TOWN ABOLISHES "REC" BOARD BY ORDINANCE

Five-Man Group Has Held Sway Seventeen Years

Control of the \$408,000 athletic field and stadium being erected at the old turf bog passed into the hands of Commissioner Louis A. Noll, director of park and public property, Tuesday night, when the Board of Commissioners unanimously voted to abolish the Recreation Commission. Along with this, the director, who was the motivating force behind the move, gained control of all recreation activities in town.

This move marks the first time in almost seventeen years that full control of all recreational activities in town has been vested in one person. The dissolved board was formed in March, 1922, and consisted of five members who donated their services to the town in serving on the commission. Those who lost their positions as a result of the commission's action Tuesday, are Henry Mason, president; Mrs. Elizabeth Brink, Mrs. Mae T. Holden, Wilfred Yudin and John A. McDermott.

Full Charge To Noll

Giving Commissioner Noll full control of the town's recreation problems, places him in the position of "Recreation Czar," responsible only to the Board of Commissioners for his actions. When approached for a statement on his newly gained powers, Commissioner Noll refused to make any definite statement. He said he would need time to completely familiarize himself with the department, its equipment, funds and other assets before making any plans.

Appropriate Additional Funds

An ordinance appropriating an additional \$10,000 for the completion of the athletic field and stadium at the turf bog, was passed by the board on first reading. This additional grant, in the form of bond anticipation notes, brings the town's share of the new project to \$40,000 to date. This money covers materials and supplies, with the WPA supplying the remainder of the money for labor and additional equipment, supplies and material. The total cost of the recreation center, including this latest grant, is \$408,260.

Another ordinance, to change a section of Belleville avenue, near Smallwood avenue, from an "A" residential zone to a business zone, was passed on first reading at the meeting. The change is being made on behalf of Jean Saville, who wishes to rent property from Joseph Bianchi for restaurant purposes. The proposed change will take in a section from Smallwood avenue to the Bloomfield line.

TO HOLD SERVICES FOR FINAL DAYS OF SUCCOS

Observance At Synagogue Will Conclude On Friday Night

Services for the final days of Succos, the Jewish Feast of Tabernacles, will be held by the Congregation Ahavas Achim Anshe at its Synagogue, 317 Washington avenue, this and tomorrow mornings and evenings. Rabbi Rubin R. Dobin, who will officiate at all the services, has announced that the evening services will start at 5:15 o'clock, and the morning services will commence at 9 o'clock. The services also were held yesterday. Today is known as "Shemini Atheres," the Day of Solemn Assembly, coming after the seven days of the holiday. According to custom, the time-honored prayer for rain, "Geshem," is recited at this service. Also included in this service is the Yizkor memorial prayer which will be said this morning at 10 o'clock. Rabbi Dobin will preach before Yizkor. Friday is given the name "Shichas Torah," or the "Rejoicing of the Law." The ritual of this day

is a matter of growth and development from the ninth to the sixteenth centuries. It serves to perpetuate the continuity of the reading of the law, the Torah. When the last lines of Deuteronomy are read, they are immediately followed by the reading of the first paragraphs of Genesis. It is customary of this happy festival to parade around the Synagogue with the Holy Scrolls and with flags, and to indulge in happy pastimes. This is known as "Hakofos."

All these ceremonies will be observed at the services of the congregation. A traditional "Simchas Torah" party will be held in the social hall this evening at 9 o'clock. All members of the congregation, their families and friends are cordially invited to attend. There will be "Hakofos" for all.

Who Creates CREDIT? The suggestion has often been made that banks should create more credit. The truth is that a bank is only one of the parties necessary to the creation of credit. The other is a worthy and willing borrower, able to employ bank funds profitably and to repay them when due. This bank has money to lend; and is not only willing, but desirous of making loans when it can consistently do so. We do not encourage needless borrowing, but if you require funds for a legitimate purpose, we will welcome your application. The short period of life is long enough for living well and honorably. —Cicero

THURSDAY, OCTOBER 5, 1939

FROM TWO TWO TO TWO TO TWO

When the Public Utilities Commission and Belleville, Nutley and Clifton officials got together to permit the Erie Railroad to discontinue some of its trains, residents of the Valley section breathed a sigh of relief — for it meant the old two two to two would not shrill its rootin' tootin', shootin' whistle after midnight any longer. The old midnight express has gone by the boards, and now residents may sleep on through the night without waking from the "infernal blasts" that echoed and re-echoed through the valley as the train engineer, pulled his whistle chord at each grading crossing — of which there are several.

