## The Quill

The Luck 'o the Irish -- and a lot of Gaelic charm will certainly be put to good use this Sunday when Mary Ellen Curry, of 36 James Ave., reigns as the representative of Jersey City State Teachers College in the Jersey City Saint Patrick's Day parade. The pretty, young Miss -- "the pride of the Riverside area" -- will ride in the parade atop a shamrock-decorated float. Good Luck!

We applaud the comments made by Councilmen Burger, Kaczmarek, and Yarusavage against raising the salaries of elected officials but Council voted at its special meeting Friday night to raise the salary of the Mayor from \$1,400 to \$1,700 -- the salary of the Council President was raised from \$1,200 to \$1,500 and the Councilmen voted themselves a boost of from \$1,000 to \$1,300.

\*\*\*\*\*

Don't forget -- there's a meeting of the Board of Adjustment Monday evening at 8 p.m. in the Council Chambers.

It's expected that at that time the Board will be re-organized and a Chairman elected to succeed John Allaire, a democrat who was knocked down for re-appointment last Friday night. Despite a move by Councilmen Kaczmarek and Boyle to nominate Mr. Allaire for another term, the motion was defeated by Councilmen Catalano, Paschenko, Yarusavage and Getchis.

The Council then moved to re-appoint James Smith, a republican, and to appoint Peter Campana, a democrat.

\*\*\*\*\*

Let's hope that the Adjustment Board takes some action on Monday night on the controversial "Car Wash" which is proposed for Central Ave., near the Westfield line, if a "Car Wash" is being considered for Central Avenue, in the New York Avenue area; it would seem best to decide on the first proposal.

And how anyone can consider erecting a traffic-producing "Car Wash" near the already congested Grant's Shopping Center is hard to imagine.

\*\*\*\*\*

Now we see the picture. All this talk about how the sales tax was going to help us . . .

The "Clark Patriot" came out strongly against Governor Hughes' sales tax. Not only did a survey run by this paper show overwhelmingly that the majority of the people were against the tax -- but we asked why the politicians weren't telling us where the money would go.

Schools . . . roads . . . institutions -- there was a lot of talk about all of them receiving a lot more money "because we'd be paying more taxes".

Well, we're paying more taxes -- those pennies you have to fish for every time you buy something really mount up. And take a look at the amount of sales tax added the next time you buy a dress or an appliance or some furniture!

We're supposed to be getting back much of this money in funds for our schools. Would you believe that we're going to get \$12,708 LESS from the state than we did for last year's budget?

A letter from the Mayor (see page four) asks that the money WE SPEND be distributed more fairly.

We surely agree.

We heard a lot of talk, Mr. Governor, about how the sales tax would help us.

Now we'd like to see some financial help, Mr. Hughes.

\*\*\*\*\*

Would you believe . . . Clark students "go to school on Saturday" -- and like it. The Saturday Science Enrichment Class (shown below on a recent trip to the N.B.C. TV and radio studios in New York) is made available to those students in the public school's upper grades who want to go beyond the science projects offered to them in the classroom.

Sponsored by the Board of Education, the classes are conducted by Howard Haberstroh and Stephen Marcink. The youthful scientists study projects in radio, nutrition, microscope study, and crystallization.

# Council Adopts \$1,216,851 Budget

MAJOR CONTRIBUTION to the Clark Volunteer Emergency Squad's Building Fund was made last week by the Clark State Bank and Trust Company. Victor W. Clark, executive vice president of the bank presents a check to Joseph Good, president of the squad as Capt. Roger Wilson looks on. Squad is seeking \$100,000 to erect headquarters building on Raritan Road.

## Emergency Squad Gets Clark State Bank Gift

Clark State Bank and Trust Company this week made a major contribution to the Clark Volunteer Emergency Squad's building fund.

"The Volunteer Emergency Squad," said Victor W. Clark, executive vice president of the bank, "is one of the most worthwhile organizations in the township. Based on the past performance of these devoted volunteers, it seems only logical that Clark will be better served if they get their headquarters building."

