

Mayor Raps Minisi At Newark Meeting Declares Property There Is Assessed Above True Value

Mayor William H. Williams, town finance director, attacked the policies of Commissioner Anthony F. Minisi of Newark, finance director of that city, at a meeting of the Real Estate Board at the Down Town Club last week.

In his address the mayor declared that drastic economies are the prime need in Newark, and charged that "much property in Newark is assessed at from 110 to 200 per cent of what it can be bought for."

Pointing out that high assessments increase the burden of county taxes to be borne by the taxpayers of a municipality, Mr. Williams declared that "the city penalizes the taxpayer unnecessarily." Mayor Williams is the owner of a building at Broadway and Garteret street, Newark.

The mayor praised the local assessor, John F. Coogan, Jr., in stating: "One of the pertinent things today is to put in charge of the finances of the city someone trained for the job. In Belleville we have a chief assessor who knows what it is all about."

Mr. Williams opposed consolidation of municipalities in Essex County, declaring that it would mean higher taxes for suburban communities, which would be forced to pay a large portion of Newark's taxes.

Telephone Head Sees Business Improvement 'Phones in Service Increased 32,343 Last Year, He Reports

If use of the telephone is an indication of general conditions, New Jersey's business and other activities improved steadily through the last year and continued improvement is looked for in 1937. Chester I. Barnard, president of the New Jersey Bell Telephone Co., states in the annual report of the company made public recently.

Telephones in service increased 32,343, compared with a gain of 14,406 the preceding year. More than half of the 96,000 telephones lost during the depression years had been regained by the close of 1936.

The volume of calls handled at the switchboards was heavier than in previous years, averaging 2,672,580 a day last year compared with 2,505,066 a day in 1935, and the increase in calls to more distant points was particularly marked.

Financial results improved moderately, Barnard reported. Operating revenues for the year increased \$2,983,492 over the preceding year, operating expenses increasing \$1,716,189, of which the principal item of increase was taxes. Taxes rose \$738,887 to a total of \$5,656,275 for the year 1936, taking 12.5 per cent of total revenues received and amounting to more than \$8.80 per year for each telephone in service.

After deduction of taxes, net operating income for 1936 was \$8,157,846, or \$1,267,304 over 1935, and amounted to 3.94 per cent, compared with 3.38 per cent, in 1935. Net profits available for dividends amounted to \$5.63 per share of common stock as compared with \$4.33 per share in 1935.

Telephone service was made better wherever possible during the year and "in all respects was held to the high standards of quality which have been maintained through all the recent difficult years," Barnard said. Some of the measures taken to improve service included more frequent inspection and testing of telephone lines and repair of incipient defects; further centralizing and making more efficient testing and cable fault-locating activities; extending the hours in which repair service is available in many places to include evenings, Saturday afternoons and holidays and Sundays, and installation of new common battery switchboards in Berlin, Blackwood, Hopewell and Seaside Park.

Rate reductions made during 1936 resulted in savings to telephone users amounting to more than \$305,000 a year. In the last seven years, savings through reductions have amounted to more than \$1,200,000 a year, the report said. The principal reductions last year were in the cost of out-of-town calls; the minimum charge for exchange service at season resorts; the charge for temporary suspension of service for periods not over three months; extension of areas in which extended scope service is available, and enlargement of base rate areas.

Increased business volume enabled the company to restore a full five-day

Pole and Hydrant Stop Skidding Cars Motorist Injured When Auto Overtakes in Union Avenue

Joseph De Rosa, 21, of 106 King street suffered severe lacerations of the face when his car skidded, crashed into a pole and overturned in Union avenue near Holmes street early Sunday. He was taken to St. Mary's Hospital, Passaic, in the town ambulance. The pole, the property of Public Service, was broken and De Rosa's car was badly damaged.

A fire hydrant was snapped off at the base at 1 A. M. the same day when a car operated by Edward Horvath, 940 South 19th street, Newark, skidded at Mill street and Washington avenue. The hydrant was repaired by town forces.

F H A to Launch Building Campaign Belleville Better Housing Bureau Cooperates In New Program

The Belleville Better Housing Bureau, in cooperation with the F. H. A., is about to launch a "Build and Finance for Security Program."

This program has been initiated for the purpose of concentrating the efforts of the field staff in a state-wide movement to develop better public understanding of Title 2 of the National Housing Act and the insured single mortgage plan of the F. H. A., to awaken public consciousness to the advantages of these measures and thus encourage their broader use.

Representatives of the Belleville Housing Bureau will communicate with all local building trade organizations, realtors, real estate brokers, architects and operative builders, service and civic organizations for the purpose of enlisting their interest and participation in this campaign.

The bureau maintains a free information service and is located at 129 Washington avenue. The office is open daily to advise property owners, builders and prospective home buyers where mortgage loan applications may be made without any charge.

Church to Present "The Eternal Hills" Dramatic Sermon Will Be Given By Cast Of Former Play

"The Eternal Hills," a religious drama, will be presented under the direction of the Rev. Dr. O. Bell Close at Fewsith Memorial Presbyterian Church Sunday at 4 P. M. The same cast that appeared in "The House on the Sand", given several weeks ago, will appear Sunday.

Dr. Close has explained that the dramatic sermon, the second in a series of three, is intended to reawaken religious thought in the community. The pastor is being assisted in the project by a committee of prominent men of the town, not all of whom are affiliated with Fewsith Church.

GARDEN STATE LINES PROPOSE 5 CENT BUS FARE TO NEWARK

Town Commission Grants Municipal Consent For New Route Through Belleville Streets

Municipal consent was given the Garden State Lines, operators of buses between Passaic and Jersey City, to operate a new line through Belleville, linking Nutley and Newark by a five-cent fare, by the town commission Wednesday night.

The proposed route, as outlined by Joseph Cassidy, attorney for the concern, would enter Belleville in Passaic avenue, and run thence to Greylock avenue, to Linden avenue, to Division avenue, to Hornblower avenue, to Belleville avenue, to Washington avenue and to the Newark city line.

Mr. Cassidy pointed out that the route was selected as far as possible from existing lines, in order to secure the approval of the Board of Public Utilities Commissioners.

He declared that the Garden State

Aviation Club Meets The Belleville Aviation Club met last week at the Recreation House. Word was received that Thomas Yanie and Charles Alfans, charter members of the club and recent graduates of a Newark aviation school, have been employed by United Air Lines and have been sent to the central repair base at Chicago.

Young people over 18 are eligible for membership. Meetings are held every Thursday evening at the Recreation House. Harry G. Smith is adviser and Recorder Everett L. Smith is counsel.

Red Cross Campaign Reaches \$3,000 Mark Belleville Chapter Praised By National Society For Raising Quota

Belleville's contributions to the flood relief fund of the American Red Cross reached a total of \$3,008 this week, Andrew L. Boylan, chairman of the local Red Cross chapter, has announced.

Mr. Boylan has received a letter from the national headquarters of the Red Cross, which reads in part:

"We are very proud of the record of the Belleville Chapter in raising its flood relief quota. I have already thanked you for the splendid response. I thought you might be interested in hearing, however, that the total collections now exceed \$21,000,000. At that, the need is so great that only the minimum requirements can be met."

Additional contributions not previously acknowledged follow: Federal Leather Co., \$100; employees of Eastwood-Neally Corp., \$87.05; Belleville Assembly 3, Order of the Rainbow for Girls, \$5; Chateau Bar & Grill, \$8.57; contributions of Belleville residents made directly to national Red Cross headquarters, \$13.

