Dedication

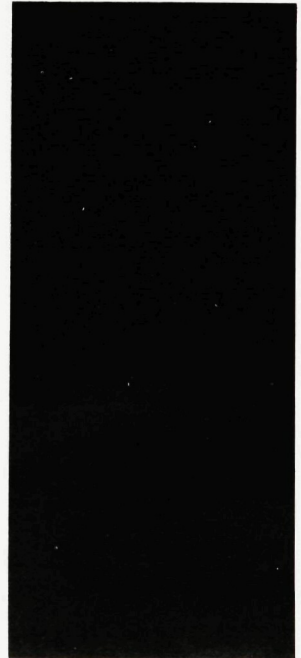

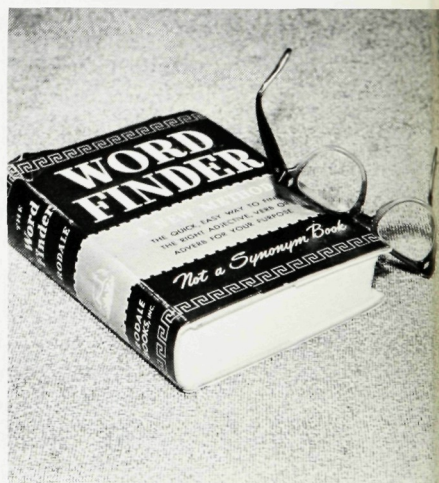

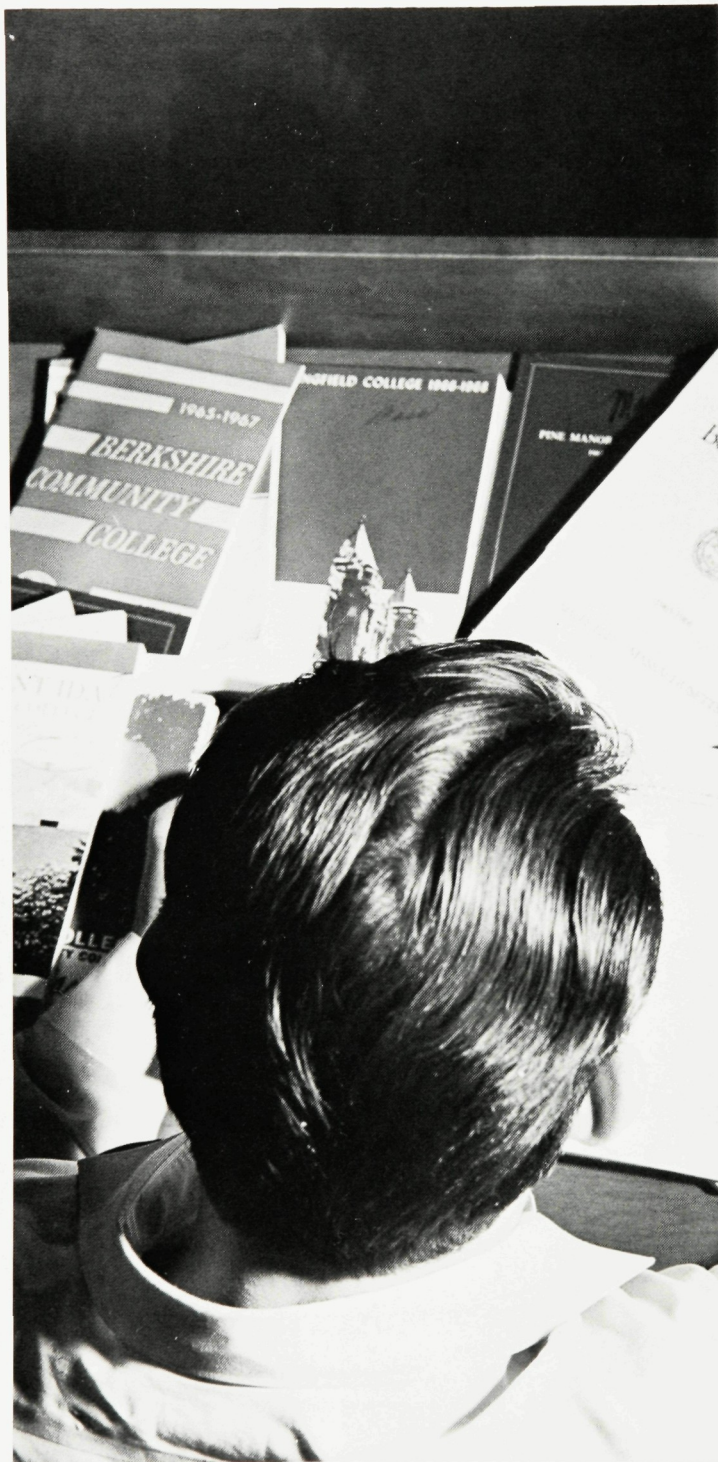

It is an established tradition for a class to dedicate its yearbook to someone. Unlike many other traditions which have lost their meanings over the years, this tradition is still as full of significance and import for all involved now as when it was initiated.

It is generally not an easy task for a class to determine to whom its yearbook will be dedicated. A yearbook holds the precious memories of four years of high school, and no segment of its construction should be regarded with levity or paltriness.

A dedication is not only an expression of gratitude but it is also one of the highest accolades a class can bestow. It is a "Thank You" from the class to a person who has helped to make that class' high school career more enjoyable, more memorable, and more meaningful. A yearbook is dedicated to a person who commands the respect and admiration of the class.

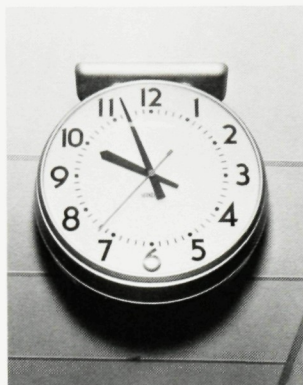

In appreciation for the tireless efforts and aid given to the students of Belleville High School, we the class of 1967 are proud to dedicate our MONAD to Mr. Leonard P. Marciano.

