The Quill . . .

A few weeks ago, Assemblyman Henderson of Rahway and his Democratic colleagues in the Assembly Higgins and Gavan voted for the state income tax - in spite of the widespread public sentiment against the tax. The three talked of the "needs of the state" which made the tax necessary.

And this week, the same three vote against the state sales tax. Interesting . . .

In answer to the questions we've received regarding the appointment of an attorney for the Board of Adjustment, it appears that the attorney may be appointed to serve the Board prior to his taking the Civil Service exam.

The attorney may be appointed, the Business Administrator said today, without having taken the exam. When the next scheduled exam is given, any attorney interested in requesting the position may take the exam. Council may select an attorney from among the top three for appointment to the Board.

Now if we's just have a Council meeting, move on the appointment, and save the township possible expense for actions taken by the Board without the benefit of officially appointed legal counsel . . .

There's a young boy in town, who's suffering from a rare blood disease - but he certainly isn't suffering from lack of help and encouragement throughout Clark. Eric Trinker, 8, of 7 Hillside Avenue has been sick since November.

In order to help defray medical expenses, the Clark Jaycees have established a Fund, to which donations will be accepted. -

Other planned fund-raising projects include an Inter-Service Club baseball game.

It's about that "mysterious \$36,000" room in the new library. We've been asked about it so here's the scoop: At the March meeting, Council voted \$36,000 to complete construction of the library. Of that sum, \$13,000 was earmarked for the completion of the downstairs area which includes a public meeting room, storage and rest facilities in the basement.

It was decided that if the township waited until a later date to finish the area construction and labor costs would have meant a substantial increase. The rest of the money, \$23,000, was allocated just to cover original construction costs - for which bids came in higher than the original amount voted for the library.

It's an expensive proposition, but not a \$36,000 room!

Monday evening's Council meeting revealed flagrant abuse of the responsibilities accepted in assuming a public office and accepting a public trust.

With only the three Republican members of Council present for the meeting, there was not even a quorum present to conduct the vital business of the township.

Although Councilman Catalano could certainly be excused by reason of the death of his mother-in-law, the absence of the other two Democratic members of the Council is inexcusable. Especially when the business at hand was so essential.

It's not exactly as if the township affairs are running smoothly - with all the diverse interests of the residents taken care of properly.

What of the time and interest of those members of the public present for the meeting. What's the status of important legislation which was to have come up for a vote Monday evening? And to say the least, where does this leave the appointment of a man to fill the vacant Council seat?

This paper has made it perfectly clear that this appointment of a Councilman is a Democratic post, won by the Democrats in the last election, and the man should rightly be the one most acceptable to the Democratic Council members.

We hope that they will initiate some action on this Friday evening.

CROWDED SHELVES AND CARNIVALS - The crowded shelves at the Clark Free Public Library and a carnival organized by two Clark girls had a lot in common this week. The girls, Kathy Ginesi, 12, daughter of Mr. and Mrs. Peter Ginesi of 144 Willow Way, (left) and Carolyn Furst, 12, daughter of Mr. and Mrs. Frederick Furst of 12 Grove Street organized a carnival for neighborhood youngsters last Saturday and earned \$20, which they donated to the Library for the new facilities now under construction. Edward A. Temkin, Director, chuckles over the letter which the girls sent with their donation.

Girls Earn \$20 For New Library

The crowded shelves at the Clark Free Public Library led to a crowded backyard carnival last Saturday as two Clark girls presented a neighborhood carnival for the benefit of the new library.

Carolyn Furst, 12, daughter of Mr. and Mrs. Frederick Furst of 12 Grove Street and Kathy Ginesi, 12, daughter of Mr. and Mrs. Peter Ginesi of 144 Willow Way, featured games, prizes and refreshments at an all-day carnival which was attended by neighborhood youngsters, some parents and even the Mayor and library officials.

After working "about a week and a half," the girls greeted about 25 youngsters who came to fish for plastic eggs, toss rings, pitch pennies, bowl, eat popcorn and ice cream, and buy "white elephant" items - all for the benefit of the new library.

