Strikers — Clara Maass Hospital service employees walked off the job Monday morning after talks for a new contract broke down. The workers joined hospital employees throughout the county who are striking for higher wages.

Service employees strike Clara Maass Memorial

By Suzi Hedrick

Service employees at Clara Maass Memorial Hospital in Belleville joined workers of five major Essex County hospitals Monday striking for improved wages and benefits.

Following two and a half weeks of negotiations, management and members of Local 1199 J were unable to come to an agreement of terms so more than 2,000 workers county-wide and approximately 450 Clara Maass employees walked off their jobs at 6 a.m. Monday morning.

The union, whose members include respiratory therapists, dietitians, maintenance employees, unit clerks and orderlies, originally requested a 30 percent pay raise over two years. Administration responded

to that request with an offer of 12 percent over two years. By Tuesday management and union members were closer to a solution with the hospital employees willing to take 12½ percent now and 12½ next July. The hospitals instead were offering 6 percent now and 6 percent next year.

While union members at Clara Maass say they are willing to strike until their requests are honored, hospital attorney Steven Ploscowe says he expects the workers to cut their demands again. During the past year members of 1199 J in both Philadelphia and New York City struck over the same contract. Workers in New York settled for an 8 percent pay hike and in Philadelphia settlement was reached at 9 percent.

New Jersey Superior Court Judge Arthur C. Dwyer granted a temporary restraining order Tuesday to limit pickets at each hospital after violence broke out at Newark's Beth Israel Medical Center Monday. Response from the union is expected to come July 16. Strikers in Belleville have been blocking the hospital entrances since Monday but the court order will alter that practice. While no violence has been officially reported in Belleville, some non-union hospital workers said they used police escorts to get to work Monday morning.

When asked if they were afraid of losing their jobs to new workers, several protestors said because of a 90 day training period required for their work, it would be unlikely replacements could be made easily. "But they'll try," said union member Ken Witmer.

According to hospital spokesperson, Mary Dominski none of the patients at Clara Maass is being neglected because of the strike. The hospital has cutback to emergency surgery only for the duration of the strike. Union and management were not scheduled for further talks at the time of this report.

of the 9th graders to the high school this September."

DeCesare gave the board notice he was resigning as of August 1 to take the position of assistant superintendent in the Nutley school system. DeCesare was chosen out of more than 400 applicants for the job, which will pay him \$46,000 for the first year of his two-year contract.

The search for a replacement would benefit the School Board if a replacement could be found from within the system due to the restructuring of the schools with the 9th graders moving to high school.

"The board decided it would be better to find someone from within the system, who was already familiar

School Board to begin search for principal

The Belleville Board of Education has decided it will seek a replacement for high school Principal John DeCesare from within the town's school system before taking other applications.

Meeting in private session, the board agreed first to interview administrators from within its own system before posting the job to outside communities.

"We had discussed the situation in private session and meet again on July 13," said trustee Thomas Zampino. "The board has decided to first take a look at the talented administrators in our own system before looking outside the system for a replacement for Mr. DeCesare. We are very concerned about finding someone, especially with the moving

Changes in junior high to benefit all students

By Ed Capparucci

Many parents of students going into the 7th, 8th and 9th grades this year are concerned with the changes in the new structure which will be moving the 9th graders to the high school and turning the junior high into a middle school, but according to school officials and teachers, there is little need for alarm.

Officials at the middle school will be working throughout the summer to create a program for the children which they feel will be a benefit to the entire Belleville school system.

"What we are planning to here is to change the junior high school to a middle school," said Principal Mario DiMaggio. "We will be having team

teaching, in which several teachers will be instructing the same student. What this will do is let teachers evaluate each student and get to know them better and will emphasize the rounding of the complete child.

"Students will be placed in grade sections," he continued. There will be three 7th grade teams and three 8th grade teams, and all teachers will be responsible for all the basic fundamentals which a child needs to know. That means that not only will the English teacher be concerned with a student's sentence structure, but so will all the other teachers a student has."

Officials looking for water sources

Water main destroyed; rationing to start again

By Ed Capparucci

Due to a break in the main water line at the Pequannock Watershed, Belleville residents will be forced to start conserving water once again beginning today.

According to state officials, vandals destroyed two main lines of the Newark watershed, therefore limiting the amount of water to be received by the town. Mayor Michael Marotti, Public Works Commissioner Mary Senatore and Public Works Supervisor James Soldo held an emergency meeting Tuesday afternoon deciding what course of action to take. They decided that residents will have to go

back to the 50 gallon a day rationing program, which was in effect during the drought this Spring, until the mains can be repaired. Officials estimate the damage will cost more than \$1 million and will take more than a month to fix.

In the meantime Mayor Marotti said that flyers would be sent out to all homes ordering that conservation begin immediately.

"Right now we do not know how serious the problem is," the mayor said Tuesday afternoon, "we are awaiting word from a governor task force which is looking over the situation right now. We plan to meet with state officials soon to decide what we

have to do to confront the problem. The only thing we can suggest now is that the residents start conserving until we know what the extent of the damage is."

State officials made their announcement about the extent of the damage shortly after the mayor made his comments. He could not be reached for additional comments.

Officials said that vandals were the cause of the break in the line which serves water to more than 500,000 people in communities throughout Northern New Jersey, including Bloomfield, Newark and

End of state garbage strike brings relief to town officials

The garbage strike which plagued most of Northern New Jersey for the past week ended Tuesday night bringing a sigh of relief to many of the health and public works officials here in Belleville.

Garbage had been piling up along many streets throughout town, as many residents did not comply with the state order to separate and store their garbage away.

"The residents of Belleville could of did a better job taking care of their

garbage," said town Health Officer Thomas Longo. "Some people really have no sense of responsibility. But there were many residents who did a good job keeping the town clean during the strike."

"We did not have any complaints from residents about people throwing garbage on the streets," he said, "but if you just rode around town you could see it for yourself. It was a real mess, but it was not very serious as far as health safety is concerned."

Teamsters came to an agreement Tuesday night when they accepted a deal which calls for a salary increase of 50 percent over the next three years and three sick days. The agreement came after the teamsters turned down a proposal earlier in the afternoon which did not offer sick days.

The ending of the strike prevented officials from having to make the rounds themselves to pick up the

Sad Sight — The garbage really piled up during the one week garbage strike which ended Tuesday afternoon. Belleville health officials posted signs asking people not to dump any more garbage at the

public works building because there was too much there. But residents continued to dump their garbage on the streets of the public works building creating a mess.

Kick Off — An official celebration for the upcoming Silhouette Gala sponsored by East Orange General Hospital was recently held at Giants' Stadium Press Lounge. The black tie affair is scheduled for October 17 at the Stadium Club. Two Belleville residents, Linda Giorella and Scott Krieger add a few final touches on the decorations prior to guests arriving.

Samuel Furci joins Pascask hospital

Samuel J. Furci Jr., of Belleville has joined Pascack Valley Hospital's staff as Administrative Assistant, it was announced last week by Administrator Louis R. Yere, Jr.

Mr. Furci comes from The College of Medicine and Dentistry of New Jersey — College Hospital where he was an administrative resident after completing his masters in health administration at Rutgers University.

During his residency at the 560-bed College Hospital, he served as an intern replacement for an assistant administrator and had line responsibility for seven departments.

Prior to going to Rutgers, the new administrative staff member was a health services planner for four years for the Essex County Division on Aging with responsibility for home health care programs for the entire county.

He developed and implemented Essex County's Meals on Wheels program, helped institute a county-wide health needs survey, and assisted in the overall administration of the Agency.

A native of Nutley, Mr. Furci earned his B.A. degree cum laude in Public Administration from California State University in Long Beach. Under a grant, he worked for the California Department of Health on a research project involving health attitudes and preferences.

The new administrative assistant belongs to numerous professional organizations including the American College of Hospital Administrators, the Hospital Planning Society of New Jersey, The American Hospital Association, and the Assistant Hospital Directors' Association of New Jersey.

Buy Loan Sell Jewels & Gems
by Lou Cicenia

Today, diamonds are worn by women to draw attention to their charms. However, this was not always the case. In 1444, Agnes Sorel, a beauty of the French court, fell in love with King Charles VII, the victorious monarch for whom Joan of Arc had fought and died. Agnes was not the only beauty in court and so, looked for a means by which she could gain Charles' attention. She chose to wear a diamond necklace. Until this time only men had worn the valued gem. Indeed, Charles' attention was drawn to the unusual jewel display. His approval began the long history of women's affection for the most beautiful of gems.

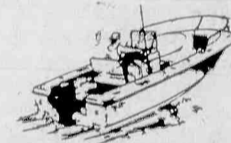

At CHARLES JEWELERS, 163 Washington Ave., Belleville, we design and make custom jewelry on the premises. Rings, charms, earrings, bracelets or a design of your own. Let my 34 years of experience help you make the right decision. We pride ourselves in giving you the best possible service and selection. We also offer a unique service — we are the areas only jewelry-pawnbroker establishment. Does this sound intriguing? Stop by to see us or call 759-2466 for more detail.

Water main break causing shortage

Continued from page one

Verona. The break happened sometime early Tuesday morning causing millions of gallons of water to spill and creating floods throughout the Pequannock County area.

The situation would be a very serious one," said Commissioner Senatore. "We are going to need the support of the people and rely on their conserving in order to get through this mess."

"Right now we are very concern, but we hope by Friday we will have an alternate water supply," she con-

tinued.

State officials said that they will be trying to get the towns effected by the water shortage new water supplies by Friday.

"We are hoping that a new source can be found," said Mayor Marotti, "but even if it is, it would only be temporary. The people of Belleville are going to have to conserve."

Town officials say they will make more announcements on the situation and possible solutions later in the week. But for now the people of Belleville are in the mist of another water shortage.

with the operation, since there will be reorganization this year," said Zampino. "If we would bring someone in from outside the system, they would have a hard time of it at first. I am not saying that someone from outside the system could not handle the job or do it well, but with the changes we will be experiencing this year, it would benefit us to look in our own backyard first before doing anything else."

In a memo sent to school officials posting the vacant position, the board asked for all administrators interested in the position to apply, but reserved the right to look outside the system if needed. The memo

also said that the salary was negotiable.

Interviews with possible candidates for the position could begin as early as next Monday, but the board did not mention any names in its discussion.

"If we are lucky, we could be interviewing possible selections Monday night," said Zampino, "but there were no names mentioned as possible candidates at our private session. I believe that the board members are going in with open minds, and none have made any decision so far, and will not until the interviews are completed. We are hoping to have a candidate ready to appear before a public hearing in early August, but we will have to play it by ear."

Heart Answers

WHAT IS A HEART ATTACK?

A heart attack is the death of a portion of heart muscle that may result in disability or death, depending on how much of the heart is damaged. It occurs when an obstruction in one of the coronary arteries prevents the blood from supplying oxygen to the heart muscle. Heart attack symptoms may include chest pain, nausea and shortness of breath. The risk of heart attack can be reduced by treating high blood pressure, avoiding cigarette smoking, observing a low cholesterol diet and maintaining normal body weight.

Belleville's past

The only public conveyance between Belleville and Newark in the old days was a stage owned and driven by Jimmy Riddle. It carried the mails and such passengers as travelled to and from Newark, and ran on a pretty regular schedule of time. The musical notes of a bugle gave notice of its arrival and departure. Adams Hotel, corner of Mill and Bridge Streets, was the waiting station for the Hill passengers, and the Mansion House, Main Street opposite the bridge, for the others.

