## STOCK MATURED BY NORTH BELLEVILLE B. & L. ASSN.

Will Pay Approximately \$17,000 To 24 Shareholders

The North Belleville B. & L. Association has declared the thirty-sixth series of stock matured and will pay approximately \$17,000 to twenty-four shareholders on Monday, April 10. This maturity was made possible by the declaration of 3 1/2 per cent dividends for the fiscal year ending March 31. Dividends at the rate of 3 1/2 per cent were paid to income shareholders. W. D. Clark, president, in a statement issued today, said: "The year just ended had been one of the most successful in the operation of the building and loan. It was the first complete year of operation under the insurance plan of the Federal Savings and Loan Insurance Corporation, whereby the shares of all depositors are insured up to \$5,000." The annual statement, now in the hands of the printers, shows an increase of over 200 investors. The sixty-third series of stock is now open for subscription.

## MEETING HELD BY STUDENT LOAN COUNCIL

Next Gathering Scheduled With P.T.A. Council

The Belleville Student Loan Council in the Town Hall Wednesday evening at its annual meeting summarized past activities and various chairman laid plans for the coming year. Charles R. Carswell, chairman of the council presided and reported on recent loans granted by the Board of Governors. A report on the repayment of outstanding loans was made by the treasurer, George J. Kimmerville. The minutes of the previous meeting prepared by the secretary, Lawrence E. Keenan, were read by the vice-chairman, W. F. Richards. Mr. Kimmerville was re-elected treasurer for a term of four years and John Denike to the Board of Governors for a one-year term. Mrs. L. R. Reeves, president of No. 5 School Parent Teacher Association and Charles H. Thompson, Jr., president of the High School P.T.A., were elected to the Board of Governors to fill expiring vacancies. The next meeting will be held April 12, at which time members will meet with the Parent Teacher Association Council for the purpose of formulating future cooperative plans.

## Local Girls Attain Group 1 Rank At N. J. College

"Group I" rank, with accompanying academic privileges, has been given to two Belleville students who are students at New Jersey College for Women. Students who last semester attained an academic standing of 1.9 or better are named members of Group I for the present semester and are given greater freedom as to absences from classes than students who have not achieved this academic rank. Of those named to Group I there are seventy-three seniors, fifty-seven juniors, forty sophomores and forty-three freshmen. The following local girls are Group I members: the Misses Muriel Belliss, 83 Beech street, class of 1939, and Alice Helmlinger, 24 Essex street, class of 1939.

## Johnnie Whelan Is Named Safety "Bike" Club Head

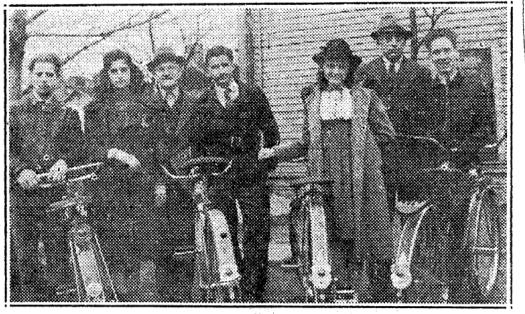

Over 122 Sign Up For The Local Veterans Honor Program

Boys and girls from five communities have flocked to Belleville to obtain license numbers or their bicycles as a part of the Bicycle Safety Club program which has been instituted by Private George A. Younginger Post, V.F.W. With 122 enrolled to date Nutley, North Arlington, Arlington, and Newark youngsters have invaded Belleville. The youngsters have named John Joseph Whelan, sixteen, 60 Smith street, president; Rita Veronica Gilchrist, eleven, 9 Van Houten place, vice-president; Ida Bonannella, fourteen, 74 Columbus avenue, secretary; George Louis, fifteen, 400 Washington avenue, treasurer, and John Newton, sixteen, 22 Cedar Hill avenue, judge. A Clerk of court, captain and police officers are yet to be named. The veterans announce that the youngest member of the club is Edna Ann Riepe, eight-year-old daughter of Mr. and Mrs. Henry D. Riepe, Jr., 84 Wilbur street. In fact, Edna Ann will not be eight until June 28. More sponsors are needed for the club. Anyone who contributes \$1 provides four licenses for the club members. The club will try its own cases in the regular town municipal court with boys acting as judge and jury. All traffic violations by bicycle riders will be reported by the boy officers. When the club was organized last Friday Police Chief George Spatz told the riders how to operate a bicycle safely in the streets. Director of Public Safety William D. Clark said he was glad that the veterans had sponsored such a movement, declaring that 32,000 persons had been killed and 1,445,000 injured last year in the United States by automobiles. 770 children were killed while riding bicycles which were in collision with automobiles last year. Joseph DeGroff, 18 Roosevelt street, North Arlington, was the first boy to join the club and therefore, given license No. 1.

## NEW SUIT FILED IN FALSE ARREST

First Case Resulted In Non-Suit Two Weeks Ago

Justus Rosback, 111 Osborne terrace, Roselle, has filed a new suit in Essex Circuit Court against the Belleville Copper Roll Mills, Albert E. Newschwander, its agent, and John J. Flynn, policeman, in which he asks \$105,000 in damages. The action is based on an alleged false arrest in September, 1934, when Rosback was charged with robbing Newschwander of \$1500 in an auto stickup. Rosback subsequently was tried and convicted, but the conviction was set aside and a new trial granted. The indictment later was nolle prossed. Rosback asserts he was damaged in reputation and health by reason of the criminal proceedings. Trial of First Action

## REUNION PLANNED BY CLASS OF '36

Will Be Held In High School On May 13

The Class of 1936 of Belleville High School will hold a class reunion on Saturday evening, May 13. The Board of Education has granted permission to the class to use the High School Gymnasium and from the enthusiasm the class has shown it will be a big success. There will be dancing and refreshments will be served. The committee in charge consists of James Tully, president; Edna Hyle, Edith Joiner, Lee Hamer, Blanche Evangelista, Wellesly Earl and Louis Evans. "Reunions in Belleville have been very few and I am not only doing this for the pleasure of my classmates, but I am doing it with the hope that other class presidents will do the same and bring the spirit of their high school days back to life. Our class plans to have one every year." "The Board of Education has cooperated with me 100 per cent. The members think it's a swell idea and I am sure the young people in town will also think so."

## Nursery School Popular At V. F. W. Headquarters

Seventeen Little Tots Are Now Being Given Fine Attention

Headquarters of George F. Younginger Post, V. F. W., is a busy place these days with an average of seventeen tiny, toddling tots attending nursery school under direction of Mrs. Margaret Owen. There have been as high as twenty-five children—mostly underprivileged—at the nursery which is conducted as a WPA project. Tuesday evening the school was left intact for an open house for the members of the Woman's Club, Lions Club, Community Service Bureau, other interested officials and townspeople were invited. Many attended. Ordinarily each night to pave way for activities of veterans the Youth Movement group clears the hall of all nursery school paraphernalia, storing it in a room near the main hall. "We know definitely of three families that have been kept off relief through the school," said Mrs. Owens today. "With the children here in the nursery school the mothers were able to obtain work. Some of our cases involve needy families, others are recommended by agencies and nurses as bordering on problem cases." Mrs. Owens explained that each morning the children, who range in age from two to four and one-half years old, are fed orange juice and cod-liver oil. There is a morning rest period and at noon a tasty dinner is prepared of fresh vegetables and other similar foods—all of the best quality—by the dietician, Mrs. Irene Reeves. A nurse, Mrs. Elsie Soemer is in constant charge and medical examinations are made by Dr. Anthony Caputo. Miss Philomena Pomponio assists in charge of the younger kiddies, who are provided playthings for busy moments and cots for the rest period. Sheets and blankets which the children prepare, are also provided. "We are indeed grateful to the veterans who have generously donated use of their hall," said Mrs. Owens. "I don't know how to tell you how much we appreciate this help." The Youth Movement group for a short time was transferred to another WPA project. The program on the latter job was canceled at the amount of work the young men turned out and, in consequence, said, "Don't queer our job—you fellows are doing too much."

## LOCAL WOMAN GETS INCOME FROM TRUST FUND

Wife of Patrolman Joseph Nygard Is Listed

Special to Belleville News: New York, Apr. 5—Mrs. Teresa Nygard, 7 DeWitt avenue, Belleville, is the recipient of the income from a \$10,000 trust fund created for her in the estate of Mrs. Isabella O. Hughes of New York and Toronto, according to the findings of the New York State Transfer Tax Department. She is the wife of Patrolman Joseph B. Nygard of the Belleville police. Mrs. Hughes' estate was appraised at \$519,114, gross value, and \$480,784 net. The bulk goes to relatives in Toronto. The testatrix, who died December 15, 1937, was the widow of James Watson Hughes.

