Hi-Y Follies Plays To Capacity Audiences

Playing to full houses last Friday and Saturday nights in the Cranford High School auditorium, the fifth annual presentation of the high school Hi-Y Clubs' "Sadie and Emma Follies" held the audience throughout each of the three-hour programs. Although receipts from the follies had not been completely totaled at mid-week, high-ly satisfactory results are anticipated.

Particularly well received on the program was the interpretation by a boys ballet group of a modern dance. Those in the dance were: Charles Argento, Harry Britton, Michael Cipolla, Frank DiTullio, John Gaffney, George Molson, Peter Schalestock, Alex Stesenko, and Marcel Tretout.

Also singled out as being of special appeal to the audience were several electric organ selections by John Stout and a comedy act originating right in the audience between Bruce MacClory and Donald Britz.

Following a girls' Hawaiian musical routine, Alex Stesenko, attired in appropriate garments, put down to the grass skirt, joined the group for an encore with the girls, much to the appreciation of the audience.

Frank E. Ramsey, sponsor of the Hi-Y Clubs, staged the follies.

When applying lipstick, never try to create a mouth shape which is entirely different from your own. Stick to the natural lines, adding just a trifle if your lips are thin and enhancing the natural curves a bit. Always use a color which blends with the natural color tones of your skin. A lip brush helps you to get a clear, natural outline. Follow the curve of the lips with brush and you can fill in with the lipstick.

GARWOOD CRANFORD KENILWORTH

To the Colors! ONWARD in the Attack on CANCER!

Vol. LVII. No. 11 CRANFORD, NEW JERSEY, THURSDAY, APRIL 6, 1950 22 Pages — FIVE CENTS

Girl Scouts Join Cancer Fund Drive

300 Girls to Conduct 'Tag Day' Project Daily in Township

Cranford Girl Scouts have joined the community-wide organization for the educational program and fund collection "marking Cancer Control Month, which started Saturday, it was announced today by Howard Martin Siegel, chairman of the Cancer Control Fund Appeal.

One hundred and one contributions had been received up to yesterday by Treasurer John V. Hosier of the Union County Trust Company for a total of $386.50. This figure included a $50 memorial gift by Sidney Breen, local merchant, in memory of his sister, Mrs. Rosamund Goldenberg.

The Girl Scouts are being mobilized under the direction of Mrs. Philip Gilcher, troop leader and Girl Scout representative on Mr. Siegel's committee.

Starting Monday and continuing through April 20, about 300 girls will make every day "tag day" in the business district under the plan announced by Mr. Siegel with the approval of the Girl Scout Council. Troop leaders will assign girls according to a regular schedule, Mrs. Gilcher said.

To stimulate interest, as well as to provide recognition for the type of solicitation which was of great value in last year's collection, Mr. Siegel has announced that he is offering five prizes for the girls who make the best records. The awards will be a wrist watch, a ring, a charm bracelet; a gold pencil and a silver pencil.

Letters coordinating educational material on cancer control and an appeal for funds were delivered to every home in Cranford early this week, Mr. Siegel said.

Collections will be started Monday in the lobbies of both the Union County Trust Company and Cranford Trust Company. High school girls will staff the banks next week and will be replaced, beginning April 17, by members of the local Cancer Field Army.

"Judging from this large early response", Mr. Siegel said, "it would appear that the Cranford educational campaign, so ably presented by Mrs. Robert W. Niedrach, captain of the Field Army, and her workers, is bearing fruit when the response is needed to the one appeal during the year in the interest of Cancer Control Month.

"Together with pledges from several organizations and the results of special solicitation from among business men, our community seems well on the way toward meeting its modest quota," the chairman observed.

Commenting upon the double objective of Cancer Control Month, the educational phase and the fund campaign, Mr. Siegel said there now is hope that new and successful means of treating cancer will be developed. In some circles, he said, researchers feel they are on the threshold of solving the riddle of what causes cancer and what will cure it.

"But even without new scientific discoveries", he pointed out, "it now is possible, through early detecting and prompt treatment to save at least a third of the 200,000 persons who are dying from cancer each year. About 67,000 Americans are being cured of cancer yearly. An equal number of lives could be saved, if enough people learn the cancer danger signals and see their doctors promptly when cancer signals appear. This calls for extensive education and for that we need generous financial support.

"We also need more money to expand our service programs to aid cancer patients right here", Mr. Siegel concluded.

Cranford Tax Rate Sixth from Lowest

Cranford's tax rate for this year will be $5.19 per $100 of assessed valuation, the sixth lowest in the county, according to figures released this week by the Union County Board of Taxation. Cranford's rate for 1949 was $5 per $100.

While 11 municipalities showed decreases this year, Finance Commissioner John V. Nostrand pointed out yesterday that Cranford used less of its surplus than most towns. The township's cash position remains very good, he pointed out, and should be improved during this year. He said Cranford has endeavored to maintain a somewhat steady rate without any great fluctuations.

The tabulation for both 1949 and 1950, with rates based on $100 of assessed valuation, are:

Route 4 Segment To Open in May

A six-mile stretch of Route 4 Parkway, between Centennial avenue and Iselin, is scheduled to be opened next month, State Highway Commissioner Spencer Miller, Jr., has announced. Another segment, continuing south for another four miles, will be opened a few weeks later, he said.

Treatment of some of the shoulders, roadside planting and a short stretch of paving is all that remains to be completed in the first section.

The parkway was begun in November, 1948, and when it is completed it will run from Paterson to Cape May, with a cross-state extension from Woodbridge to Trenton. Opening of the initial section will give motorists a quick access to the Trenton-Philadelphia section.