The valley folks are satisfied to see this old "tooter" relegated to the junk pile, but the curtailing of trains marks the departure of another American custom. There was a song written about the "Old Five-Fifteen" and anywhere from 7 until 8 o'clock in the morning, commuters found the Erie trains a stamping ground for poker, pinocle and whatever games they saw fit and had time to play between Paterson and New York. The same applied to westbound trains after quitting time in the evening. Card games formed only part of the social whirl of the trains, although it must be admitted Nutley and Belleville had some hectic card games, as well as battles on the football and baseball fields. There were talking bees, politics, and, many a young fellow who was smart enough to cultivate the friendship of the Wall Street moguls, found himself started on a financial career. Ah, boys and girls, it won't be long before buses, private automobiles and what have you run the commuter trains right into the ground. And then you will may weep for a tradition among the suburban fraternity will have passed.

CIRCULARS

Throughout our town and other communities distribution of circulars cause no little nuisance to citizens. Many residents have expressed their resentment when finding their porches and lawns littered with several circulars daily.

Not content with finding one of each circular, residents report as many as five circulars of the same type are thrown around. Our town officials are making sincere efforts to keep our streets in proper order, home owners indicate pride in their homes and yards by constant care of their property.

In the guise of a newspaper, circulars are distributed by individuals who have no regard for the appearance of Belleville's residential areas.

This type of nuisance is prohibited in several communities. Citizens are entitled to have their lawns and porches free of such nuisances.

Furthermore, circulars in door handles and on porches, steps and lawns are an open invitation to burglars and prowlers that homes are vacant for the day, evening or week-end. Our citizens are entitled to every protection citizens elsewhere receive, and why place this extra responsibility on our limited police force?

The benefits are nil, the nuisances and risks warrant our Board of Commissioners and Town Counsel studying this problem most seriously. We feel confident they will.

CONFIDENCE IN BELLEVILLE

Washington avenue has long been recognized as the finest streets in any municipality. Notwithstanding the beautification of Belleville, in both residential and industrial aspects, little progress has been made on our main avenue in this thought in mind, Mayor Williams exhibited a substantial confidence in Belleville and offered an example of outstanding leadership to business men in the erection of a commercial building of the most modern construction on Washington avenue, between Rutgers street and Belleville avenue.

Having cooperated in obtaining a dozen new plants to come to Belleville, the Mayor has taken the lead by erecting a building which is a credit both to the town and to himself. The Mayor believes strongly that home and commercial demands will follow industrial development.

Can we, by a program of modernizing many of the buildings on Washington avenue, visualize how this avenue will look if the leadership of the Mayor is followed? Increased business comes to the business firm with an appealing shop, and with increased business comes better rentals to property owners.

The new splendid building, expressing the confidence of Mayor Williams in Belleville, is modern throughout, with no expense spared to make it look both pleasant to shop in and most attractive through the use of cararra glass and white metal for the entire front.

Now utilized by the Great Atlantic & Pacific Tea Company, as a super-market, wherein the housewives of Belleville can shop in a fine atmosphere, this building may well be considered the initial step after a decade of non-building on Washington avenue for bringing this thoroughfare up-to-date.

Such construction work spells confidence by Mayor Williams in Belleville, and again reminds us we have real leadership in our Mayor.

THE "BEST" EDITORIAL PAGE

The Belleville News today proudly displays on its front page the certificate of award for first place for the best editorial page among weeklies of its size in the State — presented Monday at the Eighteenth Annual Newspaper Institute of the New Jersey Press Association at Rutgers University.

Two years ago the editor of The Belleville News under his signature said he "received but one instruction from the new owners, Wallace & Tiernan Co., Inc., and that is to make The Belleville News the best suburban weekly published in the State of New Jersey. With the continued support of the citizens of Belleville in whose interests this paper will be published, I hope to do just that."

In two years The Belleville News has reached "tops" in its most impressive department. The editor wants to share the glory of the winning paper of April 14 with the contributors of that issue — "Guardian," whose "This Week" was about the best feature any weekly or daily, for that matter, ever had; Mrs. George R. Gerard for her "Girl Scout" column; Mrs. Laury G. Stem for her "Woman's Club" notes; Dr. Cecil L. Gates for his "Care of Your Pets" feature; Meador Wright for his "Piquant Politics"; Mrs. Ira Shattuck for her "Library News"; Elsa F. Engle, our East Orange contributor, for a splendid Easter letter. On the page, too, were some editorials, which will go down in memory — "A Splendid Idea," on the police; "The Easter Snow," "Dr. H. B. Vail Passes" and "Glee Club Concert."

It isn't tooting one's own horn too much to say that such a variety of dignified articles and editorials, plus a snappy cartoon go to make a live page — which this paper tries each week to give its family of readers. The Belleville News is glad that in some small way it has been able to contribute to the well being of the community. Winning of first prize does not bring as much personal elation as the satisfaction that perhaps it may redound to Belleville's credit and help to boost it even higher to its place in the sun. This paper will accept the honor as an incentive to reach an even better niche in the journalistic field.