## C.C.C. Enrollment

Boys for the next C. C. C. enrollment must register with the Municipal Welfare Department, 248-250 Mill street, before Tuesday, April 18, in order that necessary records may be completed. The boys will leave Belleville that day. Anyone interested in C. C. C. activities, qualifications for enrollment, jobs in which they may enroll receive instruction and a history of the C. C. C. may get the information from a bulletin at the office of John J. Hewitt, director of the department.

## Childhood Sweethearts Are Sweethearts Still

Nicholas and Mary Ricca Celebrate 35th Anniversary

Down a shady lane in sunny Italy Nicholas Ricca, fifty-five, and his wife, Mary, fifty-six, Lavergne street, cast sideways glances at each other as they trundled off to school, as tiny tots in a suburb of Rome—most half a century ago.

But, as they prepare to celebrate on Sunday, April 16, their thirty-fifth wedding anniversary—the actual anniversary of which is April 17, incidentally, the birthday of each—it seems but a day. The sands of time have slid gracefully by for this young grandparent couple and they are as blissfully happy today as they were then. Perhaps—and it is more than a perhaps—they seem happier as they contemplate a celebration with over 100 friends and relatives from Newark, Belleville, Brooklyn, Bloomfield, other nearby places in this state and towns in Pennsylvania—and their seven children, five sons, Marco, Louis, Anthony, John, Joseph; two daughters, Mrs. Geraldine Colallo, Newark, and Mary, who is now attending Belleville High School. Joseph attends Public School No. 8 and Anthony conducts the Belwood Park Riding Academy. Mr. and Mrs. Colallo have three children and Marco, who is treasurer of Ricca Bros. Inc. of which his father is president, has a son Marco Nicholas. Mr. Marco's wife, Josephine, was also a childhood sweetheart. Both attended Elliot Street School, Newark. John is secretary of the firm and started his business career in Pennsylvania as a newsboy, later being a bootblack, a carpenter for seven years and then operating a barber shop in Belleville. He and Louis work with Marco in the coal, ice and fuel business, which has been developed to such an extent that the company now operates two offices, one here and another in Newark, and a fleet of eight trucks. Marco takes care of the ice route as well. That, in brief, unfolds a story of the Ricca family which sprung from an immigrant lass and lad, the proud father, Nicholas, who came to America—to the docks of New York where he worked industriously to save a little money for four years, until such time as he could travel to Pittston, Pa., where he became a coal miner for twelve years. In the mines this genial, home-loving parent met with an accident which cost him the thumb on his right hand. He was coupling a train of ten coal cars when one car backed against another crushing the digit. Gaudpa Ricca then turned his activity in Newark the next fifteen years to the coal and ice business, establishing the first ice depot in Newark at 705 Summit avenue. He had a purchase of those days, and little did he dream that he might one day be president of a large concern such as he heads today.

## Install Mrs. Elmer S. Hyde As Woman's Club President

Other Officers Will Take Place At Meeting On Monday

Mrs. Elmer S. Hyde will be installed as president of the Woman's Club Monday. Also to be installed as officers will be: Mrs. John DeNico, first vice-president; Mrs. William V. Irvine, treasurer; Mrs. Henry Squires, recording secretary; Mrs. Horace B. Knox, assistant corresponding secretary; Mrs. Harvey B. Thompson, Federation secretary; Mrs. Raymond Mertz, trustee; Mrs. Arthur Mavor, legislative chairman; Mrs. J. Claude Powers, social service, and Mrs. W. George Hunt, printing. Mrs. Lloyd C. Nunn will preside at the meeting, at which annual reports of all departments will also be read. Last Thursday Mrs. Nunn gave a farewell luncheon to her board members at the Kraft Homestead, East Orange. She will retire as president after serving two years. The board presented her with a wardrobe suitcase as a parting gift and the publicity chairman, Mrs. Laury G. Stem gave her a scrap-book which records all activities of the past two years. The board of directors and trustees meet Friday in the clubhouse.

## First National Provides A New Checking Plan

No Minimum Balance Required; No Monthly Carrying Charge

Beginning next Monday, April 3, it will be possible for any man or woman to open a checking account in The First National Bank of Belleville, with an initial deposit, as little as \$1. No minimum balance is required at any time, and there is no monthly carrying charge regardless of how small the depositor's balance is. Checkbooks are free, with no advance payments of any kind. This is the gist of an interesting announcement just made by W. W. Brooks, executive vice-president of the First National Bank of Belleville, in telling of the plans made by his institution in connection with the installation of a CheckMaster department, in addition to its existing checking account facilities. The CheckMaster plan is nationally famous as "The Checking Account Plan for All the People," and is known as the original system that made checking facilities available without requiring a minimum balance. The bank's only requirement is that the depositor have enough on deposit to cover the checks he draws. Checkbooks are issued free to depositors without any restriction as to the number of checks that may be issued, and are exactly the same as those used in the commercial department of banks. There is nothing on them to indicate that only a small balance may be on deposit. "We are happy, indeed," said Mr. Brooks, "to introduce the CheckMaster plan to residents of Belleville and the surrounding area. Please note that this department supplements our present checking account facilities which continue as hitherto. One of CheckMaster's chief purposes is to serve those who could not enjoy the convenience of a checking account heretofore. CheckMaster has been outstandingly successful in towns and cities from 3,000 population to 600,000. As a matter of fact, one CheckMaster department of one New York City institution has 40,000 depositors. All over the country, the response from the public is most enthusiastic. "An account in the CheckMaster plan makes it possible for the depositor to pay his bills promptly and conveniently by check at home, or wherever he finds himself. It allows the depositor to ship or travel without the risk of carrying sums of money. "We knew that the plan will find an immediate and continuing reception in this city because it meets a vital need. The bank's charge of 5c is considerably less than the cost of an average money order which many people without checking accounts use as a substitute for a check. Besides, a check eliminates the time and trouble of getting the money order.

## BOARD ACTS ON TOWN BUDGET--NO OPPOSITION

Only a Few Persons Were Interested in Hearing Last Night

The Town Commission last night passed on first reading its municipal budget, which will be given an official hearing on Monday, April 24. Adoption of the budget is scheduled for Tuesday evening, April 26. As on Saturday, when an informal hearing was instituted, there were few taxpayers on hand to hear the figures. Complete figures on the budget are printed elsewhere in this issue. As told exclusively in the Belleville News last week the tax rate for this year has been tentatively set at 4.78. Belleville may experiment with parking meters as a result of Mayor William H. Williams asking his colleagues what may be done to prohibit promiscuous parking in front of the town hall. By way of digression, the mayor pointed out the reason that his automobile was in front of the municipal building all day yesterday was because he had been "hemmed" in by a truck. ## OPEN HOUSE FOR OLD TIMERS IN THE VALLEY

Affair Is Scheduled At Exempt Fire Headquarters

The annual spring old-timers' open house night will be held by the members and friends of the Valley Improvement Association on Thursday night, April 13, in Exempt Fire Headquarters, 238 Stephens street. President John Distasio has selected William Williams to be in charge of the entertainment. Music will be furnished by the Petzel Brothers, accordionists. The association expects to complete plans for a bus ride to the New York World's Fair in May or early June.

## TERESA K. SALMON HEADS CARNIVAL

Annual Affair April 19-21 Will Feature "Minick" Minstrel And Party

Plans have been completed for the annual carnival of St. Peter's Church to be held in the St. Peter's Parochial School April 19, 20 and 21. The carnival, which attracts many hundreds every year, is under the chairmanship of Miss Teresa K. Salmon, 81 Rossmore place, who for eleven years has been president of St. Peter's Social Society. Miss Salmon, who has been a leading figure in church affairs in Belleville for many years, promises that this year's carnival will overshadow anything held in a long time. A very attractive program has been arranged for the three-night affair. Wednesday night the Dramatic Club will present the comedy-drama "Minick" by George S. Kaufman and Edna Ferber. The Social Society will put on a minstrel show Thursday, and the carnival will close Friday with a huge party in the school. Chairman and chairladies of the various committees are: Mr. Thomas McNair, tickets and entrance; Mrs. Mary Roberts, refreshment; Mrs. Thomas Dillon, entertainment; Miss Mary Gynn, candy; Mrs. Joseph Donnelly, soda; Mrs. Patrick J. Gelshe, refreshment tickets; John J. Sullivan, door; William Hood and John Callahan, games.

## In Syracuse Prize Committee

Special to Belleville News: Syracuse, N. Y.—Miss Ellen Conry, daughter of Mr. and Mrs. Cornelius Conry, 29 Preston street, Belleville, N. J., has been named chairman of the prize committee for the fifth annual Journalism day to be held May 17 at Syracuse University. Journalism day gives all the students and faculty of the School of Journalism an opportunity to leave the classrooms and enjoy a day of informal sports, dancing and entertainment, capped by the traditional gridiron banquet, sponsored by Sigma Delta Chi, men's professional journalism fraternity. Miss Conry, a junior in the School of Journalism, is a member of the radio staff of the Daily Orange, student newspaper, the winter carnival committee, and Theta Sigma Phi, women's journalism honorary.