The Volunteer Emergency Squad has been seeking to raise \$100,000 for the construction of a squad house on Raritan Road and Rudy Street. Groundbreaking for the building, designed by architect William C. Martucci, is scheduled next month.

The modern, 7,200-square-foot building will include drill and meeting rooms, an officers' room and a kitchen and will house the squad's two ambulances. The new facilities will be used to store emergency equipment for use by the squad and equipment such as crutches and wheelchairs which is loaned to Clark residents at no cost. The meeting rooms will be used for medical lectures, first aid classes and scheduled events of the squad and its auxiliary.

Last year, according to Joseph Good of 35 Autumn Ave., Clark, president, the squad made 661 ambulance calls and the two ambulances logged a total of 10,480 miles in service for Clark residents. Of this total, Good said, 363 of the cases were emergencies.

"The Volunteer Emergency Squad serves township residents 24 hours a day," Good explained. "Its lone source of revenue is the contribution made by the in-

dividual resident or industrial firm in Clark," he pointed out. "We will be able to increase the size of the squad and thereby the scope of services available if we can raise the necessary funds for the squad house." More than \$14,000 has been collected this year.

Contributions to the squad may be sent to: Clark Volunteer Emergency Squad, Inc., 9 Brant Avenue, Clark.

Librarians and assistants from 20 libraries in three New Jersey counties are attending a six-week reference workshop at the Clark Public Library. The first class was held on Mar. 8. Additional classes will be held on succeeding Wednesdays until Apr. 12.

The reference workshops sponsored by the New Jersey State Library in Trenton. Its purpose is to train librarians and library assistants who have no formal training in reference services. Similar workshops are also being held at the same time at eight other libraries throughout the State.

David Lance, Assistant Director of the Plainfield Library, is the instructor. Mrs. Josephine Chirico of the State Library is the librarian in charge of the arrangements.

## Clark Dogs Get New Laws

"Fido" will now have to be a law-abiding citizen. A new dog ordinance was passed by the Town Council of Clark on Feb. 27 with the following provisions:

Every Jan., the owner of a dog of "licensing age" must apply for a license and official metal registration tag from the township clerk's office. "Licensing age" for Fido is seven months or when he grows a set of permanent teeth. The cost is \$3 for the license plus a fixed state fee for registration.

A newly-acquired dog in the family must be registered within ten days if he is of licensing age.

Out-of-state dogs, residing in Clark for more than 90 days, must get a Clark license. But New Jersey dogs possessing proper licenses from other municipalities, are exempt until the following Jan.

"Fido" cannot run at large on any public street, park, building, or other public place. And whether he is leashed or not, he cannot stroll upon the lawn, yard, entrance walk, or driveway of any private residence without the permission of the owner. The dog owner, of course, is responsible for curbing Fido when he is on public property.

The animal warden is authorized to take into custody canine culprits who are strays; who do not have a current registration tag or collar; any female dog in season away from home; or any dog running at large. The owner will receive a letter informing him of the capture, and the dog must be claimed within seven days.

## Library Attendance Sets New Highs

Circulation and attendance at the Clark Library reached new peaks in 1966, according to the annual report, written by Director Edward A. Temkin. Circulation soared to 68,339, an increase of 23.5% from the year before. Attendance reached 48,539 up 23.5%.

Over 2000 new books were added to the collection, the report stated. Emphasis was placed on building up the adult collection and 1393 new books were added to the shelves. As a result, adult use of the library increased at a much higher rate than the children's. However, elementary school children were still the single largest users of the library.

The new figures also show that the average daily circulation of the library is 259, while circulation per registered borrower is 10.3 books a year.

## Church Group Sees "The Bible"

Friends, husbands, and members of the Ladies Guild of Zion Lutheran Church of Clark attended a showing of "The Bible" on Mar. 12. The guild sponsored the trip and chartered a bus.

## "On A Clear Day"

Opens Next

At Paper Mill

"On A Clear Day You Can See Forever" is the next attraction at the Paper Mill Playhouse in Millburn. Written and composed by Alan Jay Lerner and Burton Lane the musical begins its four-week engagement on Mar. 28.

Don Francks, Linda Lavin and Nolan Van Way star in this merry play about psychic phenomena.

