INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, presents to subscribers and the general public, this, the 1965 edition of the Westfield Directory, which also includes Cranford, Garwood, Kenilworth and Mountainside.

Confidence in the growth of Westfield's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Westfield to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Westfield Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

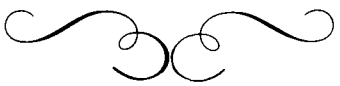
I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Westfield and vicinity, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Westfield, including Cranford, Garwood, Kenilworth and Mountainside, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, on green paper. In this section the numbered streets are arranged in numerical order followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE GUIDE is the fourth major department, printed on blue paper.

Community Publicity



The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Westfield including Cranford, Garwood, Kenilworth and Mountainside.

The Westfield Directory Library

Through the courtesy of the publishers of the Westfield Directory, a Directory Library is maintained in the offices of the Westfield Area Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

WESTFIELD

(Courtesy Westfield Area Chamber of Commerce)

Statistical Review

Population—33,000 (Estimate 1965).
Area--6.29 square miles.
Altitude—180 feet above sea level.
Parks—4 public.
Financial Data—3 commercial banks, with total deposits of $254,966,000 (Dec. 31, 1962), and total resources of $287,194,000 (Dec. 31, 1962). 2 savings and loan associations with total assets of $66,929,000 (Dec. 31, 1962).
Total Income—$115,000,000. Median Income per family, $10,549.00 (6.6 under--52.8 over). Average per capita, $3,655.
Telephones in Service—13,212.
Churches—14, representing 12 denominations.
Newspapers—2 weeklies.
Railroads—Central of N. J.
Highways--State 28 and U. S. 22.
Amusements--Largest auditorium in town seats 900 persons. 1 moving-picture theatre, with seating capacity of 500 persons. 2 golf courses.
Education—13 public schools including 1 senior and 2 junior high. 2 parochial schools (1 grammar, 1 high).
Public Libraries—1.
Town Statistics--Total street mileage, 106, with 90 miles paved.
Police Department—51 men including chief. 8 pieces of mechanized equipment.
Fire Department—53 men, including chief (28 regular men, 25 volunteers). 7 pieces of mechanized equipment. 2 fire houses—1, North Avenue, 1 Central Avenue.

General Review

The antecedents of Westfield's tale can be traced back to 1644, when Charles II of England granted to his brother, James, Duke of York, the area between the Delaware River and the Connecticut River. Richard Nicholls, the acting governor, encouraged immigrants to settle there and in 1664 Elizabeth Town was founded. While the Dutch and English were settling in Elizabeth Town, the site of Westfield consisted of little more than the Minisink Trail which the Indians followed on their annual spring migration to the sea in search of shellfish. The Indians in the area were a subtribe of the Lenni-Lenape nation called Raritans by the settlers. As has often been the case, a great many misunderstandings arose as to the extent of the various tracts which were originally purchased from the Indians. The land which is now Westfield was at first thought to have been owned by a man named Hart, but it eventually became known as the Baker Tract, as it was believed that Nathaniel Baker had been given or had purchased the land from the Indians. The area of his original homestead is now the site of the town hall. Nearby is Mindowaskin Park named after one of the Indian chiefs from whom Baker purchased his land.

Westfield itself really dates from the land allotments of March 4, 1700. The name of the area is quite naturally derived from the fact that the landowners living in Elizabeth Town would consider these properties as their "west fields." As Elizabeth Town attracted more and more settlers, there was need for more land and several areas owned by Elizabeth Town (including Westfield) were apportioned in 1700 and given out in 100 acre lots. By 1720 Westfield seems to have established its identity as a village with a store or some other central gathering place. At this time the community included such places as Plainfield, Scotch Plains, Crane's Ford (Cranford), Clark, and parts of Rahway. The area remained in the Borough of Elizabeth until it became a township in 1794.

In earliest times the center of town was considered to be the area where Central Avenue and Mountain Avenue join Broad Street. Here was located the

old Westfield Tavern, the Meeting House, the Presbyterian Church and the residences of several of the leading citizens including Doctor Philemon Elmer for whom Elmer Street is named.