After paying their 5¢ admission fee, the youngsters earned "prize tickets" for winning the various games and were then allowed to choose from a large number of prizes, many of which had been donated by parents. Tired of the games for awhile, they were able to buy homemade chocolate chip cookies "cooked up" by Carolyn and Kathy and took chances on a "homemade pineapple upside down cake," donated by a loyal grandmother.

The girls presented their \$20 proceeds to Edward A. Temkin, Library Director, and enclosed a note explaining their reasons for wanting to aid the new library.

In other news of the library this month, it was announced that in March borrowers broke all previous records and set a new high for library use. They took out 5761 books, pamphlets and magazines for use at home making this the largest monthly circulation in the library's history. At the same time, the library staff helped 488 borrowers to find books and information, setting a new record for reader assistance.

While the library staff was giving service to borrowers, they still were able to register 73 new borrowers and add 162 new books to overcrowded shelves.

In March, Mr. Temkin began a second pilot project of library instruction. Eight graders at St. John's the Apostle Parochial School were selected for this one, The Di-

rector's purpose was to teach four 8th grade classes how to use the card catalog and how to find books on the library's shelves, he reported.

Since St. John's is a regional parochial school, enrolling students from municipalities other than Clark, the Director brought out the main differences of the card catalog that exist in surrounding libraries during his instruction.

Mr. Temkin feels that a public library should offer library instruction as much as it can, to schools who have not yet started their own library program. It is regrettable that more time cannot be given to this type of library service at this time, he said.

Kindergarten Orientation Scheduled

An orientation meeting for the parents of students who will be attending kindergarten in the Clark public elementary schools this fall will be held Monday evening at the Abraham Clark School at 8 p.m.

The meeting, sponsored by the Board of Education, will feature brief talks by Dr. Robert Salvesen, Board President, Mrs. Selma Kovitz, president of the council of Parent-Teacher Associations; and Caesar Marrone, principal of Abraham Clark. A slide presentation, "Five Year Old Adventure", prepared by Miss Claire Lyons, helping teacher, will be narrated by Miss Virginia Butler, Hehnlly kindergarten teacher.

The program will explain the projects planned for the new students, the kindergarten staff will be in attendance and the Abraham Clark kindergarten rooms will be open for inspection.

Adjustment Board To Meet Monday Night

Due to the number of cases now pending before the Clark Board of Adjustment, a special meeting has been scheduled for Monday evening.

At a special meeting on May 2 at 8 p.m. in the Council Chambers six applicants will be heard: Charles Kelly, to erect a car wash on Central Avenue; Clark Riding Academy to erect a barn and stable on Featherbed Lane; William Force to erect building addition to be used as barber shop on Westfield Avenue; Raymond Pitchford to erect residential garage on Claus Road; John Schwarz, Inc. to erect a sign on Westfield Avenue; and Salvatore Caterinicchio to erect a one-family dwelling on Skylark Place.

Rahway Hospital officials today reported the condition of the Rev. Thomas Doherty as satisfactory, following his admission to the hospital on Monday morning following an apparent heart attack.

Father Doherty is assistant pastor at Saint John-the-Apostle Church, Clark-Linden.

It was reported that he had no previous history of a heart condition.

Council Schedules No Quorum Monday; Meeting For Friday

Spring Concert To Be Presented Tomorrow Evening

The annual Spring Concert will be presented by the Vocal Music Department of the Arthur L. Johnson Regional High School on Friday evening at 8 p.m. in the High School auditorium.

The performing groups include the Concert Choir, Bel Canto, Belle-Tones, Beginning Chorus, Male Chorus, and All-Girls' Chorus.

The choir will sing a group of spirituals. Other numbers will include folk songs, Madrigals, songs by the masters, contemporary works, a Chanty, and music from Broadway shows.

The Finale, in medley form, will be selections from "The Sound of Music" with all groups

participating.

In addition to the regular groups, several special numbers will appear on the program. Miss Mary Ann DiMario, Donald Boos, and William Ohnsorg will present a folk-trio, the latter with his guitar.

Miss Sue Greene, Gene Koblika, and Don Boos will be soloists for the concert. Mr. Boos, student leader of the Bel Canto, will conduct the group in one selection.

The entire production is under the direction of Miss Mildred A. Midkiff. Art work and stage arrangements are under the supervision of Mrs. Rose Polansky and her stage crew.