We must always remember that to live is not an easy thing. Life itself is a constant battle. There is always some sort of struggle on hand. Sometimes we get so wrapped up in our own problems that we think we are the only ones on trial. Every human being that amounts to anything has to face difficulties. Of course not many of us have to fight with our fists but we have to use the same qualities that a prizefighter has to have if he wants to win — courage, pluck and endurance. The ways of success are not the ways of ease. One just has to stand up bravely, ever forging ahead over a rough and rugged pathway. It is well for everyone who is not a drifter to learn by heart this little verse from Henley's poem:—

In the fell clutch of circumstance I have not winced nor cried aloud, Under the bludgeoning of chance My head is bloody but unbowed— It matters not how strait the gate, How charged with punishments the scroll, I am Master of my fate, I am the Captain of my soul."

Snoop's Snoops

There is one thing we'd like to know — who has charge of the snare drums in the High School band? Saturday's exhibition at the opening football game was, in our opinion, very bad, particularly the drum section. The bass drummer found it impossible to even hit the drum, although he might have been working under instructions and just acting as a blind by carrying a drum. Out of the three snare drums in the band, two of them had loose snares; and although the band itself lacked volume, musically it was pretty good. Someone should take time to look at the snares on each drum before the band appears in public.

We understand that Judge Everett B. Smith is the first local person to purchase a 1940 Buick from "Sy" Symonds of the Nutley Buick Company. "Sy" is "ticked to death" that Everett got the car and Everett is highly pleased that he is the first owner of a 1940 Buick in Belleville.

We understand that Rev. Peter Deckenbach celebrated his fifteenth anniversary as pastor of Christ Episcopal Church. — Congratulations, Pete.

We were talking the other day with a member of the local banking fraternity and we learned that Thomas Aiken, president of the Peoples National Bank & Trust Company, won first prize for net in Class B at the Essex County Bankers' Association golf tournament at the Essex County Country Club last week. The part that we didn't learn and had to find out is that Tom took a 30 handicap. We think he had some nerve.

From the same person we learned that John P. Dailey, secretary of the Essex County Bankers' Association, attended the Passaic County Bankers' Association golf tournament at the Ridgewood Country Club on Tuesday and won the guest prize. We learned that he also took a 30 handicap. Either these two boys are very lucky or they think that 30 is a charmed number, we don't know which.

We ran across Clarence Smith of the Smith Bros. Coal Company over the weekend, and although he is feeling fine, he still limps from the accident which he suffered last Christmas. Clarence spent a good while in the hospital, but is feeling much better now.

After the comments on last week's oddity, we have looked around and discovered another. Did you know that the correct corporate title of the Belleville Reformed Church, Main and Rutgers streets, is "Dutch Reformed Church of Second River, New Jersey?"

For the information of those who do not know their Belleville history, prior to its incorporation as a town under the name of Belleville, it was known as Second River. The trustees of the Reformed Church apparently have never seen fit to have their corporate title properly changed.

We would be interested in hearing from anyone who might have an interesting oddity about Belleville, either geographically, politically or otherwise. Anyone submitting such an oddity should write c/o Snoop's Snoops, Belleville News Publishing Company, and their oddity will be properly acknowledged in this column.

the lowest in the county, Supervising Principal Wayne R. Parmer announced in his annual report. The highest cost per pupil was in Glen Ridge where it was \$177.74 annually.

TEN YEARS AGO

Dr. Donald S. Brown, a graduate of Philadelphia College and Hospital for Osteopathy, opened offices in Belleville.

Stanley M. Brown, son of former Town Attorney and Mrs. John B. Brown, was operated on for appendicitis at Presbyterian Hospital, Newark.

Joseph Neen and Willis Davis were umpires in a baseball game in which the weavers defeated the office, 9-8, at the Eastwood-Neally Corp. outing at United Singers' Grove, Springfield.

Meador Wright's PIQUANT POLITICS

The views expressed in this column, are entirely those of the writer and not necessarily those of the Publishers or Editors of the Belleville News.

Clean Government leaders are tremendously pleased with the results of the recent county chairman election and are determined to exploit their initial success to the limit. One leader recently remarked: "We put up our weakest candidate, yet we obtained a larger county committee majority than we had ever received."

If we make the most of our success, Essex can be organized to turn in Republican majorities as large as the Democratic majorities of Hudson. In that case, New Jersey's government would fall permanently into Republican hands."

Making the most of the victory means getting control of the Newark's city government. Apparently, Arthur T. Vanderbilt is definitely committed to supporting the plan of Edward Fenias to compel a city manager referendum some time this fall. This referendum would be timed to take place while the Meadland trials are in progress. This would give the new movement an actual as well as a psychological advantage.

It would be hard for the present commissioners to campaign effectively to prevent the referendum carrying while spending all their days in court where prison sentences hang over their heads. This course would not apply to Joseph M. Byrne and Vincent Murphy. But having criticized the two men on trial so severely, it would be rather difficult for them to make a plausible campaign against a movement that would automatically accomplish just what Byrne and Murphy have been advocating.