In 1865, the first horse cars came as far as Flannigan's Station at Second River and for six years went no further. Those travelling further north had to do so on foot, after descending a bluff by a steep flight of steps and crossing the river on a footbridge of logs. These conditions continued until Hugh Holmes started a steamboat between Belleville and Newark and forced the railroad company to run "penny jiggers" from this point through the township.

The first township surveyor of whom there is any authentic knowledge was named Abercrombie. A contributor to the Belleville Press, signed Mickey Maloney, says that he "surveyed up the hill and down again, and gave us just nothing at all but elegant streets upon paper and maps to hang on our walls." The first map for assessment purposes here was made by Scarlett and Scarlett in 1891. The first macadam roads were built in 1889 under the direction of Francesco & Darschorn, surveyors, with James E. Owen, engineer, and John O'Connor, contractor. The present system of sanitary sewers and storm water drains was designed and the plans, profiles and specifications prepared by Frank T. Shepard.

NOTE: When the history of the founding of the Belleville Fire Department was published in the Belleville papers on Thursday, June 11, 1981, under the heading of Belleville's Past, it created quite a bit of interest among the citizens of the town and also with the present day firemen in the Belleville Fire Department.

The firemen are now planning to start a Belleville Historical Fire Museum with headquarters at the new firehouse on Franklin Avenue. Anyone wishing to donate any artifacts pertaining to the Belleville Fire Department: Items such as badges, helmets, bells, pictures or any other objects would be appreciated.

The firemen are also planning to go through old records to get a history of the department and to get a list of every fireman who ever served in the Belleville Fire Department.

Some of the old members of the Essex Hose Company were Albert Kieferdorf, Edward Hollweg, Harvey Zeigler and John Hozack.

Through this column, we will keep you informed from time to time of the progress that is being made with the Fire Museum, so stay tuned!

Garbage strike gets settled

trash which was accumulating at a rapid pace.

"We were going to start a moderate pick-up plan Wednesday," Longo said, where we would have picked up garbage at the dumpsters located at the public works building and the Senior Citizen Club. Now we will not have to worry about that."

Longo also said the town was planning on sending out fliers to residents telling them how to care for the garbage until the strike was over but the order has been cancelled.

One thing that annoyed many officials was the state's lack of help in opening the dumps and offering a solution to the strike.

"We were on our own," said Longo. "The state officials did nothing to help us at all. They did not even offer to open landfills for us. We ask them to provide police protection when we went to the landfills, but they refused. I just glad it is all over."

And so are a lot of other people in Belleville and throughout the state.

Belleville Township

July 21, Belleville voters will have the opportunity to visit their local polling place to vote on changing the designation of Belleville from a town to a township.

Under a screwball formula adopted by the federal government, a community that designates itself as a township receives greater grants than a community designated as a town. So — the town commission decided to take advantage of the difference and pace the

question on the ballot. The issue before the house is "should the town of Belleville become the township of Belleville?" The answer is a resounding yes.

So, do not forget Tuesday, July 21, you have a date at the voting polls — if you care enough to save some of your tax money.

Our garbage

During the life span of the human being, one expects that time stands still at some moment to permit us to reflect upon the graces and benefits we enjoy, freedom — freedom. Let freedom ring was heard loud and clear on July 4th especially. Sometimes freedom is carried too far. At the moment the garbage strike is said to be freedom, freedom in action — that is the freedom of the garbage collectors not to collect garbage. The removal of garbage is as important as water and air are to the human being. No one need be reminded that garbage attracts rodents, and practically any kind of creature that walks on his belly — or at least close to the ground — not forgetting the birds that fly.

Compulsory arbitration is the only answer to prevent future garbage workers' strikes.

We have been an advocate of compulsory arbitration for many years. The procedure should blanket the police and fire departments, teachers, air-traffic controllers, communications workers, hospital staff — and that is for starters. Maybe it should also include the various sports activities. For instance, take a look at the baseball mess today, and what a mess it is.

The postal service is also near the brink of a strike. Only

recently we witnessed a long strike by bank personnel in England. America could not tolerate a national banking strike.

An in-depth study should be made that would be fair to the workers who make things happen and the public which is inconvenienced by any strike effecting the general public.

The answer is compulsory arbitration. If there is a better way someone should put it on the table. Meanwhile, back in the side streets, some neighbors care about their neighbors and take the necessary steps to store collecting garbage at a corner of the property away from the homes of neighbors. Some are not as thoughtful. Garbage is piled all along the curb with the hope that somehow, some way, it will disappear.

These days call for patience and understanding, more, they call for all of us to protect the general health by storing decomposing garbage in a manner and a place that will protect our health and not offend our neighbor.

Frank A. Orechio

Store closings

The commission is moving in the right direction when it permits local establishments to remain open as they choose — whether it be round the clock or only from 9 a.m. to 5 p.m.

A new ordinance is before the commission, peculiarly tailored to shutdown the Belmont Avenue Pathmark store from midnight to 5 a.m.

The police department records show that crime is at its lowest ebb during those hours, that no rapes took place at or around the Belmont Avenue supermarket during those hours or at any other time.

Compelling a large local enterprise to shutdown against its will is self-defeating. A wide-open supermarket midnight to 5 a.m., with appropriate security measures is a protection to the neighborhood. Neighbors should be clamoring for the store to remain open, and not petition for its closing.

Legally, the town would be hard-put to defend an action which targets one establishment.

Resident upset by Tom Spillane

To the Editor:

A lot of people living around St. Peter's spoke very kindly about Tommy Spillane and convinced me to vote for him in the school board election that he won. They said he has his own mind and had a good head on his shoulders. That he would stand up to the old bunch who were with Mary Senatore and her stooges running the schools.

I had given thought about running for this position myself, but Jackie Rega, a friend of mine, talked me out of it. I, now, think Mr. Rega did this to help Spillane win since some of his votes I might have gotten would have reduced Spillane's vote.

Now that Mr. Spillane got on the school board, instead of bucking the bunch I was told he surely would, he seems to have joined them which is making many of the people who voted for him very angry.

When critics questioned the board about their lawyer why didn't Tom Spillane take up their cause, instead of going along with the old crowd? Only the new girl stood up to the rest of them. Perhaps, many suspect, because of this she lost her job.

I and a lot of other good people in this area are disappointed in Tommy Spillane. We're afraid he has let us down. Did he decide to ride on their train in hoping to win again? If so, he may be sorry. Likewise, Jackie Rega needs to screen his candidates better the next time before asking his friends to support his candidate.

Sincerely,
Kevin G. Kennedy

Gratitude is expressed by girls softball team

To the Editor:

On behalf of the Belleville entry in the Garden State Women's Class "A" fast-pitch summer softball league, I would like to thank Mayor Marotti for sponsoring us and giving us a chance to further our talents in this sport.

Without his help, the softball players in Belleville would have been forced to join teams from neighboring towns. We now have the opportunity to make advances in women's softball for the town of Belleville.

Many of the players on the Marotti Association team play for the Belleville High School team. This will enable these players to excel in their 1981-82 softball campaign.

At this time I would also like to express my thanks to Mr. Carl Corino for giving me the chance to coach such an excellent group of players who are also wonderful people in their own right.

which they will be with the same teachers each day, school officials hope to be able to get to know each child better, therefore preventing any educational or behavior problem before it gets out of hand.

"The five teachers which will make up each team will meet regularly for conferences to discuss the children and whatever problems they may have," said DiMaggio. "Before if a child had a problem only one individual teacher would know of it and sometimes it would go on and on and continue to grow. With this system that situation would be prevented by the all teachers working with the same student and therefore knowing and spotting if any problems were to arise.

Paula Cummis, who is a reading teacher at the middle school said the system would also benefit in an additional positive way.

"Sometimes when a student has a special gift or talent it goes unknown," she said, "but with this system one only could one teacher pick it up, but perhaps several could. Then we could deal with the child and help him developed it."

The Belleville School Board decided to switch the 9th graders to the high school late last year to help ease the overcrowding in the building.

"I feel that we will have fewer discipline problems with the 9th graders moving to the high school," said DiMaggio, "first there will be less movement among the 7th and 8th grader since their classes will be located next to each other, and they will not have to travel throughout the building. Also with the 9th graders gone the younger students will feel more secure and will act more

responsible. One thing is for sure we are not transferring the problems to the high school to help us."

In order to make the team teaching more interesting to the students, the team teachers have come up theme units to tie all the courses together, while at the same time concentrate on the basic fundamentals.

"The 7th grade teachers have chose 'You and the Family' as their theme project," said DiMaggio, "while the 8th grade will be doing the 'Similarities and Differences Among People. The idea is to tie all the courses together making the learning process one which can be carried on from class to class."

Anthony Verdi, an English teacher and leader of the 7th grade team gave some examples to how the program will work.

"With the theme of the family the English course will deal with readings about family life," he said, "while the math classes will deal with budgeting. It will all fit in under the theme heading."

DiMaggio has a great deal of confidence in his new system and the teachers working putting it together.

"All the teachers are going to be responsible for the basic skills which very student needs to know," he said, "and through this program they will accomplish that. This system is something which took a lot of thought and work and is something that I know will show in the final scores of all the students. We did a lot of good thing here before when this was a junior high, now we are going to do them even better."

First of a two part series. Next week we will look at the senior high school and what effect the addition of the 9th graders will have on its system.

Golden Comments

By James R. Golden

Nutley's new tax bills went out June 27, while Belleville's, at the time of this writing, haven't been placed in the mails, offering little solace in the knowledge that when they arrive, the "bite" will be a big one. Bigger than Nutley's was.

Belleville's new rate will be \$4.86 per \$100 of valuation. A 44 point increase. A home assessed at \$50,000 taxed at \$2,210 last year will be taxed \$2,430, an increase of \$220. The first-quarter payment of taxes is due Aug. 1. A 10-day grace period is granted to avoid payment of interest. (Nutley has no grace period.)

The biggest portion of the tax increase resulted from an inflated local school budget and higher payments to the Passaic Valley Sewerage Commission for disposal services.

The dreaded trash strike came at a bad time and looked to be a long one in view of the wide gap between the demands of the union and the contractors. The industry's offer would provide a \$397 salary weekly per man beginning the third year of the contract. However, the union remained firm, seeking salaries of \$476, \$504 and then \$560 weekly over the life of the three-year pact.

John Farmer, spokesman for the governor, indicated no immediate intervention by the state. He said, "This is a local labor dispute into which the state cannot intervene. The primary responsibility has to rest with local officials."

In Union, Mayor Weber ordered 15,000 plastic bags delivered as needed and distributed to homeowners for storage of perishable garbage. The town will also use public works trucks to pick up garbage left in the plastic bags, Weber said.

It is hoped that should the strike be of long duration, our local officials will implement some such program to alleviate a threatening health problem.

Meanwhile, industry representatives were seeking discussions with state officials hoping to obtain a lifting of the 5 percent cap on municipal spending for garbage disposal services and immediate action by the Public Utility Commission on requests for rate hikes.

What is the big "love affair" between Jerry English and Governor Byrne? On a resolution sponsored by Sen. Joseph Merlino (D-Mercer), the legislature's joint appropriations committee had voted to write language into the budget law preventing the use of \$78,000 by the environmental protection commissioner for the leasing or operating of a helicopter. Yet before Byrne left for Russia along with Jerry English on a trade tour with state business leaders, the governor said he wanted that language deleted.

Merlino is the senate president, and with Byrne out of the state with the trade group, he served as acting governor. But despite his objections to the use of the helicopter by Commissioner English because of its "extravagance," he went along with Byrne on the issue. Why? Was it blind party loyalty? Byrne did nothing for him. He wanted Degnan to win.