With only Republican Councilmen Bernard Yarusavage, Edward Getchis and Robert Johnson in attendance Monday evening, the regularly scheduled April meeting could not be held because there were not enough members present for a quorum.

Council president Thomas Winters indicated today that "very important personal business" had prevented him from attending the meeting. Alex Paschenko, councilman-at-large, had stated that he was delayed by business matters and arrived at the Municipal Building shortly after 9 p.m. to find the meeting postponed. Councilman at large Victor Catalano was not present for the meeting, due to the death of his mother-in-law the day before, it was reported.

Mr. Winters said today that he was considering postponing the meeting, anyway, "at least until after the funeral." "We owe Mr. Catalano that much at least," Mr. Winters said. The meeting has been rescheduled for Friday evening at 8 p.m. in the Council chambers.

It is expected that at that time, the Council will consider appointment to fill the seat vacated by the removal of Siggo Hejselbak following his recent conviction in a conspiracy case involving the construction of a funeral home in Clark.

In commenting on the appointment, Mr. Winters said that "it's expected that Council will vote on the appointment 'if there's a majority of Council members there.'"

In discussing his choice, Mr. Winters said that "I would like to vote for someone I know. None of the current candidates, with the exception of Mr. James Monahan, have solicited my support."

Henry Hill and John Farmer have also been mentioned as possible candidates for the post.

Hehnlly PTA To Discuss Sportsmanship

Tonight at 8 p.m. at a general meeting for the Frank K. Hehnlly P.T.A. in the all-purpose room, Mr. Jerry Malloy will discuss "Sportsmanship and your Child".

The program is guaranteed to be most enjoyable and with Mr. Malloy, there will be extreme interest to the male members of the P.T.A., it is reported.

At the Thursday meeting the group will also have the Election of Officers for the coming 1966-67 school year. Nominees are: President - Mrs. William Jones; Vice President - Mrs. Robert Misdon; Secretary, Mrs. John Skiba; Corresponding Secretary - Mrs. Robert Huff, and Treasurer, Mrs. Phillip Gatto.

A tea was held on April 27 in the school's all-purpose room for the teachers and room mothers of the current school year. Mrs. Anthony Sarski, president, and the other members of the Executive Board acted as hostesses.

Jaycees Announce Flood Candidacy

The Clark Jaycees have announced the candidacy of their President, James Flood of 75 Liberty Street, for the office of State Vice-President from this area. The election will take place on May 14 at the New Jersey Jaycees Convention in Atlantic City.

Mr. Flood who has led the Clark Jaycees for the past year, reports that the club has had a very successful membership program and has undertaken many projects which have and will benefit Clark. During Jim's term of office, the Jaycees ran a Car Show, Christmas Tree Sale, Hootenany (the proceeds of which will be donated to the fighting men in Viet Nam). Their most significant undertaking, Mr. Flood indicated, was the work accomplished by the Jaycees in organizing and promoting the "Clark Patriot", Clark's only hometown weekly. The Jaycees laid the groundwork for beginning the new paper, canvassed the township businessmen for advertising potential and sold subscriptions to the new paper as a fund-raising project.

During the past year the Clark Jaycees won the State Blue Chip Award for membership and growth, and today the membership stands at 37.

This year Mr. Flood also served as the chairman of an area-wide project which has met with great success. He began a Jaycees Blood Bank in cooperation with the Red Cross. This entitles the Jaycees of Clark, Elizabeth, Rahway, Linden, and other surrounding municipalities to the benefits of the Blood Bank program. The next date for giving

blood under this program will be May 6th, in Rahway.

During his campaign for Vice-President, Mr. Flood and his campaign managers: John Boyle, Stanley Fink and Arthur Zande, have visited the Jaycees in Linden, Rahway, Cranford, Union, Westfield, Garwood, Fanwood, Roselle, Roselle Park, Hillside, Perth Amboy, Carteret, Woodbridge, Greenbrook, Scotch Plains, Kenilworth, and others. Tonight, these chapters will meet at Shuff's in Scotch Plains to hear campaign speeches by other candidates for New Jersey Jaycees state offices.

Clark Lions To Raffle Color TV

At the Log Cabin recently, the Clark Lions Club kicked off its final fund raising project for the current year, a raffle of an RCA color television.

