

NIGHT OF CHAMPS HONORS WINNERS OF REC ACTIVITIES

More Than One Hundred Individual Champions Are Presented With Trophies

Monday evening the Belleville Recreation Department held its fourth annual "Night of Champs" at School No. 8. Commissioner Elmer S. Hyde personally presented over one hundred different awards to the champions of the various Recreation activities conducted during the winter season. Champions were honored in Weightlifting, Girls Fencing, Boys and Girls Fencing, Girls Basketball, Boys Junior Basketball, Boys Intermediate Basketball and Rifle Club.

Robert E. Cook, Superintendent of Recreation, served as Master of Ceremonies. Harold Brand introduced the Rifle Champions, and Miss Virginia Harrison introduced the Girls Basketball Champions. Commissioner Hyde stated that he was proud of the fine Belleville youth represented at this "Night of Champs."

Those who were honored follow: Bicycling—Pat Ugaro, Bob Fiorenza, John Little, Ed Little, Jr., Joe Witke, Mary Jane Richter, Phyllis Onofrietti, Patty Gresh, and Bonnie Claire Cook.

Weightlifting—Tom Reid and Nancy Worthington. Girls Basketball—Barbara Probert, Maureen Donnelly, Carol Brand, Marilyn Partington, Carol Hoffmann, Marlene Grulick, Carol Edwards, Jane Rankin, Florence Taylor, Terry Vitale, Sue Schaffer, Judy Avallone, Barbara Campbell, Gino Gelfo, Betty Corbett, Carol Danisio, Grace Ferrigno, Joan Kosinski, Ellen Stulman, Nancy Worthington.

Weightlifting—Vincent Cantalupo, Robert Sargent, Tony Bianchini, Charles Adams, Guy Caprio, Joe Serfetta.

Boys Rifle Club—Charles Bush, Van Kozlovicz, George J. Gresh, Varnick Vance, Vincent Francis, Frank Hunkle, Robert Russo, Ed Struck, Albert Koechele, Richard Grier, Robert Sells, Alan Coppola, Walter Orth, Robert Patterson, Robert Babb, Joe Inavelli, Richard Lovack, Jack Leichter, Robert Keener, Andrew Provenelli, William VanDusen, Arthur Zeller, Robert Smith, Michael Gubillo, Roger Piza, Louis Zardo, Leo Sylvester, William Hanley, Bill Hassan, Art Carlson, Jr., Ken Brown.

Girls Rifle Club—Olivia Schleckman, Nancy Blazer, Joyce E. Menn, Lillian Heller.

Boys Junior Basketball—Richard Nisavacca, Michael Pizzuto, Simone, Robert Denard, James.

SPRING CONCERT SET WEDNESDAY

The annual Spring Concert by the High School Musical Organization will be given Wednesday evening. The program will be presented in the high school auditorium.

Featured on the program will be the Varsity Band, Baker's Dozen, Glee Club, Choir, Orchestra, and soloists Donald Helme, Shirley Sien, Richard Abigail, Michael Gatto, Santa Josef, Constance Ward, Edward Fazzolari, Kathleen Castiglia and Melvin Tosiello.

The concert is open to the public. Tickets are fifty cents and may be purchased at the door.

Industry In Belleville:

Westinghouse Plant Specializes In Lamp Bases

Local Plant, Built In 1923, Produces Millions Of Pieces Every Day

Specializing in the production of lamp bases of every kind, the Westinghouse Lamp Division Plant here in Belleville occupies nearly 160,000 square feet of manufacturing space and employs 475 people.

Built in 1923, the Belleville Plant was one of five in the Lamp Division. Today, however, it is the Division's third oldest, with only the Trenton and Bloomfield Works outdating it.

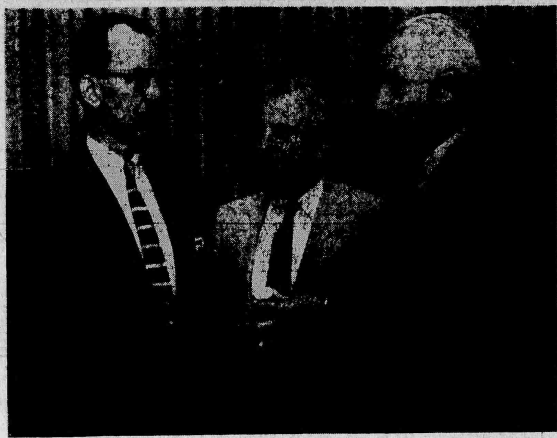

Millions of pins, parts, metal bases, radio bases, and fluorescent bases are manufactured here each day. A year's production totals better than a billion items.

In March, there were 276 different types of items made here. There are seven types of pins, 56 pins, 66 metal pins, 123 radio bases, and 25 fluorescent lamp bases.

The plant is unique in that it is the only plant in the world in which three materials are used for the manufacture of lamp bases. The materials used are plastic, brass, and aluminum. All three types of bases are made under one roof.

When the Belleville Lamp Plant was built in 1923, the Town

Receive Safety Film For Local Schools

C. Stewart Mead, safety consultant to the New Jersey Automobile Club, presents prints of safety film, "Tommy Takes to Traffic," to left, Assistant Superintendent of Schools Harold Dufford and Superintendent of Schools Anson B. Barber of Nutley. Film, which shows safe walking procedures for children in traffic, was produced by New Jersey Auto Club for presentation to elementary schools in Essex, Union and Morris Counties.

N. J. BELL ASKS 35 TO 55 CENT RATE INCREASE

Monthly Residential Phone Rate Would Be Raised From \$6.10 To \$6.65

The New Jersey Bell Telephone Company applied to the Public Utilities Commission, this week, for an increase in rates which would add \$14,148,000 to its gross operating revenue.

The company estimates, however, that it would actually realize, after taxes, less than half this amount or \$6,232,000. It asserted that the increase would increase its gross operating revenues by five per cent.

Under the new rate schedule, individual residential telephone rates would be increased from \$6.10 to \$6.65 per month; two-party lines from \$8.65 to \$9.20 and three-party lines from \$9.20 to \$9.75. Business extensions would be increased from \$2.50 to \$2.75, and business extensions \$1.25 instead of \$1.00.

Weekend Weather

The outlook for the weekend is for cloudy skies on Saturday and showers falling on Sunday.

Red Cross Is Seeking Motor Service Volunteers

Mrs. Irma Ryer, chairman of the Red Cross Motor Service unit of Belleville, reports this week that the local chapter is urgently in need of volunteers for this work. Experienced drivers are needed to drive the chapter station wagon one day a week, she said. Any interested persons can obtain further information by calling Red Cross headquarters at PL 9-4610.

THOMAS TELLS OF HIGH COST OF SCHOOL VANDALISM

Broken School Windows In System Since July 1 Cost Taxpayers Over \$6,500;

Belleville Board of Education this week announced an all-out campaign to curb the spread of vandalism which has led to widespread damage to school property in town. Calling on all parents of school age youngsters and the parent-teacher associations in town, Superintendent of Schools Evan H. Thomas said the vandalism is costing an exorbitant amount of money.

Especially since everyone in town has become so tax conscious in recent years, Thomas said, it is important that a stop be put to all this needless waste in dollars and cents, this unchecked vandalism costs several tax points a year, Thomas pointed out.

Citing specific figures, Thomas showed that at School No. Five

SCHOOLS RECEIVE FILM ON SAFE WALKING METHODS

Film Strip Is Prepared For Showing To Elementary Grades By Automobile Club

Children in Belleville elementary schools will have the opportunity of studying safe walking procedures in traffic as the result of a film strip, "Tommy Takes to Traffic," produced by the New Jersey Automobile Club and presented to the local school system Friday.

Prints of the film for every local school having grades two to four were presented by C. Stewart Mead, safety consultant to the New Jersey Auto Club, to Harold Dufford, assistant superintendent of Belleville schools at a meeting of Essex school superintendents at 36 Cloud Mountain Pkwy. West Orange. The superintendents viewed the film before the presentation.

In all, 150 prints were presented to the various school systems in Essex. Subsequent presentations will be made to school superintendents from Union and Morris counties, Mead said, for a total distribution of some 600 prints.

The film, in full color and bearing captions for its 31 frames, traces the course of "Tommy" from his home to school. He carefully observes traffic lights, heads the direction of policemen and school safety patrols and crosses only at crosswalks. "Where no crosswalk is on duty he is taught to 'be his own policeman'."

The film uses a positive approach throughout to encourage good traffic habits.

Production of the film is a key effort in the New Jersey Auto

Hot Tips On Painting By Chief White

If your Spring Clean-Up plans call for painting, Fire Chief Harry T. White has these fire safety suggestions especially for you:

- (1) Non-flammable solvents for paint removing, brush cleaning and thinning are safest, of course, but if you must use flammable solvents, remember to work with them out of doors or in well ventilated rooms indoors.
- (2) Take extra care in storing your paint materials. Use only well ventilated places away from furnaces and stoves, away from exits or under stairways (so you will not be blocked from escaping should these highly combustible materials catch fire).
- (3) Throw away old paint containers or those holding only small amounts of paint—always use metal containers for paints and solvents as glass jars and bottles have a long, tragic record of cracking or breaking too near some ignition source.
- (4) Your safest practice with paint or solvent-soaked rags is to completely dispose of them outside of the house, but if you must store paint rags, use a metal container with a tight cover.

