## The Quill

Congratulations to the three new members of the Clark Board of Education: Harold A. Syvertsen, Michael Truss, and John A. Fitzpatrick. You have a big job ahead of you gentlemen.

\*\*\*\*\*

And congratulations to the people of Clark on passing the budget - your attitude toward the budget was one of understanding and acceptance of the responsibilities of developing the kind of school system of which we can be proud.

Very few residents bothered to go to the polls, though. But where were all the rest of the people of town? In most classrooms in Clark - there wasn't one parent who came out to vote on the budget. Nice work.

\*\*\*\*\*

This is your last chance to request an invitation to our Press Breakfast - which is set for next Thursday at 9:30 a.m. at Koos Bros.

\*\*\*\*\*

And here's a good opportunity to hear the former Mayor of Springfield tell us "the behind the scenes" story about a municipal pool. Former Springfield Mayor Hardgrove will address the Clark Republican Club at 8:30 p.m. this Friday night. You're invited to attend.

\*\*\*\*\*

Family problems? Trouble with your youngest in school? Does your teenager "get out of hand" more often than he should? Or are you just plain interested in helping others? Don't forget - there's a special program set for February 20 at the Southwest Civic Association meeting.

Milton Faith, Executive Director of the Youth and Family Counselling Service, Westfield, will discuss "How To Best Raise A Neurotic Child". The agency serves Clark - and Mr. Faith's comments should be of special interest to everyone in the community. The meeting will begin at 8:15 p.m. at the Hehnlly School - and you're invited.

\*\*\*\*\*

Shame . . . shame . . . on the township of Wayne. Tuesday, the people of Wayne defeated two Jewish men who were running for the Board of Education. There were three vacant seats and five candidates - three of whom are Gentiles. The campaign had sunk to simply a matter of anti-semitism and as is always the case, anti-semitics developed arguments to mask their bigotry. These were that: Jews spend too much money on education and that if given a majority on the Board would take Christmas out of the schools. It's appalling to note that not one Jewish candidate carried any of the twelve election districts in spite of the fact that one of the men was an incumbent. The people of Wayne, in giving voice to their bigotry and vote to their anti-semitism may have kept Christmas in the schools but they took Christ out of Wayne. It's tragic that the Wayne voter could have forgotten that the greatest teacher of all, Christ, was Jewish.

\*\*\*\*\*

Most town residents did a good job of clearing their sidewalks and driveways of snow this week - and some even took the extra effort to clear the snow away from fire hydrants near their homes.

But are you willing to go one step farther? Unless driving is absolutely necessary - many residents leave their cars at home and take to the sidewalks. Most people carefully shovel their sidewalks - but usually those who live in corner houses shovel just to the curb and stop. After the snow plow's been through - people are forced to scale small mountains of snow to cross the streets. How about clearing a path for them?

\*\*\*\*\*

Many Thanks - that's what some of our readers have called to say. They were very impressed with the help offered by the many teenagers throughout Clark who pitched in to help shovel throughout Clark. Teenagers were seen digging out cars on Westfield Avenue, helping a stranded motorist on Raritan Road - and digging away excess snow in the parking lots of Clark supermarkets. Special "thanks" seems to be in store for the teenagers who stayed almost all day in the A & P parking lot helping motorists - without charge - to get started in the snow.

WOULD YOU BELIEVE . . . Tents . . . a signal tower, roasting beef - all on Raritan Road, Troop 45, sponsored by Brewer School, celebrated Boy Scout Week and the 57th Anniversary of Boy Scouts of America by pitching a campsite on the grounds of the Clark State Bank, 1050 Raritan Road, Clark. Camp was pitched starting at 3 p.m. February 10 (Friday) and was broken up shortly before 8 p.m. on February 11 (Saturday). Forty-two scouts and many fathers camped overnight. A 68 lb. hind quarter of beef was barbecued on a spit over a charcoal fire for approximately 13 hours (through the night). Lunch was served at noon on Saturday. The public was invited and many stopped by "for a snack".

IS HE SIGNALLING TO RARITAN ROAD? Troop #45 member Chuckie Munkel (atop the signal tower) demonstrates procedure for signals. At campsite, boys usually build two towers and signal back and forth. Others participating in the day, under the direction of Scoutmaster John Schwankert, Assistant Scoutmaster Charles Munkel, Chairman Joseph Brunnaquell and Assistant Leader Richard Milewski, included: EAGLES: Tom Snarski, leader - Jeff Hartmueller, John Baszak, Marty Flynn and Pat Kieri; RATTLESNAKES: Gary Tonnesen, leader - Jim Gambino, Keith Stephens, Mike Kieri and Jerry Gambino; FOX PATROL: Greg Wysocki, leader - Chuck Munkel, Ed Muchmore and Ray Krav; BAT PATROL: Tom Flynn, leader - Frank Simone, Glen Tonnesen and Brian Davenport; FLAMING ARROWS: Jack Schwankert, leader - Kevin McNulty, Carl Castoro, Warren Geissel and Bob Schwankert; and JAGUARS: Kevin MacNaughton, leader; - Dan Erwin, Steve Shohfi, Walter Vonah and Dennis Katsanis.

