## Mary Senatore Makes A Clean Sweep In Town

### All But Six Democratic Running Mates End Up In The Winner Circle

Mary Senatore, Belleville Democratic Chairman, won an overwhelming victory Tuesday night when she defeated the opposition by a 237 to 154 vote on her own home ground — Ward 2, District 7.

"But, it took a lot of work," she said watching the crowds that filled the street to curbside in front of her home at 192 Passaic Ave. In the Second Ward she made a clean sweep with 42 of 46 of her ticket winning their contests.

The Democratic Primary had been used by Town Hall politicians as a plebiscite in the change of government movement. Town Hall forces had declared a vote for Senatore was a vote for a change of government, and urged anti-Senatore votes in an effort to combat the move.

Mrs. Senatore said she hoped her election would persuade the Town Hall political figures to (Continued On Page 2)

THE AUTHORITY: Four members of the newly formed Parking Authority, approved Monday night by the Town Council, met informally Tuesday afternoon at The Times. Later they will have an organization meeting in which a chairman for the group will be chosen. From left is Frank M. ## Five Members Appointed; Cullen's 'No' Overruled

The Town Council passed an ordinance creating a five-man Parking Authority Monday night with a 4-1 vote that set in motion the first steps taken in over 20 years to solve the town's acute off-street parking problems. The lone dissenting vote was cast by Councilman William H. Cullen, who complained that none of his candidates had been chosen for a post with the new group.

Named to the Authority for one-year terms by Mayor Nuncio R. Pico were:

FRANK M. GARRUTO, 29, of 267 William St., who is a pilot with United Airlines and the holder of two degrees in business administration and accounting at Fairleigh Dickinson University.

EMILE CASALE, 48, 85 Fairway Ave., an attorney and chairman of the Alcoholic Beverage Control Board here. He will resign from the board to accept the new position.

GEORGE KIERNAN, 59, 101 Union Ave., a mortician and former commissioner who has

been a member of the Planning Board.

JOHN CARUSO, 44, 53 Mt. Pleasant Ave., a model-maker at ITT for the past 25 years who also works part time for a real estate agency here.

G. FRED BURLAZZI, 18 Mt. Pleasant Ave., a real estate appraiser and chairman of the Planning Board. He, too, will resign to accept the position with the authority.

The men, all of whom expressed surprise at the announcement they had been selected for the Authority, said Tuesday afternoon they had not yet been officially notified of the appointment.

Mayor Pico said the men would be sworn in as soon as possible — probably next week — and that an organizational meeting would be held to determine who would be chairman of the group. He expressed the hope the men would work hard for a share of the Federal funds available for land purchase.

Cullen, who denied he was

"against" the Parking Authority, voted "Nay" after declaring that the reason none of his candidates had been chosen was because of the majority.

"It's a disservice to me and the people I represent," he declared angrily, adding that the heavy vote last May indicated he has a certain amount of wisdom and good judgement or he wouldn't have been elected.

But Mayor Pico said privately that Cullen's candidates had been (Continued On Page 2)

## It's Football Time Again With Nutley Vs. Belleville

The NFL and the AFL will get some local gridiron competition Saturday night at Nutley's Park Oval when the neighborhood rivalry between Nutley and Belleville comes up for another chapter. Under the lights, starting at 8 p. m., the Nutley Alumni Athletic Association will send its former grid heroes to square off against a tough collection of ex-Belleville' greats.

Proceeds of the benefit game, which has pulled big crowds in the two previous contests, will be equally divided, Nutley continuing its scholarship fund and Belleville putting its share of the pot into its local Little League program.

Belleville has twice whipped the Maroon and Gray and the latter will have its strongest team whipped into shape to regain some prestige. In the first fracas, the Bellboy grads crushed Nutley 18-7 and last year, in Belleville Municipal Stadium, the

Blue and Gold copped a thriller, 12-7. Both games have been well played and with the rivals coming up this year with some ex-college stars, this could be the best one of the series.

Big, strong lines and fast backs promise an exciting evening. Nutley will probably use the air lanes more than Belleville. Throwing the bombs for the Maroon Alumni will be George Hosselopp and southpaw Mark Hallam, two fine passers. Hosselopp was a star at Lafayette and Hallam at Amherst, with Hallam a former Newark Bear pro defensive ace. Countering this pair are Bellboys Nick Del Guercio and Pete Spera, who from their quarterback posts can thread a few needles themselves.

The running games may feature Phil Galioto, the Belleville grad who sped 70 yards for the winning TD last year, or Joe Weiss, a Maroon speed merchant (Continued On Page 2)

## Legion Group From Post 105 At Convention

A contingent of Post 105 American Legionnaires and their wives attended the 48th annual convention of the American Legion, Department of New Jersey in Wildwood last weekend. Among the guest speakers were Senators Clifford Case and Harrison A. Williams and Governor Richard Hughes.

Among the Belleville group were Commander Pat Lee, Jack Gorman, Richard Shannon, Patrick Wynn, William McCoy, Kenneth Paton, Ray Carnascille, Peter Johnson, John R. Throckmorton, Meredith Marx, James V. LaMotta and George K. Mitchell. One of the most important pieces of business to come before the convention will be discussion on a proposal to permit Vietnam veterans to become Legion members.

A highlight of the weekend was the annual competition among drum and bugle corps.

## Keeping Pets May Soon Be A Costly Proposition Here

If an ordinance proposed by the Town Council Monday night is approved during their Sept. 26 regular meeting at Town Hall, the cost of a dog tag will soon exceed that of a driver's license.

The suggested amendment to the ordinance would hike tag licenses from \$2.25 to \$4 — \$3.50 for the tag and 50 cents for registration of the tag at Town Hall.

Despite the increase proposed in licenses, services have not followed suit complained animal lovers here, who decried the lack of a free-innoculation program against rabies by the town.

Nearby Nutley has a program as part of its campaign against rabies each spring. But not Belleville.

There are now 1,259 licensed dogs in Belleville. "About average," said Town Treasurer Francis McCoy. The inoculation program here was discontinued because expenditures were exceeding income, he said.

## Library Plans New Hours For Two Branches

THURSDAY, 9 a.m. - 9 p.m.  
FRIDAY, 9 a.m. - 5:30 p.m.  
SATURDAY 10 a.m. - 5 p.m.

The Children's Room will be open on the same schedule except that it will close at 5:30 p.m. each day.

Hours for the Silver Lake Branch Library, 30 Magnolia Street are:

Monday through Friday 1 p.m. to 5 p.m.; and Tuesday evenings 6 p.m. to 9 p.m.

## Donald Hulme Is Off On Musical Excursion Again

Donald Hulme doesn't let any grass grow under his feet. The famous accordionist from Belleville, who has traveled over the world entertaining, has left for a swing around the college circuit.

He was at home with his parents at 122 Bell Street for less than two weeks. Early this month, the young man completed a three-month tour of Sweden giving almost 100 concerts. He stopped off in Copenhagen, Paris and London before landing back in the States.

His latest musical voyage will last about nine months, as he hits the eastern and midwest colleges and universities.

WHEN IRISH EYES ARE SMILING, sure and you'll find a dancing champ. That's Miss Maura O'Reilly, as pretty a lass as you will find this side of the Emerald Isle. A terpsichorean all the way, the young lady expects to open a dance school here in the near future.

### What's New In Glocka'Mora?

Miss Maura O'Reilly, a 22-year-old miss of obvious origin is a champion in the art of Irish dancing. This year, she won the Irish-American Dancing title conducted at New York's Hunter College.

A rhythmic exponent of the dancing art since 9 years old, she has won over 200 medals and trophies for her expertise. Competing at Feises (festivals) in Ireland, Scotland and England, she became an acknowledged virtuoso of the dance.

Ireland's loss was America's gain, for the attractive lass migrated here in 1963. She enrolled at the McNiff, Collins and Smith School of dancing in New York

and soon began to win competitive dance contests in New York and Connecticut. In 1965, she made a trip back to the old sod and won approval by the Irish Dance Commission to become a teacher — only the third in New Jersey to earn such recognition.

Miss O'Reilly, who lives presently in North Arlington, has her sights set on a school of her own in Belleville before the leprechauns disappear from the leafy trees. She will teach Irish step-dancing and figure dancing to children.

The line forms on the right — and Dad, you are too old for registration in this class.

### Army Veteran In Germany

Army Staff Sergeant Robert W. Brewer, son of Mrs. Ruth M. Russell, 15 Malone Avenue, is participating in a two-week field training exercise conducted by the Berlin Brigade in Wildflecken, Germany.

During the exercise, which began Aug. 17, he is taking part in weapons firing and tactical maneuvers as part of an Army program to maintain the combat proficiency of his unit, the Second Battalion of the brigade's 6th Infantry.

To reach the training site at Wildflecken — over 250 miles from Berlin — the infantrymen had to pass in military convoy through two Soviet checkpoints and over 110 miles of the Autobahn that runs through Communist East Germany, between West Berlin and Helmstedt, West Germany.

Brewer is assigned to the battalion's Headquarters Company.

### Interstate Tax Revision Cited By Rodino

Rep. Peter W. Rodino, Jr. (D., 10th) announced that the House Judiciary Committee voted to report H.R. 16491, the proposed "Interstate Taxation Act," to the U.S. House of Representatives (favorably and without amendment, Rep. Rodino, a sponsor of the legislation, has been an active member of the Special Subcommittee on State Taxation of Interstate Commerce which has been charged with the duty of developing this program.

Rep. Rodino declared: "Small and medium-size business in New Jersey is another step closer to receiving congressional relief from the burdens of multistate taxation because of the House Judiciary Committee's action today. During the course of our study of State taxation and through the many sessions of hearings I conducted earlier this year, I noted again and again the difficulty of New Jersey businessmen in having their problems and their point of view presented on tax matters in the many States where they shipped their goods. This has developed a situation where today these companies have gotten closer to the point of taxation without representation than any time since 1789. Moreover, it became more and more apparent to me that there are many New Jersey businesses which have liabilities to other States of which they are completely unaware. Only Congress can give the relief that is needed and I have strived to develop a bill to do the job. H.R. 16491, I am happy to say, does meet these problems.

"H.R. 16491 is a good bill and I am going to do all I can to see that it passes the House as quickly as possible."

Signalman Third Class Edward M. Rutter Jr. USN, son of Mr. and Mrs. Edward M. Rutter Sr., of 35 Hickory Court, has completed a seven-month — 45,000-mile cruise around the world as a crewmember of the destroyer USS Dyess.

The voyage took the Dyess thru the Suez Canal, across the Atlantic and thru the Panama Canal to the Pacific. Once in the Pacific, it assumed a station off the coast of Vietnam performing such duties as plane guard, search-and-rescue, and picket. It's major assignment, gunfire support, took the destroyer 12 miles up the Saigon River where in ten days of around-the-clock bombardment, the Dyess expended 2,386 rounds of five-inch ordnance. Some of the Dyess's targets were as close as 2,000 yds. Spotters reported excellent to outstanding coverage and effect on the Viet Cong targets.

While at sea, the Dyess sustained herself with some 50 underway replenishments, refueling and rearmings. She also visited some fifteen different ports, including Pearl Harbor; Subic Bay and the Philippines, Hong Kong, Kaohsiung, Taiwan; Athens; Barcelona and Gibraltar.

Seaman Anthony Giardina, USCGR, son of Mr. and Mrs. Car-

## A Word Of Caution

A note to parents to prevent an obituary.

With the opening of school again, and its attendant speed-up in activity and excitement, one thing has been called to our attention with distressing frequency. It's our young bike riders.

They dart into the streets from driveways without warning; squeeze between cars parked at curbside and those driving down the street; and ignore traffic signals, unaware that they apply to them as well as motorists.

Parents are asked to speak to sons and daughters who ride bikes to schools and warn them of the danger to themselves and drivers tooling several tons of automobile along narrow streets. They don't stop easy, you know.

There has already been one report of what may have been an innocent attempt

to give a young student a bouquet of flowers to give to her teacher. But any molestation of youngsters — no matter how innocent — should not pass unreported.

Mrs. Violet Spray, principal at School 7, asked her children to walk together in groups if possible or at least in company with other students. They were also advised to report any untoward actions by adults to their teachers, school crossing guards, or — if a flagrant violation — to the police.

She also warned parents not to exceed that delicate boundary which may leave a fearful mark on impressionable children which would cause them to become frightened by the most normal attempts of friendliness by well-meaning adults.

It is good and wise advice from an experienced educator. G.F.A.

## They're Coming Home To Roost

Later on this month one of our former "councilmen" — widely known for the size of his oral cavity — will appear in Municipal Court to answer charges of making a public nuisance of himself in the Council chambers recently. And it's long overdue.

For four years he hid behind the immunity granted legislators on the Town Council while freely castigating innocent parties who met with his disapproval. He was free to do so on the theory that to hold him accountable for his boorish conduct would be to stifle free speech and debate on a legislative body.

## Hail A Concerned Jurist

Justice tempered with mercy was on exhibit in local Municipal Court last week. Judge Edward Abromson had before him a young man from town, described by police as a drug addict. He had been arrested with a Newark man for being under the influence of drugs and for failure to give an account of themselves.

The Judge has a reputation for being fair but tough with drug cases. His philosophy is that this is a disease and should be treated as such. However, an addict is dangerous to society. The insatiable appetite for the habit makes it almost mandatory that the user eventually indulge in some criminal activity in order to satisfy the crying need for a "fix". The habit feeds on money and our rising crime rate; police officials will tell you, is attributable, in a large degree to drug addicts.

After conferring with the youth's attorney and an Essex County probation officer, the Judge handed down a one-year prison sentence, on a guilty plea entered by the defendant's attorney. However, the

Judge suspended sentence and placed the youth on probation for three years. Issuing a stern warning that parole violation would mean an immediate prison term, the Judge opened the door for the young man to enter a State psychiatric institution specializing in the treatment of drug addicts.

Later in his chambers, Judge Abromson said he was sympathetic toward those who fall victim to the drug habit. However, he was quick to point out that he also has an obligation to protect society from addicts.

It was most refreshing to hear a jurist express actual concern for society in general and people in particular. Especially in view of the liberals who hail as judicial landmarks those Supreme Court decisions protecting the rights of the individual. Decisions, police and law enforcement officials charge, protecting criminals and contributing to the rapid increase in the crime rate.

## Doubletalk and Strikes

An official of the Building and Construction Trades Council attacked Senator Clifford Case last week, criticizing the incumbent Senator for his anti-labor position on the recent strike by airline machinists. The Senator was condemned for saying, on a television program, that he felt Congress should do something about the airline strike. The labor official admitted, however, that Senator Case made a public statement that he voted against legislation authorizing government intervention.

If that adds up to doubletalk, you better believe it.

According to the labor spokesman, the threat of government intervention actually delayed a settlement of the strike. And, if we are to believe the labor official, Senator Case, by his encouragement of government intervention against the best interests of organized labor, was partly responsible for prolonging the strike.

This is a good example of the intolerable position in which the public finds

itself when unions strike essential industries. Powerless, the man in the street listens to his Senator say he will vote against government intervention and then, according to the union officer, out of the other side of the mouth comes the statement that Congress should do something about the strike.

The unions speak for the best interests of organized labor and rail at politicians who do not support the strike.

Who, on the other hand, speaks for the best interests of the public? Who took up the cudgel for the hundreds of thousands of travelers inconvenienced and harassed by the unconscionable strike; Who spoke for the millions of dollars in lost revenues to business, resorts, airlines and the employees of these companies and business that were victims of the prolonged strike? The silence was deafening.

Politicians who defy labor wishes are threatened with damnation at the polls. To coin a phrase, labor must be doing something right. . . it works.

## Lions Club And Peace

Service clubs do fine jobs. They are dedicated to bettering their home towns, give unstintingly of their time and money for community action and specifically aid youth, the blind and the underprivileged.

Latest effort in this area is the announcement by the Lions Club offering \$50,000 in prizes for an essay on Peace. A most novel topic, since the world today and the United States both face the greatest fight in history to regain even the theory of peace.

The generation embracing the age limits of the contest, 14 to 22, has not had much but a nodding acquaintance with

peace. . . real peace. The undeclared wars in Korea and Vietnam were and are hot, men died and our only claim to victory is that the Communists were contained. No one really won and a lasting peace has eluded us. Between the two hot wars, the cold version had to be lived with, along with the ever present and ominous threat of an atomic war.

The Lions must be commended for turning the topic over to the hands of the younger folks. Perhaps one of them can come up with the answer. So far, the older folks haven't been doing too well.

## Vets Plan Parade

To The Editor:

The Belleville Veterans Council is appealing to all industries, places of business and organizations to enter a float in the annual Veterans Day Parade to be held on Washington Ave., Belleville on Nov. 11, 1966.

This parade is dedicated to the honor of our fighting men in Viet Nam and to all that gave their lives fighting there.

The chairman of the Veterans Council says that this is only a small token of appreciation that we should honor these fighting men who are doing so much to preserve freedom here at home and around the world.

