OTHER RACES VERY CLOSE

Governor race close; Senatore strong here

By Ed Capparucci

This past June, both Democratic and Republican gubernatorial candidates Jim Florio and Thomas Kean won their primary races here in Belleville. Now as Belleville residents head to the polls this Tuesday, Nov. 3, the race here is to close to call.

All polling places will open at 7

a.m. and remain open until 8 p.m. (For a complete listing of the polling places see page 23.)

Locally, Belleville residents will be choosing a state senator, two assemblymen and a handful of freeholders to run the newly developed, prominently Democratic, 30th district.

In the race for state senate, Democratic Incumbent Carmen Orechio looks like a sure winner here, but the Republican challenger, Bloomfield councilman John Crecco is putting together a strong drive to

Board of Ed accepts bid for sale of closed school

By Linda Telesco

A \$275,000 conditional bid, proposed last month for the purchase of School 2, was accepted Monday night by the Board of Education.

The action put a possible end in sight to the 16 months of confusion and inaction on the fate of the vacant facility.

The fully convened board voted unanimously in favor of the offer submitted September 28 by Cerami Construction Company Inc. of Raymond Street, Belleville.

Cerami's offer was one of two bids tabled by the board at the September public business meeting for further study.

The firm's offer, which exceeded the board's minimum set bid of \$250,000 was conditioned upon Cerami's ability to obtain, within six months, municipal zoning variances for construction of a 37-unit townhouse development in the one and two-family residence zone on Montgomery Street now occupied by the school.

Since last month, board attorney Lawrence Schwartz studied the legality of accepting a bid with contingencies, an objection voiced by the other bidder, Investment Properties

Group of Woodbridge whose \$95,600 offer was rejected by the board.

That firm's Vice President, Robert V. Gamba, last month threatened legal action if the board considered the conditional proposal.

Tuesday morning he said he would consult his attorney to see if it is worthwhile to pursue the issue.

"We're still interested in the property," Gamba said in a telephone call. Board President Charles Miele said, after Monday's meeting, that despite lack of precedent in this situation, Schwartz advised the board that they could accept a contingent offer since original public advertisement for bids did not exclude that possibility.

As for the other bidder, "They have no recourse since they didn't even meet our minimum price," Miele noted.

The president conceded, however, that this step forward might be followed by several steps backward if Cerami fails to obtain the necessary variances and chooses to withdraw all offers rather than attempt to use the property otherwise.

"I don't know what will happen. We may go out for other bids again

or we may reopen negotiations with the town fathers," Miele said.

Previously, Mayor Michael Marotti requested that the board donate the vacant building to the township for use as a civic center, but the board, with some reservations, rejected the request in favor of seeking revenues, particularly since the facility carries a \$70,000 debt.

In a telephone interview on Tuesday, Charles Cerami, president of the construction firm, announced his plans to go before the zoning board as soon as possible, but declined specific comment on his plans if the municipality denies his variance application.

"The construction business goes in stages and I have no idea how successful I'll be in this application," he said. Cerami continued, "If we don't get the variance the whole picture could be changed."

Cerami said that constructing residences for which the area is already zoned is "in the realm of possibility," but he has not given much thought yet to how he'll proceed later.

Located in Belleville's Soho district, School 2, the township's second oldest educational facility, has been closed since June 1980, as result of desegregation plans.

After over a year of uncertainty, the board decided in August to sell the three-story, brick building, parts of which are nearly 100 years old, and its 1.5 acres of land.

At Monday's session, Trustee John DiStasi approved the acceptance of the bid, but reiterated his preference to negotiate with the local government for a trade off of that building with the township-owned offices presently occupied by the board at 383 Washington Ave.

"Barring that possibility, I'll vote for this bid," he said.

Ballot questions examined; voters head to polls Tuesday

Editor's Note: The article that follows was supplied by the League of Women Voters.)

There are three types of ballot questions in New Jersey. Voters are asked to vote yes or no on constitutional amendments, public questions and bond issues.

All three of these propositions must pass both houses of the Legislature in order to appear on the ballot. Only bond issues and public questions, however, require the signature of the governor as well. When there is more than one statewide proposition, the secretary of state directs the order in which they appear on the ballot.

This Tuesday, there are eight ballot issues facing New Jersey voters. Three are constitutional amendments. The first is entitled, "Revision of Provisions on Governor's

Veto," and reads "Shall the Amendment of Article V, Section 1, paragraph 14, of the Constitution agreed to by the Legislature, and (1) requiring that all bills passed by the Legislature be presented to the Governor on the same or next day; (2) extending the time allowed for the consideration of such bills to 45 days, with certain exceptions; and (3) providing for special legislative sessions at the close of each legislative term, so as to insure that all bills to which the Governor objects, except for bills passed within the last 10 days of the second legislative year, shall be subject to reconsideration by the Legislature; be approved?"

This amendment imposes a time limitation on gubernatorial con-

sideration of bills passed by both houses of the State Legislature. Currently bills are held until requested by the governor, a process known as "gubernatorial courtesy." Thus, as the procedure now operates, bills may await the governor's call indefinitely and die without a formal veto. The amendment would require immediate forwarding to the governor and impose a 45-day limit on his consideration of such bills, after which time they would either become law or be returned, with objections, for reconsideration.

The second amendment has to do with riparian lands, and reads: "Do you approve the amendment to Article VIII of the Constitution adding

(Please see 'Poll' on page 12.)

Appointed board to appear on ballot

In response to demand by citizens, petitioning, and heated public sessions, a referendum to establish an appointed rather than elected Board of Education in Belleville will appear on the April 1982 school board annual election ballot.

In an October 27 letter to Ralph Risoli, chief organizer of the appointive board movement, School Board President Charles Miele announced the board's decision to permit the public question which will read:

"Should the Board of Education of the Township of Belleville, County of Essex, State of New Jersey, consist of seven (7) members appointed by the Mayor of the Township of Belleville, County of Essex, State of

Well misuse is examined by officials

By Linda Telesco

A township investigation is underway to determine whether sewerage discharged into the local system by 18 industrial users of private well water affects Belleville's tax rates.

Urging the study at a recent town meeting, Commissioner Matthew Pica expressed concern that residents may be bearing an excessive tax burden.

"It's just a question at this point, but I want to look into it and correct inequities if we find them," Pica explained in an interview last week.

He noted that the township pays Passaic Valley Sewerage Commission annually for its waste disposal. The charges appear in the municipal budget and affect the calculation of local tax rates.

Pica reasons that lower charges (Please see 'Township' on page 12.)

Multiple Sclerosis chief Dick Renna dies, at 44

Dick Renna, one of Belleville's most most active and dedicated citizens died this week after suffering a heart attack at the wheel of his car.

Mr. Renna, 44, of Belmont Avenue, died Monday morning while driving alone in a 1978 Dodge, he veered off the road in Branch Brook Park and slammed into a tree. He was pronounced dead on arrival to Clara Maass Memorial Hospital. It was the second heart attack he suffered in the past four months.

The accident occurred around 8:30 a.m., as Mr. Renna traveled southbound on Park Drive, near the Belleville-Newark line. No other cars were involved in the accident.

Employed as a social worker for the Essex County Welfare Board, Mr. Renna had been on leave from his job since his first heart attack in July.

A lifelong resident of Belleville, he was an active civic and political figure in the county as well as the township.

Mr. Renna served as president of the Multiple Sclerosis Association, Essex County chapter and was a union negotiator for Communications Workers of America Local 1081 AFL-CIO representing Essex

County social workers. He tried unsuccessfully to establish an MS Center in Belleville, but was denied permission by the township's School Board to con-

Professional home nursing growing with hospital stays become shorter

The hospital patient often has ambivalent feelings about discharge. On one hand, he can't wait to go home and on the other, he is anxious about how to manage once he has left the hospital. For someone who

will need continued skilled care after the hospital stay, it is reassuring to know that someone is thinking and planning for the continuity care. At Clara Maass Hospital that is being done by the public health nurse who functions as Home Care Intake Coordinator.

Ann Comtois, R.N., is employed jointly by Clara Maass and the Community Nursing Service of Essex and West Hudson Counties — the voluntary, non-profit, home health agency which provides nursing and other skilled services to residents of Belleville and other surrounding communities. Her function is to identify with the professional staff those patients who will need such care.

Miss Comtois was appointed as Home Care Intake coordinator in 1980. The 26-year-old Rutgers University graduate began her nursing career in the hospital setting as a staff nurse then moved to providing skilled care to the sick at home before coming to Clara Maass.

Most referrals are made to Miss Comtois through the Social Service Department as a result of its review of cases followed up. She reviews the patient's chart and makes an assessment of the needs of the patient following hospital discharge.

If the home care is indicated, Miss Comtois follows through with referrals to the home health agency that serves the community where the patient lives. If other care is more appropriate, the case is returned to the Social Services.

Part of Miss Comtois' role as HCIC is to educate hospital staff so they can more easily identify patients who will need continued skilled care after they are released.

Home care needs are appropriate candidates for home care are also reviewed at in-service nursing sessions. The HCIC is also involved in the orientation of new nurses to the Clara Maass staff.

"What are the social, economic and environmental factors which will have a bearing on helath care being provided at home?"

"With a trend toward shorter hospital stays, some patients with multiple problems require extensive nursing and rehabilitation services after discharge to their homes," said Miss Comtois. "With the help of the professional staff we can evaluate a patient's discharge status and plan effectively for the future."

Bank officer to address Retired Persons Nov. 5

Timothy P. Buckley, assistant vice president and trust officer of New Jersey Bank, will address the American Association of Retired Persons of Belleville next Thursday, Nov. 5 at the Fensmith Presbyterian Church, 444 Union Ave.

Buckley will lecture on the topic of financial planning which includes investment management, trusts and estate planning.

Buckley, who frequently lectures on this topic, is a graduate of Fairfield University in Fairfield, Connecticut and attended Suffolk Law School in Boston, Massachusetts. He has been involved with banking for nearly ten years and has given many seminars on the effective use of trusts as both an investment and estate planning tool.

Cozzarelli instructed law course

Frank J. Cozzarelli, assistant attorney for the Township of Belleville, has served as an instructor this fall in the New Jersey Skills Training Course, the institute for continuing legal education recently announced.

