

## The Quill

Don't forget! There's a meeting of the Municipal Council on Monday evening, February 27, at 8 p.m. in the Council Chambers.

\*\*\*\*\*

With the introduction of the ordinance for a Legal Department for Clark -- a lot of people who've talked about the high costs of attorneys for Clark will have an opportunity to hear a suggestion for change.

There are many factors on both sides of this question. Many of Clark's legal fees are the result of township officials not accepting the advice of our attorney or of residents being overly anxious to file suit.

But there's no way around the fact that what Clark was paying -- \$400 a day in court -- was way out of line.

Perhaps, the Legal Department is the answer. We do hope, though, that all the residents who've voiced their complaints about this -- and the many who've called the paper to ask that the matter be made public -- attend the meeting Monday.

\*\*\*\*\*

And thinking of Council meetings and legal fees and township administration in general -- we suggest that a new policy be initiated which may prove helpful. How often we've heard: "Well, that's an administrative problem -- and the man in charge isn't here." True, the Council members are not administrators -- but the people feel they're getting the run-around.

We'd like to see, at every public Council meeting, the Clark administrative staff. We'd like to see them take their rightful places -- at the front of the Chamber -- near the Mayor -- ready to answer questions raised by residents.

In many other towns, the Mayor and his staff; department heads, business administrator and other township personnel are present at each meeting and available for questions.

Can this be tried?

\*\*\*\*\*

"Crime in the Streets" has become a national by-word. It's the object of newspaper editorials, TV programs, and countless meetings. With National Crime Prevention Week near -- it reminds us of just how much there is to do in this line. Crime prevention is everybody's job -- yours and mine. Now, no one expects you to dash out and investigate street gangs or to try to capture a few crooks this week. But there's one thing you CAN do -- and maybe that's most important.

One of the best ways to avoid crime and the attitude which leads to it -- is to give strong support and confidence to your Police Department. The members of the Clark Police Department should know that the people of the community are "100% behind them".

We've been pleased recently with the calls we've received from Clark residents asking that "a pat on the back" be given to the members of the force who visit our schools periodically. These men stress the importance of "obeying the rules of the road" when walking or riding bikes, explain safety procedures, and emphasize the dangers of getting too close to "thin ice" in the winter.

Some of the parents have told us that nothing "we could say" would have made as strong an impression on their children as did the talks given by our Police officers.

## Auxiliary Plans Feb. 23 Cake Sale

It was "Happy Birthday" for the Auxiliary of the Clark Volunteer Emergency Squad last month -- the auxiliary was 11 years old in January.

Planning a successful 12th year, the members completed plans at their last meeting for a Cake Sale to be held at the Merit Supermarket, Westfield Avenue, on February 23. Mr. H. Johnson is chairlady, assisted by Mrs. A. Varga, co-chairlady.

The new president, Mrs. William Mc Clymont announced the chairladies for the Auxiliary committees. Mrs. Harry Paulmann received her ten-year pin for membership.

Any female resident of Clark -- over 21 years of age -- who would be interested in becoming a member of the auxiliary should call Mrs. J. Boblis at 276-5040. The Auxiliary is the fundraising unit of the First Aid Squad, the Squad's only other means of raising money is their fund drive which is held yearly. Needless to say, an organization consisting of volunteers who perform such a useful contribution to the welfare of others, must have an active group behind them constantly striving to increase their capital so they can purchase necessary equipment to maintain the high quality of such services provided seven days a week -- 365 days a year.

The hostesses for the February meeting were: Mrs. J. Jarvis, Mrs. C. Hilliard and Mrs. F. Dillberger. The next meeting is scheduled for March 15.

An ordinance will be introduced Monday evening to create a legal department for the township, it was revealed this week.

Newly-elected Councilmen Thomas Kaczmarek and Richard Burger will move for introduction of the ordinance which would provide a salaried township attorney and municipal prosecutor. If the ordinance for the legal department is accepted by the members of the Council, a salary ordinance will be introduced later said Councilman Burger. He indicated that the department would be run for about \$15,000 to \$17,000 a year.

