

The Quill

There seems to be a lot of interest in the action of members of the Clark Board of Education during the recent Newark teachers strike.

Board President Robert Salvesen said today that the Board of Education has considered the matter and as yet has not taken any action.

Despite widespread protest from some Clark residents, it doesn't seem that any will be taken - or is called for.

The action of members of the teachers union does not legally affect their positions on the board; they were not using elected office for personal gain; and they did not in fact "lead" the strike.

Perhaps, everyone has learned a lesson from the incident. And that seems more important.

We wonder what action Council is planning concerning residents' requests during the last Council meeting that the Clark recreation program be put under the auspices of the Board of Education. Many citizens urged appointment of an active chairman for the recreation committee and said that they wanted the recreation program put under the Board's jurisdiction "because of the professional help which would be available." Other residents disagreed. They urged keeping the recreation program under the direction of township citizens who volunteer to serve on the committee.

We hope the Council considers both sides carefully - and reaches a decision soon.

We applaud Council's \$13,000 allocation for acquiring the land necessary for installing the traffic light at the intersection of Valley Road, Broadway and Walnut Avenue. No one needs further proof of the corner's danger. Let's hope that further bipartisan support and cooperation will hasten the installation of the traffic light.

Now that the Council at long last has voted to lower the units per acre from 20 apartments to 16 - let's hope that each apartment construction proposal is considered as carefully.

That Abraham Clark School music program sounds like the students (and, of course, the teachers) have put a lot of work into it. Let's give them the support they deserve.

We've had a lot of questions lately about submitting news to the Clark Patriot - so here's the scoop! Deadline for news which is left at the Clark Police Station is 5 p.m. on the Monday prior to publication.

Deadline for news mailed or delivered to our offices at 1470 Broad Street, Rahway, is 5 p.m. on Tuesday.

Deadline for pictures mailed or delivered to our office is noon on the Tuesday prior to publication.

We ask that copy be typewritten if possible - and that the spelling of names be checked for accuracy.

For obvious reasons - we try to avoid taking news over the telephone because there's such a possibility that errors will be made in obtaining the information.

We want the news of your club or organization - but not if you've published it in another paper first. Old news is no news. So try to submit the news to your hometown paper so that we can carry it the same day or sooner.

See you in print!

Civic Association Invites Residents To Hear Agent

The Southwest Civic Association will hold its regular monthly meeting on Monday at the Frank K. Hehly School. The business meeting will begin at 8:15 p.m. and will include a report from the Nominating Committee of their recommendations for the 1966-67 slate of officers.

James P. Maguire, President of the Southwest Civic Association, announced that the guest speaker will be Eric H. Peterson, Jr., Union County's Agricultural Agent.

One of the top county agents in the country (he received the Association of County Agricultural Agents Distinguished Service Award in 1963), Mr. Peterson is constantly on the go. His activities include a current all-out war on ragweed, never-ending telephone pleas for information and advice on insects and lawn care, lecturing, and helping set up courses for Rutgers University's extension service.

Two years ago, Mr. Peterson was called upon to represent Rutgers on the county level

as an extension agent due to a volume of requests for information on solving problems related to increased home and industrial developments. Although the "Peterson Project" still has a year to run, a full evaluation will be made when the 3-year program is completed. To date, the agricultural agent has been instrumental in setting up an extension course for county welfare workers, a program for bank directors on appraisal, and currently is working on a course due in November for farmers and nurserymen in business management.

Mr. Maguire extends an open invitation to all residents of Clark to discuss spring lawn and shrubbery problems with Mr. Peterson. Refreshments will be served.

Luncheon Buffets for Glutton Gourmets

How would you like an "all-you-can-eat" weekend luncheon for only \$1.50? Not just any old luncheon, but a buffet where you can take as much as you want of anything. And this is no ordinary "cold-cuts-and-potato-salad" buffet. It's a glorious layout of hot and cold dishes from salads to desserts. Your host, Emil Rutkowski, leads you to a buffet table filled with

international dishes. A typical bill of fare might include one of six different styles of chicken, roast beef, sauerbraten, swordfish steak, Lobster Cantonese, Chinese spareribs, and veal parmegian. And the selection changes every day. If you prefer quick table service, you can order from a complete lunch menu. Or you can stop by later for a feast of a dinner and hearty Twin City cocktails. And

if you're having a large party (up to 700), it makes sense to have it here. What's Twin City's secret of big selection and small prices? Modern gas is part of it. It's the dependable, economical fuel used for all cooking and hot water as well as the two gaslights which enhance the canopied entrance. Come in soon and stuff yourself.

This Good Advise Not Accepted

Overcome by fatigue, a cautious and careful driver turned off U.S. Highway 1 and parked under a sign in the Henkenius Atlantic Service Station reading "Keep Your Car On The Go." Shortly after "hitting the Land of Nod" a trailer truck jack-knifed in a highway accident and landed on top of the parked vehicle. The drowsy occupant stretched himself and stepped out of the car uninjured, but somewhat chagrined at the turn of events.

