

The Quill

Well, Clark has once again begun the New Year with its January 1 reorganization meeting -- but the note of harmony and cooperation which characterized the day gave promise of a good year to come.

In an unusually quiet and mature manner the Mayor and Council set a tone for township government which gave rise to hopes for the kind of government which is so needed in the township.

We listened carefully to Mayor Maguire and to Council President Catalano -- and we will watch carefully as they begin to implement the bright plans which were foretold.

The many residents who crowded Council Chambers to view the proceedings will be watching carefully too, we feel.

There were many promises made to the people of Clark by the Mayor and all members of Council.

But promises derive their value only when they are fulfilled. The time for campaigning and pledging is over. Now the governing must begin.

We wish to Mayor Maguire, the new Council President, and all members of the governing body much success and luck during the coming year.

But strongest of all is our wish that they will govern well.

SMILING PROUDLY at her Dad, newly-elected Council president Victor Catalano, is his daughter, Carol, who was on hand Sunday at New Year's Day ceremonies during which the Councilman-at-large was elected President of the Clark governing body.

Three Men Re-Appointed To Clark Governing Boards

Re-appointment of three Clark members to the Planning Board, the Board of Library Trustees and the Shade Tree Commission were announced this week by Mayor William J. Maguire. Each term is effective January 1.

Jerry Fontenelli, chairman of the Planning Board, was named for another four-year term. C. Wyllys Cass, chairman of the Shade Tree Commission, was re-appointed to that board for a five year period, and Harvey H. Richer was given a five-year appointment to the Library Board.

"These three men represent the high-type of citizen which it has been my good fortune to have serve in my administration. Their selfless devotion to their particular assignments has done much to advance our Township and to mold it as all of us would have it," Mayor Maguire said.

Mr. Fontenelli served almost three years of his first four-year term as chairman of the Planning Board and guided it through the adoption of Clark's Master Plan, the Mayor pointed out.

He is vice-president in charge of manufacturing of the eastern division of Calmar, Inc., which operates the Fibro plant in Clark. He is a director and vice-president of the Newark Chapter of the Society of Plastic Engineers.

A former member and director of the Clark Jaycees, he and Mrs. Fontenelli and their two youngsters reside at 137 Hayes Avenue.

Mr. Richer is a certified public accountant, maintaining offices in Clark and in Perth Amboy. He is comptroller of the American Petroleum Corporation of Perth Amboy.

He is executive vice-president and financial chairman of the Friends of Library Services of Clark

and has just completed a four-year term as a trustee. Mr. Richer is a member of the board of trustees of Temple Beth O'r and served as treasurer of the temple's building fund. A vice-president of the Clark Lions Club, he is also a member and past president of the Clark Estates Civic Club.

The Richers make their home with their two children at 47 Cudler Place. Mr. Cass, who is beginning his thirteenth year as a member of the Shade Tree Commission, has long been its chairman and has earned a reputation for his dedication and service in this field. He is an active member of the New Jersey Federation of Shade Tree Commission, the N.J. Arborists Society and the International Shade Tree Conference. He attended Rutgers University and has taken numerous courses in forestry and related subjects.

Mr. Cass is a sergeant on the staff of the Union County Sheriff. He and Mrs. Cass have three children. Their home is at 136 Briar-Heath Lane. (See picture on page four.)

Catalano Elected Council President

ARE WE PROUD! of you say the children of Councilman John Boyle of the Third Ward (left) and Fourth Ward Councilman Thomas Kaczmarek (right) as they pause after the proceedings with Second Ward Councilman Richard Burger (second from left) and First Ward Councilman Edward Getchis.

At a meeting characterized by harmony and pledges of cooperation, Councilman-at-large Victor Catalano was named president of the Clark Council and township appointments were made by Mayor Maguire and accepted by the Council with almost unprecedented non-partisan motions.

Irvine B. Johnstone, of Westfield, was named Township Attorney; Ernest Lebowitz, of 30 Spruce Street, Clark, Township Prosecutor and Joseph Postizzi, of 9 Stemmer Drive, Clark, was selected again as Magistrate.

Frank E. Suplee was appointed Township Auditor. The Council members approved a temporary budget of \$32,666.

In their speeches to the residents who attended the meeting, both stressed the importance of improvements in sanitary sewer and flood control; the need for recreation areas, especially a municipal swimming pool complex; and better fiscal planning for the township.

After noting the accomplishments of the year, Mayor Maguire decried the lack of advances on the Madison Hill road-widening project but expressed hopes that much work can be accomplished on it this year. He also revealed that plans are well underway for the firehouse on the land near Broadway, Valley Road and Walnut Avenue.

A major point in Mr. Catalano's speech was his emphasis on legislative cooperation. He strongly urged the tightening of regulatory measures in the township codes.

Clark Temple Members See Four Sketches

The annual Paid-up Membership of Temple Beth O'r in Clark was held on December 19 at the Valley Road Temple. The Clark Community Play House proudly presented four sketches. Three of the sketches were taken from a Review called Phoenix '55.

The sketches were directed by Jim Stewart. The first sketch was called "Handy Man." Billions of dollars are burning a hole in the pockets of the new moneyed middle class, and an astonishing proportion of it is spent on something called "Do It Yourself." Joan McDevitt, Annette Laino and Ted Levine were the participants in this one.

Bob Bockenek, Dick Van Ness, Edna Segall, George Jacobi, Jr., and Joe Simone appeared in the second sketch called "Upper Berth." This sketch was about the new look in families.

The third sketch was called "First Prize," and the cast consisted of Doris Brody, James Dwyer, Milton Wasserman, Grace Simone, Joe Kenna and Joan McDevitt. Food companies like to share their profits through national giveaway contests. Corporations are always happy to hand out big cash prizes, because after all, they are deductible.

The fourth sketch was an original piece written by one of Clark Community Play House's more talented members, George Jacobi Jr., and starred George Jacobi Jr., Annette Laino, Mike Yarussi, Jim Dwyer, and Joan McDevitt. The name was Dr. Volkswagon and it was a "slapstick" comedy about a psychiatrist and his patients.