Last year, the appropriations committee deleted \$20,000 from the rental account to curb English's use of helicopters. This time the legislators tried it by spelling it out in plain language.

The law establishes that the governor cannot add money to the budget after the legislature passes it. But the governor is allowed to delete language from the budget, as he did in this case to save the \$78,000 for the gratification of Jerry English's capricious desires. Why? Did he not also appoint her to the New York-New Jersey Port Authority and did he not also approve her request for expensive furniture in her department after it had been determined that economy plans of the state frowned upon such expenditures? What magic charm doeth this lady exert over our governor, one who has his name emblazoned upon a new state building? And under what authority, by the way, has this inscription been made? The Columbian League of New Jersey charges through its attorney in a legal suit that "The members of the authority owed Byrne a political debt and they paid him off by naming the arena after him. A more flagrant disregard of public interest is hard to find in the annals of New Jersey political history."

A recent U.S. Supreme Court decision said that police have some leeway in how they tell a criminal suspect about his Miranda rights against self-incrimination.

Playground of the week at Little League Field

Fribee Champ — At the Little League Field fribee is one of the more popular sports as this young man demonstrates.

Female Slugger — This pretty young lady named Tracey can swing a real mean bat as she takes part in a wiffleball game.

Knock Hockey — The kids at the Little League Field can play knock-hockey 24 hours a day if the instructor allow them. They just cannot get enough of it.

Playground program opens at baseball field

The Belleville Recreation Department's Summer Playgrounds opened this past week, and with the opening of Kelly Playground, 11 playgrounds are now opened for summer activities.

The children at the Little League Field enjoyed a very busy first week as they got to know each other by playing a name game. Participants included Anthony Visel, Michael Russo, Kevin Hildreth, Red Schroeder and Pam Catena. Elisabeth Frank, Joan Pennetti and Jim Fox are the playground leaders, and they have been involving the children with crafts, puzzles, kickball, wiffleball and knock-hockey. All children in the Little League Field area are invited to attend the playground activities.

At School No. 2, the Senior League Softball team is getting ready for the start of the season with notable players including Charlie View, Michael Salzano, Craig Stampe and Jeff Logan.

At the No. 1 playground, the main attraction was a softball game between the boys and girls. The boys, aided by the play of Troy Talmadge, John and Richard Pretto, and Elliot Torres defeated a tough girls' team 13-10. The girls were led by Simone Edwards, Evelyn Matoz and Tina Isler.

Fairway playground featured a knock-hockey and kalah tournament. The knock-hockey championship belongs to Steven Hywell while the kalah championship went to Jody Prosperi.

The Stadium featured an obstacle course race with Eric Nazziola running it the fastest.

Jaime Galioto is the knock-hockey champ and Joey Viscito is the checkers champion. A lemon ice party was held on Thursday.

The Recreation House seems to enjoy its daily game of horse-shoes with participants including Ralph Caruso and Gerard Cimolo. Arts & Crafts seems to be very popular with the children enjoying making key-chains and pot-holders.

A bike race was the feature at School No. 10 this past week with Brian Tice as the winner. The knock-hockey champion is Steve Grozak. Kickball is the highlight of No. 10's afternoons.

No. 9 playground was busy gathering up its softball players with the Junior team expecting to be led by Mike Gagliardi and Jeff Luberto, with the Senior team powered by David Beam, Sharon Di Nicola was the kalah champ with Mike Glick holding the knock-hockey championship.

School No. 8 participants enjoyed playing frisbee football, knock-hockey and softball this past week. Billy Garafola and Frank Gingerelli are busy organizing the Junior softball team while Gerry Paoletto has become the champ of kalah.

The children at the Friendly House enjoyed the stiff competition of wiffle ball. P.J. Olivio, John Mike Wirth, Billy Johns and John Cerza are all busy trying to outplay each other. A horse-shoes doubles tournament landed a winning spot for Steven Mancuso and Mike Muccigrasso, defeating a tough Laurie Dondarski and Mike Wirth.

Three swingers — These three spend a lot of their time on swing catching a little bit of a breeze during these hot days of July. The field

is full of equipment for the children who are the outdoors type. But the instructors also stress that the children do a lot of craft work also.

Summer Fun — These two young ladies Lori and Tracey have been doing nothing but enjoying their summer since school has closed, and they are not really looking forward to going back in the fall.

The Gang — The entire crew at the Belleville Little League Field who take part in the many playground activities pose for a picture during a

break from summer play.

Fans' behavior is disgusting

Normally, this week's issue would be a discussion of the major league baseball season. July 4 is commonly known as the half way mark of America's past time, but as everyone knows, the baseball strike has put an end to any holiday baseball for 1981.

This week's topic is still about baseball, but a "smaller" version of it, that has put out some large, and sometimes nasty results. The baseball to which I am referring to is the Belleville recreation style which can be seen either at Clearman Field or at Belleville High School.

Tomorrow's varsity players are doing a fine job in the Belleville recreation program. Their style of play, while not perfect, is enjoyable, exciting and memorable. However, the attitudes and actions of some of the fans that attend the games leaves an awful lot to be desired.

Now, folks, this is not at all a criticism on the program entirely, because most of the fans are there to see an exciting game. But of course, there are the select few who choose to come out with some winning responses like "kill the umpire," "the umpire is a jerk," and some other beauts that I thankfully cannot print because of the language used.

Is it really necessary? Of course not. While these people are at the games for the sole purpose of making jerks out of themselves, they are also performing these antics in front of the people who count the most, the players. I really don't know why people choose a recreation league to take out their frustrations, but I guess each individual has his own way of life.

I've been a long follower of the recreation program and about 12 years ago, I was a participant. So before anyone thinks I don't know what I'm talking about, think again. I've also taken the liberty of speaking to the umpires and officials of these leagues and have come up with some rather interesting findings.

Let's talk about the officials. Unlike high school, college and professional sports, these men and sometimes women, are far from perfect, but one thing is definitely true, they try their best. Never once has an official of a game cheated or not given his finest effort towards an athletic event.

Furthermore, these officials average about 18 years of age and are just recent high school grads. They are not professionals and do not profess to be. They are not paid a great deal of money to do this job, so they must have an interest in the welfare of the kids. It seems to be an admirable position to take.

Just three years ago, I was at a game over at Belleville High School. The umpire, who shall remain nameless, had to forfeit the game because a fan would not get off the field. He instead decided to rant and rave about a supposedly bad call that this 18-year-old made. By the way, the fan was well over 30 years of age.

That's incredible. If these people seem to be the know it alls of recreation sports, then let them get out on the field and do the job. I really wouldn't be surprised if some of these umpires don't come back next year. If they don't, and no one replaces them, then what happens? God forbid if the Belleville Recreation League could not continue because there aren't enough people to work a game or coach a team.

Two weeks ago, I went to a girls' softball game at BHS. The league was for girls 11 and under, but after the game, some fans, 35 and over, but with mentalities of 10 and under, shouted obscenities at the two umpires, one of them a girl. As one umpire said to me on the way out, "Mike, these people are crazy."

Sounds pretty sickening doesn't it? What's even funnier is that the parents and fans of varsity sports handle themselves in a very classy way. They applaud their team, win or lose, and turn out will for every sports event that BHS has.

There has been enough sickening events in 1981, such as the shootings of the Pope and President Reagan and the tragic death of John Lennon in 1980. Now, of course the Recreation League is not a tragic scene, not yet, at least. But it seems a shame that Americans have to call each other obscenities and threaten to punch each other put over a baseball game for kids 12 and under. Think about it.

Finally, people like Frank Petite and now Dennis Buckley, who do a super job running the program deserve a better break than to have to witness such absurd events. They work too hard and too long to have to put up with this.

I would like to say hello to two very special friends, Mario and RoseAnne Vitiello. They are both Belleville natives and big fans of Belleville sports. On May 31 they had the blessed event of their first child, Nicole, just one day before Mario received his MBA from Fairleigh Dickinson University. When two great events like that happen over a course of 24 hours, it deserves to be recognized. May good fortune and happiness always come your way and may your life be happy and joyful.

Did you see the Wimbledon tennis finals last Saturday? Unfortunately, Johnny McEnroe won the men's singles, dethroning a fine champion, Bjorn Borg in the process. As glad as I was to see an American win the title, it was also disheartening to see some of his antics along the way. They really weren't necessary. John McEnroe is a fine tennis player and doesn't need to act like a three-year-old to win.

On the plus side, how about another American, Chris Evert Lloyd winning the women's singles title? It's the third Wimbledon title for Evert and it couldn't have come to a finer athlete or individual.

While the baseball players continue to try and settle on this ridiculous strike, the football season is not far away. The players start summer camp late this week, and in three weeks, the first pre-season games begin, and in just two months, believe or not, the NFL season will begin with the Jets in Buffalo and the Giants hosting the Philadelphia Eagles on September 6.

By the way fans, don't forget that the special fans' quiz feature will start in late July so get those questions to me. I'll print one each week so either mail them or if I see you around town, give them to me in person.

Here is the answer to last week's quiz. The question was, what player won the Wimbledon tennis title in 1975, the year before Bjorn Borg started his incredible streak of five straight titles. The answer: Arthur Ashe. He defeated Jimmy Connors in straight sets to win the crown.

For this week's quiz, can you name the player that Bjorn Borg won the 1976 Wimbledon title from and also, name the woman who won the 1976 Wimbledon title.

Schedule starting to get tough

Legionnaires take two more as they move into first place

The Post 105 baseball team knocked off two more opponents this past week to raise its record to 7-1. The Belleville club was in first early this week, half a game ahead of 6-1 Vailsburg in the Legion League and

clearly playoff-bound.

The Legionnaires moved into the most difficult part of their schedule yesterday, beginning with a home game against Livingston, Belleville's great nemesis the last two years. To-

day, Post 105 hosts Bloomfield in a make-up of a game postponed last week. The contest starts 6 p.m. at Municipal Stadium.

Tomorrow, the team travels to Caldwell and Monday hosts Newark Central. Home games follow with Newark Wednesday and struggling Nutley Friday of next week as the regular season comes to a close.

"I can't believe it's that far already in the season," said Post 105 Coach Joe Cocuzza Tuesday. "I guess we didn't get bothered too much by the rain, so we're home free."

"We haven't been playing good baseball," continued a worried coach, though. "We've been playing good enough to win, but not the kind of baseball you need to win playoffs. So we're playing all right, but I think if we start playing good, there's nobody who can touch us."

Very few teams have come close so far. Millburn did though in a home game Monday won by the locals 5-4.

The opposition scratched out a run in the first, but Belleville immediately retaliated in its half of the inning. Joe Guarino singled, Dave Starr walked and both men moved up a base on a passed ball. A out later, Dick Vazzano strode to the plate and smacked a double to right-center to give Post 105 a 2-1 lead.

Belleville stretched that lead in the next frame, with a lot of help from Millburn. Guarino walked and stole second, but the effort wasn't really necessary as consecutive bases-on-balls to Starr, Joe Corbalis, Vazzano, Eugene Cancelliere and Bobby Brave put three more runs on the board for Post 105.

Millburn got back a run in the third and two more in the fourth on a homer off a tiring Mike Murphy. Joe Lipoma came in and shut down Mil-

burn over the final three innings to preserve the victory for Murphy.

Last Thursday, Belleville scored an easier victory over Cedar Grove as Anthony Coco won his third game against just one loss. The righthander gave up six hits and three walks and struck out four men in going the distance.

With two away in the first inning, Corbalis, Vazzano and Frank Fazzini hit singles for Belleville's first run. Cedar Grove tied it in the fifth, but Post 105 came storming back in the sixth frame to win the game.