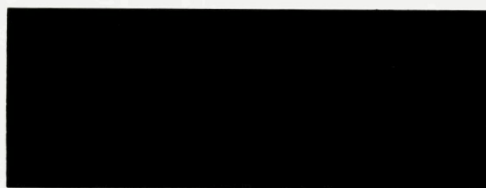

Time ripens all things; no man is born wise

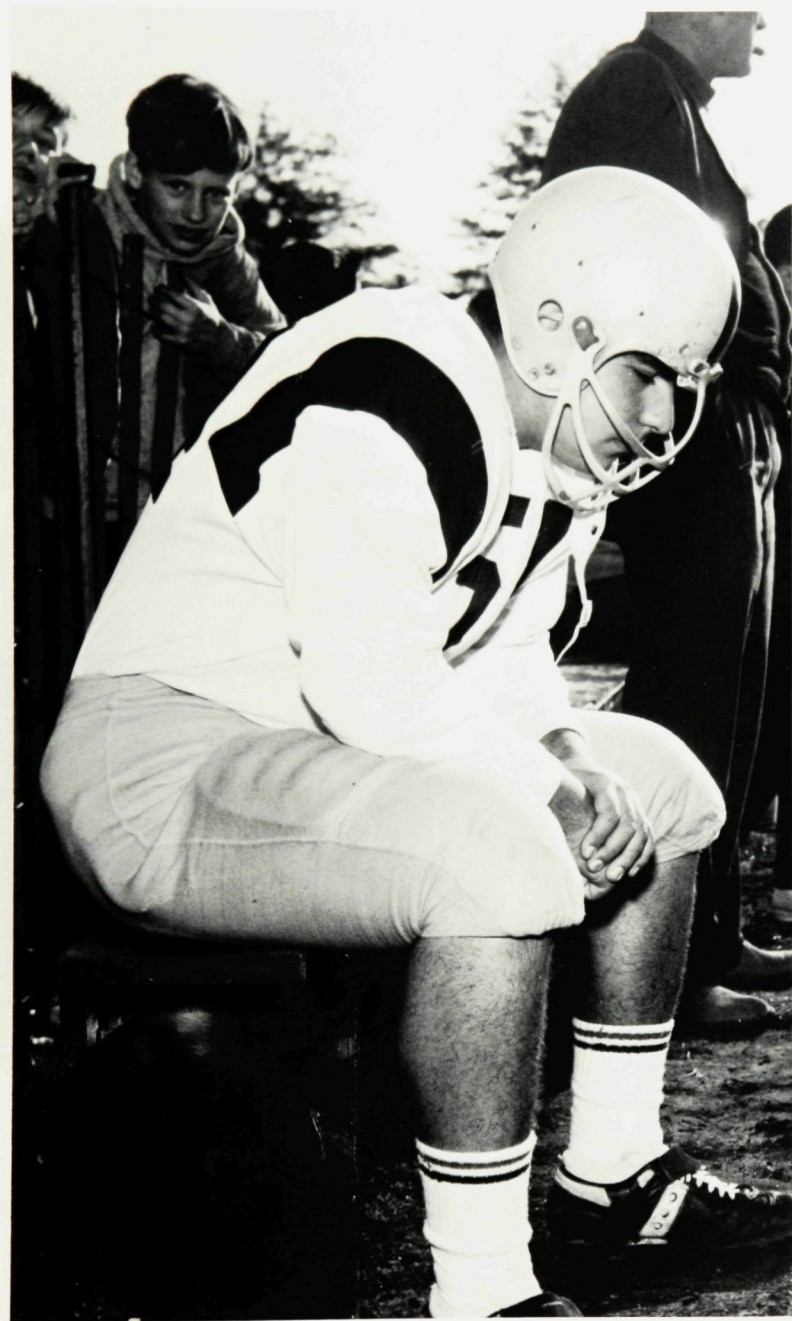

Time is infinite movement without one