All of the net proceeds of these projects are spent for sight conservation, youth and civic activities in Clark. President William H. Wetzlar announced that over \$2100 and hundreds of LION-hours were expended on these projects during the 1965-66 year.

The eight past presidents of the club will be honored at the next meeting on May 2nd, Herbert Palmquist, 1958-59 president, had indicated that he will be present, it was reported. Mr. Palmquist presently resides in Point Pleasant, N.J.

"The Tack" awards were made to Bill Force, Tom Parrillo and Bart Zuosky in recognition of each one's sponsorship of a new member. Andy Mosca of the Garwood Lions Club was a guest.

Fourth Ward Democratic Club Concerned With Flood Control

Councilman Dr. Adam T. McDaniel told members of the Fourth Ward Democratic Club this week that there were three alternatives given by representatives from Washington, D. C. regarding the wall which was built to control floods in Rahway, namely an earthen dike extension, a concrete dike, or residents could sell their homes to the city for a park area.

Dr. McDaniel stated that the Army Engineering Corp. was protecting the money they invested by building the wall and also the gates on Milton Avenue and Hazelwood Avenue. Dr. McDaniel expressed hope that everyone would attend the meeting in May at City Hall.

Councilman at large John Gallo stated he was opposed to the wall and that he and all the other citizens of Rahway were in sympathy with the residents of the fourth ward. Mr. Gallo stated he would rather see a tax rise and have the City of Rahway dispense with the Army Corp and finish the job themselves.

Mr. Gallo also said he had withdrawn his name as a candidate for mayor to keep the party solidified, and that he would rerun for re-election as councilman-at-large in November. He further stated he would be happy to have Donald Parks as a running mate in the November Election.

James Crowell, President of the City-Wide Democratic Club gave fourth ward residents words of encouragement and his best wishes concerning the wall. Courtney Clark, chairman of the Citizens for Clarence Coggins, a candidate for the United States Senate, stated his organization will have Mr. Coggins as a guest speaker April 30. Mr. Clark said that Woodbridge has requested flood control from the Federal Government and if this aid is granted, Rahway will have additional trouble due to the geography of both areas.

Robert McMenamin who is seeking the nomination for mayor spoke on the November election and stated if he was elected he would do his very best for Rahway. Mr. McMenamin stated he was waiting for Mayor Henderson's decision as to whether he was going to run again or not.

The Fourth Ward Club went on record endorsing Donald Parks to the screening committee as Councilman-at-large.

John Jones, John Van Kline, Mrs. Bernice Valentine and Mrs. Bernice Samuels were named as a committee to arrange the annual picnic to be held this summer at the Masonic Home. Announcement was made that regular meetings would continue to be held the third Thursday of each month at the Masonic Home on Hazelwood Avenue.

Active Program Scheduled For Retired Men

Members of the Rahway Retired Men's Club were urged Monday by John M. Kiesecker, vice president, to profit by participation in the shuffleboard games at the recently installed court at Tully Field. He portrayed what Westfield and Linden are doing and the opportunity to take part with eight other county clubs. He commended the liberal support received from the Rahway Recreation Commission and mentioned regular play schedule for Tuesday and Thursday afternoons. Dominick Minaro also spoke on the value of the sport.

Walter S. Clapp, entertainment chairman, added another summer outing to the scheduled festivities by holding a picnic for all senior citizens whether club members or not at a Woodbridge park with Sept. 15 as a tentative date. He also outlined the spring festival to be held Monday, May 9, at meeting hall, with club session at 11:30 a.m. followed by dinner at noon and vaudeville program. The outing at Lake Hopatcong is slated for August 8.

Arthur H. Mershon, Sr., reported plans completed for the nine-day trip to St. Louis, Mo., beginning June 13. He also entertained the club with details of amusing experiences while motoring. Chris Olsen aroused much interest with another display of oldtime coins. The birthday of John Irving was celebrated with singing led by Randolph L. Gilman and William E. Cook, pianist. A Mother's Day poem written by Morris Basher, the club poet laureate, was read by Herbert Haggas, president, and received much applause. Mr. Haggas also made numerous suggestions for the promotion of the club welfare.