During the 18th century, the town was very rustic indeed. The inhabitants made their living from agriculture almost entirely. The growing of grains and the tending of cattle and sheep were the principal interests. There were flour and grist mills and a tannery. The community was known for its good cider. Wolves were often found roaming the town and a bounty was placed on them. From its founding until the 1830's the town changed very little.

If the dynamic growth of Westfield in the nineteenth century could be attributed to any one force it would unquestionably be the railroad. About 1750, transportation between Elizabeth Town and Westfield was by stage coach and the only way to get from Elizabeth Port to New York was by rowboat. It was not until 1790 that ferryboats, and in 1808 steamboats, came into use between these two points. The stage coach going west to Philadelphia stopped at Samuel Downer's store on Broad Street three times a week with the mail and to pick up any passengers. In 1832, the citizens of Westfield rarely visited New York, perhaps once in ten years. In May 1838, the Elizabeth Town and Somerville Railroad was opened with the backing of Samuel Downer II. The project was called "Sam's folly." The railroad had but a single track with wooden rails covered by an iron strip. The company had only two wood burning engines and ran two trains a day, one each way and both very slow. It was not long however before the engines were improved and the trip speeded up by a trestle built over the Jersey meadows to extend the connection directly to Jersey City. The railroad soon became the keystone in the economy of Westfield.

The development of the railroad opened the way for the phenomenal population growth of Westfield from 875 in 1882, to 9,063 in 1920. By 1930 there were 15,801 and in 1960 there were 31,447 people. Along with the increase in population has come the development of a fine school system. In 1750 classes were held in the first school within town limits which was a log cabin in the Central Avenue and Mountain Avenue area. The school records of the town date from 1809 but it was in the middle of the nineteenth century that a regularly supervised school district was set up.

Westfield remained a township until March, 1903. At that time it was reorganized as the Town of Westfield and elected its first Mayor, Martin Welles. Even before it became a town, the people of Westfield realized that they had to work together to provide themselves with certain necessary services. Their public library grew out of the Every Saturday Book Club which was in operation as far back as 1874. In 1878, its name was changed to the Westfield Public Library. In 1905, Andrew Carnegie donated $6,000 towards a building which was erected on Broad Street at the foot of Mountain Avenue.

In 1869, twenty or more Westfield citizens banded together to form the "Westfield Thief Detection Society." Several other citizens later took it upon themselves to perform the police work of the town which consisted mainly of tracking down horse thieves who strayed into town. It was not until 1900, that a uniformed force was organized consisting of five men.

The Westfield Hook and Ladder Company No. 1 was organized in 1875 shortly after a serious fire destroyed a number of stores on Broad Street. The new fire company's equipment consisted of a hook and ladder truck, and a Little Giant chemical engine, but most of the work still had to be done by a bucket brigade. In 1883, the Westfield Fire Department was incorporated with the joining together of three volunteer companies.

There is much about Westfield today which shows the distinctive traits of its history and a great debt is owed to those early settlers who laid down the basis for present day Westfield. Within the last century the town's growth has been phenomenal, but its foundations were laid with such care and intelligence that they have been able to adapt themselves and expand with the great demands made upon them.

We think you will like the town.

Transportation

Westfield's location makes traveling easy A drive of less than an hour takes you to the docks in New York City, from which ships leave for ports all over the world, and it takes less than a half hour to get to Newark Airport. The Central Railroad Company of New Jersey runs a regular commuter service to lower Manhattan, and the Pennsylvania Railroad runs to midtown Manhattan from nearby Rahway. The Somerset Bus Company also takes you to midtown Manhattan. The Public Service buses travel to Elizabeth, Newark, Plainfield and Somerville.

Entrance No. 135 to the Garden State Parkway is only a couple of miles away, and the New Jersey Turnpike can be reached within a very few minutes. It takes a little over an hour to reach the Jersey shore resorts, and about the same amount of time to go to the lakes and parks in the northern part of the state.