Fazzini was hit by a pitch leading off and was sacrificed to second by Cancelliere. He then stole third. After Brave had walked, Rich Vitiello hit a sacrifice fly to bring in Fazzini and advance Brave, who scored on a sacrifice by Chris Paoello. Guarino's single made the final tally 4-1.

POST MORTEM: Dick Vazzano and Joe Corbalis have been carrying the club offensively, while Joe Guarino has been performing wonders at shortstop. "(All-Stater) Frank Fazzini has been in and out for us, but he's been doing the job," according to Coach Cocuzza... Coco had led the pitching staff with Mike Forte and Bobby Grogan in strong supporting roles as starters. Joe Lipoma and Mike Murphy have been working out of the bullpen for the most part and have helped ensure Belleville's success.

Starr slides far

He's Safe — Dave Starr slides across the plate with the second run of the game for the Belleville Legionnaires, as they defeated the Millburn Legion team Monday night by the score of 5-4.

Wayne 'Train' Bubet heading for stardom

By Mike Lamberti

He is one of the purest outside shooters that has ever played for Belleville High. He was also one of the best players under the boards and a good defensive player.

He is Wayne Bubet, the "Train," and next fall, this high scoring player will take his talents to NJIT. Bubet, the second highest scorer in BHS history, tallied over 1200 points and was the number one scorer in the Herald News Area for 1980-81.

His former head coach, Joe Papisidero said, "Wayne was the finest player that I've ever coached. He was a fine shooter and key rebounder. I think he made a fine choice in picking NJIT. First of all, he'll be playing for a fine head coach (Jim Catalano) and also he'll be attending a very good academic school."

Ironically, Catalano was one of the candidates for the Belleville coaching job a couple of years back when Dan Grasso resigned in 1979. He now is the head coach at NJIT and doing a super job. He has led that school to two straight winning seasons in two years there and is very

happy to have a player of the talents that Wayne possesses.

"Wayne is a super player," Catalano said. "He should see a lot of playing time for us next year and I feel will be a big asset."

Bubet, 6'4, 220 lbs., chose NJIT over Monmouth College and is pretty happy with his selection. "I'm looking forward to playing for Coach Catalano," the 'Train' said. "It's a nice school and I should get a first class education as well. It should be a fine experience."

Wayne was a fine student during his stay at BHS and of course a super player. His 36 points against Seton Hall in 1980 is a career high and on January 21, 1981, he broke the 100-0th point career mark against Weehawkin High School at BHS. He is only the second player to crack that mark, Abdel Anderson being the first back in 1975.

NJIT will indeed be receiving a fine all-around player in Wayne Bubet and don't be surprised to see a lot of headlines surrounding this fine athlete in the next couple of years. He is truly deserving of such honors.

Minutemen Press clinch tie for first

Minuteman Press swept last week's doubleheader in Tuesday Men's "B" Softball action to improve to 11-1 and clinch a tie for first place. Minuteman's latest victims were SPH Limousine Service 5-0 and Circle II 5-4.

J & R Insulation used a pair of victories to move into a tie with Hair Design for second place at 8-4. J & R topped Belleville Political & Social Club 9-1 and SPH Limousine Service 5-4. Hair Design (8-4) split, beating BPSC 7-2 and falling to Circle II 12-4.

In Thursday "B" Men's Softball play, Belleville Kawasaki and International Paint share the lead at 7-2. Kawasaki fell to Red Shingle 9-4 while International Paint dropped a 6-4 decision to Garden State Pet.

Giordano's also edged Burger King 9-7.

After winning their respective divisions in the Peanut League, the Tigers and Astros finally met in the post-season tournament with the Astros earning a shut out victory. The Aces and Giants are due to meet this week in the finals of the "B" division tournament.

The Dodgers used an 8-7 victory over the White Sox and the Tigers rallied to a 12-4 decision over the Aces to earn spots in the Junior League World Series. In game one of

that series, Joe Llamas pitched brilliantly to pace the Tigers to a 7-0 decision and a one game to none edge. Prior to the playoffs, the White Sox beat the Giants 10-2 led by pitching of E. Hochstuhel with 13 strikeouts. Outstanding hitting by T. Narciso who hit in five RBIs. Other hits by J. Mele, C. Paterno, W. Sypher and J. Lenhart.

The Braves are patiently waiting to see who their opponent will be in the Intermediate League playoffs. The Mets are playing a strong second half and figure to be the Braves' opposition, although the Yankees earned a 4-2 tally his half.

The Senior League champions this year are the Pirates, who won their playoff game against the Yankees 13-1. The game was pitched by Nick Rosania, who only allowed three hits. The game was played well defensively by the entire Pirate team.

Coached by Nick Rosania, Sr. and Joe Restaino, the team consisted of: Nick Rosania, Richard Moraski, Robert Campbell, Dominic Papianini, Eddie Schwartz, Michael Hange, Joseph Obenauer, Steve Draghi, Richard Antolini, Raymond Norbut, Tony Gaglioti, Steve Smith, John Foti and Anthony Cook. The team's record for the season was 9-1-2, as well as the playoff victory.

Recreation department holds field day activities

The Recreation Department sponsored its Annual Fourth of July Field Day Activities this past week, with trophies awarded for the various event winners. The events were broken into three age groups which included a Junior Division (ages 6-8), an Intermediate Division (ages 9-11) and a Senior Division (ages 12-14).

The trophy winners were: 50 yard dash, Jr. Boys and Girls, Michael Rubas and Dana Mineo; 100 yard dash, Inter. Boys and Girls, Gerard

Cimolo and Melissa Mineo, and Sr. Boys and Girls, Mike Silletti and Doreen Sente.

Sack race winners were: Jr., Mike Rubas and Danielle D'Uva; Inter., Rich Galasso and Starr Carlyle; and Sr., Mike Iacona and Doreen Sente.

Agility race winners were: Jr., Joey Viscido and Danielle D'Uva; Inter., Robert Lupo and Simone Edwards; Sr., Mike Iacona and Eilene Kelleher.

Cosmos' corner

By Mike Lamberti

Giants Stadium was the scene of some very exciting soccer last week as the Cosmos won two contest, defeating the National team of Greece, 2-0 and edging the tough Tulsa Roughnecks, 3-2 in overtime last Sunday.

The Cosmos, now 17-5 with 150 points in the standings were in Toronto yesterday and this Sunday will begin defense of their Trans Atlantic Cup crown with a game against the National Team of the Soviet Union. The Trans Atlantic Cup will continue next Wednesday with a battle against a strong English team, while next Sunday, the Seattle Sounders of the NASL will battle the Cosmos after the Soviet and English teams clash. All the above mentioned games will be at Giants Stadium. The Soviet game is slated for 7:30 p.m. while the English contest kicks off at 9 p.m. The doubleheader next Sunday starts at 5 p.m. and concludes with the Cosmos-Sounders game at 7:30 p.m.

The Greece game, although played at Giants Stadium, seemed to have the flavor of downtown Athens. The Cosmos, behind some good goalkeeping and goals by Giorgio Chinaglia and Roberto Cabanas were very impressive victors against a very good Greek squad.

A crowd of 43,000, which might have been larger had it not been for the rain, cheered the Greek team and in the beginning of the contest, while booing the Cosmos, especially, Chinaglia. The boos all subsided early when Cabanas chipped in an early goal for a 1-0 Cosmos lead.

On Sunday, a crowd of 33,000 saw the Cosmos edge the Tulsa Roughnecks, 3-2. In one of the more exciting league games of the year, the Cosmos and Tulsa played scoreless soccer for the first half. The goalkeeping of the Cosmos Hubert Birkenmeier and Zjelko Bilecki of the Roughnecks was marvelous. Birkenmeier, especially, was more than impressive, making some key saves throughout the contest.

Early in the second half, Chinaglia tallied his 24th goal of the year. Taking a pass from Chico Borja, Giorgio took a shot at goal which Bilecki did well to stop. However, the rebound went back to Chinaglia and this time the striker capitalized to break the tie.

Tulsa would not fold however, as they came back and tied matters with just four minutes left in regulation. Then it seemed as though Cabanas would be the hero of the night as he slammed a shot by Bilecki with just :58 seconds left in regulation time. But it was not to be. At least not in regulation time.

With the Cosmos leading 2-1, the crowd starting to pile out of the stadium, and Tulsa surprised everyone when they converted on a corner kick with just nine seconds left to send the game into sudden death.

Tulsa took control of the OT, but Birkenmeier made some impressive saves to help his club. The Cosmos got the break they needed when Cabanas took a pass from Julio Caesar Romero and headed it by a diving Bilecki for the game winning goal.

Afterwards, Tulsa head coach Terry Hennessey was proud of his team's effort. "We played a magnificent game tonight. We never gave up and created opportunities throughout the night. However, against a team like the Cosmos, you have to convert on those chances."

Cosmos also announced that they will field an indoor soccer team for the 1981-82 season. Their home games will be played in the new Meadowlands Arena. The indoor season starts in mid-December and lasts until early March. Cosmos were the last NASL team to field an indoor squad. Erol Yasin, the team's assistant coach, will be the head coach for the indoor squad.

Track club to hold meet

The Nutley Track Club will sponsor meets 9:30 Saturdays, July 11, 18 and 25 at DeMuro Park on Margaret Avenue.

The events are open to all area boys and girls 10 through 19. Medals will be awarded to first, second and third-place winners in each event, but at least four competitors must be in each or the event will be canceled.

There are four age categories. Ten and 11-year-olds may compete in the 55 and 400 meters, the long jump and six-pound shot put; 12 and 13-year-olds in the 55, 400 and 800 meters, eight-pound shot and long jump; 14 and 15-year-olds in the 100 and 400 and 800 or 1,500 meters, the shot put and long jump. There are 100 and 1,500-meter races for varsity runners.

DeMuro Park has an all-weather track and flats or short spikes should be worn. Nutley Track Club members compete free, all others must pay \$1 per event. Club membership is \$5 and a \$10 fee includes a printed T-shirt.

The purpose of the meets is to provide competition for track athletes over the summer, expose area youth to track and field and develop interest and future talent. For information, call Pat Keating between 7 and 8 p.m. at 256-5206.

When Judy Lafferty prepares for a race, she checks every part of her bike.

Because she checks her body the same way, she discovered a lump in her breast a few years ago.

She discovered it early. And these days, 85% of early breast cancers can be treated successfully.

Judy has since had reconstructive surgery, too. And she feels like herself again. Alive, vibrant, ready to get on her bike and take on the world.

Judy Lafferty is living proof of the progress we're making against cancer.

The American Cancer Society takes some credit for that progress. But credit won't finance our work.

The approximate amount of the Judgment to be satisfied by said sale is the sum of THREE THOUSAND EIGHT HUNDRED NINETY-THREE DOLLARS AND TWENTY CENTS (\$3,893.20); together with the costs of this sale.

Opinion

Belleville Township

July 21, Belleville voters will have the opportunity to visit their local polling place to vote on changing the designation of Belleville from a town to a township.

Under a screwball formula adopted by the federal government, a community that designates itself as a township receives greater grants than a community designated as a town. So — the town commission decided to take advantage of the difference and pace the

question on the ballot. The issue before the house is "should the town of Belleville become the township of Belleville?" The answer is a resounding yes.

So, do not forget Tuesday, July 21, you have a date at the voting polls — if you care enough to save some of your tax money.

