UNDER PARENT PRESSURE

Teacher transfer plan is delayed at School 8

By Ed Capparucci

The School Board has delayed a decision on whether to move three School 8 teachers from the lower class level to the upper grades until parents can meet with Principal Arthur Pico and School Superintendent Dr. John Greed next Tuesday.

The board was scheduled to discuss Monday whether to move three first and second grade teachers to the fifth and sixth grades, a move which Pico says will "strengthen the school." However, parent have been violently opposed to the plan, saying

it will have a harmful effect on their children's education.

At Monday night's School Board meeting, Patricia Albert, president of the School 8 Home and School Association, asked the board to delay its decision until parents could meet with Pico.

"There will be about 100 teachers at the meeting next Tuesday night who want some very solid reasons for this change," she told the board, "and we would appreciate it if you would delay your decision until we have our meeting."

The three teachers who would be

moving include two second grade teachers and one first grade instructor. The second grade teachers will be moving to the sixth grade and the first grade teacher to the fifth.

More than 20 parents of children from School 8 jammed into the board's office on Washington Avenue for the meeting Monday, and asked Dr. Greed what he thought of the plan.

"I am going to back the move 100 percent," Greed told the parents. "Mr. Pico is a good administrator and has shown good judgment in the

Belleville High seniors graduate next Tuesday

Over 400 seniors will say goodbye to Belleville High School next Tuesday night when graduation takes place at Municipal Stadium.

The commencement will get underway at 6:30 p.m. with the traditional playing of "Pomp and Circumstance" by the Belleville High School Band under the direction of Andrew Gilbert.

The class of 1981 has 413 students eligible for graduation, but with exams taking place this week that number may be trimmed to 400, according to Dr. Richard Benninger, director of guidance.

"Every school always loses a few graduates during final exam week, but this class is definitely on par with the preceding class which was academically one of the best we have ever had here at Belleville High," he said. "I would say about half of the students are going to on to a four-year college, and most of them will be taking some type of training courses or working in the near future."

There are 40 honor students in the class of '81, almost 10 percent of the graduating seniors.

"It is really amazing when you think about how many honor students we have in this class," Benninger said, "and for some reason most of them seem to be females. Eight of the top 10 students are females this year."

After the students have marched on the field and taken their seats, the invocation will be offered by Rev. Joseph Barone of Holy Family Church. The national anthem will be played by the BHS band and the

school song sung by the high school chorus under the direction of Thomas Finetti.

Speeches will then be given by the valedictorian Donna Marie Jones, salutatorian Lisa Sisbarro and Michael Calabrese, president of the senior class. Another song will be

played by the band and then School Superintendent Dr. John Greed will give a brief speech presenting the graduates.

The diplomas will be awarded by School Board President Charles Miele and Vice President Anthony

Tenants: controls are still necessary

By Ed Capparucci

Since the establishment of rent control in cities and towns throughout the country, landlords have tried to persuade the general public that the law harms average homeowners and local governments.

Landlords have blamed rent control for a lack of housing, for the erosion of tax bases, increases in homeowner property taxes and lack of apartment maintenance, but a recent study by John Gilderbloom of the California Department of Housing and Community Development has called the landlords incorrect on all counts.

Jill Beerman, president of the Branch Brook Gardens Tenant's Association, says that Gilderbloom's study is one of the rare unbiased reports to be released.

"What Gilderbloom did was take a look at several states, including New Jersey, to determine what, if any, effect rent control had on

several issues which landlords are constantly raising," she said. "And what his report concluded was that rent control had no effect on the erosion of tax base, decline in management or is a burden to the community homeowner."

Beerman says the landlords are using rent control as a "scapegoat." "There is no landlord who is not making money," she said. "Rent control was established to prevent rent gouging, and that is what it does. But the landlords seem to blame it for everything."

"Apartment owners in Belleville are a minority, which makes up only 6 percent of the tax base in town. So tell me how controlling our rent causes the erosion of tax base? And what is even more ridiculous is (the contention) that rent control places an additional burden on Belleville homeowners," she said.

Gilderbloom listed several factors which he felt were more of a detriment to communities than rent control. They were the increase of chemical and toxic waste dumps in city areas, the decline in industrial plants, the request by industry for tax reductions, red-lining, strict zoning practices, reduction of tax roll exemptions, and tax loopholes employed by industry.

"Just take a look at Washington Avenue and you will see all the stores which are vacant," Beerman said. "That has a bigger effect on the homeowners than apartment dwellers. We are the backbone of this

Trustee Rainone unsure of next move after firing

Almost a week after being dismissed from her job with the Essex County Juvenile and Domestic Relations Court, School Board Trustee Donna Rainone doesn't know if she will take legal action.

Miss Rainone was fired from her job last Friday by court administrator William W. Carpenter because she engaged in "political activity" by running for office here.

By campaigning for the School Board, Miss Rainone was in apparent violation of a provision of state rules governing courts in New Jersey. However, although her superiors were aware of her cam-

paign activity and her election April 7—several reportedly congratulated her over it—it was nearly two months before she was dismissed.

Miss Rainone said she was not sure what her next move would be. "I have been in touch with a few attorneys," she said, "but I have not made up my mind whether I will fight the ruling. I am checking it out right now, but I can't really give a definite answer."

Miss Rainone, at 25 the youngest member in the history of the Belleville board, said that no one had told her she might lose her job by running.

"I never knew the ruling existed and no one ever informed me about it," she said. "I was very shocked about the entire situation. I really don't understand the ruling, exactly what does 'political activity' mean?"

"There are many people in the court system who are involved in political activities," she added.

The relevant part of the ruling states: "The following persons serving the judicial branch of government shall not hold any elective public office nor be a candidate therefore, nor engage in political activity."

Miss Rainone was fired from her position as coordinator of the Children in Placement Review Program May 29. Carpenter said the reason she was fired after spending almost two months in office was

because he was "unaware" that she had won the election.

Miss Rainone was elected to the School Board with 1,350 votes, second only to engineer Thomas Spillane who finished six votes ahead.

She was offered a chance to resign from the School Board, therefore enabling her to keep her \$17,000-a-year post. But Miss Rainone said her choice was clear from the start and she never considered withdrawing.

"I never thought about resigning as a member of the School Board," she said. "So many people helped me and had trust in me by electing me to office, and I wasn't about to resign."

Miss Rainone said she has been on several job interviews and she does not feel she will have much trouble finding a new position.

"People have been calling me since they found out what happened," she said, "but I am still a little shocked."

Pre-school screenings are offered next week

Belleville's public school district is providing free confidential screenings for all 3 and 4-year-olds next Wednesday, Thursday and Friday, June 17-19. Children who seem to be having trouble with speaking, hearing, seeing, walking or manipulating small objects should be tested. Those who appear not to listen or who are very quiet or extremely active should also be screened for possible developmental delays.

provides a greater chance of correcting them. Belleville's Intervention Program for Pre-school Youngsters (BIPPY) is specially designed to help children overcome difficulties before they get to school. This program is in its second year and has made a difference both to the children it serves and the parents to whom it provides support.

Appointments for screening can be made by calling 759-7706.

Juniors present prizes in litter poster contest

The Junior Woman's Club of Belleville presented prizes Monday night for its litter poster contest. The competition was open to fourth and fifth graders from all the town's grammar schools.

Winners received cash prizes, certificates of award and Crayola gifts. Winning posters were selected on the basis of both the originality of the slogans and the creativity of the art work.

Fourth grade winners were Sara Mellinger, first place; Muffie Carson, second, and Christian Astango, third. All three pupils were from School 3. Honorable mention went to Inya Bonacorsa of School 10. Fifth grade winners were Alisa

Marsh of School 4, first place; Jenny Martin of School 7, second; Peter Carlo of School 4, third, and Marlon Acosta of School 8, honorable mention.

Preliminary judging was done by fine arts teachers from each of the grammar schools. Final judging was done by Diane Schroller and Sandy Zampino of the Belleville Junior Woman's Club and Mrs. W. Clark of the Woman's Club.

Prizes were contributed by Joe Lazur, National Roofing and Siding Goods; Denise Lande, Academy of Theatre and Dance Company; Gaccione, Pamaco, Patton, Beck, Zampino and Jackson Law Offices, and Binney Smith Company, Crayola.

past, so I cannot see any reason not to back him this time.

"He has told me that he feels the move will strengthen the school, and he has never made a rash recommendation to me in the five years I have been here," Greed continued. "It is necessary to have good discipline in the upper grades as well as the lower grades and that is one of the reasons for the move. I realize that this is not a popular move and transfers never have been, but I have faith in his decisions and I am going to support Mr. Pico's decision."

Some parents became very upset with Greed's comments and started shouting back and forth until board President Charles Miele called for order.

Mrs. Albert told reporters later that the parents were upset because the transfers were "involuntary," and the teachers did not want to move either.

"One of the first grade teachers has been in the first grade for 18 years," Mrs. Albert said. "She has a certification for learning disabilities and also has a master's degree in elementary teaching. What good will she do moving to the sixth grade? Her specialty is younger children."

The teachers will have a one-week training period during which they will visit the upper grades and get a first hand look at their new assignments. But Mrs. Albert doesn't feel that is enough training for the teachers.

"There are sixth grade teachers who are coming back to the school system after being out on sick time," she said, "why don't they put them in the upper classes and leave the other ones where they will be more beneficial?"

The joint meeting of the parents, Pico and Greed will take place in the auditorium of School 8 at 2 p.m. Tuesday.

"I don't really know what I can accomplish in fighting the moves," admitted Mrs. Albert, "but as president of the home and school association, I feel the need to bring this issue forward to the parents, and let them

make the final decision on how long to fight this battle."

Many people realize that their diet is inadequate but are unable to establish a plan for selecting one that is well-balanced. During World War II, the American people were being prepared for any eventuality. Considerable emphasis was placed on the problem of conserving food, while at the same time, being certain that the diet was meeting nutritional needs. It was as a result of research carried on that time that the Basic Seven food groups were set up and widely publicized as a sound basis for meal planning.

community. All we want is to live in this town in safety and comfort. "Also look at the amount of property which is tax-exempt in this community," she continued. "I have nothing against churches, but there is a lot of property throughout Belleville which is exempted from paying taxes. We pay our taxes through the landlord."