Government

The Town of Westfield is governed by a Mayor-Council form of government. The governing body is comprised of a Mayor and eight Councilmen. The Mayor and Council are elected at bi-partisan elections for two year terms. State law requires that the Mayor be a citizen of the United States and a resident of the Town for at least one year. He may succeed himself by re-election. Members of the Council are also required to be United States citizens and must be residents of the Wards which they represent. They may be re-elected.

Education

Westfield Public Schools have a country-wide reputation for high quality of instruction and excellent facilities. Emphasis is placed upon developing each individual child to his full potential. Approximately 8,000 students are housed in 10 elementary schools, 2 Junior High schools, and Senior High School.

The elementary schools are neighborhood in nature and provide education from Kindergarten through grade 6. Classes are organized on a self-contained basis. The services of a number of special teachers in various areas of the curriculum, including art, music, and physical education, are available to the classroom teacher, as well as the assistance of the Special Services Department and the Health Department.

The two junior high schools provide for the transition of students from the elementary to the senior high school. Each junior high school contains approximately 950 students in grades seven, eight, and nine. All classes are organized on a departmental basis. An active guidance program is organized around a nucleus of six guidance counselors, three in each school.

Over 1,500 students are enrolled in the senior high school. Approximately 80 per cent of the students in the high school will continue their formal education after graduation. Many receive college credit for academic courses taken in high school. Four guidance counselors assist students with educational and vocational planning.

Services are provided by the members of the Special Services Department, the Health Department, and the Audio-Visual Aids Department. The Special Services Department is staffed by psychologists, speech therapists, reading specialists, and a school social worker. There is also a reading specialist in each of the three secondary schools. The Health Department consists of several registered nurses and the school dentist. An audio-visual aid specialist operates an A-V laboratory and works with teachers in groups and on an individual basis.

Parochial schools are run by the Roman Catholic (grade and high school) and Lutheran (grade school) churches, and there are numerous nursery schools run by churches and individuals. In addition, a large adult night school offers a wide variety of night courses, two terms each year.

Recreation and Entertainment

Westfield's first Recreation Commission was formed in 1937. This commission of five persons, appointed annually by the Mayor and serving without pay, is in charge of the town's recreation program.

Recreation Program—The summer playground program enrolls about 3,500 children for an eight week period of organized play. There are nine supervised playgrounds, each under the direction of a leader with two assistants, offering a wide variety of sports, games and crafts. There are various tournaments held, also, an Olympic Game day in which mothers and fathers also participate. Moving indoors for winter, the Recreation Commission's program continues with activities three afternoons for the younger ages, and organized sports for teenagers two evenings. Band concerts are sponsored every Thursday evening from the end of June thru the first week of August at the Mindowaskin Park.

Parks—There are three parks in Westfield: Clark Memorial, with $9\frac{1}{2}$ acres, Mindowaskin, with $12\frac{1}{2}$ acres, and Tamaques, with 100 acres. Tamaques Park has facilities so far including hard ball diamonds, Little League diamonds, soft ball diamond, shuffleboard courts, tennis courts, and a picnic area with fireplaces, tables, benches and a shelter. There is a fulltime caretaker. In-

tended for the use of Westfield residents only. Permits are required for the use of shuffleboards, tennis courts, and fireplaces. The permits and reservations may be obtained at the Town Engineer's office during regular office hours, or at Police Headquarters evenings and week-ends.

County Parks and Recreation—The special features of the nearby county parks are boating and picnicking at Echo Lake Park, a swimming pool at Rahway River Park, Trap and Skeet grounds at Nomehegan Park in Cranford, an archery range and hockey field at Cedar Brook Park in Plainfield. In the Watchung Reservation are the Riding Stables, extensive bridle paths, Lake Surprise, and the Trailside Museum. There is organized riding at the stable for all ages from eight years old and up. There are two County golf courses: Ashbrook in Scotch Plains and Galloping Hill in Union. There is a Pitch and Putt course at Galloping Hill also.