There will be a special contest the evening of the parade, and the people viewing this parade will be the judges.

A trophy will be awarded to the best float and the best performing band entered in this parade. The people will vote by a coupon inserted weekly in the Belleville Times-News. Coupons will be mailed to the Veterans Council Town Hall in Belleville, for judging.

The National Sales Co. of Belleville is cooperating with the Veterans Council in selecting the best trophy's available to be presented to the winning band and float.

These trophies will be on display at the office of the Belleville Times News 326 Washington Ave.

## Safety Council Offers Advice For The Students

With the opening of the school season the New Jersey State Safety Council suggests parents teach their children the following rules about the use of school buses:

Leave home in plenty of time so that you don't have to rush to catch the bus, but don't leave so early that you'll have to wait more than five minutes.

Wait well off the roadway. Do not distract motorists.

Stay well back until the bus comes to a full stop. Use the handrail on boarding. Take a seat and remain seated until the bus comes to a full stop at your destination.

If there are no available seats, with each hand. Comply promptly with instructions from the driver and from your school bus patrol, if there is one aboard.

Keep books and packages in your lap or under your seat, never in the aisle.

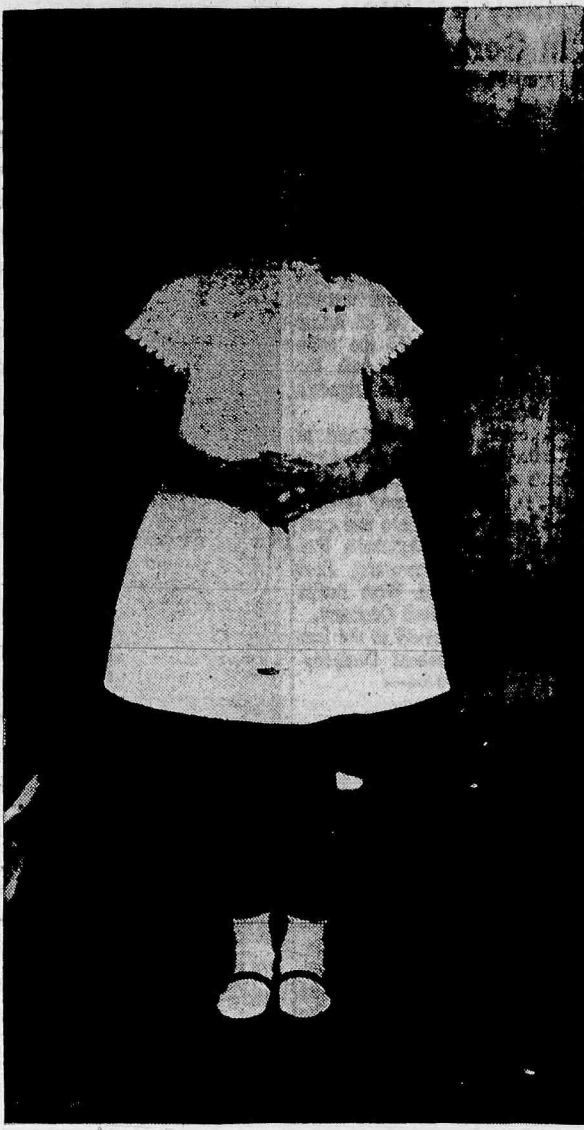

No loud talking or active play. Quiet conversation is all right except at railroad crossings, the driver must listen for trains.

Don't do your homework or eat your breakfast on the bus.

Never stick your head or a hand or elbow out of a window. Leave the bus quickly and quietly without crowding or shoving, and don't linger at the loading zone.

The Council urges parents to insist that local Board of Education make it a mandatory condition of employment that school bus drivers attend a county school bus safety workshop.

SHE'S A DOLL! Denis Philipbar, 5, who began her education at School 9 this week, won the preliminary a Palisades Park July 16th and took part in semi-finals in the Little Miss America contest Aug. 20th. She lives at 466 Cortland St. with her parents Mr. and Mrs. Dennis F. Philipbar. Her father, after whom she's named, owns a barbershop on Washington Avenue. Its name? Dennis', of course.

## Early Promotion For Local GI At Ft. Dix

Thomas A. D'Ambola, 20, son of Mr. and Mrs. Thomas E. D'Ambola, 75 Glass Avenue, received an early promotion to Army pay grade private E-2 on completion of basic combat training at Fort Dix, N.J., Aug. 19.

He was awarded the promotion two months earlier than is customary because of his score in

firing the M-14 rifle, high score on the physical combat proficiency test and his military training and leadership abilities.

The early promotion is an Army policy providing incentive for outstanding trainees.

### Letters To The Editor

Letters to the editor are always welcome — in fact, we solicit them if you have something you want to get off your chest — a beef or a complaint — let us know. If you want to pat someone on the back, drop us a note. You write it, we'll print it.  
But please — sign your name. Each week, unsigned letters cross The Editor's desk and are summarily consigned to the waste basket. If it's worth taking the time to write, it's worth signing.

There is a bill pending — once again — to license TV service men. A license is expected by some people to be a sinecure for improper service and excessive charges. This, of course, is a fallacy. In its present form, it is not even a protection from so-called "Moonlighters," which means part time "mechanics" who work after their regular job. These have been responsible for a large number of complaints. No doubt such a bill would weed out some completely incompetent persons. However, the natural process eliminates these men anyway. Certainly it would not eliminate abuses as far as charges are concerned. We have heard numerous complaints about high charges from trades and professions requiring a license like plumbers, electricians or physicians.

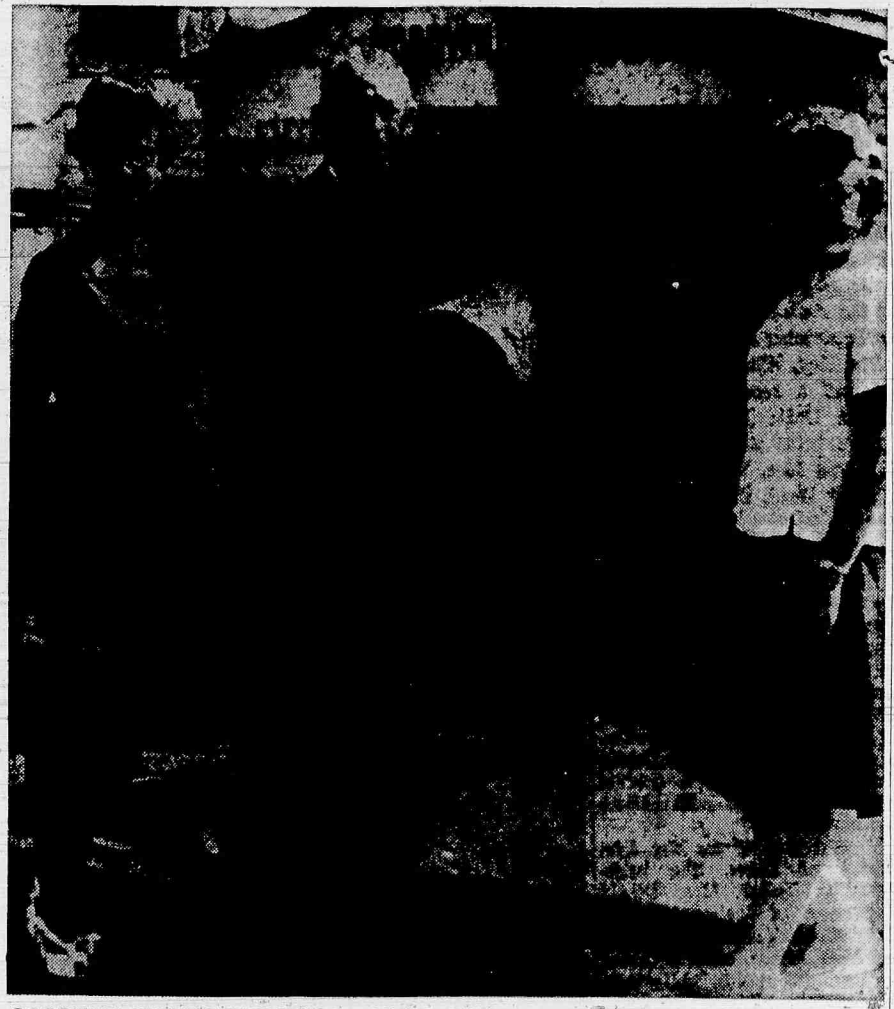

One often wonders how far the ever increasing controls of more and more things by Municipal, State and Federal agencies can go, and how many of these controls and licenses are just another scheme of collecting money.

We certainly don't have to be afraid of licensing TV repair men. Our technicians are experts with years and years of experience. Our service shop is not a money making proposition, it is there solely to keep the merchandise which we sell, in good working order at a minimum cost to our customers, and we service only the merchandise which we sell. Our customers know that we are anxious to give the best service at the lowest cost and we don't get any complaints, so licensing would affect us neither way. If you have an opinion in the matter, you may want to write to our assemblyman or State Senator.

We service what we sell.

## Lorraine Mezzatesta Weds Navy Man In Military Setting at Holy Family Church

MRS. EDWARD SOLOMON  
Former Lorraine Mezzatesta

Miss Lorraine Ann Mezzatesta, daughter of Mr. and Mrs. Joseph Mezzatesta of 216 East Passaic Avenue, Nutley and Edward Earl Solomon, daughter of Mr. and Mrs. Edward Solomon of Jim Thorpe, Pa. were united in Holy Family R. C. Church, Nutley.

The Rev. Robert Cozzini officiated and a reception followed at White Eagle Hall, Bloomfield.

The bride, escorted by her father was attired in a silk organza gown with the bodice and long sleeves made of reemboirdered rose point lace. A fingertip veil of silk illusion was attached to a crystal crown.

Sister of the bride, Miss Kathleen Mezzatesta served as maid of honor. Her gown was of blue peau de soie with a matching coat. She carried a cascade of roses dyed to match.

Bridesmaids included another sister, Miss Arlene Mezzatesta, cousin of the bride, Mrs. Harriet Sarno of Newark, Miss Carol and Miss Patricia Mammucari both of Berlin, Miss Joan Mezzatesta of Belleville and Miss Lorraine Holly and Miss Linda Matthews both of Nutley.

They were dressed in gowns of various shades of the rainbow, made of silk chiffon featuring an empire bodice lace. Cascades of roses were dyed to match each gown.

Best man was Nicholas Langworthy. Ushering were Patrick Kafe, Joseph Verna, William Oggle, Jack Spangler, James McNally, Barry Delp and Jim Johnson. They are all serving in the U. S. Navy with the Abhan Crash Crew, Lakehurst and wore their uniforms in the ceremony.

The bride's cousins, Linda Koelisch of Newark and Edward Critchley of Bloomfield acted as miniature bride and bridegroom.

Mrs. Mezzatesta chose a full length gown of Nile green with matching hat. The mother of the bridegroom was gowned in a maize full length gown with matching accessories. Each had a corsage of white orchids.

The bride was graduated from Nutley High School and is with the Mutual Benefit Life Insurance Co., Newark in the underwriting and issue department.

Her husband is serving his third year in the U. S. Navy also at Lakehurst in the Crash Crew.

MRS. FREDERICK UTRACHI  
Former Geraldine Faltraco

## Puerto Rican Honeymoon For the Frederick Utrachis

The wedding of Miss Geraldine Faltraco and Frederick Utrachi, Jr. took place Saturday, September 10 at Holy Family R. C. Church, Nutley with the Rev. Michael Saltarelli officiating. A reception followed at the Carriage Trade Restaurant, East Orange.

The bride is the daughter of Mr. and Mrs. Peter Faltraco of Center Street, Belleville. Her husband is the son of Mr. and Mrs. Frederick Utrachi of Gless Avenue, Nutley.

Escorted by her father, the bride wore a formal length gown of silk crepe. The bodice was fashioned with a square neckline and elbow length sleeves edged in embroidery. The high rise waistline also banded in embroidery gave way to a semi sheath skirt accented with a Watteau train. Her headpiece was a pillbox of silk peau which held a triple tiered veil of silk illusion. She carried lily-of-the-valley and stephanotis.

Miss Barbara Faltraco served as maid of honor for her sister. Acting as bridesmaids were Mrs. Robert Vorndran of Nutley, sister of the bridegroom, Mrs. Victor Duva Jr. of Belleville and Miss Susan Fodor, cousin of the bride of Needham, Mass. Patricia Lombardi of Belleville was the flower girl.

All the attendants were attired similarly in full length gowns of lace and crepe. The romance blue bodice featured scooped neckline and elbow length sleeves and the wrap-around skirt formed a sheath. Circular veils were attached to matching headpieces.

Mrs. Faltraco was attired in a gold satin two piece ensemble with matching pillbox for her daughter's wedding. The mother of the bridegroom selected a sage green crepe sheath with a beaded bodice and also wore a pillbox. Each had a corsage of orchids.

Best man was Frank Pagliaro of Nutley. Robert Vorndran, the bridegroom's brother-in-law of Nutley, Richard Brunley, Eric Faltraco, the bride's cousin, Peter Faltraco, brother of the bride all of Belleville and John Rondelli of Bloomfield ushered for the ceremony. Ring bearer was Stephen Utrachi of Nutley, brother of the bridegroom.

The bride was graduated from Belleville High School and attended Glassboro State College. She is a service representative with N. J. Bell Telephone Co. Mr. Utrachi, a graduate of Nutley High School, attended Boston Conservatory of Music and Glassboro State College. He is with the First National State Bank of New

## Annette Greco, Avenel Man Exchange Vows in Holy Family Church, Nutley

The marriage of Miss Annette Greco, daughter of Mr. and Mrs. Peter Greco of 165 Forest Street, Belleville and Richard Ramage, son of Mr. and Mrs. George Ramage of 72 Avenel Street, Avenel, took place on August 20 at Holy Family R. C. Church, Nutley. The Rev. Michael A. Saltarelli performed the ceremony.

The bride, escorted by her father, wore a gown of ivory silk organza with a scoop necked bodice of Alencon lace. A matching sleeveless coat fell into a chapel length train and a headband held her elbow length veil of illusion. Her cascade consisted of orchids and stephanotis.

Miss Bess Ann Greco was maid of honor for her sister. She wore a pink floor-length sheath with the bodice beaded with crystals, sequins and pearls. She carried a cascade of scarlet-red carnations.

Bridesmaids included Miss Angel Serio, Miss JoAnn Greco, sister of the bride, Miss Barbara Caputo all of Belleville and the bride's cousin, Miss Gloria Greco of Nutley. Their gowns were identical to the maid of honor's.

Mrs. Greco was attired in an ice blue floor length gown of silk peau de soie. The mother of the bridegroom selected a light green chiffon full length gown. Each wore a white orchid corsage.

Thomas Ramage, of Avenel, brother of the bridegroom was best man. Ushering were the bridegroom's other brothers, Lawrence and Jeffrey both of Avenel and brothers of the bride, Thomas and Peter Greco of Belleville.

The reception took place at the Hotel Suburban, Summit.

The bride was graduated from Belleville High School and Newark State College; Union. She teaches fourth grade at School 8, Belleville. Mr. Ramage, also a graduate of Newark State College is a ninth grade teacher in the Metuchen school system. He is attending Seton Hall Graduate School.

# OK, So They're Inexperienced; But The Bellboys Won Their First Game

## Sideline Byline

Steve Charen

**NEAR DISASTER:** The season's opener was over two weeks away last Thursday, but for the Bellboys it was almost the end. Coming within a hairs-breadth of an illegal scrimmage with Hoboken, the 1966 edition of the Blue and Gold Grid Team brushed with the possibility of playing out their entire schedule for naught.

It seems that the annual pre-season warm-up had been slated for Sept. 8, just one week after practice opens and the first day that such inter-school festivities are allowed, or so everyone involved thought. Everything was in readiness on the fateful day, in fact Hoboken's gridders had just boarded the bus that could have brought them on a date with disaster.

Then that Belleville's ever vigilant Athletic Director Herman Wische cautiously checked the new book of New Jersey State Interscholastic Athletic Association rules that he had just received. He discovered the ruling had been changed and Sunday was not counted in the seven day period required between the opening of practice and the first scrimmage.

The 1965 NJSIAA rule-book that had been used in setting the date was obsolete with Sept. 9 becoming the first day that scrimmages would be sanctioned.

The cancelled clash left the Bellboys with some extra intra-squad practice that day, along with quite a bit of disappointment for many of the rookie players who had spent an anxious wait in anticipation of their first big test. It also left Belleville with one less scrimmage than the usual four in a year highlighted by a green and inexperienced team that could well use all the pre-season work it could while preparing for the Sept. 24 opener. But most of all it left the Bellboys free of a disaster.

**ALUMNI READY:** Taking to the field Saturday night under the lights at Nutley, Belleville's intrepid alumni will be out to capture their third straight inter-town clash with the Maroon. With a 20 record in this rivalry to date, the Blue and Gold graduates seem confident of preserving their undefeated string. Coming just a week before the regular high school season, the game is a happy prelude for any local grid enthusiast. Game time is 8 P. M. at the Park Oval on Franklin Avenue.