The Belleville rent control ordinance allows a landlord to make at least a 10 percent return on his in-

vestment. If he does not make that much, he may apply for a "hardship" rent increase. The ordinance also allows landlords an automatic 6 percent increase each year. Many landlords have argued that the 6 percent is not high enough, especially with the constant rise in inflation, but tenants say the landlords are not giving them anything more for the rent hikes.

"There are few industries which get a guaranteed profit," Beerman said. "We are not against a landlord making a profit, he is giving us a service, but people's lives should prevail over profit-making. Without rent control, we would experience a great housing shortage for the middle and lower-income families. It is a problem which exists now, but we would see the problem get more serious."

"By abolishing rent control we would see the price of apartments skyrocket," she continued. "And that is very possible, because the landlords know that there is always someone who will take an apartment no matter how much it cost."

Beerman says that while the local Rent Leveling Board does a "fair" job, it is having a problem finding its way because many of the cases which appear before the board entail new legal developments, which are difficult to handle.

"One of the main problems is that the state of New Jersey does not have a housing court," Beerman said. "We go before a judge who may not be as familiar with the rent control problem as he is with other aspects of the law, and we are at the disadvantage."

"Especially since the landlord can afford to pay the legal fees which result from the court cases," she con-

tinued. "The tenants here at Branch Brook during our recent court hearing had to pay their own legal fees, and they can be very expensive. When a case goes to the court, the landlord has all the advantages."

While the idea of rent control may seem new and confusing to most people on the outside looking in, Beerman says the idea is far from modern.

"The idea of rent control may appear to be recent, but the system of a controlled economy is what this

country was built on and is something which is needed," she said. "But we can gain more if we devise a system in which the landlords and tenants would work with one another rather than against each other."

"But to tell the truth I don't know if the tenants or the landlords want such a system."

(Second in a three-part series. Next week, the future of rent control and the options town commissioners are investigating.)

Certainly, there are those who believe that "diamonds are a girl's best friend". However, the price of this friendship may be too costly for some. It should be noted that the Zircon offers a reasonable alternative. Zircon displays the beauty and considerable brilliance of a transparent gemstone. Although it is available in a wide variety of colors, the "Matura" diamond is clean, its main drawback is that its hardness index is only 7.5. Thus, it is susceptible to damage and wear. In any case, if proper care and caution is exercised, the transparent zircon offers the most effective non-synthetic alternative to a diamond.

D'Agostino. The concluding song will be "May the Good Lord Bless and Keep You," performed by the band.

Benninger feels that most of the graduates will not have a problem finding work, but he did admit the market is getting tight.

"When I first came here a few years ago, we had contacts with many good organizations looking for graduates who wanted full-time employment," Benninger said, "but in recent years the market is closing up. There are still jobs, it is that the students no longer have a good choice to choose from. They cannot be as selective as other graduates have been in the past. But they are all a group of hard working students and I am sure they will do well in the future."

Mrs. Albert told reporters later that the parents were "involuntary," and the teachers did not want to move either.

"One of the first grade teachers has been in the first grade for 18 years," Mrs. Albert said. "She has a certification for learning disabilities and also has a master's degree in elementary teaching. What good will she do moving to the sixth grade? Her specialty is younger children."

The teachers will have a one-week training period during which they will visit the upper grades and get a first hand look at their new assignments. But Mrs. Albert doesn't feel that is enough training for the teachers.

"There are sixth grade teachers who are coming back to the school system after being out on sick time," she said, "why don't they put them in the upper classes and leave the other ones where they will be more beneficial?"

The joint meeting of the parents, Pico and Greed will take place in the auditorium of School 8 at 2 p.m. Tuesday.

"I don't really know what I can accomplish in fighting the moves," admitted Mrs. Albert, "but as president of the home and school association, I feel the need to bring this issue forward to the parents, and let them

make the final decision on how long to fight this battle."

Many people realize that their diet is inadequate but are unable to establish a plan for selecting one that is well-balanced. During World War II, the American people were being prepared for any eventuality. Considerable emphasis was placed on the problem of conserving food, while at the same time, being certain that the diet was meeting nutritional needs. It was as a result of research carried on that time that the Basic Seven food groups were set up and widely publicized as a sound basis for meal planning.

Plan to see us at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956 the next time you have a prescription to be filled. There is still a fine selection of greeting cards, toiletries, Timex watches, cameras and transistor radios for Father's Day gifts. Hours: 9am-10pm daily, 9am-6pm Sundays.

community. All we want is to live in this town in safety and comfort.

"Also look at the amount of property which is tax-exempt in this community," she continued. "I have nothing against churches, but there is a lot of property throughout Belleville which is exempted from paying taxes. We pay our taxes through the landlord."

The Belleville rent control ordinance allows a landlord to make at least a 10 percent return on his in-

vestment. If he does not make that much, he may apply for a "hardship" rent increase. The ordinance also allows landlords an automatic 6 percent increase each year. Many landlords have argued that the 6 percent is not high enough, especially with the constant rise in inflation, but tenants say the landlords are not giving them anything more for the rent hikes.

"There are few industries which get a guaranteed profit," Beerman said. "We are not against a landlord making a profit, he is giving us a service, but people's lives should prevail over profit-making. Without rent control, we would experience a great housing shortage for the middle and lower-income families. It is a problem which exists now, but we would see the problem get more serious."

"By abolishing rent control we would see the price of apartments skyrocket," she continued. "And that is very possible, because the landlords know that there is always someone who will take an apartment no matter how much it cost."

Beerman says that while the local Rent Leveling Board does a "fair" job, it is having a problem finding its way because many of the cases which appear before the board entail new legal developments, which are difficult to handle.

"One of the main problems is that the state of New Jersey does not have a housing court," Beerman said. "We go before a judge who may not be as familiar with the rent control problem as he is with other aspects of the law, and we are at the disadvantage."

"Especially since the landlord can afford to pay the legal fees which result from the court cases," she con-

tinued, "the tenants here at Branch Brook during our recent court hearing had to pay their own legal fees, and they can be very expensive. When a case goes to the court, the landlord has all the advantages."

While the idea of rent control may seem new and confusing to most people on the outside looking in, Beerman says the idea is far from modern.

"The idea of rent control may appear to be recent, but the system of a controlled economy is what this

country was built on and is something which is needed," she said. "But we can gain more if we devise a system in which the landlords and tenants would work with one another rather than against each other."

"But to tell the truth I don't know if the tenants or the landlords want such a system."

(Second in a three-part series. Next week, the future of rent control and the options town commissioners are investigating.)

Jewels & Gems

by Lou Cicenia
Certainly, there are those who believe that "diamonds are a girl's best friend". However, the price of this friendship may be too costly for some. It should be noted that the Zircon offers a reasonable alternative. Zircon displays the beauty and considerable brilliance of a transparent gemstone. Although it is available in a wide variety of colors, the "Matura" diamond is clean, its main drawback is that its hardness index is only 7.5. Thus, it is susceptible to damage and wear. In any case, if proper care and caution is exercised, the transparent zircon offers the most effective non-synthetic alternative to a diamond.
Do you have silver items and are not wearing or using them to their full potential? Why not come to CHARLES JEWELERS, 163 Washington Ave., Belleville, where we can take this in trade for a new or custom designed piece of jewelry made to suit you. My 34 years of experience in this area will provide you with the best selection and service. We also offer discounts to everybody — every day on almost all of our items. Won't you call us today? We will be more than happy to discuss any of this with you in person. Remember that we also offer discreet and honest pawnbroker services. Our telephone number is 759-2468. Jobs harder to come by

D'Agostino. The concluding song will be "May the Good Lord Bless and Keep You," performed by the band.

Benninger feels that most of the graduates will not have a problem finding work, but he did admit the market is getting tight.

"When I first came here a few years ago, we had contacts with many good organizations looking for graduates who wanted full-time employment," Benninger said, "but in recent years the market is closing up. There are still jobs, it is that the students no longer have a good choice to choose from. They cannot be as selective as other graduates have been in the past. But they are all a group of hard working students and I am sure they will do well in the future."

Prayer for today

Incline your ear, O Lord; answer me, for I am afflicted and poor.
Keep my life, for I am devoted to you; save your servant who trusts in you.

You are my God; have pity on me, O Lord, for to you I call all the day.

Gladden the soul of your servant, for to you, O Lord, I lift up my soul;

For you, O Lord, are good and forgiving, abounding in kindness to all who call upon you.

Hearken, O Lord, to my prayer and attend to the sound of my pleading.

In the day of my distress I call upon, for you will answer me.

Mary Senatore

Public Works Commissioner Mary Senatore, Democratic Town Chairman, was nominated by her party last week for an Assembly seat.

Mary has been a household name in Belleville. She has served on the Town Commission for the last 10 years. She will benefit from all the County patronage which has come into Belleville during her tenure as Belleville Democrat Chairman. Mary has a strong base. She will be hard to beat in November.

The other Democrat Assembly candidate is incumbent Buddy Fortunato of Glen Ridge, who will be trying for a third term in November. Buddy is very popular in the district. Like other Democrat candidates, Buddy Fortunato knows the November election will not be a cinch. The enigma of the Reagan presidency presents a cloud over a sure Democrat victory. Although the legislative district has been changed slightly, it remains a marginal district

with neither party having an advantage.

Bloomfield Town Councilman John Crecco is the Republican nominee for State Senator. He is affable and popular. Crecco is teamed up with Josephine Mongiello of Cedar Grove, who, with Nutley's John Kelly, round out the Legislative Republican team. The Democrats will field Senator Carmen Orechio, Assemblyman Buddy Fortunato and Assembly candidate Mary Senatore against Bloomfield Councilman John Crecco, Senate Candidate John Kelly of Nutley and Josephine Mongiello of Cedar Grove.

These are all qualified people seeking to represent you in Trenton. Listen carefully to their words and study their deeds.

Israel vs. Iraq

Last Sunday eight Israeli planes bombed and destroyed an atomic reactor near Baghdad that would have enabled Iraq to manufacture nuclear weapons.

The United States Government and Arab nations have condemned Israel, so have some of our western allies.

The \$275,000,000 facility being built by France and Italy was scheduled to go into operation within the near future. At that point an attack on the facility would have blanketed Baghdad with radiation. Given those circumstances, Israel would be obliged to remain in a state of suspended fright — wondering what moment Iraq would drop an atomic bomb upon her.

I support Israel. She had no choice but to take the necessary measures to protect her very life. Iraq has been technically in a state of war with Israel — this being the case, what would keep an irresponsible Iraqi president from blowing Israel off the face of the earth? The 21-member Arab league labeled the Israeli action as an "arrogant challenge". I call it self-defense.