Mrs. Harry Roth and children, David, Rita, Richard and Frank, 28 Ligham street, left Saturday morning for Boston, Mass., to visit her mother, Mrs. Bessie Krigman, for the Easter holidays.

Miss Bertha and Miss Margaret Heiman, 471 Franklin avenue, daughters of Mr. and Mrs. Alfred Heiman, visited their brother and sister-in-law, Mr. and Mrs. Theodore W. Heiman for a week's stay at Breton Woods.

Mr. and Mrs. Anthony DeLeo, 72 Division avenue, announced the birth of a son, William Charles, at home Saturday afternoon, March 25. He is the couple's fifth child.

Miss Ruth Minker, 15 Minker place, entertained the members of Theta Kappa Rho sorority Tuesday evening.

Mrs. Ida Chamberlain, son and daughter-in-law, Mr. and Mrs. Arthur Chamberlain, Midville, and Clifford Rivels, Belleville, were entertained recently at bridge in the home of Mr. and Mrs. James J. Gillen, 71 Ligham street.

Other players were Ida F. Radin and Miss Rose Melville. High score was made by Miss Rose Melville. After the games a midnight luncheon was served.

Mrs. Charles Painter, Sr., Mrs. Clifford McCullough and infant daughter Faith, Belleville; Mrs. Benjamin Painter and son Bruce, East Paterson; Wallace Holden, Newark, motored to the shore to spend all day today where they will attend a luncheon given by Mrs. Painter's niece, Mrs. Irving Randall, in honor of her grandmother, Mrs. Esther Cole, Ocean Grove, who is leaving there tonight with the group to motor back to Belleville. She will be the guest of her daughter, Mrs. Charles Painter, 91 Continental avenue, for an indefinite stay.

Majorettes, a social club, whose members are seniors in Belleville High School, attended a club meeting in the home of Miss Bernice Huyley, 64 Ligham street, Friday evening. Present were the Misses Margie Ings, Irene and Doris Redfern, Agnes Jackson, Catherine Theting, Arlene Jones, Clara Hornack, Irene Jordan and Margaret Pfennig.

Thursday morning Mr. and Mrs. R. Alvin Jones, and family, Miss Grace and Miss Evelyn, and son Alvin, moved from Wilber street to Newark.

Neighbors Celebrate Birthdays

A birthday party was held in the home of Mr. and Mrs. Robert A. Woodman, 27 Hunkele street, in honor of their son, Robert, Jr., who celebrated his fourth birthday, with that of a neighbor, Kenneth Weaver, 18 Hunkele street, son of Mr. and Mrs. Fred R. Weaver, on Wednesday afternoon. The guests were Bobby and Dominic Barrett and cousin Todd Barrett, Westfield; Roberta Hoesele, Union; Billy and Sue Carol Ann Plenge, Sandra Marsh, Jane Hunt and Buddy and Darry Snyder, all from Baldwin place, and Mary Elizabeth Carrol, Belleville.

The table decorations were in Easter colors. At each end of the table was a large birthday cake bearing candles. One held four candles, the other a single one. The table centerpiece was a huge chocolate Easter rabbit. Easter novelties and favors were given to the youngsters.

### Aunt Flo's Column

Trouble cannot be overcome by running away from it—far better to stand by and see things through.

I have a query this week from Mrs. P. A. who writes:

"Dear Aunt Flo: Knowing of your keen interest in family life, I wish you would help me in my problem. I am twenty-four years old but have been married since I was sixteen. Our family now consists of my husband, myself and seven children. We (my husband and I) were married at Elkton mostly because of parental objections and, although I still feel some love for him, he does not return it, drinking being his pet habit and the cause of most of our family quarrels. Through drink he lost his regular job and is now on the W.P.A.

Will you be good enough to advise me if I should still remain with my husband despite his heavy drinking and small salary or whether I should move and attempt to earn a living for myself and children? Thank you for an early reply.

My dear Mrs. P.A.: First of all, I think you should be complimented as a very brave and wonderful woman. It is not everyone who, in the face of difficulties, can come through as you have. You most certainly are suggesting no small task for yourself when you ask me whether I think it would be better for you to leave your husband and take care of these seven children, so in turn I am going to ask you to continue on with your husband and stand by just a while longer. I know you will do it and somehow I feel that everything is going to work out for good.

I cannot believe that you and your husband have ceased to love each other but I do think that you have been faced with trying times such as we have all endured for the past five years or more and it is beginning to get on your nerves. It may be that

your husband had a difficult time in the job he lost. You know competition is keen now-a-days, and that somewhat discouraged his drinking. You should know by this time that many men are weak and not able to stand up under strain as well as women. No doubt he is as much worried as you are and is only trying to cover up his fears.

I have found that running away from trouble does not end it, but rather that more trouble looms up ahead. You should find it very difficult to provide for your family alone and you would not know just what they were doing while you were off to business. I fear the anxiety would be so great that your own health would be impaired and surely the children would not be benefited. Try to keep your husband away from the associates who encourage his drinking. Many times a man loves his family dearly and would not have them talked about for the world, but he has a certain group of friends who give him the high sign, make him feel he is a good fellow and pretty soon he is so intoxicated that he doesn't even know he has a family.

Do not argue with him, but gently and firmly make other plans in which he is included and let it appear that he is the most important person to be considered. Tell him that you have invited the Jones up for a game of cards and when they come, play up your husband. Tell

them about the nice things that he does, make him feel more important at home than his friends make him feel at the bar, and pretty soon he will be wanting to do the things you want him to do just so that he can hear you praise him. Another time, perhaps on a Saturday arrange to have a relative come in and take care of the children and you and John step out. Let it be such an enjoyable outing that he will want to go again. Get him busy on Sunday taking the children to Sunday School—sit up his fatherly pride by telling him the nice things people say about his children. In other words, try making him the hero in his own home and let's see what we can do with him. I have always held to the theory that people eventually become the sort of people we think they are and if we think they are grand, good and honest long enough, our dreams will come true. I hope you will try out my theory on this husband of yours and meanwhile do not lose sight of the happy days ahead when this lovely family of yours is grown up and you are still their very young mother. Your possibilities for happiness are great—continue to be brave

You've probably noticed that most of the folks who drive Buicks come back again and again to this great automobile when it's time to buy a new car.

There are two reasons for that. One's a money reason, the other's a pleasure reason.

Sticking to Buick means you're sure every year that you're getting top value, and no hunting all over town to find it.

Repeating on Buick means that season after season you ride behind the ablest eight of its size in the world—the Buick valve-in-head straight-eight, that Dynaflex power-house

that's livelier and smoother and thrifter than engines of other type.

Year after year you'll travel in comfort—the smooth, easy, level-going comfort of the torque-tube drive and BuicOil Springing, sailing along on a staunch and sturdy chassis that holds you true and steady to your course.

You always have room in a Buick—and this year you've a new and broader outlook through 412 added square inches of safety plate glass. And you're leading the style parade—no doubt about that—with appearance that's like a leaf from tomorrow's book.

All of which adds up, you'll find, to satisfaction so complete that once you've got the Buick driving habit, no other car quite seems to measure up.

Now this big strong resilient straight-eight costs less than you think. It's priced lower than a year ago—even below some sixes.

So why not simplify your car-buying for all time—get that smart Buick riding habit now.

In no other way that we know can you make sure of having so much fun. Or of getting so much value for every penny you spend!

## BUDGET TIME IS HERE

It is gratifying to know that Belleville property owners have a very definite understanding of the problems of taxation as the municipal budget is submitted to them in this issue of the Belleville News. All of us are in favor of lower taxes, but at the same time our citizens are fair-minded in their attitude as they understand it costs money to continue each of the many services we all want. Several of our neighboring communities, we read, are conducting disorderly meetings—when a calm dispassionate analysis of the budgets of these communities shows that the same conditions exist in most of the towns as exist in Belleville. About 90 per cent of all the costs of running the municipalities are outside the jurisdiction of the governing body. We recognize the effort and study that is put into the annual budget of the Town of Belleville by our officials to keep the costs at the lowest possible dollars consistent with maintaining the present services. Probably no citizen actually wants the Mayor and Board of Commissioners to cut out any one of the services now operating. Undoubtedly we all agree that our Police and Fire Departments have no more men than are needed for a town of this size. Undoubtedly the great majority of our citizens want our various health, recreation, maintenance, library and business offices of the town to operate in no less an efficient manner than they are today. We are all one in agreeing that our schools must maintain the present standard so that the youth of Belleville may have a reasonably equal opportunity in life with the youth of other communities. Every fair analysis indicates, as Mayor William H. Williams has repeatedly pointed out, that our legislators must give serious study to tax relief for property owners. Whether this means the development of a sales tax or the development of the Mort Plan to relieve local property owners of the local school tax, is a question. It is imperative that the citizens of New Jersey must insist upon our legislators giving prompt study to this problem. But this is a tax question that may well wait for discussion at another time.

