Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

$15.00 per copy; $20.00 in Canada and foreign countries.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1941 edition of the Westfield and Cranford Directory, which also includes Mountainside, Garwood and Kenilworth. Two new features mark this edition. They are the designation of homes and places of business having telephones, and street guides for Garwood and Kenilworth.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting this community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Westfield and Cranford Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT for Westfield, pages 12 to 18, on white paper, presents lists of town, borough, county, state and federal officials; post office Directory, statistical review; and historical sketch. Similar information for the other communities will be found at the beginning of the respective sections.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Westfield and Mountainside is included in pages 25 to 239, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Westfield and Mountainside, and the name, official personnel, nature and address of each firm and corporation. A similar list for Cranford is contained in pages 293 to 425; for Garwood, in pages 465 to 506; and for Kenilworth, in pages 510 to 526.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Westfield, on pink paper, covers pages 241 to 286. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the

designation of the population of each house. A new feature is the designation of homes and places of business having telephones. Street guides for Garwood and Kenilworth, also a new feature, appear near the beginning of the respective sections.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 24, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Westfield, Cranford and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Westfield and Cranford, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 553 to 610, on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Westfield, Cranford and vicinity. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

WESTFIELD

STATISTICAL REVIEW

Form of Government—Councilmanic (town).

Population—18,458 (1940 U. S. Census).

Area—6.29 square miles.

Altitude—180 feet above sea level.

Parks—2 public.

Financial Facts—1 national bank and 2 trust companies, with total deposits of $14,224,743.07 (June 30, 1940), and total resources of $15,758,614.57 (June 30, 1940). 2 building and loan associations, with total assets of $3,432,618 (June 30, 1940).

Telephones in Service—6,923.

Churches—15, representing 8 denominations.

Newspapers—2 weeklies.

Hotels—2, with total of 35 rooms.

Railroads—Central of N. J.

Highways—State 28 and 29.

Airports—1, privately-owned.

Amusements—Largest auditorium in town seats 900 persons. 1 moving-picture theatre, with seating capacity of 500 persons. 3 golf courses.

Education—9 public schools, including 1 senior high and 1 junior high. 2 parochial schools.

Public Libraries—1, with 31,000 volumes.

Town Statistics—Total street mileage, 66, with 59 miles paved.

HISTORY

(The following history of early Westfield, reproduced from The Westfield Standard of Oct. 25, 1929, was written by J. Warren Brown, Westfield business man, who came to Westfield as a boy and spent most of his life as a resident of the town.)

It was in the year 1861 that my father and mother, with their six children, moved from 81 Grand St., New York City, to Westfield. Our coming was heralded as a great event. Two large vans, with four horses each, transported the goods, taking nearly an entire day. In 1860 my father bought a small farm of 25 acres on Jerusalem Road (now Clark St.) from Josiah Ferris, father of the late James R. Ferris, for $3,000. This farm consisted of good productive soil, with about six acres of woodland. Edgewood Ave. now occupies the old lane which ran through the center of the property.

There were only six houses from the farm to the depot, and none were built for several years afterward. Our neighbors were George Hanaman, Asa Clark, Stewart Clark, Robert French, Julia Parrott, Matthias Clark, Aunt Lembe (an old colored woman), and Charles Clark, Sr., grandfather of our present genial town clerk. There were no good walks,

simply a single board part way, and the rest a cow path. Dudley Ave. did not exist. Where Dudley Ave. and Clark St. now intersect, was a large pond about four or five feet deep in the middle, where we youngsters used to bathe. Our bathhouses consisted of some elderberry bushes back of a fence on Clark St.

We had an iron-grey horse that attracted considerable attention — very stylish-looking and unlike any other in town. Our depot wagon was a brand-new cart with two large wheels, all brightly painted. When riding fast, the occupants had hard work to keep inside, especially in going around corners.