**PROBLEMS GALORE:** For first year Cross-country Coach Paul Szzem, it's been nothing but problems, problems, problems. Taking over the year after a 13-2 season that was the best in BHS history is a hard enough act to follow, but that's not the half of it. For some reason or other interest among the five or so senior veterans on the squad has died and none made an appearance. Things are so bad that

the elected captain and co-captain from a December ago aren't even on the scene.

So, starting out with two strikes against him the personable and knowledgeable young Szzem must begin his tenure with a rebuilding program. Only Gerry Figerelli, a junior who has been training hard all summer, has some experience for the underclass harvies who opened their season yesterday.

**HELMET HIJINX:** Practice opened for fifth year Coach Tom Testa with more than just the normal problems of finding a team; to field. Testa's special problem was six-foot-two 235 pound tackle Lou Della Terza. Quite a nice problem to have, especially when you realize that the graduate is just as strong as he is big, and only a junior at that. But then you come to the head-gear. The biggest helmet in the Blue and Gold stock is a size 7 3/4 fedora which provided quite a tight squeeze for the big rookie who seems destined to start both ways.

Ordering a new bonnet takes several months, so no solution was in sight until the Bellboys stumbled across an article in the Newark Star-Ledger. It seems that New Brunswick's head coach Al Rinaldi was bothered by the reverse problem of having a size 8 helmet, but having lost the head that was to fill it to Vermont Academy.

It was like a god-send. Line coach Pat Forte hustled down to Rinaldi's quarters and soon all involved were happy as a helmet swap ensued. Most of all it was Della Terza who smiled for now he didn't have to scrape up his forehead with some undersized head gear.

If you get a chance to come to the final pre-season warm-up Saturday morning at 10 A. M. you'll be able to spot him easily knocking the opposition in all directions from the only white helmet among the gold-capped Bellboys. The size 8 warbonnet will be painted to match the rest of the squad shortly after the game.

**RANDOM THOUGHTS:** After the near clash with disaster last Thursday the Bellboys opened their pre-season schedule last Saturday with Seton Hall (see separate story). Last year's State Champ Passaic was met yesterday afternoon as a prelude to Saturday's finale warm-up vs. Livingston. Among the good sized crowd at that first meeting with Seton Hall was none other than Yogi Berra of baseball fame, currently a coach for the New York Mets. The talkative former Yankee said he enjoyed the performance of both teams as a change of pace before his regular duties that evening on the coaching lines. The co-operation at that scrimmage was quite heartening with both teams working to help prepare themselves for the season ahead. The ease of a coach asking an opposition player to show just how he had accomplished some unsought end on the previous play so as to correct some flaw, is just one example. One of the factors of the outing was the large group of youngsters, many on bicycles, mobbing the sideline area. At one point during a "half time" recess midway through the scrimmage, Testa tried to go over some points with his squad only to find them surrounded by young admirers.

## Tom Testa Tries Out The Candidates In Every One Of The Eleven Positions

With those triple-session practices coming to an end with the beginning of school and the first scrimmage being put under their belt, the Bellboys moved a few steps closer to the Sept. 24 opener with East Orange looming less than nine days away.

Having spent two weeks trying to sort out the collection of 69 rookies who turned-out for opening practice drills, Tom Testa, now in his fifth year here, and his two assistants were searching hard for the right combinations after the opening pre-season clash with Seton Hall. But, a lot of questions had been answered. Moving to an impressive 13-12 decision last Saturday, the Blue and Gold proved that some of the inexperience is already wearing off.

Although a definite lack of depth was evident, the Bellboys came through with some good size, team-work, and determination during the long scrimmage when they out-gained the Pony Pirates, 396 yards to 238.

True to the form of such affairs each team took a turn at running 16 plays in succession in 83 degree heat and blinding dust of Municipal Stadium. Five such series were allotted to each squad in the three-and-a-half hour workout.

### TD March

Highlights for the home squad included a 99-yard touchdown march in their second series with the passing of Rich Del Guercio, a 35-yard returned interception by Tony Cervasio for the only other score. It was a strong showing by the first string defensive unit that held Seton Hall to 24 yards in the opening series and 21 in the finale, and a steady ground attack, thanks to a big offensive line with backs Steve Ferrughelli and Mario Ponzio.

Opening up their first series on the ground, the Bellboys set the pattern early with basic up-the-middle carries that were used with success for the whole afternoon. After moving 10 yards in three tries, Del Guercio went to the air to begin another dominant factor. Sixteen plays later, Belleville surrendered the ball after having moved 74 yards from their own 20.

Then came Seton Hall's turn, but thanks to a defense led by middle-linebacker Mario Ponzio only 24 yards were gained in 17 tries.

Passing more than in recent seasons, Del Guercio began a long TD march. Hitting on six of ten arousal attempts for 71 yards on the 99 yard drive, the junior capped the drive with a 20 yard toss to Lou Badalemente, Joel Passaic parted the uprights for the only extra point attempt of the day as the score became 7-0.

### Cervasio's Run

Substituting freely on defense, especially for the five or so two-way performers, the Bellboys made it 13-0 when Cervasio picked off a pass and returned it 35 yards for a score. Seton Hall started to move after that, thanks to a 25 yard aerial to an inexperienced sector as a 67 yard TD march was mounted.

Things moved rather routinely from then on with both teams substituted constantly for two series apiece. In the process, the Pony Pirates mounted an 80 yard march to make it 13-12. Belleville's efforts accounted for 47 and 114 yards in two series but nary a score.

In the final round the original teams returned. The Bellboys managed to go 62 yards in this 16 play effort while holding the Pirates to 21 yards in theirs. The bright day was then capped fittingly enough when Rich San Filippo picked off a pass on the final play and returned it 45 yards to

the 15.

### They're on Top

Despite the close score, the Blue and Gold had clearly dominated the outing. There were many mistakes and many let-downs, but overall the color was bright. A position by position summation follows.

At quarterback, Del Guercio did nothing to endanger his first string status. Having apparently won the job in practice the six-foot, 160-pound junior moved the team well as he deftly mixed his play calling. On the plus side he took good advantage of strong pass blocking to complete 12 of 22 throws mostly on roll-outs for 132 yards, one touchdown, and two interceptions. When he did elect run, the sturdy field general bootlegged for 50 yards in six tries for an 8.3 average per carry.

### Two Work Horses

Backing up at QB, Cervasio showed Belleville's depth with a strong performance. Directing one 11 play march that would have accounted for 92 yards if not for 35 yards being lost via penalties, this junior showed that he, too, could move the team. Frank Vitello, a sophomore, also saw some action at the quarterback post.

Set behind Del Guercio, as the two main running backs were Steve Ferrughelli and co-captain Ponzio. Operating mostly from the fullback spot, the six-foot-two, 180-pound Ferrughelli was the workhorse, carrying consistently 14 times for 64 yards or a 4.6 average. He also hauled in four passes for another 4 yards to fulfill the potential he had shown from the beginning of practice.

Ponzio was equally effective in eight runs as he averaged 4.4 yards. A 13 yard run on reverse play and strong blocking on power plays highlighted his showing. Starting at the other backfield post was little John Idamarco, another senior. This Bellboy had trouble getting untracked in seven running attempts but did end up as Del Guercio's favorite receiver with five receptions for 44 yards.

### Top Runner

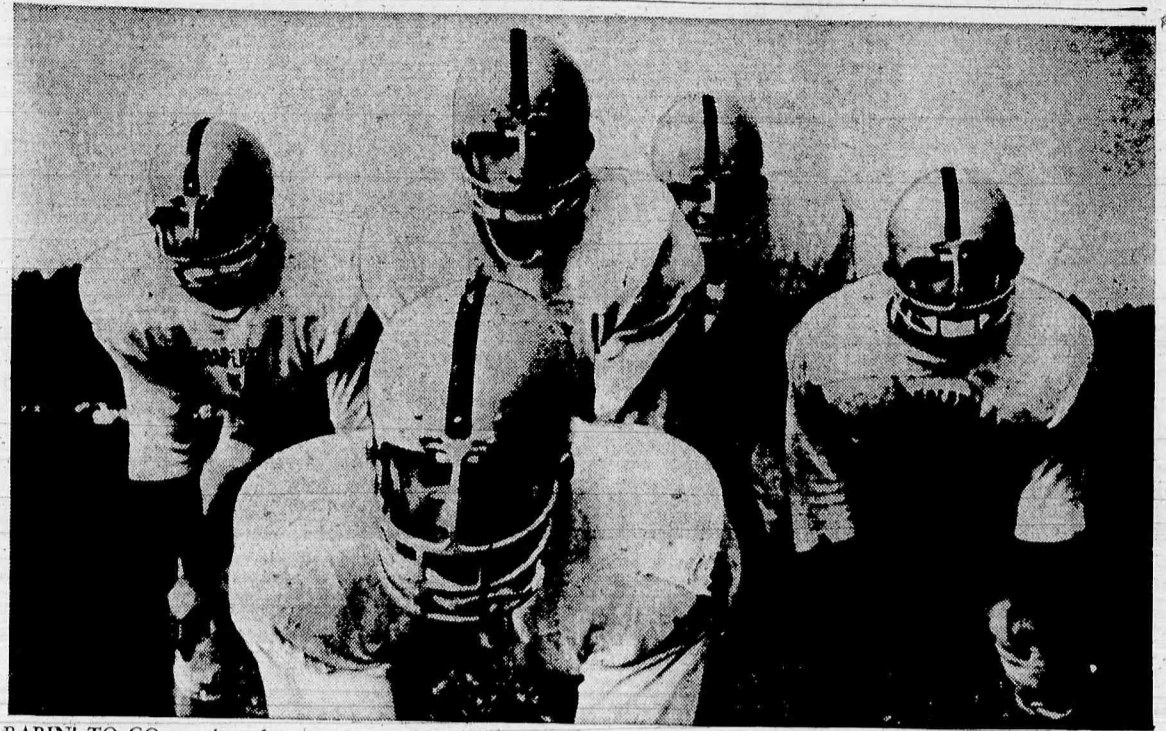

Also seeing action in the backfield, junior Frank Aiello impressed by rambling 51 yards in seven carries for a 7.3 average that included 12 and 10 yard breaks up the middle. At the same time, John Pico went 25 yards on a reverse to highlight his fourth carry, 34 yard efforts.

Joe Shelesky, a Junior, carried three times for 12 yards and had one reception for six more. Rounding out the running back corps, the Bellboys have Bob Banda who was the leading tender for the third starting spot before being sidelined by a muscle pull; highly regarded junior Mike Eisenhard who has been sidelined by an ankle sprain; Jimmy Willie; and possibly Jon Serritella, who could be switched over from defense if the need arises.

On the offense line in front of that group five of the seven spots appear pretty well set after the first outing. At right or split end six-foot-one, 175 pound co-captain Rich San Filippo is the only returning vet in the offensive unit. With two receptions to his credit in the first outing, he seemed ready for a big year.

### Big Lineman

Elsewhere on the line the right tackle berth is filled in the form of mammoth six-foot-two, 235-

**RARIN' TO GO** are these four tough members of the 1966 Bellboy backfield. The line-up is tentative with the final decision on who's going to play where still in the capable hands of Coach Tom Testa. Out front is center Ralph Serio, 185 lbs.;

and from left rear is Mario Ponzio, a 170 lb. right halfback; Steve Ferrughelli, 180 lb. fullback; John Idamarco, 145 lb. left halfback; and Rich Del Guercio, quarterback at 168 lbs. (Photo by ADAMS)

pound junior Lou Della Terza, who blocked viciously on many of the big running plays Saturday. Dave Jones, a 185-pound guard flanks him for an effective pass protection wall on the right.

At center Ralph Serio has progressed quickly to win his position early. Two hundred pound guard San Calabria flanks Serio on the left to give the Bellboys more security.

Then come the question marks. So far 175-pound Joel Pisano has been holding his own at left tackle. Testa would like to try keep the converted end in the first unit for the sake of his good instincts and thinking process despite his small stature. But should he fatter juniors Angelo De Monica (220 pounds) and Angelo Domineck (200 pounds) would battle for the right to move in.

George D'Amico, a veteran defensive end, and Mike Mateyka, currently a 190 pound tight end, could do the same.

Which brings us to the other

offensive question — left end.

Currently Mateyka mans the spot, but Testa is toying with the idea of making the big senior a tackle. Two more scrimmages will provide the solution to this dilemma.

Meanwhile providing the other defensive insurance are junior Ron Badalemente, who hauled in two passes for 50 yards Saturday, and Gene Harvey at the ends, and Mike Paparatto and Tony Sofia at the guards.

On defense D'Amico is set as a returnee at one end with Della Terza going both ways as one of the guards, depending on how things develop at this post. Joe Della Vope and Don Vizione along with the Domenick as the other possibilities at this spot. At the other, tackle Di Monica currently appears the front runner with Mateyka behind him as insurance for both defensive tacklers.

### Position Battle

The other end spot provides the most heated battles on the team as two seniors, Armando

Conte and Rich Pepe battle for the right to start. Barring unforeseen developments this squabble should continue right into the regular season.

At middle linebacker, co-captain Ponzio is set, like Serritella, at one of the corners. This deadly duo is backed up by Paparatto. At the other corner junior Kostowitz is the front runner, but juniors Bob Baker and Joe Sheldy, along with Banda (when he returns) are breathing down his neck. Finally at the deep safety's, San Filippo is a three-year fixture while Ferrughelli and Cervasio provide plenty to those from at the other spot.

That's the way it stands after one scrimmage. As indicated by the repetition of so many names there is going to be many Bellboys seeing action both ways with less than 30 players filling the first and second spots on the depth charts at this point.

Following that scrimmage Testa, aided by coaches Pat Forte and Mario Cocchiola, divide the

squad into Varsity and JV units to facilitate practice, so that's the way it stands as Belleville battles inexperience and lack of depth for what shapes up as a mighty interesting year.

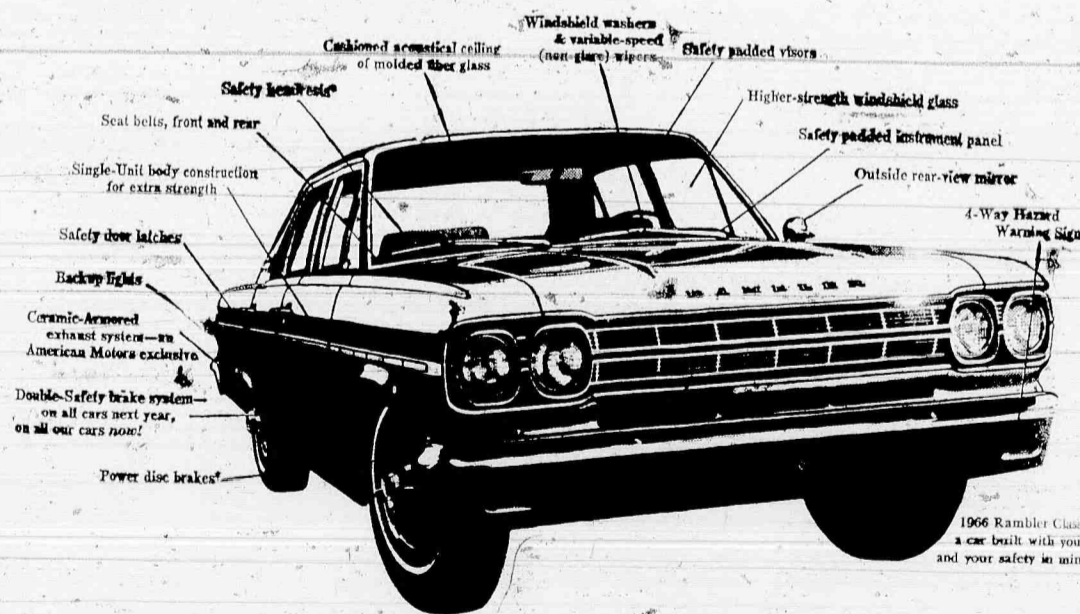

Two more scrimmages should tell most of the story as the opener looms on the 24th.

# Seeking Civilian Workers for Assignments in Vietnam

A major drive to recruit men and women from this community for civilian posts in Vietnam will get under way here later this month.

The U. S. Agency for International Development (AID) announced it will dispatch a 75-man team from Washington to enlist civilian skills that are needed "to help win the other war in Vietnam — the war a-

gainst hunger, illiteracy, and disease."

William A. Platt, public affairs chief for the Far East, said that recruitment is being stepped up because a widening job gap is hampering the civil action program in Vietnam. He noted that 700 specialists — mostly professional and technical personnel — are needed now to fill current vacancies and to be trained as

future replacements.

He estimated that several thousand applicants, many of them from this community, will be interviewed during the one-week recruitment period beginning September 26 through October 1. A temporary headquarters will be opened at 346 Broadway, on Lower Manhattan, where applicants may call "collect" for an appointment on a special telephone

line, (212) 264-3838.