The parkway is the first to be built in the State. Plans call for the preservation of existing landscape features along the route, Mr. Miller said.

If You Move After May 1, Don't Forget Your Permit

If you plan to move any tangible personal property from one place to another within the township or move it out of the township, you will first be required to obtain a moving permit from the tax collector's office, under terms of an ordinance adopted on final reading by the Township Committee Tuesday night.

While the ordinance became effective immediately after adoption, officials said yesterday that it would not be put into operation until May 1. Permit blanks and other necessary forms have not been received.

Principal purpose of the new measure, according to Police Commissioner J. Edward Watt, who presided at Tuesday night's session in the absence of Mayor George E. Osterhoudt, is another step in the collection of personal taxes. The committee several weeks ago authorized the hiring of a constable to aid in gathering in delinquent personal taxes. Finance Commissioner John V. Nostrand estimated that these taxes total between $10,000 and $15,000.

One resident, during public hearing, charged that the new ordinance infringes on a person's personal liberties, while another questioned whether much of the delinquent personal taxes would be brought in through this method inasmuch as there are many residents who may not move for years and still not pay their personal taxes.

Under terms of the new measure, local residents desiring to move tangible personal property will be required to make written application to the tax collector for a moving permit. Information required will include name and address of the tenantman, name and address of person owning the property to be moved, and the addresses from which and to which the property is to be taken. No charge is made for the permit, but all personal taxes must have been paid before the permit will be issued. Applications for permits may be made between 9 a. m. and 4 p. m. on any day except Saturdays, Sundays and holidays.

Violations may result in fines up to $50 or imprisonment up to 90 days or both.

Dry hair is a real problem — ask the woman who owns none. But all treatments before a shampoo usually help and a little oil dressing worked into the hair with a brush will aid in bringing the wild tresses under control. Thorough brushing is in itself a good treatment for dry hair when it is done properly. The bristles should be drawn across the scalp and skin, with a slow stroke, clear to the ends of the hair. In this way the natural scalp oils will be distributed through the hair.

It Wasn't April Fool For These Motorists

Photo by Ken Sauer

Motorists who waited past the March 31 deadline for their 1950 licenses and registrations are shown above as they lined up Saturday morning, April 1, at the Cranford office of the State Motor Vehicle Agency on North avenue, east. The line stretched around the corner on Alden street and extends almost to North Union avenue. Motorists who did not have their licenses and registrations by last Saturday were unable to use their vehicles in rally on public highways.

Sales Hit New High

Motor Vehicle Agency Issues 2,368 Drivers' Licenses Last Week

Passenger motor vehicle registration records and drivers' licenses toppled during the last week in March as well as on the final day of the month at the State Motor Vehicle Agency office here for the biggest year in history, Harry H. Heins, agent, reported this week. Only licenses for commercial vehicles dropped off from the totals run up in March, 1949, and even in this instance the figures for 1950 were 859 compared with 864 last year.

In the last week of March, Mr. Heins said that his office issued 2,368 drivers' licenses, an increase of 459 over 1949 while car registrations rose from 3,157 last year to 3,847 this year, or a gain of 690.

Totals for the last day of March —the deadline for the use of 1949 registrations and licenses—were up sharply, too. March 31 sales of drivers' licenses for 1950 were 948, compared to 721 in 1949, and registrations moved up to 584 this year from 431 during the last day of March in 1949.

In the best March of any year to date, Mr. Heins declared that this year his office had issued 10,606 passenger vehicle registrations, a jump of 999 over the 9,607 figure for the same period for 1949—which was also an exceptionally good year. Drivers' licenses issued were up even more. They numbered 15,381 during March this year while the figures for 1949 were 14,350, or 1,031 less.

Crowds jammed the local agency office, particularly last Friday, Mr. Heins noted, and it was necessary to refuse registrations to a number, of motorists who had failed to get their second motor vehicle inspections for the year. The great majority of applicants, however, experienced little difficulty in securing their license and registration renewals, except for the waiting in line which those who failed to attend to the matter early found necessary.

Teachers' Institute

Talk on Russia, Discussion Meetings Featured at School

Stalin, a Georgian, is not representative of Russia, Dr. Stefan Osusky, visiting professor of European Culture and Civilization at Colgate University, told more than 300 persons who attended the teachers' institute Friday in Cranford High School.

Dr. Osusky, whose topic was entitled, "The Mentality of the Russians," pointed out that Russia is a multi-national state composed of 182 nationalities, races and tribes of which the Slav is the principal one. Lenin really represented Russia since he was of Slavic origin. Before his death, Lenin warned the Russians against Stalin, saying that he did not represent true Communist philosophy, the speaker ascertained.

Also featured during the morning session were study groups on the following subjects: "Our Common Language," led by Frank B. Ramsey; "Emotional Stability," Harry Lawrence; "Human Relations," Miss Hazel Pancoast; "Unmet Needs," Vincent Sarnowski; "Individual Growth and Development," Miss Ruth Turner; "Know Your Own Town," Dr. A. L. Johnson, county superintendent of schools, and "Health and Safety," Miss Elizabeth Durfee, R.N.

Walter Gardell, director of the division of physical welfare in Elizabeth, stressed the need for a coordinated health program in the public school. He said it is the duty of each teacher to inject health and safety education into the curriculum regardless of the subject being taught.

A highlight of the afternoon program was a panel discussion on the topic, "Our Schools, Today and Tomorrow." Participating were Walter E. Cooper, president of the Board of Education; Mrs. G. Holmes Williams, parent; Gerhard Kellner, faculty member; the Rev. Albert Allinger, clergy; Miss Mary Ellen Reinert, student, and Charles M. Ray, businessman. Harold Wilson was the moderator.

