

Town Commission Introduces Amendment To Liquor Ordinance

Action Follows Requests By Thomas A. Bryne and Charles Rossi To Reject Liquor License Request, Claiming Licenses Hurting Taverns

The Belleville Town Commission Thursday night introduced an amendment to the liquor ordinance, limiting club licenses to organizations that have existed in town for 10 consecutive years prior to the date of application.

The action followed requests by Thomas A. Bryne, executive secretary of the New Jersey Tavern Owners Association, and Charles Rossi, owner of Rossi's Tavern at 154 Belmont Avenue, that an application for a club liquor license by the Raley Bloomingbury of Mutual Benefit, Inc., be rejected. Both claimed the 10 licenses that have been granted are too many for a town the size of Belleville and are hurting tavern business.

The organization, which was founded in Belleville in 1917, has been located in Nutley the past five years. It recently constructed a new clubhouse in Garner Avenue, and applied for the license. Mayor Isadore J. Padola said that he views the move to Nutley as "automatically knocked out" by the ordinance amendment.

Commissioner Robert C. Grubin was cited by James R. Golden, frequent critic of the commission, for not attending a meeting of tavern owners at a bar to discuss their objections to the application.

"Town business should be discussed in open meetings, not in taverns," Golden said. "It is not appropriate for a town commissioner to let himself be subjected to this kind of pressure."

"You call it pressure. I call it education," Grubin replied. "It's part of my job to listen to all viewpoints."

The commission approved an ordinance making Lincoln Terrace and Magnolia Streets, from Franklin Street, to Newark Avenue, one-way southbound. The ordinance also provided for no parking in North Belmont Avenue, from Franklin Avenue to Newark Street.

The meeting was held Thursday because of the absence of a few commissioners on Tuesday.

SEPTEMBER 15-21 NATION'S CD WEEK

The White House has designated September 15-21 as observance dates for the second annual National Civil Defense Week.

Theme this year will be "Government in Emergency," according to a guidance bulletin issued by the Federal Civil Defense Administration.

The bulletin stated that renewed emphasis be placed on the increasingly important role of State and local governments in emergency preparedness, and this should be prominently interwoven into civil defense observances.

The bulletin also stated that existing State and local government service arms - police, fire, and health departments - should be excellent points of departure for Civil Defense Week events.

According to plans, each day of the week's observance has been assigned a theme.

80% Of Rutan Homes Sold To Residents Of Belleville

Announcement Made Wednesday By Walter J. Hoppel, President Of Rutan Estate Sponsors

It was announced Wednesday that more than 80 per cent of homes sold to date in the Belleville section of Rutan Estates off Jaramon Street have been sold to present residents of Belleville. The disclosure was made by Walter J. Hoppel, president of W. J. Hoppel & Co., sponsors of the new community.

Happel stated that to date, his sales organization has sold 139 homes in that part of the development located in Belleville. Of these, 87 were purchased by families already residing in Belleville.

In his opinion, there are three reasons for such a high percentage of local people buying homes in the new community. Hoppel stated: "One is the desire on the part of local residents to remain members of this community. Two is a definite need for new home construction in this area because of the population increase here. Three is the desire of local residents to remain in the area, thereby offering first selection to local townspeople."

Happel also stated that of the 32 sales reported to date in the Belleville section of Rutan Estates, 19 - or 60% - have been sold to present residents of Nutley, thus further indicating that the desire to remain in the area is one of the reasons why local residents are buying homes in the new community.

In addition, Hoppel stated that almost all of the remaining sales are to residents of Belleville communities including Bloomfield, Kearny, East Orange and

"Operation Good Neighbor"

One of the 42 Clara Maass Memorial Hospital patients is about to be transported in an ambulance from the old hospital building in Newark to the new facility on the Newark-Belleville line. "Operation Good Neighbor" the mass movement of patients in convoys was directed as a drill by the Civil Defense Medical and Health Division of the Newark Civil Defense Council.

Newark Civil Defense Council Conducts Complete Evacuation Of Patients From Newark Here

"Operation Good Neighbor" the complete evacuation of the Clara Maass Memorial Hospital building, Twelfth Avenue and Newton Street, Newark, is scheduled to begin at 9 a.m. Sunday. Within four hours, the hospital's 40 patients, all stretcher cases, will have been transferred to the new building on the Newark-Belleville boundary.