"A Warm Body" plays its final two performances this Sunday and the theatre will "go dark" until the 28th. The Box office, however, will remain open weekdays from 10 to 10 and Easter Sunday from noon to 10.

SEE HOW STRONG MOM IS! Twas quite a battle at Brewer School. Maureen Moran and her mother (back couple); Marianne Lynch and Miss Margaret Matera (center couple); and Karen Richardson and her Mom are really working at it.

By 6-0 vote, with Councilman Burger absent due to the death of his mother, the Clark Municipal Council voted at a special meeting Friday night to adopt a \$1,216,851 budget for the township. Also included was an additional 139,169 reserve for uncollected taxes.

Before about 18 persons, the Councilmen voted to raise the salaries of elected officials and to employ an Assistant Engineer - full

time - at a salary of \$6,380 and a part-time Engineer at a salary of \$4,750.

Mayor William Maguire strongly objected to the hiring of a full-time assistant and a part-time engineer. He said that:

"With all the planned improvements we certainly need a responsible engineer on duty the greater part of the time, and not an assistant. What is more, the combined salaries proposed are in excess of what we had been paying for a full-time Engineer."

In commenting on the passage of the budget, Councilman Yarusavage praised the work of Council in considering the budget.

The Councilman said that the budget "represents the thinking of the seven men on the Council." Each member offered ideas, incorporated suggestions and accepted some compromise. In its deliberations on the budget, the governing body put first the needs of the people and was guided by ability to pay for such services.

"There are items in the budget that I do not endorse such as the pay increase for elected officials. I would have preferred to have a full time engineer, keeping in mind the many planned projects for 1967.

"However, there are many more significant provisions that are embraced by this same budget. In 'Capital Improvements', Council has increased the amount provided for Storm Sewer Drainage to \$50,000. Hopefully, this action should resolve the serious flooding conditions in the Broad Meadows development; the Riverside area in the second ward; the Willow Way torrent and certain street drainage problems in the third ward.

"Council was enabled to appropriate a total of \$5,000 to the Clark Volunteer Emergency Squad, Inc. by virtue of a recent revision of state statute R.S. 40: 5-2, which is certainly timely with construction of the new Squad building ready to begin.

"Financing the new Fire Headquarters to be located on Broadway has also been accomplished in this legislation.

"Council action has increased the Mayor's request for Recreation Funds up to \$15,000. These monies have been placed in the Capital account until they can be properly ordained. (Council is most anxious to have the Board of Education assume the administration of the entire Recreation Program.) The only obstacle is the lack of a contract between the Board and the governing body. This has been passed by councilmanic resolution in June of 1966 but has not been executed for want of the formal agreement from the Board.

"This Municipal Budget for 1967 is, I believe, a good, practical and workable one that truly reflects the cooperative efforts of the entire Council," the Councilman said.

## 15,000 Tickets

### Distributed For Scout-O-Rama

More than 15,000 tickets to the Union Council, Boy Scouts of America, Scout-O-Rama were distributed Tuesday night at a kick-off dinner held in the auditorium of Holy Spirit Church, Morris Avenue, Union.

Approximately 200 adult scouting advisors attended the dinner which launched official preparations for the biennial Scout-O-Rama, to be held April 21, 22 and 23 in the Elizabeth Armory. Response thus far from scouting units in Union Council has been outstanding, according to Victor W. Clark, executive vice president of the Clark State Bank and Trust Company and Scout-O-Rama general chairman. "This year's showcase of scouting," he said, "is shap-ing up to be the greatest ever."

One of the highlights of the evening was presentation of an award of appreciation to Willard Wood of Glen Ridge, a well-known artist and industrial designer, who designed the symbol being used to represent the event. Attractively designed in gold and black it portrays the four boy scout symbols being held together by a gold rope. The theme of the 1967 Scout-O-Rama is "Tying Youth to Manhood."

The group was also shown a slide presentation of the proposed new Camp Winnebago in Marcella. A \$500,000 fund drive is in progress to make the new facility a reality. Mayor Thomas Dunn of Elizabeth, who was scheduled to be guest speaker, was called to Washington, D.C., at the last minute and could not attend.