"We've heard much rumbling about the high costs of legal fees" the Councilman said, and Councilman Kaczmarek, Councilman Boyle and I promised our supporters that we'd look into the costs. The three Councilmen have done research on the fees paid by other towns and none of them pays fees as high, he said. After an extensive survey of our town the Councilmen found that Clark legal fees averaged about \$30,000 per year, and Councilman Burger said, and we just can't afford it.

He indicated that a good model on which to base the Clark legal department might be Linden and indicated that he would explain at Monday's meeting the ways in which Clark could adopt a similar plan.

Councilman Burger indicated that he did not expect or approve a vote on the legal department strictly along party lines and emphasized that "There's no political motivation behind this. We're moving this legal department purely and simply on what we believe to be in the best interests of our town."

### First Church Workshop II Opens Saturday

The First Presbyterian Church of Rahway begins its spring program series from neighborhood children of Junior Age, grades 4, 5, 6, this Saturday, February 25, at 9:30 a.m. Format for the sessions has been changed considerably since the first term last fall.

For the spring term, the children will be in small groups, working intensively with staff persons on projects of their interest. The following areas of concentration will be offered: For the girls, Modern Dance Cooking, Sewing and Embroidery, and Crafts. For the boys, Arts and Crafts, instruction in Athletics, and Basic Skills such as administering First Aid or rope tying. During the seven Workshop sessions, children will be allowed to work in one area or several, as they wish and as the size of the groups permit.

First Presbyterian Church hopes through the Workshop program to address needs in its part of the Rahway community. By assisting children in developing their talents in constructive ways members of the Workshop staff engage in the deeply religious task of bringing themselves and young people to a realization of the dignity and worth God gives to all people. In addition to the program for Junior age children, the Workshop also includes a program for children in the first three grades as well as those of ages four and five. The entire program is held in the community house of the church. It is non-sectarian in nature and open to all who live in Franklin School area of Rahway.

Rev. Emil J. Mihalik, spiritual advisor of the Altar and Rosary Society of St. Thomas the Apostle Church was the guest of honor at a surprise birthday party held following a business meeting of the organization held at the new church on St. George Avenue, Rahway, Mrs. John Charney presented Father Mihalik with a gift on behalf of the society and Mrs. Michael Stroin and Mrs. Stephen Kostovich served as hostesses.

Plans were made for a Piroki Sale during the Lenten season. Plans were also made for a penny sale to be held March 28 with Mrs. Constantine Androsko as chairman. Success of the Pre-Lenten Calendar Dance and Smorgasbord was reported.

### New Hymn Books Dedicated First Methodist

The new Methodist Hymnal was used in the morning worship hour for the first time at the First Methodist Church on Sunday. Parishioners were given a hymnal direct from the cartons as they entered the church.

Rev. John L. Stokes dedicated the hymnal and spoke on the various sections and

To the citizens of Rahway I would like to extend my gratitude and appreciation to all those who supported me in any way in the recent Board of Education election. Thank you one and all. WILLIAM A. RACK

the use in worship. Favorable comments were made by the people on the bright red cover with gold and silver imprint, the clear print, bold type titles to hymns, and easy to find numbering. The hymn book is the revised edition accepted by the General Conference of the Methodist Church in 1964. Because of the advance sale of over two million copies, First Methodist was delayed even though they were ordered last spring.

Past revisions of the Methodist hymnal have tended to reduce its Wesleyan content. Reversing the trend, the new edition includes 84 hymns by John and Charles Wesley, John Wesley, founder of Methodism, admonished his fellow Methodists in 1761 to "sing all, sing lustily, modestly, in time and above all sing spiritual-ly, with an eye to God in every word you sing." The new edition includes these same words.

### League Studies China Offers Book For You

Americans often think of China as much larger than the United States, perhaps because a mental picture of China's vast teeming millions conjures up a picture of an equally vast territory. But this is not the case. Mainland China covers about the same amount of land as the United States and, since her population is crowded into a relatively small area, the inhabited part of China is only one-half as large as our country.