Democratic Counter Reform

Byrne, however, is doing everything in his power to prevent a referendum at this time. He knows that such a movement if it were successful would intrude the Republican party. His strategy has long been to set up a counter-reform to that advocated by Clean Government. To this end he would like to see Mayor Ellenstein follow Commissioner Duffy out of office, with an election to select

their successors. In this way he would hope to get a working majority of the city commission and thence proceed to clean up Newark, at the same time making the city safe for the Democratic party. Vanderbilt seeks to forestall this Byrne strategy by cleaning up Newark in such a way that the Republican party would get the credit.

Hendrickson Candidacy Bogs

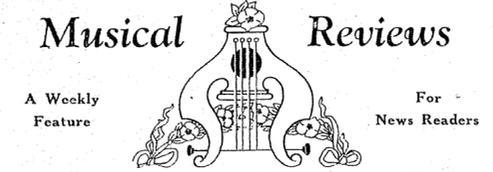

The gubernatorial boom for Senator Hendrickson of Gloucester is not progressing any too well in Essex. More and more the belief is beginning to prevail that Hendrickson has not the personality to defeat Hoffman. Likewise, the fear exists that the powerful Albright machine in South Jersey may stump for Hoffman after all. The main argument advanced to date for Hendrickson is that his candidacy is the only way to guarantee that the Albright machine will be against Hoffman.

But the present strategy of Vanderbilt and his associates seems to be to back the candidate whom they figure has the most personal appeal and let the various political groups support whomsoever they choose. They will go outside of the New Jersey Senate to get a candidate, and in this way will avoid the jealousy that would result among his senatorial colleagues were one member of that body selected over the others.

The man under the most serious consideration at this moment is President Clothier of Rutgers. Some fifty-five years old and an excellent speaker, Clothier in the opinion of many would make a colorful candidate as Dr. Dodds of Princeton. A Princeton graduate, he would have the alumni of that college as strongly behind him as they would be behind Dodds. But again, like Dodds, Clothier has not indicated that he would be willing to make the race.

Merck Is Dark Horse

Another gubernatorial possibility is George W. Merck of West Orange, head of the great Merck Chemical Company of Rahway. Youthful and a Harvard graduate, Merck has the personality of one in ten thousand. Politics has not interested him to date, but he will bear watching if Clean Government definitely decides that Dr. Lester H. Clee is not the man to beat Hoffman. Until this decision is made, Clee is still very much in the picture.

The all day institute, "Music in the Community," arranged by the Griffith Music Foundation and several cooperating musical societies, which was held last Saturday at the Griffith Building, Newark, was a huge success. It was rather wonderful to see music people from all parts of northern New Jersey gathered in one spot for the purpose of gaining knowledge and absorbing stimulus.

Belleville was well represented. Superintendent and Mrs. Wayne R. Parmer were in the audience in the evening to hear Hendrik Willem Van Loon entertain with his witticisms, and occasionally drive home a telling point. It gave us a thrill to hear him say that America has better orchestras, finer soloists, and just-as-excellent teachers as Europe has. Eleanor Bacon-Peck and Adell Sutherland were seen having dinner with Helen Wyeth Peirce, president of the New Jersey State Federation of Music Clubs, who appeared on the evening program to bring greetings from the Federation.

And we suspect that there were more Belleville people there, too. All in all, it proved that New Jersey has a great deal to offer in a cultural way.

NUTLEY SYMPHONY CONCERT

The Nutley Symphony Society will present its "Pop" Concert for the benefit of the High School band tomorrow night at 8:30 in the auditorium of the High School. Proceeds will be used for the purchase of band uniforms.

William Oscar will conduct the following program: "Marche de Triomphe," composed by Ada Weigel Powers, Nutley, and orchestrated by Mr. Oscar; "Symphony No. 5, in C minor," Beethoven; "Concertina for Clarinet," von Weber, Carol Carswell, Belleville, soloist; "Rhapsody in Blue," Gershwin, with Anne de Beaux, pianist; "Victor Herbert Favorites."

A large number of Belleville subscribers attend the concerts each year.

Turning The Clock Back

FIVE YEARS AGO

Formerly there were eleven westbound weekday trains and nine eastbound: eight westbound and as many eastbound Saturday trains. Some trains had as few as seven passengers.

A revised schedule is printed below. Belleville was represented by Commissioner Louis A. Noll, director of Parks and Public Property, in charge of transportation, Town Attorney Lawrence E. Keenan, and Charles B. Tedesco of the Department of Parks and Public Property.

Commissioner Noll, after a careful study of the costs of operation of the trains in view of the fact that the present three trains operating on Sundays carry an average of eighty-five passengers throughout the day. Upon the suggestion of Commissioner Noll, tickets from Cleveland street and Belleville (Essex street) stations will be valid at all times on trains from North Newark station (on Greenwood Lake Branch) to Jersey City.

The plan of the railroad officials called for the elimination of Sunday service in view of the fact that the present three trains operating on Sundays carry an average of eighty-five passengers throughout the day. Upon the suggestion of Commissioner Noll, tickets from Cleveland street and Belleville (Essex street) stations will be valid at all times on trains from North Newark station (on Greenwood Lake Branch) to Jersey City.