Town Sells 500,000 Feet of Bluestone Assessments for Sidewalks Will Be Reduced By \$20,000

The sale of 500,000 square feet of bluestone flags, removed when concrete sidewalks were laid here, was completed Tuesday morning at the town hall when William F. Watson, a Yonkers, N. Y., contractor, offered four cents a square foot for the lot.

The \$20,000 received from the sale of the stone will be used to pay a part of the town's share of the cost of constructing the new sidewalks through WPA labor, estimated at about \$60,000. The sale was planned by Commissioner Patrick A. Waters, director of public works, to reduce the assessments to be paid by residents whose property is improved.

Construction of the new walks, while curtailed by inclement weather, has been continuing throughout the Winter, and a large quantity of the stone has been accumulating. Town Engineer Matthew J. Sheehan estimates that about 150,000 square feet additional of stone will be available for sale before completion of the project.

The public sale Tuesday was conducted by Mrs. Florence R. Morey, town clerk, and Charles A. Gebhardt, attorney.

Return to Work At Crowhurst Plant Plant and Union Officials Sign Agreement On Pay and Hours

Strikers at the A. J. Crowhurst & Sons, Inc., tannery at 35 Mill street returned to work Tuesday after the signing of an agreement between officials of the concern and the National Leather Workers' Association last Friday. The pact was ratified by the employees at a meeting at Labor Center, Newark, Sunday.

It was announced that the agreement provides for a stagger system of employment, to eliminate long hours and overtime, on which employees and the management disagreed. A working agreement adopted last Summer will remain in effect, except for the elimination of a shop committee, which will be replaced by a shop steward, to act as an intermediary in disputes with the company.

Workers employed as of January 6 will retain seniority. Serious controversies, if they should arise, are to be referred to the Board of Conciliation of the National Labor Relations Board.

Litigation by both sides in Chancery Court has been ended. The conference last Friday, at which the agreement was reached, was attended by a representative of the federal board; Charles Crowhurst and P. J. Crowhurst, officers of the concern; Thomas Markey, counsel for the company; Morris Isserman, counsel for the employees; Daniel Boyle, union leader; Joseph Massadis, organizer; Thomas Galonos, business agent, and Thomas Lee, George Murphy, Chester Cetrullo and Charles Longhi, employees at the shop.

Plan Final Dance Of Social Season Junior Woman's Club To Hold "La Fete Francaise" At Club House

"La Fete Francaise," the last dance of the social season of the Junior Woman's Club, will be held tomorrow night from 9:30 P. M. to 1 A. M. at the club house, 51 Rossmore place. Music will be furnished by Henry Gassner's Orchestra. The ballroom will be decorated to resemble a Parisian sidewalk cafe.

Miss Dorothy Gardner is chairman. She will be assisted by the Misses Helen Hyde, Vivian Kilpatrick, Jean McClelland, Betty Shurts, Doris Soileau and S. Elizabeth Wortman.

King Association Holds Card Party "Ladies' Night" to be Fea- ture of Third Annual Affair

The Joseph King Association will hold its third annual card party and "Ladies' Night" this evening at its headquarters, 414 Washington avenue. There will be awards and refreshments.

Charles Davis is chairman of arrangements. He will be assisted by Walter P. Weiss, Edward Hartz, Nelson Chamberlain, John Drentlau, John Gunderman, Walter Radler and George Haslam.

Young Republicans Hear Accordion Solo

A youthful musician, Louis Battaglia, 14, of 64 Columbus avenue, entertained the Young Republican Club of Belleville, Inc., with accordion selections at a recent meeting at the Exempt Firemen's Home. The meeting was followed by refreshments and dancing.

Albert Williams, president, is arranging a program for the next meeting, to be held March 17.

Belleville residents wishing to join the organization may secure application blanks from Albert Kleiner, 81 Wilbur street.

Heads Socialities

Miss Marie Moniot was elected president of the Socialities of Belleville at a meeting of the organization last evening at the home of the Misses Helen and Evelyn Truitt, 244 Linden avenue.

The club will hold a mid-season supper dance in the Marine grill room of the Hotel McAlpin, New York. Miss Louise Carissimi is chairman of arrangements. She will be assisted by the Misses Adele Hickok, Fay Finley, Alice Huguley and Marie Moniot.

Five Years Old Mr. and Mrs. Wilson Cheney of 134 Bremond street entertained Monday in honor of the fifth birthday of their daughter, Amanda. Decorations were in red, white and blue in observance of Washington's Birthday and favors were in pink and blue. Guests were: Earl Peterson, Patricia Wilson, George Donder, Jean Cheney, Robert Phipps, Jerry Wilson, Francis Hague, Arline O'Grady, Miles Kirkup, Patricia Kirkup, Lillian Munro, Barbara Heydorn, Dorothy Jenkins and Joan Kintzing, all of Belleville, and Mr. and Mrs. Jack MacPeeters and daughter, Doris, of Glen Ridge.

Yudin's Sponsors Art Competition Work of High School Pupils To Be Exhibited At Store

Yudin's Paint Store at 114 Washington avenue is sponsoring an art competition for pupils at Belleville High School. The work of the art students will be on display at the store from next Monday to March 10.

The contest and judging are under the supervision of P. Webster Diehl, art instructor at the school. More than sixty entries have been received. Awards contributed by the store are as follows: First, an oil painting set; second, a water coloring set, and third, a lineoleum cutting outfit. The first two awards will be made on the recommendation of a jury of artists, while the third prize will be awarded on the basis of popular appeal.

Yudin's is arranging another contest, to be open to elementary school pupils in town. There will be two classes, one for grades from the first to the fourth, and another from the fifth to the eighth. Art equipment will be presented to the winners in both classes.

A sweeping sale, offering cosmetics, remedies and other merchandise at especially low prices, is being held at Karlin's Cut Rate Drug Stores at 120 and 531 Washington avenue. The sale, which started Wednesday, will continue through Monday.

"Despite the phenomenally low prices, only genuine, trade-marked merchandise is sold in my stores," Abbott A. Karlin, proprietor, stated. "All goods are fresh and in perfect condition, and are prepared by the leading pharmaceutical supply houses, whose reputations have been won through years of honorable dealings."

Included in the sale are drugs, remedies of all kinds, necessities for the medicine cabinet, cosmetics, electrical appliances, tobaccos and other quality merchandise. All are offered at lowest prices.

In announcing the sale, Mr. Karlin stated that prices at his stores are always low, but have been cut to a still greater reduction in order to make it possible for families to stock up on their needs at the present time.

He pointed with pride to his prescription departments, where physician's prescriptions are filled carefully and accurately by registered pharmacists, without substitutions and with fresh, pure drugs.

BURNETT UPHOLDS VUONO, REVERSES BELLEVILLE BOARD Beverage Commissioner Announces Verdict Six Months After Hearing; Discounts Charges

Samuel Vuono, who operates a tavern at 190 Passaic avenue, was granted a renewal of his license to dispense liquor by State Beverage Commissioner D. Frederick Burnett Wednesday, reversing the action of the local board of commissioners, which last June refused to renew the permit.

The local board gave as its reasons for refusal of a license the contention that Vuono was not a fit person to hold a license and that there were too many saloons in the neighborhood.

Vuono appealed the commission's decision last August, and a two-day hearing was held at the offices of the state alcoholic beverage department in Newark, during which police officers, town commissioners and citizens were called as witnesses.