The operation to be conducted by the Civil Defense Medical and Health Division of the Newark Civil Defense Council, Nutley, the evacuation of complete patient service at the new "Hospital in the Park" said to be the first program of its kind in this country.

By Federal State and County Civil Defense representatives. Three seven-vehicle convoys, each consisting of ambulance station wagons and a radio communication car, transported patients to a minimum number of patients, who remained together as a unit during the entire operation and were required to complete "Operation Good Neighbor" by 11 a.m. Sunday.

At three of the 40 patients were under oxygen, oxygen was administered to them during the trip to Belleville. Incidentally the number of patients moved Sunday was about 30 more than the average patient load carried in the old hospital. In anticipation of the transfer, the new Belleville facility, Clara Maass Memorial has limited patients entering the hospital during the past few weeks to a minimum number.

Dr. Nicholas Rubino of the Medical Staff was in charge of the evacuation of patients. He was assisted by members of the Clara Maass Memorial's medical and nursing staff, augmented by eight doctors and 12 nurses from Beth Israel, Columbus, Maryland Medical Center, Presbyterian St. James and St. Michael's Hospitals.

Beginning at 9 a.m., convoys of about 30 patients were taken on the four mile journey to the new hospital. C. Howard Wright, director of the new Belleville facility, said that the hospital has assigned more than 100 Civil Defense volunteers workers to "Operation Good Neighbor." This staff included auxiliary police, wardens, Red Cross, welfare and community workers.

WATER AT ALL PARKWAY TOLLS

Water Barrels At Each Plaza For Overheated Cars

Thirsty cars can now find water at all toll plazas on the Garden State Parkway.

Chairman Katharine E. White of the New Jersey Highway Authority reported today that barrels of water have been set out at each plaza to accommodate motorists whose motor vehicles become overheated on the road.

Originally placed only at the centrally-located Raritan Toll Plaza, the water barrels drew such use and favor in the Summer heat that the program was extended throughout the length of the 12.5 mile Parkway.

Facilities for carrying the water to each barrel were provided with each barrel. The program suggests water supplies available at the 10 gasoline-station centers along the Parkway.

In addition, Chairman White reported that drinking water is now available at the Parkway's newest picnic area in Telegraph Hill Park. The drinking fountain is located on the southbound side of the Park.

GARDEN STATE TO MAKE DECISION IN "LATE AUTUMN"

Toni, Parkway Director Fails To Notify Belleville Officials About Tollgate

The New Jersey Highway Authority, through its executive director, D. Louis Tonti, has set "late autumn" as a tentative date for announcing the protest of Nutley, Bloomfield and Belleville to the Essex Toll plaza of the Garden State Parkway.

In letters to the Bloomfield Chamber of Commerce and to Mayor Donald Scott of Bloomfield, Tonti explained that the Authority wants to evaluate the effect of Labor Day Parkway traffic on congestion in Bloomfield Avenue before completing its study.

Tonti said in his letter that there is no possibility of an answer before early August. The letter was received by Belleville officials.

New Hospital Completes First Week of Service

Clara Maass Ramos Nunes Born On "Hospital Steps" Taking Starring Role in 1st Production

As Clara Maass Memorial Hospital, the \$5,000,000, 300-bed facility on the Belleville-Newark line is nearing the completion of its first week of service, the new "Hospital in the Park" has already recorded two births and a series of successful surgical operations.

The most publicized birth was that of Clara Maass Ramos Nunes, daughter of Mr. and Mrs. Manuel Nunes, of Newark, which occurred Sunday afternoon a short time after the hospital had been opened for the first time to patients. Mrs. Nunes was waiting on the hospital steps in labor when Mrs. Irene Jordan, admitting clerk, arrived at the new building at 7 a.m. Quickly Mrs. Jordan escorted Mrs. Nunes and her husband to the fourth floor Maternity Suite. Later Nunes was taken to the delivery room where her daughter was born at 2:45 p.m. The baby weighed 5 pounds, 12 ounces.