Realistically, once Iraq gained the power to manufacture atomic weapons, who would come to the defense of Israel if

suddenly it was confronted with an atomic attack? America? Let us go back a few years in history and remember the American mentality with regard to Vietnam. We were told by critics of the Vietnam War that America had no business over there — that no American soldier should be sent overseas to fight a foreign war. There is a plausibility to the argument that Israel, encircled by enemy nations, must fend for herself, and this she did when she bombed the daylight out of the atomic reactor near Baghdad.

The action does not come at an opportune time since negotiations are in progress in Lebanon to bring peace to that area, but — is there ever an opportune time for an action of the nature undertaken by Israel against Iraq?

Better now — before Iraq achieved the ability to manufacture nuclear weapons — than to live with an unstable Iraq government possessing nuclear weapons. God bless Israel.

School Board needs watchdog and now may have found one

To the Editor:

It is good to see that someone is looking into the way the Belleville Board of Education runs its business in spending our money.

Years ago there used to be an alert group of people who kept the School Board on its toes and kept after it to give an accounting of school affairs which are a mystery to most of the peo-

ple.

Now it appears a new watchdog has come on the scene to take over this job in the person of Mr. Frank Montagna, who is doing good work in bringing out information and asking questions that the people would like answered.

I would like to encourage this brave man to go to work on these School Board members who have kept us in the

dark so long.

If the school lawyer is getting paid too much, we should be told about it or have it explained.

The people want their taxes to go to giving the students a good education, not into needless spending and waste. Keep up the good work, Mr. Montagna, the people need you.

Sincerely yours,
Joseph Mancuso

Community Mental Health didn't start Garden School

To the Editor:

I should like to make a correction in Mr. Capparucci's article about the Garden School's closing in the May 21 issue.

The Garden School was not started by the Community Mental Health Service. Indeed, Community Mental Health Service was not founded until a year after the Garden School.

We share with staff members from many other mental health facilities a sadness at the closing of the school. It

provided a high-quality psycho-socio-educational experience for many seriously disturbed youngsters over the years. Mr. Robert Stepney, the director, is a very caring person with excellent social work as well as educational qualifications. The Belleville school system and the other sending districts will go far before they find a match for the Garden School.

Sincerely,
Ruth O. Cowell ACSW
Executive Director

Letter policy

The Times continues to receive letters on a variety of topics which, unfortunately, may never find their way onto our editorial page. That is because they are unsigned.

As a matter of policy, The Times accepts only signed letters. "Signatures" such as "A Concerned Citizen" or "A Worried Parent" will not do. Only names will suffice. However, we will withhold names from publication upon request.

Seniors, do you need help? The Older Adult Assistance Program at Montclair State College can provide special assistance with information, counseling, planning and referral. Help can be obtained with job training, transportation, leisure activities, preparation for retirement or if you wish to continue your education and prepare for a new career. Through a "tuition waiver" for those over 65, education can be obtained free of charge. Help is available at Montclair State College through a staff of volunteer counselors. Call 893-4430 or write the Older American Assistance Program, Center of Continuing Education, Montclair State College, 14 Normal Ave., Upper Montclair, N.J., 07043. Ask for an appointment.

Were you able to attend the convention of the New Jersey Federation of Senior Citizens May 28? Almost 3,000 senior citizens appeared at Mercer County Community College in East Windsor. The election of officers took place as scheduled, there were prominent speakers, discussion groups and a chance for the membership to speak out on issues concerning our senior population.

The federation has gained prominence in the few short years of its existence and its presence in the political process is being felt. The number of seniors in the country has gained considerably in the past few years, and the need for representation has increased commensurate with the population increase. We look to organizations such as the federation for guidance and encouragement. The laws concerning our age group that the federation has formulated and instituted haven't done us any harm either as the organization's legislative clout is being felt.

The federation is made up of over 550 senior citizens' clubs with over 120,000 retirees throughout the state of New Jersey. It may be good at this time to review what the federation has done for us to date and a few achievements are listed here: Lifeline Utility Credit, the \$2 PAA Drug Program, exemptions of most pensions from state income tax, coordinating passage of a bill permitting the use of lower priced generic prescription drugs. What is in future plans? Free transportation to seniors and disabled persons, cost of living escalation increases for PAA and Lifeline recipients who qualify.

The federation is the legislative "watchdog" on all senior legislation. The New Jersey Federation of Senior Citizens deserves and needs your support.

Art show Saturday

The annual outdoor art show sponsored by the Belleville Public Library and the Junior Woman's Club will be held on Christ Episcopal Church lawn, Washington Avenue and Essex Street, 9:30 a.m. to 1:30 p.m. this Saturday.

The show is open to professional and non-professional artists. Works eligible are charcoal and line drawings, graphics, mixed media, pastels, oils and acrylics, watercolors, photography and sculpture. Decoupage, painting on wood or velvet, string art and weaving will not be accepted.

Books, certificates and ribbons will be given as first prizes. Second prizes and contestants receiving honorable mention will receive certificates and ribbons. Prizes will be awarded in five categories, grades 1-3, 4-6, 7-9, 10-12 and adult level.

Judging, which will start at 11 a.m., will be carried out by Mrs. Richard A. Schafter, library board secretary; Rev. Dr. Frederick Long, library board member, Madeline Weigmann and Diane Schroller of the Junior Woman's Club and artists Carol Yudin and Frances Lubben. Prizes will be awarded at 1 p.m.

To register, call Adrea Cohen at the Public Library at 759-9200. Rain date is June 20.

The 5 1/4% Earner

There's no better N.O.W. Account in all New Jersey.

Pays 5 1/4% on checking.

You can't get a higher interest rate anywhere on this type of account. Think of it! Your money earns interest until you use it. In every other way, the Earner is just like a checking account *except it pays you 5 1/4% interest.*

\$500 minimum balance to waive charges.

That's right! Just keep a \$500 minimum balance and the Earner has NO SERVICE CHARGES! So you save money as well as earn it with the Earner.

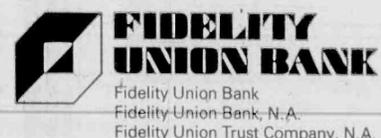

24-Hour Maxi-Teller® service.

Can't get to the bank before it closes? Don't worry, you've got Maxi-Teller. This means you

can "open" the bank on Sundays, holidays, in the middle of the night, whenever! And we offer you more 24-hour banking locations than any other bank in the state.

It's another way we keep life simple.

So open an Earner account today. It's better because it's the N.O.W. account that gives you all these features: 1. It pays 5 1/4% interest; 2. There is no service charge with a \$500 minimum balance; 3. We have more 24-hour banking locations than any bank in New Jersey.

Dental Health
JACK BUDNICK, D.D.S.
AFTER TOOTH EXTRACTION
Following the extraction of a tooth, the wound in the jaw usually heals within a few days without complications. If some swelling develops in the face, this is usually nothing to worry about and it can be minimized by the application of an ice bag to the affected region.
Actual bleeding should stop shortly after tooth removal. Nature's way of stopping the bleeding is the formation of the blood clot in the socket. Let nature do its job and do not disturb the formation of the clot. How?
Do not suck on the hole for starters. Do not take hot food or drinks for five or six hours, by which time the clot should be firm. If you get hungry, drink a cold drink or eat a soft, cold food. Avoid eating hard foods, and don't smoke. Above all, do not rinse unless instructed to do so by the dentist.
If delayed bleeding occurs, fold a piece of gauze and bite on it for a half hour. A moistened tea bag will also do the job. If bleeding persists, by all means, call your dentist. Free bleeders, especially people with hemophilia, should tell their dentist BEFORE extraction so that he can take special precautions.

New slate for No. 4

The James G. Shawger Home and School Association held its last meeting of the school year Wednesday, May 20.

The program for the evening included the presentation of the association's scholarship award to Rita Benequista and Ken Constantino who are seniors at Belleville High School.

Officers for 1981-82 installed in a candlelight ceremony were President Judy Dework, Vice President Marie Olivio, First Vice President Grace Dondarski, Second Vice President Pat Forte, Treasurer Annette Dirgig, Recording Secretary Fran Galloway and Corresponding Secretary Joy Mancuso.

Mario DiMaggio, principal of Belleville Junior High School, spoke to parents about the new middle school.

The association is planning a patrol picnic, a sixth grade luncheon, a Father's Day sale and a faculty dinner in June.

Mark Martella

Seton names local student

Belleville resident Mark Martella has been named to the honor roll at Seton Hall Prep this semester.

The 17-year-old senior is a member of the South Orange school's golf team and has coached in the Belleville Peanut League the past two years. He is studying for his single engine pilot's license.

Martella has been accepted at Villanova University where he will be headed in September. His parents have been residents of Belleville over 20 years. His father, William, has been the principal of St. Anthony's Confraternity of Christian Doctrine program the past seven years, and is the president of the church's parish council.

His mother, Joan, taught CCD for many years. She is employed at New Jersey Institute of Technology.

Cooking program at Upsala June 20

A gourmet cooking workshop will be held June 20 at Upsala College Chapel, East Orange, starting 9:30 a.m. The workshop is part of a health symposium.

Professor Carolyn Thorburn of Belleville will discuss the topic, "Reversing the Disease Process." A Ph.D. candidate in nutrition, she teaches at Upsala. She is director of the Rachel Carson Health and Ecology Club which is sponsoring the symposium.

Refreshments and luncheon will be available. For information, contact Thorburn at 759-8966 or 672-9581.

Clara Maass graduates 28 from nursing school

Holy Family Church was the scene of the Clara Maass Hospital School of Nursing's graduation exercises in May.

The commencement address was delivered by Dr. Patricia Murray, nursing consultant at the hospital, and greetings were extended by the president of the Clara Maass medical staff, Dr. Joel Chershore. Henry C. Pfaff, chairman of the hospital's board of trustees, also spoke briefly.

The class was presented by Clara Maass President Albin H. Oberg, and diplomas were awarded by Mildred H. Neusse, the hospital's vice president. Pins were conferred by Anne C. Knox and Kathleen Stramara. Miss Knox is director of the school of nursing, and Miss Stramara is study program coordinator.

The invocation was given by the Rev. Francis J. Blake, pastor of Holy Family Church, and the benediction was invoked by Rev. August Holm, a visiting clergyman at Clara Maass. The master of ceremonies was Kenneth A. Morrison.