Gifts to aid the welfare work included a large quantity of glasses to aid "Eyes for Needy" program received from Mrs. Mallory Hinman, 336 Elm Ave., Miss Emma Urnston, Roselle Park, for many years a Rahway resident, who also gave playing cards; Grover Kick, 1043 Jaques Ave.; Neil Deerey from an anonymous donor called "Mack"; two tricycles and a baby carriage from Charles Cheesman, Trinity Church custodian. Anton Bader, workshop

chairman, announced a proposed trip to Egenolf Day Nursery, Elizabeth, with a load of toys from the club's workshop.

Henry Dipple, welfare chairman, reported Daniel Norante III at Rahway Hospital following a stroke. Andrew Lovas, Sr., an original member of the club, was warmly welcomed after a protracted absence and Charles T. Archer following a long illness. "A Trip Through Louisiana" was the informative film shown by Joe Ricci. Refreshments were served by George Zona, chairman. Arnold Prietz, LeRoy Clark, Alois Sautter, John Irvine and Lester Hardenberg.

Spring's the Time To Watch Your High Blood Pressure

Going up? Your blood pressure, that is.
 Unless you've had it checked by a physician recently, the Union County Heart Association doesn't suggest you partake in too many 18-hole rounds of golf or too many sets of tennis.

"This is definitely not a case of 'what you don't know won't hurt you,'" warns Dr. Bernard Rosenberg, president. "Not only can hypertension (the medical name for high blood pressure) do serious damage to blood vessels, heart and kidneys," the doctor pointed out, "it also considerably increases the patient's risk of developing coronary heart disease."
 "Now that Spring is upon us, fair weather athletes are flocking to the golf courses and tennis courts in droves. Many have put on a few pounds over the winter and this weight increase in many cases, has created hypertension," Dr. Rosenberg explained.

A scant 15 years ago, there was relatively little physicians could do to modify the course of hypertension. Since that time modern medicine has achieved one of its most dramatic successes. The story can be told in statistics: between 1950 and 1962, the death rate from hypertension dropped 52 per cent among middle-aged American men and women (ages 45-64).

The "secret weapon" in the successful counterattack on hypertension is really an arsenal: several potent new drugs which singly, or in various combinations, can bring down high blood pressure and keep it down -- if the disease is detected and treated early.

While doctors were making these impressive inroads on hypertension's toll in human lives, scientists exploring the natural history of coronary heart disease made a disquieting discovery, indicating hypertension on a new count.

Among the more than 5,000 persons participating in the Framingham (Mass.) study during the past 15 years, those with blood pressure even slightly above the normal range were found to be running significantly more than the usual risk of having a heart attack for their age group. After 10 years those with frankly high pressures had an incidence of coronary disease four times that of subjects with normal blood pressure. And when high blood pressure was found in combination with obesity or high blood cholesterol or diabetes, the risk was multiplied enormously.

Students Plan Apartment Furnishings

In order to complete their projects in Home Planning more than 50 girls from Arthur L. Johnson Regional High School visited Koos Brothers in Rahway, this week. Four Home Management classes, under the direction of Miss Lynn Brautigam, made the trip on Wednesday, and one Home Decoration class, taught by Mrs. Gail Paige, went on Friday.

One practical phase of the project involves each girl's being given, theoretically, a limited amount of money for furnishing an apartment. The principles of design and color having been learned in class, the prospective home-makers are given an opportunity during the one-hour tour to apply their theory in choosing from a wide selection of furnishings.

After a luncheon as guests of Koos Bros., the girls worked separately on their projects for approximately two hours.

"Hear Ye! Hear Ye!"

To The Editor:

Ever since I rode down Valley Road the other day and spotted the new sign before approaching Broadway - Walnut Avenue, "Bad Corner," I have been wanting to write this letter. I know it wouldn't do any good to write to the town, nor is there any possibility that having it printed in your paper might do any good either, but I am doing so regardless.

I had to chuckle at the phraseology. Whatever happened to "Dangerous Intersection?" Or, don't they think anyone will know what that means. We know most people don't notice the 25 mile Speed Limit signs posted, and also the weight limit for trucks signs, which is probably why the speed is going up to 40, simply (and I use the word loosely) because a survey was made and it seems that the majority of the people all travel that fast anyway down Valley Road. The new ruling of 40 miles speed seems pretty ridiculous since with all the schools, churches, etc. on Valley Road the speed should be cut down when approaching these areas, along with the fact that there are many blind spots up and down the same road.