Cozzarelli, a member of the firm of Cozzarelli, Mautone and Nardachone taught Will Drafting.

The Skills Training Course, administered by the Institute for the Supreme Court of New Jersey and required for all candidates to the Bar, provides intensive, practical training in several basic areas of law for new and prospective lawyers.

DEAR FELLOW BELLEVILLITE:

I KNOW YOU ARE AS TRULY CONCERNED, AS I AM, OVER THE PRESENT STATUS OF POLITICS IN THE STATE. BECAUSE OF THIS, I AM APPEALING, TO ALL OF YOU TO VOTE ON NOVEMBER 3, 1981.

WE HAVE AN OPPORTUNITY, ON NOVEMBER 3, TO HELP RID OUR STATE OF POLITICIANS, WHICH HAVE PREOCCUPIED THEMSELVES WITH THEIR TOTAL EFFORTS TO GET THEMSELVES UNDER THE BUREAUCRATIC UMBRELLA FOR SELF-PRESERVATION OF INCOME, PRESTIGE AND RETIREMENT, AND THEY HAVE LITTLE TIME OR CONCERN FOR THE PROBLEMS FACING OUR STATE OR THE DESIRE TO SOLVE THEM FOR THE BENEFIT OF ALL THE CITIZENS.

JOSEPHINE "JO" MONGIELLO IS A CANDIDATE FOR THE STATE ASSEMBLY. I'VE KNOWN "JO" FOR OVER 25 YEARS. HER RECORD AS DEPUTY MAYOR AND COUNCILMAN IN THE TOWNSHIP OF CEDAR GROVE, AND HER ACCOMPLISHMENTS AND SERVICE ON MANY CITIZEN COMMITTEES IS THE TYPE OF LEADERSHIP AND REPRESENTATION OUR DISTRICT SORELY NEEDS.

"INITIATIVE AND REFERENDUM" - THE RIGHT OF THE PEOPLE TO PETITION AND VOTE DIRECTLY ON LEGISLATION - THE DEMOCRATIC LEADERSHIP IN OUR PRESENT STATE ASSEMBLY KILLED ALL CHANCES OF US VOTING ON THIS ISSUE THIS NOVEMBER. I KNOW WE'RE ALL TIRED OF THESE POLITICIANS WITH THE "BIG BROTHER" ATTITUDE WHO FEEL THAT ONLY THEY KNOW WHAT'S GOOD FOR YOU AND ME. JO MONGIELLO HAS LONG BEEN AN ADVOCATE FOR, AND A LEADER IN, THE INITIATIVE AND REFERENDUM MOVEMENT.

"JO" IS IN FAVOR OF HOME RULE, THE REPEAL OF THE STATE INCOME TAX, TIGHTER CONTROLS ON INDUSTRY IN THE AREA OF TOXIC WASTE, ENCOURAGEMENT OF NEW INDUSTRY TO HELP ALLEVIATE THE PRESENT TAX BURDEN, TAX ALLOWANCES FOR THOSE ON FIXED INCOMES, AND A COMMITMENT TO RESTORE THE DEATH PENALTY, AND THE ADOPTION OF A STERNER ATTITUDE TOWARDS CRIME.

I RESPECTFULLY REQUEST THAT ON NOVEMBER 3, 1981, YOU WILL GIVE JO MONGIELLO SERIOUS CONSIDERATION AND PULL LEVER B-6.

ON HIS RECORD

Re-elect Senator Carmen Orechio

— Tuesday 4-A on the Ballot

Opinion

Jim Florio for governor

The gubernatorial campaign is now coming to a close.

The chief difference that separates the candidates is their fiscal approach to government.

Republican candidate Thomas H. Kean calls for the state's corporate income tax to be cut in half, the net worth tax to be phased out entirely, and the sales tax to be reduced by one cent on the dollar. It is a program, which, according to Tom Kean, will spur the type of industrial investment in New Jersey that will create jobs and improve the economy. This result is supposed to generate new tax revenue for New Jersey.

Congressman James J. Florio disagrees. Florio calls Tom Kean's proposal a give-away of tax money to industry. Florio, because, of recent federal aid

cutbacks, is more concerned over the state's ability to balance its budget without extensive cuts in state service.

Both Kean and Florio have stated they are against raising the income tax.

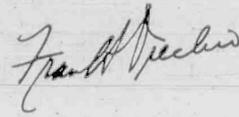

Florio asserts that Mr. Kean's tax proposals will reduce state revenues by \$400 million over a three-year period. Florio further charges that the results of the Kean plan will be higher property taxes as local governments struggle to make up for a loss in aid from the state and federal governments. Tom Kean concedes that it will be difficult to balance the budget in the first year of his plan when business taxes would be cut but few revenues would be generated.

The state statute requires a balanced budget.

Both Tom Kean and Jim Florio are decent and highly qualified men, competent to hold the high office of governor. We believe Tom Kean's fiscal proposals are not possible without shifting the tax burden from corporations to the homeowners — that is if we want to maintain the present skimpy level of public service. We believe that Jim Florio's fiscal approach makes more sense.

Both candidates are knowledgeable of state issues.

Both are perceived to have the same approach to the relationship of government to its people. Because of the difference in fiscal approaches — because of our desire to prevent a possible shift of state taxes from business to the overburdened backs of the homeowners, for governor, we recommend Jim Florio.

Golden Comments

By James R. Golden

Medicare charges to senior citizens participating in the Par "B" portion will be paying more and getting less starting in 1982. Even now the New Jersey Federation of Senior Citizens has charged the elderly are not fairly reimbursed for their doctor's bills.

At a recent session at Kean College speakers sternly claimed 40 percent of seniors paying for this coverage are only repaid about 50 percent of a doctor's bill instead of the 80 percent intended by Law.

Pointed out, also, only 20 percent of New Jersey doctors are willing to accept assignment payment. Were they to agree to participate, all paperwork for direct payment from Medicare at the "reasonable charge" for the regin would be settled without patient involvement in the claim payment.

Past president of the federation, Gene Zappo, stated, "We're not asking for more money, just for an equitable system, we're asking that the intent and spirit of Medicare be used fairly throughout the nation."

He charged the state's method determines customary local charges by dividing the state into north, central and south districts which penalizes urban residents who are made to pay higher fees while the national economic index, which goes into deciding the "reasonable" fee under Medicare law, is more than a year behind inflation.

Thus, he contended, doctor fees are too often higher than the rate authorized by the government administration which only authorized 80 percent reimbursement with the patient forced to pay the difference.

It was stressed that with the number of doctors who will accept assignment claims dropping, the quality of treatment care of Medicare patients is deteriorating at a time when many of the elderly requiring treatment are delaying visits to the doctor because of their higher costs they must pay.

With experienced highly trained physicians refusing to take assignment, senior citizens are deprived of the best quality care available in the area except for those able to pay the higher fee.

Proposals were offered to change the local "reasonable charge" system by state grouping upon urban and rural characteristics rather than geographically, to change the national economic index that affects the rate and to make acceptance of assignment a condition of licensing doctors.

It was also suggested that doctors might be motivated to accept assignment if Congress would give them tax breaks based upon their volume of Medicare business...all valid proposals to land much needed relief to the burdensome costs of medical treatment of the aged, especially, those dependent upon Medicare reimbursement for such care. These inequities would be corrected.

President Reagan's visit to New Jersey may have raised considerable money to finance the gubernatorial campaign of Tom Kean that was attended by the "fat cat money bags" of the Republican party, but, his endorsement of the candidate as an intent upon carrying out his skinflint money policies that deal harshly with the average citizens of the Garden State will tend to "turn off" most of the state's voters who belong to the working class.

What "gives" with the strange, unexplained disappearing act of commissioners McGreevy and Senator who just got up and walked out of the October 13 town meeting? This mysterious conduct provoked doubts about their concern for the many vexing problems besetting their constituents.

The battling New York Yankees, both on and off the field took the bounce out of Bill Martin's "Billy Ball" in trouncing his Oakland A's in three straight victories to cop the American League pennant and then took to a wild celebration that brought Craig Nettles and Reggie Jackson to fisticuffs to round off the evening in what has become typical belligerent style among Yankee playmates.

Despite the loss to Passaic, congratulations to Belleville High School's head football coach John Senesky for the exemplary manner in which he consistently molds his cohorts into winning combinations on the gridiron. Under his indoctrinating and stewardship this sage mentor has brought once downtrodden B.H.S. football status to top rungs in scholastic football circles throughout the state. Our plaudits also must go his talented charges, the players who execute in well planned plays.

Carmen Orechio For State Senate

Senator Carmen Orechio is seeking re-election to a third term. A couple of illustrations of the manner in which he has attempted to help taxpayers of our community may serve to point up the type of service he has rendered in Trenton for the people back home. In 1980, a quirk in the law was about to result in a 25 percent increase in the local property tax burden. He persuaded the Senate to waive its rules and had a bill to close the loophole introduced and passed without interference to committee. Then he marched over to the Assembly chambers and enlisted that body to adopt his bill, then walked it over to the office of the governor who signed it into law — thus saving our taxpayers the tragedy of a potential 25 percent increase in property taxes.

Early this summer, Orechio, Senate majority leader, he led the Senate and received the cooperation of the Assembly and the governor to adopt and sign into law a bill which enabled our town to change to

a "township," thus bringing to the local treasury a federal grant of about \$350,000.

Three years ago he persuaded the Legislature to adopt a bill, signed by the governor, which authorized a state grant of \$6 million to build a water filtration plant which kept down the cost of water to our community.

These actions illustrate Senator Orechio's service. If the voter concludes that Senator Orechio's performance meets the high standard of honest, efficient government, then the obvious thing is for the voter to return Carmen Orechio to the Senate. He currently serves as majority leader of that body and if re-elected Tuesday, will probably be the new Senate president, the second most powerful position in state government.

County surrogate and freeholders

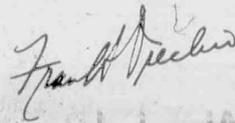

Surrogate Nick Amato of Belleville is seeking re-election. He has earned a right to a third term. He has operated his office with efficiency and integrity.

And for freeholders...