The local board refused to renew Vuono's license by a three to two vote. Mayor Williams and Commissioners Waters and Gerard voting to deny the license and Commissioners Clark and King favoring its being granted. Burnett's decision read in part: "The deciding vote was cast by Public Safety Commissioner Gerard, who testified he was advised by two members of the commission they had certain evidence against the Vuono place. In reliance upon this statement, which referred to an alleged indecent dance held March 30, 1935, he opposed renewal."

"The evidence introduced at the hearing on appeal established that following receipt of a complaint of

(Continued on Page 2)

Waters Association Will Hold Dinner Affair at Franklin Arch Restaurant Will Follow Bowling Matches

The Patrick A. Waters Association will hold a venison and spaghetti dinner March 12 at the Franklin Arch Restaurant, Franklin street, Silver Lake.

The affair will be held at midnight, following bowling matches at the Italian Baptist Church community house to determine the championship of the town department of public works.

Commissioner Waters, standard-bearer of the organization, will be guest of honor. The committee in charge is composed of James L. Waters, John Lanza, Matthew J. Sheehan, James Constantino and John Bennett.

500 Will Attend Lions Club Party Committee Completes Plans For Annual Benefit Entertainment

About 500 persons are expected to attend the fifth annual charity card party of Belleville Lions Club, to be held next Thursday evening at the Club Evergreen. Harold A. Gahr, chairman of the affair, is making arrangements to accommodate 100 tables of cards.

Final plans for the entertainment, the entire proceeds of which will be used for charitable purposes, were made at a meeting of the committee last night. Following the card party, refreshments will be served and entertainment furnished by local talent. Al Anderson and his orchestra will furnish music for dancing. Many awards for guests have been selected by the committee.

The committee in charge is composed of Mr. Gahr, chairman; John P. Dailey, Horace D. Baldwin, John R. Carrough, Arthur E. Mayer, Harry Ziegler, Wilfred Yudin, Clarence Lommer, Edward J. Lister, Charles A. Gebhardt, Louis A. Noll and W. G. Priestman.

Knights of Columbus Plan Minstrel Show Ambrose R. Culklin Will Direct Performance at School Hall

Belleville Council, Knights of Columbus, will present an "Old Tyme Minstrel" under the direction of Ambrose R. Culklin at St. Peters School auditorium March 31.

Many new features are being planned by Tim Monaghan and Harry Sullivan, who are assisting in this affair.

Professional talent will be used in the solo work but the chorus will be gathered locally.

Rehearsals and tryouts will begin Monday night. Anyone interested in joining the chorus is invited to attend as the affair is not limited to members of the Knights of Columbus.

Dancing will follow the show.

(Continued on Page 2)

Local Man Suicide By Revolver Shot Borrowed Watchman's Pistol From Tannery To Take Own Life

Henry G. Schaible, 43, 39 Little street, committed suicide early Sunday, police say, by shooting himself in the right temple with a .32 caliber revolver at his home.

According to Miss Eleanor Schaible, his daughter, who reported the occurrence to police, her father had been despondent. He left the house at 5 A. M., she said, and the family believed he was going to work. Returning later, he sat down in a chair by the radio and fired the fatal shot, she reported.

Learning that the revolver belonged to L. J. Frelbe Sons Co., Inc., tanners of 499 Main street, police questioned J. L. Frelbe, president of the concern, where Mr. Schaible was employed. Mr. Frelbe reported that Mr. Schaible came to the plant shortly after 5 A. M. and took the watchman's pistol, kept in a desk.

The family told police that Mr. Schaible had been despondent before the occurrence.

Mr. Schaible was pronounced dead by Dr. Martin Meehan. The body was removed to Hulsbeck's Morgue, Newark. Patrolman Frank Lukowiak conducted the investigation.

Buick Auto Plant Resumes Production Local Dealer Learns New Cars Are Now Being Shipped Here

The Buick Division of General Motors resumed output of automobiles last week and was expected to be in full production shortly thereafter, according to word received today by G. R. B. Symonds, Buick dealer here, from Harlow H. Curtice, Buick president.

After forty-five days of idleness as a result of the automobile strike, the wheels of the great industry are beginning to move again and cars will be rolling off the assembly lines in greater numbers than ever before.

"Mr. Curtice told me we will begin getting cars just as fast as it is possible for the factory to produce and ship them," Mr. Symonds said. "Buick suffered by the strike through no fault of its own or of its workmen. There never was a strike or threat of strike in the plants of the Buick division. Cessation of manufacture of cars was forced when the supply of bodies was stopped. As a result, nearly a month and a half of work was lost by the Buick Motor Division, which in turn has resulted in a shortage of cars in the hands of Buick dealers."

"The factory executive said that every effort will be made to make up for lost time and to get cars into the hands of dealers and customers."

"Many customers are waiting for the new Buick cars. Most placed orders and have been willing to wait for delivery for their cars until after settlement of the strike and the resumption of production. This is true not only here in Belleville, where we have a large number of retail orders on the books, but in every other dealership in the country."

"In this respect the loyalty of our Buick customers has been strongly demonstrated during this strike period and it is deeply appreciated. The thanks of the dealers and of the factory are due those who, notwithstanding the uncertainty placed their orders for Buicks and were willing to wait for delivery."

"Mr. Curtice told me this loyalty and patience will be rewarded by the speediest possible delivery of all unfilled orders, to accomplish which the Flint factories have been immediately geared to capacity output."

"During March it is expected that Buick output will be at full capacity; and will continue at this rate during the spring months."

"The popularity of the 1937 cars and the strong demand for them is indicated by the fact that Buick will enter March with the largest bank of orders in its history, exceeding the buying rush experienced soon after the announcement of the new cars last Fall."

Buy on Easy Payment Plan, Diamonds, Jewelry, Watches, numerous other gifts. Victor Hart, Jeweler, 457 Washington avenue, Belleville, N. J.

Community Hardware Co. of 327 1/2 Union avenue is the local headquarters for Sherwin-Williams Paints and also Cook & Bunn Paints at especially low prices. Call BELLEVILLE 2-4256.

Fire Causes \$1,500 Damage to Residence

Cellar Blaze Spreads In Frame House in Van Rensselaer Street

A fire of undetermined origin Wednesday morning caused damage estimated at \$1,500 to a frame house at 9 Van Rensselaer street owned and occupied by Joseph H. Hughes. The flames, according to firemen, broke out in the cellar of the house and spread through the framework to the roof. The fire was discovered by Patsy Tortoriello of 24 Mt. Prospect avenue, a letter carrier, while making his rounds. He notified Mr. Hughes, who was vainly trying to stem the blaze with pails of water when firemen arrived.

Companies from fire headquarters in Washington avenue and William street fire house responded, and succeeded in preventing the spread of the flames, although other houses on each side of the burning structure were as close as two feet.

According to Fire Chief Robert A. Reid, he was told by Mr. Hughes that the building was partly covered by insurance, although furniture, badly damaged by smoke and water, was not insured.

Public Safety Director Gerard commended the fire department on its efficiency in preventing the spread of the fire to neighboring houses.

Youth Loses Sight Through Lack of Glasses

With the sight of one eye lost and that of the other endangered by the lack of eyeglasses, a Belleville youth was provided with glasses this week by the charity committee of the Joseph King Association.

Several years ago the boy was told that eyeglasses were necessary to preserve his vision, but was unable to obtain them, as his family was in need.