Mrs. Gary Weiss, Vice President in charge of membership was in charge of the program. She gave the Welcoming address. The invocation was given by the Rabbi's wife, Mrs. Theodore Stampfer and the president Mrs. Paul S. Weissman delivered a message to the group.

The following people were responsible for bringing this evening to the members of Temple Beth O'r: Mrs. Gary H. Weiss, Chairman; Mrs. Robert Byer; Mrs. Bernard Frank; Mrs. Barry Goldstein; Mrs. Alan Goretick; Mrs. Bernard Penn; Mrs. Jimmy Stewart; Mrs. Jerome Weiss; and Mrs. Herbert Zimmerman.

Got A Dog?

Do you have a dog? And does he have a license? Well, now's the time to get a new one.

Dog licenses for the township should be renewed by the end of January. The licenses are \$3.50 apiece this year--an increase required by the state. This fee includes the administration of free rabies shots which will be given in May.

Licenses may be obtained at the office of the Township Clerk, Monday thru Friday, from 9 a.m. to 4 p.m. At other times, they may be obtained at the desk in Police Headquarters.

Four Men File For School Board

There are four candidates for three jobs--and there may be more. Four men have filed petitions for three seats on the Clark Board of Education. Each term runs for three years.

Those who've tossed their hats into the ring for the seats are: Donald Dinella of 388 Carolina Street; Alvin Skopp of 68 Wheatstee Road; Michael Truss of 61 Kathryn Street and Frederick P. Wray of 48 Hillcrest Drive. Deadline for filing to run for the Board is 4 p.m.

today. Petitions must be filed in the office of the Board of Education, which is located in Brewer School, Westfield Avenue.

H. Ronald Smith, Board Secretary, reported today that although four men have filed for the three seats there are other petitions out which may be returned by today's deadline.

None of the three incumbent members of the Board is expected to seek re-election.

Applicants must be resi-

dents of Clark for at least two years. Ten signatures are required in order to file a petition to run. The positions on the Board are not salaried.

In the election, which is set for February 14, all candidates will be listed on the same line. The three candidates receiving the highest numbers of votes will gain the seats.

Mr. Smith reported that all candidates will meet in the cafeteria of the Brewer School at 8 p.m. January 6 to select ballot positions.

Troops Trim Tree

As parents and friends watched, six Brownie Girl Scout troops trimmed an evergreen tree on the front lawn of the Clark Municipal Building on Saturday morning, with goodies for hungry birds during the winter months.

Mrs. Andrew Lovas' troop contributed tiny popcorn wreaths; Mrs. R. B. Bunnell's troop 342 filled decorated 1/2 pt. milk cartons with bird seed; Mrs. John Schwankert's troop 372 hung pine cones with bits of suet attached with ribbons; Mrs. Erwin Arbeitel's troop 378 painted walnut shells and filled them with peanut butter; Mrs. C. E. Renault's troop 407 brought bread crumbs in colorful paper cups; and Mrs. Harold Esersohn's troop 410 hung garlands of popcorn.

Mayor William J. Maguire thanked the scouts for their thoughtfulness and invited the girls to refill the tree periodically with their "treats." The girls responded with the singing of "We Wish You a Merry Christmas" and Brownie songs.

Troop representatives were Ellen Frantz, Lynne Fox, Karen Machnowsky, Beth Arbeitel, Kyle Erickson Elaine Ahle, Jeanette Lovas, and Pamela Fisk. They are members of Neighborhood 4 of the Crossroads G.S. Council.

The event was directed by Mrs. A.G. Muskus of 53 Congor Way, Consultant for Brownie troops in the Clark area.

JEHOVAH'S WITNESSES
This is the season to have guests for dinner, but how would you like 1,800 for the entire weekend? This is the problem ahead for John B. Dufner of Metuchen, N.J., Presiding Minister of the Rahway Congregation of Jehovah's Witnesses. The occasion centers around the semi-annual Circuit Assembly of the witnesses scheduled for January 6-8 at Plainfield High School.

Mr. Dufner, who is in charge of cafeteria arrangements and food preparation, is looking for volunteer manpower from the 20 congregations invited. The Rahway Congregation just received the call for help, not only from Dufner but from 21 other departments with smaller, yet similar, problems. These include sound, installation, trucking, signs, and so forth. Many area residents are answering the call, according to James Gott some of which are: Sam Rucker, 1602 Columbus Place, Rahway; Joseph Jackson, 1727 Park Street, Rahway; Stanley Ewanitsky, 1501 Roosevelt Avenue, Carteret.

For the past month Mr. Dufner has been working out menus which would be easy to prepare during the three days of the assembly, and yet appeal to the cosmopolitan tastes of the delegates. His shopping list contains such items as "250 lbs. of beef, 500 lbs. of ground beef 150 lbs. of spaghetti, 300 lbs. of potatoes, 10 crates of lettuce" and large quantities of various other vegetable and basic food items. Based on prior experience, Mr. Dufner anticipates needing some 45 persons to help and they will be able to serve the meals at the rate of 50 per minute for an average cost basis of 65¢ per meal.

In addition to those working, there are many from the neighboring congregations that will be on the program itself, either in demonstrations or giving lectures. Because of volunteer help, Jehovah's Witnesses do everything at minimum cost. No admission fees or collections are taken during their gatherings, and as Mr. Gott pointed out, "No one is ever held back from attending because of not being able to afford it."

Mr. Gott stated that all sessions are open to the general public and that the invitation to attend includes sharing of meals, if they wish, as well as listening to the valuable Bible discourses, films, and demonstrations designed to stimulate and encourage daily Bible study. Special film showings dealing with Bible topics will be the high point of the Friday and Saturday evening programs, followed on Sunday by the 3 p.m. lecture, "Satisfying Mankind's Greatest Need."

HOLY COMFORTER
The Feast of the Epiphany of Our Lord Jesus Christ will be celebrated Friday with Holy Communion at 10 a.m., Evening Prayer and Sermon at 8 p.m. After the service the Church will be divested of its Christmas Greens. Coffee and buns will be served in the undercroft. Sunday services will open with Holy Communion at 7:30 a.m., followed by Family Worship and Church School at 9:30 a.m. Morning Prayer and sermon is scheduled for 11 a.m. with the Rev. William A. Guerrazzi preaching on the topic, "God is Available."