Toot-Toot No Longer

Several years ago the residents of the Valley section of the town complained of the disturbance created by the operation of the train passing through Belleville at 12:40 a.m. It was claimed that the tooting of the warning signals at the various crossings awakened many residents. In view of the fact that this train takes on no passengers in Belleville and discharges but one passenger, it was agreed by officials to eliminate this service.

The following is a schedule of the trains now effective in accordance with the decision of the Utility Commission:

Hall, New Jersey College for Women.

Wayne D. MacMurray, Asbury Park Press and president of the association was toastmaster. Greetings from the university were extended by Dr. Robert C. Clothier, president followed by the presentations and a talk by Elisha Hanson, general counsel, American Newspaper Publishers' Association on "What The Press Means to America Today."

Obligation Of Press

The obligation to insist upon individual freedom regardless of any form of national emergency rests upon the press of the nation, he told 200 New Jersey newspaper men at the dinner session. "No newspaper worthy of the right to exist should publish information concerning the movement of ships or of troops or of aircraft that might endanger the lives of our soldiers, sailors and airmen or even the success of our cause should this country be involved," he said. "But it is the obligation of every newspaper to insist upon its right to gather and disseminate information about affairs of government of general public interest in time of war just as in time of peace."

"It is likewise the obligation of the press to insist that individual liberty shall not be destroyed, whatever the form of national emergency." The Asbury Park press received a plaque for winning the "Four Freedom" award set up this year by the association. The award will go annually to the newspaper publishing the editorial judged to contribute most to the preservation of the four freedoms guaranteed by the Constitution. The editorial entitled "The Paradox That Is Germany" was printed September 14.

The Newark News and The Hunterdon County Democrat of Flemington received silver trophies for being the outstanding daily and weekly, respectively, in the State.

Awards In Competition

Two hundred newspapers entered the annual competition for certificates. Judging was done by Frank B. Hutchinson, field secretary, New York Press Association. The list of first-place winners, who will receive silver cups, in other annual awards follows:

The engagement of Miss Myra F. R. Zink to C. Bradford Brown,

Myra Zink Jr., was announced Monday afternoon at a tea at the home of her parents, State Senator and Mrs. Homer C. Zink, 26 Rossmore place.

Miss Zink is a graduate of Belleville High School Class of 1935 and the New Jersey College for Women. She is a member of the Belleville Junior Women's Club.

Mr. Brown is the son of Mrs. C. Bradford Brown of Woodcliff. He is a graduate of West New York's Memorial High School and

"The Old Maid" at Capitol

A drama that will linger long in the memory of all who see it is "The Old Maid" which opens Sunday for four days at the Capitol with Bette Davis and Miriam Hopkins in the starring roles. A deeply stirring story of the curious bond of hatred that binds two women together, it is matchlessly performed by the two stars and a brilliant supporting cast. Produced by Warner Bros., the new film is a worthy successor to such recent triumphs as "Juarez," "Dark Victory" and "Daughters Courageous," from the same studio.

"The Old Maid," written by Edith Wharton, was first a world-famous best-selling novel, then was made into a stage play by Zoe Akins (winning the Pulitzer Prize of its year), and was per-

Rutgers University. He is a member of Delta Upsilon Fraternity and Phi Beta Kappa.

JUBILEE SINGERS WILL BE HEARD AT CHURCH

Radio Stars Scheduled At The Second Baptist

The Harrison Jubilee Singers of New York City will be the feature artists in a Gospel song feast at the Second Baptist Church on Friday, October 20. The church is located at 266 Cortlandt street.

The singers, who are led by Frank F. Harrison, broadcast Sunday mornings at 10 o'clock and Sunday afternoons at 3:00 o'clock over WMCA.

The Men's and Women's Clubs of the church are sponsoring the program. The co-chairmen of the committee in charge are Thomas Edwards and Mrs. Mary Smith. Mrs. Charlotte Smith is in charge of publicity.

Rev. Golsten is pastor of the church.

SKATING PARTY

The Junior League of the Herbrew Orphanage and Sheltering Home will be host at a roller skating party at Riviera Park on Monday evening. The proceeds will be used to help clothe the children at the home.

Doris Starkman, chairman, is assisted by the following committee: Morris Schlacter, Frances Geller, Selma Greenberg, Philip Cohen, Sally Rabinowitz, Mary Levey, Hy Siegel, Hillside, and Dr. Louis Butan, West Orange. Gertrude Jacobs is in charge of publicity.

Included in this week's miracles is also De Camp Bus Lines for its scouring to poisoned perfection of its local and inter-state buses, a ritual that is carried out, unseen by the average passenger, at the company's big terminal in Livingston. Epic and span inside and out, De Camp buses command admiration wherever they travel, and for a clean, calm ride, whether its from Montclair to Manhattan, or Market street station to Morristown, any way of travel is the De Camp way.