Several aid officials, including provincial representatives who work with their Vietnamese counterparts in scattered provinces throughout the country, will be flown to New York to assist the civilian recruitment effort. They will help seek out candidates here with qualifications in the following job categories:

Economists, registered nurses, agriculture specialists in agronomy and fisheries, home economists, refugee relief specialists, civil and construction engineers, auditors, public administration advisors, teacher education advisors, health educators, public safety advisors, provincial representatives and secretaries.

Candidates must be United States citizens at least five years, it was pointed out. They must be willing to be separated from their families for at least 18 months and may be assigned to remote and possibly hazardous areas of Vietnam.

Salaries will range from \$5,000 to \$20,000 a year, depending on the position and qualifications for the job. Up to a 2 percent hardship bonus will be added to the basic salary, along with housing allowance, medical care, and other benefits.

Referring to the shortage of civilian skills in Vietnam, Platt described the civil aid program in that country as a "shirt-sleeves war that is just as vital as the military action."

"The effort to bring a better life to the unhappy people of Vietnam must go on long after hostilities have ended. However, our immediate goal is to help the Vietnamese resist communist aggression and to build the peace. This means working side by side with the people, helping them to build schools, hospitals, roads, and housing; helping them to be-

come better farmers, nurses, teachers."

He noted that aid representatives are stationed in each of the 43 mainland provinces of Vietnam. They oversee the use of aid funds and commodities, plan and execute projects and programs, and counsel province chiefs on all aspects of the counter-insurgency program. The aid mission in Vietnam presently consists of approximately 900 U. S. nationals.

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Town Council of the Town of Belleville held Monday evening Sept. 12, 1966 and further notice is hereby given that the second and final reading of said ordinance will be considered by the Council at a meeting to be held at the Town of Belleville on Monday evening Sept. 19, 1966 at eight o'clock P.M. The same will be heard and considered.

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE REGULATING AND LIMITING THE HEIGHT AND BUILDING OF BUILDINGS HEREIN ERECTED, AND REGULATING AND DETERMINING THE AREA OF YARDS, COURTS AND OTHER OPEN SPACES, AND RESTRICTING CONNECTION AND REGULATING AND RESTRICTING THE LOCATION OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIC USES AND ESTABLISHING THE ZONING OF ZONES FOR SAID PURPOSES, AND PROVIDING FOR THE VIOLATION OF ITS PROVISIONS." ADOPTED SEPTEMBER 4, 1953.

SECTION 1. That Section 12 of the above-entitled ordinance is hereby amended to read as follows:

SECTION 12. ZONING BOARD OF ADJUSTMENT

A. ESTABLISHMENT AND APPOINTMENTS

A Zoning Board of Adjustment is hereby created as authorized by the provisions of Revised Statutes 40:55-26 and the amendments and supplements thereto. It shall consist of five (5) members and two (2) alternate members who shall be appointed by the governing body.

The members of the alternate members shall not receive any compensation. The members of said Board of Adjustment shall be appointed and shall serve for a term of four (4) years, or until their successors shall be duly appointed and qualified.

B. REMOVAL AND VACANCIES

The members or alternate members of the Board may be removed for cause, upon written charges and after a public hearing. A vacancy shall be filled for the unexpired term of the member or alternate member whose term shall become vacant.

C. MEETINGS AND OFFICERS

The Board shall elect a Chairman, a Vice-Chairman and a Secretary from its members. The alternate members shall not participate in said election of officers.

Meetings of the Board shall be held at regular intervals and preferably once a month and at such other times as the Board of Adjustment may determine and at the call of the Chairman. The Board may fix a rule in the manner in which the Chairman may issue any such call for a meeting and the amount of notice required for any such call.

The Board may also fix by rule the manner in which the Chairman may issue any such call for a meeting and the amount of notice required for any such call.

The Chairman or in his absence the Vice-Chairman may administer oaths and compel the attendance of witnesses. Minutes of meetings shall show the vote of each member upon question or if absent or failing to vote, the indicating of such fact.

The Board shall also keep record of its examination and other official action, all of which shall be immediately filed in the office of the Board and shall be a public record.

Three (3) members or alternate members shall constitute a quorum and the concurring vote of three (3) members or alternate members of said Board shall be necessary to take any action or decision on all applications within the time prescribed by Revised Statutes 40:55-45 and the amendments and supplements thereto.

D. POWERS AND DUTIES

The Zoning Board of Adjustment shall perform all the duties and have all the powers as prescribed by law and set forth in this Ordinance. It shall also have the right to adopt such rules and regulations that it may deem necessary to the proper exercise of its powers and discharge of its duties provided such rules and regulations are not contrary to law or to the provisions of this Ordinance.

The powers of the Board of Adjustment shall be in accordance with the provisions of Revised Statutes 40:55-45 and the amendments and supplements thereto.

The Chairman of the Board shall designate the two (2) alternate members as "Alternate No. 1" and "Alternate No. 2" and such alternate members shall serve in rotation during the absence or disqualification of any regular member or members.

Both the members and the alternate members shall be in attendance at all meetings of the Board provided, however, that the alternate members may participate in the discussion of a pending application or appeal before the Board but shall not participate in the decision of the Board unless and until they have been specially appointed to replace a member or members who are absent or unable to serve. In order to participate in a decision of the Board a member or alternate member must have heard the entire matter.

E. APPEALS

Appeals to the Zoning Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of this Town affected by the decision of the Building Board.

1. Manner of Appeals: An appeal shall be taken within thirty (30) days by filing with the Building Inspector and with the Zoning Board of Adjustment, a notice of appeal, specifying the grounds thereof. The Building Inspector shall forthwith transmit to the Zoning Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

2. Appeal Stays Proceedings: The appeal stays all proceedings and furtherance of the action appealed from, unless the Building Inspector certified to the Zoning Board of Adjustment after the notice of appeal shall have been filed that, by reason of facts stated in the certificate, a stay would cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Zoning Board of Adjustment or by the Superior Court of New Jersey on application on notice to the officer from whom the appeal is taken and on due cause shown.

3. Fees: Each application seeking relief before the said Zoning Board of Adjustment under the terms and provisions of Revised Statutes 40:55-39, shall be accompanied by the required fee, based upon the estimated value of the property involved on completion of the anticipated construction for which said relief is sought, as follows:

From \$0 to \$25,000.00 - \$35.00 fee; Over \$25,000.00 to \$100,000.00 - \$75.00 fee; Over \$100,000.00 to \$200,000.00 - \$100.00 fee; Over \$200,000.00 to \$500,000.00 - \$250.00 fee; Over \$500,000.00 to \$1,000,000.00 - \$350.00 fee; Over \$1,000,000.00 - \$500.00 fee.

4. Procedure: The Zoning Board of Adjustment shall, with the procedure specified in Revised Statutes 40:55-42 and the amendments and supplements thereto, and by this Ordinance. All appeals and applications to the Board shall be in writing and on forms provided by the Board for such purpose.

Every appeal or application shall refer to the specific provision of the Ordinance involved and shall exactly set forth the interpretation that is claimed or the de-

tails of the variance that is applied for and the grounds on which it is claimed the variance should be granted. Every decision of the Board shall be made by resolution, each of which shall contain full record of the findings of the Board in the particular case. Each such resolution shall be filed in the office of the Board by case number under the heading of interpretation or variance, together with all documents pertaining thereto. The Zoning Board of Adjustment shall notify the Governing Body, the Municipal Manager, the Town Counsel and the Town Clerk of each variance granted under the provisions of this ordinance.

5. Public Hearings: The Board shall fix a reasonable time for the hearings of appeals giving notice of the time set for hearing to the applicant. Such notice shall be served upon the applicant. The applicant shall, at least ten (10) days prior to the date appointed for said hearing pursuant to the provisions of Revised Statutes 40:55-44, the amendments and supplements thereto, and pursuant to the provisions of this ordinance, file with the Board or such public hearing registered or certified mail or by service in person with adequate proof of contact thereof to all property owners within 200 feet of the property to be affected by said appeal as provided in the Statutes of the State of New Jersey or to all property owners of contiguous lands and properties adjoining said property to be affected, and other interested property owners as may be designated by the Zoning Board of Adjustment. The applicant must furnish proof of service in writing and properly notarized.

SECTION II. That Section 12 of the above-entitled ordinance is hereby amended to read as follows:

SECTION 12. ZONING BOARD OF ADJUSTMENT

A. ESTABLISHMENT AND APPOINTMENTS

IMPROVEMENT OF A PORTION OF JORALEMON STREET FROM NEW STREET TO THE BLOOMFIELD-NUTLEY TOWN LINE IN THE COUNTY OF ESSEX AND TO TRANSFER MUNICIPAL AID FUNDS TO MEET SUCH APPROPRIATIONS.

WHEREAS, by Ordinance entitled "An Ordinance to authorize the improvement of a portion of Joralemon Street from New Street to the Belleville - Nutley Town Line in the County of Essex, to appropriate \$85,849, to pay the cost thereof, to make a down payment and authorize the issuance of bonds to finance such appropriation and to provide for the issuance of bond anticipation notes in anticipation of the issuance of said bonds" adopted by the Municipal Council of the Town of Belleville on June 28th, 1965, the Municipal Council authorized the improvement of the portion of the public street hereinafter described in the County of Essex, known as Joralemon Street, which extends from New Street to Belleville-Nutley line by constructing thereon a 24' bituminous concrete surface over existing reinforced concrete and penetration pavement, together with the construction of storm drains and appurtenances and incidental work connected with said improvement and the Municipal Council finds that the sum of \$85,000 is hereby required to pay the cost of such improvement and the Municipal Council desires to transfer Municipal Aid Funds to pay such cost. NOW, THEREFORE,

BE IT ORDAINED by the Municipal Council of the Town of Belleville, in the County of Essex as follows: SECTION 1. The sum of \$85,000 is hereby appropriated, in addition to such appropriation made by said Ordinance to the payment of the cost of making such improvement of said portion of Joralemon Street. Such additional appropriation shall be met from Municipal Aid Funds (1963-1964), which funds in the amount of \$5,000 are hereby transferred and appropriated to pay such additional appropriation.

SECTION 2. This Ordinance shall take effect at the time and in the manner provided by law.

EUGENE G. BARNETT, Town Clerk

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Town Council of the Town of Belleville held Monday evening Sept. 12, 1966 and further notice is hereby given that the second and final reading of said ordinance will be considered by the Council at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue Monday evening Sept. 26, 1966 at eight o'clock P.M. when all objections to the passage of the same will be heard and considered.

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE REGULATING AND LICENSING DOGS AND TO PROVIDE FOR THE RESTRICTION OF DOGS RUNNING AT LARGE." ADOPTED JULY 27, 1957.

SECTION 1. That Section 1 of the above-entitled ordinance be and the same is hereby amended to read as follows: "Section 1. Every person who owns, harbors or possesses one or more dogs within the limits of the Town of Belleville, N.J., shall pay a fee of \$3.50 for each dog, regardless of sex, and also the sum of \$0.50 for the registration tag of each dog, which registration tag is required, by virtue of the provisions of Chapter 64, P. L. 1966 of the State of New Jersey, and the fee of \$0.50 in connection therewith under said Act is payable by the Town of Belleville to the Department of Health of the State of New Jersey. For each annual

renewal the fee for the license and for the registration tag shall be the same as for the original license and tag; and said license, registration tag and renewal thereof, shall expire on the last day of January 1st, 1967.

SECTION II. The fees as amended by this ordinance shall become effective on January 1st, 1967.

SECTION III. This ordinance shall take effect immediately after final adoption and publishing in accordance with law.

**CARD OF THANKS**

BOLCATO - Deeming it impossible to thank all in person we take this means of expressing our sincere and heartfelt thanks to our relatives and friends for their words of consolation, spiritual bouquets, floral tributes, and kind assistance at the death of our beloved wife, mother, daughter, and sister. Especially we wish to thank the priests of Holy Family Church, the Holy Family Church St. Lucy. Fillipino Sodality, the Nutley Fire Aid Squad, and the Nutley Police Department.  
Bereaved Family

STOUT - Deeming it impossible to thank each one personally, I want to sincerely thank the Belleville Police, Irvine Funeral Home, Rev. Goldston and Rev. Farrar and many relatives and friends for their kind expressions of sympathy at the death of our mother Bertha Stout.

## Sign Up Early, Social Security Director Says

Every month, 120,000 Americans reach the age of 65. The soon-to-be-65's are asking these days, "When is the best time for me to sign up for medicare?" The answer, according to William J. Arnold, Newark Social Security District Manager, is that they should sign up two or three months before they reach 65. If they wait until the month they reach 65 or the following 3 months, their hospital insurance protection under medicare may begin right away, but their coverage under the voluntary doctor bill insurance cannot start until 1 to 3 months after they sign up for it.

Arnold explained that the medicare law provides a 7-month initial enrollment period for the voluntary doctor bill insurance, part of the program. This period begins with the 3rd month before the person is 65, includes the month in which he reaches 65, and ends with the 3rd month thereafter.

"The best time to enroll," Arnold said, "is in one of the 3 months before you reach 65. If you do so, your protection can start with the month of your 65th birthday. Waiting until that month to sign up will mean the coverage can't start until the following month. Enrollment is one of 3 months after the month you are 65 can mean a delay of up to 3 months in the start of your protection."

He further explained that failure to sign up during the 7-month initial enrollment period may mean that the individual will have to wait until the next general enrollment period. This is always the last three months of odd-numbered years. But even then, the older person will have to wait until the following July for protection to start, and the premium payments will be 10 percent higher.

"This matter of a delayed start in protection could have serious consequences if the individual had high medical expenses meanwhile," he pointed out. The voluntary medical insurance part of medicare covers doctor bills for home, office, and hospital visits, surgeons' fees, and a wide variety of other medical expenses in

## NCE Professor Is Appointed To New Post

Professor Jerome J. Salamone of 19 Elmwood Avenue, has been appointed as assistant chairman in Newark College of Engineering's chemical engineering department. The announcement was made by Dr. Robert W. Van Houten, president of the College. Salamone has been a member of the NCE faculty since 1948. He earned his bachelor's de-

gree in chemical engineering at City College of New York (1942) and his master's and Doctor of Engineering Science degrees at New York University (1947, 1954). He taught at Manhattan College before joining NCE.

Professor Salamone has specialized in unit operations with-in chemical engineering and has served as a consultant to several large industries. He is a member of the American Institute of Chemical Engineers and a member of several honor societies.

# It's Football Time Again; BHS Opens Season Saturday Vs. Panthers

## They're Inexperienced But Ready; Tom Testa Confident But Cautious

Tom Testa's inexperienced Bellboys will get their baptism of fire Saturday afternoon as the season opens at Municipal Stadium against a strong East Orange providing the opposition. The 2 P.M. battle shapes up as a contest between Belleville's size and the Panther's speed.

Once again, Belleville High's 5-12 sophomore team, the rest of the squad puts the accent on defense with a strong running attack providing the offensive punch.

Returning to his role of last year, San Filippo will lead the group as a split end and defensive safety. Ponzio will add to his middle

linebacker duties the post of half-back. Joining the 5 foot 8, 175-pounder at running back will be Steve Ferrughelli, who will also double

with San Filippo as deep safety. On the line, senior Sam Calabria will provide strength both ways at guard as muscular 235-pound junior Lou Della Terza does the

**THE LINE-UP:** Ready and rarin' to go are the first-string men above. From left, Rich San Filippo, Lew Della Terza, Dave Jones, Ralph Serio, Sam Calabria, Joel Pisano and Mike Mateyka. In the backfield, from left, is Mario Ponzio, Rich Del Guercio, Steve Ferrughelli, and Bob Banda.

same at tackle. Among the remaining 12 probable starters eight are senior grads from the JV's and one junior is making the jump from the sophomore unit. All in all, the first squad seems quite strong and well-balanced, but there is virtually nothing behind them.

## It Will Be Bellboy Size Vs. Speed With Running Attack Strong Point

Rich Del Guercio will be directing an offense that has good ground potential and could pass more than in recent years. In the scrimmages the six foot 160 pound Bellboy has completed 25 of 55 aerial attempts for 258 yards and two touchdowns. The only draw back being six interceptions over the same stretch, three of which came on a rain soaked 6 for 20 day at Passaic.

At the same time the fleet and agile field general has bootlegged well, averaging almost seven yards a carry. Going into the opener, Del Guercio still lacks the experience that only time can bring, but he does have plenty of poise and potential. Tony Cerrasio, another junior, will serve as his back up man.

Spearheading the attack for the 1966 edition of the Blue and Gold should be a six-foot-one, 180-

pound fullback, Steve Ferrughelli. So far in three inter-squad scrimmages this rugged, conscientious ball carrier has collected 240 yards in 47 tries for a steady 5.1 yards per carry average. His height and good hands also make him an adept pass receiver, proven by eight receptions for an additional 84 yards. Big number "27" could be the bread and butter man for Belleville, as was the number's former owner Joe Cerrasio (cousin to Tony), is presently at Cornell.