This is only one misconception many hold about the people's Republic of China. And it is the intent of a new booklet--The China Puzzle, An Introductory Sketch--to correct such false impressions and cast away the shrouds of mystery which surround the world's most populous nation.

The new student of Chinese affairs will find The China Puzzle a good place to begin his research. The pamphlet's value lies in its provision of the basic, background material needed to begin studying and discussing the whole area of the U.S.-China relations.

The publishers, the League of Women Voters, hope the booklet will contribute to a greater understanding of the complex and controversial issues which now confront U.S. policy makers: recognition of Communist China? trade with the Chinese mainland? Chinese representation at the United Nations? problems of nuclear control?

Future U. S. - China dealings are not likely to take shape in a vacuum. A series of background factors including other nations' relations with China, can be major determinants.

Reexamining attitudes or positions inherited from the past is never easy; reevaluation of a foreign policy issue as explosive as the China question does not promise to be any exception. The China Puzzle, however, should make the process easier. Copies, at 75c each, may be ordered from Mrs. J. Smith, 740 Lindagar Street, Linden, HU 6-2223.

### Clark-Rahway Chairman Ask You 'Have A Heart'

The month-long 1967 Heart Fund campaign will reach its high point on February 26, when Heart Sunday volunteers commence a canvass of residences in Rahway and Clark it was announced today by William Wanko and John Corey, Rahway co-chairmen and Mr. and Mrs. John Vovnick, Clark co-chairmen.

It is anticipated that all residential visits will be completed and that kits will be turned in not later than February 28.

So, have a heart - and contribute.

The residential canvass will augment the total already collected in the February campaign, which is being conducted to support and expand research, education and community service programs of the Union County Heart Association. It is part of the American Heart Association, the only voluntary health agency devoted exclusively to combating diseases of the heart and blood vessels.

During the past year these diseases were responsible for 1,992 of the deaths in Union County, while in the nation they account for approximately 54 percent of all deaths each year.

Each Heart volunteer will call at the homes of between 50 and 100 neighbors, distributing helpful information about the heart diseases and receiving contributions for the Heart Fund, said Messrs. Wanko and Corey and the Vovnicks.

Emphasizing the uniqueness of the Heart Cause, they pointed out that Heart Fund contributions go to fight a vast complex of diseases, among them heart attack, stroke, hardening of the arteries, high blood pressure, rheumatic fever and inborn heart defects.

They urged Rahway and Clark residents to be generous when the Heart Sunday volunteer calls.

In case of inclement weather, the Heart Sunday canvass will be postponed until the following Sunday.

### Colonia AAUW Grant Fund Reserves Two For the Seesaw For February Performance

The Colonia Branch of the American Association of University Women has reserved one evening of "Two for the Seesaw" by the Circle Players of Woodbridge. The AAUW will give all proceeds from this performance to the Fellowship Fund of the national AAUW to further the education of women in America. The AAUW has tickets available which may be purchased through Mrs. Herbert Hutt, the chairman of the Fellowship Fund Program, who resides in Colonia.

The play, "Two for the Seesaw", a fine tragic-comedy by William Gibson, has received wide critical acclaim. It was a hit Broadway show at the Booth Theatre in New York City starring Anne Bancroft and Henry Fonda. It was also made into an exciting motion picture starring Shirley MacLaine. The Circle Players treatment, however, will be well worth seeing because they are adapting the play to the stage-in-the-round. The performance date which the AAUW has reserved is March 17, so come along and have a happy St. Patrick's day treat; the members suggest.

This poignant love story involves two dissimilar people, a businessman and a bohemian. The principals are Lynn Wink and Blair Einstein. Miss Wink, who teaches speech at Seton Hall University, is also the Director of the Drama Workshop. Mr. Einstein, also well known by his other Circle Theatre performances, is a professional photographer as well as part of the Seton Hall Workshop.

### Dental Program Presented At Madison School

A dental program stressing proper brushing and care of the teeth was presented to the Third Grades of Madison School, Rahway, in cooperation with the Procter & Gamble Company.

Each child was given a dental kit containing two tablets, a tube of toothpaste, and a toothbrush.