Hofstra Invites College Bound Seniors To Look

College-bound high school seniors from Union County are invited to investigate the new residential facilities at Hofstra University. Hofstra, a private, non-sectarian, coeducational university, is located in Hempstead, Long Island, a suburban community 45 minutes by car from Manhattan.

Hofstra's Assistant Director of Admissions Douglas A. Patton will meet with the guidance counselors of Rahway Senior High School, Linden High School, New Providence High School, and Summit High School on Friday, April 29.

Hofstra, with an enrollment of some 11,000 students -- approximately half of whom are full-time day undergraduates -- is constructing the first two residence halls in its 30-year history. The buildings -- one for men and one for women -- are now being constructed and will be ready for occupancy by a total of 450 students in September 1966. Hofstra, which

became a university in 1963, continues to place strongest emphasis upon providing a firm foundation in the liberal arts and sciences. The University also contains a School of Education and a School of Business.

Mr. Patton declared: "We believe that there are many students in the Union County area who can meet Hofstra's rigorous academic standards, and who would enjoy our country-like campus so near New York City."

Employers Legislative Comm.

Supporting State Sales Tax

Support for a state sales tax to finance New Jersey's growing needs in transportation, education and institutions and agencies has been announced by the Employers Legislative Committee of Union County.

In a letter to the county's two state senators and five assemblymen, Donald P. Taylor, E.L.C. county chairman, said:

"The Employers Legislative Committee of Union County recognizes and acknowledges the need for additional revenues to provide adequate support for transportation, education and institutions and agencies in New Jersey. In view of the already heavy tax burden carried by private citizens and business firms, the only solution seems to be a broad-based tax."

"We wrote to you previously in opposition to a state income tax, which we felt would hinder the economic growth of New Jersey by discouraging the recruitment of high caliber personnel by business and industry."

We feel this is a particularly significant factor in view of the great concentration of research and development here.

"However, we are mindful of our responsibility to help maintain necessary state services and therefore respectfully urge your support for a restricted sales tax to provide the additional revenues needed by the state. We further urge that any sales tax legislation contain provisions which detail and limit the purposes for which such revenues may be spent. "You may be assured of our support."

The Employers Legislative Committee has chapters in every New Jersey county, representing business and industrial firms. The organization seeks to promote the mutual interests of business, industry, employees and the general public by providing a non-partisan forum to discuss and disseminate information on state legislative matters. Taylor is an attorney at Merck & Co., Inc.

Mother Seton Students Contribute Books For Peace Corps Volunteers

The Future Teachers of America Chapter of Mother Seton Regional High School, Clark, has joined wholeheartedly in the effort to supply Peace Corps volunteers with the books they urgently need in their important overseas work.

The FTA chapter has sent a check for \$56 to BOOKS USA, Inc., in Washington, D.C., to cover the purchase of 14 BOOKS USA paperback packets, each containing ten books. The books are being sent to Jordan, Paraguay, Thailand, India, El Salvador, and Chile in the name of the chapter.

BOOKS USA is a private, non-profit, educational organization which works in close cooperation with U. S. Information Agency and the Peace Corps.

In an effort to increase the flow of good, American books overseas, where they are desperately needed and sadly lacking.

For each \$4 donated BOOKS USA sends overseas a packet of 10 carefully chosen books in the Clark students' name, for distribution by Peace Corps volunteers and U. S. Information Service personnel to foreign schools, libraries, and individuals. The packets cover history and government, understanding America, science, learning English, and children's books. The books are thoughtfully selected and grouped to help the foreign recipient get to know and understand the United States and our way of life, and to give a true, representative picture of our country.

"Hear Ye! Hear Ye!"

To The Editor:

I was one of the people who sent a letter, asking why the paper had not taken a stand in the case of the Newark school teachers who were involved in the Teachers' strike. I didn't sign my name and after reading the paper last week I guess that is why the letter wasn't used. I want to say now that as a taxpayer, with children in a public school, I think the board of education should act immediately to make the men convicted resign from the board now. They were under contempt of court -- and they do not deserve the public trust of that office.

There has been almost no publicity on the case. Why is it being buried? Who is behind this?

I am signing my name but please do not use it. Thank you.

Name withheld

To The Editor:

After reading last week's comment I, too, want to add my complaint of the many others the paper apparently received concerning the conviction for contempt of court of one of the members of our Board of Education.

How can a man who leads a strike of teachers in defiance of a court order expect to earn the respect of members of our community?

With utter disregard for legal authority, how can he be an example for school children who are being taught to respect authority, to follow legal means to accomplish their purposes and to accept the right and responsibility of our system of laws?

The members of the Board have indeed been lacking in responsibility in taking no action on this matter. I trust that some explanation will be forthcoming.

Senator Hughes Urges Support Of Kennedy Day

State Senator Mildred Barry Hughes (D-Union) aims to see May 29th designated nationally as John Fitzgerald Kennedy Day so as to provide fitting tribute to the late President Kennedy and an occasion of rededication to the ideals he instilled in America.

Her resolution calls on the governor to issue a proclamation designating the special day and memorializing President Lyndon B. Johnson and the governors of the other states to issue similar proclamations in commemoration of the birth of President Kennedy.