Heading the list of candidates is incumbent Freeholder Jerome D. Greco of Verona, former mayor of that township and vice president of the First National State Bank. He meets the highest standards of public service and is most deserving of another term.

Under the present administration, we have had good county government, therefore we recommend for the other

three at-large seats Thomas P. Giblin of Montclair, Adrienne Davis and Joseph Parlavocchio, both of Newark. For the 5th District freeholder's seat we have Undersheriff Art Clay vying with Bloomfield Councilman Vincent Pirone. They are both qualified. Clay has experience with the sheriff's office and Pirone at the municipal level. The edge goes to Pirone.

The candidates for Assembly

Our present assemblymen are Buddy Fortunato of Glen Ridge, Democrat, and Carl Orechio of Nutley, Republican. After 10 years, Carl decided to call it quits, and so his name will not appear on Tuesday's ballot.

In addition to the Fortunato candidacy, there are Commissioner Mary Senatore of Belleville, Cedar Grove Councilwoman Josephine Mongiello and Nutley Savings and Loan President John Kelly. Fortunato and Senatore are Democrats; Kelly and Mongiello are Republicans.

Fortunato, Senatore and Mongiello have governmental experience. Kelly has spent a lifetime in business and finance.

Fortunato is completing four years in the Assembly. He has performed well for his constituents. Like Senator Orechio, Fortunato has been pretty much of an independent legislator. If that voting pattern meets the fancy of the voter, Fortunato should be returned to Trenton.

John Kelly has been a pillar of civic pride and community enterprise for the past 20 years. Kelly has supported and participated in every worthy cause. Without the blare of trumpets, Kelly has quietly helped those who sought his aid. He has been a friend and benefactor to many. Nutley today is better off because Kelly has served it so well for the past 20 years. Politics aside — Kelly is among Nutley's most cherished possessions. Qualified he is — for the Assembly or any other office. For all these 20 years, John Kelly has been our personal friend. We have grown to respect and admire him — with affection.

Josephine Mongiello is a dedicated public official, responsive to the needs of her community's people. She receives high marks for the quality of her performance as a member of the Cedar Grove Council.

Mary Vuono Senatore is a member of a pioneer Belleville family. For more years than we can remember, Mary has been a one-woman Red Cross bureau. Her home is always open to anybody, any hour, for any favor — big or small. The jobless came to her door, the sick came to her door, the aged keep coming to her door. She has turned no one away. She has helped all who sought her kindness and generosity. We have been an intimate associate of the Vuono family for 40 years. It has been a relationship that has endured the test of time. Mary has intimate knowledge of municipal and county government. If it is heart, guts and governmental experience that a person seeks in an Assembly candidate, one does not look beyond Mary.

So — in summing up — Fortunato has an excellent record — Kelly has a business and civic record which would make him outstanding in any governmental body — Mongiello takes seriously her public responsibilities — Mary Senatore already has demonstrated her ability to grapple with the most difficult governmental problems. Uniquely, the voter has excellent options to choose from among these four. They are all worthy, but we believe one choice the voters should not ignore is Belleville's hometown girl, Mary Senatore.

Prayer for today

Give what you can, and then give more
Of the love you've held back in store.
Lovingly share all you possess,
Your reward will be labeled happiness.
For the love that you give,
comes back twofold,
And what you receive
is more precious than gold.

Suburban TV-3 to cover election

Suburban Cablevision will cablecast its Annual Election Coverage on Tuesday, November 3 via TV-3. Coverage will begin at 8 p.m. and continue until all results are in. Bruce Beck will be anchorman in the studio along with John Schierer conducting interviews with key people from both Republican and Democratic parties. Special guest analyst will be Ed Nash, veteran newsman from Trenton. Also included will be field reports from the headquarters of both gubernatorial candidates plus a look at the races

for Freeholder, Assembly and Senate.

This is Suburban's fifth year of providing election coverage on TV-3.

Suburban Cablevision will cablecast the Campaign for Governor, 1981 on Monday, Nov. 2 (Election Day eve) at 8 p.m. The program is an in-depth look at both candidates vying for Governor in the Garden State plus interviews with key people from both camps. The program is hosted and narrated by Ed Nash, a veteran of the political scene in Trenton. Program producer was Greg Vandervort, program director for Suburban Cablevision and a resident of Union.

Suburban hopes this program will better acquaint the voters with Florio and Kean and help them make their decision on Election Day.

Suburban Cablevision will also cablecast Election '81 Essex County Freeholder Race today at 12:10 p.m. The candidates' night was sponsored by the League of Women Voters and was held at the Maplewood Public Library. Not all candidates were present.

The show will be seen again on Monday, November 2 at 9 p.m.

Senior notes

We will have an opportunity to vote on Question #5 on the ballot in November. The following information is from a pamphlet by the New Jersey Federation of Senior Citizens.

Question #5 is a referendum question that permits the use of existing and future Casino Revenue Funds for expanded transportation and health care programs for senior and disabled citizens. In 1976, voters approved Casino Gambling with the provision that the taxes would be earmarked for senior programs. Question # 5 would allow new programs to be funded by these same Casino taxes.

For those near-poor seniors or disabled who cannot afford adequate health care, there would be a Medically Needy Program. New Jersey is the only industrial state with no Medically Needy Program.

The current income guidelines under PAA are set too low for most moderate-income seniors. Under Question #5, these guidelines could be increased to allow more seniors to receive help in paying their prescription drug costs.

Thousands of disabled receive no help with their prescription drug costs. Under Question #5, we could extend this program to help the disabled.

Transportation costs have gone up 17 percent in the last year. Thousands of seniors and disabled remain isolated in their homes for lack of transportation. Question #5 would permit enactment of an off-peak free-fare program for elderly and disabled.

Under Question #5, only new and expanded health care and transportation programs could be funded from Casino Revenue. The Federation of Senior Citizens is establishing a Senior Watchdog Committee to monitor legislative actions.

No new taxes would be levied with passage of Question #5. All programs would be funded by Casino taxes.

If you are a senior citizen, you know the hardships caused by inflation. Question #5 would ease the burden for poor and moderate income seniors. For the younger voter Question #5 is a way to help those in need at no cost to you in the way of taxes.

The New Jersey Federation of Senior Citizens, representing more than 125,000 elderly throughout the state urges you to support Question #5.

Also on the ballot is the bond issue that would allow \$350,000,000 for bringing our existing reservoirs and fresh water systems up to date and the building of new impoundments to alleviate the critical water shortage. This is marked Proposition #1 on the ballot and it needs your support.

Good health comes from day-to-day practice of habits that promote health. Health is more than the absence of disease. Health is a state of complete physical, mental and social well-being. Some habits that promote health include a well-balanced diet, good body posture, adequate rest and relaxation and sensible exercise. In addition, good mental attitude, observance of safety measures, regular medical and dental supervision and care, correction of remedial defects and immunization against preventable diseases are others.

When your doctor gives you a prescription to correct a problem be sure to bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. Mr. and Mrs. Gregory Capece — nee Lisa Chickene

Lisa Chickene wife of Gregory Capece

Miss Lisa Ann Chickene, daughter of Mr. and Mrs. Joseph Chickene of Bloomfield, and Gregory Capece, son of Mr. and Mrs. Donato Capece of 233 Overlook Ave., exchanged wedding vows Aug. 14 in Our Lady of Mount Carmel Church, Nutley.

The Rev. Edward Haber performed the ceremony which was followed by a reception at The Fiesta,

Woodridge.

Escorted by her father, the bride wore a gown fashioned with an illusion bodice of re-embroidered Venice and Alencon lace and skirt of chiffon de Rona scalloped lace. It featured a high-crown collar and cathedral train. A picture hat with matching lace held her veil and she carried white roses with stephanotis and baby's breath.

Mrs. Cheryl Grave of Newark was matron of honor. Bridesmaids included Mary Depoto of Belleville and Mrs. Madonna Gibney of Verona.

Their gowns were of lavender and purple Qiana with handkerchief skirts and cowl necklines. They carried nosegays of mixed lavender, purple and white flowers.

Daniel Capece of Oak Ridge was his brother's best man. Ushers were Paul Chickene of Bloomfield, brother of the bride, and Anthony Petrillo of Lyndhurst.

Mrs. Capece, an alumna of Bloomfield High School and Katharine Gibbs School, Montclair, is an administrative secretary with Schering Corporation, Bloomfield.

Mr. Capece, an alumnus of Bloomfield High School, is a printer with Shering.

The couple is living in Bloomfield after honeymooning in Bermuda.

Hall moms slate meet

The Mothers' Auxiliary of Seton Hall Preparatory School, South Orange, will meet 8 p.m. Nov. 10 in the Galleon Room.

George Meade, reporter pilot for WOR Radio's Helicopter 710, will be the guest speaker. His presentation is entitled, "Eye in the Sky: A Helicopter Ride Around New York City." Coffee and dessert will be served.

A Christmas boutique will be held at the Dec. 8 meeting. It will begin 7 p.m. in the Galleon Room.

Nursing topic next Monday

"Advantages of Breastfeeding" will be the topic discussed at the Maternity Fitness Program 12:30 p.m. Monday. The discussion will be led by Maria Nigito, LaLeche League leader of North Arlington, and will take place at King's Court in Lyndhurst.

Pregnant women begin the Maternity Fitness Program early in their fourth months and may continue throughout their pregnancies. Nurse Nancy Rasp, director, comments, "Many women come to the class tired and lazy, but they leave feeling stimulated and energetic." Mrs. Rasp, a young mother herself, remembers the tiredness of pregnancy and says the best cure is movement and exercise.

A new six-week series for pregnant women will begin Nov. 9 at King's Court in Lyndhurst. For more information, contact Mrs. Rasp at 338-4676.

Bloomfield sets reunion

The Bloomfield High School class of 1971 is seeking graduates who are believed to be in the Belleville vicinity.

The class is planning its 10-year reunion for 7 p.m. Saturday, Nov. 28, at L'Affaire in Mountainside.

Reservations are being taken by Roxanne Ponzio Gioseffi. To obtain additional information, write to Class of 1971, P.O. Box 1682, Bloomfield, N.J., 07003.