The problem of relief, we observe, is serious in every community. Without any fanfare of publicity Mayor Williams, Commissioner Joseph King, director of Public Affairs, and Relief Administrator John J. Hewitt have, through the efforts of Commissioner William D. Clark, director of Public Safety, and Police Chief George Spatz, been quietly investigating many border line relief cases.

The Board of Commissioners has taken a very practical viewpoint of the recommendations of the National Board of Fire Underwriters. These recommendations are usually submitted with the thought that an ideal department will exist if the recommendations are followed. The addition of eight new firemen, a new pumper and a new aerial ladder have been urged by the underwriters. After consultation with the mayor, who is finance director, Commissioner Clark and Fire Chief Alex Reid have been investigating the various types of modern pumps and, it is planned to purchase one unit at the present time at a cost of \$9,000 to \$10,000. No excuse can be accepted by our citizens if the fire equipment is inadequate—therefore it appears sound judgment on the part of the commission to purchase a new unit to replace the twenty-five-year-old La France, which has been overhauled repeatedly.

With the building of many new homes and the necessity of having proper protection for our present and new industrial plants approximately \$10,000 for a modern pumper is a necessity. This will be paid for at the rate of \$2,000 per year. It is interesting in our travels about

the county and state to note the confidence Belleville folks have in the budget preparations here. No reason exists for misunderstanding when figures—item for item—are handed to taxpayers to study. Belleville, through Mayor Williams, has afforded voters all the information possible to create a feeling that things are right out in the open. Other towns would be far better off if they, too, took the mysteriousness out of municipal budget making. The mayor has reduced a lot of figures into plain talk—the kind that the fellow everywhere can understand.

## THE REAL EMERGENCY

No less than 39 national "emergencies" have been proclaimed in Washington in the last six years, according to the research findings of one of the Congressmen. That is at the rate of one new "emergency" every six weeks.

Some of the emergencies doubtlessly did exist, but most of them, apparently were simply a spring board for some new fangled experimenting or planning. The record shows that almost every reform or regulation proposal advanced in those six years was accompanied by a proclamation that an emergency existed, and that more reform or regulation was the only way to meet the situation.

But the emergency "viewers-with-alarm" have overlooked the real emergency. That one is the really alarming and speedy rise of the National debt. It has more than doubled in the six-year period of those 39 other emergencies, despite higher taxes imposed in that period to meet increasing expenses of the Federal government.

Certainly it is about time the planners recognized this emergency. And if it is more reform and regulation they want, that will apply here very well. No more important reform could be effected than a reform of the Washington habit of spending more than it takes in.

## NEEDLESS NEGLECT

Few people with a common cold just let it go. They do something for it through fear of a worse illness. But how people neglect their eyesight when defective was recently pointed out by Dr. Corbett, vice-president of the America Optometric Association. More than half the people of the United States, he declared, have some defect of vision and ninety-five per cent can be helped. Yet only a relatively small proportion seek any treatment. This is more amazing in view of the fact that average persons are aware of any eye trouble they may have. Despite this knowledge they let their sight go. Some day they will rue it.

## EASTERTIDE — 1939

While some nations of the world have apparently lost sight of the tenets, beliefs and peace which come through Christianity, America prepares once again to celebrate the spirit of Easter with church services, flowers and song. Perhaps, as never before, our country this year will pay more attention to Easter and its significance, for America is at heart a peaceful nation and cannot help but look with pity, fear and apprehension upon peoples who must live constantly with one hand on the sword. We should be joyful this Easter and express humble thanks that we will enjoy church services and flowers while the peoples of the belligerent nations think in terms of gas masks and bomb shelters. Let's hope that our happy Eastertide observance will continue through the years and that it will spread to all parts of the world, particularly to sectors sorely in need of the spirit of Easter.

## A PUBLIC NUISANCE

Credit is due the Town Commission of Nutley for keeping its head in the midst of what amounted almost to hysteria after the tragic death of one of the drivers at the Velodrome Sunday. Rather than take immediate action as it might have been expected to do, the Commission voted last night to shelve the matter until the completion of the investigation.

As far as the good of the town is concerned we can see very few arguments in favor of continuing the races. We have no fault to find with auto racing, but we do not believe that the Velodrome track, which was originally constructed for bicycles, is safe for even midget cars. The course is too short, the banks too steep. Nor do the spectators bring anything to the town; as soon as the races are over they are in their cars and on their way home. We agree with Justice Parker who yesterday said that the track was a public nuisance. Thank goodness Belleville has no such headache.

## SIC 'EM!

## THIS WEEK

by "Guardian"

The views expressed in this column, are entirely those of the author and not necessarily those of the Publishers or Editors of the Belleville News.

Again this week the attention of the world is, of necessity, concentrated on the European situation—which is fraught with such tremendous potentialities of concern to everyone everywhere as to justify renewed comment.

One of the leading newspapers in commenting on recent developments, likened the situation to a poker game in which Germany and Italy, France and England were the principals. At Munich, if Hitler was bluffing, his bluff was not considered because there was not a "show down" and Hitler took the pot without having to show his cards. Now that England and France have made a definite pledge to Poland to go to her assistance whenever Poland deems her territorial independence to be threatened and Russia is shipping trainloads of war material into Poland, the situation is a bit different and if any further bluffing is attempted, there will be a "show down."

Three weeks ago we said, "Certainly for the good of our children and our children's children, if they are going to enjoy the liberties of our forefathers, it begins to look as though the nations in the world who love liberty must get their acts together to stop Hitler. Otherwise Hitler and the regime that he heads up will stop liberty."

Developments of the past week give encouraging signs that the Democracies have put their heads together in a determined effort to stop Hitler from further aggrandizement on behalf of the German Reich.

Of course Der Fuehrer is blaming it all on England—the England that trusted him last fall when he said that with the Suleitland German territorial acquisitions in Europe were satisfied, and when he made promises of peace and harmony. Chamberlain believed Hitler and followed the policy of appeasement until Hitler so flagrantly and repeatedly broke his word that finally even the patience of the conservative British Prime Minister was exhausted. Steps taken by England during the past week show how completely the British Government has reversed its policy and now determined they are not to permit Germany to overrun Europe.

Many commentators see in Hitler's speech of last weekend evidence that he is beginning to "stop, look and listen." History has proven, however, that anyone who has ever ruled with the concentrated powers of a dictator must have action and more action all the time in order to keep his control and in order to so completely subjugate his people. Were it not for that we would feel that during the past week a long step had been taken towards insuring peace in Europe but because of that the world continues to be in a fog and continues to ask, "What next?"

And let none of us feel that all of this is not our concern. There is nothing about which we should be more concerned for the repercussions of the European situation are even now influencing our economic structure in this country (witness the stock market during the last ten days) and if

## Protection For Your Invention

By OSCAR A. GEIER  
Patent Attorney of Richards & Geier  
11 Commerce Street, Newark, N. J.  
274 Madison Avenue, New York, N. Y.

The Congress of the United States under the power given it in the Constitution, Article I, Section 8, wherein it is stated "Congress shall have power to promote progress of science and useful arts by securing for limited times to authors and inventors, the exclusive right to their respective discoveries," has passed various laws giving to inventors protection for their inventions.

The first Patent Office was created by the "Act of 1790" adopted into law on April 10 of that year. At that time the Patent Office was not a very busy place, since in the first three years of its existence, only fifty-seven patents were granted. In the year 1898, a few over 500 patents were issued, while during the year 1938, one hundred years later, slightly over 38,000 patents were issued or approximately 800 patents per week.

The number of patentable ideas apparently has no limit. As long as men and women work and think about their work and the things they are making, there will be new inventions and additional patents.

Since, in accordance with the patent laws of this country, a patent is granted only to the first inventor, it is extremely important that the inventor take every possible precaution to preserve records of every step of his work, so that he may be able to prove the date of conception of his idea, together with proof of a disclosure to others as well as prove the dates on which any models or drawings were made, or the date on which the invention was first used.

It is an excellent idea to save issued in payment for materials used in constructing the device of the invention or a model thereof.

An inventor should also make it a practice to write down at the earliest possible moment, preferably in his own handwriting, as complete a description of his invention as possible. He should, at the same time, also make a rough sketch. The sketch and the description should be dated and signed by the inventor and should be witnessed by one or two people whom the inventor can trust. The description should be in as plain language as possible and should be a complete description. The signature of the inventor may be subscribed to before a Notary Public. It is not necessary that the Notary read the description or that the inventor explain the invention to him. The Notary merely subscribes to the fact that the description and sketch were signed before him.