Gideon E. Ludlow was one of the township's leading citizens. Then, as always thereafter, he had many friends. The railroad depot was a small frame building, situated at the head of Clark and Broad Streets. On the opposite side of the railroad tracks was a small building on wooden piles, which was known as the freight house. Some mischievous boys pushed it over one evening. Diagonally across from the depot was the community's only store, owned and operated by Charles Clark, Sr.

The Central Railroad of N. J. ran from Elizabethport to Somerville. Trains from Newark and New York were switched at Elizabeth to the tracks of the N. J. Transportation Co. (now the Pennsylvania R. R.). The last evening train from New York reached Westfield about nine o'clock. It had one passenger car on the end of a string of coal cars, and my father was frequently the only passenger. Townspeople thought he was keeping very late hours. There were only eight or nine commuters, my father, Matthias Clark and George Hanaman being among them. The tracks on the roadbed were laid for narrow and wide gauge, the narrow for passenger cars and wide for coal cars. A large amount of coal was hauled over the railroad, as the company was interested in Pennsylvania coal mines. The coal trains ran slowly going west, as it was hard to make the steep grade. They went through Scotch Plains. Fanwood was not even dreamed of. All trains were operated with hand brakes. Most of the coal trains were long, so that the brakeman on the front could drop off at Clark's store with an order, have it filled and jump on the rear of the train, still in motion.

John M. C. Marsh was the most prominent and important man in town. Surveyor, collector and constable were some of the many jobs he held. He was of a genial disposition and willing to assist anyone. Having a wonderful memory, he seemed to know all things pertaining to the town. Dr. F. A. Kinch, father of the present Dr. Kinch, was the only physician here, consequently his services were in great demand. W. W. Connely was the only undertaker for miles around. There was but one public school in town, a two-story brick building. The writer, with two of his brothers, were among the students. The winter sessions were attended largely by sons of the farmers, some husky lads being among them. The site of this building is now marked by a large rock on the corner of the old Presbyterian graveyard on Mountain Ave.

There were only two churches in town—the Methodist, a frame building on the site of the present one, and the Presbyterian, an old-fashioned building with shingled sides,

winding stairs leading to the pulpit platform and antique-looking box pews. The Presbyterian Church stood in front of the present building, which was erected during the Civil War, and remained standing until the new one was completed. It was a novel sight to see the two buildings in train formation, about 25 feet between them, and both with high steeples. Rev. E. B. Edgar was the pastor. He had been there for over 40 years, and was a good pastor, liked by everyone.

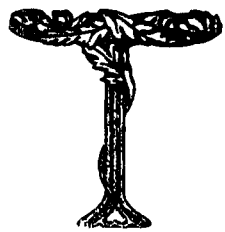

There were no banks. A small savings bank was afterward formed, and located in a building on the present site of R. M. French & Sons' store. It did not last long. My father invested $25 there, but was obliged to kiss it goodbye.

Neither Prospect nor Elm Streets were opened. A good portion of the land was under cultivation. Stumps of trees were visible, showing that there had been much woodland. Later, Prospect St. was opened as far as Ferris Place, then called Union St., Elm St. was opened as far as Fink's Garage, formerly Miller's Wagon Shop.

The winters generally were cold and the snow was deep, often covering the tops of post and rail fences, and, when frozen over, proved good skating ground. We generally used sleighs all winter. There was no fire department, but later a volunteer fire department was formed. The writer became a member and served fourteen years. The leading families were named French, Hanaman, Clark, Pierson, Marsh, Ludlow, Woodruff, Kinch, Miller, Cory, Edgar and Murray. We were the only ones by the name of Brown.

Road taxes were usually worked out, $5 a day being allowed for one man, horse and cart. The road-masters could dictate what section of the road was to be fixed, and as a rule they started in front of their own property. Each district selected its own overseer. The roads were made of field stones and covered with dirt. About every fifty feet a gully was made all the way across the road so the water would run off. We called them "thank-you-mams," as one was bound to get a bump every time he rode over them.

A few more items of history might be added if space permitted. Look back at Westfield in 1860 and then see Westfield today. What progress has been made since the days of the Civil War!