Originally the Nunes planned to name their new arrival, Amelia, if a girl. Later, however, they decided to make use of the name of the heroic nurse memorialized by the new building. A hospital spokesman said today that Clara Maass Ramos Nunes and her mother will be appropriately honored as principals in a notable Clara Maass Memorial Hospital drama.

Three representatives of the hospital, Albin H. Oberg, executive director; Stanley G. Fieck, director of public relations and development; and Miss Marie D'Albano, director of volunteers, were principals in a play-type program televised by Station WAAZ-TV Wednesday. Highlights of the program included a recapitulation of the hospital's 87-year career in Newark, the decision to erect a new and larger building, and a reference to the long years of planning and fundraising which preceded the start of actual construction in April, 1955.

Reference was also made during the program to last Sunday's transfer of 42 patients from the old building at Twelfth Avenue and Newburg street, Newark, to the new structure. The project, known as "Operation Good Neighbor," was directed as a drill by the Civil Defense Medical and Health Division Council.

Three convoys, consisting of seven ambulances and six station wagons, transported patients from the old to the new building. One car in each convoy was equipped with a radio to provide communication between the convoys and both hospital buildings and with Civil Defense headquarters.

Twenty-four stretchers, cases were handled by the convoys, among which were two regarded as critical. One was a 73-year-old man in an oxygen tent. During the three and a half minute hop from the old to the new hospital, an oxygen mask was used and the patient was attended by three nurses. About 160 Civil Defense volunteers took part in "Operation Good Neighbor," said to have been the first test of the ability of a Civil Defense organization to move actual casualties. Implicitly, was dedicated to the memory of Dr. Gerald C. Tonti, Dr. Cetrulo, a former chief in surgery at Clara Maass Memorial, and an active member of the Civil Defense organization, died suddenly last March.

Newspapers

(Continued From Page One)

Newspapers give more complete coverage of the news they carry than news items and more details about each one; they print more interesting short items; they don't neglect long-run happenings as some radio and television stations do.

Newspapers can be read at the reader's convenience, while radio and television news can be heard only at specific times. ("I always tune in five minutes too late to hear the news," lamented a Waterbury trucker.)

Readers can go back and analyze news in a paper; if they misunderstand a word or phrase in a news item, the whole item is lost. Newspapers can be read leisurely; a reader can relax between items, while radio and television require constant concentration. Newspaper offer varied opinions by fine writers.

Those relying on television usually said:

A person can sit back and relax while getting the news. Television presents news pictorially, which helps in understanding news while it is happening. It brings news flashes immediately, often interrupting action pictures, so it brings most news before newspapers do. It offers news in a condensed, easily understood form. ("It's painless," a Southern architect declared.) Many said their entire family watches the late news together.

Tosse depending on radio usually explained:

Mrs. Mae Matus Meets Masked Mexican Monday

Mrs. Mae D. Matus, of 155 Broad Street, was understandably surprised when she opened her front door and saw a man who claimed to be making a television poll. He was masked and dressed like a Mexican she said.

Mrs. Matus, who came thought reported the incident to police Monday. Detectives identified the masked TV surveyor as a 13-year-old boy who was being initiated into a club.

3 BELLEVILLITES HELPING AT E. O.

Kwik, Bivona, And Clarizio At Veterans Hospital There

Eleanor Kwik, Pat Bivona and Mike Clarizio of Belleville High School are among the group of 62 bright-faced, conscientious and devoted teenagers serving at the East Orange Veterans Hospital this summer. Their duties are varied. Eleanor and Mike usually work in the laboratory helping with equipment. Mike thinks he may study medicine. He really is interested in the hospital and although some of his friends think he crazy, he and Pat have been going over twice a week. Pat works in Central Service and does escort duty which includes transporting patients by wheel chair to and from various clinics and picking up and delivering supplies.

As one of the mothers said "This program is wonderful, not does it benefit the patients but it has helped my child fill in the long idle summer days with a worthwhile service and has done so much to build character."

Who says our teenagers are selfish, lazy and delinquents? It is juniors like these who convince us that we can be proud of our American Youth.

