

Seen About Town

Hom, son of Gim Hing, laundry man in Washington avenue, is a mathematical wizard, par excellence. He can add up four rows of figures while the average student is adding one row. He attends Belleville High School.

Fred Dreskin, son of Mr. and Mrs. Samuel A. Dreskin of 254 Joralemon street, is a great imitator of movie actors. They say his imitation of Hugh Herbert of Hollywood is a scream.

John Dean of 103 Union avenue is the smiling young man from this town who manages a trolley car on the Broad line for the Public Service. James J. Early of 165 Malone avenue is one of the old timers who pilots a trolley also on the Broad line.

Eugene M. Gavey of 162 Washington avenue is the real estate and insurance agent who has been the longest in that business in this town. Miss Jane Donnelly has been his faithful secretary for the past several years.

Morton "Jim" Donahue, trainer of bicycle riders, who lives at 2 Hornblower avenue, is waiting for the return of Alfred Letourner to the Nutley track in order to begin training him for competition this summer.

Russell Allen, who saw a lot of service at the Nutley track last season, has signed a contract to ride match races this summer. He is now staying at the home of Mr. and Mrs. John J. Donahue of 2 Hornblower avenue.

Arthur Wissing is the personable young man who takes the tickets from all and sundry at the Capitol Theatre. He is employed by Ben Wesner, manager of the theatre, who makes a grand appearance in his sport clothes. In fact he is the Beau Brummel of Belleville in his "get out."

Clark Alby of 44 Maoline avenue, son of Mr. and Mrs. Morrell C. Alby, has received fifty medals in ice skating and bicycle riding competition in the last three years. His sister, Lois "Tick" Alby, has received twenty medals in the same manner.

Marion Johnston of Belleville High School sings on WNEW nearly every Monday night. Miss Johnston recently starred in the high school fashion revue given by the students.

A representative of S. S. Kresge & Company, Mr. Walters from Detroit, was in town last week looking over Belleville with real estate broker, James J. Reilly, with the view of establishing a five and ten cent store in this town.

Peter Griffin of 5 Overlook avenue hit the Hi Li over 600 times in competition with a group of young men in front of Henry's store at Overlook and Washington avenues.

Miss Charlotte Hahn hit the Hi Li for \$50. Miss Isabel Small scored 156. Miss Kathleen Reilly compiled a mark of 119 and Miss Mary Ahearn was third with 109, in competitive play last week.

An animal of the canine genus wandered into Belleville High School one day recently and settled himself under a desk for a quiet snooze. All was serene in the classroom for a while. Then a tormentor stepped on the dog's tail. "Caramba"—what a squeal that dog let out, disrupting the whole classroom until the animal was ejected.

Jerry Lilore is the proud father of a bouncing baby boy, named Jerry, Jr., whom Jerry, Sr. announces weighs nine pounds, two ounces. Jerry is a copper and played twilight ball at Clearman Field. He was one of the best second sackers in the business.

The Army and Navy are represented by the mail carriers in the Valley section. Jack Barry enlisted in the Army during the World War and Francis J. Ryan—"Red" to his friends, of 44 Crescent terrace, was an enlisted man in the Navy.

The photographer, Eddie Settle, is recovering from a sprained ankle suffered while playing baseball two weeks ago.

The Fourth of July program and fireworks promises to be the best ever this year, according to P. A. "Pat" Fort, hard-working publicity agent for the celebration. Clifton Smith is chairman of the committee in charge. The affair will be held Monday, July 27.

Isadore Blacker is the name of the pleasant faced young man who checks your purchases at the King Arthur store.

If it's an engagement ring or a wedding ring, see Victor Hart, Jeweler, 457 Washington avenue, Belleville. Diamond engagement rings, \$7 up; wedding rings, \$3 up.

Legion Convention Gets Underway

Father James A. Hughes Will be a Guest At St. Peter's Graduation and Reception

Alumni Association Has a Membership of Over 500 Scattered About Metropolitan Area

Rev. James A. Hughes, assistant priest of St. Peter's Church, who on last Wednesday received his degree of Doctor of Canon Law at the Catholic University, Washington, D. C., will be guest of honor of St. Peter's Alumni Association on Sunday afternoon, June 27, in St. Peter's new school at the annual tea and reception to the 1937 graduates of St. Peter's.

St. Peter's Alumni Association has a membership of over 500 scattered about the metropolitan district, and 300 guests have signified their assurance to honor Father Hughes and the graduates with their presence.

Previous to the reception the election of officers will be held. The executive board has placed in nomination the following: For moderator, Reverend Joseph M. Kelly; president, Miss Regina M. Cogan; vice-president, Nicholas J. Comeskey; recording secretary, Miss Greta M. Kinnealy, and treasurer, William J. Friel. Mr. Friel is general chairman for

Sunday's affair, and John W. Westlake will be master of ceremonies. Peter J. Thoma, first president of the alumni, Leo W. Hood and Miss Cogan head the reception committee which consists of Mrs. Harry Ward, Mrs. William McDermott, Mrs. William O. H. McEnroe, Mrs. James A. Leonard, Mrs. George McCormack, Misses Mae Heiss, Kathryn E. Donahue, Mary McEnery, Nora Spillane, Catherine and Rose McNulty and Miss Kinnealy, and Mr. Comeskey, Gilbert Howley, Harry J. Sullivan, Daniel P. Spillane, Jr., Roderick MacDonald and John Senior.

At the guest table will be Father Kelly, Father Hughes, Rev. John S. Nelligan of St. Peter's Church, Rev. John J. O'Brien, an alumnus of St. Peter's Alumni, and now a curate at All Saints' Church, Jersey City, Miss Marie Ward, who recently received her Bachelor's degree from St. Elizabeth's College, Convent Station, Mr. Thoma and Mr. Hood.

Paper Bandits Rob A. & P. Store Man

List of Such Hold-ups In County Reaches Twenty-two

The newspaper-masked bandits, who have been running wild the last few months about the county with a net return of \$7.50 per week, dropped in on Belleville again last Friday morning when they held up Nathaniel R. Smith, manager of an A. & P. store at 282 Cortland street. Each had a gun. They escaped with \$50 in an automobile.

Smith, who lives over the store, had opened it for business when the pair entered at 9 A. M., when he was alone. Coming from a back room he was greeted by the muzzles of two guns, the bandits, meanwhile, raising newspapers over their faces so that they could peer over them with their eyes.

Holding the guns against Smith's ribs they ordered him to open the cash register and give them the "deposit."

"I have just made the deposit," Smith said.

"You're a damn liar," said one man. "Hand it over."

Smith did. The men walked out leisurely and drove away slowly.

Half an hour later the armored car arrived, too late to pick up the deposit money.

The store held up today was the scene January 16, 1930, of another holdup by a Belleville youth. He was routed, chased by a group of men, finally turned and fired two shots which killed two pursuers. Captured later in Nutley, he was convicted and electrocuted for the crime.

Friday's holdup was the twenty-second similar robbery in Essex County since last fall.

Attends Summer School

Belleville is represented among students registered for the four-week inter-session term of the summer school program at New York University by Allan F. Works, 129 Delevan avenue.

When Wedding Bells are to Chime Jury Duty is Ruled off the List

Judge Clark Wishes Local Girl "Best of Luck" As She Wants to be Excused

When wedding bells are about to peal it is no time for jury duty to interfere.

Thus ruled Federal Judge Clark Friday, when he received a letter from Miss Laurabelle Phelps, daughter of Mr. and Mrs. James T. Phelps, of 179 Floyd street. Miss Phelps, who will marry Hobart Kip of Bloomfield on July 3, was addressing invitations for the wedding when a deputy United States Marshall called Friday with a summons for her to serve that day and several others on the petit jury in Federal Court, Newark.

Miss Phelps sent a letter to Judge Clark, asking him to excuse her. He instructed that her name be removed from the jury list.

Miss Phelps wrote: "I have already

Renew Liquor Licenses At Town Meeting

Mayor Williams Extends Thanks for Co-operation Among Taverns

The liquor store and taven licenses were renewed Tuesday night at the meeting of the Belleville Town Commission. Thirty-nine plenary consumption licenses were issued and four retail distribution licenses.

Mayor Williams took the opportunity of thanking the dealers for their co-operation during the past year in assisting the town to enforce the ordinances governing the operation of their places of business. The clerk of the police court stated there were no complaints registered against any of the applicants for renewal and Commissioner Gerard moved that the new licenses be granted.

There were four dealers who had not paid their personal taxes and they were instructed that this would have to be done before July 1, or the actual license would not be issued. The "Chateau" also received a conditional license based upon the completion of work in connection with their ventilating system. Commissioner King is to inspect the building on the first of July and, if the conditions are satisfactory, the license will be granted.

The Belleville Elks Club is to have its license issued by Commissioner Burnett. The reason is that some of the members of the present board are affiliated with this organization and could not legally issue the license.

Mayor Williams in his remarks to the dealers drew attention to the fact that the Commission, sitting as an excise board, had refused to grant beer renewal licenses to eleven delicatessen stores. The reason for this action being that the board considered this unfair competition to the regular dealers. The fee for this type of license is only fifty dollars, while the cost of a plenary consumption license in Belleville is \$350.

When Wedding Bells are to Chime Jury Duty is Ruled off the List

Judge Clark Wishes Local Girl "Best of Luck" As She Wants to be Excused

had my wedding date set for July 3, all plans having been completed, and this jury duty will conflict quite considerably with our arrangements. It would be appreciated no end if you could excuse me for any term. I will be thankful for any courtesy that could be shown in this predicament."

Judge Clark replied: "Your letter requesting to be relieved of jury duty presents such a happy excuse, namely your own wedding, that I cannot pass it by without extending my congratulations.

"I may say you already seem to have reached a verdict in favor of the plaintiff and I am sure that your future life together will prove it to be a wise one.

"Best of luck."