The citizens of New Jersey would be asked to formulate and sponsor appropriate programs in honor of the late President.

"It is proper that these ideals and inspiration be commemorated on President Kennedy's birthday and that the date be an occasion of national renewal and of rededication to the lofty goals he set for America and the world," Senator Hughes said.

Know Your Union County Government

Freeholder - ARTHUR C. FRIED

NO. 2: DUTIES OF THE BOARD

The Board of Freeholders is basically restricted to the handling of such County affairs as are specifically set forth in the laws enacted by the State Legislature. Generally speaking, the legal duties of the Board are:

1- To levy upon each of the municipalities of Union County an annual tax for the operation of the Courts of the County, The Prosecutor's office, County Welfare needs, construction and maintenance of County roads, bridges and culverts, and for the various general county governmental services.

2- To appropriate tax monies for these services and to direct and supervise such of these agencies as come within the legal province of the Board. For example, while Freeholders are required to appropriate funds for the operation of the Courts, Prosecutor's office, and the County Jail, they have no legal right to control or supervise these agencies, nor do the Freeholders have any investigatory powers in criminal matters. The Freeholders have no regulatory powers whatsoever, except as to County Roads and Bridges. In this respect the County government differs materially from the local municipal government which does possess general police powers under the law; for example, the county cannot adopt ordinances such as building codes and zoning regulations.

Other duties of the Freeholders include:

EAGLES AUXILIARY PLANS PROGRAMS

A donation to St. Jude's Children's Research Hospital for Leukemia was made this week at a meeting of the Ladies Auxiliary to Rahway Aerie, 1863, Fraternal Order of Eagles. Agnes Nelson will hold a social at the home of Mary Smith, 141 West Hazelwood Avenue, on May 5 for the Convention Fund. Plans were made for State President Betty Meehan to visit here on May 16 when the local auxiliary will celebrate Mothers Day. A delegation visited Dover for Presidents visitation. Mary Smith and Annette Myers served refreshments. Mrs. Nelson won the attendance award.

Home "spotting" tips

Here are a few rules for the "do-it-yourself home spotter", from the National Institute of Drycleaning . . . that will help avoid the unpleasant consequences of improper home spotting.

Restrain your home spotting urge . . .

- ... when the fabric is silk, satin, chiffon, taffeta, or any other delicate fabric
- ... when you are unsure about the origin of the stain
- ... when the stain is mustard, blood, lipstick, paint, grass, or ball point ink
- ... when the fabric contains a special sizing to give it lustre, body, wrinkle-resistance, water-resistance, or other special qualities

When in doubt, bring the spotted items to Pan American, where our expert spotters will analyze it and remove the spot or stain without damaging the fabric. However, they're unable to remove spots that have been "set" by improper home spotting. So, don't take unnecessary chances . . . let Pan American help you out of those tough spots.

For 25 Years

a symbol of security

Since 1941 our bank, and thousands of others from coast to coast, have served as volunteer issuing agencies for United States Savings Bonds. It is a service we like to perform, since it helps both our customers and our country.

Our service emblem incorporates the Minute Man of Concord, symbol of the Savings Bonds volunteers. Like the Bond program itself, the emblem marks its 25th anniversary this year.

Millions of Americans first learned to save with Savings Bonds. Through the years their savings have financed homes, college educations, and countless other dreams; yet our citizens own more Series E and H Bonds now than ever before.

Our community is stronger because of the Savings Bonds program, our families and our Nation more secure. This bank is proud of its part in this all-American success story.

Why run your entire heating system all summer just to heat water? It heats water best only in winter when it's running full blast. That's why in the summer you sometimes get chilly showers and lukewarm dishwater. You're also wearing out your heating system faster by running it all summer. Why put up with all this? An automatic gas water heater gives you oceans of hot water all year long. And it does it quietly and economically . . . doesn't heat up the house in summer, either. GREAT OAKS FROM LITTLE ACORNS GROW — and grow they did when a group of Rahway women decided to sponsor a card party for Mrs. Renee Moller, a victim of multiple sclerosis. The party grew to such success that it had to be held in two halls and proceeds reached \$1,400. Presenting a check for this amount to Mrs. Moller are members of the committee (left to right): Mrs. Kay Coughlin, Mrs. Charlotte Shiel, Mrs. Eileen Macaluso and Mrs. Terry Schroeder.

RAHWAY TEACHER ATTENDS WORKSHOP ON READING SKILLS

Mrs. Edward M. Coe, of the English faculty of Rahway High School, attended a conference sponsored by the Articulation Committee of the New Jersey Association of Teachers of English at Princeton Day School on March 12.

Approximately two hundred teachers attended the morning workshops. Mrs. Coe participated in the reading skills workshop, supervised by Mrs. Evelyn Jan-Tausch, Director of Reading for the Scotch Plains-Fanwood School System. The problems of the non-readers and deficient readers at the secondary level were discussed. Mrs. Jan-Tausch noted that most secondary teachers have had little or no training for teaching reading; she also observed that machines have proved relatively ineffective, since the novelty of the machines is usually short-lived.