Retires

Francis Gilroy

FRANCIS GILROY TO RETIRE FROM POLICE FORCE

Was Serving As Sergeant Since March Promotion; Resigns Because Of Pay

Public Safety Director Harry J. Sullivan today announced his acceptance of the Resignation of Police Sergeant Francis J. Gilroy from the local Police Division of his department.

Sergeant Gilroy, a member of the Division since August 1, 1947, was promoted to his present position on March 17 this year, after having earned his Police Certification. Gilroy headed the list of eligibles for promotion.

In tendering his resignation request, Gilroy stated he was compelled to take the step due to the fact that the present police pay scale is inadequate to support his family at the present cost of living. He added under present conditions a member of the Police Division would be taking part-time employment in addition to his police duties resulting in the loss of health and family life.

Sullivan in granting Gilroy's request stated, "The loss of Sergeant Gilroy's services will prove a great one to the department since he has shown great capabilities as a Police Officer during his ten years with the Division. The reasons expressed by Sergeant Gilroy for his resignation certainly are valid. The character of present police salary standards who claimed members of the department are receiving a high salary at the present time. Sergeant Gilroy has proved himself an exemplary employee during his ten years' service and his loss will be keenly felt. Naturally, by his personal welfare and that of his family, he has the right to desire to provide for them in a commendable," Sullivan said.

Purse Is Snatched Here, Woman Reports To Police

Mrs. Lela Smith, of 160 Hornblower Avenue, reported to police this week that a love letter had been snatched from her purse early Sunday as she was returning from a baby-sitting job.

Mrs. Smith said the thief, about 35, showed her and grabbed the purse containing \$14. She was not knocked down, she told police, and added that she was not injured or otherwise molested.

Board Appoints Wische As Physical Education Director

Former Varsity Basketball Coach To Assume New Duties At Start Of Next School Year

STATE BEGINS WORK ON ROUTE 21 EXPRESSWAY HERE

Highway Department Makes Application To Engineers For Construction Permit

The New Jersey State Highway Department this week made application to the Army Engineer Corps for an Army permit to construct a bulkhead and to dredge and place fill in the Passaic River, both north and south of the Avondale Bridge, in Belleville, Nutley, North Arlington, and Lyndhurst. The application was made to the office of the district engineer in New York.

Request to carry out the project is in connection with the plan to make the expressway along the present site of Route 21 between Belleville and Lyndhurst. Plans for widening the present roadway were approved by the state last summer. The work described in this week's application is made necessary because of the new expressway will be built on land presently occupied by the river channel.

The applicant proposes to construct both steel pile and reinforced concrete bulkheads, and to place fill retained by revetments along the westerly side of the river in an area extending from about 4,000 feet south to about 3,000 feet north of the Avondale Bridge. The protected fill will extend a maximum distance of 100 feet channelward of the established combined United States Pierhead and Bulkhead Line.

It was also proposed to dredge to a maximum depth of 11.7 feet below mean low water an area 2,140 feet along the easterly side of the river extending from 1,900 to 4,000 feet south of the Avondale Bridge, and another area to the same depth 1,600 feet long extending from 1,350 to 2,900 feet north of the Avondale Bridge.

Continued On Page Two

KIDDE COMBINES OPERATIONS HERE

Announcement has been made by Walter Kidde & Company, Inc. that effective April 1, all of the operations of the Thermalec Engineering Division, including Kidde Pacific, Van Noy, California, a Kidde Subsidiary, were transferred to the Aviation Division of Walter Kidde & Company, Inc. at Belleville.

The Thermalec name is being dropped and the division is being renamed the Thermalec Division. The division's products, heat detectors and other products made by Thermalec, will be manufactured in Belleville and will be marketed under the familiar name of Kidde.

Distribution will be through Kidde's aviation district sales engineering offices located in Dallas, Dayton, St. Louis, Seattle, Vancouver and Washington, D. C. In Canada, distribution will be through Walter Kidde & Company of Canada Ltd., Montreal.

The Face Is Familiar:

Isabel Rostek And Petrean Club Show Are Reviewed

by Myrna Lamb

If you wanted to make a cake that looked like the town hall, what would you do? Mrs. Edward Rostek, was faced with just such a dilemma one day. She proceeded, after baking six square layers, to the site of the building itself. She parked her car. She began to sketch. Mrs. Rostek spent some hours at the endeavor, and, in the process, moved her car several times, so that she could cover all angles of the town hall.

A policeman, justifiably perplexed, finally moved to one of the stations chosen by this construction enthusiast. "What are you doing?" he was moved to inquire. Mrs. Rostek informed him of his ten years' service and his duty store on William Street, "the mission of the law pronounced by the town hall, the postcards with pictures of the town hall. What that help?"

There was, finally, a cake that looked like the town hall, white and had columns, and stood on a platform of simulated grass and flowers. It even had telephone in the windows, and two green marbles to indicate the windows of the town hall.

The cake presided at a speaker's table at the Woman's Club. It was without a doubt, magnificent. The main speaker was just about to launch into full-speed rhetoric, when she was interrupted by a horrifying sight. Someone

FREE CHEST X-RAYS SCHEDULED HERE FOR MAY 15 AND 16

Belleville - Nutley Chapter Of Tuberculosis Society Brings Mobile Unit Here

The annual free community chest X-ray program sponsored by the Belleville-Nutley Tuberculosis Association will be held next week in town. All adults, either living or working in Belleville, will be eligible to take advantage of the free X-rays. This year's program marks the fifteenth annual year that the service has been provided.

The X-ray unit will be in Belleville on Wednesday, Brighton Avenue and Harrison Street in the parking lot of the Paillo's Restaurant, from 10 a.m. to 12 noon. It will then move to the Silver Lake Fire House from 2 to 6 p.m. and from 7 to 9 p.m. On Thursday, the portable unit will be parked in front of Town Hall from 10 a.m. to 12 noon, from 2 to 6 p.m., and again from 7 to 9 p.m.

Both Town Health Officer Eugene T. Berry and Miss Flora Louden, president of the Belleville-Nutley Chapter of the Tuberculosis Association, urged all local residents to get their free chest X-rays while the unit was in town. Adults should be X-rayed every year, they stressed.

By bringing the mobile unit around to the various communities, the group hoped to make it easy for every individual to avail himself of this preventive measure in the heart of his own community. With the new mobile unit, the chest X-ray is a fast, easy, confidential, and free service, Miss Louden emphasized.

State To Sell Five More Veteran's Barracks Here

Notice has been received from the State of New Jersey, Public Housing and Welfare Department, of 520 East State Street, Trenton, that the following Veterans Barracks will be sold on Monday, May 27. Room 505, at 11:30 a.m. at the above address. Bids may be mailed so as to arrive before the time stated. The sale of the barracks are: 221 Brighton Avenue, 229-231 Ralph Street, 498-500 Cortland Street, 510-512 Cortland Street, and 514-516 Street.

ESSEX COUNTY RAISES HALF OF LAST YEAR'S SUM

Henry H. Hegel, Essex County Easter Seal chairman, today thanked the thousands of Essex residents who have sent Easter Seal gifts for the physically handicapped—but added that Easter Seal contributions are critically needed. The formal Easter Seal Appeal period ended Easter Sunday.

"The many thousands of loyal supporters who contributed to the crippled children's appeal who have responded to our Easter Seal Appeal have made significant contributions to the Easter Seal service for the handicapped," Hegel said. "However, for some reason, many of our friends have not sent their Easter Seal gifts for the handicapped this year. The result is that even now, New Jersey's contribution to the Crippled Children and Adults has barely 60 per cent of its 1957 state goal."

Essex County response to the Easter Seal Appeal is barely over half of last year's total. Hegel stated, despite the fact that in 1956 the total contribution to the Easter Seal was increased by at least 37 per cent. The formal Easter Seal Appeal period ended Easter Sunday.

Essex County response to the Easter Seal Appeal is barely over half of last year's total. Hegel stated, despite the fact that in 1956 the total contribution to the Easter Seal was increased by at least 37 per cent. The formal Easter Seal Appeal period ended Easter Sunday.

EASTER SEAL DRIVE SHORT OF QUOTA

Essex County raises half of last year's sum. Henry H. Hegel, Essex County Easter Seal chairman, today thanked the thousands of Essex residents who have sent Easter Seal gifts for the physically handicapped—but added that Easter Seal contributions are critically needed. The formal Easter Seal Appeal period ended Easter Sunday.

East Orange Girl Is Bride Of Thomas Hannen Here

St. Peter's Church was the scene, Saturday, of the wedding of Miss Elizabeth Hopler, daughter of Mr. Otto M. Hopler, of 49 Fulton Street, E. O., to Mr. Thomas J. Hannen, son of Mrs. Helen Hudson Hannen of 298 Union Avenue.

Rev. Albert Wickens officiated. A reception at the Rob-in Hood Inn in Clifton followed the ceremony.

The bride wore an organdy gown with a three-tiered skirt, a crown with a fingertip veil, and carried a white orchid on a prayerbook, with stephanotis.