Mr. and Mrs. Nara Schneider — nee Patricia Kimmel

Patricia Kimmel becomes the wife of Nara Schneider

Bethany Lutheran Church was the setting June 6 for the marriage of Miss Patricia Kimmel, daughter of Mr. and Mrs. Charles Kimmel of Belleville, to Nara Schneider, son of Mrs. Patricia Hejny of Irvington, N.Y., and the late Mr. Botho Schneider.

Rev. Dominic Scibilia of Red Bank performed the ceremony which was followed by a reception in the church hall.

Escorted by her father, the bride wore a floor-length gown of lace, trimmed with wide ruffles at the shoulder and hem and accented with a lace sash. A headpiece of satin roses held her veil and she carried a bouquet of white roses, mums, stephanotis and babies breath.

The Misses Lori and Della Smith of Nutley, cousins of the bride, served as maid of honor and bridesmaid. The honor attendant was in a yellow flowered gown with a flowered chiffon cape, while the bridesmaid wore a green flowered gown, also with a matching chiffon

cape. They carried bouquets of yellow and white daisies and had daisies in their hair.

Edmund Moore of Ardsley, N.Y., was best man with Leonard Taylor of Harrison, N.Y., ushering.

Mrs. Kimmel chose an apricot crepe gown with matching chiffon jacket, while the groom's mother was in a sleeveless dress of beige eyelet with scalloped neckline and hemline. Corsages were of white gardenias

and babies breath.

Mrs. Schneider, an alumna of Belleville High School and Montclair State College, is self-employed.

Mr. Schneider, a graduate of Irvington High School, is in the building restoration field.

The couple honeymooned in Quebec, Canada. The Schneiders have made their home in Astoria, N.Y.

Cystic Fibrosis' Luncheon — Ms. Elizabeth Booth of Belleville is greeted by Gerald Conoscenti of Hasbrouck Heights, as they both arrive for the New Jersey State Organization of Cystic Fibrosis' annual raffle luncheon, recently held at The Manor in West Orange. Conoscenti is the secretary of the organization, which helps victims of the disease throughout the state.

Belleville's past

In July 1914, the town bought its first automobile fire engine, a La France 500 gallon pumper.

The pumper was installed in the basement of the Town Hall where Valley Hose Company was stationed. The new equipment, driven by Alexander Reid, the present Chief, was able to prove its efficiency on the night of January 13, 1916 when the Thomas Edison phenol plant in Silver Lake caught fire, probably because of a short circuit. The blaze for a time threatened the other Edison buildings, but the arrival of Belleville's new automobile truck, after a speedy run that put to shame the department's horse-drawn carts, prevented greater spread of the flames.

Thomas Edison, his wife and their son Charles (afterward Secretary of the U.S. Navy) watched the blaze for several hours. The exertions of the firemen were not lost on Edison. Two weeks after the fire, he sent a phonograph to the members of the company to live the hours at the firehouse. Four boxes of cigars came with the phonograph, but inasmuch as the automobile squad at the time numbered only three men, Salmon, McCarthy and Reid, the extra box was sent to the Police Department with proper fraternal greetings.

Four months later, on April 14, 1916, tragedy befell the Belleville Fire Department. Captain Salmon, although off duty, tried to board the truck going out on an alarm. He missed his footing, however, fell beneath the rear wheel and was run over. His left side crushed, several ribs broken, and a lung punctured, he was rushed to St. Michael's hospital but died six days later; the first Belleville fireman to fall in the line of duty.

County 4-H Clubs reorganizing for recruitment drive this year

The 4-H Clubs in the West Essex area are reorganizing for the 1981-82 year says John A. Hassert, Essex County 4-H Agent. If you're looking for something different to do and you are age 9-19, check out the following club openings:

Wings, Fins, Feet — this club is centered around members learning as much as possible about different kinds of pets such as rabbits, guinea pigs, hamsters, gerbils, cats, dogs, birds or whatever you may have at home. You can learn how to identify, care for and perhaps show your animals in a competition.

Photography — the Sharpshooters 4-H Club will accept some new members. You can learn how to take better pictures with your camera, how to develop and enlarge pictures and other techniques in photography.

Bridlespurs — learn all about different types of horse, how to feed, care, select and train them. You do not have to own a horse in order to join this club. Take part in horse clinics and many types of horse activities.

Marksman — this is a rifle safety

club that will try to teach you good safety habits, and you will also do some target practice.

Seeing Eye — this is a wonderful project if you would like to raise a seeing eye dog for a year that will be trained for a blind person.

Swinging Squares — 4-H Square Dancing club will teach you many different figures so that you can have fun in this great activity the rest of your life.

A Gardening Club is open to those youngsters who want to learn more about all types of indoor and outdoor plants. You'll start plants from seeds and cuttings and you will learn how to care for all types of plants.

If you join a club, you'll also be able to take part in many other activities such as winter weekends, field trips, summer camp, 4-H carnival and 4-H Fair.

We are also looking for adults who would like to share their talents with youngsters as 4-H Club Advisor.

If you would like more information on the above information, please call the Essex County 4-H office 9-12

noon or 1-4 p.m. (239-5704). Essex County 4-H Has Something for Everyone — Why not you?

The 4-H program is open to all youth 9-19 years of age, regardless of race, color, sex or national origin. It is sponsored cooperatively by the County Executive, the Board of Freeholders, Rutgers-The State University and the United States Department of Agriculture.

Pica group sponsoring logo contest

The Matthew A. Pica Civic and Welfare Association is sponsoring a Logo Contest. The logo will be used on a banner which will be a symbol of the Matthew A. Pica Association.

The contest is open to all Belleville students up to 18 years of age. The winner will be awarded a \$50 Bond. Deadline for the contest is next Friday, Nov. 6. All entries should be submitted to: Mr. Len Gianetti, 14 Ogden Road, Belleville, N.J. 07109.

'New' art exhibit set at Seton Hall

"The New Romantics," an exhibition of paintings and other artwork by two young artists, Kate Augenblick and Loren Munk, will be on display at the Seton Hall University Student Center Art Gallery from Nov. 8 to Dec. 12. A reception honoring the artists will be held from 4-7 p.m. on Sunday, Nov. 8.

Gallery hours are from 10 a.m.-5 p.m. on weekdays and from 2-4 p.m. Saturdays and Sundays.

Both in their twenties, the two artists work in a loft studio in Brooklyn. A native of Maplewood, where her mother operated an art gallery for many years, Kate Augenblick is an honor graduate of Dartmouth College and also has studied at the Art Students League on a merit scholarship. Her work has been acquired by private collectors in New York, Chicago and New Jersey and has previously been exhibited in both one-artist and group shows in New York galleries. She has also been selected to participate in the 3rd Biennial Exhibition of New Jersey Artists, co-sponsored by the Newark Museum and N.J. State Museum, from November through January at the Newark Museum.

Loren James Munk, a native of Salt Lake City, received his degree from Idaho State University and also studied at the University of Maryland program while stationed with the U.S. armed forces in Europe and at the Arts Students League. He has participated in group shows in West Germany, New York and Idaho, including the Idaho Commission on Arts and Humanities-sponsored exhibit, "Best Western Artists."

He also had one-man exhibi-

tions in West Germany, Idaho and at two galleries in New York City. Private collectors in New York, Paris and Washington, D.C., including U.S. Congressman George Hansen, have acquired his paintings.

HE'S CONCERNED ABOUT THEIR FUTURE AND YOURS

His concerns and goals are no different than yours — a good education for his children, peaceful retiring years for his parents, a stable economy in which to make a decent living and protecting the environment around us.

Now that the campaign is drawing to a close, Buddy Fortunato has run a good, clean and intelligent race based on his record. He has addressed the issues honestly and openly, and he will continue to be a strong voice for you in the New Jersey Legislature.

"People in Belleville, especially Democrats are going to be shocked at the showing which Tom Kean is going to make in Tuesday's election," said Jerry Ferrara,

seats, while Republican Cedar Grove Councilman Josephine Mongiello, could make things close.

Also running for one of the two Assembly seats is Nutley Savings and Loan President John V. Kelly. While Kelly is very strong in Nutley, he doesn't figure to make a strong run in Belleville.

It could be a long night for the township workers who will be tally-

ing the final votes in all three major races. "Kean is going to hold his own there in Belleville, and as the polls have indicated in the past few weeks, it is going to be a very tight race.

"Kean is interested in everyone's pocketbook and saving the people of Belleville and the state of New Jersey money, and that is why the people are listening to what he has to say," Ferrara continued. "Tom Kean has

le due to the large Italian vote.

"If we can get a large turnout," said Michael Chieffo, who led the congressman's drive here, "then Jim Florio will be our next governor.

"We have been running a very strong campaign throughout the past several months," the former School Board trustee said, "and the statistics show that Jim should run strong there in town. The only problem may be a poor turnout. If it is low, then it could be very close."

Ferrara does not feel that the ethnic situation is going to make a great difference in the outcome of the election.

"I don't think that because Belleville is a predominately Italian town that Jim Florio is going to run away with the vote here," said Ferrara. "The ethnic situation is not a important factor in the election. Most people realize what Kean stands for, and they also know that he disagrees with the president when it comes to Social Security. The election is going to come down to the issues and not ethics backgrounds."

Mrs. Senatore, the home town candidate, who has served on the township's Board of Commissioners for the past 14 years, figures to attract the most votes in the Assembly race, where her Democratic partner

Appointed board question approved by trustees to appear on April ballot

(Continued from page one.)

New Jersey?"
"They acted in good sense. I congratulate them," Risoli said Tuesday afternoon, just minutes after reading the letter.

The board's decision followed a monthly business meeting where Risoli and four township activists assailed the board for "delaying tactics" and trying to keep the public from voting on the issue.

The movement began last spring when Risoli, a former school board trustee and president, circulated petitions and collected signatures of citizens who were displeased with recent Board of Education members and policies.

At a meeting of fellow proponents last August, Risoli criticized the board for excessively high budgets, lack of consideration for the public, and excessive politicking as his motives.

Risoli had said that "60 percent of the appointments made by the board resulted from favoritism and connections." He also complained that the school budgets "took 41 percent of every tax dollar to educate 5,000 children, but the town took only 17 percent to serve a community of 37,000."