Summer music school signing up till Monday

The Belleville public schools will again sponsor a summer music school this year and the deadline for registration is drawing near. Tuition will be \$25. Any Belleville student is eligible to attend. Classes and lessons will be geared to meet the needs of students attending.

The music school will operate for five weeks, Monday through Friday, June 29 through July 31. Classes will meet daily 8:30 a.m. and 12 noon at School 7, located on the corner of Joralemon Street and Passaic Avenue. Instruction will be given in fundamentals of music, beginning wind instruments and strings, intermediate band, advanced band, intermediate strings, advanced strings, orchestra, dance band, high school band and marching band. All band and orchestra instruments will be taught.

There will be an assembly program scheduled every Friday 11 a.m. to noon in the school's all-purpose room while the program is in session. Parents and interested persons are invited to attend.

Registration must be completed by Monday. For further information, contact your school music teacher or Frank Scelba, music supervisor, at the high school.

ON 35TH ANNIVERSARY AS PRIEST

St. Anthony's pastor honored

Rev. Joseph Cestaro, pastor of St. Anthony's Church, was honored by his congregation and local dignitaries on the 35th anniversary of his ordination to the priesthood, during a dinner held May 30.

More than 200 guests turned out to honor Rev. Cestaro, who has been

the pastor at St. Anthony's since July 1969. The church numbers 2,400 families.

Among the dignitaries present were Mayor Michael Marotti, Commissioners Mary Senatore and Vincent Strumolo and Hudson County School Superintendent Louis

Acocella, who is a deacon at St. Anthony's.

Rev. Cestaro was ordained on June 15, 1946, and served the early days of his priesthood at St. Rocco's and Immaculate Conception Churches in Newark. While at Immaculate Conception, he was respon-

sible for the building of the new church.

The dinner was held in the St. Anthony's school cafeteria and was highlighted by speeches from the celebrants and a Mass. The St. Anthony Men's Choir and organist Agnes Meola performed during the Mass.

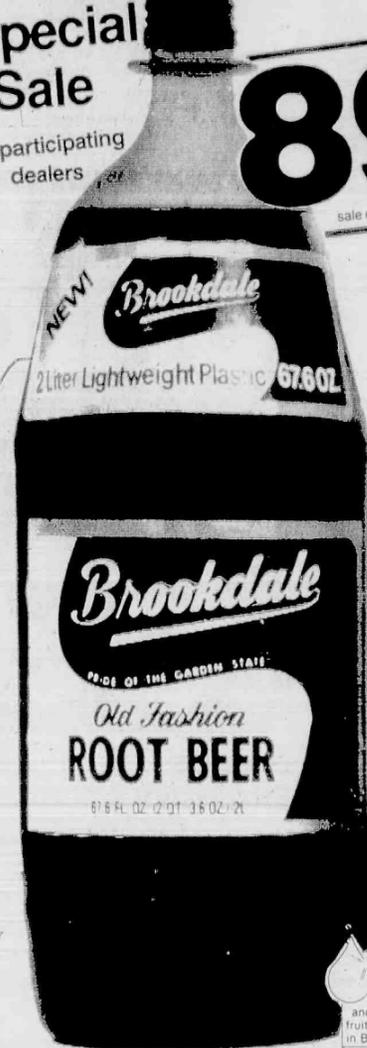

Anniversary Celebration — Father Joseph Cestaro is surrounded by members of the committee which put together his 35th anniversary dinner. At top (l-r) are Eubie Cardone, Michael Bruzzio, Lou Acocella, Tony Basto, Marie Cardone and Lucy Basto. Standing on ground level

(l-r) are Peggy Kelly, Janet Cataldo, Marie Spillsbury, Connie Cairns, Marie DeLeva, Mary Mazza, dinner chairman Barbara Cicalese and Pat Campione.

PLAY REVIEW

'Cuckoo's Nest' worth wait

By Phil White

"One Flew Over The Cuckoo's Nest" — I had seen the movie but I had never seen the stage production or read the book. Moreover, two or three seasons had somehow slipped by without a visit to the Nutley Little

Theatre Barn (for a play anyway) and admittedly, I was apprehensive about attending Friday night's opening performance of "Cuckoo."

What kind of a stage production of such a complicated drama might one expect from a local community

theater group? I expected the worst. Why all the apprehension, I fail to understand myself. For the past decade, I've been telling theater fans all over the state that never have I seen better community drama than at that run-down old barn on Erie Place. If you doubt what I say, go see

first reaction seeing Gretchen among cast members after the final act was to punch her in the face. After all, McMurphy did something like that in the hospital and everyone else on the ward applauded — myself included.

There's absolutely no doubt in my mind that the continuous and unceasing personal interaction between Kanter and Hathaway on stage are largely responsible for the success of the drama.

But equally important, I think, are the obvious pains which director Gail Rog must have taken in working with the supporting cast of those on that hospital ward. The gestures and facial reactions. The grunts from those who couldn't speak. The gestures of the confused Martini (Dennis Gualtieri). The grunts from those who couldn't speak. The gestures and facial reactions of McMurphy's inmate buddies. Rog literally orchestrated scene after scene of gestures, facial reactions and outbursts reflecting the emotions of insecurity, fear, hate and love. What really makes "Cuckoo's Nest" so unique, that extra touch that divides amateur from professional, is the superb performances by McMurphy's buddy inmates played by Robert McCormick, John Loan, Robert Conte, Richard Kaye, Gualtieri and Roy Innocenti.

One reason I may have been so apprehensive about seeing "Cuckoo" is knowing from past experience that small theater groups often have trouble casting plays with so many male parts. It seems easy to get the gals out for auditions. But how does a director go about casting for a play when 13 of the 17 parts are for men?

"I was lucky," says Rog. But it was more than lady luck.

And how about the technical staff for this complicated production? (I thought it was complicated. Sitting in the audience it seemed all too simple.) On the technical crew for "Cuckoo's Nest" 41 people. The production involves tasteful psychedelic effects, pre-recorded sound, special effects for McMurphy's shock treatments (he was really a nasty fellow) and a set that many people obviously went to a lot of trouble to design and construct. A nurse's station for the destructive Nurse Ratched contained all sorts of interesting gimmicks and effects. The only thing missing was a latch on the door that might have turned that nurses' station into a cell for the wicked woman. But as much as I hated Nurse Ratched, I loved Gretchen Kanter.

Why I waited so long before returning to the Erie Place barn for drama by New Jersey's best community theater group, I can't explain. Don't let it happen to you. Go join see excellent cast while you still can.

"One Few Over the Cuckoo's Nest" continues tomorrow night and Saturday, and the final weekend of performances is June 19-20. For ticket reservations, telephone 667-5492.

the play. The play from every standpoint — direction, dramatic interpretation to production — restored those not-so-untruthful boasts made about Nutley Little Theatre's excellence.

What makes the Nutley stage production so successful is the convincing interpersonal relationships portrayed by the cast of misfits who find themselves thrown together in a state mental hospital. Those relationships are skillfully developed, most often in the early scenes by expression and reaction of the players rather than by any words that may have been written by Dale Wasserman. Indeed, the Indian, Chief Bromden, portrayed by Art Turnbull, says nary a word — not even a ugh — until sometime during the second and final act.

Rich Hathaway plays the role of Randle P. McMurphy — the part Jack Nicholson portrayed in the film. Hathaway's interpretation was different from what we saw in the film. He comes across as more street-wise than cunning, and clashes beautifully with the wicked old witch in this tale, Nurse Ratched, whose last name nearly always is mispronounced by McMurphy.

Gretchen Kanter's performance as Nurse Ratched was so terribly convincing and emotional that my

'Third Man' screens this Saturday night

Graham Greene's story of post-war Vienna, "The Third Man," will be shown by the Essex Film Club 8:30 p.m. Saturday at its screening room, 263 Harrison St., Nutley.

Also on the program is a group of recent and early talkie films and early talkie trailers. Saturday's program will be the club's last of the season. The new season begins in September.

"The Third Man," which was released in 1949, was photographed entirely in war-destroyed Vienna. It stars Orson Welles and Joseph Cotton and was directed by Carol Reed. The film concerns the black market in drugs and other commodities that flourished after the war, and the city's smugglers.

Annual Italian Day scheduled Sunday

Over 2,000 participants are expected to attend the second annual New Jersey Italian-American Awareness Day Sunday at Seton Hall University, South Orange. The principal speaker at the statewide event will be United States Labor Department Undersecretary Albert Angresani. The sponsoring organizations are Unico National, the New Jersey Federation of Italian-American Societies and the Sons of Italy.

Frank Garruto of Nutley is chairman for the program which will start with a continental breakfast at 9 a.m. A luncheon will be held at 12:30 p.m., with a wine and cheese party closing the day at approximately 5 p.m. A series of seminars dealing with subjects involving Italian-Americans will be held throughout the day. Rep. James Florio, the Democratic gubernatorial candidate, is scheduled to deliver an address. Garruto said the speech will be a non-political.

Angrisani, 31, was confirmed as assistant secretary of labor for employment and training by the U.S. Senate March 12. From August 1978 until his appointment, he was vice president of the Chase Manhattan Bank of New York. Previously, he served with the bank as assistant vice president, investments and product manager and investment assistant.

The seminars Sunday will touch on such topics as the role of the Italian-American woman in the 1980s, anti-defamation, Italian-American history in New Jersey, government participation, information on earthquake relief, career

St. Peter's School will open a full-day kindergarten beginning in September. Classes will run 8:30 a.m. to 3 p.m. In order to make the program educationally feasible, the school hopes to have enrollment at top level. Parents interested in enrolling their children may call the school office at 759-3143 for an appointment to register.

Exceptional year for the Blue-Gold

It's very hard to believe, but the 1981 school year is drawing to a close. Next Tuesday, the class of 1981 will graduate from Belleville High School and will go on to make its mark on the world.

The students who will leave BHS next week are very special individuals. They are a classy group of people who were indeed a pleasure to talk to and deal with. Their great attitude, not to mention top-rate talent, also showed up on the fields and courts where the town of Belleville just concluded one of its finest sports seasons in quite a while.

Back in 1975, every varsity sport at Belleville High posted a winning record. Even though this year's class cannot lay claim to that accomplishment, it can point with pride to many others.