Mrs. Corinne DeFrenzo, school nurse, conducted the program. A lesson on teeth structure and proper procedure for brushing was taught, after which the children chewed the tablets which contained pink vegetable dye. This colored their teeth and showed the many food particles still on their teeth as a result of improper brushing.

The boys and girls then practiced the correct way to brush using their toothpaste and toothbrushes.

A follow-up was a film showing all the valuable lessons learned from the demonstration.

### Jerome Epstein Mental Health Board Chairman

Jerome Epstein of Scotch Plains was named chairman of the Union County Mental Health Board at the annual re-organization meeting. He served as vice-chairman in 1965 and 1966.

After the meeting Mr. Epstein announced that the board had voted that the \$142,628 available for Union County through the Community Mental Service Act be allotted to the Union County Psychiatric Clinic. The clinic provides services in Plainfield, Elizabeth, Summit and Linden in the fields of diagnosis, treatment, training, consultation and research in the mental health fields.

Epstein stated that the board had divided Union County into four service areas for the proposed establishment of mental health centers with Muhlenberg, Rahway, Overlook and Elizabeth General Hospitals as the proposed mental health centers of each area. Each center would provide out-patient in-patient, educational, emergency and consultation services. The Overlook Center is hoping to be in operation in July of 1967 and the board will continue to strive to get the other centers functional as soon as possible.

Other officers named were Richard Neven of Linden, vice chairman and Mrs. Brenda Glover of Westfield as Secretary-Treasurer.

### Editorial

## How Real Is The Communist Conspiracy?

The following is a reprint of a message to all law enforcement officers from J. Edgar Hoover, Director of the FBI.

"This is a revolution which will be fought everywhere and we will win because there are more of us than there are of them."

The rallying cry of the Hungarian uprising of 1956? Not at all. These words were shouted by a young agitator in December 1966 during riotous disorder on the campus of a large American university. In a continuing series of events, the academic community has been bombarded with civil disobedience, assaults, threats, and riots of unprecedented magnitude.

I think it is appropriate to quote two warnings from statements which appeared in October 1964 and February 1966:

"This academic year will undoubtedly see intensive Communist Party efforts to erect its newest facade (the W.E.B. Du Bois Clubs of America) on the Nation's campuses to draw young blood for the vampire which is international communism." (Oct. 1, 1964).

"The unvarnished truth is that the communist conspiracy is seizing this insurrectionary climate to captivate the thinking of rebellious-minded youth and coax them into the communist movement itself or at least agitate them in to serving the communist cause." (Feb. 1, 1966)

Has this strategy paid off? The answer, unfortunately, must be a definite yes. Today the communist conspiracy is reaping large dividends from its persistent efforts to gain a foothold on college and university campuses and from its dogged determination to disrupt, through mass agitation, the orderly processes of our educational systems.

The great majority of college students are proud of their American heritage and loyal to the traditions of democracy. However, it is basic communist strategy to further communist objectives with noncommunist hands, and this is exactly what is happening on some college campuses. The idealism of many American students is being cynically exploited for communist purposes; youthful exuberance is being channeled into unlawful riotous conduct; mocking disdain for democratic processes and moral values is being fed to inquisitive young minds — all under the guise of seeking equal justice or some other noble cause.

There is no place in the academic world, where unencumbered inquiry is essential, for a riot leader's recently voiced blackjack threat of "if they do not accede to our demands, we'll close down their great and profitable university." This is no calm, deliberate search for truth. This is the way of totalitarian, seeking to enslave through force.

The university graduate of today will tomorrow guide the destiny of this Nation. We want our young people to be able to think for themselves and to be active participants in community life, but we also want them to realize that freedom and justice are secured by law and order; that lasting rights and privileges are possible only by acceptance of responsibilities and obligations.

By the same token, the demand of the hour is for educators with courage, dedicated to the supremacy of law, unafraid to support American principles, and determined that the communist conspiracy shall not dictate the policies of free institutions.

Dr. Finn spoke at the Mother and Daughter Communion Luncheon held at Mother Seton Regional High School last Saturday.