Besides all that, the sign "Bad Corner" doesn't even illuminate at night, which is when it is needed the most.

Within the last two months there have been at least 4 or 5 serious accidents which occurred in Clark at the above mentioned corners, on Valley Road, at Liberty St. and Broadway, and other "Bad Corners," but none are ever publicized. There might be times when people request nothing to be printed, but it seems improbable in so many cases. People should know these are danger spots in the correct way.

How many accidents have to happen at Broadway/Walnut Avenue before the State allows a traffic light to be installed? Is all this red tape necessary to save lives? They didn't waste any time trying to increase speed for more accidents to happen.

I'm by no means the "crusader type," but it seems to me that our Traffic Safety Committee isn't doing something right, and I hope for the sake of all concerned that a traffic light is installed at Broadway/Walnut Avenues along with one at Westfield and Brant, which is like a circus when cars are coming in all three directions with very few drivers knowing who has the right of way, and also continue (or start) trying to keep the speed down on Valley Road and Broadway which is getting to be a raceway since comments to Walnut.

Thank you for your patience in reading this letter.

Sincerely yours,
 (MRS.) MARIE O'BRIEN
 279 Valley Road
 Clark, N. J.

To The Editor:

I think it is a pretty sad state of affairs when the Gov. of our state, who is said to be a "religious" man, thinks it is more important for a man to sit in a bar and drink than it is to take his family out to dinner occasionally. Mr. Hughes said, and I quote the Star Ledger Tues, April 19, 1966. "We consider a five o'clock cocktail a necessity of life for the working man." I wonder just where our Gov. places his values, when a man is taxed for taking his family

out to dinner and is not taxed for leaving them home and spending his time and money (better spent elsewhere) sitting in a bar. When these "necessary cocktails" get out of hand and get a hold on a man, then the state can tax us again to care for his family while he "dries out". Quoting from scripture, 1 Timothy 5:8 "But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel". In this day and age, if a man provides for his home and children there is not much left for the bar or tavern.

Hairstyles = Homework For Many Clark Students

Does your teenager spend a lot of time talking about the latest hairstyles? Maybe she's just doing her homework!

A program in Vocational Beauty Culture was begun in September 1960, at the Arthur L. Johnson Regional High School and it embraces all three high schools in the Union County Regional High School District.

A state approved two-year course, it is offered to students during the junior and senior years. Students selected for beauty culture are trained in all phases of beauty culture and related science. They complete all the regular requirements for a high school diploma. After graduation, they must take a state board examination in order to receive their license. This is a terminal course. Although a few of the young beauticians continue to take college courses, most find employment in beauty salons.

Mrs. Anthony S. Vasta, who has been teaching beauty culture at the Arthur L. Johnson Regional High School since its inception, has had 28 years experience in beauty culture, 15 of which has been devoted to teaching and the rest of the time spent in beauty salons. Mrs. Vasta has had experience in all kinds and types of beauty salons. She sets high standards for all students.

Mrs. Vasta began her career before the State Board of Beauty Culture was organized to control beauty culture; and she remembers water waving, finger waving, marcel waving and curls - right up to the present roller set and advanced styling.

Since Mrs. Vasta feels that it is most important for students to obtain experience while training through a clinical program, the students are permitted to accept friends and relatives for beauty service while in school. Feeling that it is important for the girls to develop into creative beauticians who can enhance the appearance of all women, Mrs. Vasta tries to encourage her students to develop their own talents beyond the personal choice of hair styles and to appreciate good grooming and fine styling.

Mrs. Vasta is constantly looking for new material to help develop the abilities of all students and feels that it is important to weed out good techniques from the bad. Mrs. Vasta who is also an electrologist, recently participated in a post-graduate course at the Klee Institute of Electrolysis in New York. She has also attended Rutgers University.

Mrs. Vasta lives at 12 Acken Drive, Clark, and is the mother of two daughters, Jo Ann and Bonita, both married. When not concentrating on the training of future beauticians, Mrs. Vasta finds delight in her hobbies - knitting, sewing, and psychology, a subject which she "finds fascinating and would like to pursue further."