LET'S EAT - Who wants to pause for the camera when the beef we've been cooking all night is almost ready? Patiently waiting to begin are (left to right): Assistant Leader Richard Milewski, Keith Stephens and Don Brunnaquell. Visitors received a tasty luncheon - and all the Dads who took turns helping out during the night received a hearty "Thanks".

The question of possible defeat came up in only two districts. The capital outlay proposal tied with 72 votes in Ward Three, District One and won by three votes, 67 to 64, in Ward Four, District 1.

For the Board seats, Mr. Fitzpatrick of 51 Coldevin Road received the highest number of votes with 607. The breakdown, by wards, was: Ward One, 163; Ward Two, 157; Ward Three, 159; and Ward Four, 128.

## Clark Agencies Given \$19,400 For Services

The sum of \$19,400 has been allocated by United Community Services for the support of agencies serving Clark, a new addition to the five communities previously participating in the United Fund of Eastern Union County.

This was announced by Charles A. Walano of Clark UCS president, who said the money will be taken from the Reserve Fund. The amount represents \$1,400 more than was voted by the UCS board last fall. It reflects an amount for the Clark Service Unit, Salvation Army, subject to approval of the language of agreement. The allocation is in anticipation of income from fund-raising to be conducted in the borough this spring.

From anticipated receipts of \$645,000 raised in Elizabeth, Hillside, Linden, Roselle and Roselle Park last fall, the UCS has made allocations to the 32 agencies serving those areas plus operating costs.

### Eagle Award Presentations Mark Dinner

It seldom happens that four boys from a troop receive Eagle Awards at the same ceremony but this was the happy fact during the fifteenth anniversary dinner of Troop 100 of St. Mary's Church, held at the Cranwood in Garwood, Thomas G. Dodman, Andrew R. Sestokes, Ladislau Rizman and John J. Helly were the hardworking boys to be honored and Pat Monahan and Scoutmaster Maurice Moran together with Mrs. Charles Kiger, President of the Mother's Club were participants in presenting the signal hour to the boys.

### Heart Sunday Collection February 26

Diseases of the heart and blood vessels were responsible for 1,992 deaths in Union County during 1965, the last calendar year for which statistics are available, it was disclosed today by William Wanko and John Corey, co-chairmen of the 1967 Heart Fund Campaign in Rahway. This is a slight reduction over the 1964 death total, but still one which is very high.

Wanko and Corey report that the economic cost of heart disease nationally is \$4 billion yearly or about \$21 per person. The economic cost of heart disease in Union County is somewhere near \$10,500,000 annually.

Wanko and Corey report there is but one way through which the individual can act to reduce the toll in death, disability, suffering and economic cost, namely, by contributing to the Union County Heart Association for its programs of research, education and community service.

The Heart Fund Campaign will reach its high point February 26 when local

Heart Sunday volunteers will join 1,750,000 others throughout the nation to visit their neighbors, distributing literature on how to reduce every family's risk of heart attack, and also to receive Heart Fund contributions.

**We'd ask you to compare it... but with what?**

Comparing a Cadillac has always been a problem, for the car has long been clearly in a class of its own. In 1967, the challenge is even greater... because Cadillac has never before asserted its leadership so convincingly.

Start with beauty. Cast about for a luxury car contender that can list such styling advancements as Cadillac's dramatic new roof line, its forward sweeping front design and its graceful and flowing side contours. Then consider that there are eleven exciting examples of this kind of Cadillac beauty... as well as the totally new Eldorado, the world's finest personal car!

Consider also the incomparable newness of Cadillac's beautiful interiors and their unexcelled safety and convenience. There are passenger-guard door locks, a hazard warning system, a dual circuit braking system, latches that hold folding front seats securely in place and dozens of other safety features.

And, of course, there's performance. There's nothing else smoother than Cadillac's V-8 power; nothing else easier than Cadillac's improved variable ratio power steering; nothing else surer or steadier on the highway.

Visit your authorized dealer and measure Cadillac against your own motoring requirements. It's the only valid comparison test for the Standard of the World.

## Women Realtors Hear Talk On Discrimination

William W. Barnes, Chief of the Bureau of Education of the Division of Civil Rights at the request of the Women's Association of the Cranford Board of Realtors, spoke to Union County Realtors on the subject of the New Jersey Law Against Discrimination. Mr. Barnes has been dealing with all phases of intergration since 1947.