In her talk, "You Can Change the World," Dr. Finn said that the girls should give prompt obedience to the wishes of their parents, whereas mothers should strive to be pure in thought, word, deed and dress. In that way, they would preach the best sermon. The luncheon was planned by Mrs. Dominic Caruso and her committee. The toastmistress was Mrs. G. Seeler.

### Rahway Retired Men's Club Mark Anniversaries

Celebration of the birthday anniversary of George Washington, was held by the Rahway Retired Men's Club Monday afternoon at Trinity Methodist recreation hall with vice-president Randolph L. Gilman presiding. On his frequent trips from Philadelphia to New York on horseback, General Washington is recorded as stopping at what is now the Girl Scout House, than a country inn located at St. George and Westfield Avenues. Efforts are being made for the New Jersey Historical Society to secure possession of the notable property. Washington is also reported to have made brief visits to homes in Jackson Avenue, and also on Main Street and Elm Avenue, which were long ago torn down.

Special attention was also given other anniversaries including the 46th wedding anniversary of Henry Dipple, of 2245 Price Street, the organizer and first president of the Men's Club. Birthday anniversaries were celebrated for John J. Cosgrove, 446 West Milton Avenue, Thomas Gardner, 713 Leesville Avenue, and Michael Hermes, Port Reading. Recognition was also given Isaac W. Thorn, 670 Hemlock Street, for receiving a 50th anniversary medal from the New Jersey Association of Master Masons and T. Chris Olsen, Woodbridge, for a display of old-time photos.

Greetings were received from John A. Overton, an honorary oldtime member, now in a home at Paramus. Morris Basher again received special attention for another timely poem. The club's welfare programs were given valuable assistance with a large quantity of picture postcards from Mrs. Anna O'Connor, and Mrs. Clara Buroff, to be used in art work of School for Retarded Children, Avenel, also a large supply of glasses from Dominick Milano, to aid "Eyes for Needy" program, and a quantity of toys from Mrs. Virginia Maskell.

### Safety Council Reports New Program Plans

Hazards and handicaps caused by unsatisfactory and insufficient snow removal following the recent blizzard injected a lively discussion at the February meeting of the Rahway Safety Council held at the residence of Louis R. Rizzo, former president. The Mayor and City Council will be requested to take action that will prevent a recurrence of condemned conditions.

Strongly criticised was the blocking of the less traveled streets leading into main thoroughfares and the parking conditions existing thereon. The blocking of fire hydrants by snow conditions was termed a serious hazard that could be eliminated. Child molestation on the streets will be a warning theme of a program to be presented in cooperation with the Parent-Teacher Association. A recent program held here by state trooper was cited as a worthwhile example. Cass Begier, Frank Brunette, Wade Likins and John Sousa, connected with the school system, will promote the plans. Street crossings used extensively by the children will receive increased service. Street conditions in general

were emphatically enumerated by Howard Walker, a former council president. Child safety in stores and other public buildings were cited by Robert R. Miller and Fire Captain Robert Duffy as requiring close attention. Various hazards were cited.

Preliminary plans for a spring bus trip and outing for the children serving in the school safety patrols were divulged by John Sousa, Anthony Marino, of 306 East Stearns Street, was welcomed as a new member and Herbert S. Freeman, 652 West Meadow Avenue, was proposed for membership. Carl A. Carlson, the new president, assumed his duties, succeeding Mr. Rizzo.

A flag ceremony was led by Mrs. John Cahill's Den #1.

Mr. McClelland introduced Andrew Zavoda Rep. of Union Council B.S.A. who presented the Pack Charter to Miss Adella Lyon, Principal of Madison School and John Mulligan, Cubmaster.