Mr. Cooper said the present needs for schools are more personnel, buildings and equipment. He suggested that courses might be "streamlined" by excluding some subjects and adding others.

Students, as individuals, should be given more attention by parents and teachers, Mrs. Williams said. Schools should have adequate guidance facilities in order that studies might be made of each child, she pointed out.

Mr. Kellner cited the improvements in today's schools as compared to schools of yesterday. He predicted that in the future, teachers would not teach as "specialists" but as educators capable of teaching several related subjects.

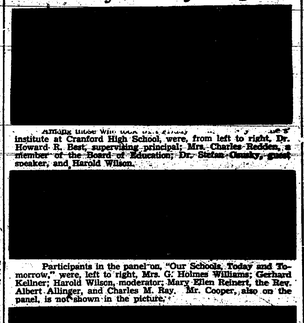

Cranford lacks sufficient recreational facilities, the Rev. Mr. Allinger said. He also pointed out that the average curriculum is not designed to meet the needs of the student. He advocated teaching students the meaning of Communism and Socialism since few high school students are aware of the principles of these forms of government, according to the Rev. Mr. Allinger.

Miss Reinert centered her talk around the question, "Why should high schools cater to college prep work?" She questioned why the school could not set up its own print shop for the purpose of printing school programs, tickets, circulars and the school newspaper. She pointed out that such an industrial department could soon pay for itself and at the same time, offer experience to students interested in printing.

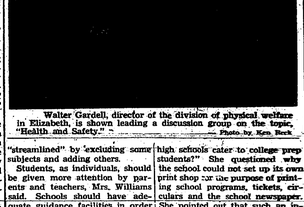

Mr. Ray, editor of The Citizen and Chronicle, said students today hesitate to explore new fields because of the various advantages offered in working as an employe. He recommended that classes attend community and political activities whenever possible and urged greater emphasis in the teaching of democratic principles.

Dr. Howard R. Best, supervising principal, welcomed the teachers, parents, and visiting educators who attended. A short talk also was given by Mrs. Charles Redden, a member of the Board of Education. Invocation was offered by the Rev. Frank V. H. Carthy, rector of Trinity Church.

insufficient garages and insufficient setback from the rear property line. Mr. Della Serra's offer of $7,500 for 360 feet on either side of Oak lane beyond Belmont avenue was rejected on advice of the real estate committee as being insufficient.

On recommendation of Public Works Commissioner E. D. Stanley, the request of W. E. Jordan, 205 North Lehigh avenue, for removal of a traffic island at North Lehigh avenue and Hickory street was turned down as not warranting the expense involved. Offer of $5,000 by James V. Cassio for township-owned property at Lincoln and Centennial avenues was rejected because the property is being held for park purposes.

Accepted subject to public auction at the next meeting was an offer of $300, submitted by C. J. Stevens in behalf of Mr. and Mrs. R. D. Whittier, for lots 6, 7 and 8, block 425. Also accepted subject to final approval at the next meeting was an offer of $100 submitted by H. R. Jacobus, 16 Craig place, for a 30 foot strip of land in lot 176, block 287, adjoining his property.

Request of C. K. Sellers, on behalf of Mr. and Mrs. G. W. Lincoln, for the vacation of that part of Sailor street adjoining their property was referred to committee of the whole.

Joseph C. Warsinski, 449 Orchard street, complained that a house adjoining his property on Orchard street has recently been sold and that it is being occupied by three families in violation of the zoning and fire codes. Finance Commissioner John V. Nostrand said a report would be submitted on this subject at the next meeting.

Map of a new development on Division avenue, near Brookside place, to be undertaken by T. V. Albert, was approved for filing. Fire report for last month showed 21 general and 37 still alarms with property loss estimated at $200. The ambulance made 19 trips during the month.

Township Clerk J. Walter Coffee was authorized to advertise for bids for road materials and for metal fences. Request of Mrs. Ronnie Kelsey of 24 Buchanan street for improvement of that street and for installation of a street light was referred to the public works and lighting committees.

Referred to the building inspector and attorney for reply was a resolution from the Cranford Veterans' Council drawing attention to complaints of veterans who had purchased homes in Park terrace and stating that certain parts of the building code had not been complied with by the developer. William L. Grasing's application for permission to convert his home on Denman road from a one to a two-family home was denied.

Next meeting of the committee will be Monday, April 17, because of Primary Election on April 18.

Obituary

Mrs. Margaret W. Merritt

Funeral services were held yesterday at 9:15 a. m., for Mrs. Margaret Wilson Merritt, 65, of 102 South Union avenue, who died Sunday night in Jersey City Medical Center after a two-week illness. The service was held at the residence of her daughter, Mrs. Harold E. McClatchey, with whom she made her home. A high mass of requiem was offered at 10 a. m., in St. Theresa's Church, Kenilworth. Interment was in St. Gertrude's Cemetery, Woodbridge.

Mrs. Merritt was born in Sullivan County, N. Y., and had lived 25 years in Kenilworth before coming to Cranford five years ago. She was the widow of Thomas A. Merritt who died in 1938. He had been overseer of the poor and a member of the Board of Health in Kenilworth.

Mrs. Merritt and her husband were members of the Kenilworth Republican Club and had been active in politics in the borough. She was a communicant of St. Michael's Church and a member of its Rosary Society. She formerly was a communicant of St. Theresa's Church.

Surviving besides her daughter, Mrs. McClatchey, are two sons, Thomas Albert Merritt of Rahway and F. Ralph Merritt of Plainfield; four grandchildren and two sisters, Mrs. Mary Simmidinger of Forest Hills, L. I., and Mrs. Neil Hayes of Valley Stream, L. I.