After years of suffering, the youth, newly blinded, appealed to John J. Hewitt, overseer of the poor. Since the town lacks funds for this work, Mr. Hewitt, who is chairman of the King Association's charitable committee, notified the organization, and the youth was finally given needed care.

Vuono

(Continued from Page One)

The incident dance held at Vuono's tavern, police officers visited the place and arrested a female entertainer.

"No complaint was ever filed, and the recorder testified the evidence produced before him did not establish any indecent performance had occurred. The same entertainer danced in another place the same evening."

At the hearing last year Town Attorney Lawrence E. Keenan introduced evidence to show that Vuono had made a misstatement in his original application for a license, denying that he had been convicted of a crime. Burnett's comment on this was:

"Belleville police records show Vuono was found guilty of assault and battery and fined \$50 June 20, 1930. Seven days later this sentence was suspended. Vuono's counsel said he thought the charge had been dismissed and he filed in the appellant's application in accordance with his recollection.

"It is not suggested the crime involved moral turpitude and under the circumstances I conclude the misstatement was not intentional and does not constitute sufficient grounds for denial of the application for renewal."

At the time of Vuono's appeal, Joseph P. Dallenevra, his attorney, attempted to show the license was refused for political purposes, Vuono having opposed a candidate favored by Commissioner Waters in a primary election.

Garden State

(Continued from Page One)

Belleville to the heart of Newark.

Asked by Commissioner Joseph King how other bus lines could offer a five-cent fare, while Public Service charges ten cents, Mr. Brown replied that no other operator has as yet furnished such service.

In reply to questions of the commissioners, Mr. Cassidy stated that the Garden State Lines were willing to surface Greylock avenue west of Belmore street with ashes to allow their buses to operate.

He was told that, in the event that the concern is able to secure the permission of the utilities board, the town will aid in surfacing the street to obtain a five-cent fare.

Telephone

(Continued from Page One)

basic work week during the year for practically all telephone employees, of whom there were 11,646 at the end of the year. Salaries and wages paid during 1936 totaled \$20,163,412, as against \$18,860,064 in 1935.

Transfers Granted

The board of commissioners Wednesday night granted the Washington Liquor Store, of which Barney Miller is president, permission to transfer its liquor package store license from 484 to 477 Washington avenue.

Lazarus Evenchick, delicatessen proprietor, was allowed to transfer his limited distribution license, allowing the sale of bottled beer only, from 476 to 525 Washington avenue.

Annual P. S. Report

The annual report for 1936 of Public Service Corp. of New Jersey and its subsidiary companies just released to stockholders shows earnings of \$2.68 per share in 1935. Earnings were sufficient to cover dividends two and one-half times on the corporation's preferred stock.

A condensed summary of the results of operations of the corporation and subsidiaries for the year ended December 31, 1936 follows:

Operating Revenues	(Gross Earnings) .. \$122,843,047.31
Operating Expenses	\$44,229,227.92
Maintenance	9,997,823.32
Depreciation	10,269,823.24
Taxes	19,856,471.04
	84,353,345.52
Net Income from Operations	\$38,489,701.79
Other Income	\$1,844,099.06
Total	\$36,645,602.73
Deductions (Fixed Charges, etc.)	12,032,669.71
Balance for Dividends and Surplus	\$24,612,933.02
Deficit	
Gross earnings for the year (\$122,843,047.31) showed an increase of \$3,616,619.40 over 1935. The balance available for dividends and surplus (\$24,612,933.02) was an increase of \$839,423.83 over the previous year.	

Volume of electric and gas sold by Public Service Electric & Gas Co. increased in 1936 and a larger number of passengers were carried on the street cars, buses, and all service vehicles of Public Service Coordinated Transport. Sales of electricity totaled 2,059,134,907 kilowatt hours the largest ever recorded on the company's books, a gain of 12.74 per cent over 1935, the best previous year. Revenue from electric sales did not increase proportionally however, due to the effect of the \$5,000,000 rate reduction made in the previous year. Sales of gas totaled 24,630,739,300 cubic feet, a gain of 3.48 per cent. Revenues from gas sales were also affected by rate reductions and were practically unchanged from the previous year.

Taxes levied against the Corporation and its subsidiaries reached the highest point in the company's history, amounting to \$20,983,304.32. This is equivalent to 16.16 per cent of gross earnings of subsidiary companies and 34.03 per cent of combined net earnings before deduction for taxes.

Adjustments in wages of employees, substantially equivalent to a 10 per cent increase, were authorized by the directors of the corporation and of the subsidiary companies, effective October 1. This action restores the pay schedule of employees, except the higher officials, to the level prevailing in 1932 before wages were reduced.

There was a net gain of 14,065 in the number of electric meters during the year. Electric customers served at the end of the year totaled 972,450. Gas meters in service increased 5,916, totalling 820,795 December 31. Growing use of electricity in customers' homes is shown by an increase in the annual sales per residential customer to 595 kilowatt hours.

Use of gas for heating homes continued to gain in 1936. There were 1,573 building heating installations made in the company's territory, more than in any previous year and a gain of 763 over 1935. At the end of the year there were more than 499 building heating installations served by Public Service System companies.

A reduction in electric rates amounting to \$1,503,000 annually by Public Service Electric & Gas Co. was announced in December. The reduction became effective January 1, 1937, and is the thirteenth made by Public Service since 1922.

The report discloses that all service type vehicles were substituted for trolleys on four routes in 1936, Passaic line between Secaucus and Hoboken and the Kinney, Bergen and South Orange lines in the Essex Division. Further substitutions for all service vehicles are contemplated.

Transport purchased during the year 100 all service vehicles, twenty-seven oil-electric powered buses and 185 light-weight motor coaches and sixty-five super service type gas-mechanical buses. In commenting on this equipment, President McCarter declared "in the opinion of competent engineers, this equipment of Transport sets new standards for the industry in operating efficiency and passenger comfort." The all service vehicle and the oil-electric bus are developments of Transport's own engineers.

In a brief summary, discussing general conditions during the year, President Thomas N. McCarter declared to shareholders in part as follows:

"The operating companies, equipped to meet whatever demands may be made upon them, face the immediate future with optimism, although fully aware of the uncertainties ahead, complicated as they are with increased costs of wages, materials and taxes. It is the company's hope that such obstacles may be overcome by a continued improvement in business conditions, with such help as may be developed by further economies in operation so that the threefold interests—those of customers, investors and employees—may be properly and rightfully safeguarded."

Street Lighting To Cost \$27,000

Gerard Confers With Public Service Engineers On Reduction

The cost of street lighting in town can be reduced to \$27,000 a year with safety, Commissioner George R. Gerard told the board of commissioners Wednesday night, following conferences with Public Service engineers and officials.

Street lighting cost more than \$81,900 last year, but replacement of fixtures and reduced candlepower will allow the saving, Mr. Gerard said. \$25,000 was appropriated in the tentative 1937 budget for this purpose.

A survey of lighting requirements was made by Battalion Chief William Dunleavy, head of the signal department.

Public Service officials have promised that fixtures and lamps will be changed without cost to the town, Mr. Gerard reported.

Fred Fort, Jr. Urges Republican Harmony

Tells Nutley Folks Time Is Here To Reaffirm Early Ideals

Fred W. Fort, Jr., former assemblyman, at a meeting of Nutley Republican Association Wednesday night urged Republicans to unite in the interest of their party.