moment of rest

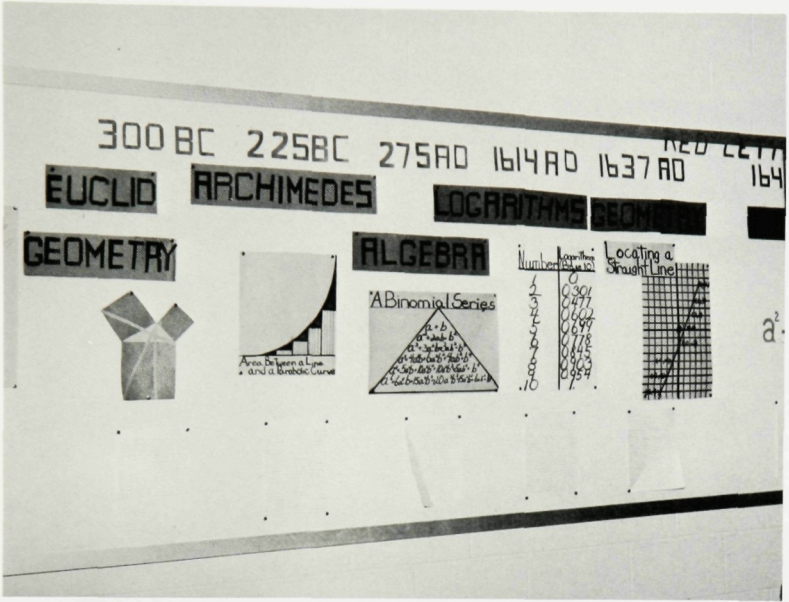

Step by step, since time began, one sees
the steady gain of man

Youth is the time for extraordinary toil