News 5c After July 1

Due to increased cost of production and a rise in price of newsprint and in keeping with the standard price of weekly newspapers throughout the nation, the Belleville News, as of July 1, will be five cents per copy, or \$2.00 per year if paid in advance. All yearly subscribers who have paid in advance or pay their subscriptions before July 1, will get the benefit of the present subscription rate, which is \$1.00 per year.

Rotarians Visit New Lincoln Tunnel

Local Club Members Were Guests of Sub-Contractor, John English

About twenty Rotarians visited the new Lincoln Tunnel Wednesday afternoon as guests of John English, of this town, a sub-contractor on the job. Arrangements were made through cooperation of Philip Dettelbach, who is a member of the local club.

A. B. Lincoln, the resident engineer, and Al Riefter, the assistant resident engineer, were the guides. They took great pains to explain how the approaches would take care of traffic. These will be in ramp form over the Weehawken freight yards to the cliff and then to the boulevard and Paterson and Hackensack Plank roads. The outside walls of the tunnel entrance are beautifully set up with stone masonry.

The east tube of the tunnel will be finished by the first of the year. Men are now working on an adjoining tube. The east tube will carry two-way traffic until both tubes are completed.

The tunnel, itself, will be finished in late throughout. This is in contrast to the Irvington Tunnel, which has painted ceilings. The ingenuity of setting tile, the method of catching rain in the roadway to the tunnel entrance were explained in great detail by the engineers.

Among guests who made the trip were four members of the North Arlington Club which was recently organized by the local club through efforts of Town Commissioner George R. Gerard.

John F. Sherman, district governor of the Kiwanis Club, will be guest of Irwin Ross next week to speak on "Twenty Years Before the Camera."

Greaves Says Chateau Noise a Nuisance

Next Door Neighbor Seeks Revocation of Tavern License

If such a thing as reincarnation were possible and if the infinite wisdom of Solomon were to again be on earth in human form, those who attend the Commissioner's conclaves are confident that the Jewish sage would be retained by the town to settle the dispute of long standing between the Theodore Greaves family of 172 Washington avenue and their next door neighbor, the Legion Chateau.

For six years, according to Mr. Greaves, the noise of the tavern has been a constant bother to his family. Upon many occasions the matter has been before the commission and to date has been settled amicably. Mr. Greaves will not be satisfied now unless the license is revoked. It is understood that he will carry the matter to the attention of Alcoholic Beverage Commissioner Burnett.

The burden of Mr. Greaves' talk of one hour and a half Monday, before the commission, was that because of the close proximity of the Chateau to the Greaves' home, the ordinary noise emanating from a tavern constitutes a nuisance. Whether the commission will be able to adjust the matter is still a question.

Fourth of July Observance

Director George R. Gerard of the Department of Public Safety desires to bring to the attention of the citizens of Belleville the recent act of the Legislature regulating the sale and use of all forms of explosives, whereby they are forbidden except under permit granted the governing body of a town or city for public display.

This law is to prevent the great number of fires and many serious accidents to persons caused in the past by the careless use of firecrackers, toy pistols, and fireworks. The Belleville Police have direction to arrest any person violating this State law.

These public spirited citizens of Belleville, constituting the Civic League for the past two years, have conducted an Independence Day Celebration and this year are planning to carry out a Fourth of July program that is expected to surpass that of previous years. Suffice to say that it will be held at Clearman Field where the entire morning will be given over to an athletic program for the youth of the town and will close in the evening with a great fireworks display. The League will give the details of their program to the public.

Certain sections of the Law above referred to are quoted for the understanding of all:

"It shall be unlawful for any firm or person to sell or use any blank cartridge, toy pistol, toy cannon, toy cane or toy gun in which explosives are used; balloons which require fire underneath to propel the same; firecrackers; torpedoes; skyrockets, Roman candles, bombs, sparklers or other fireworks of like construction or any compound containing any type of explosive or other article prepared for the purpose of producing an audible effect by combustion, explosion, detonation, other than aviation and railroad signal light flares.

"Any person or firm violating the provisions of the Act shall be subject to the following penalties: For selling, offering or exposing for sale, or having in possession with intent to sell any fireworks as herein mentioned, the sum of one hundred dollars (\$100.00) for each offense, or by imprisonment in the county jail for a period of ninety days, or by both such fine and imprisonment in the discretion of the court having jurisdiction and for using, discharging or causing to be discharged, ignited, fired, or otherwise set in action, or having in possession any fireworks, a sum not exceeding one hundred dollars (\$100.00) for each offense."

NOW, therefore I, William H. Williams, Mayor of the Town of Belleville, do proclaim and request that the above provision be given proper observance by the citizens of the Town of Belleville, and

I further request that all citizens owning dogs in the Town of Belleville co-operate with the local authorities in making the streets of the Town of Belleville safe for adults and particularly children.

I further call the attention of the citizens of Belleville owning dogs to numerous occasions in the past month or two of dogs attacking and biting children of tender years. As a fancier of dogs, I am reluctant to urge more stringent regulations in connection with the running at large of dogs. With the cooperation of the citizens who own dogs, more stringent steps may be avoided. I direct my request personally to each dog owner and dog fancier in the Town of Belleville to aid in this endeavor so that they may have the pleasure that comes with the ownership of dogs without affecting the safety of the adults and children using the streets of our town.

(signed) MAYOR WILLIAM H. WILLIAMS.

Board To Retain Soho School No. 2

Committee Accedes to Wishes of Residents Of Section

Soho School No. 2 will not be closed.

This was decided Friday night at a meeting of the Board of Education when a special committee, composed of School Commissioners Herbert C. Schmutz, chairman; Mrs. Porter Sheldon and Charles Gebhardt, returned a report on the suggested economy measure. The committee had conferred with a committee of citizens which was named some time ago when the citizens objected to the closing.

The proposal met opposition from parents of children attending the school. Some of the pupils were to have attended Schools 4 and 10. Parents objected to increased distances their children have to walk.

School 2 was built in 1869, in the Montgomery District. Up to that time the only school in Belleville was the present School 1, located in the Valley district.

The resignation of Miss Minnie D. Kayhart, vice principal and teacher of mathematics in the High School, was accepted by the Board of Education. Miss Kayhart has taught 37 years in New Jersey schools, the last 19 in Belleville. She has been vice principal of the high school eight years. She will retire from teaching. Resignations were also accepted from Mrs. Helen Carls, high school English teacher, and Wilbur E. Eppgar of School 1.

Four teachers were appointed for the high school. They are Eva C. Richardson, Oxford, Mass., biology and general science; John B. Taggart, Glassboro, physics and general science; Richard Savage, Northeast Harbor, Me., print shop, and Harold A. Dufford, Pleasantville, commercial subjects.

Six teachers were reappointed after having resigned for one month at the request of the Board of Education. This action prevents their being placed under tenure.

A request of the Teachers' Association for an optional method of salary payment was refused. The teachers had requested the option of receiving their payments in one of four ways, by 10 monthly checks as at present, by 12 monthly payments, or by 24 semi-monthly payments, or by 24 semi-monthly checks.

\$1,300 Minimum for Janitors. In reappointing all non-teaching employees, the board established a \$1,300 minimum salary for janitors.

A request by the Recreation Commission for the use of school facilities was referred to the building and grounds committee for study.

Contracts were awarded to J. Frank Post of Newark to furnish rice coal next year at \$5.19 a ton and to Smith Bros. Coal Co. of Belleville for stove coal at \$7.40 a ton.

Low bidders for repairs were: Plumbing, School 4, Harold A. Gahr of Belleville, \$1,795; heating, School 4, Delaporte & MacKinnon of Newark, \$159; general construction, School 4, Silver Lake Tile Co., Belleville, \$1,936.

Exterior painting, School 1, H. E. Crowning and John J. Goethions, \$375; School 4, Abramson & Aschen, \$270; School 7, Crowning, \$210. All are from Belleville. Furnishing blackboards for all schools, S. H. Hamm & Co. of Bangor, Me., \$766.50.

Knives Wielded In Fracas Here

Two Land in Columbus Memorial Hospital After Battle

A stabbing affray in Silver Lake section last week ended with both participants in the hospital. Police said William Moss, 70 Belmont avenue, and Daniel Upchurch, 26 Watchung avenue, were "quarreling over a woman." The fight occurred in front of the former's home.

Moss was cut in the right arm and received a stab wound in the back. Upchurch received cuts on the hands and fingers requiring 26 stitches to close. Both were treated in Columbus Memorial Hospital. Police confiscated the pocket knives which were wielded in the battle and charged both men with disorderly conduct.

GIRL SCOUT NEWS

The Girl Scouts held their annual play day with town-wide registration and the Court of Awards last Wednesday. It had been postponed because of rain on Saturday, but was attended by 150 scouts and leaders.

Mrs. Frank J. Ackerman, commissioner, addressed the gathering. Mrs. Stanley Gibson, chairman of badges and awards, presented the awards. Girls received badges for laundress, needlewoman, dressmaker, child nurse, craftsman, cook and housekeeper. A second class. Gold and silver stars were given for attendance. Mildred Buford of Troop Two received her silver bar for five years' service.

Mrs. Ackerman presented the following prizes for the poster contest during the recent cookie sale: First, an order on a Newark department store for \$30.00 worth of Girl Scout equipment; Ethel Sharmard, Troop 13, second, \$20.00 order; Colleen Lees, Troop 13; third prizes of \$10.00 each, Thelma Reclau of Troop 7 and Jean Cox, Troop 13, honorable mention, a gold midget Scout pin, Irene Morehouse, Troop 8.

Mrs. Harvey Thompson and Mrs. Whidden of the council, received the registrations of the following troops: Troop 2, Recreation House; Troop 3, Wesley M. E. Church; Troop 6, Fewsmith Presbyterian Church; Troop 7, Grace Baptist Church; Troop 8, St. Peter's Church; Troop 9, Reformed Church; Troop 10, School 10; Troop 11, School 1; Troop 12, School 9; Troop 13, School 3; Troop 15, School 5 and Troop 18, School at St. Peter's.

