24 Captains Adopt Team Schedule For Annual Tournament

The Cranford Bowling League will open its seventh season tomorrow night at the Varsity Alleys, Linden, when 24 local teams take to the alleys. The first shift will start at 7:15 p. m. and the second shift at 9:15 p. m.

At a meeting of team captains last Friday night at the home of President Roy K. Scheller, the following schedule for the opening night was approved:

FRIDAY NIGHT'S SCHEDULE
7:15 P. M.
Republicans vs. Sunny Acres.
Builders' General vs. Errico Trucking.
Shaheen Agency vs. Arnold & Son.
Men's League vs. Sportsman's Shop.
Fisher's Market vs. V.F.W.
Commuters vs. Post Office.
9:15 P. M.
Barron's Esso vs. Lutheran Bro.
Rotary Club vs. Methodist Men.
Cranford Shoe vs. Unamis.
Peppermint Room vs. Petersen's.
Lions Club vs. Police Dept.
Democrats vs. Chronicle.

The league approved the change of sponsorship for two teams. The team which last year represented Steve's Garage will represent the Shaheen Agency this season. Duke's Tavern team will be sponsored this season by the Fisher Market.

Provision was made for replacing league members called into the armed forces and also for accepting them back on their respective teams upon their return from service.

Committees were appointed by President Scheller to set up prizes for the coming season and also to investigate the possibility of having two 12-team leagues in 1951-52 instead of one 24-team league.

Following a lengthy discussion, the captains voted to continue the same handicap system which has been used during the past six years.

Health Museum

The Cleveland, O., health museum is the first organization of its kind to be established in the western hemisphere. It teaches "health through knowledge," a visual demonstration of workings of the human body.

Cleaning Bill

The American public spends over one billion dollars annually for dry-cleaning services to preserve wardrobes and household effects that cost many many times this amount.

Blue and Gold Soccer Squad Shows Promise

Twenty-seven candidates answered the call for Cranford High's soccer squad this fall. Burdened with a very tough schedule this year the squad already has begun to shape up as a good team. For Cape Cod

A charming Cape Cod cottage with a deep green roof is painted a rose-beige tone that contrasts pleasantly with the surrounding shrubbery. A gleaming white trim emphasizes the well-planned architectural detail of the trim. Shutters are the same deep green as the roof.

"Squinting" in Children

Many children begin to show signs of "squinting" as early as three years of age. Myopia (near-sight) sometimes occurs around the age of seven. Early check-ups on children's vision may prevent trouble later.

Synthetic Rubber Paints

The new synthetic rubber paints are both odorless and easy to apply. Besides being washable, many of them have the same colors available in both flat and semi-gloss finishes. This enables you to have matching colors on your walls and woodwork.

Girls to Oppose Maroons Saturday

The Linden Arians, girls' softball team, will give a benefit performance of their skill against the Cranford Maroons on Saturday at Memorial Field. The contest, sponsored by the Cranford Kiwanis Club, will provide contributions to National Kids' Day, September 23. Bottom row, left to right: Coach Hattie Michaels, Terry LoPrete, Shirley Blazier, Captain Alice Gallagher, Co-captain Marianne Weiss, Edith White and Margaret "Toots" Nusse, who organized the team in 1948. Top row, same order: Ann Sarlous, Jane Stanicki, Dorothy Zagala, Shirley Davis, Emily Adams, Betty Griffith, Alice Bell, Dorothy Moran, Marie Kupsch, Marilyn Chamberlain and Ann Simon.

Junior High Varsity Sees Tough Slate

Practice for the Cranford Junior High football squad got underway this week with a turnout of 40 candidates.

Coaches Stanley Grayson and Paul Selby will spend the first part of the season in conditioning these boys for the tough schedule ahead. Fundamentals in kicking, passing, blocking and tackling will be stressed. Hard blocking and sharp tackling will be the main objective. Mr. Grayson pointed out that to make the team, boys must be able to block and tackle effectively.

Last year the Junior High Team won four and lost two games.

Many of last year's outstanding players joined the varsity squad this year. However, the following holdovers are on hand: Alvin Ciccone, Richard Albertson, Lewis Harris, Don Nordstrom, Jim Praul, Andy Rogers, John Schwalbach, Vincent Vicci, Fred Vorhees and Hal Vorhees.

Champion Steer

Top market price ever paid for a grand champion steer at the international livestock exposition in the Chicago union stock yard was $11.50 per pound. This was paid in 1949 for a 661-day-old Hereford, Judge Roy Bean, weighing 1,240 pounds.

Automotive Industry

An estimated $1,750,000,000 has been spent by the automotive industry since the end of the war in modernizing and expanding facilities and building new plants to supply the heavy demand for new cars and parts.

Highway Lighting

Better highway lighting is needed to reduce night accidents. Not only would it increase visibility, but it would reduce headlight glare caused by bright lights on dark highways.

Protection For Jewelry

Finishes are used on costume jewelry for protection and decoration. Some jewelry pieces require one or more decorative colors followed by a clear, protective finish. Others, such as chain necklaces and buckles, are coated only with a transparent, protective finish.

Title Game to Star Trinity—Tabernacle

In the first play-off game of the Cranford Softball Church League held last Saturday, Trinity Episcopal edged Calvary Lutheran with a score of 6 to 5 with one run in the first, four in the second for Trinity and five runs in the second for Calvary.

The game went to the fifth inning tied 5 to 5. In the fifth Trinity scored once to go out in front and win. Winning pitcher for Trinity was Ernest Hobbie. Loser for Lutheran was Pete Nylen.

The win puts Trinity into final game of the play-offs brought about by the 3-way first place tie. The final game of the play-offs to decide winner of the league trophy will be played Saturday, at Nomahegan Park at 3 p. m. with Trinity opposing Cranford Tabernacle. Probable pitchers will be Hobbie for Trinity and Addis for Tabernacle.

Popcorn Bowls

Popcorn bowls can be made from oddly-shaped gourds by cutting them in half lengthwise, then painting and varnishing them. Use very small gourds with long narrow ends to make baby rattles. Let the gourd dry so seeds will rattle inside, then decorate outside with a non-toxic paint.

CHS Football Coach Pins Hope on Trials

About 40 Blue and Gold football candidates have reported for skull practice, Coach J. Seth Weekley said this week.

Training in fundamentals will be given all try-outs, but Coach Weekley said none of the potential players can be sure of a place. Early response to the call for material for two teams was disappointing, the coach disclosed, but sufficient men are available for full scrimmage.

The final team, scheduled to open the season with an away game against Linden September 23, will be trained next week.

Stone Age Tool Chest

The little Stone Age boy who lived about 10,000 B. C., was as proud of his tool chest as any little boy of today. It contained chisels, drills, saws, and stone axes and stone knives with edges that had been ground sharp and smooth on a whetstone.

Valley Forge

An iron forge, burned by British forces in September, 1777, gave Valley Forge its name. Its ruins, beside tiny Valley creek in the quiet vale to the west of the camp slopes, have been excavated and preserved for visitors to see.

Strike Halts Service To Schools

Parents Ask Board To Help Transport Pupils in Emergency

The plight of children who depend on the striking Beviano Charter Service for transportation to schools was discussed Tuesday night at a meeting of the Board of Education.

Since the bus drivers went on strike September 11, parents of children living several miles from school have used their automobiles for transportation, H. Raymond Cowperthwaite, a member of the board, who resides in the Sunny Acres section, said.

Mr. Cowperthwaite pointed out that many men in the Sunny Acres section must drive their cars to work and as a result, there are not enough automobiles to take care of all the children.

Prior to the strike, a special school bus operated in the morning by the Beviano line traveled from Raritan road to Centennial avenue, Harold C. Dankel of 4 Cherokee road, told the board. Children who walk to school also must face traffic at the new Walnut street circle, he explained.

Walter E. Cooper, president, referred the problem to Dr. Howard R. Best, supervising principal, and Mrs. Walter J. Conley, chairman of the health and attendance committee.

In studying the possibility of using Grant School for administrative offices and classrooms, Richard Kaul said he hoped to get estimates on the cost of repairing the school now occupied by Union Junior College.

Mr. Kaul is chairman of a special committee recently appointed for long range planning to meet future school needs. According to Dr. Best, Cranford will need at least three additional rooms in each school by 1953.

Because the war has placed new priorities and increases on building costs, construction of new schools might not be feasible, Mr. Kaul said. Work would have to be done on the Grant School roof, floors, the heating system, and alterations would be necessary, he explained.

A committee will be appointed to draw up a plan for civilian defense suitable for the local school system. Dr. Best said that preliminary plans have already been made by school administrators.

The board accepted the low bid of $225 made by the McCabe Boiler Corporation of Newark to repair boilers in Sherman School.

The board will ask the Township Committee to have streets vacated where the trustees recently purchased property for future school use. Mr. Cooper, chairman of the committee, said all land in rear of the high school has been acquired. The area includes Ariola avenue, Torbush street and Lafayette place.

District Clerk Herbert R. McCullough will attend a four-day conference of the Association of School Business Officials, beginning Sunday, in Chicago.

Dudley J. Croft to Head GOP Finance Committee

Dudley J. Croft was appointed finance chairman of the campaign committee at the monthly meeting of the Cranford Municipal Committee last night in the municipal building.

The group, with Edward C. McMahon presiding, planned a rally and Candidates' Night in conjunction with the Republican Club at the Casino during October.

Discussion at the next meeting October 18 will center about the pre-election Republican campaign.

Four to Build Homes

Building applications for four one-family dwellings were approved by the Township Committee at its meeting Tuesday night. Total construction value was listed at $32,000. Permits approved were: Roy Sanford, 3 Shawnee road, $7,000; Philip Cocuzza, 51 Wall street, $8,000; Munn Construction Company, 14 Concord street, $8,000 and Helmut Larsen, 114 Oak Lane, $9,000.

Clippers Quit League

Withdrawal of the Cranford Clippers from the Union County Football Conference was announced Tuesday night by Mike Torro, team manager.

Torro said that not enough players were available for regular play to carry through a successful season. Earlier, the date of the first Clipper game was postponed because of difficulty in obtaining players

New Schedule Cheats Father Time of Hour

The fellow who griped because he lost an hour of sleep in April can laugh at Father Time on Sunday when Eastern Standard Time pushes the clock back an hour.

Officially, the new schedule goes into effect at 2 a. m. Sunday. The eager man who wants to get his extra sleep early should remember to turn back the hands on the clock when he puts the light out.

Bus Strike Awaits Aid

Beviano, Drivers Show Few Signs of Meeting Settlement Attempts

Cranford and the area served by the Beviano Chartered Service waited for State Board of Mediation yesterday on the lack of bus transportation for commuters and school children, according to Acting Mayor J. Edward Wolf. The strike went into effect September 11.

Mr. Wolf, acting in the absence of Mayor George E. Osterheldt, said that the appeal to Governor Driscoll from the municipal heads of Elizabeth, Cranford, Kenilworth and Linden had been acknowledged. He added there was no new attempt to bring labor and management representatives together.

Michael Woytowicz, secretary of the Linden Industrial Labor Relations Committee, said yesterday that Mayor Wheeler of Linden, in whose office the strikers and owners of the Beviano and Villani lines met with the State Mediation Board Monday, had heard of no new arrangements for a meeting to settle the dispute.

Operators apparently agreed on pay increases at the meeting, but brought forth a grievance about members of the Beviano family receiving seniority listing for employment.

Mr. Woytowicz said the Linden City Council had drafted an appeal to Governor Driscoll informing him of the inconvenience to city residents by the lack of bus service.

A possibility that the provisions of Governor's order might be invoked, resuming transportation until settlement of the dispute, was aired by Mr. Woytowicz.

Boosters' Club To Explain Aim Via Mail

A letter explaining the aims, needs, and activities of the Boosters' Club will be mailed to every home in Cranford early next week, Preston F. Woolley, chairman of the membership committee, announced yesterday.

Funds from the "Boosters' Day" program to be conducted September 30, on the day of the Cranford High School first home game, will make possible an enlarged program this year, Mr. Woolley said. One new activity will be sponsoring a scheduled football contest between the Cranford Blue and Gold and Rahway on October 14.

Lists of district worker groups have been completed, district captains reported, for the house-to-house drive, beginning at 9 a. m. on "Booster Day."

Purpose of the special sponsorship of the Rahway game by the Boosters is to create interest for a record crowd at the game to encourage high school gridders and coaches. A special program, including township notables and "surprising events" is planned.

DAV Group Opens Membership Drive

An intensive membership campaign will be launched tonight by Unity Chapter, 59, Disabled American Veterans, as it resumes activities for the fall at 8 o'clock in Cleveland School.

With the D.A.V. reaching a new membership record in the last fiscal year every effort will be made to make the organization even stronger in the interest of all disabled veterans.

Any man or woman is eligible to membership if wounded, gassed, injured or disabled in line of duty as a direct result of armed conflict while serving in any of the military forces of the United States or its Allies.

Questions on disabled veterans' problems will be answered at the meeting, and claims information will be available.

Jobs for Women Increase, Speaker Tells VIA at Tea

"In January, 7,600 people were looking for work. Last month, the figure dropped to 5,400," August Yoerg of Trenton, employers' relations representative of the New Jersey Department of Labor and Industry Division of Employment Security, told members of the Village Improvement Association on Tuesday afternoon at its opening tea in the garden at the home of Mrs. Carl Anderson, 2 Hawthorne street.