Bora Elected President

Mrs. Eugene R. Bora of 40 Harold Avenue, Clark, was elected to succeed Mrs. Harry Snyder as president of the Ladies Auxiliary, of Capt. N. R. Fiske Post 335, recently.

Installation will take place at the post home at 8:00 p.m. on May 21. The public is invited. The new slate will take office following the department convention in June.

Know Your Union County Government Freeholder - ARTHUR C. FRIED

Boards of Chosen Freeholders are either of the "small type" or of the "large type". In the case of "small type" Boards, such as Union County, the members are elected at large throughout the County, whereas in the case of "large type" Boards members are elected from individual municipalities. The two types of Boards do not differ insofar as their powers are concerned. The Boards set their salaries within prescribed legislative limits. The committees of the Boards are designated by Board action and their duties and the number of their members are set by the Boards. The director names all members of all committees, and these committees may be abolished by Board action when deemed advisable. Each Board shall appoint powers covering such positions as County Attorney, Assistant County Attorney, County Treasurer, County Engineer, Clerk of the Board, County Supervisor of Roads, Chief Medical Examiner or County Physician, County Superintendent of Bridges, Clerk to the Jury Commission, and such other appointees as shall be needed. A purchasing agent, general storekeeper, accountant and expert consultants may also be among the Board's appointments.

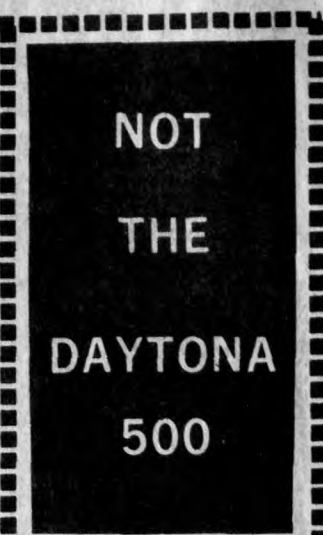

The property, finances and affairs of every County are by statute to be managed, controlled and governed by the Board of Freeholders. The courts of this state have expressed themselves in this fashion: "The County Board of Freeholders is the Legislature of the County. It exercises the corporate powers of the County and has the management and control of County property and its financial interests. It has exclusive jurisdiction over all matters pertaining to County affairs."

As I explained in an earlier article, the Board of Freeholders is, however, primarily an administrative body, rather than a legislative body. It enacts very little law controlling the conduct of individuals. However, the Board does play a vital role in the area of providing the efficient management of important County services. These services include County Court systems, law enforcement agencies, welfare institutions, roads and bridges, parks and recreational facilities. It is the responsibility of the Board to see that these ser-

vice are adequately financed and efficiently operated. It has been suggested that there should be a revision in the statutes dealing with County government in order to provide for a single centralized administrator in each County. This would put the Board of Freeholders in the position of a board of directors of a private corporation, deciding matters of policy, but not actually supervising the execution of such. In the case of municipalities the Faulkner Act has emphasized the strong mayor-council form of government over the week mayor-council and commission forms. In the latter forms there is no central executive head. In first class counties the County supervisor is the chief administrator and has supervisory control over County affairs.

Business, Professional Women Hear Air Conservation Talk

Intelligent action based on sound scientific research can preserve and enhance the air New Jerseyans breathe, Mr. James Percival, of Esso Research and Engineering Company, predicted in a talk given Thursday, at a meeting of the Rahway Business and Professional Women's Club at the Main Restaurant, Main St., Rahway.

"To achieve this vital goal to conserve the air we breathe, we will need the cooperation of everyone concerned," Percival said. "The petroleum industry and most other busi-

nesses today recognize that they, like the individual citizen, have a big stake in preserving clean air. Major progress has been achieved in this area. However, it is important that our citizens realize how great the cost is in time and money to get the scientific know-how needed to solve our increasing air pollution problems."

JAMES PERCIVAL

The speaker reviewed some of the steps being taken in the expanded State of New Jersey air sanitation program which he said was making "steady and sensible progress." Percival pointed out that the New Jersey Air Pollution Control Commission has promulgated regulations as fast as new technology and data have become available. He said that State-operated 40-foot air monitoring trailers are now continuously feeding pollution data to Trenton from heavily populated areas.