The maid of honor, Miss Antie-marie Hannen, wore pale yellow organdy and carried yellow roses. The bridesmaids, the Misses Shirley Hopler, and Marietta Petriccione, wore aqua nylon tulle, and carried yellow roses.

There will be white elephant and money games for adults. There will be ample parking space, free admission, and the hours are from 2 to 7 p.m. In the event of rain, a future date will be announced.

Mr. Hannen is a service representative for New Jersey Bell Telephone Company in Newark. Mr. Hannen is a veteran of service with the Marine Corps, and is a mason working on Union Local No. 11, Montclair.

Miss Pat Sullivan, daughter of Mr. and Mrs. Harry A. Sullivan, was the bride of honor last Tuesday night at a surprise bridal shower given by Mrs. Douglas West, who is the bride-elect's mother of honor. Miss Sullivan will become the bride of Mr. Edward J. Sullivan of Bellevue Avenue on May 19.

Safety

Club's safety program for youngsters is their three-county service area. It is the first such project undertaken within the tri-county A.A.A. and the national headquarters in Washington have requested the New Jersey Auto Club to furnish prizes for distribution to other member clubs throughout the nation.

Champs

Dattoli, Richard, Lovack, John Bolento, Pete Bolento, Bill Jacquin, Charles Apposette, Marty Higgins, Nick Apposta, Robert Brown, Richard Boyce, Cliff Godfrey, Frank Wendling.

ing talent in making her daughter's clothes. (Her 14 year old daughter, Lorraine, is a pupil of Mrs. St. Dominick Academy in Caldwell.) Mrs. Rostek also speaks, paints, plays the piano, and quite recently turned her facility with language and imagery to use with the Petrean Club show.

Ah, yes, the Petrean Club show. Mrs. Rostek has just won the Club Oscar for the person who has contributed, in the opinion of the majority, the most effort to the show. In their opinion, her status as author, propman, painter, pants stancher, and showman entitled her to the honor.

In her opinion "You can write a show, but the show is nothing without the people who are working behind and on the stage. They do all the work. You just do the hollering."

This highly successful production, by the way, was the first show Isabel had ever written. She had no intention, in fact, of writing this one. It seems the Petreans were looking for a packman, spent hours in back rooms looking for something suitable.

When they did find something, the "petrean public" photographed, set down and typed copies of the 100 page script for the single purpose of pointing out its unsuitability.

Finally, the call went out for an original Petrean show. "Write one," was the order of the day. A few creative wells went dry; they dried, and there was nothing forthcoming. "How can you stand there and tell us to write a show, when you don't know how to do it?" This addressed to one and the same Isabel Rostek, "Girl Show chairman."

Isabel Rostek went home for her Christmas vacation, and thought about the fact that she didn't know how hard it was to write a show. Her son Edward was entertaining four of his Coast Guard friends at the time, and on impulse, she began to write down anything she would hear them say.

With her son and a friend of his as his bases in the morning of her acter, she proceeded to write "With A Little Luck" between Christmas and New Year's.

Joke books, the antics of young Coast Guardsmen, probably snatched the memory from an Irish-Canadian background, all became grist for the play-writing mill. It was really an excellent show. It had definite hit — home humor. It was fresh and novel and integrated. It gave a lot of people a chance to show off a lot of talent. The sets were magnificent and numerous, the singing uniformly and surprisingly good, the dancing and choreography really professional. The casting was excellent, the movie marvelous, so that the acting had movement, reality and spontaneity. It was, in the opinion of all who were fortunate enough to see it, a really good show.

According to her Hartford Public High School yearbook, "Isabel" is just another one of those girls who never studies and yet always gets an A or B in English. Because her nimble fingers turn yards of cloth into beautiful dresses, she is one of the best dressed girls in the class, and furthermore "She that was ever fair and never proud, Had tongue at will yet was never loud (courtesy of Othello)."

She didn't become a fashion designer as she had dreamed, but she uses her sewing and designing talent in making her daughter's clothes.

Principal changes from the old style cards include more specific areas of character development to be graded. The third and fourth graders will receive letter marks from "A" for excellent to "E" for failing, instead of the "A" to "F" for satisfactory or "U" for unsatisfactory. A new grade "V" for very good work was added to the marking code for first and second year students.

Thomas pointed out that a total of 67 days out of a possible 170 days were spent by two men in installing glass.

Taking the total labor cost, and estimating the amount spent for materials, Thomas said that over \$6,500 has been spent in less than one year just to keep the glass windows from being broken. That represents a sizeable number of textbooks or other equipment that could be purchased," Thomas said.

Working through the parents at home and the parent-teacher associations, Thomas hopes that a proper pupil respect for school buildings and grounds can be established. This is definitely something with which parents should be concerned, Thomas said.

"The factors of cost to taxpayers and development of right and desirable pupil attitudes are involved," Thomas said, "and to us as professional leaders, perhaps the latter factor is the more important."

Face (Continued from Page One) was about to eat a police station light! To the rescue went the mayor of buildings. The marble (and the woman) was saved. After this event, the sight of people pulling cellophane windows from between their teeth was rather anticlimactic. That could be a portrait of Isabel. Willing and highly able, impulsive and definitely good-

If all goes well, the show will be produced in Rockaway, on the Hudson, in the summer. These expansions resulted in a doubling of the size of the plant. During Belleville's infancy, a young man was quietly working his way from an office clerk, through production, purchasing, and accounting. Soon he would become Office Manager, and eventually Plant Superintendent. He was James Woodall.

Woodall would often walk across Washington Avenue with his lunch. At that time, the trolley tracks were flush against the recently built sidewalk, and the Riviera Amusement Park stood in about the same position as a used car lot does today.

New York was quite a trip in those days, so the amusement park had to provide most of the entertainment for Belleville citizens. Later there was a roller skating rink in the park, and this was the scene of many of the marathon dances so popular in the 30's.

J. C. Brown, manufacturing engineer, remembers that a trolley would often go out in a storm, and the entire plant would have to stand and wait while emergency measures were taken.

In 1948, James Woodall became Plant Superintendent. He recalls that there was always some goal to work for at the local plant. Each new lamp base represented a victory for the men who made it.

Today he is credited with having done more than anyone else to make Belleville one of the most modern and complete lamp base works in the world, while it has also become the largest producer of plastic bases.

The local operation was not as streamlined as the working 20's as it is today. For example, Ed Hackrath had the distinctive title of "factory cooper," and it was his job to seal and service the sugar barrels used at that time for packing bases. He could tell anyone how production was going along, because he handled all of it.

In 1927, the glass room ran two 12-hour shifts, and most of the plant was operating on a 10-hour shift.

In the 30's, during the lean years, Whitmore recommended the installation of conveyors. He was one of very few men who advised a substantial investment in industry at that time, and the results of his foresight are seen in the highly mechanized plant, which today produces over 75 million bases monthly.

Employment at the Belleville Plant throughout the years has gradually increased, and today the figure is higher than at any other time in its history.

The Radio Department was added in 1930, and the Fluorescent Department about 10 years later. These expansions resulted in a doubling of the size of the plant. During Belleville's infancy, a young man was quietly working his way from an office clerk, through production, purchasing, and accounting. Soon he would become Office Manager, and eventually Plant Superintendent. He was James Woodall.

Employment at the Belleville Plant throughout the years has gradually increased, and today the figure is higher than at any other time in its history.

In 1949, Woodall went to Fairmont, West Virginia, to take charge of that plant, and later became Division Manager of Manufacturing, the position he holds today.

Harry Holden, now the Division's Engineering Manager in charge of lamp parts, succeeded Woodall as Superintendent, and in 1952 he left to open the Paris, Texas, Paris Plant.

There is a present Works Manager, Harry Fox, assuming his post in 1954, after working his way up from the ranks. In 1928, he began his career as a trades apprentice, and from 1931 to 1940 he was a Foreman in the Power Tube Division. Four years later he became that section's Master Mechanic, and in another four years he was Assistant Superintendent of the section.

Fox lives in West Milford, is married, and has a son at Rutgers University. He is active in civic affairs, and has served as president of the West Milford Board of Education, as Tax Collector, and as Fire Chief.

Thirteen New York University coeds last Tuesday received awards as "outstanding" participants in the NYU women's intercollegiate athletic program during the 1956-57 school year. The presentations were made during the annual Women's varsity Athletic Dinner at the University's Washington Square Center.

The Francis Proetz Medalion to the senior making the most valuable contribution to women's athletics was presented to Evelyn Hannon, a senior Journalism major who lives at 26 Perry Street. Miss Hannon has been a member of the basketball, swimming, tennis, and volleyball teams for four years. She was twice captain of the basketball squad and once captain of the volleyball team.

Kenneth D. Taggart, of 110 Heilmann Street, won the Mathiak Award, as the accounting major most outstanding in extracurricular activities in State University business school graduating class of Rutgers.

As the final production of the year, the Players at Mary Washington College of the University of Virginia will present George Bernard Shaw's "Caesar and Cleopatra."

Student director for the comedy Miss Suzanne O'Brien, daughter of Mr. and Mrs. Raymond L. O'Brien of West Caldwell, is senior majoring in dramatic arts. She is a graduate of Belleville High School.