The newly amended New Jersey Law Against Discrimination, Mr. Barnes feels, has helped clarify the situation. Under the new law, discrimination is forbidden in the sale or rental of homes, the sale of open land, and the rental of apartments. Banks and other Loan Institutions cannot discriminate in the conditions for granting mortgages or home improvement loans. The ban on discrimination in private housing does not cover the

rental of an apartment in a two family house where the owner lives in one of the apartments or the rental of rooms in a one family home or apartment.

Mr. Barnes stressed the fact that this new ruling applies to all homeowners as well as Licensed Real Estate Brokers and Salesmen, selling or renting properties with or without the assistance of a Realtor. Mr. Barnes further stated that New Jersey has had a minimum of negative reaction to non whites moving into white areas.

# Clark Departments Respond To Snow Emergency

Mayor William J. Maguire today complimented the members of the Township's Departments of Public Works and Engineering, headed by John Doenzelmann acting director and the members of the Police and fire departments for their cooperation in the snow emergency last week.

"Everyone concerned cooperated in full," said Mayor Maguire, who at 2:10 p.m. on last Tuesday declared an emergency and empowered Acting Police Chief John Waterson to take any means he found necessary to remove abandoned cars from the streets so that the plows could get through.

"Our road crews, directed by Thomas E. Smith, Superintendent of Public Works and supported by the equipment of three private contractors, worked from the time the snow began falling on Tuesday, until 3 a.m. Wednesday morning. They returned to work at 8 a.m. on Wednesday and continued to clear crossings and widen the lanes on all streets.

plane hostess," says thirteen year old Susan as she leaves the airport with her parents.

In both cases the stage has been set for both David and Susan to learn more about work. Before actually entering any field of work both children will usually change their choice many times. The more you, as parents, help your children to learn both the good and bad pointers about the many jobs that exist, the easier the actual choice will be later on for your children.

Numerous factors influence your child's final decision concerning his work, among which are: his own interests and abilities, his opportunities and capabilities for education and training, his chances to try out different kinds of part-time

ALL SETTLED FOR THE NIGHT in case of emergency are Clark Firemen Deputy Chief F. Bihon (left) and W. Nicholas during the recent storm.

"We had a few complaints but we were happy to have so many people call and compliment us on the manner in which the job was done. The Police Department did yeoman service, many of the men working overtime to unsnarl traffic and to render aid to several persons who had to be taken to hospitals during the height of the storm the Mayor added.

Immediately after the intensity of the storm became apparent, Fire Chief Robert Wagner and twelve of his men moved into the fire headquarters and stayed there throughout the night in order to answer any alarm. Fortunately, there was no calls.

The Mayor closed the municipal offices at noon time Tuesday, despite the fact that virtually every municipal employee showed up for work.

"There was no need to keep the offices open as no one came into the building on business and it was almost impossible to con-

tact people by telephone." Captain Roger Williams of the Volunteer Emergency Squad, and three other members, also spent the night in their headquarters ready at a moment's notice to go out on an errand of mercy. They did, in fact, transport a patient to the hospital at 5 a.m. Wednesday morning.

The Emergency Squad also supplied cots and blankets for use by the men of Clark's Volunteer Fire Department.

### Model Train Table

MODEL train time is fun time, especially if you don't have to use the floor. Model railroad enthusiasts and children will derive more enjoyment from their model trains if the layout is mounted on an easy-to-assemble table. By using a single panel of Masonite quarter-inch Peg-Board as a table top for a model train, it is easy to string the wires along the underside of the table. The circuits can be completed through any of the hundreds of perforations.

Either prime and paint the Peg-Board or use a pre-painted type with a pattern similar to monk's cloth. This patterned Peg-Board, or the unpainted panels, are available at lumber and building materials dealers. When was the last time your windshield wipers were checked? The Institute For Safer Living of the American Mutual Liability Insurance Company states the ability to see through your windshield may mean the difference between life and death. Be sure your wiper blades are in good condition and have enough pressure to brush off the snow instead of sliding over it.

Tailgating is bad at any time but particularly bad on winter roads or after dark. A good rule to follow, according to the Institute For Safer Living, is to allow one car length of space between cars for each ten miles of speed shown by your speedometer - more when conditions warrant.

### 'Let's Be More Courteous' ... Post Office Officials Suggest

Postmaster Warren T. Moulton today called attention of Rahway, Clark and Colonia mailers to the new "Postal Customer's Bill of Rights" to help meet President Johnson's government wide goal of improving the quality of federal services to the public.