The Vestry of the Church will meet on Wednesday, January 11 at 8 p.m. in the rectory.

Lecture Series
On Judaica
Open Jan. 8th
Inter-Community Synagogues are proud to announce the beginning of their 1967 Lecture Series on Judaica. Participating synagogues are B'nai Jacob of Avenel,

Beth El of Cranford, Beth An of Colonia, and Beth Torah of Rahway.

Each of the three lectures in the series deals with a topic of vital interest to the Jewish Community. We have been most fortunate in securing the services of three outstanding speakers whose reputations for dynamic lectures are well known.

The first lecture will be held on Sunday evening, January 8, 1967, at 8 p.m. at Temple Beth Torah, 1389 Bryant Street, Rahway, N.J. The topic is "Jewish Attitudes on War and Peace," and our distinguished speaker is Dr. Sidney Hoenig, Director of the Department of Adult Education of Yeshiva University, and Professor of Jewish History there.

The second lecture of the series will be held on Sunday evening, February 12, 1967 at 8 p.m. at Cong. B'nai Jacob, Lord Street, Avenel, N.J., "Jewish Attitudes on Psychology" will be the topic discussed by our second outstanding speaker, Rabbi William Horn spiritual leader of the Jewish Center of Summit, N.J.

The third and final lecture of the series will be held on Sunday evening, March 12, 1967 at 8 p.m. at Temple Beth El, Walnut Avenue, Cranford, N.J., "Love and Marriage in Jewish Lore" will be the topic discussed by the world renowned author Rabbi Leo Jung, President of the Jewish Academy of Arts and Sciences.

The public is invited to attend these lectures. The cost for all three lectures is \$4.00. There is a special student rate of \$2.00. The following individuals may be

contacted for tickets: In the Avenel-Colonia area call J. Robinson at 388-8538, in Cranford call D. Gotler at 276-8599, and in Rahway call P. Lipton at 388-7688.

Yeich Named Salesman For The Year

Melvin C. Yeich, who was named 1965 "Salesman of the Year" by the Feed Products Department of Merck Chemical Division, Rahway, New Jersey, has won the title a second time.

Mr. Yeich won the award during a year-end sales meeting held at the Doral Country Club in Miami. It was presented by John R. Warren, marketing director of Merck Feed Products.

Mr. Yeich, who serves Merck's feed products customers in North Carolina, South Carolina, Virginia and West Virginia, makes his headquarters at 5212 Avenet Ferry Road, Raleigh.

He was cited particularly for his work with Merck poultry products, including "Amprol," "Amprol Plus," "Nicarb" and "S. Q."

Other Merck sales awards went to Merle M. Schoeffler, Robert P. Bohmeier, James N. Mauldin, Walter J. Rudy and Robert M. Brady.

A highlight of the conference was an address by guest lecturer Dr. G. Herbert True a research physiologist who specializes in creative behavior.

Dr. True, a senior partner in the True-Klemp Organization of South Bend and Kansas City, is an author and creativity consultant to a number of major corporations, and a former professor of marketing at the University of Notre Dame.

Rahway Youths Arrested For Armed Robbery

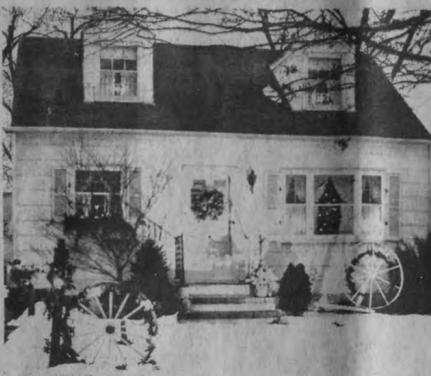

Woodbridge authorities have arrested three Rahway men on charges of armed robbery, it was reported today.

The authorities say that Rex Brown, of 452 East Hazelwood Avenue, aged 22; William Dugger, aged 19, of 613 New Brunswick Avenue and a 17 year old youth took a taxi cab to Carteret, stole a car, held up a Keyport establishment, then drove to Woodbridge and held up a gas station on Route #9.

They are presently in custody it was reported.

HOW TO DECORATE WITH SOUND

Decorators, long concerned with the creation of mood through the use of color, fabric and texture, have now incorporated sound into the scheme of things. No matter what the decor, music is always a tasteful and personal accessory.

Music can add more warmth than a fireplace, more color than a painting, and more comfort than an easy chair. Carefully placed, speakers can be used to fill the room with the glow of music. While it was always considered essential, great sound used to be the product of forbidding-looking components, and what to do with tangled

wires and glaring red buttons was a decorating nightmare.

This problem has been solved by the new Harman-Kardon Compact Music System which has created living sound of such quality which can actually be felt as well as heard, and housed it in a sculptured walnut cabinet that enhances room decor.

You simply take the system home, connect it—and relax. The pair of wide-dispersion speakers fit wherever they sound and look best. This new set lets you fill your room with sound, not furniture—and frees you to carry on with your decorating plans.

ONION REIGNS FOR DAY
BERNE, Switzerland — In a tradition that dates back to 1406, the modest onion reaches the rank of nobility and reigns for a day—the last Monday of each November—at Berne's Onion Market. The event originated more than five centuries ago as the housewife's last chance to stock up on winter vegetables. Now it is a festival for young and old, featuring a confetti battle in the streets, shopping, and indulging in onion soup and onion pie. Onions are offered by the bag or by the braid, with bows-knots to wear as boutonnières, and as onion and fir wreaths and table centerpieces.

Girl Scouts Help Mail TB Letters

The Christmas spirit was certainly evident in Clark recently as twelve Girl Scouts found out that "helping others" can be one of the most rewarding of holiday experiences.

On December 27 Girl Scout Troop #483 of Valley Road School went by bus with their leader, Mrs. Eugene J. Bolanowski to the office of the Union County Tuberculosis and Health League to help them prepare their reminder-request letters for mailing. Twelve fourth and fifth grade girls handles 7 to 8,000 of these letters in two hours' time.

The following girls participated; Deborah Bolanowski, Jane Dickey, Sandra Gerold, Deborah Kream, Christine Krupowies, Katherine Krupowies, Elyse Lifschitz, Barbara Nanstiel, Susan Sirkin, Karen Neary, Sharon Smith, and Lynn Stanislawski.