William C. Robinson

William C. Robinson, 56, of Old Raritan road, Scotch Plains, formerly of Cranford, died Sunday in Muhlenberg Hospital, Plainfield, after a long illness. Funeral services were held yesterday at 2:30 p. m. from the Dooley Funeral Home, 218 North avenue, west. The Rev. Robert G. Longaker, pastor of the First Presbyterian Church, officiated and also read the committal prayers at the family plot in Rahway Cemetery, Rahway, where interment took place.

Born in Rahway, Mr. Robinson moved to Cranford 50 years ago and attended schools here. He opened a tavern in Centennial avenue after the repeal and later sold it to the Ditzel Brothers when he went into the contracting and excavating business. In the latter capacity, he worked for the Township of Cranford. Mr. Robinson, a resident of Scotch Plains for the past four years, was a member of the First Presbyterian Church.

He is survived by his wife, the former Estella R. Ditzel; his mother, Mrs. Ella Robinson of Orlando, Fla.; two sisters, Mrs. Elizabeth Downing of Orlando, and Mrs. Mabel Furr of Oak Hill, Fla., and a brother, George of Linden.

Lions Charter Member Brings Easter Message

The Rev. Orion C. Hopper, D.D., a charter member of the Cranford Lions Club and now pastor of the Memorial Presbyterian Church in Newark, brought an Easter message to the club at a meeting in the Coach and Four Tuesday evening with President William E. Gourley presiding.

Lou Kerda, chairman of the club entertainment committee, introduced Al Daraghan who showed a motion picture entitled "Rendevous on the Reef."

Tickets were circulated for a night in May to be sponsored by the Lions; and reports were given by committee chairmen.

Visitors were Newton Torrence, who was the guest of George Barlow; and Stanley Carlson, a member of the Garwood Lions Club.

To Advise Gardeners

C. F. Scott of Roselle Park, a representative of Swift & Co., will make his annual visit to C. E. Trubenbach's Feed and Seed Store, 118 South avenue, east, Saturday. Mr. Scott, who has addressed several local clubs and organizations on lawn care, will test soil and offer advice on improving lawns and gardens.

By ALEXANDER G. SPENCER

In her only book, "All the Tricks," Helen Sobel tells this story of one of the top-notch players who had a well-deserved reputation for being hard to play with. He was arbitrary and dogmatic with his partners about his eccentric bidding theories. Being a criminal lawyer by vocation he frequently talked as harshly to his bridge partners as he would to a witness for the State on cross-examination. In one particular tournament he had as his partner a young and attractive girl who was a pretty good player.

Before play started he listed several rules which were not, under any circumstances, to be broken. One that he stressed was that he never wanted his bid suits to be raised without at least four trumps in partner's hand. Early in the tournament a hand came up on which he opened the bidding with a heart. His pretty partner held

♠ 8 6 5 3
♡ A K Q
◇ 9 7 4 2
♣ 5 2

No four heart, but what could be more obvious than a raise to two hearts on this hand? So she bid two hearts.

The lawyer bid four hearts and the dummy went down with its very snappy ace-king-queen of trumps. He looked at the dummy, then glared at his fair partner. He took his watch from his pocket and placed it face up on the table. After a dramatic pause he muttered between clenched teeth: "I'll give you exactly twenty seconds to produce another trump!"

Here's a hand from "All The Tricks" which Helen met at a tournament with B. Jay Becker as her partner. Helen says it should be a lesson for those of us who give up and get disgusted when they are dealt cards as weak as the North hand, to see that the holder of such a hand can actually make the key play of the hand.

	♠ 5 4 3 ♡ K J 6 5 4 ◇ 7 6 2 ♣ 6 4	
♠ K 10 6 ♡ A 3 ◇ Q J 10 8 5 ♣ Q 10 2	W E S	♠ A 9 2 ♡ Q 10 7 ◇ 9 3 ♣ K J 9 8 5
	♠ Q J 8 7 ♡ 9 8 2 ◇ A K 4 ♣ A 7 3	

East and West rather optimistically got to three no trump, with East as declarer. Miss Sobel led the nine of hearts, the three went on from dummy, and it was up to Mr. Becker in the North seat. Now many people would fail to play the king in this position? Becker didn't. He played the jack, and this enabled the defenders to beat the hand two tricks no matter what declarer did.

It is easy to see what would have happened if B. Jay had played the king. He would have been on lead for the last time, and even though he returned a heart to knock out dummy's ace, Helen would have been helpless to take more than her ace-king of diamonds and ace of clubs. She could knock out the last heart stopper, the queen, but then would have no way to put Becker in to run the hearts, and no way of setting up any other fifth trick. But when Becker played the jack of hearts to the first trick declarer was through. He had to win with the queen; then when Miss Sobel got in again she was able to knock out dummy's blank ace. The next time she gained the lead she still had a heart to lead to Becker's king and he was able to take two more heart tricks.

Becker's play, although not a simple one, was logical. He could see that he couldn't beat the hand unless he could win more heart tricks than just the king. He knew from the lead of the nine spot that his partner had no higher heart. If the hand were to be beaten he would have to have some entry cards, so the only hope seemed to be that the lead of the heart nine was from a three-card suit, in which event the king should be held back to take the third round of hearts. His analysis was rewarded with a two-trick set.

Combinations similar to the above would have to be played correctly. You could do worse than memorizing it for future reference.

Church Guild Welcomes Two New Members

Virginia McCullough and Alice Gill were introduced as new members of the Margaret Greene Guild by its memebrship chairman, Ruth Powers, at the group's regular supper and at-work meeting Monday night in the First Presbyterian Church.