The preliminaries will be held at Gilbert's Restaurant, in Orange. The first preliminary will be held on Sunday, September 22 at 2:30 p.m.

The finals of the contest, open to the public, will be staged at Green's Hotel, West Orange, on Friday evening, October 18.

Applicants must be residents of Essex County, 18 years of age or over and single. The best for judging will be the beauty, poise and personality of the contestants.

Each finalist will receive shoes, wardrobes, evening gowns, costume bathing suits, Parisian costume, wrist watches, Revlon make-up kits and other awards.

The young lady chosen "Miss Essex Green" will be given a diamond wrist watch, a \$100 U. S. Bond, a weekend at the Waldorf Astoria Hotel in New York for two persons, use of a chauffeur-driven Cadillac for her weekend, tickets to "My Fair Lady" and many other expensive gifts.

Entry blanks for the contest can be obtained by writing to "Contest" P.O. Box, 252 Orange, N. J. Entry blanks are free and require no photographs for contestants.

BEAUTY CONTEST WILL BE STAGED THIS OCTOBER

Janet Eddy, Winner Of Beauty Laurels, Will Stage Contest In West Orange

The merchants and management of the \$10,000,000 Essex Green Plaza in West Orange, now rapidly nearing completion, will sponsor a contest among girls of Essex County to select the most pithy, charming young lady to represent the center, it was announced today.

Miss Janet Eddy, of 104 Mountview Avenue, the winner of the Miss Suburban Essex County title earlier in the year, and the runner-up in the Miss New Jersey contest, is the staging director of the show.

Prizes worth more than \$2,000 have been posted for the runners-up and the finalist, who will receive the title of "Miss Essex Green."

Orioles Split Over Weekend; Face Nutley, Lemma Sat.

Calcagno And Tosies Spark 14-1 Romp Over Montclair; Whipped By Soverels 9-6 In Sunday Fray

A romp over the sixth place Montclair Athletics, and a loss to the first place East Orange Soverels described the week's action for the Belleville Orioles.

The latter took on Montclair on Saturday, blasting 20 hits to walk off with a 14-1 triumph, as Joe Tosies hurled a four-hitter. Jim Calcagno four hits, two doubles and two singles, in five official times at bat, and also scored three runs. Fred Bell, Richie Marks, and Tosies each collected three satellites, and Joe Long and Richie Vieth amassed two. Each starter had at least one hit.

In the opening half of the first inning, with one down, Calcagno doubled. After Bell singled him home, Vieth walked, and Ronnie Diamond tripled scoring Bell and Vieth. Marks' grounder also scored Diamond.

Montclair scored their only run in the first, on a single, two errors and a fielder's choice.

Belleville got into the second on two errors and a second double by Calcagno.

Tosies led off the three-run inning with a single, and Calcagno followed with a single, advancing Long to third. A ground out by Bell brought in Long and a following single by Vieth brought in Calcagno, who had gone to second on Bell's grounder, to bring the lead to 3-0.

Whitman and Tosies led off the ninth with a singles. Long belted a double scoring Whitman. Tosies took third. De Mathis, who had replaced Calcagno, at third, knocked in the Orioles last two runs with a single.

Calcagno was the loser for Montclair.

The Sunday game, at Soverels Field, found the Orioles facing two top pitchers in Bob Pollack and Herb Busch. The Soverels, although leading 9-7, were whipped and made their lead stand up, to defeat Belleville 9-6. Pollack was the winning pitcher, while Johny Allen, who belted a three-run homer in the eighth for one of the two hits off Busch, was the loser.

The Orioles jumped off to a two-run lead in the first when after Long and O'Brien singled, two errors brought them in.

East Orange came back with three in the bottom half of the inning on a hit, a walk, and two errors.

The Soverels got two more in the second when Pollack and Diesel singled. Burnett was hit by a pitch, to load the bases. A single by Kingston scored one run. Sovery hit a hard shot to Long, who threw to home for the force on Diesel. Wolfarth walked to force in Burnett with the inning's second run.

Cattelli singled to open the third. Long forced him at second, and came home on a single by O'Brien and Bell. Each of the latter two collected three hits for the day. Long, Allen, and Cattelli had one apiece.