Mr. Yoerg, who spoke on opportunities for women in war jobs, said that the increase in the total number of people going to work in two months has been two-fold. The increase in the number of women is one and a half fold while for men it is two and a half fold, he pointed out.

During World War II, industries looked for a new source of labor to be tapped and found its answer in women. These same conditions exist today, according to the speaker. Mr. Yoerg reviewed the various kinds of jobs available for women in factories and spoke on the increased demand for women in the clerical field. The speaker was introduced by Mrs. A. V. Hibson. Mrs. Albert J. Davies, VIA president, presided.

Prior to the talk, Mrs. Charles Schillinger, program chairman, presented Jeanette Colton Killian who took the group on a trip "Around the World on Wings of Song." Mrs. Killian, who accompanied herself on the guitar, wore an authentic French embroidered headdress, a peasant blouse with embroidery on the sleeves and an apron typical of those worn in European countries.

She sang selections in French, Spanish and Irish brogue. Her numbers also included songs from Sicily, Mexico, China, the Land of the Hebrides, a barn dance song written by a friend, and American and African folk songs.

Mrs. Davies introduced Mrs. H. E. Stewart, fifth district vice-president, who reported on the fall conference to be held September 29 at New Jersey College for Women. Workshops will be conducted in the various departments and each state chairman will be on hand to assist all club chairmen, she said.

Members wishing to attend are asked to get in touch with Mrs. Thomas Beer, 4 Raleigh avenue. Each member will bring a box lunch. In the evening, a program will be presented by the NJC choir.

The VIA drama group will meet Monday at 1:30 p. m., at the home of the chairman, Mrs. J. J. Banker, 10 Makatom drive. On October 9, the American Home Department will visit Koos Bros., Rahway, to hear Gladys Miller, writer for "Family Circle", speak on the latest in decorating ideas.

Mrs. Eugene N. Geddings, garden chairman, announced a meeting of her group will be held October 13 at 1:30 p. m. in the home of Mrs. Banker. Anyone interested in becoming a member is asked to attend. The cancer group will meet October 3 at 10:30 a. m., at the home of the chairman, Mrs. A. G. Henrich, 108 Retford avenue.

Mrs. A. B. George, membership chairman, introduced Mrs. B. W. Grant and Mrs. J. P. Heuer as new members. Announcement was made that October 14 will be known as college day at New Jersey College for Women. Girls interested in attending college will be guests. Those wishing to make reservations for the football game that afternoon between Rutgers and Temple Universities are asked to contact Mrs. Ronald T. Fowlie, 113 Orange avenue.

Tickets are on sale for the VIA card party to be held November 3 at Koos Brothers, Mrs. Harry Kiesling reported. Members who wish to donate door prizes are asked to call Mrs. Kiesling.

Miss Harriet Gasorek, president of the Junior VIA, was a guest. Other guests present were. Mrs. Richard Anderson, Mrs. R. W. Nicholson, Mrs. A. MacPherson, of Cranford; Nancy Blackenship of Belmont, Mass., and Mrs. W. L. Guthrie of La Junta, Colo.

Mrs. Irving N. Guyer, hostess chairman, was assised by Mrs. L. G. Albert, Mrs. J. E. Allen, Mrs. Walter K. Fasnacht, Mrs. Harry R. Heins, Mrs. John H. Low, Mrs. James H. McMahon, Mrs. Herbert Mitchell, Mrs. L. J. Myers, Mrs. Harry E. Pfeiffer, Mrs. John H. Praul, Mrs. Roland K. Scheller, Mrs. August Thermann, Mrs. E. Willard Tingle, Mrs. Newton E. Each year, the club presents two concerts. The Board of Directors has not yet announced who will be the guest artist for the Christmas concert.

Herbert R. McCullough is president of the group. Other officers include: Vice-president, Charles Messerve; treasurer, William Fay; secretary, Walter M. It's No Cats' Meow

August was a tough month on cats in Cranford, according to the monthly report of Dog Warden Dale Gangaware, submitted to the Township Committee Tuesday night. The warden destroyed 38 cats and 20 stray dogs at the local pound during the month. Out of 84 house calls, the warden captured 28 stray dogs, of which four were placed in new homes and six remain at the pound. Seven warnings and two summonses were issued by the warden in August.

Charm Course Leads Enrollment for School, Opening Set Oct. 3

Registration in person for Cranford's second annual School of Adult Education, under auspices of the Cranford Community Council, will be held from 7 to 9 p. m. next Tuesday in Cranford High School, it was announced this week by John L. Biach, director. Further registration nights will be held on Friday, September 29, and Monday, October 2.

Registration by mail will be held through September 30. Advance mail registrations already are being received, with the "Charm" and Personality" course leading the list thus far, it was reported yesterday. The school opens October 3.

There is every indication, Mr. Biach said, that the enrollment this year will top last year's 550. Because several of the courses are limited, he urged local residents to register early so as to be certain of getting in their favorite courses.

Brochures, listing the 31 courses to be offered, were mailed to local residents last week-end. An advertisement containing all the courses, tuition fees and a registration blank, also apepars in today's issue of The Citizen and Chronicle.

One of the highlights of the Charm and Personality course to be offered by the Powers School of New York will be a lecture on "Proper Care of Your Skin and Hair" by Miss Floyd Barbee, famous Powers model.

Miss Barbee, a former student of dermatology at Johns Hopkins, is an expert on the care of the skin and hair, and has headed this department at the Powers School since its inauguration more than 10 years ago. A nationally known Powers Girl, Miss Barbee says, "A woman's attractiveness depends upon her ability to enhance her own natural loveliness."

Miss Barbee's talk will cover all the phases of the care a woman must give her skin and hair to bring out its natural beauty. She plans to cover the four steps in the care of the skin: cleanliness, stimulation, lubrication and protection. Miss Barbee will discuss the best methods to employ in each of these steps for every individual type of skin. Miss Barbee says, "You cannot take care of any woman's skin with a blanket prescription. Each woman needs advice according to her own type."

The lecture will also include the most detailed information on the care and grooming of hair. Miss Barbee feels that hair is the most mobile of all of a woman's features and can make or break her otherwise beautifully turned-out appearance.

Parking Meter Receipts Total $424 for Week

A total of $424.50 and two slugs were collected from parking meter coin boxes yesterday, the tabulation at the Union County Trust Company revealed.

The second weekly collection since meters were placed in operation reflected about a $30 drop in receipts. John V. Nostrand, of the Trust Company, said that the first collection included a few more days than the regular period, thus producing the $450 take the first week.

School Enrolls 482

Enrollment in St. Michael's School was placed at 482 for the fall term by the Rev. William B. Donnelly, pastor of St. Michael's Church and director of the school. A total of 490 students were registered last year, and in 1945 the enrollment figure was 382.

One Week Remains For Voter Registration

Cranford residents have one more week in which to register in order to vote in the General Election on November 7, Township Clerk J. Walter Coffee warned today.

The clerk's office in the municipal building will be open from 7 to 9 o'clock tonight and from Monday through Thursday evenings next week, Mr. Coffee said.

With only 41 persons registering during the past week, the clerk anticipates a heavy last-minute registration. On hangovers and such...

We get a lot of customers who buy liquor.
We get a few who ask us for hangover cures.
Evidently they feel we're an expert on the subject.

Well, friends, we're not. We don't recommend penicillin martinis or antihistamine scotch.
We do recommend what we learned for ourselves the hard way: Don't drink too much!

Tastes and capacities vary with people. So, whether you're a three drink man or a bottomless pit you'll feel a darned sight better if you always remember this:

There's nothing that will cure a hangover except your own good sense and Breen's good liquors the night before. Come in and browse around our shelves . . . we have a whole library geared to your particular tastes.

School Photographers Review Summer Work

Members of the Cranford High School Photography Club described their summer experiences recently at a meeting in the school. Arthur Hoagland, working as a counselor in the Herald Tribune Fresh Air Camp in Connecticut, was also given an assignment to take pictures of the camp for publication in the New York Herald Tribune, the Danbury Times-Herald, the Norwalk News, and the Ridgefield Gazette.

William Richards also had six photographs published in a newspaper. He photographed several scenes in Massachusetts some of which were purchased by the Massachusetts Chamber of Commerce. At a county fair in Martha's Vineyard he won first prize in the photographic contest.

Another camp counselor, Robert Witte, a sophomore, took the usual summer snapshots at Ranger Camp, near Lake Hopatcong. At Camp Bonnie Brae, Douglas Smith, also serving as a counselor, made photographs for the camp records. Miss Gladys Estabrook, sponsor of the club, used a polaroid lens camera to take novelty shots of couples with a bicycle built for two at a county fair in Vermont.

Other members of the club have found uses for their ability at home. Jay Rommes, the club president, is taking pictures in color of school activities. He also made color slides of Cranford for the Teachers' Workshop held earlier this month. Roy Reichert purchased a new press camera in time to cover his brother's wedding. On the strength of his good shots of the wedding, he is receiving orders for portraits and Christmas cards.

Smoke from a faulty oil burner damaged both floors of a two-family dwelling at 24 Berkeley place at 10 o'clock. Fire Chief Howard G. Schindler, in charge of firemen, said that Mrs. Vincent Gutowski, owner and occupant of the second-floor apartment, had been in the basement when the burner backfired. The occupant of the first-floor apartment, Mrs. Clarence Rominger, was also in the house.

A tar truck, catching fire as the contents were heated prior to sealing the surface of Central avenue, blazed until five gallons of foam were used to extinguish it. Chief Schindler estimated damage at $500.

Lions Club Members To Visit Jamesburg

Several members of the Cranford Lions Club will participate in the annual pilgrimage to the Jamesburg Home for Boys on October 11, President August Thermann announced yesterday.

John Manger spoke on "Embezzlement" at the weekly meeting in the Coach and Four, and committee chairmen gave reports. William Klein had as his guest John Croxley of the Linden Lions Club.

August police report showed 376 calls investigated, including nine auto accidents in which two persons were injured; $1,881.56 in stolen property recovered, and fines of $723 collected of which $217 went to the township and $506 to the county.

Faculty On Hand for UJC Fall Term Today

Several faculty members of Union Junior College have returned from European trips for the opening of the fall term today, Dr. Kenneth C. MacKay, dean, announced.

Dr. Zoe Tsagos has been in Switzerland. She will again instruct history. Duncan Sheffield, French instructor, visited France and England. Paul Giardina, accounting instructor, has returned from a tour of the continent, including France. Herman Bielefield, German instructor, made visits to Germany and France.

George Heimer of Fanwood, long an accountant with General Motors in Linden, has been appointed bursar of the college. Mr. Heimer, a native of Pennsylvania, replaces O. O. Scattergood, who retired in June after 16 years with the college.

Late registration will continue through September 29, it was announced, for both day and evening classes for regular, adult, and part-time students. Business mathematics and accounting, to be offered regular students and businessmen in the evening curriculum, have inspired wide interest, according to Dean MacKay.

Chief Fischer Orders Capture of Intruder

Police Chief William A. Fischer has issued special orders to the department to cope with an intruder who grows bolder each week. Four houses were entered during the week-end, at a time when most persons have returned from summer vacations.

Friday night at 11:20, as John H. McLaughlin returned to his home, 8 Hickory street, the rear door was shoved back when he attempted to enter and a voice demanded, "What are you doing here?"

Mr. McLaughlin pushed the door open, chased the coatless intruder through the house and out the front door, he told Lt. Lester Powell, who investigated. Then, fearing for the safety of his two daughters, Mr. McLaughlin said he chased the man no further. His wife had left the house at 11 o'clock.

The intruder entered a bedroom window and ransacked the room without disturbing the two girls who slept in the next room. He stole a .22 cal. target revolver. A careful search of the area by Patrolman Rudolph Klempa, with Lt. Powell disclosed nothing.

Every room in the home of Eva Howell of 13 Harold Johnson place was ransacked when Mr. Howell returned just after midnight Friday. A sum of $20 in cash was missing from a dresser drawer. A large can of grapefruit juice had been emptied over the kitchen floor and utensils and then grass seed sprinkled on it.

Police said that the person entered the kitchen window and left through the kitchen door, which had been locked.

A window screen was tampered with at the home of Mrs. Ernest Thomason of 611 Lexington avenue and two of them pushed up. Patrolman Albert Burr repoorted that it happened on Friday while the house was temporarily unoccupied. The house was not entered.

Three dollars in change was missing from the home of Robert McKean of 615 Lexington avenue, also on Friday. Lt. Powell and Patrolman Paul Johnson reported that a rear bedroom screen was forced and then the intruder entered through an unlocked window. The intruder ate a peach and discarded the pit on the living room rug.

The similarity in the crimes has led police to suspect the same person is responsible. Roselle police are investigating a series of burglaries committed in almost the same manner.

Larry W. Clavin, son of Mrs. Olive Clavin of 12 English Village has entered his freshman year at Randolph - Macon College. Mrs. Clavin, who accompanied her son to Ashland, Va., returned last Tuesday.

◦ *Why the Silence?*

An almost immediate reaction to the War in Korea was issuance of a directive from Washington to the 48 states to organize their municipalities for Civil Defense. New Jersey passed on the federal instructions with little delay. Each community took up the suggestions with alacrity, having been told they would have further orders. Then from federal and state defense organizations—silence.

Cranford is proceeding with formation of a suitable set-up by contacting men and women and in civic organizations and key personnel for auxiliary fire and police. Kenilworth and Garwood have their personnel lists completed or nearly so. Only orders from higher headquarters are awaited.