"Let's bury the hatchet—not in the backs of each other—and work for a victory in the gubernatorial contest in the Fall," he said, adding, "There has been too much factionalism in the party, too much of the personal gain idea and too little thought of the Grand Old Party, itself."

"A defeat here in Essex next Fall means that the Republicans will slip for the next five or ten years so badly that they may never recover," he declared.

"Senator A. Harry Moore, it is said, even by members of our own party, has victory in his grasp for the governorship. Well, let me ask you something. Whom did he beat? David Baird, Hamilton Kean and former Senator Whitney."

"You folks in Nutley are setting a fine example for the rest of the county. All your leaders are working for a 100 per cent victory. You realize what happened last November was your own fault as it was the fault of every Republican organization in the county and state. Let's get Jersey back in the Republican column by working, as you are, not once a year, but 365 days a year."

"Your forward step and vision in realizing that liberals, as well as conservatives, are needed to combat the Democratic party, which has become a radical organization, is sound. The county groups should follow the example set by your temporary chairman, Wallwin Masten, who urges that reactionary forces within the ranks should wake up and break bread at the same table with the liberals."

"We should and could unite on a common platform by reaffirming the early principles of the party—human rights, a fair deal for labor, the farmer, the business man, property rights and equal opportunity for all."

The association decided to ask one of its organizers, Motor Vehicle Agent A. Theodore De Muro, to draft a resolution setting forth opposition to President Roosevelt's bill to increase the Supreme Court membership. A copy of the resolution will be sent Senator Moore and Congressman Fred A. Hartley, Jr.

A spaghetti dinner will be served at the next meeting March 10 in the Italian Community House, Nutley.

"On the Avenue" Is Held Over at Proctor's

The program current at the theater, "On the Avenue", in which Madeline Carroll, Dick Powell and Alice Faye are featured, will be held over another week. The film, rated the smartest, funniest and most tuneful musical seen on the screen this season, also has in its cast the Ritz Brothers, Walter Catlett, Cora Witherspoon and George Barbier.

The associate feature is "Woman Wise," a rapidly paced newspaper story with Michael Whalen and Rochelle Hudson in the leads.

The management of Proctor's Theater announces an all-winner Quiz Quest and Amateur Contest on Monday and Tuesday nights, celebrating the 90th. appearance of "Happy" Lewis, master of ceremonies, and Leo Freudberg and his radio broadcasting orchestra.

The Quiz Quest, which originated at Proctor's, will have all winners as contestants. Those who were victorious in previous contests will take part this week, making competition unusually keen. Cash prizes will be awarded.

"Happy" Lewis announced that the amateur winners of the past six weeks will take part in this week's Amateur Contest. Leo Freudberg and his orchestra will provide additional entertainment.

Winners of previous Quiz Quests are advised to see Mr. Davis at Proctor's Theater if they wish to take part.

Bike Stars to Race At Terminal Theater

Roller Events Will Present Honeman, Reboli, Sellinger and De Filippo

One of the most ambitious roller racing programs ever attempted will be presented on the Terminal Theater stage tonight. Outstanding pros, including Willie Honeman, Tino Reboli, Al Sellinger, Bob Silver, Harvey Black and Mike De Filippo will be featured.

De Filippo, recently suspended by Referee Frank Kramer, will ride a medley match against Reboli. De Filippo's appearance on the Terminal stage Friday night does not come within the jurisdiction of the suspension, according to Kramer. The medley match will be at one mile, a limited pursuit of five miles and the third heat, if necessary, to be decided by toss of coin.

The other four pros will mingle in a team race, Sellinger and Black pairing against Honeman and Silver. There will be three heats with points to decide the winning team. The heats will be at two miles, one mile and three miles with three points going to each winner, two for second place and one point for third.

In addition to the outstanding professionals, another race between Mickey Franciose and Dannie Esposito has been arranged. The top-notched amateurs have engaged in a bitter rivalry with each challenging the other after every week's event. Friday night's battle will be over the half mile route with two out of three heats to determine the victor.

Eight amateurs will compete in a half mile open in another feature of the elaborate program.

Business Good, Reports Local Meat Dealer

Russell H. Boyd, proprietor of Boyd's Market, located at 545 Washington avenue, reports that the food market business in Belleville is constantly improving.

Mr. Boyd, who deals in prime meats, poultry, butter, eggs and fresh vegetables, declares that he has gained the public confidence through the high quality of his offerings since opening his establishment five weeks ago.

Lent has meant little decrease in the volume of Mr. Boyd's business, he says, as he carries a complete line of sea foods, including all kinds of fish, clams, oysters, shrimp and scallops.

Polish Democratic Party

The Polish-American Democratic Club of Belleville will hold a card party Sunday at 2:30 P. M. at 200 Mill street. There will be a door award and awards for each table. Refreshments will be served.

NOTICE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Wednesday evening, February 24, 1937 and further notice is hereby given that the second and third readings of said ordinance will be considered by said Board at a meeting to be held at the Town Hall, Washington Ave. and Belleville Ave., Tuesday evening, March 9th, 1937 at 8 o'clock P. M. when all objections to the passing of the same will be heard and considered.

FLORENCE R. MOREY, Town Clerk.

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE REGULATING AND LIMITING THE HEIGHT AND BUILD OF BUILDINGS HEREINAFTER ERECTED AND REGULATING AND DETERMINING THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES AND RESTRICTING CONGESTION AND REGULATING AND RESTRICTING THE LOCATION OF TRADING AND INDUSTRIAL ZONES FOR THE SAID PURPOSES AND PROVIDING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS." Passed September 4th, 1935.

The Board of Commissioners of the town of Belleville, in the County of Essex, do ordain:

That Section 5 of an ordinance entitled, "AN ORDINANCE REGULATING AND LIMITING THE HEIGHT AND BUILD OF BUILDINGS HEREINAFTER ERECTED, AND REGULATING AND DETERMINING THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES, AND RESTRICTING CONGESTION AND REGULATING AND RESTRICTING THE LOCATION OF TRADING AND INDUSTRIAL ZONES FOR THE SAID PURPOSES AND PROVIDING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS." Passed September 4th, 1935, be amended to read as follows:

Section 5. SPECIAL REGULATIONS RELATIVE TO GARAGE AND SERVICE STATIONS:

No permit shall be issued for the erection or enlargement of a service or filling station, or of a garage, or of a group of garages capable of containing more than five motor vehicles, nor for the conversion of any premises for said use in any business or industrial zone, if any part of the building or buildings or accessory structures such as pits and sheds shall be situated within a distance of 200 feet from the nearest part of the aforementioned type of building, with the exception of the type described hereinafter:

1. A public school.
2. A duly organized school, other than a public school, conducted for children under sixteen years of age and giving regular instructions at least five days a week for eight or more months a year.
3. A hospital maintained as a charitable institution.
4. A church.
5. A theater containing at least 200 seats, or a public library.

No exception shall be made to the provisions of this section by the Board of Adjustment.

Section 2. This ordinance shall take effect immediately after final passage and publication in accordance with law.

WITH the VETS

By GEORGE H. WESTON

Members of the George A. Younginger Holding Corporation met Monday evening at Veterans' Hall. President Joseph Costello presided. It was decided to build seats around the interior walls of the main hall to take care of visitors witnessing the basketball games played there.

The auxiliary to the George A. Younginger Post, V. F. W., held an open meeting at its headquarters Monday evening. Moving pictures were shown. An address of welcome was made to the invited guests by the president, Mrs. Lucille Yochum. Games were played and refreshments served.