Directed at post office window services, Postmaster General Lawrence F. O'Brien has ordered the Customer's Bill of Rights implemented by two immediate steps at Rahway and its Clark and Colonia Branches.

1. Posters will be displayed in the post office lobby and service counters containing 10 points which specify the kind of treatment customers have a right to expect.

2. Instructions from Mr. O'Brien call for careful observance of all points in the "Postal Customer's Bill of Rights." The instructions also provide directions for the most efficient management of window service.

The posters tell customers they are entitled to:

- 1. A neat, clean counter on which to transact business.
- 2. Service by a well-groomed, neat window employee.
- 3. A friendly greeting that expresses a desire to assist.
- 4. Knowledgeable, well-informed, interested window personnel to help with postal needs.
- 5. Prompt, alert and efficient service.
- 6. Competent and correct information on inquiries.
- 7. An attitude that reflects helpfulness, patience and congeniality.
- 8. The courtesy and tact that would be expected from a friend.
- 9. Polite referral to another window or individual, when necessary, to give the appropriate service.
- 10. A feeling, upon leaving, that the post office is glad to serve and help at all times.

Instructions for fulfilling "The Postal Customer's Bill of Rights" are being distributed to all window personnel by Postmaster Moulton.

Mr. O'Brien stated in connection with the new postal service improvement effort: "President Johnson insisted that every federal employee give added attention to providing the American people with the very best service possible. . . Since your daily duties bring you in direct and continuing contact with our customers, I would like to tell you what I consider the type of service the American people have a right to expect when dealing with the largest business operation in the world."

He urged residents to as-

ist in this effort, by stating their needs clearly, and having money and any necessary filled-out forms ready for transactions.

The Postmaster explained that demands on window personnel, who must deal with a wide variety of information, forms and varying services, are usually very heavy, and postal customers can assist them in meeting the new service goals by being as brief and business-like as possible.

### U.J.C. Will Be Union College Next September

The State Board of Education has approved the request of Union Junior College Cranford, to change its title to Union College, effective September 1, 1967.

Dr. Kenneth C. MacKay, UJC president, said the name change signifies no change in its status as a two-year institution or in its educational offerings.

"We will remain a two-year community college of the academic disciplines," as we have been for the past three decades," Dr. MacKay said. "This name change simply is in line with a nationwide trend, which recognizes that a two-year college can be an institution of higher learning in every sense of that phrase."

Dr. MacKay pointed out that the word "junior" in the college's title, is often considered by the public and especially high school students to indicate inferiority "or something less than college," and in no way does it help to identify the institution.

### What Is Best Way To Teach Young To Read

What's the best way to teach reading?

The use of colored letters? The linguistic approach? The programmed method? The Initial Teaching Alphabet? The phonetic way?

Will multi-racial textbooks help? These are among the current questions being asked by teachers and parents. And one of the national authorities in the reading field is providing educators with sound background on which to base their judgement.

Dr. Nila Banton Smith, distinguished service professor at Glassboro State College, is in Los Angeles (California) County this week speaking to 15 different groups concerned with the best approaches to teaching reading.

Dr. Smith does not recommend any one method as being the best. "Last year the U.S. office of Education tested all methods, except color, and no one method proved superior enough to be used to the exclusion of others," Dr. Smith observes.

"Frequently emphasis and enthusiasm surrounding a new improved method," Dr. Smith adds.

In Los Angeles, Dr. Smith will speak at breakfasts, luncheons and dinners, as well as during the regular school day. Dr. Smith will conduct meetings with teachers,

reading specialists, curriculum coordinators and school administrators. She will meet with professors from the 15 colleges and universities in the area, answering questions they may pose.

"Controversial Issues in Reading," "New Approaches in Reading," "What Can Classroom Teachers Do in Working with Retarded Readers?" "Teaching the Disadvantaged to Read" and "The Future of Reading Instruction" are among her speech and discussion topics.

The busy educator will return from the week of consulting work in California to meet with her two classes in reading instruction at Glassboro State College.

Her classes, always well-attended, attract educators from all parts of New Jersey and from Delaware, Maryland and Pennsylvania.

Dr. Smith traveled to Pennsylvania a couple of weeks ago to talk to 850 Philadelphia teachers about her favorite topic—the teaching of reading. The teachers are using a text she wrote—"Reading Instruction for Today's Children."

Telling the teachers to learn all they can about the different approaches to teaching reading, she described the various approaches being used.

Dr. Smith praised the multi-racial texts, saying: "For years, reading texts have shown Caucasians living in pretty ranch houses with geraniums in window boxes." She approved new texts which give common experiences of all levels of society.