Frank A. Orsich

Our garbage

During the life span of the human being, one expects that time stands still at some moment to permit us to reflect upon the graces and benefits we enjoy, freedom — freedom. Let freedom ring was heard loud and clear on July 4th especially. Sometimes freedom is carried too far. At the moment the garbage strike is said to be freedom, freedom in action — that is the freedom of the garbage collectors not to collect garbage. The removal of garbage is as important as water and air are to the human being. No one need be reminded that garbage attracts rodents, and practically any kind of creature that walks on his belly — or at least close to the ground — not forgetting the birds that fly.

Compulsory arbitration is the only answer to prevent future garbage workers' strikes.

We have been an advocate of compulsory arbitration for many years. The procedure should blanket the police and fire departments, teachers, air-traffic controllers, communications workers, hospital staff — and that is for starters. Maybe it should also include the various sports activities. For instance, take a look at the baseball mess today, and what a mess it is.

The postal service is also near the brink of a strike. Only

recently we witnessed a long strike by bank personnel in England. America could not tolerate a national banking strike.

An in-depth study should be made that would be fair to the workers who make things happen and the public which is inconvenienced by any strike effecting the general public.

The answer is compulsory arbitration. If there is a better way someone should put it on the table. Meanwhile, back in the side streets, some neighbors care about their neighbors and take the necessary steps to store collecting garbage at a corner of the property away from the homes of neighbors. Some are not as thoughtful. Garbage is piled all along the curb with the hope that somehow, some way, it will disappear.

These days call for patience and understanding, more, they call for all of us to protect the general health by storing decomposing garbage in a manner and a place that will protect our health and not offend our neighbor.

Frank A. Orsich

Store closings

The commission is moving in the right direction when it permits local establishments to remain open as they choose — whether it be round the clock or only from 9 a.m. to 5 p.m.

A new ordinance is before the commission, peculiarly tailored to shutdown the Belmont Avenue Pathmark store from midnight to 5 a.m.

The police department records show that crime is at its lowest ebb during those hours, that no rapes took place at or around the Belmont Avenue supermarket during those hours or at any other time.

Compelling a large local enterprise to shutdown against its will is self-defeating. A wide-open supermarket midnight to 5 a.m., with appropriate security measures is a protection to the neighborhood. Neighbors should be clamoring for the store to remain open, and not petition for its closing.

Legally, the town would be hard-put to defend an action which targets one establishment.

Resident upset by Tom Spillane

To the Editor:

A lot of people living around St. Peter's spoke very kindly about Tommy Spillane and convinced me to vote for him in the school board election that he won. They said he has his own mind and had a good head on his shoulders. That he would stand up to the old bunch who were with Mary Senatore and her stooges running the schools.

I had given thought about running for this position myself, but Jackie Rega, a friend of mine, talked me out of it. I, now, think Mr. Rega did this to help Spillane win since some of his votes I might have gotten would have reduced Spillane's vote.

Now that Mr. Spillane got on the school board, instead of bucking the bunch I was told he surely would, he seems to have joined them which is making many of the people who voted for him very angry.

When critics questioned the board about their lawyer why didn't Tom Spillane take up their cause, instead of going along with the old crowd? Only the new girl stood up to the rest of them. Perhaps, many suspect, because of this she lost her job.

I and a lot of other good people in this area are disappointed in Tommy Spillane. We're afraid he has let us down. Did he decide to ride on their train in hoping to win again? If so, he may be sorry. Likewise, Jackie Rega needs to screen his candidates better the next time before asking his friends to support his candidate.

Sincerely,
Kevin G. Kennedy

Family offers many thanks

We wish to thank the Belleville Police Dept., the Ambulance and all those who assisted our son Paul, with special thanks to the doctors, nurses and volunteers at Clara Maass Hospital. We appreciate their concern and comfort offered by the many that visited, called, sent their prayers and well wishes.

Sincere thanks,
Peter and Ida Scheuplein and Family

Gratitude is expressed by girls softball team

To the Editor:

On behalf of the Belleville entry in the Garden State Women's Class "A" fast-pitch summer softball league, I would like to thank Mayor Marotti for sponsoring us and giving us a chance to further our talents in this sport.

Without his help, the softball players in Belleville would have been forced to join teams from neighboring towns. We now have the opportunity to make advances in women's softball for the town of Belleville.

Many of the players on the Marotti As-

sociation team play for the Belleville High School team. This will enable these players to excel in their 1981-82 softball campaign.

At this time I would also like to express my thanks to Mr. Carl Corino for giving me the chance to coach such an excellent group of players who are also wonderful people in their own right.

Sincerely,
Denise A. Zarra

which they will be with the same teachers each day, school officials hope to be able to get to know each child better, therefore preventing any educational or behavior problem before it gets out of hand.

"The five teachers which will make up each team will meet regularly for conferences to discuss the children and whatever problems they may have," said DiMaggio. "Before if a child had a problem only one individual teacher would know of it and sometimes it would go on and on and continue to grow. With this system that situation would be prevented by the all teachers working with the same student and therefore knowing and spotting if any problems were to arise.

Paula Cummis, who is a reading teacher at the middle school said the system would also benefit in an additional positive way.

"Sometimes when a student has a special gift or talent it goes unknown," she said, "but with this system one only could one teacher pick it up, but perhaps several could. Then we could deal with the child and help him developed it."

responsible. One thing is for sure we are not transferring the problems to the high school to help us."

In order to make the team teaching more interesting to the students, the team teachers have come up theme units to tie all the courses together, while at the same time concentrate on the basic fundamentals.

"The 7th grade teachers have chose 'You and the Family' as their theme project," said DiMaggio, "while the 8th grade will be doing the 'Similarities and Differences Among People. The idea is to tie all the courses together making the learning process one which can be carried on from class to class."

Anthony Verdi, an English teacher and leader of the 7th grade team gave some examples to how the program will work.

"With the theme of the family the English course will deal with readings about family life," he said, "while the math classes will deal with budgeting. It will all fit in under the theme heading."

DiMaggio has a great deal of confidence in his new system and the teachers working putting it together.

"All the teachers are going to be responsible for the basic skills which every student needs to know," he said, "and through this program they will accomplish that. This system is something which took a lot of thought and work and is something that I know will show in the final scores of all the students. We did a lot of good thing here before when this was a junior high, now we are going to do them even better."

First of a two part series. Next week we will look at the senior high school and what effect the addition of the 9th graders will have on its system.

Golden Comments

By James R. Golden

Nutley's new tax bills went out June 27, while Belleville's, at the time of this writing, haven't been placed in the mails, offering little solace in the knowledge that when they arrive, the "bite" will be a big one. Bigger than Nutley's was.

Belleville's new rate will be \$4.86 per \$100 of valuation. A 44 point increase. A home assessed at \$50,000 taxed at \$2,210 last year will be taxed \$2,430, an increase of \$220. The first-quarter payment of taxes is due Aug. 1. A 10-day grace period is granted to avoid payment of interest. (Nutley has no grace period.)

The biggest portion of the tax increase resulted from an inflated local school budget and higher payments to the Passaic Valley Sewerage Commission for disposal services.

The dreaded trash strike came at a bad time and looked to be a long one in view of the wide gap between the demands of the union and the contractors. The industry's offer would provide a \$397 salary weekly per man beginning the third year of the contract. However, the union remained firm, seeking salaries of \$476, \$504 and then \$560 weekly over the life of the three-year pact.

John Farmer, spokesman for the governor, indicated no immediate intervention by the state. He said, "This is a local labor dispute into which the state cannot intervene. The primary responsibility has to rest with local officials."

In Union, Mayor Weber ordered 15,000 plastic bags delivered as needed and distributed to homeowners for storage of perishable garbage. The town will also use public works trucks to pick up garbage left in the plastic bags, Weber said.

It is hoped that should the strike be of long duration, our local officials will implement some such program to alleviate a threatening health problem.

Meanwhile, industry representatives were seeking discussions with state officials hoping to obtain a lifting of the 5 percent cap on municipal spending for garbage disposal services and immediate action by the Public Utility Commission on requests for rate hikes.

What is the big "love affair" between Jerry English and Governor Byrne? On a resolution sponsored by Sen. Joseph Merlino (D-Mercer), the legislature's joint appropriations committee had voted to write language into the budget law preventing the use of \$78,000 by the environmental protection commissioner for the leasing or operating of a helicopter. Yet before Byrne left for Russia along with Jerry English on a trade tour with state business leaders, the governor said he wanted that language deleted.

Merlino is the senate president, and with Byrne out of the state with the trade group, he served as acting governor. But despite his objections to the use of the helicopter by Commissioner English because of its "extravagance," he went along with Byrne on the issue. Why? Was it blind party loyalty? Byrne did nothing for him. He wanted Degnan to win.

Last year, the appropriations committee deleted \$20,000 from the rental account to curb English's use of helicopters. This time the legislators tried it by spelling it out in plain language.

The law establishes that the governor cannot add money to the budget after the legislature passes it. But the governor is allowed to delete language from the budget, as he did in this case to save the \$78,000 for the gratification of Jerry English's capricious desires. Why? Did he not also appoint her to the New York-New Jersey Port Authority and did he not also approve her request for expensive furniture in her department after it had been determined that economy plans of the state frowned upon such expenditures? What magic charm doeth this lady exert over our governor, one who has his name emblazoned upon a new state building? And under what authority, by the way, has this inscription been made? The Columbian League of New Jersey charges through its attorney in a legal suit that "The members of the authority owed Byrne a political debt and they paid him off by naming the arena after him. A more flagrant disregard of public interest is hard to find in the annals of New Jersey political history."

A recent U.S. Supreme Court decision said that police have some leeway in how they tell a criminal suspect about his Miranda rights against self-incrimination.

Senior notes

By George Chenoweth

A proposal that was advanced several weeks ago but which I have just recently been made aware of is the plan by State Insurance Commissioner James J. Sheeran to radically change the method of insuring motorists and to change the rates for all of the driving public.

Fortunately, considering the damage that could be done, the insurance industry won a stay of the directive in State Superior Court on June 5.

There is no doubt that the insurance business in the state needs an overhaul, but to subsidize disadvantaged people to help the lower age groups could cause an upheaval of those in the advanced age group.

When we are informed that one man could cause the senior citizens to pay from a 29 percent to 51 percent increase in most areas of the state, then it is about time that elderly drivers rouse up in protest loud and clear. There are four areas in the state that would pay less for the same amount of coverage.

As of now and the way it has been for a long time, the areas paying the highest rates are the areas where there are more accidents per capita, coupled with the age group that is prone to having accidents. This has seemed to work and the insurance companies have favored this method. There will be a better way some day, but until then we strongly oppose any increase in automobile insurance rates, especially those rates affecting drivers over age 65.

We cannot believe that the State Insurance Commission, in all good conscience, would allow this totally unfeeling act to be imposed against the elderly population of our state.

It seems that if money is needed to balance a budget, finance some nefarious scheme or balance out a project — as in this case — that money is taken from those who can least afford it.

We seniors are one of the safest groups of drivers on the road. We drive very little and most of us stay home nights making it safer, not only for ourselves but for others on the road. We believe that rather than being penalized for our safe driving habits, we should be favored with a decrease in rates rather than an increase.

It would be better that rates be changed through the legal process rather than through a directive by the State Commission on Insurance. All legal issues raised by the insurance agencies should be resolved before any steps for change are taken. It would also be advisable that a continuance of the stop order be in effect until hearings can be held to determine the feasibility of such a radical change. The public should be consulted.

Local leaders picked to run Florio's bid

Public Safety Commissioner Matthew Eica, former Freeholder Director Joseph L. Iannuzzi, and former Board of Education member Michael Chieffo, have been appointed local coordinators of the Jim Florio for Governor Campaign, according to Newark Councilman Anthony Carrino, director of operations for the campaign.

The three held similar positions in Congressman Florio's successful campaign for the Democratic

nomination of governor in the June 2 Primary Election.