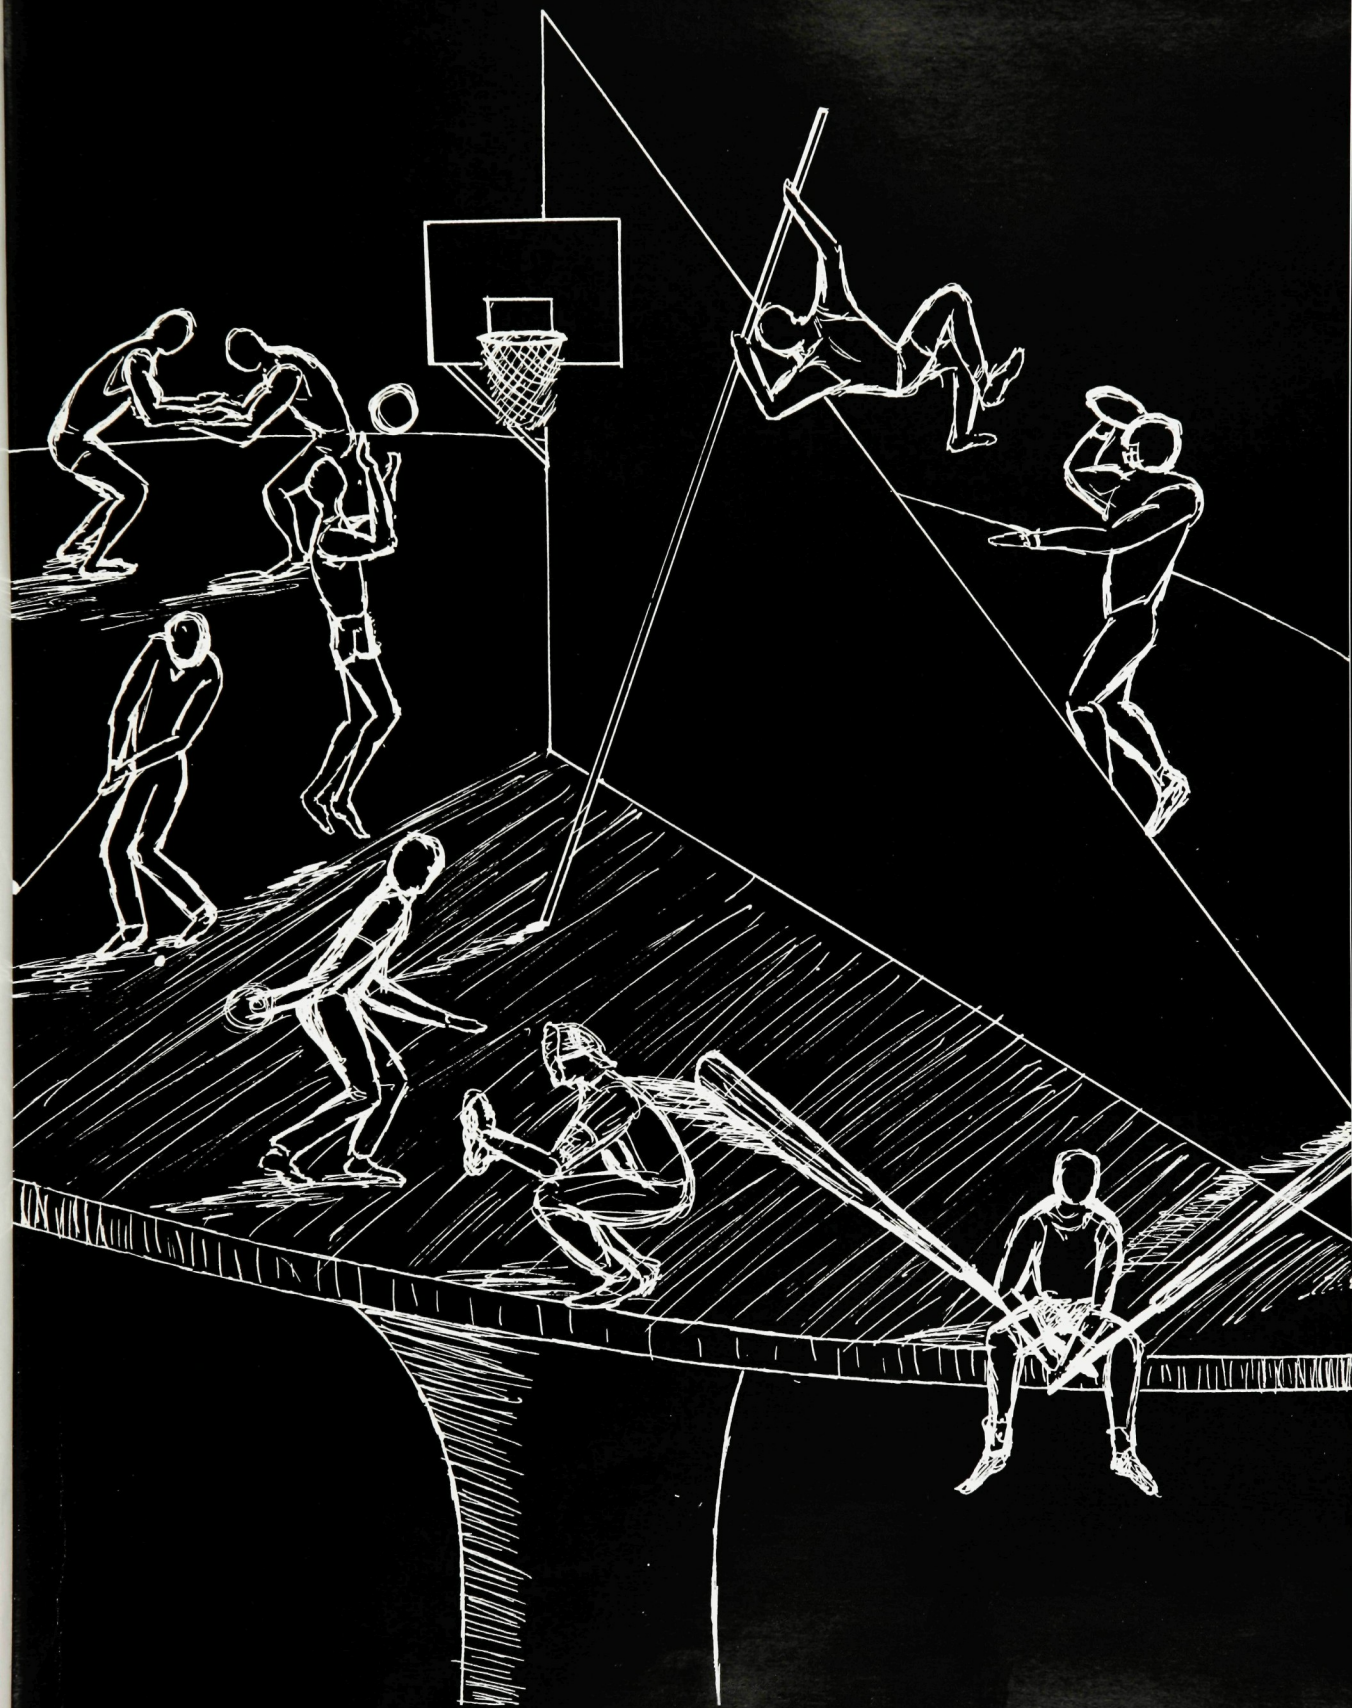

Pleasure and action make the hours
seem short

SPORTS

Physical fitness is an important part in the future of our youth.