Exclusively YOURS by Bill Myers

HOW many of the thousands of people who travel about in the Military Park section of Newark every day have the faintest idea of what has happened to the Robert Treat Hotel in the last couple of years? How many realize that Lloyd G. Robinson, vice-president and general manager, has actually rebuilt the entire hotel from within — making it one of the most formidable hotels in the East? Scores of workmen, operating from scaffolding, their actions unseen by guests and visitors, have finally completed a \$250,000 modernization program that will go down in hotel history as one of the greatest accomplishments of any one hotel manager, yet modest Mr. Robinson passes on the laurels to the architects, designers and the owners, to whom, of course, much credit must be given. A miraculous accomplishment this re-building of the Robert Treat, putting the hotel on a pedestal that hotel men from all over the country will salute.

PROBABLY one of the greatest house-cleaning jobs performed in Newark every day occurs at the Alderney Dairy Bridge street plant. Every inch of pipe is dismantled, thoroughly cleaned and sterilized every day, as well as the inside of every tank (all of them glass-lined) so that the plant is always a miracle of cleanliness. Even the little white berets the Alderney workers wear are as spotless as a fleecy cloud sailing through a blue sky.

IT is getting so that people are saying "better make it the Longhorn tonight," and if you have ever had dinner at this popular West Orange spot you probably would be saying pretty much the same thing. The Longhorn continues (and no doubt will forever and a day) to have that something that has that rare distinction of making you feel important and at home at the same time. A unique combination, indeed, for a restaurant to have the sophistication of Park Avenue and the Continent and yet be roadside-ine enough to allow you to relax to your heart's content.

SHOULD you like the best in Italian specialties, done in the manner of Milan and Rome, then the London in Northland road, Livingston, is the best bet for you. John Tos, the genial proprietor, who feels that the best is none too good for his customers, is using something entirely different in Italian foods, and in a setting that is delightful beyond compare heretofore, for the Condo is one of North Jersey's show-places.

I LIKE: The alertness of the new boys back of the Treat's new newsstand and cigar counter. The souvenir postcards from Alderney's Route 10 Milk Barn. The kind of a speech Winston Churchill made telling Hitler where to get off. . . . The praise of those army officers for Newark Airport. The Nutley Sun's Page 1 make-up last Friday. Essex Lodge on Route 6, West Caldwell. . . . A glass of Alderney buttermilk — any time. . . .

ASIDE, to Kenneth Loughren: Frank Daily's Meadowbrook would be my suggestion. . . . Grace Lennon: Alderney's Milk Barn will remain open the year 'round. . . . F. L. Thomas: Thanks but I regret I will be unable to make it. . . . (Mrs.) T. A. McQuade: There is a one-cent per quart difference in price for Alderney Guernsey milk. . . . H. J. T.: You are mistaken, but thanks for the tip. —Adv.

Last Glimpses of the Summer Season

The warm, peaceful days are at an end, and these passive cows on one of the Alderney Dairy Company's New Jersey farms will soon be off to cozy winter quarters in modern heated and ventilated barns after a summer of healthful, invigorating outdoor life. The little girl in the lower photograph is already back in kindergarten after her last fling at summer with her favorite pet, a month-old Alderney calf, which some day may supply the milk she will drink. —Adv.

NATIONAL FIRE PREVENTION WEEK

Belleville Joins the Nation in Observing National Fire Prevention Week

Beginning Sunday, October 8th, to Saturday, October 14th.

Prevent Fire!

Commissioner William D. Clark Advises:

1. Keep cellars clear of refuse, especially paper and oily rags.
2. Make periodic checks on oil burners, supply tanks and piping.
3. Clean chimney flues and check for chimney defects.
4. Do not keep inflammables in the house. If they must be kept, see that they are under lock and safe from children's reach.
5. Do not put hot ashes in wooden barrels.
6. Keep fire wood away from all waste papers and rags. Papers and rags mixed in with wood or coal may start spontaneous heating.
7. Don't go out at night and leave the children home alone.

Constant effort has brought our Police and Fire Departments to a high degree of efficiency. They are constantly on the alert to prevent fires and remove fire hazards.

But the Police and Fire Departments cannot do it all. THE CITIZENS MUST HELP.

For yourself . . . your children . . . your property . . . please be on guard against FIRE

In case of fire, call the Fire Department immediately. Do not try to extinguish it yourself. Phone BELLEVILLE 2-1500.

SPORTS

BEFORE YOUR EYES

By Joe Duval

BELLEVILLE football rallies are great things; you never can tell what's going to pop up next. Looks like they'll be good to take a few more hairs out of this thinning head. In the midst of the rally at assembly Friday morning this column was taken for a slight ride by the multitude egged on by Principal Kittie because we reported that the Bellboys were ultra-light and short on experience.