Evelyn Jacobus, chairman of the supper committee, was assisted by Hazel Bungenstock, Mary Hunn and Ann Thompson. Ruth Hale led devotions.

Libby Anderson, president, urged members to attend the Elizabeth Presbyterial meeting Tuesday in the First Presbyterian Church, Westfield. She also recommended members to attend the national meeting of church women, held every four years, June 13-19 at Ocean Grove. Aileen Sanford reported that the Council of Church Women has placed bulletin boards listing all the churches in various parts of the township.

Members voted to contribute flowers for Easter services at the church and also to reinstate men's night and the mother-and-daughter supper. Fifty-five cancer dressings were made. Plans for the year were discussed last week at a board meeting at the home of the president.

• *Christ Is Risen*

Some 1,920 years ago, the Christian faithful of the world were marveling at the great news that was spreading like a prairie fire through Christendom: "Christ Is Risen."

In the centuries since those glad tidings were first carried to the devout of the earth, that period of great rejoicing on the ascent of Christ into heaven has come to be known as Easter. Tomorrow, Good Friday, the observance of the last few hours of Christ on earth, crucified on the cross by Pontius Pilate, will begin.

For it was in those final hours of agony that Christ uttered those last words which have become the hope of the world for salvation. As chronicled in the 34th verse of the 23rd chapter of the Gospel according to St. Luke, Christ entreated the Heavenly Father, who, for they know not what they do."

If the leaders of all the nations of the world would take these words of Christ to heart, a genuine rebirth of religion and morals might will rid the earth forever of war and conflict.

As pointed out by the Rev. Albert Allinger, pastor of the Cranford Methodist Church, "Wars end on a note of armistice or superiority. The element of forgiveness, as exemplified by Christ, is lacking. The hate and desire for revenge generated by one war becomes the fuel for the next. If we could put that feeling for retaliation behind us and follow the attitude of forgiveness taught by Christ, we might confidently look forward to a brighter world, one of everlasting peace and goodwill among nations. This would then indicate the presence of the living spirit of Christ."

Yes, as Easter again approaches, we should all rejoice in our places of worship as the glad tidings are repeated from pulpit to pulpit: "Christ Is Risen." With these words, we may take renewed courage and hope in this Easter season in the struggle to propagate the teachings of Christ around the globe.

• *Auto Deaths Up*

Deaths by automobile have resumed an upward trend in New Jersey, State Motor Vehicle Director Arthur W. Magee revealed last week in his February traffic report.

Traffic fatalities this February were 47 while in the same month last year the total was 42. Union County contributed six deaths to the state figures for the month and was third highest of the 21 counties in February deaths caused by motor vehicles. Essex and Mercer Counties have the dubious distinction of being tied for the greatest number of auto deaths during the month—eight each.

Cranford was fortunate in having no auto fatalities for the period. In fact, there have been no such fatalities in the township so far this year, but the need for caution in driving is nevertheless as great for Cranford motorists as others. Obviously, it is not necessary to be in this community for a Cranford driver to have an accident that might result in a fatality.

The moral is: Be alert behind the wheel at all times in all places!

• *Who Won?*

John L. Lewis apparently has just scored a victory. A great personal victory over the customers of the coal industry—the public.

It is also reported as a victory as well over the federal law and its administrators. And reports have it that Mr. Lewis is extremely gratified that he was able to skirt all the laws about national emergencies—although that involved bringing the country to its knees.

You—and all of us making up the public—will now pay the bill. We will pay it exactly in proportion as we use coal directly—or use products or services or transportation or power that depend in large or small degree on coal as a fuel.

But the statement—for whom Lewis was supposed to be trying to get something—will pay the biggest bill of all, and in three ways.

First, the miners—just as any other members of the public—have got to pay the cost in everything they buy which has used coal in its making.

Second, it is estimated that the miners have already lost an average of $1,800 each in wages alone — having been kept off the job over half the time for the past nine months during which Lewis has been conducting the fight. It will take well over 10 years for the raise in raises secured to make up this loss of pay.

Third, coal has gotten progressively so uncertain as to steady supply and so expensive that over the last few years—and the last few months especially — oil and natural gas have been taking the coal market away.

YOUR GARDEN This Week

By FRED D. OSMAN
County Agricultural Agent

A good lawn, is one of the chief assets of a property. To have a good lawn requires careful preparation of the soil when the lawn is made and regular maintenance afterward. Late summer and early fall are the best seasons to establish a lawn. Maintenance operations start early in the spring.

Many persons apply lime every year. This is not a good practice and may cause harm to thel awn. Ordinarily, liming every two to four years will be often enough. It may be wise to have the soil tested for acidity, and apply lime as indicated by the test.

Fertilization is often neglected. It has been found that an annual application of a complete garden fertilizer such as 5-10-5 or 4-12-4 will help the lawn a great deal. This is applied at the rate of about two pounds to 100 square feet. It is well to repeat this in the late summer.

Early application of the fertilizer is advisable. It can be put on now. The use of a complete fertilizer at this early season means that as soon as the grass starts to grow there will be available to it at once nitrogen that makes for vigorous top growth. If good grasses can have this boost early in the season, they will tend to spread and fill up the lawn. Often weeds can be crowded out.

If there are bare spots, maybe they will be dry enough so they can be raked and reseeded. This can be done after the fertilizer is applied.

Earliness is the keynote in spring care of the lawn.

A three-way race for the Republican nominations to the township committee seemed to be the offing as Edgar G. Wildauer of Orange and Kenilworth became a reality shortly before the deadline for the filing of petitions. The third entry was Edward Krampp, 1 Ridge Manor resident. Previously, Walter Koth and Christian Emde had filed.