Mrs. Teresa Singer of Cortlandt street was reported as being sick and at St. James' Hospital in Newark. The auxiliary, is now at home recovering after an operation performed at the Women's and Children's Hospital. An entertainment sponsored by the post will be held Monday evening. William Hood will be in charge.

The foundations of the English-speaking races are based upon principles and not upon persons.—Lady Astor.

THE LIONS CLUB CHARITIES

To provide funds for its worthy charitable and civic activities, Belleville Lions Club will hold its fifth annual charity card party and entertainment at Club Evergreen next Thursday evening. This affair is worthy of support by all civic minded citizens, for not only will they have an enjoyable evening, but they will have a part in supporting the many fine activities of the club.

Last year the club contributed more than \$280 to worthy causes from the proceeds of their fourth party and from the pockets of the members. \$110 of this went to the Belleville Community Chest, \$50 to the American Red Cross and \$42 for aid to needy families at Christmas. In addition, the Lions purchased eyeglasses for needy children, paid the expenses of several boys at the town recreation camp and aided children recommended for assistance by the Community Service Bureau. The club assisted a worthy high school student in continuing his studies.

Civic activities included the furnishing of a flag stand and American flag to the new addition to the high school, a contribution to the community Fourth of July celebration of the Civic League and the furnishing of framed copies of the Lions' code of ethics to the schools.

The work of this organization merits the support of all.

SNEAKY

For some reason people feel no qualms of conscience about borrowing a book from a friend and not returning it. Others fail to see the harm in holding on to a book borrowed from a library. But the theft of 100 rare books from New England libraries, as revealed by chance in a New Jersey bookshop, indicates the thief knew books, wished to profit by the theft and evidently through fear of detection, got rid of them for a song. Stealing library books goes in the category of robbing poor boxes and stealing change from children sent on errands to the store. It is a sneaky crime committed by an intelligent person. And where rare books are concerned, it is worse. For what is stolen cannot be replaced and a great number of people are deprived of a pleasure rightfully theirs.

COLLEGE BEQUESTS

Gifts and bequests to colleges of the country during 1936 are reported to be around \$40,000,000, showing a trend for the better after a particularly bad year in 1933, when a decline that started about the time the depression set in hit its lowest point.

Just what effect recent legislation will have on those who would ordinarily be in a position to aid our institutions of higher learning and who would be willing to do so, cannot be measured yet, however. Educators know how necessary these bequests and gifts are to the life blood of their institutions, even those commonly regarded as extremely wealthy. They have good reason to hope that the encouraging turn taken last year will be continued.

STILL FAITHFUL

Charles Tant, who hunts mountain lions, lay injured in a California forest for six weeks. While hunting he slipped and fell, smashing a kneecap and an elbow, and he had to drag himself to a cave where he had cached food. For six weeks his six dogs stood over him, watching and waiting. They did not touch his food, but went out and found something to eat for themselves. Finally Tant, half-hobbling and dragging himself in pain, managed to travel sixty miles to a village. His faithful dogs were still with him, showing the effects of their vigil. Here is an example of the courage and faithfulness of dogs.

NOT FAIR

The government has chosen to ignore protests of the legislatures of South Carolina and Georgia against the issuing of a stamp honoring General Sherman. The stamp has been printed. Next month stamps honoring General Lee and General Jackson will be issued. Surely the Southern law makers who railed against a stamp for Sherman must have been aware their war leaders were also to be commemorated. Thus, they can hardly be considered fair in their objections to Sherman.

AWFUL

The deadlines of the next war grows more apparent daily as the nations of Europe hold mass gas drills and even gas hoods have been devised for baby carriages. That such a war will touch all is evident. Even invalids and patients in hospitals have not been overlooked. Special gas masks for the sick have been devised in Czechoslovakia, masks they can use without too much discomfort. The last war purported to be the war to end wars. The next one will probably be the war to end everything.

THE AUTO BANK

A branch bank is being built at Vernon, a suburb of Los Angeles, for the auto trade. It is designed so that a man can drive right up to the teller's window in his car and transact his business without leaving the car. As it is practically impossible to do any business or get around in that city without an automobile, the auto bank seems like a needed innovation.

KNOW YOUR STATE

Prepared for The Belleville News by Russell VanNest
Black, Director-Consultant New Jersey
State Planning Board

Passenger Bus Traffic

A map showing the passenger bus routes and the volume of bus travel in New Jersey has been prepared by the staff of the State Planning Board. It was drawn from a survey made in 1934.

In that year a daily average of 6,064 inter-state bus trips in both directions was made. Inter-state bus traffic flow naturally is greatest in the Summer and least in the Winter. The Spring and the Fall show a more nearly normal flow. These trips were tabulated at crossings on the Delaware and Hudson Rivers, omitting any inter-state trips made over the northern boundary of the State. Although buses operating on inter-state lines are supposed to follow a specified route, it appears that there is no provision to compel them to adhere to this stipulation. Several municipalities have adopted one-way streets since the award of bus permits and a number of routes have express services during some parts of the day and consequently use highways other than those on their regular schedules.

Buses operating in inter-county travel made 2,846 round trips. The recorded trips are as of October and

November. The daily inter-county traffic is fairly constant (within 5 percent) from Monday to Saturday. Sunday traffic, with the exception of that on resort lines, average 75 percent of the daily. Traffic on inter-county lines is at a minimum in July and August and has its peak in the December holidays. Lines in Bergen County and resort lines are exceptions to this general rule. As in the case of inter-state lines, normal flow for inter-county lines is during the Spring and Fall.

No reliable data is available for the total increase of bus traffic to shore resorts and lake areas during the summer months. For this reason no attempt has been made to map the routes and trips of the few lines which operate on summer schedule only. Buses starting and ending in the same county made 619 round trips.

On the map mentioned, solid black lines show the volume of inter-state and inter-county traffic. For a 15-mile New York Metropolitan Zone and a 10-mile Philadelphia Metropolitan Zone, the volume of inter-state, trans-state, and shore traffic is shown in cross-hatching. Actually, at the scale of the rest of the map, these entire areas would show a solid black mass.

VOICE OF THE PEOPLE

Suggests Teachers Wait For Salary Increases

Editor of The News:
Who pays the teachers' salaries? The taxpayer, whether he has children or not.

What percentage of the taxpayers have had their incomes paid regularly since 1929? About 5 per cent.

What percentage of the taxpayers who received 50, 75 and even 100 per cent cuts in their salaries have had their cuts restored? Not over 50 per cent.

Where is the taxpayer to get more income to pay any increase in taxes in order to replace the teachers' cuts? God knows; we don't!

A large percentage of the teachers drives cars, as any one can see by making a tour of the schools, for surely all the cars parked about the schools do not belong to the pupils, especially in the grade schools. If the teachers find it hard to maintain a decent living and an automobile, surely it does not require a great amount of intelligence to decide it would be wise to give up the cars. Perhaps without the expense of the car to maintain, the teachers wouldn't find it quite so hard to pay their living expenses.

What other group of workers start at the minimum wage paid to teachers in Belleville? No other. All other groups have to work, and work just as hard as the teachers, from 8:30 in the morning to 5 in the afternoon five days a week and in some cases six days a week to earn possibly half as much as the teachers' minimum wage, and they earn that only after perhaps two or three years' service. And, incidentally, they work at least fifty weeks instead of the forty required of a teacher.