The following captains were re-commissioned: Mrs. Helen McNeill, Troop 2; Miss Myrtle Schmetter, Troop 6; Mrs. Frankie Manley, Troop 7; Miss Florence Kelly, Troop 8; Miss Edna Bann, Troop 9; Miss Evelyn Rascioppi, Troop 10; Mrs. Sadie Ellsworth, Troop 11; Mrs. C. L. Cox, Troop 12, and Miss Nora Spillane, Troop 18.

Acting captains, Miss Frances Place and Miss Harriette Miller, of Troops 3 and 15, were present.

Mrs. May T. Holden, director, with the leaders, conducted a program of games and races.

Mrs. Walter Warrick, chairman of the day camping committee, announced the following dates for camping in the South Orange Reservation: July 9-11 for first group; July 11-13 second group; July 20-22, third. The last encampment, the week of July 25 to 31, has been signed up by Troop 9. Girls wishing to go should sign up immediately with Mrs. Holden.

Mrs. Long, chairman of permanent camping, announced there are very few vacancies left for the girls, so everyone should register at once.

Miss Florence Kelly, captain of Troop 8, announced the annual trip to Kelly's farm will be next Tuesday. Girls from other troops and their leaders are welcome. They must sign up by tomorrow in order to be included in the trip.

Boat Ride To Benefit Church Building Fund

Miss Marie A. Serritella has been named chairlady of the boat ride up the Hudson River for the benefit of St. Anthony's new church building. The ride will be held Sunday. A capacity crowd is expected to attend.

Steamship Fairview will leave Center street dock, Newark, at 8:30 A. M. Music will be furnished by the James Julian orchestra. Rev. Thomas Nicholas Gillick, curate, recently assigned to St. Anthony's parish, will accompany his parishioners on the boat ride.

Graduates from Peddie

Among the graduates of Peddie Military Academy at Hightstown, is Watson Van Horne, son of Mr. and Mrs. T. H. Van Horne, 364 Little street. At the time of his graduation last week he was notified that he had received a scholarship to Cornell University.

Mr. Van Horne graduated from Belleville High School last year. While attending the local school he actively participated in sports.

OBITUARY

Services Held for Anthony S. Micone

Local Supply Man Died Sunday from Pneumonia

Funeral services were held Wednesday for Anthony S. Micone, 40, of 64 Stone street, Newark, who died early Sunday morning from pneumonia. A requiem mass was offered at 10 o'clock in St. Lucy's Church. Burial was in Holy Sepulchre Cemetery.

For a few days, Mr. Micone died in Newark Memorial Hospital. He had been placed under an oxygen tent in an effort to save his life.

Mr. Micone was president of the General Mill Supply Company, Washington avenue, this town.

He was born in Newark and educated in schools there. He entered the hardware business about 15 years ago and conducted stores in Newark and Belleville. He formerly lived here and had been active in politics and civic movements. He was a member of Belleville Lodge of Elks and the Lions Club.

He was a son of Mr. and Mrs. Gaetano Micone. His father died last December and his mother last August. He is survived by his wife, Mrs. Charlotte Micone; five brothers, Dr. Stephen L. Louis C., John J., Edward G. and Ernest Micone, all of Newark, and four sisters, Mrs. Daniel Meccia of Belleville and Mrs. Raymond Remondelli, Mrs. Frank Rossi and Mrs. Philip Mercurio of Newark.

Samuel E. Gerow

Samuel E. Gerow of 221 Main street, a resident of town 75 years, died last Wednesday at his home after an illness of a year. Mr. Gerow was born in Bordentown 87 years ago and moved to Belleville as a child. He was a painter.

He leaves two sons, Edward of Belleville and William of Somerville, and two daughters, the Misses Ella and Fannie Gerow, both of Belleville. There are four grandchildren and six great-grandchildren.

Funeral services were held Friday at 2 P. M. at his home. Burial was in Bloomfield Cemetery.

Joseph Discepoli

Joseph Discepoli, 71, who for a number of years operated a grocery at 109 Heckel street, died Thursday at his home from a heart attack. Mr. Discepoli, who was born in Italy, lived in this country 35 years, the last 22 in Belleville. He was president of the St. Michael's Society of Belleville.

He leaves his wife, Mrs. Concetta Discepoli; five sons, Martin, Carmine, Anthony, Samuel and Michael, all of Belleville, and seven daughters, Mrs. Philomina Di Meo and Mrs. Christina Sciosia of Belleville; Mrs. Rose Hinder of Bloomfield; Mrs. Marie Cappetta of Newark and the Misses Edith, Minnie and Anna Discepoli of Belleville.

Funeral services were Saturday at 2 P. M. at the Silver Lake Baptist Church.

Joseph P. Lyons

A solemn high mass of requiem for Joseph P. Lyons, son of Mr. and Mrs. Peter J. Lyons, 607 Belleville avenue, was offered at 9 A. M. Monday at St. Peter's Church.

His body was found June 12 about 15 miles from a CCC camp at Avery, Ida., from which he disappeared May 3, 1936. He died apparently, officials said, from exposure. He leaves his parents, a brother and two sisters.

He held the archery championship at the Teachers College.

Back-to-Nature Club Gets Under Way With Flag Raising at William Street

Daniel Spillane, Sr., Addresses Group Attacking Spread Of Communistic Propaganda in America

The clear notes of a bugle rang out on Saturday afternoon at 3:30 on the still air from the grounds surrounding the Tavern of John and Agnes Winach, 41 William street, announcing to the neighborhood, in general, and those gathered in the tavern and on the grounds, the first official gathering of the Back-To-Nature Club.

The night previous a forty-five foot high flag pole had been placed in the ground in readiness for the event.

The ceremonies were opened by Daniel Spillane, Sr., who delivered a very enlightening discourse on the aims and ideals of the Back-To-Nature Club. In his remarks, Mr. Spillane stressed the grave necessity of organization, to combat, if we cannot prevent, the insidious implanting of Communistic propaganda into the minds of our American people and institutions.

"We cannot," said Mr. Spillane in the course of his remarks, "all leave our children fortunes in the material sense, but we can, and should, leave them a fine upstanding heritage of splendid Americanism that will be able to weather any storm of propaganda injurious to such ideals that may sweep the country at any future time." In closing his remarks, Mr. Spillane stated, "Back to Nature does not mean back to nakedness, except in the sense of nakedness of the mind that enables us to hold fast to our American birthright of life, liberty

and the pursuit of happiness for ourselves and posterity."

Following his discourse, all those present solemnly repeated after Mr. Spillane:

"Americanism is an unflinching love of country, loyalty to its institutions and ideals; eagerness to defend it against all enemies; undivided allegiance to the flag, and a desire to secure the blessings of liberty to ourselves and posterity."

Mr. Spillane then presented the American flag he had been holding throughout his speech to the Color Guard, consisting of Michael Kuhn, Spanish War veteran; John Barry, World War veteran, and James Saarloos, Jr., who was home on leave from his ship. These, under command of Captain Kuhn, marched to the pole, where, to the strains of the Star Spangled Banner, Old Glory slowly was raised to the top of the pole and a gentle breeze rippled it in all its magnificent splendor.

Afterwards refreshments were served by John and Agnes Winach, who with their jovial assistant, Freddy Spatts, make a trio whose fame has traveled far and wide; built as it is on sound American principals of loyalty and fair dealing.

The Back-To-Nature Club is open to all American citizens, old and young, and all are earnestly requested to affiliate themselves with this organization. There will be no dues and the meetings will be held at the convenience of the majority of the members. Notice of these meetings will be duly published before hand in the BELLEVILLE NEWS.

The following helped to make the affair a success: Mr. Spillane, who acted as master of ceremonies; Michael Kuhn, flag committee; Charles Whitman, general chairman; Otto Schultz and Carl Balzer, decoration committee; Mr. Ward, cornetist; Mr. and Mrs. Winach and Fred Spatts, refreshments; William Chapman, speaker's stand. The ground was broken and the flag pole placed in position by James Saarloos, Sr., Walter Gimbel, Joseph Wells and Frank Bremer. Charles P. Gelschen has charge of publicity.

Local Man Honored

By I. A. S. Forum

Osborne C. Phelan of 209 Jorammon street, was again honored by the I. A. S. Forum of New Jersey, an organization of accountants at its annual meeting June 17.

Mr. Phelan served the organization for the past two years as treasurer,

O. C. Phelan and was unanimously elected first vice-president. He will also be the director of membership. Besides his duties as treasurer, last year, he conducted a public speaking group which met with great success.

The I. A. S. Forum is made up of students and graduates of the International Accountants' Society, Inc., a division of the Alexander Hamilton Institute and meets once a month at the Essex House in Newark. Prominent speakers on business, finance and accounting are generally arranged in the programs together with debates and discussions by the members at each meeting. The Forum started with a small group of accountants furthering their accounting knowledge three years ago and is growing rapidly. Mr. Phelan, one of the organizers, of the Forum, has lived in Belleville for the past four years and is cost accountant for Cassco Corporation of Newark.

Belleville's Past

As Recorded by This Newspaper

25 Years Ago

At a meeting of the town council, it was decided to order 10,000 more gallons of oil to lay the dust on the local roads, the first 10,000 gallons having already been consumed. It was also agreed to appropriate \$125 to send Police Chief Michael Flynn to the national convention of police chiefs at Toronto.

Announcement has been made that suit to recover \$10,000 damages for the death of her husband from smallpox while employed at the Isolation Hospital, will be instituted in the Supreme Court next week by Mrs. David Crowley, of 32 Hornblower avenue.

Miss Mary Voogd of Cortlandt street and John Clark Radin of Ralph street, were married at the bride's home, June 19. Rev. William J. H. Miller of the Reformed Church performed the ceremony.