Miss Eleanor M. Long, daughter of Mr. and Mrs. Walter E. Long of 12 Bell Street, was an attendant to the spring queen at a formal dance of Drew University undergraduate Saturday night at the Morris County Golf Club. She was elected to serve in the court of Miss Eleanor E. Sheldon of Springfield, N.J., by popular vote of the student body.

A graduate of Belleville High School, Miss Long is a Junior in the College of Liberal Arts at Drew where she is majoring in history. She is a member of the undergraduate Student Council, dormitory president, and vice president of the Drew-Eds. undergraduate women's organization.

Marilyn Werner Is Wed To East Orange Man

Mrs. David Linfante

Marilyn Elizabeth Werner, daughter of Mr. and Mrs. Frederick William Werner, of 180 Fairway Avenue, became the bride of Mr. David Linfante, son of Mr. and Mrs. Henry Linfante, of 12 Lawton Street, E. O., Sunday, at Montgomery Presbyterian Church.

Rev. Oliver W. Chapin officiated at a double ring ceremony. The wedding was followed by a reception at the Moresque in West Orange.

Elizabeth Ann Hahn, a freshman at Upsala College, East Orange, where she is majoring in education, is the bride to Mr. Omega Chi sorority. Daughter of Mr. and Mrs. Edward A. Hahn of 136 Bell Street, Elizabeth is studying for her B.S. degree in Elementary Education.

Miss Carol Hartley, daughter of Mrs. A. A. Hartley, of 51 Mertz Avenue, will be appearing as Mrs. Hardcastle in "She Sings to Conquer." The play will be produced May 11 and 12 at Hanover College. Dr. Don A. Walters, head of the speech department, is director.

Barbara J. Schloss, of 306 Washington Avenue, is the recipient of a State University Scholarship to Douglas College. The Scholarship is based on character, intellectual ability, leadership qualities, and health.

Barbara E. Baker, of 350 Jaramila Street, is one of 570 students of the University of Connecticut who have achieved high scholastic standing and will receive recognition at the University's Honors Day Program, at the University Auditorium tomorrow, at 2:30 p.m.

Miss Mary Lou Salandra, daughter of Mr. and Mrs. Thomas Salandra of 12 Celia Terrace, has been elected Vice President of the Class of '58 at Rhode Island College of Design.

Miss Salandra, a candidate for a B.F.A. degree, is in apparel design major. She has been active in Newman Club, a member of Student Council for two years, and chairman of the decorations committee in charge of two dances.

Marilyn Woods, daughter of Mr. and Mrs. Kenneth G. Woods of 71 High Street, is competing for the title of "Spring Queen," with other Upsala co-eds.

ANNUAL BREAKFAST AT ST. PETER'S

The Annual Father-Son Communion Breakfast sponsored by the combined Cub Scout and Explorer groups of St. Peter's Church was held Sunday May 5th. The Scouts and their fathers received Communion together at the 8 o'clock Mass and attended the breakfast in the Old School Hall. About 310 attended.

Program at the breakfast included a presentation by Mr. Holzman, of Robert Treat Council to Father Albert Wickens, Scout Moderator. The presentation of the Norman Rockwell painting of "The Scout" was given in recognition of the fact that St. Peter's sponsors the largest number of units in the Robert Treat Council, six. The painting was originally presented to Father Wickens at the Friendship Dinner of Robert Treat Council in February. Main address was given by Rev. Andrew Pennella, of St. Anselm's Priory in Washington, D.C. Toastmaster was Mr. Paul Brennan, committeeman of Troop No. 376.

Breakfast was served by Den Mothers of the Cub Packs, and volunteers from Catholic Daughters of America, under the direction of Mrs. Helen Kates. Breakfast was prepared by Robert Treat Hotel, of Newark.

Di Giovannis In 50 Year Celebration

Mr. and Mrs. Angelo Di Giovanni

Mr. and Mrs. Angelo Di Giovanni of 16 Cedar Hill Avenue, Belleville, celebrated their 50th wedding anniversary recently at a dinner party given by their children at Martineville Inn.

The couple were married April 29, 1907, in Paris, Province of Foglia, Italy. They have lived in Belleville more than 43 years. Mr. Di Giovanni retired two years ago as a superior of maintenance from Lionel Corp., Hillside, where he was employed 38 years. His wife is the former Mrs. Conetta Colonetti. They have three sons, Marco of Union, Nicholas of Nutley and Hugo of Mountainside, and seven grandchildren.

After a two week wedding trip to Fort Lauderdale, Florida, the couple will reside at 288 Branch Road Drive.

Kindergarten Assembly Program At No. Three

On Tuesday the kindergarten classes of school No. three under the direction of their teachers, Mrs. Beetha Sturges and Mrs. Dorothy Hazel, presented two programs to the first four grades.

All the boys and girls were dressed in their Sunday best or as bunnies, firemen, policemen or postmen. Songs, recitations, dances and a rhythmic band were the features of the show.

About sixty parents were present.

Masquerade Dance At Temple Ahavath Achim

The Progress Club of Belleville will hold a Masquerade Dance May 18 at Congregation Ahavath Achim, 125 Academy Street. Music will be furnished by Gary Furrman and his orchestra. The best costume will receive a pair of tickets for Broadway stage show "My Fair Lady". Other interesting and valuable prizes will be awarded. Costume is optional. Tickets may be obtained by calling PL 1-6107 or PL 9-1305 or at the door.

Mrs. Richard Pennypacker

Carol Werner, Lawrence Loncrini In April Wedding

Carol Theresa Werner, daughter of Mr. and Mrs. Henry L. Werner, of 62 Lighth Street, was married to Lawrence Peter Loncrini, son of Mr. and Mrs. Louis Loncrini, of 276 William Street, on April 27 at St. Peter's Church.

Father Heavy officiated at the ceremony. A reception at the House For Brides in Newark, followed.

The matron of honor for the bride was Mrs. Robert E. Pfeiffer, a sister, and the bridesmaids were Miss Florence Casalin, cousin of the bridegroom, and Miss Jean Purdie.

Paul Werner, and Robert Pfeiffer, both nephews of the bride, were ringbearers. Aldo Loncrini, brother of the groom, was best man, while Henry Werner, brother of the bride, and Edward Draghi were ushers.

The bride wore nylon tulle and chantilly lace with a sweep train. Her Queen Anne crown held a finger-ring veil, and she carried a prayer book with crystals and Stephanotis.

The matron of honor wore an aqua cocktail gown, with a wreath of matching flowers and pearls. She carried a colonial bouquet of spring flowers.

The bridesmaids wore cocktail gowns in maize and lilac, with matching wreaths and carried spring flowers.

The bride is a graduate of Our Lady Queen of Peace School in North Arlington, and the groom is a graduate of Bloomfield Vocational School and the Newark College of Engineering. He served with the United States Army, and saw service in Korea.

Mrs. Loncrini is employed by Hanovia Chemical and Manufacturing Company, Newark, and Mr. Loncrini is with Maas and Waldstein Company also in Newark.

The couple are spending two weeks in Florida and will live in Belleville upon their return.

Social Notes

District Four of Post 276 Youngster Aides VFW, will hold their meeting in Veterans Hall May 22, at 8 p.m. The Post and Auxiliary are sponsoring a car party May 23 in the hall.

Clint Laux, of 70 Stephenville Boulevard, Middletown, can be seen in the Montclair Dramatic Club's production of "The Seven Year Itch" tonight and tomorrow. The run began last night.

Laux graduated from Cornell University in 1948 and at present is in the sales and promotion field with the United Life Insurance Company of New York.

He is the son of Mrs. August C. Laux, and the late Mr. Laux, of 117 Birchwood Drive and he formerly lived here.

Mr. and Mrs. William C. Martin, of the Enclosure in Nutley, are entertaining members of a bridge club tomorrow evening. They have been in existence for twenty years. Among the guests will be Mr. and Mrs. Henry Kates, Mr. and Mrs. William Strasser, Dr. and Mrs. Donald Brown, Mr. and Mrs. James Peters, all of Belleville, and Roy Dickinson of West Orange.

The Marian Club is giving a social party from 2 p.m. to 5 p.m. at Kat's, Harrison Street, Nutley. The admission is \$2, and all are welcome.

A tea and reception for new members and installation of officers will feature the closing meeting of the Bayley - Seton League on Friday, May 17, at 2 p.m. in the Little Theatre of Seton Hall University.

A "Bon Voyage" champagne cocktail party was given by the Delmonores, former residents of the Riviera Section of Belleville. The scene of the sailing event was in the Delmore suite aboard the Queen Elizabeth, prior to departure of the Delmore family for their home in Zurich, Switzerland. The affair was well attended by former business associates and social friends including the Gene Matuses of 155 Bremont Street.

SPOTLIGHT on SPORTS

by Bob Gorlin
Christos Captains Columbia Crew

Nick Christos, a six-year crew racing veteran, will be counted on heavily as team captain when the Columbia University oarsmen row for the Blackwell Cup on Saturday.

It was only four years ago that Christos was handling one of the oars on Belleville High School's national championship crew, coaching by Bill Bennett. Now he is one of only two seniors on the junior-laden Columbia squad, and he is rowing in number five position.

The only other senior is Bob White, of Norwalk, Conn. The Lions defeated Brown in their first start and then lost to Rutgers.