Ferrughelli will be returning to offense for the first time since his sophomore year. Having averaged exactly five yards a carry throughout the pre-season scrimmages, the co-captain should provide Ferrughelli a strong running duo while turning in some experienced blocking on pass (Continued On Page 2)

## Testimonial Dinner For Dr. Durkee Scheduled For Next Month By Group

Jack R. Rega, a 47-year-old sweet shop operator who lives at 214 Belleville Ave., announced plans over the weekend to sponsor a testimonial dinner for Dr. Frank M. Durkee, suspended superintendent of schools here.

"It's about time somebody did something for this man," he said Tuesday evening. "I'm really sincere about this," adding that he was surprised at the support of so many people for the proposed testimonial dinner — which he has tentatively planned for the middle of October.

Rev. Frederick L. Long, Christ Church minister, will be MC.

Next week he will announce the committee who will handle the sale of tickets, arrange the program, fix the exact date, and select the place of the dinner. Town officials will be invited to attend, he said, including Mayor Nuncio R. Pico — who expressed interest — and other civic leaders.

Durkee, he said, had done a lot for the school system; and it was about time he received recognition for this fact of academic life. A few board members, he observed, were not too happy over the proposed dinner, and had urged him to drop the idea.

But Rega was made of sterner stuff. "That man has been stepped on," he said, and began collecting names for his committee.

## Reach An 'Amicable Agreement', Commissioner Says To Officials

### George Johnson, Marine Veteran, Dead At Age 67

George H. Johnson, a U. S. Marine Corps veteran and a retired assistant manager who had worked for the Prudential Insurance Co. for 34 years, died Sept. 13 at Clara Maass Memorial Hospital following a heart attack. He was 67.

Mr. Johnson, who was born in Newark, had lived in Belleville for the last 30 years, and had taken a keen interest in the towns many municipal problems. He had served on various municipal boards and had been a member of the Citizens Tax Council.

His absence had been noted by town officials during their regular business meeting two weeks ago where he had been expected to dissect the recently adopted Civil Service Reclassification survey. He had an inquiring mind which often had councilmen squirming in embarrassment from his many questions on municipal expenditures, and the legality of many ordinances.

The slight, gray haired man was a veteran of W.W.I., a past president of the Craftsmen's Club of Corinthian Lodge 57 of Orange, and had been president of the County Bowling Association, and the Prudential Insurance Co. Athletic League.

He is survived by his wife, Mrs. Dorothy Schmidt Johnson; a son, Will William H., at home; a daughter, Mrs. Fred Benjamin of Lake Shawnee; two sisters, Mrs. Albert Mankie of Nutley; Mrs. Thomas Noonan of West Orange; and three grandchildren.

Services were at 10 a.m. Sept. 16 in the Weatherhead Funeral Home, 126 Main St., Orange.

## Rec Department Plans Physical Fitness Program

The Recreation Department is interested in starting classes in physical fitness for men.

Under consideration is a program that would include a period of calisthenics under a qualified leader, then a period of sports which would include basketball and volleyball.

Once started, the program would be directed to reflect the needs of the participants.

Men who are interested are asked to phone or write the Recreation Department at 407 Jorammon St. Of great importance to the department is the particular night which most men would consider convenient, as well as an idea of the best hours for those who will participate.

## But Arvidson Declares Board Will Not Comply

The Board of Education's controversial case against Dr. Frank M. Durkee, suspended superintendent of Schools here, took a surprising turn during the final minutes of the hearing in East Orange, Tuesday afternoon when Assistant State Commissioner of Education Eric Groezinger "requested" both parties to reach an "amicable agreement" that would serve the best interests of the school system and the community.

Groezinger, who has heard all the arguments to date by Durkee and the Board, told the two attorneys — Saul Alexander for the Board of Education, and Joseph V. Cullum for Dr. Durkee — to bring back written proposals aimed at settling the case without further hearings.

Groezinger gave no reasons for his decision to try to bring the two warring factions to the peace table, other than expressing great concern over what effect the case was having on the community and the school system.

If the two parties could agree to a settlement, said Groezinger, the case would end with no further hearings. If no agreement is made, he told a silent hearing room audience, the case will continue next Tuesday morning.

### Arvidson Says No

Durkee, who has been suspended since May 25, 1965, pending the outcome of some 22 charges made against him by the board,

listened with cautious optimism, interpreting the commissioner's "request" as an indication that the board's case was losing ground.

But Ernest S. Arvidson, Board President, was against any peace proposals, although the board had not met to discuss the commissioner's request.

"We're not going to make any proposals, no," he said Tuesday night. "We have certain concerns for the school system and the community," he added. "We know what's good for the community."

### Meeting Planned

Arvidson said he could make no further comment on the turn of events "because I don't know how far the commissioner has gone with his instructions to the attorneys."

The Board, he said, would meet Wednesday night in the board offices at School 8 to discuss the matter, listen to a report by Board Attorney Saul Alexander,

### Arrest Nets Gun

Edward Neal, 25, of 29 Academy St., was arrested by Newark Narcotics Squad detectives after he and a companion, Lonnie Washington, 23, of Newark were allegedly seen selling a deck of heroin to a 16-year-old boy.

Neal was charged with being in possession of a dangerous weapon after police found a fully loaded .22 caliber pistol in his possession. He was held as a material witness.

der, and make any necessary plans.

Arvidson did not attend Tuesday's hearing. The commissioner has heard 13 charges. Two were dropped by the board.

### 'Distressed'

Groezinger said he was "distressed" by the length of time the hearings were taking.

"I'm going to ask you . . . no, I'm going to request you to get together with your principals and bring back a settlement that's fair to all," he said looking at Alexander and the side of the room in which board witnesses sat.

The best interests of the community and the school system would be served, he pointed out, if "you reach an amicable agreement."

The hearings are to continue next Tuesday morning at East Orange if the Board offers no proposals for a truce.

## Maintenance And Mandatory Items Cost Money

### Board President Explains Where The Expenditures Go

By ERNEST S. ARVIDSON Board President

In the Belleville School System there are nine elementary schools, one junior high school, and one senior high school.

The total replacement value of these buildings is estimated conservatively — at \$9,909,794.

Add to this the value of their contents and it becomes evident that the people of our community share in a total investment of over \$11 million dollars exclusive of the land value on which these buildings are situated.

An investment of this size obviously needs continued care and constant repair to prevent deterioration. To neglect the buildings would result in later prohibitive costs to make them useable.

The responsibility for maintain-

ing the buildings rests with the business administrator, who has a staff of 35 custodians, three matrons, one stock clerk, and six maintenance people. They conduct the day to day cleaning and perform painting and repairing duties to care for this sizeable investment.

Other costs involved in the buildings are heating at approximately \$30,000 annually; utilities, such as electricity, water, gas, and telephone for \$44,000; and custodial supplies of about \$17,500.

Just as in our homes, repairs must be made constantly when they are necessary, their protective maintenance must also be given consideration. Some of the tasks that must be performed involve new floors in several buildings, modernization of lavatories,

painting of corridors and building exteriors, and roof replacements. The latter item alone has been estimated at a cost of \$27,000.

There are additional annual requirements such as new piping, new radiators, bulletin boards, lights, chalkboards, sidewalks, and fences.

Wear and tear of facilities and equipment must also be given some consideration. In this area we must give thought to pencil sharpeners, phonographs, motion picture projectors, electric clocks, rugs, pianos, desks, chairs, cabinets, typewriters, and sewing machines. We also must maintain our grounds and repair snow blowers, mowers, and other equipment related to that activity.

Over the past two years many

of these necessary repairs and replacements have been postponed due to the reduced budget allocated to our school system. Continued postponement can result in a lowering of our investment and much costlier repairs at a later date.

Even if these buildings and equipment were maintained in their present condition we would still have obsolescence, because other school districts are constantly upgrading educational facilities and were we not to keep pace with these improvements we would be offering less than other communities to our youngsters.

In some instances the upgrading is a requirement of the State Department of Education. As an example, we must, by 1968, (Continued On Page 2)

## More Than 400 Honor Father Matthew at Dinner

Nearly 450 Nutley and Belleville residents turned out to honor the Rev. Matthew Pesaniello at a testimonial dinner marking his 10th anniversary of ordination.

Father Matthew has been assigned to Holy Family Church all 10 years of his priesthood. For the past two years, he has served as archdiocesan director of the apostolate for the mentally retarded sponsored by the Mount Carmel Guild.

The testimonial was held September 10 in the grand ballroom of the Robert Treat Hotel, Newark.

Featured speaker was the Rev. Francis R. LoBianco, assistant superintendent of schools for special education in the Newark Archdiocese. Father LoBianco is the founder of the apostolate for the mentally retarded.

"When Father Matthew came to Holy Family, the parish was different," the guest speaker told the dinner guests. "And then a transformation began to take place. The people noted his good humor and the people liked him. Father Matthew was able to do more than most in bringing souls to Christ."

Also addressing the testimonial was Monsignor Anthony DiLuca, pastor of Holy Family Church. "Father Matthew's work with the retarded children is known not only throughout the Archdiocese," the Monsignor said, "but through the entire nation."

Toastmaster was Commissioner Carl Orechio of Nutley. The guest of honor was given several awards by local groups including the Lions Club, Parents Auxiliary of the Mt. Carmel Guild, Amvets Post-30, Holy Family Confraternity of Christian Doctrine, Unico

## Reclassification Survey OK'd By Town Councilmen

The Civil Service reclassification survey recently concluded here, was adopted by the Town Council during their last regular business meeting after being under consideration for nearly six months.

The survey will call for an increase in the salary schedule by some \$171,104 during the next six years, but it ran into the objections of Councilman William H. Cullen and Vincent T. Strumolo who, after noting that some 48 municipal employees would not get pay hikes, declared that all employees should get a pay increase to meet climbing living expenses.

Most of those not getting pay increases were from the Department of Public Works.

Town Manager John R. Burnett had said the survey would have a major impact on the town's budget, explaining that several new positions had been created as some employees were downgraded although their pay remained the same, to comply with Civil Service regulations.

Firemen, he said, would be named ambulance drivers with their old posts going to new employees. Some 250 town employees came under the five-month study which was submitted in April, and an analysis was made of the duties performed by them.

The survey also brought about the arrest and ouster of former councilman James R. Golden, who had charged the reclassification with a political payoff. Mayor Nuncio R. Pico filed charges against the ousted councilman who lost his seat on the Town Council last May. He will appear in Municipal Court Sept. 29 to answer the charge.

## New Hours Set For Children's Library Section

The Belleville Public Library announced this week a new lending policy for the Children's Room.

Starting Monday, Sept. 19, books borrowed from the Children's Room will go out for a period of two weeks and one renewal will be permitted.

Also beginning Monday are new, longer hours of service for the Children's Room. The new hours are: Monday, Tuesday, Thursday, Friday from 9 a.m. to 5:30 p.m. and Saturday from 10 a.m. to 5 p.m.

## Debbie Leads The Parade

That's Little Debra Current up there waving happily to admirers during the Miss America Pageant at Atlantic City recently. She rode on the Atlantic City Queen City float next to Miss America during the parade, which was witnessed by thousands on t.v.

Her trip, and eventual success, was sponsored by the Belleville Chamber of Commerce and merchants here. Next year's Little Miss Belleville contest is already in the planning stage, said Harry French, Executive Director of the group.

Debra, who was Little Miss Belleville, is the daughter of Mr. and Mrs. Robert W. Current, 327 Stephens St.

### Vecchione Made New Assistant Manager At PIC

Joseph A. Vecchione, 181-Overlook Ave., has been promoted to assistant manager, news service, on the Prudential Insurance Co.'s public relations staff.

Vecchione joined Prudential last October. He had previously been with P. Ballantine & Sons Brewing Co. where he was editor of the company newspaper. Prior to that he was a reporter for the Newark News.

He received his bachelor's degree from Fairleigh Dickinson University in 1952. Vecchione is a member of the Board of Directors of the New Jersey Assn. of Communicators, the North Newark Jaycees, and the Broadway Unit of the Boys' Clubs of Newark.

He is a past president of the New Jersey Industrial Editors Assn. and the North Newark Jaycees, and a former director of the American Assn. of Industrial Editors. Vecchione is married to the former Eleanor Eccles of Newark. They have three daughters and a son.

### Boys Life Has Special Pitch For Recruiting

The September "BOYS' LIFE" features a special boy-to-boy recruiting tool called "Invitation to Scouting," announced William K. Kalteissen, Chairman of the Organization and Extension Committee of the Robert Treat Council, Boy Scouts of America.

The insert contains sections of Cub Scouting, Boy Scouting, and Exploring, plus a special introduction by Joseph A. Brunton, Jr., Chief Scout Executive. Other sections will deal with the new requirements for Eagle rank, and a special wrap up of Scouting news around the world. "The emphasis of 'Invitation to Scouting,'" says Mr. Kalteissen, "will be on introducing new boys

### Drake Named To Actuary Section

Richard H. Drake, 21 Reservoir Place, has been elected assistant actuary in the Prudential Insurance Co.'s actuarial department.

Drake joined Prudential in 1949 after receiving a degree in mathematics from Yale. He was an associate actuarial director prior to his election.

He was born in Middleboro, Mass., and was graduated from Middleboro High School. Drake has been a member of the Belleville Board of Education for eight years, and is a former president and vice-president.

He is married to the former Marie Gervase of Newark. They have four sons and two daughters.

to the exciting activities of each program. The 16-page insert will be profusely illustrated with full color photographs on boys hiking, cooking, and camping. There will also be a coverage of Cub Scout and Explorer activities. Leaders are encouraged to urge their boys to first read the insert, then pass it along to other non-Scout buddies.

plays. Backing up these two will be five-foot-nine inch, 150-pound John Pico.

Pounding out the backfield quartet on opening day, Testa will have either Bob Banda or John Idamarco, both seniors. Banda (five-foot-nine, 160 pounds) had apparently won the spot in early practices, but was injured. Returning to action Saturday against Livingston he carried twice, one of the tries being a 45-yard touchdown sweep from the tight halfback spot.

Idamarco (five foot eight, 145-pounds) is the closest thing Belleville has to a speed merchant in a depthless backfield hurt by injuries and ineligibilities. His speed and good hands led him to five receptions for 44-yards from the flanker spot.

Getting to the line in front of the offense, the Bellboys open with a group that averages 195 and has fair experience. Supporting the group at one of the ends is San Filippo, who is in his third varsity year and second at that post.

Moving from the center outward the Bellboys will tentatively open with Ralph Serio, a five-foot, eleven, 185-pound graduate of the JV team in the middle. Providing the key to the line from this all-important spot, Serio has turned in good blocking and snapping in the pre-season work.

At the guards, five-foot-nine, 200-pound Sam Calabria has been converted from tackle to join Dave Jones (five-foot ten, 180-pounds). Both have proved to be strong blockers and trappers in scrimmages and seem to have shaken their early inexperience after clinching their starting berths early.

Calabria will be manning the left-side and Jones the right. Mike Paparatto, a junior, provides the key reserve strength at these three interior line posts.

At the tackles the Bellboys will have mammoth 235-pound Lou Della Terza and Joel Pisano. On the right side, Della Terza will be wearing the number "45" of former All-Stater Len Luongo (now at VPI). This junior with his size, power, and determination will form a formidable wall. White on the left Pisano, who last year earned his letter as a place kicker and in scrimmages has made eight of conversion attempts, will use his brain more than brawn to give Belleville five-foot-ten, 175-pound "thinking tackle" with good speed. Being converted from end, the senior improved tremendously during practice to clinch the spot. Insurance at these spots is provided by six-foot-two, 220-pound junior Angelo Di Modica.

At the left end six-foot-one, 200-pound Mike Mateyka has used his size and hands to secure a starting berth. While on the right six-foot-one, 185-pound San Filippo will be returning. The lock-up role goes to Gene Harvey and junior Ron Badalamenti. Calabria will be doubling at one of the guard spots in Belleville's multiple formation of a 6-3 with variations. Joining him Don Vizzone (five-foot-ten, 185-pound) will provide the middle strength. Behind them are Joe Della Volpe, and Angelo Dominick a 200-pound junior.

At the tackles, size is the key with a pair of big juniors

Della Terza and DiModica—leading the way to provide a front four that averages 210-pounds a man. Mateyka will spell the juniors here whenever necessary.

Providing some experience at one of the ends junior George D'Amico (five-foot-eleven, 185-pounds) will be returning. This powerful Bellboy won his post late last season as a sophomore and is an experienced pass rusher and sweep thwarter. At the other end post Armondo Conte (five-foot-eleven, 165 pounds) seems to have won out in his battle with Rich Pepe for the right to start. A strong JV guard, Conte rounds out Belleville's forward wall.

Behind this group in his second season as middle linebacker, Ponzio will be returning to direct the defense. Providing steady tackles and play diagnosis while setting the Blue and Gold's varied defense made Ponzio a big asset.