Apparently there was enjoyment in this accomplishment because these girls expressed the desire to return to work some more at another time! Mrs. Bolanowski, troop leader, has expressed "many thanks" to her willing and most helpful assistant leader -- Mrs. Sidney Lifschitz, of 49 Alice Lane, and to the girls.

Farm Bureau Recommends Cut Spending

In addressing the 48th annual convention of the American Farm Bureau Federation in Las Vegas, Nevada, Charles B. Shuman, Federation president, said the "new Congress should end all production controls, direct payments and price management authorities as rapidly as possible. The first step should be the immediate repeal of the payment provisions of the Food and Agriculture Act of 1965 and the enactment of effective legislation to prohibit the further use of Commodity Credit Corporation stocks to manipulate market prices."

While all segments of agriculture have the capacity to produce in excess of market needs, Shuman said, the availability of land does not determine wheat, soybean, cotton or feed grain production.

"Price, the prospect for profit, and the availability of capital, are the most important determinants of production," he said.

Discussing inflation, Shuman said that the cause of inflation is deficit spending and other federal policies which permit or cause the supply of money and credit to expand faster than the supply of goods. "Only the federal government can cause inflation, and only the government can correct the causes of this dangerous sickness," Shuman commented. "Billions of dollars can be cut from the huge appropriations for farm programs, foreign aid, public housing and other subsidy programs."

"The administration has moved against inflation too late and with too little, but there is still time to prevent a disaster. Immediate steps should be taken to balance the federal budget by making substantial cuts in non-defense spending,"

he added. "It should now be possible to obtain bi-partisan cooperation in seeking economic rather than political solutions to agriculture's problems," Shuman concluded.

CRITICS WERE WRONG
Contemporary newspapers commenting on Lincoln's Gettysburg Address called it "only a dozen commonplace sentences," "stilted, flat, and dishwatery," and "inducious. . . anything more dull would not be easy to produce."

THREE RENAMED — Clark's mayor, William J. Maguire, shakes hands with C. Wyllys Cass, chairman of the Shade Tree Commission as he hands him his official re-appointment notification for a five-year term. Mr. Cass is beginning his thirteenth year on the body. Looking on are Harvey H. Richer, (left), who is starting a second term as a trustee of the Clark Public Library, and Jerry Fontenelli (right) Chairman of the Clark Planning Board, who was also renamed to serve a four-year term.

Morrells Celebrate
 The Christmas season has special meaning for a Clark couple.
 Mr. and Mrs. Ernest Morrell, Sr., of 17 James Avenue Clark, celebrated their 25th wedding anniversary on December 22.
 They were married by the

Rev. William Brown, of the Second United Presbyterian Church, Jersey City.
 The couple have two sons David, who is in Phouc Vinh Viet Nam with the Army and Ernest, Jr., who works in Hyatt Roller Bearing, Clark.
 Mr. Morrell was a U. S. Marine in World War II with more than thirteen years service.

Community Service Council To Meet

The Rahway Community Service Council will meet in General Session at the **Over Cleveland School**, East Milton Avenue on January 10 at 7:30 p.m.
 The agenda will include briefings on the redefinition of the economic opportunity program; reports from local specialists on Head Start and Day Care programs. (Mrs. Rudolph Hawkins and Mrs. Samuel Block); reports from James Wislon and Carl Seib, Director and Assistant Director of the Union County Anti-poverty Council; and the election of a Nominating Committee. An Executive Committee will be elected from these various areas of citizens and agencies of Rahway. They are: elected officials; Special Interest Groups; Agencies with concern for the poor; Industry; Union and persons from the target area, whose income is in the poverty bracket.
 "Poverty is the concern of every citizen of Rahway. I urge to attend in order that they may evaluate poverty in our city in order that they might avail themselves of the benefits this program may have to offer them, or how they may make a contribution to same. Poverty can only be eradicated through total community efforts," said Nathaniel Parks, Sr., Rahway Community Service Council chairman.

Fire Deaths in the U.S.
 NEW YORK—Approximately 12,000 persons lost their lives in fires in the United States during 1965, the Insurance Information Institute reports.

SHORT AND SWEET

It's evident that Americans today display greater courtesy toward national figures and a greater veneration for national symbols than ever before in history. Consider Thomas Jefferson's fans: In the words of his steward at Monticello: "I have often sent a wagonload of hay up to the stable and the next morning there would not be enough to make a bird's nest. I have killed a fine beef and it would be all eaten in a day or two."

PRESENTS WAITING — The children of the Ray Eggers family of 208 W. Milton Avenue eagerly bought Christmas presents for their family pet, "Smokey", the dalmatian pictured above, but the gifts are still waiting. The dog has been lost for about three weeks and a reward is offered for his return. The Eggers report that he is "a very friendly dog" — and they are awaiting his return. Anyone having information about the dog should call 388-8087.

Costly Fires
 NEW YORK—There were 16 fires in the United States in 1965 which caused \$2.5 million or more each in insured property damage, according to the Insurance Information Institute. There were only six such fires in the United States in 1964.

FOR THE HOSTESS
 by Joan Crawford

Coping with Awkward Foods
 Many hostesses envisioning the nightmare of chicken legs lying across the table, spaghetti winding its way onto a guest's lap, or asparagus dripping on ties cope with these awkward-to-eat foods by avoiding them.
 There is no such thing as an awkward food, providing you know how to handle it with grace. Good crispy fried chicken and I love it simply cries out to be discretely picked up with the fingers. Rock cornish hens, usually served at more formal occasions, should be slowly cut up with knife and fork.
 Asparagus can be lifted up with the fingers, but I find it drippy, so I use special asparagus prongs (a little luxury item not all silver sets come with). Bacon, if crisp, pick up in a two-fingered pinch; but if it's not brittle, cut it up.
 Concerning beverages, don't avoid the controversial. Do by all means serve an unusual wine even though some of your guests might not like it; but always have a substitution that's an all-around favorite like a chilled pitcher of Pepsi-Cola on hand.
 Slide stopping a food you know your guests will like because you fear an awkward accident is poor hostess procedure. Chances are everything will turn out right. And if not, well then a little slip twist the cup and the lip is no tragedy among friends!

and elegance, be it in the kitchen, or dining room.
 For proper care of your stainless steel flatware, and for a full appreciation of its versatility, J&L makes these suggestions:
 1) Check to see if your favorite pattern isn't available in stainless—many of them are! Don't stay with modern if you don't like it.
 2) Forget fancy, expensive cleaners—you won't need them. Stainless comes clean in warm water and regular soap.
 3) Don't be afraid to use stainless in a formal setting. It's your sense of taste that counts!