10 Years Ago

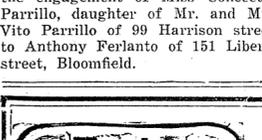

Belleville's new athletic coach will be Alfred K. McBride of East Cleveland, Ohio, it was decided this week. He was named to succeed Frank H. Kiff, who resigned.

At a meeting of the Board of Education, it was decided to install a kindergarten in the school system. The report of the special committee favored the opening of at least one such class for the children.

Engaged

Announcement has been made of the engagement of Miss Concetta Parrillo, daughter of Mr. and Mrs. Vito Parrillo of 99 Harrison street, to Anthony Ferlanto of 151 Liberty street, Bloomfield.

Whatever else you can run away from, you can't run away from yourself.—Harry Emerson Fosdick.

WAKE UP, READ YOUR BELLEVILLE NEWS

If you own a house in town, if you have a child in school, if you are at all interested in the management of your town, if you are socially inclined, if you are affiliated with a fraternal organization and last but not least, if you have a dog, you should be a regular subscriber to this paper. A few people have complained of their dogs being picked up by the S.P.C.A. They also complained of a lack of notice of the enforcement of the ordinance concerning dogs. The front page of THIS PAPER carried the proclamation of the Mayor and could not have been missed by anyone who read the paper.

The circulation of this publication represents seventy-five per cent. of the home-owners in the Town of Belleville. The remainder are constantly running a risk of not receiving notice of ordinances and proclamations that may affect the material and social aspect of their daily life. In order to develop an adequate feeling of civic responsibility the official organ of the town should be in every home. What better way of creating "citizen unity" can there be than having each home made aware of local conditions at weekly intervals? Election is coming next May and every intelligent voter will scrutinize our present commission through the pages of this publication.

A GOOD WAY TO UPSET BUSINESS

It is rumored that plans are being considered whereby 100 per cent. margin requirements would be imposed on security markets—that is, persons who wish to purchase and carry securities, would be prohibited from borrowing money on those securities.

The dangers inherent in such a move should be thoroughly understood. Under present laws, the Federal Reserve Board possesses the authority to prevent the excessive use of bank credit in the purchasing and carrying of securities. The amount of credit now outstanding in the securities markets is far below previous comparable periods.

If margin buying were outlawed, the immediate effect would be felt by the security markets. Prices would be artificially driven down, at the expense of investors. The volume of transactions would be drastically curtailed. There would no longer be a ready domestic market for securities—a market which now gives the investor a place where he can buy or sell listed stocks at posted prices almost instantly. Capital would migrate to foreign security markets where reasonable margins are allowed.

Infinitely more serious, however, would be the ultimate effect of 100 per cent. margin requirements. New financing by industry has been almost non-existent during the depression. Only now is a start back to normal financing being made. This movement would be throttled if borrowing on securities were prevented. As a result, industrial expansion plans would be dropped, new opportunities for employment would be lost, and potential increases in the national productive wealth would be restricted.

We now have a rigorous safeguard to prevent excessive use of credit in the security markets, and to stop wild speculation, in our 55 per cent. margin requirements. Eliminating all margins would be a serious blow to recovery.

SIX STEPS TO RUIN

Unless the constantly widening gap between government income and outgo is closed, writes Roger W. Babson, one of the outstanding American economists, six financially ruinous consequences will result:

- "First, continued deficits ultimately lead to fear of government credit.
- "Second, unsound public credit means unwillingness to lend the government money to pay its bills.
- "Third, the treasury is forced to print paper money to pay its deficits.
- "Fourth, the paper money falls like a meteor in value as prices shoot sky-high.
- "Fifth, the buying power of salaries, wages, savings accounts, insurance policies, and bonds drops to practically nothing.
- "Sixth, the ruined, starving middle-class take the reins of government by force to bring order out of chaos."

Mr. Babson does not think it too late to put the government's financial house in order, but quick action is essential. On a per-person basis Federal expenses since 1860 have increased from \$2 to \$55 a year. The average American family of five has an income of \$1,700. It owes its share of the soaring national debt, \$1,375. In addition to owing this debt it must pay \$275 annually in Federal taxes alone. Only an aggressive public demand for retrenchment and a balanced budget can save us from the "six steps to ruin" Mr. Babson describes.

FOIL THE SUMMER BURGLAR

Summer is here—and the burglar is getting out of his house-breaking tools. There are six burglary, robbery and theft losses for every fire loss, according to the Association of Casualty and Surety Executives. The vacation months, when so many residences are empty and unguarded, provide ideal working conditions for the house-breaker. He does not have to be wary of sleepers who may wake momentarily and sound an alarm. He can work leisurely and thoroughly.

If persons who are leaving their homes unoccupied even for a short time this summer, will take the following precautions, they will add greatly to their protection and peace of mind:

1. Lock securely all doors, windows or other entrances to the house.
2. Inform the police that your house will be empty. They can keep watch on it and try the doors and windows at regular intervals.
3. Take with you or lock securely all jewelry, silverware, furs, valuable clothing and other articles easily converted into cash by a thief.
4. Be sure to suspend all deliveries, such as milk, papers, mail. A heap of newspapers or milk bottles on a porch are sure signs that a house is unoccupied.

In view of the increasing widespread threat of the burglary hazard to property, local citizens should take extra precautions at this time of the year. That is the most effective way they can aid crime control in the community.

FIRE INSURANCE GROWS CHEAPER

The annual report of the president of the National Board of Fire Underwriters points to the remarkable decline in the cost of fire insurance. The average charge per \$100 of fire insurance today is more than 40 per cent. lower than at the beginning of the century. And since 1900, the decline has been uninterrupted—the average premium charged each year has been lower than the year before.

Fire premiums are naturally based on the fire loss occurring in an area. Reductions in premiums are not generally possible unless a reduction in loss is consistently recorded over a period of years. For more than three-quarters of a century, the fire insurance industry has worked on the problems of fire protection and prevention. It has covered the entire country with an elaborate system of engineering inspections of cities, towns and villages. It has tested building materials of every kind and exhaustively studied building methods. The facts produced by this work are reflected in safer materials, and in better municipal building codes. The "model building code" promulgated by the National Board has been widely made into law.

No industry has done or is doing more to serve the nation—to protect the lives and property of us all. It is as eager as any policyholder to still further reduce rates. And they will be reduced if every individual will do his part in the war against fire.

COPPER—AN ESSENTIAL INDUSTRY

"A healthy copper industry is absolutely essential to the national defense and international independence of the United States," says the Silver City, New Mexico, Enterprise. "Copper is as necessary to the army and navy as it is to industry."

The copper industry faces the problems faced by all industry—problems caused by changing economic conditions. In addition, copper has often been a favorite target for unfriendly legislation. Unnecessarily restrictive laws have been passed that have made the task of the industry doubly hard. In some cases excessive taxes have been levied against it.

Today the future of this vital industry is bright if it is given a fair chance to increase its development and payrolls, unhampered by inimical laws.

WHO FOOTS THE BILL?

Strikes cost money.

That salient fact must be overlooked as violence steals the headlines. But as dangerous as it is when mobs run rampant through the country, halting mail trucks and interfering with other people who want to work, the long term factor that strikes are costly cannot be overlooked.

First, they are costly to the minorities who decide to strike. Secondly, they are costly to the greater numbers who are forced out of employment in their own plant or who are laid off because a customer plant has been closed or a source of supply cut off. They are costly to the shopkeepers, the doctors, lawyers and candlestick makers in every community. With losses running into billions of dollars, they are cutting heavily into the national income, out of which comes the living standard of all the people.

These factors are felt immediately by the various groups directly affected. But the toll that the present wave of strikes and compulsory wage increases will take in the future of the buyer of manufactured goods cannot be calculated.

Let's look at it calmly. From 70 to 80 per cent. of the cost of manufactured products is labor cost. As these costs go up and up, the selling price of goods must go up, too. That is when the consumer begins to feel the effects of an economy dictated by violence rather than by peaceful consultation. And the farmer, caught in the squeeze, finds himself pinched as the goods that he buys in the city become dearer and dearer.

BATTLE FRONTS

Labor strikes appear to shift from one industry to another. Meanwhile leaders of the American Federation of Labor and the Lewis Committee for Industrial Organization have become increasingly bitter in their attitude toward one another. Each claims to be "IT."

On the political front there seems to be an inclination to make national labor laws a little more consistent so that they will aid in the affairs of employers as well as employees, and hold both sides equally responsible. At the present time labor unions get away with everything, because new laws do not apply to restrain them. The forces of progress seem to be working in the right direction and there's hope for more consistent relations in industry—some day.

IT CAN BE DONE

and America's poet-philosopher is always the man to do it!

EDGAR A. GUEST is a go-getter. That's the ruling philosophy of his life, and of the well-loved poems that his life has brought forth. If a thing is worth doing, according to this poet who glorifies "just folks," just do it, and the chances are that it will be done well, if you really want to do it.

So when, early this spring, Edgar Guest had an idea for a new radio program, the first thing he thought of was the great throng of plain American citizens who have done things well, who have done them against odds and have done them well because they wanted to and wouldn't give up.

He instituted a search, first of all, that reached from one end of the country to the other, finding these people in big towns and little ones, in the greatest cities and the smallest crossroad hamlets. Everybody told him that the job was impossible, that ordinary folks of the type he sought would never come all the way to Chicago just to go on the air, and he would get nothing but polite jeers for all his labor.

"You're all wrong," said Guest to his friends. "This is a job I'm going to like, and I know it can be done!"

He unearthed one, and then another, and still more, and on April 6th put on his first program featuring the life story of Dr. E. E. Austin, retired Hanover, N. H., professor, who discovered and first marketed antipalates.