The local coordinators expressed "gratitude to all those who supported the Florio effort in the Primary Election," and said they "look forward to working with Independent and Republican, as well as Democratic voters, in making Belleville a winning town for Jim Florio in the November election."

Persons interested in volunteering for the Florio campaign should call 481-0056.

YWCA offers college class

College students, as well as recent high school graduates and adults returning to school may enroll in a "How to Study in College" course being offered at the Montclair-North Essex YWCA, 159 Glenridge Ave., Montclair.

Executive Director Marion Hobbs said the announcement is being made in response to calls received at the YWCA asking whether the course is for beginning college freshmen only.

"I contacted the author of the course at Purdue University and learned that students already enrolled in college can benefit considerably from the study skills portion of the course," she said. "The course is devoted about 75 percent to study skills and 25 percent to adjustment to college."

Joan Luise Doerfler, daughter of Mr. and Mrs. William Doerfler of Bloomfield, became the bride of Gary Charles Wetzel, son of Mr. and Mrs. Charles Wetzel of Tucson, Ariz., May 30.

The Rev. Donald Trull officiated at the worship celebration at Bethany United Presbyterian Church, Bloomfield, with three of the church's choirs, the adult

handbell choir, His Apostles and the chancel choir, participating in the service. Diane Little, a Barringer High School graduate, was soloist. A reception followed in the church's fellowship hall directly after the service.

Given in marriage by her father, the bride was attended by her sister, Ruth Doerfler, as maid of honor. Bridesmaids were Mrs. Linda Anderson, also a sister of the bride, and Mrs. Donna Abadie and Mrs. Barbara Rensink, sisters of the groom.

Charles Wetzel Jr. served as his brother's best man. Bill Anderson, brother-in-law of the bride, the groom's cousin, Richard Smith, and Charles Vaughan ushered.

The bride has been orchestra director and music teacher at Clinton Place Junior High School and Barringer High School, Newark, as well as serving as choir director for Bethany Church.

The groom has worked as assistant chaplain and chaplain at Westboro State Hospital and Metropolitan State Hospital in Massachusetts, as well as serving as intern pastor from September 1979 to June 1980 at Bethany Church. In May, he graduated from Gordon-Conwell Theological Seminary in Massachusetts. He plans to enter the pastorate and the full-time hospital chaplaincy.

After a cruise to Bermuda, the couple made their home in Bloomfield.

Views On Dental Health

PHILIP WASSERMAN, D.D.S.

SMOKING AND ORAL CANCER

You already know that smoking can be instrumental in the cause of bronchitis, lung cancer, emphysema and heart disease. But what does smoking have to do with oral health? It affects your whole mouth in many ways - none of which are beneficial.

By far, the most serious risk is the development of oral cancer. Smokers have a four times greater risk of oral cancer than nonsmokers.

Tobacco in any form can cause cancer of the mouth and throat. So don't think you can avoid cancer by switching from cigarettes to a pipe or cigars.

This year an estimated 24,000 people will be stricken by oral cancer. Within five years many of these people will be dead. Each year, approximately 8,000 people die from oral cancer. One of the reasons for this high death rate is that oral cancer victims do not recognize the need to see their dentist or physician until it becomes too late for treatment to be successful. Yet, ironically, mouth cancer is one of the few varieties that can be easily recognized by a visual diagnosis in its early stages.

Evening's Entertainment — Pat Diana, new president of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley, welcomes Susan Santiglia of Belleville, who sang at the organization's installation dinner. Miss Santiglia was New Jersey's Junior Miss in 1977 and is studying opera.

Tri-Town Women's Club names 1981-82 officers

The Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley held its 28th annual installation dinner Thursday, June 18, at the Branch Brook Manor.

The newly installed officers for the 1981-1982 year exemplify the varied professions and businesses that make up the membership of the organization.

The new slate consists of President Pat Diana, who is the executive vice president of the Bloomfield Chamber of Commerce; First Vice President Nancy LaBruzza, who works as an administrative assistant at the Nutley Public Library; Second Vice President Madeline Morrello, who is an officer at the Carteret Savings and Loan Association in South Orange; Recording Secretary Marie

Rainone, who is a secretary at Belleville High School; Corresponding Secretary Susie Skwirut, who is a supervisor of data control at the County Hall of Records in Newark; Treasurer Marge Cecere, who is a supervisor at New Jersey Bell Telephone in Newark; Assistant Treasurer Mary Del Guidice, who is the owner/operator of the Bloomfield Carvel Ice Cream Store, and Parliamentarian Ruth Williamson, who is assistant to the executive secretary of the New Jersey Board of Nurses.

Elizabeth C. Schwartz, past president of the New Jersey Federation of Business and Professional Women's Clubs, presided at the installation ceremony.

The evening's entertainment was provided by Susan Santiglia, former

New Jersey Junior Miss, who sang a selection of songs from famous operettas and Broadway shows.

The main goals of the Tri-Town Business and Professional Women's Club, affiliated with the National Federation of Business and Professional Women's Clubs, is to elevate standards for women in business and in the professions and to promote the interests of business and professional women.

The Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley meets the fourth Thursday of each month at the Glen Ridge Country Club. Membership is open to women 18 and up who are employed full time. For further information, contact membership chairman Toni Marone at 759-6455.

New Slate — Tri-Town President Pat Diana of Belleville (center at left) is congratulated by Helen Hunt, immediate past president, at the organization's installation ceremony. New officers (l-r) are Mary Del Guidice, assistant treasurer; Susie Skwirut, corresponding secretary, and Nancy LaBruzza, first vice president. Also shown are Marion Hansen (far right), installation committee chairman; Elizabeth Schwartz, installing officer, and Muriel de Azevedo, state representative.

Ballet dancer teaches course here during recent tour in United States

Belleville balletomanes enjoyed a rare treat when ballet came to town and in regal style.

Paul Benson, a dancer with the Royal Ballet Company of England, who currently completed a tour in America, conducted a master workshop at the Belleville Academy of Theatre & Dance.

The workshop is part of a project series organized by academy owner Denise Lande, Benson's sister. Attracting participants from Belleville to Manhattan, the workshop provided dance students, enthusiasts, and even professionals an opportunity to ply their craft under the eye of a master and gain some valuable tips.

Challenged with a group ranging from those barely past beginner stages to professional, from 10 years old to 30, Benson relied on basic positions that compose the centuries old vocabulary of classical dance.

A teacher of boys' classes in the Royal Ballet's elementary level London school, White Lodge, Benson stressed discipline and takes his teaching responsibilities seriously.

"Whenever I give a master class, I really try to teach something," the agile dancer explained afterwards.

"Plie." "Pirouette." "Concentrate, stretch more," he coaxed rather than commanded, as he demonstrated, corrected, and tapped out rhythms for nearly two energetic hours.

"I loved it. It was a terrific class," commented 11-year-old Elizabeth Puglio of High Street. Budding ballerina, Lynette Villane of DeWitt Ave., described the session as "really nice. He was a very good teacher."

Another Belleville dancer, Geraldine Palmisano, who performs with the Manhattan-based U.S. Terpsichore Dance Company, polished up her technique through Benson's professional advice.

Unable to resist the temptation, one of the many parents who crowded the studio to observe the workshop, beguiled by Benson, asked for some special instructions and scrambled to floor where he learned to stretch muscles he didn't know he had.

A 12-year member of the Royal Ballet, both Benson and his sister were born in England, but raised in the states. Their dance training began in Scranton, Pennsylvania with an uncle, Alexei Ramov.

Grimacing boyishly, Benson recalled his youth where "I always got into fights and decided that ballet lessons would improve my footwork."

Once in class and surrounded by other boys performing athletic marvels, Benson strove to keep up out of sheer embarrassment. "I didn't want to look like a fool beside them," he laughed.

After a period of study at the renowned School of American Ballet in New York, Benson returned to England at 19 where he performed in musicals and with the touring Harlequin Ballet Company.

He later joined the Royal Ballet and, along with his wife Jacqui Talis, is now performing in that company's current engagement at New York's Metropolitan Opera House.

"American audiences are very enthusiastic," he commented, but was less complimentary about current levels of dance training here. "Discipline has relaxed here and a dancer's life is much too hard not to be disciplined," he observed, adding that dress codes and good classroom manners are still the rule at the Royal Ballet School.

Noting that American dancers display vitality while the English stress stylistic purity, Benson believes that "Dancers can have both, yet one is usually sacrificed to the other."

Not surprisingly, harmonizing those opposites is a major goal of the American-raised British subject who aims to maintain that aesthetic

balance in training future dancers.

Witty and animated, the disarmingly youthful Benson relates plans to write a book about method movement promoting the premise that "anybody can be taught to move correctly and to reach a level of perfection inherent to that body." A refreshingly democratic approach to an often elitist art form.

He also plans some innovative teaching projects, but declined to elaborate for fear that he'll "jinx them." Fortunately for local talent, he may conduct future workshops in collaboration with his sister, Lande.

Lande, a former member of the Scranton Ballet Company, lives on Joralemon Street with her husband, Martin, and their sons Jason, 8 and Rod, 5.

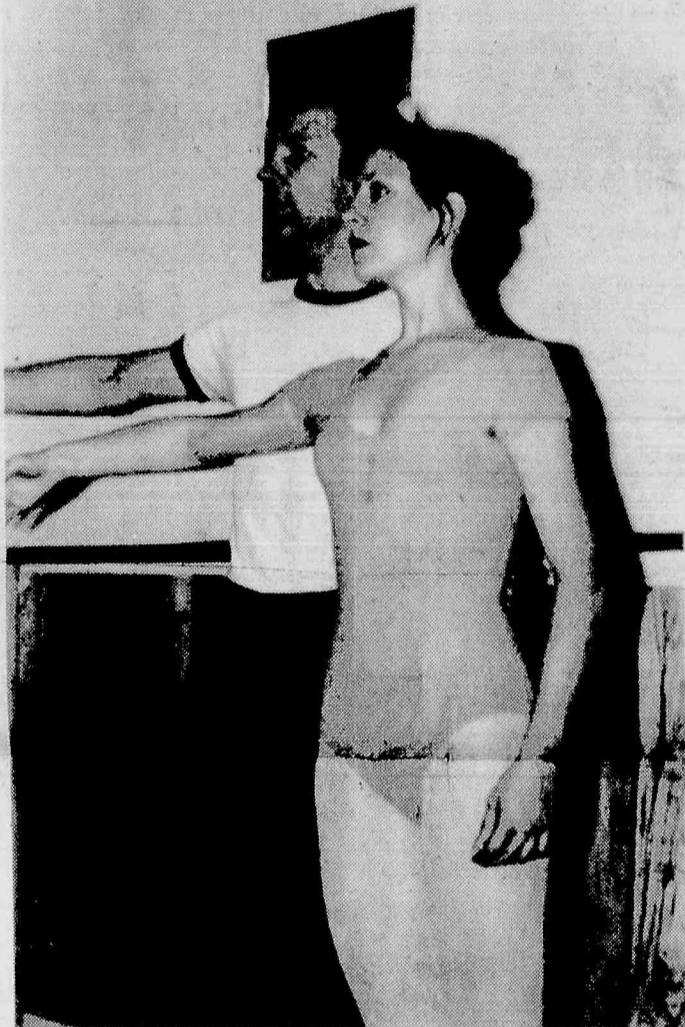

Dedicated to providing "quality dance education within the community, Lande opened her school in September, 1980. The Academy now boasts an enrollment of 55 students

and a curriculum of ballet, tap, and jazz dance as well as theater arts.

