on top. Paul Brocardo of Italy and Marcel Guimbretiere of France who won the race last year will again stand out as one of the best teams in the race, but they are sure to be pressed every inch of the way, by the sensational team of Alfred Letourner of France and Gerard Debaets of Belgium who only recently won six-day races in Philadelphia, Detroit and Chicago.

Another outstanding team in the race is that of Adolf Schon and Franz Lohmann, the German stars, who won the last six-day bicycle in Berlin and who will be a hard team to beat in the coming race.

Italy will be represented by a brilliant team in that of Avanti Martin-

Varsity Club Nosed Out By Civic League By One Point, 7-6, In First Defeat

Nutley Gridders Hold Powerful Newark Eleven In Check After Second Period—Will Meet Kearny Toreadors In Return Game Sunday Afternoon

The Nutley Varsity Club football squad lost its first game in two years to the 14th Ward Civic League eleven of Newark by one point, 7 to 6, in a grid contest at Feuerbach Field, Nutley, last Sunday afternoon.

The powerful Newark team scored in the second period, when Barker hurled a long forward to Becky, who ran fifty-five yards for a touchdown. A placement kick by Dollinkas scored the winning point for the visitors.

The Varsity scored in the same quarter, when by an aerial thrown by Baykowski, Kellet was able to walk across the line untouched by opposing players. The locals failed to achieve the extra point to tie the game.

The Nutley club held the visitors in check for the remainder of the game. The Varsity Club, previously undefeated in its two years of existence, had played twenty games without a defeat.

The game was enlivened by the presence at the field of a score of noted bicycle riders, who are training at Feuerbach Park for the six-day race starting at Madison Square Garden, New York, Sunday. Among those present were Alfred Letourner, Gerard Debaets, Ewald Wissel, Franz Deulberg, Jean Antenucci, Norman Hill, Tino Reboli, Bobby Walthour, Freddie Spencer, Ivor Lawson and others. Harry Mendel, promoter, and Jack Neville, veteran trainer, were also spectators.

Letourner kicked off the first ball, aided by Debaets, who held the spheroid for him.

Mayor Walter F. Reinheimer officiated at the presentation of the gate award, a Thanksgiving turkey, donated by Carmie Blum, which was won by R. E. Wilkens of 195 Whitford avenue, Nutley.

The Nutley club will meet the Kearny Toreadors, whom they conquered, 6 to 0, earlier this season, in a return game at Feuerbach Field this Sunday.