Mrs. Coe acquired pamphlets and supplementary reading lists for the use of the high school librarian. She will recommend that those books which will aid the secondary teacher to assume the role of reading teacher will be purchased and made available to all teachers at Rahway High School.

Convention Delegates To Be Honored

The Republican Citizens' Committee of Westfield will honor Union County Republican delegates to the Constitutional Convention on Reapportionment with a cocktail party which will be held on Sunday afternoon, April 17, at the Westwood Lounge, 438 North Avenue, Garwood from 4:30 to 7:30 p.m.

The delegates, elected in the balloting which took place on March 1st are: Charles P. Bailey of Westfield, James M. Cawley of Springfield, Peter J. McDonough of Plainfield, Hugo M. Pfaltz, Jr. of Summit and Sidney M. Schreiber of Elizabeth.

Mrs. Ruth Hescok, Social Chairman of the RCC, in extending a general invitation to the Public, has urged that all Republicans make every effort to join with the RCC in honoring our delegates to the Convention.

Two Card Parties: Great Success \$1,400 Raised to Aid Mrs. Moller

"Great Oaks from little acorns grow" — and the growth of a fund raising idea for the

benefit of Mrs. Renee Moller grew indeed — so much so that the two card parties given for her recently raised \$1,400 to aid in meeting medical expenses.

The efforts of a group of women in wanting to help one of their neighbors brought together the combined efforts of the Inman Heights Ladies Association and members of the Roosevelt School Parent-Teachers Association.

The women decided to hold a benefit card party to aid Mrs. Moller, a victim of multiple sclerosis, who is completely incapacitated — but who nevertheless still shows a great interest in her family, her home and other activities.

"The idea spread like wildfire," the committee said, and it was soon necessary to hold the card party in two halls — the American Legion Hall and the Knights of Columbus Hall — in order to accommodate the over-flow crowd.

"Trouble with the coffee pots", "What's the matter with the lights?", "Get more chairs", "Get more cards" — cries rang through the halls as committee members worked to insure an enjoyable evening for the many guests.

The committee has extended its appreciation to many people — from President and Mrs. Johnson and Governor Hughes to state politicians, local officials, civic leaders and the many Rahway businesses who supported the project.

Mrs. Terry Schroeder served as chairman; Mrs. Eileen Macaluso and Mrs. Kate Coughlin as co-chairmen; other chairmen included Mrs. Charlotte Shiel, refreshments; Mrs. John Gallo, publicity; Mrs. Grace Kennedy, 101-1-pop game; Mrs. Kay Papernik and Mrs. Jean Genesi, store donations. William Wolf and George Purdy helped with card tables and members helping with refreshments that evening included: Mrs. Lillian Pickens, Mrs. Betty Brennen, Mrs. Gladys Weiland, Mrs. Vi Matis, and others.

Indians Post 4-1 Victory Over Lions

The Indians varsity baseball team won their first game of the season a 4-1 decision over the Lions of Roselle Catholic here on Tuesday afternoon behind the five hit pitching of senior right-hander Victor Grabachoff. The tall senior fanned seven men during the cold afternoon.

The Indians broke the 1-1 tie in the top of the fifth when Bob Vranken tripled down the left field line scoring Tom Schweitzer who had reached on an error. The Indians tallied twice in the next inning on two hits and two base on balls. The hits were by Joe Anderson and Stan Klusewicz.

Rahway's record is now 1-1 while the Lions are 1-3.

Even though your electric bills may be higher, ELECTRICITY COSTS LESS TODAY THAN IN 1940!

Think of all the appliances you've added since 1940 — appliances that save you countless hours of work and bring a whole world of entertainment and comfort into your home. Our point is, the average home uses more than four times the amount of electricity today than it did then. But the combination of rate reductions and increased use of electricity has resulted in a 44% decrease in the average unit cost of electricity since 1940! Yes, when it comes to electricity, the "good old days" have progressed to "better new ones".

Kindergarten Registration Starts Apr. 18

Registration of pupils who will start kindergarten classes next September will begin April 18 in each of the public elementary schools and continue between the hours of 9 and 12 a.m. and 1 and 3 p.m. through April 22, according to announcement made by William B. Humphries, Director of Student Personnel Services. Children must be five years old on or before January 1, 1967 to be eligible to enroll for Kindergarten classes in September 1966.

In announcing the program, Mr. Humphries stated that all children entering kindergarten in the Rahway Public Schools must have followed the immunization schedule as outlined hereinafter: vaccination; three DPT injections; three injections of polio vaccine; and booster to follow not sooner than one year after the third injection; or three doses of Sabin vaccine may be substituted for three injections if parents so desire.

Parents should arrange with their physician to start this program immediately or to continue and supplement it if the program for the child has been started.

Parents who are unable to have this done by their own physician may call the local Department of Health and make arrangements to have it done.

Evidence must be presented when the child enters in the fall to show the number of injections he has had.

Children not having at least vaccination, two injections or doses of polio vaccine, and three DPT injections by September 1st will be refused admission until they comply with these rules, Mr. Humphries stated.