Chairman of the long-range planning committee of the International Reading Association, Dr. Smith headed up a committee meeting in New Orleans on January 19. Preparing programmed materials for computer use and reading satellite and television programs to help eliminate illiteracy were among the ideas discussed.

She is a past-president of the International Reading Association.

Dr. Smith has written numerous books in the field of reading instruction and children's literature. She has had more than 200 articles on reading published in professional journals, as well as in popular magazines.

Before coming to Glassboro in 1963, Dr. Smith had been director of the Reading Institute at New York University. She has also been a professor of education at the University of Southern California and was dean of instruction at Broadacres School of Education, Pasadena, California. She was a teacher in the Detroit public

schools and later served as supervisor of reading for Detroit schools.

Dr. Smith received her bachelor of arts degree at the University of Chicago and her M.A. and Ph.D. from Teachers College, Columbia University.

### Oral Hygiene Appliance Given Rahway Hospital

In observance of Children's Dental Health Week, Alvin Hirschberg, D. D. S., presented a Water Pik to the Pediatrics Department of Rahway Hospital. The appliance was donated by the Union County Dental Society as an educational tool to introduce youthful patients to a new method of supplementing regular brushing.

Through a personal plastic tip inserted in a handle at the end of a narrow hose, the Water Pik rapidly pumps spurts of water which circulate around the gums and teeth.

Dr. Hirschberg stated that he considered manufacture of the appliance a progressive step forward in care of the teeth and gums, requiring no special skills to produce effective results. He indicated that he hoped the children would be instrumental in familiarizing their families with the new technique.

You are looking at one of the most exciting telephone ideas in 91 years

The new Trimline® phone... with push buttons that come to you

This new phone is actually a whole collection of new ideas—the payoff of years of research at Bell Laboratories, plus the manufacturing know-how of Western Electric.

Makes phoning easier, faster.

Pick up the phone... and right in the palm of your hand are the Lighted Touch-Tone® push buttons that make "dialing" twice as fast.

And notice the recall button just below the Touch-Tone buttons. To make another call, just press it and you've got a dial tone without reaching to hang up first.

The cord is 18" longer, so you can move around more freely. Or really settle back and relax.

New phone locations possible.

Because the buttons are in the handset, you don't need to see the base to call. So you can tuck your new Trimline phone in handy, space-saving places—under a counter, or on the side of a kitchen cabinet. And the base is much smaller than a conventional wall phone—only 2 3/4" x 8".

But you probably won't want to hide it.

The sculptured Trimline styling blends gracefully with any decor. It's the only telephone in the world ever to be selected for the permanent Design Collection in New York's Museum of Modern Art. The styling keeps the phone cleaner, too—the buttons hide from dust when not in use.

New Trimline phones cost just a few pennies a day. You can order yours from your Telephone Business Office in wall or table models, with either Touch-Tone push buttons or a standard dial.

There have been a lot of good ideas in telephoning since Alexander Graham Bell brought the first one to life 91 years ago. We think you'll like his latest grandchild—the new Trimline phone.

### A Teen's View On... The War In Viet Nam

by RITA BLACK  
 RAHWAY HIGH SCHOOL  
 Contrary to popular opinion, teens today do have a serious side to them and when conversation flows between them, the topic often turns to the war in Vietnam. Vietnam is the largest of the three countries formed in 1954 from what was formerly French Indochina. In 1954, in a war for independence, Communists defeated the French armies. Soon after this, a conference at Geneva, Switzerland divided the country into its two present parts at the 17th parallel, North Vietnam, a communist state, and South Vietnam, which is an independent country. The United States commitment in Vietnam began in 1954 when we aided the French in her fight. Since then, our involvement, in dollars, men, and equipment has continued to grow heavily. This war escalation has not met with 100 per cent approval in the United States or the rest of the world.

on a team giving everything you've got for a cause (in Vietnam the sacrifice might often be your life) while you are being booed by people who just sit back and do nothing? It would make me furious. Last year, around Memorial Day, our high school had an assembly with a speaker, who was a serviceman just back from Vietnam. This man got a very warm welcome from the student body, who listened attentively while he described what was at stake in the war. It seems to me that many adults should hear a speech like this to awaken them to their responsibility as a citizen of the United States. Many Rahway boys are over in Vietnam and this year we will send more, some from the class of 1967. Let's not be an apathetic population but instead support our boys and hope for a peaceful settlement sometime soon in the future.