Mr. Mulligan presented awards to the following: Denner stripes to Kenneth Baezler, Anthony Benanti and John Bober. Wolf Badge went to Charles Amasio, Kenneth Baezler, Anthony Benanti, John Bober, Robert Brunner, Dennis Donovan, Charles Eberhardt, Marc Greco, Edmund Flynn, John Gritenas, John Hladinec, Allen Jones, James Kirpan, Jeffrey Markoff, Michael McClelland, Brett Nunez, Peter Riekehof, Stephen Skribner, John Sprowls, Harry Wight, William Wight, James Wilson; Bear Badge to Bruce Lindeman and Gold Arrows to Charles Amasio, John Bober, Dennis Donovan, John Gritenas, John Hladinec, Jeffrey Markoff, Edward Savchek, Stephen Skribner, John Sprowls, Scott Watson, James Kirpan, grand winner in the "Pinewood Derby" received his trophy along with Stephen Trembley, Charles Payne, Webeloes; Edward Savchek, Den #1, David Babbit-Den #10, Peter Riekehof - Den #4, Paul Riekehof-Den #7, John Bober - Den #6, the first place winners of each den.

"Minstrel 88" which was the title of the show for which the cubs of the pack produced all the talent including its own orchestra. "A Fiery Tale" an original script by Mrs. John Sprowls and narrated by Anthony Molinaro told of what can happen to our "National Forests" when campers are careless with fire and rubbish. The trees, fire and campers were all portrayed by the cubs, in costume.

Instrumental and dance solos were also a highlight of the show. Each part of the show was introduced by "Mr. Leaderman" played by David Babbit, "Mr. Bones" played by Thomas Hammil, and "Mr. Moans" played by Richard Pateman who gave it a "Vaudeville touch".

A great deal of credit for the success of this show should go to the entertainment committee, comprised of Mrs. Charles Amasio, Mrs. Paul Riekehof, Mrs. John Babbit, Mrs. John Sprowls, and Mrs. Mildred Lo Rocco.

County Road Department

Heading the Union County Road Department is the Supervisor of Roads who is an appointive officer serving for a term of five years.

The Union County Road Department system is composed of 156,253 miles of roads. The principle duties of the Road Supervisor and

his responsibilities include:

1. Inspection of the County Road system, making recommendations for repairs and improvements.
2. He issues road opening permits for utility firms and also permits for obstructing roadways for necessary work on or under the roadbeds.
3. The Supervisor presents to the Freeholders a budget, detailing monies required for the operation of the road department in the ensuing year.
4. A work schedule covering in detail the amount of work involved in improvements and repairs, the amount of work contemplated and the materials and labor necessary for same.
5. The supervisor has charge of all construction work and supervises all employees of the Road Department.
6. He maintains reports on the status of his work force under the rules and regulations of the Civil Service Department.
7. He supervises the maintenance and repair of County roads and the equipment needed to carry out the work. Maintenance includes the care of shoulders along the county roads, road signs, drainage, ice and snow removal, sweeping and repaving.
8. He also supervises the advertising and accepting of bids for all materials used for the maintenance of county roads, i.e. bituminous concrete (black top), crushed stone, cinders, salt, etc.
9. The Supervisor attends the bi-monthly meetings of the Road and Bridge Department and of the Board of Freeholders.

A yearly maintenance program is drafted by the Supervisor of Roads and is submitted to the Board of Freeholders for approval. This program must also be approved by the New Jersey State Highway Department in order for the County to receive State financial aid

which is allocated to the counties by the State according to each County's pro-rated number of miles in the County in comparison to the total number of County roads in the State. Union County's share has been approximately \$400,000 per year for the past few years.

The Union County Road Department owns all its maintenance equipment for roads with the exception of some snow plowing equipment. During the winter months, the Board of Freeholders enters into contracts with various private firms and individuals (generally of the excavating type) hiring their large trucks for snow plowing at a set rate per hour.

The County-owned equipment is stored at the Road Department Yard on South Avenue in Scotch Plains. However some of the private contractors keep the County equipment on their premises during the snow season so that plows can be quickly attached to the vehicles.

The Department personnel roster numbers 80 employees.

#### Auto Theft Frequency

NEW YORK—The chances of your car being stolen rose from 1 in 208 in 1948 to 1 in 157 in 1965, according to the Insurance Information Institute. There were 486,568 cars stolen last year, many of them by thieves who found the cars unlocked and keys in the ignition switch.