With one in the fifth, Wolfarth singled. Long arched in Christian's grounder, and Bob Cluen followed with a long home run over Cattelli's head, in right to make the score Soverels 5, Orioles 3.

LITTLE LEAGUES GRID TRYOUTS TO BE HELD AUG. 31

League Open To Boys Of 10 Through 13; High School Rules Enforced

The Recreation Department announced that tryouts for the Recreation Football Little League will be held at the Municipal Stadium on Saturday morning, August 31, at 10:00 a.m. sharp. Football Little League is open to all boys ages of 10 thru 13.

Youngsters who make a team will play in full uniform consisting of pants, shoulder pads, jerseys, and helmets. Teams are carefully balanced by weight. High School rules are used as the game, correctly.

There are two principal differences in the Football Little League play as opposed to High School ball. One, the Little League is played in sneakers instead of football shoes. Two, the teams play a half, then rest while two other teams play a half, then return to finish their half, thus preventing fatigue caused injuries.

In the two years during which Football Little League has been played there has been only one injury involving a broken bone and that was actually caused by extra-curricular horseplay.

Uniforms are provided by a group of sponsors: the Lions Club, Kiwanis, Elks, Varsity Club, Inland Cleaners, and Federal Indemnity. These sponsors provide pants, pads, and jerseys. The jerseys are given to the players who are still in good standing at the end of the season. Helms are supplied by the Recreation Department.

There are two main age, weight divisions which brings about two teams leagues, the "Lightweights" and the "Heavyweights."

Coaching is done by a wonderful group of volunteers who give many hours, much energy and great sincerity to making sure that the boys learn to play properly and instill all of the principles of sportsmanship.

FROM THE GARDEN STATE

Snap beans — green beans — string beans (call them what you will) but one thing is certain... they are delicious if they come from New Jersey. As to their proper name, Garden State growers regard the old-fashioned term "string beans" because good Jersey green beans are truly "stringless."

Snap beans are harvested in New Jersey for five months from June through October.

Most of the Garden State crop is sold fresh, so nearness to markets is a factor. In addition, a considerable volume is processed being either canned or frozen. Most of the New Jersey crop is chilled and sterilized in an ice bath or chamber before moving to your local store.

Next time you are shopping for fruits and vegetables for your family, ask the grocer: "Are they from Jersey?" Help yourself to the riches of the Garden State.

To Begin Season Playoffs Industrial Softball League

Regular Season Ends With Teams Tied For First And Third Places; Kidde And Pittsburgh Win

The Recreation Department Industrial Softball League, last week moved into its playoffs after a season of very close play. Regular League play ended with Walter Kidde and Federal Industries tied for first place with seven wins to one loss each while Pittsburgh Plate and Workalite tied for third place with records of 4 wins and 3 losses each. Both of the tie-breaking games were down-to-the-wire thrillers.

In the game between Pittsburgh Plate and Workalite, Pittsburgh was leading 1-0 from the first inning until the last of the sixth when they piled on two more runs to take of 3-0 command. Then, in the top of the seventh, Work-A-Lite caused fire with a four run rally moving into the lead. Finally, in the last of the seventh, with 2 outs, one man on base, Pittsburgh rapped the game clinching home run, which won the ball game and put Pittsburgh into third place.

Federal Industries and Walter Kidde went into their final inning with a 3-2 tie. In the top of the seventh Federal threatened with men on but couldn't bring them in, while Kidde got the crucial, final-inning run that gave them the game and first place in the League.

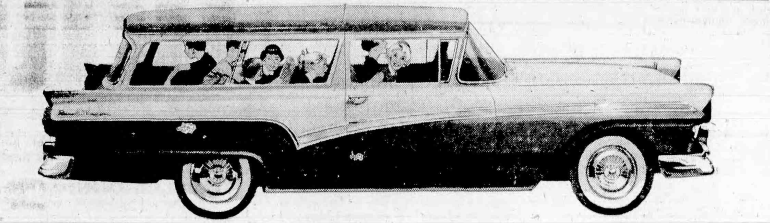

On last Wednesday the playoffs began. In the playoffs Walter Kidde will play Work-A-Lite a best 2 out of 3 series, as will Federal Industries and Pittsburgh Plate. Then the winners of these two series will play 2 out of 3 for League Championship and Recreation Department Trophy.