Kenilworth's $50,000 drive for funds to erect a recreation center for the use of returning veterans of World War 2 was well underway with a house-to-house canvass of the residential area for contributions and pledges. Members of the Kenilworth Volunteer Fire Department and the Veterans' Memorial Building Association were to conduct the drive.

With returns still to come in from several of the larger industries in the community and from two of the residential areas, Kenilworth's contribution to the American Red Cross Roll Call and War Fund Drive had topped the $1,000 mark, according to Mrs. Jennie F. Dellar, Kenilworth chairman. The 1945 quota was $4,600.

Plans for the sale of 992 Garwood-owned parcels of property were discussed at a meeting of the industrial committee of the borough council and delegates from industries in Garwood. Mayor L. Thomas Daub presided.

Members of the crew in charge of the house-to-house canvass to obtain a major share of the $6,000 Garwood quota in the 1945 war fund drive of the Cranford-Garwood-Kenilworth Chapter of the American Red Cross set out to achieve their objectives before the March 31 deadline.

Full slates of candidates for Garwood offices were filed by both Republican and Democratic organizations in the borough, but there were no contests for any vacancy in either party. As a result, the June 12 primary was expected to be a quiet one for Garwood.

Commission commissioners who were designated to value a tract of land at Cedar and Willow streets, where a new post office was to be built in Garwood as a postwar project, assessed the plot at $13,500. A federal court judgment to that effect was filed with Borough Clerk Walter S. McManus by Borough Attorney Bernard Steiner.

Since I am the national emblem of the United States of America, I might well be proud but as I look back with humility, I marvel at my development.

All throughout the periods of time from the War with Mexico in 1846, the Civil War in 1861, and the War with Spain in 1898 the flag continued to grow. More and more territories became divided into separate states that joined the Union, and each time one more star was placed on the blue field. Finally in 1912, when Arizona and New Mexico joined the United States, our flag became what it is now, forty-eight white stars on a blue field, with seven red and six white stripes representing the first thirteen states that fought for liberty.

Harriet Stowe was quoted as having said this: "A thoughtful mind sees not a nation's flag but the nation itself." The American flag has always been a symbol of liberty for the true American heart.

Give! Give your dimes and quarters and dollars. More treatment facilities are needed, more skilled physicians, more medical equipment and laboratories. The success of great research and educational programs depends on your support.

Your contribution to the American Cancer Society supports these vital efforts. It helps guard your neighbor, yourself, your loved ones. So this year, strike back at cancer. Give more than before ... Give as generously as you can.

Who Is Happy?

"If you were asked the question, 'Are you happy?' could you answer with an emphatic 'Yes,' or would you have to admit that for you happiness is like a pendulum swinging back and forth, advancing and receding?

The pursuit of happiness has always been a focus of human endeavor. In one way or another people try to attain it, but because they do not understand its true nature, they fail to find any lasting contentment. Too often, the human concept of it is weighted down with a desire for material possessions, accompanied by the double-barreled fear of not obtaining them and of losing them.

YES, THERE IS A CATHOLIC ATTITUDE

...on Big Business...on the Worker...on Fascism ...on Race and Color.

"But," you may ask, "what do you mean by a 'Catholic Attitude'?" After all, what has religion got to do with Industry and Labor, Wages and Profits?"

Just this much, friend. Religion is more than a Sunday morning affair — it affects every moment of your daily life. Life is made up of actions; one right after the other — and these actions are either good or bad. Religion gives us the moral standards to judge whether these actions are right or wrong!

It is a question of right or wrong — it concerns religion — if an employer deprives his laborers of their just wages...if a selfish group "corners" the market and works hardships on others...if a union calls a strike that will cripple the whole country's economy.

This is where the Catholic Attitude comes in. The Catholic Church would be failing in duty if it did not apply the law of God to the many problems that beset today's world.

When Christ lived among men, they learned from Him the Christian attitude toward the social questions with which they were faced. He refused to meddle in mere politics, but He was careful to tell rulers not to exceed their authority. He warned Pilate that he had no right to commit injustice for the sake of expediency. He rebuked hypocrites who took advantage of widows and orphans. He pointed out the right use of money and the moral obligations of the wealthy.

Of course, Christ said nothing about Communism, Trade Unions, or Capitalism. These questions did not then exist. But certainly to us they are every bit as important as those on which He spoke to the men of His day. And His voice is needed now to speak with the same authority for the solution of our difficulties.

Christ established His Church to teach all men to observe all that He had commanded — to direct them in the religion of every-day life.

It is for this reason we find the Apostles criticizing the intolerance of their fellow-countrymen and proclaiming the equality of the Gentile converts. We see St. Paul writing in great detail of the obligations of masters and servants, of husbands and wives. From St. Peter we learn about taxpaying and the obedience we owe to civil authorities. The Catholic Church continues this tradition today by expressing its attitude on the basically moral problems of modern society.

You will find it well worth your while to investigate the Catholic Attitude on matters that vitally concern us all: on Industry and Labor..., Race and Color..., Liberalism, Democracy and Communism. Write today for a free pamphlet explaining the Catholic Attitude on these and similar questions. Ask for Pamphlet No. 10—KC.

Hospital Plan Lists Lower Husband-Wife, Group Rates

The Board of Trustees of the Hospital Service Plan of New Jersey today voted approval that commencing June 1, 1950 a husband and wife subscription contract, without maternity benefits, will be available at a lower rate than the present Family Contract Rate. The lower contract rate is made possible by exclusion of maternity benefits and the fact that such husband and wife have no children eligible for enrollment.