During the week of kindergarten registration, children entering the class in September will be permitted to visit a kindergarten for a short time on Wednesday, April 20 from 9 to 11 a.m.

Easter Birthday Celebrated By Scott W. Walton

Scott Wayne Walton, son of Dr. and Mrs. Robert B. Walton of 798 Central Avenue, celebrated his eighth Easter birthday on Tuesday, April 5th with a luncheon party for his friends at his home. Excitement was enhanced when poetic invitations were received by the guests. William Wight won first prize in the Easter Egg treasure hunt, but the hit of the party was the sawdust treasure hunt, and it was a joyful sight to see all the boys down on hands and knees, searching for several hundred shiny pennies in a huge mound of sawdust. Scott's mother hastily adds that this particular game was held in the yard.

The Walton home was prettily decorated in Easter pastels and Scott cut his tiered birthday cake shaped in Easter Egg form. Among the guests were John Bober, Peter Kobran, Harry and William Wight and David Stiglich.

Scott celebrated with a family party on Wednesday, April 6th, with the help of his grandparents, Mr. and Mrs. Herbert H. Walton of Neshanic. Scott is the third of the Walton children to be born on a holiday. Scott, on Easter; his sister Wendy on St. Patrick's Day, and his sister Bobette was decorated at home by her dad on Thanksgiving Day, and his cousin, Louann Kern of Pittsburgh, Pa. was born on Christmas.

Both of Scott's grandparents celebrate their wedding anniversaries on special days; his paternal grandparents on Halloween, and his maternal grandparents on the Massachusetts State holiday, April 19th, Paul Revere Day. Happy Holidays truly reign in the Walton Home.

YMCA Day Camp Registrations Accepted Now

With nearly all openings filled at Camp Speers, the Rahway Y.M.C.A. is bending every effort to promote an outstanding day camp program at Camp Fairweather this summer. To date, 19 registrations have been received and many are anticipated in the next few weeks because the folder describing the stay-at-home camp program has just been released in several communities.

Because of a dividing of the camp into two units, the age has been reduced to 6 years of age, for the first time. One unit will serve boys and girls from 6 to 8 years of age, while the other will program boys and girls from 9 through 12 years.

The younger camp will carry on the program as it was in the past five years, beginning at Rahway River Park, carrying through the lunch period at the park. In a couple of bus trips, the campers in this unit will be returned to the "Y" for swimming instruction, bowling, gym activities and crafts. The site used by the younger unit is "Hickory 1 & 2".

The older unit will begin its day at the "Y" building. Participants in this unit will be taken to the "Roadside" site at the park about 11:15 a.m. where they remain until the return to their home begins about 3:15 p.m.

Because the "Y" building will be used by both groups during the day, a much-improved craft program is being designed for participants of both units. Also swimming instruction will be carried on over a longer period of time under separate teaching staffs.

Three Candidates In Training For Police Force Appointment

Three Rahway young men ranging in age from 21 to 24 years are attending the State

approved Police Academy conducted by the Essex County Chiefs of Police at the West Orange Armory to prepare themselves for appointment to the Rahway Police Force, it has been announced by Acting Chief of Police Herbert Kinch.

The candidates, all of whom have passed the preliminary examinations, must pass the course of instruction at the Police Academy as a condition of employment. Attending the school are: Daniel F. Stone, 21 of 650 Harrison Street; John J. O'Connor, 24 of 548 Harrison Street; and Stuart F. Buckman, 22 of 538 West Grand Avenue.

The course of instruction set for the trainees is long and rigorous. Students attend classes 9 hours a day five days a week for nine weeks prior to their graduation. If these men meet the requirements of the course they will be available for work on the local police force sometime during the month of June.

With the addition of Stone, O'Connor and Buckman, the local police force will be brought to 63 members including one Chief, two deputy chiefs, four lieutenants, six sergeants, six detectives and 44 patrolmen.

The high figure for personnel in recent years has been 66 and the low 60.

The regular officers operate with 8 patrol cars, two motorcycles, one detective car, and one patrol wagon.

In addition to the uniformed force, the city employs school crossing guards to man 41 posts and hold three substitutes on reserve to fill in when necessary. Three school posts have to be manned by regular police officers because of the heavy duty involved. One of these stations is at the intersection of Irving and Central and the other two on U.S. Highway 1. While not on duty at these intersections, these officers are used for other duties whenever needed.

The Indians blew a 3-1 lead over Roselle going into the top of the seventh to gain a 3-3 tie in a game called after seven innings because of darkness.

After the Rams had jumped off to a one-run lead in the top of the third, Rahway tied up the game when Dave Holland, Vic Grablechoff reached on an error. Gary Erick bunted both men up then Joe Anderson's long fly to center sent Vranken home, and Mike Kureczka singled to short center scoring Grablechoff.

With senior right-hander Vick Grablechoff rolling along with a two-hitter in the last inning, Roger Durham opened the last frame with a hit to left. Al Prosk fanned, Tom Sumner hit a ground ball to Joe Anderson who booted the ball and all were safe. Then Chris Faget singled to left to fill up the sacks, Bork ran for Foget, Mike Griffin singled to center scoring Durham and then Walt Doney's hit to short right tied up the game.