SOUND THINKING
 from Muzak International

The Proximity Problem
 The over-crowded living and working conditions problem has so intensified, there is a new social science to study it, called *proxemics*.
 Devoted to examining spatial relationships among office workers, proxemics has revealed that employee efficiency falls if workers are either too close together or too far apart. Both ills have such symptoms as tardiness, absenteeism, excessive turnover and general time-wasting.
 Forward-looking managements, alerted to the importance of proxemics, are re-examining office layout and working environments, with an eye toward creating the illusion of either cohesion or separateness, whichever is needed. Often, however, the physical plant can't be changed, so these managements are discovering the advantages of psychologically planned music.
 Where workers are too crowded together, music by Muzak profitably forms a screen of privacy, wrapping each employee in melody, and lifting from him the oppression caused by crowded conditions. Where workers are

Don't Underestimate Flu!
 It's quite surprising how lightly some people treat "flu." They think it's merely a bad-cold, rotten-work or something that "will pass in a few days." Few individuals realize that this acute and highly contagious respiratory infection has, together with complications, wiped out millions of people. Though medical science has now been able to control the spread of epidemics of influenza, it is still a very dangerous illness.
 Mass inoculations of a recently developed vaccine have proven effective. Speak to your physician about it. If you are felled by the flu, you must also consult your physician.
 Follow his advice. Make yourself as comfortable as possible. Stay in bed and make sure the room is warm because cold air encourages coughing. Bar all visitors. Your meals should be light with lots of liquids. For prompt relief of the painful sore throat that is one flu symptom, many doctors recommend Chloraseptic. Clinical studies have proven this non-prescription oral solution is very effective in relieving pain and soreness of the mouth and throat membranes.
 Now that the flu season is approaching, ask your physician about flu vaccine if you haven't already been inoculated. During the winter dress warmly and keep your resistance up. If you stay out of flu's path—it may stay out of yours.

"Modern vs. Traditional Flatware"
 Now that stainless steel has won acceptance in homes across the country, because of its convenience, it's time that people accepted it for its enduring beauty.
 Case in point: stainless steel flatware. Naturally, knives, forks and spoons made of stainless steel are easier to keep clean and do not tarnish or get pit marks, but these are only part of what stainless steel flatware has to offer.
 Most people are unaware of how elegant stainless steel flatware can be. Did you know, for example, that you can now get monogrammed stainless knives, forks and spoons? Now there's no need to feel you're using "kitchen" flatware just because you're eating in the kitchen or family room.
 J&L goes on to remind housewives that too many of them have a "modern" image of stainless steel which leaves no room for the classical or traditional possibilities of the gleaming metal. A housewife who chooses stainless steel doesn't need to feel she has thereby committed herself to a "modern" design. Many of the famous and favorite styles of the past are also available today to give your table an air of grace

There's nothing new about new ideas in New Jersey

The nation's first organized research laboratory was established in New Jersey. By Thomas A. Edison in 1876. And from the tempo he set — 300 inventions in six years — has come a torrent of new ideas, new products, new industries.

New Jersey still leads the nation in private research and development with more than 700 research laboratories and the greatest concentration of scientists and engineers per capita.

To industries searching for new plant, office or research sites, the Garden State offers exciting opportunities and rewards. To the people of New Jersey, it means dynamic economic growth . . . and a continuing flow of new jobs and new prosperity.

Today, New Jersey is thriving. Tomorrow looks even brighter. As testimony to our confidence in the future of New Jersey, Public Service expects to spend \$500 million for new services and facilities within the next three years to help power this growth. A lot of money? Yes, but an investment in the people of New Jersey is always a good one.

Tom Fitzgerald, Jr., of the Butch Kowal's Association and Recreation Department baseball team in the Union County Youth Baseball League was selected as the most valuable player in the Senior Division for his batting average of .379 which included four home runs among with 11 hits a 4-1 pitching record and a 1.05 ERA. The award will be presented at the Hot Stove League dinner on Tuesday, January 17 at Singer's Recreation Hall.

Billy Wilson, former Clark High basketball star is having an outstanding season with the Catholic University team in Washington. The Clark sophomore in the first eight games has been high scorer six times with 27 points against a strong Georgetown team that has won over Rutgers and beat CU by 91-78. Wilson's best night was against Washington College, he played only half of the game tallied 25 points, hitting an amazing 10 of 11 from the floor. Wilson will play against NYU on February 13 and will be in Trenton on January 28 playing Rider.

Servicemen May Register At U. J. C.

Applications will be accepted by Union Junior College from servicemen returning to civilian status and planning to attend college under the so-called Cold War GI Bill even though the deadline has passed for all other applicants. Dr. Kenneth MacKay, UJC president, announced today.

Dr. MacKay said a similar policy was adopted last summer for returning servicemen, and provided an opportunity for many of them to begin their college careers at least six months early.

The UJC president said returning servicemen seeking admission to Union Junior College's Day or Evening Sessions in February should indicate in their requests for applications that they are veterans and plan to attend under the new G.I. Bill. He urged them to file their applications as early as possible, so they can be processed and reviewed by the faculty Admissions Committee.

Union Junior College, a two-year community college of the academic disciplines, offers majors in liberal arts, engineering, science, and business administration. UJC transfers its graduates with advanced standing to more than 400 colleges and universities throughout the country.

Dr. MacKay said all applicants must be high school graduates, and must submit College Board scores and recommendations from their high school principal, and a high school transcript. All students must have a minimum of 16 entrance credits.