Captain Nick Christos With Coach Walt Rancy

"The boys all look up to Christos," coach Walter Rancy said. "He's a championship oarsman and they know it. We have a lot of juniors and we need a man like Christos." The Lions rowed against Penn and Princeton at Princeton last Saturday for the Childs Cup and will match strokes against Penn and Yale at New Haven for the Blackwell Cup on Saturday.

Nick is enrolled in the pre-medical course of Columbia College, the men's undergraduate school of the university. All intercollegiate athletes are drawn from the college's 2,300 enrollment, one of the smallest in the Ivy League.

A 190-pound, 6-foot 3-inch oarsman, Christos is the son of John Christos, of 54 Overlook Avenue. He lettered twice in crew at Belleville High and played JV basketball. Christos wants to enter medical school next year.

Police Pistol League To Sponsor Tourney

The Essex County Police Revolver League is going to try something new this year and is going ahead with plans to hold a pistol tournament on June 1 and 2 at the Verona pistol range and if all goes well the competition will be held annually.

The tournament will not be limited to members of the 14-team league but will be open to all comers, including civilian pistol shooters. The Belleville police pistol team, enjoying tremendous success with a high second place standing, is expected to enter many of its squad members. Tourney officials pointed out that there will be no registration fee.

Revolver competition with 38 cal. guns will be held on an individual basis and also two and four-man teams. They will shoot at a "police L target". There will be competition for marksman using a 22 cal. revolver for slow fire on a short course. It will be divided into individual and two-man classifications.

There will also be a special Haeblerle and Barth trophy match with 38 cal. revolvers. The Haeblerle and Barth trophy is approximately four feet high and is to be given to the marksman who wins it three times, not necessarily in succession.

The match will be shot at a difficult target, the 7, 8, 9, and 10 being in the bullseye for slow fire at 25 yards. Time and rapid both will be shot on the police L target at 25 yards, 15 seconds and 10 seconds.

Trophies and prizes will be awarded for all classes and divisions A, B, and C Class, 1st, 2nd and 3rd in all matches.

Belleville Gets Off To Good Start

The Belleville Raiders got away to a good start in the Essex County League last Sunday with an important 8-3 victory over always rough Nutley. It marked the first time that Belleville has managed to take the measure of its arch rivals in five attempts. Going the distance for Manager Bill Murphy's charges was left-handed pitcher Frank Spivack who gave up only one hit.

Former All-Star dim Apple struck the longest blow of the game for Belleville, a terrific blast which cleared the fence in deep centerfield at Park Oval. There was one man on base at the time of the wallop. Belleville clinched the game with a five-run outburst in the sixth inning.

Murphy's aggregation will be out to make it two victories in succession when Belleville plays its first game at the home confines of Municipal Stadium on Saturday afternoon. Providing the opposition will be the East Orange Browns, defending champions in the league.

"Music To Enjoy" Hold Student Auditions May 26

"Music To Enjoy" will hold student auditions to select candidates for the 1957-58 concert season. The auditions have been presented 23 free admission concert.

young musician of grammar or high school age may apply. For additional information or application, please telephone Mrs. Akers.

Bellboy Nine Drops Three Decisions In Past Week's Play

Lose To Nutley On Thursday By 11-5 Score; Bloomfield And Columbia Also Cop Wins

by Dave Thaler

It was once said that pitching is 75 percent of the game in baseball. Until this year it has generally been accepted as true, but with the record of the Blue and Gold baseball team what it is (3-5-1), despite some fine pitching, the axiom might have to be revised.

Coach Ed Berinski has two solid hurlers in Jack Cullen and Joe Tortorello. Both have been consistently turning in solid performances, and each has turned in one brilliant game. Thus, if the axiom were true, Belleville should be a winning ball club.

But their shoddy defense, and their lack of offense, have been costing the Blue and Gold many a victory. After last week's action, in which the Bellboys dropped three decisions, the problem can be pinpointed. The team is not just losing.

Cullen received some solid support last Thursday, both in the field and at the bat, when his mates piled up five runs against Nutley. But this was the day that the junior right-hander didn't have it, and ditto for his successors, Tortorello, and Don Klein. The Bellboys' lead dissipated into an 11-5 defeat, the margin by which they lost.

Cullen came right back with a game that should have been good enough to win, but his mates made defensive antics cut him the chance for victory.

Belleville took a 1-0 lead. Bloomfield tied it when a ball hit by Bob Yudin in left field for a two-base error. That merely tied the score, but Belleville made two errors of commission in the fifth, and two errors of omission besides, when the Bengals took a commanding 3-1 lead. Two balls were allowed to drop in right and center field. One went for a double, the other for a triple. Both should have been caught.

The Bengals proceeded to pile up the score, finally winning 3-1. The story was the same against Columbia. Belleville forced ahead 1-0, was tied, held the Cougars to a 2-1 lead, but had the roof cave in and lost by a 6-1 score.

This team is a young one. They have had several of their losses because of their inexperience. As the season progresses they may get better. They have 16 games to win up on the right side of the ledger this year.

WEIGHTLIFTERS SET NEW RECORDS IN COMPETITION

Cantalupo, Jacone, Caprio, Adelman, Giardina, And Serritella Are Pace Setters

Last week the Recreation Barbell Club held a series of lifting contests in various odd lifts at the Municipal Stadium. Many new records were set in these competitions.

Vinnie Cantalupo swept the Bantamweight class with lifts of 65 pounds in the one hand press, 65 in the one hand snatch, and 75 in the one hand clean and jerk.

Charlie Adelman, who weighs over 145 pounds, did some phenomenal lifts in sweeping his class with a 135 one hand press, 130 one hand snatch, and 135 one hand clean and jerk.

Tony Giardina posted a light-weight arm press record of 35 pounds and Joe Nutt set the one hand snatch and jerk standards at 105 and 115 respectively. Two records were set in the light-heavy class by Guy Caprio with a 105 press and a 120 snatch.

Tom Jacone set two new standards in the featherweight class with his 98 pound press and 90 pound snatch.

Team Captain Joe Serritella swept into three new middle-heavy

TRACKMEN EDGE OUT NUTLEY BUT LOSE TO SCOTTIES

Bartell And Candura Help Bellboys Gain Split In Weights And Prints

Belleville High School's track team showed where they hurt the most as they split two decisions during the past week. The Bellboys showed a glaring weakness in the hurdles when they edged Nutley last Friday and succumbed to Clifford Scott Monday.

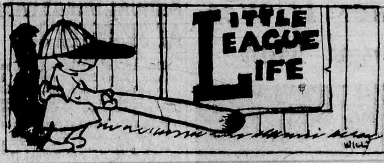

This is the first year that Belleville has had hurdles and as Coach Austin MacArthur stated, the Bellboys are going to be taking it on the chin for a while. The Blue and Gold hurdlers held their own against Nutley, but when Clifford Scott invaded Municipal Stadium, the Scotties got all but one point in both the high and the low hurdles that they were able to make a good showing against Nutley indicates that the Bellboys are improving, and because of that fact most hurdlers are underclassmen, the problem should not be as great next year.

When Belleville edged the Maroon Raiders (the margin was seven points), it marked only the second time that Belleville had defeated their arch enemies, but it was the second straight time that they turned the trick, as they had won last year. MacArthur has yet to lose to the Maroon and White. The Bellboys took quite a few firsts, but their lack of depth enabled Nutley to stay close. The Bellboys captured ten honors, the shot and discus (Bill Bartell), the 100 and the 220 (Tom Candura), the high jump (Bill Bartell), the mile, (Jim Cardwell and Dave Thaler). The Bellboys never pulled off a sweep nor were they ever swept in any event, accounting for the slim margin separating the two teams.

Candura was the big man for the Blue and Gold, scoring 13 points. In addition to his first in the two sprints, he scored a second place in the broad jump. Bill Bartell added ten points to the common cause by racking up a first in both the shot and discus. Bartell has established himself as a solid 50 foot shotputter. Belleville fans are just waiting for the hefty junior to come into his own and start throwing in excess of 92 feet. All has the ability, so it may be just a matter of time.

records with a one-hand press of 120, a one hand snatch of 135, and a one hand jerk of 145.

Robert E. Cook, Superintendent of Recreation, announced that there will be a contest in a different lift each week through the summer. The next contest will be held on Tuesday, May 14 at 7:30 p.m. at the Municipal Stadium. All records made in the various lifts are posted on the Club Record board in the Barbell gym. Records are kept in about forty different styles of lifting. Any resident of Belleville is welcome to participate either in the regular training or the lifting contests or both. The gym is open from 3:30 to 7:30 p.m. daily, Monday to Thursday, from 7:00 to 9:30 p.m. on Friday and from 1:30 until 5:30 p.m. on Saturday.

by Harold and Leonard Brandman

Last Saturday with a Boy Scout color guard leading them, Belleville's Little Leaguers marched up to Clearman Field to begin their 1957 season. Accompanying them were the Belleville High School Band, Recreation Department Twirlers and the Little League officials and scorekeepers.

In the pre-game ceremony, Commissioner Hyde took the mound and threw the first ball of the season to his battery-mate Commissioner Sullivan. (It looked like a curve to us.)