The Indians opened their sea-

son last Tuesday afternoon by losing to the Raiders from Scotch Plains-Fanwood 11-1. Leadership Responsibility Topic For Rahway High School Assembly

The Quaker Man is coming to Rahway High on April 22nd. The striking figure with whom the American public has been familiar on Quaker Oats packages since 1877, has been brought to life to bring a message about the America he knows to audiences all over the country.

Clad in the garb of Colonial days, Mr. Quaker will speak before Rahway High School Students, Friday, April 22nd. While he is in the area, he will also speak at several high schools.

As a symbol of American heritage and democratic principles, Mr. Quaker has spoken to more than 2,000,000 high school students and adults through the entire country since January, 1954. He averages 80 to 90 thousand miles of travel annually.

In his talks to high school audiences, Mr. Quaker stresses, among other things, that today's teen-agers will soon inherit leadership of the free world and the responsibility that goes with it. He devotes much of the talk to an explanation of the meaning of "Free World Leadership." His unique understanding of our young people enables him to "reach" them in a remarkable manner.

The interesting and dramatic manner with which Mr. Quaker contrasts Democracy and Communism has won him the unqualified endorsement of educators, parents, students and civic clubs throughout the nation. This unique approach is presented in a manner both informative and inspirational.

Junior High Wins First Two Games Of Young Season

Coach Bill Dolan's junior high school baseball team won their first two games of the season, a 4-1 victory over Clark and a 4-3 decision over the Edi-

The introduction of Mr. Quaker to the American scene several years ago represents the first time that a large food manufacturer has brought to life a widely known trademark to discuss important national problems.

In real life Mr. Quaker is Val Gould, well-known actor, dramatic reader and TV personality. His appearances nationwide are sponsored as a public service by the company.

son Junior High of Westfield. The little Indians pitcher Tommy Fitzgerald allowed three hits, walked two and struck out twelve.

The losing pitcher was Schaefer who struck out nine, walked three and allowed five hits. Joe Skupien led the Rahway team with two singles in four times at bat in the win over Edison. The high light of the game was the great catch by Gabor Dancseec in the last of the seventh with Blue Devils in scoring position. The winning pitcher was Bill Will, Rahway scored twice in the second with one-down, Howard Karmel reached on an error, he then scored when George Smith, singled to left and Smith raced to third when the ball went through the left fielders legs. Smith scored when the throw from second was late at the plate on an infield hit by Jim Heaney.

In the third inning pitcher Will walked and scored when Tom Fitzgerald doubled, he also tallied on an outfield fly by Larry Giannichini.

Members of the team are: Tom Fitzgerald, William Will, Maurice Tufano, Don Hoagland, Steve O'Kaley, John Legin, Jim Jordan, Don Young, Pat Heaney, Dennis Ralston, George Fargo, George Smith, Lee Hoodrow, Howard Karmel, Ron Miller, Joe Velotti, Jim Heaney, Craig Huggler, Joe Skupien, Andy McBride, Bob Juhas, Larry Giannichini, Richard Sprofer, Jerry Pushko, Bernard McDuffy, Dave Hook, Jack Glassee, Gabor Dancseec, and John Burhit.

How To Choose College Right For You

"I've heard all these terrifying stories about how hard it is to get into college. Now I have to choose one — and I don't even know where to begin."

This is typical of high schoolers' laments these days — and with good reason. Entrance requirements have stiffened, and choosing one of our 2,339 colleges is difficult. But stories are exaggerated, and unless your grades are very poor and you insist on a top Ivy League school, there's a college just for you somewhere. Now, how to find it!

First, we'll have to narrow the field. Let's—with that important factor, money. How

much can your parents afford? Can you count on scholarship aid? Do you plan to go away? That will add traveling costs as well as board. A budget will whittle many colleges from your list.

Step two: Home or out-of-town? Between us, forget out-of-town unless you can discipline your work and fun. Many teens actually need prodding parents to make good grades. If you can go it alone — then where? As an easterly you might want to explore a west-coast school. Hate extreme winters? Steer clear of the midwest. Want to come home weekends, holidays? Select a school within reasonable distance and cost.

Three: Do you have a spe-

cial interest and vocational goal? Certain schools excel in drama, like Northwestern; journalism is top at Missouri; Brandeis is great for politics. Do you want a special atmosphere? Antioch is beatnik; Rochester is rah-rah. Every school has a personality. Large or small? Each brings advantages. There are more students, subjects, profs, extra-curricular activities to choose from at a big school. At a small one, classes are intimate, teachers get to know you. What social climate is best for you?

Town or country? Big-city colleges offer extra cultural and social advantages, no doubt about it. But if you've been a city dweller all your life, you may crave grass, rolling campus, the coziness of a college town.

Want to go stag or co-ed? Pros and cons: all-girl and all-boy schools offer less sexual distraction and a more relaxed atmosphere, especially in dressing. How do you get dates? The school administration always arranges mixers! At co-ed colleges, dating is more casual and you learn to move easily with the opposite sex. But there's always the risk of overdoing it and of grades suffering. Again, some honest self-quizzing will help you choose. But one suggestion — college will be that much more successful for you if you have not only good grades but a good time as well!