If an additional precaution is desired, it is well to have the sketch and description photostated before the signatures of the inventor, witness and Notary are affixed. The photostats should be kept in a safe place. Photostats cannot be altered without detection and, therefore, furnish excellent proof. Such a record should be then filed away in a safe place.

Another method used for establishing proof of the date of an invention is for the inventor to write a description and make a sketch of the device, as just described, dating them and having them witnessed and also subscribed to by a Notary then sealing the description and sketch in an envelope and sending them to himself by registered mail, making sure that the postmaster places his seal over the space where the flap of the envelope is sealed to the body. This envelope, when received by the inventor should not be filed in a safe place.

The methods just described are means of establishing proof of the date on which the inventor made his invention, so that in the future he may adequately protect himself against the possibility of having to prove the date on which the invention was made, should a conflict arise as to who is the first inventor of the device. A patent application filed by him in the Patent Office for his invention and a similar device upon which a patent application has been filed by another. It cannot be stressed too strongly, however, that these methods do not give any patent protection whatsoever. The only manner of securing patent protection for an invention is to file an application for patent in the United States Patent Office, in order that it may be dated as soon after the invention is completed as possible. Should diligence not be used in the filing of a patent application, the various means mentioned above for establishing the date of conception of the invention would be of little importance.

While an inventor may try to obtain a patent himself, the Patent Office recommends that he employ a patent attorney, since the procedure requires considerable learning and experience.

The invention or discovery, to be patentable, must not have been known or used by others in this country or patented or described in any printed publication in this or any foreign country before the applicant's invention or discovery thereof or more than two years prior to the filing of an application for patent therefor. It cannot be emphasized strongly enough that the invention must not have been in public use or on sale in this country more than two years prior to the filing of the application for patent.

When a patent is issued by the United States Patent Office on an invention, the inventor may stop others from making, using or selling his device for a period of seventeen years.

One need only look at the high state of our industrial development to realize that Congress, through the power given it in the Constitution, has succeeded in contributing to such an industrial development and promoting the progress of science by establishing our present patent system which gives inventors protection for their inventions.

## Local Students Appear In The "First Lady"

Miss Alice Helminger, 24 Essex street, will appear in the production of "First Lady" by George Kaufman and Katherine Dayton when it is produced at New Jersey College for Women, April 13, 14 and 15. This is the last major production of the year by the Little Theatre Workshop Group of the college. Also in the cast from Belleville is Charles Ludolph, recruited from Rutgers University. Professor Jane Inge, head of the department of speech and dramatic art, will direct.

Miss Helminger is enrolled in an advanced course in dramatic art and is majoring in English and dramatic art. She is a graduate of Belleville High School and at N.J.C. is a member of the senior class. She has appeared in many previous major productions and is a member of Mimes, honorary dramatic society. She is also assistant photography editor of "Quar," the college yearbook, and was chairman of music for the annual Christmas festivities.

## CARE OF YOUR PETS

By DR. CECIL L. GATES, D.V.M., Belleville, N. J.

**Feeding the Puppy**  
When a puppy is 6 weeks old and has been weaned from the mother he should be fed 5 or 6 times a day on milk or a milk formula. Either fresh or canned milk may be used, but the canned milk must be diluted or cut with boiled water, evaporated milk being diluted with equal parts water and one part of sweetened condensed milk used with 2 or 3 parts water.

At 2 months to 3 months feed 4 or 5 times daily, continuing your milk ration with the occasional addition (perhaps twice a week) of a raw egg, and substituting for one milk feeding a small quantity of raw lean meat. This quantity may vary from 2 teaspoonful to 1 cup, depending on whether your pup is a Pomeranian or a Great Dane.

At 2 months to 5 months feed 4 times a day, 2 feedings consisting of milk (with raw egg beaten in 2 or 3 times a week) with 1/4 to 1 slice whole wheat bread broken in milk once a day. In the other two feedings you should gradually introduce larger quantities of raw meat, some of which may be mixed with chopped vegetables with the exception of starchy vegetables, potatoes, rice, etc.

From 5 months to 8 months 3 meals a day are required. The quantity of food given should become larger as the number of feedings is reduced. Again, you may use milk or egg nog, and soups for the two lighter meals, but the main meal should contain raw meat and vegetables.

When 8 months to one year old your dog will need two meals a day, a light morning meal and a heavier meal of meat later in the afternoon.

From one year on it has been found that one large meal daily is best, but this is not an iron-bound rule, and you may wish discretion give a light morning meal if your dog is an active one or seems to require more than the usual daily feed.

Time: The late afternoon, preferably 4 or 5 o'clock has been found the best time for feeding one daily meal to a mature dog.

Quantities: Again you must use your own judgment to great degree. A good rule to follow in puppy feeding is never to feed a dog until his stomach bulges. If a dog leaves food in his pan, remove it. Don't allow him to come back and finish it later.

Very small dogs weighing from 3 to 10 pounds when mature (Papillon, Toy Poodle, etc.) usually require 1/4 pound raw meat daily when grown. The Irish Terrier, Cocker Spaniel, and dogs of similar size weighing from 20 to 30 pounds when grown should have 1/2 to 3/4 pound raw meat a day, while the Great Dane, St. Bernard, etc. require between 2 and 3 pounds of meat daily. From these quantities you will be able to judge the correct amount for your dog.

Again, you would warn you against canned dog foods and biscuits. They can never take the place of fresh foods and raw meats.

## CHILDHOOD SWEETHEARTS

(Continued from Page 1)  
authentic records precludes setting the exact age of the house, but renovated in modern style, as it is today, rough hewn log braces may be seen in the cellar and in spots where wood has not covered the walls come to view old brown stone construction. An old well and Dutch oven has been preserved and other mementoes of a bygone era.

Mrs. Ricca, a lover of gardening and animals. Her collection of the latter includes chickens, turkeys, geese, parrots, swans, guinea pigs and hens, goats, a cow, parrot and a canary. Turkey, geese and ducks eggs are hatched by hens. Grandpa Ricca—loves to play cards and enjoys horseback riding, meantime watching his firm's business expand.

In Grandpa Ricca's collection of animals is a dog, which has created considerable interest among doctors. The animal was born with three legs and was saved from drowning by Mrs. Ricca when a friend to whom it belonged no longer wanted it. Mrs. Ricca did. She nursed from a pup the little animal, whose name is Zazza, on a milk bottle to which was attached a nipple. Zazza, which is said to be an Egyptian dancer's name, thrived on the bottle and can outrun almost any dog today. It has its own bag of tricks, including walking on its hind legs, the front right one being the missing one, and it can stand still longer on three legs than any ordinary dog with four pedal extremities.

Zazza Attracts Ripley's Attention  
Zazza has also attracted the attention of Bob Ripley who wants to exhibit the pup on a tour he contemplates throughout the country.

And, speaking of dogs, the Ricca recently lost two thoroughbred and valuable Great Danes when a rabid stray dog attacked them in the Ricca yard. An examination proved the attack had transmitted rabies to the Ricca dogs, causing the authorities to dispose of them. The animals were named Cleo and Cuno.

But this is digressing too far from the anniversary. Already telegrams of congratulation are pouring in and invitations are being accepted as soon as received, for the Ricca hospitality has never diminished since the day there will be music and entertainment for the celebration and it is expected that next year the WNEW may broadcast musical numbers in honor of Mr. and Mrs. Ricca, whose bashfulness has never diminished since the day Grandpa Ricca first carried Grandma Ricca's books on the way to school along that sunny lane in Italy, just outside of Rome.

Write out in full such words as "tablespoon," "teaspoon," "cup," "pound," "ounce," etc. Use numerals for such words as 1, 1/4, 1/2, 3/4, etc., when referring to quantities.

1 pkg. (3 oz.) cream cheese  
1/4 cup finely chopped nut meats  
Empty contents of gelatin packages in bowl and pour boiling water over, stirring thoroughly until dissolved. Chill until gelatin thickens slightly. Meanwhile, drain pears well. Blend cheese and nuts. Spread six of the pear halves with cheese mixture, filling cavity completely.

Top with remaining halves and press firmly together. Arrange whole pears in oblong pan (8 x 12) an equal distance apart. Pour partially congealed gelatin mixture over pears and continue chilling until firm enough to slice. To serve, cut in six squares having a pear in each. Place each in a bed of lettuce and garnish with mayonnaise.

Two tickets for the Capitol Theatre also go to Mrs. James Dunn, 121 Rutgers street, for a recipe for delicious

**William Abramson**  
William Abramson, who is co-partner with Sid Kauffer at the Corner Drug Store, 106 Washington avenue near William street, is a graduate of South Side High School, Newark, in which city he now lives. He ranked sixth highest in his class—1926—at Newark College of Pharmacy and before becoming affiliated with his present partner worked nine years until 1930 in various other drug stores. Mr. Abramson is married and was born in New York. While Sid is engaged at the present time in dentifrice preparations, which have received wide acclaim, his partner sits closely by watching the developments along this line. Both men are deeply interested in all civic matters. Mr. Abramson spends considerable of his time experimenting, as does his partner, on new drug concoctions. Both have been highly complimented by College of Pharmacy leaders their research work.