Subscribers presently enrolled under Family Contracts, in cases where there are no children enrolled, will be afforded opportunity to change over to such husband and wife contract, without maternity benefit provision may continue enrollment under the present Family Contract. Selection of such husband and wife Contract without maternity benefits instead of a Family Contract with maternity benefits will be optional with new applicants at time of original enrollment.

Comparison of group enrollment contract rates between the present Family Contract and New husband and wife contract is as follows:

Series 1939 Contracts	Monthly Contract Rate, Jan. 1, 1950	Monthly Contract Rate Credit
Family Contract (With Maternity Benefits)	$3.56	$3.20
Husband and Wife Contract (Without Maternity Benefits)	$2.60	$2.52
Husband and Wife Contract with maternity benefits	$2.80	
Eligible Children	$2.40	$2.16
Single Person	$1.20	$1.08

Instead of the present annual Contract Rate of $60 under the Family Contract, the contract rate for such husband and wife contract, without maternity benefits, will be $48 annually, or $23 semi-annually or $11.50 quarter-annually.

The Board of Trustees also voted approval of a 10 per cent Contract Rate Credit, applicable to group enrollments under the Series 1950 Subscription Contracts, with respect to Contract Rate payments having a due date (not grace date) occurring on and after June 1, 1950 but not later than May 31, 1951, provided the subscriber is currently enrolled as part of an eligible group on the particular due date. A longer experience will be necessary before consideration can be given to extending a rate credit to non-group enrollments.

Reflected in the action of the Board of Trustees are two favorable factors:

1. For the first time in six years, the trend of the number of persons entering hospitals in proportion to the number of persons enrolled under the Plan shows a decline of an anticipated increase. This means less claims in proportion to the number of persons enrolled. While the admission rate for the current year is expected to be somewhat higher than in 1949, it should not be as high as originally estimated based upon the trends of the past six years.

2. The average number of days of hospital stay per claim has decreased and is shorter than the anticipated length of stay. This reduction in average length of hospital stay is attributable to scientific advances in the medical and hospital fields. It means that the Plan's expense for the average hospital bill will be less than had been originally anticipated. However, it should be noted that the average length of hospital stay in New Jersey is presently still higher than the national average.

This contract rate credit has been limited to a 12-month period to permit further evaluation based on subsequent experience.

The Plan is operated for the benefit of its subscribers. As a non-profit organization, any favorable experience of the plan therefore results to the benefit of subscribers either through increased protection or reduction in cost of enrollment.

The following table shows the new monthly contract rate and net rate after credit:

Series 1950 Contracts	Monthly Contract Rate	Monthly Net Rate Credit
Family Contract	$3.56	$3.20
Husband and Wife Contract (Without Maternity Benefits)	$2.60	$2.52
Husband and Wife Contract with maternity benefits	$2.80	
Eligible Children	$2.40	$2.16
Single Person	$1.20	$1.08

It is estimated that the action by the Board of Trustees means a saving of approximately two million dollars to subscribers.

Urges GOP Focus On Big Issues

Congressman Case Among Speakers at Candidates' Night

Republicans should concentrate their attention on major issues, such as this nation's foreign policy, and not on small matters such as trying to turn up subversives in the State Department, Congressman Clifford P. Case told members of the Cranford Republican Club and Women's Republican Club last night at a candidates' meeting in the municipal building. The meeting room was filled to capacity.

The Congressman's talk highlighted the evening's program which also included brief remarks by the four candidates for the two Republican nominations for Township Committee, and three talks by aspirants for county G.O.P. offices. The Republican Club held its annual election of officers during a brief business meeting.

Congressman Case, unopposed for the G.O.P. nomination for reelection, said there is a lot of talk around Washington about subversives, but that people need not spend much time worrying about the State Department being infested with them. He declared measures were taken four years ago to weed out such elements.

He criticized the "penny wise and pound foolish" attitude of the Truman administration toward financial aid for the armed forces but remarked that General Eisenhower's plea a few days ago for more aid for the military had been most helpful.

The Congressman also charged that this nation has not been logical in its dealings with the Far Eastern question and, as a result, has driven all of China into the arms of Russia.

Harry F. Osborne, Jr., president of the Republican Club, extended greetings, and candidates were introduced by Mrs. Marion Bigelow, president of the Women's Republican Club.

Five commissioner John W. Doran, seeking the Republican nomination for reelection to the Township Committee, spoke of the $496,000 reduction in municipal debt which has been effected during his years on the committee. He defended cancus sessions by the committee as being the only logical manner in which the immense amount of business which comes before the governing body could be transacted. He said no resident is deprived of his right to be heard on any issue because of the cancus sessions. He termed the present administration's financial policies as sound.

Fred P. Anderson said that freedom can be guaranteed only by the broadest participation in public affairs. He said that in presenting himself as a candidate for the Township Committee he did not pose as an expert on municipal government, but that, if elected, he would endeavor to serve to the best of his ability.

Clarence L. Fritz said that he "loves Cranford" and desires to do everything he can for its betterment. He said he would be most happy to serve on the Township Committee but that regardless of the outcome he would support the Republican nominees.

Joseph Warsinski, also a candidate for the committee, was introduced but said he would give his time to Congressman Case.

Others who spoke included Frecholder Donald Pennell, who also spoke in behalf of Freeholders Albert Leuninger and George W. Herlich; and Alex Campbell and Stanley Sredzinski, candidates for sheriff.

At the annual election of officers, the Republican Club held its annual election of officers during a brief business meeting.

Memorial Slated for Teacher

Students to Dedicate Cancer Collection To Miss McAllister

Cranford High School's participation in the Cancer Control Campaign will be a memorial fund collection dedicated to Miss Grace McAllister, veteran Cranford teacher, who died February 9 of cancer.