YMCA-YWCA—The YMCA-YWCA is equipped with a swimming pool, gymnasium, bowling alley, clubrooms, and a dormitory for men. In addition to individual schedules of classes and club programs, the Y's jointly sponsor Junior and Senior High School canteens, Red Cross Life Saving courses, and Adaptive Aquatics for handicapped people. The YMCA, besides regular swimming classes, has a Family Swim on Friday evenings, Saturday and Sunday afternoons. There is a Day Camp for boys in the summer, Indian Guides for father and son, and Ranger Camp for older boys. Camp Wawayanda is the YMCA camp in this area. Senior Hi Y, Junior Hi Y, Gra-Y, Old Guard, Y's Men's Club, Junior Leader's Club and Westfield Congress are some of the many clubs for various ages.

The YWCA has swimming classes for all ages and offers instruction in ballet, tumbling, tennis and ballroom dancing. There is a summer Day Camp program for girls, aged seven through eleven. Clubs for young teens to sprightly oldsters range from Bi-Y and Y-Teen to Rake and Hoe Garden Club, Young Adults, and the Friendship Club. An outstanding success is the Newcomer's Club which does so much to help new people in town feel at home. A Ladies' Day Out program, which runs from fall to spring, offers a wide choice of classes ranging from hat making to safe driving. Baby-sitting service is available.

Boy Scouts—In Westfield there are 1,500 Cub Scouts, divided into 18 Packs and 610 Scouts in 14 troops and 130 Explorers in 5 Posts, plus a number in the "Order of the Arrow." Each Cub Pack and Scout troop is sponsored by a Church or School.

Girl Scouts—There are 1,663 Girl Scouts in Westfield alone. The troops usually meet in schools and churches. Scout ages range from 7 to 17 and are divided into Brownies, Intermediate and Senior Scouts. The Council owns two camps.

Westfield Community Center—The Westfield Community Center is a social recreation and educational agency which has served the residents of Westfield since 1939. Every afternoon from 3:30 to 5:30 p.m. boys and girls six to twelve years of age may participate in a varied program in recreational and educational services. The evening program from 7:00 to 9:30 p.m. is for young people 13 through 18 years of age. All social recreation activities are planned by a Teen Council, elected representation of all young people meeting in the center.

Westfield Boys Leagues—Ardent supporters of baseball, basketball, football and wrestling run leagues for boys each year. The early training in these sports is probably a large factor in Westfield's successful athletic record at the high school level.

Other—There are bowling alleys in Westfield, and nearby Clark and Mountainside. Westfield has a large public library, a movie, and several private swim clubs. There is also a local private country club and several others nearby.

Health

Westfield Board of Health—The seven members of the local Board are citizens (presently including two physicians) appointed by the Mayor with the approval of the Council for a term of four years. Meetings, which are open to the public, are held on the first Thursday of each month at 5:00 p.m. in the Municipal Building. The responsibilities of the Board of Health are:

a. control of communicable diseases
b. environmental sanitation
c. vital statistics
d. laboratory services
e. maternal and child health
f. health education

The Board of Health office is in the Municipal Building. Appointed by and responsible to the Board are two full-time and two part-time employees. The

Health Officer, who is also Registrar, is a licensed health officer. He is responsible for the enforcing of the regulations of the State Department of Health and of the local Board, the recording of vital statistics and the sanitary inspection of food and establishments, such as restaurants.

District Nursing Association—The headquarters of the District Nursing Association are located in the Municipal Building. Organized in 1912, the D.N.A. is a voluntary (incorporated) organization providing a visiting nurse service. This care is available under physicians orders to all residents of Westfield and Mountainside at cost on a fee basis. Adjustments or free care if necessary are arranged by consultation. The United Fund of Westfield and the Mountainside Community Fund provide support.

The D. N. A. provides under contract, public health nursing services for the Boards of Health through its programs for maternal, child and adult guidance, and through its assistance to the Boards in communicable disease control and the private school program. The Well Baby Station, to which members of the medical society volunteer their time, is conducted by the D. N. A. for infant and pre-school children not under regular medical supervision. Expectant parents classes are held three times a year. The D. N. A. works closely with the services available at hospital clinics in the vicinity and cooperates with the hospitals in the follow-up of discharged patients. When the office is closed, the Police Headquarters will take messages.