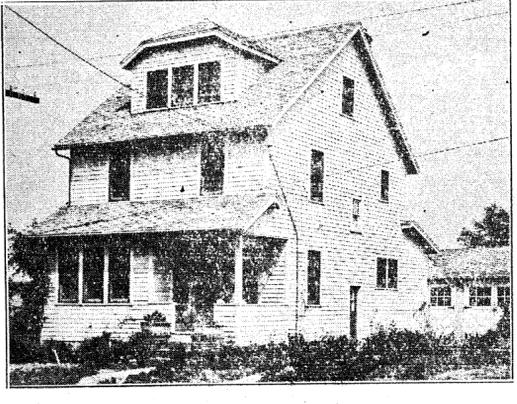

Interesting personalities followed that first program thick and fast. A lady dog detective from New York City and a lady baseball scout from Texas compared notes with the owner, engineer, trackwalker and chairman of the board (four men rolled up in one) of the world's shortest railroad, in Ohio. Then there was the Chicago policeman who, at the age of forty, decided to become an attorney. At the same time she was suddenly burdened with the care of her orphaned grandchildren. She was a perfect personality for "It Can Be Done."

Edgar Guest

made his boyhood dreams build him an airplane factory, has appeared, and so has Mrs. William Walrath, famous founder and director of "The Cradle" at Evanston, Ill., an institution that has placed more than 3000 homeless children in adopted families. Rufus Woods, of the Grand Coulee Dam Commission; Roselle Brewer, twenty-three-year-old blind girl who is one of the most popular public speakers in the middle west; Gretchen Reichard, waitress who took up parachute jumping as a part-time job and was the second woman in the country to receive a glider license; Mrs. Henry Howard, head of the society which puts books for sailors on every ship of our merchant marine—still they keep coming, and still Eddie Guest keeps hunting for them in Maine, Florida, Idaho, South Dakota, or wherever his untiring instinct takes him.

The BUSINESS LETTER

By MARTIN COOK

Outstanding in the news of the week was the continued growth in the number and severity of the strikes. The significance of the appointment, by Secretary Perkins, of a board to mediate the steel strikes can not, at the moment, be estimated, but its decisions will be of the utmost importance.

Other outstanding items of news were the report on the Supreme Court bill and the increase in the spirit of independence now apparent in Congress. The very evident feeling that government spending must be curtailed and the consternation of many former adherents of the administration should have some effect on future legislation, and, in the long run be beneficial.

One of the weekly reports on business activity reveals another slight recession, but less than the previous week. This may be an indication that the recession is tapering off preparatory to a change in direction.

Against the general trend many lines report gains, as for example: Retail and chain stores with a 10 per cent. gain in volume over the previous week as well as 9.6 per cent. increase over the 1933-1935 average. Metropolitan store deliveries were up 11 per cent. over last year. Power output was 3 per cent. up as well as being 13 per cent. higher than the 1934 figure.

Railroad reports, to May 1, generally show better earnings than a year ago. Pennsylvania returning a net of \$7,427,320 against \$6,315,242, while Reading was able to earn, after allowing for the dividends on the four per cent. preferred, \$3,053,154. Last year the amount was \$1,806,707. May reports were not quite as favorable, but with an increase in carloadings of 62,220 and heavy passenger traffic a return to the better figures is anticipated.

President Willard, of the Baltimore and Ohio, said recently, "That he had never seen the country looking better, at this time of the year, and that he expects a crop surplus of from 200,000,000 to 250,000,000 bushels of wheat for export." With the present high prices prevailing the increased buying power of the farmer should aid in keeping general business on a good level. A principal factor in harvesting the crop will be to find sufficient labor.

Politics and labor have a main cause in keeping interest in the security markets at a very low level. Stocks sold at the low of the year. Buyers of small lots came into the market and gave it slightly better tone.

Transactions in bonds were light with quotations moving in accordance with the news of the moment.

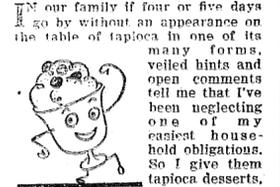

Houses of issue apparently gained confidence as new financing, for the week, totaled \$142,638,700, compared with \$14,640,000 a week ago.

Editor's Note—Questions pertaining to securities and investments addressed to Martin Cook in care of this paper will be answered promptly.

Boys Borrow Car From "Pal's" Dad Returned Later with Two Flats and Broken Radio

Two boys, posing as High School pupils, went to the home of Richard J. Harris, 246 Holmes street, Saturday, and said Harris' son Robert had told them they could borrow the family car. Robert was away for the day, and the unsuspecting father let them have the car.

Robert returned home first and said he had not lent the car to anyone. The car arrived a little later, with two flat tires and broken radio. Harris has vainly scanned pictures of High School pupils in an effort to identify his son's "pals."

Place water in top of double boiler and bring to boil over direct heat. Combine quick-cooking tapioca, sugar, and salt; add gradually to water and bring to a brisk boil, stirring constantly. Place immediately over rapidly boiling water and cook 5 minutes, stirring occasionally. Cool—mixture clears and thickens as it cools. When slightly cool, fold in berries, and lemon juice. Chill & Serve in sherbet glasses. Garnish with whipped cream and a few whole berries. Serves 6.

WRIT' BITS by John E. Smith

BEAUTY Beauty spreads itself about. Loveliness on every hand; As the buds and grasses sprout, Everywhere across the land. What a varied, rich display, All the year she seems to bring, Thru the seasons, dull and gay, Summer, Autumn, Winter, Spring.

Beauty is impartial, fair, Plays no favorites we find; Spreads herself out here and there, In things, plants, and human-kind. Lonely places, woods obscure, Find of her a good supply, Just as rich, as fragrant, pure, As the wild flowers testify.

Beauty never takes a bribe, From the rich, or wealthy class; She's not of the dollar tribe, Seeking riches to amass. In this point she stands unique, In this grasping world below; There is nothing she would seek, All she has is to bestow.

Beauty in the human frame, In all ranks and stations comes, Disregarding creed and name, From the palace or the slums. Qualities of grace and charm, Among common folks abound; Folks in cities, on the farm, Everywhere fine traits are found. Beauty is not classed as things; Wealth on it can have no strings, Peasants share it, as do kings.

Three Plants Would Locate in Belleville

Approximately 800 Persons Would Be Given Employment

Belleville will have three new industries that will employ an aggregate of approximately 800 persons if the negotiations that are being carried on by Mayor William H. Williams and his department are successfully completed. In conjunction with the securing of these new industries the board authorized the payment of reasonable agents fees to brokers who are able to sell town property. This was done at the Monday meeting of the commission.

The three plants have all requested property that the town now owns along the river. A prospectus was submitted to the board by two of the plants and all members felt that the industries were of a high type.

Because of the fact that an independent broker was involved in one of the transactions, the question of compensation arising out of the sale of these lands arose. Town attorney Keenan stated that although there was no court ruling on the matter, Attorney-General Wilentz has declared that this procedure is acceptable under the law.

A recommendation to the zoning board concerning the erection of a factory in Stephen street, abutting the Overman Tire Company, was made at the conclusion of the Commissioners on Monday night.

Mr. Lloyd of the Lloyd Engineering Company, 84 Stephen street, purchased this piece of land, which is part of the old DePew estate, with the intention of erecting a plant on it in 1931. Due to economic conditions this was not done and since that time the zone has been changed to a residential one. However, because of the fact that the proposed plant will adjoin another one and the nature of the business is not objectionable to the residents, the counsel was instructed to notify the zoning board of the approval of the commission.

July Fourth Big Day For Boys And Girls

Track Meet for Boys and Girls Features Independence Day Program Here

Annual Affair Scheduled to Start at 10 A. M. July 5 at Clearman Field—Ten Events Scheduled

Nazar-Leaycraft Star At Hinchliffe Track

Win Attention Because of Steady Improvement in Riding

Steadily climbing higher on the competitive ladder, two of the younger motorcycle riders—Walt Nazar of Hicksville, N. Y. and Bud Leaycraft of Asbury Park, give promise of developing into top-flight stars in the speed ranks. They will occupy niches in several important races on the weekly motorcycle racing card at the Hinchliffe stadium in Paterson next Tuesday night when Promoter John Kochman presents a heavy lineup of speed events.

Nazar and Leaycraft are winning themselves considerable attention because of the steady improvement in their riding and so steadily have they been moving ahead that they are expected to step into the higher brackets within a short time. Both of them have been turning in some consistent performances at the Paterson track. Nazar, 23 years old, has only been in actual competition the last two years. At the finish of last season he began to go to town on a new "Jap" motorcycle with his style patterned after Benny Kaufman's riding, foot in front. His handicap was reduced ten yards last week and now he is pointing for the goal of all racing newcomers—complete elimination of the handicap.

Leaycraft, also 23, has a new "Jap" too and has been contributing impressive performances ever since he acquired his own machine. The lantern-jawed Jersey rider is gunning for top honors in the speed ranks and he expects to barge into the "money" Tuesday night at the Paterson track.

All the leading stars of the motorcycle ranks will be in the program of eighteen events lined up for Tuesday by Promoter Kochman with such riders as Jimmy Gibb, George Matheson, Bo Lisman, Ray Tauser, Goldie Restall, Crocky Rawding and Don Smith among those listed.

The program will start at 8:45 P. M. with the usual "Opportunity Night" awards of a hundred dollars in cash due for distribution to four fans in the stands again.

be held at Clearman Field, Monday morning, July 5, at 10 A. M.

According to plans of the athletic committee this will be the most interesting meet ever held in town. Ten events for boys and girls have been arranged in the hope that the number of entrants will exceed last year's record entry list of over 400.

An innovation this year will be a slow-bicycle race, an event in which the last participant to cross the finish line on his bicycle is declared the winner. It provides a great deal of amusement for the spectators and contestants alike since a "racer" is automatically eliminated if any part of his person touches the ground after the race has started. The events will include: 50-yard dash, boys twelve and under; 40-yard dash, girls, twelve and under; 60-yard dash, girls, 13 to 15 years; 75-yard dash, boys, 13 to 15 years; 100-yard dash, boys, 15 and over; shoeless race, boys, 12 and under; a 3-legged race, boys, 13 to 15; a slow-bicycle race for boys of any age; a slow-bicycle race for girls of any age, and the annual Grammar School relay, 4-man teams.