Yet the local directors of defense are forced to slow their framework to accommodate the usual confusion and miasma which pervades such things at the top. Officials at the municipal level have little power to approach effectively the United States government for action on these vital programs. They can only go ahead slowly, for a complete civil defense set-up at this time could cause needless expense and misspent time.

Unless top-level civil defense organizations realize at once that communities are the sole basis for the coordinated action they expect, more valuable time will be lost in an emergency. It cannot be expected that the necessary functioning of an important part of a war which could burgeon at any moment will take place automatically.

It is time for federal and state governments to act for Civil Defense in the interest of their people.

• *For Longer Life*

Announcement by the State Highway Commissioner that "Keep Right Except When Passing" signs have been installed on principal divided highways in the state, is a welcome one. This long-felt adjunct to the existing motor vehicle law should reduce the accident-potential on multi-lane highways.

Drivers who consistently keep to the inside or left lane of a dual highway at a rate lower than the permitted speed are as much a menace as the motorists who ignore the speed limit. An attempt to pass a slow driver who remains in the left lane leaves but one dangerous recourse: to pass on the right. That can be disastrous.

Ransford J. Abbott, state highway commissioner, said this week that the law is not new. Truly it is not, but the additional warnings will serve to remind motorists that they are violating the motor vehicle law. New Jersey as well as out-of-state cars are flagrant violators.

Placing of the signs throughout the state is to be applauded. An accompanying enforcement program, which has been called for, will make a divided highway a safer place to drive at the existing speed limit. The inside lane is reserved for passing vehicles, not road hogs.

◦ *Last Call to Register*

If you're a person who waits for deadlines, there's one to check next Thursday, September 28. That's the last day you can register if you want to vote in the November General Election.

This year, the Union County Board of Elections arranged six additional dates for evening registrations. The last of these nights is tonight. Next week, however, the township clerk's office will be open from 9 a. m. to 9 p. m., through Thursday, to take care of all last minute registrants.

If you don't register, it will be because you don't wish to. Residents, who work during the day, certainly have been given enough evening hours to find one that is convenient for registering.

Each year, elections take on more and more importance. As we see the enemies of democracy tightening their hold on countries throughout the world, we should grasp more firmly our rights as free individuals. Only by exercising these rights in a democracy can we strengthen ourselves and our country against those who preach totalitarian doctrines.

As the number of voters diminishes, so does interest in government, whether it be on a small town or national scale. If government is run only by a select few who are able to retain their office year after year, then the power of the people grows less and less.

Let us set an example by crowding the polls on Election Day. But you can't vote if you aren't properly registered. This is the last call—someday we might wish we had answered it.

Among home garden chores especially timely now is moving evergreen plants—both coniferous and broadleaved.

Evergreens transplanted at this season will have enough mellow weather before the ground freezes to set a good growth of newly formed roots.

Suggestions for transplanting now are the same as those for spring moving of plants. Holes should be dug deep enough and wide enough to accommodate roots, the soil should be improved with fertilizers and humus and plenty of water provided.

It's important to remove air pockets in this new soil and this is done by using a planting stick or the handle end of a shovel. Poking around in the soil eliminates air pockets and firms the soil against the root system.

Of course these suggestions for September planting do not apply to the professional gardener with the proper equipment and know-how. In the hands of a skilled operator, plants can be moved at any time of year.

When leaves of peonies turn brown it's time to cut stalks off at soil level and burn them. This is the simplest means the home gardener has of controlling botrytis blight.

Browning comes when the plant is mature or when it is touched by early frost. September is the best time to divide peonies. In doing this, be sure not to cover clumps too deeply. The eyes should have just 2 inches of soil over them—possibly a little less in heavier soil.

Deeper plantings encourages the crown to form so many buds that none are strong enough to produce flowers. Too shallow planting is likely to result in frost injury.

Assistant Home Agent Gives Wardrobe Tips

By CAROLYN YUKNUS

A good looking winter wardrobe does not need to be expensive. Particularly with the ned of stretching the dollar these days, homemakers are interested in keeping clothing costs under control. A little planning is required to make a satisfactory clothing budget.

The first step would be to check and inspect all the clothing that has been in storage. Note on a piece of paper what must be done to each garment to make it wearable. Maybe a shorter hem, a little re-styling, a change of collars and cuffs, a new scarf or belt will make the garment acceptable to you. Then actually make all the changes you have in mind.

The second step would be to survey the results. Then decide what color and what type of garment you will need to purchase. With wardrobe planning revolving around an item like a coat, you will not find yourself with a dress in a color that clashes with that coat.

You will remember that the old story of coats, suits, and shoes should be a basic color and a more classic design. That rule does not mean that your clothes will be drab and out of date. With black, grey, brown, blue or green as your basic color, you can wear more of a variety of colors in your dresses. Then too, you will not get nearly as tired of a basic color as you do of a bright color.

Accessories can be used to brighten and change any costume. Thus making the same suit or dress serve many occasions.

When you have decided what you will need to complete this fall's wardrobe, then go shopping. Keep firmly in the color and style you want, and before you actually purchase the garment review in your mind how this garment will look with the rest of your wardrobe.

One last reminder. Experimenting with ne wfabrics and styles is fun, but if you are on a clothing budget such fun may be expensive.

Couples Club Opens Program, Plans Year

The Couples Club of the First Presbyterian Church opened its fall program last night in the church. A short business meeting was held and plans were discussed for the ensuing year.

Entertainment featured "The Jarretts," starring "Lady Stella," who astounded everyone with her feats of mental perception. Blindfolded, she recognized various unusual objects and described them in detail. She told strangers their names, the date of their birthday anniversaries, their places of business and other information.

Following the program, refreshments were served. George Myers, president, presided. The next meeting will be held October 18.

Same-Direction Crash Shakes Five Riders

All five occupants were shaken up in an automobile collision at a North avenue-Eastman street traffic light Sunday afternoon. They declined medical attention, police said.

A coupe driven by Henry Mullaney, 21 years old, of Newark, accompanied by Ann Mullaney, received a smashed grill when, according to police, it rammed the rear of a sedan stopped at the red light. Ralph Baldson of Union, driver, and Helen and Mary Baldson, passengers, were in the sedan, the rear of which was damaged. Both cars were headed east on North avenue. Patrolman William Crissey handled traffic.

Educators to Meet

Dr. Howard R. Best, supervising principal of Cranford schools, will attend the final session in Atlantic City tomorrow of a two-day meeting of heads of New Jersey school systems. The role of the superintendent of schools will be discussed.

From the Files of The Citizen and Chronicle

Five Years Ago

More than 400 volunteer solicitors were to begin a house to house canvass for $25,000, Cranford's quota in the fourth annual United Fund campaign combined this year with the National War Fund. The drive will continue through October 8. The local budget of $12,000 was to be divided for the Boy Scouts and Welfare Association, $3,000 each; Visiting Nurse Association, $2,000; Girl Scouts, $1,500; replacement fund, $700, and campaign expenses, $600. The $13,000 balance was intended for USO, United Seaman's Service and allied relief purposes.

Townspeople would not be awakened in the early morn by the crowing of roosters after December 31. An amendment to the sanitary code adopted by the Board of Health was to banish crowing fowl in close quarters. More than 20 chickens must be kept on at least two acres of land, or at least 300 feet from the nearest dwelling. Where 20 or fewer fowl were harbored, they had to be 50 feet from the nearest door or window of another house or building. The public hearing caused such a furor of protests against the proposed restriction that the effective date was postponed until the beginning of the year.

Kenneth A. McGrath of 3 Normandie place was organizing a new flood control movement as a result of the Rahway River's overflowing its banks due to the heavy rains. He had called a special meeting of residents of 20 streets in the affected area, many of whom used boats after a three-day rainfall of 3.28 inches. The area was inundated by the river to a depth of three feet.

An eight-lane highway, with no intersections or traffic lights, running east of Highway 25 from the Lincoln Tunnel to Camden, a north-south shore highway passing in the vicinity near Cranford, and increased funds for county roads were the main projects mentioned by State Highway Commissioner Spencer Miller in talking about "Post War Planning for Highways of New Jersey." Mr. Miller addressed a Lions Club meeting.

A feature article by William S. Young and Howard E. Johnston in the Citizen and Chronicle marked the passing of the last trolley in Cranford a decade ago. The din of street car wheels was silenced on September 14, 1935 when Union Public Service introduced trackless trolleys ending an era.

Cranford High School's football team was determined to win its opening game against East Orange, who smashed the Blue and Gold 13-0 in an opener last year.

Winchester Britton, Sr., retiring president of the Packing Engineering Corporation, was feted by his fellow members of the Rotary Club.

A total of 565 names were to be struck off the election lists before the general election, most of them because they had not voted in four successive general elections. Other causes for the striking out of names were death, moved and left no address, or those unqualified.

Plans for consolidation of North Jersey War Price and Rationing boards called for converting Union County's nine into four boards. The Roselle Park board was to continue to serve Cranford, Kenilworth, Roselle and Roselle Park and was to extend jurisdiction over Union, Linden and Rahway. After January 1, it would be known as a price control board and was to handle only price control matters because most rationing was expected to end at that time.

Mrs. Howard R. Best, Mrs. P. M. Nickerson, Frank Caruso and Mrs. George W. Apgar carried off sweepstakes awards in four divisions of the Cranford Garden Club's Fall Flower Show. More than 200 persons viewed the exhibit, one of the largest held by the club in many years. There were 53 exhibitors and 160 entries.

Ten Years Ago

The Township Committee adopted on final reading an ordinance vacating Laurel avenue from the westerly side of Manor avenue to the easterly side of Locust drive. Passed on first reading was an ordinance vacating parts of Georgia, North Carolina and South Carolina streets in Floral Gardens from Lexington to Fairfield avenues. Also passed on first reading was an amendment to the zoning ordinance permitting gas and oil filling stations to be erected only in those business sections fronting on North, South and Centennial avenues.

Members of the police force were ordered to stop riders of unlicensed bicycles and report the cases to headquarters.

The Board of Education authorized the buildings and grounds committee to spend up to $200 and proceed immediately with the repair of the roof of Grant School. It was the opinion of the trustees that, in view of the international situation, the building abandoned for school purposes when the new high school was opened, might be needed for emergency purposes.

A besieged householder on Orchard street sent a call for help to police headquarters. A beehive had been established in the front yard and residents of the hive were annoying residents of the house.

Fifteen Years Ago

In one of the biggest upsets in local GOP politics in recent years, Dudley J. Croft defeated Police Commissioner Edmund P. Sullivan by 18 votes for the Republican nomination for Township Committee in the primary election. Finance Commissioner Frederick G. Sykes, with 1,769 votes, received the other GOP Township Committee nomination, while Tax Commissioner Collector A. B. Caldwell literally walked away from his two opponents to get the party bid as is its tax colector candidate. Caldwell polled 1,721 votes, William A. Phillippe received 211, and Edward Montenecourt, 301.

Mrs. J. S. Rosencrantz, with three blues, two reds and one gold ribbon, as well as honorable mention, carried off the sweepstake prizes in the Cranford Garden Club's eighth annual autumn flower show in Trinity parish house. Alden Miller won the sweepstake prize for non-members.

Announcement of a lecture series by men prominent in world affairs, to be presented during the winter, was made by the Cranford Teachers' Club.

Mrs. William A. Ireland was reelected president of the Currie Memorial, W.C.T.U. for her sixth consecutive term at the annual meeting at the home of Mrs. T. Barsness. Other afficers, all of whom were reelected, were Mrs. C. E. Carey, recording secretary; Mrs. C. A. Skillman, treasurer, and Mrs. C. E. D'Elom, corresponding secretary.

Preparations were made for the waging of another "battle" on a point basis for a loving cup by the Red, White and Blue "armies" of the Men's Bible Class of the First Presbyterian Church, at a meeting of the class executive committee in the church school auditorium. "Generals," "captains," and teams were selected, and plans were outlined for the opening of the group's eighteenth year.

LOANS to MODERNIZE NOW

To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows *down kidney* function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

DOAN'S PILLS

Profit *or* Loss?

Selling anything—food or bus rides—for less than they cost to produce is a sure way to wreck a business. The old Profit and Loss theory still holds.

We are not in the same position as the butcher, the baker, or the candlestick maker. They can increase their price tags when they lose money on a sale. But we must apply to the State for a change in bus fares.

It is impossible for us to operate our bus lines today at the present 5¢ basic fare. That's why we have asked the Board of Public Utility Commissioners to grant us an increase in fares.

This fare increase is only in terms of pennies—but these pennies can mean the difference between a profit or a loss to us.

What These Extra Pennies Mean!

With these pennies we can pay the higher prices we have to pay for everything that goes into producing a bus ride.

These pennies will produce a revenue which will pay our operating charges, maintenance costs, taxes, interest on debt and other fixed charges and leave a reasonable profit.

These pennies will help to pay our employees at rates that are among the highest paid in the transportation industry.

These pennies will make it possible for us to buy new buses and equipment to give you even better service than you get today.

Yes, these pennies will help us meet our bills, pay our employees and give you the best in modern transportation.

We have filed a petition with the Board for an increase in the basic fare from 5 cents to 8 cents. The increases will be 3 cents in each of the first two zones with not more than a 5 cent increase for a through ride of from 3 to 6 zones.

There will be no increase over the present 5 cent basic fare schedules for rides through more than six zones. Furthermore, for rides through more than two zones, there will be no increase over the 7 cent basic fare schedules that were in effect from July 4, 1948 to July 12, 1950.

A hearing on the case will be held before the Board on October 16, 1950.