Hospitals—Westfield has over 60 doctors, over 40 dentists and an excellent volunteer rescue squad. Complete and modern hospital facilities are available in Plainfield (Muhlenberg Hospital), Summit (Overlook Hospital) and Rahway (Rahway Memorial Hospital).

Youth and Family Counseling Service—A social casework agency sponsored by the Episcopal Church, this organization offers counseling service on youth and family problems to all in need, regardless of race, color, creed or ability to pay.

Parking and Shopping

Parking facilities are fitted to everyone's needs. Broad Street, Elm Street, Quimby Street, North Avenue, South Avenue and Central Avenue all have one hour meters to insure adequate turnover for short-term parking. These meters allow one hour parking for a nickel and shorter terms may be had by inserting pennies. At several important points you will find green meters which allow only twelve minutes parking for those who have only one quick stop to make. Several off-street lots are furnished for both short term and all day parking. In addition, a lot located off South Avenue along the Central Railroad tracks contains 439 twelve-hour meters for commuters and 21 two hour meters for shoppers. For details refer to downtown area map.

The Business Area of Westfield contains an excellent variety of modern shops which can fill all your needs, as well as a large department store located on North Avenue.

CRANFORD

"THE VENICE OF NEW JERSEY"

Statistical Review

Form of Government—Township.
Population—27,000 (1964 estimate).
Area—4.7 square miles.
Altitude—70 feet above sea level.
Climate—Mean annual temperature, 50 degrees F.
Parks—7, with total of 13 acres.
Financial Data—2 Trust Companies with total deposits of $213,000,000 (Dec. 31, 1964) and total resources of $238,000,000 (Dec. 31, 1964). 2 Savings & Loan Associations with total assets of $128,756,000 (Dec. 31, 1964).
Churches—12, representing leading denominations.
Retail Area—Radius of 5 miles. Estimated population, 28,000.
Newspapers—1, weekly.
Railroads—2: Lehigh Valley and Central of N. J.
Highways—State 28 and Garden State Parkway.

Amusements—1 moving picture theatre, with seating capacity of 1,200. Municipal tennis courts.

Education—11 public schools, including 1 senior high and 2 junior high schools. 1 parochial school.

Public Libraries—1, with 45,932 volumes.

Town Statistics—75 miles paved streets.

Fire Department—41 men (27 paid, 14 call), with 1 station and 7 pieces of motor equipment.

Police Department—40 men and 9 pieces of motor equipment.

Union Junior College located in Cranford.

GARWOOD

Statistical Facts

Form of Government—Borough.

Population—5,700 (1965 estimate).

Area—.69 square mile.

Altitude—90 feet above sea level.

Churches—3, representing leading denominations.

Education—3 public schools, 1 parochial school.

Borough Statistics—Police department has 10 men, 3 pieces of motor equipment and 1 station. Fire department has 50 volunteer men, 1 station, 3 pieces of motor equipment, 3,000 feet of hose, first aid squad and 2 ambulances.

General Review

Industrially, the location of Garwood is such that it might be called the industrial center of Union County. Within a compact area of one square mile, a population of approximately 6,000 have their being, work and pleasure.

The present borough was incorporated in 1903, and at that time had 75 houses and a population of about 400. At the election, 91 votes were polled, and from this beginning came Garwood's existence as an independent municipality.

Its growth and prosperity have been intimately connected with the development of its industries. Having the advantage of excellent railroad facilities, there are, at present about 40 industries and 60 business establishments.

The Schools, of which there are four, in addition to classroom work, have a splendid manual arts department, domestic science department, school nurse, physician and dentist. Lincoln School contains a gymnasium and auditorium.

Of Churches, there are four—St. Paul's United Church of Christ, Presbyterian, St. Anne's Roman Catholic, and the Pillar of Fire.

A volunteer fire department of 50 men incorporated as Liberty Hose Company No. 1, has for its equipment—1 hook and ladder truck, 1 combination pumper, 76 fire hydrants, 16 fire boxes and 3,000 feet of hose. Garwood's police department consists of 10 men on eight hour shifts, and one piece of motor equipment.