For starters, the Belleville High football team had a fantastic year. If I were to start to mention all the names of the players who led the way, this column would be totally dedicated just to them. The squad posted a 9-2 record last fall, losing its opener to Livingston and then winning its next nine games before falling in the state finals to West Essex. Junior Frank Fazzini became the first Belleville runner to gain over 1,000 yards and Anthony D'Agostino earned all-county honors. D'Agostino will attend Connecticut University in the fall, and tight end Billy Walsh will be going to Boston College.

Quarterback John Melillo will be off to Rutgers in the fall after being named all-area this year for his fine passing and running. The Bucs had some big wins, but none bigger than the 34-8 pasting they administered to their archrival, Seton Hall. Ken Constantino had a great year at wide receiver and played exceptionally well in that game, and Paul Scheuplein was a standout as a runner and defensive back.

The girls' tennis team had a great season under Karen Fucello. They were 9-5 for 1980. Carol Ann Salerno was awesome in the first singles spot. She finished at 9-3-2 for the regular season and advanced to the third round of the state tournament, something a female tennis player at Belleville High had never done before.

The gymnastics squad, led by Carol Giuffrida, just completed its second year at BHS and its first as a varsity team. Though the girls did not win any of their limited number of meets, they gained valuable experience. They will have everyone back next year and the future looks very good for the program.

The Belleville soccer squad, under Anthony DeAquino, had a rebuilding season last fall, winning just five games but forming a very strong nucleus for the years to come. For instance, junior Brian Woods will be back next year and DeAquino feels he's the toughest player ever to come along at BHS. Freshman Santiago Borja might be the next Hernan Borja before his days at Clearman Field are over. Senior John Lee closed out a fine career for the Bucs this past fall, though a broken leg made his last season something less than it might have been. He was by no means the only Buc injured in the fall, and if the 1981 team can stay healthier than the 1980 version, its season might well be far better.

The Buc cross country team was led by Brian Allum, Tom Fuscaldo, Dana Caruso, Leigh-Anne Long and Barbara Gundry. The team hopes to have a larger turnout next year — up from eight. Though some overlooked the harriers, it was hard to ignore the great year Caruso had on the cinders. The senior broke the girls' record for the home course and was a super team leader. You'll hear more about her when we get to the track squad.

As the autumn leaves begin to fade and the cold air of winter began to set in, the Belleville wrestling squad entered into a super season. The team finished 13-1, losing to nemesis West Essex on opening day and then rolling to a super year. Along the way, the team captured the district title along with the counties. D'Agostino had a standout year as heavyweight wrestler. He won three matches for the Bucs with his big pins in the final moments. Sophomore Anthony Stefanelli and senior Jim Lombard took thirds in the regionals at 101 and 129 pounds respectively, and team captain Tom Graziano closed out a brilliant senior year at 115 pounds.

The girls' basketball squad, under Karen Fucello, finished at a very successful 15-7. The 15 victories represented the second-most wins in the coach's career and also boosted her over the 100-career victory mark. Jennifer Apicella led the way in the scoring column. The freshman averaged over 21 points a game and was named first team all-area. Had it not been for a bad ankle sprain in the early part of the year, she might have been even better. Never fear, she'll be back for three more years.

Senior Dawn Ritacco closed out a fine career with a great season at the pivot position. Dawn averaged over 15 points a game and was very impressive against the tough opposition. The girls had some big wins, the biggest over Nutley and Kearny, two archrivals. The victories avenged two early losses to those clubs.

The Belleville boys' basketball team finished the season at 4-16, but Joe Papisidero's crew had nothing to be ashamed of. His team lost a ton of games by six points or fewer, and there was one stretch in January where the head coach couldn't get a break. He lost a one-point game to Nutley and a one-pointer to St. Benedict's after the buzzer had sounded. Those losses came within four days. Later in the month, the Bucs lost an overtime game to Seton Hall after the Pirates tied the game with one second left in regulation.

The team was led by Wayne "The Train" Bubet who scored his 1,000th career point against Weehawken High School on Jan. 21. Ronnie Wittmann had a fine senior campaign and Sammy DeCapua stepped in at point guard and had a great season.

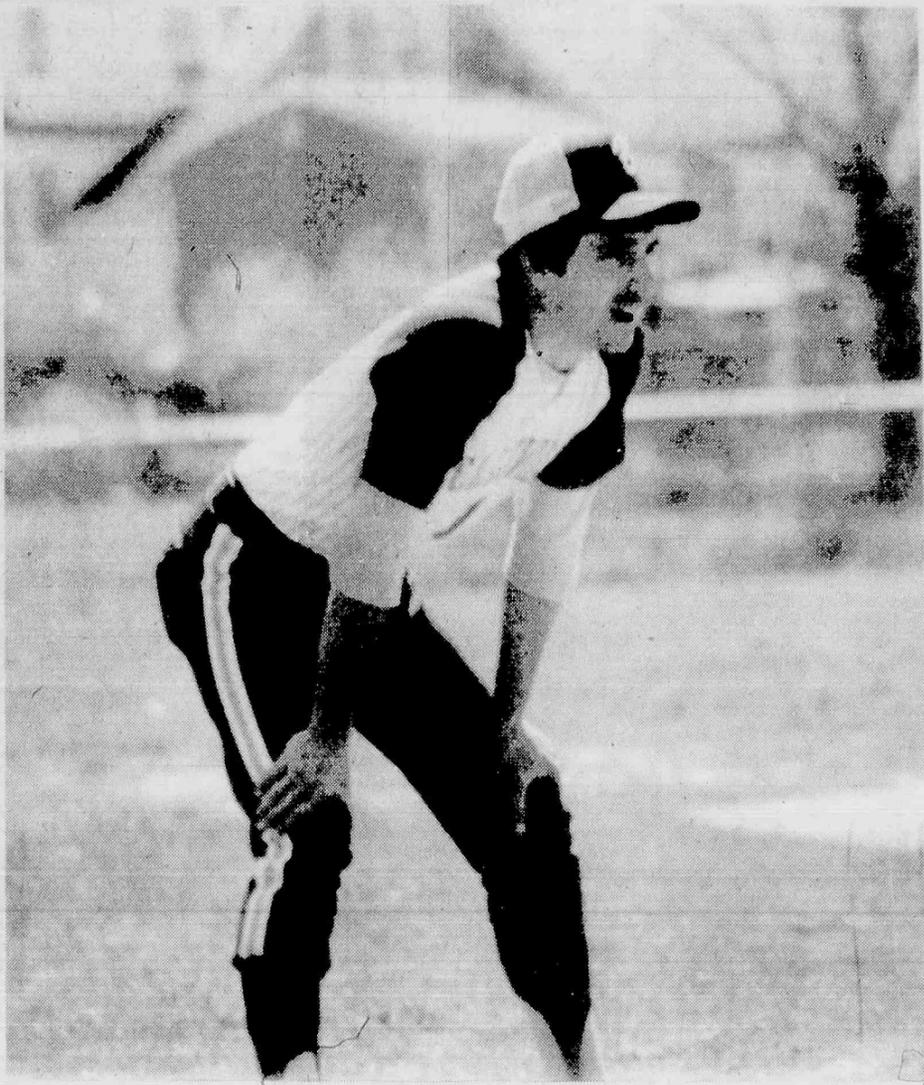

As the weather began to warm up, a Belleville High team prepared to capture a title. Under George Zanfini, the baseball squad won its first Greater Newark Tournament crown with a 10-4 rout of Glen Ridge in the finals. The win capped a great year for the team, one that produced a 22-7 record and a trip to the state sectional finals.

Frank Fazzini had a super year, slugging 10 homers and hitting well over 500. Joe "Bluto" Corbalis had a super year at third base and Eugene Cancelliere supplied ample power at first base. Ken Constantino was super defensively at shortstop and Jerry Ross and Paul Scheuplein along with Davey Starr combined for a strong outfield.

The Buc crew team finished with a .500 season and a lot of

Diamond campaign was coach's most rewarding

Coach's Delight — Coach George Zanfini watches his team during a game earlier this season. The Buc pilot called the 1981 campaign just completed perhaps his most rewarding in the seven years he has been at the helm. The diamondmen finished 22-7 and won the Greater Newark Tournament.

Fine stats for squad

By Mike Lamberti

When the Belleville Buc baseball team walked off the field at Verona Park last Sunday with the Greater Newark Tournament title, head baseball coach George Zanfini had more on his mind than just the last out of the game.

"After we won, I thought of all the great kids that I coached during my seven years here," Zanfini said. "I feel this title is a testimony to them as well."

For Coach Zanfini, a classy statement like that is commonplace. For his Buccaneer baseball squad, the 1981 season had very special significance. "I think this might have been my most rewarding season," the coach continued. "Defensively, we improved as the year went on, but we really had some great games this year. The Columbia game, the Barringer game, the Irvington and Bloomfield games, they were all super."

The Bucs finished the year at 22-7 and, in addition, made it to the finals of the state sectional championships where they fell to Livingston. The team had an earned run average of 3.02 and a team batting average of .330.

In the pitching department, who can ignore the super season that senior Anthony Coco put together? He finished the year at 7-3 and had a career record of 17-6. The 17 wins represent the second highest total for a Belleville pitcher, Danny Borgo having compiled 22 wins from 1977-79. Coco won some very big ones for the Bucs, the Irvington battle in the first round of the states and three victories in the Greater Newark Tournament, including the championship game against Glen Ridge. Much has been said of Coco's success this past year, but it is true that the Bucs will not only be losing a fine pitcher next year, but also a fine person.

Junior Roger Lentz surprised everyone this year by putting together a 6-0 record in his first season of varsity action. As a matter of fact, with the exception of Coco, every Buc hurler this year had never seen varsity action before. Lentz also had a team leading ERA of 2.08. He will be a very big asset to next year's club.

Senior Billy Zeimer was 2-0 with an ERA of 2.82. Zeimer, a fine all-around athlete, won some big ballgames with his strong arm. His game will be missed next year and will always be respected.

Eugene Cancelliere came through with a 3-1 record and 3.54 ERA. When not pitching, the junior played a super first base and supplied ample power. Finally, Bob Grogan was 4-3 with a fine ERA of 2.73. Grogan's biggest claim to fame was a no-hitter hurled against Caldwell early in the season. Also a

Softball's great year result of team effort

By Mike Lamberti

As we look back on the Belleville High softball team's success this past spring, the statistics show the girls' 18-8 mark was indeed a team effort.

As a team, the girls batted .316 with six homers, nine triples, 25 doubles and 206 runs scored. (By the way, if it weren't for Mark Foley, the girls' statistician, these figures would have never appeared. Mark did a super job for the team and this reporter is greatly appreciative.)