Buddy Martin and Don Stugart. The Westfield Blue Devils are the favorite to win the title. The Westfielders are led by Jon Gordon Dave Wight and heavyweight Steve Jones. Second place should go to the Raiders from Scotch Plains who have state champ Rudy Lanza back at 136 lbs. Rahway should finish third in the final standings, followed by Cranford, Berkeley Heights, Hillside, and Springfield. Clark has too many freshmen on their varsity squad, but have an outstanding 148 pounder in Gary Taylor.

The Recreation Department's winter program will resume tomorrow with basketball games at Madison and Roosevelt schools; Stamp Club at city hall and on Saturday afternoon the roller skating will start at 1 p.m. Twirling will be held at Quinn & Boden Clubhouse. The Retired Men's Club will meet on Monday at Trinity Methodist Church. Basketball will start at Grover Cleveland and Franklin schools next week. The Rahway Badminton club will hold a session at the senior high school on Sunday afternoon. Girls basketball is held at the junior high school tonight.

BOWLING HI-LIGHTS

Sam Hays, a Rahway resident paced the Garden State Mixed Classic Bowling League this week when he had a 670 series featured by a 247 game.

Warren Griffin rolled a 699 set with games of 237, 248, and 214 at the Clark Lanes. Joe Beninato had a 682 set on line scores of 225, 233, and 224 to take over the average lead from Ray Anderson. Harvee Sales won the odd game, but Beninato Cillo Five also dropped a pair to remain a game behind the Miracle Mirrors. Sal Mazzatta and Ken Schulteis had 628 and 606 at the K & K won three games, Tiny D'Agostino shot 611.

Bob Gritschke rolled a 640 set with scores of 266, 164 and 210 in the Ten Pin Sports League at the Recreation Lanes.

John Mikos led his team with a 270 and a 604 series in the Intercounty Industrial League. Led by 621 and 611 sets from Gary and Al Miller the Miller Masons swept three games from the Clover Lounge by margins of 182, 60 and 59 pins to tie the losers for first place in a bumper match. In other matches, Tom Wahl had 635; Al Medvigy 628; John Hay 621; Bart Masters 246-610; Ed Plorkowski 606; and Tony Coppola 601.

In the Rahway Ladies Major League, individual high games of 180 and over were rolled as follows: Betty Bauer 222; Julie Crans 217; Bess Mason 191; Lorraine Duffy 189; Joan Henderson 188, 187, 182; Mabel White 187; Bert Zula 186; Dot Hoelle 182. Individual high series of 500 or over were rolled by Julie Crans 559 and Joan Henderson 557. Michael Builders with 31 wins and 14 losses pace the league followed by Win-co Fireplaces; Dickery's, Jeme Hair Stylists, Rahway Lanes, Park Flying A, Merwin Marine and Raritan Metals.

On Saturday afternoon the New Jersey State Individual All-Star bowling championship will start at the Recreation lanes. Sponsored by the N.J. Bowling Proprietors

Crusaders Win Pair On Court

Clark took their third game of the season with a hard fought 57-50 win over the Highlanders of Berkeley Heights. Both teams had 17 baskets, but the Clark team hit 23 of 28 from the free throw line, while Berkeley had 16 of 25. Chet Melll lead the winners with 19 points, a new high for him.

FOREIGN STUDY
Dr. Peter Sammartino, Chancellor of Fairleigh Dickinson University, announces that beginning with the summer of 1967, the University will establish a Mexican Studies Center at Cuernavaca, Mexico.

With the Armed Forces

Private Frederick Grimm 18 year-old son of Mr. and Mrs. Hilmar Grimm of 878 Madison Avenue, Rahway, has been enrolled in the U.S. Army Signal School for 24 weeks' intensive training as an electronic technician.

He is a 1965 graduate of Rahway High School. Admission to the Signal School is limited to men of outstanding promise. Ranked by educators as one of America's fine technical institutes, the enlisted department of the School gives training in the technologies of 215 major types of electronic equipment, from radio and radar sets to "electronic brains." Courses are also given in meteorology and both motion-picture and still photography.

The students are chosen from among the best of the Army's enlisted men. Roughly 90 percent are high school graduates and 21 percent have also completed one or more years of college. The courses are designed to equip the student for higher rank and more responsible duties in the Army, but they also qualify him for high-level technical work after leaving the Army.

Trailside Opens Program Series On January 8th

"Hemo the Magnificent," a color, sound film, will be shown at the Union County Park Commission's Trailside Nature and Science Center, in the Watching Reservation, on Sunday, January 8, at 3 p.m.

The film presents information about the human blood and how it works in the circulatory system throughout the body.

On Monday, January 9; Tuesday, January 10; Wednesday, January 11; and Thursday, January 12; at 4 p.m. each day, Dr. Harold N. Moldenke, director of Trailside, will conduct one-half hour nature talks for children. The topic to be discussed during the four days is "Water Birds." The talks will be illustrated with color slides and admission is free.

Dr. Moldenke will begin a new series of refresher courses in Natural History for adults beginning on Wednesday, January 11, at 10 a.m. This program is conducted on a Wednesday throughout the year and is designed for scout leaders, den mothers, and others interested in knowing more about Natural History.

The Trailside Nature and Science Center is open to the public each weekday, except Friday, from 3 to 5 p.m., and on Saturdays, Sundays, and holidays, from 1 to 5 p.m. The public is invited to visit the Nature Center, view the thousands of outdoor exhibits and participate in the scheduled programs.

Airman Frederick W. Heinz, son of Mr. and Mrs. Frederick W. Heinz of 1069 Leesville Avenue, Rahway, has been selected for training at Lackland AFB, Tex., as an Air Force air policeman. The airman, a 1966 graduate of Rahway High School, recently completed basic training at Lackland AFB, Tex.

Marine Private Robert E. Osmanski, son of Mr. and Mrs. Edward A. Osmanski of 173 Meadow Road, Clark, has completed the Aviation Structural Mechanics School in Structures at the Naval Air Technical Training Center in Memphis, Tenn.

Seaman Recruit Joseph J. Sprovach, 19, USN, son of Mr. and Mrs. Joseph J. Sprovach, Sr. of 2285 Whittier Street, Rahway has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

Hospitalman Arthur C. Silvia, USN, son of Mr. and Mrs. Frank Silvia of 48 Codrington Avenue, Avenel, is serving with First Battalion, First Marine Regiment.