# Rahway Legion Post 5 Marks 48th Milestone

Rahway Post #5 and the Ladies Auxiliary Unit #5 jointly celebrated the 48th anniversary of the founding of the American Legion with a birthday party at the Post Home on Sunday afternoon. Approximately 250 members and guests attended.

Commander Joseph Sulo, Sr., in welcoming the members and guests recalled the highlight years of previous celebrations, beginning with the first anniversary observed in 1920 by a mere handful of World War I veterans that established Rahway Post #5. That first observance was held in a room above the T.H. Roberts Hardware Store on Main St.

The year 1926 saw the forming of the Ladies Auxiliary, who through the years have contributed to the success of the Post. The first President of the Unit in that year was Mrs. Georgia Worth, who was more affectionately known as and called "Ma Worth."

In 1931 Post #5 received the deed to their first Post Home for the price of \$1.00 from the Baptist Church on the corner of St. Georges Ave. and Maple Ave.

In 1948 the anniversary party was conducted by William Hoodzow, the first Commander to be elected from veterans of WW II.

In 1958 the present Post Home at 581 Maple Ave. was completed and dedicated and the Birthday Party was held there in more spacious and modern quarters, under the Commandership of Stanley E. Hedner.

In 1961 the first Life Membership was presented to Emil Neugebauer, who was very active in all Post activities and was very instrumental in the present Post Home on Maple Ave.

In 1966 under the leadership of Commander Arthur Moran the Post attained an all time high membership of 500 war time veterans to become the second largest Legion Post in Union County.

In this present year of 1967, plans are under way to expand and enlarge the facilities of the present building. Membership Chairman Howard Francis presented continuous membership awards to the following

members: for 5 years, Howard Francis, 10 years - Raymond Lamphear, Robert McMenamin, Donato Servadio, Walter Pryga, John Soldwin, Paul Fitzgerald, Robert Brennan, Thomas Tully and John Barton. For 10 years - Mrs. Eileen McShane, Mrs. Barbara Egbert, Miss Barbara Randolph, Miss Carol and Shirley Randolph, Majorie Pickard and Mrs. Kathryn Smith. For 15 years - Mrs. Joan Collins, Mrs. Kathryn Davidson, and Mrs. Helen Harris.

Mrs. Louis Gallardo, Unit President, extended greetings on behalf of the Ladies Auxiliary and presented a memorial plaque, dedicated to the memory of deceased Past Commander Clifford I. Worth for Service and Loyalty to the Ladies Auxiliary. The late Past Commander Worth was instrumental in the forming of the Unit in 1926. His mother, Mrs. Georgia Worth was it's first President.

President Gallardo also presented a \$100 check to the Post Expansion Fund on behalf of the Auxiliary.

Mrs. Emile Massa, Americanism Chairman of the Unit presented citations to the winners of the Americanism Essay Contest conducted by the Unit among Rahway School children. In the Junior Division, receiving Honorable Mention were Mary Flynn and Robert Mackow. First Award winner was Gary Saranchak. Winner of the Senior Division was Miss Rita Black. ## Cadillac has an entry in every price range.

High-price. 1967 Sedan de Ville

Medium-price. 1965 Sedan de Ville

Low-price. 1964 Sedan de Ville

No matter what price car you are planning to buy, you owe it to yourself to consider Cadillac. First, there is the great new 1967 Cadillac. Noticeably more agile in its handling, smoother and quieter in its operation, more luxurious in its appointments... it is by far the finest Cadillac in history. However, if a new Cadillac is presently not feasible, your authorized dealer now has a wide selection of previously owned Cadillacs at just about any price you wish to pay. And that price will buy more luxury, distinction and motoring pleasure than a similarly priced car of lesser stature. For example, both the 1965 and 1964 models shown provide you with a big 340-horsepower V-8 engine... Turbo Hydra-Matic transmission... power brakes and steering... cornering lights... and many other conveniences. So when you think of your next car—think of Cadillac. New or previously owned, in whatever price range you choose, Cadillac is sure to reward you with unsurpassed motoring enjoyment.