Flanking him at the other two linebacker or cornerback spots in the 6-3 will be Jim Serritella (five-foot-eight, 165-pounds) and junior Greg Kostwitz (six-foot-one, 170 pounds). Both are sure tackles and pass defenders. Behind them Paparatto is the key reserve with Banda and junior Joe Shelesky also available at the corners.

Pounding out the defense from the deep halfback spots San Fil-

ippo and Ferrughelli will double with height and speed. San Filippo will be in this third varsity season at the post. Behind these two way performers, Cervasio should see plenty of action.

As indicated by the repetition of names and the mention of only 27 players in the Bellboys primary concern, depth is sorely lacking. Just one prolonged injury could cripple the team, but if they can remain healthy, what heights they'll hit.

Oh well, on with the show, Saturday is it.

### Sancta Maria Has First Years Meet

Court Sancta Maria, Catholic Daughters of America held their first meeting for the new year on Tuesday evening, Sept. 12, at the Knights of Columbus Hall, Mrs. Joseph Tremel, Grand Regent presided.

An active year is planned, opening with a "Stanley Home Party" to be held on Tuesday evening, Sept. 27, at 8 p.m. at the Knights of Columbus Hall, on Bridge Street in Belleville. Mrs. Hugh Brady is chairman. Members and friends are cordially invited to help make this affair a success.

### Pvt. Boniface Ends Marines Basic Course

Marine Private Thomas J. Boniface, son of Mr. and Mrs. Peter C. Boniface of 105 Cedar Hill Ave., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo four weeks of individual combat training and four weeks of basic specialist

training in his military job field before being assigned to a permanent unit.

Mrs. John Zattor of Belleville, a member of the Sweet Adelines, will be appearing in "Sounds of the Sixties," the ninth annual show to be presented by the West Essex Chapter of the Sweet Adelines, Inc. on October 1. The program will take place at the James Caldwell High School at 8:15 p.m.

### Maintenance

(Continued From Page 1)

Install fire detection systems in all of our schools. The cost of this mandatory item is approximately 25 cents per square foot for a total amount of approximately \$100,000.

The Board had planned to commence with this program by including a portion of the cost in the budget which was submitted last February, thereby spreading the total cost over a few years. When the budget was cut it was found necessary to remove this item with the hope that the anticipated compulsory expenditure could be absorbed in the future.

It has been found in the past that as this and other improvements are postponed the cost and replacements become considerably greater.

An additional obligation to the school district is to provide for protection of its property and personnel by adequate insurance coverage. Involved in this area would be fire insurance, marine floater insurance, boiler insurance, monies and securities insurance, and workmen's compensation.

It must be obvious that the maintenance of our multi-million dollar investment involves considerable thought and study on the part of board members, staff personnel, and interested citizens. All of these items are projects of considerable importance when a budget is presented to the citizenry for their consideration.

It becomes imperative that the people in our community evaluate these needs and their priorities in an effort to maintain our school facilities and program.

Announcement of the new name was made by W. Lee Stewart, president of the Belleville manufacturing business — that's a 101 years ago. G Industries manufactures a complete line of brushes and for the professional painter and do-it-yourself homeowner.

The new corporate name, with a new company emblem or "logo," are in keeping with modern advances in style and method introduced by H & G last year. At that time the company announced a Five Year Plan for the design, development and installation of new equipment, new production techniques, increased production and new and improved brushes and rollers.

According to Stewart and Philip H. Thayer, chairman of the board of H & G, the Five Year Plan will be in high gear during the company's 100th anniversary year starting in September, 1966. A year-long series of money-saving promotions of the H & G

## Riviera Tavern Takes Champion Shuffleboard

Riviera Tavern shocked a strong Cliff Inn team by defeating them in a crucial ten-game series 6 to 4, putting Cliff Inn in a tie for third place with Binkys.

Binkys team went on to win their series by a score of 7 to 3 over the Lamplighter Club leaving them in a tie for fourth place with Malloys Tavern. Post 105 having their first series of play bested Malloys 9 to 1, jumping them up into second place. This weeks "bye" went to Brightons whose standing is 0-10.

Games for tonight, Sept. 22, finds Riviera at Malloys; Brightons at Lamplighter; and Post 105 at Cliff Inn. Drawing a "bye" this week will be Binkys.

## Mary Vuono Senatore

With undisputed authority Democrat leader Mrs. Mary Vuono Senatore, this week easily repulsed a challenge to her leadership launched by an array of assorted would-be king-makers and power-seekers.

Last week Mrs. Senatore's County Committee's candidates won 42 of the 48 seats which had been up for grabs. In the process she won re-election to her own seat in the Second Ward, Seventh District and soundly trouncing a relative of Mayor Nuncio Pico.

In the three years that Mary Senatore has been the local Democrat leader she has strengthened the party machinery, meanwhile increasing her own strength among the County Committee members to a point where she now enjoys overwhelming support.

Last week's election was one of the more difficult ones for Mary Senatore. Joining in the fight against her were people associated with Mayor Nuncio R. Pico, including two of his brothers. Mayor Pico will no doubt disclaim any interest in the Democrat primary fight, and will probably say that he does not control

the political activity of his brothers. This may be true, but the fact is that Pico will find it hard to convince many that his disclaimers reflect the truth.

It has been known for months that Mary Senatore is opposed to the present form of municipal government and has expressed herself in favor of a change.

For opposition to the City Hall administration apparently she was marked for extinction.

Fortunately the Democratic voters of Belleville were more concerned with the good that Mary Senatore did for their party than with the power plays in City Hall and accordingly gave Mary and her running mates a vote of confidence in the history of Belleville politics.

As we said a couple of weeks ago, Mary Senatore earned the right to reelection to her post on the County Committee and her designation this week as Chairman of the group.

We salute her success and wish her well.

As for City Hall, we regret its involvement in an affair which should not have been its business. FAO

## OK, Boys; Get Hot!

Well, the Parking Authority has finally been appointed after many years of passing the buck by do-nothing councilmen. And it's about time, too.

Now the five men selected are ready to tackle Belleville's biggest problem — off-street parking. Everyone seems pleased with the Authority, but skeptics (and they have good reason to be skeptical) feel that this organization group will turn out as the rest of them have, an ineffectual organization who bicker and quarrel themselves out of business.

The Authority has the approval of the

Council (barring one member who picked up his marbles and wouldn't play the game), the backing of town merchants, and the support of the public. So what stands in the way of their making a successful study and resolving the town problem?

Nothing, really, unless they fulfill the skeptics' predictions. And if they fail the town in this matter, they should be run out of Belleville. But this newspaper plans to support these men right up to the hilt. They deserve support and they're going to get it.

Go to it, boys! G.F.A.

## It's Long Overdue

Jackie Rega — who dabbles in politics around town — set his sights on a loftier target last week. He is busily planning a testimonial dinner for Dr. Frank M. Durkee, our suspended superintendent of schools, and by this time next month a good many of the superintendent's friends will have paid him a belated tribute for his years of work in the Belleville School system.

This doesn't set too well with the Board of Education, naturally, who are just as busily trying to throw him out. But Durkee is pleased and happy that the event

— which could be one of the biggest turn-outs of the year — is past the talking stages and well into the action category. Anything that gets people to sit down together can't be all bad. Especially in this town.

One wonders if the Board of Education could scrape up enough support for a testimonial dinner in honor of its four champions? They denied him the common decency of addressing the graduating class after pressing their charges against him — a pre-judgement of what? G.F.A.

## A Correction

Exaggeration! cried one of our school superintendents last week.

School system troubles were being magnified out of all proportion, he said. The Times printed only the bad. It's an old exaggeration an editor hears all the time.

If he had really kept track, he would have found the good news far exceeds the bad. And the bad school system news wasn't invented by The Times—we merely reported it. If the school system doesn't like bad news being printed, don't make any. Simple.

The Board's attorney, Saul Alexander, wrote a lengthy letter — alright, a windy letter—in which he accused The Times of perpetual error. But like the rest of the brain trust in the board offices, he neglected to mention — perhaps deliberately — that The Times had made the necessary corrections (if any) in the following edition.

Except for the Board's dislike of The Times (and vice versa), this matter wouldn't merit discussion. But, we like to keep the record straight. G.F.A.

## A Lesson In Political Reality

Getting out the vote, particularly in a Primary Election, is important. And if a well-organized machine is thrown into the Election, it makes for most formidable opposition. Last week, Belleville's voters had an example of the aforementioned ingredients at work. Town Democratic chairman Mrs. Emil (Mary) Senatore, sitting in the driver's seat of a smooth-running machine, walloped at least three outspoken opponents of her regime.

The chairman's facility for political masterminding, supplemented by the blessings of boss-man Dennis Carey of Essex County, carried her team to victory in 42 out of 58 district leader contests. Concerted efforts to dislodge Mrs. Senatore by a dissident element represented by Bernard O'Connor, Nicholas Raimo and Sam Giordano proved fruitless.

There is a lesson to be learned here, both good and bad. On the positive side, it proves that voters interested enough to vote can make that ballot count. Negatively, a small organization, bent on taking advantage of electorate apathy, can control an election.

Voters may be complaining more but taking few trips to the polling places, if a survey by the Eagleton Institute of Politics at Rutgers University can be taken at face value. Some startling statistics are offered by the survey.

Over 700,000 adults in New Jersey, or 18.4 percent, are presently not registered. Comes the day to elect representatives charged with the disposition of taxes and other important matters affecting many lives, his substantial segment of the population is powerless to participate.

Worst culprit in the State is Essex County. There are 179,000 residents not registered, or 26 percent of the voter potential. Issues on local, county, state and national levels, so vital and controversial they stagger the imagination, go unanswered by this group.

Apathetic and silent constituents are the politicians' delight. Failure to use your vote to accept or reject the principles promulgated by a party and its candidate is tantamount to a mandate of approval.

Whether you like it or not, it's a political fact of life.

### TV Pitchmen Making Us Look Like Roman Empire

Predictions dooming our civilization are coming true. Like the Roman empire, we've risen, now we're falling. Unlike the Roman Empire, our ideologies and standards have nothing to do with it. The Romans became fat cats, lived it up, degenerated into softies and were paties for the conquering hordes.

Want to know why we've had it? We are physical and mental wrecks. Don't take my word for it, watch the idiot box just one night.

Are you aware your blood is tired? Is your mind open enough to accept, and live with the fact that unless you coat your stomach wall with acid, you'll never enjoy another gourmet meal?

Around the corner is Old Man Winter, with his sneezes, sniffles and assorted uncomfortable afflictions. Your only chance to duck the miserable old goat is to rush out and get a supply of tiny time pills, dump them into your mouth and hope for the best. This might even forestall a bout with gout.

Despite all the muscles athletes aren't immune. They get clobbered top and bottom. Their hair falls out from using greasy kid stuff and athletes' foot is lurking in every shower room.

Older folks (hate that senior citizen cognomen) are in trouble. On top of the ordinary ills that go with advanced years, their dentures are slipping. If nights are sleepless, they have to depend upon a midjet Arab, tooting a horn like Benny Goodman and flying a magic carpet, to help them out. The turbaned hidden persuader peddles sleeping pills.

Years ago, it was said "even your best friends won't tell you." Today, stricken people with this unmentionable problem take more showers on TV than any other place in America.

Once it was whispered behind your back but now they shout it out loud over the boob tube — you have had

breath, do you hear me, you have had breath. This one guy on TV has it so bad, they shut him up in a plastic capsule, like he's going to the moon. One drink of the right antidote, though, and this kid wins a popularity contest and has all the broads standing in line to talk to him.

It's sad, though, to see a fellow come on with two-tone hair. He throws a real curve when he asks you . . . would you rather be an old ball player, or a young avocado grower? Up to now, only his hair-dresser knew. And, that team he played with was once so bad they fielded baseballs like they were avocados.

The distaff side suffers, too. Chapped hands can be avoided only by using a guaranteed rose-petal softener.

Arm yourselves, suburbanites. There's this kooky knight (no relation) riding a white horse, with a long lance, who turns kids and people from dirty slob into the epitomy of cleanliness. If you thought King Arthur was pretty great when he pulled Excalibur loose, get a load of this white knight (no relation). He makes Merlin the Magician look like a carnival hustler.

Hope springs eternal, though. We have the word of scientists and other assorted miracle men of technology that 80 percent of the products we'll be using twenty years from now aren't even off the planning board.

So, we stumble and bumble along, as best we can, surviving crisis after crisis, because, as the map says:

We must be doing something right. Hey, what's on TV tonight?

## Robert Crisp Is A Bridge Player Par Excellence

A bridge hand played by Robert Crisp, of 238 New Street, in the Asbury Park Regional Championships on Sept. 12 Belleville, attracted the attention of Alan Truscott, nationally known bridge player and authority.

Heading his bridge column in the New York Times: "Brilliant Lead by Defense Upsets a 'Safe' Contract," Mr. Truscott wrote:

"Robert Crisp was one of the few defenders who seized the opportunity to make a brilliant opening lead. Crisp spotted the best chance of giving his partner the lead quickly and opened with the diamond nine. This unusual defense of underleading an ace-king combination was the only way to defeat the contract." (Crisp's partner won the trick and gave him a ruff, which defeated the contract.)

In conclusion, Truscott said, "This was one of the rare occasions on which an opening lead can be a suit preference signal."

Crisp is a Life Master with, at 26, a considerable record of national tournament success.

IN VIET NAM: Pfc. Dennis Gaultieri, who has been in Viet Nam since last December, said in a recent telephone conversation with his parents that he hopes to be home again by next December. He joined the army Aug. 6, 1965. His parents are Mr. and Mrs. John Gaultieri, 240 North Belmont Ave. There was a 12-hour time difference between Belleville and Viet Nam, the family reported.

### Letters to Editor

#### Grateful Parents

To The Editor:

We would like to take this means of expressing our gratitude to Ken Nyegard and Ken Bedford for their quiet and efficient response to our call for our daughter on the night of Sept. 12th.

Also to Dr. Cozzarelli, who of his own accord came into the emergency room at Clara Maass and seeing the condition of the baby proceeded to work on her.

If it wasn't for his quick and unselfish action, as well as the response of the ambulance men, we may have lost our little girl.

Again we say thanks to the doctor and the ambulance squad.

MR. AND MRS. T. MURPHY, 63 Jefferson St. Belleville.

#### Election Gratitude

To The Editor:

We would like to take this opportunity to thank all the voters in the 2nd Ward, District 6 that came out to support us on Election day.

Without your support our success of our Election would have been impossible.

Again we say thank you for your support and trust.

Jane D. Sutton  
George E. Sheridan

#### Thanks Voters

To The Editor:

We would like to take this opportunity to thank the people in the first ward, 12th district for their support in the primary election Sept. 13.

We, as your choice for committeemen for this district, fully accept the responsibility of this office and offer assistance to you when you need it.

**R PUPPIES AND KITTENS NEED DEWORMING**

The American Medical Association Journal reported that many eye infections have been caused by eggs or larvae from worm-infected animals. Parents are largely unaware of this danger created by infected puppies and kittens.

Among the many health-aids we stock for pets and animals are worm remedies which are safe and easy to administer. And, may we suggest that you bathe your dog with an antiseptic soap to prevent itching. Be kind to animals.

#### BECK'S COLUMN

By MAX BECK

One of the most amazing apparatus shown at the Electronics Show in New York was a talking computer, used for stock control.

As far as the operator is concerned, there is just a telephone with a few rows of buttons (touch control, of course.) If information is wanted about a certain part, the operator touches a few buttons, if he happens to know the part number. In a second a loudspeaker gives the part number, the name of the part and how many are in stock. If the operator does not know the part number, he just speaks into the microphone and pronto, in a second the loudspeaker will come up with the answer — in any one of 4 languages! One can only shake one's poor head and ask: What's next? Plenty, of that you can be sure.

Modern homes of the not too distant future will have such an apparatus. You will be able to call your bank and immediately the computer will tell you how much money you have in your account. Instead of writing a check, you are going to give an order to your account at the bank to pay your bills. During your absence the telephone is going to record any incoming calls, which you can play back. You also can set your telephone to call any number at a predetermined time to deliver a message, anywhere in the world. A tiny receiver-transmitter the size of a match box will enable you to call from any place. Everybody can have his or her own telephone right in the pocket or purse.

If you think this is fantasy, you are mistaken. Some of these functions are in use right now, in a rather crude manner, of course. Within 10 years or less, they will be common place. Tied in with all this is going to be a TV and music system, of course, which can be used from any part in a home.

We service what we sell.

# WEDDINGS HIGHLIGHT SOCIAL EVENTS OF THE WEEK

## Joseph Dattoli Weds Livingston Girl Saturday at Late Afternoon Ceremony

MRS. JOSEPH DATTOLI  
Former Teresa Monica

In a ceremony at Our Lady of Sorrows R. C. Church, South Orange, Miss Teresa A. Monica, daughter of Mr. and Mrs. Ralph Monica of Hampton Terrace, Livingston, exchanged vows with Joseph Dattoli, son of Mr. and Mrs. Joseph V. Dattoli of 13 Harvard Place, Belleville.