Junior Nancy Coffey led the hitting parade this year. Coffey hit .563 this past season with 21 runs batted in. She led the team in hits with 49 and struck out just once the entire year. "She was super this season," said head coach Carl Corino. "What more can you say with her stats?"

Perhaps the biggest surprise on this year's team came over at first base where Mona Stampe showed the county Belleville has a fine first baseman both offensively and defensively. Mona hit .407 for the year and led the team with 23 stolen bases. She also led the squad with 26 runs scored. However, her true talent was defense and she made some beautiful plays at first, scooping up low throws and pulling down high ones. Stampe, like Coffey, is a junior and will be back next season.

Sophomore Donna Campana batted .346 this season with one homer and 22 RBIs. Campana stole 13 bases and had good power. She was also a very versatile player in the field, playing second, shortstop and third base during the course of the year. Campana also handled the centerfield chores and much will be heard from her in the next two years.

Freshman Tracey Buono had a super year behind the plate. The catcher hit .278 and drove home 16 runs. Her work behind the plate so good that Corino said, "I think she'll be the best catcher that Belleville has ever had before she is through."

Kim Indiero, a sophomore, moved from the outfield in 1980 to

play shortstop this season and did an excellent job at the new position while providing the spark in the leadoff position. She stole 18 bases and walked 22 times. In addition, her on-base percentage was .597. Furthermore, the dynamo contributed one homer and nine RBIs.

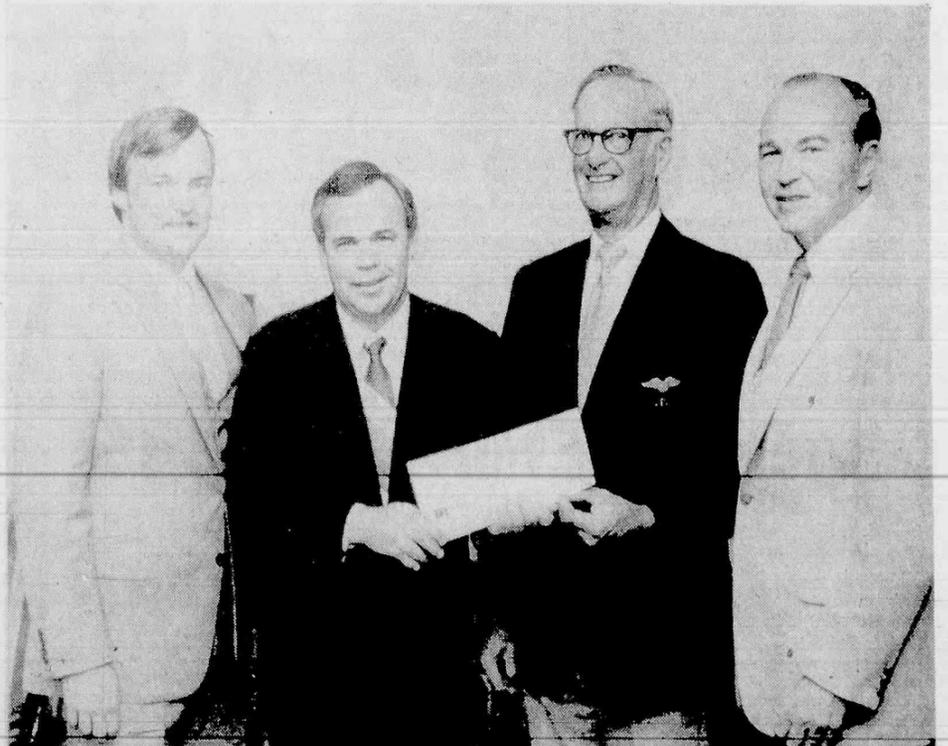

Senior Dawn Ritacco closed out a very good sports year by hitting .280. The likeable outfielder had a great basketball season and lent her support to the softball squad with some timely hitting and good leadership.

Junior Luisa Dinis hit .254 and really came around in the second half of the year. Dinis supplied

some excellent power as she led the team in RBIs with 26 and was tied with Rosie Leonidis for the club lead in homers with two. Dinis handled the leftfield chores and is an excellent prospect for next spring.

Leonidis had a strong year, hitting .315. As many know, Rosie suffered a knee injury during the basketball season which required surgery. Although she started the year for the softball squad, she was not 100 percent, and sat out about 10 games. Her return pleased the coaches and fans, and the junior

optimism for 1982. The team was a very young one and should be one of the finest next season. Under Sam Giuffrida, Buc oarsmen placed second in the Goodwill Regatta and did a fine job in the nationals, advancing to the semifinal round.

The Belleville golf team, under Rocco Colucci, was 9-3 for the year and finished second in the Essex County Tournament. The Buc linksmen were led by Ron Wittmann and Jack Malack.

The track team, under Rich Ruffalo, Jo Jo Cancelliere, Larry Jinks, Jim Beck and Pat Ritacco, produced some fine individual efforts this past season. Cecilia Graham won the county championship in the high jump while Dana Caruso shattered the 800, 1,500 and 3,000-meter records for Belleville High. Bob Kane, a sophomore distance man, showed a great deal of potential in the 1,500 and 3,000 meters, and junior Tom Fuscaldo came around and did a good job in the 800 meters. Meanwhile, Brian Allum was a picture of versatility, competing in the 400-meter hurdles, the 400 meters and 800 meters.

The softball squad finished a second straight year at 18-8. A complete wrapup on its season appears in this week's edition.

The varsity volleyball squad lost to some of the state's best competition this past year but played well and showed improvement. The jayvee team came through with a 7-6 record, a good omen for next season. The girls, under Grace Worley, were in their second season as a team and were successful in upgrading their skills.

The Belleville quote of the year award goes to Joe Papisidero. I took stock of all the quotes that were printed and decided that Papisidero's statement about the Queen of Peace game merited the award. Papisidero was asked how good the Queen of Peace basketball squad was and if the Queensmen had any players back from last year's squad. Papisidero replied, "They've got guys back who weren't even there last year."

Here is the answer to last week's quiz. The question was, who did the 1968 Detroit Tigers defeat in the World Series and who were the winning and losing pitchers in the seventh and deciding game? Also, who was the pitcher who denied Denny McLain his 32nd win that year? The answers: Detroit defeated the St. Louis Cardinals and Mickey Lolich won game seven, beating Bob Gibson. Tommy John, now with the Yanks, denied McLain his 32nd win.

For this week's quiz, think back to 1967. The Cardinals won the World Series that year. Who did they defeat, how many games did the series go, which pitcher won the deciding game and who lost it? Finally, where was the deciding game played and who was the Cardinal who hit a homer in that last contest?

three letterman will be a big major force to contend with next season.

Michelle Jeannotte, a senior rightfielder, batted .273 this year. Jeannotte played all three outfield positions during the course of the year and did some good hitting. A top student, Michelle will be a pleasure for any college that she chooses next year.

Junior Angela Chimento saw time in rightfield and batted in five runs. She will probably be the starting rightfielder next year and also might see some action on the pitching mound.

Debbie Jinks, the girls' top pitcher, hit .237 with nine runs batted in. Jinks, like the rest of the squad, had some clutch hits to win some exciting games.

The pitching staff was led by Jinks who won seven of 12 decisions. Jinks posted an earned run average of 2.54 and was the girls' leader on the mound. She hurled

Essex Eagles stop Carmel

By John Haley

Led by Sam Hall of Orange, who scored 24 points, the Eagles of Essex Academy defeated Mount Carmel 66-63 to take two of the three basketball games played between the teams this season.

Robert Stecher of Belleville had eight points for the Eagles, while Gerry Marra chipped in two.

The game was a close, hard fought battle from the opening tipoff, but the Eagles led throughout the contest.

Other scorers for the Eagles were Keith Sloane of Irvington, 12; Mike Lambert of Bloomfield, nine; Charlie Powers of South Orange, seven, and J.J. Yilgic of Caldwell, four.

her way to some big victories, but perhaps her most memorable game was the 3-2 victory in 10 innings over state power Westfield. Jinks hurled the entire game and was never better. Debbie also posted a shutout win over Nutley and defeated highly rated Lyndhurst.

Debbie Mundy concluded a fine career with a 3-0 record and a 2.72 ERA. Last season, Mundy was 7-2 with seven saves, so the senior was indeed a valuable commodity during her days at BHS.

Sophomore Kathy Woods finished the season with a 5-3 record and a team-leading 1.35 ERA. Woods walked just five batters the entire season. She pitched 46 and two-thirds innings and will be a big asset next season.

Finally, freshman Dina DeAquino wound up at 3-0 with a 4.03 ERA. DeAquino is one of the hardest throwers that Belleville has had in a long time. Once she gets her control down, she will be a very tough competitor.

As for next season, Corino has to be happy. He loses only four seniors, and most of his starters will be playing during the summer in the new Belleville Softball Recreation league. That Belleville entry will receive coverage during the course of the summer.

Wrestling slated Saturday at BHS

The third annual Belleville Wrestling Tournament will be held this Saturday in the BHS gym. The tournament, sponsored by the Belleville Wrestling Parents and Friends Association, will use high school weights and rules.

Weigh-ins will be from 7:30 a.m. to 9 a.m., with wrestling starting at 10. Any student in high school during the 1980-81 year is eligible to compete. Weight will be the same as those in regular high school matches, 101, 108, 115, 122, 129, 135, 141, 148, 158, 170, 188 and unlimited. Medals will be awarded to the first four place-winners in each weight class.

High school rules will apply, but the first periods of bouts will run one minute and there will be no riding time. Headgear will be optional and there will be no hair limitations. The tourney should run faster than some as there will be four mats in the BHS gym.

Wrestlers will be responsible for their valuables and should bring their own locks. They must also bring their own lunch since only limited snacks will be available. They not bring glass bottles.

Cosmos' corner

By Mike Lambert

The Cosmos broke out of their mini-slump last week, stopping Montreal and Atlanta and tying Sao Paulo of Brazil in an exhibition match at Giants Stadium.

This week, the team was at Fort Lauderdale and will be home Sunday for a 2:30 p.m. match against the tough Los Angeles Aztecs.

Against Montreal last Tuesday, the Cosmos won in overtime on a goal by Roberto Cabanas. The Cosmos and Manic were tied 1-1 at halftime and both squads had a number of opportunities to win in the second half. Montreal, especially, had a number of golden opportunities, but Cosmos keeper Hubert Birkenmeir was there to make the saves.