'Keep Right' Signs Erected On Highways

Motorists traveling on New Jersey's divided highways will be required to drive in the right-hand lane, except when passing another vehicle, or face possible arrest, according to a statement issued by State Highway Commissioner Ransford J. Abbott.

As a reminder of this requirement, the State Highway Department has erected 300 signs on dual roads, and it is understood that more will follow. These signs bear the legend: "Keep Right — Except To Pass."

They are spaced at an average distance of two miles apart and have been placed in the center islands of the following State Highway routes: 4, 6, 10, 17, 22, 23, 24, 25, 26, S26, 29, 37, 39, S39 and 42.

Abbott stated that the signs have been put up in the interest of motoring safety and as reminders of the existing motor vehicle law.

"There is nothing new in this," he said, "except that the Highway Department has never included this warning among its highway signs in the past. This fact has made it difficult to enforce the law, especially with respect to out-of-state drivers.

"Now that the first of the signs are in place, I have been given assurances by both the State Police and Motor Vehicle Department that their enforcement officers will be on the alert for violations, the commissioner said.

"I trust that arrests will not be necessary to enforce the law. If drivers will look upon these signs as aids to safe motoring and cooperate with us, many accidents can be prevented and travel made easier," he continued.

Present plans call for the erection of similar signs along other divided roadways throughout the state.

Your New Social Security

By LEONARD F. SAWVEL
(Manager of the Union-Somerset County Social Security office)

In my first article, I described the Social Security law as your policy for old-age survivors insurance and your Social Security card as the symbol of that policy. Perhaps you are among the millions now protected by this program. It may be that you are among the more than three million now receiving monthly insurance payments under this law. If you're among the latter, your September check, scheduled to reach you early in October, will show the increased payments given you under the newly amended Social Security law.

How much will your increase be? Well, to be fair to you and the other current beneficiaries serviced by the office, I would have to give 12,396 answers to that question. There are that many people now getting old-age and survivors insurance payments in this area.

Obviously, I can't be specific. We must ask you to be patient and wait until your September check reaches you in early October. That check will tell you in dollars and cents just how much your benefit payments have been increased.

I do want to say, however, that increases range from about 50 percent for highest benefit groups to about 100 per cent for low benefit groups. For example — the average benefit of approximately $26 per month for a retired insured worker will be increased to about $46. If you are now getting $40 a month in payments as a retired worker, your September check will be for about $64.

Family benefits will be increased also. For instance, the present maximum family benefit of $85 will be $150 under the new law. A widow with two children now receiving $55 monthly will get about $110 under the new law. Each of these increased payments to wives, parents, and dependent children must be figured individually. The amounts of these increases will depend largely on the amount of the insured retired worker's enlarged benefit. In no case will increased family benefit payments exceed eighty per cent of his average monthly wage.

All of the increases I have mentioned apply to present beneficiaries. The new law makes it easier for workers to qualify for Social Security protection and become future beneficiaries under old-age and survivors insurance. In my next article I shall discuss this important phase of your new Social Security.

Cub Pack 103 Accepts Seven New Members

Seven new boys were welcomed Saturday night at the initial fall meeting of Cub Pack 103 in the First Presbyterian Church school auditorium. They included Stephen S. Anderson, Robert Atwater, John Koyen, Fred Napier, James Prior, James Robins and Frederick Sickert.

Cubmaster Robert Harmon was in charge of the meeting and the game period was conducted by Assistant Cubmaster David Brumfield. More than 85 boys attended together with a large delegation of parents. The pack enrollment thus far is approximately 120, it was reported.

Plans for the year's activities of the pack will be made tonight at a meeting of the Pack Committee at the home of John H. McClintock, chairman, 327 Walnut avenue.

Rides Bike into Car

Warren Coons, 8 years old, escaped injury Saturday evening when he rode his bicycle out of a driveway and into the side of a moving car on Burnside avenue. William Tomredle of 38 Richmond avenue, the driver, took the boy to his home, 109 Preston avenue. Tomredle said he was driving east toward Roosevelt avenue when the bicycle struck the car. The rear wheel of the bicycle was damaged. The boy is the son of Mr. and Mrs. Richard W. Coons.

Thought for the Week

By the Rev. Frank V. H. Carthy, rector, Trinity Church

"PRAYING FOR ENEMIES"

Have you noticed what a great deal of nonsense has been talked about this business of prayer for one's enemies? This is true of enemies of ourselves personally as individuals, or enemies of the nation as a whole. There is, consequently a considerable amount of confusion in people's minds which need not really be there at all.

Principally, I think, there is the idea that if you pray for the enemy it means you are praying that his present designs, whatever they are, may prosper. But that is, of course, not so. If you pray for a thief, you are certainly not praying that his next burglary may be brilliantly successful, and that he may get away with a large amount of plunder. If you pray for an alcoholic you don't pray — and no one would suppose you did — that his latest plan for getting hold of a couple of bottles of whisky unbeknown to his family may come off, and that he may get drunk on them.

In our prayer we take a longer view than the horizon of this immediate conflict, and we work with spiritual forces for a future where our enemies and we, brought together ultimately to fulfil God's purpose, for the whole human race, may live and work with each other for that; fellow members of a whole race which God created to be one whole. Many of us tend too much in this sort of prayer to set ourselves to tell God how it seems to us this may be best achieved. He may have His own ideas about that, and they are wiser than ours.

Better, perhaps, for us all to pray more, frequently both for ourselves and for our enemies, such a prayer as the Lord's own Prayer: "Hallowed be Thy Name, Thy kingdom come, thy will be done, in earth as it is in heaven." Because if that prayer is answered in America, in Russia, and throughout the wide world, there isn't much more that one could ask, for them or for us.

Harvest Festival to Open Monday at Temple Beth El

Monday evening will mark the beginning of the Harvest Festival or Feast of Tabernacles celebrated for nine days by Orthodox and Conservative Jewish Congregations, Rabbi Jordan I. Taxon of Temple Beth El announced this week. The celebration falls on the fifteenth day of the seventh month, Tishri.

This festival of joy concludes the High Holy Day celebrations in the synagogue, Rabbi Taxon said. Special children's services will be conducted at the temple on Tuesday and Wednesday at 10 a. m.

Yizkor Memorial Services will be conducted Tuesday, October 3. At 7:30 p. m., Temple Beth El will celebrate Simchas Torah with a children's party. The festival will be concluded with a children's service Wednesday, October 4, at 10 a. m.

"Succah" is the Hebrew word for "booths" a temporary abode where people are accustomed to dwell in the Harvest Season in the agricultural state of ancient Israel. To this day, traditionally minded Jews build such a temporary structure out-of-doors near the home or synagogue. These booths are built of branches of trees and decorated with fruits. The symbols of the holiday are the "Lulov" a palm branch bound together with myrtles and willows; and the "esrog" the citron.

The meaning of this harvest festival is to stress man's dependence on God, and his thanksgiving for God's bounties. It suggested to the Puritans the establishment of Thanksgiving Day.

Actually "Tabernacles" lasts for eight days. The seventh day is known as "Hoshanah Raeah" because many of the prayers of that day begin with the word "Hashanah" which means "Help us, O Lord." The eighth day is "Sh'mini Atzeres", "the eighth day, a festival" where prayer for rain is part of the liturgy. Then there is the ninth day called "Simchas Torah" or "The Rejoicing of the Law." On that day the last portion of the Book of Deuderonomy is read from one Scroll of the Pentateuch and the opening verses of Genesis are read from another copy of the Scroll, to show that God's word never ceases in Israel.

Presbyterians to Mark Young People's Day

Young People's Day in the life of the church will be celebrated next Sunday morning at 11 o'clock in the First Presbyterian Church. The young people, who will conduct the morning service, will share with the congregation the inspiration of their experiences in camp and conference this summer.

Marilyn Vosberg, contralto, will sing Mendelssohn's "Hear Our Prayer," and the offertory anthem by the Chancel Choir will be Robert's "Seek Ye the Lord."

At 6 p. m., the fall program for youth of the church will be launched at a buffet supper in the gymnasium. Following the fellowship at the table and a brief worship service, the Junior and Senior Fellows and the newly-organized Geneva Fellowship will separate for short group meetings.

At 8 o'clock, the Session will meet in the choir room with the new members who are uniting with the church on World Wide Communion Sunday. The annual fall visitation by members of the church will be held on Monday, Tuesday and next Thursday evenings. Those taking part in this visitation will meet at the church at 7:30 p. m.

The monthly meeting of the Deaconesses will be held in the choir room at 1:30 p. m., Tuesday. Wednesday evening at 8 o'clock open house will be held for parents and teachers of all children beginning with six years of age, beginners through seniors. The open house for parents and teachers of the three, four and five year olds will be held the following week.

Scum on Cocoa

The scum which forms on cocoa as it cools should not be discarded, since it contains calcium salts which are healthful. Just beat the cocoa with an egg-beater lightly, and the scum will be broken up so that the cocoa can be enjoyed with its full nutritional content.

Regular services will be conducted at Calvary Lutheran Church next Sunday: Matins will be at 8:30 a. m., Sunday school at 9:30, and the worship service at 11 a. m.

New classes in preparation for the fall term have been aranged with teachers as follows: Beginners' and nursery, Ann Vogel, Nancy Zulick, Frances Schneider, Elaine Schneider, Rosely Heiniger, Joan Kiem and Ruth Schulz; primary department, Mary Johnston, Gertrude Fried, Dorothy Krapf, Betty Sickert, Virginia Hausmann, Evelyn Montag and William Magan.

Also, junior department, Marie Burns, Arlin Schulz, Marthy Rehder, Marilyn Arndt, Erwin Rutz and Charlotte Cleaves; intermediate department, Margaret Doerhoefer, Paul Wilfrid, and Charles Knauer; and senior department, Stuart Burns and Anita Schillinger. The administrative staff consists of C. B. Hausmann, general superintendent; Louise Hausmann, secretary; Richard Schneider and William Magan, clerks. The Rev. William H. Niebanck, pastor, will conduct the service of dedication.

A motion picture, "The Travellers" will be shown to members of the primary, junior, intermediate and senior departments at the session of the Sunday school next Sunday morning. Mrs. Mathilda Eichinger will preside at the meeting of the Women's Missionary Society to be held at the church house Thursday afternoon at 2 o'clock.

The first fall meeting of the Brotherhood will be held Friday night at 8 o'clock. Erwin Rutz will be in charge. "Luncheon is Served," a demonstration luncheon, will be presented by the Women's Guild Tuesday at 1 p. m. Mrs. Mathilda Eichinger is in charge of the ticket committee.

Members of the Inner-Mission Auxiliary of the church will attend Tri-County Coffee at St. John's Lutheran Church, Avon Ave. and 12th street, Newark, Wednesday afternoon at 2 o'clock. Mrs. Ethel Doss is in charge of arrangements.

The Rev. Mr. Niebanck and William Magan will represent Calvary at the division meeting of the Lutheran Welfare Association of New Jersey, at St. Mark's Lutheran Church in Elizabeth Monday night at 8:30. The pastor also will attend the sessions of the Central Conference of the New Jersey Synod Wednesday at St. Paul's Lutheran Church in Linden.

Serve Others, Teacher Tells Rotary Club

It's the service that an individual gives through his business or profession that should be the motivating force and from which he should derive the most satisfaction, Charles A. Philhower of Westfield, former Rotary district governor, told members of the Cranford Rotary Club at their luncheon meeting last Thursday at the Howard Johnson Restaurant.

But there are many individuals—and even nations—who serve mankind only to get everything possible for themselves, the speaker asserted.

Speaking under auspices of the vocational service committee, one of the four major objectives of Rotary, Mr. Philhower said it is important for everyone to be adjusted to the job he is doing and to enjoy it.

He spoke of his own 45 years in the teaching profession and of helping youth and said if he had his life to live over again he would reenter the same profession.

Good will, which is a by-product of the kind of service one renders, is even more important than money, Mr. Philhower declared. He urged employers, in particular, to take that which is good in their employes and build on it. Every employe, he said, has some good traits which can be developed to the benefit of the individual and the organization for which he works.

The speaker urged his listeners to apply the following four-way test to whatever they do in their businesses or professions: Is what we do or say the truth? Is it fair to all concerned? Will it build good will and better friendships? Will it be beneficial to all concerned?

L. R. Allison, a member of the vocational service committee was in charge of the program and introduced the speaker. President Cyril W. Perley presided.

New Hardware Store To Open Tomorrow

The E. and L. Hardware Store at 1206 Raritan Road will have its grand opening tomorrow. It will be the first of six new stores in the Raritan Shopping Center to hold its opening. The others are expected to be open about October 1.

The new hardware store is owned by Edward Batlan of Elizabeth, who formerly managed the Cranford Theatre. Subsequently he was district manager for Warner Bros. Theatres in Union, Hudson, Morris and Essex Counties. He resigned as district manager of the theatre chain about six weeks ago.

Mr. Batlan is a member of Mt. Nebo Lodge, 238, F&AM of Elizabeth; Salem Temple of the Shrine, Elizabeth; Theatrical Square Club; New Jersey Consistory S.P.R.S., Valley of Jersey City; and is a former president of the Vailsburg Lions Club.

Playing The Cards

By ALEXANDER G. SPENCER

A distinguishing characteristic of the expert is that he plays a hand, whenever possible, so that he will make the contract even against an unusual suit split.