The Mayor William H. Williams trophy, for that school scoring the greatest number of points in the meet and the Commissioner George R. Gerard trophy for the school entering the winning relay team, will again be in competition. To retain permanent possession of a cup, a school must win it three times. School No. 8 has two legs on the Mayor's cup and is expected to make a strong bid to retire it this year. St. Peter's and School No. 5, having entered the championship relay team in 1935 and 1936 respectively, each have a leg on the Commissioner's award.

The athletic committee consisting of Hugh Kittle, principal of the high school, Leo Hood, James Wood, W. G. Hunt, W. J. Post, James Saarloos and Herbert Hoover, with James M. Lynch, Jr., as chairman, is planning to use a point system similar to last year's in deciding the trophy winners. Gold, silver and bronze medals will be given to the winners of each event.

Andy Watts Schedules Thrills at Tri-City

Three-Cornered Point Series On Program for Wednesday

UNION—The first three-cornered point series ever held on any speedway will mark the return of partido racing to Tri-City Stadium here Wednesday night, June 30. Created by manager Andy Watts, the event shows promise of taking a position with his Golden Wheel and Diamond Belt classics as annual features of the Eastern motorcycle racing calendar.

Three representative trios from the top flight of the broadside clan will carry the colors of New York, New Jersey and California. Each trio member will meet the other combination's racer in his bracket once. In all there will be nine one-lap dashes, unless a tie forces a run-off.

Named on the home state New Jersey trio are Crocky Rawding of Bloomfield, Goldy Restall of North Bergen and Palmer Tamburro of Fairlawn. The New York trio is George Matheson, Joe Udisky and Dick Peters. Representing California will be Jimmy Gibb, Dutch Mueller and Pee Wee Cullum.

The pairings will separate Rawding, Gibb and Matheson as captains, Restall, Mueller and Udisky as No. 2 men and Tamburro, Cullum and Peters as No. 3 riders. A progressive score will be kept with each victory counting a single point.

The New Jersey and California trios are favored by virtue of their strong leadership. New York, however, has great strength in its No. 2 and 3 men, Udisky and Peters, and may furnish a surprise. Matheson is showing the best form in five seasons and may give his trio-mates the needed aid for an unexpected win.

Four-lap scratch racing also will be resumed with the entire featured field seeking the big prize money scratch final. Ray Tauser, ex-world's champion, again has been granted an extension to compete at Tri-City, now recognized center of motorcycle racing in America, for his fourth week and is a threat to the open field.

Class A handicap racing for 24 leading riders, and Class B and C beginners' events complete the seven-event card which will start at 8:30 P. M.

Local Eagles Snap Wins of Oxfords Bunching Hits Final Tally Places Eagles in Van, 12-1

The Eagles snapped an eight-game winning streak of the Oxford Tigers Sunday, trouncing them 12 to 1. Goglia and Mitch, a newcomer, held the visitors to six scattered hits while the home boys bunched their nine bingles to score twelve runs.

The game was settled in the first inning when six runs crossed the plate on a walk to MacGregor, Gonnello and Tobia were safe on errors. Bosiak singled scoring two. Duva singled scoring another. Costello got a one-baser scoring two. Caruso's sacrifice scored the sixth run.

Costello and Duva led the Eagles attack with four and two hits, respectively. Costello had two doubles and one triple to his credit, driving across four runs. Goglia, who pitched seven innings, struck out eleven batters to increase his record to 88. Mitch pitched the last two innings, allowing three hits and one run in his debut.

Sunday afternoon the Eagles will travel to Millington, to play the Millington Jrs. game at 2:30 P. M. The batteries will be Goglia or Bracaglia pitching and Tobia catching.

Emeralds Defeat Harrison Riordans

Local Nine Makes It Three In a Row by 9-8 Victory

The Emerald A. C. Sunday defeated the Riordan A. A. of Harrison, 9 to 8, for its third straight triumph. The game was won in the last half of the ninth inning when the Emeralds scored three times. Fisk led off that inning with a single, Harbaugh walked and three consecutive singles by Urna, O'Reilly and Lister scored three runs and was the ball game.

Bill Lister was the hero of the game knocking in Urna with the winning run, to win his own ball game. It was his third straight triumph. Leo O'Reilly, Lister's battery mate, lead both teams at bat with four hits, while Bill Fisk was second best with three hits.

Senators Dispose of Plainfield All-Stars Over 750 Fans Witnessed Sterling Pitching by Sam Barnett

The Belleville Senators semi-pro nine traveled to Plainfield Sunday to down the Plainfield Colored All-Stars, 7 to 6 at Cedar Brook Oval.

The crowd of 750 spectators saw Barnett, the Senator's ace hurler, give this favorite team a beating with a two-hit game. In the tenth inning, with score at six all, they also witnessed LeRoy Effen, the center fielder of the Senators, smash a long drive into left field stands for a home run. H. McCort, Senators shortstop, also starred at bat with three safeties. His infield performance also was very good.

This Sunday the Senators will play the Belleville Hill Tops at Belleville Park. The batteries are not as yet known.

Some time this season the Senators will meet the St. Columbus club of Newark which will probably be played at Branch Brook Park. This game between these two clubs is classed as the most exciting game ever to be played in this division of the parks.

Joe Metz, D. Ocello and Frank Boyszenski are on the sick list but are expected to be in the line-up soon.

Playgrounds to Open Summer Season Soon

Three Fields Will be in Use Under Recreation Commission

Playgrounds operated by the Recreation Commission will be opened for the summer season June 28, and close August 28. Hours will be from 9 A.M. to 8:30 P.M., daily, Saturday from 9 A.M. to 12.

The playgrounds are Recreation House, with Joseph Parsells as director, No. 1 School, Mrs. Helen McNeill, and Recreation Field, David Lamb, director.

A play lot in the Soho section is problematical. Tournaments in Jacks, baseball, softball, table tennis will be carried on, as well as special days for doll shows, pet shows, vehicular day and lantern parade.

Edward J. Lister is the director in charge of all activities.

The summer camp will open July 12, one month being devoted to boys and the other for girls.

Bears Back Sunday At Ruppert Field Double Header Scheduled With Baltimore Orioles

After being in Syracuse for four days, those galloping Bears return to Ruppert stadium, Sunday, for a five-game series with the Baltimore Birds. The Orioles are showing signs of climbing and are to begin their battle with the Bears by playing a twin bill Sunday. Single games will be on tap Monday and Wednesday afternoon, while the Tuesday contest will be under the flood lights. As usual, Monday will be Ladies' day.

Manager Bucky Crouse of the Orioles is trying to rebuild his club and recently obtained second baseman Bill Cissell from the Athletics. Bill is no stranger in the loop for he was with Baltimore last year. Bucky is also hoping to get more experienced talent for he believes a couple of replacements will enable his team to climb into the first four.

After the Birds fly out of Newark, the hustling Syracuse Chiefs, one of the most dangerous aggregations in the league, come in for four games starting Thursday and terminating Sunday. The Chiefs have plenty of power and Manager Mike Kelly has injected a lot of hustle into them. Manager Oscar Vitt has great respect for the Chiefs, for they are similar to the Bears, they can hit and have a good pitching staff. One thing pleases Vitt, however, is the fact that both catcher Buddy Rosar and first baseman George McQuinn are ready to quit the hospital list. Fortunately, the Bears were well fortified, for Babe Dahlgren moved over from third to first and Frank Kelleher took over Babe's position and did a swell job in the field and with the bat. Then Finky Haggrave helped out Hershberger behind the bat.

Jimmy Gee-Gee Gleason, guardian of left field for the Bears is a winning type of a ball player. Since joining the club this spring he has been one of the spark plugs. His hitting has been great and his base running has been a delight to Vitt and the fans and a nightmare to the opposing fielders. The latter now know, that if they loaf on any hit from his bat, he is apt to stretch the drive into one for extra hassocks. He is speedy and his fielding has been good.

Off the field, Jimmy is quiet but has a contagious smile and is a happy individual. On the bench during a game, he is always encouraging his pals to go on and win. Likewise his big stick does its share to produce victories. Jimmy is witty and many of his wise cracks in the dugout often relieve the tension of the other boys and the relaxation enables them to perform without that extra pressure. Likewise he is never slow in heaping the congratulations on his pals for pulling the game out of fire.

Jimmy never, or rather seldom enters the clubhouse without paying a visit to the office of Vitt. Then the pair exchange the high sign. They say it is the good luck and victory salute. Several times, Gee-Gee missed his regular routine and each time the Bruins were nosed out. Now Jimmy hasn't a chance in the world of missing the visit. His clubmates always watch for his entrance and if he shows the slightest signs of not making his daily call, his attention is promptly called to the fact. His most careful watchers are the pitchers and especially the one who is to hurl that day. But to get Gleason or Vitt to show the high sign outside of the clubhouse is impossible. They say it would break the charm and displease Old Lady Luck.

Triangles Win Over Homesteaders Tony Paul Has Passaic County Lads at His Mercy

Belleville Triangles Sunday defeated the Silver Circle A. C. Pompton, at the latter town, 1 to 0. Tony Paul was in rare form, allowing the homesteaders only three hits and chalking up his fifth straight win. The local club played errorless ball. Only three of the Pomptonites reached first. Not one advanced to the midway sack.

Paul shot the pill past the home club thirty-three times for eleven strikeouts. In twenty-nine innings Paul has whiffed thirty-six opposing batsmen, which is some twirling in any league.

Johnnie Zoppa and E. Ryder were the fair-haired boys with shoe string and other fancy catches in left and center field, respectively. The boys who wear the three-cornered insignia earned their lone tally. In the third frame Paul fied out, Palmer grounded out, pitched to first, but Bocchino stung a double to center, followed by Cappy's two-ply swat to left, which scored Bocchino.