Saturday's game found the Dodgers playing host to the Cubs. Last year, if you remember, the Cubs finished second with the Dodgers right behind them in third. Last week they were batting as though the championship of the National League depended on the outcome of the game.

In the first inning the Cubs were set down in order as were the Dodgers in their half of the inning. The Cubs countered for a win in the second and in the third. In the bottom of the fifth the Dodgers came back fighting and tied the score at two all. As neither team scored in the sixth the game went into extra innings. The Cubs promptly scored two runs in the top of the seventh. In the last half of the seventh the Dodgers began to rally. However, their efforts proved in vain as they fell one run short.

We would like to express our thanks to Commissioner Ken Smith and his men for helping to set Clearman Field in the excellent condition that it was. Acclades also to Commissioner Elmer Hyde and Bob Cook for their selection of the umpires. They did a job of major league caliber and provided much valuable leadership. The excellent parade which preceded the game owes much of its success to the Recreation Department, which made all the arrangements for it, and also put the finishing touches on the field. Last, but not least, we wish to thank the Fire Department for supplying the water necessary to settle the infield.

We are confident that the huge crowd that attended the opener was glad that they did so. In the near future we hope to see you all at every game. The box score of Saturday's game follows:

Dodgers 0 0 0 2 1 — 3
Cubs 0 1 1 0 0 2 — 4

Starting pitchers —
Cubs: Pucciarelli
Dodgers: Steve Gash

Umpires: Patrick Spina, Lou Long

7:30 p.m. — Terrii Todds, Recreation House

Clifford Scott proved Monday that it is still one year ahead of Belleville's rebuilding program. The Scotties mauled the Blue and Gold by a 64 1/2 - 34 1/2 count. They piled up most of that margin in the hurdles but they still had too much for Belleville.

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag — yet none give you Any of Pontiac's Advantages

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging lift and solid security that surround you in every Pontiac. Yet Pontiac's nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced engineering reasons why! Pontiac has gone all out to make this genuine big car the most docile package of might you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Torch Controls make steering and braking the surest, easiest you've ever experienced. Park it, cruise it, try it in traffic—go traffic... it is driving the smaller cars can't possibly equal.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Here's extra length that brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spool you for the smaller cars forever!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not stay out of the smaller class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

"Can You See, Steer, Stop Safely?... Check Your Car—Check Accidents."

ST. MARY'S CYO

TAKES COMMUNION IN ESSEX CRUSADE

Climax Of Spiritual Action Will Be Youth Rally For Peace In Stadium

CYO members from St. Mary's Church will receive Holy Communion and attend Mass daily for a week start- ing on Sunday as they take part in a "Communion Crusade" conducted by the Essex County CYO.

The crusade was inaugu- rated last October in Sacred Heart Cathedral by Archbishop Thomas A. Boland. It ends this week at St. Mary's, with three- fourths of the parishes in the county having taken part. The climax of the crusade will come on May 19 when all the CYO mem- bers assemble in Jersey City's Roosevelt Stadium at the CYO's annual Youth Rally for Peace.

The purpose of the crusade, the CYO's principal spiritual activity for 1956-57, is twofold, firstly to increase religious vocations among youth and secondly to develop in them the virtues of purity and holiness, living with a sense of responsibility.

Captain Edward Hinkle

At Civil Defense Course

Captain Edward C. Hinkle, of 463 Greylock Parkway, recently attended a week-long civil de- fense course in natural disasters at the Federal Civil Defense Administration headquarters in Paducah, Mich.

Conducted by KCDA's Staff College in cooperation with the agency's Natural Disaster Office, the course drew an enrollment of 90 from 24 States and the District of Columbia.

The visitors were briefed on such natural disasters as floods, tornadoes, hurricanes, blizzards, droughts, earthquakes, tidal waves and fires. Emphasis was placed on methods of warning and types of damage and casualties.

After the course, Hinkle will be assigned to the Federal Civil Defense Administration headquarters in Paducah, Mich.

He will be in charge of the Federal Civil Defense Administration's Civil Defense Education Program, which is a division of the Federal Civil Defense Administration.

Hinkle is a graduate of the United States Military Academy at West Point, N.Y., and served in the United States Army during World War II.

He is currently a major in the United States Army and is assigned to the Federal Civil Defense Administration.

Hinkle is a member of the Federal Civil Defense Administration's Civil Defense Education Program, which is a division of the Federal Civil Defense Administration.

RELIGION H. S., AT ST. MARY'S, TO GRADUATE 350

Archdiocesan Diplomas Will Be
Awarded Youths Who Have
Taken Weekly Courses

Rev. Seymour B. Everett
has announced the dates and
arrangements connected with
the termination of Saint
Mary's High School of Religion
for the present term.

The School's graduation
ceremonies have been set for
Monday, May 20, at which
time the senior class will
receive the "Archdiocesan diploma"
and the student body will be
addressed by Very Rev. Msgr. Walter
Cuneo, Archdiocesan Director
of the Confraternity of Christian
Doctrine.

On the day previous, Sunday,
May 19, the students will attend
a Communion breakfast at the
Parish, catered by Mayfair Farms
Restaurant, of West Orange, at
which the guest speakers will be
Rev. John A. McAdam.

The High School of Religion
which is conducted on Monday
nights at Saint Mary's throughout
the school year is attended by
over 350 students and is the
means whereby the youth of the
parish receive education in their
Religion on a High School level.

During the years the classes
have been supplemented by lectures
by such eminent Catholics as Timothy
Shea, Vice-President of
Western Electric; U. S. Attorney
General Thomas C. Gibson; John
Gibson, U. S. Olympic Track
Coach and William Forster, of the
F.R.I.

Rev. Msgr. James J. Owens,
under whose supervision the High
School of Religion is conducted,
will, at the graduation ceremonies,
express his thanks to the teaching
staff which includes not only the
priests of the parish, Father
Walsh, Father Golding, and Father
Everett, but also Messrs. B. Franz,
Vincent Poccovano, Stephen
Mallard, Edward Coughlin,
William Brittingham, Art Kuhn,
William Mae Parlano, Edward
Lott, and for the girl students,
Jane Knawa, Anne Peters, Doris
Durkin, Claire Guider, June Bar-
barula, Patricia Ryan, Gene Ro-
land, Ann Boehmer and Claire
Tittus.

THREE STUDENTS ARE ELECTED BY JUNIOR ACHIEVERS

Three Belleville High School
students were elected to office in
the Essex - West Hudson Junior
Achievement Association in balloting
completed this week at the
Newark Junior Achievement
Business Center.

The three candidates posting
triumphs are Nunzio E. Cernero
who won the vice-presidency by a
narrow margin in a five-candidate
battle, Betty Jensen who defeated
four candidates in the race for
secretary, and Betty Eng, who
outdistanced a three-way contest
for treasurer.

Vice-President Cernero has
served this year as vice-president
of Bow-Bes, a junior company
sponsored by Schering Corporation.
Treasurer Eng is the present

Spring Prayer

Dear God, bear with my heart in April, You make Spring
Too sudden green, too quick a rioting
Of grass and flower, of bud and bough and wing;
You make the Spring a much too gladsome thing.
Bear with my heart, and when You hear it sing
Past song, past wisdom, past all comforting,
Setting the yellow sunlight quivering,
Remember, God, dear God, You make the Spring.

Martha Newman

Apathy Is Mother Of Corruption

At \$71,800,000,000, our federal budget is the biggest in our peacetime history. It has increased by 7.8 billion dollars over 1955. Of that increase, five billions is in non-military expenditures. We cannot blame a war, cold or hot, for our budgetary mushrooming. Back of our problem is a re-infection of Washington's spending departments with that old virus of the "welfare state" give-away spendings.

One would imagine that we taxpayers would be up in arms about it and that the ears of our Congressmen and our U.S. Senators would be ringing with our complaints. A very timely inquiry by many local taxpayers, however, proves the contrary. Congressman Peter W. Rodino and Senators H. Alexander Smith and Clifford P. Case, in answer to inquiries posed to them disclose that they have received letters from less than two per cent of the voters in their circumscriptions regarding this inflated budget.

Happily, our Congressman and our two Senators are economy minded, even without prodding from the electorate. All three have assured us repeatedly that they consider this budget far too big and all three have pledged themselves to work for its trimming.

It is preposterous that this year's federal budget comes close to the wartime budgets of 1943-1945 when we were fighting two wars simultaneously against Germany and Japan. Yet the records show that even at the height of the wars in Europe and in the Pacific, our federal budget in 1943 was only 80 billion dollars; in 1944 it was 95 billion dollars and in 1945, the year of victory, it was \$97.9 billion dollars.

It would give support to the firm positions taken by our three representatives in Washington if we taxpayers would write them our conviction that this budget can and should be trimmed by three to five billion dollars. Two per cent of the electorate has expressed an opinion. We, the other 98 per cent, owe it to ourselves and to those we elected to Congress and the Senate to add our protests and to urge substantial cuts in peacetime spending which may lead, in a year or two, to the long-promised tax reduction.

Apathy is the mother of corruption.
R.E.H.

Open The Tollgate

The senseless refusal of the N.J. Highway Authority to consider the request of Nutley and Bloomfield to relocate the Belleville Avenue tollgate of the Garden State Parkway somewhere north of Watchung Avenue has prompted the flat rejection by the Bloomfield town council of the Authority's counter-proposal to close the Bloomfield Avenue ramps during the hours of peak traffic.