According to New Jersey law governing school boards, Risoli submitted a petition bearing 1,156 signatures to the School Board Secretary Mary Shader on August 28. The board forwarded the petition to the Essex County Board of Elections for validation of the names.

Nearly one third of those were rejected in October by the Edward A. Downey, superintendent of elections. Risoli then submitted additional signatures, a total of 1600, earlier this month in order to meet stipulation that such a petition bear signatures of 15 percent of the number of voters who cast ballots in the last general assembly election.

Two weeks ago, the county approved all petitions and the Board of Education presented them to School Board Attorney Lawrence Schwartz for a legal approval.

But in an October 22 letter to Risoli, Schwartz described the petition as "fatally defective, invalid and unacceptable."

Schwartz' letter said the petition did not sufficiently inform the signers of what they were signing, specifically that a vote for the appointed board would eliminate public right to vote on the school budgets directly.

The letter further noted that the petition did not specifically request a special election, something the proponents had pressed for.

Outraged, proponents complained to the board Monday night that their democratic rights were being usurped.

Before a small group assembled in School 5, Risoli said, "It is incumbent upon this board to inform us of defects before going through the rigmarole of getting additional signatures."

Former councilman and appointed board proponent James Golden added, "Making the determination as to whether this goes on the ballot rests with the board not the attorney, regardless of the opinion he renders."

"It is the democratic process to observe the will of the people," Golden observed.

Frank Montagna, an unsuccessful candidate for a board seat last April, denounced Schwartz' letter as "gibberish." Montagna said the proponents had already consulted several lawyers and judges and would take legal action if necessary.

"We'll get a lawyer and Schwartz, representing the board, will get another fee. The taxpayers will be furious and some of you are coming up for re-election," he warned.

President of the Valley Association and frequent board critic Robert May chided the board for their handling of the matter, "If you members do not have enough decide what kind of board they want, then shame on you."

May said he was not a decided advocate of either system, but he signed

the petition so that the issue could be decided democratically, by referendum.

May also rebutted the argument that citizens will lose a voice on the school budget under the appointive system. "We don't have a chance on the budget anyway," he said. "We knock down the budget every election year yet you get most of the money back from the commissioners. That argument holds no weight."

Previously, Risoli argued that under an appointive system, board members would be responsible to those who appoint them. "The public still has a voice. If an official won't remove a bad appointment, people can vote the official out too."

Risoli also noted that Mayor Michael Marotti has promised to appoint one board member from each district, permitting more equitable representation than the present system.

Under the appointive system, school budgets are developed by a board of estimates composed of commissioners and board members.

Proponents argue that presence of commissions will encourage economy.

In rendering the board's decision, Miele wrote that the deficiencies in the petition "could be grounds not to allow the question to be submitted to the electorate."

However, the letter indicated the board's desire, though they unanimously favor an elected system, to avoid "protracted legal action which would be costly to the taxpayers of Belleville."

To date, the board has expended \$1,000 in fees to have the petitions validated by the county and an additional \$200 for Schwartz' analysis fee.

Miele further wrote of the board's advocacy of the democratic system and agreed with the proponents of the movement that "the voters of Belleville should decide which Board of Education form they desire."

Late Tuesday, Risoli expressed his thanks for the board's decision and for a recent Times editorial encouraging that the democratic process run its course.

Dear Friends:

We are Republicans and Independent voters. Once in a great while it becomes necessary to ignore party affiliation in order to support a candidate whose record has been so outstanding that he deserves to be re-elected, regardless of one's political association. Such a man is Senator Carmen A. Orechio, present Majority Leader of the New Jersey Senate.

Senator Orechio has gained experience in state and local government the past fourteen years, during which time he has been Chairman of the Senate Ways and Means Committee, Chairman of the Intergovernmental Relations Commission, Mayor of Nutley and Director of Public Safety.

Carmen is a Rutgers graduate, World War II Veteran, local businessman and civic leader. A longtime champion of senior citizen interests, Senator Orechio was a co-sponsor of the Pharmaceutical Assistance to the Aged Act. He has supported and sponsored laws to require mandatory sentencing for criminals, laws to provide lean and efficient government and he sponsored the Open Primary Law. He voted for capital punishment and against the New Jersey Income Tax.

Senator Orechio has been endorsed by:
New Jersey PBA
Essex County PBA
NJ Firemen's Benevolent Association
New Jersey AFL-CIO
New Jersey Education Association
Operating Engineers Local 825

Senator Carmen Orechio is a leader who has served us well. That is why we are voting for him on November 3 and we hope you will too. Senator Carmen Orechio's lever is 4A. Thank you.

Sincerely,
Citizens for Orechio
Jack Gorman, District Chairman

for PVSC might reduce the tax rates for residents. "We're looking into it. Maybe the solution is to have these users meter their sewerage the way water is metered," he added.

Superintendent of Public Works James Soldo explained Friday that sewerage is metered at specific checkpoints in the municipality.

"Most of Belleville empties into the PVSC system which runs along Main Street to Wilson Avenue in

Newark," he said. Soldo added that parts of the township empty in the Second River system which runs along Mill Street and enters the PVSC at Mill and Main Streets.

"For that section, the Second River Joint Committee (of Elizabeth) pays PVSC and Belleville reimburses SRJC a proportionate share of about \$1800 to \$2,000," Soldo said.

According to the chief financial officer of PVSC, Vincent Giallorenzo, Belleville has been billed

\$630,614 for 1981 sewerage charges. The sum reflects an estimate based on the 2,282 billion gallons of waste discharged in 1980 plus an adjustment from that year's charges. Belleville presently pays PVSC \$276.30 per million gallons of sewerage.

Following preliminary inquiries, township attorney Frank Zinna said Monday that official of the Second River Joint Commission approved Belleville's proposal to meter private users.

VOTE FOR ARTHUR KINOY

Dear Friends,

On November 3, voters in the 30th District in New Jersey will have an opportunity which rarely occurs in American politics. By casting our votes for Arthur Kinoy, Citizens Party candidate for State Senate, we can participate in building a new political party of the people.

For 40 years, Arthur Kinoy, Distinguished Professor of Law at Rutgers Law School, has had an unparalleled record of supporting peoples' struggles for jobs, justice and equality. Among the landmark cases Professor Kinoy has argued and won before the Supreme Court were Adam Clayton Powell's fight against exclusion from Congress and the defeat of Nixon's claim to 'inherent powers' to wiretap and spy on Americans.

The program Kinoy has presented speaks directly to peoples most pressing concerns in concrete, political proposals. Kinoy is the only candidate to:

- Propose a bill to prevent plant closings and runaway shops.
- Support the right of public employees to strike.
- Propose the establishment of a publicly controlled State Bank to finance job creation, housing, mass transportation, and other vital goods and services.
- Support womens' right to abortion.
- Propose legislative and judicial action to halt Ku Klux Klan violence in New Jersey.
- Demand an end to nuclear power in the state and the development of solar energy sources.
- Support statewide rent control.

Arthur's campaign is exciting because it signals the birth of a viable independent political party that represents the people rather than the corporations. The support Arthur and the Citizens Party are receiving from workers, women, tenants, senior citizens, and minorities, is creating relationships that will long outlast this campaign. Throughout the district, people are saying that NOW is the time to build such a party.

Please vote on Nov. 3 for ARTHUR KINOY and the CITIZENS PARTY program. Vote LINE 4C. Please ask your friends and neighbors to do the same. Your votes will be heard throughout the state and the nation. The people can make a difference!

Very truly yours,

a new Section V and paragraph 1 thereto, requiring that lands shall have been tidal flowed within the last 40 years to be deemed riparian lands subject to State claims, and barring State claims not defined and asserted by law within that period?"

This amendment would limit the state's claim on riparian lands to only those areas that have been subject to tidal flow within the past 40 years, and would bar any state claims to such lands if not defined and asserted within one year of adoption of the amendment.

The third amendment involves use of state gambling revenues for health and transportation benefits for seniors and disabled persons. It reads: "Do you approve of the amendment of Article IV, Section VII, paragraph 2 of the Constitution of the State of New Jersey, agreed to by the Legislature, which authorizes the expenditure of state revenues derived from the licensing and taxation of gambling in Atlantic City for additional or expanded health and transportation services or benefits to eligible senior citizens and disabled residents?"

All state revenues from casino gambling operations are currently dedicated to reduce financial burdens, such as property taxes and utility bills, for eligible senior citizens and disabled residents. This amendment would add two new categories of aid, specifically health and transportation benefits, for the same two classes of citizens.

Two public questions appear on Tuesday's ballot. Both have been passed by the State Legislature and have been signed by the governor.

The first is entitled, "Water Conservation Bond Act Interest Rate Ceiling Elimination," and (Please see 'Poll' on page 16.)

A Great Man is Needed to do a Great Job

District 30- Bloomfield, Belleville, Glen Ridge, Montclair, Nutley, Verona

Don't let anybody tell you there's no difference between the two candidates for State Senator in the 30th District. There is a difference - and it is that of a man whose hard work and industry has been for the people in his community. A man who loves young people, and helps them with his youth groups and total devotion to eliminating illegally abused drugs from their lives. A man who wants their young hearts to beat without pain or suffering; a man who wants the senior citizens to live out his or her last years with pride and dignity; a man who wants the curse of crime struck from our lives; a man who wants the shameful state of the economy made whole again; a man who wants the tax dollar used as wisely and efficiently as possible for all the people of all the district.

Buccaneers destroy Marist; play Clarkstown Saturday

Woodcock, Fazzini, Cerza lead the way

Any questions about pride and characters of the Bucs football team were quickly answered by the locals as they blasted Marist, 44-7 to boost the team record to 4-1.

Belleville will be in New City, New York to play Clarkstown North this Saturday afternoon. Game time is at 1:30. Incidentally, the Bucs game with Seton Hall next week will kick off at 2 p.m. from Belleville High School instead of regularly scheduled time of 1:30 p.m.

The Bucs, coming off that tough loss to Passaic a week ago, showed no ill effects to the setback by running at will against a gutsy but obviously over-matched Marist club. The running game was once again a semblance of balance with Frank Fazzini, Jeff Walsh and Angelo Centanni all picking up valuable yards. Quarterback Bob Woodcock played the first half before giving way to John Borello and was once again in top form. The senior threw three touchdown passes in the first half, two of them to surprise tight end Phil Cerza and one to Walsh. Fazzini tallied twice with runs from one and two yards out. The half ended with Belleville well ahead, 31-0.