Announcement of the school program was made today by Mrs. Edward C. Earhart, former member of the Board of Education, and member of the cancer control campaign committee headed by Howard M. Siegel.

In a report this morning, Mr. Siegel said that a total of $1,141 has been received from 341 contributors in the local fund appeal. The committee will continue its drive this month for funds for the American Cancer Society and it also will focus attention on the educational aspect of the society's program.

Planned with the assistance of G. Frank Zimmerman, high school principal, as educational message and an appeal for funds for the memorial to Miss McAllister will be made over the school's public address system Monday. The speaker will be Betty Owen, a high school senior. Pupils will be requested to bring contributions before Wednesday when they will be collected in homerooms by the Junior Red Cross. A second collection will be made on Friday.

Faculty assistants for the program include Miss Ella M. Haver, science teacher and sponsor of the Junior Red Cross; Miss Alice Mathews, speech and English teacher in charge of programs over the public address system; Miss Lucy Teague, French teacher, who was a close friend of Miss McAllister, and Mr. Zimmerman.

Miss McAllister taught in Cranford schools 35 years. She started with the sixth grade of Cleveland School, was supervisor of English in elementary schools two years, after which she taught English in the seventh grade of Roosevelt School for nine years. When those grades were switched to the high school in the present school organization, she became an English and social studies teacher in the high school. She served until about a year ago when ill health forced her to take a leave of absence. Before being ill, Miss McAllister taught in the Westfield system.

In recognition of her outstanding career, the PTA awarded her a life membership in the New Jersey Congress of Parents and Teachers last November, as a part of the observance of American Education Week.

Firemen Kept Busy During 'Vacation'

Over 25 fires—mostly grass and rubbish but including one that caused damage to a garage estimated by Fire Chief Howard G. Schindler at $300—gave members of the local fire department little rest in the five-day period from last Friday afternoon until late yesterday afternoon.

The damaged garage was owned by Gilbert Allen of 9 Columbia avenue and caught fire about 1:30 Saturday afternoon. Most of the damage was done to the side of the building.

Friday afternoon alone there were four calls for firemen. One alarm was at 12:25 at the end of Winans avenue where a pile of wood and a fence were burning in the yard of the Rankin & Jahn Coal Company. Damage was confined to the wood and fence. The fire department was also called out the same day at 1:12 p. m. to the rear of Joe's Garage on Raritan road for a grass fire, at 2:45 p. m. to an outdoor fireplace at the rear of 13 Beech street where some rubbish had caught fire, and at 5:50 p. m. for a fire in a hollow tree at the end of Spruce street.

Grass fires on Saturday included: 8:55 a. m., rear of 306 Retford avenue; 2:52 p. m., rear of 440 North Union avenue; 3:38 p. m., Christopher street off Retford avenue; and 3:53 p. m., Orange avenue near the Kenilworth line.

Sunday was a comparatively light day for firemen as just one grass fire, which was on Blake terrace, resulted in an alarm. The truck started again, however, on Monday with eight calls recorded. One was for a rubbish and fence fire at 2:36 p. m. at 10 Lincoln avenue, west, where slight damage was reported. The seven other grass fires for the day were at: 8:55 a.m., Keith Jeffries avenue; 11:10 a. m., Doering way; 11:26 a. m., Pershing avenue; 2 p. m., 19 Burnside avenue; 2:36 p. m., Lincoln and Centennial avenues (the same time as the Lincoln avenue fire); 3:32 p. m., Kenilworth boulevard, near the Shade Tree Commission building; and 4:40 p. m., Park drive.

Tuesday provided four fires, two in the morning and two in the afternoon. All grass fires, they were at: 10:07 a. m., Roger avenue; 10:57 a. m., 17 Dunham avenue; 12:04 p. m., end of Quine street; and 1:12 p. m., Dunham avenue.

Among grass and brush fires yesterday were: 9:22 a. m., end of Wall street; 1:14 p. m., 8 Besler avenue; 1:30 p. m., Pawnee road; 2:57 p. m., 121 Herning avenue; and 3:31 p. m., end of Walnut street.

Township Committee Race Stirs Interest In Primary Election

A spirited last-minute campaign by the four Republican candidates seeking the two nominations for Township Committee is expected to attract an above-average vote in next Tuesday's Republican Primary, it was indicated this week.

Fire Commissioner John W. Doran is the only incumbent committeeman seeking the nomination for reelection. Finance Commissioner John V. Neatrand, whose term also expires this year, is not a candidate.

The other three aspirants for the two nominations are Frederick P. Andersen, Joseph C. Warsinski and Clarence L. Fritz. All four of the candidates were said this week to be waging intensive last-minute campaigns to win support of local residents for their candidacies.

While the local contest and a lop-sided battle for the shrievalty nomination are the only contests in the Republican Primary, G.O.P. leaders are anticipating a heavy outpouring of Cranford voters to support their favorites for the Township Committee posts. For many years, a Republican nomination here has been tantamount to election.

Undersheriff Alex Campbell is being opposed in his bid for the sheriff nomination by Stanley Sredzinski, whose slogan is "David vs. Goliath—Legal Education, Veteran."

Other G.O.P. candidates, who are unopposed, are: Clifford P. Case, for Congress; George W. Herlich, Donald M. Pearsall and Albert J. Benninger, incumbent Freeholders; William H. Fredrickson, Jr., for coroner. There are no contests locally for Republican County Committee.

Unopposed for the Democratic nominations are: Harry Mopsick for Congress, John L. Banyasz for sheriff, Ann M. Donnelly, John J. Crilly and Oscar T. Lamb for Freeholders, and Henry E. Stoner and William E. Sullivan for Township Committee. There are no contests locally for Democratic County Committee.