Indians Win Fifth Of Season

Rahway's varsity basketball team handed the Kenilworth Bears their seventh straight loss on Friday night by the score of 73-36 at the Bears home court.

The Indians broke a 2-2 tie with 12 straight points, with George Wilks having three buckets. Coach Arnold used 13 players during the game, and 12 of them broke into the scoring column. The locals record is now 5-2.

Rahway will meet the winless Kenilworth Bears tomorrow night on the Madison Avenue court starting at 8 p.m. This is a return meeting of the two teams. A jayvee game will start at 6:45.

The team will return to Watching Conference play next Tuesday afternoon when the Berkeley Heights Highlanders will play here at 3:30.

AGREEMENT CONCLUDED
Union Junior College and the American College in Paris, an independent two-year liberal arts college in Paris, France, have concluded an agreement whereby selected Union Junior College sophomores will attend the American College in Paris under the new "Sophomore Year in Europe" program of the American College, Union Junior College will be the first of the nation's 750 two-year colleges to enter into a "Sophomore Year in Europe" program, it was reported by Dr. Lloyd A. DeLamater, president of the American College in Paris.

Current Events Test Scheduled

When the nation's school children race happily back to school after the Christmas vacation, many of them will have an immediate chance to prove they haven't lost that fine educational edge, by taking "The National Current Events Test."

The test, produced by CBS News and sponsored by American Iron and Steel Institute, will be given on the night of January 3, (from 10 to 11 p.m. in the East) on the CBS network. The Institute, keeping the tradition of the "Test" programs, will not reveal any details, but it has offered the tip that the quiz will mainly be a check on the events of 1966. Harold H. Oldham, a vice president of the Institute, put it this way: "CBS News has established a fine tradition in its 'National Test' series, and quite a bit of the respect for the series has centered on its tightly-held security. We appreciate this, but for the millions of school children who will be taking the test as a classroom assignment, we feel it's only fair to tell them that a review of 1966 is in the offing."

Early indications from individual steel companies, who are distributing test forms for the program, are that many school systems have scheduled the test as an informal assignment, particularly for junior and senior high school classes. Forms may be obtained (free, of course) from local offices of steel companies and from local CBS-TV outlets.

Betsy Rand, daughter of Mr. and Mrs. William Rand of 112 Meadow Road, Clark, is confined to her home with chickenpox. . . .

Robert Schmeltzer has returned to his studies at Springfield College following a vacation spent with his parents Mr. and Mrs. G. A. Smeltzer of 842 Riffle Avenue, Rahway. . . .

Herman Mintel and son Arthur of Clark, spent one day last week visiting Herman's son, Rev. Richard Mintel and family of Marlton, N.J. . . .

Mrs. Eva Maidment and Mrs. Ruth Cleland of Rahway, spent Christmas with Mr. and Mrs. Elliott Stofflet, formerly of Rahway, at their home in Toms River. . . .

Westfield Art On Display At Junior College

This year more than 3,500 people saw Santa Claus fly into Rahway by helicopter. Mr. Applebaugh is a past vice-president of the Rahway Chapter. He is employed by the Regina Company of Rahway and resides at 241 Haberle Place with his wife Carol and their two children.

Rahway High Selected For Pilot Program In Office Education

Rahway Senior High School has been selected as a pilot school for a unique national project in office education to be conducted in cooperation with Michigan State University.

Mrs. Myrna McLaughlin, a teacher in Rahway Senior High School, will serve as a research associate and will teach the experimental course. She attended a national orientation seminar June 13-17 on the Michigan State campus in East Lansing, Michigan.

The purpose of this project is to test the value of a block-time approach for advanced office education at the secondary level, to determine whether block-time patterns provide greater occupational competency than traditional single period instruction. The ultimate objective is improved education for employment in office occupations.

Mrs. Myrna McLaughlin said that "because occupational competency is a primary objective of the block concept, the classroom will stimulate a business office as nearly as possible. Rahway Senior High School is the only school in New Jersey chosen to evaluate this new technique in the area of Clerical Occupations.

Principal Robert Shaw said that the program is aimed at producing a realistic pre-employment experience by acquainting students with office machines and developing a practical use level and blending classroom activities and relating them to actual job standards and requirements.

Rahway Woman's Husband Lectures On Moon Geology

American astronauts landing on the moon will, as one of their first chores, pick up about 40 pounds of rocks.

While collecting the rock samples, said Astronaut Bruce McCandless, the astronauts will take every precaution to keep them from becoming contaminated by germs transported from earth.

Sealed in plastic bags, the rocks would then be returned to earth and examined by scientists for microbes, or forms of microscopic life. The astronauts would be kept in isolation until it was determined whether moon microbes, if found, are dangerous to man.

Navy Lieutenant McCandless, who at 29 is America's youngest astronaut, addressed some 300 high school students on December 27 at the annual Christmas convention of the Washington Junior Academy of Sciences at Georgetown University in Washington, D.C.

The astronaut said the rocks also would be tested by geologists to determine, at least in part, the mineral content of the moon.

According to Lt. McCandless, three astronauts will make the first flight to the moon. Two will land on the surface while a third will operate a service, or a supply capsule orbiting the moon.

After collecting rocks, he said, the Apollo astronauts will "make several short geologic hikes and take photographs." At no time, however, will they venture further than 26 minutes—the extent of their emergency oxygen supply—away from the spacecraft.

"They also will deploy an experiment package consisting of four scientific experiments designed to shed light on some of the more pressing scientific questions regarding the moon and its interaction with environment he added.

In all, seven sensory in-

struments will be set up, 60 feet apart from one another, to avoid interference. The instruments will be used mainly to measure such factors as volcanic activity, magnetic field and surface heat.

"The active seismic experiment," he said, "will employ a remotely fired mortar and hand held 'thumper' in connection with sensors to continue the investigation of the lunar surface structure."

After a 14-16 hour stay on the moon, the Apollo astronauts will take off in their spacecraft and rendezvous with the orbiting capsule for return to earth.

According to Lt. McCandless, tentative plans call for three astronauts to make the first Apollo flight, but he does not know whether he will be one of them.