The Rev. Krozser officiated on September 17 and a reception followed at The Patrician, Livingston.

The bride, given in marriage by her father, wore a candlelight silk peau de soie empire gown with a controlled A-line skirt. The bolero bodice was of reembodyed Alencon lace with seed pearls and iridescents. The Watteau detachable train was a full chapel length trimmed with a deep border of pearls embroidered lace. Her silk illusion veil was held in place by a pill box hat of the same fabric as the gown. Her flowers were lily-of-the-valley and gardenias.

Maid of honor, Teresa A. Monica, wore a floor-length gown of Jade green chiffon. The bridesmaids, Miss Joyce Dattoli, sister of the bridegroom, Miss Susan Monica and Miss Janet Simbrat wore the same dress as the maid of honor in yellow. They all carried cascade bouquets of Fuji chrysanthemums.

James Dattoli was best man for his brother and John Competello, Michael Chieffo and Martin Higgins were ushers.

Mrs. Monica wore a yellow satin gown with accessories to match and the mother of the bridegroom was attired in a sage green crepe gown.

Mrs. Dattoli is a graduate of Livingston High School and attended Mercer University. G. A. She's with the Economics Press, Inc. Her husband is a graduate of Belleville High School and Bloomfield College. He is employed for Titanium Metals Corp. of America.

After a wedding trip to Bermuda, the couple will reside in Caldwell.

MRS. ANDREW HORVAT  
Former Angela Perrone

## Newark Church is Setting For Horvat-Perrone Rites

St. Lucy's R. C. Church, Newark was the setting for the marriage of Miss Angela Marie Perrone and Andrew M. Horvat, performed by the Rev. Joseph Nativo on September 3. A reception followed at the Fiesta, Woodridge.

The bride is the daughter of Mr. and Mrs. Louis M. Perrone of 170 Garden Avenue, Belleville; the bridegroom is the son of Mr. and Mrs. Andrew T. Horvat of 480 DeWitt Avenue, also Belleville.

Given in marriage by her father, the bride was gown in silk peau de soie with empire bodice and A-line skirt. A petal headpiece held her bouffant veil and her bouquet was of orchids and lilies.

Maid of honor was Miss Roseanna Posta of Belleville. Bridesmaids included Miss Sarah Post and Miss Joan Horvat, sister of the bridegroom both of Belleville. Their empire gowns featured a blue lace bodice and A-line white crepe skirt. They carried blue carnations tinted to match.

The mother of the bridegroom chose a flamingo floor length empire crepe gown and Mrs. Horvat was attired in turquoise crepe with beaded bodice.

Best man was Richard Lovell of Belleville. Ushering were Samuel Costantino, the bride's brother Louis Perrone, Kenneth Zarro and Frank Zinna all of Belleville.

The couple was graduated from Belleville High School. Mrs. Horvat is employed at Seton Hall University, Newark and her husband is with Public Service Electric and Gas Co., in the body and fender repair division.

Following a honeymoon to Bermuda, the couple made their home in North Arlington.

## Belleville Couple Make Home in Town Following Honeymoon to Puerto Rico

Miss Virginia A. DiGirolamo, daughter of Mr. and Mrs. Joseph DiGirolamo of 59 Salter Place, Belleville was united in marriage to Andrew M. Vyniski Jr., son of Mrs. Andrew M. Vyniski of 283 Linden Avenue, Belleville and the late Mr. Vyniski on September 3.

The Rev. Anthony Manochio, of St. Anthony of Padua R. C. Church, Belleville performed the ceremony and a reception followed at the Royal Hawaiian Palms, Lyndhurst.

Given in marriage by her father, the bride wore a floor length gown of white silk organza with natural waistline, long pointed sleeves featuring a motif of lace beaded with seed pearls on Alencon lace. The full chapel length detachable train fell from the waistline and a crown matching the gown secured her elbow length veil.

Sister of the bridegroom, Mrs. Joseph Bittel of Belleville, was matron of honor in a pink floor length crepe gown with sequins and beading around the waistline.

Mrs. Samuel Potenzzone, Miss Joanne Bonfante both of Belleville, and Miss Judith Chmura of Parsippany acted as bridesmaids. They wore gowns similar to that of the matron of honor.

The bride's brother, Ignazio DiGirolamo of Belleville was best man. Ushering were Anthony Law, James Condon and Samuel Potenzzone all of Belleville.

Mrs. Vyniski was graduated from Belleville High School and the Lyons Institute of Medical Technology, Newark. She is employed by Dr. H. Mann of Belleville. Mr. Vyniski also a graduate of Belleville High School has served in the U.S. Navy reserves

Could you guess what's good about a headache?

If you happen to have one right now, probably all you need is an aspirin. But the fact is: a headache sometimes is a signal. It may be telling you something is wrong... perhaps something quite remote from the pain. In this event it's a symptom—valuable information for your physician. So if you have a persistent or recurring headache and don't know why, see your doctor. Don't take a chance. Your physician can probably clear up your problem in short order. Of course, he may say all you need is aspirin—but even that's worth knowing.

MRS. JOHN SARNO  
Former Laurie LaRock

Miss Laurie LaRock, daughter of Mr. and Mrs. Alfred LaRock of 11 Sunset Avenue, Belleville and her husband is the son of Mrs. Marie Sarno of 22 Linden Avenue, Verona.

The bride is the daughter of Mr. and Mrs. Alfred LaRock of 11 Sunset Avenue, Belleville and her husband is the son of Mrs. Marie Sarno of 22 Linden Avenue, Verona.

Mr. LaRock gave his daughter in marriage. She wore a gown of organza over taffeta with a lace bodice and chapel train. Her triple tiered veil of illusion was elbow in length and she carried a bouquet of gardenias.

Miss Valerie Seck of Chester acted as maid of honor and Janice Firth of Newark was bridesmaid.

Best man was Robert Bruno of Little Falls. Ushers included Neil Firth of Newark and Conrad Seck of Chester.

The bride was graduated from Belleville High School and is with the N.J. Bell Telephone Co., Newark. Mr. Sarno, an alumnus of Don Bosco School, New York is employed at Essex County Hospital, Cedar Grove.

The couple are honeymooning in Florida and will make their home in Bloomfield.

## Future Teacher Wins Scholarship Given by Unico

MISS CELESTE CERNERO

A Belleville High School graduate has been awarded a \$1,000 scholarship by the Belleville chapter of Unico, a local civic organization.

Miss Celeste Cernero received the award at a dinner meeting recently at the Chanticleer, Millburn.

Celeste, daughter of Mr. and Mrs. Frank Cernero, 122 Plenge Drive, Belleville, will attend Newark State Teachers' College, Union, in the fall.

At Belleville High Celeste was secretary of National Honor Society, an honor student, a member of Future Teachers of America, Leaders' Club and a grammar school intramurals advisor.

## Duplicate Bridge Game Open at Nutley Temple

Duplicate bridge games will be held each Tuesday evening at Temple B'nai Israel, 192 Centre Street, Nutley.

Games will be supervised by Bennie Kruger, well-known professional director of games in Essex County. Kruger is approved by the American Contract Bridge League.

These duplicate bridge games are open for everyone interested. Coffee and cake will be provided. Once a month the game will be held for masters points.

## Final Notice

There will be a special session of classes in Orange for persons over twenty not having their high school diplomas. These classes are to prepare applicants for the general education development test. After successful completion of this test, the equivalency certificate is granted by the State Department of Education. This certificate is generally accepted as the equivalent of the regular high school diploma. Parties interested in these classes may call 678-0001 or attend registration on September 22 at 8:00 P.M. and late registration on the 29th at 7 P.M.

MRS. DOMINICK SINAPI  
Former Joan McCloskey

## Wedding Trip to Europe For the Dominick Sinapis

The marriage of Miss Joan McCloskey, daughter of Mr. and Mrs. George Arnold of 247 Ralph Street, Belleville and Dominick Augustin Sinapi, son of Mr. and Mrs. Eugene Sinapi of New York City was solemnized September 3.

The Rev. Francis J. Blake of Holy Family R. C. Church, Nutley officiated at the ceremony. The Friar Tuck Inn, Cedar Grove was the setting for the reception. Escorted by her father, the bride was gowned in ivory silk organza with matching coat which was reembodyed with Alencon lace. A peau de sole pill box held her shoulder length veil of French silk illusion. Her bouquet was of stephanotis.

Matron of honor was the bride's sister-in-law, Mrs. Donald McCloskey of North Kingston, R.I. Other attendants were the bridegroom's sister, Miss Karen Sinapi of New York City, Nina McCloskey, niece of the bride of North Kingston, and Pamela Sinapi of Weehawken, niece of the bridegroom. They were attired similarly in A-line gowns of turquoise, and carried long-stemmed roses.

Michael Dwyer of Ho-Ho-Kus was best man for the bridegroom. Ushering for the ceremony were the bridegroom's brother, Robert Sinapi of New York City, the brother of the bride, Robert McCloskey of Belleville and nephew of the bridegroom, Robert Sinapi Jr. of Weehawken.

The bride was graduated from Belleville High School and Upsala College, East Orange. Mr. Sinapi, an alumnus of Fordham University, served in the U.S. Army, stationed in Europe. He is associated in business with his father.

The couple are spending their wedding trip in Europe and will live in New York City upon their return.

You should exercise extra caution while driving during a light shower. Highways are slicker than during a heavy rain because road oil and grease "float" on the surface of the moisture. A downpour washes them away.

## Prospective Bride Feted at Shower

October 8 is the date set for Miss Van Dyke to become the bride of Eric Hinze. He is also from town on Bremond Street.

A call back to Mrs. Prescott to get facts regarding the shower, found her in the process of expecting their third child. Nevertheless, she stuck to the phone and gallantly gave the information about her sister's shower. P.S. Mr. and Mrs. John Prescott proudly announced the birth of their second son, Daniel. The couple also has a daughter. Best wishes to Miss Van Dyke and best wishes to Mr. and Mrs. Prescott too.

Miss Ginni Van Dyke, daughter of Mr. and Mrs. Frank Van Dyke was given a bridal shower by her attendants. Held at the home of her sister, Mrs. John Prescott of 15 Agnes Street, the hostesses were Miss Barbara Falltraco, Belleville; Miss Iolani DeGrassi, East Orange; Miss Donata Ferrara, Irvington and Mrs. Paul Sheridan of Maplewood, the bridegroom's sister. Mrs. Prescott is the matron of honor.

# Essex County Vocational Schools Offer Both A Diploma and An Occupational Skill

"The Essex County Vocational Schools have conducted an approved high school program for more than 20 years," notes Dr. Edward J. Coughlin, supervisor of guidance and placement, "but many residents of the county are unaware that these public schools make it possible for a student to earn a high school diploma while learning occupational skill." Applicants must have completed

the eighth or ninth grade in a local public, private or parochial school. Those who are admitted from grade eight enter the basic ninth grade exploratory program. The shop activities during this period are varied to allow the students to try their hands at the work required in several fields. But those who start in grade 10 go directly into the training area chosen.

Auto mechanics, carpentry, electricity, machine shop, manufacturing, mechanical drafting and design, tool and die making, and the basic ninth year course are all available at three schools. These are located at Sussex Avenue and First Street, Newark, Myrtle Avenue and University Place, Irvington and 209 Franklin Street, Bloomfield. Additional courses are also available at

each school. **Other Courses Available** — Printing, industrial laboratory techniques, masonry, photography, commercial art, cabinetmaking, and food service are also available at the Newark school. The Bloomfield school offers additional courses in radio and television and in aviation mechanics. Those interested in auto body repair, automatic heating and

air conditioning, electronics, heating and refrigeration, and sheet metal work will find these courses at the Irvington School. High school courses in beauty culture, business machines, technical secretarial work, dressmaking, food service, commercial art and the basic ninth year program are offered at the Essex County Vocational and Technical School, 300 North 13th Street, Newark.

Students in all these schools complete a regular high school diploma program in such subjects as English, U. S. History, general science, physical education and health. The usual subjects in mathematics are taught in a manner related to the trade or technical career choice. The science program includes such subjects as physics, metallurgy, mechanics, and strength of materials where these are related to

the training programs offered. The Essex County Vocational School system has operated for more than 50 years, has trained thousands of young men and women for entry into useful employment and had contributed to the economic strength and diversity of the area served. The schools were among the first of what are now known as "Area Vocational Schools." Under recent federal education acts

area schools are encouraged and are growing rapidly in many parts of the country. The success of the program in Essex County as measured by the number of graduates and the placement record in recent years is favorable. "This will continue," said Dr. Coughlin, "if those who are admitted profit by the instruction and are employed by local industry at the end of training." Further information is available at the schools or at the central office of the schools at 90 Washington Street, East Orange.

# Nutley Pulls Thrilling 20-13 Upset Over Confident Bellboy Alumni

## Sideline Byline

Steve Charen

**CAN INEXPERIENCE** and lack of depth be shaken for a winning season? Will Belleville's defense find true happiness in containing East Orange's fleet backs?

Can Tom Testa break the four-year jinx that has seen him open each new season with a loss to E. O.'s Tom Dean?

For the answers to these and many other questions Belleville's grid fans will have to wait until Saturday afternoon at 2 p.m., when the 1966 edition of the Belleville High eleven takes to the Municipal Stadium turf for battle with East Orange in their traditional opener.

So far in four years under Testa, (while compiling a composite 25-9-2 record) the Bellboys have yet to take the measure of E.O.'s Panthers; thanks to either last minute defects or in one case forfeit. Despite an overall lack of depth this could be the year that the tide will turn.

**SIZE Vs. SPEED:** From the looks of it, Saturday's opener shapes up as a battle between Belleville's big line and East Orange's fleet backs. Neither team has many veterans from last year's game that saw Belleville outgain their rivals 233 yards to 169 only to fumble three times and fall in the final minute, 21-14.

Up front the Belleville Bellboys will have the weight advantage with a defensive line that averages 205 pounds and an offense that weighs in at 195 pounds; as compared to East Orange's 175 pound average on offense, and 195 on defense. But depth (in the form of three deep squads) and speed should be on the visitors' side.

**NO SURPRISES:** are expected from this East Orange team. As a typical Dean group they'll come into Belleville as a cohesive, well drilled bunch that rely on swaps, down and out pass patterns, and a tackle size fullback to carry the load.

Leading the attack Ralph Sturdivant a 160-pound senior will be returning at quarterback. While 190-pound Russ Williams will take over the big bruiser role. A quartet of 155-pound speed-backs will round out the backfield.

On the line, East Orange has several returnees in the form of end Charlie Sloan tackle, (175), Ed Donaldson, guard, (205), Hal Clark, (175) and center Avery Sims (200).

Belleville will counter, with a line led by two way performers

Sam Calabria (200 pound guard) and Lou Della Terza (235 pound tackle). As the attack is directed by junior Rich Del Guercio with veteran Rich San Filippo as the primary receiver and Steve Ferrughelli and Mario Ponzio handling the running load.

**LATE DEPTH:** East Orange can be expected to try to run the Bellboys down with its use of two complete platoons and far greater depth. This makes the time element one of the biggest factors involved.

So gazing into the crystal ball, it appears evident that the team that scores first will have to win. With two relatively inexperienced teams, an early score should have an even greater psychological effect on the games' outcome than the depth factor.

Overall the Bellboys appear to have the running strength to grind out the yardage consistently for some long marches. With sure-handed Ferrughelli as workhorse likelihood of fumbles is decreased, and only the possibility of interceptions can stall the attack.

On the other hand, East Orange should encounter considerable trouble if they try to run up the middle against the Bellboys strength. More than likely this will be discovered early and the Panthers will respond by trying to go over or around the defense.

Belleville's experienced secondary and a strong pass rush should be able to prevent the bomb, so, this leaves the flanks as the only problem. Using their speed East Orange can be expected to run sweeps and reverses all day. The Bellboys' success in coping with these will be the decisive factor.

**RESERVE SEATS:** For those interested, reserve seats are available for this and all other home games. Tickets go on sale today and tomorrow in the lobby of the gymnasium to officially begin the 1966 season.

All factors considered it will be another winning year for Testa—barring a flurry of key injuries. As the squad gains experience it should improve steadily. Because of this early inexperience, each of the first three clashes (East Orange, Bloomfield, and Nutley) will be especially rough with Garfield providing the strongest late season competition.

## But For A While It Looked As If They Had Third Win

With both squads doing all their scoring early the Third Annual Belleville-Nutley Alumni clash turned into a bruising three quarter-defensive battle, but Nutley's spirited defenders held on for a 20-13 win Saturday night at the Oval.

Thwarting Belleville drives to inside the ten-yard line twice in the final quarter, the former Maroon greats intercepted three passes in the final five minutes to stall the Bellboys and send a record crowd of 6,500 home buzzing with satisfaction.

Paving the way for the Nutley Alumni's first triumph over their Blue and Gold foes, six-foot, 190-pound halfback Tony Pietoso accounted for two of the Maroon's three scores. On his way to a 80-yards rushing mark plus 15 carries, Pietoso broke a 77 tie in the first period by sweeping his own left end for 15 yards and a touchdown.