Work-A-Lite and Federal Industries each won their first games of the playoff series. This points up the tightness of the Industrial League because Kidde had beaten Work-A-Lite in the regular League schedule and Pittsburgh had beaten Federal Industries. The finals of the Industrial League playoffs are scheduled next week on Monday and Wednesday evenings at Belleville Park. Games start at 6:30 p. m.

There's room for nine big six-footers, and these new Ford wagons carry them in stand comfort.

With all this, plus the fact that model for model Ford is the lowest priced of the low-price three, it's no wonder Ford wagons outlast 'em all! What's more, if you see us while we're celebrating nearly 3 decades of Ford wagon leadership, you'll get the highest trade-in allowance and best deal of the season!

RIORDAN RETURNS FROM SPAIN TOUR

Bridge Street Resident In Experiment In Living Group

During the next few days, John Riordan, son of Mr. and Mrs. Daniel F. Riordan, 85 Bridge Street, is returning home after an adventurous summer spent with The Experiment in International Living, 750 young Americans have during past two months visited some 20 countries including Chile, Spain, India, Nigeria and Japan. Most of them are returning from Europe where they spent a month in a home and followed this by an informal trip in a binational group. Mr. Riordan visited Spain.

The Experiment method differs from ordinary tours, as it enables the student to get right inside a foreign country and know its people by living with them under conditions which would not be open to the ordinary tourist. After their "homestay", which usually includes getting to know a "brother" or "sister" in his home abroad, experimenters rejoin their group of 10 Americans and go with young people from the town in which they are staying for a camping or hiking trip. Cooking in the spot and making camp together, they form the close friendship which grows from the active involvement of the same adventure.

Bertram Revill

Bertram (Mickey) Revill Sr., of 45 William Street, once a star semipro baseball player in West Hudson, died recently at home of a heart ailment. He was 71.

Born in Sheffield, England, he came to this country about 1890 and had lived in Belleville 40 years. In his youth he was a well-known athlete in Harrison.

He recently retired as a steam fitter with the Foster-Wheeler Corp. in Bayway. He was a member of Local 710 of the Steamfitters Union.

Surviving are his wife, Mrs. Deborah England Revill; three sons, John W. of Janesville, Wis.; Bertram Jr. and Clifford, both of Belleville; two daughters, Mrs. Lillian Goerke of Highlands and Mrs. Margaret Jerge of Belleville; a brother, William of Metuchen; seven grandchildren and six great-grandchildren.

Services were held at Walter Rajca's Woodside Memorial, 617 Broadway, Newark. Burial was in Arlington Cemetery.

The headquarters of The Experiment are in Putney, Vermont where 30 staff members, directed by Gordon Boyce, work to make arrangements for the Outbound and Incoming Programs. This educational institution has this year also taught 200 students from 35 countries to have "homestays" in America. Included are a number of Fairbairn and Smith-Mundt scholars.

Services will arrive in New York, September 11, aboard the Zuldekrui.

R. QUIGLEY IN CHARGE OF STATE DRILL CONTEST

Serving As Chairman Of Legion Drum And Bugle Event To Be Held In Clifton

Richard Quigley, Nutley purchasing agent, is serving as general chairman of the annual American Legion State Drum and Bugle Corps contest to be staged on Labor Day, September 2, at Clifton High School Stadium.

Quigley has long been active in drum and bugle corps competition and was former business manager of the St. Mary's Cadets Corps.

Quigley, who now serves as an official at drill contests, will also act as general chairman of the "Parade of Champions" sponsored by St. Mary's Cadets at Park Oval, Nutley, next month.

St. Mary's Cadets, active all summer, will participate in the state legion drill competition.

AUDREY K. MAISE ENDS EUROPE TOUR

Ending an eight week tour of Europe, Miss Audrey K. Maise, daughter of Mr. and Mrs. G. G. Maise of 1 Forest Street, returned home last week from London via Pan American Clipper.