We stick to the claim in the face of the proverbially hepped-up football Demosthenes. Facts is facts period and their ain't no pettin' around 'em. If the team goes out and makes a swell showing despite its handicaps, then all the more credit to it.

Bill Foley will put nine veterans on the field when Bloomfield comes to town Saturday; — that's an experienced team. But eight new men make a green eleven in any league.

That Belleville showed up better than anyone, even Frank Smith, anticipated is a fact and it certainly raises hopes for the result this Saturday. Two double horseshoollers in a row is too much. Pitt and Fordham made it three, but then the slaughter started. I think points will be scored this week and they won't all be by Bloomfield.

Aside to the High School rooters: if this column helps to get you stirred up to a showing like Saturday's, thanks.

Five years ago one of Belleville's big grid gruns was Ed Sadlock. Starting in the backfield and finishing at end, Ed was a mainstay of the football team for four years, was a high-scoring basketball forward and played varsity second base with the diamond men for four years. He went to the University of Florida where he obtained his degree in three years. Last year he coached football and taught at North Arlington. Last winter he was high scorer for the Eagles in the Senior Recreation Basketball League.

Looking over his record, you'd think that Ed Sadlock knew his sports and especially his football, wouldn't you? Well, Ed, who is currently teaching at Bloomfield High, has the other instructors at that worthy institution of learning all of a dither freely predicting that Bloomfield will come home from Belleville on the short end of the score this Saturday.

Ed may be speaking from loyalty or from observation, but he certainly has burned his bridges behind him. Says one young lady at Bloomfield: "Mr. Sadlock has been telling us all that Belleville is going to win. Gosh, I hope not. But anyway we don't believe him."

Ye Prognosticator

YES, CHILDREN, there were updates last week and old Mustapha Ali is still groggy from the licking he took. This week he went out and bought a new gazing crystal, trimmed his beard, took a deep breath and stuck his neck out again.

Quoth he: "Awful, awful. Who expected Mississippi State to trounce Arkansas, Catholic U. to beat South Carolina, Pacific to lick California (that's what they get for trying to play two games in an afternoon), U.C.L.A. to turn on Texas Christian? I had only 20 wins, 10 losses, 4 ties."

Divining into a seance he came up with the following:

East — The major interest is along the Atlantic seaboard this week. Fordham, stung by the ignominy of the Waynesburg score, will turn back Alabama; Carnegie Tech should win a close one from Temple; Columbia and Yale are on a par with their '38 teams so we'll stick with the New Yorkers; Cornell won't let Syracuse surprise them again — vote for Ithaca; Holy Cross will have trouble with the invaders from Louisiana State but the Crusaders should continue their victory march; Villanova's only '38 blemish was the South Carolina tie, this year the Wildcats will rub it out. Locally Rutgers will take Wooster and Upsala will upset Blue Ridge. As for the rest: Brown over Amherst, Army over Centre, Harvard over Bates, Boston College over St. Joseph's, F. & M. over Boston U., Penn State over Bucknell after a hard fight, Georgetown over Roanoke, George Washington over Davis-Elkins. Princeton should take Williams easily, Pitt will top West Virginia, N. Y. U. without much trouble over P. M. C., Manhattan over St. Bonaventure, Penn over Lafayette, Vermont over St. Lawrence.

South — Not much to attract the eye with Duke leading with a win over Colgate. Tulane is going to have plenty of trouble with Auburn but should come through. Vanderbilt's upsy-downs team should be upsy over Kentucky. Also to run: Mississippi State over Florida, Georgia over Furman, Navy over Virginia, Mississippi over Southwestern, Tennessee over Sewanee, Wake Forest over Miami.

Midwest and Southwest — Minnesota and Nebraska are playing their annual brawl; the going's going to be tough but we'll pick the Gophers. Northwestern and Oklahoma are in another toss-up but we think the Wildcats are due for their best year — Northwestern. Ohio State opens with Missouri and "Close-the-gates-of-mercy" Schmidt will have the gate slammed in his face; we'll stick with Missouri. Michigan will keep the little brown jug in the big game with Michigan State. Texas Christian, Baylor, Iowa and Kansas State will be engaged in a fight for life but we'll pick them over Arkansas, Oklahoma A. & M., Indiana and Marquette respectively. The others out there: Notre Dame over Georgia Tech, Iowa State over Kansas, Rice over Centenary, Southern Methodist over Texas Teachers, Wisconsin over Texas, Utah State over Colorado, Utah over Wyoming, Western Reserve over Ohio.

Pacific Coast — Games are few but select out on the coast. St. Mary's will surprise California. Southern Cal should win in a squeeze over Washington State. We'll take U. C. L. A. over Washington, Idaho over Oregon State, Stanford over Oregon, Santa Clara over Texas A. & M.