### Hear Ye! Hear Ye!

To the Editor: Everyone is talking about taxes, but just take a look at this. MORE THAN THREE MILLION DOLLARS taken from GARDEN STATE PARKWAY TOLLS are being used to construct a CULTURAL CENTER that is not a necessity. A COMMUNITY AFFAIRS DEPARTMENT (nothing more than a duplication of services other than we have right now) which will go into more than another Million Dollars. The Parkway Authority scheme to charge additional tolls in Union and Middlesex Counties, besides costing commuters another estimated \$100 a year more will divert traffic to the side streets in the communities. The original idea that the taxpayer was told was that the construction of the highway would remove the congestion from the cities and towns. It has accomplished that. Why bring the traffic back?

The most discussed point in publicizing the Sales Tax was that it would aid greatly in reducing educational costs. Find out from your Board of Education just how much (or little) your Town has received. These are the kind of items that usually go over when the minds are attracted elsewhere; like a war. I trust that before our citizens individually or in organized groups decide to back candidates for the Assembly or State Senate, that the candidates attitude on the above items be made clear.

F. Edward Biertuempfel Mayor, Union, New Jersey

Although authorized to use \$30,297 of this total for any purpose in its current expense budget, the Board of Education, happily, used the entire \$90,000 to reduce the amount to be raised by taxation. We understand for the school year 1967-68, the Board will receive a total of \$239,055 -- \$12,708 less than for the last school year. You are aware that State Treasurer John A. Kerwick estimates that the general sales tax will produce \$45 million more in 1967 than was anticipated when the act was adopted last year.

My purpose in writing to you is to ask that you use your influence to have these excess revenues distributed equitably among the municipalities solely for the purpose of reducing each community's property tax. The basic argument utilized for adoption of the general sales tax was to relieve the homeowner of his constantly mounting tax burden. I am sure that you agree that if this is not done--and the excess monies directed to new projects, no matter how great their merit--the Legislature will have broken faith with the people of the state. The government of Clark is making every effort to hold the line on taxes and we distinctly need this assistance to do so.

Sincerely yours, Office of the Mayor William J. Maguire Mayor

## Sister Beth Or Sisterhood Plan For Purim Party

A Purim Party for the children will be held on Mar. 26 at Temple Beth Or, Valley Rd., Clark, with the Sisterhood in charge of the program. Mrs. Flora Mae Weiss is committee chairman.

It was announced at the Mar. meeting that the Israeli Gift Shop in charge of Mrs. Judy Goldstein and Mrs. Doty Branden has many lovely items on their shelves for Passover. Mrs. David Ravich is chairman of the bazaar that is being planned for spring of the coming year. Mrs. Charles Bobkier is co-chairman. Extensive plans have been drawn up and committees chosen for various projects. Anyone interested in helping are asked to contact Mrs. Ravich.

A feature of the Mar. meeting was a "Zingo" night bingo with a zing! The zing in the game was that there was no charge to play and the women won door prizes as well as donor credit. Bob Bockneck was the caller.

THE SORCERESS AND THE PRINCESS are two of the characters in "Arthur and the Magic Sword," presented this weekend at Hehnly School and Abraham Clark School by the Clark Community Playhouse. Betty Andrew is the evil witch and Ellen Long is the resisting princess.

## Playhouse to Perform Children's "Magic Sword"

by MILLIE BOBROFF. The enchanting days of young King Arthur will be brought to life this Saturday and Sunday by the Clark Community Playhouse. This amateur group is presenting their annual children's production at Hehnly School on Mar. 18 and at Abraham Clark School on Mar. 19 at 2:30 p.m. Tickets are being distributed at the schools or may be purchased at the door.

"Arthur and the Magic Sword" is the fourth children's play presented by the Playhouse since its inception in 1961. The plays were originally workshop activities, but due to the tremendous popularity with the children of Clark, they have become full scale productions. Last year's performance of "Arthur and the Evil Magician" written by two members, played to 400 children at each of its two showings.