POLK'S
WESTFIELD

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1941

INCLUDING MOUNTAINSIDE

Copyright, 1941, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business or individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

Figures following names denote number of persons living at that number.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

POLK'S
CRANFORD
Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide
1941

Copyright, 1941, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business or individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

Figures following names denote number of persons living at that number.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

GARWOOD

Statistical Facts

Form of Government—Borough.

Population—3,622 (1940 U. S. Census).

Area—1 square mile.

Altitude—90 feet above sea level.

Churches—5, representing leading denominations.

Education—6 public schools, including 1 senior high and 1 junior high.

Borough Statistics—Fire department has 50 volunteer men, with 1 station, 2 pieces of motor equipment and 2,200 feet of hose. Police department has 3 men, with 1 station and 2 pieces of motor equipment.

General Review

Industrially, the location of Garwood is such that it may be aptly described as the industrial center of Union County. Within a compact area of one square mile a population of more than 3,600 have their being, work and pleasure.

The present borough was incorporated in 1903, and at that time had 75 houses and a population of about 400. At the first election, 91 votes were polled, and from this beginning came Garwood's existence as an independent municipality.

Its growth and prosperity have been intimately connected with the development of its industries. Having the advantage of excellent railroad facilities, there are, at present, about 25 different establishments.

The schools, of which there are six, in addition to regular classroom work, have a splendid manual arts department, domestic science department and school nurse. Lincoln Junior High School contains a gymnasium and auditorium.

Of churches, there are five—St. Mark's Episcopal, St. Paul's Lutheran, Presbyterian, St. Anne's Roman Catholic, and the Pillar of Fire.

A volunteer fire department of about fifty men incorporated as Liberty Hose Company No. 1, has for its equipment, one hook-and-ladder truck, one combination pumper, 62 fire hydrants, 12 fire boxes and 2,200 feet of hose. Garwood's police force consists of three men on eight-hour shifts, with two pieces of motor equipment.

Garwood has a plentiful supply of pure water, fire and police protection, excellent streets, a splendid borough hall, educational system of high rank, stores that meet all ordinary needs, a bank with first-class facilities, and a prosperous building and loan association. These are but a few of the things that have induced people to move to Garwood, and to make it the prosperous community that it is today. The borough is composed essentially of small home-owners who take pride and are interested in the welfare of the community.

Special Lists

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

CRANFORD TRUST COMPANY

CRANFORD, NEW JERSEY

Offers the following services to customers and friends:

1 Provides a safe depository for your funds, and gives a receipt (cancelled check) for every payment.
2 Takes care of savings and pays interest at the current rate.
3 Makes collateral loans, budget loans or loans based on satisfactory financial statements.
4 Helps you accumulate money for Christmas, Vacation, Taxes or other fixed expenses.
5 Sells Real Estate as Agent, and Property Management.
6 Places all types of insurance to your best advantage.
7 Keeps your valuables and important papers in a Safe Deposit Box.
8 Conducts a fully equipped Trust Department.
9 Supplies Foreign Exchange and Travelers Checks.
10 Finances Home Mortgages under FHA Plan.
11 Provides a night depository for the safety of your cash after banking hours.
12 Convenient Checking Service. No minimum balance required.

Member of Federal Reserve System

Member of Federal Deposit Insurance Corporation

INSURANCE

An Invitation . . .

- - - said a new client as he left our office recently.

- - - "What a difference between your service as Insurance Counselor and the usual Insurance 'Agent' who seems interested only in selling a 'Policy.'

"Your policy analysis and recommendations have enabled me to understand my needs and what can be accomplished with my budget.

"Instead of being 'SOLD,' I did the 'BUYING' with your counsel."

- - - Have you questions you would like to know about - - - under the same conditions? Our quiet consultation room is at your disposal - - - phone for an appointment - - - day or evening.

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

ONE OF 350 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

**MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS**

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

Send for list of libraries and privilege card

DO NOT CIRCULATE

This Publication Is The Product of a Member of

R-N.J. 974.936 Polk's DIR O

Polk's Westfield and Cranford (Union County, N.J.) directory :

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