After Belleville had cut the margin to 14-13 after nine seconds of the second quarter, Pietoso took the ensuing kick-off and barreled his way 86 yards over, around, and through the entire Belleville team to cap the scoring with 11:26 remaining in the first half.

From then on it was strictly a defensive struggle.

Penalties seemed to be the main factor in keeping the former Bellboys from getting into action until the final flurry of Maroon interceptions stifled the come-back effort. Throughout the game the visitors from BHS actually outgained their hometown rivals 278 yards to 244, thanks mainly to the 107-yards gained by Phil Galioto on 18 thrusts into the line. But the 130 yards of retribution stepped off against them proved too much to overcome.

After the early flurry of scoring the defensive festivities were highlighted by a pair of stalled Belleville come back bids. One of them early in the third quarter ran out of downs on the Maroon two yard line, while the other was cut short at the nine with five minutes left in the game when Mark Hallam a former star with the Continental League Newark Bears picked off a Nick Del Guercio pass in the end zone.

For the victorious forces of coaches San Stellatella and Joe Librizzi leading the offensive line the running game was strong, Mike Geltrude went all the way at quarterback after George Hossenlopp was scratched from the line-up at the last minute. Mark Hallam saw most of his action on defense. Russ Catanzarite with a 28-yard touchdown reception was the leading receiver in the unusually light

Maroon aerial attack.

On the defense that held Belleville off for three quarters, 225 pound tackles Ralph DePiro and Gerry Tolve, 1935 grad and defensive end John Lazarus, who was appearing in his last Alumni game, linebackers Tony Borino and Stellatella and deep back Hallam led the way.

For Belleville it was just a matter of quarterback Nick Del Guercio's air arm going sour. After hitting on five of nine passes to effectively compliment the 107 yard rushing of Galcote and the 49 yards of Roger Caruso, Del Guercio lost the touch as he completed but one of his next ten tosses as the ex-Raiders eked out the win.

Holding the opposition scoreless for nearly three quarters Bellboy Coach Tom Appicella and his assistants, player coach player coach Pete Spera, Mike Marotti, and Jim Orsini credited the defensive team of Perry Meyers and Bob Castelli at the ends, Bob Druther at middle guard, Horace Riggan and Pete Strumolo at the tackles, Lou Nisco, Bob Paganelli and Pat McCabe at the linebackers, and Charlie Oese and George Sheridan at the safeties.

Attending to the injured Gene Barre and Pete Brindisi, who battered their knees and Joe Goglia, who suffered a slight concussion late in the first half after a strong defensive effort, was Bellboy Trainer Bill "Doc" Ellis.

Financially the outing was one of the biggest successes ever achieved for the sponsoring Belleville Little League and Nutley Alumni Athletic Association. The expected crowd of 5,000 swelled to 6,500 with a spirited gate sale. The NAAA will use its share of the proceeds for the scholarship fund, while the Little League will use theirs to promote the local baseball program.

Belleville struck first after a break gave the Blue and Gold the ball in the opening seconds on the Maroon 28-yard line via a fumble of the opening kick off. After Galioto had swept for seven yards, Nick Del Guercio took the snap from center Joe Del Guercio, stepped back and hit Richie Longo in the left corner of the end game to put BHS on the scoreboard with the game just 18 seconds old. Joe Del Guercio added the extra point to make it 7-0.

The Maroon managed to hold on to the kick this time and a 71-yard march was launched. An 18-yard option pass from half-

BEHIND THE LINE-UP are these three coaches who lead the Bellboys this year. Standing on The Stadium field, with the new Belleville High School as a backdrop, are, from left, Mario Cocchiola, Tom Testa, head coach, and

Pat Forté. Despite the loss of its top men through graduation, Testa is already preparing his new crop of Bellboys for the grid wars ahead.

back Hallam to John Aires was the big gainer until Geltrude connected with Catanzarite for a 28-yard scoring strike. Clint Taylor's conversion knotted the count at 7-7 at 8:06.

An offensive holding penalty stalled the Belleville Alumni's efforts forcing a punt by Longo that rolled 46 yards—to the 33. With the help of a 15-yard penalty and Pietoso's hard-running, Nutley marched down the field in ten plays before the half-back from Central Connecticut College, Pietoso, went off tackle from the Belleville 15 all the way to paydirt.

A clip after the score was disallowed before Taylor added the point to make it 14-7 at 2:12 of the first quarter.

Pete Spera, hero of an earlier BHS win in the series, put the Blue and Gold on the comeback trail with a 28-yard return of the short kick off to the Nutley 47. From there Galioto brought the Bellboys down field before Caruso took the ball in with a sweep from the nine after nine seconds of the second quarter had elapsed.

Nutley thwarted Del Guercio's attempt to knot the scores as Hallam and Rocco Della Luna blitzed through from the deep spot to block the placement.

With the score at 14-13, Pete Brindisi kicked off for Belleville.

Pietoso took the high boot on the 14-end burst up the middle. Receiving a few good blocks

and shedding a few tackles the transfer students from Ranger Junior College neatly outran the remaining members of the Belleville team enroute to a 86-yard TD romp. This game with 11:26 remaining in the half end was to be the game's final score as Bob Druther burst through to block the extra point attempt and set up the final 20-13 margin.

Belleville couldn't get untracked and surrendered the ball on downs on the Maroon 40. From there the Maroons capitalized on 30-yard line where the drive died when a quarterback sneak failed to gain the yardage needed for a first on a fourth and one play. Belleville ran out the clock to end the first half.

Taking over from 35 in the second half, Belleville appeared about due for another quarter opening score to tie the game as Del Guercio directed the forces steadily downfield in an eleven play drive. With Galioto and Caruso showing the running load Belleville gained a first on the Maroon ten before an offside penalty hit the crushing blow.

From there Galioto swept seven yards to the eight, Caruso dove three yards to the five and Spera went off guard for four tough yards to the one. This made it fourth down and Nutley rose to the occasion, hitting Caruso for a loss of a yard as he tried to sweep his left end.

Taking over on downs, Nutley moved four yards in two plays

before Geltrude caught the Bellboys off guard with a quick kick. A 20-yard march followed before a 15 yard clipping penalty forced a Belleville punt. Caught deep in their own territory Nutley responded with another third down punt as the fourth quarter began.

Receiving the short boot at the Maroon 33, Belleville was then to mount its final serious scoring threat. Consuming of plays the Bellboys backfield duo of Galioto and Caruso drove down to the nine where two runs failed before Del Guercio went to the air only to have hallam intercept in the end zone.

Despite a return of the interceptor to the 43, NHS couldn't move so Belleville took one for another fling with 4:50 remaining. One pass clicked but two others were dropped as Belleville ran out of downs.

## Bellboys Put An Edge On Pre-Game Practice Session

Putting the finishing touch on the squad that will take East Orange in the traditional opener Saturday, Tom Testa and his Bellboys through two pre-season scrimmages last week.

For the first of them, the Bellboys went over to Passaic to take on last year's State champion in a rain-soaked two and-a-half hour scrimmage.

Playing in a steady downpour Belleville outgained their rivals 233 yards to 206, but couldn't score when the Passaic defense halted long drives on the ten and five yard lines.

Using six foot, 208 pound Joe Tatum, a leading candidate for All-State honors, and two complete alternating units to go advantage, the Indian scored twice against the Belleville subs a once again on the last play of the game against the first team for a 12-0 "win".

Saturday the Blue and Gold had their final warm up by entertaining an injury weakened Livingston. A morale building 35-0 romp followed with the Bellboys hitting on all cylinders for an outstanding showing. Outgaining their position 235 yards to 94, while running 11 less plays, Belleville spurred defense dominated game style scrimmage by lining Livingston to 28 yards running.

Starting the scoring in the Livingston romp was a block and touchdown by Armando Cate from the Lancer 17. This followed by the first of seven touchdowns by Joel Pisano. From then on a plunger by fullback Steve Ferrughelli, a 40 yard boot by quarterback Rich Del Guercio and a 10 yard fourth down to from Del Guercio to Mike Mateka.

In the second half Belleville eased up and substituted freshman as a 45 yard sweep by Bob Bancroft in the fourth quarter accounted for the only other score. An interception and fumble recovery by Sam Calabria provided other highlights as Belleville's defense provided a vicious pass rush by George D'Amico, Rusty and Mario Ponzio and a strong barrier against runs.

Carrying more than all of the other Belleville backs combine Ferrughelli led the ground attack with a 4.3 average on 60 yards in 14 carries despite having a yard TD gallup called back.

Rich Del Guercio completed 13 passes from his quarterback spot for 65 yards besides running for 68 more on five boomerangs. Rich San Filippo led the reserves with two for 28 yards.

Against Passaic, however, Del Guercio couldn't cope with the rain completing but 6 of 20 tosses and had three intercepted in one four play "series". Ferrughelli once again was the big man with 116 yards in 19 carries for a 6.1 average. Ponzio had a 6.0 average for nine carries.

All in all the two scrimmages served to teach the Bellboys plenty. The combination of a hard fought loss to a rough foe combined with a romp over a weak foe may be just the moral building boost the team needed.

Saturday will show if these work outs were enough to shake Belleville's greenness.

### Committeewoman Names A Verona Woman Chairman

State Committeewoman from Essex County, Mae Mead-Mazza, of Belleville, today announced the appointment of Mrs. Alfred De Menna, of Verona as the '66 for '66' chairman for Essex County.

The '66 for '66' is a volunteer program to enlist all who will pledge four hours a week to work on registration and "Getting out the vote". Awards are to be presented to those donating a certain number of hours. The awards are a gold pin which encompasses a "D" and "66".

For additional volunteer time, a special certificate from Washington will also be awarded. This '66 for '66' program is being set up with each town's Democratic leaders. If the program has not been instituted in your community as yet, contact your town chairman or Mrs. DeMenna at 5 Birch Lane, Verona.

Mrs. De Menna is vice president of the Verona Democratic Women's Club and has been active on the county and state levels. She is the mother of two children. Her husband is an engineer.

In acceptance, the new chairman said, "Voting is not only a basic right for every American; it is a chief obligation of his citizenship — an act of faith in our free system."

"Helping to find unregistered voters and getting them to the polls is helping to give a voice to millions of voiceless Americans."

### Teachers Sought By Local System As Substitutes

Michael T. Rosamilia, Acting Superintendent of Schools announced today that there are positions for day-to-day substitutes in the Belleville schools.

It is not necessary to have a teaching certificate to serve in this capacity. Anyone with a bachelor's degree from a recognized college is eligible for a County Superintendent's Substitute Certificate which may be requested by the local Board of Education.

There are also limited substituting opportunities for individual who have completed three years of college training toward a degree. Applications and additional information may be obtained by contacting the Acting Superintendent at School 8.

### Lions Hear Talk By Jon Lommerin

John Lommerin of 232 Branch Brook Dr., addressed the Belleville Rotary Club at its regular luncheon meeting yesterday the subject "Closed Circuit TV: its many uses".

Lommerin is sales engineer of In-Vue TV, Inc., Nutley, and has been closely associated with this phase of television for the past three years.

His talk stressed the multiple ways in which closed circuit television is and can be used in our everyday lives and work.

These uses range from electronic television x-ray diagnosis in hospitals to industrial inventory control, classroom and laboratory teaching, traffic control and even baby sitting.

### Seaman Hammed Finished Basic

Seaman Recruit Anthony M. Hammed, 19, USN, son of Mr. and Mrs. Anthony M. Hammed Sr., of 65 Florence Ave., has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other basic subjects.

### Stanley Waldemore Gets Stagg Award

Stanley Waldemore, of 48 Wilson Pl., has been awarded the Amos Alonzo Stagg Foundation Award as part of Play Day activities at Belleville Park on Wednesday afternoon. Stanley was awarded a handsome gold medallion appropriately named "Century of Physical Fitness" for his demonstration of outstanding qualities of physical fitness, character, loyalty, and cooperation on the playground during the playground season which began on June 27.

## They're Upsala Gridmen Now; But They'll Always Be Bellboys to Us

When Upsala tries to regain its Middle Atlantic Conference championship this season, it will be with the help of three rough and ready former Bellboys — and you'd better believe it, too.

Sibby Sicca, a guard, is certain to be a starter next Saturday. He's a junior who has been in the line-up for the past

several years and can be called a veteran by any standards. He was one of the brighter lights on the Bellboy team.

A possible starter at Center will be Lewis Trowbridge, a six-foot-two, 208 pound freshman who helped the BHS squad set one of its best records of recent date. Trowbridge, who sang the role

of "Curley" this past spring, will change his tune and sing out the Upsala theme song.

Third, and right there in the backfield again, will be Fullback Charles Godleski, who performed the same duties for Belleville last year and made quite a success of it. He's expected to get in plenty of ball-carrying assign-

ments for the Vikings.

The loss of Trowbridge and Godleski (who couldn't finish the season because of injuries; left he 1966-67 Bellboys line-up looking like a sad smile with missing teeth, but Coach Tom Testa is already making the best of it with his inexperienced crew.

Testa has but two veterans leading the Bellboy team. There are, however, several promising play-

ers who may develop into a good combination for the forthcoming season.

### Major Auto Firm Sponsors Mechanic Training Project

Twenty-three trainees from 19 Greater Newark area communities have been selected for Chrysler Motors Corporation's Automotive Technician Training Program.

Among the trainees are Frank Sico, 19, of 61 Florence Avenue, Belleville; Dominick Lombardi, 22, of 209 Clifton Avenue and Randolph Jackson, 22, 592 North Sixth Street, both Newark. Sica will work at Betz Union Motors in Union; Lombardi at Newark Dodge and Jackson at

Toppeta Motors, Inc. The trainees will participate in a comprehensive three-year apprenticeship program developed by Chrysler Motors Corporation to train young men to become automotive mechanics. They will receive on-the-job training

as either general repair or body repair mechanics in the shops of local Chrysler Motors Corporation dealerships.

The apprentice training is part of the nationwide Automotive Technicians Training Program co-sponsored by Chrysler and the federal government.

The national job development program is the first to be cooperatively undertaken by a major automobile manufacturer and the

federal government.

In addition to on-the-job training, the trainees will spend two nights a week receiving formal instruction in automobile maintenance and repair at approved training centers near the dealership.

After the three-year apprenticeship program, the youths will be given an opportunity to join the dealership as trained mechanics.

# Safety Council Warns Parents To Instruct Kids In Bicycle Traffic Laws

An increasing number of boys and girls across the nation are killed every year in bike ac-

cidents. In the New Jersey area alone, 24 children were killed, 2,088 injured, and many minor injuries went unreported, during the year 1965.

The New Jersey State Safety Council reports that in the vast majority of bike-car collisions the youngster, not the driver, is at fault. In four out of five cases he has violated a law or traffic rule.

Most often, says the Council, the youngster was killed because he mistakenly took the right of way, made an improper turn, or disregarded a stop sign or traffic signal. Other causes include riding in the center of the street, on the wrong side of the street facing traffic, or while carrying passengers.

George G. Traver, executive vice president of the Safety

Council, reminds parents that bicycle riders are required to obey traffic laws.

In New Jersey bikes are governed by the same laws as motor vehicles, Traver points out. Traver says the bike should

match the size of the rider and be adjusted properly. Generally, the small 20-inch wheel fits the 5-7 age group; the 24-inch wheel is designed for 8- to 10-year-olds; and the standard 26-inch wheel is for anyone 11 or older.

A coaster brake is a prime requisite for younger children. They cannot, Traver points out, readily get their fingers around the controls of hand brakes to give a good, hard squeeze for sudden stops.

A light and a warning device are absolutely essential. A horn or a bell can be heard much more clearly than a shout. A light is necessary for both night riding and riding on dark days. Two optional items will help

make your child's bike safer to ride. The first is a basket or saddlebags in which to carry books and packages so that both hands can be left free for steering.

The second is reflective tape, which glows and makes the bike much easier to see at night. Place two short, silver strips on the handlebars, two long, silver strips on the front forks and three short, red strips on the rear fender.

**Howard to Pay Higher Dividends**  
Interest rate increases on both regular and investment savings accounts at the Howard Savings Institution, were announced today.  
The rate on regular savings accounts was increased from 4 1/2 per cent to 4 3/4 per cent retroactive to September 1, 1966.  
Investment Savings Accounts opened on or after September 1, 1966, will receive a dividend at an annual rate of five per cent on funds left on deposit for four full quarterly dividend periods. Such accounts may be opened with a minimum deposit of \$1,000.

**Rep. Rodino Renamed to NATO Conference**  
Rep. Peter W. Rodino, Jr. (D-10th District) has been reappointed to a congressional delegate to the NATO Parliamentarians' Conference.  
Rodino has been serving as a vice chairman of the Conference's Scientific and Technical Commission and will present papers on behalf of the United States government at the November meeting in Paris on possible solutions to global hunger and activities in the field of arms control and disarmament.  
It was at Rodino's suggestion at the June meeting that the commission formally adopted the problem of global hunger as an item for discussion at the November session.