The work connected with putting on a children's show is just as involved as that in a three act play. After try-outs are over and members are chosen for the parts six to eight weeks of rehearsals are held. In children's productions, stress is placed on colorful costumes, Louise Wandell is the dressmaker who makes little eyes grow wide with her creations.

The play has one juvenile lead - eleven year old Ellen Long, daughter of Mr. and Mrs. T.G. Long. Ellen won the role of "Marion" after competing with four other youngsters. She has appeared in other Playhouse productions, namely "The Clown That Ran Away," as well as in plays at her school Abraham Clark. A budding actress, Ellen takes dancing lessons, plays the flute and the piano.

In addition to the children's production, Clark Community Playhouse presents two plays each year - one in the spring and one in the fall. Currently in rehearsal is "Sunday in New York." The group was formed in 1961 under the sponsorship of the Clark Board of Education. The Board felt that there was a need for adult recreational activity in the town and proposed the formation of a theatre group. An organizational meeting was held at Brewer School and temporary officers volunteered to serve.

Today, the Playhouse numbers 50 members with businessmen, housewives, secretaries, nurses, hair-dressers, and teachers taking active part on stage and off. There is a shortage of actors, however, and women often must take men's leads. Members range in age from the 20's to the 60's.

The cost of putting on a show is approximately \$400. Only the director receives a token salary. The non-profit Playhouse splits the proceeds from the plays with the schools. The group meets on the first Thursday of each month at Hehnly School. The meeting consists of a short business session followed by a workshop activity - a skit two directed, produced, and acted by members of the group.

The Clark Community Playhouse has received enthusiastic endorsement from audience after audience. The children's productions have had to compete with professional children's troupes touring in the suburbs. But, the members feel, the Playhouse productions match any from New York. Their dream is to someday have their own playhouse where children's and adult plays can be presented year-round.

Information on the children's productions and the activities of the group may be obtained from Mrs. Andrew at 388-8252.

## Peace Corps Tests Set For Mar. 18

Clark-Rahway area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement test at 1:30 p.m. on Mar. 18, at The Federal Building, Room B-89, Newark. The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example the Peace Corps tries to place the applicant in an English-speaking country.) The Placement test requires no preparation and is non-competitive -- an applicant can neither pass nor fail. The application form, not the Placement Test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D.C., 20525.

### St. Ann's Plan For Communion Mass, Supper

The annual Communion Supper sponsored by St. Ann's Society of St. Mark's Roman Catholic Church will be held Apr. 16 with a Mass at 5 p.m. and the supper to be served in the annex at 6 p.m. It was announced at the Mar. meeting held last Wednesday. Mrs. Molly Serbak was appointed chairlady of the affair and Emma Siekierka volunteered to assist with the arrangements.

It was also decided to hold a cake sale on May 7 with Mrs. Frieda Jacquemin and

Peg Roman in charge. Members will donate the cakes and the popularity of the sale indicates that there will be a demand for many of the goodies.

Father Butner who opened the meeting with prayer, thanked the society for the very successful sauerkraut supper held Feb. 22. Father Butner also announced that St. Mark's will hold a mission from Mar. 13 to Mar. 17 inclusive, the first in many years. Father Struth CSSR will conduct the mission.

Mrs. Ann Arabia, the Stanley Products demonstrator for this area presented Mrs. Gloria Latherow with a check earned by St. Ann's members for a good job of selling Stanley Products to friends and relatives. Reports of all standing committees and fiscal officers were received.

The next meeting will be held on Apr. 5, followed by a social hour with refreshments.

## A Teen's View On ... The Cheating Problem

by RITA BLACK  
 RAHWAY HIGH SCHOOL in today's advanced society the college diploma has become almost essential. Pressure is mounting on students from their parents, teachers and guidance counselors. Competition is fierce; the high school has almost become a jungle. And so, the student with limited capabilities finds himself forced to seek other methods of maintaining his grades. Cheating has become an answer.

Recently, the Air Force academy in Colorado was rocked by its second cheating scandal in two years. Almost 60 men were forced to resign for violating the honor code. Similar scandals at several other service academies in 1965 and also in 1951 have brought the cheating problem to the attention of the public. One asks: How prevalent is cheating? What steps can be taken to reduce it?