The Triangles will travel again this Sunday, lugging their bats to Woodbridge where they will meet the Woodbridge Field Club. Ralph Palmbo is scheduled to toss for the locals with Shyles, a newcomer, behind the plate. The score at Pompton:

Closing Program Has Been Arranged By Juvenile and Junior Music Study Clubs

The Juvenile and Junior Music Study Clubs of Belleville will combine in presenting an evening of music to end their season this evening at the Eleanor Bacon-Peck Studios, 110 Overlook avenue.

Bernice Van Sickle, president of the Juvenile Club, will preside for the first half of the program. Donna Feuerstein, May Milward, Paul Deckenbach, Volmer Hansen, Bernice Van Sickle, Patricia Plumer, Bertha Herrmann, Doris Kessel and Doris Heath will represent the Juvenile group on the program.

The master of ceremonies for the second half of the program will be Robert Banta, president of the Junior Club. Members playing will be Jane Littlewood, Ruth Souder, Louis Kreisler, Harold Kreisler, Dorothy Cataldo, Lillian Porto, Isabel Armstrong, and Robert Banta.

Receiving will be Winifred Smith,

Kathleen Teague, and Dorothy Aurenkath.

Officers Elected

Newly-elected officers of the Juvenile Music Study Club are Doris Kessel, president; Patricia Plumer, vice-president, and Bernice Van Sickle, secretary. Awards for repertoire and general musicianship will be announced at the closing party to be held Saturday afternoon, June 26, at the studio. Bertha Herrmann has been advanced to the Junior group.

Robert Banta was re-elected president of the Junior Music Study Club, Isabel Armstrong, vice-president; Peter Deckenbach, treasurer, and Harold Kreisler, secretary. Prizes were awarded at the final party, June 12. The repertoire prize was won by Isabel Armstrong, who played five pieces from memory. Robert Banta won the general musicianship prize, and Dorothy Cataldo the attendance prize. Kathleen Teague was advanced to the Student-Artist group.

Eleanor Bacon-Peck is the director of the Junior Club assisted by Adell Sutherland. Mrs. Sutherland is the counselor for the Juvenile Club, assisted by Mildred Drentlao.

The summer session for private and class lessons will begin Monday morning, June 28. Many pupils are joining classes in music history and theory besides their private lessons.

Ann Sothern and Gene Raymond Star In 'There Goes My Girl' at Proctor's

The program at Proctor's RKO Theatre, Newark, changes today when "There Goes My Girl" starring Ann Sothern and Gene Raymond, and "Meet the Missus," with Helen Broderick and Victor Moore in the leading roles as a companion feature, will be shown.

In "There Goes My Girl," two ace reporters on rival newspapers are deeply in love. Their marriage is frustrated by the hard-shelled city editor of the sheet for which he works, who can't see why his star newshawk should succumb to mushy sentimentality. Dangling the bait of a sensational story under the pretty nose of his girl reporter, he twice side-tracks the pending nuptials. But his villainy does not end there. It is the fourth picture in which Gene Raymond and Ann Sothern have played starring roles. It is of a more serious mood than that of most of their past successes, and is said to be their best accomplishment on the screen.

Richard Lane is said to be convincing in the role of the plotting city editor, and plays it to the extent of its possibilities. A highlight of the entertainment is a difficult Spanish

dance by pretty Joan Woodbury to a rumba number, "Español Cani," in an attractive night club setting.

Others in important roles are Frank Jenks, Gordon Jones, Maxine Jennings, Bradley Page, Marla Shelton, Chester Clute, Charles Coleman and Alec Craig.

An exciting trip along the Atlantic City boardwalk is given audiences who view RKO Radio's "Meet the Missus." The long expanse of beach, the army of wheel chairs, the miles of concessions and amusement booths and the steel pier with its score of attractions and a large hotel are the comedy's background.

It is a farce comedy revolving around a mid-West housewife who wins a contest to select the outstanding housekeeper of the country. Finals of the contest are held at one of the larger Atlantic City hotels, and most of the action takes place at that noted resort.

Mr. and Mrs. Samuel G. Ferguson and daughters, Marcella Ann and Rita, 131 Beech street, are leaving Sunday for Bradley Beach where they will spend the summer.

WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks puny.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel up and up.

Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else, 25c.

**Heller Brothers, Veterans, Extend Greeting
To Legionnaires and Auxiliaries As
Concern Completes 100 Years in Business**

**Well-Known Newarkers Have Kindly Feeling for
This Town, Most of Their Employees
Living Here**

The Heller Brothers File and Rasp Company, which has just completed 101 years of successful business and is now operating on the corner of Verona and Mt. Prospect avenues, has expressed the desire to welcome the members of the American Legion at their County convention which will be held in Belleville today and tomorrow.

Arthur C. Heller, one of the brothers connected with this North Newark concern, was in the United States Marine Corps and his brother Leo S. Heller, who is in charge of the branch plant at Newcomerstown, Ohio, was a sergeant, stationed at Camp Dix during the war.

The original plant was established by Elias Heller on the corner of Mechanic and Ward streets. In 1876 the present location was secured. In 1912, because of the increase in business, a branch factory was established

in Ohio. Mr. Heller has always been interested in Belleville because of the fact that most of the employees live in town.

**Dr. Clee Addresses
Belleville High Class**

**222 Students Graduated
In Unusual
Exercises**

The candlelight ceremony which concluded the fortieth annual commencement program of the Belleville High School was both impressive and unique. Credit for its institution in the graduation exercises of the school goes to Principal Hugh D. Kittle whose untiring effort caused the program Wednesday night to go off without a hitch.

In introducing the principal speaker of the evening, Dr. Lester H. Clee, John P. Dailey, president of the Board of Education announced that Dr. Clee was a candidate for governor.

It was announced at the exercises that Miss Eva Theting and Miss Doris Rosenblum, the latter an honor student, were being graduated after three years in high school, both having finished the prescribed four year course in that time.

Other honor students all of whom finished with an average of "A" for the four year course included Sophie Madler, who delivered the valedictory, Betty Gibson, who gave the salutatory, Alice Moroz, Jean Scaperotta, and Irene Scholtz. No young man was on this list.

The officers of the class were president, Frank Carragher; vice president, Harvey Nielson; secretary, Miss Gibson; treasurer, Frank Brown.

Another idea of Mr. Kittle which has won widespread favor is the abolishing of prizes to certain favored members of the class. Mr. Kittle explains this by the statement that only a select group took the prizes and left bitter disappointment to a large number.

Robert Copeland on the trumpet and Miss Josephine Rossi with vocal selections pleased an overflow audience with their artistry.

The orchestra which Miss Alice Walters developed, rendered two selections, the Eugene Oneguine waltz and the March of the Priests.

The class gift, a set of books, was presented by Mr. Carragher and accepted by Wayne R. Parmer, superintendent of schools, who, in closing his acceptance speech said, "the silent influence of books is a mighty joy."

Mr. Nielson presented to Robert Cook, president of the junior class the

Cleaners & Dyers, H. Gordan, Mr. Pescey, Mr. Ruby, F. Krumenau, Miss A. Harmon, B. Becker, Leonard Ronco, Mr. Gussolin, Mr. McRae, Mr. E. Batz.

COMMANDER'S MESSAGE

Fellow Legionnaires:

I am happy and very much honored to welcome you on behalf of the Essex County Committee of the American Legion, to the Seventh Annual Convention of this Committee.

It is very gratifying to note, even though our Legion year has about three months more to run, that the accomplishments thus far attained in a number of activities, have by far exceeded those of previous years. The contributions to Americanism and Community Service work are splendid. The membership is the highest of record in the county to date. Before the close of the year, I believe all previous figures will be surpassed.

I appreciate the loyalty and the unselfish efforts on the part of every Legionnaire who contributed to the success attained. I am grateful to the Post Commanders who have put all their efforts forth to assist in the County program. My sincerest thanks to the County Officers, Directors of Activities and Chairmen of Committees for their efficient help.

To the members of the American Legion Auxiliary, I am appreciative of their earnest efforts in behalf of the County Committee, especially in Child Welfare and Rehabilitation work.

May you all continue your activities through 1937 and years following that the American Legion will ever hold its place among the greatest of Service and Patriotic Organizations.

WILLIAM F. ALBERS,
County Commander.

PREAMBLE

To the Constitution of the American Legion

For God and country, we associate ourselves together for the following purposes:

- To uphold and defend the Constitution of the United States of America;
- To maintain law and order;
- To foster and perpetuate a one hundred per cent Americanism;
- To inculcate a sense of individual obligation to the community, state and nation;
- To combat the autocracy of both the classes and the masses;
- To make right the master of might;
- To promote peace and good will on earth;
- To safeguard and transmit to posterity the principles of justice, freedom and democracy;
- To consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

Bosses Won't Hire People with Halitosis (BAD BREATH)

People who get and hold jobs keep their breath agreeable

With the best to choose from these days, employers favor the person who is most attractive. In business life as in the social world, halitosis (unpleasant breath) is considered the worst of faults.

Unfortunately everybody suffers from this offensive condition at some time or other—many more regularly than they think. Fermentation of food particles skipped by the tooth brush is the cause of most cases. Decaying teeth and poor digestion also cause odors.

The quick, pleasant way to improve your breath is to use Listerine, the quick deodorant, every morning and every night. Listerine halts fermentation, a major cause of odors, and overcomes the odors themselves. Your breath becomes sweet and agreeable. It will not offend others.

If you value your job and your friends, use Listerine, the safe antiseptic, regularly. Lambert Pharmaceutical Company, St. Louis, Mo.