## In The Record Groove Yard

by Verdie Small  
Rahway High School

- "KIND OF A DRAG" - THE BUCKINGHAMS - This record is properly titled. 'Nuff said.
- "RUBY TUESDAY" - THE ROLLINGSTONES - A rather different sound and style from this group. It's just as well because they were heading for rock bottom.
- "GEORGY GIRL" - THE SEEKERS - I've just one word to express my feelings: putrid!
- "LOVE IS HERE AND NOW YOU'VE GONE" - THE SUPREMES - Of course in every "Top Ten" there's a Supremes' record. Why? Because they're the top competitive group.
- "THEN YOU CAN TELL ME GOODBYE" - THE CASINOS - This song sounds like it came from the age of the 50's.
- "98.6" - KEITH - This guy has a nice voice, even though he can be mistaken as a girl. He has nice wavy hair. I'd say medium length.
- "I'VE BEEN LONELY TOO LONG" - THE YOUNG RASCALS - I can remember when these guys appeared at the Elks in Elizabeth.
- "I'M A BELIEVER" - THE MONKEES - Well, I'm not!
- "GIMME SOME LOVIN'" - THE SPENCER DAVIS GROUP - Now here is a groovy record. I just don't know why it isn't number one.
- "KIND OF A HUSH/NO MILK TODAY" - HERMAN'S HERMITS - Same old Herman. Soft and mushy sounding.

### BREAKOUT RECORDS

- "SOCK IT TO ME BABY" - MITCH RYDER - Among the confusion of the traffic sounds, is a pulsating beat that keeps on and on and on . . . . .
- "LOVE I SAW IN YOU" - SMOKY AND THE MIRACLES - This record should be labeled under the heading of "Soul" and "Groovy". You know baby! (Well????)
- "DEDICATED TO THE ONE I LOVE" - MAMAS & PAPAS - The Shirelles had a hit with this song.
- "MERCY, MERCY, MERCY" - CANNONBALL ADERLEY - A positive raver, with a fantastic atmosphere. Yeah!

### 'English Look' Dominates Scene

by RITA BLACK  
 RAHWAY HIGH SCHOOL  
 The big look this year in fashion is the "English Look." Straight out of Carnaby Street in London, it can be seen roaming around the halls of high schools, at football games, at dances, evening parties or other activities. One very important part of this look is the pants suit, a jacket paired with a matching pair of slacks and often a skirt. It comes in all materials but especially popular this year are little prints and corduroy. Another part of the English look is the pea jacket. This jacket is part of a general trend called the military look, which is exactly what it sounds like—brass buttons, a great deal of navy blue, and so on. Poor boy sweaters of all types and hip-huggers are also seen a great deal.

Besides the English look, another popular style is the "baby doll." This style is designed to play up femininity with cute, girlish dresses, round-toed shoes and small handbags often swung from the shoulder. Hair this year is either long-long or short-short in a "Sassoon." This latter style features hair tapered in the back, with short sideburns and big, full bangs. Either way, hair is swifty and natural-like, although possibly a different color than when you last looked at it. Anyway you look at it, teens are always neat and well-polished, clean and well-groomed.

### CRITTERS BACK OUT

### How Do You Define Black Power?

By DON COOK  
 RAHWAY HIGH SCHOOL  
 Black Power is an ill-defined slogan being used today by many factions of the civil rights movement. This same slogan, and more important, the idea behind it, is being degraded by other factions of this same movement. Stockley Carmichael, the militant leader of the Student Nonviolent Coordinating Committee is one of the most devout believers in the black power movement. Dr. Martin Luther King, the head of the Southern Christian Leadership Conference, is opposed to the outlook on civil rights and the segregationist sits by and looks on with delight at the apparently widening split in the civil rights movement. The Black Power issue has caused various feelings

among whites and Negroes, but what it has done to the civil rights movement itself is cause a split which cannot help the Negro strive for equality. Divided, the movement can accomplish nothing. The civil rights movement had been making greater strides since its official in December of 1955, but I feel now that the movement will stall and die if the internal fires are not extinguished. The American teenager has a great stake in what develops in the movement for Negro equality because we are the ones who will suffer if it should fall. It is my opinion, that the American people should not take sides but work for a greater understanding between both sides of a very controversial issue and in this way, and this way only, the brotherhood of man can be strengthened and supported. It is a matter of concern for everyone, White and Negro, that the gap in the movement for equality be bridged for a greater America.

### School Is 'Gymnasium' In Germany

By ELLEN GRAF  
 MOTHER SETON  
 The school I attended at home, a "gymnasium," consists of nine grades. The eighth grade in which I would now be, is equal to your senior class. While you have to carry six majors in school, we have to manage with fourteen. Of course, we don't have every subject everyday, this is not counting foreign languages. Our school day starts at 8:15 and ends at 1:20 (lunch is at 11:25-11:45).