Almost every student at one time or another has cheated. It ranges from stealing a final examination to giving someone a homework assignment. Some people allege that athletes are more prone to cheating than others. Cheating may stem from bribery or it may stem from threats of severe punishments.

Cheating can, however, be stopped. The answer lies in the cause — grades. They have been lost out of proportion to the point where they have lost all significance. Students have lost sight of the real reason for high school and college; that is, to gain an education and to stimulate an interest in learning. Some schools are attempting to rectify this situation. They have instituted courses where one passes or fails and does not receive a letter grade. Other schools have instituted ungraded classrooms where each student is allowed to progress at his own rate of speed.

Cheating is a practice that can bring nothing but ultimate unhappiness. It can be stopped, but the answer is a very individual thing. It is a problem that can only be resolved through one's own conscience and personal honor code.

## Tempest In A Schoolboard

by Rita Black  
 Rahway High School

Election for the Rahway Board of Education have come and gone. Some people emerged as victors and others went down in defeat. No great headlines were made. However, headlines were made in the town of Wayne, New Jersey, and a fire erupted that threatened to make the cauldron boil over.

The issue seemed clear cut. Two Jewish men, Jack Mandell and Robert Kraus, were defeated in elections because of their support for increased spending in the Wayne educational budget. However, the issue was not as cut and dried as that. It reverted back to the statement made by Newton Miller, vice-president of the Wayne Board of Education. Miller referred to the election of Mandell and Kraus as steps toward taking the Christ out of Christmas. Although censuring statements were issued from all sides, the fact remains that the two candidates were defeated.

When the United States was founded in 1776, our forefathers conceived a nation with liberty and justice FOR ALL. Has this thought been corroded by the city of Wayne? I, for one, do not think so. Wayne must be viewed an exception, and not as an example, for our nation.

However, the schoolboard elections in Wayne are but a symbol of the true issue — the ever-present problem of prejudice against all minority peoples. As one of the truly democratic nations in the world, our country must set an example. When Newton Millers emerge, they must be contradicted. Then, our people will be witnesses to true freedom for all.

## Concern... Is Education Only The School's Responsibility

by DONALD E. COOK  
 RAHWAY HIGH SCHOOL

Each person, according to the psychologist, wants his or her child to obtain as much as is possible from life. All parents dream that their children will accomplish the goals that they have set for themselves. BE it college or industry, labor or management, each child must formulate a pattern for his or her life and certain standards must be established so that the accomplishment of any goal is possible. The child must decide, but the parents must recommend.

Shame is not an easy thing to bear, but if it is earned then it must be carried and the people of Rahway have earned it. The mentioning of the school budget now should bring the bitter taste of shame to the lips of the majority of the voters in our town. Through your actions toward the budget you have placed the entire responsibility of the education of your children squarely on their own shoulders. In the quest for education your children stand alone, and you cannot complain if the goals they set are short-sighted because they can be no more short-sighted or self-centered than your own actions. You have placed the well-being of your pocketbook over the future well-being of your children. The defeat of the budget alone was disheartening but when added to the microscopic turn out at the polls it became sickening. It seems that even your Tuesday night TV shows hold a more important place in your life than your student. Disinterested parents can only breed disinterested students and students like this do not develop into the leaders of tomorrow. It is time that every adult developed a bit CONCERN or their children will not even know how to spell the word.

**WE'RE FLATTERED, INDEED, BUT...**

There's only one Welcome Wagon. Imitation, 'tis said, is the finest of compliments. And as a much-imitated organization, we're certainly flattered. But as many have learned, the "reasonable facsimile" too often falls short of "the real thing."

So beware of substitutes, for there is no real substitute for the services of and the benefits provided through Welcome Wagon.

RUTGERS GLEE CLUB TO PERFORM APR. 7

The Rutgers University Glee Club has been booked to sing at the annual concert of the Elizabeth YWCA scheduled for Friday night, Apr. 7, at the Masonic Temple, 668 N. Broad St., Elizabeth.