The teachers are deserving of all the credit in the world for their work, as it isn't easy. It takes years of preparation and constant study, and the "laborer is worthy of his hire." But when the whole country has had its financial props knocked out from under it during the last seven years and is just beginning to get reorganized to start all over again, the teachers would be doing a much fairer thing and setting a far better example to their young charges by waiting a little more patiently for the time when the town can restore their cuts without adding to the already overburdened common people's taxes.

There are many more expenses connected with running the school besides the payroll. The rest of us have to struggle along as best we can on reduced incomes, why shouldn't the teachers? Let them establish a new style of living for themselves to which they can become accustomed until we may all enjoy prosperity with restored incomes.

ANOTHER TAXPAYER.

To the Baseball Fans of Belleville:

Editor of The News:
It was with great reluctance that I was compelled to give up the rights to the franchise of the Belleville Baseball Club of the Essex County League.

There were several reasons why the club cannot exist under present conditions. Foremost, of course, is the fact that it is useless to place a team on the field unless said team can be a winner. In order to have a winning club there must be established capital before the season is inaugurated.

For the first five weeks in the past seasons our club has been forced to play away from home due to the fact that our playing field can only be used on Saturday. While playing away from home our percentage of the gate receipts run very low.

It is the general consensus of opinion that in order to survive in this league a club must have at least a portion of their home games played on Sunday.

We felt that we had a winning club on the field last season, however, our players did not get the remuneration

that a first division club in other towns received. This of course, was through lack of attendance at our home games.

There has been in the past from 150 to 200 spectators at our home games. Mainly, because of these faithful fans we are sorry not to be able to continue activities.

I have made attempts to contract individuals and organizations to sponsor the team this coming season, but to no avail.

I wish to express my appreciation to the ballplayers and the coach, members of the "Booster Club," and several industrial concerns in the town, all of whom made it possible for us to have a winning team last season.

I hope in the near future a field can be constructed to give the ballplayers and fans of Belleville an opportunity to compete against other towns on an even basis.

JOHN BANEY, Mgr.

Restoration of Salaries Called Wise Move

Editor of The News:
Industry all over the country is granting higher wages to its employees and is also granting bonuses. And it is finding that these measures are profitable—profitable in the restoring of morale in its workers and profitable in the output of these self-same employees.

I am wondering if the same conditions would apply to our school teachers. There must be surely a lowering in their morale, perhaps not general, but in many instances throughout the Belleville system because of the long continued cut in their salaries.

with no sign in sight of a restoration to their former status and still less sign of an increment.

If more citizens considered these facts the education of our children might be raised to a higher calibre.
A Citizen.

Our Poets Corner

IN BELLEVILLE

Where else can we find a town
Where sunshine brightens all around
Where contentment is so happily
found, as
In Belleville?

Where wild birds sing from morn 'til
night,
Where hearts are filled with pure
delight,
Where flowers are gay and nature
bright, as
In Belleville?

Where summer smiles with breezes
cool,
Where the pulse throbs with pleasures
full,
Where no town practices the golden
rule, as
In Belleville?

Where the good old home has its
allure,
Where quietness charms, so easy to
endure,
Where troubles are light—no place
so sure, as
In Belleville.

NEWS OF THE SPORT WORLD

K. of C. Arrange Championship Games Events Open to Pupils of Parochial Schools and Columbus Cadets

The New Jersey parochial school games will be held at the Elizabeth Armory March 19. The 1937 games will mark the fifth annual championships sponsored by the Knights of Columbus.

Aside from the parochial school events there are scheduled closed events for parochial high school students, Columbus Cadets, and New Jersey circles of Columbian Squires. A special relay race will be added this year for subordinate K. of C. councils.

Events are as follows: Parochial school state championships: 40 yd. dash, 75 lb. class; 50 yd. dash, 90 lb. class; 50 yd. dash, 105 lb. class; 60 yd. dash, 120 lb. class; 220 yd. dash-unlimited weight.

Parochial school championship relay races: 440 yd., 75 lb. class; 880 yd., 90 lb. class; 880 yd., 105 lb. class; 880 yd., 120 lb. class.

Catholic high school championships: 220 yd. dash and 1 mile relay. Boys: 60 yd. dash; 120 lb. class; 880 yd. relay, 110 lb. class; 880 yd. relay, 120 lb. class; sack race, 40 yds., unlimited weight.

Columbian Squires championships: 1 mile relay; 220 yd. dash.

Gold, silver and bronze medals will be awarded in each event. Silver and bronze medals will be awarded for first and second places in the relay events. The Rev. John J. Outwater Memorial Trophy will be awarded to the parochial school scoring the most points. The cadet unit scoring the most points will be presented with a silver loving cup.

Entries will close March 10 with Eugene F. McVeigh, executive secretary, Columbus Cadet Corps of New Jersey, 65 Lincoln park, Newark.

Gino Garibaldi To Combat Sledge Italian and Texan in Feature Mat Bout at North Bergen Club

Gino Garibaldi, the fiery Latin, who became an idol with North Jersey fans through his sterling conquests over Joe Cox, Kansas City Krasher, will take on Lieutenant Bill Sledge of Texas in the feature contest at Ralph Mondt's Columbia Park, North Bergen, tonight. Sledge is yet to be defeated at Mondt's Club and at the place he has been going, Gino is in for plenty of trouble.

Cox will attempt to fight his way back to a return tiff with Gino by taking on the latter's younger brother, Ralph, in the half hour semi-final. Other bouts on the bill will bring together Hans Kampfer, German Oak, and Hank Barber, Jewish star; Ernie Powers of San Francisco, and European's champion, Mde. Virag, of Hungary, and Lou Farino of Hoboken and Laverne Baxter of Rahway.

Dailey Names Reock To Athletic Council Appointee Is Former High School Athlete—Plenge Reappointed

Dr. Ernest C. Reock, local dentist, of 367 Washington avenue, was appointed a member of the general athletic council of Belleville High School for 1937 by John P. Dailey, president of the board of education, this week. Dr. Reock succeeds Dr. Morris Rochlin.

Mr. Dailey also reappointed August Plenge to the council, which is composed of school officials and two private citizens. Other members of the council are Mr. Dailey, Wayne R. Parmer, Charles A. Gebhardt, Ruel E. Daniels, Hugh D. Kittle, Kenneth C. Coulter and Albert K. McBride.

Dr. Reock is a former high school athlete, having played on the tennis team four years, baseball two years and basketball one year. He was a member of one of the first Belleville High football squads in 1909.

Dr. Reock was graduated from Belleville High School in 1912 and was later graduated from New York College of Dentistry, now a part of New York University. He has lived in Belleville since 1906. He still maintains an active interest in high school athletics, attending many games.

Tavern Owners Object to Store Commission Considers Revision of Liquor Ordinance

The objection of the Belleville Beverage Association, composed of tavern owners and proprietors of liquor stores, to the granting of a package store license to Harry Byrne for premises at 129 Washington avenue were voiced at a conference of the town commission Wednesday night by Edward J. Abramson, counsel for the organization.

Mr. Abramson declared that Mr. Byrne, who operates a diner at Washington and Belleville avenues, is a resident of Bloomfield and the local liquor control ordinance provides that all licensees must be residents of Belleville at least for three years.

That provision of the law is designed to give police an opportunity to check up on applicants, said Theodore Bellet, counsel for Mr. Byrne. He pointed out that his client has been in business in town for ten years and bears a good reputation.