By ROBERT GOLLIHUR  
RAHWAY HIGH SCHOOL

Mr. Roger P. Bangert, director of Rahway's High School instrumental music department has recently announced plans for new uniforms for the Redskin Band. The uniforms currently in use by the marching band date back to 1945 in style. The blazers in use by the Concert band are all in need of replacement, and there are more band members than jackets. The proposed uniform is radically different from the one in use. It is a combination concert/marching band uniform which immediately eliminates the need for addi-

itional or complete replacement of blazers. The marching version of the uniform, in addition to many other basic changes, has a white leatherette shield only on the front, which supplies interesting effects on the football field. The concert band's uniform is a West Point military type. White now highlights both outfits instead of the passe gold. The uniforms, designed by Mr. Bangert and a professional designer, features many of the Ostwald uniform innovations, such as size-changing straps and rip-out seams.

books than you! There is also a difference in the report card system. We get only two cards per year. The one at Easter is really dreaded, that's the one which states if you pass or not! The second report card is given in November. Well, at the moment that is all I can think of. Oh! one more thing, I can't yet decide which school system I like best, but one thing for sure, I certainly am enjoying school life in the United States. Fireman Engineman Robert E. Melick, USCG, son of Wilbur E. Melick of 1533 Jefferson Avenue, Rahway, has graduated from the Fleet Marine Force, Atlantic, Clerical School, at Camp Lejeune, N.C.

## Foreign Languages A Popular Elective At Rahway High

Amo... Adios... Achtung...  
 Foreign languages in Rahway Public Schools are a popular elective subject. This year well over a thousand students in the junior and senior high schools are studying one or more of the four languages taught--Latin, French, Spanish and German. At present the program begins in the seventh grade with General Language, a background course preparing students for language study by acquainting them with the nature of language in general, with the relationship between languages, and with the major foreign cultures. In the eighth grade, in the Introduction to French, Spanish, and Latin, a preview of each of these languages is presented in order to enable students to decide which language sequence they wish to pursue. This decision is usually made in the ninth grade, and the language chosen at that time may be continued through a four-year sequence if the student so desires.  
 In our present era when world travel is becoming increasingly common and when our country has such vast world-wide commitments, the ability of our citizens to communicate with the peoples of other nations is vital. A knowledge of the grammar and literature of a foreign tongue no longer suffices.

### How Your Child Learns To Think

Do you remember when Jack or Diane spoke their first words? Was it Mom? Mommy? Dad or Daddy? As your child learns to use symbols and speak he is able to develop into an intelligent human being capable of thinking and solving problems far beyond the capacity of other creatures. Words and other symbols human beings use refer to things, events, relationships other than themselves. For example, "dog" refers to an animal that can be seen, played with, and loved. "Dog" refers to the animal dog because you were taught so by your parents. No other creature can make signs stand for anything they want them to.  
 When you discover or invent new things and new relationships the first thing you still do is give them a name.  
 Without seeing a cat or dog you learned to see them in front of you and to compare their characteristics. You begin to know how they would react in certain situations, times and places. Ideas and symbols of activities make it possible for you and your child to deal with your world by thinking about it instead of experiencing it and acting it out every time. Certain animals can learn associations too but at a much lower level.  
 When Your Child Thinks--Your child approaches the world differently than other creatures. He is not aware that the things he sees have properties such as size, shape and color until he is about two. Also, contrary to popular opinion, your child first sees all objects as three - dimensional -- not two - dimensional.

February 4, 1946. In the Broadway history books, "Born Yesterday" is recorded as the fifth longest-run, non-musical, Broadway show, with a tally of 1642 consecutive performances, and is also the first Broadway play ever to command \$1-million dollars for its film rights.  
 The 20th Anniversary production of "Born Yesterday" has been meticulously cast by producer Frank Carrington of the Paper Mill Playhouse, Millburn, and will be staged by David Pardoll, playwright Garson Kanin's personal choice as director of the Millburn production, and if Garson Kanin's busy schedule permits, Kanin will be among the first-nighters at the Paper Mill when "Born Yesterday" began its three-week engagement on January 31.  
 Janis Paige will star as adde-brained Billie Dawn and the Paper Mill production will co-star Robert Strauss as rugged Harry Brock, with Paul McGrath featured as suave Ed Devery, and Michael Baseleon co-featured as Paul Verrall, the romantic intellectual.  
 Scenic and lighting designs for the Paper Mill production will be created by Robert T. Williams.  
 Not only does this forthcoming gala theatrical celebration mark the 20th anniversary of the Kanin classic it also confirms writer-critic John Gassner's impression of the playwright, many years ago: "His is the freshest new talent for Broadway comedy to appear on the stage in many years."  
 Two decades later, the perennial freshness of "Born Yesterday" and its ability to evoke hilarious audience response will undoubtedly parallel John Gassner's judgement of its author.