The Bucs first score of the day came on the team's first possession. From its 38 following a Marist punt, Fazzini carried four straight times, picking up 21 yards and two first downs. Centanni, from Walsh followed by a one yard loss, Woodcock attempted his first pass and found Walsh open up the middle. Walsh had no problem from there, scoring the Bucs first TD. The conversion failed and it was 6-0. Marist could not generate any offense against the Bucs first defense and following a short punt, Belleville took over on the Marist 29. Without passing, the Bucs needed just six plays to the score TD number two,

Good Season — The Belleville soccer team may be heading for a .500 season this year, depending on the outcome of the team's final few games. Right now the team's record stands at 4-6-2 after two close losses this week. Coach Anthony D'Aquino said he was very happy with the boys' play despite their losing record.

with Fazzini doing the honors from a yard out. After a muffed conversion, the score was 12-0.

Marist punter Brian Kantor had a tough evening. He punted nine times, had one blocked and on most occasions had many of the opponents in his face. On the second punt, Joseph Murphy came through untouched and blocked his punt. Craig Mack recovered the loose ball and returned to the Marist four. At the point it was easy as Fazzini needed just two runs to punch it over. Again, the

Bucs failed on the conversion and it was 18-0.

The Belleville defense was all over the place in the first half and Marist was held without a first down rushing. Following another dry possession, Marist punted and Belleville took over on its 44. Seeking the jugular vein, Belleville attempt two long passes, both of which were incomplete. On third down, Woodcock handed to Walsh who made a few nice moves and sprinted some 39 yards to the Marist 17. After a three

yard run by Centanni, Woodcock hit Cerza, making his debut at tight end, with a 14 yard scoring strike. Following a fourth straight muffed conversion, the Bucs lead remained at 24-0.

The Bucs were not through for the first half. On its final possession of the half, Belleville drove 53 yards on six plays, capped by another Woodcock-Cerza strike, this time out from 19 yards. John Magno then came in to try his hand at the point (Please see 'Football' on page 14.)

Buc booters lose two close ones as record falls below .500 mark

By Mike Lamberti

Despite two fine efforts, the Belleville soccer team saw its record fall below the .500 mark with set backs to Bayonne and Caldwell.

The Bucs game with Nutley last Friday was rained out. The team hosted Bailey Ellard yesterday and will test Carteret at home tomorrow

Jets, Steelers lead in football league

Third week action in the Belleville Recreation Football League saw the Jets continue their winning ways to remain in first place in the Light-weight Division, while the Giants tuned-up for their re-match with the first place Steelers in the Heavy-weight Division. Light-weight action saw the Jets stop the Bengals 32-0 while the Falcons moved into second place by defeating the Chargers 19-13. Heavy-weight action saw the Giants maul the Rams, 34-0.

The Jets had little trouble with the Bengals thanks to 19 unanswered first quarter points. Mike Iacona scored the game's first two touchdowns on runs of six and 14 yards. After a blocked punt by the Jets, Armando Nardone, quarterback Anthony Lunetta scored on a 10-yard run to make the score 19-0. After a 55-yard run by Iacona to the Bengal 15, Lunetta hit P.J. Olivio with a 15-yard pass for a touchdown. The Jets closed out the scoring when Jamie Galioto caught a 30-yard touchdown pass from Lunetta. Galioto also added an interception for the Jets. The Jets now stand at 3-0 in their division.

The Falcons remained one game behind the Jets by defeating the Chargers 19-13. Dan Harrington opened the scoring for the Falcons by scampering 23 yards on a reverse for the game's first score. Charger quarterback Jack Calandra evened the score on a 51-yard touchdown run. Billy Sypher gave the Falcons a 12-6 half-time lead on a nine-yard touchdown run. After an interception

afternoon starting at 3:45 p.m.

Against Caldwell, the Bucs carried the action in the second half against a more experienced Caldwell squad but some early tallies by Caldwell negated the rally. The Chiefs jumped out to a 2-0 lead before Brian Woods cut the deficit in half with a 20-yard blast.

tion by Harrington, the Falcon offense, lead by quarterback Danny Senesky, began beating the clock, and did not give the Chargers the ball for nearly ten minutes. Once the Chargers got the ball, the Falcons quickly got it back on an interception by Robert Scruggs. Several plays later, Sypher added another touchdown on a 10-yard run. The last touchdown was the result of excellent blocking by Dan Murphy, Mark Huamani and Walter Davila. With a little more than a minute left, Charger quarterback Calandra hooked up with Robert Gibilisco on a 47-yard pass. Danny Martinez added the extra-point on a great catch to narrow the score to 19-13. An outside kick attempt by the Chargers failed and the Falcons ran out the clock.

Heavyweight action saw the Giants move into second place with a 34-0 crushing of the Rams, perhaps a tune-up for next week's confrontation with the first place Steelers. Sean Mulcahy opened the scoring with a five-yard touchdown run, and minutes later Giant quarterback Anthony Vecere raced 34 yards for another touchdown. Todd Conforti increased the lead at halftime to 20-0 on a two yard run, with Marc Walden adding the extra point. Todd Conforti scored once again on a four-yard run with Zamloot adding the extra point to close out the scoring.

After three weeks of action, the leading scorers in the light-weight (Please see 'Aztecs' on page 14.)

After Caldwell upped the margin to 3-1, Frankie Dunn narrowed the deficit to one goal on a corner kick. Caldwell, however, put the game out of reach on an insurance goal in the fourth quarter.

Despite the setback, the Bucs did look good in the game. "Caldwell had a nice club," D'Aquino said. "We gave them a good game and with a few breaks, might have won it."

The Bucs second setback of the week was a tough 4-3 loss to Bayonne. In this contest, Belleville had a

score called back but the Bucs still benefitted with scores by Ronnie Coco and two tallies by Santiago Borja.

As usual, Brian Woods was Mr. Efficiency, assisting on all three goals. The Bucs once again, controlled the second half but were victims to a poor start. Bayonne jumped out to a 3-0 lead before Belleville got its scoring act together. The game, played in Bayonne in a rare night contest, was indeed a chilly affair and it took a while before Belleville warmed up to the evening.

BHS Hall of Fall to host testimonial

Next Friday, November 6, at the Branch Brook Manor, the Belleville High School Hall of Fame Association will sponsor the first of what is hoped will soon be an annual affair honoring former Belleville High School varsity greats. Tickets to the testimonial dinner will sell for \$15 per person and go on sale within the week.

The newly formed Hall of Fame Association is an arm of the Belleville Board of Education and its Athletic Council, and was organized to carry out a project begun four years ago but not continued by Mike Chieffo and Fred Puleo while Athletic Council members. Over 50 former sports stars were inducted at the awards dinner held Chieffo and Puleo; however, the codified structure set up by the new association will limit future groups of inductees to ten per year.

To be eligible, a Belleville athlete must be an alumnus of the high school for at least five years, or have been a coach or athletic director at the high school, must have contributed to the athletic program at the school beyond that expected of most individuals, must have had an outstanding record of achievements on the field of play, must have shown leadership, desire, and an ability to overcome whatever handicaps were placed in his or her way. Belleville alumni who have excelled in post high school sports may also be considered.

The association is looking to the people of Belleville for help in uncovering the names of town's outstanding past performers. Nomination forms can be picked up at the Senior High School for those interested or the form published below may be submitted to the association at the high school's mailing address. According to Evelyn Hannon, president of the association: "All that we hope to do is to honor as many deserving past athletes as possible. The name of every nominee will be given full consideration, and we hope that the very idea of such a Hall of Fame is the kind of thing that can give Belleville and its athletes a boost."

Despite the baseball strike and the short season, the 1981 World Series is proving to be an exiting affair that could very well wipe out the memories of the past season and add a new zing to the upcoming 1982 season next March.

It is still the biggest showcase in sports, the World Series. While the Super Bowl might be the biggest one game affair, the series is still the most exciting, nail biting, action packed sporting event around. Each year, ball parks throughout the country are mobbed for the event and almost always a new hero is born from the game.

Looking back on some of the big series throughout the years, who can forget the 1975 classic between the Boston Red Sox and Cincinnati Reds. For seven games, these two teams battled each other on an even note, with the Reds winning with a run in the top of the ninth of the last game. Cincy won the game, 4-3 and took the series by the same count. But who can forget the Carlton Fisk homer in game six, the Luis Tiant shutout in game one and the big hitting by Joe Morgan, Pete Rose and George Foster of the Reds.

How about the 1977 series between this year's participants, the Yanks and Dodgers. Who can ever forget the big game by Reggie Jackson in game six of the series when he hit three homers off of three Dodger pitchers. The Yankees won that final game, game six, by a score of 8-4 and Mike Torrez was the big hero on the mound, winning game two and then the deciding game.

The Pittsburgh Pirates and Baltimore Orioles engaged in two memorable series in 1971 and again in 1979. On both occasions, the Pirates won in seven games, but in 1979, it took a miraculous comeback by the Bucs to win. The Orioles jumped out to a three game to one lead but Pittsburgh won the final three, the last two games in Baltimore. The Pirates' relief pitching sensation, Kent Tekulve, shut the door on many Oriole rallies and Willie Stargell led the "We Are Family" chant as Pittsburgh added a new dimension to the series. While a lot of series' champs have been known as controversial and hot blooded, the Pirates "family" unity was something new and refreshing.

The 1968 World Series between the Cardinals and Tigers saw St. Louis jump out to a 3-1 advantage in games only to watch Detroit come back to win the last three games, the last two in St. Louis. Micky Lolich was the hero of the day as he won three series games and out dueled Bob Gibson in the final game to win the series for Detroit.

The Oakland A's won the series for three straight years, 1972-1974 with Reggie Jackson of course leading the way. In 1972, the A's defeated the Cincinnati Reds 4-3 as an unknown catcher by the name of Gene Tennace blasted four homers in the series and was named the MVP. The A's pitching staff in '72 was led by Ken Holtzman, Rollie Fingers and Vida Blue. Jackson missed this series because of a torn muscle in his leg, incurred while stealing home plate against Detroit in the deciding game of the American League Championship series.