Strange Fires Alert Safety Council

Disastrous fires in neighboring cities seemingly caused by arson, precipitated a lively discussion Tuesday night at the meeting of the Rahway Safety Council held at the residence of Louis R. Rizzo, president, 1065 Madison Ave., and resulted in an appeal to the Rahway Fire Department to be specially alert for conflagration of this type and having the cooperation of the police in checking all suspicious circumstances.

A number of stores and buildings that appeared to be particularly vulnerable to this type of burning were listed and will be of special concern. Taking part in the enumeration were Robert R. Miller, James Reagan, Carl Carlson, Vincent Keller, Burton Arnold, Fred Rizzomaldi, and President Rizzo. Complaint was received from Charles A. Grodzinsky, Jr., 355 Russell Avenue of the threatened danger to life and property from baseball played in adjacent Tully Field at which point the fence is low and balls hit home and narrowly miss individuals. The city officials will be asked to increase height of fence and have baseball played on the regular diamond.

The dangers to children and pedestrians on sidewalks from falling debris from overloaded trucks will be placed in hands of police for investigation and action. An award will be made at next Safety Council meeting on May 10 to the school crossing guard who has been most efficient at street crossings.

Presentation of National Safety awards to the various schools will be arranged by the directors in the various schools. The 295 members of the school safety patrols and the school directors will be given special recognition in a bus ride to West Point on May 3, with May 5 as the alternate date in case of rain. Proper cleaning up of glass and debris after an auto accident will be pressed.

The serious need of stop signs at Cherry and Irving Streets and Elizabeth Avenue and Irving Street was emphasized and cooperation of city officials will be sought. Speeding in some principal streets and illegal parking and passing stop street signs will be given special attention.

The concert, which will begin at 8:30 p.m., will be held in Symphony Hall, 1020 Broad St., Newark. Tickets may be obtained by calling 484-4880.

Rahway women who are working on the committee for the concert include: Mrs. N. J. Liston, Miss Alice Firgau, Mrs. William Haggerty and Mrs. John Firgau. Clark committee members are: Mrs. Edward Veltre, Mrs. Michael Dudek and Mrs. Thomas Basile.

Sixteen-year-old Mr. Alfidi, gifted with extraordinary musical talents, will journey more than 3,500 miles to bring help and pleasure to thousands of New Jersey youngsters who have been deprived of the ordinary gifts of life, the committee said.

The event is being sponsored to raise funds for a new diagnostic and treatment center for retarded children. Plans for the center call for its location in a downtown Newark hotel. The noted young pianist is giving up his Easter vacation to fly here from Switzerland, where he is currently studying.

Joseph was only seven when he made his debut at Carnegie Hall conducting the renowned "Symphony of the Air." Subsequent performances in the United States and Europe won him the acclaim of masters and critics alike and some went as far as to hail him as a

VIP Club Asks Support Against Wall

Charles Brown, President of the "Voters Independent Political Club of Rahway," has called upon all local Negro leaders and citizens to unite with the National Association for the Advancement of Colored People in supporting the current program of action for removal of the wall which will "permanently divide our town."

Mr. Brown asserted the old political ties must be cast aside if the Negroes are to be successful in their opposition to the wall and to the many other problems they face in Rahway. "What we need is a demonstration of our independence as Citizens and as voters," he stated, "if we are to make the progress we are clearly entitled to."

He invited other Negro leaders in Rahway to get together not only to give maximum support for the fight against the wall but also to develop "a consistent program that will make our weight felt in all phases of government."

Miller, Cook Win Public Speaking Awards Contest

Kenneth Miller and Donald Cook, representing Rahway High School and Karen Roselle, representing John P. Stevens High School, finished in that order in the 21st annual public speaking contest sponsored by Rahway Lodge #16, Knights of Pythias, at the Stevens High School in Edison.

Prizes were given to all contestants by Rahway Lodge and the National State Bank contributed a savings bond and two savings accounts to the winners. Rabbi Jacob Rubenstein of Rahway, William J. Dunham, Professor of Political Science at Seton Hall and Charles Winetsky, Linden attorney were the judges.

Kenneth Miller will compete in the state semi-finals later this month. The New Jersey winner will be given a four year scholarship at St. Peter's College Jersey City along with an opportunity to win additional scholarship funds in the national contest.

Rahway-Clark Women Plan Alfidi Concert

Mrs. George J. Wrasman of 10 Acken Drive, Clark, is chairman of a benefit concert which will be presented for the Mount Carmel Guild Saturday evening.

The concert will feature world-famous pianist and conductor Joseph Alfidi.

The concert, which will begin at 8:30 p.m., will be held in Symphony Hall, 1020 Broad St., Newark. Tickets may be obtained by calling 484-4880.

Rahway women who are working on the committee for the concert include: Mrs. N. J. Liston, Miss Alice Firgau, Mrs. William Haggerty and Mrs. John Firgau. Clark committee members are: Mrs. Edward Veltre, Mrs. Michael Dudek and Mrs. Thomas Basile.