Garwood has a plentiful supply of pure water, excellent fire and police protection, good streets, and borough hall, housing in this building provides ample office space for the borough's various officials. Educational system of high rank, stores for all ordinary needs. Full banking facilities are provided by the Suburban Trust Company (br).

KENILWORTH

Statistical Facts

Form of Government—Mayor and Borough Council.

Population—8,378 (1960 Borough estimate).

Area—2.59 square miles.

Altitude—90 feet above sea level.

Churches—7, representing leading denominations.

Education—1 public and 1 high school, regional (Springfield, N. J.), with adequate grounds for play and recreation. 1 parochial school.

Borough Statistics--Fire Department, Volunteer, with chief and 40 men, equipment includes 6 pieces of motor equipment and 7,000 feet of hose. Police Department has 16 men including chief. Equipment includes 3 pieces of motor equipment.

The Borough was incorporated in 1907.

Free Public Library with 10,000 (estimate) volumes.

Parks—2 Borough and 1 County.

Financial Data—1 savings and loan association, with assets of approximately $120,000,000 (Jan. 1, 1965). 1 Bank.

Active public works, city garbage disposal.

General Review

Kenilworth was incorporated with the idea of a community composed of small home owners and it has so remained. Ample stores have located to provide most all needs. Kenilworth has a plentiful supply of pure water. Police and fire departments are modern, with first class modern equipment, splendid borough hall, educational system of high rank, excellent streets. These and other attractions not mentioned have caused many people to build new homes and make the Borough a fine place to live.

MOUNTAINSIDE

Statistical Facts

Form of Government—Borough (1 Mayor, 6 Councilmen). Incorporated in 1895.

Population—7,000 (estimated, January, 1963).

Area—4.03 (1-3 Park).

Parks—1.

Churches—3.

Newspapers—1 weekly.

Highways—U. S. 22.

Education—3 public schools, 1 parochial school.

Police Department—15 men including chief, 4 police cars.

Fire Department—40 volunteers.

Rescue Squad—16 volunteers, 1 ambulance.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber, "◎"—Homeowner.

The City Directory Will Answer Your Everyday Questions - - -

About an Individual

A STATEMENT

of

ADVERTISING PRINCIPLES

1. GOOD ADVERTISING—aims to inform the consumer and help him to buy more intelligently.

2. GOOD ADVERTISING—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. GOOD ADVERTISING—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. GOOD ADVERTISING—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(YOUR DIRECTORY PUBLISHERS FULLY SUBSCRIBE TO THE PRINCIPLES SET FORTH IN THIS STATEMENT)

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

Don't Use An Old Directory!

•

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

•

Why not avail yourself of fresh information for your daily use?

GENERAL ABBREVIATIONS

acct ..... accountant
adj ..... adjuster
admn ..... administrator or administration

POLK'S
WESTFIELD
CITY DIRECTORY
1965

Including Cranford, Garwood, Kenilworth and Mountainside

Copyright, 1965, by R. L. Polk & Co.

For List of General Abbreviations see opposite page

SUBURB ABBREVIATIONS

C . . . . . Cranford	NYC. . . . . New York City
E . . . . . Elizabeth	P . . . . . Plainfield
F . . . . . Fanwood	R . . . . . Roselle
G . . . . . Garwood	RP . . . . . Roselle Park
K . . . . . Kenilworth	S . . . . . Springfield
L . . . . . Linden	SP . . . . . Scotch Plains
M . . . . . Mountainside	W . . . . . Westfield
N . . . . . Newark	

FIRM ABBREVIATIONS

B&O. . . . . Baltimore & Ohio Railroad	NJ Bell. . . . . New Jersey Bell
CRRofNJ. . . . . Central Railroad	. . . . . Telephone Co
. . . . . of New Jersey	NYCRR . . . . New York Central Railroad
ECG. . . . . Elizabethtown Consolidated	PRR. . . . . Pennsylvania Railroad
. . . . . Gas Co	PS . . . . . Public Service Gas & Electric
LVRR . . . . . Lehigh Valley Railroad	

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in HEAVY TYPE denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.