After flying to Oslo, Copenhagen, and Paris, Miss Maise and two former classmates from Vassar College, drove 5,000 miles through seven countries of Western Europe—visiting principal cities and points of interest. While in Amsterdam, they called on Mr. and Mrs. M. Pinto of 15 Forest Street, who were vacationing at Sandvoortan Zee, a nearby seaside resort.

Men In ... Service

Joseph F. Watters, son of Mr. and Mrs. Watters of 202 Union Street, completed six weeks of officer training, July 27, at the Marine Corps Schools, Quantico, Virginia. TF 11-16-56

As a member of the Platoon Leaders Class, he will be eligible for appointment as a second lieutenant in the Marine Corps upon completion of one more summer training session at Quantico and graduation from college.

Marine Pfc. Les J. Eyerkrus, son of Mr. and Mrs. Leslie L. Eyerkrus of 70 Cortland Street, based on the rugged terrain of this Hawaiian Island early on August 10 at the first Marine Brigade Amphibious Unit "Redwings" a five-day amphibious sea and air assault, enjoying the latest in the use of concepts of dispersal and surprise attack.

The ground component of the Brigade, the 4th Marines, met immediate resistance from marine assault forces as they hit the beach by amphibious craft and landed atop 1,000 foot cliffs by helicopter. The terrain envelopment force was launched from the Navy's first helicopter assault carrier, the USS Thetis Bay.

Marine Aircraft Group - 13, the Brigade's air arm, provided the 7,000 Marines with non-stop cover as the amphibious forces moved as well as aerial transportation of personnel and supplies.

The 1st Marine Brigade, the 1st Marine Division, received his commission as Major and received his pilot's wings, at Corpus Christi Texas, Friday. He was graduated from Belleville High School and Lehigh University, where he was a member of the Beta Theta fraternity and the Lacrosse team.

John P. Denison, son of Mr. and Mrs. John C. Denison, 214 Overlook Avenue, received an Army Reserve commission of second lieutenant, recently, after having completed six weeks summer training at Fort Gordon, Ga., under the Weeater Polytechnic Institute ROTC program.

Lieutenant Denison, a member of Sigma Xi fraternity, is a 1953 graduate of Belleville High.

Ralph R. Abrino, 21, of 201 Union Avenue, son of Mrs. Josephine Abrino, will receive his commission as Captain and receive his pilot's wings, at Corpus Christi Texas, Friday. He was graduated from Belleville High School and Lehigh University, where he was a member of the Beta Theta fraternity and the Lacrosse team.

THE CURTAIN RISES ON A NEW ERA OF MEDICAL PROGRESS....

CLARA MAASS HOSPITAL

The new Clara Maass Memorial Hospital—the "Hospital-in-the-Park"—on the Belleville-Bloomfield-Newark line, on Franklin Ave. opp. Branch Brook Park, has officially opened its doors to patients. This opening brings to the several communities in that area the most modern of hospital facilities and services, thus filling a long-standing need.

We salute our new neighbors and thank them for their confidence and support. It has been a source of inspiration in the face of discouraging odds.

BUT—the job is only partially completed. We still lack funds with which to purchase urgently needed equipment—post-operative recovery room and X-ray equipment, for example. Two whole patient floors cannot be opened until some later date because we are unable to equip them.

So your financial help at this time will be greatly and gratefully appreciated. The urgent need is **NOW**.

Two visitors thrill to the view from the sixth floor Lounge. Similar lounge facilities are available on all patients' floors. From these Lounges there are particularly good views of the New York skyline and of the surrounding area in Jersey.

Miss Joan Christ, R.N., clinical instructor, explains to a student nurse the workings of the voice communication system through which patients may contact nurses. The picture typifies the hospital's semi-private rooms, all of which are equipped with this system.

Major operating room equipment is shown to a group of visitors during a tour of the hospital by Miss Nancy Fiorellino, assistant director of nursing services. The operating table in the foreground is a marvel of maneuverability.

Miss Joan Christ, R.N., clinical instructor, instructs Miss Ann Geffinger, a student nurse, in the operation of a new type bed with which the Pediatrics Wing is equipped. The beds are so ingeniously constructed that patients' positions may be raised or lowered without disturbing them.