Don Ameche and Sonia Heine will re-unite on a Coffee Show Sunday, June 27th. This is a prize assignment for both artists. Sonia was to appear several weeks ago, but her father's death postponed the program. Ruth Bradley, one of the three women on the Magic Key Program has as her assistant, Helen Hayes and Margaret Brill, the harpist. Helen does scenes from Broadway successes. This is smart entertainment. Edgar Bergen, the ventriloquist has millions of admirers. A great Dane dog receives his greatest interest. Jimmy Braddock, the Jersey champ lacks punch in his radio scripts. Frank Crummit, jovial vaudevilian and radio personage, started a new series Universal rhythm last Sunday. Richard Bonelli, will be his guest. Ted Husing will describe the American Cup race on Saturday, July 31. He will broadcast from a Coast Guard cutter and from a cottage on the shore line. Sherman Hoyt will assist him. Aside to Benay Venuta, Broadway will cast you in another Fall production. Allan Walz, ace commentator will assist Dave Driscoll and Jerry Danzig at the Princeton Invitation Track Meet with WOR-Mutual. VOICE OF THE PEOPLE

Urges Health Week

June 25, 1937.

Editor THE NEWS:
The undersigned has requested State Senator Edward P. Stout, of Jersey City, and Assemblyman Edward Y. Ajamian, of Union City, to present a joint resolution to the both branches of the New Jersey State Legislature, June 28th, for inaugurating a permanent "Health Week" observance during the fourth week of the month of September of every year.

Leading health exponents, ministers and heads of families who are willing to work for better health, better morals and longer life have been conducting special crusades urging upon the State Legislature to give official sanction for the observance of "Health Week."

It is the consensus of the people in many walks of life that greater degree of zeal and enthusiasm be shown in educating the general public on health problems inasmuch as health is the all absorbing subject of life. There should be "Health Week" observance in New Jersey at which time all the men, women and children of our state be urged upon to undergo physical examinations voluntarily either through their family doctors or through special clinics where doctors or all accredited practitioners of the healing art may render their services gratis for such an auspicious occasion for the good of the general welfare of our respective communities.

All health agencies and accredited health organizations should be urged upon to conduct special lectures and mass meetings and the newspapers be requested to feature special health articles and health editorials in expounding the letter and the spirit of such a patriotic movement, which would ultimately mean the best panacea for health and longevity.

Anent Eastwood Strike

Editor THE NEWS:
In as much Mr. Harry G. Specht has matter printed in your paper of a recent date, the same utterly false, and the same was contradicted in your last issue, I think it only fair to let some of the Champions of his policy, and the general public in on some inside information.

First American made machinery is not good enough to use in the Eastwood Neery Corporations plant in Belleville they had to get their Machinery direct from Germany, Is it any good reason why he attacks American Labor.

He has stated that the men who for a period of Years have done good work in the interest of the firm, were not Machinests well what are they? They had enough ability to satisfy customers and that is all is necessary. He said that one man who has been in the employ of the for a long time that he was too old. How old is too old?

He does his work as good as any younger man is not lazy and is always on the job and his work is excellent.

He Specht, when the Machine shop organized, tried to form a shop union, and paved the way by giving them a raise, but they were rounded up and initiated in the International Assn of Machinests No. 340 with few exceptions.

It has been his idea that we would get hungry and so loose our morals, we are not hungry and strange to say we have some friends, Specht would have the general public believe that we are a bunch of ingrates, he has some of his faithful stoges put out all sorts of rubbish of which we pass up, naturally we are not asking for anything unreasonable, but he would lead the public to believe that we have been paid top wages, and that we were well taken care off.

The management of the Eastwood Corporation have no complaint in the

way the men of the machine shop, have been picketing the shop.

They have something to be thankful for that no disorders have occurred, in fact the Belleville Police Dept. have had nothing to worry about, as they knew that we was orderly they went on their way.

In holding up the signing of the two contracts, the firm are denying the Weavers to work as their looms are out of commission A lot of people have wondered why the Union Weavers did not go out on strike in sympathy with the machinests they could not do it as they are under contract.

Specht, has discredited most of the men who worked in the Machine shop, their ability, in fact they were unskilled, but they were retained as he could well afford to pass up their dumbness?

He has tried to convey the information that he is a big hearted individual, that we were inefficient, generally unsatisfactory and they did us a favor by keeping us at work can anyone imagine him paying money for labor that did not please the consumer. Not him.

After all we are out for an Eight hour day and Union scale which is not unreasonable.

This is from a former worker in the Machine shop and he knows the conditions

Fair play.

Police Asked to Stop Elopement of Girl

Belleville police were asked Monday night by the parents of a 17-year-old girl to prevent a runaway marriage. A teletype alarm was sent, but no trace of the girl has been found.

The request was made by Mr. and Mrs. Emanuel Lasso of 109 William street. Lasso told police his daughter, Bernice, left home about 6 P. M. in an automobile with Arthur Toussaint of Iselin. The daughter left a note with a friend to be given to the former's mother. The note said the couple were going to Maryland to be married.

Farley Launches Drive Against "Fake" Outfits

Fraudulent Life Protection Outfits Attacked in Use of Mails

Postmaster General James A. Farley announced last night that the Postal Inspection Service has launched a nation-wide drive against the operators of "fake" mutual benefit life protection organizations which have been conducting their fraudulent schemes through the mails.

Complaints reaching the Post Office Department indicate that there are approximately one hundred such fraudulent enterprises now being operated in various sections of the country, which are costing the American public hundreds of thousands of dollars annually.

Added impetus has been given the drive by the eight-year Federal penitentiary sentence meted out to Angus C. Littlejohn of Springfield, Illinois, and the three-year sentence to Charles E. Hill of Lake Charles, Louisiana, both of whom were convicted for using the mails to defraud in connection with these spurious life protection organizations.

The promoters of these so-called "not for profit" mutual benefit societies, associations and clubs, in order to circumvent existing state laws, avoid the use of the word "insurance" and call it "protection." Instead of "policy" they use the word "certificate" and rather than referring to a "premium" they call it "voluntary contribution." They further mislead their victims by selecting confidence inspiring names such as "National Aid Society" and "Southern Life Club of Physicians' Guaranty Union" or other names similar to well known legitimate life insurance companies.

The promoters take advantage of the fact that very few people read their certificates, particularly the fine print on the inside containing many exceptions and limitations. Members are not informed, but beneficiaries soon find out, when the members die, that the exceptions in the fine print wholly nullify any liability of the society. The promoters accept persons indiscriminately up to the age of eighty-five years, yet they claim the strength of the society lies in the membership because it is "so carefully selected." They stress the point that no medical examination is required, and especially appeal to "those persons who, because of advanced age or physical infirmities, can not obtain any form of life protection."

Literature of these concerns contains many false representations, including statements of fraternal and benevolent features; and the claim that they are operated on the same basis and plans of the old insurance societies which have been successfully operated in Europe since the year 1168.

People of sixty to eighty-five years of age, many of whom are suffering from some chronic ailment unknown to them, are led to believe that, for a monthly contribution of one dollar to one dollar and a half, their beneficiaries will receive sums ranging from one thousand to five thousand dollars. When the member dies, any payment under the policy depends upon a "post mortem" investigation. The promoters make every effort to show he was suffering from some chronic disease at the time the certificate was issued, and they usually find some pretense on which to deny the claim. Consequently, no payment is made to the beneficiary, or the claim is settled for a nominal sum of from one dollar to fifteen dollars.

It is difficult to estimate the total amount filched from the public each year by this class of promoters, but the National Aid Society alone cost the public upwards of two million dollars in four years, of which only twenty per cent. was paid back in the form of benefits, the rest of that huge sum having been used for salaries and expenses. It is, therefore, obvious that

the amount taken from the public by the hundred other similar societies now in operation reaches a staggering sum annually.

The usual procedure of the operators of these schemes is to insert ad-

vertisements in various newspapers for agents who operate wherever they desire and many complaints have been received from persons in rural communities and small towns as well as in large cities. The associations also

secure memberships by mail as well as personal solicitation by agents and many persons are solicited for membership through persons already members by literature sent through the mails.

Plans Approved by Bridge Committee

Span at Rutgers Street
To be Closed for
Eight Days

The freeholders' intercounty bridge committee approved, last week, specifications presented by Essex County Engineer Stickle for work on the Belleville bridge over the Passaic.

Hudson and Essex freeholder boards are expected to authorize advertising for bids this month with work under way early next month.

The bridge is expected to be closed to vehicles eight days. The specifications provide a penalty of \$150 for each extra day and a bonus of the same amount for time saved. It will be the first time the bridge has been closed to vehicles since 1925. Pedestrian traffic will not be interrupted.

The committee is anxious to get the work done while repairs on the Belleville turnpike are underway.

The committee received bids for new handrails at the Jackson street bridge with the Harrison Welding Co. low at \$1,225.

Gerard—O'Neill

Miss Alice O'Neill, daughter of Mr. and Mrs. Thomas J. O'Neill of 83 New street, and William J. Gerard, son of Mrs. John Gerard of 133 Mt. Prospect avenue, were married Saturday at 4 P. M. at St. Peter's Church, the assistant pastor, Rev. John S. Nelligan, officiating. The couple were attended by Mr. and Mrs. Victor Micatti of this town. Thomas A. Haney of Montclair, organist at St. Peter's, played the wedding music. A reception was held at Essex House.

The bride was attired in a navy blue lace ensemble and had a corsage of gardenias. Her attendants, in navy blue lace, wore talisman roses. After a motor tour in Maine, the couple will reside at 136 Division avenue. Both attended the high school here.

THERE'S one thing you can tell from the very look of Buick—when the man behind this wheel bugles for road-room—room on the road is what he's going to get!

For here's the boss car of the bunch this year—and the whole road knows it.

Under that deep-barreled bonnet is the ablest straight-eight engine in the world—you'll never have need for all the power this quick and quiet giant can pour forth.

Try the wheel. Obedient as your finger. Press the brakes. A toe-touch stops you soft and sure. Check the take-off. You get the jump at every light, nimble as a sprinter breaking fast out of his hole.

Yes, this glorious Buick is the kind of car we

think you want. And it's the kind of car you can easily have. For with all that's in this stand-out performer—it still sells at the lowest Buick prices ever.

If you want to know how low that is—match price tags with the sixes. You'll find you can afford this eight!