**Joseph Kaplan**  
Joseph Kaplan, proprietor of the Belleville Hardware Co., 530 Washington avenue, was born in Russia and successfully conducted businesses in New York and Newark before coming to Belleville when he took over the local company from S. H. Neve eleven years ago. In Newark he had a very successful store at 473 Broad street for fifteen years. Besides Mr. Kaplan, the local store which has rapidly expanded, is conducted by his son, Edward a graduate of Barringer High School, Newark, and New Jersey Law School, James Minnaugh, Thomas Greco and Belle Goldblatt, bookkeeper. Mr. and Mrs. Kaplan also have a daughter, Mrs. Lillian Lempert. Mr. Kaplan is a member of Northern Lodge No. 25, F.A.M. He is intensely interested in all civic affairs and his thriving business attests to his ability to offer the public what it wants.

**Leonard J. Friscia**  
Leonard J. Friscia, proprietor of the Atlantic Sea Food Market, 478 Washington avenue, lives at 476 Washington avenue with his wife and three children, Leonard, Jr., seven; Phyllis, five, and Aurelio, eight. Leonard, Jr., and Aurelio attend Public School No. 9. Born in New York City, Mr. Friscia has always been in the sea food business following in the footsteps of his father. His store, which was started here in 1935 "without a dollar" is the only wholesale store of its kind in Belleville. Mr. Friscia, who is thirty-three, attended Kearny schools and went in business for himself in 1930. He was a former star football player with several amateur teams. He prides his shop on the fact that it is able to serve all kinds of sea food from "one pound to 10,000." Among customers of the local store is the Hotel Plaza and several other large New York hotels.

**Bob Cole**  
Bob Cole, who conducts the Bob Cole School of Dancing at 503 Washington avenue, was born in Rochester, N. Y., thirty years ago and attended a private boys' academy there. He began his dancing career at sixteen and was started on Broadway in "Queen High," later dancing in the late Texas Guinan's cabaret and in vaudeville. He danced professionally for three years and has taught dancing for twelve years. At the present time, illness considered, Bob has about 150 pupils under his wing at the local studio. He is assisted in ballet and ballroom dancing instruction by Miss Dorothy Hall, 23 Forest street. Bob has developed stars too numerous to mention, one of whom is James McCallion, who has the juvenile lead in the movie, "Boy Slaves." James studied with Bob for four and one-half years. Other students have similarly been successful in the movies. This summer, as last, Bob and his pupils will present Kiddie Reunions during July and August at Hamid's Million Dollar Pier, Atlantic City.

### SUNRISE SERVICE

An Easter Sunrise Service, with Major Ralph Miller as speaker, will be the concluding event sponsored by the Belleville Reformed Christian Endeavor Society for the current year. It will be held on the church lawn, Main and Rutgers streets, on Sunday at 6 o'clock. In case of rain, it will be held in the church chapel.

John Moore, tenor, will render numerous vocal solos. Mr. Moore has an exceptional voice and is, at present, musical director of the Baptist Church, Elizabeth.

A sextet from the popular Staff Band, an honorary band of the Salvation Army, will give a number of musical selections. This band has been playing over the radio for a number of years.

John C. Radin, Sr., president of the society and general chairman of the Sunrise Committee, will preside over the service and lead in the song service.

Refreshments will be served after the service. Miss Frances Place is the chairlady of that committee.

### THATCHER AT PALM SUNDAY MORNING SERVICE

The pastor recently officiated at the burial of Aaron Rescher, eighty-one. He also officiated at the funeral of Mrs. Francis Baldwin, eighty-eight, last Monday afternoon.

Irving G. Belden was ordained an elder Palm Sunday, and Fred H. Woodward, deacon. The elders installed were Paul D. Robinson and Albert J. Strauss. The deacons were Walter G. Price, Dr. Ernest C. Reock and William MacKillop.

Next Sunday morning at the morning Easter service new members will be received into the fellowship of the old church. Anyone desiring to join the fellowship of the church will meet the minister and elders after the service on Thursday night.

### CONGREGATION A. A. A.

317 Washington Avenue

Rabbi Rubin K. Dobin

Regular Kabbalah Shabbos services will be held tonight at 5:50. Sabbath morning services will start at 9 o'clock. This Sabbath is known as "Shabbos Chol Hamoed Pesach" and it is customary to read the Biblical Song of Songs at the morning service. There is an important connection between the Song of Songs and the Passover holiday. The festival of Passover marks the start of the Jewish people as an independent nation. The Song of Songs is accepted as an allegorical presentation of the relations between God and Israel. Thus, even in this day do we remember the beginnings of the Jewish people and its eternal relationship with the Almighty.

Regular Sunday School at 9:45 Sunday morning. The Religious School will conduct its annual children's seder at 10:30. Passover evening services at 5:50. Monday is the seventh day of Passover. Morning services at 9 o'clock.

Services for the final days of Passover will be held by the Congregation Sunday evening, and on Monday and Tuesday. Rabbi Rubin K. Dobin will officiate at all services, assisted by Morris Rosen. Evening services start at 5:50 o'clock and morning services at 9 o'clock.

The Yizkor Memorial service will be recited on Tuesday morning at 10:15. Rabbi Dobin will preach before Yizkor on "The Freedom of Life." All are welcome to attend these services.

On Sunday morning at 10:30 the Religious School will conduct its annual children's seder. The event will take place in the social hall of the Synagogue. Philip Lempert, chairman of the school board, is in charge of arrangements.

The Sisterhood of the congregation will meet on Tuesday evening at 8:30. All members are urged to attend.

On Wednesday afternoon at 5 o'clock the Girls of Blue and White will meet. Miss Ruth Rader is leader of this group.

The Boy Scouts, under the leadership of Henry Abramson, will meet on Thursday evening at 7 in the recreation room of the synagogue. The fifteenth anniversary dinner dance will be held on Lag B'Omer, Sunday, May 7, at Goldman's Hotel in Pleasantville.

Belleville Day at the Jewish Pavilion of the New York World's Fair will be observed on Sunday, June 4.

### TO RETURN HOME FOR SPRING VACATION

Special to Belleville News

Syracuse, N. Y.—Three Belleville, N. J., students will return home for Syracuse University Saturday, April 8, for the spring vacation which will continue until Monday, April 17. They are: Miss Ellen Conry, daughter of Mr. and Mrs. Cornelius Conry, 39 Preston street; Miss Phyllis Dettelbach, daughter of Mr. and Mrs. Philip Dettelbach, Franco avenue; and P. F. Sheldon, son of Mr. and Mrs. P. F. Sheldon, 2-1 Joralemon street.

### SOUTH END MEETING

The South End Improvement Association will meet Wednesday, April 12, at 203 Mill street, where Edward F. McFadden and his committee will complete arrangements for the third annual celebration to be held in June. A social hour will follow the meeting.

### NEWARK

REDEEMER LUTHERAN

Broadway at Carteret Street

Newark, N. J.

Paul F. Arndt, Pastor

Morning service, 10:45; subject: "Sorrow Turned Into Joy." Celebration of Holy Communion. The Junior Choir will sing "Christ the Lord is Risen Again" (12 century, Luther), and the Senior Choir will render the Introit and Gradual for the day according to M. Alexander Matthew's setting and the anthem "As It Began to Dawn," Charles Vincent. Special organ numbers will be: prelude, "Resurrection Morn'g," Johnson; offertory, "Easter Offertory," Henry Deshayes; postlude, "The Hallelujah Chorus," Handel.

Sunday School and Bible Class, 9:30 a.m. German service, 8:30.

### CHRISTIAN SCIENCE CHURCH

"Are Sin, Disease, and Death Real" is the subject of the Lesson-Sermon in All Churches of Christ, a sermon on "Sin and Death." The Golden Text is: "I am the Lord that healeth thee." (Exodus 15:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Come now, and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool." (Isaiah 1:18).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Sin should become unreal to every one. It is in itself inconsistent, a divided kingdom. It is supposed to exist on a divine authority, and I rejoice in the apprehension of this grand verity. To prove scientifically the error or unreality of sin, you must first see the claim of sin, and then destroy it."

### LOCAL BUDGET

LOCAL BUDGET OF THE TOWN OF BELLEVILLE, COUNTY OF ESSEX, FOR THE FISCAL YEAR 1939.

SECTION 1.

BE IT RESOLVED, that the following statements of revenues and appropriations shall constitute the local budget for the year 1939:

BE IT FURTHER RESOLVED, that said budget be published in the Belleville News in the issue of the Fifth day of April, 1939.