She lectures at the Belleville Public Library and at various locations, including nursery schools, locally and in neighboring towns.

Also a contributor to the magnet program at School 3, Lande hopes "to initiate a magnet system into the middle and senior high schools." She dreams of establishing a summer stock theatre showcasing local talents, but immediate goals include scheduling more workshops with guest teachers such as the New York City Ballet Company's Paul and Francis Sackett, who gave a workshop last April, and Charles Kelly, brother of the famous Gene.

Lande not only brings ballet to Belleville, she brings Belleville to ballet on educational "field trips" to major company performances. Last week she and other enthusiasts attended a performance of the Royal Ballet's "Sleeping Beauty" in which her brother appeared.

Ballet Tip — Paul Benson, a dancer with the Royal Ballet Company made a stop in Belleville last week to teach a course to local residents. Here he gives some instructions to Geri Pamisano of Belleville.

Nutley Little Theatre presents awards dinner

By Michael C. Gabriele

Two Belleville residents were among the winners at the Nutley Little Theatre's second annual Barney Awards ceremony Sunday, June 28, held in the Windjammer Room atop the Marriott Hotel in Saddle Brook.

Belleville residents Dennis Gualtieri and Phyllis Cupparo both walked off with supporting role awards during the presentation.

Gualtieri received his award for best supporting actor in a comedy with his performance as Humphrey Bogart in the production "Play It Again Sam."

Cupparo received her supporting actress award for her comedy performance as the suicidal art lover in "Sam."

"Uncommon Women and Others" won the award for best show of the season. The production was directed by Ed DeSimon. Best actor in a dramatic production was Rick Hathaway for his performance in "One Flew Over The Cuckoo's Nest." Jim Cort won best actor for comedy for his work in the two Sean O'Casey one-act plays, "Kylenamore" and "Bedtime Story," which were performed during the Christmas holiday.

Best actress in a dramatic role was presented to Lee Guest-Moore for her portrayal of Rita Altabel in "Uncommon Women and Others." Best comedy actress was won by Maureen Cooper.

Community health services planning to continue service

By Suzi Hedrick

Faced with a threatened loss of funding in 1982, the Community Mental Health Services of Belleville, Bloomfield and Nutley is launching an informational campaign to stress the importance of the agency to the tri-town population.

The board of trustees made that announcement Tuesday night in the final meeting of the summer as it considered plans by both Bloomfield and Belleville to drop funding as early as next month. Taking the first step toward educating the public, the staff devoted much of the meeting to reviewing for the seven trustees representing each town the services provided and the cost as opposed to population.

The agency is in troubled times and even faces the possibility of being discontinued. Earlier this year the town of Bloomfield announced that it is planning to drop out of the program as of December 31. That was followed by Belleville's Public Affair Commissioner Vincent Strumolo announcing that Belleville will not support the agency any longer and will join Bloomfield in leaving the agency.

But according to agency officials the loss of the agency would do nothing but hurt the towns involved.

Executive Director Ruth Cowell said the average cost of services per person in the three towns is 95 cents and according to Mrs. Cowell, state and private funds allow the towns costs to be "extremely reasonable."

Belleville's population of 37,000 has been matched with a charge of \$38,850 for 1981. That works out to \$1.05 a person. However, as of this week, Belleville had not paid any of that money to the agency because its town budget had not been certified. That certification is expected to come by the July 19 commission meeting. The service noted that the amount being paid by Belleville for this year is \$2,105 under the amount originally agreed upon.

The cost to Nutley for 1981 was set at \$28,090 for its population of 32,000. That cost averages to 88 cents per person. Both staff and trustees agreed that Nutley has been the most supportive of the service. Commissioner Harry Chenoweth says that it would be disastrous if Nutley or any of the towns were to lose what he calls an "extremely valuable service."

Bloomfield's population of 52,000 places its agreed payment for 1981 at \$48,981. That means a cost of only 94 cents per person. Bloomfield has suggested that the agency restructure in order to regain that town's financial support for 1982. The town wants the agency to become the child guidance clinic it was at its inception. Mrs. Cowell says that the board and staff are more than willing to restructure if it means "not cheating the people out of these important services."

Asked what the end of funding from either Bloomfield or Belleville or both might mean, Mrs. Cowell responded, "If one pulls out, there

will still be some funding to treat the target one population. Those are people who have been in mental hospitals trying to come back into

the community or those who may be on the verge of re-entering. That includes both children and adults. If two pull out, things will be much

more difficult."

At this point, further planning by the staff and board hinges on the action by the two towns.

Playground of the week at Little League Field

Fribee Champ — At the Little League Field fribee is one of the more popular sports as this young man demonstrates.

Female Slugger — This pretty young lady named Tracey can swing a real mean bat as she takes part in a wiffleball game.

Knock Hockey — The kids at the Little League Field can play knock-hockey 24 hours a day if the instructor allow them. They just cannot get enough of it.

Playground program opens at baseball field

The Belleville Recreation Department's Summer Playgrounds opened this past week, and with the opening of Kelly Playground, 11 playgrounds are now opened for summer activities.

The children at the Little League Field enjoyed a very busy first week as they got to know each other by playing a name game. Participants included Anthony Viscel, Michael Russo, Kevin Hildreth, Red Schroeder and Pam Catena. Elisabeth Frank, Joan Pennetti and Jim Fox are the playground leaders, and they have been involving the children with crafts, puzzles, kickball, wiffleball and knock-hockey. All children in the Little League Field area are invited to attend the playground activities.

At School No. 2, the Senior League Softball team is getting ready for the start of the season with notable players including Charlie View, Michael Salzano, Craig Stampe and Jeff Logan.

At the No. 1 playground, the main attraction was a softball game between the boys and girls. The boys, aided by the play of Troy Talmadge, John and Richard Pretto, and Elliot Torres defeated a tough girls' team 13-10. The girls were led by Simone Edwards, Evelyn Matoz and Tina Isler.

Fairway playground featured a knock-hockey and kalah tournament. The knock-hockey championship belongs to Steven Hywell while the kalah championship went to Jody Prosperi.

The Stadium featured an obstacle course race with Eric Nazziola running it the fastest.

Jaime Galioto is the knock-hockey champ and Joey Viscito is the checkers champion. A lemon ice party was held on Thursday.

The Recreation House seems to enjoy its daily game of horse-shoes with participants including Ralph Caruso and Gerard Cimolo. Arts & Crafts seems to be very popular with the children enjoying making key-chains and pot-holders.

A bike race was the feature at School No. 10 this past week with Brian Tice as the winner. The knock-hockey champion is Steve Grozcal. Kickball is the highlight of No. 10's afternoons.

No. 9 playground was busy gathering up its softball players with the Junior team expecting to be led by Mike Gagliardi and Jeff Luberto, with the Senior team powered by David Beam, Sharon Di Nicola was the kalah champ with Mike Glick holding the knock-hockey championship.

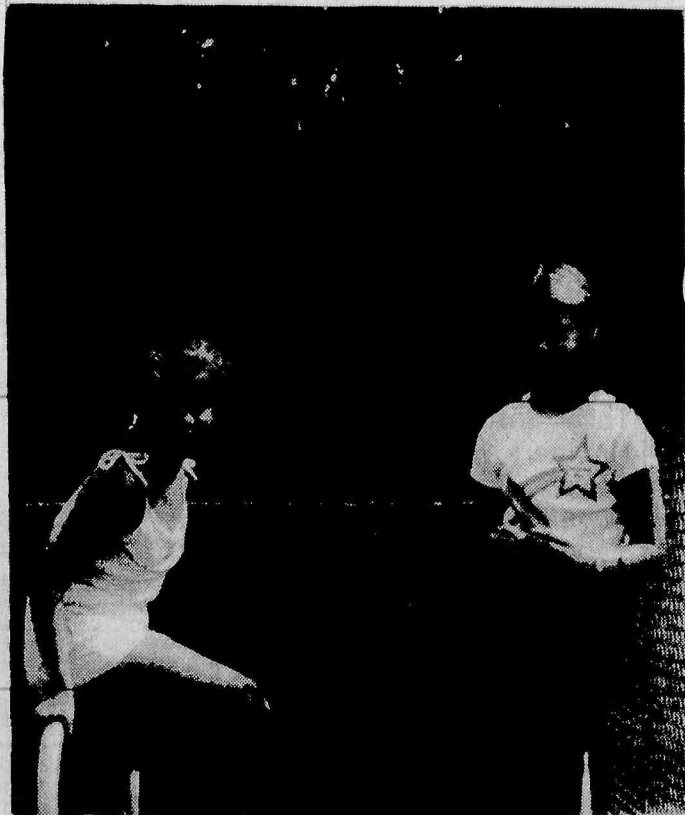

School No. 8 participants enjoyed playing fribbee football, knock-hockey and softball this past week. Billy Garafola and Frank Gingerelli are busy organizing the Junior softball team while Gerry Paoello has become the champ of kalah.

The children at the Friendly House enjoyed the stiff competition of whiffle ball. P.J. Olivio, John Mike Wirth, Billy Johns and John Cerza are all busy trying to outplay each other. A horse-shoes doubles tournament landed a winning spot for Steven Mancuso and Mike Muccigrasso, defeating a tough Laurie Dondarski and Mike Wirth.

Three swingers — These three spend a lot of their time on swing catching a little bit of a breeze during these hot days of July. The field

is full of equipment for the children who are the outdoors type. But the instructors also stress that the children do a lot of craft work also.

Summer Fun — These two young ladies Lori and Tracey have been doing nothing but enjoying their summer since school has closed, and they are not really looking forward to going back in the fall.

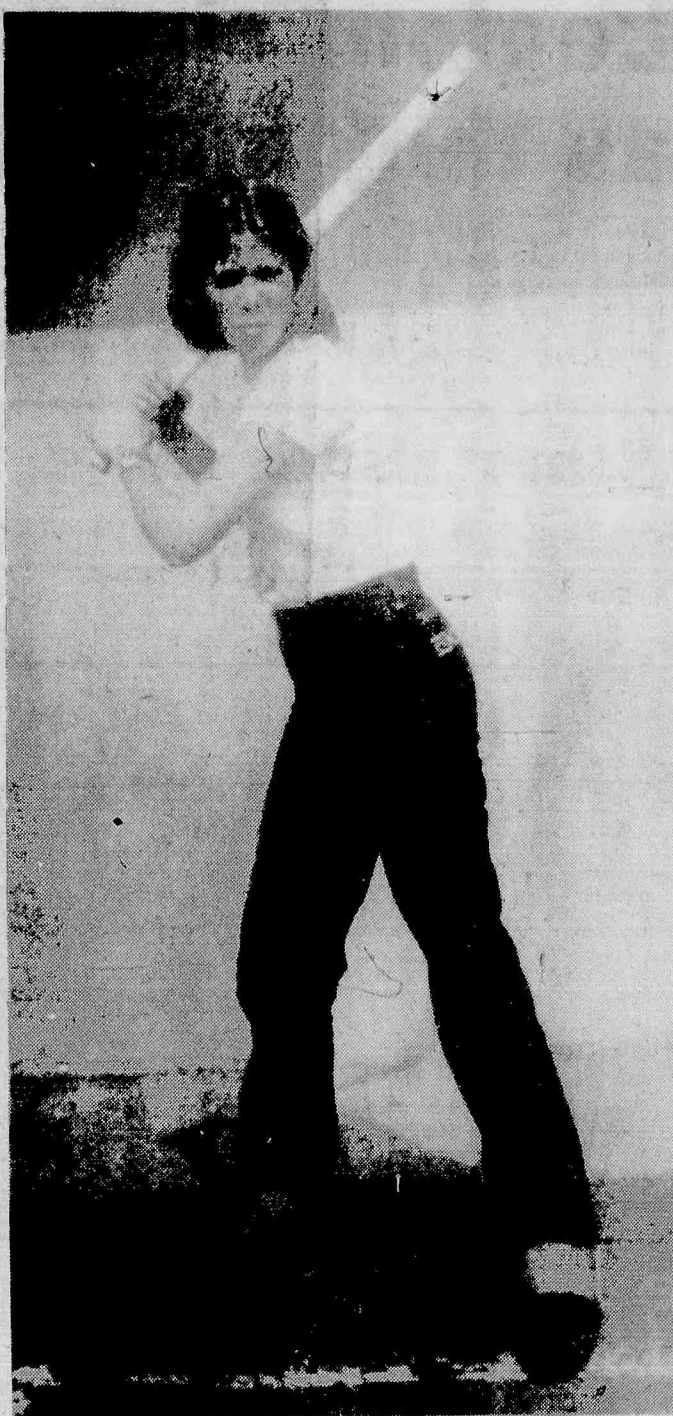

The Gang — The entire crew at the Belleville Little League Field who take part in the many playground activities pose for a picture during a

break from summer play.