Students Hear Message On Responsibility

Herman Kagan, vice-principal of Rahway High School who has charge of Student Activities, reported this week the enthusiastic response of students to a talk, "What It Really Means to be an American", presented by Val Gould, well-known actor, dramatic reader and TV personality. In his talk, the speaker stressed among other things, that today's teenagers will soon inherit leadership of the free world and the responsibility that goes with it.

This program has been sponsored since 1954 by the Quaker Oats Company of Chicago as a public service. It is completely non-commercial.

Mr. Gould, in addition to his high school appearances across the country, speaks before adult civic groups, and has already addressed many of the largest Rotary, Kiwanis, Lions Clubs and other service organizations.

Kenneth Miller, president of the Student Council introduced "Mr. Quaker". The High School band also participated in the program.

Two Viet Nam Soldiers Join VFW Post 681

All men were accepted at a regular post meeting held last week.

New officers were also elected at the meeting including: Commander Donald Davison, Sr.; Vice-commander Camille Lecureaux, Jr.; Vice-commander Howard Sammond; Chaplain, Byron Gibson; Quartermaster Rudolph Szollar and Judge Advocate John Kopik.

All the new officers will be installed at the annual installation on May 14, at 8 p.m. along with the Ladies Auxiliary. The public is invited to attend.

Electricity is today's biggest household bargain

Although your electric bills may be higher now than they were back in 1940, consider all the appliances you've added — appliances which spell the difference between old fashioned drudgery and modern living. In fact, the average home uses more than four times the amount of electricity today than in 1940. But the combination of rate reductions and increased use of electricity has resulted in a 44% decrease in the average unit cost of electricity since then. Yes, by bucking the trend of soaring prices, we've been able to maintain electricity's position as your biggest — and best — household bargain.

In this week's action of the Women's church bowling league Zion Lutheran 1 won all three games over St. Paul's 1. Other sweeps were scored by Second Presbyterian and the First Presbyterians. In the other match Osceola won the odd game.

Bruce Henderson of Upsala College Vikings did not yield a hit for the first six innings, until a single with one out in the seventh, but he lost a 7-2 decision to Seton Hall University.

Bill Dipple's 633 series led the Zion Lutheran 1 to a three game win in the Church league at the Clark Lanes. The win assured Zion of no worse than a tie for the title.

Story of a costly heating mistake!

You can buy this used gas burner from Richard Page of Union, N.J. Back in 1960 and '61 OIL heat and hot water cost him about \$279 a year. The next two seasons GAS averaged \$470! That's when he switched back to OIL. This year OIL cost him only \$250!

The Page house on Jeanette Avenue, Union, N.J.

Listen to Page's own story: "When I bought my house six years ago it had oil heat and hot water. The oil bills were quite reasonable and the service and heat was excellent. But for some reason in late 1962 I switched over to gas. The next two years I stayed with gas because I couldn't believe what was happening. Gas cost me nearly \$500 a year (\$470 average to be exact). Eventually I switched back to OIL! Last winter OIL cost us only \$250! Our only complaint is that the hot water is too hot! We find oil is perfectly clean, too. Certainly there's absolutely no difference in cleanliness. Above all, we find oil has more power somehow and gives much better heat."

Mr. Page saves approximately \$200 every year by correcting his heating mistake and switching back to clean MODERN OIL HEAT! He gets more powerful heat, too. And for once plenty of hot water—all he can use!

Over the average mortgage period Mr. Page's \$200 per year OIL saving (compounded at 5%) can add up to as much as \$6,760! Even if you saved only \$100 a year with OIL—as thousands of happy Union County oil-users do—it adds up to savings of \$3,380!

Big savings are only part of the MODERN OIL STORY! Remember—no other fuel is more MODERN than MODERN OIL HEAT! No other fuel safer! No other fuel more powerful! No other fuel cleaner!

Learn a lesson from the experience of Mr. Page! Your best bet, by far, is MODERN OIL HEAT! You're lucky if you now have oil heat. You can BE lucky by switching to MODERN OIL HEAT!

STAY WITH OIL! SWITCH TO OIL! INSIST ON OIL in Your New House!
Nothing Measures Up to the BIG Savings and BIG Comfort of MODERN OIL HEAT!