Sixteen-year-old Mr. Alfidi, gifted with extraordinary musical talents, will journey more than 3,500 miles to bring help and pleasure to thousands of New Jersey youngsters who have been deprived of the ordinary gifts of life, the committee said.

Queen Mother Elizabeth of Belgium visiting Alfidi at home in Yonkers June 22, 1962.

"newborn Mozart." He so moved the late Queen Mother Elizabeth of Belgium, one of the world's most noted music patrons, during a command performance in Brussels in 1960 that she promised that if ever she came to the United States she would visit the Alfidi home for a private performance.

Many will remember the fulfillment of that promise in June 1962.

It was she who urged him to go to Europe to pursue his studies and she, above all, who encouraged him to compete for the coveted Chapelle Scholarship for European study. Joseph was called to the palace on several occasions to play for the Queen Mother and it was during these visits, he relates, that she would speak of her ambitions for him.

Health Spending Share

CHICAGO—Americans are increasing spending for health care.

But they still spend more for tobacco than for hospital care, and more for cosmetics and haircuts than for doctor bills, reports The American Medical Association.

Spending for health care totaled \$25.2 billion in 1964, according to figures of the U.S. Department of Commerce. That's an increase of 7.8 per cent from the \$23.4 billion spent in 1963.

Hospitals receive the largest share of health-care spending—about 30 cents of every dollar. The total spent for hospital care in 1964 was \$7.6 billion. This compares with \$7.8 billion spent on tobacco products.

Other portions of the health-care dollar are divided among drugs, 17 cents; dentists, 10 cents; health insurance, 7 cents; appliances, 4 cents; and miscellaneous expenses, 5 cents.

The remaining 27 cents goes to physicians. This percentage has declined slightly over the years. Twenty years ago, physicians received about 28 cents of every dollar spent on health care.

Expenditures for physicians' services totaled \$6.8 billion in 1964, compared to \$7 billion spent on personal items such as cosmetics, haircuts, and toiletries.

This was the distribution of the health-care dollar 10 years earlier: hospitals, 24 cents; physicians, 28 cents; drugs, 18 cents; dentists, 12 cents; health insurance, 8 cents; appliances, 5 cents, and the other services, 5 cents.

The Department of Commerce reported these expenditures for health care in 1964:

Hospitals, \$7.6 billion, up 12.5 per cent over 1963; physicians, \$6.8 billion, up 5.5 per cent over 1963; drugs, \$4.4 billion, up 5.2 per cent; dentists, \$2.4 billion, up 5.8 per cent; health insurance, \$1.8 billion, up 6.3 per cent; appliances, \$1.1 billion, up 9.7 per cent, and other services, \$1.2 billion, up 6.9 per cent over 1963.

Build, Then Plant

SCIENTIFIC PROOF OIL COSTS MUCH LESS THAN GAS in Union County

If you now heat your home with gas, these figures should open your eyes to the BIG savings with OIL!

Here's scientific proof of BIG oil savings — based on official gas rates from the N. J. Board of Public Utility Commissioners and the market price of oil.

Remember: — when you purchase gas or oil, YOU are actually buying units of HEAT. HEAT is measured in "BTU's" (British Thermal Units). A gallon of OIL produces 140,000 BTU's (heat units). That's scientific fact! A cubic foot of GAS produces 1000 BTU's. That's also scientific fact!

NOW — Compare \$25 worth of GAS with \$25 worth of OIL. How many HEAT units would you

get from OIL? How many from GAS?

For \$25 you get 15,250 cubic feet of GAS. Since each foot gives you 1000 BTU's — you get a total of 15,250,000 BTU's of HEAT for your \$25 worth of GAS!

The same \$25 gives you 166.6 gallons of OIL. At 140,000 BTU's per gallon — you get a total of 23,324,000 BTU's of HEAT for your \$25 worth of OIL!

THIS IS SCIENTIFIC PROOF OIL GIVES YOU 53% MORE BTU's of HEAT for the very same \$25 !!!

DON'T BE MISLED BY ANYONE TRYING TO TWIST THESE BASIC FACTS!

This is the only scientific way of comparing gas and oil heating (and hot water) costs! Don't let anyone try to doubletalk you with side issues!

WATCH OUT when they try to tell you "service" is any more expensive with oil. That's not true. Every heating and hot water system — gas or oil — needs maintenance! It's even more important with a gas system because of the dangers of gas.

WATCH OUT when they start to mention "cleanliness" and decorating costs. Impartial

experts all maintain that both oil and gas are equally clean. Some painters even say it's more expensive to paint a gas-heated house than an oil house!

WATCH OUT when they start to talk about "efficiency". Both gas and oil furnaces are rated at equal efficiency. The Federal Government says so!

WATCH OUT when they talk about electricity costs with oil. Ask them about the cost of pilot lights — \$9 each per year, and they produce no heat, no hot water, no nothing!

STAY WITH OIL! SWITCH TO OIL! INSIST ON OIL in your new house! No other fuel is Cheaper! Cleaner! Safer! or as Powerful!