Fans' behavior is disgusting

Normally, this week's issue would be a discussion of the major league baseball season. July 4 is commonly known as the half way mark of America's past time, but as everyone knows, the baseball strike has put an end to any holiday baseball for 1981.

This week's topic is still about baseball, but a "smaller" version of it, that has put out some large, and sometimes nasty results. The baseball to which I am referring to is the Belleville recreation style which can be seen either at Clearman Field or at Belleville High School.

Tomorrow's varsity players are doing a fine job in the Belleville recreation program. Their style of play, while not perfect, is enjoyable, exciting and memorable. However, the attitudes and actions of some of the fans that attend the games leaves an awful lot to be desired.

Now, folks, this is not at all a criticism on the program entirely, because most of the fans are there to see an exciting game. But of course, there are the select few who choose to come out with some winning responses like "kill the umpire," "the umpire is a jerk," and some other beaunts that I thankfully cannot print because of the language used.

Is it really necessary? Of course not. While these people are at the games for the sole purpose of making jerks out of themselves, they are also performing these antics in front of the people who count the most, the players. I really don't know why people choose a recreation league to take out their frustrations, but I guess each individual has his own way of life.

I've been a long follower of the recreation program and about 12 years ago, I was a participant. So before anyone thinks I don't know what I'm talking about, think again. I've also taken the liberty of speaking to the umpires and officials of these leagues and have come up with some rather interesting findings.

Let's talk about the officials. Unlike high school, college and professional sports, these men and sometimes women, are far from perfect, but one thing is definitely true, they try their best. Never once has an official of a game cheated or not given his finest effort towards an athletic event.

Furthermore, these officials average about 18 years of age and are just recent high school grads. They are not professionals and do not profess to be. They are not paid a great deal of money to do this job, so they must have an interest in the welfare of the kids. It seems to be an admirable position to take.

Just three years ago, I was at a game over at Belleville High School. The umpire, who shall remain nameless, had to forfeit the game because a fan would not get off the field. He instead decided to rant and rave about a supposedly bad call that this 18-year-old made. By the way, the fan was well over 30 years of age.

That's incredible. If these people seem to be the know it alls of recreation sports, then let them get out on the field and do the job. I really wouldn't be surprised if some of these umpires don't come back next year. If they don't, and no one replaces them, then what happens? God forbid if the Belleville Recreation League could not continue because there aren't enough people to work a game or coach a team.

Two weeks ago, I went to a girls' softball game at BHS. The league was for girls 11 and under, but after the game, some fans, 35 and over, but with mentalities of 10 and under, shouted obscenities at the two umpires, one of them a girl. As one umpire said to me on the way out, "Mike, these people are crazy."

Sounds pretty sickening doesn't it? What's even funnier is that the parents and fans of varsity sports handle themselves in a very classy way. They applaud their team, win or lose, and turn out will for every sports event that BHS has.

There has been enough sickening events in 1981, such as the shootings of the Pope and President Reagan and the tragic death of John Lennon in 1980. Now, of course the Recreation League is not a tragic scene, not yet, at least. But it seems a shame that Americans have to call each other obscenities and threaten to punch each other put over a baseball game for kids 12 and under. Think about it.

Finally, people like Frank Petite and now Dennis Buckley, who do a super job running the program deserve a better break than to have to witness such absurd events. They work too hard and too long to have to put up with this.

I would like to say hello to two very special friends, Mario and RoseAnne Vitiello. They are both Belleville natives and big fans of Belleville sports. On May 31 they had the blessed event of their first child, Nicole, just one day before Mario received his MBA from Fairleigh Dickinson University. When two great events like that happen over a course of 24 hours, it deserves to be recognized. May good fortune and happiness always come your way and may your life be happy and joyful.

Did you see the Wimbledon tennis finals last Saturday? Unfortunately, Johnny McEnroe won the men's singles, dethroning a fine champion, Bjorn Borg in the process. As glad as I was to see an American win the title, it was also disheartening to see some of his antics along the way. They really weren't necessary. John McEnroe is a fine-tennis player and doesn't need to act like a three-year-old to win.

On the plus side, how about another American, Chris Evert Lloyd winning the women's singles title? It's the third Wimbledon title for Lloyd and it couldn't have come to a finer athlete or individual.

While the baseball players continue to try and settle on this ridiculous strike, the football season is not far away. The players start summer camp late this week, and in three weeks, the first pre-season games begin, and in just two months, believe or not, the NFL season will begin with the Jets in Buffalo and the Giants hosting the Philadelphia Eagles on September 6.

By the way fans, don't forget that the special fans' quiz feature will start in late July so get those questions to me. I'll print one each week so either mail them or if I see you around town, give them to me in person.

Here is the answer to last week's quiz. The question was, what player won the Wimbledon tennis title in 1975, the year before Bjorn Borg started his incredible streak of five straight titles. The answer: Arthur Ashe. He defeated Jimmy Connors in straight sets to win the crown.

For this week's quiz, can you name the player that Bjorn Borg won the 1976 Wimbledon title from and also, name the woman who won the 1976 Wimbledon title.

Schedule starting to get tough

Legionnaires take two more as they move into first place

The Post 105 baseball team knocked off two more opponents this past week to raise its record to 7-1. The Belleville club was in first early this week, half a game ahead of 6-1 Vailsburg in the Legion League and clearly playoff-bound.

The Legionnaires moved into the most difficult part of their schedule yesterday, beginning with a home game against Livingston, Belleville's great nemesis the last two years. Tomorrow, the team travels to Caldwell and Monday hosts Newark Central. Home games follow with Newark Wednesday and struggling Nutley Friday of next week as the regular season comes to a close.

lburn over the final three innings to preserve the victory for Murphy.

Last Thursday, Belleville scored an easier victory over Cedar Grove as Anthony Coco won his third game against just one loss. The righthander gave up six hits and three walks and struck out four men in going the distance.

With two away in the first inning, Corbalis, Vazzano and Frank Fazzini hit singles for Belleville's first run. Cedar Grove tied it in the fifth, but Post 105 came storming back in the sixth frame to win the game.

Fazzini was hit by a pitch leading off and was sacrificed to second by Cancelliere. He then stole third. After Brave had walked, Rich Vitiello hit a sacrifice fly to bring in Fazzini and advance Brave, who scored on a sacrifice by Chris Paoello. Guarino's single made the final tally 4-1.

POST MORTEM: Dick Vazzano and Joe Corbalis have been carrying the club offensively, while Joe Guarino has been performing wonders at shortstop. "(All-Stater) Frank Fazzini has been in and out for us, but he's been doing the job," according to Coach Cocuzza... Coco had led the pitching staff with Mike Forte and Bobby Grogan in strong supporting roles as starters. Joe Lipoma and Mike Murphy have been working out of the bullpen for the most part and have helped ensure Belleville's success.

He's Safe — Dave Starr slides across the plate with the second run of the game for the Belleville Legionnaires, as they defeated the Millburn Legion team Monday night by the score of 5-4.

Wayne 'Train' Bubet heading for stardom

By Mike Lamberti

He is one of the purest outside shooters that has ever played for Belleville High. He was also one of the best players under the boards and a good defensive player.

He is Wayne Bubet, the "Train," and next fall, this high scoring player will take his talents to NJIT. Bubet, the second highest scorer in BHS history, tallied over 1200 points and was the number one scorer in the Herald News Area for 1980-81.

His former head coach, Joe Papisidero said, "Wayne was the finest player that I've ever coached. He was a fine shooter and key rebounder. I think he made a fine choice in picking NJIT. First of all, he'll be playing for a fine head coach (Jim Catalano) and also he'll be attending a very good academic school."

Ironically, Catalano was one of the candidates for the Belleville coaching job a couple of years back when Dan Grasso resigned in 1979. He now is the head coach at NJIT and doing a super job. He has led that school to two straight winning seasons in two years there and is very happy to have a player of the talents that Wayne possesses.

"Wayne is a super player," Catalano said. "He should see a lot of playing time for us next year and I feel will be a big asset."

Bubet, 6'4, 220 lbs., chose NJIT over Monmouth College and is pretty happy with his selection. "I'm looking forward to playing for Coach Catalano," the 'Train' said. "It's a nice school and I should get a first class education as well. It should be a fine experience."

Wayne was a fine student during his stay at BHS and of course a super player. His 36 points against Seton Hall in 1980 is a career high and on January 21, 1981, he broke the 100-0th point career mark against Weehawkin High School at BHS. He is only the second player to crack that mark, Abdel Anderson being the first back in 1975.

NJIT will indeed be receiving a fine all-around player in Wayne Bubet and don't be surprised to see a lot of headlines surrounding this fine athlete in the next couple of years. He is truly deserving of such honors.

When Judy Lafferty prepares for a race, she checks every part of her bike.

Because she checks her body the same way, she discovered a lump in her breast a few years ago.

She discovered it early. And these days, 85% of early breast cancers can be treated successfully.

Judy has since had reconstructive surgery, too. And she feels like herself again. Alive, vibrant, ready to get on her bike and take on the world.

Judy Lafferty is living proof of the progress we're making against cancer.

The American Cancer Society takes some credit for that progress. But credit won't finance our work.

We need your money to help us win this race.

SHARE THE COST OF LIVING.

No. B81-133

LEGAL NOTICE

NOTICE IS HEREBY GIVEN to the legal voters of the Town of Belleville in the County of Essex, New Jersey, that a special election of the legal voters of said Town will be held at 1:00 o'clock p.m. on TUESDAY, JULY 21, 1981

The polls will remain open until 8:00 p.m. and as much longer as may be necessary to permit all the legal voters then present to vote and to cast their ballots.

The election will be held and all the legal voters of the Town will vote at the respective polling places stated below.

The following question will appear on the ballot: "Shall the official name of the Town of Belleville be changed to Township of Belleville?"

INTERPRETATIVE STATEMENT: "Approval of this question will not affect a change in the form of government. The purpose of the change of designation is intended only to make the Town of Belleville eligible to receive a greater share of Federal Revenue Sharing Funds."

The polling places for said election and their respective polling districts have been designated below, and no person shall vote at said election elsewhere than at the polling places designated for the voters of the polling district in which he or she resides.

Dated: July 6, 1981

DO YOU KNOW?

...That all antibiotic medication should be finished unless otherwise instructed by your doctor. The excellent reason is that this can help prevent more serious reinfection at a later time, caused by an incomplete course of treatment allowing resistant infective organisms to remain in the body.