The Sao Paulo match last Thursday was a big game for a number of reasons. First of all, the Cosmos wanted to prove they could play well against an internationally acclaimed team. There was a big crowd at Giants Stadium to see if they could. Some 54,000 fans, the Cosmos' largest crowd of the year, filled Giants Stadium and saw a great game. The teams eventually tied at two, but the Cosmos had a 2-0 lead at halftime on goals by Angelo DeBernardo and Giorgio Chinaglia. Sao Paulo tied the game in the final minute, but Cosmos coach Hennis Weisweiler wasn't upset at all.

"We played very well tonight," the coach said. "I think we gave a very good account of ourselves and played very inspired soccer. I was hoping for that third goal, but we just couldn't put it in."

The Cosmos were also inspired because there was a new face in the lineup. Steve Wegerle was acquired from the Los Angeles Aztecs just hours earlier and the NASL's second all-time assist leader (Vladislav Bogicevic of the Cosmos is first) played a fine game. Wegerle never played for Los Angeles, having just been dealt there from Tampa Bay. "I'm very happy to be here," he said. "It's so good to be out of there (Tampa). There were a lot of problems down there and I'm glad to be with such a good team like the Cosmos."

Unfortunately, Wegerle's excitement didn't last too long. On Sunday, against Atlanta, he broke his wrist in three places in the early stages of the game. The Cosmos hope to have him back within the next seven to 10 days, according to trainer Joel Rosenstein. Meanwhile, the team won 2-1 when Chico Borja of Belleville scooped the game winner with just three-and-a-half minutes left in regulation time.

Borja's goal, his third of the year, and Giorgio's penalty kick in the first half plus the super goaltending of Birkenmeir were the difference in this game. Afterwards, Borja was very happy with his outing. "I'm just trying to play my best," the Belleville booter said. "My game will have some mistakes in it, but I can be a very good player."

Weisweiler agreed. "He is really coming along. I'm really happy with his progress. The more he plays, the more he will improve."

COSMO CHATTER: The team hopes to have Ricky Davis back in the lineup soon. Davis has been out with torn ligaments in his ankle but is feeling stronger and might be back in about 10 days... Dennis Tuert, an ex-Cosmos player who returned to England in 1980 and who was a big favorite with the crowd here, was in the Cosmos locker room following the game. Chinaglia has said that the Cosmos will be making more deals. Could it be that Tuert is coming back in a Cosmos uniform? The Cosmos are now 11-4 on the year and still lead the NASL in total points... Roberto Cabanas and Julio Caesar Romero should be back in the Cosmos' lineup this week. The two are in their native Paraguay, playing in the World Cup qualifying games.

Two teams knot for softball first

Kawasaki and International Paint earned victories last week in the Thursday "B" Division of the Belleville Men's Recreation Softball League and share first-place honors with identical 4-1 records. Kawasaki edged Burger King 11-10 and International Paint set back Red Shingle 4-3.

Red Shingle is in second place at 3-2. In other Thursday games, Giordano's defeated Garden State Pet 4-2.

Joe's Alignment swept its doubleheader in Monday "A" Division play to remain undefeated and in sole possession of first place. Victories over BJ's Tavern/5-1 and Belleville Shoes 9-3 upped Joe's record to 5-0.

BJ's, USA and DeWitt Savings shared second place at 3-2. DeWitt also won both games last week with 5-3 and 11-0 scores against USA and Belleville Shoes respectively. USA blanked Roselli's Amoco 9-0, while BJ's shut out Roselli's 12-0.

Junior League Baseball

The Braves used a good batter's eye and the pitching of Matt Smiles to edge the White Sox 9-8. The Braves win set the White Sox record at 4-2, and allowed the Dodgers to gain the first half National League title.

The Clippers earned second place in the first-half American League standings by defeating the Bombers 5-4.

The White Sox, Yankees and Pirates all won their first games of the second half. In the Pirates' 11-9 victory over the Giants, the Giants' Frank Greco hit a home run and a triple and first baseman Nick Ricca began a triple play. Nick Cardillo played very well defensively, while John Stetz hurled three good innings. However, the Giants' surge wasn't enough to overcome the combined pitching effort of the Pirates' Paul Tronio and Ralph Caruso.

Intermediate League

With the first half already won by the Braves, the Intermediate Giants won their second straight game behind the heavy hitting and clutch pitching of Tommy Maino. Maino slammed two home runs and a double while holding the Mets to two hits, both by Tim Coffey. Despite issuing 13 bases-on-balls, Maino was tough in clutch situations, striking out 13. Frank DeFranco stroked a long, three-run single in the fourth inning to give the Giants a commanding 5-1 lead. The Giants won 7-

4. The win gave the Giants a 2-4 record for the first half.

Peanut League

The Bombers beat the Bears 33-21 behind the hitting of Doug Phelps, Steven Hywel, Dawn and Sam Cotter and Michael Mango. Supporting the defense were Brian Sypher, Danny Hywel, Paul Huryk and Brian Carlucci.

The Bombers extended their record to 5-1 with a 28-4 win over the Aces. The hitting attack was led by Darin Fiordendino with two homers and Michael D'Achille with a grand slam. Anthony Zarro, Brian Carlucci and Tommy Klena contributed four hits apiece. Dennis Petrillo, Steven Hywel and Eddie O'Shea were standouts on defense.

The Bombers are ahead in the Monday-Wednesday standings with a 6-1 mark. They are followed closely by the Tigers (5-1) and the Dodgers (4-3). The Astros dominated in Tuesday-Thursday action with an 8-0 record. The Yanks hold second place with a 5-2 tally.

Other recent Peanut League results were Indians 17, Pirates 8; Yanks 17, Giants 15; Astros 31, Pirates 14; Indians 26, Cardinals 24; Giants 38, Pirates 14; Astros 13, Cards 3; Bears 30, Aces 29; Bombers 34, Clippers 4, and Dodgers 19, Cubs 12.

Senior League

In the second-half opener, the Senior League Yanks combined the pitching of Joe Trabucco and Rocky Hromoko to defeat the Giants 5-3.

Tennis school starts Tuesday at Brookdale

The Essex County Department of Parks, Recreation and Cultural Affairs' annual summer adult tennis instruction schools, featuring seven weeks of singles and doubles play, will get underway at Brookdale Park with evening classes starting this coming Tuesday, June 16, and Thursday, June 18.

Classes will be offered to beginners, intermediate and advanced class players, and will meet from 6 to 8 p.m. The department will offer day classes on Wednesday, starting June 17, Friday, June 19, and Saturday, June 20. Time schedule will be 9-10:30 a.m. and 10:30 a.m. to noon. Racquets and sneakers are required. Balls and teaching equipment will be provided.

Cost of the series will be \$20 per person. Pre-registration will be held for all classes at Brookdale tomorrow from 9 a.m. to noon. Players may also register by contacting tennis desk information at 482-6400, extension 241.

Reserves the glue for baseball team

Continued from page 13.

junior, he will be a big cog in the Buc machine next year.

The hitting department was of course led by the "Bear," Frankie Fazzini. "He was phenomenal this year," Zanfini said. "Most of his stats are school records and he still has one more year to go."

The "Bear" batted .534, blasted 10 homers and drove in 48 runs. His homer and RBI stats are school records as is the 55 hits he compiled. Frankie also came through with seven stolen bases and scored 37 runs.

Bobby Brave, like Fazzini, a junior, batted .440 this year with 18 runs batted in, 29 walks, 37 runs scored and 12 stolen bases. He was an excellent leadoff batter for the Bucs, a spot he inherited when Davie Starr went down with a injury. When Starr returned, he assumed the number three role in the lineup. Brave, for most of the year, was the team's designated hitter.

Joe "Bluto" Corbalis had an exceptional year batting .385 with three homers and 22 runs batted in. He was a fine defensive third baseman and most of all he was the perfect hitter behind Fazzini. With Fazzini batting cleanup, many teams would intentionally walk him and pitch to Corbalis. The result on most occasions was disastrous for the opposition — a homer or a big hit that would foil the strategy.

Cancelliere, as mentioned before, had a good year with the bat. He didn't start playing first base until late in the month of April but still came through with a .339 average, four homers and 20 RBIs. The best news about his great year is that he'll be back next season. Perhaps his biggest hit came against Nutley, a two-run homer in

the last inning that brought the Bucs to a 5-4 come-from-behind win over the Maroon.

Dave Starr hit .310 this year, drove in 18 runs and was a super bunter. His clutch hitting was in prime form against Barringer in the second round of the state tourney. His hit in extra innings brought the Bucs a victory.

Paul Scheuplein, like Starr, a senior, had a good year with a .288 batting average and 13 runs batted in. Late in the month of March, "Schep" suffered torn ligaments in his ankle and was out for five weeks. When he returned, he needed a little time to regain his form, but he was never better than the last two weeks of the season. His four hits against Bloomfield in the semifinals of the GNT were the primary reason for the Bucs advancing to the finals.

Another senior, Jerry Ross, hit .277 and according to his coach, was a fine all-around player. "He was a super kid, very coachable and a great person," said Zanfini. Indeed Jerry was a good athlete who came through with some clutch hitting. The rightfielder's two safeties against Irvington in the first round of the state tourney brought the Bucs from an early deficit to victory.

Catcher Phil Cerza hit .271 with one homer and 14 RBIs. However, Phil's best attribute was his glove.

Defensively, you won't find a better catcher in the area and many base runners for the opposition will tell you that it's not too smart to try and steal a base against this junior.

Who can overlook the fine season that Ken Constantino had? He was absolutely super in the field, playing a very steady short-stop position. Kenny will be remembered for making the last three outs of the GNT finals. He handled all three chances like a pro and his throws were perfect. Kenny has always been a fine individual and a good student. Like his teammates, he was a pleasure to watch, talk to and cheer on.

The Buc reserves who came through with some good play were Rich Valenti, Billy Cook, Joe Zangari, Dennis Galasso and Joe Murphy. "Without those kids, we wouldn't have done as well as we did," Zanfini said. "They were all super and I really enjoyed working with them."

So, another chapter of Belleville High baseball is in the books. After seven seasons as varsity coach, Zanfini has a record of 122-39, not bad at all. However, the 1981 Bucs were indeed a very special group. As for 1982, the team looks very strong with many players returning. Add to this the 11-8 junior varsity team and the 18-5 freshman squads of 1981, and you can see why Zanfini is a successful coach.