It will be a return engagement for the Rutgers group, which last gave a concert under Elizabeth YWCA auspices in 1960. At that time it was acclaimed enthusiastically and many feel it was the best contingent the Y ever had. Because of the proximity of the State university, the singers have a large following and a great appeal among area residents.

Tickets for the concert may be obtained by calling the YWCA office, 355-1500, or a member of the committee.

**Readiness Program for College Set**

Union Junior College will offer a College Readiness Program again this summer to help prospective college freshmen adjust to college, it was announced today by Dr. Kenneth W. Iversen, dean.

The four-week program will open on June 29 and will continue through July 26. Classes will meet daily, Monday through Friday, from 8:30 a.m. to 11:40 a.m. Dr. Iversen emphasized that the College Readiness Program will carry no college credit, and will be limited to high school graduates who are college bound.

The program will feature an orientation to college life including tips on how to study how to take examinations, how to use the college library, how to take notes, and how to budget time, Dr. Iversen said. He added that the program also provides a quick review of the basic skills -- reading, English composition, and problem solving -- to supplement what the high schools have done in those areas.

Dr. Iversen said the College Readiness Program is open to all high school graduates who have gained admission to college, including students who will attend UJC next fall as well as those who will attend other colleges and universities.

Additional information on the College Readiness Program can be obtained by writing to: Director, College Readiness Program, Union Junior College, Cranford, N.J.

Information on Master Plans of other states were given by Mrs. Samuel Lease Mrs. Young and Mrs. Woodward, who discussed New York, Illinois and California. Comparisons were made of the various types of planning and the goals aimed for.

The program is to be presented again on Thursday, Mar. 16 at 8 p.m. at the home of Mrs. Robert Joseph 1507 N. Wood Ave., Linden. Non members are welcome to attend, if transportation is needed call 388-0012 in Rahway or HU 6-4476 in Linden.

## With the Armed Forces

A second air medal and oak leaf cluster has been awarded to James J. O'Leary Specialist Four E4 of the 162d Assault Helicopter Co. of the United States Army, son of Mr. and Mrs. William O'Leary of 1085 Stone St., Rahway.

The first Air Medal award came in Nov. for duty in Vietnam. The citation read: For heroism while participating in aerial flight. During this period, Specialist O'Leary was serving as an aircraft crew member flying in general support of the 1st Infantry Division. He conducted numerous combat assaults under adverse weather conditions and hostile fire.

While participating in a combat assault approximately eight kilometers north-east of Dan Trieng, Tay Ninh Province, his aircraft came under intense automatic weapons and small arms fire from the Viet Cong emplacements.

Aware of the possibility of being shot down while on final approach, Specialist O'Leary began directing and returning fire into the Viet Cong infested three lines and bunkers. With complete disregard for his personal safety, he continued the approach, simultaneously marking insurgents positions with smoke, returning fire and analyzing the requirements for safe landings.

After deploying the 1st Infantry Division soldiers, his aircraft again came under intense hostile fire from the determined Viet Cong. Specialist O'Leary bravely placed devastating fire upon the insurgents. By employing evasive air tactics, marking Viet Cong targets, and delivering accurate suppressive fire, he undoubtedly saved many American lives.

Specialist Four O'Leary's actions are in keeping with the finest traditions of the military service and reflect great credit upon himself. The 1st Infantry Division and the United States Army.

For distinguishing himself by meritorious achievement while participating in sustained aerial flight in support of combat ground forces of the Republic of Vietnam during the period Nov. 13 to Nov. 24, 1966, Specialist Four E4 James O'Leary, United States Army, son of Mr. and Mrs. W.A. O'Leary, of 1085 Stone St., Rahway, has been given a citation (First Oak Leaf Cluster) to add to the Air Medal by direction of President Johnson. The citations reads:

"During this time he actively participated in more than 25 aerial missions over hostile territory in support of counterinsurgency operations. During all of these missions he displayed the highest order of air discipline and acted in accordance with the best traditions of the service; By his determination to accomplish his hazards inherent in repeated aerial flights over hostile territory and by his outstanding degree of professionalism and devotion to duty he has brought credit upon himself, his organization, and the military service."