The board agreed to consider abolishing the residence requirement when it was pointed out that corporations composed of out of town persons are given liquor licenses. Commissioner Waters pointed out that Mr. Byrne, although for many years a taxpayer here, faces discrimination because his home is in Bloomfield, while non-resident corporation stockholders are favored.

As further grounds for objections, Mr. Abramson declared that there are sufficient taverns in the southern part of town to furnish packaged liquor to residents, and that a telephone call to other parts of town will secure the delivery of beverages.

Mr. Bellet answered that saloons sell little bottled liquor, and that the store would not conflict with their interests.

He added that much of Belleville's business is going to out of town stores that deliver here, declaring that a single Newark concern delivers \$1,000 worth of liquor in Belleville monthly. Peter Stevenson, proprietor of a tavern in the neighborhood, replied that the taverns sell a great deal of packaged liquor. "There is more liquor in town now than can be consumed by local residents," he said.

Commissioner Waters announced his support of stores, declaring that they do not require police supervision and do not conflict with the tavern business.

Waters Scores Burnett Replying to a suggestion of Commissioner King that some of the saloons in town be eliminated before more licenses should be granted, Mr. Waters took occasion to attack State Beverage Commissioner Burnett, saying:

"We cannot reduce the number of saloons in town. Burnett will not let us. We are limited in what we can do to control the liquor situation by the 'tsar' that controls the liquor traffic of this state."

The commissioner's remarks were in reference to a decision by Mr. Burnett, announced that day, in which he ordered the town commission to grant a saloon license renewal to Samuel Vuono, who operates a tavern at 190 Passaic avenue.

Director Waters was a leader in the movement to refuse renewal of the license, holding that Vuono had permitted an indecent performance at his saloon and was not a fit person to operate a beverage establishment.

READ THE NEWS

Notes on the Game By Coach HARRY W. SIMESTER of the Brothers College, Drew University, Quinnet MADISON, N. J.

SCORING PLAYS FOR GUARDS The common opinion concerning a basketball team is that the forwards, being nearest the basket, do the scoring, and the guards the defending. This is, of course, the fundamental intention. It is often effective, however, to work in guards as scoring eggs on set-plays. Such a design must not be attempted, though, unless your center is sure of controlling the tap, for, with your guard cutting along the sideline, a tap by the opposing center would give the free forward an open path to the basket. Even when you have control of the center tap, and do use the guard as a point-gainer, a team mate should be trained to fall back into the place vacated by that guard.

O OFFENSIVE MEN D DEFENSIVE MEN --- PASS --- DRIBBLE --- RUN The most simple play of the kind is illustrated in diagram "A": O-1 at center taps the ball to O-2 who, in turn, taps it to guard O-4 cutting down the left side of the court. O-4, given a free path by the fact that O-3 has drawn his own defensive man toward the right sideline, dribbles in for the score. It should be noted particularly that forward O-2, after tapping the ball to O-4, has fallen back into a defensive position.

Diagram "B" shows a variation of this play: after O-1 has tapped the ball he backs up and takes a pass from O-2 who received the tap. O-4 cuts down the court, as in play "A," and receives a long pass from O-1 for the shot. Now let's give the other guard a chance: in diagram "C," O-1 taps the ball to O-2 who, in turn, taps it dribbles a few feet, and then snaps a pass to O-5 who has gone down the right side of the court. In this play O-3 draws his man into the left corner, while O-1 and O-2 both take up defensive positions.

By mixing in these three with your regular set-plays you will have a five-man scoring threat to worry opposing teams.

Ginger Rogers, Screen Star, to Fire Starting Gun at International 6-Day Race at Garden Leading Foreign and American Riders Signed for 62nd New York Grind—Five Sprints Scheduled Daily In Bike Competition

Ginger Rogers, stage, screen and radio star, has been invited to fire the starting gun in New York's 62nd International six-day bicycle race, which starts in Madison Square Garden Sunday night. Ginger will be accompanied to the race by Fred Astaire, her dancing partner in all of her big hits. The race will get under way at 9 o'clock Sunday and wind up at 11 o'clock next Saturday night.

John M. Chapman, manager of the grind, made a special trip to Europe this winter and signed up the outstanding stars of Italy, France, Germany, Belgium, Holland and Switzerland for the race and these stars, with the American and Canadian riders, will present the best field of riders that has started in the New York grind in many years.

Five new riders will make their appearance in this race. The new boys will be Russell Allen and Al Sellinger, American boys; Douglas Peden, brother of Torchy Peden from Canada, along with Jean Aerts, the former road champion of the world from Belgium, and Frank Slaats, Holland's outstanding young rider.

Torchy Peden and Doug Peden recently won the Buffalo six-day grind and they have hopes of repeating in New York. Torchy has won twenty-eight six-day races and only one rider in the world has won more than Torchy. He was Pete Van Kempen

of Holland, who has won twenty-nine races. Torchy has hopes of equalling Van Kempen's record in the coming race.

Bobby Thomas will be paired with Tino Reboli, Italian-American youngster of Newark. Alvaro Georgetti, the young Italian star who rode so well in the last race, will be paired with Cor Wals of Holland, in this grind. Wals is one of the best European stars and with Georgetti they are expected to make things hum. Marcel Guimbretiere and Jules Audy will make another flashy team bound to be popular with the fans.

Louis Cohen, Jewish rider from Brooklyn, will ride with Eddie Testa from California, while Dave Lands and Bill Grimm will make up the New Jersey team. Martin Journey and Mickey Rodak form a Polish-American team.

Some of the other crack teams are Fraans Slaats and Jan Pijenburg, Leareo Guerra and Ralph Di Paceo, Emile Ignat and Emile Diet, Roger De Neef and Gerard Loncke, Jean Aerts and Omer Debruycker, Gerard Debaets and Ferdinando Grillo, Ewald Wissel and Russel Allen, Tom Saetta and Al Sellinger.

The race will be marked by five series of sprints each day. At night the sprints will be at 8:30, 10:30 and 12:30, then the final series at 2:30 in the morning, while the sprints in the afternoon will be at 3 o'clock. The points in the sprints will score six for first, four for second, two for third and one for fourth.

Tickets for every day of the six-day race are now on sale at the box office in Madison Square Garden and can be purchased for the entire week.

Garibaldi to Trade Holds With Pinto

A dual windup will grace the next wrestling bill scheduled for Tuesday night at Laurel Garden, Newark. Gino Garibaldi, Italian ace grappler, will have tough sleighing in the final encounter of the evening when he tangles with Stanley Pinto, the bald pate from Nebraska in a contest scheduled for one fall to a finish.

The feature semi-final will bring together another pair of tough pachyderms in Matros Kirilenko of Russia and Dynamite Joe Cox of Kansas City. Nick Campofreda, Baltimore Italian who learned his athletics while attending Western Maryland University, is due for a tough night when he tangles with John Katan of Canada in the third bout, slated for one fall with a half-hour time limit.

Jim Coffield, another rugged Misourian, will take on Pete Peterson of California in the second half-hour fray. Joe Montana, a rough Camden grappler will make his debut in the curtain raiser when he trades holds with Les Ryan of Boston in the initial bout of one fall.

Prescriptions . . .

Always Personal Service

in our

Prescription Dept.

Owner Always in Charge

ALL prescriptions entrusted to our prescription departments are compounded with painstaking care and skill.

The ingredients are the purest and freshest obtainable, and your doctor's orders are carried out to the last detail.

You or your doctor are welcome to inspect our prescription departments and watch us compound your next prescription.

And remember that our prescription prices, also, have been scaled down to the depression level!