In 1973, the New York Mets won three of the first five games, but returned to Oakland for the last two games and lost twice. Rusty Staub was the hitting hero for the Mets while Jackson and Billy North, when they weren't fighting, were leading the hitting department for Oakland. Jackson and Bert Campanaris hit back to back homers off of Jon Matlack in the seventh game that led to the victory.

Finally, the A's made it look easy in 1974 by beating the Dodgers in five games as Fingers led the way out of the bullpen. Oakland would go on to the championship series in 1975 but Boston would upset the A's and go to the series. A's owner Charlie Finley later started to dismantle the A's by trades and sales and for many years, Oakland was on the bottom of the heap. When Billy Martin arrived in 1980, it marked the turnaround in the team's fortunes. Oakland was swept in the championship series by the Yankees this year but the team is on the upswing. Don't forget that before the Oakland dynasty of 1972-1974, the A's were swept in 1971 by the Baltimore Orioles before winning the series the next three years.

Whoever wins this year's series can look on it as a well earned championship. Despite the strike, the World Series has been a fine reprieve and will close out the 1981 season on a high note.

Did you watch the New York Marathon last Sunday? That was quite an event and Alberto Salazar certainly proved what kind of athlete he is. Salazar, from the University of Oregon, had predicted that he would break the world's record for the marathon and then in grand style went out and shattered the mark by some 18 seconds. Any runner who competed in the Marathon and completed it deserves to be called a winner. That is quite an accomplishment to run 26 miles and a lot of people, handicapped and a lot less fortunate than a lot of us, certainly proved what heart and desire is all about.

The Belleville Buccaneers, speaking of heart and desire, made a giant step back to the top by beating Marist 44-7. After dropping a tough 7-0 game to Passaic the week previous, Belleville showed no ill effects by playing a loose, strong game. Belleville scored on all of its offensive possessions in the first half and never were headed. Next for the Bucs is Clarkstown North of New City, New York and in two weeks, the game a lot of fans are already looking forward to. Seton Hall will invade BHS for a 2 p.m. kickoff. More on the big rivalry of Seton Hall-Belleville in next week's issue.

Next week, the Belleville High School athlete of the month for October will be previewed.

The NFL season is half way over and whoever expected the Giants to be 5-3? They certainly proved they can play with the best by stopping the Atlanta Falcons 27-24 in overtime. See the NFL report for more details.

The Belleville High School athlete of the week award goes to Jeff Walsh. Walsh tallied two touchdowns and rushed for over 60 yards. Also, he returned the second half kickoff 99 yards for a score.

The Belleville cross country team will close out its 1981 season in the championships Nov. 4. The team was idle last week and earlier this week were to battle East Orange. On Saturday, the Bucs were to face Vailsburg before the county championships next Wednesday.

Here is the answer to last week's quiz. The question was: In 1972-1974, the Oakland A's won three straight World Series. Who were the managers of those clubs and who were the MVPs of the series. The answer: The manager of the '72 and '73 A's was Dick Williams while the manager of the '74 team was Alvin Dark. The MVP of the '72 series was Gene Tennace, the '73 series was Reggie Jackson and the '74 series was Rollie Fingers.

For this week's quiz, let's go to the NFL. In 1970, the Dallas Cowboys got off to a slow start and after eight games, were just 4-4. The low point of the '70 season for Dallas was a Monday night game in which the Cowboys were shutout. After that setback, Dallas turned it around and won the last six games, went to the Super Bowl and lost a tough game to Baltimore, 16-13 on the last second Jim O'Brien field goal. Now, can you name the team that shutout Dallas, the score of the game and where it was played? Also, name the teams that Dallas defeated in the playoff that year.

Jets are embarrassed; but Giants still winning

By Mike Lambert

You would think the New York Jets would learn by now that no team is an easy win. You would also think that the New York Jets would learn that the Seattle Seahawks have their number and in the future had better prepare more effectively.

Meanwhile, the Giants are finding out that winning can be loads of fun. Following that big 27-24 win over Atlanta in overtime, the Giants are 5-3 and will be home this Sunday to face of all people, the Jets.

The rest of the NFL looked something like this. The Bears stunned the Chargers in OT, the 49ers are now 6-2 thanks to beating the Rams, the Redskins edged the Patriots, Buffalo used the field goal to stop Denver, Dallas did it again, beating Miami and New Orleans surprised Cincinnati.

The Jets, who can understand them? They play a simply awesome game by beating Buffalo a week ago and suddenly fall apart against a 1-6 team, Seattle, the same Seattle squad who lost, 32-0 to the Giants one week ago. This was supposed to be an easy game for the Jets, the preparation game for the Giants in a week. It turned out to be the Jets' fifth loss in five tries against Seattle dating back to 1977. In this game, the offense took a nap, the defense took a nap and the result was blowing a golden opportunity to cut the deficit in the AFC east. With Miami losing and Baltimore and New England stumbling, it was a golden opportunity to cut the gap. Instead, the Jets are now 3-4-1 with a date against the suddenly hot Giants next Sunday.

How about those Giants? Whoever expected them to be 5-3 and favorites to make it 6-3 on Sunday. If the Giants play up to their potential the next few weeks, they can easily be 8-3 entering the Philadelphia battle on November 15. They will have to take advantage of the soft spot in the schedule because the final five games are against San

Francisco, Dallas, Los Angeles, Philadelphia and St. Louis. Against Atlanta, the Giants used a good passing game, combined that with the hot foot of Joe Danello and a timely defense to halt the Falcons, who suddenly are 4-4 and struggling.

The Dallas Cowboys find ways to win that other teams haven't even heard of. Last Sunday against Miami, the Cowboys were down, 27-14 with less than three minutes left, when, bang, they strike for two touchdowns and the defense picks off three David Woodley passes in the final minutes. The Kansas City Chiefs are another team that has to be taken seriously. The Chiefs defeated Oakland, 28-17 after trailing, 17-0 in the third quarter. K.C. is 6-2 and Oakland is 3-5 having lost four of those five to Denver and K.C. San Francisco is also 6-2 and holds a two game lead over both L.A. and Atlanta.

Now for this week's picks:
JETS at GIANTS: Sure, the Giants will be favored because they're home and have won three straight. After the Jets dismal performance last week, how can you possibly favor them? However, look deep into this rivalry. You can throw the records away here and since the Jets do very well against the Giants (5-0 over the last five years in pre-season if that means anything) and since the Giants might be in for a possible let down, the Jets could steal it. Jets 27-24.

CLEVELAND at BUFFALO: The Bills have absolutely no choice here, they must win. Looking at the rest of their schedule, the last three games are on the road and Dallas is the next stop on Monday Night after this game. Ferguson is due to explode after two "off" weeks while the Browns are starting to improve but are still quite erratic. Buffalo 31-28.

NEW ENGLAND at OAKLAND: Here's a strange contest. No one expected the Pats to be 2-6 at this time and certainly no one expected the Super Bowl champs to be 3-5 and blow 17 point leads at home (like they did last week versus K.C.) New England as a rule, does very well against the Raiders and might want

this one a little more. Oakland is struggling badly now and with Plunkett on the bench, the Raiders might just eliminate themselves early this year. New England 23-17.

SAN FRANCISCO at PITTSBURGH: At the beginning of the season, this appeared to be a breeze for the Steelers. However, the Niners are 6-2, have won five straight and if they're not in awe of the Steelers and Three Rivers Stadium, might steal it. Pittsburgh is good at home, but coming off a Monday night contest, will need extra motivation to win. Should be close with Pittsburgh just pulling it off. Pitt 21-20.

KANSAS CITY at SAN DIEGO: If the Chiefs win this game, they'll have a two-game bulge over S.D. with just seven games left. That's absurd because the Chargers are foaming at the mouth over the loss to Chicago and at home will want to take it out on someone. The Chiefs are good, no doubt, but might have big problems here. San Diego 38-24.

DALLAS at PHILADELPHIA: The big game of the week. Dallas is coming off the win against Miami last week while Philly played Tampa and was a bit flat. The Eagles probably think they have the edge because they're home and will have the big crowd behind them. Don't forget that Dallas is one of the NFL's best money clubs and in a big game like this will be primed for the upset. Dallas 16-10.

DETROIT at LOS ANGELES: Both clubs are 4-4 but the Rams are severely desperate. With the Niners playing so well and with Atlanta breathing down their necks, the Rams can ill afford to lose here. Detroit is improving but the Rams will take it with the home field and quite possibly the coaches job on the line. L.A. 24-20.

The rest of the NFL: Miami over Baltimore, Cincinnati to rebound against Houston, Minnesota to edge Denver, Seattle to make it two straight versus Green Bay, Atlanta to beat New Orleans, St. Louis over Washington and Tampa to beat Chicago.

Tennis team off to best season thanks to coaching by Fucello

For years now, it has been known around Belleville that Karen Fucello is one of the finest coaches the school has ever had.

She has proven it in basketball with well over 100 wins in just seven years time. She has taken that program from rock bottom and turned it into one of the most respected ones in the state. The work she has done with the tennis team is even that more amazing.

The team only started to compete on the varsity level in 1976 and Fucello has kept that program on a respectable level throughout the years. This season has been by far the girls finest and assuming the girls win its last two matches, the team can finish with an 11-4 regular season, 13-6 counting the county tournament.

Last week, the girls added to its regular season mark by stopping both Kearny and Bloomfield by 5-0 counts. As mentioned in previous

weeks, all four of the girls loses this year were by scores of 3-2 and with a few breaks, that record could easily be 15-0. Also, Belleville has won 11 of its last 12 matches.

Last week, Fucello mixed the lineup a bit, using the younger players in the singles slots, priming them for next season. Sheree Tillman was especially impressive, winning two matches in the third singles spot and giving just cause that she will indeed be one of the best players in the area for the years to come.

Rosie Leonidis, one of the most intense players that you'll ever see play the game, avenged an earlier setback to her Kearny opponent by winning in two sets. Rosie was beaten, 6-0, 6-2 in their earlier meeting by the senior was certainly primed to avenge that setback and did so in grand style.