North:
♠ Q J 4 2
♥ A 4
♦ A Q 6 4
♣ 10 9 5

West:
♠ A K 10 9 7
♥ 7
♦ J 10 9 2
♣ J 6 2

East:
♠ 8 6 5
♥ 10 9 8 3 2
♦ K 7 5 3
♣ 7

South:
♠ 3
♥ K Q J 6 5
♦ 8
♣ A K Q 8 4 3

With North-South vulnerable, the bidding went:

SOUTH	WEST	NORTH	EAST
1 ♣	1 ♠	2 NT	pass
3 ♥	pass	3 NT	pass
5 ♥	pass	6 ♣	pass
pass	pass		

West opened the king of spades, and then, knowing from the bidding that South couldn't hold any more, shifted to the jack of diamonds, which was taken with dummy's ace. Now you or I might draw trumps in three leads, then cash the ace of hearts and continue a heart to the jack; but West would show out and the slam would be lost, for a heart trick would have to go to East. We might grumble about our atrocious luck in finding the hearts split 5-1, when the expected break is 4-2, never realizing that the contract can be made with a different line of play.

The expert would look the hand over before playing to the first trick and would realize that if the hearts split no worse than 4-2 the slam would be cold; but he would go a step further. He would know from bitter experience that suits sometimes split 5-1 or 6-0, in which case all of the clubs should be run before touching hearts, so that if a squeeze developed the ace of hearts would furnish the necessary entry to the dummy. That's what happened when this hand was played. Declarer, after winning the second trick with the ace of diamonds, ran off five club tricks, and this was the picture:

North:
♠ Q J
♥ A 4
♦ Q 6
♣ —

West:
♠ A 10
♥ 7
♦ 10 9 2
♣ —

East:
♠ —
♥ 10 9 8 3 2
♦ K
♣ —

South:
♠ —
♥ K Q J 6 5
♦ —
♣ 3

Now South led the three of clubs, throwing the six of diamonds from dummy, and East was squeezed. If he threw a heart declarer would get five heart tricks; if he threw the king of diamonds dummy's queen would become high for a discard of South's losing heart. In the actual play East tossed a heart and South merely ran off the heart tricks for the slam and rubber.

Even if West holds five hearts the squeeze still operates, for he can't hang onto all five hearts and the ace of spades when South leads the last club at the eighth trick. The discard of either the ace of spades (setting up dummy's queen) or a heart would give declarer the rest of the tricks.

An unusual feature of the hand is that the squeeze operates so early in the play. Generally a squeeze takes effect on the tenth or eleventh trick, rarely as early as the eighth.

CANASTA

We hear that the rules of Canasta will shortly undergo some changes—and they can stand it. Here are some things we would like to see changed. First, the bonus for going out is a mere 100 points. It should be 500. Second, the bonus for going out 'concealed' is only an extra 100 (200 in all). That should be upped to 500 or maybe higher.

Here's another change we think might add interest to the game. At present there is no way to "unfreeze" the pack except by taking it. The result of this is that when one side gets a large pile and controls the deck it freezes the pile again whenever it gets sizable, knowing the opponents have little chance to take it with their small number of cards. If you find yourself on the wrong end of this strategy there is little you can do except hope for a quick out, even though you may hold two or three wild cards. This results in too many one-sided hands.

Our suggestion is this: Change the rules to provide that a frozen pack may be unfrozen by the side which did not freeze the pack, by discarding a wild card or a red three — or even possibly a black three.

If you have any pet peeves against the rules as they now stand, send them along to me and I will forward them with your suggested changes to the rules committee for action.

Public Service Asks Increase For Intrastate Basic Fare

Public Service Coordinated Transport and Public Service Interstate Transportation Company filed last Thursday with the Board of Public Utility Commissioners of the State of New Jersey a schedule of rates which would increase the intrastate basic fare from five cents to eight cents on the companies' lines, with increases in certain multiple fares.

The increases would be three cents in each of the first two zones with not more than a five cent increase for a through ride of from three to six zones. There would be no increase over the present five cent basic fare schedules for rides through more than six zones. For rides through more than two zones there would be no increase over the seven cent basic fare schedules that were in effect from July 4, 1948 to July 12, 1950.

In an amended petition the companies ask the board to determine: 1—that the present five cent basic intrastate zone fare and certain through fare on multiple fare lines are unjust and unreasonable; 2—that the present fair value of the companies' properties used and useful in the public service amounts to not less than $68,000,000; 3—that the proposed schedule of fares filed with and made a part of the amended petition is just and reasonable.

It is pointed out in the amended petition that the present five cent basic intrastate zone fare is unjust and unreasonable in that it does not permit the companies to obtain revenue sufficient to meet the cost of operation of their properties, to obtain a reasonable return on the value of those properties, to encourage good management and furnish a reward for efficiency. Also, it is cited, revenues from the present five cent basic intrastate zone fare are insufficient to enable the companies to maintain their financial integrity and to attract capital and to furnish safe, adequate and proper service and to keep and maintain their properties and equipment in such condition as to enable them to furnish such service.

The companies cite that their passenger revenues have steadily declined while the cost of operating the properties has steadily increased. The cost of labor since July 4, 1948 (the effective date of the former seven cent basic fare), it is pointed out, has been increased by approximately $4,750,000 on an annual basis as a result of two awards made by Boards of Arbitration appointed by the Governor under State law.

The operation of the companies' properties under the basic five cent intrastate zone fare since July 12, 1950 (the day on which the five cent basic fare was reinstated by order of the Board) has failed to produce sufficient revenues, it is stated, to meet operating expenses and taxes and has, in fact, resulted in a net loss of $1,029,965 for the period, July 1, 1950 to August 31, 1950. The companies have failed to earn any return on the value of their property since July 12, 1950.

Optical Glass

Optical and ophthalmic glass, from which fine lenses are made, amounts to only one-tenth of one per cent of all glass produced in the United States in a year. Yet that small fraction enables us to see, by microscope and telescope, objects which the unaided eye cannot see. And it enables millions of spectacle-wearers to read, work, and play with comfort and efficiency.

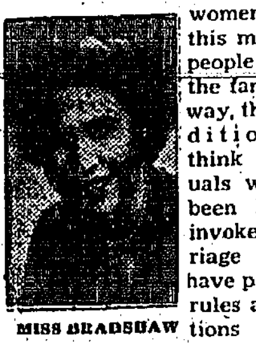
FAMILY LIFE TODAY

By PHYLLIS PAGE BRADSHAW
Specialist in Human Relations
Rutgers, the State University

ARE FAMILIES CHANGING?

Something is happening in family life today, but what are these changes and what do they mean? To a great extent the meaning of the changes depends upon the way we think of "the family."

Some people regard the family as an institution. They think of it as fixed and unchanging, and that men and women must fit this mold. Those people who see the family in this way, think of tradition. They think of the rituals which have been historically invoked for marriage and which have provided the rules and regulations for family life. They also think of the legal conception. This also provides a fixed pattern for the family.



MISS BRADSHAW

This is the way we have known the family for generations — as an institution which has its place and function. By family is meant, not man and woman and children, but the fixed, rigid institution.

The historic family institution is indeed changing. The family, as it has been known for generations, is not accepted as formerly. Some think it is actually being destroyed, and are pessimistic about the future of family life.

A new, much broader conception of "the family," has been recently developed. Those who see the family in this new way, think of the family as dynamic, not static, not standing still. They think of family life as changing as people and times change. It is a way of living instead of a fixed institution.

Family living is an ever-changing relationship. Through this relationship the people concerned try to attain their individual and shared goals, and create a way of life. Instead of thinking of the family as existing outside the people — as a mold into which people must fit, "the family" is actually each individual family. It is something which must be established by the people who make up the family. And it is maintained by their beliefs, their actions, their feelings, their personal relations.

This process of close interpersonal relations is never a uniform, unchanging process. These relationships and feelings are constantly changing and responding to the changing relationships within the family and to the impacts from outside.

Stability in family life is not really achieved by outside pressure or authority or by making people conform to fixed patterns. Family life is not really dependent upon those rules, but rather it is a dynamic relationship through which the people can work out together the stability they want and seek.

A Truly Wonderful Car!

If you were to sum up, in one word, the complete story of the new Pontiac, no word would fit so precisely as "wonderful."

It's the most natural thing in the world to describe Pontiac's rare beauty as "wonderful." No other word seems to quite do, either, for the luxurious comfort and appointments in Pontiac's big new Bodies by Fisher.

And on the road, Pontiac just naturally accepts superlatives—because it is such an *eager* car, such a relaxed, easy-striding performer—for such a long, long time.

Perhaps the most "wonderful" thing of all is Pontiac's price—so low that virtually nobody seriously challenges the idea that *dollar for dollar you can't beat a Pontiac!*

Red Cross Delegate

Mary Ann Scherer, representing the Cranford Red Cross Chapter, was one of 117 who attended the Red Cross Leadership Training Center at Cazenovia, N. Y., this summer. She is a sophomore at Cranford High School and was selected as delegate on the basis of leadership and her interest and experience in the Junior Red Cross.

In the 10 days, July 25 to August 4, Miss Scherer learned the history and development of the Red Cross movement and its achievements throughout the world. She will use this knowledge to better acquaint students with Red Cross activities. Chapter and National Red Cross staff members served as instructors in the classes where the delegates discussed the structure of the Red Cross and studied films and projects produced in this country and in other parts of the world.

A poll showed New York State and Long Island to be the most popular, having been visited by Susan Henkel, Joan Dill, Janet Theisz, Harriet Sanford, Nancy Bender, Robert Herrmann, Eric Tarver, Paula Hofmann, Marilynne Di Paul, Earl Druckenmiller, Donald Salas, Milton Anderson, Robert Pells, Barry Buckner, Kent Kirkman, Arnold Ingram, Donald Damm, and John Schroeder. Joan Dill visited Canada and the entire New England section. Arnold Ingram and Paula Hofmann spent some time in Vermont. Donald Sallas visited Massachusetts and Connecticut. Pennsylvania was enjoyed by Nancy Bender, Robert Pells and Earl Druckenmiller, while Arlene Smith and Earl Druckenmiller made a trip to Delaware and Maryland. Paula Hofmann went farthest south, visiting North and South Carolina and spending some time in Florida.

The pupils found that 13 states of the United States had been visited as well as Canada. By counting in their teacher, France and England could be added to the list. Everyone agreed that there would be plenty of interesting and exciting experiences to share.

WHY TAKE CHANCES on an OLD ROOF?
... it may cause serious damage

● A leak in an old roof is usually the forerunner of trouble. In the judgment of the National Bureau of Standards, when that time comes, "it is no longer practical or economical to effect repairs ... re-roofing is the only solution." We will inspect your roof without charge, advise you what, if anything, has to be done.

We can supply you with Johns-Manville Quality Asphalt Shingles

They assure you a reliable roofing job. "Roof worries" are off your mind for years to come. These J-M shingles are highly resistant to fire, come in attractive colors, are low in cost, go on easily right over your old roof.

Billy may have paid for your telephone

Billy Brady, 11, is a Cape May, N. J. businessman with a thriving paper route. He has invested his surplus money in two shares of telephone stock, toward a fund for college. Billy's financial advisor is his widowed grandmother, also a telephone stockholder.

It's people such as Billy and his grandmother—investors in telephone securities—who have supplied the huge amounts of money needed for telephone expansion and improvement here in New Jersey since September 1945. Without them we couldn't have made such progress in adding new switchboards, circuits and other equipment needed to give service to more than 622,000 additional telephones . . . and faster, more efficient service for everyone!

Although we've spent as much for telephone construction during the past five years as in the preceding seventeen, the need for large expenditures will continue for a number of years. Our plans for 1950-51 alone contemplate $85,000,000 for gross additions to telephone plant. Completion of these plans depends on two things: earnings sufficient to attract investors, and the needs of the national security program.

Fire Fighting Remains Good Bomb Defense

A columnist in a Southwestern newspaper recently poked fun at public officials for purchasing fire extinguishers for use in connection with the national defense program. The writer's idea was that, in the event someone dropped one of the big bombs on us, a fire extinguisher wouldn't be of much use.

That general attitude seems to be fairly common these days, Fire Chief Howard G. Schindler said this week. A lot of people who should know better seem to belittle the importance of fire departments and fire protection equipment in the atomic age. They seem to think that once a big bomb explodes—and we know they can be delivered to any part of the country—everyone and everything in the area would be completely paralyzed.

On the basis of what we learned at Hiroshima, Nagasaki and in other explosions, nothing could be more misleading, Chief Schindler declared. Concussion damage will be terriffic, of course, but within a relatively limited area. Elsewhere, the intense heat will start hundreds and possible thousands of fires. Many fires will be small and controllable in the beginning. If they are not controlled promptly by trained fire fighters armed with the best possible fire protection equipment, these fires naturally will merge into spectacular conflagrations.

A recent booklet published by the Atomic Energy Commission pointed out that at least fifty percent of the deaths in the World War II explosions resulted from burns.

It is not pleasant to face and talk about the possibility of atom bombs being used against the American people anywhere in this country. But the possibility is there and it does have to be faced, the Fire Chief asserted. The more realistically we face it, the more clearly we will see the need for strengthening our fire defenses in every city and hamlet of the nation. We will have to be prepared for trouble within our own community. And we will have to be ready to help other communities, one hundred miles away, or more. When it comes to fire defenses on the home front, we are all in this thing together.

Plans Meeting

The Girl Scout Mothers' Club of St. Michael's Church will hold its monthly meeting Monday at 8:15 p. m., in the Girl Scout House. Mothers of all Girl Scouts and Brownies are invited. Mrs. D. J. Siems and Mrs. T. A. Sheehan will be hostesses.