The Hubbard Tank used for hydrotherapy treatment is tested by Miss Miriam E. Sayre (left), director of nursing services, and Miss Nancy Fiorellino, assistant director. The "patient," whose foot appears in the photograph, volunteered her services for this test.

☆ Men In Service ☆

Arthur Joseph Comblano, 22, of 43 Salter Place and Angelo Gerald Maas, 18, of 57 Lake Street have arrived at Fort Dix and been assigned to B Company, 3rd Training Regiment of the U. S. Army Infantry Training Center, Fort Benning, Georgia. Comblano is the son of Mrs. Amelia Comblano of 43 Salter Place. His wife the former Corrie Cappetta, is residing in Bloomfield.

Maas' parents are Mr. and Mrs. J. Maas of the same address. After the initial eight weeks, they will be given two-week leave and then receive eight more of advanced Infantry training, be enrolled in one of the specialist schools conducted here or be transferred to another Army post for training in one of the Army's technical schools.

Prior to entering the Army, Private Comblano attended Bloomfield Technical High School. He was formerly employed by Steel and Alloy Tank Co., Newark. During their training the men will receive instruction in general military subjects, Infantry weapons and tactics, as well as character guidance programs under the post chaplain.

A/1c and Mrs. Robert G. Quinlan, of 1049 Fulton Street, Aurora, Col., announce the birth of a daughter, Pamela Rose, on July 15, at Fitzsimmons Hospital, in Denver. Mrs. Quinlan, nee Barbara Robinson, of Belleville and her husband, of Nutley, also have a son, Robert, Jr., 15 months old. Airman Quinlan is stationed at Lowry Air Force Base.

Receiving indoctrination at the U. S. Naval Academy, Annapolis, Maryland, in advance of the regular academic year is Frederick J. Lowack of 18 New Street, a graduate of Belleville High School. Members of the fourth, or "pled" class, will begin regular classes Sept. 5, and are scheduled to graduate in 1961.

Army Pvt. Carmine C. Francesco, 19, son of Mr. and Mrs. Anthony Francesco, 113 Emmet Street, recently arrived in France and is now a member of Headquarters Detachment at the Tool Engineer Depot. Francesco, a supply specialist, arrived overseas from an assignment at Fort Devens, Mass. A former employee of the American Tag Company, he entered the Army last August and completed basic training at Fort Dix. Francesco was graduated from Essex County Vocational & Technical High School in Newark in 1956.

Herbert W. McKinley, Jr., engineering third class, son of Mr. and Mrs. Herbert W. McKinley Sr., of 155 Cedar Hill Avenue, has been honorably discharged from the U. S. Navy attached to the U. S. Naval Receiving Station, Norfolk, Virginia.

The Norfolk Naval Receiving Station, commanded by Captain C. C. Wilson, USN, processes approximately 8,000 men a month on their way to and from naval activities all over the world.

Arthur E. Wolfarth, AN, USNVR is undergoing his annual two weeks for training with his Naval Reserve Squadron ZP-752 at NAS, Guantanamo Bay, Cuba. He participates in all of the phases of the Squadron training activities to learn the latest skills and techniques for Airship Anti-submarine tactics. He lives with his wife Ann at 35 Belmont Street and is employed at A. A. Watts Co., Belleville.

Pvt. Joseph T. Monahan, 21, of 16 Bayard Street, has been assigned to B Company 4th Training Regiment here for eight weeks of Infantry basic training in conjunction with the 1955 Reserve Forces Act. During his training Monahan will receive instruction in general military subjects, Infantry weapons and tactics, as well as character guidance programs under the post chaplain. Under the RFA program Monahan will serve on active duty for six months and then be transferred to hometown duty with an Army Reserve or National Guard unit. After the initial eight weeks, he will receive a two-week leave and then enter eight weeks of advanced Infantry training, be enrolled in one of the specialist schools here or be transferred to another Army post for training. Prior to arriving at Dix, July 21, Pvt. Monahan, the son of Mrs. Sadie Brown, 16 Bayard Street, attended Belleville High School and Monclair State Teachers College.