Leonidis appears to be totally healed from knee surgery that slowed

her down during the summer. Whether she will be able to continue her basketball career come next month is still up in the air but Leonidis' determination has certainly been an example of what a super athlete she really is.

Aztecs, Toros leading in Rec soccer league

division are: Mike Iacona (Jets) 39 points, Lou Lucente (Jets) 25 points, Dan Harrington (Falcons) 25 points, Jack Calandra (Chargers) 24 points, Billy Sypher (Falcons) 24 points.

The leading scorers in the heavyweights are: Andrew Martinez (Steelers) 31 points, Sean Mulcahy (Giants) 24 points, Todd Conforti (Giants) 20 points, Anthony Gizzo (Steelers) 14 points, Jimmy Dunphy (Steelers) and Sam Zamloot (Giants) 14 points.

The Belleville Recreation Soccer League standings tightened up during fourth week action as the Aztecs set back the Toros in "A"

rest of our game, our offense did a good job. Our line was tough and the defense kept them (Marist) out of contention for most of the game."

So the Bucs will take its 4-1 record to update New York to face Clarkstown North for the first time, Clarkstown is 2-3 for the season, but Senesky isn't taking any team lightly.

"Clarkstown is our main concern right now," the coach said. "They have a strong team and we have to play well to beat them."

Following the game with Clarkstown, will be the battle with Seton Hall on Nov. 7. The Hall will face Bergen Catholic this week before the big showdown.

Optimist Club honors Sbarra

The Belleville Optimist Club held their Annual Past Presidents dinner on Oct. 2, and the guest of honor this year was past president George Sbarra.

During the evening, a plaque was presented to Sbarra for his year of service to the club. Due to an illness in the family, Sbarra could not attend and the award was accepted for

by Vice President James Risoli.

Also that night, the new president for the 1981-82 year, Michael P. Pizzi, was sworn in.

The Optimist Club is a service organization which has been in existence since 1974, and raises money for various charities throughout town. The major purpose of the Optimist Club is to assist with the youth of the community.

President Honored — The Belleville Optimist Club honored its past president George Sbarra during a dinner earlier this month. Sbarra, who has been ill, was unable to attend the dinner, so club Vice President James Risoli (r) accepted the awarded. Michael Pizzi, who was selected as the new president, presents the award.

Past Presidents — At the Optimist dinner honoring George Sbarra, former club presidents gather to pose for this picture. From left to right are: Thomas Candwra, Jack Gurrera, Frank Santisieri, new president Michael Pizzi, Rocco Saletta and Thomas Spillane.

Senatore, Fortunato look strong in township

(Continued from page 10.)

Fortunato also figures to finish strong.

But it is the work and effort which Mrs. Mongiello has put into her campaign, which has Republican leaders hopeful.

"Jo Monigello has worked harder than any other candidate in the race," said Ferrara. "She is a very likeable, attractive and hard-working woman and will be a perfect woman to represent the people of Belleville in Trenton."

Mongiello is a former legislative aide to Republican Assemblyman Carl Orechio, who is retiring his seat, and has given Mongiello his endorsement. She also serves as deputy mayor for Cedar Grove.

Senatore has served as chairwoman of the Democratic party for the Township of Belleville for the past 24 years. She is running on her record and claims that the 30th District does not need another politician in Trenton, "but a person who has been elected to four consecutive terms in office and one who has given her message directly to the people with an exchange of views on the subjects, rather than short answers on complex issues."

"Both Mary and Buddy look very strong here in Belleville," said Chief. "They both have been campaigning very hard, and I am confident that they will both make a strong showing this Tuesday."

Kelly is the final of the four serious candidates running for the Assembly. He has been the president of Nutley Savings and Loan association since 1971 and has been with the bank since 1962. While he is very

strong in his home town of Nutley, his strength in Belleville has not shown up as of yet.

"Many people have given up on John Kelly in Belleville," said Ferrara, "but despite what people have said, John has worked very hard here, and I think he may surprise a few people."

The second major race in the election is the race for state senate, where the Democratic Orechio is being challenged by the Bloomfield Councilman, Crecco.

"There is no doubt that John Crecco's strength lies in his home town of Bloomfield, but other than that I feel that he is a very weak candidate," said Robert Noonan, Orechio's campaign coordinator. Although Belleville is a new town for Carmen we are hoping to do well, since his brother Carl served there for many years as Assemblyman. We are very confident here in Belleville."

While the Orechio camp is confident, the Republicans have high hopes for Crecco.

"John Crecco has gone door to door in Belleville in order to introduce himself to the people," said Ferrara. "He is not going to be a push over in this election. He has been hitting homes every night, and he is doing it on his own, no one has pushed him. We have an excellent chance of winning the senate election, not only in Belleville, but throughout the district."

Crecco has served on the Bloomfield township council for 10 years, and has been pointing to the crime rate and the economy as the major issues of the campaign.

Orechio, who is seeking his third four-year term as senator, also serves as the mayor of Nutley. He is the majority leader of the house, a member of the Judiciary Committee and the Institutions and Health Committee. He chairs the Ways and Means Committee as well as the Intergovernmental Relations Committee.

Halloween is fun; but not always safe

Halloween can be an enjoyable time for children and adults alike with cries of "trick or treat" floating through the crisp fall air.

In an effort to avoid any chance of a "trick" for either you or your family, I would like to offer several tips for a safe and happy Halloween.

Those of you with children realize how important a costume is to a child. However, the costume that your child may have his or her heart set on may not be the safest one. Be sure that the costume you choose is easy for the child to walk in. Buy a size slightly larger, but not too long, if possible. Also, be very sure that your child is able to see and be seen by oncoming traffic. The costume should be bright and able to be reflected by surrounding lights.

A face mask is probably the most essential part of any child's costume. Be sure that your child's mask allows him or her to see clearly. All children should be taught to remove their masks entirely before crossing streets. It may be a good idea to use make-up instead of a mask on a small child.

Your children should be taught early the "do's and don't's" of trick-or-treating. These rules should be deeply ingrained in their minds

before you send them out this Halloween.

First, "Do" make sure that your child has a specific trick-or-treating route. Be very sure that he or she keeps to that route at all times. The route you plan for your child should be well-lit and have a good flow of pedestrian traffic.

Second, "Do" familiarize your child with basic traffic safety. This is extremely important on Halloween when it may be even more difficult for drivers to see children. Children should cross streets only at corners and never cross between parked cars.

Third, "Don't" send you child trick-or-treating alone. A parent or older relative should accompany the child on the route. In the event that this is not possible, the child should be part of a group of children who were all taught to follow the same prescribed route.

Finally, "Do" be sure your child waits until he or she get home before eating any treats. It is very important that all treats are sorted and checked over thoroughly before being eaten.

This Halloween can be a happy and safe one free from "tricks" if these few basic guidelines are followed.

Many Halloween activities prepared for local children

A series of events and parades have been set up throughout the Township this weekend to celebrate Halloween.

The festivities begin tonight as the Belleville Music Parent Association hold a Halloween dance starting at 8 p.m. at Belleville High School. Admission is \$2.50 and all proceeds will go to the school's marching band. Entertainment will be provided by a group called the Frozen Image. A costume is optional.

The Belleville Public Library will present a Halloween filmstrip on Fri-

day starting at 3:30 p.m., at the Silver Lake Branch located on Magnolia Street. All children are invited to attend. And parents are welcome also.

On Halloween day, Saturday, Oct. 31, a costume party will be held in the Children's room at the public library on Washington Avenue. The parade is scheduled to start at 10 a.m.

And finally many local schools have announced that there will be parades and parties throughout the week for many of the young trick-or-

treaters.

The Chamber of Commerce also advises all parents to make sure their children take safety precautions before going out treat-or-treating. Some good safety tips include children wearing light colored costumes, traveling on streets which are well lighted, walk facing traffic, use reflective tape on costumes, wear costumes which do not cover the eyes make it difficult to see and cross streets only at the corners.

Have a safe and happy Halloween!

Poll questions examined as election draws near

(Continued from page 12.)

reads: "Should the 'Water Conservation Bond Interest Rate Ceiling Elimination Act' be approved?"

This bill authorizes the state treasurer to sell 1969 Water Conservation Bonds, previously approved by public referendum, at interest rates exceeding the 6 percent originally authorized. At present some \$221 million of the original \$271 million authorized has been issued. Lifting of the interest ceiling is necessary to enable the treasurer to sell the bonds in the current market.

The second public question is entitled, "Determination of Participant's Fee and Prize Values for Amusement Games," and reads: "Shall chapter... of the laws of 1981 compelling the State Amusement Games Control Commissioner to set the participant's fee and the value of any prize offered or given in an amusement game, after a public hearing has been held thereon and subject to the provisions of P.L. 1981, c. 27 (C. 52:14B-4.1 et seq.) be approved and become operative?"

If approved, this measure would enable the state amusement games control commissioner to determine the value of prizes awarded by operators of amusement games. This would be the first change in the Amusement Games Licensing Law since its inception in 1959 and would also allow for any needed changes in fees to correspond with larger prizes as well as inflation.

Three bond issues are on Tues-

day's ballot. Bonds are commonly used to finance long-term public programs and projects. This method of financing spreads the cost of a given program over a period of years and allows future taxpayers who will benefit from such programs to share in the cost of same. There are two basic types of bonds, general obligation bonds and revenue bonds. General obligation bonds require voter approval and carry the full faith of the state behind them with the interest and principal being paid out of the general treasury over a period of years. Revenue bonds are issued by special authorities or agencies with the debt being paid from revenue produced by these projects.

Before general obligation bonds are placed on the ballot for referendum, they must be approved by both houses of the State Legislature and signed by the governor. The New Jersey Commission on Capital Budgeting and Planning evaluates bonding proposals and makes recommendations to the legislature for its consideration.

The first bond issue is entitled, "Hazardous Discharge Bond Act," and reads: "Shall the act entitled 'Hazardous Discharge Bond Act,' which authorizes the State to issue bonds in the amount of \$100,000,000.00 for the identification of and the efficient cleanup and prompt removal of hazardous discharges, and which provides ways and means to pay and discharge the principal and to pay the interest on the debt created by the sale of said bond, be approved?"