Local Driver Loses License for 30 Days

George Kochmer of 510 Elm street had his driver's license revoked for 30 days and was fined $15 and $3 costs after he was found guilty Monday night of careless driving. He was summoned by Lt. Lester Powell. Magistrate Charles J. Stevens imposed the penalties in the traffic division of Municipal Court.

Two others, Joseph Schultz of 8 Myrtle street, assessed $7 and costs, and Rudolph G. Nemeth of Newark, assessed $10 and costs, also were fined for careless driving. Complainants were Patrolman Rudolph Klempa and Lt. Powell.

Carmine Buontempo of 9 Moen street, on complaint of Lt. Powell, and Vincent J. Benicassa of South Plainfield, brought by Patrolman Paul Johnson, each paid $10 and costs for speeding.

James Gill of 167 Willow avenue, Garwood, paid $2 cost of court and received a suspended sentence for having no registration in his possession, and $3 fine and $2 costs for a traffic light violation, with Patrolman Albert Fischer the complainant.

Also for disobeying traffic lights, Gabriel Mistichelli of 4 Wall street, charged by Sgt. William Gassmann and Paul S. Thompkin of Newark, charged by Patrolman John Herzer, each paid $7 fines and costs. Clyde J. Conway of Nixon, on a similar charge brought by Patrolman Paul Johnson, paid $5 and costs.

Marcellino Confredo of Newark paid $25 and costs on complaint of Robert Wimmer, SPCA agent, for unnecessary cruelty to a dog, when the general division of the court convenied at 8 p. m. Mrs. Helen Della Serra of 10 Heinrich street paid $3 for having a dog at large, on complaint of Dale Gangaware, dog warden. Jacob J. Rahner of Elizabeth, fined $25 for disorderly conduct, was charged by Patrolman Frank Caruso.

Court Clerk John G. Ranhofer accepted all payments.

Children Get Attention If They Don't Eat

(This column is contributed as a public service by the Medical Society of New Jersey and the Union County Medical Society. Questions should be addressed to the Medical Society of New Jersey at 315 West State street, Trenton 8, N. J.)

One of the commonest problems presented by mothers is summed up in the phrase, "My child won't eat."

Of course, sometimes an organic disease or even an acute sickness has destroyed the child's appetite, but in the vast majority of cases the complaint reflects a psychological or behavior problem.

It is natural for a child to want to be the center of attraction. Unfortunately, too, it is natural for many children to resist any action that is too strongly urged upon them by their parents. If by practicing passive resistance to food, the child can gain the undivided attention of his parents and other adults, he is most likely to take advantage of such a golden opportunity.

Sometimes parents fail to recognize the reasons for this situation. Instead of ignoring the exhibitions put on by the child, they resort to force, coaxing or promising extra enticements, thus only confirming the child in the success of his psychological tricks.

If the hunger strike continues for a long enough time, it may actually result in malnutrition which in some cases is most difficult to overcome.

Parents must learn to deal with this problem in a calm, firm, disinterested manner. The subject of food should never be discussed in front of the child. When mealtime comes his plate should be placed before him without comment. If he does not eat, he may be excused from the table, but under no circumstances should he be allowed to feel that his refusal to eat is of any great interest or importance to anyone. Appetite is the natural result of hunger and it will develop in the normal child unless some stronger satisfaction intervenes.

The child should be permitted the pleasure of undisturbed enjoyment at his meals. Arguments between the parents at the table are forbidden as is any controversy which might encourage an emotional upset in the child.

If these simple rules are observed, together with an occasional gratification for the child's preference in food, an intolerable situation may be avoided and the child will develop good, normal eating habits.

Study Flood Controls For Rahway River

Investigation of survey scope of the East Branch of the Rahway River for the purpose of developing a more detailed plan and estimate of cost on flood control improvements has been recommended in the report of district and division engineers.

Further investigation on other features of the Rahway River and its tributaries was not recommended as the estimated benefits that would result are considered insufficient to justify the cost of improvement, according to the Office of the Division Engineer in New York.

A public hearing on improving the river was held in January at South Orange. Interested persons are asked to present their views to the Board of Engineers for Rivers and Harbors at Washington, D. C.

thony Coraggio serving as flag bearer. The color guards were Douglas Popp and William Eltringham. Robert Stemmer played the drum.

The following children had a perfect spelling test paper: Glenn Allinger, Carla Castalda, Sandra Downey, Nancy Ernest, Robert Faughnan, Leona Henry, Kenneth Hofmann, Patricia Jones, William Morell, Carolyn Merritt and June Wright.

The boys and girls of Miss Doris Haldenwang's sixth grade have been bringing in plants and books for the class. Georgia Martin and Dorothy Walters brought in plants. Hugh Colville brought in a large elephant statue for decoration.

George Franklin, Rosemary Koromi, Linda Mae Torr, and Dorothy Walters have contributed books for the library bookcase.

LINCOLN SCHOOL

When the faculty and pupils returned to Lincoln School, they were delighted to find new equipment in their rooms. This equipment included such items as library books, window shelves for plants, desks, library chairs and tables, bookcases, polished desks, tables and floors, painted walls and bulletin boards.

Kindergarten—F

Since everything seems very strange to kindergarteners when they first enter school, the children in Miss Ellen Ferris' class are getting acquainted with each other and with their room. Each day milk is passed around by two very good helpers and soon everyone will have had a chance. The milkmen so far have been Alice Scott, Janice Drummond, Jeffrey Caddle, Joseph Penebre, Carole Francis and Ronald Ritter.

Several days ago Richard Maggs brought in a begonia plant, which is on the windowsill where everyone can see it.

Kindergarten—M

Now that they have been in school a whole week, the children in Miss Florence Messick's Kindergarten have found out that they have learned many things already. From the first day they decided to try to keep their newly-painted walls and toys clean, and to put things back in place when they were through using them.

Among the new things they have is a "traffic signal" with lights that really work, just like the one on the school corner, and every day they try to do as the light tells them when it comes time to get in line to go home. Already, it has helped them to learn to wait and not to push.

Grade 3—C

The children in Mrs. Alice Collins' third grade drew and colored large-sized Chinese faces. Maxine Laurel made one with a long mustache, Alan Silverman's had very slanted eyes, and Ida Colclough's showed the yellowish skin. William Della Sala drew and colored a map of China. Alexander Dickerson brought in a pair of figurines and Walter Creter brought in a large figurine musician. Donna Talcott and Patricia Olsen showed their Chinese slippers. Everyone was interested in "The Ancient Game of the Mandarins" which Edward Hauser exhibited for his class. A story "Shiu Ming Cinu Boy Scout" is being loaned to the class by Judy Stevenson.

Grade 6—Y

The Lincoln School faculty welcomed Miss Joan Prudhomme, Mrs. Ruth Heckman and Mrs. Mary White as new members of the staff.

At the first assembly, community singing, under the direction of Miss Charlotte Sommers, was featured. Dr. Howard R. Best, supervising principal of Cranford schools, was guest speaker. Janet Schneider, a sixth grade pupil, served as chairman of the program.

To Serve on Jury

Four Cranford residents have been named among 100 in the county to serve on juries beginning Monday and ending October 7. They are Mrs. Gertrude M. Weis, 217 Arbor street; William A. Reed, 307 Edgar avenue; Frank McIntire, 21 Greaves place, and Mrs. Annie A. Allen, 9 English Village.

Community Prepares For K-Day

Parade to Launch Events at 1 p. m., Baby Contest Set

KENILWORTH — K-Day, official community day for the borough, will open at 1 p. m. Saturday with a parade of Boy Scouts, the Kenilworth Fire Department, Republican Club, Girl Scouts, Brownies, the First Aid Squad, the Lions' Fife, Drum and Bugle Corps, and the Lions Club, sponsor of the annual event.

A baby parade, expected to attract the greatest amount of attention, will begin at 2:30 for judging of the finest and healthiest-appearing Kenilworth boy and girl under the age of six.

Mayor Fred V. Pitten, who proclaimed September 23 K-Day at the last Borough Council meeting, members of the Council, and the "official family" will participate in the main parade, Councilman William T. Peterson, in charge of arrangements for the governing body, announced Tuesday night.

Store fronts along the Boulevard have been draped with ornamental red, white and blue, and industries were asked to note the festive occasion.

Ebenezer, the greased pig, will be loosed during the afternoon. A prize will go to the person who nabs him.

Booths with prizes to be awarded lucky winners, and refreshment stands will be spotted at convenient points along the Boulevard for the anticipated large turnout of residents of the borough and surrounding towns.

Potential small-fry winners of the baby parade may be registered at any of the stores displaying loving cups to be awarded at the judging. No special float or regalia is needed, the Lions Club committee said, as the child wil be judged solely on his own appearance.

Kenilworth merchants have cooperated to the fullest extent, Edwin A. Kraus, Lions member said, to aid the enjoyment of Kenilworth citizens on their community day.

The First Aid Squad will be at the playfield all afternoon to care for injuries. They will accept donations for the ambulance fund.

PROPOSED ORDINANCE NO. 21-50

AN ORDINANCE Providing for a Contract between Township of Cranford and the Township of Clark, in the County of Union, Concerning the Use and Maintenance of a Trunk Sewer.

BE IT ORDAINED by the Township Committee of Township of Cranford, New Jersey:

SECTION 1 — That Township of Cranford enter into a written contract with The Township of Clark in the County of Union, concerning the use and maintenance of the old trunk sewer running from Cranford through The Township of Clark in the County of Union, to Rahway and the Rahway Valley Joint Trunk Sewer, in form and effect as follows:

WHEREAS, there exists a trunk sewer running from Cranford through the Township of Clark in the County of Union; and

WHEREAS, in or about the year 1940, the flow of said trunk sewer was diverted so that it now enters the Rahway Valley Joint Trunk Sewer at a point in the City of Rahway, below the Township of Clark in the County of Union, and the Rahway Valley Joint Meeting levies a charge for the treatment and disposal of all sewage entering its trunk lines.

The Township of Clark in the County of Union and Township of Cranford, both municipal corporations of New Jersey, situated in Union County, agree as follows:

1. Township of Clark in the County of Union agrees to pay for the disposal and treatment of its contribution of sewage to said trunk sewer as follows:

(a) for each one-family dwelling house contributing to said sewer, on a cost basis of 350 gallons per diem;

(b) for the contribution of the School and Church of St. John the Apostle, now erected at Valley Road, the equivalent of eleven (11) one-family dwelling houses or five thousand six hundred (5600) gallons per diem;

(c) for future contributions by buildings other than one-family dwellings and said school, on a basis to be agreed upon by the parties hereto, guided by standard engineering practices;

(d) during the month of October in each year, the Engineers of both Townships shall calculate the number of contributing units and certify the same to the governing bodies of each of the parties hereto, and the governing bodies shall certify the same to Rahway Valley Joint Meeting, or its successors;

(e) the measuring year is fixed as the period from November 1st to October 31st; 132 is fixed as the number of one-family dwelling houses in the Clark area for the measuring year November 1, 1949 to October 31, 1950, which is covered by this agreement.

2. The Township of Cranford and the Township of Clark in the County of Union shall bear the cost of reconstruction of said sewer lying within the Township of Clark in the County of Union, if and when determined to be necessary by the governing bodies of both municipalities, in proportion to the amount that each contributes to the said sewer which is the subject of this agreement, at the time of such reconstruction. The said proportion shall be determined by measuring the total flow per diem at the meter presently installed at the Township of Clark in the County of Union-City of Rahway boundary line and deducting therefrom the contribution to said flow by property located within the Township of Clark in the County of Union in accordance with the formula set forth in paragraph 1 hereof. The contribution to said flow by property located in the Township of Clark in the County of Union shall be the numerator and the balance, or contribution to said flow by property located in the Township of Cranford shall be the denominator.

3. The cost of ordinary maintenance of said trunk sewer within its boundaries shall be borne by the Township of Clark in the County of Union.

4. The Township of Cranford and the Township of Clark in the County of Union, both being members of the Rahway Valley Joint Meeting, agree that upon the execution of this agreement a copy shall be filed with the Rahway Valley Joint Meeting, and will constitute a mutual request for distribution of charges as provided herein.

IN WITNESS WHEREOF, the Township of Cranford has caused these presents to be signed by the Chairman of its Township Committee, and its seal, attested by its Township Clerk and the Township of Clark in the County of Union has caused these presents to be signed by its Mayor, under its seal, attested by its Township Clerk this .... day of .... Cranford High School To Play Linden Here Saturday

Grid Squad Host for First Game

Opponents Ask Change In Opening Game Scheduled at Linden

Cranford High School will open its 1950 football season in an unusual manner Saturday, playing its first away game with Linden at the High School oval, Walnut avenue, at 2:30 p. m. Linden requested Cranford officials to make the change because their field is not ready for play.

J. Seth Weekley, coach of the Blue and Gold, emphasized that the game is not considered a home contest for the high school team. The first home game will stand as scheduled, with Regional High School on September 30, Booster Day.

Coach Weekley said that although a starting line-up has been listed for program purposes, the starting team will not be without changes.

Linden will be in charge of the field, tickets, and grounds and will supply the officials, it was said.

Available for play at center are Harry Britton and Bruce White. Robert Root, Harold Brooks, James Gallo, Roy Wiant, Art Thomas, Karl Pfiel, Cliff McClendon, Robert Boetler and Rudy Laurel are slated for backfield positions.

Guards include Alex Stesenko, Fred MacKenzie and Allan Nelson. Bruce Ihle, Bernie Doyle, Ronny Ambrose and Bill Cox have been assigned initially to tackle slots. End material consists of Frank Weidknecht, Peter Weiland, Jerry Reinhart, Earl Kunow, and Dave Root.