Lt. McCandless is one of the 19 astronauts selected by the National Aeronautics and Space Administration in April, 1966. He is training for space flights at the Manned Spacecraft Center in Houston, Texas.

Lt. McCandless was born June 8, 1937 in Boston, Mass., the son of Rear Admiral (retired) and Mrs. Bruce McCandless, who now live in Annapolis, Md.

The young astronaut was graduated from Woodrow Wilson Senior High School in Long Beach, California, and from the U.S. Naval Academy in 1958, finishing second in a class of 899. He received a master of science degree in electrical engineering from Stanford University in 1965 and is now working on a Ph.D. also at Stanford.

He is married to the former Bernice Doyle of Rahway, N.J., whose mother, Mrs. Charles Doyle, lives in Roselle, N.J.

CROSSLEY RESIGNS

Dr. M.L. Crossley of 734 Park Avenue, Plainfield, has resigned as a member of the Board of Trustees of Union Junior College, and has been elected a trustee emeritus, it has been announced by Hugo B. Meyer of Summit, chairman of the Board of Trustees.

Jewish Women Slate Program On Viet Nam

Mrs. Irving Rolband of Roselle, vice-president, and Mrs. Jerry Rabinowitz of Colonia, program chairman, have announced that on Monday, January 9 at 9 p.m. the Central Parkway Section of the National Council of Jewish Women will present a program on "Viet Nam Today" at Congregation Anshe Chesed, Orchard Terrace Corner St. Georges Avenue, Linden.

Highlighting the evening will be Rev. Theodore Seaman of the First Methodist Church of Woodbridge and Charles Stein, attorney of Woodbridge and New Brunswick who will review the background of our involvement in Viet Nam. They will discuss the moral, political and economic aspects of the problem and how it affects our country's welfare program, budget and possible solutions to the situation.

Rev. Seaman has been very active in mental health on the county and township level, the Civil Liberties Union, the Anti-Defamation League of B'Nai Brith and the Civil Right Commission. He helped plan July's Three Day March for peace in Viet Nam by the committee of clergy and laymen.

Mr. Stein is a graduate of Rutgers Law School and is accredited to practice law in New Jersey and Washington D.C. He has been an attorney in civil rights matters and is particularly interested in defacto segregation.

Mrs. Gerald Sandak of Colonia, president of the Central Parkway Section, announced that this is an open meeting and the public is kindly invited to hear and partake in this timely and exciting discussion.

Residents Near 65 Should Sign For Medicare

Union - Somerset County residents nearing age 65 should go to the social security office to enroll in the

medicare program, Ralph W. Jones, district manager of the Social Security Administration, announced today. Although there is no time limit to sign up for the hospital insurance part of medicare, there is a set period of time in which a person can enroll in the medical insurance program (doctor bill insurance) program.

For his doctor bill protection to begin as soon as he reaches 65, a person must enroll in one of the 3 months before the month he reaches 65.

Hospital insurance protection can be retroactive for as many as 12 months. But the protection of the voluntary doctor bill insurance is delayed one to 3 months if application is made during the month he reaches 65 or the 3 remaining months in the 7-month enrollment period. And delay beyond that 7-month enrollment period may mean a wait of up to 2 years.

Jones pointed out that people do not need to be re-qualified to be eligible for medicare. People who are still working should get in touch with the social security office in the three months before the month they reach 65. In this way, they establish their entitlement to health insurance protection under medicare, and may even find they can receive some cash payments as well.

A change in evening office hours was also announced by Jones. The office will be open on Thursday evenings, January 5 and January 12, 1967 from 5 to 9 p.m. Beginning January 19, 1967, however, the new evening hours every Thursday will extend from 5 to 8 p.m. The regular daytime hours Monday through Friday, will continue to be 9 a.m. to 5 p.m.

Spend Time With Your Children

For parents to find time to spend with their Johnnie is easier said than done during these days of hustle and bustle. Studies made of children of all ages, however, have proven it pays off. So even if it is only a half hour a day, plan a definite time during the day to be with your Johnnie. Talk to him. Play with him. Hunt up pictures and books such as the "Doctor Soos" series or "Peanuts" and read to him. If you have a television set, sit and watch some appropriate program with him.

Be ready for Johnnie's questions when he asks such things as "Why does it rain? Who makes it snow? Where do the birds go in winter?" It is a good idea to do some reading of your own to learn some simple but truthful explanations for Johnnie's questions. Tell him where his father goes to work and why. If possible, have Johnnie's father take him to his place of work to visit.

Take your child to the Zoo or on a picnic to the Park where he can walk in the woods and learn some simple facts of nature. You, as his parents, may find yourselves learning some facts and enjoying it too!

Even though it will require planning, which is not easy, remember it is possible to spend some time each day with your Johnnie. By so doing you as his parents will learn to understand him better and help to develop both your own and your child's powers of observation and stimulate curiosity. In addition, it will increase your child's vocabulary and clarify his ideas and thus help him achieve more in school this year.

TIME IS SHORT

Time is growing short for veterans of World War II to use their eligibility for guaranteed loans for homes, farms or businesses. P. M. Nugent, Manager of the Veterans Administration Regional Office in Newark, warned today. The final deadline for application for a VA guaranteed loan is July 25, 1967.

Who Has The Responsibility For Running Public Schools

What is the unique characteristic of the American system of education? We would say this question could best be answered with the phrase "local control." Local control has kept the schools close to the people and responsive to their wishes. It has given the people some control of their taxes. It has prevented the bureaucratic rigidity that characterizes so many of the European school systems. Our forefathers were wise enough to see that education, if controlled at the national level, could not provide the variety that is necessary in order to serve local needs. For example, the school system that works well in an urban community may not serve a rural community at all well. By omitting specific provision for education in the U. S. Constitution, they caused the responsibility for running the public schools to fall upon the individual states. Here, in New Jersey, our state constitution requires the Legislature to "provide for the maintenance and support of a thorough and efficient system of free public schools." The Legislature, in carrying out this mandate, has chosen to delegate a share of this responsibility to the local communities,

Hasbroucks Mark Silver Wedding Anniversary

Mr. and Mrs. A.R. Hasbrouck of 146 West Emerson Avenue, Rahway, were honored at a surprise reception recently in observance of their twenty-fifth wedding anniversary.