Notice is hereby given that the budget and tax resolution was approved by the Board of Commissioners of the Town of Belleville, County of Essex on April 4, 1939.

A hearing on the budget and tax resolution will be held at Town Hall, Belleville, on the Twenty-fourth of April, 1939, at 8:00 o'clock, at which time and place objections to said budget and tax resolution of the Town of Belleville for the year 1939 may be presented by any taxpayer of said municipality.

### STATEMENT

(Required by Revised Statutes Section 40: 2-14)

TAXES FOR	1939	Actual 1938	Actual 1937
State School (Estimate for 1939)	\$ 98,000.00	\$ 95,867.72	\$ 73,828.50
State Soldiers' Bonus Bond (Estimate for 1939)	7,000.00	6,231.81	5,337.54
County			
(a) General County (Estimate for 1939)	183,243.57	181,422.83	151,697.55
Local District Schools (Actual for 1938)	484,000.12	481,551.19	447,589.42
Local Purposes	675,751.18	675,751.18	445,000.00
(b) As shown by Abstract of Rates		555,918.37	469,000.00
(c) Bank Stock Tax		0.00	0.00
Totals	\$1,448,145.87	\$1,354,291.92	\$1,129,145.51

(Continued from Page 6) sum of \$35,000.00 was eliminated from the 1939 amortization schedule.

Local School Tax, 1938, \$484,551.19, 1939—\$484,000.12, County Tax estimated at \$182,334.53, State Tax—\$103,000.00 and Relief, \$65,000.00, has been appropriated to date as against \$25,000.00 appropriated in 1938.

DEBT SERVICE

In addition to the \$35,000.00 removed to equalize the elimination from the anticipated revenue account of tax title liens, an additional \$95,200.00 has been removed from the Debt Service due in 1939.

Due to the impossibility of obtaining maturities beyond 1950 at the time our last refunding program was instituted, and believing that the State of New Jersey will not continue to contribute to local relief to the degree as heretofore, and my belief that our Federal Government will substantially curtail W.P.A. contributions on local projects, which aided greatly in curtailing our relief, I recommended to our Board of Commissioners that \$130,200.00 and a schedule as submitted to the Chairman of the Local Government Commission covering amortization on other maturities up to 1950, be refunded with \$230,000.00 of temporary bonds now available for funding.

These recommendations were approved by our Board of Commissioners, and have been submitted to Commissioner Darby and we anticipate proper and definite re-allocation of the amounts eliminated from the 1939 budget will be accomplished at an early date.

CASH BASIS OPERATION

Belleville operated in 1938 on a cash basis within \$3,683.98 on a general appropriation of \$1,884,635.82, above deficit being included in the 1939 budget.

WATER DEPARTMENT

The Water Department operates on a self-sustaining basis warranting the placement in the 1939 budget of an estimated surplus of \$5,000.00.

In 1938 the Pitometer Company of New York City was engaged to make a survey of our Water System and corrective steps taken indicate \$5,000.00 anticipated profit to be conservative.

TAX COLLECTION AND FORECLOSURE LAWS

Municipal Finance Officers are severely hampered in efforts to maintain the requirements of Chapter 60—Cash Basis Act. When we consider the inadequate legal tools provided in the form of tax sale and tax foreclosure laws, which are decidedly in favor of the delinquent taxpayer and discriminatory to the taxpaying taxpayer, delinquencies can extend from February 1st when the first quarter is due until July of the following year, or approximately 17 months for the first quarter to 10 months for the 4th quarter, before a tax sale can be held.

In justice to the taxpaying taxpayer, (approximately 80% of the property owners in this town), and in justice to public officials anxious to maintain their municipality on a cash basis, our Legislature should curtail the tax sale time for delinquents and should curtail the tax title lien redemption period.

The requirements of the Cash Basis Act and the privileges of our present State Tax Sale and Tax Foreclosure laws are highly inconsistent and warrant serious attention of our Legislators.

Tax sales should be mandatory with penalties attached to be placed on either the Tax Collector, his superior, the chief financial officer, or both and the Governing Body.

FORECLOSED TOWN-OWNED PROPERTIES

Legislative action should be effected to remove the so-called "legal prejudice" against titles of foreclosed town-owned properties. Belleville holds approximately \$600,000.00 of such property which not only causes a loss to all the taxpayers who must maintain local costs without the contribution ordinarily due from such foreclosed property, but because of the extreme time allowed to delinquents has cost property owners between the tax sale date and the foreclosure date approximately 20% of the sum that would have been paid if this property was in sound financial condition.

This loss is sustained through State and County contributions, and in addition, taxpayers are penalized by the cost of tax sales and again by the necessity of budget dollars for foreclosure actions. Belleville has pursued a definite policy on tax sales and foreclosures.

CONTROLLABLE AND NON-CONTROLLABLE EXPENSES

90% of the gross expenses of the Town of Belleville (after re-adjustment for the debt of 1930) is outside of the control of the Mayor and Board of Commissioners. With our School System operating under Article 7, by which the School Budget of \$434,000 is a matter solely for the taxpayers and Board of Education to control, with our County and State Tax of \$289,000, with the assessment of the Passaic Valley Sewer Commission of \$18,209.00, Debt Service \$208,194.90, Deferred Charges of \$54,768.81, Judgments \$11,069.76, with Reserve for Uncollected Taxes \$334,635.83, Cash Deficit \$36,083.95, Contracts for Garbage, Street Lighting totaling \$42,500.00, the non-controllable elements of the budget approximate 90%. With Police and Fire Department wage control requiring State legal action or individual members approval added to the other non-controllable factors, the Mayor and Board of Commissioners are actually in control of only 6 to 7% of the gross municipal costs.

REALTY TAX

Realty taxes support 80 to 85% of the gross costs of operating the municipality and for the preservation of the equity of home owners and the protection of business, it is imperative that our Legislature give attention to real estate taxes. These questions I have outlined are beyond the control of local officials.

PENSION FUND

Annually I have reported to our Board of Commissioners that our Police and Fire Pension Fund is not operating on a sound actuarial basis. We have raised the annual municipal contribution slightly this year. State Legislative action should be instituted to place this type of pension system on a sound basis.

Consistent with the outstanding indebtedness of our Town and Water and School corporations, the proposed plan of reallocation of our debt should give Belleville taxpayers as equitable an opportunity of amortizing the existing obligations as appears sound and consistent with the existing gross debt.

Our taxpayers, members of the Governing Body and members of all subordinate bodies and other money spending agencies of the Town must understand that a most conservative attitude must be maintained and that programs involving new expenditures must receive very serious consideration.

SINKING FUND

Our Sinking Fund program is being maintained on a sound basis with indications that all requirements due up to 1944 at which date the Sinking Fund Commission terminates, sufficient funds will be on hand to care for all demands.

INDUSTRIES AND HOME BUILDING

Several industries have located in Belleville in the last year. One new industry to employ 1,000 persons is to begin construction shortly and we expect plans to be completed at an early date for two or three more plants employing 200 persons in each plant.

Over 60 new homes were constructed in the past year, but it is my belief that it is to industry we must pay keen attention because of their contribution not only in taxes, but in the payroll affording others to pay taxes and extend business to still others to pay their taxes.

PUBLIC UTILITIES

During the past several years Belleville has developed practically every street, curb, sidewalk, water lines, storm and sanitary sewer lines, so that we believe our Town is 95% completely equipped in the line of public utilities. Our School System is adequate for additional number of students. Police and Fire Departments are adequate.

Due to advantage taken of P.W.A. and W.P.A. Projects, while costing definite contributions of local dollars, our direct relief load has been minimized substantially and we have a Town developed to a degree that taxpayers of the future can look forward to a minimum amount of bond issues to cover any required public improvements.

Respectfully submitted, WILLIAM H. WILLIAMS Mayor—Finance Director

# SPORTS BEFORE YOUR EYES

**AN INCREASE** in the number of entries in the Handicap Bowling Sweepstakes was immediately noticeable after we pointed out the shortness of time last week. Right now the time is quite a bit shorter; you have exactly two weeks and three days to get your entry in.

Even with the warnings and urgings of the committee we'll bet more entries come in the last three days than come in over the two-week period. We do like our procrastination, don't we?

A palm to Jim Petrucci, the hard-working manager of the Friendly House. To Jim goes almost 100% of the credit for the Friendly League of junior teams which put on so many thoroughly interesting games during the past winter.

Jim is a former scoutleader and playground director who gets his biggest enjoyment out of spending his time with the young 'uns. He gathered a few volunteer assistants about him and formed the league of six basketball teams. He charged just a minimum in dues and ran the entire league on what was taken in this way. He will even present gold basketballs to the champion Pals when they have their little get-together on the twenty-ninth.

To Jim Petrucci and men of his kind the parents of Belleville owe an incalculable debt. He and his unselfish brethren provide recreational facilities for young Belleville, teach them the value of sportsmanship, show them the advantages the basketball court, for instance, enjoys over the street corner. Almost unaided by those whom they are benefiting they calmly pursue their course straight to their ultimate goal of making this town a finer place in which to live.