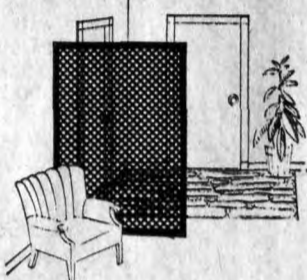

#### Build a Room Divider

ROOM dividers are a great invention. They afford privacy and add to a room's appearance.

For example, in many homes the front door opens directly into the living room. Set at one side of the door and extending into the room even a short distance, a divider dresses up the room significantly.

Adding a slate or similar floor inside the door is helpful, too. It provides a place for wet over-shoes or rubbers and saves carpeting.

Construction of a room divider is simple if you use a peek-through hardboard having an interesting design which lets through some light and air but still is a privacy screen.

Two patterns, Cloverleaf and Camelot (pictured), by Masonite Corporation, are attractive and easy to use. With grooved moldings which are readily available, the home craftsman can put the divider together quickly. The smooth-surfaced hardboard takes any finish. Moldings and panels in various sizes are available at lumber and building materials dealers.

### New College Faculty Program Promoted By New Jersey AAUW

The New Jersey Division of the American Association of University Women has appointed a committee to promote a new project designed to help meet the shortage of college instructors, particularly in community colleges.

The organization will seek to persuade women college graduates who are 35 years of age or older to return to college to earn their master's degree or their Ph.D. with the understanding that the women will agree to teach afterward in a college.

The Educational Foundation of the national AAUW is administering the project and offers the applicants a grant toward their academic expenses, according to need, but with a maximum of \$2000 a year.

Women who took their doctorate in a scientific field a number of years ago are asked to take a refresher course because of the great strides that have been made in various sciences in recent years.

The national AAUW, believing that a considerable number of women college graduates whose family responsibilities have now lessened have good potentialities for college-level teaching started a pilot project in 11 southeastern states.

In three years, it has produced 126 women who qualified for academic careers, and the program is now being extended to other areas.

Miss Elizabeth Wood of 18 B Parkway Village, Cranford is state chairman of the project for New Jersey. Write her for more information about this worthwhile project, or call 276-3692.

Clark said the theme for the annual demonstration of scouting skills is "Tying Youth to Manhood." He explained that the theme is represented in a unique design embodying the insignias of the four branches of scouting—cubs, boy scouts, explorers and sea scouts—linked by rope symbolizing the role played by scouting in building better men.

The general chairman pointed out that more than 11,000 boys and adult leaders in 220 scouting units from Clark, Cranford, Elizabeth, Hillsdale, Kenilworth, Linden Park, Roselle, Roselle Park, Springfield, Union and Winfield are eligible to participate in the Scout-O-Rama.

In 1965 more than half of the eligible units in the Union Council set up booths and displays throughout the Elizabeth Armory, Clark said. "Only space limitations precluded the participation of other units," he added.

Clark explained that, as in the past, participation in the Scout-O-Rama is limited to those units making the earliest applications for booths. "Since we can accommodate only so many, it is important that each unit make its application at the earliest possible date," he asserted.

Clark said this year's edition of the biennial Scout-O-Rama is intended to showcase the activities of the various units in the Union Council. In the past units have demonstrated their mastery of such skills as railroading, bicycling, knots, rope-making, plaster casting, first aid, bottle craft, rockery, model car racing, firearms, riflery, wood carving, cooper craft, canoe repair and physical fitness.

In addition to permitting a large number of youngsters to demonstrate their skills to parents, relatives, friends and neighbors, the Scout-O-Rama provides participating units with an opportunity to develop poise, business acumen and the chance to gain recognition, prizes and awards, Clark declared.

Clark said ticket sales will begin at a kick-off dinner scheduled for March 14 at Holy Spirit Church, Union. Scouting leaders will receive complete information on ticket sales at the dinner.

Noting that the Scout-O-Rama will be the climax to many months of preparation by scouts and their adult advisors, Clark said the Union Council hoped for a record attendance during the three-day event. "The boys are eager to prove the vitality of the theme 'tying youth to manhood,'" he concluded. "And they will go all out to provide an interesting, entertaining and enlightening show."