Rutgers to Open at Syracuse Saturday

Rutgers University's football team wound up its pre-season practice this week and will open the 1950 grid season Saturday against Syracuse University, their ninth game since 1914.

Nearly 20 sophomores will be getting their first taste of varsity experience in Saturday's contest. They will be bolstered by some 18 lettermen returning from the 1949 campaign during which the State University eleven won six of its nine games.

Although Coach Harvey Harman will use a modified two-platoon system against Syracuse, he will depend upon several outstanding operators for double duty. Principal 60-minute man is Leon Root of East Orange, dynamic 210-pound center who has been mentioned widely as a strong candidate for All-America honors.

Following the Syracuse game, Rutgers will be idle for a week, then travel to Princeton to meet its co-founder of intercollegiate football on October 7.

In support of the Hall of Fame, a portion of the proceeds from the Rutgers-Brown game at New Brunswick on November 4 will be donated to the national grid shrine. The Rutgers schedule includes: Temple, home, Oct. 14; N.Y.U., home, Oct. 21; Lehigh, away, Oct. 28; Brown, home, Nov. 4; Lafayette, home, Nov. 11; Penn State, away, Nov. 18; and Colgate, home, Nov. 25.

To Hold Watchung Hunter Show Sunday

Starters for the twelfth Watchung Hunter Show at the Watchung Stables, Summit, will include some of the better known hunters and jumpers of the metropolitan area, together with leading North Jersey exhibitors and riders, according to Douglas Bailey of Cranford, show chairman.

Competition at the Union County Park Commission riding center will include 22 classes. Sweepstakes will have cash prizes, and trophies will be given all other winners.

Horsemanship classes will include the Maclay horsemanship over jumps and the hunter seat medal class, an American Horse Shows Association event. Each of the three classes will qualify winners for the National Horse Show in New York.

Maroons To Battle Shamrocks

The final round of the Cranford Softball League will be played Sunday at 2 p. m. at Memorial Field, when the Maroons and Art Rooney's Shamrocks meet for the championship title in two out of three tilts.

The Shamrocks edged the Old Timers twice last Sunday, with winning scores of 3 to 2 and 7 to 6. In the first game, Ray Byrnes fanned the Old Timer battery except for Robbie John, Old Timer pitcher, who came through with a triple and a single. Ray Moran hit a double and a triple for the Shamrocks.

In the second game of the series, the Shamrocks went two extra innings. Doug Staples won the game with a tremendous homer in the last of the ninth, for the seventh and winning run.

The Maroons won the last two games of their series after losing the first to the Lodge, 7-6. Nick Druzek, Lodge pitcher, hit a home run in the top of the eleventh inning for the deciding score. The Maroons were retired in order in the last of the eleventh, the second extra inning. George Korner tripled for the Lodge and Tom Abbott managed a home run for the Maroons. A Maroon triple play in the ninth inning was effective in leveling a possible greater Lodge tally.

The Maroons' Joe Duff allowed three singles, one made good, in the second game, which the Maroons took 11-1. Jim Gallo tripled and Joe Duff hit a homer for the Maroons.

The third and decisive game of the series was won by the Maroons after an extra inning of play, during which the Maroons topped the Lodge 8 to 7. Ed Beadle's triple aided the winners.

Joe Duff, Maroon pitcher, and Nick Druzek of the Lodge pitched all three games.

Tennis To Close

Men's singles tennis matches, scheduled for play-off last week, will be terminated unless players meet their opponents within the next week, it was announced by Cyril W. Perley, tennis chairman of the Cranford Recreation Committee.

One girls' doubles contest remains to be played before the winner is decided in that division.

Many at Open House

Nearly 800 persons attended the open house party Friday night at Goldberg's Men's Shop, 18 North avenue, west. The affair marked the reopening of the shop after extensive remodeling and the installation of a new, modern store front. The shop, owned by Max Goldberg, received many floral bouquets during the day from well wishers. Refreshments were served during the evening and motion pictures were taken.

Lutherans Open Fast

Church Team Rolls 2,769 Series As Pin League Resumes

The Lutheran Brotherhood keglers appear to be the team to watch in the Cranford Bowling League this year if their opening night performance is any indication of their strength. The church team put together games of 848, 928 and 993 for a 2,769 series. It was not until midway through the second half of last season that any league team turned in such a high series.

The Lutherans displayed mid-season form as they took a sweep from Barron's Esso. K. Knierim put together games of 190, 195 and 212 for a 597 series, while Kirkpatrick had a 594 series with games of 211, 158 and 225. Pete Nylen had games of 160, 215 and 180 for a 555 series.

DeMarco of Arnold and Son had the high individual series of the night with a 627. He put together games of 193, 212 and 222, as he led his team in a two-game win over the Shaheen Agency.

Others in a four-way tie for first by virtue of sweeps last Friday night are the Rotary Club, Unamis, and Democratic Club.

Slippery runways and the summer layoff held the scoring down on most alleys. However, a number of keglers hit the 200 circle. They included: Czajkowski, Peppermint Room, 208; Moleen, Barron's Esso, 210; Gubas, Unamis, 215; Barlow, Lions Club, 215; Koehler, Post Office, 211; Gunderson, Builders' General, 209; Sicko, Errico Trucking, 201; Specht, Sportsman's Shop, 212; Frankenberger, Sportsman's Shop, 200.

Hire Buses For School Children

Sunny Acres Group Aids Pupils Affected By Beviano Strike

As a result of the strike of the drivers of the Beviano Chartered Service, which has been in effect since September 11, members of the Sunny Acres Civic and Improvement Association last week-end engaged the Trezella Bus Company of Rahway on a temporary basis to transport children from that area to and from Lincoln elementary school and Cranford High School.

Up to last night, there appeared to be no new developments or signs of an early agreement in the labor dispute which has affected several thousand persons in Linden, Winfield, Clark, Cranford, Kenilworth and Elizabeth. Mayors of the several affected communities still are endeavoring to bring the bus company and the striking drivers together.

A special committee of the Cranford Board of Education met Tuesday evening to discuss the affect of the strike on the transportation of pupils. It was learned following the meeting that the committee will submit its report at a special meeting of the board next week. Among its recommendations wil be that the Board of Education engage two buses to serve pupils in all outlying areas of the community. It was pointed out that the State Department of Education will reimburse local boards for 75 percent of the cost where there is an element of hazard involved.

Dr. H. R. Best, supervising principal of schools, plans to confer today with Dr. A. L. Johnson, county superintendent of schools, on the local transportation problem. Because of the growth of the community and increased hazards incidental thereto, it was the hope of the special committee that Cranford could qualify for state aid for transportation of its pupils.

The Sunny Acres group has contracted with the Rahway bus company to transport children of that area for a two-week period, it was learned this week from Mrs. Carl R. Koester, secretary of the group. The civic association is hopeful that by the end of that period some solution will be worked out either by the Beviano company or by the local Board of Education.

The Trezella company began on Monday morning transporting 122 children from the Sunny Acres, Woodside Manor and Osceola Park areas to and from the two schools. Parents are paying $1.50 per rider for a two weeks' round trip ticket and the association is making up the difference.

The Sunny Acres association pointed out at its meeting last week tha there are only two routes available to and from the schools —via Centennial or Walnut avenues. There often are two or three detours on Centennial avenue because of the paving and grading operations for the new Route 4 Parkway, and there is a considerable distance without sidewalks. The Walnut avenue route is 2.7 miles from the high school and .9 miles of this distance is without sidewalks. Part of the route is by way of the detour for the Walnut avenue underpass for the Lehigh Valley Railroad which is hazardous for children who are walking or riding bicycles, the group's secretary explained.

Vaccination Time Is Here for Canines

Dogs will be vaccinated without charge next week at the second annual rabies clinic sponsored by the Health Department, Health Officer William P. Smith has announced. The township garage in South avenue will be open for the clinic Monday through Friday from 3:30 to 5:30 p. m.

Mr. Smith has urged all dog owners to cooperate. Dogs should wear their license tags and should be brought to the garage on a leash. Two members of the State Rabies Control Board will assist a Linden veterinarian at the clinic. Last year, 518 dogs were vaccinated, Mr. Smith said.

Fund Drive Asks More This Year

Quota Set at $18,000; Campaign to Benefit Five Local Agencies

With the quota for the 1950 United Fund Campaign $2,000 more than last year, it will be necessary for local residents to increase their contributions in the ninth annual drive which opens Friday, October 6, it was announced this week by James P. Duffy, president of the fund.

All of the five agencies which benefit from the fund — Boy and Girl Scouts, Visiting Nurse Association, Welfare Association and Boys' Camp — make vital contributions to the community and deserve the whole-hearted support of every resident, Mr. Duffy declared. He emphasized that costs for these agencies have increased along with higher costs of living generally, and to keep them operating at their present high efficiency the total quota of $18,000 must be raised.

Everything is in readiness for the opening of the two weeks' house-to-house canvass, E. Duer Reeves, executive chairman, said last night. Area chairmen have named their neighborhood solicitors in almost every block in the community. A brochure, telling about each of the five participating agencies and listing the budget of each for the coming year, will be mailed out to every local family during the coming week.

The chairman urged local residents to plan ahead for their contribution so that a check or cash may be ready and the volunteer solicitors will not have to wait or make unnecessary call backs.

Mr. Reeves announced the following captains had been named in District 9: H. G. Wilson, E. M. Boyette, Mrs. K. W. Wiebesick, Mrs. E. Coddington, Mrs. R. Alexander and P. Weingert.

Best, supervising principal. His application for retirement was acted on favorably by the Board of Education at its recent meeting.

His broad knowledge of the whole school system makes him an extremely valuable employe. His decision to slow up a bit in order to safeguard his health for future years is undoubtedly a wise decision and at the same time the school activities program is fortunate in having his services in looking after the mechanical phases of the program."

A resident of Cranford since 1902, he formerly was employed for 18 years by P. W. Hall on Orchard street and also worked at the Aeolian Company, Garwood. Adult School Set To Open Tuesday

Sale Scheduled Nov. 15 For All Unpaid Taxes

A tax sale will be held November 15 for all unpaid 1949 and prior years' taxes, it was announced this week by Tax Collector A. B. Caldwell. This sale will be advertised starting October 19.

It is mandatory for the collector to sell all items in excess of $10 and this is done in accordance with New Jersey state law, Mr. Caldwell pointed out. Included will be assessments where installment payments have not been made and the assessment was levied prior to 1950.

Assessment bills for installments on sewer, road and sidewalk improvements have been mailed, and payment is due October 1.

The Assessor's office is compiling the "added tax list," which is for all houses and other improvements completed since October 1, 1949. The collector will issue bills as of October 1. These are payable November 1, according to state law.

The collector reminded local taxpayers that the fourth quarterly payment of real and personal taxes will be payable on November 1.

The collector's office, which also issues moving permits, has issued more than 200 of the permits since the new local ordinance went into effect May 1. Personal taxes must be paid before a permit can be issued.

Final Registration Nights Tomorrow, Monday at School

The second annual Cranford School of Adult Education, under auspices of the Cranford Community Council, will begin classes Tuesday evening in Cranford High School. Advance registration indicates that the enrollment for this year's school will top last year's total of 550.

More than 70 registrations were received Tuesday evening at the initial registration in person at the high school, according to John L. Biach, director of the school. Advance mail registrations, which have been heavier than a year ago, brought the total yesterday to over 220, the director reported.

Final registration nights will be held tomorow and Monday evenings from 7 to 9 o'clock in the high school. Mail registrations will be accepted through this Saturday. No registrations will be accepted Tuesday evening, the opening night of classes, Mr. Biach stated.

Heaviest registration thus far has been in the following courses: Charm and Personality, Flower Arrangement, Gloves, Belts and Bags, Know Your Stocks and Bonds, and Sewing. Registrations also have been coming in well for Leather Working, Effective Speech, French and Spanish.

Light registrations have been received thus far for three of the courses which proved highly popular last year: Contract Bridge, Social Dancing and the lecture course on Topics of Current Interest. These courses last year also started out with only a few registrants but a last-minute rush put them near the top of he list in popularity.

Mr. Biach pointed out that the school reserves the right to withdraw any course in which the enrollment is insufficient. In this event, the applicant may transfer to another course or the registration fee will be refunded.

Twenty-nine courses, covering a wide scope of subjects, will be offered during the 10 weeks' session. All of the instructors are experienced in their respective fields. The instructors will be present at the high school tomorrow night and Monday night to accept registrations and discuss their classes with prospective registrants.

Arthur B. Murphy, assistant to the Dean of Students at the Newark Colleges of Rutgers University, will be the initial speaker in the Topics of Curent Interest next Tuesday evening. Dean Murphy will discuss "Child Guidance."

Dr. Goeckel Speaks On Photography Project

A long range program of photographing Cranford, from its parks to its public buildings, was introduced last night by Dr. Henry J. Goeckel in an address before the Cranford Photography Society.

Dr. Goeckel cited the need for prints in connection with school projects as well as the need for a continuous long lasting theme for members in the society. He pointed out the numerous opportunities offered the photographer if he will explore his home environment and capture scenes of artistic or sociological interest.

The speaker suggested forming sub-groups within the society to study the waterways, parks, educational centers, recreational facilities, public buildings, historic sites, transportation and other points of interest. In this way, members will be given an opportunity to criticize prints at meetings, strive for better workmanship and also provide permanent records for the community.