The Authority proposal to eliminate traffic congestion by refusing to let cars get on

or off the Parkway smacks of those "cures" which are more fatal than the malady. In the first place, the statute which created the Parkway expressly provides for ramps of exit and ingress at specific places, including Bloomfield Avenue.

The Authority loses track of the basic fact that the Parkway is for the use of motorists, not for the purposes of keeping motorists off its concrete lanes. The Parkway is intended as a throughway, in contrast to the delayed traffic of city streets. Its purpose is to speed up travel by eliminating cross-traffic and traffic-lights. Its intent is to make driving safer and to reduce the high accident toll of congested traffic.

It is obvious that by dumping too much traffic in a specific area — the ramps at Bloomfield Avenue — the Parkway is not fulfilling its safety purpose. It must be obvious to the Authority, too, that the only relief from that traffic hazard is to encourage motorists to use other ramps. They can best be encouraged to use other ramps if more free ramps are provided.

The Watchung Avenue ramps could solve much of the problem of congestion if the tollgate was moved northward to Route 3. Many Nutley, Bloomfield, Belleville, Clifton, Glen Ridge, Montclair and Caldwell motorists who now use the Bloomfield Avenue ramps would gladly use the Watchung Avenue exits if it did not cost them the 25-cent toll at Belleville Avenue.

The Bloomfield town council, this week, urged the Authority to allow this "self-sorting" of traffic by providing more free ramps and suggested, sensibly, that the collection of tolls at a point north of Watchung Avenue be put on a trial basis. A test of a month or more would show whether Nutley and Bloomfield or the Authority is right.

In the face of the danger which the serious traffic congestion represents, the Authority owes it to these towns to try out the proposal that the wickets of the disputed Belleville Avenue tollgate be thrown open for a trial period. It would be a simple matter to judge the effect on traffic of such action.

Since it would be for a trial period, there could be no question of financial commitments being violated. At the end of a month of trial, we would have the answer Nutley and Bloomfield ask. Refusal by the Authority to consent to a trial period can only be interpreted as wanton disregard of the Authority's responsibilities in creating the dangerous traffic congestion.
R.E.H.

Battle Lines Drawn

Governor Robert Meyner has decided to base his campaign for re-election on a comparison of his own "record of achievement" and the Republican-controlled State Legislature's four year "record of obstructionism." Unless things change in Trenton between now and November, it will be hard to defeat the Governor on his record.

President Eisenhower proved, two years ago, that New Jersey still has a Republican majority big enough to win an election. What happened in the Presidential election could happen in the Gubernatorial poll, but only if the Republican Party can acquire, by November, a record upon which to stand.

Meyner will be a stronger candidate in 1957 than he was in 1953, and it is a matter of record that he came within 5,000 votes of defeating Paul Troast in his own Passaic County. If Meyner is to be defeated in November, it will have to be because he has lost strength. As things stand now, he is holding his own, if not strengthening his personal position.

The GOP can pick up ground for its candidate, Senator Malcolm Forbes by a strong, constructive, active legislative program in Trenton starting as now. Obstructionist tactics will gain the GOP nothing. Its action must bring results, and one of the first fields of possible constructive action is that of the state's water problem. A do-nothing Republican Legislature will re-elect a Democratic Governor. And it is only six months until election day.
R.E.H.

One Man's Opinion

Our Show Of Force With Sixth Fleet In Eastern Mediterranean Called Moscow's Bluff — Jordan Has Been Saved From Her Arab Cousins

By Ralph Eric Heinzen

You can chalk up at least four more minor American "victories" in our cold war with Red Russia — Polish aid, the abatement of tension in Jordan, Egypt's consent to submit the Suez Canal affair to international judgment and Bonn's refusal to allow Moscow to pry her loose from the North Atlantic Treaty Organization.

Washington is catching its breath after a hectic fortnight which began with Nikita Khrushchev, in Moscow, rather tartly warning the West to keep out of Eastern Europe and to keep hands off the Middle East.

We took a calculated risk by reaching virtual agreement with Warsaw's delegates on an aid program which will reach \$95,000,000 to extend our hand into Eastern Europe and by sending our Sixth Fleet into the Eastern Mediterranean we served a "hands off" notice which, clearly, was understood in Syria, Egypt and Israel to allow tension in Jordan to relax.

Washington's breathless anxiety was prompted by uncertainty whether Khrushchev, once again was talking to hear himself rumble or whether, this time, Moscow would make good her threat and "allow" Communist "volunteers" to march into the Middle East. There are no signs of the Communist "volunteers" and despite Khrushchev's threat that "We are not saints and if necessary we can rap your knuckles," no one has tried to rap our knuckles.

With our fleet and its carriers cruising off the Levantine coast, we can enforce the status quo in Jordan and our planes can cover Iraq and Saudi Arabia if, as they indicate a willingness, they go to the aid of King Hussein, if and when Jordan would ask their aid to preserve its territorial integrity.

Poles Satisfied
There is a full agreement between Washington and Warsaw over an aid program amounting to about \$95,000,000 even though the actual signing of the agreement must await Congressional passage of a bill adding \$1,000,000 to the present authority for the sale of farm surpluses for foreign currencies. The bill has passed the Senate and the House Agriculture Committee may report it this week.

The Polish negotiators are understood to be satisfied with the aid offer, though they had originally asked for about \$300,000,000.

Of the \$95,000,000, about \$80,000,000 will be in the form of surplus farm commodities, mainly wheat and cotton. The rest is understood to be for mining machinery.

About two-thirds of the aid will be extended under the farm surplus disposal law. The Polish government will buy the farm commodities for dollars.

Relieve Polish Peasants
The rest of the total will be in the form of a dollar loan, financed from the \$190,000,000 special Presidential emergency fund in the foreign aid appropriation. Loans to any one country under this fund are limited to \$30,000,000.

Because the current farm surplus disposal authority is nearly

have been tied by ourselves to this aid to Poland. Same had believed that we would make aid conditional on Poland agreeing to hold in abeyance the issue of the Oder-Neisse river frontier between Poland and Germany.

Though final settlement of Germany's future frontiers has to wait for a distant peace treaty, this does not prevent the issue being unofficially discussed all the time.

It may seem strange to talk about Germany's future frontiers, while the country is still divided. But in the West German Federal Republic reunification is assumed to be certain, though perhaps long delayed. Therefore, whenever frontiers are mentioned these almost invariably mean the eastern frontier toward Poland and often the future of the Sudetenland which is part of Czechoslovakia.

The problem of frontiers is linked with that of reunification of East and West Germany, since it is generally agreed that some understanding with Poland must be reached on the Oder-Neisse frontier before that country will support a united Germany.

The same way, but of less importance, the future of Sudetenland will have much to do with Czechoslovakia's attitude toward an all-German unity.

Whether the West Germans are prepared to accept the Oder-Neisse line with minor modifications, as a more or less permanent frontier with Poland remains to be seen. At the moment, the federal republic is sharply divided over the issue.

The majority of the population might consider such an exchange for reunification highly satisfactory, though few of their spokesmen would say so today. Some might reject the idea altogether and a large number probably favor postponement of a solution in the hope of getting better terms later.

The issue would be much easier for the federal republic if it did not have in its midst 11,000,000 refugees and expellees from Poland and the Oder-Neisse line and from Czechoslovakia.

Dr. von Brentano, in his Frankfurt statement, also had regarded the German frontiers of 1937, not those of 1939, as the starting point in international law for further negotiations. There could be no frontier alterations by

force. He hoped Czechoslovakia would grant satisfactory minority rights to the Sudeten Germans. But other Germans hold other opinions on this subject. Dr. Linus Kather of the Association of German Expellees asserted in Bonn that the future German frontiers should be those of Sept. 1, 1939, not those of 1937.

This would give Hitler's annexation of the Sudetenland and Austria the support of international law, though in practice Dr. Kather would exclude Austria from such claims, and also Sudetenland, provided Czechoslovakia granted far-reaching rights of self-determination to the Sudeten Germans.

To accept the 1939 frontiers, however, would at once ignore Hitler's violation of the Munich Agreement of 1938, and the fact that Germany lost a war which it itself unleashed.

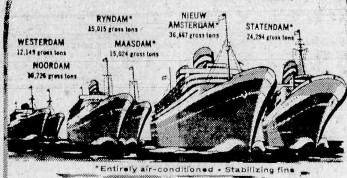

Wolff Wins Second Place In Essay Contest

Donald Wolff of St. Peter's won second place in the grammar school boys division of the annual essay contest conducted by the Essex County C.Y.O. The contest was judged by John Thorax, C.Y.O. cultural activities director, and a member of the Seton Hall Prep faculty.

Wolff placed behind Joseph Castellano of St. Francis Xavier School, Newark. Another St. Francis student, Thomas Nicastro of 123 Delaware Avenue, took down third place in the high school boys division of the competition.

Both will receive certificates for their achievements. Subject of the contest was "The Holy Eucharist: Source of Spiritual Life."