Bellboy Hopes For Bloomfield Victory Raised After Skirmish With Barringer

MANAGOFF SET TO TAPER OFF GARIBALDI

Pair Are Featured In Columbia Park Wrestling Match

Bob Managoff, the sensational young Armenian wrestling marvel, who hails from Chicago, has thrived on the diet of Duseks that has been dished up to him in recent weeks in the Thursday wrestling bills at Columbia Park on Hudson Boulevard in North Bergen, but he insists that his lust for victory cannot be satisfied with less than a victory over one grappler who has long been his nemesis, Gino Garibaldi lar-ruping Latin from St. Louis.

Ralph Mondt, Columbia Park promoter, gives Managoff his opportunity to register a victory against Garibaldi tonight. He has signed the two muscle-armed maulers to engage in mat combat as the feature of tonight's bill of five star-studded bouts.

Jolting Joe Dusek holds the featured spot in the preliminary bill, being engaged to encounter Mayes McLain, former University of Iowa football luminary, in the thirty-minute limit semi-windup bout.

Three preliminaries, limited to thirty minutes each, show Irish Tom Mahoney meeting Eddie Newman, New York Helms; Nanno Singh, colorful Hindu who boasts the exclusive use and knowledge of the deadly "cobra-clutch" hold, versus Chic Garibaldi, younger brother of the headliner of the show; and Alan Eustace, versatile Kansan, opposed to Frank Bronovic, one-time native of the now sadly devastated Poland.

Robinson Again Proves Jinx As Zebras Drop 7-2 Decision

Bengals Stack Nine Veterans Against Smith's Team At Clearman

Bloomfield will breeze into town for its game with Belleville Saturday at Clearman Field with a team chock full of veterans. No less than nine holdovers from last year will be in the starting line-up for the Bengals.

The only newcomers are Jim Landrun and Ray DeLuca at the ends of the line where, oddly enough, Frank Smith has two of his three veterans.

Captain Wilfred Johnson, who plays tackle, heads the list of returning varsity men. The others are center Bill Greenip, guards Adam Koehl and Al Robinson, tackle Larry Stevens, and backfield man Frank Vesterman, Ed McGowan, Tom Adams and Sam Zahnl.

Of these Johnson, Greenip, Vesterman, Stevens, Adams and Zahnl started against Belleville last year, while McGowan also saw action.

This line-up Bloomfield is considered one of the strongest aggregations in New Jersey, a position it has seldom relinquished during the past decade or more. The Bengals' showing against Weequahic last Saturday was disappointing to many of their followers since the Newark school is not rated too highly.

It is said, however, that Bloomfield used no more of its power against the Indians than was necessary to win, reserving its strength for the tougher tussles to come.

Will Open Up

Saturday they are expected to open up with everything they've got in a determined effort to break the string of scoreless deadlocks to which they have been held by Belleville.

On the other hand, Belleville has been pointing for this game since the Bellboys went into training five weeks ago. The Zebras are determined to put the horseshoollers on the visitors for the third year in a row.

The standstill to which the Bellboys fought Barringer last Saturday belied their lightness and inexperience. The smell of battle in their nostrils gave them the extra something which makes a team good.

It is this spirit which has given Coach Smith his only ray of hope during the first month of practice. Bloomfield will average 175 pounds compared to Belleville's 162. The Bellboys hope to make up this disadvantage with several trick plays.

Andy's Shuffleboard League Plans Early Opening

A new board has been added to the two in place last year at Andy's Shuffleboard Parlor, 394 Washington avenue, and plans are well on their way to completion for the annual men's league during the winter.

The new board is of West Virginia hardwood, long recognized as one of the best in the field. It is expected that the men's league will begin to function in another week or two. Last year there were eight two-man teams in the circuit.

Also under consideration is a ladies' league, which will probably roll in the afternoons. Feminine interest in the sport has been growing by leaps and bounds in Belleville during the past two years. The management expects soon to announce several feature meets to be staged between leading shuffleboard experts throughout the east.

MINORS REGISTER 21 WINS, 17 LOSSES

Victories Over Belleville Nines Highlight Season; Williams Leads Batters With .289

The Pittsburgh Minor Leagueers, rained out of their final game with the Woodside Sunday, finished their baseball season with a record of 21 victories in 38 games against some of the strongest opposition in the state.

High points in the Minor season were the victories over the Harrison Hudsons, champions of the West Hudson League, the West Orange BBC, Lodi Richards, Netcong BBC, Springdale AC and two of Belleville's best clubs, the Senators and Cardinals.

Seven of the 17 losses were of the one-run variety, three of which went into extra innings. Marty Williams took the batting crown for 1939 with a new low of .289. Six others were above him in the averages but had played in less than two-fifths of the games. Interesting is the fact that, of all of Williams' 26 hits, not one was an extra base blow.

George Wiggins was the leading pitcher. He worked 109 innings, pitched ten complete games and proved to be the hard luck hurler, losing four of the one-run games.

Ed Fiske shattered a ten-year record by striking out 53 times and Jerry McGlynn broke another mark when he received 28 passes to first. A record which came to an end during the year was Henry Lubben's consecutive game streak of 131 begun in June 1935.