The society will take a field trip October 15 to Jockey Hollow Park, Morristown. Three models will accompany the group. Members are asked to meet at the Casino at 12:15 p. m. on that day.

Cranford High School To Play Linden Here Saturday

Grid Squad Host for First Game

Opponents Ask Change In Opening Game Scheduled at Linden

Cranford High School will open its 1950 football season in an unusual manner Saturday, playing its first away game with Linden at the High School oval, Walnut avenue, at 2:30 p. m. Linden requested Cranford officials to make the change because their field is not ready for play.

J. Seth Weekley, coach of the Blue and Gold, emphasized that the game is not considered a home contest for the high school team. The first home game will stand as scheduled, with Regional High School on September 30, Booster Day.

Coach Weekley said, that although a starting line-up has been listed for program purposes, the starting team will not be without changes.

Linden will be in charge of the field, tickets, and grounds and will supply the officials, it was said.

Available for play at center are Harry Britton and Bruce White. Robert Root, Harold Brooks, James Gallo, Roy Wiant, Art Thomas, Karl Pfiel, Cliff McClendon, Robert Boetler and Rudy Laurel are slated for backfield positions.

Guards include Alex Stesenko, Fred MacKenzie and Allan Nelson. Bruce Ihle, Bernie Doyle, Ronny Ambrose and Bill Cox have been assigned initially to tackle slots. End material consists of Frank Weidknecht, Peter Weiland, Jerry Reinhart, Earl Kunow, and Dave Root.

Rutgers to Open at Syracuse Saturday

Rutgers University's football team wound up its pre-season practice this week and will open the 1950 grid season Saturday against Syracuse University, their ninth game since 1914.

Nearly 20 sophomores will be getting their first taste of varsity experience in Saturday's contest. They will be bolstered by some 18 lettermen returning from the 1949 campaign during which the State University eleven won six of its nine games.

Although Coach Harvey Harman will use a modified two-platoon system against Syracuse, he will depend upon several outstanding operators for double duty. Principal 60-minute man is Leon Root of East Orange, dynamic 210-pound center who has been mentioned widely as a strong candidate for All-America honors.

Following the Syracuse game, Rutgers will be idle for a week, then travel to Princeton to meet its co-founder of intercollegiate football on October 7.

In support of the Hall of Fame, a portion of the proceeds from the Rutgers-Brown game at New Brunswick on November 4 will be donated to the national grid shrine. The Rutgers schedule includes: Temple, home, Oct. 14; N.Y.U., home, Oct. 21; Lehigh, away, Oct. 28; Brown, home, Nov. 4; Lafayette, home, Nov. 11; Penn State, away, Nov. 18; and Colgate, home, Nov. 25.

To Hold Watchung Hunter Show Sunday

Starters for the twelfth Watchung Hunter Show at the Watchung Stables, Summit, will include some of the better known hunters and jumpers of the metropolitan area, together with leading North Jersey exhibitors and riders, according to Douglas Bailey of Cranford, show chairman.

Competition at the Union County Park Commission riding center will include 22 classes. Sweepstakes will have cash prizes, and trophies will be given all other winners.

Horsemanship classes will include the Maclay horsemanship over jumps and the hunter seat medal class, an American Horse Shows Association event. Each of the three classes will qualify winners for the National Horse Show in New York.

Maroons To Battle Shamrocks

The final round of the Cranford Softball League will be played Sunday at 2 p. m. at Memorial Field, when the Maroons and Art Rooney's Shamrocks meet for the championship title in two out of three tilts.

The Shamrocks edged the Old Timers twice last Sunday, with winning scores of 3 to 2 and 7 to 6. In the first game, Ray Byrnes fanned the Old Timer battery except for Robbie John, Old Timer pitcher, who came through with a triple and a single. Ray Moran hit a double and a triple for the Shamrocks.

In the second game of the series, the Shamrocks went two extra innings. Doug Staples won the game with a tremendous homer in the last of the ninth, for the seventh and winning run.

The Maroons won the last two games of their series after losing the first to the Lodge, 7-6. Nick Druzek, Lodge pitcher, hit a home run in the top of the eleventh inning for the deciding score. The Maroons were retired in order in the last of the eleventh, the second extra inning. George Korner tripled for the Lodge and Tom Abbott managed a home run for the Maroons. A Maroon triple play in the ninth inning was effective in leveling a possible greater Lodge tally.

The Maroons' Joe Duff allowed three singles, one made good, in the second game, which the Maroons took 11-1. Jim Gallo tripled and Joe Duff hit a homer for the Maroons.

The third and decisive game of the series was won by the Maroons after an extra inning of play, during which the Maroons topped the Lodge 8 to 7. Ed Beadle's triple aided the winners.

Joe Duff, Maroon pitcher, and Nick Druzek of the Lodge pitched all three games.

Tennis To Close

Men's singles tennis matches, scheduled for play-off last week, will be terminated unless players meet their opponents within the next week, it was announced by Cyril W. Perley, tennis chairman of the Cranford Recreation Committee.

One girls' doubles contest remains to be played before the winner is decided in that division.

Many at Open House

Nearly 800 persons attended the open house party Friday night at Goldberg's Men's Shop, 18 North avenue, west. The affair marked the reopening of the shop after extensive remodeling and the installation of a new, modern store front. The shop, owned by Max Goldberg, received many floral bouquets during the day from well wishers. Refreshments were served during the evening and motion pictures were taken.

Lutherans Open Fast

Church Team Rolls 2,769 Series As Pin League Resumes

The Lutheran Brotherhood keglers appear to be the team to watch in the Cranford Bowling League this year if their opening night performance is any indication of their strength. The church team put together games of 848, 928 and 993 for a 2,769 series. It was not until midway through the second half of last season that any league team turned in such a high series.

The Lutherans displayed midseason form as they took a sweep from Barron's Esso. K. Knierim put together games of 190, 195 and 212 for a 597 series, while Kirkpatrick had a 594 series with games of 211, 158 and 225. Pete Nylen had games of 160, 215 and 180 for a 555 series.

DeMarco of Arnold and Son had the high individual series of the night with a 627. He put together games of 193, 212 and 222, as he led his team in a two-game win over the Shaheen Agency.

Others in a four-way tie for first by virtue of sweeps last Friday night are the Rotary Club, Unamis, and Democratic Club.

Slippery runways and the summer layoff held the scoring down on most alleys. However, a number of keglers hit the 200 circle. They included: Czajkowski, Peppermint Room, 208; Moleen, Barron's Esso, 210; Gubas, Unamis, 215; Barlow, Lions Club, 215; Koehler, Post Office, 211; Gunderson, Builders' General, 209; Sicko, Errico Trucking, 201; Specht, Sportsman's Shop, 212; Frankenberger, Sportsman's Shop, 200.

Hire Buses For School Children

Sunny Acres Group Aids Pupils Affected By Beviano Strike

As a result of the strike of the drivers of the Beviano Chartered Service, which has been in effect since September 11, members of the Sunny Acres Civic and Improvement Association last weekend engaged the Trezella Bus Company of Rahway on a temporary basis to transport children from that area to and from Lincoln elementary school and Cranford High School.

Up to last night, there appeared to be no new developments or signs of an early agreement in the labor dispute which has affected several thousand persons in Linden, Winfield, Clark, Cranford, Kenilworth and Elizabeth. Mayors of the several affected communities still are endeavoring to bring the bus company and the striking drivers together.

A special committee of the Cranford Board of Education met Tuesday evening to discuss the affect of the strike on the transportation of pupils. It was learned following the meeting that the committee will submit its report at a special meeting of the board next week. Among its recommendations wil be that the Board of Education engage two buses to serve pupils in all outlying areas of the community. It was pointed out that the State Department of Education will reimburse local boards for 75 percent of the cost where there is an element of hazard involved.

Dr. H. R. Best, supervising principal of schools, plans to confer today with Dr. A. L. Johnson, county superintendent of schools, on the local transportation problem. Because of the growth of the community and increased hazards incidental thereto, it was the hope of the special committee that Cranford could qualify for state aid for transportation of its pupils.

The Sunny Acres group has contracted with the Rahway bus company to transport children of that area for a two-week period, it was learned this week from Mrs. Carl R. Koester, secretary of the group. The civic association is hopeful that by the end of that period some solution will be worked out either by the Beviano company or by the local Board of Education.

The Trezella company began on Monday morning transporting 122 children from the Sunny Acres, Woodside Manor and Osceola Park areas to and from the two schools. Parents are paying $1.50 per rider for a two weeks' round trip ticket and the association is making up the difference.

The Sunny Acres association pointed out at its meeting last week tha there are only two routes available to and from the schools —via Centennial or Walnut avenues. There often are two or three detours on Centennial avenue because of the paving and grading operations for the new Route 4 Parkway, and there is a considerable distance without sidewalks. The Walnut avenue route is 2.7 miles from the high school and .9 miles of this distance is without sidewalks. Part of the route is by way of the detour for the Walnut avenue underpass for the Lehigh Valley Railroad which is hazardous for children who are walking or riding bicycles, the group's secretary explained.

Vaccination Time Is Here for Canines

Dogs will be vaccinated without charge next week at the second annual rabies clinic sponsored by the Health Department, Health Officer William P. Smith has announced. The township garage in South avenue will be open for the clinic Monday through Friday from 3:30 to 5:30 p. m.

Mr. Smith has urged all dog owners to cooperate. Dogs should wear their license tags and should be brought to the garage on a leash. Two members of the State Rabies Control Board will assist a Linden veterinarian at the clinic. Last year, 518 dogs were vaccinated, Mr. Smith said.

Fund Drive Asks More This Year

Quota Set at $18,000; Campaign to Benefit Five Local Agencies

With the quota for the 1950 United Fund Campaign $2,000 more than last year, it will be necessary for local residents to increase their contributions in the ninth annual drive which opens Friday, October 6, it was announced this week by James P. Duffy, president of the fund.

All of the five agencies which benefit from the fund — Boy and Girl Scouts, Visiting Nurse Association, Welfare Association and Boys' Camp — make vital contributions to the community and deserve the whole-hearted support of every resident, Mr. Duffy declared. He emphasized that costs for these agencies have increased along with higher costs of living generally, and to keep them operating at their present high efficiency the total quota of $18,000 must be raised.

Everything is in readiness for the opening of the two weeks' house-to-house canvass, E. Duer Reeves, executive chairman, said last night. Area chairmen have named their neighborhood solicitors in almost every block in the community. A brochure, telling about each of the five participating agencies and listing the budget of each for the coming year, will be mailed out to every local family during the coming week.

The chairman urged local residents to plan ahead for their contribution so that a check or cash may be ready and the volunteer solicitors will not have to wait or make unnecessary call backs.

Mr. Reeves announced the following captains had been named in District 9: H. G. Wilson, E. M. Boyette, Mrs. K. W. Wiebesick, Mrs. E. Coddington, Mrs. R. Alexander and P. Weingert.

Final Registration Nights Tomorrow, Monday at School

The second annual Cranford School of Adult Education, under auspices of the Cranford Community Council, will begin classes Tuesday evening in Cranford High School. Advance registration indicates that the enrollment for this year's school will top last year's total of 550.

More than 70 registrations were received Tuesday evening at the initial registration in person at the high school, according to John L. Biach, director of the school. Advance mail registrations, which have been heavier than a year ago, brought the total yesterday to over 220, the director reported.

Final registration nights will be held tomorow and Monday evenings from 7 to 9 o'clock in the high school. Mail registrations will be accepted through this Saturday. No registrations will be accepted Tuesday evening, the opening night of classes, Mr. Biach stated.

Heaviest registration thus far has been in the following courses: Charm and Personality, Flower Arrangement, Gloves, Belts and Bags, Know Your Stocks and Bonds, and Sewing. Registrations also have been coming in well for Leather Working, Effective Speech, French and Spanish.

Light registrations have been received thus far for three of the courses which proved highly popular last year: Contract Bridge, Social Dancing and the lecture course on Topics of Current Interest. These courses last year also started out with only a few registrants but a last-minute rush put them near the top of he list in popularity.

Mr. Biach pointed out that the school reserves the right to withdraw any course in which the enrollment is insufficient. In this event, the applicant may transfer to another course or the registration fee will be refunded.

Twenty-nine courses, covering a wide scope of subjects, will be offered during the 10 weeks' session. All of the instructors are experienced in their respective fields. The instructors will be present at the high school tomorrow night and Monday night to accept registrations and discuss their classes with prospective registrants.

Arthur B. Murphy, assistant to the Dean of Students at the Newark Colleges of Rutgers University, will be the initial speaker in the Topics of Curent Interest next Tuesday evening. Dean Murphy will discuss "Child Guidance."

Dr. Goeckel Speaks On Photography Project

A long range program of photographing Cranford, from its parks to its public buildings, was introduced last night by Dr. Henry J. Goeckel in an address before the Cranford Photography Society.

Dr. Goeckel cited the need for prints in connection with school projects as well as the need for a continuous long lasting theme for members in the society. He pointed out the numerous opportunities offered the photographer if he will explore his home environment and capture scenes of artistic or sociological interest.

The speaker suggested forming sub-groups within the society to study the waterways, parks, educational centers, recreational facilities, public buildings, historic sites, transportation and other points of interest. In this way, members will be given an opportunity to criticize prints at meetings, strive for better workmanship and also provide permanent records for the community.

The society will take a field trip October 15 to Jockey Hollow Park, Morristown. Three models will accompany the group. Members are asked to meet at the Casino at 12:15 p. m. on that day.