Letters To The Editor

Editor, Belleville Times-News:

My comments this week are directed at the proposed Parking Lot to be built in the vicinity of the Town Hall. After doing a bit of study and research, it is my belief that this proposition is something like the closing of the barn door after the horse has been stolen.

After speaking to many residents in this town, I have come to this conclusion:
1. My friends and neighbors from Silver Lake and Soho section have no need for this parking lot, because they can shop readily in Bloomfield and Newark.
2. People near Bloomfield and

Nutley boundaries make use of those towns and also the shopping center in Clifton.
3. Residents from my area do not have need for this extra parking space, because they shop in Newark, Bloomfield, Nutley and New York.
Now for a comment from the average shopper who visits this shopping section.
1. Only a few specialty shops are used by most people.
2. Some stores do not carry complete stocks, so you shop elsewhere.
3. Most stores do not give refunds like the department stores in Newark.
4. Very little advertising in the local presser.

6. They cannot compete with your large department stores, discount houses or shopping centers in types of merchandise and service.

6. I have shopped on different days and nights and did not have any difficulty in parking. Sometimes, I had to walk a block but did not stop for a moment. A person has this same difficulty when shopping in Newark on a busy day or night.

Belleville is gradually being surrounded by the giant shopping centers in other communities. We had an opportunity to build one here but certain individuals decided it would be much better to erect homes rather than reason it for a shopping center. And there is a good chance that after these homes are completed, that the taxpayers of this town will be forced to pay additional

Thursday, 8:00 p.m. — Choir rehearsal.

STUDENTS VISIT STOCK EXCHANGE

Forty students of Belleville High School visited the American Stock Exchange last week in their tour of New York City's financial district. The group was headed by their teachers Raymond Smith and Miss Marie Phellie.

The Belleville students watched hundreds of brokers buying and selling for the public nearly a thousand different stocks and bond issues worth nearly thirty billion dollars.

"I think the noise and seeming confusion of the trading floor are unique," remarked student Daisy Siblin, "especially when so many thousands of shares have to be traded each day in an efficient manner."

John Daly of "What's My Line?" gave a tape-recorded description of highlights on the 21,000 square foot, five story high Trading Room, execution of an investor's order; brokers' hand signals; trading posts and equipment. Guides answered questions and distributed literature concerning this international securities market.

In addition, the group visited the Industrial Exhibit Area located in the Trading Room and saw the Technicolor motion picture story "Behind The Ticker Tape," which traces the birth, background and growth of the exchange from its colorful outdoor trading era to the present.

KIMBLE RETIRES FROM PRUDENTIAL

Warren H. Kimble, Jr., a former resident of Belleville and 46-year veteran of the Prudential Insurance Company, was feted last week at a testimonial dinner marking his retirement.

The affair was given by his associates in Prudential's accounting services division. It was held at the Royal Hawaiian Palms Restaurant in Lyndhurst.

Kimble had lived in Belleville for more than 15 years when, last October, he moved to his present home at 304 Hulsdale Avenue, Nutley. A native of Harrison, he attended Newark schools before joining Prudential in 1911. He has been associated with the company's accounting division for nearly half of his long career.

Kimble has two sons—Warren, a senior at Syracuse University, and Robert, who operates dance studios in Belleville, Clifton and Kearny. Following his retirement, the elder Kimble will join Robert as a partner in operating the studios.

Kimble's favorite sport is deep-sea fishing. He is a member of Volante Lodge No. 225, F. & A.M., in Lyndhurst.

Scout Notes

Intermediate Girl Scout Troop 34, which meets at School No. Ten, went on an overnight camping trip in South Mountain Reservation last Thursday. Mrs. E. A. Peterson, Mrs. L. Goglia and Mrs. G. Meagher drove them to and from the camp. Mrs. Elmer Kenworthy and Mrs. Sol Wiener assisted the leaders Mrs. A. Lioia and Mrs. J. Ciesla in making the experience a happy one.

The group had fun in spite of a bad weather. They stayed at Camp Wyomah, the cabin which belongs to Millburn Council. Since Belleville has no camping facilities, the troop had to go on their "overnight" as planned since this was the only cabin that could be borrowed. In the near future when Belleville gets its own cabin, more camping opportunities will be available for the girls.

Those who went were: Mary Connolly, Lynne Eisler, Joan Hoffman, Gail Kenworthy, Mary Lioia, Jo Ann Matrasia, Janice Meagher, Carol Pless, Lucille Caracciola, Betty Lou Kreyher, Teresa Goglia, Anita Miele, Eileen Vanderhoff and Diane Wiener.

BETHANY LUTHERAN

taxes for municipal expenses involved such as extra firemen and policemen, school and teachers, streets, sewers, water mains, garbage disposal, etc.

It is my understanding that the small store owner is living on borrowed time and it is only a question of time until he is swallowed up by these merchandising giants who are competing so keenly with each other. The small business store is being surrounded with large branch stores which are being erected every year. This is an important factor which houses business for the small store owner. It is also a novelty to pack the family in the buggy and visit these shopping centers.

Business people are moving away and acquiring stores in the new development areas where they can start fresh and have a guaranteed supply of customers. They leave the high taxes and fierce competition behind.

The Belleville Citizens Tax Council is opposed to this project because they feel that it is useless. Valuable property will be wasted which could be used for a better purpose and a tax relief for the town treasury. The pennies from the parking meters would never pay for the expense involved in erecting this lot and maintaining it. The taxpayers of this community should not be penalized by having the cost of this parking lot placed on their tax bills.

My suggestion is that the commissioners appoint a study group which should consider a long

R. Woodman Promoted By Public Service

Robert A. Woodman, who lives at 27 Hunkle Street, has been appointed a watch foreman at the Marion electric generating station, Newark, N.J., of Public Service Electric and Gas Company. Woodman began his employment with Public Service at Marion Station on June 25, 1956, in the office. At the time of his present promotion he was a senior control room operator.

BRING QUICK RESULTS

large plan for the revamping of Washington Avenue as a whole. Why not demolish the older houses and try to attract insurance companies or pharmaceutical firms to come in and build? Firms of this type would help to retain the value of this property and they would be a credit to the town. We have ideal transportation facilities passing along the Avenue. The next best attraction is a realistic and lower tax rate.

G. Turturillo

Editor, Belleville Times-News:

What with all the local controversy about zoning variances, such as the litigation over the Belmont Avenue washing fluid case and the recent discussion of considering a proposal for a town of the Belmont Park area of two, it is hoped our town officials, who have advised themselves of town funds to enjoy the sessions at the conference of the State League of Municipalities, will have, at least, learned enough from their Atlantic City sojourn to heed the advice they have heard at the convention, especially about zoning.

N. J. State Supreme Court Justice Harry Heber, addressing one of the sessions as an authority on zoning problems because of his court opinions, urged repeal of the least restrictive section of the state zoning act. The jurist criticized the section giving local boards of zoning adjustment the power to recommend variances in particular cases and for special reasons.

It is noted many zoning authorities consider the section a loophole in the ban on spot zoning which is regarded as illegal. Justice Heber called the manifestation of this provision a grant of judicial powers to administrative agencies (Zoning Boards). This is held contrary to established distinction between the courts and executive branches of government.

Calling such zoning board act, "unbridled administrative action which threatens to undermine traditional, court-tested zoning procedures," Henry Fagin, planning director of the Regional Plan Association, asserted that variances were necessary.

With so much local agitation over zoning variances, our governing officials should be impressed by what they should have heard at this latest convention, that is, if they went for business, not just on a junket.

At least, when they get back to the shores of administering the affairs of Belleville's town government they should remem-

ber Judge Heber's views, forcibly expressed, against loose zoning procedures that set up "spot zoning."

James R. Golden

Editor, Belleville Times-News:

As Chairman of the Little League Opening Day Ceremony Committee it was my great pleasure to once again enjoy the splendid cooperation of which our town is capable. I wish publicly to thank the many who made the 1957 Opening Day an outstanding success. I shall attempt to list here those to whom we are indebted.

First, of course, are members, men and boys of the Little League and Farm League organizations, then the men of the Public Works Department who helped prepare the diamond, the Board of Education for the use of the field, the Recreation maintenance men for final set-up of the

field, the Fire Department who sprinkled the field, the Police Department for the excellent police work during the parade, Herbert Mattick and his wonderful musicians who furnished fine music for the parade, the members of the Recreation Twirlers Squad, the Little League and Farm League Scorekeepers, the color guard from Boy Scout Troop No. 302 and Scoutmaster Vincent Savage and the entire Recreation Department staff.

I wish further to express my respects to Commissioner Harry Sullivan for his attendance and to Commissioner Elmer S. Hyde who marched in the parade and threw in the first ball.

One can find his heart warmed when he finds he lives and works in a community that can so easily join together to offer its youngsters a good way of life.

Robert E. Cook,
Superintendent of Recreation

Continental Fish Sauce

Crush 2 small cloves of garlic in 1/4 tsp. of Sterling Salt. Combine with 1/2 tsp. curry powder, 1 or 2 drops lemon juice, and 1 tsp. of Waukegan Sauce. Then add plain mayonnaise until desired amount of sauce is made.

You add extra zest and sparkle to any dish with Sterling Salt's pure, new-born "Sparks of Flavor." Plain or Iodized. Damp proof.

STERLING SALT