### Smatterings From The Sports Front

Hard on the heels of the news of Henry Guerdan's unfortunate death at the Velodrome Sunday came the inevitable hue and cry that auto racing was too dangerous, that it should be outlawed and so forth. Naturally the manner of his death was a terrific shock to those 6500 who witnessed it, a far to the nerves of the other drivers, a blow to Americans who are probably the most unsanguine people on earth.

From the State Fish and Game Commission comes word that almost 600,000 trout have been or will shortly be liberated in Jersey waters for anglers this summer. Oh, boy, we'll have to brush up on our trout-ticking tactics and see if we can't land a few the way that Englishman does that we read about the other day.

Wotaman Fred Hartley really went to town Monday at Elmers'. After trouncing Marty Bartsch, Frank Esposito, Roy Hadley, Ed Hohenstein and Roy Thomas in five separate 21-point matches he turned in a 21-7 win over Nutley's Mayor Young. In this last match Hartley played blindfolded! Wotaman Fred Hartley really went to town. He will be back in Nutley May 1 to play with Henie Kurzman in a 100-pointer against Hal Mead and Walter Gorman.

## RACES AT NUTLEY MAY BE BANNED

### Velodrome Opponents Force Issue Before Commission After Guerdan's Death

Final decision as to the continuation of the midget auto races at the Nutley Velodrome was expected to be announced last night at the Nutley town commission meeting. There is known to be a strong bloc in the town demanding that the commission withdraw the Velodrome's license.

The showdown was brought to a head by the death of Henry Guerdan, midget racer from Newark and Paterson, in the final event of Sunday's program. A conference of the building inspector, police officials, members of the town commission and the promoters was held Monday and it is reported that many suggestions were made for the elimination of like accidents in the future.

Several investigations into the death of Guerdan were started immediately and the report of the Fire and Police Departments was expected to be presented last night. Mayor Young of Nutley issued a statement to the press Sunday after the race in which he absolved the management of the racetrack from blame, stating that there was no visible negligence on the part of the promoters as far as he could see at that time.

To the Belleville News yesterday the Mayor claimed that his statement as it appeared in the newspapers was incomplete and carried with it the implication that the town of Nutley was going to do nothing about the accident.

### No Dispute With Rife

"What I said was that the town would not hold an investigation separate from that of the Fire and Police Departments," said the Mayor. "Commissioner Rife's statement was also quoted only in part and left the impression that he and I were opposing each other in this matter, which is not true."

Guerdan met his death in the twenty-first lap of the feature race Sunday. He was in sixth position at the time. Riding high on the outside of the track at a speed of about 65 miles per hour, his car struck the guard-rail and he was thrown partly out of the cockpit.

He struck one of the metal uprights which holds the protecting fence between the track and the grandstand. He was decapitated instantly and his right arm torn from his body.

Horrified by the spectacle or by the story of it, conservative Nutley residents immediately began to agitate for the banning of the track. Many of them swarmed to the commission meeting last night asking that their demands be met.

## Fire Department To Sponsor New Sea Scout Ship 300

### Belleville is soon to have a Sea Scout ship. This was decided Friday at a meeting consisting of Sea Scout Commodore John Briland, Assistant Executive of Robert Treat Council Harvey W. Maden, Fire Chief Reed and a Ship Committee.

As a result Ship 300 will be organized Friday night at Firehouse Headquarters, 432 Washington avenue, at 8 o'clock. Al Brent will be Sea Scout Skipper of the Ship, which is to be sponsored by the Belleville Fire Department.

## Bisons To Organize Soon Gunga Din At Capitol

The Belleville Bisons baseball nine is planning organization in the near future, manager N. Caracciola, 55 Roosevelt avenue, announced this week. The Bisons expect to retain most of last year's team and strengthen a few positions by the addition of new players.

## Rosery Rally Falls Short, Nutley Rangers Win 32-27

In a startling upset the hustling Nutley Rangers tripped a disinterested Rosery five Monday at the Park School, Nutley. The final score was 32-27.

Normal Crowthers, who played for the Penguins during the winter and finished third in the Belleville Intermediates League scoring, led the Nutley attack on his Belleville compatriots and tallied ten points. Al Calkin, Rosery, took top honors with 11. Losing 28-14 going into the last frame, the Rosery put on a rally that almost caught the Rangers. The difference was too great, however, and the spurt fell short by five points.

## Softball Meeting Tuesday

The Recreation Senior Softball League will be organized at a meeting to be held at the Recreation House, 407 Joramemon street, next Tuesday night at 8 o'clock. Dave Lamb will be in charge.

## BOARD ACTS ON

said that parking meters are installed on a rental basis and he has been authorized to look into the advisability of their installation here. He also plans an angle parking plan in certain parts of Washington avenue.

The board will make a study of permitting stores in Washington avenue of greater depth than 100 feet, which is the zoning restriction now. The mayor said that such a restriction—in three instances of which he is aware—has kept more modern stores from coming here.

"If Belleville is to grow more progressive along Washington avenue, we must make that possible through bigger stores," he said. In its desire to obtain better looking store fronts in the future the board may ban frame construction.

## ZEBRA TRACKMEN TO REPORT TODAY

### Coach Winnika Must Build From Bottom; Five Meets Scheduled, Two Doubtful

Coach Wilho Winnika today sent out first call for candidates for the High School track team but does not expect to take his charges outdoors until after the Easter vacation ends April 17.

One of the toughest assignments in years faces the Belloy mentor this year. He must start from the bottom and build an entirely new team. The Blue and Gold won five of its seven meets last year and scored in every open meet it entered. Fundamentals of the new team are expected to be the feet Holweg brothers. Charles, the elder of the two, is a veteran at the quarter-and-half-mile distances. Ed is a sprinter.

Five dual meets are definitely on the calendar for this year. Two others are doubtful: Newark's South and East Side High Schools have not yet decided whether or not they will enter interscholastic track competition this spring. Should they do so dates have been tentatively scheduled for May 5 and 12.

There is also a possibility that the opponent on the twelfth will be Columbia from the Oranges. Other meets stated are:

April 23: Newark School of Arts at Weequahic Park.  
 May 16: Clifton High at Brookdale Park, Bloomfield.  
 May 19: Bloomfield High at Brookdale Park.  
 May 25: Hillside High at Brookdale Park.

June 6: Irvington High at Irvington.  
 June 10: State Championships at Montclair.

## NOTICE

Take notice that Josephine Aquino intends to apply to Board of Commissioners of the Town of Belleville, N. J., for a temporary retail distribution license for premises situated at 5 Heckel street, Belleville, N. J.

Objections, if any, should be made immediately in writing to Florence R. Moser, Municipal Clerk, of Belleville, N. J.

## News Bowling Sweepstakes Drawing on Many Localities

### Court Champs To Be Rewarded April 18 At Veterans' Hall

Champions and runners-up in the various Recreation Basketball Leagues will be rewarded April 18 at the annual Award Night at the hall of the Veterans of Foreign Wars.

Director of Recreation Edward J. Lister has lined up an interesting program including dancing and vaudeville acts.

The Belleville Rosery will receive first award in the Senior League with the Senators taking second place. Wallace & Tiernan will receive the honors in the Manufacturers' League; there was no runner-up since W&T took both halves of the loop race.

The Intermediates will see the Pals and Seminole rewarded, while the Soeldns will take the girls' prizes with the Shamrocks second.

## Forest Hill Holds Dance

The Forest Hill A. C. will hold a dinner dance Friday, April 14, at Newark's famous Globe Restaurant, 601 Broad street. Phil Ross, formerly of Minker place, Belleville, is president of the organization and chairman of the committee on arrangements.

Phil Demento, 105 Baldwin place, manager of the club's Pals and Seminole teams, and Charles and "Sonny" Rees, former Bellevilleites, are also on the committee.

## Washing the Walls

Brought the Telephone Repairman

WATER had dripped down on the telephone wires... and short-circuited the line to the central office. A sudden rainstorm beating through an open window could have done the same thing.

In the central office, switchboard lamps and special signals reported the trouble promptly and tests were started to find its location.

Many highly accurate devices are used today to discover and correct any faults in the system behind your telephone.

Delicate electric meters at test centers locate trouble almost to the foot on telephone lines even miles away... gas pressure in a toll cable will drop, sounding an alarm at the central office, when a cable break occurs... and frequent check-up of circuits detects most faults before they can affect service.

You can depend upon your telephone to enable you to talk with almost anyone, anywhere, any time—easily, clearly, cheaply.

CALL 18 miles for 15c; 42 miles for 35c; any time in New Jersey (station-to-station rates) After 7 at night and all of Sunday, reduced rates apply on calls of over 50 miles.