CHARGE CARD BUSINESS The entry of banks into the charge card business is a giant step toward the day when we have a checkless, cashless society where checks, invoices, remittances, and many other pieces of paper, including money, will be considered as antiquated as the quill pen, said Charles T. Russell of Pittsburgh National Bank in addressing New Jersey bankers at their annual Consumer Credit Conference in Asbury Park.

Friends Plan One-Man Show For Herbert Wyllie
Students and friends of Herbert S. Wyllie, one of New Jersey's major artists, are planning a one-man art show...

Wayland Gregory, Art Critic, became interested in the Man as well as the Artist "Wyllie is of English-Scottish lineage, complete with crest and tartan. His grandfather was Henry S. Wyllie, the famous watercolorist. Also in the family was W.L. Wyllie the renowned British painter of the seascapes. The great writer, Robert Louis Stevenson, was a third cousin. He cultivates his garden, his home, his work. As a teacher he is explicit and constructive and can vividly demonstrate. (speaking of his art) - That direct rapier-like execution which is inherently the life of the palette-knife expertness, is only possible with the mature experienced artist... the voice of the man is heard through the technique in his latest depth of color, mysterious, and lyrical, as in his newest canvas of the "Old General Store at Deserted Village... or in his recent moody and romantic "New Jersey Woods".

There is ample parking space at the Cranford Dramatic Club, 78 Winans Avenue, off of Centennial Avenue, south side, Cranford. The public is invited to attend. His friends, students, and fellow artists believe the show will be an inspiration to all who view it. Mrs. Phyllis Hellegers of 106 Herring Avenue, Cranford, Mrs. Eirdosh of Roselle Park and Mrs. Kelly of Union are co-chairmen of the show.

Brady's Put Irish Pizza On The Map
Would you believe Irish pizza? The Inventor, John J. Brady, Jr., of 381 Broad Street Newark, could hardly believe it himself—until it happened. Today, it's invading supermarkets all over the East, and former marketing and management consultant Brady is in the Irish pizza business. He freely admits that it's a world monopoly. Brady's Irish Pizza, first offering in a food specialty line planned by Brady's Irish Products, Inc., is -- to the best of Brady's knowledge--the only Irish pizza in existence. Brady, who is 29 and wears the map of Ireland on his face, says he invented "Irish" pizza on the spur of the moment one night, when faced with the problem of what to serve his guests in the way of hors d'oeuvres. AFRICAN INSPIRATION To make the story even more exotic--and here truth really is stranger than fiction - it happened while Brady was serving with the United States Army Signal Corps in Eritrea, East Africa. "What do you call this?" his guests wanted to know. "Brady's Irish Pizza," said Brady, quick as a shot. The on - the - spur - of - the - moment pizza, concocted from ingredients at hand, proved an immense success at Brady's home. When he returned to civilian life, he determined to capitalize on it. The result was the formation of Brady's Irish Products, Inc., with headquarters in East Orange, and the recent introduction in supermarkets throughout New York and New Jersey of Brady's Irish Pizza. "Irish pizza is distinguished from the traditional and popular Italian variety by a thinner, crispier crust, and thicker, richer sauce, topped with mozzarella cheese. Brady's Irish Pizza is marketed in frozen, four 8" round pizzas to the box, priced at 69¢ retail. It is also available to the institutional and other markets in wholesale quantities. Brady, who gave up a flourishing marketing and management consultancy partnership in New Jersey to become president of Brady's Irish Products, Inc., says Brady's Irish Pizza is only the first of a line of specialty food products. A talented gourmet chef as well as a businessman, Brady brings an appetite for his kitchen experiments. He was an oarsman at the University of Pennsylvania (later attended Rutgers University, School of Business) and retains the rugged build of the natural athlete. All Brady creations are tested on Brady's wife, Lynn and 2-year-old son, "Trip" (short for John J. Brady, III). If they fail to pass that initial test, "Forget it!" says Brady. "I wouldn't want to market anything that my wife would be proud to put on our table."

U.C. Pageant
In nine years, four Miss Union County winners have gone on to win the title of Miss New Jersey. Miss New Jersey then competes for the title of Miss America at Atlantic City. In addition to the prestige and personal honors, substantial scholarship awards are given; Miss New Jersey receives a \$1000 scholarship, Miss America a \$10,000 scholarship. Sizeable scholarships are also awarded in other categories, such as talented musician, actress, dancer, singer and others. To be eligible for entry in the Miss Union County Pageant a girl must be between 18 and 28, single, a senior in or high school graduate, a resident of or going to school in Union County. Doug Lind also stressed that there is no expense to the girls who are entrants in the Miss Union County Pageant. Mr. Lind reports that since the time for entry is short, any nomination should be sent to him or Dick Payne immediately.