Local bowler ends eighth in Maryland

Belleville resident Dennis Waldron finished eighth in Brunswick Recreation Centers' 16th annual "Bowl Your Way to Europe Tournament."

Waldron, who bowls in a league at Olympic Bowl on Washington Avenue, had a 182 league average and bowled a high game of 246 in the tournament.

Joe Rosenburg of Westminster, Colo., won the tournament by bowling 84 pins over his 163 average with a 247 game. Veronica Copas of Lemon Grove, Calif., won the women's division with a high game of 194. Her average was a 124.

Rosenburg and Copas both earned all-expense paid trips to Europe for two, and \$750, by bowling the most pins over their averages in a single game.

More than 450 contestants from over 200 cities and towns participated in the tournament which started in November of 1980 and lasted until early May.

Each Brunswick center throughout the country sent the man and woman who bowled the highest game of the season to the tournament finals, which were held in Bethesda, Md.

The runners-up were Lee Cotton, Niles, Ill., and Rose Griffin, Taylors, S.C. Cotton shot 224, 83 pins over his 141 average, while Griffith rolled a 201, 64 pins over her average of 137.

Third-place honors went to Terry Westbrook, Antioch, Tenn., for his 215, 78 pins over his average, and Jan Dillon, Worcester, Mass., for her 206, 62 pins over her average.

Belleville's past

In 1847, Belleville had a primitive fire engine which was called the "Coffee-Mill." It was a huge box on wheels with long handles working on a crank on either side. Each handle was manned by six men, and when a dozen firemen got full speed upon this rotary engine, a considerable stream of water was thrown, provided the supply from the wells or cisterns held out.

The "Coffee-Mill" fell into decay and during its latter days a more modern engine was put into use. This apparatus was kept in a building near the Dutch Reformed Church. This engine fell to pieces and was replaced in 1860 when the old "Hook and Ladder No. 1 of Newark" was purchased and a company was organized. It was named the Passaic Hook and Ladder Company. For many years this truck did service, but it also rusted out, rotted and became a wreck and the fire company disbanded.

On June 2, 1882, the present Fire Department was organized consisting of two hose companies with 12 men in each company. They were the Valley Hose Company and the Eastwood Hose Company. Each had a "jumper" and about 750 feet of hose. They were manned by about 25 active members.

The Valley Hose Company No. 1 was stationed on John Street now Belleville Avenue. The foreman was John Hughes and his assistant was John Hawley.

The Eastwood Hose Company No. 2 was stationed on William Street. The foreman was John Smith and his assistant was John Lawrence.

Both of these companies has a two-story house built by the town at a cost of \$600 each. Both had a large room in the upper story suitable for meetings of the company. The Valley Company put \$250 worth of furniture in its room and suspended a locomotive bell over the house for the purpose of sounding the alarms.

The department was controlled primarily by its Board of Fire Commissioners who were James Hardman Jr., John H. Eastwood, Arthur E. Sanford, John Osborn and A.H. Osborn. On July 25, 1882, the Essex Hose Company No. 3, became the 3rd Hose Company in the Belleville Fire Department with a firehouse on Stephens Street near Joralemon Street.

Its board of officers was Henry H. Morgan, president; Edward Ryan, vice president; Harry M. Fallows, secretary; Joseph Joules, treasurer; Charles Beresford; John Billingsmeyer and Robert Hozack.

Active members were George D. Emerson, Fred Gillman, Joseph Joules, James Lackey, Robert Hozack, Henry H. Morgan, Charles Van Riper, Moses Ryno, Solon Garis, John Billingsmeyer, A.E.A. Bagnall, John De Puey, Fred Ashworth, C.J. Mapes, John Ziess, Henry M. Fallows, Charles Beresford, John B. Templin, Andres Q. Bagnall, George Christman, Talmagh Van Riper, Edward Ryan, Edward Donnaly, Samuel Ryno and David Clearman

Honorary members were W.H.H. Sisum, John Eastwood, John H. Eastwood, John J. Tucker, Charles Smith, Samuel E. Terry, Henry W. Underwood, Charles F. Sandford, Sylvester P. Denison, James K. Little and W.K. Nicolson.

The Association of Exempt Firemen of Belleville became a member of the New Jersey State Exempt Firemen's Association on May 1, 1909.

The Essex Hose Company's firehouse on Stephens Street was torn down in 1972 and is now an empty parking lot. The Eastwood Hose Company's firehouse on William Street was demolished in 1926 and is on the same spot as the firehouse today. But the Valley Hose Company's firehouse on Belleville Avenue and Stephens Street is still standing. It is occupied by the Veterans of Foreign Wars and is kept in very good condition. It is known as Vet's Hall.

The Belleville Historical Society

We want to take heart attack out of the executive suite.

Having a heart attack isn't something you plan. For yourself or for others in the office. But nearly one million Americans each year die of heart disease and stroke. And 200,000 of them die before retirement age.

The American Heart Association is fighting to reduce early death and disability from heart disease and stroke with research, professional and public education, and community service programs.

But more needs to be done.

You can help us find the answers by sending your dollars today to your local Heart Association, listed in your telephone directory.

Put your money where your Heart is.

Students make test gains but trustees are skeptical

By Rich Leardo

Belleville students have shown significant progress in state Minimum Basic Skills tests, but the School Board, skeptical of the examinations, has asked for a more in-depth look at the results.

Assistant School Superintendent Seymour Grossman presented the statistics to the board Monday night along with a congratulatory note written to both teachers and students in the local school system.

The Minimum Basic Skills (MBS) tests are a series of examina-

tions which attempt to measure if a student has mastered the minimum skill level deemed acceptable for his grade level. The test consists of two main parts, verbal and math sections. A passing grade on the verbal test is 75 percent, and 65 percent is passing on the math section.

This year almost every grade tested improved on last year's scores, much to the delight of school administrators. In the third grade, 95 percent of the students passed the verbal and 91 percent math, as opposed to 97 percent (the only decrease in scores in all grades) and

89 percent respectively, last year. The sixth graders improved 3 percent to 95 on the verbal scores, while climbing from 89 to 91 percent in math. Ninth grade students jumped from 71 percent to 88 percent, an improvement of almost 17 percentage points on their verbal scores. They gained 5 percent in math to 90.7. Students in the eleventh grade were the only high schoolers tested for minimum skills, and they also showed some improvement. Scores went up two points to 90 percent on the verbal test, and up 12 percent to 89 in math.

Although the results seem encouraging, School Board members questioned the results and the validity of the format Grossman used in their presentation.

"Is the test too easy?" was the question asked by several board members, addressing themselves to Grossman. "The test is very simple," he replied, stressing that it measures only "minimum skill levels which should have already been attained." Grossman also admitted to the possibility of teachers preparing the students for the tests, gearing their studies towards areas needed to perform on them.

Trustee Tom Zampino commented that the tests were not a "real comparison" of improvement or regression in student scores, since the tests were being given to different groups of students each year. Zampino added that he wished to find out about the students who were failing the tests to see if they were the same

members that it was time to act on the ordinance.

"We have been receiving complaints from both the tenants and the landlords about our rent leveling ordinance," the mayor said, "and it is time to sit down and see if some changes can be made. And I don't want only some members of the Rent Leveling Board to sit in on the committee, I don't want just two or three members, I want all of you."

"A meeting doesn't go by where we don't hear complaints from one side or another," Marotti continued. "We have to stop and take a good look at this ordinance and see where the problems are. And we are going

DECISION MONDAY

BHS principal in line for position in Nutley

By Ed Capparucci

BHS Principal John DeCesare may be leaving Belleville to take the vacant assistant superintendent position in the Nutley school system.

DeCesare was one of five finalists for the spot who were interviewed by the Nutley School Board Monday night. The position was opened when Dr. Thomas Davis became superintendent of the Roxbury school system.

Nutley School Board President Ann Rabinowitz confirmed this week that DeCesare has been interviewed by trustees on her board and that he is under strong consideration for the position. Nutley trustees will make their decision Monday during the board's public meeting.

"We have interviewed John DeCesare and he is under consideration for the assistant superintendent job," said Mrs. Rabinowitz, "but we have not made a decision and will not do so until next Monday night."

Contacted by phone, DeCesare said that he was not at liberty to discuss the matter and would not comment.

"I don't mean to be uncooperative," the principal said, "but I cannot comment at this time. We are all going to have to wait to see what happens."

Several reports both here and in Nutley said that DeCesare had actually been offered the job and had accepted it, but no one from either the Belleville or Nutley School Boards would confirm those rumors.

"Mr. DeCesare told us that he was approached about the position

and asked to apply," said Belleville Trustee Tom Zampino, "but I have not heard about any decision that has been made so far. As far as I know, the Nutley School Board is scheduled to make a decision by next week sometime."

"We really would hate to lose him, but it would be foolish for him not to accept the position if it is offered to him," Zampino continued. "He has told us that he would be happy even if he doesn't get the job, because he is happy in Belleville and with what he is doing. But when an opportunity like this comes around, you jump at it. We think that he is doing an excellent job and we know that he is a top administrator and has a lot of ability. He would be sorely missed."

More than 400 persons applied for the job. The number was trimmed to 40 by the Nutley School

Board for serious consideration. Those 40 were interviewed in recent weeks, and Monday night Nutley trustees held a private session during which they reviewed the final five applicants, including DeCesare.

"There were a lot of people for us to choose from," said Nutley Superintendent Dr. James Fadule, "and we will make our final official decision at our public meeting Monday night."

Fadule refused to name the other four candidates, but did say that some were from the Nutley school system. He also denied that DeCesare was offered the job.

"The board has made no decision, and no one has been offered a position," Fadule said. "We are waiting until Monday night and then we will make a proposal and vote on it. Everything must be done on an official basis."

New bus routes to start June 27

Major bus route and schedule changes for Belleville up until now only proposals by the New Jersey Transit Department will go into effect here Saturday, June 27.

Affected are the 82 line to the City Subway which will be dropped in favor of a new 20 line, and the Joralemon branch of the 13 line which will be rerouted so that buses will loop back east on the street in-

stead of heading north on Franklin Avenue into Nutley. A newly routed 74 bus will run up and down Franklin Avenue, and passengers on the Joralemon line will have to transfer onto it in order to get to Nutley.

The changes mark the first revamping of routes in the Belleville-Newark area in more than 50 years.
